Hicksville VFW and Iris Widder To Be Honored By Community Council on Thurs., Oct. 4

Starting at 7:30 p.m. on Thursday, Oct. 4 at Antuns on Old Country Road in Hicksville, community leaders and their friends and neighbors will gather to honor Iris Widder as "Person Of The Year", and the Charles Gouse Veterans of Foreign Wars as recipient of the 1984 Community Service Award, by the Hicksville Community Council.

Mrs. Widder has been an active community leader for many years in a variety of local causes, too numerous to mention. However, suffice to say, her activities change as do the needs of Hicksville, and one can see this lovely lady in the forefront of many current local activities.

In like fashion, the Veterans of Foreign Wars have for years backed many local causes and continue to do so. In fact this year, they had divided each of the net profits from their fund-raising events equally between a selected charitable cause and their own activities which are geared, of course, towards veterans causes and activities.

In the past 13 years of its existence, the Hicksville Community Council has honored many local

organizations and residents with these awards. Among them are the Hicksville Volunteer Fire Dept., the Hicksville Library, the B.P.O.E., the Hicksville Youth Council, H.A.D., the Hicksville Gregory Museum, the Galileo Lodge, Sons of Italy, Hicksville Kiwanis Club, Hicksville American Soccer Club, St. Ignatius Girls Cadet Drum and Bugle Corp. and the Holy Family Players. And as individuals, among those so honored were Kingsley Kelley, Glen Muensch, Richard Evers and Sieg Widder, Dr. F. Hill, Henry Brengel, Sr., Dr. Walter Dunbar, Bernice Neufeld, Gardiner Gregory, Marge Gianelli, Howard Finnegan, Bill McDonald and Gerard Klein.

The Hicksville Community Council's Board of Directors and their Dinner Committee have been working diligently throughout the summer to make this event memorable for all who attend. "Tickets are \$14.00 per person and, if you have not yet made your reservations, please call either Jean Flood at 796-6187 or Ellie Draycott at 935-5793, co-chairpersons of this gala awards dinner. See you there!

An Open Letter to the Community from the Hicksville Board of Education

As you may know, the school district is in the midst of negotiations for a new contract with its teaching employees. During the summer much progress was made towards settlement. Both sides removed literally dozens of demands from the table. As a result of several negotiations sessions, including two with a state-appointed mediator/factfinder, Mr. Thomas Carey, many of the remaining issues including much of the financial package has been tentatively settled.

While there are important unresolved issues, including items which the Board of Education believes are important to bring about improvement in education in Hicksville, we are confident that our problems are not insurmountable.

Galileo Lodge News

By Joe Lorenzo

PRESIDENT PETE MASSIELLO'S MESSAGE: 'Few things are impossible in themselves; applications to make them succeed fails us more often than the means.' Old Saying

Although Indian summer seems to have a firm grip of us, autumn waits in the wings, to debut inauspiciously. But the Fall activities presented by the Galileo Lodge and the Ladies Auxiliary are actually auspicious. Let's begin with the Halloween Dance, to be presented on Saturday, the 27th of October by the Galileo Lodge, with Tony Sica as its able Chairman. Tickets are now selling at \$12.50 per person, and in the offering will be a hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups, a Halloween decor and music for your dancing pleasure from a leading disc jockey. Please note that a 'bring-your-own liquor' policy will be in effect on that particular night. Call Tony Sica at 796-8789 for more information concerning the tickets and the dance itself. Incidentally, Tony Sica also states that all National raffles must be turned in by the 25th of October.

With a sense of thankfulness and appreciation, the Ladies Auxiliary, under the direction of Chairlady Mar-

ion Danseglio and Co-Chairlady Millie Del Cioppo, are offering a Testimonial Dinner and Dance in honor of Ann Palermo, its capable President from 1981 to 1983. Tickets are selling at \$18.50 per person, and in the offering here is a wine and cheese session, a delicious dinner, coffee and cake, beer, soda, unlimited liquor and music from a leading disc jockey for your dancing pleasure. Tickets are now on sale, and needless to mention that it behooves all members, male and female, to show a considerable receptiveness to this affair. Tickets are now on sale, so all you have to do is to contact Marion at ED 4 6880 and Millie at 938-5052 and perhaps receive even further details concerning this dance.

Considering the weather we've been having, The Ladies Auxiliary asks if you can find a better way to spend a day other than to attend its 'Day at the St. Christopher Inn and Shrine in Garrison, New York. The time is Saturday, the 20th of October, at 9:00 A.M. The cost is \$13.50 per person, with available picnic facilities, a box lunch and round-trip tickets. The St. Christopher Shine and Inn are situated on beautiful sprawling grounds overlooking the Hudson River. So for a

more serene-like and tranquil day like this, you'd have to look far and wide to surpass it. Please call Fran Ausiello (433-8783) and Mary Monteforte (935-9536) for more details concerning this enjoyable activity.

We are all very sad to hear that President Mary Monteforte of the Ladies Auxiliary has recently been hospitalized but is now happily recovering very well at home, and we here at the Galileo Lodge wish her an even speedier recovery. Mary wishes to take this opportunity to thank the Galileo Lodge for its beautiful card and the Ladies Auxiliary for the beautiful flowers it sent to her while in the hospital. And of course another very special thanks to all her well-wishers who also thought of her. All this beautiful attention and expressions of a quick recovery have made Mary's problems a little easier to bear.

Last week I wrote about us Italian-Americans and our special quest for ethnic recognition. But there is another important reason why Italian-Americans should seek ethnic organizations and it is because this is the only way in which we can find ourselves, learn about ourselves and seek a better understanding of our values and traditions in harmony.

friendship and in an atmosphere where our deep convictions, hopes and aspirations can materialize and take shape and form. People will destroy what they don't understand, but you can deter that virtual destruction by maintaining a better sense of knowledge and understanding of what we want and how we should attain it.

In next week's column we will present more information concerning the Columbus Day Parade, an activity in which the Galileo Lodge is a perennial participant. The name of Christopher Columbus should evoke many proud thoughts and images for Italian-Americans.

