Hicksville M.D. Suffers Serious Burns

Hicksville doctor Walter Stillger, 64, a long time physician in the local area suffered 3rd degree burns to 35% of his upper body in an accident in his office at 150 Park Ave., Hicksville, on Jan. 22nd.

Rescue personnel were called to the scene at 6:21 P.M. Dr. Stillger, apparently after completing a task in his office, lit up a cigarette. Vapors of an unknown type, apparently were trapped in his clothing and burst into flame. His wife, Monique, an

office assistant to him, was injured as she beat the flames out. She suffered 2nd degree burns to both hands.

The Nassau County Police Dept. provided an escort and other units blocked off key intersections enroute.

Both victims were rushed to Nassau County Medical Center's Burn Center via Fire Dept. ambulances.

Fire officials are investigating the cause of the accident. The doctors office was not damaged.

"Variety 85"

"Variety '85," The annual variety show presented by the Hicksville High School Drama club will be presented on February 9 at 8 P.M. in the Hicksville High School auditorium.

"Variety '85" will feature student acts selected to appear through auditions by Directors Gus Patsis and Charles Arnold.

Two major changes in this program have also been announced. "Variety '85" will only be presented for one performance rather than the usual three evenings. A second major change

is that all seats for this show will be reserved. Ticket prices are four and three dollars depending upon location of seating. Tickets are now on sale daily in the Fine Arts Office, which is located in room 211 of the Senior High School, between the hours of 7:30 and 11:00 A.M. The box office on the night of the performance will be open at 6:00 P.M.

Commenting on the reason for these two major changes William Gagnon, Supervisor of Fine Arts, stated that "There is a need to increase the size of

audiences for drama events at the Senior High School. It is discouraging for performers to appear before small houses on three evenings. It is more rewarding to perform for one large house on any given evening.

"When the audiences begin to grow and the need for more performances are obvious, we will increase the number of production nights. Hopefully, that will be very soon. The quality of the work of our students is excellent and deserves better school and community support. It is my intention to

provide better information of what is taking place so that those who are looking for an evening of fine live entertainment will take full advantage of our Fine Arts offerings in all of Hicksville's Public Schools." He went on to urge those planning to attend to purchase their tickets early. "Reserved seating," Gagnon continued, "allows greater flexibility on the part of the ticket holder by insuring a good seat without arriving very early."

Further information may be obtained from the Fine Arts Office at 933-6627.

Independent Art Society

At the Independent Art Society meeting on Monday, February 4, at 7:30 PM in the Hicksville Library, 169 Jerusalem Avenue, Mr. Steve Fried of Hicksville's "Framemakers" will share his expertise in matting and framing art works. Proper presentation can make all the difference.

"Come and hear his professional advice and join us for home made refreshments," a spokesperson for

the Society urged.

"At the same time take advantage of our early-bird membership offer to be eligible for the '85 Membership Show, March 3-15. The modest seven dollar fee will carry through April 1986 bringing artists newsletters covering monthly demonstrations and local exhibition opportunities including our Annual Juried and March Membership Shows," she concluded.

Hicksville Lions President Bill Ramsey, Sandy Seltzer from H.A.D. and Lion Anthony Sparaco discuss the program at a recent Hicksville Lions Club meeting.

Sandy Seltzer from H.A.D. spoke to the Lions Club about how a blind person can remain active as both a Mother and Career Woman. She is a remarkable person that gave the Hicksville Lions an interesting and candid presentation on problems she has overcome with a refreshing outlook on life. She was an inspiration to all of us, especially since blindness is of major concern to the Lions organization.

Redeemer Lutheran Church Hosts Ecumenical Service

On Sunday evening, January 20, an Ecumenical Worship Service was held at Redeemer Lutheran Church at 17 New South Road in Hicksville. Participating were clergy, choirs and members from The Church of Christ Trinity Evangelical Lutheran Church, Parkway Community Church, The United Methodist Church and Holy Trinity Episcopal Church. Organists participating were redeemer's organist and choir director, Carol Dort, and Frank Croscio, the organist from St. Ignatius Church in Hicksville. The musical offerings were beautiful and inspiring. A meditation was given by the Rev. Domenic Ciannella, the rector of Holy

Trinity Episcopal Church. The Rev. MacDonald, Goodlet, Schmetzer and Grant participated with prayers and scripture readings.

