Galileo Lodge News

By Joe Lorenzo

PRESIDENT PETE MASSIELLO'S MESSAGE:
"The Tragedy of life is not so much what people suffer but rather what they miss."
Thomas Carlyle

There is a very special day in Feb. that needless to state is a very special day at the Galileo Lodge. Of course this special day is St. Valentine's Day. Thus in keeping with the romantic traditions of this day, the Galileo Lodge will present a Valentine's Day Dance on Saturday, the 16th of February. Tickets are now available, selling at \$12.50 per person, a nominal fee that entitles you to a delicious hot dinner, beer, soda, coffee and cake, set-ups and music for your listening and dancing pleasure. Skip Monteforte will 'chair' this activity, ably assisted by Joe Morace, Frank Matassa and Armand Del Cionpo, who, incidentally, will be selling tickets. Call 931-9351 and ask for them. Kindly be reminded that the limit for this dance will be 250 people, thus it will be a good idea to buy your tickets as early as possible. Two delightful extra-added activities will be the designation of Mr. and Mrs. Jim Ingino as the Lodge "Valentine's Day Sweethearts" and the choice of Jim Ingino to be the honoree on that particular night. Also note that a "bring-your-own-liquor" policy will be in effect that night. So if you

are romantically inclined, (and who isn't?) why not purchase your tickets right now and become enveloped in the romantic atmosphere engendered by the Galileo Lodge?

February, like January, also will disappear into the past. But the Galileo Lodge has something in store for you once again. Well, you probably guessed it...yes, it's our Joseph's Day Dance, to be held on Saturday, the 16th of March. Price of admission will be \$12.50 per person, and in the offering will be a hot delicious dinner, coffee and cake, beer, soda, set-ups and music for your dancing pleasure. Joe Lo Presti will 'chair' this activity. A 'bring your-own-liquor' will also be in effect that night. Then in April there is, of course, our Anniversary Dance. More on these activities. In April also, the trip to the Villa Roma is planned for three days, the 12th, 13th and 14th. Price will be around \$150 plus bus fare. So many activities are taking shape and form at the Galileo Lodge. Keep abreast of further activities also in the planning stages.

Another activity that causes much excitement at

the Galileo Lodge is the election of officers for the year 1985. Obviously, as in any other organization, the importance of leadership is as crucial as it is important. The captain of a ship is responsible for the safety of its crew and passengers. The leader of the Galileo Lodge will be responsible for the well-being of its members and the organization itself. To keep it sailing a true course, steady and safely.

One responsibility of the membership is the payment of dues. The financial condition of our Lodge is important, so it is incumbent on all members to meet their fiscal responsibilities. The Galileo Lodge, although social and fraternal in composition, is also a business.

The Grand Lodge of the State of New York has announced that the 1985 Scholarship Program is available. The Committee is

authorized to grant four (4) Scholarship Awards for District II (Nassau County) each in the amount of \$500.00. The qualifications for eligibility are:

1. Student must graduate High School in the 1985 School year.

2. Parent or legal guardian of student or student personally must be a member in good standing of his or her lodge for at least one (1) year prior to June 1, 1985.

3. Student must have an average of 85 or better.

All applications must be returned to Gloria R. Moffettone by the school student is attending. NOT BY THE STUDENT. Applications are only accepted on Grand Lodge Scholarship form and must have complete endorsement by the filial lodge.

DEADLINE for filing application with Gloria R. Moffettone is March 30, 1985.

In addition there is a Statewide award for \$500.00 a year for each of four (4) years in College.

Applicants applying through the Galileo Galilei Lodge No. 2253 may request applications from Joseph A. Giordano, Esq., Chairman Scholarship Committee (333-4555).

Letter to the Editor

I was sorry to read that Dr. Stillger was badly hurt. For the past few years I've been going to different doctors. I found Dr. Stillger to be the most caring. I have

sent him a get well card and reading material. I hope all his patients will do the same.

Sincerely yours,
Karin Frey

Holy Family School Raises Over \$5,400 — For Ethiopians

Pictured are the children who raised the most from their recent Walk-A-Thon for Ethiopia.

The temperatures were hovering at the freezing mark on the day that Holy Family School held a Walk-A-Thon and raised over \$5,400 for the people of famine-stricken Ethiopia. Under the direction of Linda Brajevich, Physical Education instructor, over 695 students walked or jogged continuous 1/4 mile laps outside their school. Students in grades 5-8 had 2-1/2 hours to walk; the younger students (K-4) had 1-1/2 hours. Most students averaged 20 laps, and one student managed to do 31 laps.

