Galileo Lodge News

By Joe Lorenzo

PRESIDENT JOE GORDAN'S MESSAGE: "There is no real wealth but the labor of man." Percy B. Shelley

Now that Indian summer seems to have slipped from our scene to some extent and with temperatures now reaching a state of normalcy, the spirit and mood of Halloween seems to settle around us. And the Galileo Lodge is surely desirous of making this time of year a little better for you as it announces that on Saturday, the 25th of October, it will present its Halloween Dance, with Vito Grippi as the Chairman and Joe Morace and John Cannizzara as the co-chairmen. Tickets are now at sale, and they cost \$13.50 per person, a very nominal fee that also offers you a delicious hot dinner, beer, soda, coffee and cake, set-ups and music for your listening and dancing pleasure. Tickets are now available and they will be sold every Wednesday night at the Galileo Lodge from 8 to 11:00 P.M. Please note that this affair will carry a 'bring-your-own-liquor' policy. Dress is optional but 5 prizes will be awarded to those who have the most 'Halloween-ish' costumes. So why not come down to the Galileo Lodge on the date mentioned here and celebrate the Fall season in true fashion.

Adults as well as children enjoy Halloween even though Halloween is rather garish and grotesque, or at least its paraphernalia is. But once again the Galileo Lodge comes thru as it announces that on Friday, the 14th of November, under the direction of Carmen Russo and the Ladies Auxiliary, but will present the 1986 'Foolies Follies', a musical variety show that is absolutely hilarious as it is enjoyable. This show utilizes the talents of the Ladies Auxiliary as well as some members of the Galileo Lodge. Tickets sell at \$15 per person, an absolutely decent price which offers you, besides the show itself, a delicious hot dinner, beer, soda, coffee and cake, set-ups and music for your dancing pleasure. I must mention again that Carmen Russo is still desirous of obtaining more males from the Galileo Lodge, preferably those with previous "Follies" experience, to round out the show. Male members who have no previous experience with this show but have determination and an infinity for musical comedy, are also wanted. As I have also stated before, that the Ladies Auxiliary has always been sympathetic to Lodge causes, so why shouldn't the male sector be sympathetic

to theirs. Call Carmen at 931-1059 for more details concerning the "Follies".

And now some good news for our Golf enthusiasts, which is that on Sunday, the 26th of October, the Galileo Lodge will hold another Golf outing at the Heatherwood Golf Club. Tee-off time is 10:30 A.M. The fee for members is \$20, which includes Golf carts, and \$25 for non-members, which also includes Golf carts. Breakfast for the golfers will take place at 8:30 to 9:00 A.M. at the clubhouse. Bert Molinelli is the director, so for additional information, please call Bert at 931-9351.

Bingo help is still needed. Bingo is important to the Galileo Lodge, just as importance as your participation with the Bingo sessions. Bingo is revenue which aids and abets various charitable causes.

TOB General Tax Rate Held Again Day/Night Hearing Set For Tues., Oct. 21

Page 3 - MID ISLAND PLAINVIEW HERALD - Friday, October 10, 1986

Oyster Bay Town Supervisor Joseph Colby announced that the 1987 Preliminary Budget will hold the General Town Tax rate at 87 cents per \$100 of assessed valuation for the fifth consecutive year.

The Town Board set a day and night public hearing on the Preliminary Budget for Tuesday October 21. The hearings are scheduled for 10 A.M. and 8 P.M. in the Town Hall East hearing room in Oyster Bay.

Supervisor Colby said, "While costs continue to increase department heads and other Town officials have made a conscientious effort to develop better, cost effective methods of providing needed services more efficiently. This has assisted us greatly in maintaining our low tax rate."

The proposed General Town Budget, that budget covering the entire Town, totals \$37,096,428. The figure for 1986 was \$34,892,886.

Under the State law requiring the establishment of four categories of property assessment, each with its own tax rate, Nassau County has made allowable adjustments to benefit homeowners. The rates for the proposed 1987 General Town Budget will be set as follows (1986 rates are in brackets): Class I properties (one, two and three family homes are condominiums) 87 cents ('86 rate: 87 cents); Class II properties (apartments) 98 and 1/2 ('86 rate: 96 and 7/10ths cents); Class III properties (utilities) 95 and 3/10ths ('86 rate: 95 and 4/10ths); Class IV properties (all others) 87 and 9/10ths cents ('86 rate: 85 and

6/10ths cents).

