What Happened At The School Board Meeting?

By Rosemary Grant

Residents continued to speak out about the elementary foreign language program and guidance counseling services at the Board of Education meeting on April 23. Two propositions have been added to the budget vote to provide the funds for these programs. Board member William Bennett disapproved of the separate propositions. He felt it was appropriate to trim these programs and said "I feel when the Board makes a decision, they should stick to the decision. They should not go to the voter to have them make a re-decision."

Resident Virginia Germer also questioned voting separately on an educational matter and noted convention traveling expenses of \$85,000 were included in the budget.

Discussions followed about a report published in a local daily regarding problems in American Education

where a tougher curriculum, including foreign language instruction in elementary school and a two year foreign language requirement for college bound high school students. The report also called for tougher requirements in all areas of study, extended class hours and a longer school year to help remove mediocrity in our educational system.

Mr. Friedman presented a review of the class sizes in the high school and junior high school. A report will be done annually as a way to keep track of class size and the efficient use of staff. Administration is trying to reduce very large and very small class size, whenever possible. Presently, a cumulative percentage of over 76% of the classes in each school have fewer than 25 students.

Mr. Richard Hogan presented an overview of the district's K-12 Science Program and the halls of the administration building were adorned with science

projects done by the students.

During the Action Section of the meeting, the board accepted the official tally of the vote for the library budget (which has passed), and vote for trustee P. DeNinno. It approved a Special Education Summer Program and recommendations of the Committee on the Handicapped. It took action to revise a policy regarding Free and Reduced Price Food Services and received a policy regarding the Organizational Chart for consideration and discussion. Jay Schwartz happily announced that the Policy Committee has completed the task of "streamlining" the policy book to a more manageable size.

The Board authorized the purchase of IBM Micro-computer equipment for use in the senior high school guidance department in the amount of \$8,940. Mr. Friedman predicts it will make the scheduling process

at the beginning of the school year much more efficient.

The Board awarded bids and approved claims and warrants and handled routine personnel matters.

Trustee Daniel Arena will not seek re-election to the Board. His seat and that of Charlene Ancic are up for election as their terms expire in June, 1983.

Six petitions for candidacy have been submitted with the District Clerk. Arlene Rudin and Charlene Ancic seek one position, and Larry Wolfson, Pam Kamelin, Mike Myers and Mr. Bommarito are running for the position vacated by Mr. Arena. The District budget vote and school board election will be held on May 25.

The next regularly scheduled meeting of the Board of Education will be held on May 11, at 8:15 in the Conference Room of the Administration Bldg.

"Mars: Mariner, Viking and Beyond"

The Hicksville Gregory Museum, L.I. Earth Science Center will introduce a new slide lecture program to the public on Sunday, May 1st at 2 p.m. The program, titled "Mars: Mariner, Viking and Beyond" will feature actual photographs of the Martian surface and materials prepared by the Museum art staff with a live narration by Museum Curator, Thomas Daunt.

The slide program will focus on man's fascination with one of our celestial neighbors and the attempts that have been made to discover what lies beneath the swirling dust clouds which so often obscure the Martian surface. While no inhabitants of Barsoom will be available to speak at the

presentation, the possibility of life on the planet will be discussed.

At 3:30, the same afternoon, the Museum will enclose its popular slide program "Mt. Saint Helens - Day of Disaster." The volcanic spectacular on slides has been seen by over 10,000 persons, in 1982 showings at the museum and by school classes, service organizations such as Kiwanis and Rotary Clubs and mineral clubs in both Nassau and Suffolk and at several

regional Science Fairs.

The public is invited to attend these showings and to take the opportunity to view the current feature exhibit, "Gold Beating in Old-time Hicksville." Admission is free to Hicksville residents. Suggested "contribution fees" for non-residents are: \$1.25 adults; .75 children. Seniors are admitted free. The Museum is located in the Historic Landmark, the Old Heitz Place Courthouse, Heitz Place and Bay Avenue, Hicksville.

On Saturday, April 23, the Hicksville Kiwanis Club performed another service for the benefit of the residents of the area by distributing five pounds of the "Pasteurized Process American Cheese Donated By U.S. Department of Agriculture For Food Help Programs" to the local individuals who were eligible to receive it.

Kiwanian Marc Ramirez took one of his Mr. Electric Service Co. trucks to the pick-up point at Pilgrim State Hospital early on Saturday morning, and later met President John Budnick and Past President Charles Montana, Jr., at the Hicksville V.F.W., who allowed Kiwanis to use their parking lot for the distribution. Kiwanis thanks the V.F.W. membership for the use of space at their facility for this very worthwhile project of service to Hicksville.

