## Town Board Denies Change of Zone Application in Hicksville

The Oyster Bay Town Board has denied a request for a change of zone in Hicksville, according to Town Councilman John Venditto.

Venditto said, "at a public hearing on Tuesday, April 29th, the applicants, Bhola Banik and Ratna Banik, were requesting a change of zone from 'D' residence district to 'R-0' residence-office district, to establish an office for the practice of general medicine and to reside in the structure."

The property is located on the northwest corner of Adelphi Road and South Oyster Bay Road, known as 465 South Oyster Bay Road, Hicksville.

In denying the application, the Town Board stated that the change of zone would have a negative impact on the adjacent residential community.

## Hearing Date Set On Change of Zone Application

Oyster Bay Town Councilman Howard T. Hogan announced that the Town Board has scheduled a September 16th public hearing on a request for a change of zone in Hicksville.

Hogan said, "The applicants, Peter E. Kenney and Josephine M. Kenney, are requesting a change of zone from 'E' residence district to 'F' business district (neighborhood business) to construct, operate and maintain a floral business."

The vacant parcel is located at the corner formed by the intersection of the west side of Newbridge Road (NY route 106) and the northerly side of West Marie Street.

The hearing has been scheduled for Tuesday, September 16, beginning at 10 AM in the Town Hall East hearing room, Audrey Avenue, Oyster Bay.

## Town Board Plans for Giese Park!

At the August 4th meeting of the Giese Park Civic Association it was announced by its president, Thomas McGovern, that the Town of Oyster Bay's plans for the development of the Giese Park property have been stopped at the present time pending a reevaluation of the needs of the community.

This news was greeted with loud applause and elation as well as relief. Prior to this the residents were angered at the Town's park proposals which they felt posed a direct threat to their quiet residential neighborhood which they have been fighting to maintain.

A spokesperson for the Association stated that, after almost six months of long, hard work, it is gratifying to learn that the residents have been

heard by Supervisor Joseph Colby and the Town Board and that hopefully future plans for the area will include their interests.

In conjunction with this, a committee has been formed by the Association to develop a survey to be utilized in determining the needs of the community. The results of this survey will be presented to the Town Board.

The spokesperson also stated that this success has been the result of the formation of the Association and the input by its members. Residents of the area who want to be heard are urged to join the Association. For further information, please contact: Tom or Fran McGovern, 10 Brooks St., Hicksville, N.Y., 11801.

## Hearing Date Set On Special Use Permit in Hicksville

Oyster Bay Town Councilman Kenneth S. Diamond announced that the Town Board has scheduled an August 26th public hearing on a request for a special use permit in Hicksville.

Diamond said, "The applicants, Colonial Auto Body, lessee, and Arthur Moss, owner, are requesting a special use permit for the purpose of maintaining and conducting an

auto body business."

The property is located at northeast corner of the intersection of Burns Avenue and Charles (Keats) Place, also known as 2 Burns Avenue, in Hicksville.

The hearing has been scheduled for Tuesday, August 26, 1986, beginning at 10 AM in the Town Hall East hearing room, Audrey Avenue, Oyster Bay.

## Town Board Schedules Hearing On Special Use Permit in Hicksville

The Oyster Bay Town Board has scheduled a public hearing for September 16, on an application for a special use permit in Hicksville to operate a bar and tavern, according to Town Councilman Douglas J. Hynes.

"The applicants, Valhav, Ltd, doing business as Chaplin's and Gordon Hahn, are seeking a special use permit to operate a bar

and tavern in a 'G' business district located on the east side of South Broadway, north of Hanover Place, known as 247-249 South Broadway, Hogan noted.

The hearing is scheduled for Tuesday, September 16, beginning at 10 AM in the Town Hall East hearing room, Audrey Avenue, Oyster Bay.

## New Image Update

## Broke, Homeless, Yet Undaunted New Images Comes Up With 3 Victories

Despite multiple problems and overwhelming odds, the New Image Drum & Bugle Corps has lashed itself to the mast and exclaimed "Damn the torpedoes - FULL SPEED AHEAD!"...And the results have been astounding.

Like the Americans after Pearl Harbor, New Image has, in its own way, shown itself to be a "sleeping giant" which has been "filled with a terrible resolve". Having no home or base of operation, the proud and brave troupe

has been rehearsing outdoors, rain or shine. With no place to store its equipment, the Corps has accepted the offer of a local business establishment to temporarily secure it in an unused basement.

