Enjoying the last of the summer children's workshops of the Hicksville Gregory Museum are Robert Hudson and Christopher Voigt who is holding a model of a brontosaurus he constructed of paper mache.

The youngsters were part of an excited group studying and making models of "Giant Reptiles of the Past."

The Museum's eight-session study-craft workshops in July and August were well attended, under the enthusiastic expert guidance of the museum's naturalist-programmer Joan Scancarelli.

## Hicksville Chamber Of Commerce Installation Dinner - Dance Set For Tues., Sept. 17

The Hicksville Chamber of Commerce is holding its annual Installation Dinner Dance on Tuesday evening (7 P.M.) Sept. 17, at Antun's Old Country Manor on Old Country Road in Hicksville.

Effie C. Krogmann is being installed for a second term as President, along with a slate of officers and several members of the Chamber's Board of Directors.

The installing officer for this year will be the Rev. Dr. Theodore S. Grant, of Redeemer Lutheran Church in Hicksville.

This event is usually a festive affair, including a sumptu-

ous buffet and dancing, preceded by a cocktail hour. Tickets for members and friends can be purchased and reservations arranged by calling Mr. Siegfried Widder, the Executive Director of the Chamber at We-1-7170.

The Hicksville Chamber of Commerce solicits memberships in this organization from the business community in general. Membership applications may be secured from the Membership Chairman, Harry Smith, at 433-0180.

Monthly luncheon meetings of the Chamber are held the third Tuesday of

Effie C. Krogmann

every month at the Milleridge Inn. All are welcome.

The Chamber attempts to deal with community issues affecting business in our area. Their current project is a campaign to "clean up"

Hicksville. The local newspapers are currently covering this effort, and we request the cooperation of all members of the residential and commercial community in this endeavor.

### At The Town Board Meeting

## TOB Resolution... Jeanson Place To Be "Ingress Only"

By Geraldine Geannikis

The Town of Oyster Bay held a regular Town Board Meeting on Sept. 10 at Town Hall, Audrey Ave. The following actions were taken at this meeting:

At a hearing to consider proposed amendments to the Code of Ordinances for the Town of Oyster Bay - Amend Chapter 17 - Motor Vehicle and Traffic Rules and Regulations re: making Jeanson Place, Hicksville, an ingress only to the Mid

Island Plaza, the Town Board heard testimony from concerned residents and a businessman of Nevada St., who would be directly affected by the proposed amendment. This amendment would make it unnecessary for the State DOT to widen Nevada St., thereby causing a hardship to the homeowners of that street.

Joyce Wagner, representing the Twinlawn Civic Assoc., expressed her organ-

ization's support of the Town's proposed amendment. Others in support of the amendment were Mr. Robert Fisher, Lorraine Smith, Jeanne Gibson and Mrs. Henriquetta Olivia, who presented photos that she had taken between the hours of 7:30 and 9 A.M., depicting private buses and trucks exiting the Plaza parking lot at Jeanson Place and entering Nevada St. to proceed to Broadway. The

shopping at the Plaza does not begin at 7:30 A.M.

The Town of Oyster Bay did its own survey showing that 80% of the traffic exiting the Plaza at Jeanson Place is generated by non-stop vehicles using the Plaza as a short cut from John St. to North Broadway.

The Board also heard the views of the Plaza, Mr. Herbert Ballin, attorney for Mid

## Oct. 8 Public Hearing Set On Special Use Permit In Hicksville

A public hearing has been scheduled for Tuesday, October 8, by the Oyster Bay Town Board to consider a request for a special use permit to operate a van and auto refurbishing business in Hicksville, according to Town

Councilman John Venditto.

"The applicants, Dawn Industries, Inc. and Frank J. Antun Properties, Inc., are seeking a special use permit to operate a business that will include the refurbishing of vans

and motor vehicles, installation of sun roofs, 4-wheel drive conversions, and retail sale of automotive accessories in a 'G' general business district in Hicksville," Venditto stated. The property is located on the north

side of Old Country Road approximately 690 feet west of Newbridge Road.

The hearing is scheduled for 10 AM in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay, on October 8.

# Galileo Lodge News

By Joe Lorenzo

**PRESIDENT PETE MASSIELLO'S MESSAGE:** This message con-

sists of a very special plea directed to all male and female members to attend en

masse, if possible, the 11th Anniversary Dance to be held by the Ladies Auxiliary on Saturday, the 28th of September. Let us make this a joint venture, a joint effort to make this event a very successful social one. The Ladies Auxiliary are an important adjunct to our organization. They have helped us so many times in the past with their loyalty and devotion, so why can't we help them. Loyalty and devotion are reciprocal, so it's only fair of us not to let them down. To use the old expression, that one hand washes the other, is rather appropriate here.