In the photo, some of Hicksville's eligible senior citizens are shown filling out the proper application forms prior to receiving the cheese, while Mr. Montana and Mr. Ramirez are assisting them from behind the tables. Mr. Budnick unfortunately was hidden from view when the picture was taken.

VENERABLE SKIP MONTEFORTE'S MESSAGE: "We should be as careful of our words as of our actions." Cicero.

It is often said that procrastination is the thief of time, so if you have not yet purchased your tickets for the Galileo Lodge's 11th Anniversary Dinner-dance and Scholarship Awards, now is the time. It takes place this Saturday, the 30th of April, at 8:30 P.M. Call Chairman Joe Giordano 933-4335 for tickets and more information about this activity.

Broadway comes to the Galileo Lodge on Sunday, the 15th of May. On that afternoon, at 2:30 P.M., the house lights will dim, and as that hush falls over the audience, the curtain will rise. And as the actors take their cue, suddenly the New Vic Theatre Company's

presentation of a play entitled "Same Time Next Year" will take shape and form. This play consists of six comedic scenes, based on an adulteress love affair, which, I am sure, will leave you enthralled. And to enhance the proceedings, the audience will be treated, between scenes, to a music and slide show depicting America from the 1960's to the mid 70's. The tickets will sell at \$10 per person, a reasonable fee that also entitles you to a delicious Buffet Dessert. Call Mary Monteforte at 938-9536 for tickets and information. Incidentally Mary Monteforte will sell tickets for this play every Wednesday night during the Galileo Lodge's Bingo Sessions, from 6 to 8:00 P.M., or call Mary at 822-7472 during the day.

If I had to ask why May-time is such a special time of

the year, the answers would perhaps differ. But Maytime usually means the same things to many people, because it is the time when aromas of full-bloom May flowers permeate our atmosphere, when the grass and trees are greener and when we start to witness those beautiful signs of approaching summer. And needless to mention that the Ladies Auxiliary do everything in their power to enhance this particular time of year with the presentation of their own dance, called the May Dance. Tickets will sell at \$10 per person, an "easy-on-the-pocketbook" sum that offers you a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups and live music for your dancing and listening pleasure. Please note that this dance features a "bring-your-own-liquor" policy.

Mary Monteforte (938-9536) will chair this activity, assisted by co-Chairlady Rose Riccardi (681-0966). Please note that Mary will also be selling tickets every Wednesday night during the Galileo Lodge's Bingo Sessions from 6 to 8:00 P.M. and Rose will be selling tickets from 6 to 11:00 P.M. on the same night. For an exquisite time at an exquisite time of year, why not head for the Galileo Lodge on the date mentioned above and enjoy yourself.

LODGE TIDBITS

Please note that on Tuesday, May 17th, an orientation session will be held for new members, who, incidentally, will be notified by mail. Jim Reisi will supervise this session. Is a trip overseas one of your plans for this summer? If it is we think a free booklet to aid overseas travelers will be very beneficial to you. According to Congressman Norman Lent more and more Americans are heading overseas. State Department officials report that there is already a delay of several weeks in issuing passports to persons applying for them. In past years, many Long Islanders have had travel plans affected by unexpected delays in getting passports. To avoid such delays this year, it is important to apply for passports as soon as a journey to a foreign country is planned.

To help you with this planning, Congressman Lent is offering a free booklet from the Department of State titled "Your Trip

Abroad." It contains much helpful information for Americans planning to travel overseas, and includes information on the new passport regulations which went into effect January 1 of this year.

Did you know that U.S. passports are now effective for ten years? Did you know that the fee for a passport is now \$35 for adults, \$20 for children under 18? Did you know that family passports are no longer issued? These are some of the changes in passport regulations effective this year.

The free booklet from the State Department explains all of these matters and many more of help in planning a journey to a foreign nation. If you would like a copy, please call Congressman Lent's Baldwin District Office—223-1616 — or write

to: Representative Norman Lent, Room 300, 2280 Grand Avenue, Baldwin, NY 11510. A free copy of the booklet will be mailed to you. And remember, the earlier you apply for your passport, the better for your travel plans.

And please remember, also, that our Club meeting will be held the first Friday of May (May 6, 1983) because our Club's Annual Dinner/Dance will be held on Friday May 13. Contact any of the Committee persons or Officers of the Club to purchase tickets and raffle chances to this — our Club's only fund-raising event of the year. We need your support through the purchase of raffles and chances to keep our Hicksville Republican Club a viable and productive organization.

