Hicksville Veterans Monument Fund Drive Enters The "Home Stretch"

In these pages, and in other local newspapers, you have been reading of the "slow but sure" progress of the Hicksville Veterans Monument Fund, since its inception last June, when our drive to raise the funds for two monuments began.

One to be dedicated to the Hicksville men who gave their lives in Korea and one to serve the same purpose for the Hicksville men who gave their lives in Vietnam, began.

It has been encouraging to see the contributions, large and small, that continue to come in for this worthy cause.

Each contribution is important to all who are associated with this one-time drive. Its chairman, Vietnam Veteran Conrad Steers, who is doing a tremendous job week in and week out is approaching as many as possible for donations. Connie and his com-

mittee have the monuments ordered and, with the aid of officials of the American Legion and the Veterans of Foreign Wars, is preparing a special service of dedication for these two monuments on Veterans Day, Nov. 11.

This fine project is in the home stretch, for with just a little over two thousand dollars, the total will be sufficient to cover the expenses necessary to pay for the two monuments and their inscriptions. We hope, if you haven't already done so, those of you who are reading this article, will send in your contributions to THE HICKSVILLE VETERANS MONUMENT FUND

Tax Dept. Seizes Local Bars

The State Department of Taxation and Finance yesterday seized two Nassau County bars for nonpayment of taxes. At 2:00 p.m., the Department seized the assets of Backstretch Enterprises, Inc., trading as The Starting Gate at 100 School Street in Glen Cove, for nonpayment of \$9,336.86 in sales taxes and \$1,101.45 with withholding taxes. At 3:00 p.m. that same afternoon the Department also seized the assets of Luisas Lounge Ltd., trading as Jabby's at 17-19 Broadway in Hicksville, for nonpayment of \$58,101.28 in sales taxes.

The seizures were undertaken by two Tax Compliance Agents from the Department's Hempstead District Office, who were accompanied by a locksmith. A member of the Glen Cove City Police Department accompanied tax agents on the Glen Cove seizure, while member of the Nassau County Police Department was present during the Hicksville seizure. The bars were closed and padlocked and tax seizure signs have been posted in the windows.

If the owners of a business seized for nonpayment of taxes fails to come forth with the taxes owed within a reasonable length of time (usually about 10 days), the assets of the business are auctioned off, and the proceeds applied toward the unpaid tax liability. Depending on the Department's past experience with the taxpayer and on the viability of the business, the Department may enter into a deferred payment agreement with the owners of a seized business and allow them to reopen. Such an agreement usually entails the payment of at least 50 percent of the liability up front. Generally, the Tax Department prefers to keep businesses functioning and has almost 10,000 active payment agreements at this time.

A Trip To Trump Casino

A day in Atlantic City at Trump Castle Casino on Wednesday, October 22, is being sponsored by the Plainview/Hicksville Unit of the American Cancer Society.

The Express Bus leaves Morton Village Shopping Center (Rex Place location) at 9:30 a.m. Park on local street.

To reserve your place, please send \$19.00 tax-deductible check, (in accor-

dance with IRS regulation) to American Cancer Society, 5 Acorn Lane, Plainview, NY 11803. Send self-addressed, stamped envelope to receive tickets by return mail.

Receive \$12.00 in coins, \$3.00 in food, plus \$10.00 deferred coupons. Buses will be loaded in same order as checks are received.

For further information, call 433-4204 or 681-0986.

The seizure of a business for nonpayment of taxes is considered a last resort by the Tax Department, and occurs only after numerous attempts have been made to collect back taxes. During the State's 3-month Tax Amnesty Program (which ended January 31, 1986), delinquent taxpayers had the opportunity to pay up their back taxes without fear of civil penalties or criminal prosecution. Taxpayers who failed to take advantage of Tax Amnesty face more severe criminal penalties and rigorous enforcement efforts on the part of the State Tax Department.

