Hicksville Junior High Halloween Dance

## On The Campus

Congratulations to John F. Wandelt of Hicksville. John received his Bachelor of Science degree from Brigham Young University. John majored in computer science.

Children at the Hicksville Nursery School visited Filasky's Farms in Brookville where they picked their own Halloween pumpkins. On Wednesday, October 31, all the children will help carve the pumpkin, scoop out the pulp and seeds so that they can toast the seeds for their morning snack. Such early cooking experiences help to stimulate lifelong interests in nature and science.

## Charged with Defrauding Consumers

On Oct. 11th, Nassau County District Attorney Denis Dillon announced the arrests of three individuals for engaging in a scheme to defraud various consumers of automobile insurance and various assigned insurance firms by failing to submit collected insurance premium downpayments. Those charged with Grand Larceny Second Degree (three counts) and Scheme to Defraud First Degree (two counts) are Michael Pennachio, 25, of 49 Roosevelt Drive in Bethpage; Francis Mennella Jr., 24, and Francis Mennella, Sr., 48, both of 6 Nome Drive in Woodbury. The arrests follow a joint investigation with the DA's Commercial Frauds Bureau and the New York State Department of Insurance.

Dillon said, "From November, 1982 to December, 1983, the defendants operating as either Competition Insurance or Consumer Facilities, Ltd., both in Levittown, defrauded more than 100 motorists and 25 insurance firms out of more than fifty thousand dollars." The District Attorney said to best understand the defendant's scheme to defraud, it is essential to know the proper procedure an insurance broker must follow when writing assigned risk insurance. When an unknown individual applies for automobile insurance, his application along with a premium deposit is sent to the New York State Assigned Risk Plan which in turn assigns an insurance company. Since all insurance companies participate in underwriting a certain percentage of assigned risk business, their selection by the New York State Assigned Risk Plan is done on a purely rotational basis. All completed applications are to be sent in to the New York State Assigned Risk Plan within ten days time.

During the initial application process the broker issues a temporary insurance card (FS-21) to the insured which is effective for thirty days thus providing enough time for the insured's application to be processed and confirmed and any balance due paid. Once this is done the insurance company will send the insured a policy and permanent insurance card (FS-20).

However, under this system there is a legal obligation on the New York State Assigned Risk Plan to assign and on the insurance companies to write insurance upon receipt of any valid application, with or without full payment.

Dillon said the defendants' scheme operate in the following manner:

1) First, they would usually quote the applicant an unrealistic low-ball premium rate to guarantee his business.

2) Next, they would accept an initial premium deposit with the application which varied from \$150.00 to \$650.00 which was deposited or held for the benefit of the defendants.

3) In many instances, the applicant was never informed of any deduction for broker's fee.

4) At this point one of three possible situations evolved:

(a) The money was pocketed and the application never sent;

(b) The application was sent to the New York State Assigned Risk Plan with no money;

(c) The application was sent to the New York State assigned Risk Plan with a minimal amount (10%) of the initial down payment from the brokerage premium account.

5) The applicant would be given a temporary insurance card and assured that permanent insurance was forthcoming.

6) Those applicants whose application was never sent in obviously had no communication with any insurance companies. When they complained or became suspicious, the defendants would simply issue another FS-21 and assure them that the problem would be corrected.

7) Those applicants whose applications were sent in without money or with a minimal down payment would receive either cancellation notices or premium payment statements for amounts far in excess of defendants' price quote. Again when these individuals complained or became suspicious the defendants would offer up a multitude of excuses, issue another FS-21 and guarantee satisfaction.

In this way, defendants were able to play off the applicants against the insurance companies for eight months.

Dillon said in June, 1983, when things simply became "too hot to handle" the defendants folded up shop and re-opened as Consumer Facilities, Inc. - same location, same basic personnel. However, the defendant now rejected any in-coming complaints against competition as unrelated and unassailable.

The defendants were arraigned on the charges in First District Court. If convicted, they face up to seven year in prison.

## Hicksville Post Office Offers Additional Customer Parking

Postmaster Anthony M. Murello reports that approximately 10 additional parking spaces are available for postal customer parking.

