Day and Night Hearings Set On Special-Use Permit For White Castle

The Oyster Bay Town Board has set a Tuesday, March 26, day and night hearing on the application of Ricmac Equities Corporation and White Castle System, Inc. for a special use permit to erect and operate a White Castle System, Inc. for a special use permit to erect and operate a White Castle Fast Food Restaurant with drive-in window service in Hicksville, according to Oyster Bay Town Councilman Kenneth S. Diamond.

Diamond said, "the hearing on this proposal was originally scheduled for November 13, 1984 but was postponed at the request of the attorney for the petitioner."

The property, zoned "G" Business District (General Business) is located at the intersection of the west side of Bethpage Road and the northerly side of Willett Avenue in Hicksville.

Diamond added that, "a petition requesting a night hearing containing the required number of signatures from residents within a one mile radius of the site was received by the Town Clerk's office."

The hearing has been scheduled to begin at 10 AM and will be continued at 8 PM on Tuesday, March 26, 1985 in the Town Hall East hearing room, Audrey Avenue, Oyster Bay.

A North Hicksville Civic Association Reactivated

By Gertrude Paul

Spurred by their common desire to prevent Ric-Mac Equities Inc. from building a White Castle fast-food emporium and drive-in, and cognizant of many other urgent community problems such as the state-proposed widening of Nevada St., the homeowners of the 15th Assembly District in north Hicksville decided to unite and fight.

The Auditorium was filled and standing room was exhausted as over 250 people attended a meeting of the Midland Civic Association which was held at the Willett Avenue School on Tuesday, February 26th. Presidents of other Hicksville and Jericho Civic Associations also were in attendance.

The meeting ran smoothly and efficiently. There were addresses by President Lee Margaris, Ellie Draycott, Peter Costello, Virginia Germer, Eileen Delaney, Gertrude Paul and Eileen Richards.

The audience participated in a question and answer period and 130 families promptly joined the Midland Civic Association. It is hoped that the membership will become a potent force in addressing the future needs of the northern sector of Hicksville and will also work with other community organizations to help solve the problems common to many areas in the Town of Oyster Bay.

Hicksville Gardens Civic Association News

On Monday, Feb. 25th, at East St. School's All Purpose Room, the Hicksville Gardens Civic Association held its second meeting. There were about 65 residents in attendance.

The topic for this meeting was Crime Prevention. Two police officers from the Nassau County Police Headquarters Crime Prevention Unit addressed the group and answered many questions concerning vandalism to private property, dealing with problems of local teenagers, and many other issues concerning the resi-

dents of the area. The police officers advised the residents of different agencies within the Police Dept. which handle problems.

The police officers also came prepared with statistics which represented burglaries and robberies in Hicksville. The figures showed that although there is crime in the area it seems to be showing a drop recently.

Effie Krogmann the President of the Hicksville Chamber of Commerce was kind enough to address the

Galileo Lodge News

By Joe Lorenzo

PRESIDENT PETE MASSIELLO'S MESSAGE: "Despair not only aggravates our misery but aggravates our weakness as well." Old Saying

If you are aware of the weather we've been having lately, and I'm sure that you are, how can you not but think of spring and what it has to offer. Perhaps you might be thinking also of what the Galileo Lodge has to offer in the way of recreation and pleasure. Well, the Galileo Lodge will not fail you as it announces that on Saturday, the 16th of March, it will present its St.

Joseph's Day Dance. Tickets will sell at \$12.50 per person, and in the offering will be a delicious hot dinner with all the trimmings, set-ups, beer, soda, coffee and cake and music for your listening and dancing pleasure. Joe Lo Presti will chair this dance, ably assisted by Joe Morace (931-2584) and Tony Sica (796-8789), who, incidentally will be selling tickets for this dance. To embellish the evening's proceedings, Bert Molinelli and Joe Crivelli will be honored also that night. Please note that a 'bring-your-own-liquor' policy will be in effect

that night. So for an activity which can be considered a forerunner of all spring activities at the Galileo Lodge, this dance should be one not to be missed.

A MESSAGE TO ALL MEMBERS: All members who are desirous of purchasing purple jackets (wind-breaker type) with the Galileo Lodge name and logo appearing on it, should contact Tony Sica (796-8789). If he gets enough orders, he will be able to purchase these jackets at reasonable prices.

