Residents questioned several areas of board action during a lengthy general public session at the March 8 meeting of the Hicksville Board of Education. Arlene Rudin of PTA Council referred to their written request asking assurance that School Board correspondence does not use the name of the organization without permission, as it had come to the Council's attention that this occurred.

Rudin also urged a district-wide letter writing campaign to legislators regarding Governor Cuomo's budget cuts. She said the PTAs will be active in getting the letters sent. Superintendent Fenton answered her question about replacing Dr. Stackpole in the Comprehensive Arts Program by saying "There is no void at this point because of an increase in staff administrators and the district is not advertising for the position."

At The School Board Meeting

In answer to a question regarding the volunteer Gifted and Talented program in 9 and 10 grade, Dr. Reich assured a parent that although the Gifted and Talented program and the musical performing group meet simultaneously, arrangements have been made for the students to participate in both programs.

Michael Meyers questioned the budget book, a senior citizen tax exempt policy, transportation increase discussions and '85 graduation requirements in the area of computers.

Ms. Kemline referred to an agenda item for expenditures for protective wall padding in the Junior High Gym. She brought to the attention of the Board the existence of exposed radiator pipe in the gym and was assured that this situation would be corrected.

Larry Wolfson defended the Budget Committee's action in notifying the public

that there is a possibility of a school tax increase. Trustee William Bennett strongly objected to "unduly alarming the community at such an early date," saying it was pessimistic and premature.

Mr. Hogan gave an enthusiastic End of Season Report on Interscholastic Athletics for the Winter 1982/83 season. He sees a renewed enthusiasm towards athletics in Hicksville and said student spirit was very high. Special praise was given to the successful basketball team.

Dr. Fenton gave a Grade Distribution Report submitted by the principals of the Junior and Senior High Schools. She explained her analysis of the pass/fail rate and its contributing factors. Semesterization and standard final examinations were two factors, among the seven Dr. Fenton outlined. She stressed her intent is not for glowing reports but to improve the educational process with conscious effort to the vari-

ables. Chairpeople in particular departments and the two principals answered individual board member questions.

The Board took action on the revision of "Public's Right to Know" policy, and approved recommendations of the Committee on the Handicapped. It awarded bids and approved claims and warrants. Routine personnel matters were handled and special note was given to the retirement of James Martin, 29 years of service to the district and President Ancil directed a special letter be sent to him.

There will be a Special Budget Meeting on March 16 at 8:15 in the Conference Room of the Administration Bldg.

The next regularly scheduled meeting of the Board of Education is Wednesday, March 23 at 8:15 p.m. in the Conference Room of the Administration Bldg.

Hicksville Republican Club News

By Harriet A. Maher

Don't forget our club meeting Friday, March 11, 1983, 8:30 p.m. VFW Hall, 320 South Broadway, Hicksville. We were able to carryover the program we had planned for our last meeting which was snowed out in February.

Mike Tamid and Kevin Hansen, two young local men, have their own company, Innovative Planners, and have planned a presentation regarding financial planning.

This well qualified duo will provide us with information regarding pensions, I.R.A.s, investments, taxes, insurance, etc. We know you will find this timely program

both interesting and informative.

Speaking of taxes, there is still time for Congress to repeal the law requiring that income tax be withheld from your taxable interest and dividend income beginning July 1, 1983.

Withholding will reduce your savings yield and may result in the overwithholding of your Federal income tax. If you are entitled to an exemption, it will also invade your privacy. To file, you must acknowledge facts about your income (and age, if you are a senior citizen) to every source of your interest and dividend income. If you cease being exempt, but fail to notify all payers, it calls for possible criminal penal-

ties—a fine up to \$500, one year in prison, or both.

If you don't want your interest income reduced by this 10% tax withholding plan, you must act now! Write to your representative in Washington, D.C. and express your thinking on this bill.

On another note, we're in the throes of preparing for our annual fund-raising event: our Buffet Cocktail Party. This year the date for the event is May 13; place Antun's Old Country Manor; time 9 p.m. till 1 a.m. Of course there will be winning, dining and dancing—not to mention a new and varied buffet of delicious food. We'll be telling you more about this affair in

another column.