And now, if I may add more details to the above event mentioned by our President, the 11th Anniversary Dance to be held by the Ladies Auxiliary on Saturday, the 28th of September will be an affair to remember. It will leave us with many pleasant and memorable moments. Tickets will sell at \$25 per person, and in the offering

will be a Smorgasbord-type dinner, beer, soda, coffee and cake, set-ups, unlimited liquor and some pretty delightful dance music for your listening and dancing pleasure. Rose Riccardi (681-0966) will "chair" this event, ably assisted by co-Chairladies Terry Gatto (943-6708) and Rachel Siano, who will also be selling tickets every Wednesday night at the Galileo Lodge from 8 to 10 P.M. Or, if you wish, call the Lodge number, 931-9351, for further details. We have stated so many times that the reputation the Ladies Auxiliary has garnered in the presentation of its activities is simply quite extraordinary. So come down to the Galileo Lodge on this special night and witness for yourselves exactly what the Ladies Auxiliary does and how it achieves its special brand of success.

Notice that the Galileo Lodge, in a rather low-keyed and unobtrusive manner, has chosen its Beauty Queen for the year 1986. (See photo). The Galileo Lodge has chosen Barbara Graham as the new Beauty Queen to represent the Galileo Lodge during the Columbus Day Parade and at the Beauty Queen Pageant to be held at

Photo shows Barbara Graham, chosen as the Galileo Lodge's Beauty Queen for 1986, posing with her grandfather, President Pete Massiello.

the Narragansett Inn on September 15th. Barbara is 16 years of age. She attends the Syosset High School and her ambition is to teach Italian. Barbara is also the granddaughter of our President, Pete Massiello. Barbara is certainly a most-welcomed addition to the Galileo Lodge's Beauty Queen ranks. Beauty and brains, an unbeatable combination and Barbara exemplifies both. Payment of dues by

members is an important duty of members of any organization, so its natural and obvious to assume that payment of dues by members is important also to the Galileo Lodge. It is a duty and an obligation. So without further discussion of this subject, the Galileo Lodge asks all its members not to shirk this responsibility. The Galileo Lodge needs your help just as you need its help.

## Around Our Towns

All the friends and family of Ann Bomberger wish to extend birthday greetings to her on the celebration of her birthday on Sept. 12. Ann became 17 years old. Ann is the daughter of David and Lois Bomberger of the Fox Place, Hicksville.

On Sept. 8th, Beth Richichi of Arcadia Lane, Hicksville, celebrated her 13th birthday. Beth had a very special party in which she and her parents Jack and Pat and brother Paul were the hosts of a combined

birthday and welcome party. Cousins Ena Sharp and her daughter Sheila came from England. Although the families have corresponded for three generations they had never met.

This birthday offered a grand occasion for the entire family of aunts, uncles and cousins to come together to wish Beth good wishes and to meet and get acquainted with two very special cousins from another country. A wonderful time was had by all.

Charles and Dorothy Perry of Blueberry Lane, Hicksville, hosted a very special reception at their home on Sept. 7th. Dorothy's parents, Rocco and Marie Richichi of Queens Village, celebrated their 50th Wedding Anniversary. A Mass was held in the Incarnation Church in Queens Village where the couple renewed their wedding vows, with the reception to follow at the home of

# Hibernians To Honor Assemblyman Phil Healy

The traditional music and song of the gaels will echo round 'Long Ireland' next Sunday, September 15, as the Nassau AOH proudly present their 13th annual FEIS at the Plainview Office Center, one mile east of the Seaford-Oyster Bay Expressway, Route 135, on Old Country Road at 9 AM announced Chairman Tom Moriarty.

More than 2,000 competitors from across the eastern region will vie for the honors in the various categories of step-dancing, Irish music, song, instrumental, ceili and accordion bands, story, Irish fiddle and the 15 pipe bands that will compete, Moriarty added.

This year the Feis Committee honors Assemblyman Philip B. Healy (R-C) of Massapequa said County President Hugh Forde.

"Phil Healey, a veteran legislator, and Brother Hibernian, has been one of the greatest supporters of Irish legislation, including a co-sponsor of the Northern Ire-

land Investment Bill passed overwhelmingly by the Assembly and the recently adopted legislation for an Irish-American Museum in the State Yes, when Healey speaks - Albany listens! he concluded.

The Tara Pipers of Division 15 will lead the grand march of dignitaries to reception area at 2 P.M. Two field Masses will be celebrated at 11 AM and 12 Noon. Admission is \$4.00. Children under 16 years of age with families free admission!

