### Library Closed Today

The Hicksville Public Library has been informed by the Long Island Lighting Company that the Library must be closed on Friday, May 10th (rain date May 17th) so that they can connect the library meter. The library will be open Saturday, May 11th.

Mrs. Blaunboer's second grade class from Burns Avenue School visits the Consumer Fair at the Hicksville Post Office. Post-master Roger Nienaber (rear left) greeted the children and introduced them to McGruff, the Crime Dog and Inspector Joseph Fileccia (in booth). They learned about mail fraud and postal crimes. On their tour of the post office they saw how their letters travel through the mail system on their way to their carriers for home delivery. After their visit, the children received Dogwatcher's Coloring Books and stamp albums as mementos of their first trip to a Consumer Fair at the post office.

## School Board To Consider All Day Kindergarten

The Board of Education will be asked to consider the recommendation of the Superintendent for implementation of a full-day Kindergarten program in Hicksville in September 1985. This recommendation, which will involve no additional cost to the district beyond the 1985-86 budget, will appear on the agenda of a special meeting to be held on May 15 at 8:00 P.M.

The Kindergarten proposal is the result of a study conducted by a committee of elementary principals, parents, and teachers who visited other districts now holding this kind of program. The points of view of the committee members ranged from total support for full-day Kindergarten to full opposition to such a plan, but committee members in opposition changed their opinions after the visits were completed and existing programs were observed.

Another element in the development of the proposal was a full review of current research on the factors and advantages. Recent educational research on students' learning successes has emphasized that the single most important factor in ensuring that all children have an opportunity to master basic skills is the amount of time the teacher devotes to actively working with students on subject matter. The

professional literature refers to this as "time on task," noting that the more time students have to practice their skills, the better they will perform.

The program proposed for Hicksville will not entail expanding the curriculum, but will give teachers more time to cover the material in the curriculum now in place. No additional facilities will be required, since existing classrooms needed for Kindergarten can be refitted at an estimated cost of \$15,000. These costs can be covered from funds in the 1985-86 budget. Staffing changes brought about by retirements of teachers at the top of the pay scale to be replaced by new teachers and reassignments of helping math teachers and other staff members with Kindergarten experience will result in negligible increases in staff costs for the full-day Kindergarten program. In summary, the program could be effectively implemented within the proposed budget for the coming year.

Parents of incoming Kindergarten students are being surveyed to learn their response to the full-day program. The information gathered during this process will be provided to the Board before their vote. Parents will also have the option of sending their children for a half-day session if they wish.

## Midland Civic Assoc. Meeting and Celebration

The next meeting of the Midland Civic Assoc. will be held at the Willet Ave. School on Thursday, May 16th, at 8 P.M.

"It will be a happy occasion, as we will be celebrating our first victory, the defeat of the "White Castle" use permit," said a spokesperson for this Civic Assoc.

Permanent officers and members of the Board will be elected and then installed by N.Y. State Assemblyman, Dan Frata. Present will be many notable guests: Councilmen Tom Clark and Kenneth Diamond, and Presidents of other Civic Associations in Hicksville and Jericho. The program

for the evening will include a talk on "A Neighborhood Watch", which will instruct us in how to watch out for each other's safety and property. Where this program is in effect, there is a marked decrease in crime.

The meeting will end with a social where we can talk to each other over coffee and cake.

"Do come! If you haven't joined yet, this is the time! Become part of the "voice" for North Hicksville. It shall improve the quality of life for all of us!"

## Library Exhibit Honors Hicksville War Dead

A touching and beautiful tribute to Hicksville's war dead of four wars has begun: a month's display in the Hicksville Public Library.

Prepared by the Historical Committee for the Hicksville Gregory Museum, the exhibit is a timely and fitting Remembrance of those from this village who "gave the last full measure of devotion" to the nation's wartime causes.

For the first time, the community will be better able to grasp the tragedy and enormity of Hicksville's wartime losses and the faithful service of its sons. There are pictures of most of the community's 37 heroic dead, those of our loss in Vietnam a poignant reminder of that brutal and prolonged agony so recent in our memories.

This exhibit comes most appropriately for the 10th

and 40th Anniversaries of the ends of World War II and the Vietnam War.

