Members of the Hicksville Fire Department Go On Record

In reply to last week's letter from the Board of Fire Commissioners, the Chiefs, Officers and Members of the Hicksville Fire Department would like to go on record as to why we are trying to stop, with a petition, the transfer of funds from the Capital G Account, in the amount of \$500,000.00, for the purchase of a 100 foot aerial platform truck.

First, we would like to state that the Board of Fire Commissioners has always had the best interest and well-being of the members and residents of the Hicksville Fire District in mind whenever they purchase equipment.

Our 24 year old Mack aerial has served our community well over the years but is in need of replacement. The residents of Hicksville now enjoy the benefit that their fire department has two ladder companies. Protection Hook & Ladder Company #1 operates a 100 foot aerial platform truck. This truck has proven itself time and time again and remains a vital piece of equipment for our department. The second ladder company, Hook & Ladder Company #6, operates an 85 foot straight aerial ladder. Now the Board would like to procure for Co. #6, a truck that is identical to the one currently

in service by Co. #1, with the exception that the new truck will have high hand rails. We feel that two identical trucks that perform the same functions would not be as beneficial to the community as would two different ladder trucks which could perform more of a variety of operations.

The Board says that purchasing an identical truck will replace our present aerial ladder and do the same job. Nothing could be further from the truth. The truck replacement committee, sanctioned by the District, was formed about five years ago with the intention of finding a piece of equipment that would best serve our department and community. After years of research, demonstrations and countless hours of going over various manufacturer's specifications, our truck committee decided that a 102 foot tower ladder is the piece of apparatus that offers the most versatility, functions and safety of all vehicles of this nature investigated by the truck replacement committee.

When the truck committee approached the Board with their recommendation, the Board rejected the committee's proposal. We then asked for the Board's reasons for rejection in writing so we could further investi-

gate their concerns. They refused and stated that they will not have anything else to say about this matter. It was then that they decided to purchase an aerial platform truck. You should also be aware that at the time, by their own admission, only one of the five Commissioners had actually seen this truck.

About two years ago, our truck committee traveled to the manufacturer in Ohio to see the 100 foot aerial platform truck. We gave it a complete work-out, including the testing of the ladder and bucket. All agreed that there was inadequate protection for the firefighters getting out of the bucket.

The construction of the ladder's high hand rails are lacking in safety considerations. It would pose a danger to firefighters and citizens alike. As a matter of fact, a department in Connecticut has the same truck, and because of problems, have removed the high hand rails.

Our four Chiefs then sent a letter to the Board asking that the replacement truck for our 24 year old aerial ladder be a rear mount aerial ladder truck and not the proposed aerial platform. Again, the Board disregarded the Chief's recommendations, opting to remain with the aerial platform. Why? With opposi-

tion from the Chief's Officers and Members of the Department, does the Board still feel that this truck is right for the members and our community? Our only recourse was to present a petition to the residents to be forwarded to the Board in opposition to the transfer of funds. This action that we have taken saddens us deeply, because we did not want to go public with our problems. However, our elected Commissioners, as we have stated, will not budge on this matter. The only way to resolve this disagreement is to go to you, the public, and let you decide how your money should be spent and your safety needs met.

In closing, we would like to thank our Chief, Officers and members who have supported us and the thousands of people who have signed our petition. We stand ready and willing to continue with the dangerous job of fire protection. We only ask the Board of Fire Commissioners to give us the best piece of equipment to ensure the safety and well-being of our firefighters, you, your families and your homes. Thank you.

Hicksville Fire Department Visits Willet Ave. Kindergarten

Firefighters Bachteler and Brousseau came to Mrs. Landgarten's AM and PM Kindergarten class to explain fire safety to the children.

Mr. Bachteler took the AM children outside to show them a fire truck and to demonstrate how it works.

Coalition Rally

The Hicksville Coalition to Elect Dan Arena and Carolé Wolf to the Hicksville School Board on May 7, invites all community members to a "Coalition Rally" on Friday, April 18, at the Hicksville VFW, Post 3211, 320 South Broadway, 8 to 10PM.

