On Thursday, Aug. 8 at Imperial Manor, one hundred guest helped John and Catherine Hill of Waters Ave., Hicksville, celebrate their 50th Wedding Anniversary. This gala occasion was highlighted by the re-statement of vows in the presence of the Hon. Myron Steinberg who performed the ceremony.

Mr. Hill is a past president of the Ernest E. Francke Hicksville Republican Club and a charter member and past president of the Hicksville Rotary Club, who has had perfect Rotary attendance for the past 34 years. Mr. Hill is also a member of the Hicksville Exempt Fireman's Association and Mrs. Hill is a lifelong member of the Eastern Star. They are members of the Seniors of 355.

The couple were presented with a Town of Oyster Bay citation upon this occasion by Town of Oyster Bay Councilman Tom Clark of Hicksville.

The Hill's have lived in their home on Waters Avenue for 44 years.

May you have many more happy years together!

**Hearing
Date
Changed!**

The Town Board of Oyster Bay has changed the Jeanssen Place, "Ingress Only", Hicksville Hearing from Tuesday, August 20 to Tuesday, September 10th, starting at 10 a.m. in the Town Hall on Audrey Avenue in Oyster Bay.

See "Dear Friends" column on page 4.

Two Hundred Families No Longer Qualify For School Transportation

The Hicksville Public Schools Transportation Office is in the process of notifying approximately 200 families that they will no longer be eligible for transportation to school due to changes reflected in the new district map.

The original map was completed in 1960 and updated in 1972. During the 1984-85 school year, the district contracted for a new map and charted transportation boundaries set by Board of Education policy with a precision measuring instrument. These lines were verified by a district vehicle equipped with a distance

measuring device.

Board policy, which grants services in excess of those mandated by the state, provides transportation to youngsters in grades k to 3 living more than one-half mile from school, grades 4 to 6 living more than three-quarters of a mile from school, grades 7 to 9 living more than one and one-half miles from school, and grades 10 to 12 with a distance of more than two miles from school.

Although district officials have made every effort to verify changes in eligibility to conform to Board policy,

they anticipate disappointment from parents in households now declared ineligible. Those claiming an error in measurement are asked to submit written documentation of the route they used to determine the distance. A review of the route in question will be scheduled as soon as possible.

The new district map is only one part of a long-range plan to provide more efficient service. Transportation routes have been computerized this year so that the district can monitor service, detect and correct problems, and know which students are affected by delays in scheduled runs.

Hicksville Shines

On August 13th the Hicksville Neighborhood Crime Watch held its first annual "NIGHT-OUT" between the hours of 8 and 9 p.m. People were asked to turn on their exterior lights and sit outside their homes.

The response was Great! The night was clear and the stars were shining; so were the lights around town! "Hicksvillians" really do care! That was the message that was sent out Tuesday Night, here is just a glimpse of what she found.

The groups that participated were the Midland Civic Assoc., West Green Civic Assoc., Hicksville Gardens Civic Assoc., and the Park Avenue Neighborhood Watch. Many residents who read about "NIGHT-OUT" in the paper

sat out to take a stance against crime.

Three blocks within the Midland Civic deserve special recognition. Joan Avenue, Layton Avenue and Bethpage Road, between Andrews Road and Boblee Lane all had 90% participation. CONGRATULATIONS!

There were some blocks in Hicksville we drove down where there were NO outdoor lights on. If you were a vandal or would be criminal which block would you choose?

Meetings to form additional watch groups will be held in September. Watch for the dates. For more information call Ginny Germer of the Hicksville Youth Council at 822-7688.

A present-day view of the refurbished World War II War Memorial with its new flag pole and relandscaped surroundings. The area is seen as it was on Memorial Day. New lawns and cut-backed hedges and bushes replaced by lower plantings have opened the area to easier surveillance. (Story on page 5).

Labor Day Parade and Drill Update

The Hicksville F.D. is proud to announce that plans are well underway for the 57th annual event. Chairman Ex-Chief/Commissioner William Donlon and Co-Chairman Anthony Wigdzinski report that 35 departments and several from out of state have been entered in the annual parade.

The parade will take place

Las Vegas Nights

Hicksville Elks invite you to participate in Las Vegas Nights on Aug. 16th and 17th at Hicksville Lodge No. 1931 located at 80 East Barclay St.

There will be roulette, blackjack, wheels and more. Refreshments and sand-

wiches are available. A percentage of the proceeds will go to the Elks C.P. Home Care Project and Elks National Foundation. Come join the fun for a good cause. The starting time is 8PM on Friday and Saturday night.

More information on Parade Route, Division line ups in the next issues.

Galileo Lodge News

By Joe Lorenzo

PRESIDENT PETE MASSIELLO'S MESSAGE: What we obtain too cheap we esteem too lightly; it is dearness only that gives everything its value. Thomas Paine.

Yes, it's the Galileo Lodge at its best. It's different, extraordinary, exceptional. It plans, formulates. It envisions. It mixes business with pleasure. It tries to do the

impossible. It has a character of its own. It has poise and dignity. It is balanced. It has a spirit of its own. It has a sense of rhythm and timing.

As one season follows another, so it is with events, and it's also one affair after another. It does not rest on its laurels. It is only as good as its last performance. No inertia. So now that its summer program is coming

to an end, its program for the Fall and Winter months is slowly taking shape and form. Yes, its Fishing trip is over, its Italian Wedding Dance has also slipped into the past and its picnic came to an end this Sunday — so now we have a Halloween Dance scheduled for Saturday, the 26th of October. Armand Del Cioppo will 'chair' this dance, ably assisted by Tony Sica and

Joe Morace. The Galileo Lodge Christmas Dance is scheduled for December 7th, on Saturday. Tony Sica will 'chair' this activity, ably assisted by Armand Del Cioppo and Joe Morace. The Christmas Party for the Handicapped children and the children of the membership will take place on Sunday, the 15th of December. Our New Years Party and Dance is scheduled for the 31st of December. And for the beginning of the 1986 season a St. Valentine's Day Dance and a St. Joseph's Day Dance will take place. The Valentine Dance is set for Saturday, the 15th and the St. Joseph's Dance will occur on Saturday, the 22nd of February of the year 1986. A trifle premature you might say, no, not really, time seems to have a way of catching up with us.