It compliments the excellent renovation and preservation work of the Hicksville School Board at the Hicksville War Memorials at the Junior High School.

Sixth graders (l-r: Christy Sell, Liz Kowalski, Kim Stephan and Samantha Smith) enjoyed Old Country Road PTA's recent roller skating party at Levittown Roller Rink. (In upper picture). On April 25, Old Country Road's Art Show, under the direction of Mercedes Paulsen, demonstrated different techniques learned by its students. (Fifth graders (l-r: Karina Perez, Tara Mulheron, Kathy Murray and Kim Blatz).

## Gregory Museum Craft Workshops

The Gregory Museum: Long Island Earth Science Center has announced that a series of children's craft-oriented workshops will take place on Saturday afternoons, starting May 18th.

Sandpainting will be the focus of the first of the museum's new series of popular nature craft programs conducted by Joan Scancarelli.

Open to children ages 9-12. "Sandpainting" will offer youngsters an opportunity to learn the history of work of art to take home.

Registrations are now being taken by mail or in person. The fee for this craft program on May 18th is \$5.00 and should accompany the advance registration. The Gregory Museum is located at Heitz Place, Hicksville, 11801.

**PRESIDENT PETE MASSIELLI'S MESSAGE:**  
"To give up pretensions is as blessed a relief as to get them gratified." William James.

Last Friday night, the 3rd of May, the Ladies Auxiliary of the Galileo Lodge held its Military Bridge Tournament. Needless to mention that it was quite a success. Members of the Ladies Auxiliary involved here were, namely, Maria Prudenti and May Bonarri and others, gave up their time and efforts to ensure the success of this activity.

What makes an organization stand out, what makes it great is its propensity to transform worthy ideas into realities — realities of pleasure, relaxation, leisure and enjoyment, the Galileo Lodge, of course, fits into this mold. At the Galileo Lodge you see one activity succeed another, like a never-ending cycle of events that are presented for the edification of its members, friends and patrons. Thus it follows that ideas do not remain dormant at the Galileo Lodge for any period of time. And we might say also that the Ladies Auxiliary falls into the same patterns

as it announces that on Saturday, the 25th of May, it will present its May Dance. Tickets sell at \$12.50 per person, and in the offering will be a delicious hot meal, beer, soda, coffee and cake, set-ups and music for your listening and dancing pleasure. Mella Scibelli will 'chair' this activity, ably assisted by co-Chairlady Ann Palermo. Ann is also in charge of ticket sales, and she can be reached at 334-7107 and 931-9351. Acting also as co-chairladies will be Marion Danseglio and Carmen Russo. Please note that a 'bring-your-own-liquor' policy will be in effect that night. Note please that Ann Palermo will be selling tickets at the Galileo Lodge during the week, from 8 to 10 P.M. A May-time motif will certainly embellish the proceedings for that special night. So for an enjoyable early summer activity, how can you beat the friendly environment engendered by the Ladies Auxiliary.

And then there is something kind of special for all you fishing enthusiasts. Yes, it's a fishing trip scheduled for Sunday, the 30th of June. The boat is the

Capt. Ritchie, the fee is \$25, and this included food, beer, soda, rod, reel and bait. A nice morning breakfast at the Galileo Lodge, around 7:00 A.M. will start off the day. The boat holds about 80 people, it is also private, and it leaves Freeport at 8:00 A.M. and returns at 3:00 P.M. Call John Keiper (931-3758) and Jim Posillico (334-3758). The other two fishing dates are July 25th and September 15th. The price for children twelve and under is \$15. I understand that you do not have to be a fishing enthusiast to enjoy these fishing trips, they are just as enjoyable as plain, old outing for a Sunday.

For any member who has not received information to the effect that a special election will be held at our next regular meeting to fill the vacant seat of Trustee, Nominations may be called from the floor. Joe LoPresti has been chosen to fill this seat in the interim. The meeting is Thursday night, the 9th of May, at 8:30 P.M.