Both candidates will be present to answer questions and air their views on pertinent issues.

Tickets may be purchased at the door. Donation \$5 a person. There will be refreshments and a 50, 50 cash raffle.

works. Their eyes grew with excitement as the big ladder was hoisted up toward the sky. His daughter Tracey and her class looked on with great interest.

Mr. Brousseau showed the PM class some of the fire gear worn by the firemen, using his son Jeffrey to assist.

When both firefighters finished describing their important role in the community, pamphlets, coloring books and stickers on fire safety were distributed to both classes.

Prior to their visit, Mrs. Landgarten had discussed many aspects of fire safety in the home with the children. Information and a survey on smoke alarms and escape routes in the home were given to the children for completion at home.

We wish to thank Mr. Bachteler and Mr. Brousseau for giving their time in helping to teach the children of Willet Ave. how important fire safety and fire prevention are.

Galileo Lodge News

PRESIDENT JOE GIORDANO'S MESSAGE: "Man's mind never goes back to its original dimension." Oliver Wendell Holmes

Last Thursday, the 27th of March, the newly-elected officers of the Galileo Lodge and Ladies Auxiliary were installed in a rather solemn but impressive ceremony which was officiated by some of the leading figures of Grand Lodge of the Order of the Sons of Italy in America and other fraternal lodges. As the newly-elected officers of our Lodge and Ladies Auxiliary donned their regalia and were led to their respective positions, it became obvious that the fate and destiny of both of these organizations

now rested in their capable hands. Needless to mention that all of these new officers, male and female, with their loyalty, dedication and perseverance, will do everything that is humanly possible to carry out the goals, aims and ambitions of our Lodge and Ladies Auxiliary. To keep both of these organizations fiscally and socially successful is the criterion, of course. State President Nick Viglietti was also on hand as he officiated and delivered an extemporaneous speech to all those present. A collation followed, and the food was excellent and the drinks hearty, it was an extremely friendly night...a night that was quite memorable as well.

As I have often said, that if you offer something a little different and somewhat unique, there's never any worry about what the receptiveness will be. Well, as March disappears and April raises its head and starts to spread a little spring warmth over our land, the news that on Saturday, the 26th of April, the Galileo Lodge will present its 'Fifties and Sixties Dance', also spreads quite a bit of warmth over the Galileo Lodge, its members, friends and patrons. This dance will highlight the music of the 50's and 60's and I understand that the response to it has more than was anticipated. Tickets are now on sale and the cost is \$13.50

per person, a nominal fee that also entitles you to a delicious hot dinner, beer, soda, coffee and cake, set-ups and this delightful music of the periods just mentioned. Joe Cannizaro will 'chair' this activity, ably assisted by his co-Chairmen, Vito Grippi and Tony Sica. An additional highlight to embellish this dance will be a show that will be presented by a group called "The Exceptions", so as I have said, those who attend will be treated to a show upon a show. Please note that tickets will be sold at the Galileo Lodge from the hours of 8 to 10 P.M. by the committee men just mentioned here. Please note also that a 'bring-your-own-

liquor policy will be in effect that night. As I have said, please order your tickets as soon as possible because the unusual nature of this dance is expediting ticket sales.

Galileo Lodge will have a Maytime decor also, which should enhance the mood brought about by May. More on this activity in later columns.

In May, along with the beautiful flowers that bloom during this time, the Galileo Lodge will present its May Dance. Tickets will sell at \$13.50 per person, and in the offering will be a delicious dinner, beer, soda, coffee and cake, set-ups and pleasant music for your listening and dancing pleasure. The

Please note also that all the names of the newly-elected officers of the Galileo Lodge and Ladies Auxiliary will appear here in next week's column. But for the present, I wish to report that Joseph Giordano is our new President and Marion Danziglio will lead the Auxiliary to new heights as well.

Will your savings pass this simple fitness test?

1. Do you earn more than 5.5% on your savings account? YES NO

2. Do you get CD rates yet still have access to money when you need it? YES NO

Answer "No" and your money could be doing much better. For example, you could be pushing up interest rates when you save. Or stretching past the limits of CDs, where early withdrawals result in heavy penalties.

