## At The School Board Meeting

The Hicksville Board of Education met on Wednesday evening, May 11, in the newly renovated High School auditorium. Board president Charlene Ancini noted that the district's annual meeting will take place on Wednesday, May 25, at 8:15 p.m. in the High School Cafeteria. The Board approved the minutes of the special budget meetings of April 6 and 7 and the regular meeting of April 13 and acknowledged receipt of correspondence from community residents.

Bill Bennett extended thanks to reading supervisor Ruth Jacobson for her cooperation with the VFW "Voice of Democracy" coloring book contest. Thirty-six winners were selected from 1000 entries from third- and fourth-graders in the public and parochial schools. Awards will be presented at a ceremony on May 23 at the VFW Hall. At that time the grand prize winners will be announced. "I want to thank all those who made it a tremendous success," said Mr. Bennett.

The Senior High School

drama group presentation of "A Funny Thing Happened on the Way to the Forum," held on May 5, 6 and 7, was commended by Honey Singer, who praised the show as "superb." Mrs. Singer also commented on the new auditorium, stating that it was now fit for presentations of high quality. Jay Schwartz echoed Mrs. Singer's comments on the fine student production as well as the beautiful new auditorium.

During the general public session preceding the budget hearing, Iris Wolfson asked whether work was being done in any of the school buildings regarding asbestos. Dr. Fenton responded that no work of that kind was being done and that existing asbestos was in a few boiler rooms and was not hazardous, citing Mr. Becker's full report which was shared with PTA Council. Mr. Becker explained that there was no danger to students because the asbestos was not friable; it is not able to flake or break into fibers or particles which could become airborne.

Arlene Rudin asked why

budget brochures were not mailed to the public prior to the budget hearing. She was informed by Dr. Fenton that a machine was down in the mail room but, in fulfillment of the District's obligation to inform the public, copies of the budget were available in all district buildings. The budget summary published in the "Bulletin Board" will be mailed to residents this week.

The Superintendent's Report presented by Dr. Catherine Fenton was an overview of the budget as a prelude to the public hearing. She summarized expenditures in the major code categories covering the duties of staff members within each one and noting that increases in the 1983-84 budget included negotiated salary increases for staff. Dr. Fenton also outlined district programs which were models in the state, citing the new primary program which was selected as a prototype for setting up an enriched elementary program within the classroom.

Dr. Fenton explained that a new cafeteria is being set up in the Junior High

School with furniture selected by the students so that they could participate in "creating and controlling their environment." She also noted that no study halls are included in the junior high schedule and that students receive instruction for a full seven periods each day.

Among the programs at the High School included in Dr. Fenton's presentation was the proposal for an alternative school to serve students not benefiting from a regular school program and a secretarial practice office which will offer students an opportunity to learn and use such business machines as a word processor and dictaphone in a real office setting.

Business Manager Richard explained revenue sources to support the budget and noted there was a significant decrease in surplus this year and that the new Manufacturers Hanover Trust Building will add significant value to Hicksville's total assessed valuation. Total revenues required from all sources including property taxes is \$36,241,969, a 4.3% increase.

**VENERABLE SKIP MONTEFORTE'S MESSAGE:** The man with a new idea is a crank until that idea works. — Mark Twain

The sweet smell of summer will soon be upon us, and as that approach is eagerly awaited, so is the time for the Ladies Auxiliary's presentation of their May Dance, scheduled for Saturday, the 21st of May. Tickets sell for \$10 per person, a reasonable sum that entitles you to a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups and live music to set your hearts aflutter and your legs moving. Mary Monteforte (938-9536) will chair this activity, ably assisted by Rose Riccardi (681-0966), both of whom will be selling tickets: even during the Galileo Lodge's Bingo sessions from 6 to 11 P.M. every Wednesday night until dance time. Please note that a "bring-your-own liquor" policy will be in effect that night. So for a night of pre-summer fun and frolic, why not attend this dance and turn your hearts to fancy.

If you enjoy a little drama

mixed with a touch of comedy, why not attend the New Vic Theatre Company's presentation of a six-scene play called "Same Time Next Year," and this play is being sponsored by the Ladies Auxiliary. Tickets sell at \$10 per person, a nominal fee that offers you, besides the play, a Buffet Dessert and a slide and music show depicting America from the 1960's to the 70's. Mary Monteforte (938-9536) is handling ticket sales, and she will also sell tickets during the Galileo Lodge's Bingo sessions held every Wednesday night until showtime, from 6 to 8:00 P.M. Why travel to Broadway and contend with the traffic when you can have a first-rate theatrical production unfold before your very eyes right here at the Galileo Lodge. The time is Sunday afternoon, the 15th of May, starting at 2:30 P.M. As the curtains rise, so will your interest.

In order to lay emphasis on an important event which will soon be a part of the Galileo Lodge's important community affairs, I must report again that on Thursday, a social night at the

Galileo Lodge, at 8:30, Miss Nancy Dickey of the L.I. Blood Chapter will offer a special talk on the importance of blood-giving and the life-saving properties of this human commodity. And, coinciding with this little talk, I might add that the Galileo Lodge's Blood Bank Day is scheduled for Thursday, the 30th of June, under the supervision of Jim Rerisi. A message to the public is that if you give blood to our Blood Bank, you automatically become a member. And we must remember that emergencies arise quickly and illnesses strike suddenly, so what could be more important than belonging to our Blood Bank.

The Galileo Lodge wishes to thank all those patrons and friends who have called and expressed concern about the graffiti defacement of the Galileo Lodge building. The reward of \$500 still stands for anyone who can provide information concerning the conviction or apprehension of the vandals who maliciously defiled the property of a organization that is certainly community-conscious. Please contact Vener-

able Skip Monteforte or Joe Giordano at 931-9351.

## LODGE TIDBITS

Very happy to see Carmen Russo up and around after a long siege of illness. Everyone here at the Lodge missed her very much... There is plenty of talent spread out among the male and female members of the Galileo Lodge and the Ladies Auxiliary, so why not lend those talents to the production of the 1983 "Foolies Follies," a presentation which will be supervised by Sue Laurenti (931-9351)... Tony Sica states that all members should hand in their raffle books as soon as possible... Please note that last week I inadvertently omitted the names of Joe Giordano and Pete Massiello as the members who also contributed heavily to the success of the Ad Journal... All members should

# Letters From School Board Candidates

(Arranged Alphabetically)

To the Editor:

1980 started a new decade filled with special dreams and aspirations; we realized where we had been, knew pretty well where we were, and were concerned about where we were going.

That was three years ago. Perhaps it is appropriate that here in Hicksville Board seats are up every three years and that gives us adequate time to reflect upon what we have been successfully able to accomplish.

I would like to share with you some highlights of my three years and how I have been involved in effecting positive changes in all areas of our district:

- Raised the ceiling for senior citizen exemptions to \$10,500 of income.

- Expanded adult education programs at no cost to the district.

- Supported the Gregory Museum.

- Increased graduation requirements to include one extra year of science, math, computer literacy and study skills.

- Active on negotiations committee; instrumental in avoiding a teacher strike.

- Responsible for resuming negotiation talks after a stalemate of 13 months with the Council of Administrators, which resulted in a rapid settlement.

- Was responsible for the addition of one psychologist to effect a more favorable ratio.

- Was instrumental in the creation of an additional 4th grade class at Willet Avenue to eliminate overcrowding, and the creation of a 3rd grade class at Dutch Lane to avoid having three sets of twins in one class.

- Responsible for the present organizational structure which is more effective, sensible, and more responsive to the curriculum needs of the district.

