Art Demonstration

On Monday, February 7, at 7:30 PM in the Hicksville Public Library, 169 Jerusalem Avenue, the Independent Art Society meeting will feature a demonstration by artist, Janet R. Marzo, curator of the Firehouse Gallery at Nassau Community College. Ms. Marzo is a licensed

Art Teacher with a background of instruction in a broad range of fields including Studio Art, Drawing, Painting, Fashion Illustration, Textile Design and Photography among others.

This interesting meeting is open to everyone, and refreshments will help make you welcome.

Hicksville Vamps, assisted by units from seven area departments, battled a two alarm fire at 44 East Old Country Rd., Hicksville. The alarm came in on Jan. 7th at 10:13 p.m. Eighty Hicksville Vamps, ten units under Chief William Donlon responded.

The one-story block building, 200 x 100 ft., was occupied by the Eastern Electrical Equipment Co. and Country Carpets.

First arriving Unit #3 reported fire through the roof. Several small hydrants in the neighborhood made it necessary to call for engines from Syosset, Bethpage, and Levittown. Tower ladder units were requested from Jericho and Westbury. The Plainview and East Meadow departments provided protection to the district, and during their stand-by responded to a malicious false alarm at Newbridge Rd. and Marie Ct.

Early on in the fire, the walls began to crack due to twisting steel beams. All

Vamps evacuated the building and fought the blaze from outside. One Vamp was injured at the scene. The Ladies Auxiliary from the Hicksville Fire Dept. and the Salvation Army provided refreshments. The Hicksville Auxiliary Police assisted the County Police with traffic.

The mutual aid engines relayed water from blocks away to units at the scene. In a few weeks, a new main will augment water supply in the area. The Syosset Fire Dept. also supplied a floodlight/air unit at the scene.

Vamps were on the scene until 4 a.m. Nearby buildings were protected from damage as was the portion of the warehouse containing paints and chemicals. All traffic on Old Country Rd. was detoured. The fire is not termed suspicious and its origin was in Country Carpets. The Nassau County fire Marshals Office and Police Arson Squad will conduct an investigation.

The Jericho Fire Dept.,

while responding to Hicksville, received a report of a motel fire on Jericho

Tpke. That fire damaged two rooms. 150 Vamps, 20 pieces of apparatus were used.

School Board Handles Heavy Agenda

By Rosemary Grant

The appointment of Dr. Catherine J. Fenton as Superintendent of Schools was announced at the Hicksville Board of Education meeting on January 10. Her appointment, which takes place on January 26, 1983 was received with mixed feelings from the approximate 100 residents who attended the meeting.

Those who spoke praised Dr. Fenton personally, but felt a consultant, a nationwide search with other candidates interviewed and community participation in the selection of a new superintendent had been promised by the Board and the Board should have followed this procedure.

President Charlene Anci said she had every confidence in Dr. Fenton's qualifications and ability. She noted many districts promote from within. Trustee William Bennett said "We interviewed five consultants and most said if you have somebody within the district you feel is qualified, don't spend the money." He highly praised Dr. Fenton and said "Why go through this risk if we have somebody that we already know."

The Board approved the assignments of Mr. Richard Hogan and Ms. Ruth Jacobson as temporary adjunct administrative aides to assist Dr. Fenton in handling secondary and elementary educational services from

January 3 to June 30, 1983.

Community members spoke out against the Board's decision not to grant tenure to Dr. Terrell Stackpole, Supervisor of Comprehensive Arts and pressed for another meeting between Dr. Stackpole and the Board. Dr. Stackpole also commented about the Board's action toward him. President Anci promised to set a date for a meeting.

Virginia Germer alerted the Board of a petition before Town of Oyster Bay Board to have a large entertainment and dining hall

opened in Mid Island Plaza, which is adjacent to Burns Ave. School. She indicated they will also be applying for liquor licenses. Mrs. Anci will check with counsel to see what can be done.

The Board took action on deletion of policy and approved textbooks. It approved recommendations of the Committee on the Handicapped pertaining to placement of students. It awarded bids; and approved Claims and Warrants totaling \$14,138,579.67. Election personnel for annual and special meeting of the

district and to update the registration books of the district was approved and routine personnel matters were handled.

Policies were received for consideration and discussion and a textbook for use in the senior high school industrial arts classes was offered for review prior to approval.

The next regular meeting of the Board of Education will be on January 26 at 8:15 p.m. in the Conference Room of the Administration Bldg.

Down Memory Lane

No. 2

LONG ISLAND'S CHANGING SCENE is prepared as a public service by the Museum Division of the Nassau County Department of Recreation and Parks. Commissioner Abram C. Williams explained that the program is designed to familiarize residents with Nassau County history by giving them a glimpse of "how it used to be". Commissioner Williams explained: "We delved through the archives at the Nassau Historical Library and came up with some old photographs of familiar locations. We then photographed the same location as it appears today. The contrast is fascinating."