In the spirit of the occasion, the offerings taken were donated to Hicksville I.N.N. (Interfaith Nutritional Network). Holy Trinity Episcopal Church has offered their facilities for the establishment of a Soup Kitchen in our community. This worthwhile project is endorsed by most of the congregations in this general area, and the response from compassionate people has been heart-warming. At a meeting on January 21, held at redeemer Lutheran Church, attendance was

excellent, and committees are being formed to move toward an opening date some time in March, at which time a hot luncheon will probably be supplied on weekdays to needy and hungry people, along with a bag-type meal that will be given to each person in need. Donations of time, talent and money are needed. If you feel that you can spare anything to this worthwhile

endeavor, please call Pastor Grant at 938-8693, pastor Krahn at 931-2225, Art Schmaal, 433-3218 or Effie Krogmann at 367-4835.

The next planning meeting is scheduled for February 11 at 11:30. Anyone interested in attending is most welcome. Come to Redeemer Lutheran Church at 17 New South Road, Hicksville and help feed our hungry brethren.

Surplus Cheese Available

Once again, the Hicksville Kiwanis Club will be distributing government surplus cheese on Saturday, February 2, 1985 to those residents who are entitled to receive this cheese.

If your personal circumstances are such that you are eligible to receive government surplus cheese, bring your identification with you. The Kiwanis Club members assisting with this distribution will have the necessary forms for you to fill out and sign.

The distribution is scheduled to be made at the premises of MR. ELECTRIC SERVICE CO., INC., 420 South Broadway, Hicksville, between 9:30 am and Noon, unless the cheese runs out earlier.

The Hicksville Kiwanis Club is pleased to be able to provide this service to the residents of the community who can benefit from this distribution.

Galileo Lodge News

PRESIDENT PÈTE MASIELLO'S MESSAGE: TO ALL MEMBERS OF THE GALILEO LODGE I DIRECT THE FOLLOWING MESSAGE:

On behalf of the Association for the Help of Retarded Children, the St. Bernard's Special Education for Young Adults, all the children, the Galileo Galilei Lodge and especially the committee, may we express our sincere thanks for your generous support of our December 16 Parties of 1984.

Your solicitations, contributions, support and labor made these parties a

tremendous success. If the success of our parties could be measured by the happy faces of the children as they danced and sang, as they were entertained and fed and were showered with gifts from Santa Claus, then we must conclude that our parties were a success beyond our fondest hopes.

Again we say to each supporter, contributor and worker: Thank you and God Bless You. Next year, with your help and cooperation, our children's parties will be bigger and better.

Fraternally,
Peter T. Masiello,
President of Galileo

Two of the nicest thoughts in human makeup are love and romance. Love and romance are synonymous with Valentine's Day, and the heart is symbolic of it. Valentine's Day has a special meaning at the Galileo Lodge also, and that meaning is evidenced by the fact that the Galileo Lodge will hold its Valentine's Day Dance on Saturday, the 16th of February. Tickets are now available and they sell at \$12.50 per person, and in the offering will be a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups and music for your dancing and listen-

ing pleasure. Skip Monteforte will 'chair' this activity, ably assisted by Armand Del Cioppo, Joe Morace and Frank Matassa and who will also be selling tickets. Call them at 931-9351. Please note that a 'bring-your-own-liquor' policy will be in effect that night. Two more pleasurable happenings will embellish this dance, and they are that Mr. and Mrs. Jim Ingino of our Lodge will be designated as 'Valentine's Day Sweethearts' and that Jim Ingino of our Lodge will be the member who is to be honored that night. Quite an accomplishment for this delightful couple. The limit for this dance will be 250 people, and since this dance will be an early sell-out, it is suggested that you purchase your tickets as early as possible.

Testimony Urges Hospital Expansion

At a public hearing in Mineola, the Nassau County Board of Supervisors heard testimony concerning the merits of a proposed \$3 million expansion of the emergency room facilities of the Nassau County Medical Center in East Meadow.

Proponents of the expenditure told Hempstead Presiding Supervisor Tom Gulotta, the Board's majority leader, and Supervisor Hannah Komanoff of Long Beach, that the expansion was warranted by the marked increase in the number of patients using the emergency room facilities at the 680 bed teaching hospital. It was also noted by members of the hospital administration that funding would be available from New York State to reimburse the County for part and possibly all of the cost of the renovation and expansion.