The parking spaces are on West Barclay Street adjacent to the main post office at 185 West John Street. Thirty minute parking is provided from 7:00 a.m. to 7:00 p.m. except Sunday and holidays.

"My thanks to Councilman Tom Clark and the Town of Oyster Bay for assisting in improving the postal parking situation," said Postmaster Murello. "I hope these spaces will make it easier for everyone. Those wishing to purchase stamps can do so any hour, day or night, at our 24 hour stamp self-service machines available in the post office lobby. Express Mail is accepted until 8:00 p.m. Monday to Friday and Saturday from 9:00 a.m. to 1:00 p.m. You may also purchase stamps at the postal station at Whale Drugs, 89 Broadway.

Hicksville from 9:00 a.m. to 4:45 p.m. (lunch 1-2 p.m.), Monday to Friday and from 9:00 a.m. to 11:45 a.m. on Saturday. Those wishing to pre-purchase stamps can save a trip to the post office by asking their letter carrier for a stamp by mail order form."

**PRESIDENT PETE MASSIELLO'S MESSAGE:** 'It is impossible for anyone to learn what he thinks he already knows.' Epictetus

Autumn is usually a special time of the year, in fact, for many people it is the best time of the year. The air is crisp, refreshing and invigorating, with glorious sunrises and sunsets painting the sky with vivid splashes of multi-colored clouds. And the Galileo Lodge and the Ladies Auxiliary add to this mood as they present their particular activities for your pleasure and edification. For example, on Saturday, the 27th of October, the Galileo Lodge presents its delightful Halloween Dance, under the direction of Tony Sica (796-8789).

Tickets are now on sale, and they cost \$12.50 per person, a very nominal fee that entitles you to a delicious hot dinner, coffee and cake, beer, soda, set-ups and delightful dance music from a leading disc jockey. Please note that a 'bring-your-own-liquor' policy will be in effect that night and that the Galileo Lodge will be dressed in the accouterments of the Halloween scene. So, for autumnal pleasure, this dance may appeal to you. Costumes are desired but not mandatory.

Then we have the Ladies Auxiliary, who are planning a 'Day at St. Christopher's Shrine and Inn next Saturday, the 20th of November. Price is \$13.50 per person, with buses leaving the Galileo Lodge at 9:00 A.M.

sharp. A box lunch, round-trip tickets on deluxe buses and available picnic facilities are part of the price package. The site is Garrison; N.Y. Call Fran Ausiello (433-8783) and Mary Monteforte (935-9536) if you are interested.

Is there such a thing as a pre-Thanksgiving mood? Yes, there is, and how can you get it, you ask? Well, in the early part of November, the Ladies Auxiliary, under the direction of Sue Laurenti and Claire Fuoco, are planning the 1984 version of the "Foolies Folies," which is actually a series of comedic acts, sketches and scenes based on the talents of the male and female members of the Galileo Lodge and the Ladies Auxiliary. Then on November 24th, the Ladies present a 'Day at the Westbury Music Fair,' featuring the stirring voice of Engelbert Humperdinck. Call Fran Ausiello (433-8783) and Mary Monteforte (935-9536) for more details. So this is how you get your pre-Thanksgiving mood, Easy, right!

Another activity that might be synonymous with your pre-Thanksgiving mood is The 'Holiday Bazaar' presented by the Ladies Auxiliary on Sunday, the 18th of November at the Galileo Lodge. VENDORS ARE NEEDED, of course, and the cost of tables for non-members is \$10 and \$8 for members. Refreshments will be available at reasonable prices. As I said before, 'browsing' seems to be a national past time and you can 'browse' to your hearts content at this Holiday Bazaar. So call Mary at 938-9536 or 931-9351 for more details about this late autumn activity.

# At The 13th Annual Hicksville Community Council Awards Dinner

Page 3 - MID ISLAND PLAINVIEW HERALD - Friday, October 19, 1984

The 4th of Oct. was a friendly evening where community leaders from all areas of Hicksville met at a dinner at Antons, to honor the William M. Gouse, Jr. Post 3211 Veterans of Foreign Wars for the outstanding work they have done not only for veterans but also for the community and many fine causes which it supports, and to honor Iris Widder "for continual sharing, caring and devotion to the community" as the Person of the Year, 1984. The event was the 13th annual such affair sponsored by the Hicksville Community Council which meets on the first Thursday of every month October through June, starting at 8:30 p.m. downstairs in the Community Room of the Hicksville Public Library.