- Chaired the Gifted and Talented Committee in 1980-81 and 1981-82, which resulted in development of the In-depth Study Program for grades 4, 5, and 6.

- Instrumental in the development of the Primary Enrichment Program which has been prototyped as a model by the State of New York and is responding to the needs of all classroom children in grades K-3.

- Instrumental in the development of a 9th period enrichment program in the junior high school designed to stimulate youngsters of all academic abilities.

- Advocate of diplomas for handicapped students.

- Responsible for arranging to have the Hicksville School District host a holocaust in-service course which was attended by our staff as well as 26 neighboring school districts in March and April, 1983.

- Responsible for presenting resolutions which were passed unanimously by the Board opposing changes in P.L. 94-142, the law for education of handicapped students, and opposed to block grants which would seriously affect federal funding for handicapped and remedial students.

-On March 15, 1983, personally represented the Hicksville community in Albany which resulted, through lobbying efforts, in saving the district \$1.7 million in state aid.

As I look back now, I realize how very far we have come and I am proud of the part I have been asked to play. I hope to continue to serve the community and the district. I feel it is vital for us to continue to move forward and to provide progressive, challenging education. The only way this is possible is through stable leadership.

Charlene Anci

Dear Editor,

This is indeed a difficult election year. The voters are being asked to make a choice from a field of candidates, all of whom are concerned with the maintenance of educational excellence, long-range planning, fiscal responsibility, community relations, the costs of education and all of whom possess advanced educational degrees. On what basis does one make a choice?

1) Involvement within the educational community is one area to consider. Is the candidate running on past involvement or are they active now? For myself, I became involved the very first week my son entered Fork Lane School by addressing the Board of Education with my concerns about the initial kindergarten experience and lack of information provided to parents. This initial involvement lead to my serving on the Citizen's Advisory Budget Committee, the Gifted and Talented Committee, the Community Relations Committee, the Fork Lane Executive Board, and the Long-Range Planning Committee. I was, and still am, active on all of these committees. By serving on these committees, I feel that I am attuned to the concerns of the community and issues of today. I have not waited a long time to get involved with the issues. I am a mother of two young children just starting their education. I am involved and active now!

2) Honesty in presenting one's opinions. Have the candidates stuck to their opinions as originally expressed or have they been sidetracked by the importance of gaining a vote? At the final Citizen's Advisory Budget Committee meeting, I expressed my concerns about the possible cuts which the Board of Education might make to the Instructional code. The night of the Special Board meeting, after the April 14th Budget hearing, I addressed the Board of Education asking them to put guidance and foreign language for the elementary schools back into the budget. Where were the other candidates? Where did they stand on these issues at that point in time? I said it then and I say it now - keep the guidance counselors and foreign language in the elementary schools. Do not eliminate a program before its value or

lack of value has been properly studied.

3) Come to the "Candidate's Forum" on May 23rd. Listen to what the candidates have to say about the issues. Beware of eloquent phrases and circumvented questions. Come to the Forum with an open mind for all the candidates.

Respectfully,  
Pamela R. Kemmlein  
Candidate for the  
School Board

To the Editor:

As a candidate for the School Board in Hicksville, I would like to delineate my professional background and experience which, I believe distinguishes MY candidacy.

During the over twenty-three years of my professional life I have served, in addition to being a full Professor, in a number of senior level administrative positions on the college level. Among these are: Assistant Dean of Instruction, Director of Research and Evaluation, Assistant Dean of Faculty, and Dean of the College. These positions have given me an appreciation and understanding of the educational process which can only enable me to better serve the interests of our children and our community.

As other candidates, I have also served on various School District Citizen Advisory Committee's. Two such committees were the Long Range Planning Committee and the Citizen's Budget Advisory Committee.

While I joined the Citizen's Budget Advisory Committee with expectations of putting my extensive experience in educational budget formulation and management to work for our community, I was disappointed to find that this would not be the case. The manner in which the committee was run did not allow for in-depth, fruitful discussions of budgetary issues nor for needed recommendations or input. In fact, one can point to the poor resident attendance at the committee meetings to confirm this. Members of the administration generally were there in greater number than residents. No real, meaningful community participation occurred.

I wanted to serve on this committee because I believe we should provide the finest educational atmosphere in our schools for our children to develop into responsible citizens who will be able to take their place in America's challenging future and to accomplish this with responsible budgetary management.

Improvement means progress, progress does not necessarily cost tax dollars. I believe that a portion of the public School Board meeting should be devoted to inform our residents about educational programs and services. A better knowledge of the working of your school district, both elementary and secondary, is imperative to you as a

parent and/or resident taxpayer. I would involve the teacher, the specialist, the administrator, the School Board, and you the resident taxpayer and parent in this dialogue for progress.

If you feel as I do, I ask for your support on Wednesday, May 25th. Vote Row 3C and Yes on Propositions 1, 2, and 3.

Sincerely,  
Michael F. Meyer

To The Editor,

WHY is the community of Hicksville faced with the largest school budget in history?

I believe the size of the budget increase SHOULD have been anticipated by the Board leadership. I believe better planning, an earlier start and greater community input could have minimized the increase.

WHY, as of today May 10th, hasn't the community received its budget brochures? The budget hearing is May 11th.

I believe the Board is sending out the budget brochures late so that there will be less community reaction at the public budget hearing.

Furthermore, I believe this Board has NOT been open with the public. Minutes of the Board meetings show that ON THE SAME DAY (10/13/82) that the Board adopted policy supporting the Open Meetings Law, it violated that policy

by going into Executive Session to discuss staffing. This is a clear violation of the law. The Board has consistently conducted its business in executive sessions, cutting the public off from routine information.

WHAT obligation does a Board of Education have to the children it permits to begin a program? WHY aren't the children, already in programs that are being cut, being "grandfathered"? WHY are important programs being cut at the same time the budget is going up dramatically? WHY are evaluations of these program cuts being done AFTER the cuts have been made?

I believe that evaluations of cuts AFTER the decisions are made and the failure to "grandfather" children in cut programs, result from decision making from within. Open communication with the public would point out flaws in decisions before those decisions become a fait accompli.

I believe we have a "Start and Stop" Board that lacks the leadership to know where it wants to go. I believe this "Start & Stop" Board has undermined the professional staff, especially in the area of guidance.

I believe that this Board has centered its efforts around Special education and our Gifted and Talented Program, two worthy causes. But, what have they

done for the average child?

THE Middle States Evaluation is NOW OVER 1 YEAR OLD. It recommended significant changes in educational procedures. It has not been addressed publicly by this Board. WHY?

It is time to stop ignoring the Middle States Evaluation and address our educational strengths and weaknesses!

These questions, delineate for me, the major issues of this year's Hicksville School Board election. I believe that a Board that is sensitive to these issues can do a better job of educating our children and at less cost.

Please help me bring that leadership to the Board on May 25th, "BE ONE MORE VOTE FOR ROW 1B"

## RE-ELECT CHARLENE ANCI

# Vote 1A-Charlene Anci - May 25th

FRIENDS OF CHARLENE ANCI

## Dear Friends:

Dear Friends:

The Hicksville Youth Council has scheduled a general Neighborhood Watch information and planning meeting starting at 7:30 pm in the Hicksville Library downstairs community room. The Hicksville Neighborhood Watch is a citizens action movement which addresses the problem of crime in the community, by acting as the "eyes and ears" of the local police dept. "Help organize a Neighborhood Watch group. For more information call the Youth Council and ask for either Renee or Carole. (822-7594)."