DA Dillion Warns Consumers On Credit Card Fraud

Nassau County District Attorney Denis Dillon said consumers should pay heed to warnings concerning the use of credit cards. As consumers, the problems of forgery and counterfeiting have become increasingly alarming.

Dillon said, "Banks in the United States reported that they lost approximately \$48 million last year through robberies. Meanwhile, Visa and Mastercard alone report thefts of over \$125 million. Overall, the credit card industry suffered losses in the area of one billion dollars, an increase of 300 per-

In addition, Dillon said stronger laws are needed to deter this type of conduct. "We can't view this as a 'white collar' crime where jail is inappropriate. Even though the money is stolen with a credit card and not a gun, it is a larceny with a victim. The threat of incarceration will deter some criminals.

Hicksville Board of Education Meeting

The Board of Education meeting of September 19 began with the traditional preliminary procedures and board committee reports. The Board then took action to designate Mr. Wolfson as the voting delegate to the New York State School Boards Association annual convention to be held in October. The final tax rate for the 1984-85 school year set by the Nassau County Board of Supervisors was accepted by the Board. The Class 1 residential unadjusted tax rate of \$22.31 was adjusted to \$21.06 per \$100 assessed valuation. This rate is for school purposes only and does not include the levy for support of the public library. The Board also accepted the financial report for income and expenditure items in all funds transacted during the 1983-84 school year.

In other actions, the Board adopted a resolution to participate in a state-wide cooperative bid for IBM personal computers. Bids were awarded for science supplies and equipment (\$10,646.17), musical instruments and equipment (\$12,118.75), computers and software (\$71,069.27), and copiers and supplies (\$4,757.65) for a total of \$98,591.84. Claims and warrants in the amount of \$13,981,087.35 were also approved.

The Board granted tenure to instructional staff members Margaret Koegel, business education teacher at the high school, and Karen Frances, elementary music teacher. The final action was a resolution passed by the Board to designate up to two Board members to attend community functions as official representatives of the Board and to receive reimbursement for their expenses. The community functions named in the resolution are the Chamber of Commerce Installation Dinner-Dance, the Hicksville Community Council Annual Dinner Meeting, and the Nassau Citizens Budget Committee Annual Anniversary Dinner. An amending motion added the PTA Founders Day Dinner to this list.

The Superintendent reported on her attendance at the Nassau County Council of School Superintendents meeting earlier in the day. Among the items on the agenda was a discussion of a meeting scheduled for October 30. A committee of Superintendents and representatives from the business community—both large and small firms—will meet to begin to set standards for job training for students planning on seeking employment after graduation from high school.

They will also address the issue of soliciting donations of computers and other large pieces of equipment or technical assistance from local firms. In this way, the district will be able to develop and tap into resources for our students and do more for those who will not be attending college but will be entering the job market.

Two policies were presented to the Board for information, the first deals with educational field trips. The second was a revision of district diploma requirements. The policy clarifies local procedures regarding course loads, passing grades, and credit requirements for classification at grade levels at the high school. Significant changes include the elimination of consumer studies and an increase in sequence and language requirements for Regents diplomas. The requirements for 1/2 unit of computer literacy will end with the class of 1987 because, by that time, additions to the educational program beginning with elementary grades in the areas of computer use will provide the required basic literacy for all students entering the high school and graduating after 1987.

District residents are invited to join the newly-formed Board of Education committees which meet on Wednesday evenings at 8:15 pm. Staff members and district residents are encouraged to participate in deliberations affecting curriculum development, buildings and facilities use, planning for the future, policy-making procedures, and budget and fiscal matters. The meeting dates scheduled for October are the following:

October 3	District Facilities and Curriculum Relations
October 10	Finance Policies
October 17	Legislation

The next regular meeting of the Board will be held on October 24 at 8:15 pm in the Conference Room of the Administration Building on Division Avenue.

HHS Commended Students

Hicksville High School has been notified that 12 of its seniors have been designated Commended Students in the 1985 Merit Program. Principal Richard Hogan announced that the following students placed in the top five percent of over one million participants in the 30th annual competition and will receive a Letter of Commendation in honor of outstanding promise for

future academic success: Joseph A. Baggett, Kenneth M. Dircks, Robert A. Dircks, Ronald A. Fleming, Barbara Graber, Kathy M. Jonason, Brian S. Lynch, Marcy Ann Meyer, Kevin J. Smart, Theresa Solaski, David Sone and Julia E. Whaley.

"The exceptionally high test performance of young people who are named Commended Students in the extremely competitive Merit Program is deserving of recognition in their communities," states an officer of National Merit Scholarship Corporation (NMSC), which administers the program. "To acknowledge the attainments of academically talented students and to credit schools for the part they play in the development of these youth are important in a nation that values excellence. We sincerely hope that their accomplishments thus far will motivate these students to pursue higher education and to acquire the skills they will need to become productive adults and contributing citizens in

a free society." Participants entered the current Merit Program by taking the PSAT/NMSQT in the fall of 1983, when most of them were juniors. Although the qualifying test scores of the 35,000 Commended Students designated nationwide were very high, they were slightly below the level required for Semifinalist standing in the competition for some 5,500 Merit Scholarships to be awarded in 1985. The 15,000 Semifinalists in this year's competition were announced publicly by NMSC on September 13.

Dziękuję: that's Polish for "thank you".

Saying "thank-you" to Rep. Norman F. Lent (2nd left) is young Joanna Soporowski (r) and her mother and father, Mr. and Mrs. Andrzej Soporowski of Freeport, New York, at the recent Grand Opening of the Lent for Congress Re-election Headquarters. It was Congressman Lent who made it possible for Joanna to leave Poland and join her mother and father in the United States after a five year separation imposed by a technicality in U.S. immigration law.

When the recent death of Joann's sole guardian in Poland made it imperative that the child be reunited with her family, Mr. and Mrs. Soporowski turned to Congressman Lent for assistance. Lent promptly contacted the appropriate U.S. immigration officials and procured for Joanna a special six month parole to enter the United States.

