At The School Meeting

A small audience of community residents and district staff members braved the elements and the threat of more snow to join the Board and administrators for the Board of Education meeting of January 29.

Board members took the opportunity to mention activities of note. Mr. Bennett had words of appreciation for the adult education brochure for the spring semester and for the winter issue of "Excellence." This issue was a compilation of selected works by the students of elementary teachers Terry Wells, Barbara Simon, and Lois Walker, Junior High teachers Hank Cooney and Kathy Lehan, and Senior High teachers Kenneth Graiser and Basil Palmeri. A spring issue will be forthcoming, and entries will be solicited through building principals.

Mr. Wolfson attended the Nassau Music Educators Association music festival held on January 11 and 12 in which 42 Hicksville youngsters and 10 staff members participated and he commended the program and the high quality of student performances. Hicksville staff members involved in the planning and performances were Hilary Sperber, Donald Larsen, Joann Haban, Marilyn Abt, and Karen-Frances (elementary); Bob Pownall, Bob West, and Debbie Butcher (Junior High); and Dave Abt, Tom Buttice, and Chuck Arnold (Senior High).

The Superintendent informed the Board that additional information had been received on the issue of the Nassau County regulations regarding smoking in public places due to take effect on February 1. Since public schools are state institutions, they are not subject to the county regulations and would not be affected by the implementation of restrictions on smoking to designated areas. Dr. Fenton asked if the Board wished to receive a draft for a proposed policy on the subject for discussion and the Board requested that she submit a proposal for consideration at a future time.

The Board took action to adopt policies on cocurricular and extracurricular programs and the guidance program and to delete a policy designating the 1960 map as the official transportation map. The new map becomes the official one under Board policy.

Transfer, warrant, and cash flow reports were accepted and the Board established the health service rate for the 1985-86

school year at \$186.91 per child. Tuition rates for out-of-district students were also set.

Bids were awarded for custodial supplies (\$1,336.56), a collating copier (\$19,145), a van with a mounted hydraulic scaffold bucket (\$12,000), and a station wagon/van (\$10,859) for a total of \$43,340.56.

The approval of personnel items and the recommendations of the Committee on the Handicapped from the meetings of December 11 and January 8 completed the action section of the meeting.

The Superintendent's report was a presentation of the proposed budget for 1986-87. The total of \$42,599,081 represents a 7.2% increase over the current year's budget. Dr. Fenton explained that 96% of the budget consisted of fixed expenses such as personnel, the physical plant, insurance, BOCES administrative costs, tuition for special programs, transportation, and community services. The remaining 4% she described as costs relating to the offering of quality education to the youngsters of Hicksville. She received characteristics and practices found in districts, schools, and classrooms that foster excellence and high achievement, noting those aspects which are present in our schools and those we are working on to affect improvement. Dr. Fenton also linked district expenditures to the Board's five-year goals and showed how adherence to such goals that already resulted in improved instruction and learning. Higher standardized test scores and an increase in the number of students going on to further education were among the indicators cited which note greater levels of expectations and performance.

The information section contained several policies to be considered for deletion, adoption, or revision. In addition, the Board received curriculum materials developed during the summer for review and approval. They will be introduced at the next meeting for hearing and at the subsequent meeting for adoption.

Three long-time members of the Hicksville family have announced their retirements. Carola Gouse, SHS English teacher, with 26 years of service, Helen Miller, East Street fifth grade teacher who has served for 24 years, and Paul Marks, JHS social studies chair, who has been in the district for 32 years, received

the thanks of the Board for their long history of dedication to the children of Hicksville.

The Board also accepted the resignation of JHS music teacher Debra Butcher and granted a leave of absence to SHS business education teacher Forrest Underwood.

Congratulations were offered to Marie Marshall on her appointment as district-wide Supervisor of Enrichment Programs. Mrs. Marshall has served as JHS science chair.

Other educational personnel appointments included Patricia Roberts (SHS English), Peter von Korff (SHS psychologist), Frances Carley (East Street first grade), and Marc Rosado (SHS social studies).