THIS WEEK'S PHOTOGRAPH: Trolleys converge at the intersection of Main and Front Streets in turn-of-the-century Hempstead Village in Photo #1. To take this shot, looking west on Front, the photographer stood in front of St. George's Episcopal Church. The church's white picket fence can be seen at right, foreground. Stores line the unpaved street. Building at far right (with awning) is hotel built in the late 1900s and owned at various times by the Bedell, Willets and Kreischer families. Horse-drawn milk wagon, center-left, makes delivery. In photo #2, taken

recently, the only identifiable feature from 1900 is St. George's picket fence.

Parking lots for Waldbaum's and Town Hall now occupy NW and SE corners, respectively. The south side of the street in early picture was demolished for road-widening. All other buildings have been either demolished or replaced.

Exhibit At Black History Museum

Spectators will learn of the characteristics of African and Asiatic life through a colorful look at men, women and children engaging in daily activities when an exhibit entitled "Moments Dancing-Daily Toil: Village Life in the Sahara and Southwest Asia" is unveiled for its first public showing at the Black History Museum on Saturday, January 15. The exhibit will remain on display at the Museum Mondays through Saturdays until March 31, from 9 A.M. to 4:45 P.M. The Museum is closed Sundays. Admission is free.

Nassau Recreation and Parks Commissioner Abram C. Williams said the exhibit will feature seventy

color photographs and associated artifacts depicting the family, clothing, jewelry, food, religion, crafts, the market, leisure and travel. Williams also pointed out that this new exhibit by photographer Carollee Pelos is a sequel to "Spectacular Vernacular", her popular photo exhibit on desert architecture of Africa and Asia.

Extraordinary photographs of the people of Mali, Mauritania, Senegal and Morocco in Africa and India and Afghanistan in Asia will be included.

The Black History Museum is located at 106 A Main Street, Hempstead. For further information, call 538-2274.

Dear Friends....

We admired many of the attractive Christmas lighting decorations on the homes throughout this area, this year. We think they were all lovely... but there were none more beautiful than those at 43 Edward Avenue in Hicksville! What a pleasure to drive by this attractive home.

Correction: in paragraph three of the last week's feature article about Hicksville's own Olga Hoebel, it should have read, "to live with an aunt and uncle whose youngest son, Charles owned Lauman Well Drilling Company in Bethpage." Sorry.

We are pleased to be able to report that our Town Board has authorized a private engineering firm to design the capping and closure plans for the old portion of the landfill at our Town's solid waste disposal complex in OLD BETHPAGE.

THAT'S ALL FOR THIS WEEK. Stay well and remember the old saying, "Nothing is really work unless you would rather be doing something else."

Letters to the Editor

Dear Ms. Noeth,

A friend of mine Zeroxed a copy of "St. Ignatius Loyola School 75th Anniversary" for me and I enjoyed the article very much.

I graduated from St. Ignatius in 1954. I am going to send the article on to my brother, who graduated in 1950. He now lives in Texas.

My parents moved from Hicksville about eleven years ago after living there for over thirty years. Needless to say, it was a difficult move because of all the wonderful memories.

If memory serves me right, Lynda Noeth was one of two classes behind me in St. Ignatius. I remember both her parents well, but I especially remember how

proud her father was of her. Since I enjoyed reading the paper so much, I realized that my mother would enjoy it even more than me! I would like to send my mother a three year gift subscription to your paper.

Her address is:
Mrs. Rose Rompell,
13 B Hamilton Lane,
Whiting, New Jersey, 08759.

Enclosed you will find a check for the subscription.

Thank you for the "trip" down memory lane!

Sincerely,
Eleanor Driggs

Dear Editor:

It has been increasingly annoying that, more than

two full months after Election Day, the big, garish red and blue sign calling for the election of Republican Ernest Bartol still adorns the intersection of Old Bethpage and Haypath Roads in Old Bethpage.

Section 135 of the Town Zoning ordinances requires the removal of such political campaign signs within 15 days following the election to which they apply. Why hasn't Mr. Bartol or the Town Republican Committee complied with this ordinance? Why hasn't the Town of Oyster Bay enforced it?

An oversight? Perhaps. But both Councilman Hynes and Councilman Mosca live fairly close to the Old

Bethpage/Haypath intersection, and it's hard to believe that they could have missed the sign. I may be a cynic, but I'm sure that if Mr. Bartol had been a Democrat, our Town Fathers would have lowered the boom on this violation weeks ago!

In any event, it's high time that the sign finally came down. It's bad enough that political campaign signs are the most noticeable feature of the local landscape between Labor Day and Election Day. There's no reason that we should have to put up with them all year long!

Very truly yours,
Michael Polansky,
Plainview

At The Town Board Meeting

By Sheila Noeth

At the regular meeting of the Town Board of Oyster Bay held on Tuesday, January 11 in Oyster Bay the Board reserved decision on the petition of Mid Island Shopping Plaza Co., and Grosco Productions, Inc., for a special use permit to operate and maintain in a Business G District a Supper Club Cabaret type restaurant located in a former supermarket building (Food Fair) on the southwest corner of the Plaza Shopping Mall, located within a parcel of land on the west side of Broadway, south of the intersection formed by the west side of Broadway and the south side of Nevada Street within the Mid Island

Shopping Plaza. Attorneys for the co-petitioners Peter Mineo, Esq. and Richard Moahan, Esq. explained that the seating capacity would be 377 upstairs and 475 on the lower level, or a total of 852. There would be a cocktail lounge with dance floor on the lower level and a dinner theater, cocktail lounge and a dance floor on the first floor.