Accepting the 1984 Community Service Award for the VFW was its Commander, Anthony Chepak as can be seen in the center top picture along with the Council's 2nd vice president Al Peck. Commander Chepak thanked the Council for this honor and pledged that all members of this active Post will continue to serve the community and to promote Americanization, as in the past. He mentioned that on Feb. 16 at Antun's Post 3211 will be celebrating their 50th Golden Anniversary. Community Council president Sheila Noeth may be seen as she praised the entire Board of Directors and officer of the VFW for their fine contributions to the community of Hicksville, in the upper left picture.

Mrs. Widder, with her husband, Sieg and children Meryl and Keith have lived in Hicksville for 31 years. As a young woman in St. Albans, Iris was specially trained by the Red Cross as a Staff Assistant in several fields and she continued this dedication to many community causes throughout the years. Presently she is busy helping update the Blue Books at the NY State Dept of Social Service. This involves the

placement of "hard to place" adoptable children. "She is truly a remarkable woman," said Mrs. Noeth, as she presented the 1984 Person of the Year plaque to Mrs. Widder.

In the upper right picture we see Mr. and Mrs. Widder with long-time friends Mary-Jo McDonald and Nancy Pahanuk, both of Hicksville and both active along with Mrs. Widder in many community activities.

In the center left picture we see three lovely ladies, (l to r) Mrs. Anne Evers, Mrs. Kathy Steckler and Mrs. Mary-Jo McDonald. Mrs. Steckler a previous officer of the Hicksville Community Council, was presented with a citation for the great work she had done as chairperson of past Council Award Dinners.

In the center picture Mrs. Noeth presents a citation to Postmaster and Section Mgr. of Hicksville Anthony Murello for his cooperation with many Council programs. After 36 years of distinguished Postal Service, Mr. Murello will be retiring at the end of 1984 and plans to move to Sarasota, Florida. He promised, however, to make many visits back to "Our Town" where he and his fine family have spent so many happy years.

In the center right picture we see Father Dominick Chinnella of Holy Trinity Episcopal Church along with Sieg Widder, as he introduces two friendly chaperones for the contingent of Italian students who recently visited Hicksville from Italy. Roberto Pallone and Elisbette Baitughi were greeted with much applause and a friendly welcome from

those present

Finally, in the lower left picture we see School Board member Thomas Nagle (in the center) flanked by Cornelius McCormack, former School Board member for many years and now, active in senior citizen affairs, and Linda Strongin, former school board reporter for The Mid Island Herald, while in the last two lower pictures we see a contingent of our fine Hicksville Volunteer Fire Dept and their lovely wives, who are always present at these community awards dinners...In fact they were the first recipients of the Organization of the Year award, 13 years ago.

Representatives of all major community organizations were present as well as individual citizens who are active in the Community Council. As usual, everyone present was introduced...this year by John Budnick, Esq. and Al Peck, both board members of the Council, while Carole Wolf a Council past president read a "Review of the Year Just Past", as is customary at these affairs.

New York State Assemblyman Fr. J. Parola installed the following Hicksville Community Council officers for the coming year: President, Sheila Noeth; First Vice President, Anthony Previte; Second Vice President, Alfred Peck; Honorary Third Vice President Thomas Clark; Secretary, Joan Jones and Treasurer, Eleanor Draycott. Editor's Note: Unfortunately pictures of this installation had not arrived at our office at press time this week.

The program was concluded with a special thank you, to the Council's Dinner Co-chairpersons, Mesdames Virginia Flood and Eleanor Draycott.