Seldin Announces Assessment Grievance Period, May 2 - 17

Nassau County property owners who want to challenge their tentative 1983-84 tax assessments may file a formal protest Monday, May 2 to Tuesday, May 17 as provided by state law. Abe Seldin, Chairman of the Nassau County Board of Assessors announced today.

Nassau taxpayers, the Department of Assessment is establishing special satellite offices in each of Nassau's three townships and two cities during the tax grievance period. All five offices will also be open three evenings during the grievance period for people who cannot come in during regular business hours.

rect, this is the time to protest and the protest forms are available from the Department of Assessment.

In Nassau County, protests are filed with the Board of Assessors which forwards them to the independent Board of Assessment Review for determination. In addition to filing the grievance forms, property owners may request an in-person hearing before the Board of Assessment Review to present the facts on which their protests are based. The review board cannot raise your assessment because you filed an assessment grievance; they can lower it or leave it alone.

All five offices will be staffed by Assessment Department personnel from

9:00 a.m. to 4:30 p.m. Monday thru Friday during the grievance period. They will also be opened Wednesday evenings, May 4 and 11, from 7:00 p.m. to 10:00 p.m. and on Tuesday evening May 17, from 7:00 p.m. to 9:00 p.m.

"This is the second year that owner-occupants of one-two- and three-family homes are permitted to challenge their assessments in a special small claims court, but in order to do so, you must first file a grievance with the Board of Assessment Review during this 16-day grievance period. State law is very clear," Seldin cautioned. "If you don't file a grievance, you give up the right to go to small claims court to challenge your assessment."

Those property owners who are not eligible for small claims assessment review retain the right to file a writ of certiorari in state supreme court, but they too must first file grievances to preserve their right to appeal in court.

For additional information about filing an assessment grievance, Seldin urged Nassau County property owners to call the Assessment Department's Taxpayer Information Bureau at (516) 535-2790 or the Field Division at (516) 535-2311.

Specifications and bid

Dear Friends:

A REMINDER: now that school district budget votes and elections are coming up please remember that this newspaper does not print controversial material or last-minute charges against any candidates, in the edition which reaches you on the week before the elections because they cannot be answered in this publication before the vote. This has been a long-time policy.

Information which should be considered by any thinking voter is always available long before any election. The political game of issuing last-minute charges and counter charges is not one we wish to play.

In the meantime we will bring you as much material as is available in the space available, to help you make your decision before voting.

We also suggest that you make it a point to attend candidates' meetings in order to meet and question the candidates themselves.

The people who serve on your local Boards are more important to you than you realize. Only a small percentage of our residents take the time to inform themselves on the budgets and the candidates, and then to cast their votes. We'd like to see more activity in these important areas.

SHEILA NOETH

P.S. It is our understanding that all school board candidates have been invited to attend the Hicksville Community meeting scheduled for Thursday, May 5 starting at 8 pm, at the Hicksville Library downstairs in the community room. Some explanation of the school budget will also be part of this program.

Letters To The Editor

To The Editor:

Over the past year I have received numerous calls from residents representing all corners of our community. These were calls of support and encouragement for my nomination in the upcoming School Board election.

A week and a half ago an educational leader in our community whom I respect and admire spoke with me to discuss where our educational system in Hicksville is headed. We agreed that after last Thursday's Budget Meeting we must offer an alternative to the present direction that the Board of Education has chosen to take and an alternative to the present lack of professional leadership on the Board.

Without reservation and with a continuing commitment to quality education in Hicksville I ask all of you, residents, community leaders and senior citizens alike to support Arlene Rudin on May 25th in our School Board elections.

In my eyes there is no other choice.

Sincerely,
Virginia C. Germer

To The Editor:

I am writing this letter to announce my candidacy for the Hicksville School Board.

My decision to seek education to the Board has its roots in over 12 years of active educational activities on behalf of our district. During that time, I have been a school board watcher and a very involved educational worker.

I no longer feel that I can accept the role of observer. The issues have become too critical. The decisions of the Board shape the education we provide our children with.

In particular over the past year the Board has floundered, lacked leadership and has made faulty decisions. This year our community is faced with the highest budget increase in our history. Compounding this major financial debacle, the Board is also suggesting significant cuts in educational programs without impact studies to justify their actions.

I believe a Board of Education can do a better job of anticipating economic retreats. I believe a Board of Education can do a better job of establishing educational priorities. I believe a Board of Education can do a better job of educating our children at less cost.

These beliefs stem not from an idealistic vision but rather from my working knowledge of what this district is capable of producing.

I am outlining my education below and asking your support in the approaching election.

I hold a BS in education and spent the 10 years before moving to Hicksville in the classroom, the first of several rewarding careers.