The sports schedule "lidlifter" at 1 PM - features first-time appearance of Inis Fada\* vs. Bklyn Shamrocks (jr. football)-at 2:30 PM County Mayo vs. County Louth (sr. football) and at 4 PM chairman Aiden Murphy notes County Donegal (first appearance) vs. County Monaghan. A hearty 'Cead Mile Failte' (One Hundred Thousand Welcomes) to 'Long Ireland's gateway to Irish culture -our 13th annual Feis.

# Annual Tashlich Service

Rabbi Gary G. Perras has announced that The Manetto Hill Jewish Center is holding its annual Tashlich Service and picnic on Sunday, September 22nd. The program will begin with a car caravan leaving the synagogue at approximately 10:15 a.m. Upon arrival at Roosevelt Park in Oyster Bay, the Tashlich ceremony will be held.

Following the ceremony, everyone is invited to picnic and participate in the games and athletic events. Persons wishing to participate are requested to bring their own dairy lunch and to be at the synagogue parking lot by 10:00 a.m. This event is open to the entire community, at no charge. In case of rain, the Tashlich Service will be cancelled with no subsequent rain date.

The Tashlich ceremony involves standing before a running body of water on the first afternoon of Rosh Hashana (the second afternoon if the first day coincides with the Sabbath), reciting a number of Psalms, shaking the corners of one's garments to symbolize the shaking off of one's sins, and throwing bread crumbs to the fish. This custom probably dates from the 14th century and its name, Tashlich (You will cast away), is derived from a passage in Micah 7:19 in which God is depicted as casting all our sins into the depths of the sea.

Since there is no running water near The Manetto Hill Jewish Center and driving on the holy days is forbidden to traditional Jews, the members of The Manetto Hill Jewish Center observe the Tashlich ritual on the Sunday between Rosh

Hashana and Yom Kippur. This also enables many more people to participate in the ceremony.

Water in the Jewish tradition is compared to the Torah (the Bible or all of God's teachings). Both are deemed to be universal, to bring life, to refresh the soul of man, and to cleanse. The symbolism of the running water is to remind us that time, just like the river, flows in one direction only. Opportunities to do good, once lost, are irretrievable and we should, therefore, use each moment of our lives wisely.

The symbolism of fish in the river is a reminder that just as fish may be easily caught in a net, every human being will ultimately be caught in the net of death and final judgement. Hopefully, this awareness will encourage the participants to give more thought to repentance and living righteously.

The feeding of the fish in the river helps us begin the New Year with a righteous act - showing kindness to God's creatures. Kindness to animals is a major obligation in the Jewish tradition and is deemed to be a prerequisite for non-Jews, as well as for Jews, in order to enter Paradise.

The Jewish faith realizes that changing one's life for the better does not come easily. Genuine spiritual change requires time, effort, courage, and sacrifice. For that reason, the Jewish High Holiday period extends for 40 days and is highlighted by various services and rituals such as Tashlich which are intended to touch and challenge the faithful.

# Group Seeks Participants For Presidential Volume

Have you ever wanted to write a letter to the President of the United States to express your opinion on any of a number of issues? Have you ever wished you could have your thoughts and opinions published in a book for all Americans to read? Have you ever wanted to visit the White House and meet the President?

The first two of the aforementioned could become reality for those persons participating in a project sponsored by a non-political, non-profit organization called the Society for the Preservation of American Citizen Expression. And for one of the participants, the latter will come true.

The project is a book to be entitled; DEAR MR. PRESIDENT. It will consist of letters from American citizens

throughout the entire United States and from every walk of life, and one will be selected as a representative of the entire group to make the presentation.

A commercial edition of the volume will be marketed for the general public to enjoy. All citizens whose submissions are accepted for this edition will receive a free copy for their participation. All profits from the sale of this edition will be used to provide scholarships for graduating High School seniors who wish to pursue a career in journalism.

To receive full details on how you may participate in this unique project, send your name, address, and two (2) First Class stamps to: S.P.A.C.E. Box 369, Arlington Heights, IL 60006.

# Local Birch Leader Condemns China Pact

"How has the United States become a second-rate power in less than two decades? How have the Communists meanwhile become a superpower? By

our leaders making suicidal deals such as this one with our enemies," says John Donohue, Chapter leader of the South Nassau, New York, Chapter of The John

Birch Society. Donohue was referring to a pact approved by President Reagan on July 23 that will make available to Red China as much as \$12 billion-worth of nuclear technology.

premised on the notion that Peking, and Moscow are bitter enemies.

"Justifying the Administration's pledge to supply Peking even with military aid, Defense Secretary Weinberger referred to China as our 'ally' against what he called our 'common enemy,' the Soviet Union. But Peking emphatically denies it is allied with the U.S. against Moscow. In fact, right while it was signing the nuclear pact with the U.S., Red China struck a \$14 billion trade pact with Moscow. And, on July 22, Peking announced it will teach Russian to the Chinese masses to cement Sino-Soviet ties."