Approximately twenty five people appeared in opposition to this petition. Mr. Joseph Johnston of 9 Center Street, Hicksville, a member of the Parish Council of St. Ignatius RC Church, said that he was concerned as to what type of person might be

hanging out there late at night and worried about the possibility of drugs being used in this area.

Most who testified felt that additional noise, traffic flow and disturbances of the peace would occur.

Mr. Lester Becker of 12 Irving Ct., in Hicksville and Mrs. Jeanne Gibson of 16 Windsor St., Hicksville, both testified to the possibility of these problems increasing.

They approved Resolution No. 21-1982 relating to change order No. 2 on Plainview Contract No. DRH-79-4690 relating to the construction of storm drains and appurtenances

on Knowles Street and adjacent areas in Plainview, under the Nassau County Sewer Contract. The Supervisor must sign this change order.

They approved Resolution No. 27-1983 appointing an appraiser to appraise the 65 acre landfill property in Plainview.

They approved Resolution No. 28-1983 relating to Town Environmental Quality Review Commission in connection with the petition of Elcom Co., Inc. for a special use permit in Hicksville, the hearing for which took place on Dec. 21, 1982.

Our elected officials have been diligently working on our behalf. This week saw New York State Senator Ralph Marino interesting in the unfortunate uprising of prisoners at Ossining prison and Congressman Norman F. Lent nominating 43 young men and women of Nassau County to four service academies.

Lent is planning a recep-

tion on January 23, 1983, to honor these nominees and their parents. We hope that the academies will select many of these five young people for admittance, and they will pursue long careers of service to our country.

On the local level, Nassau County Comptroller Peter T. King attended a meeting with State Comptroller Edward Regan. King sought information on the total cost of social service aid programs to New York State projected for 1982-83 to ascertain ways to see that Nassau County receives its equitable share of this aid. "I was appalled," said King, "to learn that the social services budget for New York City alone

amounted to 60% of the cost for the rest of the state. I was expecting the City total to be high but even I was surprised at how high." King asserted that the total cost for medical assistance programs in New York is \$914 million while the rest of the state is expected to use \$1,406 billion. In the income maintenance programs: i.e., welfare, food stamps, etc., New York City is expected to receive \$1.6 billion while the rest of the state totals \$2.4 billion.

"This disproportionate focus in state aid can be nothing but a detriment to all of Nassau County's citizens—both the over-

burdened taxpayer and the truly needy among us," King declared.

King has pledged to continue to work closely with both the State Comptroller and the Long Island legislative delegation to see to it that Nassau County is heard from when the money is being distributed.

Our Town of Oyster Bay elected officials are constantly alert and striving to maximize Town operations to provide the best possible services to our residents at the lowest possible costs.

Keep good government by supporting these officials in their bid for reelection next fall.

Volunteers At Gregory Museum Start The New Year With A Party

The Volunteers of the Hicksville Gregory Museum started the new year with a Sunday afternoon party for their families and friends. They were entertained by an outstanding choral group which included Charles and Robert Conover, volunteers since their youth, joined by Joanne Matusa, Maryann Bishop, John Collins and James De Marco. Pat Hughes, another longtime volunteer, added to the fun as the clown "Patty Cake".

The Museum treasures its volunteers. Without them it could not have survived. It was volunteers—hundreds of them, young and old—who salvaged the historic Heitz Place Courthouse and transformed its interior into a beautiful exhibit area. Today volunteers help substantially in running the Museum. Among them, Elizabeth Pearce and Jo Lindo conduct tours. Eleanor Holzer, Rose Morabito, Anna Locke, Liz Waters, Gussie Daines and Liane Furlin staff the gift show every week. Frances Bianculi and Helen Fletcher do much of

the typing for publications and displays. Anne Evers and Val Conover are ever-present coordinating behind the scenes. High School students Lora Cusumano and Paul Detroia, serving internships at the Museum, put in many hours of volunteer service as well. Lora is refurbishing some of the butterfly cabinets, while Paul is working with mineral displays and computer programs.

Tom Daunt, now the Museum's Curator, started as a teen-age volunteer with an interest in Geology. His entire family became involved, and his sister Patricia

still helps out on weekends. Over the years strong bonds of friendship have developed among the members of the Museum "family". This kind of community service is a way to use one's talents constructively, and yet feel the warmth of participation in a small and friendly, but not exclusive, group. New friends are always welcome. Help is needed right now in public relations, setting up displays, conducting tours, organizing programs, writing grant proposals. Anyone interested can call the Museum (822-7505) and leave a message for Val Conover.