Galileo Lodge News

By Joe Lorenzo

PRESIDENT JOE GIORDANO'S MESSAGE: "Worse than a bloody hand is a hard heart." An Old Saying

The Columbus Day parade is over, but its memories and feelings linger on. The male and female members marched, with the Ladies Auxiliary once again lending their nice presence, as did Kim Hecker, the 1986 Beauty Queen of the Galileo Lodge, who was beautifully escorted in member Mario Tucci's vintage 1932 Auburn and who also attracted quite a bit of attention. A bus hired by the Galileo Lodge took the marchers to the Huntington parade site and returned them to the Galileo Lodge for food and refreshments after the parade, a beautiful gesture which drew much praise from the marchers, including those of other lodges

who were invited. So many thanks should be bestowed upon the heads of other members, namely, John Sarrero, Al Barrella, Joe Crivelli, Joe Morance, Jim Rerisi and Pat Gatto and Frank Matassa. A wonderful thanks to these dedicated and loyal people, with the Kitchen Force included, from President Joe Giordano and Parade Chairman Tony Monteforte.

Some of life's best gifts are those that are appealing to the senses, like, for example, visual sights and audible sounds. Well, on Saturday, the 25th of October, the Galileo Lodge will present its Halloween Dance, and this dance certainly will be pleasing to the eyes and ears. Oh, yes, A Halloween Dance on a Saturday night, is tailor-made for the Fall season. Tickets are now available, and they will be

sold every Monday and Wednesday nights at the Galileo Lodge by the Dance Committee, Chairman Vito Grippi, Co-Chairperson John Cannizara and Joe Morace. The price of admission is \$13.50 per person, an 'easy-on-the-pocketbook' fee that also entitles you to a delicious hot dinner, beer, and soda, coffee, and cake, set-ups and music for your listening and dancing pleasure. Only please notice that this dance features a 'bring-you-own-liquor' policy and that the wearing of costumes is optional. Five prizes will be awarded to those wearing the most Halloweenish costumes, however. For a full and festive mood that captures the very essence of Halloween, this dance should be on your 'must-attend' list.

Zany is a word for it. Hilarious is another one. Laugh-infested. A riot. Oh, yes, these are some of the words you can use to describe the 'Foolies Follies' Auxiliary of the Galileo Lodge will present their 1986 version of the 'Foolies Follies, utilizing the

inherent talents and abilities of the male and female members. Tickets cost \$15 per person, a very nominal fee that also entitles you to a delicious dinner, beer, soda, coffee, and cake, set-ups and music for your listening and dancing pleasure, not to mention the enjoyable show you'll be watching. Carmen Russo will supervise this activity, and she can be reached at 931-1059. So in order to get yourself in a Thanksgiving mood, make sure that this activity is on your 'must-attend' list.

Don't forget the Golf Outing to be held on Sunday, the 26th of October, at the Heatherwood Golf Club. Green fees are \$20 for members (including golf carts) and \$25 for non-members which also includes golf carts. Tee-off time is 10:30 a.m. and breakfast for the golfers at the Galileo Lodge, with food and refreshments on the boat. Breakfast will be served from 8:00 to 9:30. Bert Molinelli will supervise, and you can call him at 931-9351 for more details.

Dear Friends ...

Hearing Changed AGAIN!
That night hearing on the petition of Roberts Chevrolet which was changed to Oct. 28th, by the Town of Oyster Bay, has now been changed at the request of the petitioner's attorney to Nov. 25th, starting at 8 p.m. in the hearing room of Town Hall in Oyster Bay, SO, everyone interested, please change your calendars accordingly. The day hearing was held, as originally scheduled at the Town Board meeting of Oct. 7th. No one spoke at this day hearing, except the attorney for the petitioner.

"Fight World Hunger" Service
The original and interesting program which consisted of a special service followed by those participating joining hands and encircling Redeemer Church in Hicksville, where this service was held, turned out to be a huge success. Mrs. Barbara Hiestand and Sue Ann Riley committee co-chairpersons, thanked their committee for a job well done.

"Our Circle of Love was a success. We were able to enclose the church in a circle of helping hands," Mrs. Hiestand said. "The plate offering taken at the special service went to World Hunger, and the non-perishable food items went to the needy people who are fed at the Hicksville I.N.N.," she continued.