Joanna presented Congressman Lent with a miniature doll, brought with her from her native Poland, as a token of her thanks and appreciation for his efforts on her behalf. Lent assured Joanna and her parents of his continuing efforts to insure that she remains in this country at the expiration of her six month parole.

RAGE To Meet

Dear Friends...

We cannot think of any reason why every one of us should not register and cast our vote, not only in the coming election, but whenever our vote is needed to decide issues on any level.

It is our right and our responsibility. And it is a privilege that we would fight to restore if it were denied us.

At one time or another most of us have been disappointed in the actions of those chosen to serve us in elected office. There is no disenchantment so great that one cannot throw off the apathy which holds many of us in its grip... and once more participate in this great American privilege.

Remember, in the United States of America, once elected our officials are responsible to ALL of us.

So, why not do this... register, vote, and then, keep in touch with our elected representatives?

SHEILA NOETH

P.S. We inadvertently omitted Mr. Albert Ciccio's address from his "Letter To The Editor" last week and many of you phoned for the information as you wished to speak with him about his suggestions regarding organizing a committee for child safety. Mr. Ciccio lives at 1 Joseph Lane, Hicksville, N.Y. 11801.

Conspicuous Service Cross

Many of Nassau County's veterans may be entitled to the state's highest military award, the Conspicuous Service Cross, according to Assemblyman Fred Parola (R-C, Wantagh).

"Eligibility for the Conspicuous Service Cross," Parola said, "is based on an individual having served in the armed forces and having been awarded any one of a number of personal awards including, but not limited to, the Purple Heart, Medal of Honor, Distinguished Service Medal or the Silver or Bronze Star."

"Additionally, the person must have been a New York resident when entering on active duty."

Qualified individuals can expect roughly two months for the Division of Military and Naval Affairs to process and obtain the medal.

"Formal ceremonies will be scheduled for the presentation of the award," the assemblyman noted.

"The men and women who so heroically defended their country during times of war have earned our deepest thanks. I urge veterans to apply for this, the state's highest award."

Applications for the award are available in Parola's district office and can be obtained by calling 731-3434.

Letter To The Editor

To the Editor,

I read with great interest the letter by Albert Ciccio (9-12-84), concerning the school bus guidelines for the Hicksville District.

I have been in contact with Mr. Springhorn and the police dept. over the summer concerning this issue and it just seems to me that this is an area where the buck just doesn't stop getting passed around.

It's such a tragic thing to imagine that the safety of the

children in this town always seems to be "someone else's responsibility." If and when something happens the words will be "what a shame".

I suggest we organize to get changes done so we won't have to worry or even feel guilty to lower the probability of any tragedy that can be avoided.

East Plainview-Old Bethpage G.O.P. Report

PRESIDENT
Peter D'Amico

P.O. BOX 283 OLD BETHPAGE, 11804

EXEC. LEADER
Dr. Chas. Artale

The political scene is growing noisier - the air is filled with accusations and charges running from foreign policy to the deficit.

However, it is interesting to note that the Democrats are and have been traditionally the "spenders" of the nation's wealth. The deficit which the nation has lived with for well over 20 years has been caused not by lack of taxes but by excessive spending.

If you trace the history of our nations deficit you may learn that it developed and grew under Democratic administrations working

with Democratic controlled Congresses. The laws passed by these past administrations instituted programs still in effect which demand billions of dollars be paid out by the current administration.

The bill now in Congress that would require the nation to have a balanced budget will never get out of the Democratic controlled House Ways and Means Committee.

The Democratic solution is to raise taxes. The Republican solution is to sharpen our pencils and re-evaluate these massive give ways to

selected groups, i.e. the cotton industry given at one time ten million dollars per year by our government with these dollars spent for T.V. and cooperative advertising with major brand garment producers.

Interested in learning more facts about your governments past spending spree - then stop by on October 13, 1984 at the OceanSide Junior High School, Congressman Norman Lent will debate this and other issues with his Democratic opponent for the Fourth Congressional

District seat in Congress.

There appears to be no deficit of disposable income on Long Island these days. Long Islanders spent \$1.1 billion dollars for restaurant meals. This means more jobs for chefs, waitresses, maintenance men, etc. Another indication of Long Island prosperity.

Remember to meet our Republican candidates running for local office on October 17, 1984 at the American Legion Hall, Southern Parkway, Plainview at 8:30 P.M. Please come and ask questions.

Register and Vote: Parola

proposed policies, we influence the daily decisions and long-range aims of lawmakers."

According to Parola, registering to vote is a relatively simple process that takes little time. For the convenience of 14th Assembly District residents, I have made voter registration forms available at my district office at 3700 Hempstead Turnpike, Levittown, 731-3434.

Voter registration forms may also be obtained from the Nassau County Board of

Elections, which is located at 400 County Seat Drive, Mineola, 11501; 535-2300.

Local voter registration days will be held throughout New York State this fall. The state Board of Education has designated October 13 as the date of one of these days; a second registration day must be held before October 13 but no earlier than September 29. In Nassau County, this voter registration day is October 9 and will be held at most local schools. The hours are 1 p.m. to 9 p.m.

"Students, travelers, and any other individuals who expect to be away from home on Election Day need not forfeit their right to vote. Applications for absentee ballots, which allow voting by mail, are also available at my district office and at the Board of Elections. There is no fee for voter registration," Parola noted.

"I strongly encourage all those who are not registered to vote to act today. A voting electorate is the best insurance for a responsible government," he concluded.

Plainview School Board Forms Advisory Committees

The Board of Education of the Plainview-Old Bethpage School District, at its September 17th meeting, authorized the formation of the following Citizens' Advisory Committees for the 1984-85 school year: Adult Continuing Education; Arts in Education; Budget Study/Buildings, Grounds and Sites; Community Information/Public Relations; Computers in Education; Legislative Action; Occupational and

Industrial Arts Education; and Transportation and Safety.

