The Mid Island Staff

Seasons Greetings From Our Library

The Hicksville Public Library will be closed Christmas Eve, December 24, and Christmas day, December 25.

On New Year's Eve the library will be open from

10am to 12:30pm. It will be closed New Year's day.

The staff of the Hicksville Public Library wishes all Hicksville people a Happy Holiday.

Annual Christmas Tree Trimming and Lighting. Kennedy Plaza sprang to life in yuletide splendor last week as the large downtown tree was decorated and lighted by rotarians of the Hicksville-Jericho Club.

This 21st annual rotary project is co-chaired by Bill Hayward and Augie Cassella.

Shown above at the tree site is (l-r) Immediate Past President Elie Zambaka, President-Elect Alfred Levine and board member Mike Racicot. (official Rotary Photo by Joe DePaola).

On Dec. 5 the Board of Directors of the Hicksville I.N.N. (Interfaith Nutrition Network) held their December board meeting at Holy Trinity Episcopal Church in Hicksville.

On Dec. 14, over sixty of the volunteers who staff and run this 1½ year old, 5-day meal service for all who need it, met, after the usual Friday meal, in an informal holiday gathering. Board members also joined in the festivities which included a

late luncheon, entertainment and games. Everyone had a most enjoyable afternoon.

This has been heartwarming year for this project. Community outreach and support has been ongoing and the I.N.N. has managed to feed over 300 hungry or homeless people every week. Acknowledgments of donations were made in several previous articles, but among those most recent donors are the following: Catholic Charities, the Tzedaka Fund

of the Irving L. Weiner Hebrew School, a Rockaton which was held by the young people at the Hicksville METHODIST Church, the Woodbury Lions Club; paper products and supplies donated by McDonalds, Wendy's and several other fast food chains. Without such cooperation, the Soup Kitchen could not be maintained.

At this beneficent season of the year, anyone wishing to make a donation to this worthy project can forward

a check to the Hicksville I.N.N., c/o Holy Trinity Episcopal Church, Jerusalem Ave. & Old Country Road, Hicksville, N. Y. Anyone able to donate time to the many jobs that this project requires may contact the Rev. Dominic Ciannella, Pastor of Holy Trinity Episcopal Church.

The Board of Directors of I.N.N. express their special thanks to all who are taking part in the Hicksville Soup Kitchen.

Hicksville I.N.N. Celebrates A Good Year

Hicksville Lions Hear Dr. George Weber

The special guests of the Hicksville Lions Club were Mr. Gene Lovette and Mr. John Pelligrino.

Both these gentlemen are from the Hicksville School System and were interested in learning more about the

Lions-Quest "skills for Adolescence" program.

Dr. Jack Weber, a member of the Hicksville Lions Club and a Past International Director of Lions Clubs International, made the presentation. He

stated that Skills for Adolescence helps young people learn how to deal with challenges of our complex society by offering positive growth experiences and teaching specific coping skills. The program places a special emphasis on preventing drug and alcohol abuse and related problems. It is based on the premise that the time to address these problems and keep them from hurting young people is before they start. The program targets the early adolescent years (ages ten to fourteen) since this is a particularly vulnerable stage of development and the time when many forms of negative behavior are likely to

begin. The heart of the program is a course for grades 6-8 that can be offered in conjunction with classes in language arts, social studies, health and related content areas.

The program is taught in local, middle grade school by local teachers. The instructor receives special training at a 3 day workshop. At the end of the 80 hour course the student is better prepared to say "No" to drugs and alcohol.

Both Mr. Lovette and Mr. Pelligrino were impressed with this program and promised to discuss it with their school superintendent.

Childrens Holiday Film Festival

On Tuesday, December 30, from 2:00 until 3:00 PM, there will be a special program of Christmas stories and films for 4 to 8 year olds at the Hicksville Gregory Museum.

Included in the program will be delightful, but rarely seen, favorites such as "Mr. Willowby's Christmas Tree" and "Arthur's Christmas Cookies" as well as "The Nureracker and the Mouse King" and "How the Grinch Stole Christmas."

After the program, the children and their parents will be welcome to tour the

museum as guests.

The Hicksville Gregory Museum is Long Island's Earth Science Center, with an outstanding collection of magnificent minerals from all over the world. There are also adjunct collections of fossils, butterflies and shells. The building itself is an historic landmark, the old Heitz Place Courthouse. It is located just south of the junction of Bay Avenue and Woodbury Road.