"Our thanks go to all who participated in this project to help fight world hunger," they concluded. "To all those who gave and who participated in any way, including John Parrett for his great poster, to Don Hiestand for the fliers, to Joan Thorson for seeing that a letter went out to all Sunday School students, to Ruth Egansteiner for her letter to the congregation, to the co-operation of the Sunday School Supt. and all Sunday School teachers, to John Thorsen for his pictures, to our Pastor for his help in many areas and to the local newspapers who carried our message to others throughout our community so that those who wished to, could participate."

THAT'S ALL for this week. Stay well.
SHEILA NOETH

Supervisor **JOSEPH COLBY COMMENTS**

The last few days of cool, blustery weather have begun the natural process our foliage undergoes each year. It begins as a beautiful montage of colors and ends with the yearly battle of the rake. In addition to the nuisance leaves create as they collect in piles under the shrubs it is important to be aware that they also can create some hazardous situations. Our Highway Division has already begun its special leaf collection program in

the unincorporated areas of the Town. This program, which continues until Friday, December 15th, permits residents who find that they have more than 20 bags of leaves in one week to call the Highway Division at 921-7347 (Ext. 557) for a special leaf pick-up. Residents who have twenty bags of leaves or less may place them at curb on regular rubbish collection days. Residents who are served by private sanitation collection should call their carrier or their village to learn more

about their collection regulations. When the special leaf collection program ends, residents will still be able to continue to dispose of their leaves by placing no more than 10 bags at the curb on their scheduled rubbish day. The Highway Division recommends the use of 24-gallon-size plastic bags. While the practice of burning leaves has become an uncommon occurrence it does still happen. Please remember that it is illegal because it causes air pollution. Leaves may not be swept into the roadway for a number of very sound reasons. Piles of leaves create an irresistible hiding place for youngsters, shielding them from view--their obvious goal--but making them targets as cars pull up to the curb. Leaf-covered roadways cause cars, bicycles and other vehicles to skid, which is particularly dangerous near intersections. When leaves are carried along by a heavy rain they end up clogging drains and catch basins, eventually creating street flooding and potential ice conditions if the temperature drops suddenly. And, while the invention of the catalytic converter, as part of the emission control system on cars, has diminished fumes from the air it has created another problem

Town Board Denies Use of Building For School Bus Storage & Maintenance

A request for a special use permit to use existing buildings for school bus storage and maintenance in Hicksville has been denied by the Oyster Bay Town Board, according to Town Councilman Kenneth S. Diamond.

"The applicant, Jberish Associates Co., was seeking a special use permit to use existing structures located at the northeast end of Carle Street at the southeast corner of East Cherry Street and the northeast side of Richard Street for school bus storage, maintenance, transportation and charter business," Diamond stated. "At a public hearing

held on July 29, residents expressed concerns about increased traffic, noise and odors."

In denying the application, the Town Board said that the proposed use would adversely affect the general character of the area and would not be compatible with existing nearby residential, office school uses. The Board also said that the nature of the business would unnecessarily interfere with the health, peace and comfortable enjoyment of life and property in the area and would present undue fire and safety hazards, citing such specifics as traffic, fumes and other contaminants.

"Mail Early" Is Suggestion-Not Deadline

Ready or not, the Christmas countdown has already started.

To assure the timely arrival of international mail of various classes, Hicksville Division General Manager Postmaster Roger Nienaber has recommended "mail early" guidelines for years.

This year's first suggested mailing date was Oct. 3 for surface parcels bound for Australia, Africa and Southeast Asia. Surface parcels headed for the Mideast and Far East as well as military

surface parcels going to Australia and Africa should be in the mail by Nov. 17.

Why isn't there a corresponding suggested date for domestic mail? Because some years ago we discovered that "deadlines" were counter-productive. It resulted in a misperception, one shared by the public and maybe even by some postal employees, that anything mailed after that date wouldn't reach its destination by Christmas Day, according to Nienaber.

"Some people used to think that if they mailed something after Dec. 15, which we used to advertise as the final "mail early" date for domestic mail, then there would be no chance of delivery before Christmas," explains Nienaber. "We

were so effective in getting out the message to mail early that some customers thought, 'Why bother mailing anything if we weren't going to deliver it by Christmas?'"