Ex-Iranian Hostage To Speak

The Parent Teacher Friends Association of Trinity Lutheran School, 40 W. Nicholas Street, Hicksville, cordially invites the Mid-Island Community to attend a lecture given by Kathryn Koob on Tuesday, January 18, from 8-10 PM in the school's gymnasium.

Ms. Koob, one of the 52 Americans held hostage for 444 days in Iran, will speak about families—traditional and transitional. The concept of the American family is changing and she believes "that the quality of home life is ever so much more important than simply quantity." Her theme for the evening's program, "Full Family Partnership," centers on

mutual respect and a sharing of responsibilities by all family members, children as well as adults.

During the evening there will be a free will offering for the Simons Memorial Scholarships Fund which will benefit the children of the six Americans who were killed during the rescue mission.

As fellow members of the Mid-Island Community, we encourage you to take advantage of this rare opportunity. The school is located north of Old Country Road at 40 W. Nicholas Street, between Jerusalem Avenue and Broadway in Hicksville. Call 931-2211, if you desire more information.

Concert At Hicksville Library

The Hicksville public library will present a concert on Sunday, January 16, at 3:00 PM in the Community Room which is located in the lower level of the Library.

Performing will be Katherine Thomas, a 22 year old violinist. Ms. Thomas began her violin studies at the age of nine. A recent graduate of Juilliard School, her recital debut at Carnegie Recital Hall received rave reviews to an enthusiastic audience. Among her many

awards are the Robert Hufstader Scholarship from Juilliard and First Prize in the Great Neck Symphony's Young Musicians Competition in New York.

Katherine Thomas has co-certified extensively in this country and abroad. She is a seasoned performer, appearing on television, film, and radio.

There is no charge for library concerts, and this performance should not be missed.

A FILM PRESENTATION ON EPILEPSY was given to seventh grade health class at Plainview Middle School last Wednesday, January 5.

This class is shown here. Dr. Fred Karpman, school principal, is at the right.

Teacher Barbara Teichman is at the left.

Giving the film and talk presentation was Dorothy Prunhuber, Director of Community Education for The Epilepsy Center of Nassau County. She is the third from the right.

Hicksville VFW First To Donate To Statue of Liberty Fund

By Sheila Noeth

On Dec. 4, 1982 the William M. Gouse, Jr. Post 3211 Veterans of Foreign Wars ran a Las Vegas Night and donated half of their net proceeds to the Fund For The Refurbishing Of The Statue of Liberty.

At their Jan. 10 meeting, members of this fine Post, along with elected officials and friends in the community gathered to honor the Post for these patriotic efforts. And a representative of this Fund received a check for over \$1,100.00... the first contribution of an organization to help in this work.

In accepting this donation, Mr. Denver Frederick, Director of Fund Raising of the Statue of Liberty, Ellis Island Commission thanked the Post members for their patriotic efforts and reminded all present that the Statue of Liberty itself was a gift, not from the French government, but from the French people who raised the necessary funds from small donations from people and school children throughout France for this beautiful gesture, so that the historic statue would become a reality and serve as

a symbol of the friendship existing between the French and American people. He said that the much needed repairs to the Statue of Liberty, plus repairs to Ellis Island are planned as part of a 1986 Tribute and Centennial Celebration of Ellis Island which opened in 1892 and was closed in 1954.

In those 62 years millions of emigrants entered the United States of America, and, working with the opportunities available to them, grew in strength and in number, greatly contributing to the present strength of our Country.

Many on the speakers platform addressed the VFW members present, praising them for their patriotic efforts. Included were Co-chairman of the VFW Committee of this project, Joseph Normandy and Frank Lotti VFW Commander Connie Steers, TOB Clerk Ann Ocker, NY State Inspector Elaine Ingram, President of the Hicksville Kiwanis Club and the Community Council John Budnick, Esq., TOB Supervisor Joseph Colby.

Hearing Loss Is Not A Sign Of Old Age.

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Bellone. A non-operating model of one of the "smallest Bellone aids" of its kind will be given absolutely free to anyone requesting it.

It's yours for the asking, so send for it now. It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than a fourth of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. All hearing problems are not alike and some cannot be helped by a hearing aid but many can. Thousands have already been mailed, so write today to Dept. 29211, Bellone Electronics Corporation, 4201 W. Victoria St., Chicago, IL 60646.

Twenty-One Hicksville Musicians Participate In Nassau County Festival

The 1983 Nassau All-County Senior High School Music Festival, held at the Concert Hall of the C.W. Post Center, Long Island University on Saturday, January 8, brought together outstanding student musicians from forty-seven Nassau County High Schools for an impressive concert, culminating two full days of intensive rehearsal with

guest conductors. Hicksville was represented by twenty-one student members of the Division of Music, Department of Comprehensive Arts, at Hicksville Senior High School.