State Assemblyman Frederick E. Parola, Jr. has set a meeting which will coordinate with the Hicksville Youth Council and continue through 9:30 p.m. for those who cannot make the earlier starting time.

"The informational session will be open to the public," Parola said. "We are looking for residents who are willing to volunteer their time to go door-to-door with other civic and community organizations to distribute neighborhood watch brochures and decals."

The Neighborhood Crime Watch Program came about in response to the rising climate of fear on the streets and in private homes. Its success depends on how many individual homeowners are willing to help in this important community effort. In other areas of Nassau and Suffolk County, such "Watches" have been organized and are proving effective in helping to reduce the crime rate.

In Hicksville, the Hicksville Youth Council, the Hicksville Community Council and the Hicksville Chamber of Commerce are jointly working on this organization, and now, they are joined by Assemblyman Parola, which is certainly another plus for the eventual success of this project.

YOU'RE NOT GOING TO believe this ... Harry, at the ever popular Stack O'Barley Restaurant, located at 646 South Broadway (Route 107) in Hicksville, has rolled back his dinner prices to reflect the prices of the '50's!! For example, his delicious steak dinner costs only \$5.95 (check out the other specials on the menu in this issue) ... what a great idea!! What prices!! What food!!

THAT'S ALL FOR THIS WEEK. Stay well and enjoy the Spring of '83 here on beautiful Long Island.

## Letters To The Editor

(Alphabetically By Candidate)

To the Residents of Hicksville,

I am writing to you to share my thoughts about why we must reelect Charlene Anci to the school board.

I could spend time telling you of the many hours well beyond board meetings that she has expended her energies on your behalf; however, it's not so much a person's time that is important, but how that time is spent, which counts.

I believe strongly that Charlene Anci's leadership this year has helped the school board coalesce into a positive participatory unit. Her honesty and integrity in dealing with a variety of issues has shown the school board how it can operate more smoothly than ever before. Charlene Anci's ability to act as a catalyst and motivator has made it possible for the school board to act, rather than react.

Charlene Anci's success as a president has been to accept divergent viewpoints willingly. Her instinct has always been to meet the issues head-on, and fairly. You will recall that at board meetings, she always has the courage to ask someone to present his/her side of the issue for as much time as necessary.

Charlene Anci has been consistent in striving to improve the operations of the board to make it a more responsible governmental body. She has done that well and brought the school board into an era of cooperation, upon which we can all be proud.

I ask you to support her in this election as you did in the past. Make the correct choice again.

Respectfully,  
Jay Schwartz

To The Editor:

As a resident of Hicksville for twenty-four years, as a parent of five children who have attended the Hicksville Public Schools, as an interested observer who has watched many school board trustees come and some, happily, go, I wish to offer my endorsement of Charlene Anci for another term on our Board of Education.

In my view she possesses the qualities of intelligence, positiveness, independence and sensibility, qualities which have been demonstrated to those of us who know her and work with her.

I would hope that the citizens of Hicksville will vote for Mrs. Anci on election day. Her re-election would insure three more years of excellent leadership, flawless performance and material progress for our community.

Respectfully submitted,  
Bernard Samowitz

To the Editor:

We have known Charlene Anci for many years. We appreciate her enthusiasm, commitment and openness, qualities that make her a good Board member. These qualities combined with her years of experience working

on the Board make her a very valuable candidate. During her time as a Board member she has been an important factor in helping to establish the Board's progressive character - i.e. the Gifted and Talented program which Charlene has worked long and hard for is now considered a model in New York state.

We urge all Hicksville residents to become informed voters in this important election. We feel a vote for Charlene Anci is a vote in support of continuing the sound, progressive direction of education in the Hicksville School District.

Sincerely,  
Sheldon Thompson  
Camilla Thompson (Mrs.)

Dear Editor:

I am pleased to support Pamela Kemmlein's candidacy for Hicksville School Board Trustee.

Pam has educated herself in school affairs through active participation. She became involved with Fork Lane PTA, first by asking to attend executive board meetings and then by volunteering her time as Community Relations chairperson.

Pam later volunteered to be a member of the District's Committee on Gifted and Talented, where I had the opportunity to listen to her ideas on curriculum and educational concerns and to

share our thoughts on these topics. In addition, as a member of the Hicksville School Board's Citizen's Advisory Budget Committee for three years, Pam has obtained a good insight into the "business" of education.

But most important, Pam is a mother, with one child currently attending Fork Lane School, and her second child starting there this coming fall. Therefore, she is concerned about preserving quality education for our children.

I am confident that Pam will use the education she has obtained, as well as the feelings she has as a parent with children attending school, to the betterment of education in Hicksville.

Therefore, I am supporting her candidacy and hope you will, too, on May 25th.

Sincerely,  
Linda M. Strongin

Dear Residents of Hicksville:

If this community is to have the quality of education that our children, and future citizens of this country, deserve then we must be responsive to the idea that it is most important to elect fully qualified people to serve on our school board.

Therefore, I am writing to urge you to cast your vote for just such a person, Michael F. Meyer.

I have known Mike Meyer for over 19 years and

I was privileged to live in a neighboring community when he served on the school board for over four years.

His teaching background and his experience as an administrator on a college level all will provide Mike Meyer with the understanding that is required in order to competently evaluate the educational programs, statistical data, budgets and other facts that are presented to school board members for critical decision making.

Mike Meyer believes in people and their right to know about their community. He would be a great asset to any school board and we are fortunate that he chose to be a part of Hicksville.

I urge you to cast your vote for Michael Meyer in this school board election.

Sincerely,  
Mike Donato

Dear Mrs. Noeth,

There are two people and two issues I would like to bring to the attention of your readers so that they can ponder them carefully and, hopefully, positively vote YES on May 25, the school board election and budget date. Our family was fortunate to have bought our home in Hicksville almost

Thirty-six Hicksville youngsters have been selected as winners from their schools in the "Voice of Democracy" coloring book contest sponsored by the William M. Gouse, Jr. Post No. 3211 of the Veterans of Foreign Wars. The theme of the contest was "I Pledge Allegiance to the Flag" and student entries were judged on effort, neatness, and artistic ability. Third- and fourth-graders were eligible to enter.

Winners and their families will be invited to attend the "Awards Night" presentation ceremonies scheduled for May 23 at 8:30 pm at the Post Headquarters at 320 South Broadway in Hicksville. First, second, and third prizes of \$25, \$15, and \$10 will be awarded, and grand prize winners, selected at the VFW dinner meeting of May 4 will be announced.

The coloring book contest was aimed at instilling an appreciation of allegiance to our flag and country in Hicksville's young people by encouraging their artistic talents, according to contest chairman Anthony Chepak and co-chair William P. # Letters To The Editor

(Continued from Page 4)

11 years ago. My only child enrolled in the 2nd grade. (We had come from Jamaica, Queens where he had attended an excellent 85% black school.) Thus began my involvement in school and community affairs. It was my good fortune to meet Arlene Rudin and Larry Wolfson right at the beginning. They were part of a group of people who were earnestly seeking the best educational system for the least tax dollars. Over the years my zeal diminished because of a feeling of ineffectiveness and then recently poor health. But these two fine people's

involvement only increased as they realized how difficult it was to be effective. A present board member commends "the team spirit" of an incumbent board member seeking re-election; well, if that is what it takes, these two people have it in heaps. But, of course, that is but a minor attribute of a board member. It seems to me first of all they must want excellence for all our children; they must be able to assimilate and decide on facts and figures which will affect pupils lives now and in the future, and they must be leaders, those who understand the pulse of our community, senior citizens as well as young parents. These

two are outstanding in all respects. Please VOTE YES for them.