A reminder to those who have not paid their membership dues, or to those people who would like to join our club. Not only does your dues make you part of a great political party whose philosophy is bringing a turnaround from our nation's economic slump, but you join with many of your neighbors and friends at congenial, informative and interesting meetings.

Additionally, free refreshments are served at these club meetings and you receive, weekly, a copy of the MID ISLAND HERALD. Now, where can you get a bargain like this? See you at the meeting!

Galileo Lodge News

By Joe Lorenzo

VENERABLE SKIP MONTEFORTE'S MESSAGE: "Education is a progressive discovery of our own ignorance." Will Durant.

On Saturday, the 19th of March, we will present the St. Joseph's Day Dance. Tickets sell at \$10 per person, and in the offering will be a delicious hot dinner, beer, soda, coffee and cake, set-ups and lively dance music for your pleasure. Armand Del Cioppo (938-5052) will 'chair' this activity, ably assisted by Joe Morace (931-2548) and Frank Matassa (921-2843); all of whom are still selling tickets for this

dance. An extra-added attraction worthy of mention is the news that Joe Lanotti, one of the Galileo Lodge's most diligent members, will be honored that night. Please note that a 'bring-your-own-liquor' policy will also be in effect that night. What better way is there to usher in the advent of Spring than to attend this pleasurable dance held by the Galileo Lodge?

The Galileo Lodge announces another of its very popular functions, namely, its 11th Anniversary and Scholarship Dance, to be held on Saturday, the 30th of April. Tickets sell at \$25

per person, a modest sum that entitles you to a sumptuous cocktail hour, a delicious hot meal, beer, soda, coffee and cake, unlimited liquor and delightful dance music for your listening and dancing pleasure. A characteristic of note for this dance will be the Louise Massiello Memorial Scholarship Awards. Joe Giordano (931-9351) will 'chair' this dance and assisting in line fashion will be co-Chairman Pete Massiello (938-4335) and Joe Morace (931-2548), all of whom are selling tickets at the present time. This dance, incidentally, honors First Assistant Venerable Nick Viglietta of the Grand Lodge of the Order of the Sons of Italy in America. This dance is an auspicious occasion for the Galileo Lodge, and it serves a two-fold purpose, namely the presentation of the awards and the fact that it is presented for your enjoyment and pleasure.

Meticulous planning, hard work and determination were again demonstrated last Friday night as the Ladies Auxiliary of the Galileo Lodge presented its Card Party. The response to this activity was remarkable, and the huge crowd that attended enjoyed itself tremendously, with the males in attendance also enjoying themselves to the hilt. Chairlady Marion Fried performed admirably, as did her assistants, Marion Denzilio and Rose Riccardi. Refreshments were served, the kitchen was available and the cakes that were served were really culinary delights.

The Ladies Auxiliary has once again shown its extraordinary ability to perform far beyond what is expected of them. And I might note also that Sue Laurent's (WE 1-0036) exercise classes, held every third Thursday of the month and which cost only \$1.00 per person, are very popular and more and more people are being drawn into these physical fitness classes. The Galileo Lodge, with Venerable Skip Monteforte as its chief spokesman, extends a hearty thanks to the members of the Ladies Auxiliary for these commendable efforts.

An organization is only as good as its members and that is another way of saying that its officers, who mold attitudes and create the proper spirit, are equally important. The new officers of the Galileo Lodge are as follows: Venerable, Skip Monteforte; 1st. Asst. Venerable, Pete Massiello; 2nd Asst. Venerable, Jules Meszaros; Exp. Venerable, Tom Pasquarella; Orator, Jim Reisi; Rec. Secretary, Pete Sarandrea; Fin. Secretary, James Posillico; Cor. Secretary, Armand Del Cioppo; Masters of Ceremony, Pat Gatto and Frank Matassa; Guards, Jack Riccardi and Frank Bove; Trustees, Joe Giordano, Joe Morace, Al Barella, Fred Vevanti, Dante Perotti, Tony Sica and Pete Ragone. These new members will be installed on Thursday, the 24th of March. The inspiration, guidance, character and integrity will come from the hearts and minds of these new officers.