The Preliminary Part-Town (Planning, Building and Zoning) Budget, which is not paid by property owners in villages, totals \$3,360,479. The 1986 total was \$2,868,956. This tax levy will increase by 7 cents per \$100 of assessed valuation. Under this proposed budget, the rates would be as follows: Class I, 22 and 3/10ths cents ('86 rate: 15 and 3/10ths cents); Class II, 26 and 6/10ths cents ('86 rate: 15 and 9/10 cents); Class III 24 and 7/10ths cents ('86 rate: 17 cents); Class IV, 22 and 8/10ths cents ('86 rate: 17 cents).

The 1987 Preliminary Budget for Highway totals \$15,030,492. The 1986 total budget was \$13,363,610. This tax is also not part of a homeowner's bill if the property is located in a village. Under this proposed budget the rates would be set as follows: Class I, \$1.57 and 7/10ths cents (1.42 and 5/10ths cents); Class II, \$1.87 and 8/10ths cents (\$1.57 and 5/10ths cents); Class IV \$1.61 and 2/10ths cents (\$1.57 and 9/10ths cents).

Colby noted that the budget for 1987 will include the cost of shipping garbage out of state, as it did in the 1985 budget. The cost at the time was \$2.15 per \$100 of assessed valuation, predicated on \$20 million for the first year. Shipping was forestalled for the next sixteen months while the Town pursued its appeal in the courts. The money saved during that time period, and the interest it accrued, has enabled the Town to substantially decrease the cost of shipping in the coming

year. The 1987 budget will reflect a reduced cost of \$1.54.

The Preliminary Budget document also lists the revenues and allocations of all special districts in the Town. There are more than 50 such districts which supply services such as fire protection, water, refuse collection, community parks, etc. Many of these districts are administered by locally elected Boards of Commis-

sioners who prepare their own budgets which, by State law, must be reflected in the Town's Preliminary Budget document. As proposed by those districts some will reflect tax increases, some will decrease and others will remain the same.

Colby noted that the Preliminary Budget document will be available to residents who wish to purchase a copy. A \$5.00 per copy fee will be charged to cover the

cost of printing. As always, local libraries will have copies available for public inspection. "The budget affects all Town residents therefore it is important to get involved and become knowledgeable about the finances in the Town," added Colby.

The Supervisor pointed out that although the Town is responsible by law for tax collection, in fact very little

total goes for Town services. Reflected in the budget in the 6.43% of the tax bill that goes for local special districts and the 7.9% that goes to the Town General Fund, Part-Town and Highway Budgets. Residential property located in a village is taxed for only the General Fund portion of the 7.9% which is 1.20% of the total tax bill.

Dear Friends ...

In Next Week's HERALD

On page 11 this week, you will see twelve fine pictures taken at the Hicksville Community Council's 15th Annual Awards Dinner by Richard Evers, Historian, of the Gregory Museum. This was one of the finest, and friendliest Council dinners in our memory, and we have always felt that they were great dinners. Next week we will carry the story of the awards and presentations made this year by the Hicksville Community Council, plus the names of all those who attended and enjoyed this memorable evening.

Also, in next week's issue we will continue with a list of all who have already donated to the Hicksville Veterans Monument Fund. We are pleased to tell you that these donations have been made on a very broad base, for the most part by a large number of individual Hicksville residents, and families. We still have a way to go in order to complete the amount needed to pay for these monuments and their inscriptions, the monuments but will be dedicated on Veteran's Day, Nov. 11. Chairman Conrad Steers tells us "The work is not over, we still need additional funds to pay for this tribute to our nation's war dead. Any donation you can give will be greatly appreciated. You can make your donation to: The Hicksville Veterans Monument Fund P.O. Box 412 Hicksville, NY 11802 For further information you may contact chairman Steers, a veteran himself, at 822-5938.

Best wishes to our friends of the Jewish Faith on the solemn celebration of Yom Kippur...and to everyone who will also be celebrating Columbus Day. Stay well.