Then vote YES for the two amendments tacked onto the budget. Ten years ago our foreign language program was nationally recognized and promoted vigorously by the superintendent of schools, administrators and teachers. It is something we can justifiably be proud of and rather than fragmenting the day for our children will add that intellectual achievement which could make Hicksville's students a plus wherever they end up. Certainly education should be a cohesive entity within the day, and when a child is pulled out of the classroom whatever he learns should be tied into

what he has been learning in the classroom. Then vote YES for our elementary guidance counselors. Who in our society has not been affected by divorce, financial problems, the stress of coping in an age of uncaring and technological dominance elevating the machine over humans and human values. Guidance is just as much needed, or perhaps more-so, in elementary grades where bad work habits and poor reading slopes develop and often carry through to the upper grades. How short-sighted to remove people who could truly stem this tide of mediocrity by guidance and caring.

Before I close may I say thank you to Hicksville. My

son will be graduating from H.S. and going on to college in the fall. He has always loved school and has had excellent teachers to inspire him and increase his intellectual skills and appetite. Not everyone can be a master teacher, but most were good and interested in him. (Just recently he was a partaker in a play at the H.S. and I learned to know Mr. Patsis, a senior high guidance counselor. What an inspiration this man is and how he used pupils of diverse background, to produce "theatre" for 3 nights last week.) Thanks teachers, staff and administrators from my husband, myself and mostly my son!

Remember VOTE Yes May 25 for Arlene Rudin

and Larry Wolfson and the 2 amendments, and you will never regret it.

Sincerely,  
Joan Jones

To the Editor:

On May 25th the voters of Hicksville will once again be asked to make a choice between candidates seeking election to the Hicksville School Board.

This choice is as critical a decision as we have ever faced. The leadership crisis on the School Board threatens to consume us. Educational Programs and Services have been reduced or eliminated completely. This has been done without reports or "impact studies" (Continued on Page 10)

# Eighth Precinct Police Report

By Police Officer Kenneth Box

A 22 year old stockman from Uniondale was arrested in Hicksville at 11:10 a.m. May 6 charged with Grand Larceny II Degree and Petit Larceny.

Emania Shepard, of 549 Southern Parkway, had allegedly entered Long Island Honda, at 250 Old Country Rd., Hicksville at

approximately 11:00 a.m. and walked into an inner office, where the owner's wife questioned his being there and he told her he was looking for a job application. She told him to go out on the floor and talk to her husband and she left the office momentarily. As she returned a few seconds later and took a bank bag out of her pocket-

book, which contained \$3,266 dollars, she found the money missing and an empty bag. She alerted everyone and police were called. Shepard had walked out of the place and entered Antuns, a catering business, next door, which no one knew at the time.

Shepard then left Antuns and entered a Double

Vitamins Store, at 254 Old Country Rd., nearby, where he took three bottles of perfume oil, valued at \$10.65. As he walked out of this place he was recognized by some of the persons involved in the Honda business and P.O. Richard Hartill, 2 Pct., placed him under arrest for the larceny of the perfume oil. A search after the arrest did not come up with the missing

money from Honda. All was resolved when an unidentified man walked up and told police the suspect had been in Antuns and had been in the mens room. This per-

son checked the mens room after Shepard left and on finding a ceiling tile out of place, checked the ceiling and found the money taken from the bank bag at Honda.

## Second Precinct Police Report

Around 3:00 p.m. May 6 911 received a call of a burglary in progress at Ampex, a business at 126 Dupont St., Plainview. The first officer on the scene, P.O. John Butler, 2 Pct., observed a white male running from the rear of the building, who he pursued on foot and

caught a short distance away.

As other Officers arrived, an unidentified witness, who had been the 911 caller, came forward and told police he had observed two men who had entered the rear of the building, a warehouse type structure,

and they had bound and gagged another employee. He believed both to be armed.

The building was then surrounded by police and they attempted to contact those inside. At this point a man exited the front of the building, who turned out to be the hostage who had been bound and gagged. The Hostage Negotiating Team is at the scene in charge of Inspector Donald Kane and further details are to follow.

Update-Sgt. Krausch-P.I.O.:

Warehouse containing ladies garments has now been secured as of 6:45 p.m. Suffolk Counties Police Canine Corps ran a search through the building and no other person or persons were found inside. More details to follow.

Captured suspect, Julio Cabeza Morales, a boat person from Cuba, 20, of 154 Pacific St., Newark, New

Jersey and an accomplice still being sought had entered the rear of the building through a rear door and grabbed the hostage, Christian Ovalles, 43, the Manager, from the Bronx. He was handcuffed and duct tape was put around his mouth and feet. A second employee, the person who had called 911, on entering the front of the building, saw what had taken place, turned and ran, with the second accomplice chasing him. The employee eluded his pursuer, thereby evading capture and called 911. The vehicle used by the suspects, a rental truck, was found nearby. The Manager Ovalles was not hurt during the incident.

Morales is being charged with Robbery First Degree, Criminal Use of a Firearm and Unlawful Imprisonment First Deg. and he's to be arraigned tomorrow morning.

## "Rock Hounds" At Willets

Learning to identify minerals with Anne Atwood of the Nassau Mineral Club, are Willet Avenue students Ian Kean, John Smillie, Gregory Mosco, Douglas Uzackewitz, Susan Fleming, Jeannette Notaro, Chris Viar, Joe Williams. (Photo by Rosemary Barrow)

The study of Rocks and Minerals is part of Hicksville's third grade science curriculum. At Willet Avenue school, however, every class abounds with "Rock Hounds." In addition to classroom collections and specimens provided by The Gregory Museum to reinforce the curriculum, there is also an extensive display in the school Library-Media Center. Some delicate formations are kept in showcases, but most are laid out on carts for "hands-on" investigation.

There is also a steady stream of young collectors who bring in their "finds" for identification. Assisting in that regard have been some visiting experts. Mrs. Anne Atwood of the Nassau Mineral Club and a long-time associate of The Gregory Museum, gave a very interesting demonstration on mineral identification. On another occasion, Thomas Daunt, Curator at the Museum, explained various crystal formations.

As a treat for the girls, especially those not interested in rocks per se, Rosemary Barrow, the Willet Avenue Media Specialist conducted a special session on minerals used in jewelry. The students, some boys included, examined and compared samples of amethyst, garnet, turquoise, jade, jet, aventurine, carnelian etc., and saw how to distinguish between similar looking stones like lapis lazuli and sodalite. They learned why some stones are faceted and others polished into cabochons. There was also considerable interest in gold and the meaning of Karat markings.

On May 18th, by popular demand, Willet Avenue will hold its second Rock Swap. Student collectors still talk about the swap held three years ago. Anyone in the school can sign up for space, flea market style, and bring the rocks he wants to trade. The Gregory Museum is also supplying a geologist for the afternoon to identify mystery specimens.

### 1973 Cannonballs Chase Cup

By Pete Fujimoto

On the first sunny weekend in two months, the Hicksville 1973 boys team met the Auburndale Celtics in the first round of the Long Island Soccer Cup. The boys had been looking forward to this game for three weeks. Rain had caused it to be rescheduled several times.

The first score was after a corner kick popped out towards the right wing, Alex Shevchenko put the ball into the opposite corner of the net with a beautiful kick. Brian McNamee sent another into the center of the net right over the outstretched fingers of the goalie about two minutes later. The Cannonballs really got their passing, ball controlled game moving with a pass from Larry Bag to Jason Pinsky to Danny McGooey who scored from the right wing.