Arts in Education is a new committee. This committee will serve as a vehicle for dialogue and sharing of viewpoints pertaining to the arts. It will make recommendations regarding performing arts activities, as well as assisting in the development of the district's performing arts calendar of events. Its other functions will be to

interview and/or audition prospective visiting artists and performing groups for school purposes; to function as an "arts" network which extends from the school to the community; and to act as disseminator of arts-related information.

Members of the Plainview-Old Bethpage community are invited to join one or more of the above committees. Organization of these committees will take place at

the next meeting of the Board of Education on October 15, 1984, to be held at the Jamaica Avenue School All-Purpose Room at 7:30 p.m. Administrative liaisons to these committees will be on hand to give a brief overview of each committee. Hempstead Survey Shows Residents Favor Shoreham Opening 2 to 1

In response to a recent survey conducted via a Town newsletter, a majority of Hempstead Town Residents indicated approval of the Shoreham Nuclear Plant opening, provided that the plant is determined to be safe by the appropriate regulatory agencies. Over 12,000 residents responded to the Town survey, which polled residents on a wide variety of issues.

He said he favored the opening of the plant "if it is operated by proper personnel. Nuclear plants are operating in Europe with a minimum of breakdowns," he said. This view was amplified by an Oceanside resident who said she has an engineer in her family in the nuclear field. "Shorham can be safe. BUT...LILCO must keep on staff people with backgrounds for maintenance, repairs, computers, etc..."

The concern over the impact the plant could have on electric rates was demonstrated in several comments. "We favor the plant to open only if it results in lower electric rates", a Levittown resident said. "The rates are outrageous. Is there any other solution?", questioned a Hempstead couple. "We in government must know how our residents feel about the important issues of the day," Gulotta said. "A survey of this type allows us to tap the minds and thoughts of our residents, and helps in planning for the future." The results of other questions will be released in future weeks as the compilations are completed.

However, a Uniondale family expressed concern over the accuracy of the regulatory agencies. "The regulatory agencies weren't too sharp while it was being built. Have they changed?", the residents noted in their comments.

"The response to our Shoreham question would seem to reflect our residents continuing concern with escalating utility costs", Hempstead Presiding Supervisor Thomas S. Gulotta said. "The response is also consistent with many residents whom we have spoken with during the past year, who feel that they simply cannot face continuous increases in electric rates year after year."

The specific question was "If it is determined to be safe by the appropriate regulatory agencies, do you favor the opening of the Shoreham Nuclear Power Plant? 67.6% responded YES, while 32.4% said NO.

Many residents added their own comments to the survey: A resident from Elmont

it adopts the proposed budget. By law, Purcell must present his budget to the board by Nov. 13. The board must act by Dec. 17.

Even though he is not legally required to hold a hearing, Purcell said he wanted to listen to the public's views before he finalizes his proposed budget.

He said the meetings will be informal, with people heard in the order in which they sign in.

Hope For Youth To Hold Annual Dinner Dance

The Board of Directors of Hope For Youth announces the Annual Dinner Dance, honoring Francis T. Purcell, Nassau County Executive with our first Humanitarian Award. The event will be held on October 12, 1984 at the Garden City Hotel.

Hope for Youth was started in 1969 by Nassau County Family Court Judge Elizabeth Bass Golding who recognized the need to keep troubled youngsters from languishing in mental hospitals and institutions. Judge Golding will also receive the Founders Award at this event.

The "group home" concept is the model provided

by Hope For Youth. A live-in married couple provides daily supervision and loving care. The homes blend into the local community and the children attend the district schools, enjoying a normal childhood.

Children are referred by the counties of Nassau and Suffolk and range from ten to eighteen years of age. Each child receives the highest quality child-care necessary to prepare them for a stable adulthood and independent living. According to John R.B. Cook, President of the Board of Directors, "As government funding decreases, we must turn to the private sector to help us

provide for these youngsters. Children are the victims as society's ills are increased due to family breakdown, unemployment, mental illness, drug and alcohol abuse."

Tickets for the dinner-dance are \$125.00 per person or \$250.00 a couple.

Cocktails at 8:00 PM in the Garden Room and dinner at 9:00 PM in the Grand Ballroom. It will be an evening of "dining and dancing and making merry" for a very worthy cause.

Contact Florence Cullen (516) 579-6880 for ticket reservations.

Purcell Schedules Public Budget Meetings On Oct. 1

County Executive Francis T. Purcell will throw open the doors on Monday, Oct. 1, to invite the public to tell him personally what they think about the 1985 county budget.

Purcell said he will hold an afternoon session on Oct. 1 from 2 PM to 5 PM, and an evening session from 7

PM until everyone present has been heard. The meetings will take place in the board of supervisors meeting room on the fifth floor of the County Executive Building, 1 West St., Mineola.

"I intend to listen," Purcell said. "I want to hear

what people have to say about the budget and about what they think the county should be doing in 1985."

The only public hearing required by law is the one that must be held by the board of supervisors before

Something To Think About

BILL WAGNER DIRECTOR

PARTIAL PREPLANNING

While it would be ideal to pre-plan all aspects of one's funeral arrangements up to the last detail, this is not always possible. Many people live the sort of fluid lifestyle which precludes purchasing a cemetery lot or even choosing a particular funeral home.

One solution to this problem is to write a general "Letter of Instructions on Funeral and Burial" to your spouse, next of kin, or to whom it may concern. Put down only those instructions about your funeral and burial which any qualified funeral home can fill. This then allows for a freedom of choice at a time when emotions are more under control.

Another selection might be to take the time to sit down with the funeral director of your choice and get guidance as to how your wishes would best be facilitated. With legislation regarding pre-need payment of funerals pending in Albany, it might be in your best interest to wait and see what will be to your greatest advantage.

On Friday, September 28th, at 8:00 pm, the Hicksville Public Library will show the film, "Trading Places". Dan Aykroyd plays a snooty young blue-blood who runs a Philadelphia brokerage house, and Eddie Murphy plays a con man-beggar who disguises himself as a blind, legless Vietnam veteran. The two don't exactly trade places; they're traded, by a pair of heartless, rich old brothers (Ralph Bellamy and Don Ameche) who have made a heredity - versus - environment bet. The film comes to a rousing, slapstick finish with the younger guys, rich and the old skinflints punished. This film will be shown in the Community Room. There is no charge for admission and everyone is invited.