Spring & What It Means to Our Parks Dept.

"Our TOB's Parks Dept is now well into its comprehensive program for preparing facilities and organizing activities for the coming months," our Town's Supervisor Joseph Colby tells us. "This involves reconditioning of many baseball fields and other playing fields, while the necessary spring tasks are also under way at hundreds of acres of parkland actively used by our TOB residents," he continued, "and sports scheduling is already in progress."

"This year the work is even more of a monumental undertaking due to the severe destruction caused by hurricane Gloria. However, a fun-filled spring and summer awaits all TOB residents, thanks in large measure to our Parks Dept.," Mr. Colby concluded. How true.

The Oyster Bay Town Board on March 25 awarded a contract for the off-island shipping and disposal of solid waste.

Willits Point Contracting Corp. of Flushing, New York, one of only two bidders for the contract, received the award which requires the construction of a transfer station at the Old Bethpage Solid Waste Disposal Complex, in addition to the trucking of garbage.

Utilizing the Amity and Keystone Landfills in Pennsylvania as their disposal sites, Willits Point, proffered a bid of \$20,935,002 for the initial thirteen month period, with a second year option, available at the Town's request, of \$19,830,000 and a third year at \$20,440,000.

Letter To The Editor

To The Editor:
In reading Mr. John Tobin's letter appearing in this paper the week of March 21, I feel it has to remind us all that another school board election is weeks away (May 7). Mr. Tobin's letter attacks:

1. Mr. Dan Arena
2. Mrs. Carole Wolf
3. The Knights of Columbus
4. The Veteran's of Foreign Wars
5. The American Legion
6. The Hicksville Coalition
7. The Board of Education

8. Dr. Catherine Fenton
9. The U.S. Supreme Court

10. Mr. William Bennet, President of the School Board and

11. Hundreds of Hicksville Voters who backed the "coalition" on many issues, but, who are not active members of the Hicksville Coalition.

In fact, Mr. John Tobin's exact words, taken from his letter pertaining to coalition members and supporters are, "You are a very ignorant person and should not be involved in any decisions regarding the education of our children."

It is quite apparent that Mr. John Tobin has serious problems with civic groups and individuals who are giving their free time to community service.

Mr. John Tobin makes reference in his letter for Hicksville residents to investigate the real issues:

1. text books
2. math program
3. staff morale and
4. the responsibility of the Board of Education.

My question to the community is: Why haven't we heard from Mr. John Tobin in the last two years !!! It is easy to condemn the

decisions of others when the responsibility of that decision does not fall on your shoulders.

Mr. John Tobin's letter is one complaint after another but, in Mr. John Tobin's letter there is not one creative solution.

I'm sure that the Hicksville Community was pleased to hear from Mr. John Tobin and I'm sure we'll hear from him again this time next year.

Respectfully,

Postmaster Asks Dog Owners To Protect Pets, Letter Carriers

"Dog bites postman" is no joke for letter carriers.

Last year three letter carriers in Hicksville and Plainview were bitten by dogs. Already this year there have been two dog bite cases.

"Dog bites can be disastrous," said Hicksville Manager, Postmaster Roger Nienaber, "and that is why we are asking for cooperation from dog owners. We are hoping they will help to protect both their pet and their letter carrier."

Mr. Nienaber suggested that dog owners keep their pets away from mailbox. "If the pet is not kept behind a secure fence, then we suggest the owner restrain the dog with a leash or keep it inside during the usual hours of the carrier's delivery," he said. The Postal Service has the

right to protect its carriers by refusing to deliver mail to a household with an untrained dog. In cases where a dog is allowed to run loose in the neighborhood--it interferes with a carrier--delivery service to the entire area could be affected. Postal employees can also take action to recover damages resulting from dog attacks. Letter carriers have been awarded as much as \$300,000 in dog bite cases.