### Three Victories

On July 18, after a grueling winter of setbacks, New Image appeared in its first contest of the 1986 season, the "A" Class Championship in Pittsburgh, Pa., and won it. On July 26, New Image competed in Hick-

sville's "Pageantry in Brass" contest - and won it. On July 27, New Image competed in Dover, New Jersey's "Lakeland Brass" contest - and won it.

"These kids and their adult staff don't know the meaning of the word 'quit'," said Corps fan George Siciliano after the July 26 contest. "I am amazed at their fortitude and I am filled with admiration for them." Mr. Siciliano said that the Corps captured his attention earlier this year, and that he

decided then to offer his services in trying to secure corporate aid for the organization. "They are fighting their battle for survival on so many fronts simultaneously," he said. "It would be beyond any decent person's capacity to be indifferent to their plight." So far, however, his arduous efforts have fallen upon ears that are mostly indifferent, indeed. Not one organization has offered substantial

# Galileo Lodge News

By Joe Lorenzo

**PRESIDENT JOE GIORDANO'S MESSAGE:** "There is no excellent beauty that hath not some strangeness in the proportion." Francis Bacon

The Galileo Lodge some exciting and pleasurable activities in store for its members, friends and patrons. Most of us are business people who get caught in a maelstrom of business considerations, so much so that we lose track of our recreational needs. Well, perhaps the Galileo Lodge can aid you with this problem.

Well, on Sunday, the Galileo Lodge will present its annual picnic at Eisenhower Park. Admission is \$6.00 for adults, and needless to say that there will be a delightful array of food and

refreshments, enhanced by a cornucopia of what we call appetizing "goodies" for the edification of all those who attend. The picnic will start around 8:00 A.M., with breakfast to be served at the Galileo Lodge around 7:00 A.M. Call Tony Sica at 931-9351 for more details.

To prove that good things are still happening at the Galileo Lodge, please permit me to report that on Saturday, the 23rd of August, the Galileo Lodge presents its Italian Wedding Dance. Price of tickets is \$13.50 per person, a very nominal fee that also entitles you to a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups and the hilarious mock version of the old-fashion Italian weddings. You will

also be introduced to the new Beauty Queen of the Galileo Lodge for the year 1986. Please note that a 'bring-your-own-liquor-policy' will be in effect that night. Armand Del Cioppo will 'chair' this activity, ably assisted by Joe Morace and Tony Sica. For a delightful and pleasure-filled time, this dance (and the mock ceremony) should really offer you a jolly-good time. Tickets are now available, so all you have to do is call 931-9351 and ask for the committee people just mentioned here.

We don't have to say much about the Anniversary-Scholarship Dance that the Galileo Lodge will present on Friday, the 12th of September. It's probably our gala affair, if not one of its most important affairs. It

will be held at Leonards of Great Neck, with a cocktail hour (Italian style), dinner, a little ceremony honoring Joseph Monticello and then the music. The success of this dance will determine the success of the scholarships to be handed out. Price of admission is \$40 per person. Contact Joe Giordano for additional information concerning this very important activity, and Pete Massiello as well. An Ad Journal will be featured, and it will be a terrific one, so say the reports. Many other committee members are a part of this dance and their names will be revealed in next week's column. The magnitude of this affair suggests this. Call this a dance that shouldn't be missed.

Reports indicate that the rehearsals for the 'Foolies Follies', the zany musical comedy and variety show presented by the Ladies Auxiliary, are coming along at a nice pace. If you feel that you have talents and abilities in this area, the ladies Auxiliary can use those gifts. Rehearsals take place every Monday night at 8:00 P.M.

## Letters To The Editor

To the Editor:

Approximately 15 years ago I became active in civic work in the Town of Oyster Bay due to a surge of building in the Woodbury area. If anyone had proposed at the time that I would or should get involved with local politics, I would have laughed. It was the furthest thing from my mind.

However, one can not be involved in civic affairs for too long before they realize the pitfalls of the one party system which exists in the Town of Oyster Bay, (in this case, Republican) complete with its lack of checks and balances, a system of checks and balances which American prides itself on... a system which exists throughout the United States. Any one party, regardless of which one, which is in complete control is a danger to the people.

