## Hicksville Teachers Picket

The Hicksville teachers are working without a contract. On Thursday, September 13, 1984, Tom Carey, State Mediator, came to the School District in an effort to get each side to work towards a resolution of the problem. The teachers turned out in record numbers, estimated at 90% of the total staff, to picket at the Administration Building during the meeting with Mr. Carey. When asked to com-

ment about negotiations, President Zaleski said, "The Hicksville Congress of Teachers is committed to offer some movement of all outstanding issues."

A mediation session was scheduled for Thursday, September 20th.

# Galileo Lodge News

By Joe Lorenzo

**PRESIDENT PETE MASSIELLO'S MESSAGE:** "Human beings find it difficult to base their opinions upon evidence rather than upon the truth." Bertrand Russell.

**A NOTICE TO ALL OUR FRIENDS AND PATRONS:** We all are aware that we live in an ethnic-conscious environment, so there is a natural inclination for us to seek an ethnic-conscious organization that is part and parcel of our own traditions and culture. Such feelings are natural and instinctive, and like other racial groups, we have

a right to seek an ethnic organization that enhances and embellishes our heritage and our way of life. So if your forte is ethnicity, then I'm sure that the Galileo Lodge has an organizational set-up that is distinct-tailored to suit your ethnic needs and requirements, and strong enough to foster and perpetuate the goals and ambitions of the Italian-American. So this Fall, if you are by chance looking for a place to congregate, to exchange social greetings or merely to relax with people who share your aims and ambitions, why not check

out the Galileo Lodge and here with your own ears and see with your own eyes what the Galileo Lodge stands for - its principles, dogmas and fraternal makeup. As was once said by a great historical figure that strength lies in unity, and it is still true today, even more so.

From all outward appearances here of late, it looks like autumn, feels like autumn and your body tells you it's autumn - but, unavoidably, your mind is telling you to get acquainted with the Fall recreational programs devised by the Galileo Lodge and the Ladies Auxiliary, especially since there is so much to choose from and because they were tailored to fit your personal recreational needs. The next big, important recreational highlight of the Fall season is the Testimonial Dinner and Dance given in honor of Ann Palermo, past President of the Ladies Auxiliary from 1981 to

1983. Tickets, which are priced \$18.50 per person, are now on sale and they can be purchased from Chairlady Marion Danseglio (Ed 4-6880) and her co-Chairlady, Millie Del Cioppo (938-5052). Included here will be a wine and cheese hour, a hot dinner with all the trimmings, beer, soda, coffee and cake, set-up, unlimited liquor and dance music from a leading disc jockey. So for a night that will glitter with the finest in entertainment and relaxation, and which also pays homage to a woman who deserves it, this should be a night for you not to miss. The date is Saturday, October 6th. And to add a double helping of pleasure and relaxation for the coming Fall season, the Galileo Lodge will present its Halloween Dance on Saturday, the 12th of October. Tickets will cost \$12.50 per person, and in the offering will be a hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups and music for your listening and dancing pleasure. Please note that a "bring-your-own-liquor policy" will be in effect that night and that an autumn decor will enhance the environs of the Galileo Lodge. Supervising this activity will be Armand Del Cioppo.

## LODGE TIDBITS:

Mr. and Mrs. Frank Governale recently celebrated 44 years of wedded bliss, and a hearty congratulations from the Lodge membership. William Gammone of our Lodge has his own remedy for seclusion, peace and quiet. He has his own summer and winter home in the Hamptons, and he really enjoys it. Inadvertently and perhaps even a small injustice, but we never mentioned that Pete Massiello, our President, was the engineer and designer of our basement recreational area, and since such a terrific job has been done to it, we of the Galileo Lodge extend our sincerest thanks to our President for an excellent piece of ingenuity and talent. Columbus Day Parade will take place in Huntington again this year, on Sunday, October 7th, starting at 2:00 P.M. The Galileo Lodge will of course participate. Mr. and Mrs. Joe Lo Presti have recently returned from another outstanding vacation in Europe, and they had a terrific time as usual. ANY MEMBER WHO HAS NOT HAD HIS INFORMATION PRINTED HERE SHOULD CONTACT JOE LORENZO.

## Board Members Attend Workshop

Hicksville Board of Education members have begun the school year by participating in state-sponsored seminars to improve and expand their skills as board members.