Since the opening of the Center in 1974 the emergency room has seen a rise in the number of persons being treated from an initial figure of 68,574 a year to current estimates that put the number of patients treated yearly at over 90,000. Supervisor Gulotta, in his opening statement, noted that "The emergency room facilities at the Medical Center have remained virtually unchanged since its opening in 1974 despite an increase of over 20,000 additional emergency room patients per year. It is also worthy of note that each year more than 1,200 patients requiring specialized care are transferred to the Medical Center from other private hospitals."

Among those who urged the Board to approve the \$3 million spending plan were: Don Eisenberg, Executive Director of the Nassau County Medical Center; Dr. Peter Addigo, Director of Ambulatory Service; Dr. Gerald Brody, Emergency Room Director; Shelley Lotenberg, Past President of the Salisbury Civic Association; and Daniel McGowan, Executive Director of the Nassau-Suffolk Health System Agency.

Mrs. Lotenberg suggested enlarging and redesigning the hospital's emergency room. The enlargement is needed because of the ever-increasing numbers of Nassau residents who use this facility, she stated. And the redesign necessary

so that more privacy could be given to those who need it. "What is at stake here is not just minimizing waiting time, but also restoring some of the dignity to patients who require privacy, regardless of their ability to pay," she concluded.

Supervisor Gulotta called the proposed expansion "A necessary step if we are to provide Nassau residents with the most modern and up-to-date facilities at the Medical Center. As the only burn center on Long Island and as one of the few emergency rooms equipped to deal with the most severe trauma cases, the Nassau County Medical Center serves the victims of our County's most severe accidents. Each year, hundreds of individuals—their bodies badly mangled—are taken to the Center for treatment because it is the only health facility equipped to provide them with the life-saving care necessary to save their lives. I believe that it is incumbent upon us to insure that this type of life-saving care is always available to the residents of this County."

Supervisor Gulotta noted with particular interest that the current expansion plans call for the construction of a "hazardous materials" shower. "It is my understanding," Gulotta said, "that this shower would be used to decontaminate anyone who accidentally came in contact with radiation or toxic chemicals. The design of the shower would enable the effected individual to be cleansed without allowing the water residue to enter the regular drainage system. This residue would be trapped in a tank and then safely disposed of."

Supervisor Komanoff said at the conclusion of the hearing that "I think it is clear that the increased traffic that the emergency room at the Nassau County Medical Center is experiencing warrants the expansion of that important facility. It is our responsibility to provide the residents of this County with the most efficient and up-to-date medical service available."

Supervisor Gulotta noted that he and Supervisor Komanoff would convey their findings to the full Board which would then act on the appropriation in the "very near future."

Francis T. Purcell (R), Nassau County Executive issued a proclamation held by Eagle Scout Patrick Sweeney of Troop 243, St. Joseph's Roman Catholic Church as Council President, Arthur Hug, Jr., Chairman of the Board, Long Island Trust Company looks on.

WHEREAS, the Boy Scouts of America has served our nation's youth since 1910; and WHEREAS, more than 70 million young people and adults have benefited from being members of this highly regarded youth movement; and

WHEREAS, scouting is available to all youths regardless of race, religion, or socio-economic level, and teaches young people character, citizenship and fitness; and

WHEREAS, THE YEAR 1985 marks the 75th anniversary of the founding of the Boy Scouts of America; and

WHEREAS, the County of Nassau wishes to acknowledge and commend those community groups that provide volunteer adult leaders who make it possible for the scouting program to bring its proven benefits to our young people.

NOW, THEREFORE, I, Francis T. Purcell, Nassau County Executive, do hereby proclaim the period of February 3-9, 1985, as

BOY SCOUTS OF AMERICA ANNIVERSARY WEEK IN NASSAU COUNTY.

"More Than Conquerors"

A documentary film "More Than Conquerors" about persecuted Christians in the USSR, filmed on location and produced by Georgi Vins, will be shown at the First Baptist Church of Hempstead starting at 7:30 p.m. on Sat., Feb. 2.

"Consider it all joy, my brethren, when you encounter various trials, knowing that the testing of your faith produces endurance. And let endurance have its perfect result, that you may be perfect and complete, lacking in nothing." (James 1:2-4, NASV).

Trials. Testing. Faith. Endurance. These words characterize the lives of over 180 Evangelical Christian Baptists persevering in prison camps in the Soviet Union for the cause of Jesus Christ. Their story is one of sacrifice and praise.

You can experience a

Russia that is not normally seen. MORE THAN CONQUERORS is a documentary film of encouragement and faith in God. Your heart will be touched by ordinary people. People who make up the persecuted church in the Soviet Union. People whose dedication, courage, and love for God is so intense that the laying down of privileges, comforts, and even their own lives is counted as joy.