"Owners need to realize that dog ownership carries

with it several responsibilities. Preventing their dog from biting or attacking people who enter the property is one of them. We don't think that is too much to ask," said Mr. Nienaber.

In an effort to reduce the number of injuries the Hicksville Post Office is conducting a Dog Bite Awareness Program for children in grades kindergarten through 3rd.

The purpose of this program is to make young children aware of the prob-

lems dogs cause letter carriers.

We have a 20-minute presentation consisting of a letter carrier talking about dogs, handing out Dog-watcher's Coloring Books and showing a 7-minute videotape with a dog bite skit.

If you would be interested in having this presentation at your school contact the Public Affairs Office at 933-2406 to arrange for a presentation.

Pottery Demo

On Thursday, April 10, at 8:00 P.M. at the Syosset-Woodbury Community Park, the Long Island Craft Guild will present a program featuring Jeff Oestrich, a potter who is well known in this country as well as in Europe.

Mr. Oestrich apprenticed with Bernard Leach in England and now operates a pottery shop in Minnesota. He will give a slide presenta-

tion of his work, and will discuss his unique decorating techniques.

Also featured at the program will be work by John Doukza, jeweler, and Myra Itekhov, stained glass artist. The meeting is open, without charge, to the public. The Syosset-Woodbury Community Park is located at 7800 Jericho Turnpike, opposite Fox Hollow Inn in Woodbury.

Independent Art Society To Meet

At the regular meeting on Monday, April 7, at 7:30 PM in the Hicksville Public Library, 169 Jerusalem Avenue, the Independent Art Society will present a water color demonstration by noted artist Katherine Herzy. All I.A.S. meetings are open to the interested public. Everyone is invited to watch the demo, meet the artist, and have coffee with

fellow artists.

"April is membership month. Ten dollars will assure you places in our Membership Show, discounted fees for our Annual Juried Exhibition, and Newsletter notices of current Art events in our area. If you've been thinking of joining, NOW IS THE TIME," a spokesperson for the I.A.S. said.

Concert on April 8

The American Concert Band, conducted by Dr. Kirby Jolly will present music associated with the immigrants who came to America's shores, inspired by the Statue of Liberty. In this year of celebration, commemorating the one hundredth anniversary of "Miss Liberty," the American Concert Band is proud to play a leading roll.

The concert, inspired by a

poem by Emma Lazarus, "The New Colossus," takes as its theme "Yearning to Breathe Free."

In cooperation with the Hicksville Public Schools, the American Concert Band invites all Americans to this concert of our musical heritage at the Hicksville High School auditorium at 8:00 P.M., April 8. Admission is free.

Evening Nature Walk

Everyone is welcome to join an evening guided nature walk, "Soups of the Night," at Muttonfown Preserve on Friday, April 18, from 7:30 to 9:30 P.M. The rain date is April 19.

A walk through the springtime woods in the evening will open up a new world of nature that is too often overlooked. As twilight descends and the Canada geese settle in for the night, participants can listen at the edge of a meadow for the strange nasal call of the

woodcock. This quail-like bird performing a ritual "sky dance" to attract a mate, adds his song to the many sounds heard on a spring night. The spring peepers and other frogs join this evening chorus and provide an experience that should not be missed. Nassau County Department of Recreation and Parks Commissioner Abram C. Williams said the program is free but advance registration is necessary. Call 922-3123 for further information and registration.

Petroleum Spill Legislation Needs Clean Up: Parola

Assemblyman Fred Parola (R-C. Wantagh) announced today he is sponsoring legislation with state Sen. Ralph Marino to clarify the language in the state Navigation Law.

The bill would amend the definition of "petroleum" to facilitate the environmental clean up of oil spills.

"This legislation would provide that 'petroleum derivatives' be included within the definition of petroleum for regulatory purposes. As amended the definition would then include oil, oil wastes, gasoline, kerosene and petroleum derivatives as well," said Parola.

The assemblyman drafted the legislation in response to a plea from both the Hicksville Water District and fire

commissioners which found that the clean up of the methyl ethyl ketone (MEK) spill in 1982 was substantially delayed because MEK was merely a product of petroleum and not within the law per se.

