Aux. Police Receive Presidential Commendation

The Chief of the Nassau County Auxiliary Police, Hicksville Unit 312, Thomas Schneider, was honored to receive a Presidential Commendation on behalf of his unit. Chief Schneider was presented the award by Nassau County Police Deputy Inspector John Blankenhorn at a recent headquarters meeting. The award was presented as a "Private Sector Initiative Commendation in Recognition of Exemplary Community Service". Chief Schneider stated that he and the men and women of Auxiliary Police Unit 312 felt very honored to be recognized as a volunteer organization serving the community of Hicksville.

Schneider remarked that it is not very often that the Auxiliary Police are recognized for their community service. He said that due to the fact that they wear the same uniform as a Nassau County Police Officer, except for their arm patch which is triangular in shape, the people in the community usually do not realize when it was an Auxiliary that was directing traffic during a parade, assisting at a traffic accident, crossing them at a place of worship, or assisting a disabled motorist. Chief Schneider stated that these are only a few of the many functions of the Auxiliary Police which

also include neighborhood patrols utilizing the units two marked patrol cars that are equipped with a direct radio link with the regular police.

At this time the Chief of Hicksville Auxiliary Police Unit 312 would like to remind the residents and businesses of Hicksville that you are the ones that make it possible for us to assist you by continuing to support our annual fund drive which will be mailed out to all businesses and residences in Hicksville within the next week. Your tax deductible contributions are utilized for the purchasing of patrol cars, insurance, maintenance, and equipping the patrol cars with the modern equipment used to serve your needs. Chief Schneider also stated that the volunteer Auxiliary Police are currently accepting applications for membership. If you are interested in aiding the community in this unique form of service, have a clean record, in good health, and able to attend training classes at Mineola Police Headquarters, to contact his unit at 422-2309 or Auxiliary Police Headquarters in Mineola at 535-7521, or by returning your name, address, and telephone number in the envelope provided with their annual fund drive.

Galileo Lodge News

By Joe Lorenzo

PRESIDENT PETE MASSIELLO'S MESSAGE: "A person is not old until regrets take the place of dreams." Old Saying

Soon little children will start to hear the sounds of jingle bells in the distance, even envisioning the sight of Santa Claus as he guides his open sleigh and prancing reindeer from rooftop to rooftop. And very soon this atmosphere will be created at the Galileo Lodge on Sun-

day, the 16th of December, for that is the time when it presents its two Christmas parties, one for the retarded children of Queens and Long Island and the other one for the children of its membership and the Ladies Auxiliary. The Galileo Lodge gladly assumes financial responsibility for these parties, but it is also receiving contributions from everyone concerned with the joy and pleasure of little children during Christmas

time. All contributions from outside sources, such as businesses, firms, organizations and stores, etc., will be taken care of by Jim Ingino and he can be reached at 681-3153 and 931-9351. All contributions from the membership should contact President Pete Massiello at 931-9351 and 938-4335. An Executive Committee has been appointed to coordinate and administer the affairs of these parties, and the members are: Joe Gior-

dano, Carmine Monteforte, Armand Del Cioppo, Joe Lo Presti, Rocco Lombardo, Jim Posillico, Pat Gatto and Dom Valente. As in keeping with traditions of the past, every member of the Galileo Lodge and the Ladies Auxiliary is expected to offer graciously his or her time and effort for these children, especially the handicapped.

The party for the handicapped children starts at 1:30 a.m. and the party for

the children of the membership starts at 3:00 p.m. All children will receive a gift from Santa Claus. So remember, please, that if we firmly believe that it is better to give than to receive, the time to do it is now.

As we have often stated, adults as well as children enjoy the spirit and joy of Christmas, although not deeply imbedded in the fairy-tale and folklore magic

Hicksville residents attending the Barry Manilow concert at Radio City Music Hall earlier in November would have seen some familiar faces among the back-up singers during the finale. The Hicksville 1st High School Madrigal Singers joined youngsters from Garden City High School to perform as the chorus accompanying Mr. Manilow in his hit single "One Voice."