We were quite over-

whelmed with the response; says Sr. Eileen McMahan, principal. "There were no prizes or tee shirts offered to the children to entice them to walk—yet they were all eager and enthusiastic to help the people of Ethiopia. We're very proud of all of them—and Miss Brajevich for organizing the Walk-A-Thon."

The children handed in anywhere from 19 cents to \$150.00 from their sponsors, and when all the money was collected, the children of Holy Family had raised a phenomenal grand total of \$5,443.89!

Trinity Lutheran School Open House

Children attending Trinity Lutheran Nursery School's annual pancake breakfast receive treats from Mr. Smurf!

February has been designated as Lutheran Schools month by the Lutheran Schools Association. Trinity Lutheran School, 40 W. Nicholas Street, Hicksville, will give special emphasis to this event by having Open House during the week of February 4-7.

The community is invited to visit the school, which is well known for its excellent educational program. Open House hours for grades 1-8, are from 9 AM to Noon; Nursery and Kindergarten are from 9:00-11:15 AM, and 12:30-2:45 on February 4, 5, 6, and 7.

In addition to the strong educational program the curriculum includes special instruction in art, music,

computer, reading and physical education. Various cultural art events sponsored by the Parent Teacher Friends Association enhances the program. Staff and teachers work hard to provide a caring atmosphere for the students spending time with them individually as the need arises.

Call 931-2211 if the Open House hours are inconvenient for you or if you desire more information. Applications for the 1985-86 School year are being accepted at this time.

The school is located north of Old Country Road on the corner of Jerusalem Avenue and W. Nicholas Street in Hicksville.

Holiday Closings

Most parks, museums and all natural ice skating facilities operated by the Nassau County Department of Recreation and Parks will be officially closed on Lincoln's Birthday, Tuesday, Feb. 12 and Washington's Birthday, Monday, Feb. 18.

This will include the golf courses at Eisenhower Park.

For further information, call the Public Information Office of the Nassau County Department of Recreation and Parks at 542-4422.

The Private Sector Can Do The Job Better

by U. S. Senator Al D'Amato

Faced with spiraling budgets deficits and government spending, the last thing the Federal government should be doing is competing with the private sector in the production of commercial goods and services.

Clearly, the Federal bureaucracy has shown a blatant inability to efficiently manage its own affairs. Yet from 1967 to 1981, the share of commercial goods and services that the Federal government produced for its own use rose from 40% to 60%!!

By 1981, the government was producing \$19.4 billion in commercial goods and services, and, furthermore, in that same period the number of permanent federal workers grew by 12,000. Faced with numbers like these, it isn't hard to understand why the public is fed up with more taxes and more government growth.

It is no secret that study after study has shown that the private sector can do just about anything better, faster and cheaper than the government. So why, then, is government doing more and more things that could better be done privately?

The current policy that allows government to produce commercial goods and services is not only costing private sector jobs and taxpayer money, but it is hurting small businesses across the nation. Small businesses are already faced with com-

plex problems when competing for new business in the procurement process. Since we know that the private sector can do the job better, it's high time to transfer some of that work back to them.

It is for this reason that I

have joined in sponsoring the Freedom from government Competition Act. This legislation will make government purchases of goods and services from the private sector a matter of national policy. As a member of the Senate Small Business

Committee, I believe we should get the government out of the business of competing with business. If we do this, things will be run more efficiently, at less cost to the taxpayer, and with greater overall economic benefit.

To Plant 1,000 Trees In Israel

The children in the religious school of The Manetto Hill Jewish Center have undertaken as a Tu B'Shvat project the planting of 1,000 trees in the land of Israel. Trees purchased through the children cost \$5.25, and these trees may be purchased in honor or in memory of a person or event. Checks should be made payable to the Jewish National Fund. The pur-

chaser or recipient of each tree will receive a beautifully illuminated certificate indicating in honor or in memory of whom the tree was purchased.

Once the quota of 1,000 trees is reached, a sign will be erected in Israel indicating the location of the Manetto Hill Jewish Center Grove.

Tu B'Shvat which means the 15th day of the Hebrew

month of Shevat is set aside in the Jewish tradition as "The New Year of the Trees". This day is dedicated to planting trees, enjoying fruits of Israel, and taking time to appreciate the many blessings which the tree brings to mankind.