The Board also abolished the positions of secondary science chair and JHS social studies chair. Three non-instructional positions of special education teacher aide were also recommended for reduction of

staff. The position of secondary social studies chair was created, and the Board approved the hiring of an additional teacher for the SHS Alternative Program and a piano accompanist for the Junior and Senior High Schools choral organizations. Schedules of Continuing Education, Evening High School, After-School, Enrichment Program, Oyster Bay Matching Funds Winter Youth Activity Program, and Student Activities lay help personnel were also approved.

Secretarial appointments were approved for Caroline Rama and Helen Frenz and school monitors Sigrid Geraghty and Judith Woodworth were appointed. Buildings and Grounds appointments included Eric Lettal, William Martinez, Daniel LaGrega, John Whelan, and James Diaz.

The next regular meeting of the Board will be held on February 26 at 8:15 pm in the Conference Room of the Administration Building on Division Avenue.

A New Home for New Image

An enthusiastic supporter of the Hicksville-based drum corps, Nystrom has, in the past, lent both his name and his presence to fundraising ventures conducted by the award-winning musical unit.

"... New Image is important to me because of what it does for the kids... They learn discipline, they learn to always give their best, they learn how to perform as a team. Most important of all, they are taught that dedication, hard work and per-

sonal sacrifice produce excellence - and their Corps is the best of its kind on Long Island as a result of these lessons. It's inconceivable to me that, with their incredible track record, they should have any problem finding a new home. Any organization, school or church would be fortunate to have them... And I'll do anything I possibly can to keep this exceptional group of kids from going down the tube for lack of a place to call 'home'."

Bobby Nystrom, of The New York Islanders, is extending a helping hand to New Image, a living legend in the world of drum and bugle corps. In this picture we see Mr. Nystrom with Corps members at a fund raising auction in 1984.

Every year our congressmen have the privilege of nominating young people from their district to the U.S. Military Academy at West Point, the U.S. Naval Academy at Annapolis, the U.S. Air Force Academy at Colorado Springs and the U.S. Merchant Marine Academy at Kings Point. On Sun., Feb. 9, Cong. Norman Lent will be hosting a reception in honor of his Fourth District Nominees and their parents. It is encouraging indeed to meet these young people and their parents. We are all proud of their achievements.

THAT'S ALL for this week except to send our condolences to the families of our astronauts and the first teacher who would have participated in our space program on their loss that stunned our nation when the Space Shuttle exploded this Tuesday. Their bravery in knowingly taking this high risk to advance our country's space program and their supreme sacrifice has made them a part of our country's history and an eternal memory in the hearts and minds of all Americans.

Gentlemen:

After reading your article about New Image in the Mid Island Herald, I was heartbroken. I am a former member and volunteer of the New Image Drum and Bugle Corps, and to have read an article like "New Image Drum Corps seeking new home" HURTS! Our corps has been around 27 years, and the experience and memories it has given me and many others are unforgettable. So why not

27 years more!
I remember every year since I was about 6 or 7 years old, my grandfather would take me to the annual "Paganry in Brass" at the Hicksville High School, and I would sit there with my eyes open, and never miss a note. The Corps was the best thing I had ever seen. One day, a few years later, I was with my friends at a local hang-out, and along came one of our friends, holding a shiny silver horn. She told us she had joined an

organization called the St. Ignatius Girls Cadet Corps and that the horn she had was a soprano bugle. I thought she sounded fantastic. Later, she told me more about the cadet corps, and showed me a few marching techniques. For days after that we practiced in my backyard, marching and playing that shiny horn. Well, I finally got my marching down and decided to ask my mother to take me down to join.

The next Saturday, I was on my way down to St. Ignatius school to sign-up. I walked in, and went downstairs to the basement where the Corps was practicing. As I stood watching and listening, their music sent shivers down my spine. I knew I wanted to become a part of the St. Ignatius Girls. Well, I was twelve then, and when I stand in that room listening to those kids play, that same

CHARLES WAGNER POST #421
HICKSVILLE, N.Y.