If it were not for civic leaders and interested, involved individuals, there would be no one to question Town Hall and, although there is a one party system in the Town, the questioning at an open Town Hall meeting in front of the press, at the very least, forces the Town to be answerable to someone.

However, that is what happens in front of people at Town Hall. No one is invited to see what happens behind closed doors. What causes a Town to vote against the desires of the people and approve zoning changes without explanation? Why do the councilmen assume leading roles at the Town Hall meeting with their questions and then follow the leader when it comes time to vote? What causes a Town Supervisor to appoint his own son-in-law to a \$60,000 + job and boast about it to the daily papers?

This is the arrogance which exists at Oyster Bay Town Hall. In my opinion, it is run as a private Republican club rather than government which all of us (yes, even Democrats) support with our hard earned dollars through our taxes. These people work for us and yet their leadership and values is constantly open to criticism. This is why I became active in Democratic politics and, finally, became the Democratic Assembly District Leader of the 13th Assembly District.

And now there is a chance for every concerned resident of the Town of Oyster Bay

Hicksville Fire Department  
Hicksville Free District East Marie Street  
Hicksville, New York 11801  
Gentlemen,

We have recently been informed in the Mid Island Herald that the Hicksville Fire Department will be hosting a carnival at the Plaza north west parking field. We do not like this idea for many reasons, and we are extremely disappointed that the residents surrounding your new "Fairgrounds" were never consulted for their opinion.

Through the years we have had the Tournaments under our windows and we have supported your fund raising efforts. Most of us were not thrilled by this every year, but we went along with it to show our appreciation for the sacrifice you make for the Hicksville residents. A carnival is a very different story. We do not support this show, nor will we support it at any future time.

A carnival is not only noisy and dirty, but it attracts people from all areas. These people will not care about the rights of the residents. They will not care if the working people get enough sleep to perform their jobs properly. They will not care if they park on our streets, if it is more convenient for them. They will not care if they drop their garbage for us to clean up. They will not care about the noise they will create while leaving the parking area. They will not care if no alcoholic beverages will be sold during the week. They can bring them in their cars or buy liquor at the Plaza. They will not care, but we the residents will care.

The Fire Department and Delco Corporation will turn a nice profit from this if it goes over well. What do the residents get from it? We'll get to take care of the problems this creates before, during, and after.

Drugs, particularly the crack problem found in some of the adjoining towns, is a major concern. Do we need to attract this to our town?

It is clear to see the Hicksville Fire Department, and Hicksville Fire Commissioners have not addressed these problems, when you considered a carnival for a fund raising activity. It's also clear to the residents that no thought was made when considering a location.

We all realize space in Hicksville is vanishing as well as your capacity for this type of fund raising activity. We are sure that with a little thought a new and better fund raising activity could be accomplished. A activity which the people of Hicksville would be happy to support.

Sincerely,  
John Ptacek, Hicksville  
(for Petitioners)

cc: Supervisor Joseph Colby  
cc: Delco Corporation  
cc: Mid Island Herald

to change this system which only works against the people most of the time. Councilmanic District petitions are being circulated throughout the Town. If these Districts were to be created, there would still be the same number of people at Town Hall (therefore, no additional expense) but council persons would be elected from districts within the Town, possibly enabling Democrats to have a voice in local office.

By the way, don't let the Republicans tell you any stories about the reason or reasons they don't want this. They themselves assign councilmen to a certain area after they are elected at an at large basis. However, they don't want the establishment of this system because they are bound to have to give up one or two seats to

Democrats and then, for the first time, in too many years, there would be someone to be answerable to from within Town Hall...not just at public meetings.

Signing these petitions allows the issue to appear on the ballot in November. At least let us give the issue a chance in front of the people. I urge you to sign when approached. The idea is being supported by members of all political persuasions...all who want more representative government in their Town.

The only winners will be the people.

By Judy Jacobs  
13th Assembly  
Democratic Leader

Editor's Note: We differ with Mrs. Jacob's opinions, as expressed in this letter...but, we defend with all our efforts, her right to express them.