## Dear Friends:

On the political scene: US Cong. Mrazek (Dem.) claims that his opponent, Mr. Robert Quinn (Rep) has been canceling out appearances at their previously scheduled debates. Representative Mrazek mentions four consecutive debates when this happened unexpectedly. He feels that both incumbents and their challengers should make themselves as accessible as possible to people from all parts of the district so they can make an informed choice on Election Day. Let's hope that Mr. Quinn, who claims to have had a massive radio ad campaign, will appear at the last three debates scheduled. Six major police and law enforcement organizations are actively supporting the reelection of State Sen. Ralph Marino to his ninth term in the NY State Legislature. Sen. Marino, who has served as Chairman of the Senate Committee on Crime and Correction, and the Select Committee on Crime since 1973 has been a sponsor of scores of laws affecting judicial process, crime penalties, the state's prison system, and county jails.

**Our County's I.D.A.**  
The Nassau County Industrial Development Agency (IDA) had a banner year in 1983. The IDA helps private businesses obtain low-cost financing by issuing tax-free industrial revenue bonds. County Executive Francis Purcell said that the goal of the IDA is to promote the development of economically sound commerce and industry in our County by attracting new business and helping existing businesses expand. The IDA's 1983 report released on Oct. 12 showed that this agency approved the financing of 38 projects last year, which, when completed, will add or retain nearly 11,000 jobs in the county and generate more than \$282 million in payrolls. Great!

**Does Your Vote Count?**  
In 1645 - ONE VOTE gave Oliver Cromwell control of England.  
In 1649 - ONE VOTE causes Charles I of England to be executed.  
In 1776 - ONE VOTE gave America the English language instead of German.  
In 1839 - ONE VOTE elected Marcus Morton as Governor of Massachusetts.  
In 1845 - ONE VOTE brought Texas into the Union.  
In 1868 - ONE VOTE saved President Andrew Johnson from impeachment.  
In 1876 - ONE VOTE gave Rutherford B. Hayes the Presidency of the United States.  
In 1876 - ONE VOTE changed France from a Monarchy to a Republic.  
In 1923 - ONE VOTE gave Adolf Hitler leadership of the Nazi Party.  
We just cannot afford to lose that ONE VOTE - it could be yours.  
(From AFTERBURNER, a USAF news publication for retired personnel.)

THAT'S ALL for this week. Stay well and remember the old saying: "Bad temper hurts at both ends. It makes you as miserable as it does other people." So, come on, smile.

### Special Registration Plates

By popular demand, Long Island motorists will again be able to make immediate reservations for special registration plates during the week of October 22 through October 26, at the State Department of Motor Vehicles' "Drive Your Message Home" display in the lobby of the State Office Building, Veterans Memorial Highway, Hauppauge.

Special registration plates for passenger and commercial vehicles and motorcycles will be assigned on the spot upon request via a special direct computer link with the Albany Central Office. Notification of the fees and procedures involved will then be mailed to the motorists.

## Purcell Urges "Yes" Vote On County Public Utility Agency

County Executive Francis T. Purcell today urged county voters to vote "Yes" to approve a local law creating the Nassau County Public Utility Agency. The local law will appear on the ballot on Election Day, Nov. 6.

The local law, passed on Feb. 27, 1984, by the board of supervisors at Purcell's request, sets up the necessary mechanism for the county to purchase its share of whatever cheap hydroelectric power becomes available next year from the Power Authority of the State of New York (PASNY).

"People in Buffalo, who are customers of the Niagara Mohawk Power Company, pay one of the lowest electric rates in New York State, while we pay one of the highest," Purcell said. "The principal reason for the difference is that water is a lot cheaper than oil."

Purcell said that three upstate utilities - Niagara

Mohawk, New York State Electric and Gas, and Rochester Gas and Electric - which provide electricity to about a third of the state's population, are able to buy cheap hydroelectric power from PASNY. This water power is produced by two large networks of dams, reservoirs and generating plants on the Niagara and St. Lawrence Rivers near the Canadian border, and is supplemented by nuclear power.

On the other hand, Purcell said, LILCO must rely exclusively on much more expensive imported oil.

Purcell said PASNY's contracts with the upstate utilities and 50 municipal utilities, signed decades ago when hydropower was no cheaper than oil, begin expiring next year. He said the PASNY has proposed a plan to redistribute its cheap hydroelectric power more equitably to benefit all the state's residents, but that any county which wants a

share of whatever hydroelectric power becomes available must create a public utility agency to bid on it and buy it. Among the municipal utilities now using PASNY power are Freeport and Rockville Centre.