Lawrence A. Moor and Daniel C. MacBride attended a seminar for new members on September 8 and 9 in Albany which addressed such issues as school finance, legislation, and employee relations. Also on the weekend's agenda were group discussions and case studies of school board situations.

Board President William P. Bennett and Vice President Arlene J. Rudin were among the nearly 200 persons attending the Eleventh Annual Leadership Workshop, also sponsored by the New York State Boards Association (NYSSBA), in Albany on September 14 and 15.

The workshop opened with a welcome from NYSSBA President Grace Melver, followed by a "Cracker Barrel" session led by State Education Department Counsel Robert Stone. Topics included "whistleblower" legislation and the relationship between discipline and grading policies in the public schools. Participants also viewed a film titled "Board Action," which focused on the relationship between the school board and the superintendent as well as their roles and functions. A discussion about the ideas presented followed.

Principal topics covered at the workshop sessions included parliamentary procedures, working with disruptive individuals, policy issues, and working with the press. Workshop leaders included Dr. James Grissinger of Otterbein College; Peter Huyler, past president of NYSSBA; Ed Dague, Editor of WNYT Television in Albany; and William Stevens of United Press International in Albany.

## Autumn Events For Children

The Fall season is again with us and this means many special events and programs will take place at the Hicksville Library.

Our Fall Saturday cinema will begin in October and feature an assortment of children's films every second and fourth Saturday of the month. The first Saturday film program will be held on October 13th and will feature "The Legend of Sleepy Hollow," and "Winter of the Witch." The movie program

begins at 2 p.m. and all are invited to attend.

For the very young movie viewer a special preschool movietime will be held the first Monday of every month at 1:30 p.m. in the Children's Room of the Library. Intended for 2½ to 3½ year old children, our preschool movietime will feature one-half hour of favorite cartoons.

On Saturday, October 20th at 2 p.m. Halloween will be celebrated with a spe-

cial Halloween storycraft. Five to eight year old Hicksville children are invited to come and listen to holiday stories and make a Halloween craft. Registration is limited and will be held the week of October 1st.

For our three to five year old children a costume party and parade will be held on Saturday, October 27th at 10:30 a.m. Tickets can be picked up in the Children's Room of the Library during the week of October 15th.

Hicksville Lions Club President Bill Ramsey presenting certificate to Zita Auerbach of the BOCES Center of Nassau County.

The Hicksville Lions Club was honored to have Zita Auerbach of the BOCES Center of Nassau County as the guest speaker at their September 12th meeting.

Mrs. Auerbach enlightened the club as to what was being done at the BOCES Center to help the blind. She displayed "talking calculators" and described various technological advances that have helped the blind remain in the mainstream of community life.

The presentation was of extreme interest to the Lions because in addition to helping the general community, they are dedicated to helping the blind through fund raising projects giving their time and effort to this worthy cause.

## DONOVAN Report

Real Estate:  
Karen Donovan

### SIGNPOSTS

Real estate industry sources see good things for the rest of 1984. Projections point to increased sales of new and existing homes. Resales this year are expected to reach 2.95 million units, up 7.7 percent over 1983 and almost 50 percent over 1982.

What do these figures mean? If you're planning to sell your home this year, the signposts indicate you'll do well. Rates have eased and stabilized so that houses are easier to buy—and therefore easier to sell. And if prices are not soaring as they were in the 70s, they're holding their own and inching up.

To ensure the best possible price and smoothest transaction, it's smart to get professional real estate help—expert advice in pricing and

marketing, and hands-on service to implement the plan. The important decisions are yours, of course, but we're with you all the way.

Don't be surprised if you don't see crowds coming to look at your house. We qualify all prospects before we bring them. You won't see a LOT of prospective buyers—just GOOD ones.

Put the professionals to work for you. List with:

## Dear Friends:

THE HIGH HOLY DAYS between Rosh Hashanah and Yom Kippur are very important to all members of the Jewish Faith and we extend best wishes to them at this time of the year.

FOR YOUR CALENDAR: Oyster Bay Town Board meetings are scheduled for Oct. 9, 23rd (budget) and 30; also, Nov. 13, Nov 20 and Dec. 18. All Tuesdays.

Visitors view Flat Sorting Machine at a recent tour of the Hicksville Postal Annex.