When greeting card manufacturers, who naturally have a strong interest in the subject, pointed this out, we did our own studies. As a result, we modified our promotional materials to reflect the more positive aspect to mailing early.

"We have the same delivery standards as the rest of the year during the final days of the Christmas rush," Nienaber says. "So if we promise three-day delivery for coast-to-coast mail, then letters that are mailed on

Dec. 21 should be delivered before Christmas.

"Customers must also realize, however, that this is our busiest time of the year," Nienaber continues. "For special holiday messages and gifts to family and friends, mailing early just increases the odds that they will arrive well before the holiday."

For those who procrastinate for one reason or another and need to be sure that special items receive overnight service, Express mail Next Day Service will get them there, even on Christmas and New Year's Day, when mailed the previous day.

"And there's no surcharge over our regular Express Mail rate," says Postmaster Nienaber. "Now that's a holiday bargain."

Hicksville Community Council Dinner, "One Of The Best"

Each year the Hicksville Community Council dinners are well attended, warm and friendly. This year's held on Thursday, Oct. 2 at Antun's in Hicksville, was no exception. As a matter of fact, it topped the list...this 15th annual awards dinner and installation of officers.

You really had to be present (which we hope you will be next year)...to experience the community spirit...the warmth and friendliness...and the total agreement of all present that, working together this Council, made up of delegates from most Hicksville organizations and many individual Hicksville citizens, may share their knowledge and help others at each meeting.

"Working together, and with those who are elected to represent us on all levels of government, we may not be able to solve all problems or correct all mistakes made in the past, but we can give it our best shot, to accomplish whatever is humanly possible, while striving to eliminate problems which might darken Hicksville's future development. True, it is a continuing challenge...but, thanks to all those who are caring...and who continue to be active both in their organizations, or as individuals in the Council, we can and do help," said the Council's president Anthony Previtte. And to this, all present at this dinner, said, "Amen!"

After a delicious cheese and cocktail hour, the dinner proceeded with Councilmember Al Peck as master of ceremonies. Sieg Widder led the Salute to the Flag, while our National Anthem was led by Julie Previtte. The invocation and blessing was pronounced and the president's welcome

was then followed by the installation of officers and executive board of the Council by N.Y. State Assemblyman Fred Parola, as follows: President Anthony Previtte, First Vice President Joseph De Pompa, Second Vice President William MacDonald, Third Vice President Thomas Clark, Secretary Jean Flood, Treasurer Eleanor Draycott, & John Budnick, Gertrude Paul, Virginia Germer, Sieg Widder, Jeanne Gibson, Carole Wolf, Sheila Noeth, and Al Peck, all directors.

Next on the program, Sieg Widder and Al Peck (Frick and Frack) jointly introduced all organizations and most of the people present, as is the 15-year-old custom at these friendly dinners. This was followed by another great tradition...a summary of the past year's activities in Hicksville prepared and read by Carole Wolf.

The 1986 Community Service Award to a Hicksville organization went to Joseph Barry Council No. 2520 Knights of Columbus. This was accepted from Council President Anthony Previtte by K of C Grand Knight Frank Degaidano. "Thousands of volunteer man-hours are given by K of C members in the task of raising funds to help those less fortunate," said Mr. Previtte as he made this award. "And the causes who benefit range from AHRC, Arthritis fund, the Montfort Mission, the Cleary Home for the Deaf, the Lutheran School for the deaf, C.P. Special Olympics, and many more, he concluded.

The President's Award for 1986 went to Mrs. Eleanor Draycott. Mrs. Dray-

cott has been an active community leader for many of the 39 years during which she and her husband, Ed, raised their family. She is the mother of Cathy Urbanski and Tom Draycott and grandmother of Justin and Katie Draycott.

She has for many years, been the Community Council's super public relations person, diligently attending meetings and quietly taking notes of what was presented by the program speakers, as well as what was discussed by others during the Town Meeting segment. This information was then regularly presented to the members of the Hicksville

Homemakers Council which consists of a representative cross section of women of Hicksville. Thus, the information available at our Council meetings was introduced into a percentage of the households in Hicksville.

"Congratulations and thank you, Ellie for your dedication and persistent efforts "For A Better Hicksville", President Previtte concluded.