Purcell said that there are many unanswered questions about how much hydroelectric power will be redistributed, and how much will come to Long Island. He said that these questions must be answered by the state legislature, but that the county must have the agency in place to get its share.

Purcell said the agency will exist only on paper.

"It will be composed of county employees who will receive no extra pay. It will cost the taxpayers nothing. It will not benefit LILCO," Purcell said. "Its sole function will be to buy cheap hydroelectric power from PASNY, rent private utility lines to deliver it, and sell it to LILCO, which might then be able to reduce or stabilize

its electric rates to reflect its cheaper fuel costs."

## Letters To The Editor

**To the Editor:**  
Congratulations to the Hicksville Post Office on their First Annual Safety Fair.

I've lived in Hicksville all my life and can't remember the last time so many people were brought together for such an informative, fun and free day.

The booths, from fingerprinting children to the "Convincer" were all very interesting. The bands and the entertainment were great.

I think their theme of Service with Safety will make us all more aware of our surroundings. The postal workers should be proud of conveying this message to us in such an interesting way.

Sincerely,  
Chris Morris, Hicksville

**Dear Editor:**  
As critical issues come up in the State Assembly this year, it is vital that the person representing the 13th Assembly District be sensitive and sensible about important matters including health, taxes and the quality of life in general.

Ann Gold has demonstrated how well suited she is to represent our interests by

her actions and commitments as a Glen Cove Councilwoman and as director of public affairs for the Nassau County Department of Drug and Alcohol Addiction.

Ann Gold has made a state tax cut for everyone her number one priority. In 1984 with a projected state budget surplus of from \$400 to \$600 million, our current assemblyman voted against a tax cut.

Ann Gold favors raising the minimum drinking age to 21 in the state of New York. Our current assemblyman voted against and helped defeat the bill to raise the drinking age during the last legislative session. Gold has promised to vote for the bill when it is presented in the 1985 legislative session and to help establish treatment programs for those arrested for Driving While Intoxicated to be paid for with money collected from DWI fines.

While her opponent continues to delay the implementation of a resource recovery plant in the Town of Oyster Bay, the City of Glen Cove is the only municipality on Long Island to have an environmentally sound

resource recovery plant operating and producing electricity. The delay in a Town facility can no longer be tolerated; it is driving up costs and prolonging landfill operations. Gold will vote for a resource recovery system that will allow the Town to dispose of its refuse in an environmentally sound manner, as does Glen Cove.

We need a new voice, a new heart and a new but experienced talent tuned into these important issues and ready to work for us. We need ANN GOLD to represent the 13th AD. Vote Row B on Election Day.

Sincerely,  
Joseph P. Stellabotte

## Shepherd Hill Senior News

By Elsie Alman

On Oct. 3rd we seniors were invited to the Octoberfest at the Bavarian Chalet in Sparta, New Jersey; we spent a leisurely afternoon with a delicious lunch in a festive atmosphere created by live music, light opera, yodeling, bellringing and dancing.

Oct. 20th is the great day at Shepherd Hill Club, our Country Fair will be held on this date (Saturday), we will have a variety of handcrafts, homemade cakes, cookies, wearing apparel, and many more items; also refreshments will be available. We

are inviting all residents in Plainview to come and have a good time.

Congratulations to Anne Healy who became a great grandmother with the arrival of Jason Michael Pascale; Gia Tuccio spent a short vacation in Los Angeles and Santa Monica, California; Anna and Frank Aurelio just returned from a three week tour of Europe. Another pair of vacationers, Joe and Frances Agostino and Al and Caroline Ciappa also returned from a stay in Florida.

**HUMANE AWARD WINNER:** The C. Raymond Naramore Humane Award being presented to Sybil Meisel, President of Pioneers for Animal Welfare Soc., (PAWS) Box 861, Hicksville, by Frank M. Rogers, Chairman of the Board, NY State Humane Assoc., on Sept. 21.

This award is presented annually to the "NY State resident who has accomplished something outstanding in the field of animal welfare."