Eastern Savings Bank News

On March 21, Eastern Savings Bank will cablecast the third and final program of its "Money Talks" series on the subject of Consumer Credit, covering the gamut of loans from home mortgages to personal loans.

Moderator Barbara Parker will have as her guests Kenneth Creran, senior vice president in charge of Eastern's mortgage department, Anne Marie Heanue, manager of the bank's consumer services department and Dr. Robert Shay, professor of finance and banking at Columbia University and an authority on consumer lending.

The program will focus on the different kinds of home mortgages now available as well as information about the variety of personal and education loans being offered by banks.

Raymond Goldstein, vice president of marketing at

Eastern, said the series was presented as a public service to inform residents of the New York Metropolitan Area of the variety and uses of financial services being offered. "Residents of the bank's service areas in Westchester, Nassau and Suffolk counties will have received a tremendous amount of consumer information through the "Money Talks" without the inconvenience of leaving their homes," Goldstein said.

Earlier topics in the series were Personal Money Management and Retirement Planning.

The Consumer Credit segment will be cablecast on Monday, March 21, at 8:00 p.m. on Cablevision Channel 30.

"Money Talks" is a joint-production of Metro Communications of Clifton, New Jersey and Spectrum Communication Systems of New York City.

St. Ignatius Loyola 75th Anniversary

On Wednesday, March 16, at 8:00 P.M. in the school auditorium the students of St. Ignatius Loyola School will present a Musical entitled, "St. Ignatius - 75 Years On and Off Broadway."

The Musical, written and directed by Mrs. Jean O'Malley, the Music Teacher at St. Ignatius School, will bring back the excitement of "opening night" which was part of the Commencement Exercises of past years. (Remember-???)

The audience will be taken on a journey through

time as experienced by a typical couple living on a space station. The couple, bored by the everyday life on the Station, plan a trip back in time to an average U.S. town (Hicksville, of course), as their vacation plans for the year 2007.

Come down and join them as they arrive at St. Ignatius School in the year 1907, and continue with them to the present.

Admission is \$2.00 for adults, \$1.00 for children. Admission not to exceed \$5.00 per family. Sorry, no advance sales. Pay at the door.

Unplug It . . . And Be Safe!

Always unplug any small electrical product after using it, cautions the Association of Home Appliance Manufacturers (AHAM) and Underwriters Laboratories (UL).

Don't assume that if the switch is "off" there's no danger of electrocution. This may not be true if the product comes into contact with water.

Electrocutions may occur in kitchens, bathrooms or outdoors - anywhere near water sources.

Never use any electrical product while bathing or put it where it can drop or be pulled into the tub or sink. If the appliance accidentally falls into the water, don't reach into the water for it. Unplug it immediately at the wall outlet.

Never leave a small portable electrical appliance within the reach of small children. Children left unattended could pull the plugged-in, but switched-off appliance into the tub or sink and risk being electrocuted.

Business Leaders Urge Action To Ensure Operation of Shoreham

The Long Island Association of Commerce & Industry has called for immediate steps to "ensure an orderly process for licensing the LILCO facility in Shoreham." At a joint emergency meeting of members of the Boards of Directors of the LIA and the Action Committee for Long Island on Friday, February 25, leaders of both business and labor expressed grave concern regarding the economic impact of the actions taken by Suffolk County in connection with the evacuation plan for the Shoreham nuclear power plant.

Calling for the expeditious completion and operation of the Shoreham plant,

the leaders of business and labor, convened by the LIA at its offices, identified a safe evacuation plan as "an essential element to such operation." They disagreed with Suffolk County Executive Peter Cohan's contention that no emergency plan can be adopted and resolved that "experts in the State and Federal governments are best qualified to make that judgement." An urgent message was directed to Governor Mario Cuomo asking that he initiate efforts "to ensure an orderly process for licensing the LILCO facility."