JAM SESSION: Oyster Bay Town Councilman Thomas L. Clark (on drums) jams with Solomon Flum (on sax) and Dr. Kirby Jolly, founder and director of the American Concert Band, prior to the group's recent performance at Hicksville High School.

The program was another in the "Music Under the Stars" series sponsored by the Town's Cultural and Performing Arts (CAPA) Division of the Department of Community Services and the Oyster Bay Arts Council, Inc.

The American Concert Band will give a special Labor Day weekend performance on Saturday, August 31, at Tappen Beach, Glenwood Landing, beginning at 8:15 PM.

liquor and enchanting dance music for your listening and dancing pleasure. Rose Riccardi will 'chair' this event, assisted by two very able co-chairladies, namely, Terry Gatto and Rachel Saiano. Tickets will be available every Wednesday night, starting at 8:00 P.M. to 10 P.M. Call Rose Riccardi at 681-0966 or Terry Gatto at 433-6708. Or call the Lodge number (931-9351). The Ladies Auxiliary have an excellent record and a marvelous reputation for successfully concluding all the events they hold. As they say, the records speak for themselves, and the records of the Ladies Auxiliary

speak loud and clear. Here you can't beat the price, you can't surpass the dance and you can't afford to miss the pleasant and congenial atmosphere engendered by the Ladies Auxiliary.

President Pete Massiello states that help is still needed for the various committees of the Galileo Lodge. Bingo can always use additional help. He states also that the Renovation Committee is also in dire need of help. So come down Monday nights all you members who have some time on their hands. Don't be an ordinary member when you can be an extraordinary one.

Hicksville's Schools Establish Their Hall of Fame

What do a cardiologist, an Air Force Chaplain, and a rock star have in common? They will join eighteen other former Hicksville students who will be inducted into the Hicksville Public Schools "Hall of Fame" in a ceremony to be held in the fall of this year.

The idea for this project came about during discussions of the countless students who have made an impact on the community or who have distinguished themselves in some way in their work or profession over the years. The Superintendent and members of the Board of Education elected to recognize these individuals and their achievements by establishing a Hall of Fame at Hicksville High School. Nominations for selection were submitted by the Alumni Association and other contributions were solicited from community leaders and Hicksville residents through articles in the local papers and the district newsletter. Nearly seventy-five names were received for consideration.

From the nominations received, a sub-committee of the Board's District Facilities/Community Affairs Committee led by Chairman Daniel MacBride chose twenty-one honorees to be inducted this year. In the coming years, other community residents and student leaders at the High School will be added to the sub-committee and charged with selecting five new honorees each year. These names will be added to the plaque in the lobby and honorees and their families will be invited to a reception marking the occasion.

Robert Kagann, Ph.D. (class of 1966), researcher in chemical physics. Dr. Kagann earned numerous academic and professional honors for his research work and has published several articles.

Steven Kagann, Ph.D. (class of 1960), economist. Dr. Kagann is the manager for Economic Forecasting and Finance at East Kodak. He was invited to the White House to participate in an economics conference and he has published several research articles.

Nancy Jean Harman (class of 1977), U.S. Army Captain. Capt. Harman was the first woman from Hicksville to graduate from a military academy (West Point, 1981). She is currently serving with Military Intelligence in Colorado.

Henry C. Brengel, Sr. and Henry C. Brengel, Jr. (class of 1940), community and business leaders. Mr. Brengel, Sr. served on the Hicksville Board of Education. The junior Mr. Brengel continued the family moving business which began with covered wagons and now has international status.

Raymond L. Rusch (class of 1943), educator. Mr. Rusch began as a teacher in Hicksville in 1949 and served as the principal of the High School from 1967 to 1981.

Richard Hogan (class of 1955), educator. Mr. Hogan began as a physical education teacher in Hicksville, becoming Director of Physical Education, Health, and District Activities. He is currently the principal of Hicksville High School.

Julius Schwartz (class of 1982), Judge. The late Judge Schwartz, a civic leader active in the Alumni Association, served as a Nassau County District Court Judge.

Dr. Michael Masciello (class of 1967), cardiologist. A graduate of West Point, Dr. Masciello served on the staff of the Nassau County Medical Center before joining the Cardiology Association of Bayshore. He was honored on School-Community Partnership Day in 1984 for his volunteer lectures to Junior High health students.

Dr. Howard Christ (class of 1945) urologist. Dr. Christ, one of the country's leading urologist, is on the staff at Good Samaritan Hospital.

James McGuirk (class of 1955), engineer. The late Mr. McGuirk was the group leader at Grumman for the Lem project (lunar landing model) which landed our astronauts on the moon.

Barry James (class of 1969), geologist. Mr. James was a member of the Sonoma State University Mammoth Expedition which found the skeleton of a prehistoric mammoth in Death Valley, a major discovery on this continent.

David J. Dircks (class of 1980), artist. A graduate of the School of Visual Arts, Mr. Dircks, has exhibited his work in Manhattan and has won awards in competitions and juried shows. He is also a musician.

Stan Kellner (coach and author). Mr. Kellner who coached the Junior High basketball team in a successful season, went on to college coaching. He is a nationally known author of a book on the dynamics of basketball coaching and a T.V. sports commentator.

Debra Smith, musician. Ms. Smith trained at the Boston Conservatory and has played in Europe and with the Boston Symphony.

Billy Joel, rock music star. Mr. Joel, an internationally known singer, composer, and recording artist, grew up in Hicksville and still makes his home on Long Island.

Chaplain Lt. Col. Richard G. Eisemann (class of 1945), Air Force Chaplain. Chaplain Eisemann graduated from Hama School of Theology in 1955 and was commissioned in the Air Force in 1961. He has served in several parts of the U.S. as well as in Okinawa, Germany, and Thailand.

Irwin Goldman (class of 1943), merchant. Mr. Goldman, proprietor of Goldman Brother in Hicksville, is a civic and business leader in the community.