**"Thank you, Senator Dunne...  
My wife and I, both senior citizens, wish to  
express our thanks to you for the excellent work  
you have done for us and for all the other  
seniors." D.J.V.**

To ease the worries of growing older, Senator John Dunne fights for adequate housing and health care, and to lessen financial burdens on senior citizens through responsible tax programs.

This year, Senator Dunne acted successfully to exclude social security benefits from New York personal income taxes, and to end mandatory retirement based on age in most public and private sector jobs.

Senator Dunne was there to fight for the first senior citizen real property tax exemption in 1966, enacted as a means of helping the elderly keep and maintain their property, and has voted for each improvement in that law for the last 18 years.

Today, Senator Dunne is continuing his fight to extend real property tax reductions and credits to even more low income and elderly renters and homeowners.

### SOMETHING TO REMEMBER YOU BY

Soon after you move out of your house, you may find it quite changed. Repainted and refurbished to the new owners' taste, it becomes THEIR house. Little trace may remain of your occupancy.

Yet there's one good-neighbor gesture the new owner is sure to appreciate: the gift of INFORMATION.

Leave a telephone list of good sources in the neighborhood: pharmacies, neighbors, baby sitters, gardeners, handymen.

If you're leaving appliances for the new owners, provide the instruction books and warranties. Leave a maintenance schedule for the water heater, air conditioner, and furnace, plus copies of any service contracts.

Paint samples for walls and woodwork are sure to be appreciated, to touch up any scrapes or nicks that come with moving in.

Are you a gardener? Leave notes on plantings, so the new owners will know weeds from wildflowers. Indicate where and when perennials will come up. You'll be remembered kindly.

You'll remember US kindly, too, for our expert help in selling your house. You can depend on the professionals when you list at:

## Seldin Speaks At Trinity Lutheran's Forever Fifty-Five Club

Abe Seldin, Chairman of the Nassau County Board of Assessors, was the guest speaker at last week's meeting of the Forever Fifty-Five Club at Trinity Lutheran Church in Hicksville.

Seldin spoke about how property is assessed in Nassau County and recent changes in state laws governing assessment, with particular emphasis on the senior citizens' property tax

exemption. He's shown explaining a property record card like the one on file for every parcel of property in Nassau County to the group's coordinators (left to right): Bob and Flo Kristensen and Walter Rehauser, all of Hicksville; and Trinity Lutheran's Deaconess Kay Johnson.

Reservations for speaking dates are now being accepted. Program chairpersons or presidents of service

clubs, civic associations and other community-based organizations who wish to arrange a free program on assessment should call (516) 535-2490 or write the

Speakers' Bureau, Nassau County Department of Assessment, 240 Old Country Road, Mineola, New York 11501 at least one month prior to the planned meeting date.

## Hicksville Republican Club News

By Alex Pankoff

Election 1984 is less than three weeks away. This is the "big one"...the re-election of the Reagan-Bush team and the re-election and election of Republican Congressmen and Senators as well as State Assemblymen and Senators. Our Club is devoted to the Republican programs and ideals. This is our busy time.

Just a little reminiscing over the last four years. The Reagan-Bush team faced staggering problems in Jan. 1981, after taking over from Carter-Mondale. 20% interest rates, rampant inflation, exorbitant taxes, social security on the verge of bankruptcy, a foreign policy that defies description and armed forces with the lowest morale in history, since the CIC was running out of checks to turn. Just think back.

NOW, all of the above are turned around. Interest rates have dropped, inflation has been curbed, business is improving, unemployment has dropped and taxes were cut. We have seen in the last four years, a president who has raised this country from an economic trash heap and military weakness by implementing an economic recovery unmatched by anyone in many a decade. All this in spite of a democratic-liberal controlled House of Representatives! Naturally he could not accomplish all that is needed for a complete recovery in one term. Also, he needs those who

believe in economic recovery and less taxes in the Senate and the Assembly, so our votes are needed there too. We believe that there has never been such a clear choice on all levels...that is, if we are to complete the plan for our country's economic recovery. The alternative is higher taxes as the democratic candidates have already admitted their plans will accomplish...and, of course, a return to their old-time high inflation which caused so much of the problems and high unemployment during their years of so-called leadership.