Donohue Says, "Red China and the Soviet Union are inseparably bound together in a common conspiracy to impose Communism on the entire world. Giving aid and comfort to either tyranny is morally wrong and strategically suicidal."

"After the so-called Sino-Soviet split, our leaders did the same thing for 'Moscow', Donohue says. "Claiming the rift proved that the Soviets were 'mellowing,' the United States poured vast amounts of credit and high technology into the Soviet Union. Our leaders said aiding Moscow was in the interests of peace. But, thanks to our help, the Soviet Union has become the most advanced military power and the foremost threat to world peace today."

Donohue added: "Instead of learning a lesson from this suicidal folly, our government is determined to compound its error." He notes that our current policy of aiding Red China is still

## The Seat Belt Law Effective

It is good to hear that the NY State seat belt law, which went into effect in Dec. of '84 has helped reduce the number of automobile accident fatalities on the State's highway to the lowest number in 37 years!

## The Next Step

Wednesday, Sept. 18th is the date that bids must be returned to the Town of Oyster Bay covering the bid specifications on a garbage shipping contract to provide for the disposal of wastes generated by Town residents. This became necessary when, despite the State's own findings that a temporary extension of the Town of Oyster Bay landfill, would have been environmentally safe, the State denied the Town's request for this temporary measure. This environmental problem must be solved now. This is not impossible. We are in favor of allowing professional scientists in to this field to solve this problem. They know how.

## The Long Island Fair

The Long Island Fair which is now held at the Old Bethpage Village Restoration, is scheduled for Oct. 11 to 14. This has always been an interesting yearly event on Long Island. If you would like to demonstrate your craft, or share your craft, hobby or needlework with visitors, write to The Long Island Fair, 1864 Muttontown Road, Syosset, NY 11791.

## William Ferguson To Speak At LIA Breakfast

William C. Ferguson, president and chief executive officer of the New York Telephone Company, will discuss "Communications and Economic Growth" at the Long Island Association Executive Breakfast Meeting on Wednesday, October 2, at the Crest Hollow Country Club in Woodbury, 8 to 9 a.m.

In focusing his remarks on the Long Island and New York state economies, Ferguson will discuss the direct relationship between economic expansion and communications growth. His talk will also touch on technological advances, competition and communications regulation, and the deregulation of the telephone industry.

Ferguson was elected president of New York Tel-

ephone in 1983, bringing with him more than 30 years of experience in the communications industry. He is a member of the board of directors of New York Telephone, which is now a subsidiary of the NYNEX Corporation. Ferguson also serves on the NYNEX Management Committee.

The Long Island Association is the region's leading business organization, with more than 2,200 members. Registration for the October 2 LIA Executive Breakfast Meeting is \$6.50 for LIA members and \$8 at the door. Non-member registration is \$10. Please mail your registration fee to the Long Island Association, 80 Hauppauge Road, Commack, Long Island, 11725.

Hopefully your children are coming home enthusiastic with their new school year experiences.

Stories about their new teachers, subject material and friends they have made all come tumbling forth with the simple, parental question, "How was your day?"

The excitement of learning something new and of meeting new people is available to adults, too, when they take advantage of the Town of Oyster Bay's Workshop Enrichment Program.

Sponsored by the Cultural and Performing Arts (CAPA) Division of the Department of Community Services, these programs provide cultural and educational enrichment to all our

residents — adults, teenagers and young children.

Begun nearly two decades ago, CAPA offers a wide variety of programs at very nominal fees. Courses are held both day and evening to accommodate most adult schedules, while children's and teens' courses meet after school and Saturdays.

All adult workshops take place at conveniently located Town parks, local libraries and community centers. After school and Saturday enrichment workshops for children are held at the Syosset-Woodbury Community Park Center.

To keep pace with the interest and talents of our residents, CAPA is con-

stantly bringing new workshops into the program. This year there will be many requested old favorites — painting, drawing, calligraphy, crafts, decorating, aerobics, yoga and Spanish — plus a new course entitled, "The Anger Factor." This class is designed to help you help understand how feelings of anger are created and how you can reduce their negative effects.

Children and teen enrichment courses, which meet for ten sessions at a cost of \$20, offer creative fun and educational opportunities. Classes are available in cooking, ballet, Spanish, judo/karate, science and magic.

The CAPA Fall Workshops brochure also

includes information on the Pre-Kindergarten Program and the very enjoyable Trips Program, which this year, includes visits to Gracie Mansion, the Lockwood Mathews Mansion Museum in Norwalk, Connecticut and two theatre matinees.

Brochures, with mail-in registration forms, are available at Town Hall, all Town Clerk Offices, Town parks and local libraries. For additional information call CAPA at 795-4707.