Fall Flower Show

The annual Fall Flower Show and Plant Sale will be held at Planting Fields Arboretum in Oyster Bay from Saturday, October 13, through Sunday, October 21. Admission is \$3.00 per person, parking included. Patrons preview is Friday evening, October 12. Ralph Snodsmith, WOR Radio's Garden Hotline celebrity will host this special event.

The Fall Flower Show presents amateur gardeners an opportunity to exhibit in the traditional British flower show format. Superior grown flowers and plant specimens can be entered in competition with other gardeners. This year the Mid-Island Dahlia Society will host its show during the first weekend. Dahlia blossoms entered must conform with American Dahlia Society guidelines. Schedules are also open for orchids, cacti, houseplants, and holly. The Long Island Chrysanthemum Society reigns for the second weekend when mum blossoms and plants are judged. Cash prizes are awarded for first, second and third place. Interested persons should contact Matt Taddonio at 516-221-3728.

Featured exhibits for 1984 include a Gertrude Jekyll 'Ghost Garden' designed and installed by the horticulture students at S.U.N.Y. Farmingdale. The garden will boast pallid-looking silver-foliaged plants lurking amidst a cemetery setting. 'Wild' will be the summer flowers that J. Barry Ferguson and staff have collected and dried from wayside, meadow and garden to recreate nostalgic bygone summers. Panfield Nurseries will mount a dry stream bed garden using pebbles, sedum and mosses to give the illusion of water.

The plant sale for 1984 expands to include a host of unusual shrubs and small trees that are featured throughout the garden displays. The Flower Show committee is recommending the use of *Cornus kousa*, the Japanese Dogwood, as a replacement plant for American dogwoods lost to Lower Branch Dieback Disease. Small plants grown at the arboretum will be for sale.

The Fall Flower Show, the oldest and largest autumn exhibition in the eastern United States, is staged at magnificent Planting Fields Arboretum on Long Island's Gold Coast. It is held in cooperation with the Long Island State Park and Recreation Commission.

Barbara Friedman Declares Independence From Nassau Democratic Party

Barbara Friedman, who received the Democratic Party endorsement for Family Court Judge upon recommendation by the Nassau-Suffolk Women's Bar Association, and was named last week by the Independent Judicial Party as its first candidate for that position, has now declared her independence from the Nassau Democratic Party. "I am not disassociating myself from the ideals of the Democratic Party, nor from any citizen - Democrat, Republican or Independent - who shares my belief in an independent, non-partisan judiciary," said Mrs. Friedman. "However, I must separate my candidacy from the Nassau Democratic organization."

In explanation of this drastic and unusual move, Mrs. Friedman stated that the Nassau Democratic Party has demonstrated that it is not capable of supporting an independent judicial candidate. "When I accepted their nomination and discussed with the party's Chairman my plans to run a strong, active campaign, he applauded my determination," she recounted. "However, when I began canvassing the county and taking my candidacy directly to the public, the political insiders of the Nassau Democratic Party made it clear that they did not approve of a judicial candidate running an independent, grass-roots campaign."

Mrs. Friedman submitted that her disassociation is the result of attempts by the Nassau Democratic Party to deny the public a choice for Family Court Judge. "I'll give you the facts - let the public decide," offered Mrs. Friedman. "Nassau Democratic insiders even agreed to a ballot in which my name would appear opposite another candidate with a similar name. Although I am not a professional politician, even a political novice can recognize the confusion to the voter resulting from that type of matchup. I might point out that this is the same organization that also agreed to place two candidates with the same last name opposite each other on

same Family Court ballot. One doesn't need political genius - only logic - to comprehend the potential confusion to the voter in having two candidates with the same or similar names opposite one another on the ballot."

According to Mrs. Friedman's advisors, it was this capricious change in ballot placement that led to her requesting a draw, wherein all candidates are entitled to pick a number from a drum, the selected numbers corresponding to the candidate's place on the ballot. Following that request, "The Nassau Democratic organization pressured me in an attempt to prevent me from exercising my legal right to a draw," elucidated Mrs. Friedman. "My supporters and I have been the targets of harassment, verbal abuse and direct threats. In fact, some party regulars have told me that if I didn't go along with party strategies, I would have no future as a practicing attorney in the County. It was because of my insistence that the public have a clear choice that the draw took place on September 24th, resulting in a ballot that will be much less confusing to the voter. The public should ask themselves why the political insiders of the Nassau Democratic Party are so afraid to offer the voters a choice. On behalf of the people of Nassau County, I cannot accept these actions."

Mrs. Friedman concluded by stating, "If running a campaign that asks the voters to elect Judges based on merit - if accepting the nomination of the grass-roots, non-partisan Independent Judicial Party - if taking my candidacy directly to the public - does not conform to the political schemes or backroom deals of the Nassau Democratic Party hierarchy, then I must resolutely stand on principles of honesty and integrity, and disassociate myself from such an organization. When I am elected Family Court Judge, I will represent the families of Nassau County - not the political insiders."

Hicksville Shamrocks Beat Massapequa at Cantiague

by Alan Blicker

The Hicksville Shamrocks 1974 traveling soccer team defeated the Massapequa Marvels 2-0, led by the steady goaltending of Eddie Jacobsen, who completely controlled the play in Hicksville's defensive end. He was ably assisted by fullbacks Gregg Grouso and Chris Doyle, as well as by sweeper Brian Harkins. The boys constantly kept the Marvels offense off balance by aggressive tackling and upfield passing. Joe Flanagan and Jason Kingsley backed up the defense with strong play at stopper, with Flanagan also moving up to halfback and wing, where he performed equally well.