There is no charge for this film program, although donations are always gratefully accepted.

Our International Luncheon

By Billy Viola, of Mrs. Pasetsky's 5th Grade

On Wednesday November 26, the 5th grade class at Burns Ave. School had an International Luncheon.

Thanks to our parents (and some students) we had delicious food from many countries. The Countries represented were: Italy, Greece, Sweden, Poland, China, West Germany, Hong Kong, Czechoslovakia, India, Haiti, Puerto Rico, Spain, and Finland.

I Really appreciate all the cooking that the parents did since most of them had a lot of cooking to do the next day for Thanksgiving.

To entertain our parents and guests we put on a short skit on "Immigration." This skit showed why our ancestors came to America. Each one of us spoke briefly about the country we represented.

Christmas Celebration

Trinity Lutheran Church, 40 W. Nicholas Street, Hicksville, invites you to join them in celebration of Christ's birth on Wednesday, December 24, 1986, at any of the following worship services:

- 11:00 PM Candlelight Holy Communion Service

We look forward to having you celebrate with us at these beautiful services, and on Christmas Day for a Family Communion Service at 9:45 AM.

On November 3rd the Hicksville Lions club conducted their annual Pancake Breakfast, from 9:00 A.M. to noon at the Holy Trinity Lutheran Church in Hicksville.

Orange juice, pancakes, sausage and coffee were cooked and catered by the members of the Hicksville Lions Club to 370 people. (In lower picture).

In addition, a successful Health Screening was conducted. Doctors and paramedics screened for Diabetes, glaucoma, high blood pressure and osteopathic ailments, as you can see in the upper picture.

The profits of the Pancake Breakfast go into the clubs charity account which helps to support all worthy causes in Hicksville.

The Hicksville High School HIGHLIGHTS

By Scott J. O'Callaghan

Cultural interest. That's what "Le Club," the French Club of Hicksville High School, is all about. Through their many activities, the members of Le Club hope to gain insight into other cultures' lifestyles, especially those of France. Le Club is led by President Krista Mohan with other officers:

Michael Whitton, Vice-President; Margaret Goodrich, Secretary; Harriet

Young, Treasurer; Susan Scavo, Student Government Representative; Mayanne Purtil, Alternate Representative. They are under the supervision of Dr. Giedre Kumpikas. Their activities have included a candy fundraiser and a trip to New York City to see The Nutcracker Suite. While in New York, they also observed aspects of our own culture with lunch at the Hard Rock Cafe and a visit to the Christmas tree in Rocke-

ller Plaza. Dr. Kumpikas describes the group as having "a higher aesthetic sense" and "curiosity in international affairs." President Krista Mohan explains that the success of the group is a result of "everyone putting forth ideas."

So, we must say "Au revoir" to Le Club for the moment. But, the Highlight will be back on Jan. 2 to hear from the Madrigals.

Galileo Lodge News

By Joe Lorenzo

PRESIDENT JOE GIORDANO'S MESSAGE: "A very Merry Christmas and Happy New Year to all our members, male and female, friends and patrons of the Galileo Lodge. Thank you all, ever so much, for your continued loyalty, support and dedication."

The Christmas parties are over, our Christmas dance is also gone but the feeling and emotions evoked are never lost. This does not mean that the holiday spirit is over, because the holiday season is still with us. There is still plenty to "shout" and "holler" about, like, for example, when we prepare to usher in the New Year. To aid you in these endeavors, the Galileo Lodge has announced that it will hold a New Years Party and Dance on Wednesday, the 31st of December. Tickets sell at \$32.50 per person, and in the offering that will be a sumptuous cocktail hour featuring seven varieties of food, a steak dinner with all the trimmings, beer, soda, coffee and cake setups, unlimited liquor, dance music for your pleasure as well. Then a Continental breakfast during the wee hours of the morning. Hats, noisemakers and other New Years papaphenalia will be on hand to help you celebrate the birth of the new

year. Please note that Pete Massiello and Skip Monteforte will supervise this affair, and they can be contacted by calling 931-9351. Needless to mention that tickets for this event are selling very quickly, so don't procrastinate and be shut out. Why not come down to the Galileo Lodge on the date mentioned here and celebrate the ushering in of the new year in a style reminiscent of the old days?