For further information about purchasing a tree call the synagogue office at 935-5454.

Hicksville Youth Council

With the hustle and bustle of holiday shopping behind us, many people are finding themselves laid off from part-time and full-time jobs. For anyone who has experienced unemployment, they know far too well the boredom, frustration, and lack of purpose that pervades one's being and lowers one's self-esteem. Our young people are quite familiar with the fluctuations of the job market: the abundance of holiday jobs, and then the full until spring and summer arrives. In an effort to alleviate the stress of unem-

ployment the Hicksville Youth Council offers a free employment program to local businesses and youth between 16 and 21 years of age. All storekeepers and businesspeople are encouraged to list their job openings with Cynthia Sosa, the Employment Coordinator. All applicants are interviewed prior to referral, and job readiness skills are provided when needed. Young people can also find help with job counseling and resume writing.

A Rent-A-Kid program is

also available to local homeowners and teens 14 and 16 years old. These industrious youngsters will perform various odd jobs that you may need help with. We have snow shovelers who are ready and anxiously awaiting another Artic Storm to come our way.

If you feel the Youth Council could be of service to you, please call 822-7594, Monday thru Friday. We provide the link that is so necessary in establishing a positive work experience.

Weekend Soccer Tournaments

Saturday, January 19 was a proud day for the Hicksville Shamrocks 1974 traveling soccer team, as they dominated the Hicksville Indoor Soccer Tournament. The Shamrocks entered two seven-men teams, the "Red", led by goaltender Brian Pine, picked as the most valuable goaltender in the Tournament by the referees; and the "White" led by goaltender Eddie Jacobsen, who got stronger with each successive game.

The "Red" went undefeated in the five game preliminary series, tying North Babylon 1-1 with Joe Flanagan, a sensation throughout the Tournament, scoring the big goal and having another taken away on a disputed call. They then defeated Northport 2-1 behind goals by David Lovato and Jared Jacobs. Game Three was a 4-1 rout of Rockville Centre, with Chris Doyle putting in two, while Jared Jacobs and Joe Flanagan scored the others. Game Four was a brilliant defensive battle with Chris Doyle's goal beating New

Hyde Park. Game Five was a 2-0 thrashing of Auburndale on two goals by Chris Doyle. The "Reds" had extreme pressure on them entering this game, for they knew they had to shut out Auburndale for the "White" team to make the Semi-Finals. They continually rose to the challenge. In addition to the goal scorers, the "Reds" were assisted by the great defense of Brian Harkins and the aggressive play of wing Eric Blicher.

The "White" lost their first game in a defensive bout with Rockville Centre

1-0. They then got soundly beat by New Hyde Park 3-0, but this result brought out the best in the "White" team, for they weren't to be stopped for the balance of the Tournament. The third game was a 0-0 tie with North Babylon. Game Four was another great defensive contest, with "White" winning 2-1 behind two goals by Ted Meringoff, over Northport. The fifth game followed a similar script, with goal by Ted Knoop and Matthew Pordum leading to a victory over Cow Harbor.

On Wednesday, January 23rd, students in the In-Depth Study Program at East Street School enjoyed a "STARLAB" presentation by Mr. George Brehm who came to our school with an inflatable planetarium. All of us were fascinated as we observed an apparent small nylon carrying bag being transformed into a dome sufficiently large to accommodate about thirty (30) students and teachers.

We crept inside, two at a time, in three second intervals, where we learned about a variety of stars and how their positions in the sky change as the seasons evolve. Mr. Brehm also pointed out the constellations and related stories about mythological figures formed by star patterns.

A most informative and enjoyable afternoon was had by all.

Dear Friends . . .

"Give It Back" Campaign

Publicist Ed Robinson of Liverpool, NY has received thousands of requests for petitions opposing the recent \$10,040 pay hike the NY State Legislature voted itself. "My mail every day is bringing letters of indignation from all over NY State and now they are arriving from Florida where they have heard about my "Give It Back!" campaign designed to put state-wide pressure on all State Legislators, their leaders in the Assembly and in the Senate, on Gov. Cuomo, who formed the triumvirate with Warren Anderson and Stanley Fink". Robinson said.

If you are interested in participating, write Mr. Robinson for petitions: send a self-addressed, stamped envelope to Ed Robinson, 703 First St., Liverpool, NY 13088.

Although Mr. Robinson has asked that petitions be in by March 1st for a March 15th presentation to the Governor and legislative leaders, he says, he will keep the campaign going until every last New Yorker who wants to protest can do so, right up until the next election (Nov. 1986) if necessary.