Not to be outdone, Council Board Member and another Community activist Gertrude Paul came forward and read this following poetic tribute to her friend and fellow worker:

It's Ellie, Our Ellie!
Who is the one we always call
For civic matters great or small
Because we're sure she'll carry our ball
All the way to Oyster Bay Town Hall?

It's Ellie! Our Ellie!
Who is the one who never says no,
Who works endless hours without getting any dough,
Who keeps our spirits from getting low
And makes our pride in Hicksville glow!

It's Ellie! Our Ellie!
Who plans our destiny day and night,
Is always ready to join the fight,
If it will make a wrong a "right"
And help our Town's future, to be bright!

It's Ellie! Our Ellie!
We honor her with joy and pride,
We pray she's always on our side,
To be our inspiration and guide,
And see that our plans are not denied,
God Bless you, Ellie! Our Ellie!

TIME TO SELL?

A new tax situation due to come up next year has prompted some real estate owners to sell now. The new law is expected to treat capital gains like ordinary income, but at this moment the top tax rate on long-term gains is only 20 percent. This means that a seller is able to keep more of the profits on the sale and — in view of current prices — these can be hefty.

In order to take advantage of current tax rates, the sale of your property — not just the contract but the sale itself — should be completed before the end of the year.

So if the idea of selling is attractive to you, don't wait any longer to call in a real estate professional. Even an expert needs time to appraise the value of the property, prepare advertising, match up with the right prospects, show the house, and

close the sale. It may take time for the buyer to get a mortgage, too.

The expeditious way to sell your house — quickly, for a good price, with no hassles — is to list with:

St. Ignatius CYO Alive and Well?

By Nancy Cassano
On Fri. Oct 10, CYO officials held a meeting for ALL parents of children registered in CYO. The purpose of the meeting was to get the many unoccupied positions filled for the new season.

Among the twenty or so parents that attended we were able to fill some of the most important jobs to run the CYO program this season. The registration committee filled up quickly. Without it filled, there would be NO CYO programs for our children.

Basketball season is upon us and CYO officials were in

a pickle. They had no commissioner for the sport. Basketball could have died out of the CYO program if no one volunteered for the position, just the way soccer did. But basketball will continue thanks to Vito Cassano who volunteered to commission the sport.

There are many jobs available that will take up just a little bit of your time. Volunteers are needed to fill a variety of jobs. The jobs are simple. For example: FIELD MAINTENANCE. Sounds like a lot of your time. WRONG! All you have to do is make sure the

baseball fields are safe for children to play on. If there's a rut in the field due to rain, a rake will be provided to handle the job. Simple. HUH? Another easy job is EQUIPMENT MANAGER. All you have to do is hand out the equipment in the beginning of the season and collect it at the end.

Most of the jobs are as easy as that. I would do it but I'm on reporting the CYO news. The children will enjoy reading all the important plays that took place in their favorite sport, especially if they made them.

Andy Rutherford and

Peter Cantalupo have run the CYO program the best that 2 men could for the past years. Now its time to take some of the weight off their shoulders. Its your turn to make the program succeed. We need your help.

The CYO holds its meetings every 3rd Thurs. of the month at 8pm in the basement of the school at St. Ignatius. All parents are invited to attend and give us your input.

There's strength in numbers. Let's pull together and strengthen the CYO program for our children. It can happen if we want it to.

The Hicksville High School HIGHLIGHTS

By Scott J. O'Callaghan

Music, dance, color and style have all blended together to form one of Hicksville's most dynamic performing groups: the Marching Comets under the leadership of Jean Ryder. This unit performs, along with the Starlette Kickline, at Hicksville events and in competition, representing the cream of Hicksville's musical crop. But what makes them function so efficiently?