I hope you'll take advantage of the Town's Enrichment Program by signing up for one or more courses. Remember — learning is an exciting experience no matter how old (or young) you are.

## Letter to the Editor

Hicksville School District: Mr. William Hall:

I am requesting that you, or another Hicksville school district representative measure the distance from my home to Dutch Lane Elementary school using a calibrated wheel. During fourth & fifth grades my son was eligible for school busing since we are more than 3/4 miles from Dutch Lane. Now, in 6th grade we are no longer considered more than 3/4 miles from school. I request this measurement be made door to door as that is the route my son would travel.

There has been such concern over the measurement from the jr. high and senior high schools that the needs

of the elementary school children have been completely ignored. Not only is the walk to school long, but also dangerous. This route includes crossing the Wantagh State Pkwy. and walking along a non-residential road. At a time when our children's safety should be a priority, the Hicksville school district is deliberately endangering the welfare of our minor children. Must we wait for a child to be injured or worse before a change is made? Along my child's route to school (along Steward Ave. at the Wantagh Pkwy. crossing) several adults have been approached by strange men, coming up the path from the parkway, who have pro-

ceeded to expose themselves to them. Since adults are hesitant to walk this street, how can the Hicksville school district ignore this blatant safety hazard and endanger my son and others by insisting they travel this route twice daily? There is no other possible route to school that would avoid this area.

I would urge the district to make this measurement from my home to the school door as soon as possible. There is no reason for any delay in this matter.

I was told by employees in your office that all ineligible families were notified by Aug. 14, 1985. I feel it was a deliberate act on behalf of the school district not to not-

ify me of the change in busing since it was obviously done in such an underhanded manner and the district is already aware my son is eligible for busing.

If the school district is so intent on trimming its budget, our children must remain its top priority. The adult education courses given in our school district must be eliminated since more money is obviously needed for our school age children, for whom this school district exists. Why must the children suffer a loss of services when our taxpayers' money is being used to support unnecessary adult courses?

Anthony Villett, builder of several hundred homes in east Hicksville during the post-World War II housing boom celebrated his 89th birthday recently, surrounded by loving members of three generations of his family. The veteran builder created the Hicksville Gables north of Old Country Rd., homes in the Hicks and Miller Circle area and on Liberty Avenue. Mr. Villett built homes of enduring value, coming to Hicksville from years of custom-home creation in Queens County. He later opened the building boom in Central Islip, pioneered with housing for Ohio atomic energy plant workers and built homes in Pennsylvania, closing his life-long output of 4200 homes with custom-built homes in Setauket and West Sayville.

A man of splendid integrity in business, surviving with geniality and fortitude such setbacks as the Great Depression and land speculation failures in the nuclear age, Tony Villett is remembered also for his unsinting aid to many in the home building industry.

Mr. Villett is the brother-in-law of Anne and Dick Evers of Hicksville.

## DONOVAN Report

Real Estate: Karen Donovan

## BIGGER DOWN PAYMENT

Mortgage standards may be tougher in the future. Lenders have discovered that people who only had to put 5 percent down on a house often walked away when they got behind on payments. They didn't have enough to lose.

The chairman of the Federal National Mortgage Association (known as "Fannie Mae," the largest investor in home mortgages) predicts that there will be fewer 5 percent mortgages and that lenders will take a sharper look at appraisals and at a buyer's income.

There's a fairly straight forward (but complicated) equation that determines how much house a prospect can buy, according to how much of a down payment the family can make, and how much income

can be devoted to mortgage payments after other necessities. Most lenders and real estate people use the same figures. A good real estate agent who knows the market as well as the local mortgage picture can match properties and prospects to make a sale. Buyers are carefully qualified so there are no surprises. When a contract is made, it sticks. Get the know-how that will sell your property. List with:

## New Top Executive For Nassau AHRC

A long time leader and pioneer in the field of rehabilitation and education for the disabled has been appointed executive director of the Nassau Association For The Help Of Retarded Children.

Frank D. Gentile, a resident of Great Neck and a former vice president of the Human Resources Center, has become chief executive at AHRC which provides daily programs for about twelve hundred mentally retarded children and adults.

Mr. Gentile, who started his career twenty-eight years ago in the engineering of electronic and mechanical assembly work for the disabled, holds a honorary doctorate from Dowling College and a master's degree in rehabilitation counseling from New York University.

He has lectured widely and has published in various professional journals including the Journal of Rehabilitation.

As executive director of the Nassau AHRC, Mr. Gentile takes charge of an organization which was founded in 1949 and today numbers twenty-five auxiliaries with 8,500 member-families. In addition to its campus in Brookville, AHRC runs vocational training and sheltered workshops in Plainview and Freeport and a residential camp at Hunter, New York. The organization has over twenty community residences scattered throughout Nassau County and has recently dedicated a day treatment center which joins its school and horticulture program on the Brookville campus.