The Hicksville Post Office is receiving high marks for its new automation mail processing equipment, according to Mr. Anthony Murello, sectional manager and Postmaster of Hicksville. Recently the technology became available to move from hand sorting to mechanized handling of larger types of mail called flats. The Hicksville Sectional Center processes between 3 and 4 million pieces of mail a day! The introduction of automated equipment enables the postal service to provide a more efficient and cost-saving service, Mr. M. explained.

And, speaking of our post office, they have scheduled an exciting safety fair on Sunday, Oct. 7th. This you won't want to miss. Details are in an article on this subject on page one of our Hicksville edition.

ANOTHER EVENT at which we hope to visit with many of you is the 13th annual Community Awards Dinner, set by the Hicksville Community Council for Thursday, Oct. 4th, starting at 7:30 p.m. at Antun's. More on this next week, but mark your calendar...we hope to visit with you at this time.

The passing of Elerly Bean one of Hicksville much loved residents, is sad news indeed and we extend condolences to Mrs. Bean. Words are inadequate at a time like this, except to say that this gentleman who served so quietly for so many years in so many areas of our town was loved by all, will be missed by all...and will never be forgotten.

THAT'S ALL for this week. Stay well and do your best to live each day to the fullest.

"For the good that needs assistance  
For the bad that needs resistance  
For the future in the distance  
And the good that we can do."

Dear Mrs. Noeth,

The passing of the older generation of Hicksville leaders continued with the death this past week of Elerly Bean. A civic leader with strong educational and cultural interests, Elerly was a very fine gentleman who was admired by many and loved by his intimates.

He was characterized by near-unique qualities, as a physician attending him in his last gallant days remarked. Those privileged to know and serve with Elerly in community work would understand his special nature. As this writer and eight year associate with him at the Gregory Museum saw him, Elerly was a realist but one who guided his life by high principles and ethics. He was progressive as an educator and courageous as an administrator, but temperate in judgement and fiscally prudent.

Admirable was his balance as a man, so capable of leadership and yet ready to serve as a committee or board member. Many will recall fondly the large and excellent Adult Education Program he long directed for School District 17 during the 'fifties and 'sixties; others know of his two decades as Director of Training at the Human Resources Center for the Handicapped in Albertson or, more recently, his Presidency of the Hicksville Public Library Board.

But Elerly Bean could serve as a team member with equal readiness and effectiveness, as many will attest. His presence was marked by affability, courtesy, an absence of petty backbiting, freedom from the cynicism that demoralizes, and a mature insight into community causes and leadership.

He leaves a considerable legacy to Hicksville in which he lived most of his 72 years. His long and close relationship with Director Ken Barnes helped to make the Hicksville Public Library the superior Nassau Service it is.

I personally appreciate his years of service as a member of the Board of Trustees of the Hicksville Gregory Museum. He gave loyal support to his fellow trustees and to me, as Director, through all the problems of a difficult transitional period. His charming smile, that perpetual pipe in hand, his attentiveness as a lis-

tener, and the wit, wisdom, and the economy of his remarks made his company so very pleasant, indeed.

In retirement, Elerly was vigorous almost to the end; he was playing some tennis in his late sixties until bothered by eye trouble. In recent years, he would stroll for miles on his daily jaunts through the village, so like the gentleman he was: genial, community-minded, without pretence or personal complaint.

A credit to his faith, a delightful companion, Elerly Bean was, indeed, an exemplar.

S/Richard Evers

To the Editor:

The Board of Trustees and staff of the Hicksville Public Library deeply regret the passing of Elerly H. Bean, Trustee of the Hicksville Public Library since 1955. As President of the Library Board for many years Mr. Bean displayed leadership and concern that was an example for the library staff and the Board alike. He was very active on the Board serving as President for many years and was instrumental in planning and executing the library's two expansions. Elerly Bean served the community in a variety of ways, as a Trustee of the United Methodist Church of Hicksville, head of the Adult Education Program in the Hicksville School System during the 1950's and Trustee of the Gregory Museum since 1978. Wherever he served he impressed his colleagues with his dedication and keen sense of responsibility. He loved the community of Hicksville, where he lived since 1919, and he will be sorely missed by a whole host of friends.