"It was a great opportunity for our singers," said Madrigal Singers director Charles Arnold. "They acquitted themselves most professionally, and Hicksville should be very proud."

The Madrigal Singers shown here in rehearsal with Mr. Arnold are (left to right) Lisa Dahse, Joe DeNicola, Lora Cusumano, Bob Senn, Tricia Losciale, Robert Hawhurst, Linda Strack, James Anglin, Dana Tarone, Sue Clancy, Joseph Zeoli, and Tina Sachs. Frank Walker, not pictured here, is also a member of the group.

by at fire headquarters and responded to a false fire alarm.

Public Places Must Be Safe Places

by TOB Supervisor Joseph Colby

It used to be that the day after Thanksgiving marked the onslaught of holiday advertising and gaily decorated stores. Then businesses began gearing up before Thanksgiving by putting their best goods forward. Now, even before November 1st, we see visual signs that prod us to begin thinking of the coming holidays.

The festive spirit also encourages us to take advantage of holiday concerts and shows and to dine out more frequently.

The Town of Oyster Bay's Department of Planning

and Development is very aware that at this time of

year all places of public assembly -- restaurants, stores, theatres, etc., are used more heavily than any other time. That makes any tragedy that might possibly occur at such a place that much more devastating.

For that reason the inspectors working for Planning and Development have begun a series of special night-time visits to insure that all necessary safety rules and regulations are being complied with. They are checking for faulty

lighting, exit doors blocked or not conspicuously marked, occupancy in excess of the posted maximum number and any other violations which might lead to a potentially dangerous situation.

Prior to the spot checks being conducted by the inspectors, letters were sent to owners and operators of facilities in the Town who hold public assembly licenses to alert them of the upcoming inspections. The letters contained information as to the general time frame of the inspections and excerpts of the local law to

indicate what the inspectors will be looking for during their visit.

Because of the advance notice given it is obvious that we don't want to harass business owners. But, we do want to make them aware of the safety rules and regulations in an effort to avoid potential tragedy.

In the Town of Oyster Bay we'll do our best to keep stores, restaurants and other places of public assembly aware that an "ounce of prevention is worth a pound of cure." We hope that you, as individuals, will remember this too.

Parola Objects To Higher Phone Rates

In a letter to New York State Public Service Commission Chairman Paul Gioia, Assemblyman Frederick E. Parola (R-C, Wantagh) today charged the New York Telephone Company with unconscionable profit gouging following the company's proposal of a \$775 million rate hike.

Parola accused the company of using deregulation

as an excuse to charge local consumers higher rates.

Referring to the phone company's claim that it had to increase local rates because it no longer received a subsidy from profits made on long distance services, the assemblyman said, "I was under the impression that this past year's \$342.9 million rate increase was

made to solve that problem. Now, New York Telephone seems to be suggesting that the problem is permanent and that their rates will keep on going up and up.

"The latest request adds insult to injury to low and middle income residents who possibly face a \$75 charge for a residential phone hook-up next year, and when each month's tele-

phone bill brings a 'wire investment charge' equal to the cost of that wire on the open market," he continued.

"The state Public Service Commission must not approve any part of this rate increase. Adding to the oppressive utility burden Nassau County residents already pay cannot be tolerated," Parola concluded.

School Board Votes On Teacher Negotiations

The Hicksville Board of Education tackled one of the hottest agendas in recent months at the November 28 meeting. Heading the action section was the Fact-Finders' Report regarding the current negotiations with the HCT. The Board voted unanimously to accept the report.

The Board went on to accept a policy exhibit the evaluation instrument for the Superintendent, and they adopted revised policies on field trips and diploma requirements.

Financial matters dominated much of the rest of the agenda as the Board voted to change the district's Pupil Accident Insurance Coverage and place it with J.J. Newman and Company. This will represent a substantial savings for the district, eliminating a \$250.00 per accident deductible while receiving 100% coverage for accident claims. Authorization was also granted for a contract with consultants to prepare specifications and to advise on the placement of insurance programs in the areas of general liability coverage and fringe benefits. The estimated cost of this Insurance Program Review is \$6,000.00. The Board then authorized the establishment of a reserve fund for insurance deductibles in the amount of \$12,500.00 for 1985-86 to be replenished in succeeding years for losses paid from the fund.