The Ladies Auxiliary of the Galileo Lodge, also full aware of the coming spring season and the nice and beautiful feelings it can bring about, announce a few pleasurable activities of their own. To begin with, on Thursday, the 21st of March, it will present a Fashion Show with dinner and all the trimmings included such as beer, soda, coffee and cake and set-ups for the nominal price of \$10.50 per person. Mary Sarerra (433-6289) will supervise this activity. Men are cordially invited to attend and do note that a

'bring-your-own-liquor' policy will be in effect that night. Call Mary as soon as possible and inquire about tickets and other information you might be interested in.

and, of course, in April, the Galileo Lodge presents one of its most important and noteworthy affairs. Of course I am referring to our Lodge's 13th Annual Anniversary Dance, which will take place on Saturday, the 24th of April. Joe Giordano will supervise this activity, aided by a committee he will choose very soon. Please note that Joe Montmarano, State President of the O.I.S.A., will be honored and that the Louise E. Massiello Memorial Scholarship Awards will be handed out that night also. Naturally, all members, as in all our other affairs, are urged to support this dance and really help to keep these scholarship awards alive. Call Joe Giordano at 433-4555 for more details, although more information concerning this activity will appear very soon in this column.

Once again, referring to spring and what it does to our thoughts and desires, I would say that another leisure-filled and enjoyable

event planned by the Ladies Auxiliary of the Galileo Lodge is the three-day trip to the Villa Roma in upstate New York. The dates are the 12th, 13th and 14th of April, which is, of course, Friday to Sunday. The price is around \$150, bus fare not included: Mary Monteforte, President Mary Monteforte of the Ladies Auxiliary will lend her charming presence as hostess for that event. Call Mary at 938-9358 or Fran Ausiello for more information if you so desire. Buses will leave from the Galileo Lodge.

NOTICE TO MEMBERS, PATRONS AND FRIENDS: If you're planning parties for various occasions, if you're running a dance, holding a meeting or presenting any kind of an activity or social function where and when you need first-class facilities, room, decor, ambience, catering or personal service, the Galileo Lodge may be the place you are seeking. All you have to do is call or contact Skip Monteforte (935-9358 or 931-9351) and he will provide you with first-hand information concerning the Galileo Lodge and what it has to offer and its rental particulars.

SELLING INVESTMENTS TO NORTH SHORE 'HIPPIES'

Competition for the investment dollars of the North Shore High-Income Professional People (dare we call them "HIPPIES"?), is growing increasingly sophisticated—a fact underscored by the two-day seminar at the New York Hilton last week on "Marketing Financial Services to the Affluent." More than one hundred bankers, accountants, financial advisers, and representatives of a wide variety of financial institutions heard speakers February 21-22 describe innovative—and effective—techniques for selling their products and services to the rest of us.

Sponsored by The Banking Law Institute and operated by Executive Enterprises, Inc., the conference featured more than a dozen top marketing and financial executives addressing such topics as: profiling the new customer for financial services; the affluent market and how to find it; and direct selling campaigns to appeal to the special needs and wants of the affluent.

Another seminar coming up in Manhattan that may interest North Shore financial marketers is an April 10-11 conference on "Marketing Financial Products Through Non-Traditional Delivery Vehicles." Further information is available from Ms. Georgiana Consiglio, Vice President, Executive Enterprises, Inc., 33 West 60th St., NYC 10023 (212) 489-2674.

HOME PRICES HERE SET RECORD

The average price of a home sold in the Town of Oyster Bay in the last quarter of 1984 was \$147,476—an all-time high and the second highest average for any of Long Island's towns (the highest was North Hempstead, at \$219,063). A Babylon-based research firm reported that the greatest number of transactions in Oyster Bay occurred in Massapequa (182 homes sold) and Hicksville (101 homes sold). Opinions differ on whether the prices will stabilize or whether, as Dr. Pearl Kamer, director of Hofstra's Business Research Institute, claims, the 25-35 year old buyers will continue to push up prices as their needs require larger living quarters.

LOANS FOR BUSINESS EXPANSION ON RISE

The total amount of loans made to all clients in February 1985 increased by 50 percent over the amount in February 1984, reported Vito Piche, president of Selective Financial Services, Valley Stream. Mr. Piche said the leading reasons for loans were to expand existing businesses, to open new businesses, and to consolidate debts. Ninety percent of Selective Financial Services' loans in February were made to people on Long Island, about 20 percent of the loans were to North Shore clients. Selective Financial Services, one of four divisions of the financial services firm of Selective Concepts, has loaned more than \$ million to businesses and consumers since its formation in 1977.