Since moving to this district I have directed all my energies to School Board

Committees (i.e. Goals and Objectives, Long Range Planning and Budget Advisory) and to PTA.

I have served as the President of the Dutch Lane PTA

I have served in leadership roles on the Boards of the Junior and Senior High PTSA.

I am a member of SEPTA

This year I am the Council Delegate for the Junior High PTSA, Program Co-Chair for the High School PTSA, and Recording Secretary of the Hicksville Council of PTA's.

My career pattern took a 180 degree turn 5 years ago and my professional life now centers around finance. Half of my time is devoted to managing a credit union whose assets 5 years ago were \$250,000.00 and today are \$1.5 million. The other half of my time centers around a corporate and personal tax business that my husband and I own.

The Hicksville Schools have served and are serving my children well. My election to the Board would give me an opportunity to say thank you by bringing my expertise to the Board at a time when we will be faced with great educational and economic decisions.

Sincerely,
Arlene Rudin

To The Editor:

When contemplating running for the board again, I located my original letter submitted in early May, 1980, announcing my candidacy. In reading it over, I realized something very important; I still believe in the educational philosophy I believed in then. That is, an enriching, stimulating educational experience that will produce youngsters who are well rounded and able to take their rightful place in a competitive world.

There are many critical decisions to be made as a trustee. We are charged with a myriad of responsibilities, including the balancing of a multi-million dollar budget, contract negotiations, granting of tenure, setting policies for competent educational specialists to implement, and so on.

In my three years on the board, the first as trustee, the second as secretary, and this year as president, I have been actively involved in all of the above and more. I have worked toward excellence in education and am pleased to say that our educational system is one to be proud of.

The position of trustee is not an easy one, and sometimes a downright unpopular one. We are charged with being responsible to the entire community--the community at large, and the school community. One might ask, how can seven people achieve all of this? I would respond by saying that a board that generally works well together becomes proactive rather than reactive. Simply stated, the most effective board

member is one who is an independent, open-minded person who votes his or her conscience. I believe I have certainly fulfilled that ideal and will continue to do so.

Charlene Anici

serve the entire community without fear or favor.

Sincerely,

LAWRENCE I. WOLFSON

Dear Neighbors,

For the past several years, many of you, my friends and neighbors, have asked, "Why don't you run for the Board of Education?" My response has always been two-fold: 1) I have been very effective in accomplishing my educational goals as a parent speaking from outside the Board and 2) At the time, my family was still very young to take on such a commitment. However, both of my children will be attending school in September.

After attending the last two Board of Education hearings on the 1983-84 School Budget, in which, Dr. Fenton presented her Educational Plan for the Elementary Schools, and the Board voted to cut the Guidance and the Foreign Language Programs from the Elementary Schools, it became apparent to me that I could no longer be effective speaking solely as a parent. Also, next year both of my children will be in school and the impact of the program cuts will directly affect them. Therefore, I have decided to announce my candidacy for the seat of Daniel E. Arena, Trustee of the Board of Education.

For the past three years, I have been very active with the Hicksville Public Schools at both the Board level as well as the PTA level. I have served on the Citizen's Budget Advisory Committee for three years, the last two of which I have been the Co-Chairperson. In 1981, I was one of four parents appointed by the Board to the original committee for the Gifted and Talented. I was also one of the original committee to serve on the Board's Public Relations Committee. At the PTA level, I have been a member of the Fork Lane Executive Board for the past two years and presently serve as Community Relations Chairperson. In addition to my participation on the aforementioned committees, I am in regular attendance at the Board of Education meetings. I feel that as a member of these committees, I have shown my concern and determination to fight for changes in the Hicksville Public School system that will benefit the children and the entire community.

When my husband and I moved to Hicksville in 1974, one of our reasons for settling there was the excellent educational programs offered in the Public Schools. I am concerned about the kind of cuts in educational programs being made and their impact on the future of our children. It is for these reasons that I have decided to run for Mr. Arena's seat on the Board of Education. I welcome your support, my friends and neighbors.

Yours truly,

Pamela R. Kemmlin

At the Town Board Meeting

By Nick Caruso

On Tuesday, April 26, the Oyster Bay Town Board met at Town Hall and voted in favor of a special use permit to Vanguard Ventures, Inc. and Bader Bros. to erect a 3-story building and garage for offices in a "H" Industrial District. This district is for light industry. Some of the restrictions include the prohibition of neon, rotating or moving lighted signs on the property; no lighting can go on any residential property; the heating or air-conditioning equipment is to be screened so it won't be visible to the public and all debris garbage and refuse must be stored in covered garbage containers.