"The removal of this spill was complicated by the fact that MEK is a petroleum derivative. Unfortunately, this clean up, which was primarily handled by the federal Environmental Protection Agency (EPA), took far too long, and the consequential damage to the environment was worse than it should have been," said Parola. "Bureaucratic skirmishing resulted in the delay of the start of the underground cleanup."

"As ridiculous as it may sound, if MEK had been had

been gasoline or any other designated form of petroleum, the spill would have been dealt with by the New York State Department of Transportation (DOT)," said the assemblyman. "Resulting hazards such as this would be eliminated

through enactment of my bill.

"Such a leakage or spill poses a threat to ground and surface water, among other things. Therefore, the timeliness is of great importance," said Parola.

Jones Manor Plans Reopening

By Jacklyn Farrell, historian

Jones Manor On-The-Sound, following extensive renovations after last year's fire, is planning to reopen and welcome prospective residents to its facilities.

Located on Long Island's prestigious North Shore facing the Long Island Sound, Jones Manor is on the site of the former Carriage House on the grounds of the ten-acre former Clarkson Estate, 59 Bayville Avenue, Bayville.

A non-profit and non-denominational residential home, its purpose is to provide adults who are unable to live independently, with a warm and friendly family environment.

At the adult residence, senior citizens enjoy gracious living with warm friendships, scheduled activities and 24-hour services of a congenial staff. Recognizing that an adjustment to group living for senior citizens is of vital concern to people, the Jones Manor's philosophy is to ensure privacy, independence, individuality and to offer the kind of environment that will make the residents look forward to the next day and the future.

Surrounded by a beautiful residential community, the Jones Manor is conveniently located across the street from a shopping area and nestled in a lovely wooded area that leads down to a beach on Long Island Sound. Places of worship are within walking distance.

Jones Manor boasts of comfortable private and semi-private rooms in a friendly homelike atmosphere of a comparatively small home for 44 residents that caters to the individual.

Jones Manor-On-The-Sound, in a picture book setting, has all ground floor facilities. Every room has individually controlled heat and air conditioning. The Manor provides room and board, housekeeping services, personal care service, supervision of attendants and other non-medical services necessary to assure health, safety and well being to sustain daily living activities. It does not have facilities for those who are mentally disabled or alcoholic or drug dependent.

Food is catered to individual dietetic and special needs. In addition to the three usual wholesome and well balanced breakfasts, lunches and dinners, there

are snack hours and after dinner refreshments.

Planned recreational activities and entertainment include beach and grounds walks, arts and crafts programs, afternoons allocated to community participation such as senior citizens' and church groups, monthly birthday parties, barbecues and outings, movies, television and daily visitors and other extensive programs for all who desire to participate.

The Jones Fund

Jones Manor On-The-Sound has been established by the Jones Fund which originated from the will of the late Samuel Jones. In 1836 when Jones drew his last will and testament, he set aside the sum of \$30,000 "in trust forever for the use of the towns of Oyster Bay and North Hempstead" and willed that five trustees be designated "the Trustees of The Jones Fund."

For the first 78 years of its 150-year history, the Jones Fund operated "The Jones Institute" in Brookville. Then in 1914, it moved to 555 West John Street in Hicksville, a stately Georgian mansion built especially for serving the elderly residents.

Over the years the institute facility aged gracefully but operating costs and repairs forced the trustees to seek a more efficient facility for the care and comfort of its residents. In that vein, the trustees searched and finally found the former Carriage House on the Clarkson Estate.

Jones Manor-On-The-Sound

It was learned that Peter W. Rouss of Brooklyn purchased the Bayville land in 1903 with the intention of building another "Callendar House" similar to his Brooklyn home. Rouss was nicknamed "Broadway" Rouss in deference to his department store business located at 549 Broadway in Manhattan. It is said that the Broadway building still has the name "Peter W. Rouss Building" on it.

Rouss had his Bayville home built between 1906 and 1909. When he lived on the estate, he was known to have his yacht anchored in Long Island Sound. After Rouss died in 1932, the mansion and ten acres of land were purchased by Robert L. Clarkson, who

was then the chairman of the board of the American Express Company.