A Letter From Fernando Camilo

Since coming to the United States in August 1984 as an AFS (American Field Service) exchange student, I've gone through so many experiences, mostly good ones, that I thought I'd share a little bit of it with the other members of my new community, those in Hicksville whom I haven't had a chance to meet, as of yet.

Coming from Portugal, Europe to a totally different environment in the U.S. it was to be expected that I would find some difficulties, missing my family, closest friends and, in brief all those that were (and are) special and that meant a lot to me. And so during the month of August, while school didn't start despite the best efforts of my wonderful new family (my parents, sister Beth and brother Ira) I was usually sort of gloomy, thinking about what I'd "left behind." Accordingly - a detail which I'm sure my new parents don't like to remember - my phone bill to Arizona (where my girl friend went, also as an AFS'er) was rather large.

School started though, and all was left behind. All the people in Hicksville High, from teachers to students to members of the Hicksville AFS chapter were extremely kind to me - something I'll never forget - opening their arms to a guy they didn't know. Thus in a few weeks I had made dozens of new friends, some of whom have come to represent to me as much as some of those I left back in Portugal. The relationship with my family, meanwhile, came to be more and more the one, one has with one's parents, brothers and sisters and eventually I met some of my uncles and aunts, cousins and even my grandparents that live in Florida.

After two or three months I was totally adapted to this new life style in America and up till today I've had a terrific stay in the United States. I believe that by having been in contact with its people and way of living I've come to better appreciate the "American way" and to love the United States (a big American flag, a gift from my parents, occupies a position of paramount importance in my room).

I have obviously learned and gained a lot with this experience and the opposite is also true. Those people in Hicksville that I've met have, I believe, also gained something with this experience. Today, with half of my AFS year gone by I can't stop thinking about the day in July in which I don't want, but will have to go back...

If by any chance you are interested in hosting a foreign student in your house for one year starting this coming August or for a summer, or in going away for one year (if in school age - 11th/12th grade) or simply in knowing more about AFS please feel free to contact Mrs. Edna Edelstein, AFS Family Selection Coordinator c/o Hicksville Public Schools, Administration Building Division Avenue, Hicksville, New York 11801.

Fernando Camilo
(AFS exchange student)

We thoroughly enjoyed this letter from our visitor from Portugal and hope that the fine program that brought him to our shores will continue to grow not only on Long Island but throughout our country.

School Board Ratifies Memorandum Of Agreement With Teachers

The ratification of a Memorandum of Agreement between the Board of Education and the Hicksville Congress of Teachers was the first item in the action section of Wednesday's meeting. Mr. Bennett expressed the pleasure of the Board at the successful conclusion of negotiations, saying, "Let this be a new beginning for us." He also thanked all those involved in the negotiation process. Following the unanimous ratification, the Board adopted a new and revised policies covering recognition for accomplishment, curriculum adoption, curriculum guides and course outlines, special education, instructional materials, teaching about controversial issues, and public complaints about curriculum or instructional materials.

A number of fiscal matters were addressed, and the Board accepted a report of transfers between line item accounts, adopted a schedule of tuition rates to be charged for out-of-district students attending the Hicksville public Schools during the 1984-85 school year, and approved the designation of Tina Inocencio as the treasurer for Central office petty cash funds. The Board also approved the request of Educational Foods management Service, Inc., to increase the price of a half pint of milk from 10¢ to 14¢, and they established the health service rate for non-resident, non-public school students at \$172.08 for the 1984-85 school year.

Bids were awarded for custodial supplies (\$2,497.98), floor maintenance supplies (\$1,862.36), athletic supplies (\$14,653.41), and a used grand piano (\$7,500.00) for a total of \$26,513.75. Claims and warrants in the amount of \$14,154,248.30 were also approved.

The Board accepted the recommendations of the Committee on the Handicapped generated at the meetings of January 9th and January 16th, and, in a final action, accepted curriculum

documents presented at the January 16th meeting of the Curriculum Committee.