Leonard Frank, builder. The late Mr. Frank was a co-founder of Mid Island Plaza in Hicksville, a major shopping center on Long Island.

Donald Dorsey (class of 1962) Air Force veteran. Mr. Dorsey was diagnosed as having multiple sclerosis while serving with the Air Force and retired as a master sergeant after earning his associate degree in the arts in 1982. Confined to a wheelchair, Mr. Dorsey overcame physical weakness and fading vision to earn his bachelor's degree with a major in human resources administration. During his years in the Air Force he served in Germany, Viet Nam, and Thailand.

Judith Clurman-Ruben (class of 1971), soprano and concert artist. Ms. Clurman-Ruben, who attended the Juillard School, has performed in recitals and workshops throughout the eastern U.S. She also served as a lecturer-demonstrator in voice in the Lincoln Center Student Program and performed with notable vocal groups.

Dr. Fenton and Board of Education President William P. Bennett are very gratified at the response to this project and encourage community residents and former students to continue submitting nominees for the committee's consideration in future years. Information forwarded should include name, address, and year of graduation as well as notes on additional education, current activities, and honors or recognition. This material should be sent to Ms. Shoenfeld in the Community Relations Office, Hicksville Public Schools, Administration Building, Division Avenue, Hicksville, New York 11801. Readers having further questions can call Ms. Shoenfeld at 933-6589.

HICKSVILLE STUDENT RESEARCHER -

Stacy Suppa, standing, who in the fall will enter the 11th grade at Hicksville Senior High School, discusses her research project with an LIU-C.W. Post student. Stacy was one of 26 "high ability" high school students who participated this summer in an eight-week Student Science Training Program offered by LIU-C.W. Post. Stacy conducted a psychological research study that resulted in a paper entitled "The Effect of Contextual Stimuli on the Perceived Length of a Line by Young Adult College Students." Her work was carried out with the guidance of LIU-C.W. Post psychology professor Sherman Tatz, LIU -- with programs in biology, psychology, mathematics and marine science -- is one of the few universities in the nation to offer a special research program for high school students. It now ranks as the 4th largest program in the nation.

SERVING THE COMMUNITY

CAN CHIROPRACTIC HELP ME

When you or someone you know has health problems or recognizes any one of these eight danger symptoms:

1. Headache	5. Backache
2. Neck stiffness	6. Arm, hip, or leg pain
3. Painful joints	7. Numbness
4. Pain between shoulders	8. Nervousness

don't ignore them.

Many of these health problems relate to the spine and chiropractic care. Such problems are easily caused by our daily living (Growing up, work, sports, bad habits, accidents) and may not be noticed at first. What's more, research show spinal problems don't improve with time alone but usually do respond with proper care. That's one of the reasons why millions of satisfied patients nationwide endorse chiropractic. Call our office today, if yours is a chiropractic case we will tell you. If not, we will tell you that too.

Something To Think About

VERNON & BILL WAGNER
 TWO GENERATIONS OF SERVICE

DEATH HAS MEANING

Just about everyone has been touched by death at one time or another, whether it is a close relation or a dear friend. We mourn, perhaps we look for a message. Each death has a meaning of its own and may play a role in influencing our lives.

This is not to say that death is, per se, a positive force. A loss, after all, a loss. However, sometimes a tragedy, an untimely death can jolt the living into appreciating and making the most of the time allotted to us. In many ways, this is the ultimate legacy left behind by those we have loved.

Indeed, many authors have pointed out that **ONLY** because our lives are finite do they have meaning. Many times, individuals have been spurred by the death of another into a significant discovery or great accomplishment.

We feel an urgency to do all we can, love all we can. Sometimes these feelings pass, but other times they lead us to re dedicate our lives in some positive way.

Dear Friends ...

Hearing Date Changed

The date of the hearing on the proposed change of Jeanssen Place to "ingress only", thus making both Rotary and Jeanssen Places "ingress only" streets from Nevada Street, Hicksville into the Plaza, has been changed from August 20th to Tuesday, Sept. 10, in the Town Hall on Audrey Avenue in Oyster Bay. Please mark your calendars. These hearings start at 10 a.m.

This proposal has been made by the Town of Oyster Bay in its continuing effort to help solve the traffic flow problem in this area and at the same time, save the homes whose front yards have been threatened by a Nevada St. widening which would take 8' off the front yards of certain homes on one side and 5' off the front yards of some homes on the other side.

We must say that throughout the entire area of Hicksville people have been signing the petitions of those who would be so affected and hundreds have signed the petitions left at the library, after reading about the plight of the residents of these homes. It is certainly a viable alternative to the unnecessary widening of Nevada St. And it is encouraging to see hundreds of people empathizing with the problems of other Hicksville residents. We're glad so many of you care.

Our Busy Chamber

Our Hicksville Chamber of Commerce is certainly not taking it easy this summer. After several month's preparation by the Chamber's active president Effie Krogmann, a brochure entitled "Bloom Where You Are Planted", urges all businesses and residents of Hicksville to do their part in the continuing effort of concerned citizens throughout the community, to help spruce up our hamlet in whatever way we can. Then, the Hicksville Kiwanis, Lions and Rotary Clubs helped out in the brochure's production, and to further extend the community cooperation, the Hicksville Youth Council under the leadership of Barbara Nelson, assisted by Beth Dalton will help in the circulation of "Bloom Where You Are Planted". Look for it soon and hopefully you will be encouraged to "take the pledge", and then you'll be listed in the pages of the local press.

NEXT, the Chamber has set the date of their Annual Installation of Officers and Directors for Tuesday, Sept. 17th, from 7 to 11 p.m. at Antun's on Old Country Road. This is always a gala event. The officers to be installed for the 1985-86 season are: President, Effie Krogmann, Vice-President, Bernhard Bruns; Secretary, Judy Lombardi; Treasurer, Irwin Goldman and Elected Directors for a three-year term: Kenneth S. Barnes, Joseph Gentile, William Ramsey and Edward J. Terriaca. Tickets are \$30, per person. Call the Chamber office at 951-7170 to make reservations. See you there.