The dailies are full of a variety of statements, editorials and columns dealing mostly with utter nonsense and gutter smears. When somebody can turn chaos into a working, unified, democracy and does most of it in one term, he certainly deserves another four years to complete our country's financial recovery and its re-emergence into the true leadership role it should hold in the world of tomorrow.

Don't look backward and repeat past mistakes. Go forward and let's work together to complete plans for a better economy and a strong nation. Re-elect the Reagan-Bush team all the way.  
Vote Republican!!

## Hicksville Shamrocks Beat Auburndale 3-1 In Soccer At Cantiague

By Karen Blicher

The Hicksville Shamrocks 1974 boys traveling team, led by the surehanded goaltending of Brian Pine, defeated the Auburndale Trojans at Cantiague Park Saturday 3-1. It marked the fifth straight win for Hicksville. With ever-shifting winds and the advantage taken away often, the offense was explosive nevertheless. Goals were scored by Mat-

thew Pordum unassisted. Jared Jacobs on a Gregg Furst assist, and Eric Blicher assisted by Todd Meringoff. The Shamrocks demonstrated a super defense effort, constantly supporting each other and repelling any attack that Auburndale tried to mount. The team members are: Chris Doyle, Matt Pordum, Brian Pine, Todd Meringoff, David Lovato, Ted Knoop, Jason Kingsley, Eddie Jacobsen.

Jared Jacobs, Brian Harkins, Gregg Grasso, Gregg Furst, Joe Flanagan and Eric Blicher...great soccer players, all!

Once again, thanks to coach John Flanagan and assistants Pete Knoop and Pat Harkins for amassing this group of "winners"

welcome to attend. Register in Family Center.

### SPECIAL CRAFT PROGRAM - HALLOWEEN FOR FUN WITH FOIL

A special craft program "Halloween Fun With Foil" will be held at the Plainview-Old Bethpage Public Library on Saturday, October 27th, from 2:00 - 3:00 p.m., for Grades K-6. Craft specialist, Jack Lerner, will teach your children to make Halloween creatures out of brightly colored foil. They will leave with an armful of artistic handiwork to decorate their rooms for the holiday. Register in Family Center.

## Something To Think About

BILL WAGNER DIRECTOR

### CHOICE OF BURIAL VAULT

There are two broad uses for the term "burial vault." One refers to the above-ground, mausoleum-type vaults, and the other refers to the more commonly used underground, single-casket boxes which have become quite popular lately.

These single-casket boxes are made of reinforced concrete, fiberglass, stainless steel, or other mixtures of materials. The base of the vault is placed in the grave before the casket is lowered, after which the top of the vault is placed on, and sealed if it is a "sealer" type.

One purpose of the vault is to protect the casket from

the elements. This is not as frivolous as it may sound. When a casket begins to decay, in the normal course of events, the ground begins to sink in above it. Use of a vault keeps the ground level and the burial site far more neat and attractive. For this reason, many cemeteries now require a burial vault; other simply recommend it.

## COURAGE

**COURAGE!** We all need courage. Courage to face today and live it fully. Courage to dare to step into our tomorrows! Some of us need courage even to do a very natural thing like grow old. A positive thinking Chinese man who had been among the most aged in his community was asked how he felt about his advanced age. His answer was, "I at full bloom." He had courage to face tomorrow with a positive attitude.

Often people live life by chance rather than by courage. They are like the man who woke on the third day of the third month, to see the thermometer at 33°. The front page story in the newspaper told of three people who applied for major national positions, all succeeded. Suddenly he realized that three must be the magic number for the day. Quickly he went to the race-track with all the money he had in the world. He arrived just in time for the third race. He placed all his money on the horse named "Three" to win. The horse came in third.

There is a better approach to life and the future... it is the courage to seek to interlace our lives with the will of God. Saint Paul appeals to us to have the courage to present our lives as a living sacrifice to God, holy and acceptable. In other words, we cease to live for ourselves and have the courage to live for him. We are to die to ourselves and to come alive in our relationship to him. We need to sacrifice our will to his will. We need the courage to rededicate ourselves to him without reserve.