In 1957 the estate was put up for sale and in 1958 the Medical Center Realty Corporation of Bayville purchased the house and ten acres for \$250,000. After extreme alterations, the Oyster Bay Hospital at Bayville was opened in July 1961, with 106 beds and 110 employees. The value of the hospital was estimated at three million dollars.

But financial woes plagued the hospital around 1963 and despite efforts by the owners and the village fathers, the doors closed in the early part of 1969.

The estate remained empty for quite a few years

and was eventually purchased by a group of plastic surgeons who renamed the estates "The Renaissance, for Patient Rehabilitation," about 12 years ago.

The Carriage House, now occupied by the Jones Manor On-The-Sound, was an annex to the unprofitable Oyster Bay Hospital. After the hospital closed, the annex was used as an adult home under several owners until the former owner took over about ten years ago. The main house was later used as a convalescent home and health spa for the wealthy.

After being vacant for more than a year, the estate was bought by the United Cerebral Palsy Association

of Nassau County in 1980, with intentions to use the main house as its executive offices. But it remained as it was until 1984.

Following extensive renovations, the United Cerebral Palsy Association (UCPA) reopened the facility in the summer of 1984 as a home for 48 young adults. The cerebral palsied residents' ages run approximately from older teens to adults in their 40's.

The UCP Association has leased an acre-and-a-half, including the Carriage House, to the Jones Fund.

The building and its addition have undergone extensive renovations and repairs and the grounds have also been upgraded in order to

operate Jones Manor On-The-Sound in accordance with the will of Samuel Jones.

Its current trustees are John B. Dawson Jr., chairman of the board, Rosemary Falbee, vice-chairman, Michael J. Vittorio, treasurer, Sally Ravich, secretary and Jacklyn Farrell, historian. Dawson, Vittorio and Ravich are from the Town of Oyster Bay and Falbee and Farrell are from the Town of North Hempstead.

Jones Manor On-The-Sound is administered by John Bertone, executive director. The Manor's counsel is Nicholas Donohue of the law firm of Martin, VandeWalle, Guarino and Donohue.

HJHS Honors Seniors

Left to right - John Beggs, Paul Aversano, Lisa Grillo, Maria Paradiso Recipient of flower - Mr. Neil Mc Cormack, President Hicksville Senior Club
Others - Some of the HJHS senior guests

Traditionally, the Thursday evening performance of the Hicksville Junior High School Drama Club has welcomed senior citizens as non-paying guests. This year's production of *Fiddler on the Roof* was no exception. In fact, thanks to the efforts of the National Junior Honor Society members, a record number of Hicksville seniors were able to take advantage of the wonderful opportunity.

The students of the HJHS chose service to senior citizens as their community project for the year. They raised funds and provided a bus to transport their guests the night of the performance. In addition, each senior citizen received a lapel flower or corsage, which had been prepared by honor society members.

Mr. and Mrs. Peter Kennedy, of "Flowers by Peter" on West Marie Street, contributed the flowers and corsages.

ist materials. They taught the students how to construct the corsages and shared their good will. The committee extends their gratitude to these patient and generous supporters of Hicksville youth.

The students also wish to thank Mr. Neil Mc Cormack who facilitated the activity. He and his group were a wonderful audience and very appreciative of the students efforts.

This event is only a part of the HJHS student project plans. They are arranging a chorus to entertain at senior citizen meetings, and they will sponsor a book collection if a senior group would like to start a library.

Any organization of senior citizens who would like to schedule a chorus performance or receive a "library" should contact Mrs. Louise Higgins, HJHS faculty advisor, at 933-6562.

Community Volunteer Is Unsung Hero At Mid Island Hospital

"Helpful, pleasant and cheerful" is the credo of our volunteers, said Beverly Wagner, Patient Advocate and Director of Volunteers of the 237 bed health care facility in Bethpage.

Last year, Mid-Island Hospital volunteers contributed 10,000 hours creating a record for the most hours served in the 30 year history of the health care facility.