## Dear Friends...

### About F.D. Labor Day Celebrations

As you will be reading in this week's "Letters To The Editor", the neighbors around Mid Island Plaza are objecting to a WEEK-LONG CARNIVAL, which is scheduled to be held this year, in connection with the annual two-day Fireman's Labor Day Parade and Drill. Petitions are going out opposing the week-long carnival. Also, residents are writing to oppose this lengthy and, in some aspects, undesirable, type of event, which attracts many from outside the immediate community.

No one, not even those whose homes are located right next to the area in which this carnival is scheduled to be held, is objecting to the Parade & Drill. Nor has anyone objected to our fine volunteer fire fighters. They deserve and receive our eternal gratitude. Their community service has been recognized by all Hicksville residents... in fact, they were the first organization to receive the Hicksville Community Council's "Organization Of The Year" Award, many years ago.

We don't know whether a change may be made in this year's plans. It may be too late. However, we hope that the petitions and letters opposing this week-long carnival will be kept in mind by our Fire Dept. when they are planning for future Labor Day Parades & Drills. Of course, this year, too, if possible.

The Town of Oyster Bay held a regularly scheduled Town Board Meeting on August 5th at Town Hall East, Audrey Ave., Oyster Bay. The following matters were addressed at this meeting.

• Decision was reserved at a hearing on the petition of Joseph Adragna for a change of zone from Res. D to R-O Residence-Office District for a law office at the intersection of Newbridge Rd. and Bernadette Ct., Hicksville.

—The applicant also wishes to make curb cuts on Newbridge Rd. and to add eight parking spaces on the premises.

There was opposition to this petition from residents of the area. The residents expressed that the applicant does not live on the premises and that the property is not well maintained. They stated that there is another business at the location which requires delivery trucks, and any further changes would generate too much traffic. The property abuts residential property on Bernadette Court.

• Resolution #791 - Authorized the Town Clerk to advertise notice of a hearing on the petition of Peter E. & Josephine M. Kenney for a change of zone from Res. E to Bus. F at the corner of Newbridge Rd. and W. Marie St., Hicksville. The hearing date was set for September 16.

• Resolution #792 - Authorized the Town Clerk to advertise notice of a hearing date of September 16 on the petition of Michael Hatis for a change of zone from Res. D to R-O Residence-Office Dist. to conduct and operate a school for the teaching and learning of karate, judo and the art of self defense for both children and adults at the inter-

section of South Oyster Bay Rd. and Virginia Ave., Plainview.

• Resolution #793 - Authorized the Town Clerk to advertise notice of a hearing date of September 16 on the petition of Valhav Ltd., d/b/a Chaplins & Gordon Hahn for a special use permit for the operation of a bar and tavern in a Bus. G Zone at S. Broadway and Hanover Place, Hicksville.

• Resolution #794 - Approved the sale of surplus vehicles owned by the Town of Oyster Bay to the highest bidders. Bids were received by July 16.

• Resolution #806 & #807 - Approved an increase of \$13,309.68 on the contract for the construction of storm drains, appurtenances and road improvements on South Woods Rd., Syosset.

• Resolution #808 - Approved a change order on the contract for the historic restoration and preservation of the Gregory Museum, Hicksville. \$1,500 was saved when the ceiling tile on the second floor did not have to be replaced. \$2,500 was approved for the replacement of the front porch. An increase of \$1,000 on the contract was incurred by these changes.

• Resolution #810 - Approved the building of a temporary parking field (S-3) to accommodate commuters displaced by the reconstruction of parking field S-2 in Syosset. The new parking field will be located on Ira Rd.

• Resolution #815 - Granted the petition of Create-A-Van and Michael P. LaTorre for a special use permit for the operation of a custom van company at 794 S. Broadway, Hicksville.

## NYS Tax Department Seizes Business

On July 30 at 2:30 p.m. the State Department of Taxation and Finance seized the Rynco Scientific Corporation of 12 South Tyson Avenue in Floral Park, for nonpayment of \$21,429 in withholding and corporation taxes.

The seizure was undertaken by two Tax Compliance Agents from the Department's Nassau District Office, who were accompanied by a locksmith and a member of the Floral Park Police Force. The business is now closed and padlocked, and tax seizure notices have been posted in the windows.