THAT'S ALL for this week. Stay well.

SHEILA NOETH

On The Campus

Stephanie A. Deutsch, the daughter of Mr. & Mrs. Arthur M. Deutsch of Plymouth Rd. Plainview, was named to the Dean's List at LeMoyne College for the spring semester.

Freshman defensive back Alan Weissman of Plainview will be among 46 first-year candidates reporting for pre-season football camp at Colgate University.

Philip A. Weiss, the son of Mr. & Mrs. Peter Weiss of Beaumont Dr., Plainview, has been accepted to the Berkeley College of Music.

Ellen B. Neiman, the daughter of Mr. & Mrs. Jack Neiman of Wilshire Lane, Plainview, was named to the Dean's List at Berkeley College for the Spring semester.

Dear Mrs. Noeth,

Although a little late, I wish to comment on the excellent job of restoration done at the Community War Memorial at the Hicksville Jr. High School.

Mr. Becker and his crew from the Hicksville School District Maint. Division are to be commended for their hard work. Every year the Hicksville Fire Dept. holds its services at the memorial. Its condition in the past was a community shame. Once again, on behalf of all our members we thank the Maint. crew for a job well done.

Owen W. Magee
Chief Hicksville F.D.

Dear Mrs. Noeth,

Thank you so much for printing my article about Nicholai St. I got a big kick out of seeing it, and I also heard from some of my old friends. The biggest surprise, though, was that so many senior citizen friends of my mother told her they had enjoyed the reminiscence. She even heard from an old friend from out of state, who has a Herald subscription and wrote to say how many memories it had brought back to her!

I also heard both sad and happy news about some of my old teachers and friends. It was really a nice experience and I thank you for it.

Sincerely,
Ruth Baranello

To the Editor:

The community service organizations such as the Elks, Lions, Kiwanis and similar organizations are being hard-pressed by outside forces to change their status. This would take away much of their private club allowances and increase their taxes.

It should be brought to the attention of the public that most of the funds raised by these organizations goes to those whom the community cannot afford to maintain. Every cent in tax increases would therefore reduce our donations proportionately.

The Elks National Found-

ation this past year has spent over 6 million dollars in scholarships, youth and veteran projects as well as sponsoring the Elks Nat'l. Hoop shoot contest in which over 3 million boys and girls participated.

Our upcoming Las Vegas nites will also generate funds for our Local Lodge to aid in this aspect.

Publication of these facts to as wide an area as possible is becoming a top priority if we are to continue to fulfill our obligation towards the less fortunate. Your cooperation would be appreciated.

During the month of July, the Hicksville Fire Department Volunteers responded to several serious structure fires causing considerable damage. On July 1st an early afternoon blaze at 13 Lee Place caused \$35,000 damage to a portion of the dwelling. There were no injuries reported. On July 6 an early morning house fire at 37 Bay Ave. sent 2 occupants to the hospital for smoke inhalation. Damage to an upstairs

room and water damage below was estimated at \$8,000. The cause for both was undetermined and is under investigation by the County Fire Marshals' office. They are not of suspicious origin.

On July 9th the Hicksville Fire Dept. sent 2 units to assist the Syosset Fire Dept. at a smoky basement fire at GEICO headquarters on Woodbury Rd. All hands

operated at the fire scene for several hours.

Elks Major Projects Campaign A Success

The New York State Elks Association recently held its State Convention at the Concord Hotel in Kiamasha Lake, New York. Among the highlights of the meeting was the Major Projects presentation. In opening the program, State Major Projects Chairman Daniel J. Capella, introduced the Associations Major Projects Poster Child Larry Fox and his parents, Larry and Patricia Fox. Also introduced was Frank Keating Assistant Director of United Cerebral Palsy of New York. Mr. Keating expressed his appreciation in the name of the thousands of disabled and their families who are helped by the Elks Major Projects Program.

During the past year, the

lodges of New York State contributed approximately \$440,000.00 for the continuance of this program. The funds will pay the salaries of 24 Home Service Directors and be used to purchase 6 new "Elkmobile" vans which are replaced every four years.

The Home Service Program, now in its 20th year, is primarily a home centered effort which allows the directors to become involved in teaching the disabled and the family to better cope with their problems. This includes the teaching of therapy, introduction and securing of adaptive furniture and assistive devices, help with home care problems such as feeding, toilet

training, lifting, carrying and the wearing of adaptive clothing. The director also becomes involved in counseling, referrals to medical, educational and vocational agencies as well as the performance of many other duties. In many of the remote areas in the State the Home Service Director is

the only assistance the disabled and their families receive. In summation, the Home Service Director has numerous responsibilities, all of which are directed to enable the handicapped to lead a more productive life. There is no similar program throughout New York State that provides these services.

IT'S YOUR MONEY

Financial Nightmares Of New Saml Businesses

by Ron Roel

If you're one of the growing number of men and women who have gone into their own business, you may already have been rudely awakened to some financial facts of business life.

The principal sobering fact is that you are no longer covered by a "corporate umbrella" of benefits.

This coverage may have provided you with low-cost or no-cost group medical insurance, life insurance, profit sharing or other form of retirement income, and even-through credit unions at large organizations—low interest cash loans.

"The 'hidden benefits' of working for someone else may be worth thirty to fifty percent of your annual salary," says Michael P. Wolfman, president of Selective Concepts, Valley Stream.

"People starting their own business need the same benefits, but are rarely in a position to pay for them," Mr. Wolfman says. "The challenge becomes one of developing a package of health insurance, retirement, investment, and financing programs that the entrepreneur can implement in 'phases' as the business grows."

Mr. Wolfman, whose company, founded in 1975, is one of Long Island's leading independent diversified financial services firms, says that new products in the financial field have made many features of the "high-priced programs associated with corporate America" available to small business owners.

He cites a variety of retirement programs that enable business people to make tax-sheltered contributions. "Business owners who don't take advantage of some of these programs are really forfeiting their chance to plug into some of the best tax shelters ever offered by Uncle Sam," Mr. Wolfman emphasizes.