The Town Board also passed a resolution designating 3 houses as landmark properties. Among the properties, the Horton House in Syosset was included because of its "historical value by reason of antiquity and architectural design."

The Board also dedicated Tredwell Court in the Syosset Village Farms section of Syosset, as a public street. Tredwell Court will now be maintained as any other public street including snow removal.

A report from the Town

Environmental Quality Review Commission found no effects on the environment is Sports Cars Unlimited at 760 Jericho Tpke., Woodbury change of zone and special use permit is passed. Sports Cars Unlimited wants to make its gasoline service larger and expand the repair shop. They also want a special use permit to use the existing building for offices. The Town Board accepted the report from the Commission.

Milar General Contractors of Franklin Square was awarded a bid of \$46,262.00 for improvements to the C.V.M. garage at the Bethpage Landfill site on Round Swamp Rd. in Bethpage. Milar Contractors submitted the lowest bid.

The Town Board for the eighth year granted permission to Holy Trinity High School in Hicksville to hold their annual Oktoberfest on Aug. 26-28 and Sept. 1-5, 1983.

In other Hicksville action, the Board granted permission to the Hicksville Jewish Center to install a sodium vapor "dawn to dusk" light on a Town-owned pole. The

Center will install the light and will pay for the electric.

The Hicksville Library request to park cars at the Town parking field H-7 between Carl St. and Cherry St. on May 12, 1983 was granted by the Board.

The bidding phase for the demolition of buildings on West Barclay St. for a commuter parking lot and the design phase were approved by the Town Board.

"The new lot will hold over 200 cars," Councilman Clark said.

The parking lot will be west of Newbridge Rd., north of the railroad tracks on West Barclay St.

In other action, the Town Board voted to erect stop-signs at the following intersections in Hicksville: Dean St. and Hudson Pl.; and Honved St. and Bruce Ave.; in Bethpage on Maple Ave. and N. Sixth St.; in Plainview at Briarwood Lane and Algiers St. and Briarwood Lane and Lombardi Pl.

The Board also awarded a contract to Hendrickson Bros. not to exceed \$5000.00 to repair the concrete curbing on Blueberry Lane, Hicksville. The damage was caused by snow removal operations.

The Town Board rescheduled two hearings. Pat and Nada DiStefano request a zone change from Res D to R-O Residence office at South Oyster Bay Rd. and Garden St., Hicksville. The new hearing date is June 7 at 10 a.m.

The other hearing rescheduled is for Main Urban Realty Corp. and Preco Industries, Inc. for a special use permit. Preco Industries wants to prepare mixed packages of sand and cement, then store them. They also want to operate a silo hopper in an Industrial "H" district. Preco Industries is located at 55 Skyline Dr., Plainview. The new hearing will be June 21 at 10 a.m.

Another hearing will also be held on June 7 for a zone change from Res D to Bus F for the American Villa Associates and the Plainview-Old Bethpage Central School District. The property is next to the Plainview Fire Dept. and Central Island Nursing Home.

The next Town Board meeting is May 10 at 10 a.m.

Junior Troop #3155 News

A trip to Camp Blue Bay, taken by Junior Troop #3155 and third graders from Troop #3611, is typical of many camping trips taken by other troops from Hicksville.

Part of the rites of spring for third grade Brownies is preparing for that very special Flying Up Ceremony. This is when a Brownie "bridges over to become a Junior Girl Scout. Hicksville Brownies usually get to earn their first badge at this time and also get a chance to go camping with their Junior sisters. Some of these girls have had the experience of an over-night camping trip but this cannot be compared with a whole weekend of being away from home.

Just as Spring is time for Flying Up it is, of course, a time for rain and mud. These inclement conditions did not stop the girls from having a great adventure. After driving to the campsite on Friday night in the pour-

ing rain, a good fire is a welcome sight. Bedrolls and pajamas give the adults a glimmer of hope for a nights rest. This hope is soon forgotten as the girls get ready for a long night of chatting, giggling and settling in.

The dawn breaks and so does the silence. The sun is shining. A walk on the beach, after breakfast, is beautiful and fun. Climbing sand cliffs and learning about the bay is a wonderful way to start the day. Before lunch, a walk in the woods gives a glimpse of Spring's offerings. Trees in bud, mosses providing carpets, birds and small animals fill the trails with life.

Saturday afternoon is a time for roller skating. The camp provides the skates and a terrific black top. The girls provide the games and fun. The adults hope the girls are as tired as they are, so that there will be sleep on Saturday night.

Before dinner everyone heads down to the beach to collect shells and examine this marvelous environment more closely. After dinner it is time for craft projects. Still too early for bed, once again they head for the beach to count the stars and study the clear night sky. Saturday night everyone does sleep.