Another Superbowl game has come and gone and WHERE were you???? You were offered the best deal in town with peanuts, popcorn, hot dogs, hot roast beef, all kinds of salads, condiments, coffee cake and lots of BUD ... And the big game on the most crystal clear 6 foot screen I have ever witnessed ... Plus the great number and good selection of door prizes ... And you missed it all ... Well, the only thing you can do now is catch the next best affair coming along the of pike and that is the Auxiliary's time honored Valentine Dance which takes place at the Post as usual on Saturday, February 15th ... There will be dancing from 9 to 1 to the music of a one man band, 3 hot dishes, beer & wine, and raffles & prizes ... The price is \$10 per person so it don't pay to stay home with all that food just ready for you to feast upon. See any of the Auxiliary

members for tickets but make up a table now and have yourself a ball.
Harry Christo is the latest member of Charles Wagner Post to graduate with a high mark covering the American Legion correspondence lessons from the Legion's own school ... The course is open to all Legionnaires and is taught via six lessons on a monthly basis by correspondence and a passing grade on the final exam entitles the graduate to the wearing of that distinctive blue & orange patch denoting the schooling accomplishment ... But it is much more than that because now the Legionnaire has a background and understanding of what, why & how the American Legion is all about, etc ... No other veterans' organization has anything to educate its members in regards to history, background and purposes of its very being.
The Post annual Awards & Ceremonial Nite will be

held on Monday evening, Mar. 17, and plans are shaping up for this important night in the Legion scheme of things ...

The Post building is for

sale and the Charles Montana Agency represented by Effie Krogmann is handling the details ... Hall bookings at this time are being accepted up to and including June 30, 1986.

BIGGER DOWN PAYMENT

Mortgage standards may be tougher in the future. Lenders have discovered that people who only had to put 3 percent down on a house often walked away when they got behind on payments. They didn't have enough to lose.

The chairman of the Federal National Mortgage Association (known as "Fannie Mae", the largest investor in home mortgages) predicts that there will be fewer 3 percent mortgages and that lenders will take a sharper look at appraisals and a buyer's income.

There's a fairly straight forward (but complicated) equation that determines how much house a prospect can buy, according to how much of a down payment the family can make, and how much income can be devoted to mortgage payments after other necessities. Most lenders and real estate people use the same figures.

A good real estate agent - who knows the market as well as the local mortgage picture - can match properties and prospects to make a sale. Buyers are carefully qualified so there are no surprises. When a contract is made, it sticks. Get the know-how that will sell your property. Call with:

Hicksville Republican Club

Bill Lee
President

By Bill Lee

Joe Jablonsky
Executive Leader

Hello to all you people in Hicksville. As the newly elected President of the Hicksville Republican Club, I welcome you to attend our meeting and to join with us as members. The meetings are held on the second Friday of each month at the VFW Hall on South Broadway, starting at 8:30 PM. The meetings which are informative last about an hour and one half and are followed by refreshments. But, most important, you can see and talk to your elected officials, and ask them questions should you have any.

How many times have you heard a neighbor or co-worker exclaim, "I am not going to vote for either candidate - in my opinion, they are both unacceptable?" How does this happen? Well, he doesn't belong to any political party and he doesn't go to any meetings. Instead of speaking out on his own beliefs, he lets "George do it." Our next meeting will be February 14, 1986 (that's, right-- Valentines Day), so be a sweetheart and come on down to the meeting.

P.S. We don't have any George!

SUCCESS: Oyster Bay Town Councilman Thomas L. Clark (left) and Robert Andruzzi (right), Superintendent of the Town's Highway Division, remove a sign on Jeanson Place, Hicksville.

The court-ordered sign was placed over the existing sign when the previous owners of Mid-Island Shopping Plaza sued the Town for changing Jeanson Place to a one-way south street into the shopping center.

The lawsuit was resolved in the Town's favor allowing for the street to become an entrance only into the mall.