The Superintendent presented a report on the registration of Hicksville High School with the State Education Department based on the recommendation and supporting documents of the Middle States Evaluation. Dr. Fenton then proceeded with an overview of her proposed budget for the 1985-86 school year. This budget, with a total of \$39,000,000.00 represents a 6.2% increase over the current budget. An estimated increase of \$1.82 per \$100.00 assessed evaluation is anticipated. Dr. Fenton illustrated her presentation with a slide program showing the major expenditure areas of the budget, particularly in areas where increases have been built in to cover negotiated salary and fringe benefit agreements, instructional program improvements, and capital fund improvements. This would include planned renovation and replacement of equipment. Budget review sessions have been scheduled for Thursday, February 7th, and Thursday, February 14th, between 7:00 pm and 10:00 pm in the Conference Room. All interested staff members and community residents are invited to attend these meetings. The Board expects to approve the budget on March 27th, and the public hearing is scheduled for April 24th. The annual budget vote and election will be held on May 22nd.

Several policies were submitted to the Board for information. These policies covered the appointments to the Committee on the Handicapped, revenues from tax sources, establishment of the tax rate, assignment of responsibility for school district purchasing, local purchasing, and admission of non-resident students. The policies brought before the Board for consideration will be submitted for hearing and adoption, deletion, or revision at future meetings.

A Legislative Forum will be held on Wednesday evening, February 13th, hosted by the Board's Legislative Committee. Guests for the evening will include local Assemblymen Fred Parola and Dan Frisa, and the discussion will focus on school finance and state aid issues. This is a matter of concern for us in Hicksville, since the Governor is proposing a decrease in aid to the district. All interested community members are invited to attend the meeting, which will begin at 8:25 pm in the Conference Room at the Administration Building.

Congratulations to Michael Harman, special education teacher at the Junior High, who was granted tenure by the Board.

Two teachers will be retiring in February. Shirley Karish, SHS math teacher, will be leaving the district after 22½ years of service. Doris Teiber, art teacher at Dutch Lane and the Senior High has been with us for 23 years. Best wishes to both of these fine staff members.

Marie Guillet was appointed as a regular substitute in foreign language at the High School. She will be replacing Mr. Ferraro, who is on leave from the district. Gina Vitaliano was appointed regular substitute in special education at the Junior High. Carol K. Loshigian was appointed regular substitute in art, replacing Doris Teiber upon her retirement. Alexander Short was appointed to a position in the Business Education Department at the High School, and Rochelle Weiner was recalled to service in math at the High School.

The Board also approved schedules of assignments for interscholastic and student activities, including the Town of Oyster Bay Winter Youth Activity Program, and they made administrative changes according to the reorganization plan at the Senior High.

Appointments of non-instructional staff members included Rose Rintz as prin-

icipal typist clerk in the Attendance and Registration Office and William Gace as a district-wide custodian. Carol Adami and Kerry Miles were appointed school monitors at Lee Avenue. Richard Bachteler has been appointed temporary head groundskeeper, replacing Kenneth Lewis, who is retiring, and Clifford Shaughnessy has been appointed temporary head custodian at East Street. The Board also approved schedules of part-time clerical staff members and election personnel.

Congratulations are due to numerous staff members at the Junior High for the Medalist Certificate awarded to "Sights and Sounds," the school's literary magazine, by the Columbia Scholastic Press Association. Mr. Bennett presented the framed certificate to Mr. Klein, who accepted the Board's good wishes on behalf of the Language Arts chair, Susan Wolf, magazine advisor Kathy Lehan, art teachers Ms. Caldwell and Ms. Stea, the many other contributing teachers, and, of course, the students of the Junior High School.

Something To Think About

VERN & BILL WAGNER
TWO GENERATIONS OF SERVICE

BE HONEST WITH CHILDREN

Common wisdom says that it is best to be truthful with children about the subject of death. It is considered a mistake to tell a child, for instance, that a dead relative or friend has gone on a long vacation. In time, they will only learn to mistrust you, to fear having anyone go on a vacation, because their loved one never returned from "vacation." The same is true for sending the child away for a few days when someone dies, only to have him return and find the person mysteriously missing.

Image and permanently interfere with the relationship between you and the child.

Resentment and a sense of betrayal almost always result from such a significant deception. Facing the truth, however bitter, is far better for the child than the consequences of a compassionate lie.

Hicksville Republican Club News

by Harriet A. Maher
President

Joe Jablonsky
Executive Leader

At our last club meeting, we held our installation of officers and directors. Our installing officer was Nassau County Clerk Harold McConnell, who was a charming and informative speaker in addition to performing an excellent job at our installation ceremony. We appreciate his efforts on our behalf.

We also very much appreciate all the untiring efforts and services that our officers, directors, committee chairpersons and members offered for the good of the club. Thanks to each of you.