"Retirement planning," he believes, "is only one part of a total financial plan for a small business that every business owner needs to have for a comfortable, secure future."

Mr. Wolfman says Selective Concepts has prepared a brochure entitled "How To Avoid The Ten Financial Traps Of Small Business Ownership." It's available from Selective Concepts, 11 Sunrise Plaza, Valley Stream, NY 11582, (516) 561-1975.

Ron Roel writes on financial and consumer affairs and is the author of the book *How To Borrow Money* (Simon & Schuster,

1983) and the *New York magazine* cover article, "How To Hire A Professional."

Hicksville Post Office To Host Second Annual Safety Fair

"Hicksville Post Office will conduct its Second Annual Safety Fair on Sunday, October 13, from 1:00 to 5:00 p.m.," announced Roger Nienaber, Hicksville Manager/Postmaster.

"Over 4,000 people visited last year's fair. Again our theme will be "Service With Safety." We expect to have over 40 safety displays and health related exhibits," said the Postmaster.

"The Postal Service has always been concerned with the safety of the community. Our Carrier Alert program

has been successful in saving the lives of many senior citizens across the nation's," Mr. Nienaber explained. "Postal employees have a record of life saving deeds that we are very proud of. Just last year a little girl was saved from choking by one of Hicksville's postal workers who had received CPR Training."

Any organization that wishes to have a booth related to safety or health is welcomed and may contact the Public Affairs Office at 933-2406 or 2477.

Town Board Approves Zone Change In Hicksville, But Denies Food Mart

The Oyster Bay Town Board has approved a request for a change of zone in Hicksville to permit the renovation and modernization of an existing gas station, but denied construction of a food mart on the premises, according to Town Councilman Douglas J. Hynes.

"The applicant, Texaco, Inc., requested a change of zone from 'G-1' central business to 'G' general business to renovate and modernize an existing gas station, which will include demolition of the existing pump islands and building and the construction of new pump islands, a canopy, and, on the northerly portion of the premises, a car wash," Hynes stated. "The applicant also asked for permission to operate a food mart on the property, located at the northeast corner of Old Country Road and Newbridge Road in Hicksville, which was denied."

In addition to denying the request for a food mart, the Town Board imposed certain restrictive covenants, which include banning the sale of any food or beverages on the property. There will be no sale or rental of cars or trailers, and no auto repairs, body work, or oil changing will be permitted.

With regard to the car wash, Hynes said that the Town has restricted the hours of operation to between 8 AM and 9 PM

on non-holiday weekdays and Saturdays and between 12 noon and 5 PM Sundays. The car washing facility must be equipped with a total reclaim and reclean water system so that no water runs into the street, storm drain or sewer system, and provision must be made to prevent emission of odors from stagnant or recycled water. Additionally, any residue sludge material resulting from the water reclamation process may be removed only on non-holiday weekdays between 9 AM and 5 PM.

The canopy may be no larger than 25 percent of the land being used for the gas service station. All lighting must be under the canopy and directed downwards so as not to cause glare outside the service area. Any other lighting on the premises must also be positioned so that it will not spill over onto adjacent properties.

Other covenants include installing a groundwater monitoring system, keeping all garbage and refuse in covered containers fenced in on three sides, and prohibiting a charge for use of air hoses or air equipment for servicing of vehicles.

Hynes noted that no building permit will be issued until a site plan has been submitted to, and approved by, the Town Board.

Zone Changes To Construct Homes Approved

Oyster Bay Town Councilman Angelo A. Delligatti announced that the Town Board has granted an application for a change of zone to construct one-family homes in Hicksville.

Delligatti said, "at a public hearing held on June 4, the applicant, G.B.D. Construction Corp. requested a change of zone from 'F' (neighborhood business) to 'E' (residence district) to

construct nine one-family homes in Hicksville. The parcel is located on the east side of Jerusalem Avenue, south of its intersection with Tobias Street."

Delligatti added that no building permits and/or certificates of occupancy will be issued until a site plan has been submitted to and approved by the Town Board.

Renewed Interest In Hicksville War Memorials Site

By Richard Evers

The Hicksville War Memorials at the south end of the Junior High School on Jerusalem Avenue in recent months have attracted more and more visitors. Now exposed more clearly to the public's view since the excellent renovation and pruning work by the buildings and grounds workers of the Hicksville Public Schools, this past spring, the World War I and II monuments can be seen in an attractive setting. The enhanced memorial site was created by William Becker, Director of Facilities and Operations, under the overall supervision of School Trustee Daniel MacBride, Chairman of the Board's School Facilities and Community Affairs Advisory Committee, and with the keen support of William P. Bennett, President and the members of the Board of Education.

The World War I Memorial, a large glacial boulder brought from the North Shore, is seen unobscured, now that the overgrowth of hedges at the site near the Hicksville Junior High School has been trimmed back. This monument was located originally east of the old Railroad Station where it was dedicated in 1919. It was relocated and rededicated after the Second World War. (WW II. Memorial picture on page one, Hicksville edition).

Responsibility for the maintenance of the community's War Memorials has long been assumed by the Board of Education, since the monuments were officially dedicated after World War II, with impressive ceremony, in one of the last community-wide activities of the older Hicksville, the village of the days before the great housing and population boom of the fifties. The decision by the present School Board, on the recommendation of its School Facilities and Community Affairs Advisory Committee, to refurbish the monuments and to modify the landscaping at the site, was prompted by some deterioration of the area in recent years. A problem in maintaining the site resulted from vandalism and a heavy overgrowth in the original plantings of forty years ago. Although the grounds were maintained faithfully by the Director of School Facili-

ties, the steady spread of foliage, of bushes and hedges, tended, with each passing year, to provide obscured loitering places where a small number of unthinking youngsters could hang out, smoking, drinking and indulging in graffiti on the backs - and even the fronts, sometimes - of the war memorials.

Now, hopefully, the open view to the monuments will provide easier surveillance of the area by passerbys, school leaders and the police. Loitering and vandalism thus may be more readily checked by exposure, and teachers may more easily call students' attention to the hallowed site and its significance to Hicksville.