"An ad hoc committee was named to offer assistance to the governor in this

regard," reports Walter Oberstebrink, president of LIA and ACLI. Named to the committee were former U.S. Congressman John W. Wyder; Arthur Hug, Jr., Chairman of the Board, L.I. Trust Co.; and Peter Brennan, labor representative.

The Long Island Association also named three representatives to serve on the Economic Assessment Task Force called by Suffolk County Presiding Officer Lou Howard, including: Thomas J. Kelly, vice president of engineering, Grumman Aerospace Corp.; Arthur Roth, retired banker; and Michael Borsuk, partner, Coopers & Lybrand. In a letter to Gov-

ernor Cuomo, Oberstebrink noted that both county executives have been asked to name representatives to this task force, "and we ask that you, also, participate in this effort so that the economic issues may be dealt with in an orderly and intelligent way."

A "Call to Action" has been directed to the more than 2500 members of the LIA urging them to communicate their concerns to Governor Cuomo on the Shoreham issue and requesting that all firms advise their employees as to "the severity of this situation and its implications to our Long Island region."

The Proposed Restyling Of Plaza At Mid Island

The Plaza at Mid-Island in Hicksville is pleased to announce its \$80 million restyling master plan, which was begun in 1975. The project to transform the 26 year old mall into a diversified retail, dining and cultural complex is perhaps the largest recycling project ever attempted.

Franklin L. Frank, execu-

tive co-partner in Stackler & Frank Organization, developer of the project, is rebuilding the mall.

"We believe in the community," commented Mr. Frank. "At a time when businesses are cutting back funds and leaving the area, we're investing millions. Our project will create many new

jobs by expanding and upgrading the mall.

The goal is to make Mid-Island the finest shopping area in the nation with ethnic specialty food stores, cafes and gourmet restaurants. Outstanding features include the Atrium for specialty stores; the Marketplace for quality restaur-

rants, theaters and gourmet food stores; a Fashion Island in center court; and a hotel.

Walking tours and presentations are now available at The Plaza at Mid-Island, located at 358B Mid-Island Plaza, Hicksville, New York.

Urges Legislative Approval Of LIRR Advisory Board

Hempstead Presiding Supervisor Thomas S. Gulotta urged the New York State Assembly to swiftly approve and send to the Governor a bill proposed by State Senator Norman J. Levy, which calls for the creation of a Long Island Rail Road Management Advisory Board. Gulotta also urged that Governor Mario Cuomo approve the measure swiftly upon the Assembly's passage.

"The time has come for the approval of this measure, which will set up a management team to provide inval-

uable advice to the LIRR and MTA management," Gulotta said. "A similar panel set up several years ago for the New York City Transit Authority, provided many constructive suggestions for improving and streamlining the MTA's operation. There is no reason to believe that such a panel of Long Island business professionals, working as a team, would not prove just as beneficial to the LIRR."

Gulotta noted that similar bills had been introduced and approved in the State

Senate in each of the last four years, only to be stalled in the Assembly. "Hopefully, with a new Governor, this constructive measure, designed to aid the LIRR commuter, will be swiftly approved," he added.

The proposed legislation would create a nine-member panel of unpaid business and industry executives to develop ideas for improving the LIRR. The ideas would take the form of periodic reports to which the LIRR and its parent body, the MTA, would have to

respond within three months.

"In view of the high fares now being paid by our residents who use the LIRR, our State has a responsibility to provide the best possible mass transit services. The creation of this advisory board is a constructive step towards fulfilling that responsibility. I commend Senator Levy on his proposal, and I urge swift Assembly and gubernatorial approval," Gulotta concluded.

To Appear On Cablevision

State Senator Carol Berman (D-9th S.D.) will focus on the growing concern over crime in Nassau County and what the average citizen can do to combat crime on her public affairs cable television program. The show "Carol Berman, Your State Senator Speaks Out," airs Saturday March 5th at 5:30 P.M. and Friday, March 18th at 8:00 P.M. on Cablevision, Channel 12.