The fullbacks, Thomas Niemann, David Knuth, and Brian Sierra put up an impenetrable wall allowing only one ball to reach goalie

## Hicksville American Soccer Club

Gerrit Nijboer during the first half.

Intelligent aggressive playing by Larry Bag, Gino Ianucci, Alexander Shevchenko and Danny Fujimoto controlled the middle line resulting in several more scores. They got the ball to Tommy Baron who put the ball into the net increasing their lead to 4-0. With Les Spence and Larry Wojtuasiak assisting on the attack, Jason Pinsky scored with a low shot up the middle. A few minutes later, Alex Shevchenko scored again making the final score 6 to 0. Good luck to the Cannonballs in their next Long Island Soccer Cup game.

### SHAMROCKS BESTED

IN TIGHT CONTEST 4-3 BY A. & K. BLICKER

The Hicksville Shamrocks 1974 traveling team (sponsored by Flynn-Hill Elevator Corp.) played the Valley Stream Roughnecks at Caniague Park last Saturday.

Valley Stream jumped off to a 2-0 lead. Then the Shamrocks began to close in. Hicksville first scored on an "own goal" off a corner kick from defenseman Joe Flanagan - with an assist from the opposition. Excellent passing and teamwork by forwards Matthew Gottlin, Eric Blicher, Frankie Pertusello and Teddy Knoop kept up the pressure. At halftime, the score was 3-1 in Valley Stream's favor.

Gottlin scored Hicksville's second goal off a corner kick from defender Chris Doyle and the game began to show promise at a close 3-2 score. Midfielder Joe Flanagan and defensemen Greg Gruosso and Chris Doyle played superbly, as did midfielders Brian Harkins, David Locato and Brian Pine, and fullbacks Eddie Jacobson and Jonathan Herzog. Unfortunately, the Roughnecks bounced back and scored again. Then it was the

Shamrocks turn. On a penalty shot with literally a second or two left in the game, Chris Doyle boomed the ball past Valley Stream's goalie!

The final score was a tight 4-3 in Valley Stream's favor but a moral victory for Hicksville since the Roughnecks shut out the Shamrocks in Long Island Cup play the previous week. Coach John Flanagan continues to prove that he can mold a successful, ever improving team.

### JHS Elections

## Letters To The Editor

(Continued from Page 6)

to determine the effect upon our children's education, while the Tax Rate is skyrocketing upward at an unprecedented 10% increase. Public business continues to be conducted in private and decisions affecting our children made behind closed doors in "Executive Session". It is time for a CHANGE! ARLENE RUDIN represents the change that Hicksville needs. Mrs. RUDIN represents Reason and Responsibility. She is a long time Pro-Education child advocate. Mrs. RUDIN is currently Secretary of the PTA Council, Council Delegate for the Junior High PTSA, Program Co-Chair for the High School PTSA, Member of Special Education PTA, Member of the Educational Goals and Objectives Committee and Member of the Budget Advisory Committee. She was a member of the Hicksville Youth Council-serving as PTA Council's representative, a Campfire Girl Leader, a soccer coach for the Hicksville Americans. Her children have participated in CYO, PBC, Boy Scouts, HASC and the Hicksville Baseball Association.

ARLENE RUDIN's solid budgetary qualifications are indicated by her career position as the manager of a Credit Union with over \$1.5 million in assets and the Accounting and Income Tax business she and her husband, Ken, own and operate.

Mrs. RUDIN has chosen to run for the Board because she firmly believes that School Boards should have a commitment to the children they serve. If you believe, as I do, that it's time for Pro-Education leadership to return to the Board of Education, I urge you to BE ONE MORE VOTE FROM ROW 1B, for ARLENE RUDIN. It's time for a change!

Sincerely,  
John P. Ayres, Trustee  
Hicksville Board of Education

Dear Friends,

It's time for Hicksville to do something concrete about the leadership our community deserves. It's time to replace those trustees, who feel a position on the school board entitles them to execute personal judgments and thereby violate public sentiment, concern and trust.

Regular attendance of the school board meetings and realization of the Board's unresponsiveness to the community concerns has prompted a most able, aware, and committed member of our community to announce her candidacy for trustee in opposition of the incumbent.

Arlene Rudin, is a candidate who honors public trust. She has been actively involved at every level of PTA and Community affairs as an knowledgeable member and officer with an expertise and sense of fairness which is admirable.

I have known and worked with Arlene for the past 12 years serving the children of our district in areas of Cultural Arts, Special Ed., and numerous child-oriented programs. Her support of these efforts on behalf of the students is and has been significant and outstanding.

Arlene has a rare sense of commitment to the Hicksville School Community. Her background as former teacher, parent, PTA officer/member, and business executive qualifies her as a unique candidate. She has always spoken for the child. Her kind of commitment, dedication, and honesty is desperately needed to enhance the School Board.

It's time for a candidate with rational judgement. It's time for Commitment and Integrity.

It's time for a community-sensitive, student-oriented, and most articulate spokeswoman to represent YOUR best interests on the School Board.

It's time to be proud of the decisions your trustees make.

It's time for a change...and it's time for Arlene Rudin. Hicksville needs and deserves the best...Hicksville needs someone to show us what the word "TRUSTEE" really means...I urge you to vote for Responsible Leadership...You can be proud to vote for Arlene Rudin. I am! She deserves your support. We deserve her.

May 25th, Vote Row 1B...  
Sincerely,  
Fran Lolocono

In these times when the going is rough  
Vote for Arlene Rudin.  
Cause she knows her stuff!!

Andrea and  
Alison Zuzzolo  
5th Grade-  
Dutch Lane School

It is so gratifying to know that we have the opportunity before us to have a qualified and dedicated resident running for the Hicksville School Board.

I have known Arlene Rudin for eleven years and have always been proud to work with her on various committees here in Hicksville. She is intelligent, educated, and has a keen awareness of the problems and specific needs of our community and its students.

It is time for us in Hicksville to have a person on our School Board who will remember that the children must always be our prime concern. We tend to become too involved in the administrative areas of the schools and forget that we are here to provide the best possible programs for our children. This involves all our children—not just certain groups. Arlene Rudin is a candidate for our Board who will give the proper input in these areas.

Isn't it time that we accent this important factor - education of our youth? With all the competition our children must face today, we must provide them with the best and most up-to-date education available within our means.

I know, and you will know, that ARLENE RUDIN is the person to get this done.

Arlene Zuzzolo  
2 Grape Lane, Hicksville

Dear Hicksville fellow voters,

We will be fortunate, indeed, to have the opportunity to elect Arlene Rudin to a seat on the School Board. She is a unique candidate who truly deserves the chance to make a difference as a decision maker. She has devoted many years to monitoring the actions of the Board of Education in the best interests of the students and citizens of Hicksville as a dedicated worker in PTA and on Bd. of Ed. committees. I can't think of anyone better informed, or better qualified.

Arlene is a bright woman with a strong business background, and a well deserved reputation as a tireless worker. She took an active interest in Hicksville schools from the moment her children were enrolled, and has learned along with them the pluses and minuses of our system. Her oldest is about to graduate from the High School, and Arlene's only motive for running is to be allowed to put those years of experience to work in a positive way.

It's a rare candidate who can run totally independently on the long-standing history of honesty, integrity, and the years of background work that Arlene has to her credit. The entire Dagna family wholeheartedly supports her, and recommends without reservation that you cast your intelligent vote for this intelligent candidate. Hicksville will be the winner.