In further actions, the Board received the First Quarterly Financial Report for the current school year and accepted the report of budget transfers made from July 1 through September 30 in the amount of \$106,882.13. A change order modifying materials for roofing materials was also approved.

Bids were awarded for audiovisual supplies in the amount of \$8,099.22, photocopy equipment (\$2,950.00), physical education equipment (\$14,223.02), and industrial arts and woodworking supplies (\$5,287.95). The total bid award was \$30,560.19. Claims and warrants in the amount of \$15,567,314.33 were also approved.

The Board of Education approved a course of study for the Junior and Senior High Schools for the coming school year. Changes in the curriculum include:

JHS -
Delete Personal Typing and replace it with Keyboarding.
Add Fundamentals of Life Science for seventh graders.

Over 800 people gathered at the Narragansett Inn to honor and celebrate the retirement of Anthony M. Murello, Hicksville Sectional Center Manager/Postmaster.

It was a night of toasting in tribute to Postmaster Murello. Colonel Donald Gardner, Director 1st Marine District said, "If Mr. Murello had stayed in the Marine Corps and were retiring 38 years later, there is every chance he would have been Commandant of the Marines. We will all miss you. You have been a tremendous supporter of the Corps."

Peter Goodwin, Manager for the Long Island Postal District, read a letter from Postmaster General William Bolger commending Mr. Murello on his contributions to the Hicksville community and to a better Postal Service system for the American people.

Postmaster Murello and his wife Lillian also received gifts from the Nassau and Suffolk County Postmasters Association and the Greater Long Island Postal Customer Council.

The highlight from everyone was a two-week vacation to Italy!

Prelude To Turkey Day

Fork Lane's Kindergarten Kids are always on the go. Last month, they toured a pumpkin farm and enjoyed a hayride. Recently, they had an even better treat!

Mrs. Grumo's kindergarten class issued an invitation to Mrs. Davan's Fork Laners to join the former for a Burns Ave. feast for Thanksgiving. Miss Callahan's class at Woodland Ave. School was also invited to join the festivities. When the big day arrived, Fork Lane kindergartners, dressed as pilgrims, boarded their "Mayflower" bus for their trip to Burns Ave. They baked cranberry muffins as their Thanksgiving offering to bring on the journey.

When they arrived at their destination, they saw that the tables at Burns Ave.'s all-purpose room were laden with bagels, cheese, mountains of fresh fruit, apple juice ... and cupcakes reserved for dessert. In addition to Fork Lane's muffins, Woodland Ave. youngsters brought cakes and a big card designed for the event.

Burns Ave. youngsters entertained their guests with several Thanksgiving-oriented songs. Then, Fork Lane pilgrims and Woodland and Burns Indians sat down and devoured the feast in no time at all!

Fork Lane principal, Richard Jennett, as well as Drs. Burke and Clancy from Burns Ave. and Woodland Ave. respectively, delighted in the program, as did

Oh, what a groaning table! Kindergartners prepare to enjoy meal while in the lower picture, Fork Lane and Woodland schools were treated to Burns Ave. kindergartners singing "Ten Little Indians."

Indian Mission Night At Holy Family School

On Monday, November 19th the students of Holy Family School, using the warmth and spirit of Indian dance and song, staged their 12th Annual Indian Mission Night before a packed audience of over 600. More than 200 children, proud of their rich and varied heritage, dressed up in Indian outfits and performed various

Indian dances as a speaker explained the symbolism behind the rituals.

During "The Hunt" it was pointed out that the Liqueurs killed only those animals that satisfied his people's needs for food and clothing - and that he was a true ecologist because he respected the gift of nature and knew that his very survival

Among those who dressed up as Indians were brother and sister Bobby and Katie Campbell.

depended on his use of these gifts.