At the conclusion of an in-depth training/orientation program, a volunteer is required to serve a minimum of four hours per week. In as many instances as is possible, volunteer service assignments are made according to individual choice. However, Beverly Wagner noted, "we do not guarantee a first choice placement every time." Volunteer assignments are numerous and include: selective patient care areas, clerical offices, Dietary Department, X-Ray, Laboratory, Administration offices, Admitting, Pharmacy and reception areas.

Other essential volunteer services include Bookmobile and Arts and Crafts distribution, and in the Hospital's Nursing Department such activities as patient assistance, meal service and other important assignments.

In many instances, Wagner said, volunteers use their past acquired skills which aid in current hospital assignments.

"Volunteer recognition is essential to our operation," Wagner said. Every June, for the past fifteen years, we conduct a Volunteers Ser-

vice Awards Dinner to honor different levels of completed hourly service. As many as 100 or more guests — both family and friends — attend the recognition program. For 50 hours of completed service, a volunteer will receive a Certificate of Merit; 100 hours,

a beautiful pin is awarded and beyond 100 hours, a guard is presented which is attached to the pin.

"Most important, Wagner concluded, we're always seeking the generous voluntary support of dedicated individuals from throughout the fifteen communities surrounding our Hospital."

Anyone wishing to combine the ingredients of an interesting, worthwhile life with active voluntary humane services, make new friends and partake in challenging activities, should call Beverly Wagner, Director of Volunteers, Mid-Island Hospital, at telephone (516) 579-6000.

CHARLES WAGNER POST #7421
HICKSVILLE N.Y.

Don't know the reason ... maybe its the season ... but the number of chance books, tickets and other devises for draining the Post treasury has reached epidemic proportions ... But the biggest drain by far is the ransom demanded (or else) by our All American Apple Pie insurance corporations for liability insurance ... For a non-profit organization such as we are, money for our charitable work and donations are difficult to come by ... To see our funds, intended to lighten someone's load or spread smiles on some disabled vets faces, should not be used otherwise ... Of course the whole insurance bit is on a national scale so it is not just us but all over our

great country ... Perhaps the answer is competition for the American insurance dollar from foreign insurance companies ... It worked well for the automobile industry, did it not ????

The Post and Auxiliary are sponsoring a 300 Club which has the first drawing this evening, April 4 ... JACK REICHLEN has the tickets on this at \$20 per copy and this effort will run for the next 19 weeks with 3 awards each week and the big ones made at the cocktail party on the 20th nite ... Call JACK at 935-7854 for more information or tickets or call me because I also have tickets for our NITE, AT THE RACES ROAST BEEF DINNER on Satur-

day evening, May 3rd, and these are only \$5 each with the roast beef serving scheduled for 7 P.M. ... My number is 935-1860 and like Dominoe Pizza, I DELIVER ... Seriously though, the Post needs the support of all members, relatives, friends and hangers on if we are to survive the financial onslaught generated by the 'great insurance raid' ... In the meantime, our 2 halls are available for booking NOW so please show your friends the way to our door as we can accommodate their need for space to have fun in ... Or call the Post at 931-9867 for booking information ...

Please be at the Monday, April 7th meeting as we have things to discuss.

During the month of April the Hicksville Public Library will display art work of the children of St. Ignatius School in the fiction room case. The lobby case will contain a display by the Gregory Museum. The Show case may be seen during regular library hours.

The Long Island Biannual Storytelling Contest was recently held at the Hicksville Public Library and twelve very talented Hicksville children told traditional fairy and folk tales. The audience enjoyed listening to each storyteller as they weaved tales of kings and queens, elves and pixies, princes and princess, and the deeds of mighty heroes. Because each child was so very talented and told each story with enthusiasm and skill, choosing a winner was most difficult for the judges. However, after long and very careful consideration two winners were finally chosen, 6th grader Shen-Wei Wu who told "The Princess And The Pea" and his 4th grade sister An-Ya Wu who told "The Heavenly Spinning Maiden."