Sincerely,  
Norma Dagna

To the Editor:

Larry Wolfson gets my vote for school board member. Why? Because he stands for something. He has a platform to improve Hicksville schools, to make the education system more cost-effective, to initiate long-range planning, to involve the education tri-umvirate (parents, teachers, and children) into all phases of the education process. AND he has 20 years of close involvement into all Hicksville education affairs.

Furthermore Larry is a lawyer - by education, and vocation who has used his unique talents to improve and keep the Hicksville school system among the top-rated in the state and county with his unselfish efforts as a member and chairman of the Citizen's Budget Advisory Committee.

In the past I have not always agreed with Larry's approach to the education and tax problems of Hicksville, and I'm sure I will not always agree with him in the future. But I am absolutely certain of one thing: He has demonstrated a true concern with a and a dogged determination to keep an education system in Hicksville that will educate Hicksville children to the best of each child's

ability. To that end he has fought,ajoled, and charmed his Citizen's Budget Advisory Committee members, school administrators, and school board members with clear, logical, and educational arguments into adopting school budgets reflecting his education concerns. Don't we really want a school board member to not only have Larry's concern and determination about education but to also have the ability to translate them into adoptable budget proposals? AND don't we want that ability to be demonstrated in Hicksville by a candidate long before seeking election to the Hicksville school board? Larry Wolfson is the only candidate who has!!

Thus I shall vote for Larry Wolfson on the 25th of May and shall urge all my friends, relatives, and neighbors to do the same. HE HAS ALREADY PROVEN HE CAN "GET THE JOB DONE".

Sincerely yours,  
Frank H. Willard

To the Editor:

As a past president of our local civic association, I am writing to tell the community how fortunate we feel to have such a qualified person as Lawrence I. Wolfson running for the Hicksville School Board. He has devoted himself to our neighborhood and the entire Hicksville community for over 20 years.

Larry served as our association's founding president twenty-four years ago, and has been president several times since then. As a resident of the community, I am particularly pleased that he has used his boundless energy, knowledge, expertise and enthusiasm on behalf of all Hicksville's school children and all Hicksville's citizens.

Providing an excellent education while walking fiscal tight rope can only be done by the person who will ask the hard substantive questions and bring accountability to the School Board--Larry Wolfson is that person. It was my pleasure two years ago to have been able to present to Larry on behalf of our area a plaque which reads, "With our sincere appreciation for your devoted service and dedication to the education of our children and our community. Choose the man who really cares about quality, cost efficient education and actively support and work for Lawrence Wolfson--I am."

Sincerely,  
Gail Harris

Dear Residents of Hicksville: My wife and I were very pleased to learn that Larry Wolfson is a candidate for election to the School Board. He is not a candidate that is coming out of the closet. Instead he has been an active member of the community for years.

As chairman of the Citizen's Advisory Budget Committee he has been its mainstay. With his guidance and leadership thousands of

### PRESELECTING A FUNERAL HOME

There are a number of important advantages to choosing a funeral home in advance of death. To begin with, it will enable you to find the one that best suits your needs. As with most other professions, there is a whole range to choose from. With a little effort on your part, you can surely find a mortuary that will offer the arrangements you want, at what you feel is a fair price, with the level of service you want.

Having pre-selected a mortuary can be especially helpful if you or a loved one dies away from home. They can help make arrangements with a mortuary where the death took place. If the place was

another country, this is doubly true. A U.S. embassy or consulate abroad MUST have the name of a mortuary in the home city in order to ship the body. Having named one will save the survivors from having to investigate and decide upon a mortuary under pressure of haste and grief, whether the death is at home, in a hospital nearby or outside of the general area.

## At The Hicksville Library

With the enactment of Public Law 94-142, the Education for All Children Act of 1978, "Mainstreaming" of handicapped children became law. "Mainstreaming" requires that all school systems educate handicapped students with non-handicapped students to the maximum extent appropriate.

Successful integration of the handicapped youngster into the regular classroom depends upon the degree of preparedness of all involved: the handicapped youngsters, peers, parents, educators. To facilitate this integration, the Mobile Resource Library, "We Care About Special Children," was developed by the Office of Health Education, North Shore University Hospital under a grant from the March of Dimes, Birth Defects Foundation, Long Island Chapter. This unit provides materials on all aspects of handicapping conditions ranging from comprehensive descriptions of specific disorders to general activities of daily living.

The Mobile Library has proved to be an important source of information to those involved with handicapped youngsters.

From May 17th to June 9th, the Mobile Resource Library, "We Care About Special Children" will be available at the Hicksville Public Library during regular library hours. It will be situated in the Reference Area. The material will not circulate but anything can be read or copied in the library. It is hoped that those people who are interested will take advantage of this opportunity to acquire further information on the subject.

The Hicksville Public Library now offers Video Cassettes for loan. The Cassettes may be borrowed for three (3) days and must be reserved in advance at the library. A listing is available along with the borrowing rules at the library. These Cassettes are available for home use only and may not

be shown to groups, even non-profit or educational organizations.

The Hicksville Public Library has re-scheduled the appearance of Mr. Howard Blau, a Lawyer, whose topic will be: The Hows and Whys of Making a Will.

Mr. Blau is a very interesting speaker and will gladly answer questions during his program.

This program is free and will be held in the Community Room of the Library on Tuesday, May 17th at 8:00 PM.

The film, ROCKY III, will be presented at the Hicksville Public Library on the following dates and times:

Friday, May 13th at 8:00 PM; Saturday, May 14th at 3:00 PM; Sunday, May 15th at 2:00 PM.

While ROCKY III follows similar paths of its predecessors, it also shows how success and time have changed the lives of the

principal players. As heavy-weight champ, Rocky defends his title against several opponents. Balboa's sense of honor, self-reliance and traditional values are put to the ultimate test in this crashing finale to a remarkable trilogy.

The film will be shown in the Community Room. Seating is on a first come basis. Children 10 yrs. old or younger must be accompanied by an adult.

The Department of Senior Citizens Affairs will have a representative, Mr. Seymour Feinberg, at the Hicksville Public Library on Monday, May 16 and Tuesday, May 17. Mr. Feinberg is a Crime Prevention Aid and he will be in the Fiction Room of the Library between the hours of 10:00 AM and 2:00 PM to promote Operation Identification and distribute free burglary prevention pamphlets. Mr. Feinberg will be happy to answer questions and offer helpful information.

## TOB Supports LIRR Electrification Opposes Closing Bethpage Station

At a recent public informational meeting on the Long Island Railroad's proposal to electrify the main line from Hicksville to Lake Ronkonkoma, Oyster Bay Town Councilman Salvatore Mosca reiterated the position of Oyster Bay Town officials that no railroad station be closed within the Town.

Mosca said that, "while the proposed electrification would bring better service and faster trains to our Town's commuters, the closing of the Bethpage or any other station within the Town would have serious detrimental effects. In Bethpage, in particular, many commuters walk to the station. If Bethpage station were closed, these residents would be forced to drive to

another station. "In addition, the closing of the Bethpage station would have a very serious impact on the economy of the Bethpage business district."

Mosca indicated that Supervisor Joseph Colby and other Town Board members have already spoken in support of the proposed electrification plan, but have voiced opposition to the closing of any station within the town.

Oyster Bay Town Councilman Thomas L. Clark, who also attended the Bethpage meeting, noted his concern for the increased demand for parking at the already heavily-used Hicksville station should Bethpage be closed.

people throughout the community who have offered me their support. Those of you who are familiar with my accomplishments over two decades know that my "word" is my "bond". My performance on behalf of our town and our school system has been proven over and over during these many years.