ATRIUM OFFICES AVAILABLE

Office space in the new, 150,000-square foot office complex, the Jericho Atrium, in Birchwood Plaza on Route 106/107 north of the LIE's Exit 41 is available from exclusive leasing agent Cushman & Wakefield, Garden City. (Contact: Alan H. Rosenberg, senior broker.) Asking rent ranges from \$21 to \$25 per square foot, plus electricity, according to Cushman & Wakefield.

TECH ED SCHOLARSHIPS OFFERED

Soaring demands for engineers are being surpassed by the demand for technicians and engineering-support service people. Reflecting the demand, Suburban Technical School, Hempstead, LI's largest tech ed facility, has opened a Suffolk Center in Commack and is now offering 23 scholarships valued at more than \$14,000. The scholarships include a \$5,100 full-tuition award, two half-tuition awards, and twenty \$200 awards for study in the fields of digital computer technology, microprocessors, electronic inspection and assembly, and analog communications. LI high school students graduating by this June are eligible to apply and should obtain further information from school guidance counselors or from STS at 175 Fulton Avenue, Hempstead (481-6660) or 40 Kings Park Road, Commack (543-3990).

Dear Friends . . .

Our Community Council

Present problems have brought about the reactivation of several local civic associations. This is encouraging. Through the fourteen long years in which the Hicksville Community Council has worked with its membership of organizational delegates and concerned local residents, many local problems have been addressed. It was possible by working with local and state representatives, to help solve some of these problems, while others still exist, their solutions of necessity, taking longer to achieve.

Therefore, as we have said, it is encouraging when new strength and enthusiasm shows itself in our civics, for, working together with other groups interested in civic betterment, it is more likely that we can succeed. If we work together on the problems that affect the entire community, there is only one result that can be predicted with accuracy...and that is, "a better Hicksville."

So, let's go forward together helping each other to solve whatever community problems require our attention.

See you at the Community Council March meeting which is set for 8 p.m. in the Community Room of the Hicksville Library. Several local districts will have their latest reports for you. And an updated report on civic activities will be heard.

Condolences to Jim Cummings of Hicksville on the loss of his mother who passed away last weekend at the age of 93.

At The School Board Meeting

The approval of curriculum projects prepared during the summer was the first action item on the evening's agenda. The Board was asked to approve curricula in the areas of physical education and science. Curriculum documents for Language Arts and Math were accepted, but action to approve them was postponed.

The Board was presented with a reorganization plan for the Business Office to provide flexibility in making appointments and expanding upon a career plan developed for the area as well as to provide a higher level of efficiency by separating the functions of purchasing, accounting, and auditing. The Board accepted the plan and approved the proposed table of organization.

Other financial matters addressed were the acceptance of the Transfer Report and the Second Quarterly Financial Report and the award of bids to two vendors of floor maintenance supplies in the amount of \$2,136.75. Claims and war-

rants in the amount of \$5,491,462.31 were also approved.

Dr. Fenton presented recommendations for the placement of students in vocational programs. In addition to programs offered by BOCES, several courses offered by the East Meadow and Levittown school districts were recommended for student placements during the next school year to provide Hicksville students with the best vocational programs available. Students who are currently attending at BOCES will remain to complete their course of study. These recommendations were approved by the Board for implementation during the coming year.

The remaining actions taken by the Board were the approval of the European trip sponsored by the Humanities Program at the High School, the acceptance of recommendations of the Committee of the Handicapped generated at the

meetings of January 30th, and February 13th, and the approval of personnel items.

The Superintendent's Report included a presentation of a fire safety program of instruction for use in grades K through 12. The district signed an agreement with the Vocational Education and Extension Board (VEEB) to provide curriculum materials and assistance. The elementary level program is titled "Learn Not to Burn," and the secondary level curriculum is "Fire Safety for the Rest of Your Life." VEEB will conduct workshops for teachers presenting the program and they will make an extensive library of audiovisual and written materials available to the district free of charge.

Dr. Fenton asked Busi-

ness Administrator William Hall to describe a proposal for a direct deposit of the district payroll prepared by Citibank. A complete report of the plan including services and benefits to employees and the district was provided to the Board for consideration and possible future action. There were many questions from the Board regarding the possible benefits to the district as well as negative aspects of the plan. Mr. Hall stressed that the direct deposit plan would be voluntary on the part of district employees and that he would be exploring similar plans offered by other local banks to find the best plan available to present to the Board for further consideration.