The Nassau All-County Chorus, conducted by Alexander Dashnaw, opened the Saturday evening concert with an antiphonal performance of the Gabriel "Magnificat", as it would have been performed at St. Mark's Cathedral in Venice during the early seventeenth century. The chorus program continued with "Cantique", by Faure; "Behold I Build A House", by the contemporary composer Lucas Foss; and concluded with "Hold On", a traditional Afro-American spiritual, arranged by Simpson. Members of the chorus from Hicksville included Carole Rosman, Chris Botta, Donna Caro, Hillary Harris, June Fulton, Robert Goerke, Robert Hawkhurst, Wayne Soderlund, and Lisa Strow. They were prepared by Charles Arnold, Conductor of Chorus at Hicksville

Senior High School.

Frank B. Foster, a well-known jazz performer and educator, conducted the All-County Jazz Ensemble in Nestico's "Flight to Nassau"; "Sugar", by Stanley Turrentine; a Foster composition entitled "Someone's Rocking my Jazzboat"; and the John Coltrane classic, "Giant Steps". Hicksville student Stephen Briony served as guitarist.

Robert Mandell, of London, England, conducted the All-County Symphony Orchestra in a Sopkin adaptation of the Tchaikovsky "Capriccio Italian", and the overture to the film "Victory at Sea", by Richard Rogers. Orchestra participants included Hicksville's Dennis Montera, Amanda Peter, Carolyn MacIntyre, John Rubins, and Larry Edels-tein.

The concert concluded with a performance by the All-County Band, conducted by James R. Smith, which began its program with Sousa's "Riders For The Flag", and continued with "Satie Dances" after a

When we introduced The Chase Money Market Account, we made a very special offer. A guaranteed minimum interest rate of 11% through January 10. Thanks to the tremendous response we've had from you, we're extending this

offer. So right now you can still get a guaranteed minimum interest rate of 11% through January 31. (In case you don't realize what a special offer this is, last week's average rate for the ten largest money market funds was 8.8%. And that was for higher yielding, taxable funds.)

Up To \$500,000.
Chase reserves the right to withdraw this offer at any time.

Extending our offer means Chase customers who have not yet opened a Money Market Account still have the opportunity to earn our special rate. It also means that those of you who've already opened a Money Market Account with Chase are getting our high rate even longer than you anticipated.

And even though we're sure that we can prove our account is better for you, we're offering this special rate anyway. Because we realize that closing your old fund and opening our new account will take some effort on your part.

After January 31, the Chase rate will vary weekly, depending on money market conditions. We intend to make sure it's competitive with rates offered by money market funds and New York area banks. After all, a special rate is great for getting acquainted, but for the long term, we know our customers demand high money market rates. And we're determined to pay them.

All you need to earn Chase's high rate is a minimum balance of \$2,500.

You're Losing Your Chance To Get The Kind Of Complete Access To Your Money That Only Chase Offers.

How many money market funds will let you withdraw cash at 4 AM Sunday morning?

If you've ever had a delay in getting your money back from a money market fund, you'll be amazed at how simple Chase makes it.

You can deposit or withdraw virtually any amount as many times as you want at any Chase branch. And there's never a penalty for withdrawals. What's more, you can write all the checks you need simply by transferring cash from your Chase Money Market Account to your Chase Checking Account. And Chase offers you a choice of checking accounts.

To make deposits, withdrawals or transfers, you have several options.

- See a teller at any branch.
- Use any Chase Convenience Banking Center 7 days a week, 24 hours a day, all over town. And soon, you can make withdrawals at banking machines all over the country.
- Dial the telephone or mail your instructions up to six times a month.

Each month you'll receive an easy-to-read statement of your account showing all the transactions you've made, plus all the interest you've earned. The statement can also include your Chase Checking Account, so you'll have a clear, convenient, well-organized record of your banking activity.

You're Losing The Security Of FDIC Insurance.

With money market funds, you may have sacrificed security to get high yield.

But all that changes with The Chase Money Market Account. We not only pay high money market rates, we also offer something the funds couldn't match if they wanted to. The security of FDIC insurance.

Galileo Lodge News

By Joe Lorenzo

VENERABLE SKIP MONTEFORTE'S MESSAGE: keep a brave spirit, and never despair. Hope brings you messages through the keen air. Good is victorious and everywhere. Grand are the battles which you have to fight and be not downhearted, but valiant for right. Hope, and press forward your face to the light. Old Refrain.

As it is to every organization the elections of new officers is very important to the Galileo Lodge. Its significance is that the election of new officers can mean the implementation of new policies, new ideas, new considerations which perpetuate the principles and doctrines of the Galileo Lodge. Its an infusion of new blood which means also a new life. All these attributes, if successfully and diligently carried out, provide for the social and fiscal solvency of the Galileo Lodge.

Thus the vote of the membership of the Galileo Lodge is important to it. We are living in difficult times, with economic problems which at times seem almost insurmountable. Now it's membership votes, can help to charter its course for 1983. An organization is only as good as its membership and officers. You are the Galileo Lodge, and if you treat it well, and I am sure you will, it will

treat you in the same manner.

The membership of the Galileo Lodge is fully informed of the requisites for voting, which will take place in February, 1983. The Committee on Nominations will present its report as to their recommendations on Thursday, the 13th of January, which is really a business meeting night. In essence, then, it can be said that you-the membership-is the Galileo Lodge.