If the owners of the business fail to come forth with the taxes owed within a reasonable length of time (usually about 10 days), the assets of the business will be auctioned off, and the proceeds applied toward the unpaid tax liability. Depending on the Department's past experience with the taxpayer and on the viability of the business, the Department may enter into

a deferred payment agreement with the owners of a seized business and allow them to reopen. Such an agreement usually entails the payment of at least 50 percent of the liability up front. Generally, the Tax Department prefers to keep businesses functioning and has almost 10,000 active payment agreements at this time.

The seizure of a business for nonpayment of taxes is considered a last resort by the Tax Department, and occurs only after numerous attempts have been made to collect back taxes. During the State's 3-month Tax Amnesty Program (which ended January 31, 1986), delinquent taxpayers had the opportunity to pay up their back taxes without fear of civil penalties or criminal prosecution. Taxpayers who failed to take advantage of Tax Amnesty now face more severe criminal penalties and rigorous enforcement efforts on the part of the State Tax Department.

## G. Gregory Wood 1st Runner Up In Golf Tournament

After a valiant effort was edged out of a 1st place victory by Dick Smith a gifted amateur after a tension filled final round of the Nassau-Suffolk Invitational Golf Tournament at the beautiful Dix Hills Golf Course.

This marks four consecutive victories for Mr. Smith whose reputation is growing among amateur golfers all over the metropolitan area. Of the thirty participants in this little known classic the leading six scorers were: Dick Smith -6, G. Gregory Wood -4, Harold Holden -2, Robert Wolberg -1, Bobby 'The Put' Lisnoff even and R. Anthony Nash even.

G. Gregory Wood, lately of Salem, New York, made a brilliant attempt in this carefully weighted contest to rally in the last round to come within one stroke of the lead but Dick Smith's magnificent birdie on the second hole gave him the two stroke advantage he so ably defended to the end of the round. Greg Woods' last push in the last round was a futile attack as Dick Smith's superb strategy, so masterfully executed, left Greg Wood no opportunity to advance to first place on the leader board. Mr. Wood should be congratulated on his courageous effort, he well deserves his award as first runner up.

Other notable amateurs participating and helping to make the tournament suc-

cessful were H. Holden and R. Wolberg who ended their rounds four and five strokes off the lead respectively and were involved in a tight competition for third place. Mr. Holden held his lead throughout the match relegating Mr. Wolberg to fourth place.

Bobby 'The Put' Lisnoff played his usual consistent game and was tied for fifth place by R. Anthony Nash on the last hole. One of the highlights of the day was the finesse shown by R.

Anthony Nash who in this, his first year, displayed a potential genius on the last hole snatching Mr. Lisnoff's sole occupation of fifth place at the eleventh hour. Mr. Nash executed a near perfect drive with his brassie followed by a smashing stroke at the green with his spoon. He then used his spade masher to place his ball a foot behind the green, chipped up and was down in one for his par. This man is a man to be carefully watched.

## Syosset Soccer Club Sets Registration

The Syosset Soccer Club this fall is celebrating its 10th anniversary season.

The club organized in 1976 has seen steady growth and continued support from the community.

Originally an intramural program, the club now represents the Hamlet of Syosset throughout Long Island and New York State with 15 traveling teams of various age groups, while still maintaining a viable in-house program. Also of note is the now 4 year old annual intramural invitational tournament. It is with great pride that we announce that limited openings are still available in the intramural program for the upcoming fall season. This program for boys and girls born from 1974 to 1981 will be forming teams on August 20, in preparation for the season to begin in early September.

# Devotions

Trinity Lutheran Church  
Dial-A-Devotion 931-2221

By The Rev. Dr. J. H. Krahn

Before one becomes very old there comes the startling realization that one day you will die. Death is the universal enemy of humankind. Although life has been extended through medicine, all eventually die. Death is always decisive. It holds the only perfect winning record.

But for the Christian, death loses some of its sting. It loses the sting of finality and eternal separation from loved ones. There is no sadness for us who die in the Lord. It is replaced by a wonderful, eternal life with God. There is only sadness for those who remain, for when someone loves, then

loses, they grieve because they first loved.

Jesus Christ's death and resurrection is still the most important news for humankind. With the empty tomb, death was put to death. Jesus now gives each of us the possibility of an eternal lease on life. We simply must claim his promises for our lives.