Our next meeting will be held February 8, Friday at 8:30 p.m. in the VFW Hall, 320 South Broadway, Hicksville. This evening our program will feature Robert F. Keeler, NEWSDAY's state editor.

Mr. Keeler started with NEWSDAY as a Brookhaven beat reporter, later covered county government, served as Albany Bureau chief and as national correspondent, and most recently, as the editor of "The Newday Magazine."

He joined the paper in April, 1971, after serving as a reporter first at the Waterbury (Conn.) Republican, and then at the Staten Island Advance. He had started his career in journalism in 1965 and later served

as an information officer and as intelligence officer in the United States Army.

In 1972, NEWSDAY won the distinguished community service award of the New York State Publishers Association for a two-part series by Keeler on the Suffolk State School. His series, "The Suffolk State School: A Curriculum of Anguish," was published August 12-13, 1971, and outlined the uphill fight of the Melville facility for mentally retarded children to obtain sufficient funds to provide adequate care for its patients. Remedial steps were taken as a result of the series.

In addition to covering state government in Albany, he has had extensive experience in writing about statewide politics, covering the 1974 and 1978 gubernatorial races and other state and local political campaigns. Keeler has also specialized in writing about prisons and criminal justice, starting with the Attica uprising in 1971. He became editor of "The Newday Magazine" in January 1982.

Keeler, who attended Fordham University, is an honor graduate of the United States Army Artillery and Missile Officer Candidate School at Fort Sill, Oklahoma. He was born in

Brooklyn on February 15, 1944. He and his wife, Judith, an elementary school teacher, live in Stony Brook. They have two children, Rebekah and Rachel.

Please attend our club meeting and hear this dynamic guest speaker. You will be given an opportunity to ask questions of Mr. Keeler regarding his profession and related experiences.

On another note, we wish to congratulate Mary and Vincent Calvanese, Sr., members of our club, who recently became grandparents to Peter Vincent, son of

Peter and Susan Calvanese, on December 6, 1984. Baby Peter weighed 8 lbs., 8 oz. and was 20 1/2" at birth. In addition, The Calvanese's son, Peter, passed his New York State Bar Exam on December 13, 1984, just one week after he became a father for the first time. Needless to say all of the members of the Calvanese family had an especially wonderful Christmas!

See all you members at our meeting on February 8—and bring a friend—maybe they'd like to become a member, also.

THE ALPHA AND OMEGA... the beginning of Harriet A. Maher's new term and the end of her first term as president of the Hicksville Republican Club. Maher is shown above with (left) Joe Jablonsky, Hicksville Republican Leader; and Harold McConnell (right), Nassau County Clerk. Mr. McConnell was the installing officer for the officers and directors of the Club on January 11 at their regular meeting.

During Mrs. Maher's first term of office several successful events were held by the Club such as a dinner/dance, square dance, Chinese auction, rally night and a Christmas-Chanukah party. She plans to initiate even more such events during her new term of office as Club president, and invites the public to attend these and the monthly meetings of the Club which are held on the second Friday of each month at 8:30 p.m. VFW Hall, 320 South Broadway, Hicksville.

MOVING

If you're moving across the country this year, you're not alone. Thanks to economic upturn, more firms are moving more of their people. In one area, for instance, I.B.M. moved 857 employees during the first half of 1983; by the same period of 1984, they moved 3,231.

K of C Plans Charity Drive

Sam Repoli, Grand Knight of Joseph F. Lamb (Plainview) Council, Knights of Columbus recently attended a kick-off meeting for this year's Nassau-Suffolk Chapter, Knights of Columbus, Charity Drive. The annual drive has as its principal benefactor, the Cleary School for the Deaf, a non-sectarian school for the deaf and hard of hearing, located in Lake Ronkonkoma.

The meeting consisted of

short talks by committee chairmen, outlining the work of their committee (Journal, Ball, Donations, etc.) and seeking the support of Councils throughout Nassau and Suffolk Counties.

General Chairman of the 1985 Charity Drive, Edward P. Freudenberg of Central Islip, called upon Knights, Columbiettes and Ladies Auxiliaries to put forth a maximum effort for a successful campaign.

The Joseph F. Lamb Council will participate in this year's drive as it has in the past and seeks the support of the Community. Grand Knight Sam Repoli said, "the main purpose of our organization is Charity, and this will be one of our major efforts for 1985."

The Charity Drive culminates at the Annual Ball to be held on April 19th at the Colonial Hill in Hauppauge.