Right To Life Party Fetes Dillon

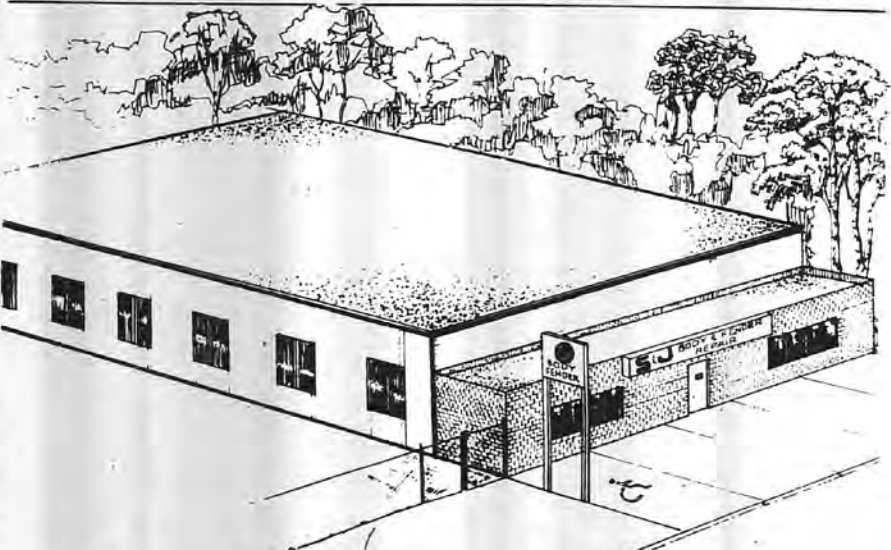

In Hicksville, Sunday, October 5th, Nassau County District Attorney Denis Dillon, the Right to Life Party candidate for Governor, accompanied by his wife, Anne Dillon, greeted a roomful of supporters attending a cocktail party fundraiser held at the Joseph Barry Council K of C Hall on Heitz Place. Community members from Hicksville joined other pro-life representatives and friends from such towns as Bethpage, Garden City, Levittown, Mineola, Oyster Bay, Westbury, Williston Park, Greenlawn and Lindenhurst. In the intimate, relaxed, congenial atmosphere of the affair many spoke individually with Mr. Dillon allowing him to see, feel and hear their encouragement for his courageous campaign - "standing up for life." Mrs. Catherine Malone, coordinator of the affair, introduced Mr. Dillon as "the man of the century." Addressing the audience, Mr. Dillon urged continued hard work in the last weeks of the campaign throughout New York State as well as on Long Island. He indicated

that overwhelming votes on the Right to Life Party Line will achieve a means of communication understood by the major parties which they can no longer ignore, as

well as assuring that Right to Life continues as a political party.

Lena Harknett of Suffolk County, the newly elected State Chairman of the Right to Life Party, also stressed continued hard work and financial sacrifice to make the goals of the campaign a reality on election day.

Mrs. Mary Murray of Hicksville, a dedicated counselor on alternatives to abortion, was the winner of the raffle prize, a dozen exquisitely decorated glasses donated by Mrs. Peggy McGeary of Bethpage.

WHAT IT TAKES

Buying or selling a home may look simple enough, but if you're thinking of getting into real estate - here's what it takes:

First there's education. A 45 hour licensing course is required by the state, then there is the New York State exam and after that continuing education in such areas as: finance, commercial or real estate law. Classes are taken on the salesperson's own time and at their own expense.

Next there's training. Top companies require intensive training in customer service, marketing properties and business management before the salesperson can even start work.

Last but not least - the work schedule. Most real estate companies must be open 7 days a week plus evenings. That means

to be successful a good salesperson must be on call then too. Save yourself time and \$\$. When you're ready to buy or sell - call the professionals at:

student misses 10% of the days a class meets without some form of supplementary education (home teaching), a "No Credit" may be issued. Before this policy, student attendance was under 90%. Now, thanks to this policy, the rate is about 94%. And with this added instruction time, students will benefit academically, being encouraged to come to class. As a result of the success of this policy in our own school, Plainedge and Oceanside High Schools have modeled their own attendance policies on the policy initiated by Mr. Hogan.

But have such programs actually helped academically? All indicators say "Yes," with total averages up, pass-fail ratios up, and with a high SAT performance. At the same time, extracurricular life at the High School has improved. "Bringing about a structure to the building has created a more healthy environment

for the students," Mr. Hogan said. With clubs and organizations doing better than ever, Hicksville High School is apparently entering a veritable Golden Age.