Assisting with the sign removal is Anthony Demos of the Highway Division.

Letter Carriers Receive Special Snow Boots

"We are trying to reduce accidents within the Postal Service. One of our biggest problems is slips, trips, and falls by letter carriers. Each year, many letter carriers suffer injuries due to the build-up of ice and snow on their delivery routes," said Roger Nienaber, Hicksville Manager, Postmaster. Mr. Nienaber recently purchased special non-skid snow boots and presented them to letter carriers in

Hicksville, Jericho, Plainview and Old Bethpage. The postmaster spoke to the Hicksville carriers and showed them a film on safe winter walking.

"We realize that a carrier handles a heavy bag of mail which causes their weight to shift. On ice and snow, because of poor traction, this shift can lead to a dangerous fall. I hope these boots reduce this danger," said Mr. Nienaber.

Hicksville letter carrier John Fink wears the new snow and ice boots provided to all Hicksville letter carriers this week. John, who has been a carrier for 18 years, said, "The boots are very helpful especially on painted surfaces where I normally skidded when they were covered by snow."

Another Cheese Distribution

The Hicksville Kiwanis Club wishes to remind the community that they will be distributing government surplus cheese again on Saturday, February 1, 1988.

If you qualify, bring your social security number with you to the driveway of Mr. Electric Service Co., Inc., 420 South Broadway, Hicksville, NY on Saturday, Feb. 1 between 9 am and 1 pm (or until the cheese runs out) and members of the Hicksville Kiwanis Club will help you fill out the necessary forms required by the government to account for the surplus food.

Pack 172 Visits Post Office

Jan 27 East Street Cub Scout Pack 172 went on a tour of the Hicksville Post Office. The tour was guided by Tom Gaynor.

First he showed the boys a film about mail delivery in the lobby. Then they went through the Post Office. They saw how letters are cancelled, separated, and sent on their way. They went

to the cubical of the letter carrier for East St. School. After that they went outside and saw all the mail bags being loaded onto the trucks.

The Cubs were given brochures on "How to start a stamp collection" and coloring books about the U.S. Postal Service and dog-watches.

meeting new friends, and learning discipline and respect for others. We can all be proud of each and every kid who walked into those St. Ignatius doors, who learned to play an instrument, and walked out feeling proud of themselves. If the New Image Drum and Bugle Corps doesn't find a home, it would mean the end of all that - and the end of an era.

Sincerely yours
Janine Guttenberger,
Hicksville

shiver runs down my spine. I'm sure the same goes for everyone who watches and who knows the hard practice, the time and effort each kid puts into the show "New Image Drum and Bugle Corps".

Wouldn't it be a shame not to be able to see those kids marching down Broadway during all those parades, letting them have the thrill of competing in competitions all over the United States and Canada.

Midland Civic News

By Gertrude Paul

On Jan. 15 at 8 p.m. at the Willet Avenue School an informative meeting was held and a sizeable group of residents benefited thereby.

Mr. Schwartz, principal of the Willet Avenue School addressed the group concerning school-community matters and thereby increased community rapport with the school.

Mr. Bernard Steinlauf gave an extremely informative talk in Income Tax Filing and Law, both present and future changes. Many questions were asked that helped people define what was or was not deductible, and what was considered a "gray area". His talk will surely result in savings to our members in the future. He was warmly received.

Finally, our Town Councilman, Tom Clark, ably assisted by his son, displayed a large, current map of Hicksville and delineated the changes that are currently taking place in Hicksville and what is being planned for the future. His walk was well prepared and he also answered pertinent questions of interest.

The audience appreciated the work done by Mr. Clark and the Town Board in voting to make Jeansen St. "ingress only" (as Rotary Pl. already is), thereby saving the front yards of some of the residents on Nevada Street.

Members of the Midland Civic Association are proud of the accomplishments of their organization.

In the top photo we see Virginia Germer representing Neighborhood Watch. In the lower photo Town Councilman Tom Clark describes the changes in the Hicksville map.