Todd Meringoff, the Shamrocks man of constant motion at centerhalf, was his usual brilliant self in pursuit of the soccer ball, both offensively and defensively, continually taking the ball from the opposition and pushing it off to his teammates. He was complimented by halfbacks Brian Pine and Gregg Furst, who both had outstanding games in the offensive as well as defensive positions, switching when necessary with their wings to lead charges upfield.

The front line of wings Ted Knoop, Jared Jacobs and Matthew Pordum, as

well as strikers Eric Blicker and David Lovato, who also played a strong fullback, kept constant pressure on the Marvels. There were many strong charges and numerous brilliant crosses, with Blicker being at his passing best. The first goal was scored by Jared Jacobs on an assist from Lovato, to continue his hot scoring. Knoop scored the second goal off a Lovato rebound.

Congratulations, Shamrocks, for winning your second straight league game under the astute tutelage of coach John Flanagan and assistants Pete Knoop and Pat Harkins.

Long Island Fair

A feature of this year's Long Island Fair, at Old Bethpage Village Restoration will be the opening to the public of an exact replica of the original Fair office which was built in 1866 when the annual event was held in Mineola. The Fair is set for the Columbus Day weekend Friday, October 5 through Monday, October 8, 10 A.M. to 5 P.M., each day.

Nassau Recreation and Parks Commissioner Abram C. Williams said the three-room building consists of the President's office with original furnishings and paintings, the actual

working Fair office and a third room for office equipment not open to the public. The Long Island Fair, coordinated by the Nassau County Department of Recreation and Parks and sponsored by the Agricultural Society of Queens, Nassau and Suffolk Counties, is one of the oldest such exhibitions in the United States, originating in 1841.

In addition to the poultry and livestock exhibits, there will be a display of prize-winning vegetables, fruits and flowers grown at local farms and gardens as well as a large and varied array of needlework, hobby and

culinary products. There will also be magic and puppet shows, games and pony, elephant and camel rides for children, band music, choral and folk singing, a menagerie and agricultural contests for the hale and hardy.

Admission to the Long Island Fair is \$4 for adults and \$2 for children ages 5 through 17. Parking is free. Old Bethpage Village Restoration is located on Round Swamp Road south of exit 48 of the Long Island Expressway. A cafeteria and gift shop are on the premises. For further information, call 420-5280.

Constantino Selected for National Camp

Michael Constantino, from our Hicksville American Soccer Club 1969 "Rangers," was recently selected by the USSF Select Program to attend the National Soccer Training Camp held at the U.S. Training Center in Colorado Springs. Michael's trip to Colorado represents the culmination of a long arduous summer of hard work, dedication and traveling in a series of "select" tournaments and "trials" at the State, Regional and National levels. Indeed, his constant efforts, and personal sacrifices to this great sport, over the past several years, have all contributed to this recognition. (To see him at 6 a.m., every morning, working out with a soccer ball, is a sight to behold!!)

- Mike's activities this summer included the following:
1. Trials for, and selection to the Empire State Team (the youngest player selected).
 2. Eastern N.Y. State Select Team - Under 16½.
 3. State Select Tournery, West Chester College, Pennsylvania.
 4. Regional camp, University of Maryland, College Park, Maryland.

5. National Soccer Camp in Colorado Springs.
 6. Dallas, Texas Tournament (N.Y. State vs. Texas State "Select") at which the initial Olympic team player identification process will begin.
- All this while, at the same time, honoring his commitments to his Hicksville squad.

Our hope is that Michael will ultimately be selected to represent his country, who would then become the third such player from Hicksville to play for the U.S.A. National Junior Team (following Peter Jannette and David Smyth). This could be realized as soon as next August 1985, when the U.S. Youth travel to China to compete in the World Youth Championships (Youth World Cup). Beyond that, the 1985 and 1986 evaluations will determine the U.S. National Youth team to play in the next Youth World Cup in 1987.

Michael's efforts and progress are certainly heralded by all of us, who wish to offer our congratulations and best wishes in his ongoing soccer odyssey.

Fifth Annual Plainview-Old Bethpage Road Runners Club Fashion Show and Running Shoe Critique

Nobody has ever doubted the running and road racing skills of the Plainview-Old Bethpage Road Runners Club, but on September 18 they proved that they've got considerable other talents as well.

Supervised by Fashion Show Coordinator Julie Shapiro, a select group of volunteer POBRRC fashion models displayed the latest in running and aerobic fashions for the fall and winter seasons at POBRRC's 5th annual Fashion Show and Running Shoe Critique. Nearly 200 Club members and their guests were on hand for the fashion display, which was followed by a critique of the new model running shoes by Larry Davidson. The fashion outfits were provided by Woodbury Super Star Sneakers and Sports from their full line of Gore-tex and nylon running suits, aerobic outfits and accessories.

Among the highlights of the evening were David Canner modeling a pair of skin tight striped tights that would attract attention at any race, followed by Nancy Ackley, Teresa Gregory, Pam Grever, Doreen Castellucci and Helene Stopek displaying a colorful collection of aerobic outfits. Some of POBRRC's younger stars - Michael and Chris Grever, Shane Brenner, Jessie and Pam Stopek, Robin and Rena End, and a very precocious 2 year old Kevin Odell -- were also on hand to

A Fall Flower Show At Old Westbury Gardens

A Fall Flower Show, entitled "Tally-Ho!", will be held at Westbury House, Old Westbury Gardens on October 6 and 7, 1984 from 10 a.m. to 5 p.m.

This show, presented jointly by North Country and Three Harbors Garden Clubs, both members of Garden Club of America, will have exhibits of flower arrangements and horticulture. Entrants will be from members of both clubs.

The flower arrangements will be displayed in the Red Ballroom and will represent arrangements suitable for a

hunt breakfast. Decorations and compositions will be based on this motif. Other arrangements will represent frost and use grasses and meadow foliage of the fall season.

The horticulture exhibits will include standards, topiary, espalier and trained plants, as well as a variety of terrace plants and flowers. Various horticultural plants of merit will be entered into the composition competition. The horticulture exhibits will be displayed in the newly-restored Palmhouse. The show will be judged

and prizes awarded. The regular contributions apply during the flower show weekend: \$3.00 for adults and \$1.00 for children to visit the Gardens; \$2.00 additional for adults, \$1.00 for children to tour the Mansion. Seniors donate \$2.00 for both.