Since Memorial Day, observers at the memorials site, parents, teachers and veterans group leaders, such as Conrad Steers of the Vietnam Veterans of America, Edward Kleniewski of the Veterans of Foreign Wars and this writer, so long associated with Hicksville American Legion have commented on the attractive

and significance of the community War Memorials, and this reflects credit on Hicksville and its School District leaders and school advisory committee.

appearance of the War Memorials setting and of the number of youngsters who, on graduation, wanted to have their photographs taken in front of the site.

Of interest and importance, also, are the discussions going on in recent months among some veterans' leaders about an expansion of the community's War Memorial to include visible tributes to those from Hicksville (including the 16 dead) who served in the Korean and Vietnam Wars. It is not known, at this point, how much public sentiment or interest there may be for the support of any such memorial expansion. A temporary veterans study committee exists, and some representatives of the leadership of the larger community have expressed an interest to serve on a reconstituted Hicksville War Memorials Committee.

What has been observed and confirmed, is a renewed awareness of, and interest in, the ongoing condition

Hicksville Swimmer Scores At National Sports Festival

At the National Sports Festival which was recently held in Baton Rouge, the winner of the bronze for the 200 meter backstroke was a sixteen year old swimmer who can trace her swimming career through the very successful swimming programs that exist locally on Long Island.

Lorna Mund began swimming ten years ago when she was accepted by Commie Schenck who was the coach of the Parkway Swim, one of the two Hicksville teams in the Levittown Swimming Association. As a six year old, she participated in the summer training program and competed in the Novice and Cham-

pinship meets. The following year she expanded her career by joining the Holy Family CYO team during the winter. Her return the next summer brought her her first medal, in the 25 yard butterfly. At eight Lorna began training at the Mid Nassau YMCA during the winter, but continued to spend her summers at LSA. For the last three years Lorna has been trained by Karen and Dave Ferris and swims for the Long Island Swim Club.

Under the direction of the Ferris team, Lorna has turned her concentration from the butterfly to the

backstroke, and although she has been successful in almost all swimming events (she is not a breaststroker), her greatest successes have been in back. As a member of the Hicksville High team, Lorna has the county record for the 100 back and has won a silver and two bronze medals at the High School States. She has attended the Empire State Games twice, winning a bronze and a silver medal the first year and winning two golds with record times the second year. She won the consolation finals with the fifth fastest time in the Junior Nationals in April and was also fourth in the 200 back-

stroke in that highly competitive meet. It was her performance at the Nationals that qualified her for the Sports Festival. At the festival she also won the consolation with the fifth fastest time in the 100 back and was on the sixth place relay. She returns to Junior Nationals this week, this time for the gold.

Lorna still participates in LSA whenever possible. She is a good example of the dissolution of the myth that all the good swimmers come from the West Coast. There are many excellent swimmers emerging from the local programs offered on Long Island.

On The Campus

Michael F. Dolan, the son of Ruth A. Dolan of Ailing St., Hicksville was named to the Dean's List at LeMoyn College for the spring semester.

Patricia A. Kenny of Gables Dr., Hicksville, was named to the Dean's List at

SUNY at Geneseo for the spring semester. Patricia is a junior majoring in history.

Named President

John D. Kearney, son of Mr. & Mrs. Philip F. Kearney of Hicksville, a graduate of Hicksville schools, has been designated President of Vault Co. of Atlanta, Georgia. He is a graduate of Oneonta, and Duke Law and Business Administration, with a masters degree in the latter.

Francis J. Bubenik III, son of Mr. & Mrs. F. Bubenik of Hicksville, graduated on May 18th from Rochester Institute of Technology with highest honors.

He received a BS in Criminal Justice. While attending, he was a recipient of a four year Army ROTC Dehman Scholarship. Francis was on the NEAS List for four years and graduated at the top of his class in criminal justice. He also received a commission as a 2nd Lt. in the USA Military Police Corps.

While a cadet he received the Dept. of Army Superior Cadet Decoration, American Legion Silver Medal, Academic Excellence Award and the Association of the Army Military History Award.

In September, he will report to Fort McClellan, Ala. for training in military police officer basic course upon completion, he will be stationed in Frankfurt, Germany.

Chairman Abe Seldin Releases 1985-86 Nassau School Tax Roll

Forty-eight Nassau County school districts experienced increases in taxable assessed value and only 14 showed decreases on the 1985-86 Nassau County School Tax Roll, according to the annual comparison report released today by Abe Seldin, Chairman of the Nassau County Board of Assessors.

The report shows the increase or decrease in taxable assessed value for each of our area's school districts.

An increase in taxable assessed value is good for the taxpayers of a school district because it means a larger tax base to share the tax burden.

Seldin attributed the change primarily to new construction. "Construction is continuing at the same impressive pace it has for the past two years," he said. The increase in taxable assessed value for the 1984-85 school tax year (1.04%) was slightly higher than for 1985-86 primarily because of the addition of European American Bank Plaza to the tax rolls for 1984-85. Seldin explained, "A building that size isn't built every year."

Seldin said the increase in the school assessment roll was indicative of Nassau County's healthy economy. "Not only does the new construction mean a larger tax base, it also means new jobs for Nassau County residents," he declared.

The county also lost \$5 million in assessed value because of the A. T. & T. divestiture. Since the phone company was broken up, station equipment (telephones and switchboards on a user's property) are no longer taxable. A recent change in state law will allow the county to recoup some of those losses by making the equipment of private long distance carriers taxable.

The five school districts with the largest increases in taxable assessed value were: Jericho, 4.624%; Bethpage, 4.04%; Herricks, 3.555%; Glen Head, 3.150%; and Syosset, 2.511%.

The five school districts with the largest decreases in taxable assessed value were: Hempstead, -1.034%; Roosevelt, -0.590%; New Hyde Park, -0.432%; East Rockaway, -0.392%; and Carle Place, -0.329%.

Hicksville Swimmer Captures Seven Gold At Jo's

Kristin Mund, who will be an eighth grader at the Junior High this fall, established herself as the outstanding twelve year of Long Island and the Metropolitan area at the Summer Swimming Junior Olympics this week at Holtsville.