Sunday morning is clean up time. There is just enough time for a quick walk before the rain starts again. While waiting to leave everyone improvises The Wizard of Oz. How can they possibly remember all those lines from the movie? No one wants to leave. Knowing they will come back to different experiences next time gives some comfort. Each trip is different, just as each troop is, but the experiences are similar and shared by all of Hicksville Girl Scouts and Girl Scouts all over the world.

Lions First Annual 5K Run For Blind Huge Success

The Lions Club of Hicksville held their First Annual 5K Run on Sunday, April 17, as part of the Journey for Sight program of Lions Club International. The weatherman cooperated with the first sunny Sunday in many weeks as more than 500 runners and spectators gathered in Cantiague Park for the 3.1 mile event, the proceeds from which have been pledged to support programs of aid to the blind, a major activity of the Lions.

The overall first place runner was John McGorry with a time of 15:37 minutes,

followed by Ralph Epifanio and Doug Nassissi, finishing second and third in the men's division. The first overall female runner, Jean-Marie Davis, clocked in at 18:06 minutes, with Estella Williams and Jessica Cancio in second and third places. The three winners in each division were awarded trophies donated by Seaman and Eiseman and Long Island Trust.

Merchandise prizes were awarded to the first three place male and female finishers in the following age categories: 12 and under;

males, Chris Clancy, Marion Forde, Chris Brady; females, Amy Stolz, Coleen Brady, Liz Lowenthal. In the 13-15 year category were Jim Clancy, John Hegarty, and Erwin Casas for the males, and for the females, Diana Cadoddy, Katy Eberle, and Kerry Tesoriero. Ages 16-20 males were Den McKay, Rich Koenig and Steve Rankin; females were Liz Flahavan, Ruth Eberle, Jackie Novak. The 21-30 male winners were Alan Jackson, Bob McCarthy and Mike Machlan; females, Diana Randell, Sheila Barry and Joanne Vela.

In the 31-40 age group, male winners were Bob Christensen, Robert McCarthy, and Bob Dehne; female winners were Hillary Boucher, Pat Davis and Karen Mankum. Santos Gomez, followed by Joe Cordero and Jim McGuinness led the male 41-50 group, with Pat Ronan and

Ruth Sturgess winning in the ladies category. The age 51-60 males were led by Jose Correia, Rich Scudellari, and Tom Brown, with Henry Blake and Don Rodda in the male 61 and over group. The only finishers in the ladies 51-60 category was Ann Edson, with Evelyn Yanega finishing in the 61 plus category for the ladies.

Following the race free commemorative T-shirts were distributed to the runners, with oranges and hot soup ladled out to the thirsty runners by Iannone's Restaurant. More than \$500 in prizes were also won by the runners in a free prize raffle courtesy of Goldman Brothers of Hicksville. The race was monitored by the Start to Finish Corporation, a professional racing organization, which provided split clocks at each mile, and determined winners.

the fine support provided by the Nassau County Police and Auxiliary Police, the Hicksville Fire Department Rescue Squad, and representatives of Cantiague Park for their roles in making the event a safe, enjoyable and successful event.

Something To Think About

BILL WAGNER DIRECTOR

EXPRESSIONS OF SYMPATHY

Many people desire to express their sympathy by sending flowers or some other memorial in addition to extending their condolences in person. Others do this because they cannot attend either the visitation or the service.

For the most part, those who wish to demonstrate their feelings should be able to do so, in the way they prefer and which is most natural for them. Flowers, for example, have a message all their own - one which is universal. They also add beauty to the casket setting and to the funeral service.

While it is considered proper for the family to sug-

gest a certain memorial (such as a donation to a particular charity), this should not be done in such a manner as to exclude alternate expressions of sympathy. It should also be presented in such a way so as not to be construed as a tangible solicitation of sympathy. The funeral director can advise on these and similar matters.

The newly renovated church at 17 New South Road in Hicksville this year celebrates the twenty-fifth year of its founding. In October the congregation is planning a festive dinner-dance marking this great event in their lives.

During the year, several events are planned in recognition of the anniversary celebration. On April 10, the deceased members were honored by a special service, at which the Rev. Dr. Theodore S. Grant, Redeemer's pastor, gave recognition to the important part that had been played in Redeemer's life by the many former members who had passed away.

On Sunday, May 22, during the regular 11 A.M. worship service, there is planned a special "Homecoming" for all those people who have been confirmed at the church during those twenty-five years. Richard Weiskotten, who was the first pastor of the congregation is to be the guest speaker. A brunch-type reception will follow for everyone present to honor those who have "come home" for the special event.