Both these most talented winners will compete against winners from neighboring libraries in the Regional Contest to be held April 19th at 2 P.M. at the Hicksville Library. All are invited to attend this most memorable event.

Tully Receives Award For Service To County Government

The award was presented to Senator Tully by John T. Grant, Past President of the NYSAC, pictured to the right.

State Senator Michael J. Tully, Jr., recently was honored by the New York State Association of Counties (NYSAC) when he was given an award for outstanding service to county government throughout the State.

The award, which was presented to Senator Tully in a ceremony in Albany on March 10, was an acknowledgment of his significant contributions and assistance to counties. NYSAC, whose membership represents every county in the State, makes the final determination for the award based on

individual members voting records. Included among those proposals Senator Tully advocated during 1985, that were supported by NYSAC, was a state revenue sharing enhancement measure; a home health care grants plan that improved and expanded services; and a solid waste incineration emission control program.

"Representatives of government must acknowledge the needs and concerns of all the citizens of New York," Senator Tully commented. "I am pleased to accept the award"

Beacon's President Discusses Name Change

The first indication of a name change appeared in Beacon Federal's annual statement in the message to customers that was signed by the chairman, Frederick W. Eckhardt, and the president, Charles Hahn. However, when the first new signs began appearing on local bank buildings, "we began to get inquiries regarding the full portent of the name change of Beacon Federal Savings Bank from Beacon Federal Savings and Loan Association," said Mr. Hahn in a recent interview.

"It's really a matter of keeping current with present trends in the financial industry. In addition, it has been common usage for many decades among our custo-

mers to say, 'Beacon is my bank,'" noted Mr. Hahn, adding that, "Now, it's official and the word 'bank' is a major part of our name."

In explaining the "trend" factor, Mr. Hahn cited some historical facts and current data. Savings and loan associations, also known early on in some parts of the country as "building societies," were formed in the U.S.A. in the 19th Century to provide capital for home building only. It was a very simple and workable concept. A group of local residents would get together, each would pledge to contribute a certain amount of money each week or month, and, usually by lottery, a name would be

chosen to receive the first home building "loan." When each member had received his loan and all of their homes were built and the loans had been repaid, the association would usually be liquidated.

"As you can see, there was no 'true banking' conducted by these early savings and loans, but the historical title remained even though the associations became permanent in nature. I also believe that the customers' common usage of the term 'bank' relates to the outstanding number of commercial banks and savings banks - about 15,000 combined nationwide - compared to about 4,000 savings associations. However, it was only recently, during the current era of deregulation that savings associations have been permitted to use the word 'bank' in their names, and we decided to go with the name change," said Mr. Hahn.

"In addition, our banking services have been expanded substantially during the '80s, most notably with the NOW checking account and added commercial lending powers," he said.

Mr. Hahn indicated that customer comments on the new "bank" designation have been favorable. Signs with the new name are being prepared and will be installed on all the bank's buildings.

Beacon Federal Savings Bank, with more than \$433 million assets as of December 31, 1985, operates 14 offices in five New York State counties: Nassau, Suffolk, Ulster, Dutchess and Orange.

Social Security benefits received by single people will not be taxed if total income including one half of their benefits, totals less than \$25,000.

Real Estate: Karen Donovan

WHO'S THERE?

In order to sell a house, someone has to show it to prospective buyers. Either someone must stay in the house all day in case a prospect comes by, or else someone ought to be stationed in a spot to meet prospects and bring them in.

In so many homes these days, NO ONE is home. With both parents working and children in school, there's no one to show a buyer around. And while someone IS home - a young mother with children, perhaps, or a single senior - they may not want to open the door to just anyone who sees a "For Sale" sign. That's just one reason to call in a real estate professional.

Here's another: there's more to the showing than just showing. There are questions to answer and objections to meet. The expert salesperson has qualified the prospect, and will be able to point out how your house meets that person's needs. The agent knows how the house can be financed, given the prospect's situation.

A big part of the showing is the SELLING. When you're ready to put your house on the market, let us sell it for you. List with the professionals.