BEG PARDON: Last week I inadvertently left out the name of ex-President Pete Massiello when I mentioned the Lodge personnel who were the key figures in the supervision of the two-Galileo Lodge Christmas parties held last Sunday.

Another message: All members of the Galileo Lodge kindly be notified that dues for 1987 are due on January 1st. Another reason for this message is that if you are desirous of running for a particular office in the Galileo Lodge organization, your dues has to be up-to-date.

LODGE TIDBITS: Two new members of our organization are Carlo Sparacino and Joe Nataro. Good Luck and welcome aboard...Very

sorry to hear that Rose Riccardi and Claire Fuocco were recently injured, and a speedy recovery wish from the membership to these nice ladies of the Auxiliary...Very sorry to hear that Odelia Pica of the Ladies Auxiliary was recently

injured at the Mid-Island Mall, and a speedy recovery wish to her also, from the membership...Congratulations to Mr. and Mrs. Dominic Gammone as they celebrate 16 years of wedded bliss...Very sorry to hear that Willie Gammone is in the Jewish Hospital, and we also wish him a speedy recovery...Very proud to report that Frank Gatto, son of Mr. and Mrs. Pat Gatto of our organization, is now Sales Representative for Realty World, a Farmingdale firm. Congratulations to Frank, of course.

Help is still needed for the Galileo Lodge Bingo sessions. We all know that Bingo is a source of revenue for the Galileo Lodge, and this revenue helps it to meet the social responsibilities it sets aside for our charitable programs. Help at Bingo means just a little time and a little effort on your part.

Operation Care & Share

Last holiday season, the K. of C. was privileged to play a major role in Operation Care and Share, the nationwide collaborative effort designed to increase public awareness about and stimulate greater response to the problem of hunger. Side by side with other concerned Americans, brother Knights organized food

drives at church, at work and in their children's schools.

Along with Other Councils...

They manned soup kitchens and delivered meals and food baskets to the elderly and the housebound. They created new networks of food collection and distri-

bution between food warehouses, supermarkets, food banks and local relief agencies.

All totaled, the Knights of Columbus was responsible for donating \$1,600,000 to local food relief projects and collecting and distributing approximately 700,000 pounds of food.

Thanksgiving In The Kindergarten

On the day before Thanksgiving, Mrs. Grumo's A.M. and P.M. Kindergarten classes from Burns Avenue School feasted on turkey and all the trimmings at a pre-holiday celebration. The feast was held in conjunction with the children's study of the "First Thanksgiving" and the Kindergarten "Growing Healthy" unit, "Happiness is a Healthy Me." This unit focuses on good health habits, the four food groups and nutrition and anti-smoking and drug awareness. Each child came dressed in an Indian vest and Headband. The children made these

costumes under the direction of Mrs. Grumo and Ms. Edwards, the Burns Avenue School Art Teacher. Each child also designed a personalized placemat which was taken home as a memento of the day. The children enjoyed a traditional Thanksgiving meal cooked and served by the Class Mothers and their wonderful parent and grandparents helpers. The Kindergartners enjoyed sharing and feasting together. They were thankful for the delicious food, their good friends and their wonderful families who made this possible.

NEWS FROM NEW YORK TELEPHONE

This holiday season depend upon the New York Telephone Calling Card to keep in touch. Save time and money while you place calls with ease across town, throughout America and to most places around the world—even the North Pole.

The New York Telephone Calling Card can be used at home, office and public telephones. No need to search your pockets for change. Wherever your busy schedule takes you, you can stay in touch with family and friends easily and conveniently.

The security, convenience and speed of the New York Telephone Calling Card make it a valuable companion. Each Calling Card features only your 4-digit PIN (Personal Identification Number). Your telephone number, name and address do not appear on the card, making it the most secure Calling Card available.

And the New York Telephone Calling Card provides you with great savings—more than 50% off the cost of the surcharge for making collect or third number billed calls.

To make Calling Card calls, simply enter "0" and the number you're calling. On most touch-tone phones, wait for the tone. Then, key in your complete Calling Card number, which includes your area code, phone number and 4-digit Personal Identification Number (PIN). On a rotary dial, wait for the operator, and then give your complete Calling Card number. It's just that easy.