It is interesting to note that I have more years of committee assignments and proven accomplishments than the other three candidates combined. Mr. Meyer has been living in Hicksville for about three years and has served on two committees for the past year and a half at which time he started attending school board meetings. His expertise lies

in the one area of College administration. Mrs. Kemlein has lived in Hicksville for nine years and teaches in the Bayshore School District. She has been active on three committees for only the last three years at which time she started attending school board meetings. Mr. Bommarito to my knowledge has never served Hicksville on any educational committees, nor has he been a board attendee in the several years that he has resided here.

My broad based experience in business, law and accounting, in addition to twenty years of activity in school affairs will permit me to bring to the board table broad experience in many areas of endeavor, rather than experience in just one field.

In the "first round" of school board elections last week, there were two elections that were decided by margins of less than 15 votes. Apathy must not be allowed to prevail when we are dealing with the future of children and a multi-million dollar business. Once again, I ask for your support by speaking to your friends and neighbors. Please call if you can offer help in the campaign. I can be reached at 931-5353 during the daytime and at 334-2937 during the evening. Above all, please remember the vote you cast CAN make the difference. Please vote LAWRENCE I. WOLFSON Row 3B on May 25, 1983 and allow me to continue to serve Hicksville.

The Committee to elect Pamela Kemmlein invites you to "Meet Our Candidate" at the Jolly Swagman, 100 W. Nicholas Street on Tuesday, May 17th, at 8 P.M.

Mrs. Kemmlein is running for School Board Trustee because she is concerned with the proposed changes recommended by the Administration. "I am concerned with the proposal to

increase class size and to cut-back on support services, such as remedial math on the elementary level," explained Mrs. Kemmlein.

According to the Committee, Pam wants to bring the education she has obtained, from actively participating on the Citizen's Advisory Budget Committee, Gifted and Talented Committee, and Long Range Planning Committee,

to the School Board. Pam, a Hicksville resident for 9 years, is a mother, whose children attend public school.

The Committee invites the Hicksville community to meet with Pam and to discuss with her any educational concerns you might have. Tickets can be purchased from Diane Croce 822-8813 and Marge Kelly 735-6451.

# Volunteer Fire Service Day

By Sup. Joseph Colby

I am pleased to learn that the New York State Assembly will honor the State's Volunteer Firemen with a "Volunteer Fire Service Day" on May 16 and 17th. A special two-day program to promote community awareness and recognition of the valuable contribution of our volunteer firefighting force is certainly to be applauded.

The conscientious citizens

who volunteer their time and energy as firefighters save local governments about one billion dollars each year, although the true value of their donation cannot be counted in dollars.

Our volunteer firefighters have the respect and admiration of residents in our Oyster Bay communities, not only for their valiant efforts in keeping our homes and

property safe from the ravages of fire, but for the public safety programs.

With this thought in mind, now that we are entering the barbecue season, I would like to remind residents of the need to follow proper safety procedures while cooking out of doors in order to avoid a call to the Fire Department. If you are

(Continued on Page 15)

## Letters To The Editor (Continued from Page 10)

dollars have been saved each year. He has been instrumental in insuring that residents get the most from their tax dollars. Undoubtedly this is why Ben Kletecka, senior citizen, active and vocal member of this committee said "It's about time." (Herald, 6 May, p4). Certainly if I too were a senior citizen on a fixed income I would want Larry Wolfson to be on the School Board.

And at the same time Larry Wolfson does not throw the child out with the dirty bath water. He is a candidate that wants to insure that all students receive an education. He believes very strongly in a saying that is familiar, "A good education is inexpensive compared to the price society pays for ignorance."

Also, Larry Wolfson is a planner. He anticipates solutions to problems that are going to require tough decisions. Already he is studying methods and alternatives when and if it is decided that Hicksville should close a school building. He believes in a smooth transition that will not disrupt careers, confuse parents and cause needless busing of students. A vote for Larry Wolfson is a vote for common sense and support for long range planning.

As an attorney Larry Wolfson brings with him the expertise of that profession. He recognizes that employee contracts should not be of the stop-gap nature. With Larry Wolfson on the school board you will have a trustee that does not hem and haw. Rather, he quickly gets to the bottom line on issues.

We feel that there are many residents who will support what this candidate represents. We urge you to join with us and support what Larry Wolfson has been doing on the sidelines for years. Give him your vote of confidence for being such a responsible community member. Make your vote count and help elect Larry Wolfson.

Sincerely,  
Edey and Philip PROVOST  
Parents, teacher and residents

Dear Editor:

It was with great pleasure and relief that I learned from the letter printed in your paper last week, that LAWRENCE I. WOLFSON is a candidate for the Hicksville School Board.

The pleasure that I felt comes from the knowledge I have of Mr. Wolfson's many years of broad experience in dealing with our school district's varied issues. He is a man of the highest integrity

and has used his talents and energies serving our children in various titled and untitled tasks. He is, in essence, a true representative of what an involved American citizen should be.

The relief I felt was due to the fact Daniel Arena leaves behind. Since Mr. Arena is not running for re-election, we need a new Board member who has the experience and familiarity with our District and the true day-to-day job of a school board member. Since Mr. Lawrence Wolfson possesses this background, he is the best qualified candidate to handle such responsibility.

I trust that my fellow Hicksville residents will ensure their children's education and their property values by electing LAWRENCE I. WOLFSON to our School Board.

Sincerely,  
Mrs. Pat Rooney  
56 Vincent Road, Hicksville

Letter to The Editor:

I believe this is a critical year for the Hicksville School District. We are faced with an urgent need for long range planning and fiscal restraint; but at the same time we must fight to maintain the high quality of education we have worked so hard to achieve. It is imperative therefore that we elect candidates to the School Board who are well qualified and experienced to face the difficult tasks demanded of them.

I am supporting Lawrence Wolfson in his campaign for the seat vacated by Daniel Arena because I believe he is the best qualified and experienced of the candidates. In addition, he is running as an independent, which is extremely important. As a lawyer and an accountant, Larry is well equipped to address the Board's fiscal and budgetary problems. As you know, he has served for years on the Board's Budget Advisory Committee, the last three as its chairman. As a pro-education parent and resident, Larry has been an active member of the school community for more than twenty years, having served on most of the other Citizen's Advisory Committees as well. He is dedicated to helping our children receive the finest education our district can afford.

I believe it would be difficult to find anyone more qualified than Larry Wolfson to be elected to our School Board. I urge you to support him by speaking to your friends and neighbors and by casting your vote for

him on May 25th.

You know Lawrence Wolfson and what he stands for. Give him the opportunity to serve all the children and residents. I am fully confident that he will serve the community well.

Sincerely,  
Honey Singer  
Member Hicksville  
Board of Education

To the Editor:

As a man who had served for 21 years on the Hicksville School Board and had the high school field named in my honor, I believe that as a Board Member emeritus, I can speak to the issues of what makes a good school board trustee.

A successful school board member is one who is knowledgeable about many things. It is important to have been involved with the schools over a long period of time, as well as an understanding and involvement with the community as a whole.

Lawrence I. Wolfson not only has all the vital attributes to be a fine board member, but he has demonstrated his abilities in all areas over twenty years. His concern for all children is paramount in his mind and actions, but he is not unmindful of the fact the educational system in Hicksville revolves around a budget that is larger than most businesses in this country. In addition, he has shown his concern for our senior citizens and our property values.

Larry's background in accounting and law will bring to the Board of Education the financial expertise that will be lost when Daniel Arena vacates that seat. It is important to have not only a well rounded education, but also a well rounded board, so that they may deal with the many different and difficult tasks which are presented to them throughout the year.