In light of negotiations between the USA and the USSR, this film should be seen by all Americans.

You and your family are invited to view this powerful and moving film at the First Baptist Church in Hempstead on Saturday, February 2nd, at 7:30 P.M. The church is located on the corner of Washington & Jackson Streets (one block east of the bus terminal).

Special Diet Helps Beat Jet Lag

You've planned for weeks, gone into hock and flown halfway around the world for your vacation and have to spend the first three days exhausted, mentally foggy and perhaps even nauseous from jet lag. Happens all the time; except to people who use the Argonne Jetlag Diet.

Jet lag is caused by your body's efforts to adjust to drastic changes in time zones. The signals the body receives from stimuli such as temperature, food, activity and exposure to light are occurring on an unfamiliar schedule. The more time zones you cross, the longer the jet lag lasts.

But hundreds of thousands of travelers, including President and Mrs. Reagan and the Minnesota Vikings, have beaten jet lag with the Argonne Diet.

The diet was developed at the Department of Energy's Argonne National Laboratory as a direct spinoff of basic research by biologist Charles F. Ehret who, for 35 years, has studied the effects of diet, chemicals and environment on the biological clocks of bacteria and animals.

All animals, including humans, have biological clocks. They follow a circadian rhythm, a sort of 24-hour pattern that reflects changes in temperature, amounts of light, body temperatures, food intake and exercise.

When you move quickly across several time zones, this biological pattern, or clock, becomes confused. Your body reacts in part to your normal timing pattern and in part to the signals it receives in your new environment.

Based on Ehret's studies, a regimen was developed using natural clues, particularly type of food and eating cycles, to help travelers quickly adjust their body clocks to match the

time zones at their destination.

Here is how it works. If you plan to leave Washington, D.C., at 8 a.m. on February 1 for vacation in Paris you start the regimen on January 28 by feasting on proteins at breakfast and lunch and on carbohydrates at dinner. On January 29, you fast on light meals of salads, soups, fruits and juices. January 30, is another fast day and January 31 is another fast day. The fast is broken at 2 a.m. on February 1 which would be 7 a.m., or breakfast time, in Paris. You then eat normal meals on a Paris schedule until you're ready to prepare for the trip back home.

Hundreds of travel agents distribute copies of the diet with overseas tickets, and scores of private corporations have reproduced it for their executives who travel. It has appeared in more than 500 publications and the Argonne Laboratory has distributed nearly 150,000 free copies of the diet. In return, the laboratory has thousands of letters from happy users.

The President and Mrs. Reagan have used the diet to prepare for two trips to the Orient and one to Europe. The Minnesota Vikings used it before flying to London in August, 1983, for a pre-season game in which they beat the St. Louis Cardinals, 28-10.

Travelers can get a free wallet-sized card summarizing the diet by sending a self-addressed, stamped envelope to "Jet Lag Diet, Argonne National Laboratory, 9700 S. Cass Ave., Argonne, IL 60439." It's one way taxpayers can get an individual payback for their support of basic research.

Arrest 24 In Chop Shop/ Insurance Fraud Investigation

Nassau County District Attorney Denis Dillon and Nassau Police announced the arrest of 24 individuals in connection with an automobile chop shop and insurance fraud. The arrests follow a two month investigation that centered on the B&S Auto Parts shop in Island Park.

Dillon said, "The investigation showed that many car owners had brought their car to B&S where it would be cut up for parts. The owners were advised that they should report their car as being stolen and get the cash value from the insurance company. The insurance value of all the cars involved amount to hundreds of thousands of dollars, and the investigation is continuing."

The DA said more than 70 police officers and detectives executed five search warrants and arrested those involved. Already, more than 55 cars or parts of cars have been recovered at different locations. In addition, a gun and ammunition has been recovered.

At the head of the operation was Robert Schiavo, 37, of Oceanside. Schiavo was the owner and president of B&S Auto and is charged with numerous counts of Insurance Fraud and Criminal Possession of Stolen Property. Nine employees were arrested on similar charges and 14 car owners for Insurance Fraud.

Dillon said, further arrests are expected. He credited members of the Nassau Police Vehicle Theft Squad and the Bureau of Special Operations for developing the case with the DA's Rackets Bureau.

POB Kindergarten Registration For Sept. '85

The Plainview-Old Bethpage CSD has scheduled kindergarten registration from February 4-15, 1985. Late registration is scheduled from February 25 - March 1.