Sincerely,  
Clara Bennett, President  
Library Board

Dear Editor,

I am a resident of Hicksville, and a parent of four children. I am disturbed over the Hicksville school systems, school bus transportation guidelines. The distance that the children of the Hicksville school district have to walk to school are much longer than other school districts on Long Island. I feel that the safety of our children is not being considered. It seems, everyday when I read the news paper or listen to a news

report, the report is of a missing child, abused child or an adolescent who has become the victim of a vicious crime. I feel that the students of the Hicksville school district, having to walk great distances to and from school, are vulnerable to these negative situations. Hicksville is a wonderful town, of which I'm proud to be a resident, but the unique fact of Hicksville, is that many transients work and commute in Hicksville. My concern is not so much of the residents of our community but of the people who are passing through. It is my belief that if the distances that our children have to walk to school were made shorter and a larger portion bussed, the chances of a tragedy happening would be lessened. This would also lessen the chances of a child being struck by a vehicle, while crossing a main intersection, walking to school.

The baby boom is behind us, and many schools are over-staffed. Also the Hicksville schools have abundant curriculums with many services available to students, with many elective programs available. If there

were cut-backs in these areas, we would have money to insure the safety of our children, by more additional busing. I feel the number one priority of the board of education, is to get our children to and from school safely.

I have written similar letters to Dr. Catherine Fenton, the Superintendent of the Hicksville Schools and the Department of Transportation of the Hicksville school system. They answered my letter and referred me to the Hicksville school board. On August 10, 1984 I wrote a letter to Mr. William Bennett of the Hicksville school Board. I have yet to receive an answer.

I'm writing this letter to the editor, hoping other concerned parents who feel as I do, would mail me a post card with their names, addresses and phone numbers, so we can organize to get changes for the safety of our children.

We must remember this is 1984 and we must deal with todays problems. An ounce of prevention is worth a pound of cure.

Thank you,  
Albert Ciaccio  
a concerned father.

## DA Supports Override of Cuomo's Veto To Protect Children

Nassau County District Attorney Denis Dillon said he is supporting efforts to override the Governor's veto of legislation that would allow school bus companies to check the criminal records of prospective employees. The bill sponsored by Senator Norman Levy was unanimously passed in both the Assembly and Senate during the last session of the Legislature but later vetoed by Governor Mario Cuomo.

Dillon said, "This proposal was the result of a sad incident in Nassau last year where a bus driver and aid, both convicted felons, committed a sexual assault on a young girl. It underscored the need for legislation to allow employers of individuals who deal with children the opportunity to check criminal histories through fingerprints."

The DA said a special ses-

sion of the Legislature may take place in November. At that time Senator Levy will attempt to override Governor Cuomo's veto. It is important that residents let their state lawmakers know they support the bill and efforts to enact it into law.

"The State should do all it can to make criminal background information available to employers of individuals who deal with our school children. The health

and safety of our children must be protected from sordid characters who commit assaults against those most vulnerable," said Dillon.

Dillon is asking DAs around the State to support the legislation and the override attempt in November. Through the State DAs association and Senator Levy's work, I am optimistic state lawmakers will see that this becomes law.

The dictionary tells us that a Club is defined as an association of persons for some common purpose, usually jointly supported and meeting periodically. The Ernest E. Francke Republican Club personifies this definition -- the common purpose being the advancement and support of our Party. Its Board of Directors, its officers and its members meet the second Friday of every month at the V.F.W. Hall, Hicksville at 8:30 p.m.

The backbone of every organization is its membership, and we would like to take this opportunity to welcome all our new members who joined our ranks this year, and to ask the continued support of those

longstanding members who, year after year, make our club the success it is. Whether you are a Senior Citizen, a new registered voter, a newcomer to Hicksville, or a long-time resident, we would love to see you at our meetings. We know you will enjoy the comradery of our club and find our programs and guest speakers most interesting and informative. We, the Membership Committee, are always there to welcome you and to accept your dues whether you wish to join as a new member or renew a past membership. The dues are \$6.00 for a couple and \$4.00 for a single member annually, and entitle you to a subscription to the Mid-Island Herald. It also enti-

ties you to a membership drawing each month and admittance to our annual Christmas Party. A membership blank is printed in this edition if your membership card is outdated or you wish to remit your dues by mail.

We realize that there are many demands on your time in these hectic days in which we live, and that there are many organizations to which you belong, school-related or fraternal. However, if you would like to be part of an active political organization, enjoy our many social functions, meet our candidates and be aware of what is happening in our community, come to our club meetings the 2nd Friday of each month.

Refreshments are served after the meetings and it is a wonderful opportunity to meet and speak to our political leaders. It is the time for belonging, so bring a friend and join in for an educational and social evening.