Joining Senator Berman on her program are Inspector Herman Jorgenson of the Fourth Precinct of the Nassau County Police Department, Valley Stream resident Rose Eisner, President of the Civic Action Council, and Frank Bon-

giorno, President of the Franklin Square Civilian Patrol.

Senator Berman, a member of the Senate Crime and Correction Committee, is sponsoring several bills in the current legislative session to stiffen penalties for a number of crimes, including rape, car theft, crimes committed with a handgun, and drunk driving.

Berman voted for the death penalty on the Senate floor last week and said, that she would also be voting for life imprisonment without parole and a consecutive sentencing bill for other crimes when they come before the legislature.

Young people from this area will be contacting friends and neighbors on behalf of the Nassau Association For The Help Of Retarded Children during that organization's April Teen Drive. The kits for the effort were assembled by adults in AHRC's program on its Brookville campus. The yearly drive helps to provide support for programs which daily service more than 1100 mentally retarded children and adults.

Dear Friends.....

GROSCO PRODUCTIONS have many proposed plans for the Plaza at Mid Island. As we have already reported in past issues, this firm petitioned the Town Board for certain special use permits on Jan. 11th, and was subsequently turned down. So, in the past few weeks, they have indicated that they will open a restaurant for 199 person occupancy. For this they do not need a hearing. This matter has been discussed and some residents' questions answered at the Feb. and March Hicksville Community Council meetings.

NOW....Grosco has scheduled a meeting for Wed., March 23rd at 8 pm at the site of this proposed restaurant at the Plaza at Mid Island. GROSCO feels that if their extensive plans were completely understood, the Hicksville community would endorse them. Anyone interested is cordially invited to attend. If you have further questions on this meeting please call TOB Councilman Tom Clark at Town Hall...922-5800 Ext. 366.

As we read over the articles of our own Rosemary Grant, who covers both the Hicksville and Plainview-Old Bethpage Board of Education meetings for us, we were proud, not only of her factual reporting, but also of the amount of important matters covered at each of these meetings. We trust that you find them as interesting and informative as we do. It's true that many differences of opinion come up at our school board meetings. These differences, after debate, can be resolved. In some cases, when questions are answered, everyone present (and each of our readers) becomes better informed on a given question. Also we find that reports given with some regularity by various members of the administration and faculty also give us a better understanding of the direction in which the educational process itself is heading. These are "pluses" to those who care about the quality of our educational system....and also want to accomplish this as frugally as possible....and that's really most of us.

Plainview: In cooperation with the Nassau County Police Department a crime prevention exhibit will be on display at Citibank's Plainview branch located on 1125 Old Country Road in Plainview for the week of March 7, Monday through Friday. A representative from the Nassau County Police Department will be present on that Friday, the 11th, at the Citibank Plainview branch to answer questions. The crime prevention exhibit will feature home security recommendations.

THAT'S ALL for this week. Please phone me at WE1-1400 if you would like a Neighborhood Crime Watch Program on your block. The Hicksville Community Council, the Hicksville Youth Council and the Hicksville Chamber of Commerce are working on establishing this program, block by block, in Hicksville, as it has been established throughout many other areas here on Long Island....Huntington is a notable example. It's important....doesn't take much training....and is a valuable asset to the Police Dept. in their continuing effort to protect us and our homes here in the suburbs.

Students Blood Drive

Hicksville High School students lined up once again to "give the gift of life," donating 110 pints in this year's annual blood drive. The drive was conducted under the leadership of Student Activities director Nancy DeSorbio in conjunction with the Volunteer Club, led by Barbara Walling.

Volunteer Club president Carol Calavetta organized

registration for students 17 years of age or more who met qualifications and had parental permission to donate, and Nancy Dickey of Long Island Blood Services was on hand to help supervise the successful activity. High School principal Dr. William A. Rieck was also in attendance to congratulate participating students as the drive opened for business in the morning.