The pre-kindergarten screening and assessment program will take place in the spring (dates to be announced).

A child must be born on or before December 31, 1980, to be eligible for entrance to school in September, 1985. No exceptions can be made.

The Board of Education approved a full-day kindergarten program, which has been in effect since September, 1983. Parents have the option of selecting either a full-day or half-day kin-

dergarten program for their child. If sufficient half-day kindergarten enrollment allows, the class, or classes, may not necessarily be housed in your zoned elementary school.

You will be notified by mail as to the date, time and place to appear for kindergarten registration.

If you do not receive a notice to appear for kindergarten registration prior to February 4, please call the elementary school closest to your home.

The elementary schools are: Jamaica Ave., 938-5400, X-370; Old Bethpage, 938-5400, X-380; Parkway, 938-5400, X-383.

We wish your child a happy and successful school experience.

Hicksville Lion Blood Drive

The Hicksville Lions will be holding their annual Blood Drive at the Elks Club located on 80 East Barclay St., in Hicksville, on February 20th, from 4 to 8:45 p.m. And they would like to see a large turnout due to the importance of maintaining the blood supply for the sick and injured.

Here are some questions and answers about this important subject:

Why should you donate blood?

The need for blood can arise in any family. At the present time, one out of every ten hospital patients requires a transfusion. Although the average transfusion is three pints, some patients require more—difficulties in childbirth, for example, sometimes require multiple transfusions.

Blood is in continual demand for treatment of accident cases, cancer victims, hemophiliacs, and for use during surgery. Due to technical advances made in recent years, blood can now be broken down into five components, so that each pint can be used to treat five different patients.

Who may donate blood and why?

Anyone in good health between the ages of 17 and 65 inclusive may donate blood. Healthy individuals over 66 must have written permission from their physicians dated within two weeks of their donation.

Donors must weigh 110 pounds or more.

Pregnant women may not donate blood.

Regulations currently require that persons with a medical history of hepatitis

may not serve as blood donors. In addition, anyone closely exposed to a victim of hepatitis must wait six months after the exposure before donating.

For other restrictions call your nearest donor center if you are uncertain.

What is a unit of blood? Blood is composed of cells suspended in a liquid. The cells — red cells, white cells and platelets — account for 45% of the volume of blood. The remaining liquid portion is plasma, which is frozen for direct transfusion or is used as the starting material for preparation of derivatives such as albumin.

What is the donation procedure?

All donors are screened and examined according to standards established by federal, state or local health departments; a careful med-

ical history is taken and temperature, pulse, blood pressure and hemoglobin are checked before donation.

Approximately one pint of blood is taken from each donor by a trained technician or registered nurse.

The donor's body replenishes the fluid lost through blood donation in 24 hours. It takes up to eight weeks for the red blood cells to be replaced. A normal, healthy person may donate blood five times a year.

Donors need not refrain from eating before giving blood. They can have a light meal, taking care to avoid fatty or greasy foods.

Donating blood is safe and easy; actual time is about one hour including a canteen stop for refreshments.

News From Knights of Pythias Commuter Lodge 883

By Elliott Silverman

If there is any member out there who has the slightest doubt as to what the Knights of Pythias is all about, then you should make it a point to attend our February 13th Valentines party at the Bayville house for Cerebral Palsy. The party is being held for approximately 48 residents who unfortunately have been stricken with this condition. They range from age 15 to 55. The true recipients of this party will be the individual members who volunteer their hands and hearts to make this a successful event. To know you have given a little of yourself to help make someone else's life a little brighter is a special reward that is indescribable. There will be candy hearts for all the residents, live music by Moondog Wheaton, a small gift from our Lodge and, possibly, some magic tricks by yours truly. Anyone interested in attending, please contact me

by phone or at the next meeting. The time of the party will be 7:30 P.M. to 10 P.M. in Bayville. I left the 14th open for your own wives and sweethearts. The true highlight of the evening is a visit of sincere and caring people. I am hoping to see some of the new younger members of our Lodge take part in this charitable event as a stepping stone to becoming a true knight. If you just joined the Lodge for funeral benefits, then you are missing the best benefit of all, and it will be your loss. Commuter Lodge is asking all the recent sponsors to bring their new members to this party.

It has been brought to my attention, that Brother Paul Firestein has re-entered Empire College with an eventual goal to continue on to Law school. This is quite an achievement for a man that has just turned fifty. Good Luck Paul from all

your friends at Commuter Lodge.