I like to think of life as a long hallway with a door at each end. We have all gone through the first door called birth. Someday we will all pass through the second called death. For each of us the hallway is a different length. For some it is very

short: 3 years, 10 years, 21 years. For others somewhat longer: 33, 47, 58 years. Still other, rather long: 66, 78, 90 years. The length of the hallway is not as important as what happens in our lives.

As we meet and know Christ in the hallway of life, he has promised to know us in death. Then as we pass through that second door we are assured of his company. Jesus goes with us and takes us to the celebration of the saved in the Father's house.

For those who die in the Lord, death is never a funeral march to the grave but a triumphant march to the throne of God.

## Youth Council's Neighborhood Watch Program Sponsoring "National Night Out"

On Tuesday, August 12, from 8:00 to 9:00 pm, an estimated 15 million Americans will participate in the third annual National Night Out by turning on their outside lights and taking to their front yards, lawns and driveways in a demonstration against crime in our communities. The Neighborhood Watch program of the Hicksville Youth Council is coordinating efforts here in Hicksville and all residents asked to join in. The goal is to have as many residents as possible sitting out on their lawns and lighting up their neighborhoods with outdoor lights and the spirit that we can do something about crime.

This is the second year that the Youth Council has spearheaded local residents in National Night Out efforts in Hicksville through the Neighborhood Watch program. Last year's turnout was good and plans are for an even better showing this year. The Neighborhoods Watch program involves citizens becoming the eyes and ears of the police

and getting basic training in crime prevention. Also part of the program is the use of the Operation I.D. engraving tools of the Nassau County Police Department to aid in the recovery of valuables should they be taken in a burglary. The program also has a youth participation component where young people write and perform skits to deliver the message against crime and vandalism to other young people and adults. In addition, speakers are available to any community group on the topic of crime prevention and home/personal security. For more information, please contact Barbara Nelson, Executive Director at the Youth Council at 822-7688 or 822-7594.

## Letters Delight Young Campers

"Dear Mom: Please write and send money and stuff for my mosquito bites."

"For many children, summer camp is the first experience of separation from their families. Children need to be told they are missed and loved and letters are an excellent way to relay this message," said Hicksville General Manager - Postmaster Roger Nienaber.

"Mail call is an important part of a camper's day," he added. "In some cases a let-

ter from home is all that is needed to ease that homesick feeling."

Let your children know how often you will write before they leave for camp and how often you want to hear from them.

Here are some useful tips to help make letter writing easier:

- Provide your campers with pre-addressed and pre-stamped cards and envelopes.
- Save your campers

favorite comics from your newspaper and include them in your letters.

- If your child has a pet, be sure to mention him/her.
- Cookies and cakes are always welcomed. Make sure anything you send can last three to five days in the mail, taking into consideration the summer heat.
- Let brothers and sisters add their own paragraph to your communication.
- Jot down interesting family conversations or

activities to include in your letter.

What you say in your letter is not critical. The important point is that your camper has something from home at mail call.

"Letters should be a source of delight. Bad news should wait until your camper returns home. Campers can also be upset by news that's a touch too good. They may feel they were left out of family fun," Nienaber said.

## The Gray Wig To Present Camelot

The Gray Wig, Hofstra University's Alumni Repertory Theatre, is proud and pleased to present for three weekends in September the romantic and lyrical Alan Jay Lerner, Frederick Lowe musical, CAMELOT. The nine performances will be presented in the John Cranford Adams Playhouse on Fridays and Saturdays, September 5-6, 12-13 and 19-20 at 8:00 PM; Sundays, September 7 & 21 at 3:00 PM, and Sunday, September 14 at 7:00 PM. All seats are reserved and priced at

\$12.50 for Adults and \$10.50 for Senior Citizens and Students for the Friday and Sunday performances ONLY. (Groups Rates for twenty-five or more are available by calling the Gray Wig Office at 560-6636.) Tickets go on sale August 12th and may be ordered by calling the Adams Playhouse Box Office at 560-6644.

CAMELOT is the third Lerner/Lowe musical to be presented in the Gray Wig's thirteen year history, follow-

ing Brigadoon and My Fair Lady. The musical is produced by Janet Fraser-Rosano, and reunites our Brigadoon and My Fair Lady production team of director Judy Greenhut, musical director Bill Holland and stage manager Joe Gladstone.