Please be aware of the Greater New York Blood Program which will visit the Galileo Lodge on Tuesday,

the 27th of June, from 4:00 P.M. to 8:45 P.M. As we always state when this humane program starts, that when you donate a pint of blood, you are guaranteeing the availability of blood for you and your family. Nobody can predict when illness strike or sicknesses occur, so the thought of having this life-giving commodity at your beck and call must surely be a gratifying and satisfying condition. Jim Rerisi (681-4578) is the supervisor, of the program, ably assisted by Jim Posillico (334-6852), Frank Matassa (931-2843) and Tony Sica (796-8789). The age limit is between the ages of 17 to 65 and you must weigh 110 pounds or more. As the saying maintains, the life you save may be your own.

**NOTICE:** Please return all raffle books mailed to you by the Grand Lodge to the Galileo Lodge only. Make checks payable to Galileo Lodge, N. 2253. The latest that you can turn in these raffle books is May 23rd, our social meeting night. Jim Rerisi is the chairman of the Raffle Book Committee.

# "What we're doing, we're doing for you."

Paul R. Martin, Jr.  
Communications Manager  
Long Island

There have been a lot of changes in the telephone business recently. But we're still your local phone company. We make it possible for you to be connected to the remarkable network that meets the communications needs of all New Yorkers.

Now, as a member of the NYNEX family of companies, New York Telephone is on the leading edge of advances in telecommunications technology.

For example, we are installing cables around the state containing hair-thin fibers made of glass. One pair of these fiber optic strands can carry thousands of phone conversations at one time - compared with the 20 conversations that can be carried by conventional copper cables. Fiber optics makes our service more efficient, so it could make your home or business service less expensive.

We have more fiber optic cable in use than any other communications company in the country.

Despite all the emphasis on new technology and change these days, something old fashioned does remain. That's our concern for the quality of your service.

Here are suggestions that help you get the most out of that service - and to help you get answers to questions you might have:

● **Your New York Telephone Home phone service representative** can answer questions you might have about the phone service we provide in your home. Your Business phone service representative can handle questions about the phone service we provide for your office. Their telephone numbers are listed in the Customer Guide pages of your telephone directory and on your phone bill. Repair service is available if you are having trouble with your telephone lines. Telephone numbers for the repair service centers are also located in the Customer Guide pages.

● **What are LATAs or Regional Calling Areas?** They are calling areas within New York State that we serve. LATA stands for Local Access and Transport Area, but it is more commonly known as a Regional Calling Area. New York Telephone gives you the lowest calling rates for 95 percent of the calls in 100 percent of these territories, 100 percent of the time. We have a booklet that explains Regional Calling Areas, or LATAs. For a copy, call your Home phone service center.

● **What is equal access?** As a result of the breakup of the Bell System, New York Telephone no longer provides long distance service to points outside your Regional Calling Area. However, we are your basic link to the companies that do provide it. To reach many of these companies, you currently have to dial additional numbers. We are reprogramming our network so that you will be able to reach the long distance company of your choice by simply dialing "1" plus the area code. That's equal access. We plan to have equal access connections to about half of our customers by the end of 1986 and will continue to update our offices into the future.

We are introducing equal access over a period of time, according to a court-approved schedule. We'll be keeping you informed about when it is scheduled to come to your area.

● **What is an access charge?** Access charges are part of the pricing of phone service made necessary by the introduction of competition in the telecommunications industry. It is a new \$1-a-month charge to be added to home phone bills and single-line businesses starting June 1. Larger businesses are already paying an access charge of nearly \$6. The new charge is the result of a Federal Communications Commission decision. It will help us pay the costs of operating and maintaining the line that connects your home or office with our central office. For us, these costs continue regardless of how many calls you make.

Last November, we asked the state's Public Service Commission for a rate increase that would take effect in late 1985. Public hearings were held at various locations around the state during March and April. A decision on our request is due in October.

● **Do you know how many telephone area codes there are in New York City?** There used to be just one, but now there are two. We've added 718 to cover Brooklyn, Queens and Staten Island. Manhattan and The Bronx are still served by the 212 area code. The new area code doubles the supply of telephone numbers that are available to customers throughout the city. Without it, customers would have had to wait for a number to become available.

New York Telephone can meet the communications needs of all New Yorkers. And what we're doing, we're doing for you.

## "Annie" Gets Rave Reviews

Hicksville Junior High School's production of "Annie" opened to large audiences and rave reviews. The show was presented on April 25, 26, and 27 and more than 1,000 people attended the three performances.