Plans are in the process of being announced regarding an Open House, tentatively

Redeemer's 25th Anniversary

scheduled for September, so that friends, neighbors and other members of the community can view Redeemer's new facilities.

On June 12, the congregation plans an Organ and Choir Concert with guest soloists, to afford any who

are interested an opportunity to hear the newly renovated pipe organ.

The congregation invites anyone to join them in their celebrations, or to come for worship on Sundays at 8 AM and 11 AM. Most people know Redeemer Church

as the "Church of the Open Door"...there is a small chapel open for worship there at all times. The people of the congregation would like for people to become acquainted with the rest of the facilities and to join them for worship.

Letters (Continued from Page 4)

Letter to the Editor:
On May 25th, the voters of Hicksville will make a choice. The outcome of which will affect the entire community. The choice is whether we retain the standard of education our community is accustomed to or whether we sell our children and ourselves short.

The Board of Education, in order to save \$84,000, would like to lower our standard of education by cutting programs that directly effect our children and the economic structure of our community by making Hicksville unappetizing for new homeowners. The Elementary Foreign Language Program has always been a plus for our school district. Hicksville was first to introduce this program to Long Island. Now we must vote to save it. Having this program has given some leverage to homeowners in our area by adding to the prestige of our educational system. Cutting this program takes away that leverage.

We must also vote to save elementary guidance counselors. There is more of a need for these people now than ever before. Little problems that go unsolved become big problems. These people are too important to cut.

If the Board wishes to save revenue, they should take a long look at the positions at the Administration Building itself. A massive

reorganization should be considered to consolidate some of these positions and therefore save enough revenue to afford the standard of education which is so important to our community.

Voters have got to realize that once these programs are gone they will never return. Voters should also be aware of the people who decided to make these cuts and consider whether or not they have the community's best interest in mind. There are other cuts being made that we will not be able to vote on. These cuts will also affect our children. It is clearly up to the voters to show the Board that we are concerned not only for the quality of our educational system but also for the very economic structure of our community.

Lawrence I. Wolfson Runs for School Board

By Edna Edelstein, Chairperson
Comm. To Elect L. Wolfson To School Board

Larry Wolfson is known to the entire Hicksville community as a man who has given over two decades of voluntary civil service on behalf of all residents of our area.

Mr. Wolfson has resided in Hicksville for 24 years and practices law and accounting in Town. He is married to Iris Wolfson who has also dedicated herself to the children and residents of the community. They have two children, Glenn and Aileen, who have attended the Hicksville Public Schools.

Over a period of the last 20 years, Larry has been a leader in promoting excellence in education. He was founding president of various educational organizations including youth and Hicksville Citizens for Better Education.

Through the years he has been a member of various school board committees, among them are the Goals and Objectives Committee, the Long Range Planning Committee, the Community Relations Committee and the Budget Committee. In the last few years he has served at the request of the Board of Education as both chairman and co-chairman of the Citizens Advisory Committee.

Among his credentials: ...Founding President of his local area Civic Association with continued service on this Board of Directors as well as Education Committee chairman

...Active participation in PTA, Cub Scouts and Little League for several years

...Treasurer of Community Reform Temple, President of Men's Club and member of the Board of Trustees.

His concern for the entire community has included many activities beyond the area of education. He donated his legal service and expertise and was instrumental in preventing the Oak Beach Inn from locating on Levittown Parkway. He has joined with other community leaders in addressing such issues as the Park Task Force and the Dutch Sump problem.

Larry Wolfson's broad background, experience and dedication to all of Hicksville and his concern for education and a prudent fiscal policy has been proven conclusively and qualified him without reservation to serve on the Hicksville School Board.

Barbara McGarry '83 Hicksville Secretary Of The Year

Though most secretaries have not yet added the word processing skill, more than half of top temporary secretaries polled in a recent survey consider that skill critical to success in their profession. Manpower, Inc., the world's largest temporary service firm, asked 320 Manpower "Secretary of the Year" honorees in over 250 U.S. cities their views about trends in their profession as part of the company's salute to Secretaries Week, April 24-30.

The 1983 Hicksville Secretary of the Year, Barbara McGarry, has worked for the local Manpower office for over three years. She qualified as "Secretary of the Year" by demonstrating the highest level of proficiency as a temporary secretary and by exceeding stringent work objectives.

Like many other secretaries, McGarry said that she sees automation in the office as a great force for change in the secretarial field. "Word processing will lead to more educated secretaries," she said. "Our jobs will be more professional and less clerical. We'll deal with situations and people more than we do now." In advising people entering the field, she suggested: "Learn skills well, and if possible, work for someone who will give you responsibility. You'll learn more."