Anniversary wishes to Brother Harvey Mass and his lovely wife Claire on January 25 and to Brother Carl Sutnick and his Angel Shellie on Jan 30. Erwin Salm and Carol Rudinsky will be blowing out Birthday candles on January 25th. Best wishes to all of you from all of us at Commuter Lodge.

On February 4th, the well known cardiologist DR. ALLAN BINDER will be

offering a free lecture concerning everything there is to know about the heart, in the American Legion Hall, Southern Parkway, Plainview at 9 P.M. sharp. The lecture is FREE and since we consider it of such importance to everyone, our regular meeting will start at 8:30 sharp and will stop for the Doctor at 9 P.M. We urge all members to bring not only other members with them, but to invite their wives and neighbors.

Until then, Peace to all, Elliott

Something To Think About

VERN & BILL WAGNER
TWO GENERATIONS OF SERVICE

DEATH OF TRADITIONS

In recent years, there has been some opposition to the traditional American funeral. There are those who would wish to substitute a memorial service for the funeral, and others who would do away with all funeral rites entirely. While these "movements" seem to have no broad-based appeal, and Americans demonstrate a continued preference for the traditional funeral service, it is still worth examining the issue.

It is not surprising that with a declining respect for human life there should also come an attempt to devalue and demean the rites of final passage. The two are inextricably linked. Funeral services are not morbid exercises, they are rather an affirmation and celebration.

Studies have shown that in societies which fail to show respect and reverence to their dead, social behavior begins to deteriorate. Where there exists a public denial of mourning, there is a great increase in public callousness.

New Image Gains Support Of Bobby Nystrom

By Don Graziose

New York Islanders star Bobby Nystrom has decided to help give the kids of Long Island a New Image to be proud of. Recognizing the valuable role the famous junior drum & bugle corps is playing in the promotion of juvenile decency on the Island, Mr. Nystrom has responded to the call to help the Hicksville-based troupe survive the financial difficulties it is presently weathering.

"We thought perhaps Bobby would help us in some way because we had heard that he is the kind of person who would be supportive of the kids", she said, "but I wasn't sure what kind of reception he would give the idea. As it turned out, he was more than gracious about it, especially when he learned that the very survival of the corps was at stake".

Further discussions and planning have resulted in the formulation of a special, \$25.00-a-plate Dinner Auction to be held March 22, at the Imperial Manor in Bethpage. Mr. Nystrom will officiate at the proceedings and he will supply several personalized, team items which will be auctioned, in addition to many valuable

goods and services donated by local establishments, by guest Auctioneer Art. J. Castellano of Auctions by Eastlake. Hopes are presently high that other sports celebrities will also be in attendance to enhance the

atmosphere of the event. Tickets are available at all Unique Racquetball locations on Long Island. For further ticket information, call 420-9777. Admission will be limited to 192 persons.

Military Academy Nominees

Congratulations to the following young people of Hicksville and Plainview; they have been nominated by Congressman Norman F. Lent to various military academies, Marie Coltrave, of Woodbine Drive South, Hicksville, the Air Force Academy; Walter Wolf of Harken Lane, Hicksville, the Air Force Academy; Joseph Baggett, South Broadway, Hicksville, the Naval Academy; Glenn Walters, Sylvia Rd., Plainview, West Point; Donna Monten, Leah Lane, Plainview, the Air Force Academy; and Kathleen

Kelly, Sylvia Rd., Plainview, West Point. On Sunday, Jan. 27, there will be a reception for these outstanding young people at McCuskey's Steak House, Baltimore, hosted by Congressman Lent.

Receives Degree

Rita Asher, who grew up in and attended Plainview schools, received her PhD in Human Development from Texas Tech University on Dec. 21. Dr. Asher teaches and runs the Child Development Center at Cal State in Turlock, California.

Arlene Rudin To Be Honored By PTA At Founders Day Dinner

Arlene Rudin has been selected by the Hicksville Council of PTAs to be the District Honored Guest at the 32nd Founders Day Dinner. The annual event will be held on Thursday, February 28th at the Crest Hollow Country Club.

Currently serving as Vice-President of the Hicksville Board of Education and Council Delegate from the Senior High School PTSA, Arlene is well known in the school community for her tireless efforts in support of quality education. An avowed child advocate, she began her PTA career thirteen years ago, shortly after moving here from Brooklyn with her husband and two young children. Having previously taught elementary school in the city for ten years, she was "drawn to PTA because their priority is to put the children first; that has always been my priority, too."