(Continued Next Week)

School Committees To Meet

Wednesday, March 6th, is the next scheduled meeting date for two Hicksville Board of Education committees. The Curriculum Committee will be discussing the Regents Action Plan and they will meet with Dr. Souer, a math consultant hired by the district. The previous meeting's activities included a review of curricula written during the summer in the areas of English, math, science, and physical education. A discussion of vocational education and a fire safety program were also part of the agenda.

The District Facilities/Community Affairs Committee, also meeting on

March 6th, has been addressing the renovation of the war memorial area at the Junior High School and plans for the Hall of Fame at Hicksville High School as well as other concerns relating to district buildings.

Board of Education President William P. Bennett and committee chairs Arlene Rudin and Daniel C. MacBride encourage district residents to join in the work of these important committees. Active participation by committee members is a vital element in school district activities.

Both committees will convene at 8:15 pm at the Administration Building on Division Avenue.

War Memorial To Be Renovated

Extensive renovation will soon begin at the war memorial site at Hicksville Junior High School through a joint project of the Hicksville Public Schools and the local veteran's organizations. The plan is the result of discussions with district representatives, veterans, and other residents participating on the Board of Education's District Facilities/Community Affairs Committee about proposed changes in landscaping and the erection of flagpoles and a monument recognizing Korean and Vietnam veterans.

Trustee Daniel C. MacBride (right) are shown here reviewing the plan which includes new shrubbery and plantings, flagpoles representing country, state, and town, and the installation of an additional monument. The first step in the process will be the removal of some of the existing overgrown shrubbery to prevent further vandalism to the area, and new shrubbery will be limited to a height of three and one-half feet. When completed, this memorial area will be a fitting place of honor in memory of all the men and women of Hicksville who served their country throughout the years.

group on the G-1 Business Zone which affects the entire community of Hicksville. Mrs. Krogmann explained how the restrictive nature of this type of zoning, coupled with small individually-owned business plots have so far left downtown Hicksville undeveloped on Broadway, from the railroad trestle down to Old Country Road, where this zone ends on its southern boundary. She expressed the hope that all of Hicksville, both businesses and residential areas could work together to help solve this problem so that a well-developed downtown area could help not only to serve local residents but also to help alleviate its tax burden.

The next meeting of the Hicksville Gardens Civic Association will be advertised when the date is set. If you live between New South Rd. and South Oyster Bay Rd. and between Old Country Rd. and Tudor Rd., come join your neighbors and friends and have something to say about your neighborhood and all that affects it.

L.I. Direct Marketing Association Tours Automated Post Office

Over 50 representatives from the Long Island Direct Marketing Association visited the Hicksville Post Office to see the latest in postal automation. It was an evening designed to introduce Roger Nienaber, the new Manager-Postmaster of the Hicksville Sectional Center to the large direct marketing community of Long Island.

Mr. Nienaber spoke about his 17 year postal career in Cincinnati and Columbus, Ohio and about his commitment to providing all postal customers with efficient and safe service. Nienaber noted that "Long Island has a proud tradition of leadership in the mailing industry generating 19-25% of the nation's third-class bulk business mail. I intend to work closely with you to keep Long Island on top in the direct marketing industry."

Kathy Grieger of Beautiful Visions in Hicksville and President of the Long Island Direct Marketing Association said "The tour was enlightening to me with my years in direct marketing. I've never seen the guts of a postal operation."

The Hicksville postal operation handles over 3 million pieces of mail daily or over 1 billion pieces a year. Last year the postal service mail volume rose 10% to 131.5 billion pieces.

The tour started with a display of the mechanized letter sorting machines which handle 70% of the mail. These machines are operated by a crew of 17 people who process 1,850 pieces of mail per hour compared to 800 pieces for manual sorting. The demonstrations of the automated OPTICAL CHARACTER READER which handles 28,000 pieces of mail per hour with 3 operators and the BAR CODE READER which reads 10,000 pieces per hour is a vivid example of the latest in mail processing technology.

Postmaster Nienaber stressed that "zip & 4 is the key to allowing the postal service to maximize our investment in automation. It enables us to handle more mail by handling it less. The additional four digits provide the information for machines to automatically sort letters down to the carriers route, large buildings, post office boxes or one side of the street. The result is more accurate, less costly sorting. That translates into more consistent service and stable postage rates."