With this, the High School will be expanding to admit the Freshman Class to the same building as the other high school students. As such, students will have more time to develop the precious study skills necessary for survival in high school beyond. Students will also have an extra year to work toward degree requirements and toward preparing for the SAT and other standardized tests.

Yes, the building is even being prepared for the extra students. Offices occupying classroom space are being reconverted back to classroom space to accommodate the extra students. One

caeteria has been refurbished with new furniture, and the other will be brought up to this level this coming summer. Also, the Music Department has received improvements in facilities and equipment, to be followed this coming summer by a renovation of the Little Theater. Yet, this is only the "tip of the iceberg," according to Mr. Hogan; however, he would not comment on change beyond this, even though it is forthcoming.

All in all, Principal Richard Hogan summed up his view of his upcoming year as this: "I see a very upbeat situation for the High School with the students."

Next week, The HHS Highlight takes a look at the Marching Comets and the Kickline.

Devotions

Trinity Lutheran Church
Dial-A-Devotion 831-2221

By The Rev. Dr. J. H. Krahn

TUNE IN WITH PRAYER

In the Old Testament we often find God in conversation with his people. Conversational prayer entailed discussing the events of the day and seeking God's will for the future. In these conversations with the Creator, we find the believer seeking to unite his will and the will of the nation with God's will. God's people tuned into him listening for his direction.

In my freshman year at Concordia Preparatory School in New York, I can recall trying to tune my radio into WBAL in Baltimore, my home town. Under certain atmospheric conditions, I was successful. Often the static wasn't too bad, and I could hear the familiar sounds of the way the king's English was

spoken at home. It was the sound of home, and it felt good.

Unfortunately, our lines of communication with the Almighty are often filled with static, and we hear God's clear signal only infrequently. Static is sometimes produced when we have used the instrument of prayer sparingly. At other times, static comes when we are involved in an overly sinful life. It is hard to pray in the middle of the act of sinning. Static is also caused by the busyness that fills every moment and leaves no time for prayer.

In the New Testament, prayer for Jesus was like breathing: a natural part of his life. It was a daily habit for him. He suggests that we approach the heavenly Father in prayer as earthly

children approach their earthly fathers. We are to seek a oneness with God, to share a living union with him like that union which existed between the Father and the Son.

In his Tischreden (Table Talks), Martin Luther gives a beautiful example of the need for concentration in our prayer. "When Luther's puppy happened to be at the table, he looked for amorsel from his master and watched with open mouth and motionless eyes (as Luther ate). Luther said, 'Oh, if I could only pray the way this dog watches the meat! All his thoughts are concentrated on the piece of meat. Apart from that, he has no thought, wish or hope.'" We are to keep in tune with prayer. This takes concentrated effort.

Seminar: Walk Thru The Bible

Yes, the popular Walk Thru the Bible organization is returning to St. Luke's, Farmingdale on Saturday, Nov. 22, 1986, this time to open up the big picture of the new Testament. An event eagerly awaited by those who attended the recent Old Testament seminar.

The New Testament - well-loved and familiar. Perhaps. But Pastors Corgee and Krahn of St. Luke's Farmingdale and Trinity Lutheran, Hicksville, who are co-hosting this seminar, urge people to come and discover

that they will no longer read the life of Christ as a number of unrelated and isolated activities... nor will they be able to read Acts without realizing there is a chapter still to be written - theirs! And no longer will they fumble to find a toic in the Epistles, because they'll have the key concepts of the Epistles locked in their mind and heart. Because of this, according to Walk Thru officials, hundreds of New Testament alumni have exclaimed, "I can't believe what I didn't know about the New Testament!"

As always, this seminar will be taught by one of Walk Thru's highly qualified instructors - one who will make this an experience from which both new Christian and long time disciple will truly profit.

You are urged to register soon by calling 249-1220 for details. This New Testament seminar is scheduled for Nov. 22, from 9 a.m. to 5 p.m. and will be held at St. Luke's, Farmingdale, in the Fellowship Hall. The cost is \$12.00 per person. The registration fee also includes an excellent notebook.

Ceremonies For New Y Program

The community is invited to join the Older Adults at the Mid-Island YM&YWHA in Plainview on Monday, October 20 at 11 AM, for Opening Ceremonies to celebrate the start of a new Monday-Additional Day program at the Y. Among the special guests will be Assemblyman Lewis Yevoli who helped obtain a grant from the New York State Office for the Aging to subsidize the program. Coffee and dessert will be served and attendees can bring lunch. At 12:30 PM, Cantor David Benedict will entertain with stories and songs. Cantor and Music Director at Temple Israel in Lawrence, he has taught at local Colleges and Universities, recorded selections from Jewish Music Festivals, appeared on television and won acclaim as a lecturer on opera and symphony as well as sacred music.