Helen Kaplan, who has been executive director of the Nassau Association For The Help Of Retarded Children for twenty-five years, now assumes an emeritus position as Frank D. Gentile takes over as the organization's top executive.

## Storytime At Hicksville Library

The Fall season is again with us and this signals the start of our storytime at the Hicksville Public Library. On Thursday, October 3rd, the very first storytime of the new school year will be held at 10:30 a.m. or 1:30 p.m. Thereafter, each Thursday at the same time picture book stories, fables, fairy tales, flannel board stories, films, and games are in store for all Hicksville children who are 3½ to 5 years old. Registration is required and will be held in the Children's Room of the Library the week of September 16th. All children who wish to register must be 3½ years old by October 1st and present a birth certificate at the time of registration. Each storytime is approximately 45 minutes in length.

For those youngsters who are too young to attend our regular storytime, a special "Tiny Tot" storytime will be held every Wednesday in November at 10:30 to 10:50 a.m. and 11:15 to 11:35 a.m. All 2½ to 3½ year old children are invited to come and listen to favorite stories. Registration is the week of October 14th and a birth certificate must be shown at the time of registration.

Our regular movietime for preschoolers will again be held this Fall. All 2½ to 5 year old children are invited to come and see short films at 1:30 p.m. on the first Monday of every month. The film program lasts approximately one half hour and no registration is required.

## Exhibition Hockey Game

## Participates In Honors Workshop

Dr. Jerome Botwinick, Principal of Plainview Old Bethpage High School, is pleased to announce that Martin Rubenstein participated in a Honors Workshop for Precollege teachers

of Science and Math at Clarkson University during this past summer. This was an intensive program of lectures in General Science and Math, workshops in computers in Education, and seminars related to excellence in teaching.

This afforded Mr. Rubenstein a valuable opportunity which he will now share with Science students at Plainview-Old Bethpage High School.

## BE A GOOD BRANCH

"I am the vine, you are the branches. He who abides in me, and I in him, he it is the bears much fruit, for apart from me you can do nothing." John 15:5.

I want to be a success, and I guess most people want to be successful. But isn't that selfish? It can be, I suppose, when our attempts have as their basis in self-glory. As Christians we are called upon to be sensitive to the needs which surround us and then attempt through God's power to fill them. For as our text reminds us, apart from the vine, Jesus, we can do nothing.

How do we succeed? First we must put aside every negative thought and all pessimistic thinking. "It can't be done", must never enter our minds, but rather we must say, "With God all things are possible."

Recently my wife, Doris, finished reading a story in Reader's Digest, and commented, "That was unbelievable." The story began when May Lamke, a 52-year old nurse-governess received a telephone call from a local hospital asking if she could take care of a 6-month-old infant boy abandoned by his parents who was mentally retarded, without eyesight, had cerebral palsy and completely unresponsive to sound and touch. This woman believed from the begin-

ning that she could help him. She worked tirelessly teaching him to suck a nipple. She bathed, cuddled and spoke to him constantly showing love, kindness and caring. She took him with her in public and experienced people's unkind staring.

Trying to seek ways to help him, a chain link fence was erected around the property, and after many weeks of patient teaching, he stood up and used the fence as a support. This was his very first movement on his own.

One day she noticed a movement in his index finger as if he was plucking something. She decided maybe music was an answer, and the home was constantly filled with its sound. She bought an old piano and put it in his room. Little did she know how music would affect his life. One night she heard the piano and realized it was him, playing a concerto. After that, he played classics, rock, ragtime, country-western and gospel. This seemed to bring out more emotions in him. He started to say words, cry, bathe himself, use the toilet, and experience fear. God certainly hadn't forgotten him. Through love and faith in Him, her prayers were answered.

Reading this true story, we see that there is no challenge we might face which we could deem too large. For you see, God can turn apparent problems into powerful opportuni-

to the existing scales at the Old Bethpage Solid Waste Disposal Complex. These modifications will allow for better control and guarantee accurate weight of the trucks entering the landfill.

ties to show forth his glory. We must simply strive, be willing to let our powerful God enter into our weaknesses, and snatch victory from the defeat which results from our meager efforts. We must invite the Holy Spirit to come upon us and dissolve all negative thinking. And when, with God's help, we begin to succeed, we must then invite God to save us from sinful pride. For God can only do great things when a person is willing to give God the credit. As Jesus said to his twelve disciples "If any one would be first, he must be last of all and servant of all." (Mark 9:35b)

Most of our failure in life results when we forget that we are connected to the vine. We do not fail because of lack of talent, training, or opportunity. We fail because we don't trust in God's ability enough to help us succeed. Sure we need to strive to succeed, but it is better when we strive with God, we are not only giving it all we've got but we are giving it all God's got. God-pleasing success without Christ, is impossible. Success is being the person God wants us to be.