Jessica Garnets starred as Annie and did an outstanding job. Richie Halstead, who played Daddy Warbucks, was very effective in his role. Susan Squires, as Grace, added a sophistication to the role that the audience loved. Melissa Sheinwald played Miss Hannigan, and one could actually feel the orphan's fear of her. Sal Noto and Jennifer Tower were great as Rooster and Lily, the couple who tried to trick Warbucks out of \$50,000. Steve Ludwig, Billy Ryden, Tommy Schiffer, and Eileen Sharkey, playing supporting roles, added greatly to the overall quality of the show.

The orphans and orphan's chorus, outstanding in all the production numbers, were headed by Doreen Barile, Christine Behler, Shipra Patel, Carol Rubin, and Melissa Weinberg. The

servants and servant's chorus members were equally good. Sandy was played by a dog named Bingo, and each night he was the hit of the show. The orchestra, numbering 25, was complimented each night by many members of the audience. The sets were very effective and all facets of the production ran smoothly and

## Weiss-Winberry Nuptials

Christine Mary Weiss became the bride of Mr. Robert Joseph Winberry during a nuptial mass at St. Ignatius Loyola R.C. Church on Saturday, April 20th at 3 P.M.

The celebrant at this ceremony was the bride's cousin, Rev. Roman J. Szarama, who came down from Florida, N.Y. to officiate.

The bride wore a gown of white satin and lace and carried a bouquet of white orchids, stephanotis and lily-of-the-valley. Her sister-in-law, Mrs. Nancy Weiss was her matron-of-honor.

The bridesmaids were Jane Canovas, Angela Weiss, Lisa Weiss, Christine Winberry, Nadine Winberry and Susan Winberry. Christine's niece, Danielle Weiss, was a most able flower girl.

The groom's best man was his brother, James Winberry, and the following were ushers: Ernest Canovas, Michael Graham, Sabino Rutigliano, Richard Weiss, Thomas Weiss and William Weiss. The groom's brother, John, served as a very competent ringbearer.

Mr. and Mrs. Robert J. Winberry

At the conclusion of the ceremony, Father Szarama presented the bride and groom with an apostolic blessing from His Holiness, Pope John Paul II.

After a gala reception at the Huntington Town House, the radiant couple

left for a honeymoon in Bermuda. Upon their return they will reside in Holbrook, N.Y.

Christine is the daughter of Mr. & Mrs. Robert H. Weiss, of 83 Elm Street, Hicksville.

# Hicksville White Castle Special Use Permit Denied

The Oyster Bay Town Board has denied a request for a special use permit to construct and operate a White Castle Fast Food Restaurant in Hicksville, according to Town Councilman Thomas L. Clark.

Clark said, "after a day and night public hearing held on March 26, 1985, on the request of Ricmac Equities Corp., and White Castle Systems, Inc., the Board determined that the use of

the property for a fast food restaurant was incompatible with the surrounding areas which are essentially residential."

The Town Board's denial of the special use request also cited concerns regarding increased traffic congestion, littering and odor problems which could result since the size of the property is approximately less than half the size of other, similar

type fast food restaurants.

At the public hearing area residents expressed concerns regarding traffic safety because of the restaurant's proximity to a neighborhood elementary school, as well as problems with regard to loud, late night noises associated with extended hours of operation and pointed to littering problems in residential neighborhoods adjacent to similar fast food operations.

## DONOVAN Report

Real Estate:  
Karen Donovan

### KEEPING UP

Just a few years ago, adjustable rate mortgages were a new phenomenon. Today they represent 36 percent of all first mortgages in existence in the U.S. Lenders met a need with a new product, and both the real estate industry and buyers found its advantages.

The real estate business is constantly changing. New laws, tax rulings, and developments in the money market—not to mention new building ideas and new demands from buyers—all must be followed. It's a full-time job for real estate professionals to keep up with it. No homeowner has the time.

You can't sell today's customer by yesterdays rule. We make it our business to keep up. It IS our business to show, negotiate, sell, get the best price for our clients. We take over all the marketing details and move the transaction to fruition. We know how—so you don't have to!