#### YOUR INSURANCE BENEFICIARIES

It might be a good idea to check over your insurance policy beneficiaries to make sure they don't conflict with the beneficiaries listed in your will. Don't let your heirs get short-changed through your inadvertent oversight. Remember: the insurance money must be paid to the beneficiaries as noted on the policy, not as listed in the will. If you've had to revise your will, you would have to make separate arrangements to update your insurance.

Another matter where the insurance policy is as stringent as a will is with regard to particular settlement options - that is, the manner in which insurance proceeds are to be distributed to

your beneficiary. Stipulations which you might have set down to protect a minor child, for instance, should probably be changed as children reach maturity. In general, you don't want to have such stringent requirements that survivors' interests are jeopardized by changing circumstances.

sign that November 6, 1984, Election Day is not far off.

Being a presidential election year the preponderance of media coverage goes to those candidates seeking Federal office. But these national elections are won at the grass roots level - in your election district.

So let's just look for a moment at our local Long Island area. Nassau and Suffolk are experiencing one of the lowest unemployment rates in the nation. Our local plants are running at near full capacity. Industrial and office building is in a boom stage. And like the rest of the nation our hard earned dollars are not being eroded by inflation. In short, it hasn't been this good since the "good old days" - and thinking back - I can't recall any good old days as good as these days.

So look around your local area at the businesses, the real estate market, the help wanted signs sprouting up in industrial parks and shopping centers and ask yourself do you really want a change. If not, then let's vote for our incumbent President and for those candidates at all levels who follow his policies.

Open government means open books. Nassau County is opening for public review the budget recommendations of all County Departments. If you want to know about the proposed budget for any County Department, simply visit the Department between 10:00 A.M. and 4:00 P.M. View

the budget and ask questions. This public viewing of a proposed government budget is one of the nations first - and it happened in Nassau County.

A vote for our senior citizens. The Senate passed a bill authorizing a cost of living increase to social security recipients starting in January 1985. The President seeks the passage of this bill into law.

The Democratic controlled House of Representatives Ways and Means Committee has "bottled up" this bill. They have no intention of letting it out of committee. Remember this the next time a Democratic candidate for Federal office talks about the plight of our senior citizens.

Our local representatives in Congress are fighting for more dollars to assure pure drinking water for areas such as Long Island where the sole source of drinking water is an underground or aquifer system. Long Island is one of 33 such areas in the United States.

This bill gives more power to local government to protect its underground water supply and to stop polluters.

Remember October 17. It's our pre-election meeting at the American Legion Hall, Southern Parkway, Plainview. Candidates for local office will be there to speak and answer questions. Be there - meeting starts at 8:30 P.M.

Have a good week.

## At The Hicksville Library

### "Trading Places"

On Friday, September 28th, at 8:00 pm, the Hicksville Public Library will show the film, "Trading Places". Dan Akroyd plays a snooty young blue-blood who runs a Philadelphia brokerage house, and Eddie Murphy plays a con-man - beggar who disguises himself as a blind, legless Vietnam veteran. The two don't exactly trade places; they're traded, by a pair of heartless, rich old brothers (Ralph Bellamy and Don Ameche) who have made a hereditary - versus - environment bet. The film comes to a rousing, slapstick finish with the younger guys rich and the old skinflints punished. This film will be shown in the Community Room. There is no charge for

admission and everyone is invited.

### "Best Boy"

Saturday, September 29th at 8:00 pm, the Hicksville Public Library will show the film, "Best Boy." BEST BOY is a feature length documentary about a 52 year old mentally retarded man named Philly and his aged parents. The film follows Philly's long overdue progress towards independence - at school, at summer camp and finally to a residence for retarded adults - after spending almost all his life with his extremely protective parents. This film will be shown in the Community Room. There is no admission charged and everyone is welcome.

GIFT OF AUDIOMETER which tests the level of hearing, presented to the Senior Day Care Center of Syosset, Jericho, Plainview, Woodbury from Central General Hospital, is received by (standing) Hugh Parker; Dorothy Weiss, Center Executive Director (sitting); Marie Nuemann and Jane Perlstein, RN, Assistant Center Director. The Senior Day Care Center offers a unique service to the communities it serves by preventing, delaying or eliminating nursing home placement of frail and elderly citizens. The center allows the elderly to remain in their own community with dignity.