In order to move toward God we need to move away from the lure of the world... "Do not be conformed to the

world..." The world tells us that abortion on demand is okay now, that living together before marriage is not so bad, that virginity is old fashioned, that getting high is the in thing to do. Rather than conform to the world Saint Paul calls upon us to allow the Spirit of God to transform us into a courageous people who seek to discover God's will and then to follow it.

We need to be transformed with the courage to decide to be at worship every weekend... be transformed with the courage today to make a sacrificial offering of our money to the Lord... be transformed with courage to get into the discipline of bible study and regular prayer... be transformed with courage to get involved in answering God's call to make a difference by becoming active in a ministry in the church or the community.

In 1921, Lewis Lawes became warden at Sing Sing Prison. No prison was tougher during that time. But when Warden Lawes retired twenty some years later, that prison had become a humanitarian institution. When asked about the transformation, he said: "I owe it all to my wonderful wife, Catherine..." Catherine had determined that she and her husband were going to take care of these men. She insisted on getting acquainted with the records of the men. One day she stepped into the cold cell and sat down next to a convicted blind man. Holding his hand in hers she warmly said, "Do you read braille?" "What's braille?" he asked. After explaining she proceeded to teach that blind killer how to read braille. Later she went to school to learn sign language so she could teach a deaf mute how

to communicate. Many said that Catherine was the body of Christ that came alive again at Sing Sing prison.

One evening the car in which she was riding went out of control and she was killed. Upon hearing this a large crowd of the toughest, hardest looking criminals gathered at the main gate. They were not there to incite a riot but were filled with grief and sadness. The acting warden, knowing how much they loved and admired Catherine, released them so they could pay their respects to her. More than 100 criminals walked, without a guard, three-quarters of a mile and returned to check in that night. Everyone! It's amazing what one life can do when it has the Spirit of Christ within.

A transformed life begins one step at a time. What steps are you going to take towards God today? Regular worship? Tithing? Joining a Bible study? Becoming reconciled with a neighbor? God grant you courage my brothers... God grant you courage my sisters... to take a step.

## Purcell Urges (Continued from Page 4)

Purcell said the local law appears at the top of the ballot alongside two state propositions. "A 'Yes' vote means that Nassau County will be able to get its share of cheap

hydroelectric power for our homeowners and tenants," Purcell said. "A 'No' vote means that Nassau County will not even be able to bid for its share. Our share will go somewhere else."

## Public Announcement

Hicksville Union Free School District today announced a free price meal policy (free milk) for Woodland Avenue Elementary School, Junior High and Senior High children. Local school officials have adopted the following family eligibility criteria to assist them in determining eligibility.

### INCOME ELIGIBILITY GUIDELINES FOR FREE MILK AND LUNCH

(Effective from July 1, 1984 to June 30, 1985)

Family Size	Yearly	Monthly	Weekly
One	\$ 6,474	\$ 540	\$125
Two	8,736	728	168
Three	10,998	917	212
Four	13,260	1,105	255
Five	15,522	1,294	299
Six	17,784	1,482	342
Seven	20,046	1,671	386
Eight	22,308	1,859	429
For each additional family member add	+ 2,262	+ 189	+ 44

Families with incomes at or below the amount of money listed above for their family size may be eligible for and are urged to apply for free milk and lunch. They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year to the Building Principal. If a family member becomes unemployed, if the family size decreases, or if your family income increased by more than \$50.00 per month or \$600.00 per year the family must contact the school to file a new application. The form requests information needed to determine economic need based on the income and the number of persons in the family. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

The school district, does, however, have the right to verify at any time during the school year the information on the application. If a parent does not give the school this information, the child (children) will no longer be able to receive free milk and lunch.

In certain cases foster children are also eligible for these benefits. A family may wish to apply for milk and lunch for them and should contact the school.

Under the provisions of the policy the designated official will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the designated official, he/she may make a request either orally or in writing for a hearing to appeal the decision. Director of Special Education and Pupil Personnel Services whose address is Division Avenue at 6th Street, Hicksville, NY 11801 has been designated as the Hearing Official. Hearing procedures are outlined in the policy. However, prior to initiating the hearing