The seventh grade students, dressed as Indians and proudly displaying American flags, exclaimed "This land is your land, this land is my land" in the song finale.

The first graders especially enjoyed dressing up and acting like Indians. They performed "10 Little Indians."

After the show refreshments were served, and a multitude of donated handmade and assorted gift

Holy Family Edges Our Lady Of Mercy In OT

Holy Family rallied from a nine-point deficit in the fourth period last Sunday to edge Our Lady of Mercy, 38-36, in overtime in a battle of crosstown seventh grade CYO basketball teams.

Trailing 30-21 early in the final period, Coach Joe Trapp's Falcons went on a 13-4 spurt to tie the score.

34-34, at the end of regulation play. Chris McCarthy and Dave Cohen each had four points in the spurt.

Holy Family pulled it out in overtime as Cohen, who was high scorer with 12 points, and Brian Hirtzel each converted two foul shots. Hirtzel's pair of free throws gave the Falcons a

38-34 lead with 15 seconds remaining.

Both teams battled on even terms in the first half and played to an 18-18 tie. Holy Family was able to stay in the game during the first half mainly on the scoring and rebounding of Dave Melendez. Melendez tossed in eight of his 11 points, and Brian Cohen and Hirtzel

chipped in with four apiece. Members of this year's Holy Family team are Joe Savarese, Tom Harris, Dave Melendez, Brian Cohen, Chris McCarthy, Dave Cohen, Brian Hirtzel, Shannon Knoop, Pat Hinphy, James Muller.

School Board Votes On Teacher Negotiations

(Continued from Page 5)

Add Independent Study in Art and in Music.
Add Photography II.
Delete Physical Science.
Add a requirement for lab work in all levels of science classes.

Delete Special Sequential Math II and Math XI (there are no longer students eligible under the new math structure).
Delete Contemporary Issues.

The Senior High English curriculum will provide for a study of literary genres in the sophomore year, American literature in the junior year, and British literature for seniors and Regents classes. The Film Studies course has been eliminated, and a number of media electives have been combined into one course, Media Writing.

In another action, the Board granted equivalency of instruction for the Carousel Day School's Kindergarten and first grade programs.

Following the personnel segment, the Board closed the action section by approving a list of parents and a school psychologist serving as members of the Committee on the Handicapped for the current school year and recommendations of the Committee generated at the meetings of October 24, October 31, November 7, and November 14 were accepted.

Congratulations are in order for three staff members granted tenure. They are Nancy Hertel, SHS special education teacher; Anthony Johnson, CMC coordinator; and Lois Kent, music teacher at Old Country Road and Woodland Avenue Schools.

Kathleen Callahan was appointed Kindergarten teacher at Burns and Woodland, and Dorothy Cohen was appointed JHS social studies teacher. She will replace Mrs. Alekna who has retired. The Board also approved changes and

Indian Mission (Continued from Page 6)

items were raffled off for the benefit of St. Paul's Mission in Montana, which is run by Holy Family's Community of the Dominican Sisters of Sparkhill.

A special thank you was

made to Sr. Pat Saunders and to Sr. Joan O'Connor and to all of the others who helped make this the biggest and most successful Indian Mission Night at Holy Family.

additions in schedules of extra-curricular activities supervisors at the Junior and Senior High Schools as well as schedules of winter interscholastic and intramural assignments.

The retirement of Tadeusz Kolodziejczyk, head painter, known to all as "Teddy," was accepted by the Board. Teddy has served the district for 25 years.

Edith Allen and Joan Lane were accepted as media aides at the Junior High and Old Country Road respectively. Rita DiBenedetto and Constance Accardo were appointed school monitors at Old Country and Lee Avenue, and Antonio Montaperto was appointed maintainer. Howard Zimmerman will replace Felix Scoroposki as messenger in the Building and Grounds Department, and Phyllis Goodstein has been appointed administrative assistant in the Business Office. Mary Ann DeBenedetto has been appointed as a teacher aide in the Junior High School.