The new program at the Y, a full additional day of activities each week for Older Adults, was established to help meet the expanding needs in the Mid-Island Y's service area. Every Monday beginning October 27 through mid May there will be a full schedule of activities. Participants must register in advance for the activities they will attend for each six week period. Rap sessions and support groups, knitting and crocheting, Hebrew lessons, dramatics, chorus, Bible study, exercise and literature are some of the many choices offered.

A social worker will be coordinating the new Monday program. Many of the activities will be led by volunteers from the Older Adults group who will share their skills developed over many years of employment or personal involvement. The Monday program will also include presentations from guest lecturers. During the first six weeks Paul Kay, a psychiatrist will discuss grandparenting; Marvin Schwartz from the Metropolitan Museum of Art will conduct an art history program; and Sandra Rosenzanz from the New York Council for the Humanities will discuss the image of older persons in contemporary fiction.

Some of the activities for the first six weeks are already registered to capacity. Registration is continuing where there are still openings. Individuals who can not be accommodated during the first six weeks in classes of their choice will receive priority for the next session.

The Monday activities are in addition to the four club programs, RADISH on Tuesday, Older Adult Club on Wednesdays, and Mr. and Mrs. two Wednesday evenings a month, at the Y and the Mid Nassau Jewish Retirement Club, an Outreach group which meets Thursdays at the Suburban Park Jewish Center in East Meadow.

The Hicksville High School HIGHLIGHTS

By Scott J. O'Callaghan

Speaking with Richard Hogan, Principal of Hicksville High School, I was impressed by the obvious concern for the students and faculty which emanated from his conversation. At all times, he appeared concerned for the product of Hicksville's educational program: the high school students.

Yet, this concern is not without reason. After all, Richard Hogan was raised in Hicksville and graced the halls of Hicksville High as a teenager. He went on to get Masters degrees in Administration at Adelphi and C.W. Post, doing his undergradu-

ate work at Ithaca College and later studies at New York University. And where did he go after all that? Where else, but back to Hicksville. Here, he served in Fork Lane Elementary School for one year, the Junior High School for two years, and has been affiliated with the High School since 1962, serving as principal this concern, he and his family even moved here in 1976, due to "personal concerns" for the community he was serving.

When asked what the most significant issue facing students today is, he replied, "The most significant issue,

as students are getting ready to complete their high school experience, is what they'll be going into." With so many fields available, most students don't know what job to approach. In order to help alleviate this problem, the high school has sponsored college fairs to show college opportunities, career exploration time with the Guidance Department to delve into varying fields, and guest speakers to show students an often-overlooked profession. Through this, Mr. Hogan hopes to help students have an idea of where their futures may lie. To promote a better

atmosphere for learning, Mr. Hogan has effected certain disciplinary changes around Hicksville High School. Following a school board policy, he has banned all student smoking on school grounds. As such, a campaign against cigarette smoking has been instituted to attempt to prevent students from engaging in a habit to be harmful by all current studies.

This better learning atmosphere has also been improved by a controversial attendance policy which tries to keep students in school. Under the rules, if a

Tax Rate (Continued from Page 3)

School districts, which prepare and adopt their own budgets, account for 60% of the average tax bill. The County of Nassau, including its General fund, Police District, Community College and Sewer Districts, represent 25.6% of the homeowners tax bill. This last figure appears in the budget prepared and adopted by the County.

Colby concluded, "The preparation of this budget has been a joint effort by every department. It reflects my concern for economy in government while it achieves the standards for high level service our residents have come to expect."

LOCAL STUDENT STARS IN COLLEGE PRODUCTION: Bob Maier, (r.) a Nassau Community College student from Hicksville, stars with Tom Mercante of Garden City in "Wait Until Dark," the taut drama of a blind girl stalked by a murderer. The play runs for 10 performances from October 8 to the 19 at the Nassau Community College Mainstage Theatre on Mitchel Field. Ticket donations are \$4 on Friday and Saturday, and \$3 on other nights. Advance reservations are available by calling the box office at 222-7676.