So this holiday season don't get caught without the New York Telephone Calling Card. Use it to send holiday greetings, to check on last minute gift orders, or just to let someone know you'll be a few minutes late.

Dear Friends...

This is a special holy time of the year. To Christians it is full of joy for the celebration of the birth of their promised Savior. To those of the Jewish Faith a celebration of Chanukah, a happy and holy occasion, and to others, simply a time when families get together for festive meals and the exchange of gifts. But to all at this time comes the joy always connected with sharing, whether it be gifts, gratitude or love for all.

We wish all our readers a blessed and happy Christmas and a New Year filled with opportunities for you to grow...to encourage and help those around you and to reach out in friendship whenever possible.

God bless you all.

P.S. A new feature is introduced this week in THE HERALD. Under the direction of Marie E. Marshall, Supervisor of Academic Enrichment Programs, and mentored by Mr. Hank Cooney the Language Arts teacher on this team, the Gifted and Talented Program of the Hicksville Junior High School will be conducting a newspaper column entitled "Poetry Pavilion". Once or twice a month, new poems will be published. The students themselves will serve as editors. We hope that you will enjoy their initial efforts and the results of this idea, as much as we do.

Winter Driving (Continued from Page 9)

ful, and in extreme cases can even be lifesaving. Carry flares and a flashlight, plus a sack of gravel or other abrasive to scatter under spinning wheels. Also a small spade or shovel. Some motorists in rural areas carry blankets and a few candles. These can be enough to keep you from freezing in a car stranded overnight in a blizzard. A 20-foot length of stout rope or chain for emergency towing, and a set of battery-jumping cables can also prove quite handy in a pinch. Nor should one sally forth without such basic aids as a windshield scraper and brush and plenty of wind-

shield washer fluid - not plain water -- in the reservoir.

Have your car checked for winter readiness, to include engine tuning, brake adjustment, proper operating exhaust and cooling systems, good lights and wipers, good snow tires or all-weather treads. Studded tires are allowed between October 16 and April 30. Plenty of gas in the tank is a good idea, not only to run the heating system if you're stranded (keep a window open a bit for ventilation) but also to help avoid gas-line freezeup.

Christmas Past and Present

Remnants of Noels past - a hidden fantasy
Relived through images on a screen
Never regained
that lost, spontaneous instant -
The joy of anticipation and the
utter surprise

My round-cheeked, red-nosed friend,
Spokesperson of cookies and milk,
Red stockings and shimmering
satin bows...
A shivering winter's twilight, warmed
only by the thoughts of the future,
the coming of the man and his reindeer...

Ah! the sound of dancing,
prancing,
hoofs upon my rooftop
Wrapped and ribboned, presents snug in their bed
under the evergreen,
dreams faded away or have they?
Santa escapes into the moonlight...

DONOVAN Report

Real Estate:
Karen Donovan

MEDIAN HOME PRICES GO UP

The median price across the country of an existing single-family home rose to \$94,400 this May, up 5 percent from April, up 12 percent over May, 1985. Of course, there's a wide range of median prices in different areas: from \$45,000 in Buffalo, New York, to \$144,000 in Boston, as of last year's final quarter.

But what really matters to you, the homeowner, is the price of real estate right here in town: what homes comparable to yours are selling for - what you could get for YOUR home. Smart sellers call in real estate professionals for the answers.

We know how to set an asking price that's high enough to leave bargaining room but not so high that it scares away prospects - and how to GET that price for you. In fact, working with a broker, sellers usually get a higher price for their homes than if they tried to sell themselves, so that the broker's services cost almost nothing.

Happy Holidays!

L. I. MADD Starts Reminder Campaign

The close of the annual Candlelight Vigil for DWI victims on Long Island on December 7 ushered in a year-end holiday period during which deaths due to DWI may rise to higher levels, according to the Long Island Chapter of MADD (Mothers Against Drunk Driving).

Anti-DWI organization is starting a campaign to remind residents of the dangers of drinking-and-driving, and to encourage people to work toward a less violent future, according to Peter Moran, President (Oceanside). Accordingly, MADD urges concerned citizens to tie bright red ribbons to their left-hand driver's door handles, rear view mirror, or radio antennae. The left door location is preferred because the bright red ribbon also indicates the location a drinking person must not be allowed to occupy.