The survey further revealed that telephone presence ranks as the number one skill needed by secretaries today. No

machine has yet been developed to replace the pleasant and confident voice of the secretary who is the primary business contact.

Manpower President Mitchell S. Fromstein agreed that it's the human quality which is most important in the office environment. When Manpower created an innovative approach to train and test word processing operators, it was one free of technical jargon. "We spent two and a half years and five million dollars to develop and implement a program to train word processing operators. We took the computer out and made the training personalized, friendly, and fun," Fromstein said. "In other words, we've added the human quality to something that's essentially technical in nature. Our survey revealed that 94 percent of our top temporary secretaries who have not had word processing training would take advantage of such training."

Survey participants said typing is the second most important skill needed by secretaries. "Keyboarding skills, whether for an electronic typewriter, a word processor or a computer will always be in demand," said one Secretary of the Year. However, the importance of typing speed is on the wane," she said. "The demand is for a 'thinking typist' - one who can take raw copy and process it into a beautiful document which is punctuated correctly and grammatically perfect."

Balloon Launch

What do balloons have to do with libraries?

Ask any of the students at Burns Avenue School and they'll tell you how they used helium-filled balloons to spread the word that it was National Library Week. What was the "word" they were spreading? THAT THEY LOVE LIBRARIES!

The Media Center of the Burns Avenue Elementary School sponsored the Balloon Launch and each of the children in kindergarten through grade six participated. Before the launch balloons were stuffed with a message from each student. Although rain delayed the launch for two days, it did not dampen the spirits of the excited student body.

The day of the launch was a partly sunny, windy day. Enthusiastic library helpers filled the balloons with

helium. Mrs. Mathews, The librarian, Mrs. Lolly DeBello, the Media Aide, and Mrs. Fran Brandisi, a volunteer, worked along with the students in preparation for the launch.

At 2:00 P.M., Dr. Frank E. Burke, principal, gave the signal for the balloons to be released. What a sight! The excited children watched the colorful balloons as they danced across the sky.

Students now want to know who will win the "Guess-how-far-the-farthest-balloon-will-go" contest. Maps of the area are on the bulletin board in the Media Center and "push pins" are waiting to note the locations of replies. If you found a Burns Avenue balloon, please return the form to the school. The students are eagerly awaiting the replies.

Parola: "Participate In Summer Empire State Games"

Noting that it is one of the largest sporting competitions of its kind in the world, Assemblyman Fred Parola (R-C, Wantagh) today urged area residents to participate in the Regional Summer Empire State Games.

Parola said regional competitions are being held through mid-July.

Winners of the qualifying competitions, in six regions throughout the state, will have the chance to partici-

pate in Empire State Summer Games finals in Syracuse on Aug. 10-14.

"The Empire State Games is an excellent opportunity for athletes of all ages," Assemblyman Parola said, "and in the past several years, it has gained worldwide recognition and prestige."

The games are divided into the Open Division basically for adults and the Scholastic Division for school-age youngsters below their senior year of

high school.

The events for which competition is available (and some only in the Open Division) include: archery, track and field, basketball, boxing, canoeing, cycling, diving, fencing, field hockey (for women only), gymnastics, judo, rowing, shooting, soccer, swimming, synchronized swim (for women only), team handball (for men only), volleyball, water polo (for men only), weightlifting (for men only), wrestling (for men only), and yachting.

For eligibility, all participants must be residents of New York State as of April 12, 1983. Other eligibility

rules in the Open and Scholastic divisions are listed in the application booklet.

Booklets, which include a complete listing of regional events during the spring and early summer, the eligibility rules and application forms, can be obtained by writing to Empire State Games, Agency Bldg. #1, 12th Floor, Empire State Plaza, Albany, N.Y. 12238 or by calling (518) 474-8889. They are also available from any Marine Midland Bank or at high schools, colleges, and athletic clubs.

"The summer games involve some 75,000 athletes throughout the state," Parola concluded. When the finals are held in Syracuse, there will be 5,800 competing, and it is both an honor and an experience to participate at any level."

a number of horticulturists who have indicated that Red Jade Crabapple trees would be a perfect replacement. The trunk only grows from 3-4 inches in diameter and so would yield to the impact of a vehicular collision.

In the event that the Red Jade Crabapple is deemed as too dangerous, the Regal Privot is recommended as it is a hearty, salt resistant shrub which requires no maintenance. The planting of a few of these lovely flora would both revive the confi-

dence of the community in our governments and restore the suburban image to this heavily trafficked roadway.

I look forward to your reply and am available at anytime to discuss this matter.