## To Honor Purcell

The Nassau County Young Republicans are proud to announce Francis J. Purcell as the guest of honor at their Eleventh Annual Cocktail Reception.

This year's reception will be held on Sunday, September 15 from 4:30 until 7:30 p.m. A cold buffet, open bar and music will create the proper atmosphere to honor our county executive.

The Eleventh Annual

Young Republican Cocktail Reception this year is being held at the Garden City Senior Recreation Center on 1 Golf Club Lane. This is directly behind Lord and Taylors of Garden City.

If you are interested in attending this apex of the Young Republican year, please contact: Republican Headquarters, 164 Post Avenue, Westbury at 334-5800. There will be a \$15.00 donation.

## Barbershop Chorus

## On World Educational Cruise

Valerie Beth Brazill, a former student at Hicksville High School, sailed on round the world educational cruise. Presently in her senior year of study, at the University of Arizona in Tucson, Valerie was one of approximately 300 students throughout the nation who was selected to spend a "Semester at Sea". This ship board schooling is sponsored by the University of Pittsburgh and will include time spent in Japan, Korea, Taiwan, Hong Kong, Sri Lanka, India, Egypt, Turkey, Greece, and Spain. The cruise left from Seattle.

### Women For Women

An organization called "Woman For Woman" will be holding its meetings at the Parkway Community Church on Stewart Ave. in Hicksville.

Washington, on September 12th and will return to Florida on December 21st, at the completion of the semester.

Miss Brazill is the daughter of William and Marjorie Brazill of Miller Road in Hicksville. Mr. Brazill is an Engineer of Construction for the Port Authority of New York and New Jersey. Mr. and Mrs. Brazill have six other children, including Karen who is presently in Guam serving in the U.S. Navy medical unit and Michael, a U.S. Army Air Force pilot. The other children are Susan, Stephen, Colin and Laura.

On Wednesday Sept. 18 at 8 p.m. the topic will be "Do you feel overburdened? Do you have enough time for yourself and your personal needs?"

Island Plaza, introduced Mr. Vincent Iavarone, Sr. Vice President of Raymond Keyes, Traffic Consultant, who performed a study for the Plaza. They contended that to change Jeanson Place before the proposed DOT changes of Broadway, would result in a monumental gridlock. They requested that the Town Board delay action on the proposed amendment until the State DOT plans were completed for a three lane left turn from the egress area at Nathans opposite Sears. Supervisor Colby felt that gridlock in the Plaza was better than gridlock on Nevada St.

Opposed to the Plaza's view, and in vehement support of the Town Board's proposed amendment was Mr. Steven Burchell, of Pamper Cleaners. His thirty year old business would suffer a tremendous hardship with the widening of Nevada St., since he has recently purchased additional property to be used as parking for his business. Also present and in support of the proposed amendment were members of the West Green and Midland Civic Associations.

Speaking for State Senator Marino and himself, Assemblyman Fred Parola, lent support for the Town Board, after participating in many discussions with the State DOT and Mid Island Plaza representatives. His office spoke to the DOT early on Sept. 10, the day of the hearing, and was advised that if the Town Board did not pass the proposed amendment, the DOT would go ahead with the proposed condemnation proceedings and widening of Nevada St.

At this time, upon the recommendation of Councilman Tom Clarke, the Board waived the waiting period for decision and approved Resolution #853

making Jeanson Place an "ingress only" to Mid Island Plaza.

The hearing ended at 11:20 and at this time it was recommended that the Police Dept. be notified of the changes which will become effective on Nov. 18, just in time for the Christmas shopping rush. Signs will be in place at this time and summonses will be issued to anyone not obeying the new traffic regulations.

Decision was reserved at a hearing for the petition of GGG Construction Corp. and John Collelouri for permission to modify restrictive covenants in an Ind. H Dist. imposed by Resolution #219-71, to rescind the restriction stating that no outdoor storage of vehicles or equipment be permitted at Midland Ave. north of Bethpage Rd., Hicksville.

Eight or nine residents of the area expressed their concern in regard to this petition. Even though they realize that their homes are adjacent to an industrial zone, their major concern lies with the upkeep of the property owned by the petitioners.

The owners of the property and their attorney will meet with the residents to try to come to an amicable solution to the problem since the nature of the business at the property is such that vehicles and drums are required to be stored outside on the property.