The Superintendent's Report to the Board included a review of the district's results on the Iowa Test of Basic Skills presented by Director of Instruction Dr. Barnes. He referred to the statistical summaries which showed steady and increasing academic growth both from year to year and over a five-year span. In almost all instances, students gained more than a year of growth over a one-year period. The next step in the evaluation of the figures will be a breakdown of individual skill areas within the disciplines in an effort to improve further on the educational program.

Dr. Fenton then explained the implications of the new uniform fire codes. The state will issue annual certificates of occupancy for buildings in compliance with the codes. An impartial staff-certified inspector must be paid by the dis-

trict to make the report leading to the granting of a certificate. The Nassau County fire commissioner has agreed to do a preliminary survey to determine how prepared the district is for the coming inspection. The Superintendent closed her report with a description of secondary master schedules and their use.

The meeting closed with a review of a series of policies proposed for future action.

The Long-Range Planning consultants will present their report to the Board on December 5 at the regular meeting of the committee. This is a first phase in constructing a plan and all interested staff members and community residents are encouraged to attend. The District Facilities/Community Affairs and Curriculum Committee meetings are cancelled for that evening. The Curriculum Committee will meet on December 12, and the Policy and Legislative Committee have been cancelled.

Parents from the Dutch Lane area brought concerns to the Board regarding the request of the fire department to purchase school district land for a proposed substation. The Dutch Lane site was one of several under consideration by the fire department, but the Board has received no specific requests or proposals. Residents were assured that the district had no plans to sell land, and that by law any sale would be subject to a referendum for district voters for their approval.

The next regular business meeting of the Board will be held on December 19 at 8:15 p.m. in the conference room of the Administration Building on Division Avenue.

Cocktail Party

The Tikvah Chapter of Hadassah is having its annual "Big Gifts" cocktail party in support of Hadassah Medical Organization on Sunday, December 9, from 2:30 p.m. to 5:00 p.m.

The guest speaker will be the very distinguished Mrs. Ruth Kaslove, a member of The National Board of Hadassah.

"This promises to be a most rewarding afternoon. Please call (516) 692-8409 or (516) 692-7824 more information and reservations. Everyone is welcome," a spokesperson explained.

How To Select A Computer For Purchase

IBM? A business machine, with a good reputation -- but it's too complicated for me. ATARI? All they make is games, right? COMMODORE? read a good review of it, but I don't know that much.

"I don't know", "I don't know" is the first words indicating a possible mistake in computer purchasing. But, "I don't know" can also be a question that leads people to discover which computer is right for them. If "I don't know" are your words, **How To Select a Computer for Purchase** is a library program you must attend.

How To Select a Computer for Purchase is a lecture presented by Gene Pizzola at the Plainview - Old Bethpage Library on **WEDNESDAY, DECEMBER 5**, from 8 - 10 pm. Although it is free, each participant must register in the library's AV Center prior to the date.

Gene Pizzola has given this lecture before and will be able to help you decide which computer is right for you. He has been teaching computer courses to adults and to children for several years.

This program can help you decide on a perfect holiday gift.

DONNA VILLAZON, daughter of Westley and Helen Villazon of Hicksville, has completed requirements for Girl Scout's highest award, the Girl Scout Gold Award. A 1984 graduate of Hicksville High School, she is a former member of Senior Troop #3017. The announcement was made by Marianne Templeton, President of the Nassau Council of Girl Scouts, Inc.

The Girl Scout Gold Award recognizes a Senior Girl Scout's commitment to excellence as she develops skills and values to meet present and future challenges of her life. To earn the award, Ms. Villazon had to design and carry out a plan of activities covering community service, career exploration, specialized interest projects and leadership skills.

To complete requirements for volunteer community service, Ms. Villazon established an "Adopt a Grandparent" program. After two years of writing to and visiting a nursing home resident, she expanded the project to link up members of the National Honor Society at the high school with local shut-ins. She contacted houses of worship for names of shut-ins and arranged to have the Honor Society and a church group continue the project after she graduated from high school.

George Mais of Levittown, Leader of Troop #3017, guided Ms. Villazon in her pursuit of the Gold Award.