At Dutch Lane School she started out as editor of the PTA newsletter and later served two years each as

Vice-President and President. As the children, Beth and Ira, grew and moved on to the secondary schools, she also joined the PTA units at the Junior and Senior High schools serving chiefly as Council delegate from those schools. Working with representatives from all the PTAs at the Council level extended the range of Arlene's efforts. She became a regular at School Board meetings, worked on Board committees, and became an active, pro-education voice in the community, eventually seeking and winning a seat on the School Board.

Regarding the many years she has devoted to her activities she comments, "This district has been good to my children. They have received a good education here, and that has been the spark for me." She encourages PTA members to "look beyond their own schools, to join School Board Advisory Committees, and to run in School Board elections."

special district guest, each PTA unit honors its own at the yearly Founders Day Dinner. Following are those who have been selected as the honorees from each school:

- Burns Avenue - Virginia Blaauboer, Anne Kessler.
- Dutch Lane - Martha Liban, Marge Marcado.
- East Street - Joan Famiglietti, Eleanor Saxon.
- Fork Lane - Roseann Robey, Carol Davan.
- Lee Avenue - Barbara Russo, Betty Grayson, Grace Russo.
- Old Country Road - Sue Langlois, Joan Wells.
- Wilmet Avenue - Eleanor Chambers, Mary Hogan.
- Woodland Avenue - Pat Rooney.
- Junior High - Jean Tobin, John Pellegrino, Helen Bergholtz.
- Senior High - Sue Epstein, Nancy Staron, Nancy DeSorbo.

SEPTA - Robert Greenberg.

Dinner Information: Ticket prices for the dinner are \$22.50. They can be purchased from Council delegates from each unit.

Only a limited number of tickets are available and absolutely no tickets may be bought at the door. The Cocktail Hours begins at 7:00 PM with dinner following. For further ticket information please call Eileen Millis at 822-3970.

All those who wish to place an ad or message in the journal which will be distributed to everyone in attendance, should call Peggy Gill at 433-8607.

Congratulations

Congratulations to Sheila and Terrence Clark, of Hicksville, on the celebration of their wedding anniversary on Jan. 11.

At The Town Board Meeting

by Geraldine Geannikis

At the regular meeting of the Town Board of the Town of Oyster Bay held on Jan. 22, the following hearings and resolutions were acted upon.

Decision was reserved on a petition of Pay-O-Matic Corp. for a special use permit to use and maintain an Ind. H district. Pay-O-Matic Corp. would like to include storage areas for computers and archives for the entire organization. The property is located at Oak

Drive and Cedar Place, Syosset.

Pay-O-Matic will have to petition the Zoning Board of Appeals for the special use permit because of insufficient parking spaces on the property.

Decision was reserved at a hearing for the petition of Greenhill Holding Corp. and Melvin Decker for a change of zone from B-1 Res. to E-2 General Res. at Woodbury.

The petitioners would like to build 43 town houses and single homes on 1/2 acre plots.

Decision was reserved because the builders must provide acceptable buffering to the surrounding area.

the Nassau County Planning Commission of property located at Maria Court and Sagamore Court, Plainview.

* Resolution No. 58 accepted a map submitted to the Nassau County Planning Commission of property located at Southwoods Rd., Plainview.

* Resolution No. 71 accepted the Town Environmental Quality Review Commission's findings on a petition of Jack Weber, DDS for a change of zone from Res. D to RO on property located on South Oyster Bay Rd. and Adelphi Rd., Hicksville.

* Resolution No. 75 awarded the contract and directed the consultant to proceed with the construction phase of highway improvements, such as curbing and grading for Meyers and Roy Aves. and adjacent areas in Hicksville.

* Resolution No. 76 approved the final payment for the contract for the interim leachate treatment facility at Old Bethpage Solid Waste Disposal Complex.

* Resolution No. 77 accepted the reallocation of funds for the costs of the interim leachate treatment facility to begin operation, at the Old Bethpage Solid Waste Disposal Complex.

* Resolution No. 48 directed the Town Clerk to advertise notice of a hearing on Feb. 26 for the petition of 125 East Bethpage Assoc. for a special use permit to use an existing building in an Ind. H district for office use. The property is located at East Bethpage Rd. and Old Country Rd., Plainview.

* Resolution No. 56 accepted the site plan submitted to the Town Board by 1171 Old Country Rd. Assoc. of Plainview. The change of zone was made from Res. D to Bus. F. on Jan. 8.