One-foot lengths of red ribbon can be obtained from Long Island MADD at PO Box 424, Oyster Bay, NY 11771 (516-922-7800) or

to discuss additional ways to inform residents on what to do in case of fire in their home. It is evident from the Plainview Fire, that took 5 lives, that people do not know what to do when they have a fire. The family's home was equipped with a burglar alarm but **Had no smoke detectors!** The father was notified (his first awareness of a fire) by the Burglar Alarm Co. that there was a problem. Once awake, although groggy from smoke inhalation he called 911 Barely gave his address

and dropped the phone. It was no doubt his last act.

Officials said the family would have had more time to get out, less fire and smoke to contend with, if they had smoke detectors. Detectors alone are not enough, a pre-arranged escape plan is necessary. You can not plan an escape from scratch when smoke and fire is filling up your home.

The Public Fire Safety Division should have in

operation next spring. A demonstration trailer to show how smoke from fires can spread and the proper way to escape. The trailer will be available to schools and will tour county shopping centers. In the meantime the Fire Safety Division will be available to give Fire Safety talks to all groups. Call the Fire Safety Education Division at the Vocational Education Extension Board in Uniondale - 292-9292.

The N.C. Fire Marshals

office also has a Fire Safety program and they can be contacted at 566-5800.

House Fires

Careless smoking was blamed as the cause of a bedroom fire at 20 Ingram Dr., Hicksville. The fire was reported at 1:44 pm on Saturday Dec. 6th. There was 1 minor injury. The fire was confined to the one room by Hicksville firefighters. Damage was estimated at \$5,000.00 6 units, 40 members responded under Asst. Chief G. O'Brien.

A house fire at #8 Garden Blvd. on Dec. 15th caused moderate damage and killed two pets - a cat and a parrot. No one was home at the time. The fire apparently started in the basement and the actual fire was confined to the room of origin. A next door neighbor used a garden hose and kept the fire from spreading up the side of the building. 3 members and 4 units responded under chief William Schuckman. There were no smoke detectors. It was lucky no one was home!!

Annual Party For Foster Children

"Special kids need special families" takes on special meaning at this time of year at the Nassau County Department of Social Services.

For the past eight years, Commissioner Joseph A. D'Elia has sponsored a holiday party for foster children to spotlight his Department's efforts to recruit permanent adoptive homes for "special" youngsters.

This year's Party — the ninth annual — is scheduled for Tuesday, December 30, from 1-4 P.M. in the Auditorium of the A. Holly Patterson Geriatric Center, 875 Jerusalem Avenue, Uniondale. Nassau County Executive Francis T. Purcell will join Commissioner D'Elia in welcoming about 400 children and their foster families. From small beginnings

when a few staff members baked cookies and chipped in a few dollars to purchase soft drinks and small gifts, the annual event has mushroomed into a gala affair, with music, entertainment, food, gifts, festive decorations and appearances by Santa Claus and various costumed characters, thanks to the generosity of Social Services Volunteers, Inc. who handle arrangements. The major sponsors this year are NYNEX Service Company, McDonald's, Long Island Trust Company, and Long Island Savings Bank.

Who are the "special" children who will be honored guests at the 1986 Party? Five year old Shawn is one — a friendly, playful fellow who likes to watch action movies. Chris, 13,

who dreams of being a pro-football player, will also be there; and pretty 9 year old Samantha who loves to play with dolls. Robert and Richard, 7 year old twin brothers, would make a great addition to a family, Commissioner D'Elia says.

According to Commissioner D'Elia, the party has a dual purpose. "While we focus attention on youngsters who need permanent adoptive homes, it also gives us the opportunity to express our appreciation to dedicated foster families who, throughout the year, nurture and care for these special children."

For information about adoption and the children who need homes, call the Nassau County Department of Social Services — (516) 535-4624.

How About Making A Date for Next April?

Dear Friends:

The 10th annual Plainview 10 Kilometer Championship Run will be held on Saturday, April 11, 1987. Once again this year, the Run will be sponsored by our good friends at David Lerner Associates.

For the second straight year, all proceeds of the Plainview Run, and all advertising revenues from the associated race program, will be donated to the Memorial Sloan Kettering Hospital for Special Surgery Children's Prosthesis and Rehabilitation Foundation. In short, it will go to help youngsters like 10 year old Maudie.