Resolution #783 - Approved a hearing date of Oct. 8 on the petition of Dawn Industries, Inc. and Frank J. Antun Properties, Inc. of Hicksville, for a special use permit in a Bus. G. Dist. to refurbish vans and motor vehicles, install sun roofs and four-wheel drive conversions, retail sale of automotive accessories and the general use of a public garage at Old Country Rd. west of Newbridge Rd.

Resolution #785 - Approved a hearing date of Oct. 8 on the petition of Alan and Susan Ross for a change of zone from Res. D to R-O Residence Office Dist. at South Oyster Bay Rd. and Wendell St., Plainview. The petitioners would like to use the house for general office space.

The deceased, whose name was being withheld pending notification to next of kin, was operating a 1982 Hondo Sport Coupe, east-bound on Route 25A, 400' west of Valentine Lane, when he apparently lost control and the car struck the two trees on the southside of the roadway.

The victim was transported to the North Shore University Hospital, in Manhasset, in a Glenwood

Resolution #786 - Approved a hearing date of Oct. 8 on the petition of Lester Rosenfeld and Lester Operating Corp., d/b/a The Pickwick Motor Inn, for a special use permit to construct and operate 20 additional rooms to the existing motel at Plainview.

Resolution #787 - Accepted an amended site plan on the petition of Delco Development Co. of Hicksville. Exits onto Old Country Rd. have been amended and the sign has been relocated at Hanover Place and Broadway.

Resolution #788 - Approved the amended site plan of Resolution #736-77 on a special use permit for Milleridge Inn at Jericho, for the partial conversion of retail space for additional seating for 134 persons.

Resolution #789 - Approved the site plan for a special use permit granted to 125 East Bethpage Rd. Assoc. at Plainview for the building to be used as an office.

Resolution #802 - Authorized the consultant to proceed with the bidding phase of the rehabilitation work needed at Bethpage Community Park Pool, Bethpage.

Resolution #807 - Approved the amendments to the Code of Ordinances of the Town of Oyster Bay - Amend Appendix A - Building Zone Ordinance - Add New Section 186 - Parabolic Dish Antennas in Residence Dist.

Resolution #808 - Approved the amendments to the Code of Ordinances of the Town of Oyster Bay - Amend Appendix A - Building Zone Ordinances - Add Section 1 - Definitions - Parabolic Satellite Dish Antennas in Commercial and Industrial Dist.

Resolution #812 - Authorized the money to institute an appeal on the Landfill decision. The cost not to exceed \$25,000.

Resolution #817 - Approved the payment of engineering and laboratory fees for the testing of water samples from the water that comes from the incinerator

Fire Department ambulance was pronounced dead at 1:16 a.m. this morning by the staff. He had internal injuries. His body was removed to the morgue to determine the exact cause of death.

to cool the ash.

Resolution #819 - Approved the payment for the trucks used at the Old Bethpage Solid Waste Disposal Complex to compact the land fill settlement.

Resolution #822 - Accepted a cash payment in lieu of park land for the Map of Turnberry Woods, III at Plainview.

Resolution #823 - Granted the request for a waiver of the New York State Uniform Fire Prevention and Building Code at the Maine Maid Inn Restaurant, Jericho. The request was granted when alternative fire prevention measures were taken at the site.

Resolution #824 - Approved the retention of special counsel of Beveridge and Diamond for a suit taken against the insurance company which disclaims its obligations to the Town of Oyster Bay Old Bethpage Solid Waste Disposal Complex.

Resolution #830 - Approved payment of the engineering fees and the laboratory fees incurred by the Monitoring Program and Off Site Groundwater Monitoring Program at Old Bethpage Solid Waste Disposal Complex.

Resolution #831 - Accepted the Town Environmental Quality Review Commission's findings on the Gas Extension System at Old Bethpage Landfill.

Resolution #832 - Approved the award of a lease for the Landfill Gas Recovery at Old Bethpage Solid Waste Disposal Complex. The 20 year lease will allow gas to be pumped by Energy Tactics, Inc. and be sold to LILCO. This will generate \$3,000,000 for the Town over the 20 year period.

Resolution #833 - Authorized the consultant to proceed with the design phase of the modifications

TWO GENERATIONS OF SERVICE

**GRIEF UPON AGING**

As you grow older, it is normal to become acutely aware of the deaths of your contemporaries. Identifying with friends and people of the same age who die is only natural. Sometimes when we grieve for them, we are also in part grieving for ourselves.

In addition to the deaths of friends and possibly of one's spouse, there are a myriad of other losses which also require some grief work. These other losses might include declining health and sensory acuity, financial or physical dependence, loss of self-esteem, loss of the satisfaction of employment, geographical and emotional distance from children and grandchildren, and diminishing pleasures from previously favored pastimes.

Most important may be the loss of one's personal support system (family that has moved away, friends deceased or disabled) to help with their grief. That is why it is so important for those who remain to deliver extra help and care.