And now for a small report on the Galileo Lodge's New Years party which took place on Friday, the 31st of December. Close to 250 people attended, enjoying a appetizing cocktail hour, a sumptuous dinner replete with many succulent varieties of food, unlimited liquor, live dance music and a much appreciated continental breakfast. And needless to mention that all the trappings of New Years were well in evidence. Joe Giordano 'chaired' this enjoyable activity, aided by Pete Masiello, Joe Morace, Armed Del Cioppo and Frank Matassa. And the very hard-working kitchen force, consisting of Jim Posillico, Ed Palmese, Pat Gatto, Venerable Skip Monteforte and Frank Matassa, who always do a most commendable job of

preparing the excellent cuisine featured by the Galileo Lodge. Other members also assisted in the preparation of this dance, namely, President Ann Palermo, Terry Gatto, Grace Giordano, Rose Ricciardi, Dante Perotti, John Payne, and how about the Lodge's very capable bartenders, who serve with a smile, namely, Bert Molinelli, Mickey Russo and Jerry Look. Venerable Skip Monteforte, in recognition of the fine results produced by this activity, extends his sincerest thanks to all the people worked so diligently to make this dance so successful.

The month for hearts and flowers is on the season's horizon - yes, I am referring to February and Valentine's Day. And you can bet your bottom dollar that the Galileo Lodge will hold a Valentine's Day Dance on a Saturday in that month, so keep tuned in to this column for more news about this romantic and heart-warming activity. For lovers, wives and husbands, boyfriends and girl friends, Valentine's Day has a special meaning, so if you're in love with love, why not come to the Galileo Lodge on the date to be named and enjoy this delightful activity with your loved ones?

HHS Basketball On Winning Streak

By Howard Finnegan

Hicksville's court team held off East Meadow 44-38, Tuesday night to share the Conference One A lead with Farmingdale at 3 wins, 0 losses.

Overall, Hicksville is 8 and 1 on the 1983 campaign. Bill Cheslock and Dan Skarka paced the East Meadow win with 14 points each.

As usual, Hicksville flirted with defeat by dissipating a commanding lead. With two minutes left, the lead shrunk to four points. Bill Cheslock hit from underneath. Mike Magee and John McAleese responded from the foul line to save it.

Precision foul shooting by Magee in the last period staggered a tall experienced Massapequa club, 71-69.

He notched nine for nine in the uproarious stretch.

Massapequa used a "triangle and two" defense according to coach Buddy Bryan to contain Cheslock and Skarka. This freed Magee with 19 points and McAleese with 11. Cheslock

had 14. Skarka, 16.
Super fine drives by Skarka pushed in four needed baskets in the final quarter against Berner.

Hicksville had slipped behind 52-51 before allowing Skarka's intervention.

Bill Cheslock had a strong game and his 23 points kept the door open for the Orange to pull away 66-58.

Arch opponent Syosset visits Hicksville this Friday night. The Spartans will make a capable challenge and authorities expect a full house.

The 9th Grade Boys Basketball team at the Junior High is made up of the following boys: John Bentrewicz, Gary Dastin, John DePalma, Steven Dombrer, Bob Hetner, Kenny

Holmes, Bob Kinsella, Jim Kreyling, Chris Marino, Paul O'Brien, Garvey Tegge, Dave Weinberg and Tom Zagajski.

High scorer thus far is John DePalma, top rebounder is Bob Hetner and top defensive player is Chris Marino.

The entire team has shown great desire and hustle all season, according to Coach Ed Moeller.

Bob Haser came in second in Nassau Division Indoor Track Two Mile Competition on the board of Farmingdale Community College. He was fifth in overall with combined divisions.

Dan Devine, sophomore, was second and third in his mile and two mile heats. He placed sixth in the finals.

DEVOTIONS

By The Rev. Dr. John H. Krahn Trinity Lutheran Church

FOUR PHASES TO SUCCESS

Success for me, like most people, is very important. I will not follow a loser for very long. Our Lord Jesus Christ was a winner, and he, too, doesn't believe we should be failures. I guess some people felt Jesus was a failure, but his resurrection, along with the faith and courage displayed by his followers after the Holy Spirit came upon them (not even to mention the results of their witness), is proof that the Lord's life did not fail. Jesus achieved his goal of reclaiming a wayward world, he continues to do that through us. Today, the Christian religion's strong existence through the entire world boldly proclaims that Jesus Christ is a winner, not a loser. The Lord needs to continue his winning ways through us, his followers. Colossians 1:9-11 states that we must seek God's will for our lives in order to lead a life worthy of the Lord, fully pleasing to him, bearing fruit in every good work, and

increasing in the knowledge of the Lord.

How can you be a success in fulfilling God's plan for your life? Since God's plans are never small or insignificant, we must be willing to think big. God's ideas are always bigger than our ideas. The world is full of negative thinkers who are unwilling to think big. Too many people readily state that something can't be done, or they can't do it. These are people who take hold of a great idea and try to find every reason imaginable for it to fail. The world is full of these negative thinkers who seem to get more pleasure out of seeing something fail than having it succeed.