Old Westbury Gardens is open to the public from late April thru October, Wednesdays thru Sundays and holidays from 10 a.m. to 5 p.m. It is located on Old Westbury Rd. between Jericho Tpke. and the L.I. Expressway.

"Black Wings: The American Black in Aviation," an exhibit depicting the unstung but important contributions

"Black Wings"

of black Americans to the history of aviation, will open at Mitchel Fields' Cradle of Aviation Museum, for a three-week period starting October 4th.

Nassau Recreation and Parks Commissioner Abram C. Williams said that the exhibition - photographs, illustrations, and mementos - is a traveling version of the exhibit mounted by the Smithsonian Institution at its National Air and Space Museum, Washington, D.C., in 1982. The show will remain at the Cradle of Aviation Museum throughout October.

A new feature of the exhibit, "New York Black Wings," tells the story of regional black aviation pioneers. This segment tells of the achievements of men and women from local communities and the manner in which they fought a complex web of discrimination to find a place in the sky.

The exhibit will be open to the public from 10 a.m. to 2 p.m. daily. On weekends (Friday through Monday) the exhibit will be shown from Noon to 5 p.m. Admission is free.

The show has been seen at such locations as the Hayden Planetarium, and John F. Kennedy International Airport as well as in the cities of Newark, Philadelphia, Richmond, Lynchburg, Buffalo, and Pittsburgh. The Port Authority of New York and New Jer-

sey joined with the Federal Aviation Administration in sponsoring the exhibit at the metropolitan area locations, and is aiding in the present exhibit and related special programs.

The exhibit is organized in four parts. "Headwinds" covers pioneers such as Bullard and Coleman and black flight schools of the 1930s. "Flight Lines" discusses the changing role of blacks in aviation during the late 1930s and early 1940s as America prepared for World War II. "Wings for War" covers the years 1941-45, detailing black involvement in the war effort, and "Era of Change" takes the visitor from closing days of World War II to the present, concentrating on breakthroughs in aviation and aerospace by blacks.

The "Black Wings" showings at Mitchel Field are co-sponsored by the Nassau County Department of Recreation and Parks, the African American Heritage Association of Long Island, and the New York chapters of the Tuskegee Airmen, Inc. and Negro Airmen International, Inc.

"Black Wings" chronicles black experience in aviation from the story of Eugene Bullard, the first black combat pilot, to the designation of Guion S. Bluford, Ronald E. McNair, and Frederick D. Gregory as astronaut candidates in 1978.

Special Cancellation Highlights National Stamp Collecting Month

Page 11 - MID-ISLAND/PLAINVIEW HERALD - Friday, September 28, 1984

Senator John R. Dunne (Right) met recently with his Plainview Campaign Coordinator Ron DiMonda, to receive input in developing the issues on which his 1984 Campaign will focus.

DiMonda, of Grohman's Lane, an employee of the Town of Oyster Bay Public Information Office, urged Dunne to emphasize his 19 years service in the State Senate, the effective use of his seniority and influence in the Senate Republican Majority to increase funding to local school districts, and his success in helping constituents resolve problems with state agencies in his re-election bid.

October has been designated as National Stamp Collecting Month by the U.S. Postal Service, Postmaster Anthony M. Murello announced today.

Centering around the theme, "Fall in Love with Stamp Collecting" the month-long observance is being sponsored in cooperation with the Council of Philatelic Organizations (COPO). The Council's

membership includes national, regional and local organizations involved in various aspects of stamp collecting.

Throughout October, post offices and local COPO organizations across the country will sponsor various activities calling attention to stamp collecting, the world's most popular hobby.

"Millions of Americans recognize that stamp collecting can increase one's

knowledge of geography, biography, history and science," Postmaster Murello said.

"For example, students who engage in this hobby have a good time acquiring new or used stamps, and the hobby stimulates their intellectual growth. Any adult who introduces a youngster to the hobby of stamp collecting is giving that child an interesting leisure avocation that can last a lifetime.

The highlight of Hicksville's National Stamp Collecting Month activities will take place October 7, 1984 from 1:00 p.m. to 5:00 p.m. at the Hicksville Post Office. Postmaster Murello is happy to announce that Hicksville will have its first special cancellation at the Safety Fair-Open House (see below). Besides the special cancellation there will be a Hicksville and Long Island Postal History display.

HOW TO BELIEVE AGAIN

There is no such thing as green stamp salvation... we can not collect our good deeds and then present them to God for the gift of salvation. We also do God a disservice and mock the sacrifice of Christ when we suggest that some sinfulness of ours can not be forgiven by the sacrifice of the cross. Our badness is never more powerful than Jesus' goodness.

gain in strength. Likewise our faith grows when it rubs shoulders with the faith of others. If our fear as individuals and collectively as the church are to be squarely on the road back to God, our faith must be revived. Faith is a gift from God that he wants us to have in great quantity.

new area of ministry, whether all the details on the endeavor are known, whether we feel the fear of failure, none of this matters. We are simply following the lead of God. Our individual lives as Christians and our collective lives as church fail to reach their potential when we fail to believe strongly enough that with God on our side all things are possible.

problem we face that is unsolvable when we are strong in the Lord. The children of Israel had been slaves for 400 years, but God used a reluctant man to lead his people out of the bondage of Egypt. All Moses had to do was believe in God enough to obey his leading.

For those who desire that their lives have an inner strength that will help them deal with and eventually overcome personal problems, those who believe we should continue to seek and provide ways to be more effective in sharing the love of God in Christ to all people, there is hope. All of this and more is possible if we are willing to not only let God forgive our sinfulness but to control our lives according to his will.