The wonderful score includes such well-known standards as the title song, "If Ever I Would Leave You," "How To Handle a Woman," "The Merry Month of May" and many

more. CAMELOT recalls the courtship and rocky romance of King Arthur and his Queen Guenevere and the ensuring betrayal of Arthur by Sir Lancelot. The cast of forty-plus includes many familiar faces to Gray Wig productions, in addition to many new talents.

If our past successes are any gauge, tickets will vanish quickly for all nine performances. So, don't delay - be sure to order your tickets for The Gray Wig's lavish production of Camelot.

## Broken Promises, Broken Bones

Domestic Violence is a serious problem in the United States.

6 million women are beaten by their husbands or boyfriends every year; 1500 die.

66 percent of all marriages involve at least one instance of wife abuse.

Typically, the abuse starts early in the relationship. In

one recent study, Daniel O'Leary, cochairman of the department of psychology at the State University of New York at Stony Brook, found that 30 percent of engaged women reported being the victims of abuse during courtship - and got married anyway.

The problem is also very prevalent in Nassau County.

The Coalition for Abused Women, Inc., the only agency in Nassau County that provides comprehensive services for victims of domestic violence, received almost 5,000 calls on their hotline last year.

500 women came to CAW's walk-in crisis center at the Nassau County Medical Center for help.

The Coalition is interested in informing the community about the dynamics of spouse abuse, its effects on the children and the kinds of services that it offers to the Nassau County community.

If you are interested in obtaining a speaker from the Coalition's Speakers Bureau for your organization or school, please call 542-2596.

### THE ASKING PRICE

What's your house worth? The price you ask for your property can help sell it quickly—or it may be a stumbling block to a sale. Pricing is too important a decision to leave to chance.

If your house is underpriced, it will probably sell quickly—but you'll lose out on potential profit. (Conversely, an underpriced house may put buyers on their guard: what's wrong with it, they'll wonder). An inflated price may lessen interest in the property and draw only low offers.

Setting a price for a house calls for a sales appraisal of the property in question and a knowledge of what comparable properties have brought in recent sales, placed in balance with current mortgage rates and a feel for the market RIGHT NOW.

Even a real estate professional must put time and careful consideration into pricing. For an amateur, it can be no more than by-guess-and-by-golly. Set the right price on your house—and get it. List with:

## Tully Announces Energy Competition

State Senator Michael J. Tully, Jr. (R-Roslyn Heights) announced that the New York State Energy Research and Development Authority (NYSERDA) and the State Energy Office (SEO) will sponsor a Stu-

dent Energy Research Competition during the 1986-87 school year.

The Competition, now in its sixth year, is designed to encourage students to learn more about the field of energy research and development. It is open to all students in grades 9-12 in New York State's public and private schools.

According to NYSERDA, students can enter the Competition in one of two categories: research/experimental or design/demonstration. These categories, in turn, each have two subcategories: energy conservation or alternative energy resources.

People who would like further information or application materials for the 1986-87 Competition should contact the toll-free State Energy Hotline at 1-800-342-3722. The materials will be mailed during August.

## Victories (Continued from Page 1)

help to New Image in their desperate quest for local support in the form of a permanent meeting place, or in the form of financial assistance.

"Oh, everybody admires the Corps - from a distance," said the Corps Director Don Graziose. "But most of them seem to suffer some type of amnesia when called upon to offer support. Well, I can tell you this: New Image is the last competition-calibre drum corps on Long Island, and time runs out in August for these great kids. If New Image is allowed to fall victim to this type of indifference, you will never see the likes of it again around here." His frustration was evident, despite his efforts to maintain a professional demeanor.

But through it all, New Image seems to have emerged healthy enough to have produced a winner. Three major contests,

three major victories. Now, it's on to Allentown, Pa. for the Drum Corps International Eastern Regional Championships on August 1. Whatever the outcome of that contest turns out to be, the kids of New Image have already demonstrated that they are worthy of being called Champions. They are champions of pride, of decency, of fortitude, and of tenacity. They have weathered yet another storm and come through, not unscathed, but victorious and alive - For Now!

**EDITOR'S NOTE:** New Image has enriched the lives of thousands of our children for many years and now they need help. Now is the time to contact Corps Director Don Graziose at (516) 433-8275, or write to 8 Hawthorne St., Hicksville, 11801 help preserve this non-profit youth activity for future generations of Champions!