Letter To The Editor

Dear Ms. Grant:

We would like to clarify a statement in the Mid-Island Herald, Hicksville edition, dated February 25, 1983 under the heading HICKSVILLE FACES SCHOOL TAX INCREASE reading: "The Board approved a memorandum of agreement between the district and the Hicksville Secretaries' Association."

Many people misunderstood this to mean that we settled our contract, which comes up for renewal in June, 1983. Unfortunately for us, this is not the case. We are just going to begin negotiations shortly. The Memorandum of Agreement referred to in the article was for a new secretarial job classification. We would appreciate your correcting this misunderstanding in the next issue.

Thank you for your attention to this matter.

Sincerely
Adrienne Mayer,
President

There is a growing population of single parent children in Hicksville who need the friendship and guidance of a caring adult in their lives. The job of being a single parent can be overwhelming and the Big Brothers and Sisters program can provide an alternative.

Senior Citizens Alert Program

Sectional Center Manager-Postmaster Anthony M. Murello of the Hicksville Post Office has announced a Senior Citizen Alert Program for the safety of seniors in the 117 and 188 Zip Code areas.

Senior Citizens will be able to file an application

with their local Postmaster which will give the name of a relative or friend in case of an emergency. If mail has accumulated for two days or more, your carrier will notify your postmaster, who in turn will notify the Police and the person the Senior Citizen has designated to call in case of an emergency.

Representatives from the Hicksville Sectional Center will visit senior centers, nutrition programs, human resources centers, senior arts and crafts programs, etc. so that an explanation of the program can be related to our Senior Citizens. For further information, call 433-7300 Ext. 17 or 21.

Plainview Republican Club Installation

Recently, Town of Oyster Bay Supervisor Joseph Colby served as the installing officer at the Plainview Republican Club's Annual Installation of Officers Dinner held at the Knights of Columbus Hall.

Doug Robalino was installed that night as the Club's new president. Doug's political career began in Plainview during the early 1970's. In 1974 he was elected to the Nassau County Republican Committee. He was the youngest member to serve as a committeeman and has been re-elected every term since. During that time, Doug has held many offices in the Plainview Republican Club. In addition, he served on the campaign committees of Supervisor John Burke, Supervisor Colby and Town Clerk Ann Ocker, to name a few. Doug is most proud of

na work over the last three years as Editor-in-Chief of the Plainview Chronicle.

It seemed appropriate that Supervisor Colby install Doug, his former staff member, as president.

Other officers installed were 1st vice president, Thomas Bodnar; 2nd, vice

president, Lucille Stella; 3rd, vice president, Ronald DiMonda; corresponding secretary, Celie Eckert; recording secretary, Jean Serrapica and Joseph Cipollone, Marie Denig, Elisa Garcia, Marc Herbst, Susan Simone and Romeo Serrapica.

Celebrate 50th Wedding Anniversary

On March 7, Dorothy (nee Kunz) and Denward Collins, Sr. observed their 50th Wedding Anniversary.

lage of photographs that had been assembled picturing the major events in Dot and Den's life together.

In honor of their Golden Wedding Anniversary, a reception was given in Hicksville on Saturday, March 5, by their four sons and daughters-in-law - Denward Jr. and Ruth of Levittown; Bob and Jane, Bill and Barbara of Port Jefferson; Don and Nancy of Melville - and their seven grandchildren - Denward III, Richard, Lauren, Cynthia, Diane, Sean and Donald Collins, Jr. Surrounded by a host of their family and friends, Mr. and Mrs. Collins expressed their heartfelt and sincere appreciation to all for joining their special celebration.

Mrs. Collins is a lifelong resident of Hicksville and Mr. Collins has resided in Hicksville since 1928. The couple met at the home of mutual friends on West Marie Street in the summer of 1931 and became engaged on Easter Sunday 1932. Edward Kunz, brother of Dorothy and former Hicksville resident, was best man at their wedding on March 7, 1933, and together with his wife, Charlotte, was present at the anniversary celebration. Marjorie (Kunz) Collins of Hicksville, sister of Dorothy, was also present at both celebrations. Among the guests at Saturday's reception were Ernest and Dae Collins, brother of Den, of Parsonsburg, Maryland; and former Hicksville residents Al and Dot Brand of Shelter Island.