* Resolution No. 57 accepted a map submitted to

Dear Friends ...

SCHOOL BOARD AND HICKSVILLE TEACHERS IN AGREEMENT: It is expected that a settlement between the Hicksville School District and the Hicksville Teachers Union will be ratified by the Board of Education at their meeting on Wed., Jan. 30th.

This agreement calls for a 7.1 percent salary increase in the first year, plus an 0.9 percent increment for experience and a 7.2 percent increase plus another 0.9 percent increment in the second year.

Both teachers and the board gained in other areas: the teachers will receive a \$1,000 longevity raise after being with the district for 25 years, while the board will gain the right to transfer teachers with greater ease. Also, the board won the right to observe and evaluate teachers without this subject going to arbitration.

This two-year agreement which comes after bargaining since July and after the recommendations by a fact-finder in November, definitely shows that both sides have made concessions in order to come to an agreement which, hopefully, will be ratified on Jan. 30th.

We wish we had more news for you regarding the specific reasons why the TOB Board of Zoning Appeals denied the petition for the building of a small, one-story office building on the west side of South Broadway in Hicksville. We hope to have these reasons by next week, along with statements from those who proposed to build in this business area made up of so many small parcels of property, caused MANY years ago when Broadway was widened by the State of NY.

Also, there is a distinct possibility that the Town Board are considering spelling out a special zone for this area, from the LIRR south to Old Country Road. If this is accomplished in the next few months, it would certainly clarify matters for builders who want to develop the downtown area of our town. Let us hope that it will not take too long. Remember, undeveloped valuable business property does not help much to add to our tax base and help hold the line on our property taxes ... also, mud puddles do not add much to our downtown area's appearance.

There are hundreds of residents who were pleased to see that there is another builder interested in developing this area with such an attractive building. Whatever the reasons for this building being denied by the TOB Board of Zoning Appeals, we must consider every possibility of developing this area without delay. We believe that a special zone would at least clarify matters and point the way to an early development of a sadly neglected area.

PERSONAL SAFETY IN SELLING YOUR HOME

Your personal safety and that of your family is often overlooked when showing your home. It is unfortunate that this topic must be discussed, but it is a fact of life, and it is a mistake to ignore it.

It is not uncommon for burglars and other criminals to pose as buyers to gain entrance to a home. Once inside, they may secretly unlock windows for future burglars, steal items left laying around, or commit other crimes while in the home.

Use common sense in protecting yourself and your family. Don't leave valuable articles lying around when showing your home. Take only one party at a time through the home, making others wait outside until you are finished. Keep all members of the party together rather than to allow them to wander unescorted through your home.

If the woman of the house is showing the property, I

strongly recommend that she show the home only to couples or other women. If a lone man requests to see it he will understand if you explain that you would prefer him to come back later with his wife. It's far better to insist on these minor inconveniences than to make the mistake of letting the wrong person in your home.

The above advice has been reprinted from a previous column. If you have a real estate, law or insurance question that one of the Donovan's can answer for you, please write or call. We will be most happy to help.

CERS AND TRUSTEES AND PRESIDENTS OF FILIAL LODGES.

Dear Dignitaries:
The Galileo Lodge No. 2253 is proud to announce that on April 27th, the Lodge will honor JOSEPH A. MONTEMARANO, State President of the Grand Lodge of the State of New York as the 'Man of the Year'. The occasion will be the 13th Anniversary of the Galileo Lodge and the 4th Annual Louise E. Massiello Memorial Scholarship Dinner-Dance to be held at our Lodge.

Details of the affair will follow soon. Kindly reserve the date of this occasion. Fraternally yours, Joseph Giordano, Vice President General Chairman

Any organization, to be effective, has to be proficient in its methods of planning and the scheduling of certain events. Yes, it has to be visionary, to be able to foresee what the future will offer. It has to take into consideration the well-being of its members. The Galileo Lodge is this kind of an organization. For example, on Friday, Saturday and Sunday, the 12th, 13th and 14th of April, the Ladies Auxiliary are planning a three-day trip to the Villa Roma, in upstate New York. The price will be around \$150 per person and add bus fare. Fran Ausiello will supervise this activity, so you can call Fran at 433-3783. Then on Saturday, the Galileo Lodge offers its 4th Annual Louise E. Massiello Memorial Scholarship Dinner-Dance, to be super-

vised by Joe Giordano. More details concerning these events will follow concerning these events in later columns. In March, the Ladies Auxiliary will hold a Fashion Show-Dinner. More on this later also.