Marching Comets Band Director James McRoy says of the group, "The kids are really super." As a new Band Director in Hicksville, Mr. McRoy has taken this small but dedicated group of individuals and molded them into a team. When asked if the transition from the former director was difficult for the group, he responded, "No," saying that they are hard workers with excellent attitudes. Yet, for a small group, the Marching Comets project a good deal of energy. In their first competition at Lindenhurst on September 28, the Marching Comets placed second by subtotal score, but third after a penalty for being under time. And how was that performance? "Excellent for that time of year," replied McRoy. However, with the completion of their third number, and a refinement of the other two numbers, the Marching Comets are ready for their next competition on Sunday, October 19 at 12:00 PM at Levittown High School. There, they will attempt to place first in their div-

ision. After this appearance, they will perform in the Homecoming Parade and at half-time in the Homecoming Game on Saturday, October 25. Their repertoire will consist of "Fire Dance," "Enchanted Kingdom," and "I Am."

However, the performing group would not be complete without the Starlette Kickline. On their own, the Kickline placed third in kickline competition last year, their first year in competition. But this year, according to Coordinator Nancy Hsieh, they will place even higher. This difference has been brought about by two changes. On one hand, the routines are incorporating more dance, where they used to involve only kicking. This has added style to their performance. This style has also been created by increased special effects, ranging from streamers, to flags, to colorful effects of all sorts. A second reason for better performance is sheer excellence within the group. Miss Hsieh has described the group as being "the best I've worked with yet." She attributes this to their natural ability to dance and their hard work. "They're trying their best," she commented.

Together, these two units perform as one group. Want to see more? Come out and support them at Levittown High School on the 19th and at Homecoming on the 25th.

And with Homecoming right around the corner, next week, The Highlight will focus in on the Homecoming events, with a special look at the Football Team.

Volunteer Groups Needed By IRS For VITA

Does your group or organization like to help people? If so, then VITA may be what you're looking for. VITA - Volunteer Income Tax Assistance - is a program sponsored by the Internal Revenue Service

that uses volunteers to help taxpayers who cannot afford professional tax assistance file their Federal and state returns.

These volunteers assist lower income, elderly, handicapped and non-English speaking taxpayers complete their returns. Assis-

tance generally is provided at nearby neighborhood locations during times convenient for individuals who cannot travel to an IRS office.

The IRS provides VITA volunteers with free training and all materials necessary to prepare basic income tax

returns. Five-day training sessions are conducted in December and January with instructors from IRS and New York State.

If your group or organization wants more information about volunteering for VITA, call the IRS at (718) 780-6020.

WOMEN ECONOMIC DEVELOPERS HONORED BY PURCELL... County Executive Francis T. Purcell presents a proclamation designating October 15 as Women Economic Developers of Long Island Day throughout Nassau County. Accepting the proclamation on behalf of the W.E.D.L.I. are (from left to right) Treasurer Lois Anderson of Melville; President Dorothy Tripp of Franklin Square; and First Vice President Roslyn D. Goldmacher of Hicksville. W.E.D.L.I. will coordinate the first Showcase of Business and Professional Organizations on Long Island at the Smithtown Sheraton on October 15th. Under the acronym B.O.O.M. (BiCounty Organizations On the Move), more than 35 business and professional groups will participate in the event.

Local Runners Score In Great South Bay Run

The October 11 Great South Bay Half Marathon and 10 Kilometer Run was one of the top running events on the Long Island autumn calendar once again this year, and there were more than 50 members of the Plainview-Old Bethpage Road Runners Club on hand for competition. Both races started and finished at the Bay Shore Marina.

Top local finisher in the 10K Run was Ed Melnick of Plainview, who completed the run in 35:50, good for 11th place overall and 3rd in the tough 30-39 age group. Top local female in the 10K Run was Lori Harfenes, also of Plainview, whose time of 42:28 took fourth place overall among the women and 1st in the 30-39 age group. It was also a personal best for Lori by more than 2 full minutes.

Leading the locals in the half marathon was Jerry

Miller of Syosset, who finished in 1:15:41, and took 3rd place in the 30-39 age group. Top local woman was Margaret Bertram of Hicksville, who finished in 1:28:32, and was the 3rd woman overall.

POBRRC's women did especially well in the trophy department, as Joanne Gallo (1:29:34) captured 5th place overall in the Half Marathon, Ruth Sturgess (2:01:37) captured 1st place in the 50 plus age group in the Half, and Amanda Scola (46:12) and Erica Gassen (46:30) finished 1-2 among the 40-49 year old women in the 10K.