BY ORDER OF THE TOWN BOARD OF THE TOWN OF OYSTER BAY  
Ann R. Ocker, Town Clerk

Joseph Colby, Supervisor  
Dated: Oyster Bay, New York  
April 30, 1985  
STATE OF NEW YORK,  
COUNTY OF NASSAU,) ss.:  
TOWN OF OYSTER BAY)

Since fourth graders in Willet Ave. School, Hicksville, are studying local history, and the Longo twins, Michael and Danny, come from a family important in the history of Hicksville and surrounding areas for the past one hundred years, it seemed likely that their grandfather would have many memories to share.

As a result, Mr. B. Medard Ofenloch was the honored guest speaker at a recent local history program in the Willet Avenue Media Center. He told of his experiences working on his family's extensive farms, which raised cows, horses, chickens, ducks and geese in addition to such crops as potatoes, corn, beans and turnips. He recalled attending local schools and then the long commutation to Chaminade and Cathedral College.

When asked what was most interesting about his youth, Mr. Ofenloch reminisced about the fun of growing up in the country,

where everyone knew one another, where he went on horseback from the family's farmland in Locust Valley home to Hicksville. He spoke about Hicksville's great football team of the 1930's, sponsored by the Fire Dept. He told the students how the population grew from 5,000 people before World War II to 50,000 in a very few years, as Hicksville began the change from a "pickle" farming community to a suburban transportation hub.

Some of the things Mr. Ofenloch mentioned were news to both teachers and students - like the lamplighters manually lighting the streetlamps on Broadway, and the fact that one of the few jobs available for women years ago involved long tedious hours weeding and picking on the farms for very little pay.

The program was coordinated by Media Specialist Rosemary Barrow, with teachers Irma Carlson and Barbara Bunting.

**WARNING** - If you DON'T like good food, good music and you don't enjoy a nice night out with friends from your community DON'T read any further! The Annual Hicksville Republican Club's Spring

Dance is only 2 weeks away, Friday, May 17. This year's dance and Cocktail Party will be held at Antun's, 244 Old Country Road, Hicksville. Again, the ticket price has remained at \$25.

The doors will open at 9 pm. Among some of the foods being served will be a cheese and wine table, an international smorgasbord (too many dishes to mention), and a cold buffet. Also, a "steamship Roast" carving station will be set-up for the delight of everyone.

There will be unlimited liquors served from rolling bars for the entire party. If you're not in the mood for liquor, soft drinks will also be served. Draught beer for the beer drinkers will also be on hand.

And let's not forget about the music. The party will have music supplied by

"Sounds of Music." John Morrison, the D.J. for the affair, has told the committee he has music from the '40's to the '80's. And John expects everyone to be up dancing. That's a warning for all the ladies who are planning to wear new shoes. Don't!! You don't want your feet to hurt.

For all of those who like to take a little chance now

and then, there will be a raffle to participate in. Also many door prizes will be available for those in attendance.

To end a most enjoyable and memorable evening coffee and cake will be served.

Don't forget to contact any club officer or you can call Nick Caruso at 681-1342 to make your reservation for an evening of enjoyment.

# Two reasons it's easier to do business in Nassau County.

They're Francis Purcell and Joseph Colby—two reasons the Town of Oyster Bay is good for business.

Francis Purcell, County Executive, and Joseph Colby, Supervisor, working with the Nassau County Industrial Development Agency, have scored some impressive gains for Oyster Bay in the past 5 years, gains that have come about for one simple reason: they make it easy to do business in Nassau County.

By any yardstick, it's a terrific story. In commercial, industrial and retail space, IDA added 1,273,945 sq. ft. in Oyster Bay in 5 years. In dollar value, IDA projects topped \$73 million. We also retained a total of 24,530 jobs, and added 1,363 new ones—jobs that would never have come to Oyster Bay without a lot of hard work from IDA. These jobs translate into \$219.9 million in retained payroll dollars, \$34.8 million in new payroll. It also means \$1,910,917 less in property taxes paid by the citizens of Oyster Bay.

It's a good story, and IDA is going to make it an even better one in the coming years. After all, when it comes to business for Oyster Bay, there's no business like good business. And what's good for business is good for you, for us and everyone in Oyster Bay.