To have success in the church as well as in our individual lives, we must go through the four phases to success: (1) inspiration; (2) preparation; (3) perspiration; (4) dedication.

The first phase of achieving a successful life or a successful ministry is the inspiration phase. That's when you get a great idea. It is exciting and thrilling. It doesn't cost any money to dream. We all like to daydream, and although daydreaming is looked down upon when it is used to avoid doing something constructive, it can be used positively. What would you be willing to do in life if you knew that you could not possibly fail? Suppose you could be anything you wanted to be, what would you be? As a church, what would we do if money were no object? What could we do better than we are doing? What can we do in addition to what we are doing? What would bring greater glory to our Lord and demonstrate his presence in a more powerful way?

At this phase, forget about the problems of high interest rates, recession, or anything that would prevent your goal. If all questions or potential problems needed to be solved before you began to reach for your goal, you would not do anything

significant with your life. In the inspiration phase it is most important to seek God's will in your life in order to lead a life worthy of the Lord.

Next comes preparation. Skills may need to be acquired; you may need to go to school. You may dream of becoming a pastor or a teacher or a doctor. All take preparation. Four years of high school, four years of college, graduate school... Many worthy goals are not achieved because of lack of adequate preparation.

After inspiration and preparation, we need perspiration. Work. We must work at it. We need to stick our necks out. Many people don't succeed because they don't first try. They are afraid to venture forth, to take a risk. Often, there are many dropouts at this phase. People are unwilling to pay the price of success. Christ went through this tough phase during the last week of his life. Yet, there would have been no salvation without self-sacrifice. There is no success without self-denial... no achievement without perspiration. Nothing truly worthwhile comes without sweat and struggle.

Finally, there must come dedication. We must be truly dedicated to achieving our goal. As Saint Paul says in Colossians, "May you be strengthened with all power, according to his glorious might, for all endurance and patience and joy." We need God's strength which comes through prayer so that we can endure and have the power to stick to our tasks until we succeed to his glory. Our very lives are a gift from God to be used in praise of him.

As individuals we are not to waste our talents but to dedicate our lives to the Lord and to succeed in being anything God wants us to be. As the church, we must always make our plans big enough for God to fit in. When we respond to a big positive idea, we give God a chance to work a miracle.

Like Saint Paul, we are praying that God's powerful spirit will lend you to a life worthy of the Lord, fully pleasing to him, bearing fruit in every good work and increasing in your knowledge of him.

Hicksville A Model For Gifted Ed Programs

Dr. David Irvin of the State Education Department in Albany and Joyce Millstein, director of the Gifted and Talented program for BOCES, visited Hicksville's program recently to observe methods and classroom activities. Hicksville has been chosen as a model prototype for gifted education and will be studied further by education leaders in Albany.

Dr. Irvin and Mrs. Millstein spent an hour in the intergrade class of Beverly Brown and Barbara Meyer. They observed 38 first and second graders functioning in the New Primary Program and watched as youngsters moved with ease from one activity to another. Dr. Irvin was pleased to note the degree of maturity and self-motivation on the part of such young children. He and Mrs. Millstein watched a group of youngsters experimenting independently with the magnetic field of force using magnets and iron filings, and they sat in on a brainstorming session conducted by Ms. Brown with

youngsters who were ready for such an experience. The visitors were amazed and delighted as the children gave endless creative and original responses to the question "What kind of NEW toys can we make using magnets?"

Dr. Irvin and Mrs. Millstein later visited the In-Depth Studies class of fourth, fifth, and sixth graders taught by Patricia Cooney and Marie Schneider, also at Woodland Avenue School. They were welcomed by the group's newly created Robot that is part of the Future Studies program and were able to speak with students about their independent projects. Ms. Cooney and Ms. Schneider explained future study plans and displayed a wide variety of completed projects.

At the conclusion of their visit, Dr. Irvin and Mrs. Millstein were generous in their praise of the students and teachers involved in Hicksville's fine program.

In-Depth Studies Group finds A New Friend

The In-Depth Studies program at Willet Avenue School, Hicksville, has, through an unusual set of circumstances, found a new friend.

Last month, Mr. Joel Ernst, a free lance writer planning a feature on Hicksville, called Willet Avenue School to inquire about work of the school's In-Depth Study program on local history, developed last year by teachers Joanne Crown and Rosemary Barrow.

Mr. Ernst interviewed students who participated in the study, examined their projects, the photos they have taken, and the resources they had collected for the Willet Avenue Library. His article appeared in the December issue of "Antiques and Collectibles",

complete with original poetry by student Lisa Grillo, and photographs of the Willet Avenue students as they explored the historic sites of Hicksville and surrounding areas.