Among the many messages of congratulations that the couple received was one from the President of the United States. Highlighting the reception was the arrival of a messenger with a singing telegram noting their 50 years together. Their four sons toasted them on the occasion and provided the couple and guests with an oral history of five decades of their marriage. Everyone enjoyed the col-

At The Hicksville Library

Since March is the month of Irish celebrations, the Hicksville Public Library will present a film "MAN OF ARAN", an account of the struggle for existence by the fishermen of the bleak Aran Islands, off the west coast of Ireland. The film will be shown at 8:00 PM on Friday, March 11th in the Community Room of the Library. There is no charge for Library programs and everyone is invited.

On Tuesday, March 15th, at 8:00 PM, in the Community Room of the Hicksville Public Library, the film

entitled "Image Before My Eyes" will be shown. The film depicts Jewish Poland before its destruction, the largest and most important center of Jewish culture and creativity in the world. "Image Before My Eyes" vividly recreates Jewish life in Poland from the late 19th century through the 1930's - the rich, poor, religious, secular, city, worldly and the provincial; the many political tendencies each marching under its own banner to a future that vanished with the Holocaust.

There is no admission charged and all are invited.

Bitter cold and blustery winds are not prime ingredients for top running, but they didn't deter the 33 POBRRers who competed on the Club's six teams in the 4th annual Long Island 6 x 2 mile Interclub Relay Competition in Sunken Meadow State Park on February 26. The POBRR "Gold" Team took 3rd place in the "mixed" competition, and the "White," "Green," "Red," and "Blue" teams finished 7th, 8th, 10th and 11th respectively. The Club's "Open" team finished a strong 5th in the open competition.

Top Club performances for the two mile relay leg were by David Canner (10:39), Jeff Jacobs (11:06) and Howie Greenberg (11:09) for the men, and Kim Falkowski (12:37), Nancy Grever (13:39) and Doreen Pettus (14:23) for the women. Sean Genovesi (11:30) paced the Open team.

Arrangements are being made for Opening Day, which is Saturday, April 16th. Instead of our usual "Parade of Players," the Opening Ceremony will commence with the dedication of a flag pole and monument in memory of Mr. Al Green and Mr. Wally Col-

lins. These two men served as volunteers with HBA for over 17 years so that the youth of our town could compete in organized sports. The dedication will take place at 9:00 AM by the Pony Field.

Team pictures will be taken that day and raffle books handed out to all players. Please note that boys and girls, ages 6 to 15, will begin playing on April 16th. If you haven't registered by now, please do so this week. Our teams are to be picked and out practicing by the end of this month. Please also let us know if you can help out by managing a team or being a Director for the Boys Farms, Minors, or Colt League. Registration forms and or

He was delightfully candid in describing the turmoil

SOME GOOD NEWS - January showed the largest gain in the economic index in 33 years. Retail sales up strongly in East and Midwest. Inflation is being driven lower and lower. New construction starts show their largest monthly increase

since 1946. Mortgage rates are down and builders estimate the sale of 30% more new houses this year. Unemployment it appears is beginning to fall slowly. On top of all this a reduction in taxes commencing in July 1983. This is just a reminder

that things are not all bad as is often portrayed in the media.

At East St. School

A wonderful, rollicking production of Androcles and the Lion entertained the children of East Street School on March 3. The children thoroughly enjoyed this old tale, thanks to the refreshing approach of the cast. The marvelously loud, rocking, cavorting lion simply stole the show.

This company, a musical

comedy troupe from The Producers Foundation, will be appearing shortly in Manhattan. Thanks to East Street's dedicated Cultural Arts Committee, Karen Rice and Connie Mancuso, the children enjoyed the show right at home and for the best price (free), although it would be worth a trip and the price of the ticket.