Throughout the Old Testament we find God's people struggling to believe in him. God called Moses to deliver his people out of Egypt. Instead of Moses simply believing God was powerful enough to carry out his wishes, Moses tried to give excuses why he was not the man for the job. Then he asked God for his credentials. He protested that they wouldn't believe him. Finally, he said he was not qualified for the job. Although all his protests were logical - although all were so close to the excuses we often make to God, the bottom line was that all he had to do was to believe that if God called him to do a job, it would succeed because God was behind it. Nothing else matters. Whether it be a

When we speak about how to believe again, we are not looking at Christian faith only as the ultimate life insurance policy. There must also be movement on our road back to God. A faith standing still is a stagnant faith. Individually and collectively we fix our eyes on the cross. There is not a

Norwegian Family Bazaar

The very popular raffle for a trip for two to Norway, including a one-week hotel stay, will again be held. Tickets are \$1 and can be obtained the night of the bazaar. If the lucky winner is present at the drawing, a cash bonus will be awarded.

Delicious baked goods, many from norwegian recipes, will be available for sale, as will handmade Christmas and baby items, and housewares. We also plan to have a wheel of fortune and a men's table.

Raffles will also be held for the Dagny Doll - a lovely doll dressed in a handmade Norwegian folk costume crafted by Mrs. Dagny Pettersen, one of our very talented members - a basket of cheer, a beautiful, handmade sweater, hand-crafted wood, needlework, and plants.

Road Lodge, Sons of Norway, will hold its annual bazaar Saturday, Oct. 13, 5-10 p.m., at the American Legion Hall, 734 Woodfield Rd., West Hempstead.

A Norwegian-style dinner will be available from 5 to 8 p.m. There is no admission fee. For details call (516) 538-8615.

We want to consider the topic, "How To Believe Again." Our President was recently criticized by the press for suggesting that for one week they only present good news. One commentator suggested that Mr. Reagan run the country and that he would report the news. I felt the President was on target. For if we spotlight the example of all the good things people do, or the positive signs that we are coming out of the recession, that inflation has eased, that interest rates are coming down, then good will lead on good, and our country will

Film: "Fanny Crosby"

Wenda Shereos will be appearing in the film, "Fanny Crosby" on Tuesday, October 2, at 7:30 PM and Wednesday, October 3, 9:30 AM at Trinity Lutheran Church, 40 W. Nicholas Street, in Hicksville. Ms. Shereos will be making a guest appearance at both showings.

This Ken Anderson production is based on Fanny Crosby's experiences from her years as a teacher at the New York Institute for the

blind. Wenda portrays the blind Fanny Crosby who attended the Institute as a child and later returned as a member of the faculty. Some of the songs of this famous hymn writer that have been sung thousands of times are, "Blessed Assurance," "Near the Cross," and "Pass Me Not O Gentle Saviour."

Ms. Shereos was born and raised in Hicksville and presently resides in Chicago with her husband, The

Reverend William Shereos, and their two children, Jenine and Jason. She is the daughter of Bill and Irene Gropp of Hicksville.

She began her career Off-Broadway and is most recently appearing in Christian films, on T.V. in Chicago, and on the Moody Bible "Family Bookshelf" radio series.

The Mid-Island community is invited to attend one of the two showings at Trinity. The church is located north of Old Country Road between Jerusalem Avenue and Broadway, in Hicksville.

Muttontown Preserve A County Asset

Some 15 miles of the finest horseback riding trails on Long Island together with a rudimentary exercise ring and parking for horse vans are available at Muttontown Preserve, a facility of the Nassau County Department of Recreation and Parks.

Nassau Recreation and Parks Commissioner Abram C. Williams said the principal equestrian entrance is off the westerly side of Route 106, south of Route 25A or Northern Boulevard. There is no fee.

This peaceful kingdom of nature, encompasses an amazing variety of geological formations, diverse plant and wildlife habitats, thick forests and pioneer woodlands. The 500-acre Muttontown Preserve, bounded on three sides by major highways and bisected by Muttontown Road in Syosset, is the largest piece of publicly-owned natural land in Nassau County.

The large recreational area has been pieced together from four former private estates and is historic evidence of changing land use, from pre-Revolutionary farm fields, to early Twentieth Century formal landscapes.

Horseback riders at the Preserve enter the home of chipmunks and cottontails, flying squirrels, woodchucks and long-tailed weasels. They pass over rolling hills to kettle ponds formed by glaciers 15,000 years ago and near the nesting places of bob-white and pheasants. Black-eyed Susan and Turk's Cap Lily nod at trail side. Warblers flit in the trees and a hawk sometimes circles overhead.

Glimpses may be seen of the elegant gardens at Chelsea, a Long Island Gold Coast estate listed in the National Register of Historic Places, or the romantic ruins of Knollwood, where King Zog of Albania had hoped to establish his court.

To the South is Nassau Hall. Built in 1904 to resemble Mount Vernon, it is now administrative headquarters for the Division of Museum Services of the Nassau County Department of Recreation and Parks.

She is looking forward to a productive and challenging year at Plainview-Old Bethpage High School.

The second new member in Foreign Language Department is Ms. Denise De Si one, a 1982 graduate of SUNY at Albany. Her BA in French and Spanish Education includes one year of study at the Université de Grenoble, France. During her year abroad, she took advanced courses in French and Spanish language, literature and civilization and hopes that by

sharing her experiences with her students they too will benefit from them.

Last year, she taught French, Spanish and Latin at Jericho Jr.-Sr. High School and was advisor to the National Honor Society.

She enjoys traveling to other countries and learning about other people and their culture.

Contest

Book & Bagel

Students working in the POBHS Reading Center culminated the 1983-1984 school year with a contest. Pairs of students worked quickly and accurately on a variety of reading activities. Points were scored for speed which were added to the averages of all the work done. Two heads proved better than one! And students were given the opportunity to practice skills learned all year. Three teams came out winners. Miss Grywin awarded prizes which hopefully were read over the summer.

New

Dr. Botwinick is pleased to announce the appointment of Ms. Anna M. Karpiak as Chairperson of the Foreign Language Department. Ms. Karpiak has taught Spanish in the school district since 1958. She is active in professional organizations. We wish her success in her new position.