Maudie has no legs below the knee and has no fingers on her hands. But Maudie does have an awful lot of determination. She participates in athletics to the

extent her body will permit — and sometimes beyond. The money raised in the Plainview 10K Run — all of it — goes to provide Maudie and youngsters like her with prosthetic devices, rehabilitation and therapy, and to help them participate in sports like any other youngsters. Just this past September, a portion of the money we raised went to send a group of local youngsters to the National Amputee Championships in Nashville, Tennessee. (Maudie came home with seven medals!)

We're writing this letter now in hopes that you will mark April 11, 1987 on your calendar as a date when you and your friends will be at the Mattlin Middle School in Plainview — to run in a great race and to help Maudie and her friends to lead

happy, healthy and productive lives. Race applications will be available in January.

We'd also like to solicit your support for the race program/ad journal. We hope to have every running Club, every business, and every concerned and caring individual that we can reach participate in this most important effort. Please contact POBRR Vice President Julie Shapiro (516 822-2835) for more information. Julie would be most interested in meeting personally with any business, club or other organization to talk about Maudie and her friends, and how we can work together to help them.

Best regards,

Set Jan. 13 Hearing On Amendments To Garbage, Litter & Waste Ordinance

The Oyster Bay Town Board has scheduled a hearing to consider amending the section of the Code of Ordinances dealing with Garbage, Litter and Waste.

Many of the proposed changes are preliminary to the Town's undertaking a pilot recycling program. The prospective ordinance also contemplates requiring all applicants for waste removal permits to supply an additional statement with their application from listing any recycling they undertook in the previous year.

The amendments address the disposal of used motor oil—the of the primary household toxics collected during the Town's successful S.T.O.P. (Stop Throwing Out Pollutants) program. The change will require that all used motor oil be

brought to service stations, as permitted under State law, or brought to one of the Town's three garage facilities.

Under consideration will be the elimination of items such as tree stumps, rolled carpeting and padding from the present definition of "bulky items," allowing them to be placed at the curb for collection with general refuse providing they conform to present restrictions on length.

An increase in the present tip fee will be taken under consideration, eliminating the current dual rate for refuse and bulky items and imposing a single rate of \$51 beginning February 1, 1987 and \$56 beginning August 1.

The hearing has been scheduled for Tuesday, January 13, 1987 at 10 AM in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay.

Town Board Approves Moratorium

The Oyster Bay Town Board has approved the addition of a section to the Building Zone Ordinance which would place a moratorium on many change of zone applications and the issuance of special use permits, according to Town Supervisor Joseph Colby.

"The purpose of this ordi-

nance is to place a moratorium on any changes of zone or issuance of special use permits which would have the effect of increasing water usage over its existing use or increasing traffic on roads over that which would be generated under existing conditions," Colby said. "During the one year the moratorium is in effect, the

Board will not hear any applications for changes of zone or special use permits which would increase water use over what is currently permitted in the zone nor will they entertain applications where traffic, generated by the change, would be increased."

Colby said that the

moratorium is designed to allow the Town sufficient time to complete its master plan with regard to the development of a Town-wide water conservation program, to inventory existing open space within its borders and to undertake a survey on the flow of traffic on all roads and streets located in the town.

The Hicksville Rotary Club has officially expanded its territory perimeter area to include Jericho and will henceforth be known as the HICKSVILLE-JERICO ROTARY CLUB. Except for the area and the name the club charter and all else as relates to Rotary International remains the same. Mrs. Bertha Ecker, Old-Time Hicksville Resident, Will Be 105 On Christmas Eve

Bertha Ecker will be 105 years old on December 24, 1986. She is presently a resident at Central Island Nursing Home in Plainview. She was active until age 96 when she experienced seeing, hearing and balance difficulties and was confined to a wheelchair. In 1984, almost 103, Mrs. Ecker along with 13 other Long Islanders all over age 100, were honored by the owner of Lincoln Restaurant in Rockville Centre. She lost her eyesight and hearing completely in 1986 but her health is excellent. She is no longer mentally alert but is a revered, spunky and brave lady. She has received citations, press

attention and telegrams from Nancy & President Reagan.