A special treat for the locals was the fact that POBRRC's Frank D'Orta won the grand raffle private-two roundtrip tickets to anywhere in the United States that American Airlines flies to.

POBRRC's Lori Harfenes shows the strain as she heads for the finish line of the Great South Bay 10 Kilometer Run.

King Cites Islanders Impact On L.I. Economy

Nassau County Comptroller Peter T. King heralded the official start of the New York Islanders 1986 season today with the news that the Islanders were responsible for pumping more than \$83 million into the Long Island economy over the past 2 years and the outlook for 1987-87 is even better.

King detailed the financial breakdown this way. "While the Islanders were not able to bring home a fifth Stanley Cup championship last season, the receipts at the box office indicate it was a banner year financially. Attendance of

750,000 people resulted in total ticket sales of \$10,400,000. In addition, concessionaire Harry M. Stevens reported food and souvenir sales totalling \$2,300,000. These combined receipts totalled \$13,500,000.

King further explained, "The direct sales tax revenues of the ticket receipts, parking charges and concession sales provided \$830,000 for the Nassau County treasury. That amount went directly to the county. The figure of \$83,000,000, was achieved by using the standard econ-

ometric multiplier of three to determine the total effect of money being spent and re-spent using the 1984/85 and 1985/86 season figures of \$14,430,000 and \$13,500,000, for parking and concessionaire receipts.

That means that more than \$83 million was put into our local economy as a direct result of the Islanders hockey team over the past two years and I anticipate the 1986/87 season will generate as much as \$50 million for the Long Island with Nassau County being the beneficiary of at least \$1 million in sales tax revenues," King stated.

King, who as Deputy Nassau County Attorney drafted the first lease between the Islanders and the County in 1972, added that his findings do not include the "incalculable economic benefit that Nassau County receives from its nationwide identity with the Islanders."

In conclusion King said, "I want to thank the Islanders for all they have done to contribute to providing jobs and income for Long Island in general and Nassau County in particular and wish them the best of luck against the Black Hawks tonight and winning the Stanley Cup this season."

The Medley relay of Stephanie Wolchak, Karen Kratochvil, Kristin Mund and Karen Karmann won, as did the free relay of Jeannine Sirey, Karen Karmann, Tara Hooper and Lorna Mund. Winning their

individual events were Fran Baer in diving, Stephanie Wolchak the 200 IM, Karen Karmann in the 100 free and Fran Baer in the 50 free. Jennifer Brennan placed third in the 500 free and Penny Pazzaro was third in the 100 back.

praise of all present, from her family, friends and fellow workers in Hicksville.

Finally a special service award was presented to another popular and well-known Hicksville resident, Vietnam Veteran Conrad Steers, who, along with his activities for many community programs both for veterans and for the community at large, has been hard at work for these past months (see story on page one of Hicksville) on raising the necessary funds so that on Nov. 11th, 1986 two monuments will be added to the two already present at the Hicksville Junior High. One to be dedicated to Hicksville men who gave their lives in Korea, and one to those Hicksville men who gave their lives in Vietnam. These two monuments will take their place along with the two already in place. They honor Hicksville men who died in World War I and in World War II. "Thank you, Connie Steers," said Mr. Preville. "We are proud of all our veterans and we do care." Connie thanked those present for this award and said that this fund still needed money to go over the top, but said that he was sure that before Nov. 11th, these funds will have been collected, to go with the funds already turned in by hundreds of local donations already made. Parola Details Tough Anti-Crime Measure Blocked By Democrats

Assemblyman Fred Parola (R-C, Wantagh) charged that Democrats in the Assembly blocked numerous measures that would have increased penalties for criminals and sharply reduced the crime rate in New York.

"Reflecting on the past legislative session, I find it deeply regrettable that legislation was not approved to reinstate the death penalty, limit plea bargaining for certain serious crimes, deny bail to dangerous repeat offenders, and establish longer, definite prison terms for felons," Parola said.

"These Republican proposals, many of which I sponsored, would go a long way toward making our streets and neighborhoods safe and restoring the public's confidence in our criminal justice system," he said.