Since this year's In-Depth Studies group is preparing a class newspaper, Mr. Ernst volunteered to return with the "galley" of his article, and instruct the class in the proper techniques of composing news articles, preparing headlines and captions, setting up copy. As the newspaper committee worked he came back twice more to guide and advise them, and also to serve as a guest lecturer for a fifth grade special program on Journalism. This EXPO is designed to showcase Scouting to the general public. Through

booths set up by Scout units and other groups that support Scouting, visitors to the Expo will quickly discover that Scouting is a program of fun with a purpose!

The "SCOUT EXPO '83" will be presented at the Mid-Island Plaza (Korvettes Bldg.) Hicksville, ADMIS- SION - FREE. The show will be open to the public Saturday, Feb. 12, 10:00 AM to 9:00 PM; Sunday, Feb. 13, 12:00 AM to 5:00 PM.

Legionnaires' Log

By Dick Evers

CHARLES WAGNER POST #421
HICKSVILLE, N.Y.

This past year's end and the holiday season were saddened for many members and their friends by the unexpected passing of Trudy Rutz, Past President of our Legion Auxiliary, and the accidental vehicular death of Martin Lindo, son of comrade legionnaire and auxiliary members Horace and Jo Lindo. Past Commander Arthur Rutz, for whom this writer will substitute for a few weeks, expresses his heartfelt thanks to the many veterans and their wives and

neighbors and friends who attended Trudy's wake and funeral. One of the largest American Legion attendances marked the interment services at the Calverton National Cemetery. Among the mourners were old comrades now living remote from Hicksville. Past Commander Artie Blech was present, among others. Arthur and Trudy Rutz were married 42 years and shared memories of many a Legion convention and post function and fete.

She is well remembered as an Auxiliary Past President. A lady of character and humor, Trudy supported her husband in his many years of service to the American Legion in Hicksville and Nassau County. Commander Raymond Gamble and this writer express our sincere condolences on behalf of ourselves and Post 421 to the Rutz family and to Horace and Jo Lindo and their family. The Lindo's son, Martin, was 28 and the father of

young baby when he was struck by a passing car while standing on the side of a road in the Hamptons.

On a happier note, we report that it is that time again for post members to submit names of nominees for possible Charles Wagner Post Life Membership Awards. This highly distinguished award is presented periodically, over the years, when the need for honoring a post member(s) for long and outstanding service seems compelling. The

"Gingerbread Lady"

Neil Simon's comedy hit "The Gingerbread Lady" will come to life on the stage of Hicksville Junior High School on January 21 and 22 performed and produced by the Hicksville Community Theatre, an activity sponsored by the Department of Continuing Education of the Hicksville Public Schools.

Admission to the performances will be \$3 per person for adults and \$2.50 for students with I.D. Senior citizens will be admitted free of charge on Friday evening and will pay a reduced charge of \$1.50 on Saturday. Curtain time for both Fri and Saturday nights is 8 o'clock.

criteria for a life membership award stresses a trinity of virtues which, in total, typify an ideal legionnaire: long and active post membership; versatility of service; and a strong commitment to comradeship and rapport. Post comradeship is not an absolute requisite for a life membership award, although most recipients have been commanders. Among non-commanders in the last decade have been the late Peter Seitz who was our band-master and leader of our young peoples' well-remembered bugle and drum corps, the Bell Airs, in so many grand parades. How we could march as a color guard and post to Pete's spirited group! Jack Ehmann is another Life Member Award recipient whose long service in the ranks in a variety of financial and Americanism posts earned him an award. Members are asked to submit names of fellow legionnaires who might be a nominee for a 1983 Life Membership Award to members of the Awards Committee. Past Commanders Henry Brengel and Arthur Rutz or to Commander Raymond Gamble during the month of January.

Dates to remember: LAS VEGAS NIGHT, JANUARY 22 and SUPERBOWL SUNDAY, JANUARY 31 when our Past Commanders' Club is sponsoring an afternoon of

championship football viewing on a six foot screen, refreshments and sporting companionship. Tickets at \$10 for members or general public are still available but must be purchased from Tom Nikitas 921-8786 or Dick Hochbreuckner 935-3546. The way the Jets ran wild against the Bengals, they would make terrific finalists in Super Bowl viewing at the post!

Almost ready for press time and we have just had a phone call, telling of the demise of a well-remembered legionnaire and color guard member of yesteryear, Robert Sutton. Bob died this past Saturday, January 8th and will be buried during the week at Calverton National Cemetery. He has been living out in Islip for some years, and was a Past Commander of the Bayside Legion Post.

One can still see in mind's eye Bob Sutton's wiry soldier-stance, ruddy complexion and gimlet eye as he formed for parade or posting of the colors with our color guard of the 'Sixties. A combat infantryman, Bob wore his ribbons, badge and hat with the assurance of a veteran who had "seen the elephant." Hearty and congenial, he was good company in frolic and splendid in parade and ceremony. Our "taps" must sound for you, too, old buddy and our sympathies go out to Sophie and her family.

Chamber Of Commerce Meeting

The next luncheon meeting of the Hicksville Chamber of Commerce will be held on Tues. Jan. 18 in the Quaker Room of the Milleridge Inn at 12:30 p.m.

The cost is \$6.75 per person and there is a choice of meat, fish or fowl.