In her last age group meet

before her thirteenth birthday, Kristin won seven gold medals for individual events; 50 free, 100 free, 50 fly, 100 fly, 200 IM, 100 backstroke and the 400 meter Freestyle. She won a silver medal in the 50 back, missing first by two one hundredths of a second. She

also won four gold medals as a member of the Long Island Swim relay teams.

This week Kristin will be competing in the Empire State Games in Buffalo where she will swim the 100 and 200 butterfly and the 800 freestyle.

A \$10,000 prize for a hole-in-one will be the highlight of the fourth Annual Mid-Island YM & YWHA Golf & Tennis Outing at the Cold Spring Country Club on Monday, August 19.

This annual fund raising event is by contribution and traditionally offers a day of fun for several hundred sup-

Golf Outing

porters who play golf or tennis.

Ron Alexenburg of Woodbury; Dan Duchin of Wantagh and Sid Solomon, also of Wantagh, are chairmen of the 1985 Outing.

Additional information may be obtained at the Y 45 Manetto Hill Rd., Plainview

or by calling 822-3535.

The Mid-Island YM & YWHA is a beneficiary agency of the UJA-Federation of New York; a Member Agency of the United Jewish Ys of Long Island, the JWB, the United Way of Long Island and the Welfare Council of Nassau County.

Ice Hockey Try-Outs

Tryout dates for the Peeewe, Bantam and Midget ice hockey teams that will represent the Nassau County Department of Recreation and Parks in the Long Island Hockey League will be held at Cantiague Park, Hicksville, beginning Sunday, August 18.

Nassau Recreation and Parks Commissioner Abram C. Williams said there is a \$350 program fee payable upon notification of making the final team roster. There is a \$6 fee for each tryout session.

Applications, which must be turned in prior to the first tryout date, are now available seven days a week at the Cantiague Park ice rink in Hicksville.

The tryouts have been scheduled as follows:

Peeewe, ages 12 and 13, Sundays, August 18, 25 and September 1, 8, from 3:30 to 5:30 P.M.; Thursday, Sep-

See Saratoga At Nassau OTB

— will be available at six of the 23 OTB offices scattered throughout the county in what amounts to the largest simulcasting experiment in Nassau County to date. Last year the simulcasts from Saratoga program was available only to racing fans convenient to the Wantagh and Franklin Square branch offices.

This season branches located in Plainview, Glen Cove, New Hyde Park and

Oceanside have been added to the simulcast network.

Nassau OTB officials have indicated they will bring the entire Saratoga scene to those bettors who can't make the long trip upstate. In addition to the exciting race itself, OTB will carry the parade and loading of the starting gate. Following the race there will be a replay of the stretch run as well as a replay of the entire distance.

Post time for the first race

from Saratoga is 1:30 p.m. The Saratoga season got under way on Wednesday, July 31st.

Nassau OTB's Saratoga simulcasting offices are located at: Franklin Square, 1057 Hempstead Tpke.; Glen Cove, 20 Pratt Blvd.; New Hyde Park, 685 Hillside Ave.; Plainview, 303 Sunnyside Blvd.; Oceanside, 3450 Lawson Blvd.; and Wantagh, 3430 Sunrise Hwy.

FIXUP TIME

"Why did the painter come and go so fast?" our friend asked. "A painter came to my neighbor's house," he went on, "took off the shutters and scraped all the peeling paint. He painted the front of the house--and then he left. How come?"

The answer came the next day or so, when the neighbor announced that his home was going on the market. Smart neighbor--his property welcomes prospective buyers with a fresh face and cared-for look.

Even when a home is generally maintained, you may become "blind" to small imperfections: a crack window pane here, smudged fingerprints around a light switch there, or peeling paint around a doorframe.

Sometimes it takes a fresh eye to spot the problems--and if that eye belongs to a real estate professional who knows what buyers look for, the homeowner is going to get good advice.

Putting your home on the market? You'll get good advice--and excellent service--when you list with:

Awards Dinner At Antuns

Louis C. Kaufman of Jericho, Dean of Business and Public Affairs at SUNY College at Old Westbury, joined other B/PAA officers at the conclusion of judging entries in the Second Annual Buyer's Best Advertising Competition.

From 130 trade ads, brochures, catalogues, and premiums submitted by Long Island client firms and ad agencies, a panel of four purchasing executives -- rather than advertising professionals -- at Long Island companies determined

"Buyer's Best" as "the most effective marketing communication." Among the four judges was Victor Reff of Jericho. Mr. Reff is a licensed professional engineer.

Winners will be announced at a special dinner on Tuesday, August 20, from 6 to 9 p.m., at Antun's, Hicksville. Tickets are \$30. Reservations may be made with Cheryl Benton at (516) 671-0203 or Howard Rachlin, (516) 499-2525. Proceeds benefit the Wilbur R. Wensley Scholarship Fund.

Anxiety

Perhaps in the 1960's we lived in the "Age of Aquarius," but the present decade may well be termed, the age of Anxiety. Having come through the uncertain '70's, we are now in what is becoming the anxious '80's. Anxiety is nothing new. In the Sermon on the Mount we read, "Therefore I tell you, do not be anxious about your life, what you shall eat or what you shall drink, nor about your body, what you shall put on. Is not life more than food, and the body more than clothing? But seek first his kingdom and his righteousness, and all these things shall be yours as well. Therefore do not be anxious about tomorrow, for tomorrow will be anxious for itself. Let the day's own trouble be sufficient for the day."

The evening news plans the same familiar tune night in and night out. Sometimes we feel that these days we

have to take the bad with the worst. Much of the time we feel apprehensive about the future. Feeling uneasy, we sometimes wonder what impending ill will befall us next.

In the light of the latest news, Jesus' statement in Matthew is tough. It states that if our minds were set on God, we would not lack the needful things of this earth. When we are anxious over daily concerns, it often has a paralyzing affect on our religious life. Worrying about items of food and clothing directs our life inward towards ourselves rather than outwards towards the Lord.