Parola noted that for the 10th year in a row a death penalty bill was approved by the state Legislature only to be vetoed by a Democrat governor. This year, Republicans in the Legislature sponsored a constitutional amendment to allow a public referendum on the proposal.

"The Democrat majority in the Assembly would not let the bill out of committee, however, thereby denying New Yorkers the opportunity to decide the fate of this issue," Parola said.

"How can so many legislators claim to represent their constituents when the clear majority of the public favors the reinstatement of capital punishment?"

Legislation placing limits on plea bargaining for serious crimes including murder, rape, assault, arson and kidnapping also was held in committee, according to Parola.

"All too often a defendant can enter a plea to a less serious charge, usually substantially reducing the sentence that should be imposed. Plea bargaining must be curtailed for these types of serious crimes so that convicted felons serve prison sentences sufficient for their crimes," he said.

Bail reform legislation has been another concern of Republicans in the Legislature, Parola said. This year, a measure he supported would have prohibited the release on recognizance or bail of any persons charged with violent crimes if they have certain prior felony convictions or are charged with committing a crime of violence while awaiting trial for another felony.

"We must be willing to recognize when a persistent felon is a danger to society and takes steps to prevent further harm," Parola said.

The need to establish definite prison sentences for those who commit felonies is a long-overdue reform that must be enacted, Parola added.

In 1985, the governor's own Commission on Sentencing Guidelines made recommendations that would have actually resulted in shorter sentences for most violent and repeat offenders. Although these proposals were never adopted, no action was taken on the Republican bill to set strict, definite prison sentences for prison terms in excess of one year.

"This proposal would have eliminated indeterminate sentences and clearly spell out the amount of time a convicted felon would serve for committing a crime," Parola said.

"It is indeed frustrating that the Democrats have prevented the enactment of our proposals which would toughen penalties for criminals and give greater protections to crime victims, witnesses and public at large. How much longer must the public wait before these reforms are approved?" he asked.

"We should not have to live with the fear of crime, which so many are forced to experience. I will continue to push for the passage of these and other legislative proposals to get tough on crime and increase the safety of our communities," Parola said.

Commissioned In Navy

Navy Ensign Peter C. Laches, son of Matilda P. Laches of 142 Sutton Drive

These courses, combined with annual summer training aboard ships and shore installations, served to prepare him for the duties and responsibilities of a commissioned officer.

Presidential Campaign Of 1840 To Be Re-Enacted

Cries of "Tippecanoe and Tyler too" will echo through the streets of Old Bethpage Village Restoration when the Long Island living history museum re-creates the presidential campaign and election of 1840 on October 25, 26; November 1 and 2, from 2 to 4 P.M.

Nassau Recreation and Parks Commissioner Abram C. Williams said that it was during the 1840 election campaign that catchy slogans, "Stump speeches" by candidates, eye-catching graphics and all the other campaign hoopla which have characterized American electioneering to the present day were first introduced.

The campaigning will begin when the loyal followers of President Martin Van Buren stage a rally at the Village crossroads. Democratic party leaders will present a series of resolutions outlining their candidate's platform and cap off the festivities with the raising of a liberty pole.

The supporters of William Henry Harrison and John Tyler will hold a Whig party rally complete with speeches, signs and all the gimmickry which characterized the "Log Cabin and Hard Cider" campaign of 1840, including miniature log cabins, lively campaign songs and a cider booth. By adopting this campaign strategy, Whigs hoped to make their "aristocratic" candidate more appealing to the

"common man."

The campaigning will come to a raucous climax when balloting is held at the Noon Inn on November 1 and 2. Poll watchers from both parties will deliver speeches throughout the day and buttonhole male visitors to sway their vote (the voting regulations of 1840 permitted only men to vote).

The ballots will be counted after 3 P.M. each afternoon and an old-fashioned victory celebra-

tion, complete with speeches on a brass band music, will conclude the day.

Old Bethpage Village Restoration is operated by the Museum Services Division of the Nassau County Department of Recreation and Parks. It is located on Bond Swamp Road in Old Bethpage, one mile south of the Long Island Expressway, exit 48. The village is open six days a week from 10 A.M. to 5 P.M. and is closed on Mondays.