## "Abandoned Funds" Are Easy to Recover

By Assemblyman Frederick E. Parola

I have received a number of inquiries from constituents concerning a letter they received making an offer to recover "abandoned" funds. I caution residents of the 14th Assembly District to beware of this costly offer.

What has been happening is that a New York City based firm has been blanketing our region with the offer hoping to collect a \$20 fee in exchange for locating monies that might be rightfully yours but are being held by the state.

Under current New York State law, accounts that are inactive for a certain period of time become transferred to the State Comptroller's office for safekeeping.

The bulk of this account is made up of corporate dividends that have been inactive for three years, and bank accounts that have been dormant for five years.

The mail offer plays on the public's lack of knowl-

edge on how to reclaim these funds.

According to the Bureau of Unclaimed Property, individuals need simply send their name and address to: Mrs. Betty Powell (518) 474-6024, Office of the State Comptroller, Bureau of Unclaimed Property, Alfred E. Smith Office Building, Albany N.Y. 12235.

The bureau estimates that nearly all New Yorkers may have some money that is currently being held by the state.

It appears that senior citizens are being particularly targeted. Luring seniors, many of whom are on fixed incomes, with the promise of a possible "pot of gold" is wrong.

The company's offer is not illegal, but I remind residents that they will get the same results for the price of a 20-cent stamp. If you have any further questions, please do not hesitate to call my District Office at 731-3434.

## Esther Marks Appointed

The Mid-Island YM-YWHA, 45 Manetto Hill Road, Plainville, New York, is restructuring its departments to better meet the needs of youngsters from kindergarten thru 12th grade. Recognizing that children mature physically and mentally at different ages, the new concept allows freer movement within the varied age and program groups. It also encourages continuity of participation for these youngsters.

In making the announcement, Milton Sosinsky, President of the Mid-Island YM-YWHA explained, "As children move up the age ladder they develop a feeling of comfort in familiar surroundings, and with the professionals whom they have learned to work with and trust. These factors are especially important to teens. We believe that this group will be much better served with our new structure."

Esther Marks has been promoted to direct this new service. Prior to her recent appointment, she was the Mid-Island "Y's" Junior Division Supervisor, and Camp Program Director. Mrs. Marks is a professional social worker and has been with the "Y" for over six

years. Usually my weekly column is devoted to issues and happenings that concern the residents of Oyster Bay. This week however, I am going to depart from that and talk about something that should be important to all of us - registering to vote.

There has been a noticeable decline in participation in the voting process, both on the national and local level.

Sometimes I hear people offering the lame excuse that

years. The current membership of the Mid-Island YM-YWHA is 11,000. This number includes over 1200 children in elementary grades and over 1300 teenagers. "We believe that the new structure will allow children to grow with us, and will encourage them to maintain their affiliation with the "Y" throughout their years of adolescence. Our professional staff will be available to support their entire process of maturation," continued Mr. Sosinsky.

Children and Youth Services at the Mid-Island YM-YWHA has an outstanding assortment of programs and clubs to meet the needs and interests of most youngsters. For detailed information, contact Esther Marks at the "Y", 822-3535, ext. 434.

The Mid-Island YM-YWHA is an agency of the Federation of Jewish Philanthropies of New York; a Member Agency of the United Jewish Y's of Long Island, the Jewish Welfare Board, the United Way of Long Island and the Health and Welfare Council of Nassau County.

## Register And Vote

By Supervisor Joseph Colby

millions vote, so my one vote doesn't really count. This is a subject I am always anxious to debate and one that would warrant a column or two.

Certainly your one vote won't make or break a presidential election - but in a local election your vote can and does count, there is proof of that in the history of the Town and County. Many years ago in a Judicial race the winner was elected by one vote. More recently in a race for the State Assembly, 29 votes determined the winner.

To vote, first you must register and there are several ways to do that. You may register by mail by calling the Board of Elections at 535-2411 and have them

send a registration form to your home. The completed form must be returned to them no later than October 9. Numerous slide photo sets will enrich every session, and teachers will receive much useful resource material as well as some suggestions as to techniques for instructing children in the areas of Long Island and local community social studies.

settlers' problems; trade and travel; German-American resort and spa days; the development of the community's governments; schools, fire and water districts, the post office. The historic importance of the Heitz Place Town hall and Courthouse-jail will be discussed. Church and school history will be seen in colorful pictures. Community leaders, past and present, will be identified. The community's long musical and sports traditions will be reviewed as well as the many colorful historical pageants and the outstanding Bicentennial.