Girl Scout News

On March 2, Junior Girl Scout Troop #3155 sponsored seven of their girls who participated in the Third Annual Jump-a-thon for the American Heart Association, held at East Street School. The girls were cheered on by Brownie Troop #3429.

Jennifer Beiner, Laura Dryszek, Amy Geannikis, Deborah Frankson, Jillian Linnihan, Brenda Loomis and Tracy Putwell, following the example of their leader, Gina Diana and Rosemarie Jabour, leader of Brownie Troop #3369, who jumped on a Mother's

Team, gave their all in the best of Girl Scout tradition. The girls went the duration which was three hours. They jumped at ten minute intervals and rested while the other members of their team took turns.

The Troop pledged two cents a minute per girl; which came to \$25.20 from the troop treasury. The girls had also solicited pledges from parents, friends and neighbors. When totalled together, the seven girls earned \$318 for this special cause. Good work ladies. Keep on jumping and practice for next year.

L.I. Scientific Panel: Shoreham Inspection "Careful and Honest Job"

The Long Island Lighting Company is doing everything possible to ensure the safety of the Shoreham Nuclear Power Plant.

That's because Shoreham and safety are important to all of us who live and work on Long Island, including LILCO's 6,000 employees and their families.

In the last 10 years, the Shoreham plant has been subjected to more than 2,000 separate safety inspections.

And to further assure you and ourselves of Shoreham's safety, LILCO retained a highly expert engineering firm approved by Suffolk County, Torrey Pines Technology, to perform still another inspection of 37 safety systems at the plant.

In fact, Torrey Pines was first on a list of engineering firms suggested to LILCO by Suffolk County for an independent inspection.

Their inspection took 33,000 work-hours over five months, and analyzed 150,000 separate items.

The conclusion by Torrey Pines was that the construction of the Shoreham station meets the high standards of the nuclear industry.

Recently, an independent panel of nuclear scientists* who live among us on Long Island asked to review the inspection work performed at Shoreham. LILCO agreed to cooperate fully.

In performing their review, the panel said:

"We have undertaken this task as the members of this review Panel because we are residents of the region served by the Shoreham plant, and are affected by it in the same way as our neighbors."

Here is something else the panel said:

"We are convinced that Torrey Pines Technology's Verification was a careful and honest job and we agree with their overall conclusions."

*Herbert Kouts, Chairman of the Department of Nuclear Energy at Brookhaven National Laboratory

Raphael Aronson, Professor of Nuclear Engineering and Physics at the Polytechnic Institute of New York.

Michael D'Agostino, Director of Nuclear and Astrophysics Research at the Grumman Aerospace Corporation.

Following are other conclusions by the scientists:

Methods Used by Torrey Pines

"The methods used to conduct the Verification are reasonable and in accord with good engineering practice. They are logically structured, well documented and clearly stated."

Systems Reviewed by Inspection

"The list of systems selected by Torrey Pines Technology was reasonable, and it did include the ones most important to safety."

Rating of Torrey Pines Performance

"The Panel concluded that Torrey Pines Technology is a competent engineering organization that did a competent job in verifying the construction of the Shoreham Nuclear Plant."

Allegations Relating to Construction

"We were able to conclude that three of the allegations concerning bad practice at Shoreham were not true.... We conclude that the final successful pressure test of the reactor building, supplemented by Torrey Pines Technology tests of concrete, adequately relieves concern caused by allegations as to inadequate methods in concrete erection.... We also conclude that LILCO has reacted in a responsible way to allegations brought to their attention, with a conscientious concern that the plant be made safe."

Conclusions of Inspection

"Two definite conclusions are drawn by the Panel. First, the Torrey Pines Technology Verification inspection showed that there is no pattern of bad construction practice at Shoreham. The contrary seems to be the case. Second, it is important to note that the Torrey Pines Technology Verification inspection did not uncover any feature considered to be a real safety threat."

A full copy of the report by the Long Island scientific panel is available, free of charge, at your local office of the Long Island Lighting Company.