We live in an uncertain world, therefore our calculations of what might be enough are always subject to error. Our health and standard of living can never be absolutely secure. In answer to the question, "How much is enough for the future?" we are all conditioned to say, "A little bit more." None of us are satisfied with enough.

We all seem to want a little bit more. A child was asked how much ice cream she wanted. She responded, "Give me too much." The Lord said that he would give us enough. Too often we answer, "Give me too much."

The Lord does not speak out against working, or planning, or saving for the future. But our obsession with having the so-called better things in life and the increased amount of time it now takes to be able to afford them, has, too often, usurped the art of living. Further, and inexcusable in God's eyes, work has threatened the worship life of many Christians. Many are working Sundays. Others work so long and so hard during the week that they say they do not have time for God on Sundays. Jesus has no understanding of this and says in reply, "Do not be anxious about tomorrow. Seek ye first the kingdom of God, than all else will be added unto you."

Jesus concludes his teaching on anxiety by stating that we are not to be anxious about tomorrow, for tomorrow will be anxious for itself. Let today's troubles be sufficient for the day. "Don't worry about tomorrow," Jesus says. We either trust in the Lord for our tomorrow or we don't. Otherwise, we will constantly ruin the present by worrying about the future.

The story is told of a physician who tells his patients to say their prayers and then add, "Good night worries, see you in the morning." This is pretty good advice. Better for us to say, "Good-bye worries, no need for you, for I cast all my cares upon the Lord, for he cares for me."

Episcopal Curate Accepts New Assignment

The Reverend Wayne C. Paul, curate at Holy Trinity Episcopal Church, Hicksville, since July 1, 1982, has accepted the bishop's appointment as priest-in-charge of Christ Church, Brentwood; beginning September 1, 1985. Recognizing the qualifications of Fr. Paul, Bishop Witcher of the Episcopal Diocese of Long Island, offered him this challenging post in Suffolk County. Fr. Paul will be acting under the supervision of the Venerable Edward Wisbauer, Archdeacon of Suffolk.

Fr. Paul came to Holy Trinity after graduation from the General Theological Seminary, New York City, with the degree of Master of Divinity. Bishop

Witcher ordained him to the diaconate on June 7, 1982 at the Cathedral of the Incarnation, Garden City, and to the priesthood at Holy Trinity Episcopal Church on April 9, 1983.

Fr. Paul has left his mark not only at Holy Trinity but upon the community at large through his associations with the Mid-Island Ecumenical Council and the service organizations of our community.

On Sunday, August 4, Fr. Paul bade adieu to the members of Holy Trinity who, with other well-wishers, joined in a fellowship hour in the Parish House, provided on his behalf, following the 10:00 o'clock Eucharist.

Holy Trinity Journey To Jerusalem

The Reverend Domenic K. Ciannella, Rector of Holy Trinity Episcopal Church, is conducting a tour to the Holy Land, leaving Wednesday, October 8. The tour will include the Biblical sites sacred to Christians and Jews alike, including a visit to Masada, with the return on Tuesday, October 15. Extensions to other countries are available.

Members of the community are invited to join in this exciting journey which is both inspirational and educational, placing the Biblical narratives in their proper setting.

The cost is \$1,300 and includes all travel expenses, first class hotels, two full meals a day, buses and

guides. Interested persons should call Father Ciannella at Holy Trinity Episcopal Church, 931-1920

Defensive Driving Course

Drivers who complete the National Safety Council's Defensive Driving Course become eligible for no less than a 10% reduction in motor vehicle liability insurance premiums over a THREE year period. All principal operators including youthful drivers (in addition to discount for driver education training; assigned risks (reduction in liability base rate regardless of driver record; commercial vehicle operators (where there is a clearly defined principal operator), are eligible. In addition to the insurance discount, those drivers who have incurred violation points on their driver record

during the 18 month period prior to the course completion will automatically receive a maximum of 3 points reduced from the total accumulation on their driver record.

The Defensive Driving Course will be available at the Hicksville Public Library. It will be taught quickly and easily in two three hour sessions. They will be given on Monday, September 23rd from 7:00 p.m. - 10:00 p.m. and Monday, September 30 from 7:00 p.m. - 10:00 p.m. in the Community Room of the library by certified National Safety Council instructors.

You must attend both sessions.

Registration is now being accepted at the Circulation Desk of the Library. The cost for the entire course is \$29.00. Please make checks out to: Health and Productivity Programs Inc. For further information call: 516 483-2821. This course is available to Hicksville residents only.

Students from Mr. Phil Bova's Hicksville Schools' Summer Program enjoyed their last week's activity which included a "sight seeing" bus tour conducted by Historian Richard Evers of the Hicksville Gregory Museum. Here the youngsters visit the "Golden Doors" at Trinity Lutheran Church, Hicksville's beautiful reproduction of the Giberti Renaissance "The Gates of Paradise", the original of which is one of the wonders of Florence, Italy. (Upper picture).

An unexpected treat for students of Mr. Phil Bova's Hicksville Schools' Summer Program during a recent sight-seeing tour, was a visit to the Stolz Horse Farm where the young people enjoyed seeing the gentle and sleek animals which are so well cared for. (In lower picture).

Murray S. Appel of Hicksville Lodge #1931 was recognized as a newly elected Exalted Ruler at the 121st Convention of the Grand Lodge, Benevolent and Protective Order of Elks, held in Seattle, July 14-18.

Murray S. Appel is one of more than 2250 Exalted

New Exalted Ruler

Rulers nationwide, and, for one year, is the elected leader of his local Elks lodge.

Each Exalted Ruler is elected by his lodge in March, and takes office in April.

The Exalted Rulers heard convention reports that the Elks donated more than \$28

million to various charities during 1984-85. Since the Elks began keeping records 105 years ago, more than \$510 million has been donated for charitable purposes.

The ELks, in addition to numerous other charitable ventures, sponsor the Elks "Hoop Shoot," a free throw basketball shooting contest

entered by more than three million boys and girls each year.

The convention delegates have also unanimously elected John T. Traynor of Devil's Lake, North Dakota, the new Grand Exalted Ruler for 1985-86. G.E.R. Traynor will serve the 1.6 million Elks until July, 1986.