"Recently Citicorp, N.Y. Telephone and LILCO have taken advantage of savings zip & 4 offers them on their large mailings, and we hope other businesses and organizations look into this method of improving their mail operation" said Nienaber.

Cathy Grieger, Marketing Director of Beautiful Visions of Hicksville and President of the Long Island Direct Marketing Association joins Hicksville Sectional Center Manager-Postmaster Roger Nienaber, Marie Fierro, Special Projects Administrator for Doubleday Book Clubs and Mike Abbene, Letter Shop Director for Publishers Clearing House on their recent tour of Hicksville Post Office's Automated Mail Processing facility.

Thursday, February 28, Hicksville PTSA held its annual FOUNDERS DAY DINNER at the Crest Hollow Country Club. The Senior High PTSA has chosen as its guests, Sue Epstein, Nancy Desorbo and Nancy Staron.

Sue Epstein has been an active member of PTA for eleven years. She held many chairs in the Dutch Lane PTA as well as the Junior and Senior High PTSA where she worked very hard. She is currently Corresponding Secretary in the high school and serves on many committees. It requires a special ability and lot of hard work to succeed as Sue has done. Sue and her husband Sid have two children, Sheri is currently a Junior at Post College and Scott

is 9th grader in the Junior High.

Nancy Desorbo has been teaching in the Hicksville School District for the last twelve years. She teaches Business Education, and has been Director of Student Activities for the last four years. She is currently Advisor to Student Government and is also Senior Class Advisor. She does not know the meaning of the word "NO". When anyone wants something done, whether it be administrators, fellow teachers or students, they always know Nancy is there to help.

Nancy wears many hats, one of which is Assistant Director on the Nassau District PTA Board. Dedication and devotion are her middle names. Nancy and husband Joe, have one daughter Barbara, who is Junior at N.Y. Institute of Technology.

"We thank them for their work and dedication to PTA," a PTA spokesperson concluded.

By A. Blicker

The Hicksville Shamocks 1974 traveling soccer team ran their Shep Messing, Indoor League record to three wins, no losses this past Sunday as they scalped the Bethpage Renegades 12-4.

Something To Think About

VERN & BILL WAGNER
TWO GENERATIONS OF SERVICE

LAST MINUTE ARRANGEMENTS

When you consider how much time and thought most people put into rather routine and modest arrangements and purchases, it seems ironic how little thought and planning is done for making funeral arrangements. The reason for this is, in most cases, procrastination. The problem with any time-of-need, last-minute arrangement is that you don't have the leisure to consider options.

You have no opportunity to shop around, either for the type of casket you're selecting or the atmosphere of the funeral home and personalities of the individuals who are working with you. By waiting until the need arises, you are pretty much limited to the merchandise and environment of the one place you select. There realistically just isn't much time for prudent comparison, even in the unlikely event that you'll stop to it.

Many last-minute funeral preparations will result in a perfectly satisfactory funeral. However, there are differences in funeral homes and you would be wise to look around at your leisure.

World Day Of Prayer

The Lutheran Church of St. Stephen, Broadway, Hicksville, will host World Day of Prayer on Friday March 1, 1985 at 8 P.M. World Day of Prayer is celebrated in churches across the United States and in 170 countries and regions of the world. This 1985 service takes as its theme "Peace Through Prayer and Action." Written by Christian women of India, it calls people the world over to gather for the 98th consecutive year to circle the globe in prayer for peace and to actively become peacemakers. The service seeks to motivate a commitment on the part of participants to become personally involved

in the peacemaking process as individuals and as families within their communities, their nation and the world.

There will also be a presentation by Rev. Theodore Grant, Pastor of Redeemer Lutheran Church, of the film "Midisland Homeless." Refreshments will be served and everyone is invited. Please bring food for Pantry. For further information please call the church office WE 1-0710.

World Day of Prayer is sponsored in the United States by Church Women United, an ecumenical movement that brings Pro-

testant, Roman Catholic and Orthodox women together into one Christian "community of caring." Church Women United (CWU) represents a broad spectrum of religious tradition, race, age, economic status and ethnic background and works through a national unit, 51 state units, including one in greater Washington, DC and 1,800 local units. World Day of Prayer offerings make possible the mission of CWU including Intercontinental Grants for Mission programs that fund national and international projects in support of the empowerment of women, human rights, justice and peace.