Bertha Ecker nee Master was born in Koob, Hungary December 24, 1881. Schooling was compulsory and she learned to read, write and do arithmetic. At the age of 12, after school hours, she worked as a cook's helper for a family of five. Her childhood was more work than play. Her family worked the estates of counts and barons and workers carried a work card which was a vital reference. She loved to talk of her life in Hungary.

In 1905 she came to America and settled in a Hungar-

ian section of Perth Amboy, New Jersey where she met John Ecker who later became her husband. She moved to Hicksville in 1907, as a bride where her husband John had already established himself in business as a maker of shoes and a shoe repairer. Eventually, they bought the two-store building from Henry Stolz I, which building was at 144 Broadway, Hicksville, opposite St. Ignatius Church. In 1925 the building was remodeled and the one store became a new shoe store and also a shoe repair shop in the rear. They had four daughters — Anna Johnson, Irma Kirchner,

Elizabeth Solberg (died in 1977) and Bertha Nordman. John Ecker died in 1934. The building was sold in 1949 and demolished in 1961 for the Broadway widening.

Mrs. Ecker's family and friends will celebrate her 105th Birthday at a party given in her honor on December 17th, 2:00 p.m. at the Central Island Nursing

Home. She has three grandchildren and seven great grandchildren. She attributes her longevity to her gourmet cooking and a lifetime of hard work.

Winter Driving Tips From DOT

With the slippery season for motorists once again at hand, the New York State Department of Transportation (DOT) offers suggestions and information designed to make winter driving less of a hassle and a hazard. The fender — or the life — you save may be your own.

The early-season spate of skidding accidents once again prompts DOT to remind drivers that bridge decks often ice up sooner than the streets and highways that lead up to them. Sometimes, bridge pavements are the only ones to become slippery as temperatures hover around the freezing mark. This is due to the fact that the exposed undersides of bridges are colder than the earth under approach roadways. Similarly, watch out for shaded patches of road.

DOT cautions drivers to avoid abrupt or heavy braking or turns when approaching or crossing bridges, even

very short spans, when roads are wet and icing is possible. It's best to proceed evenly, at the same speed and direction, as much as possible. And if a skid develops, steer gently — no wheel yanking, please — in the direction you want the front of the car to go. This applies equally to front and rear wheel drive vehicles.

Such advice holds, of course, for any icy roadway, though it is at bridges or shady patches where one may first encounter loss of driving control. To remain in total command of your vehicle — usually a ton or more of rigid steel in motion — other tips are also helpful. Such as drive more slowly than usual, maintain more room than usual between you and the vehicle you are following, and make more gradual turns and stops. Remember that any abrupt maneuver can throw you into a skid on a roadway that you didn't realize was icy until that instant.

If you have to brake, don't stomp on the pedal. Gently pad or pump the brakes to help avoid loss of traction. If you have lots of room between you and whatever is looming up in front of you, so much the better.

If you do start to skid, don't abruptly brake or decelerate. Steer gently into the direction of the skid, as already mentioned, and as you recover control, gradually straighten the wheels and cautiously resume your gas pedal and brake pedal functions.

Defensive driving dictates that you not only avoid abrupt maneuvers for your own sake, but also to avoid startling other motorists. That is, signal your intentions well in advance, and watch the other guy as well as the road. Slow down gradually before turning or stopping.

Advance preparation for winter driving is also help-

George H. Klimpel
George H. Klimpel of Hicksville died on Dec. 12 in a van and truck accident near Buffalo, N.Y. He was the devoted husband of Margaret, the beloved father of Deborah Coutieri, the loving son of Gertrude, the fond brother of Walter, Emerson and Raymond, and the devoted grandfather of Meghan Marie Coutieri.

He was a familiar figure in local stores and restaurants, where he and Mrs. Klimpel came with their granddaughter, Meghan Coutieri, who, this year is the Nassau County March of Dimes Poster Girl. Last June, Meghan was honored at a special dance given by the Hicksville High School Student Govern-

ment Association. He is mourned and missed by thousands who knew him.

He reposed at the Vernon C. Wagner Funeral Home on Old Country Road in Hicksville. A Mass of Christian Burial was held on Wednesday at Holy Family RC Church with interment following in Calverton National Cemetery.

In lieu of flowers contributions to the Long Island Chapter of the March of Dimes in George's name would be appreciated.