I ask all my friends and neighbors in Hicksville to vote on May 25, for a man who has given so much of himself to our community and who is so dedicated that he wishes to continue to give of himself for all of Hicksville. VOTE for LAWRENCE I. WOLFSON, an outstanding citizen, and a caring human being.

LAWRENCE I. WOLFSON needs our support and help; call him and offer to work for his election. I know he will serve us all with honor.

Sincerely,

# Things That Gripe Me About School Board Education

By Michael Polansky

1. The proliferation of "vote for me" signs on every telephone pole, LILCO pole, and tree in Plainview-Old Bethpage. Needless to say, the candidates who were all so different in putting these signs up in the weeks before the election don't bother to take down again afterwards — leaving our community with a decidedly sleazy look for months afterwards.

2. Candidates who make exaggerated claims about what they will do for us after they're elected...and then don't even try to back up their promises with action after they're elected.

3. Candidates who fault other candidates for not having any children in our schools. People with kids in our schools don't have an ex-

clusive franchise on serving our community on the school board. From a historical standpoint, a couple of our best Board members had no kids of their own in the schools while they were serving. Also, a good argument could be made that they make better board members because they have no personal axes to grind.

4. Candidates who "come out of the woodwork" to present themselves to the voters, and then disappear back into that very same woodwork if they're not elected. Community service shouldn't begin and end with "glory jobs" like the School Board.

5. The procedure of voting for School Board members by specific "seats". If there are three spots to be filled on

the Board, there's no reason why I shouldn't be able to vote for the three most qualified candidates. The "jockeying for position" that takes place in the days before the filing date is unnecessary and counterproductive—as are the personal attacks that seem to "come with the territory" when you have voting on a seat-by-seat basis. It's high time that the voters of Plainview-Old Bethpage were given the opportunity to change the system and opt for at-large election of board members.

Those are my pet gripes about School Board elections in Plainview-Old Bethpage. Does anyone else have any thoughts, now that the dust is settling for another year?

## Town Honors Senior Volunteers

Senior citizens were honored at Oyster Bay Town Hall, today, (Tuesday, May 10), in ceremonies recognizing their efforts in the Town of Oyster Bay Volunteer Services Program. The ceremonies were highlighted by the presentation of the "Senior of the Year" awards by Town Supervisor Joseph Colby.

Senior Citizen Recognition Day is held annually in the Town of Oyster Bay and coincides with the nationwide observation of May as Senior Citizen Month. Merit awards are presented to various seniors in recognition of the time and effort they contribute as part of the Town's Volunteer Services Program. The Senior of the Year is cited for outstanding contributions.

This year's Senior of the

Year is Mrs. Kay J. Frielingdorf, 76, a resident of Plainview since 1955.

Mrs. Frielingdorf's active volunteer work stems from her love of dancing, which began half a century ago. Kay started taking dancing lessons at the age of 26, but only found the courage to perform in a recital at the age of 52. She has not stopped dancing since!

Shortly after her first performance, Mrs. Frielingdorf began volunteering as a "student" performer with groups from the dance studio where she took lessons. From that time until today, Kay has continued to volunteer her time and considerable talent, giving regular performances at nearly 30 nursing homes, churches, senior centers and hospitals.

Eight years ago, Kay joined the North Massapequa Senior Citizens Club. Her involvement in the club grew, and soon she was not only teaching dancing, but performing with the Town of Oyster Bay Swinging Seniors band.

Today, Kay continues her study of dance by attending classes at no less than four separate studios each week. Her extensive dance repertoire includes tap, jazz and aerobics, but her favorite routine (and her audience's) remains the "Miss Piggy Striptease." In addition to designing and sewing her own costumes, Mrs. Frielingdorf still finds time to enjoy her other hobbies of gardening, bowling, painting and traveling.

The Town of Oyster Bay operates 11 Senior Citizens Clubs under the auspices of the Senior Citizen Services Division of the Department of Community Services. Open to all Town residents 60 years of age or older, the clubs offer a variety of social and recreational activities, as well as volunteer opportunities to seniors. For further information on senior activities call the Division for Senior Citizens Services at 795-4785.

## Legionnaires' Log

By Artie Rutz

CHARLES WAGNER POST # 421  
HICKSVILLE N.Y.

Attention ALL members of the PAST COMMANDERS' CLUB ... Our next meeting is scheduled for June 24th at the Jolly Swagman at 7:30 P.M. ... This is our annual election meeting (except we now do it for 2 year terms and this year is the time) ... If you haven't had a call from Wes Tietjen regarding this night please contact him and request a menu ... All menu items are moderately priced and we would be happy if you would signify your intentions as soon as possible so everything will be in order before that night ...

Remember that this is the one night each year that the wives and lady friends are permitted to attend ... Some rather interesting facts have turned up in the search by Legionnaires of why so few of our people know or understand history of our great America ... It doesn't come as part of physical and mental processes ingrained at birth and secondly, we fail to teach the history of the nation ... AND, coupled with the facts that show that 85% of all Americans living today had not been born when World War I took place ... More than 2/3 of all Americans living today had not been born in 1931 when the Great Depression began ... 62% of the people living in our nation today had not been born when Hitler invaded Poland and 54% had not been born when

World War 2 ended in 1945 ... 40% of our people had not been born in 1951 when the Korean War began. More than 1/3 of our nation were not born when Eisenhower took office for the second term. And listen to this one ... over 25% of our people had not been born when John F. Kennedy became President ... This is why so few Americans know or understand their country's history ... This is the great reason for needing more image makers in the American Legion, and the Auxiliary who are willing and available to stand up and to tell the story of American history in action ... The farther we go down memory lane of historical events, the dimmer the event becomes ... Unless we are willing as image makers to rekindle the flame of the spirit, then our lights will go out ... And, there are those in The American Legion who have already started the fight to preserve our nation and are telling the story of our American heritage of freedom wherever they go throughout America ... Get Thee behind America and tell her story and tell it well or as the old adage goes, "If you have something to sell, don't whisper it down a well but shout it from the highest steeple to all the people ... From time to time I have mentioned that The American Legion was responsible for the wonderful G.I. Bill of Rights that put such a shot

in the arm in our economy after World War 2 ... The recognized architect of this piece of veterans legislation is Harry L. Colmery, a past national commander of The American Legion in 1936-37 ... He also served nearly 40 years as president of The American Legion Endowment Fund Corporation ... In his honor a memorial will be established in the Endowment Fund Corporation Room on the 3rd floor of the National Headquarters Building at Indianapolis and will feature a hermetically sealed display case containing the original draft of the legislation that Colmery designed and became known as the GI Bill of Rights ...

The memorial is a gift of the Army, Navy and Air Force Veterans in Canada, U.S. Unit ... The dedication ceremony will be conducted by Past National Commander Bob Chuck Smith, President, American Legion Endowment Fund Corporation ... The main address will be given by Harry Walters, Administrator of Veterans Affairs and a graduate of West Point ... Incidentally, did you know that Harry Walters was the fullback on the last undefeated Army football team and received Honorable Mention All American honors ... So there Tom Nikitas is a bit of football ancient history that you have just learned ... See you all at our next meeting, Monday, May 16th.

Mr. Rimmels is chairman of the Board of Governors for the 106-year old girls school. 350 guests enjoyed the newly-constructed surroundings, made even more beautiful by masses of purple, pink and white flowers and balloons, and danced to the music of Bill Harrington and his son with their orchestra. She also has been raising funds to provide a nurse's scholarship for those who will specialize in care for persons with lung and respiratory ailments.

Mrs. Judith Yannotti, at right, of Bayville, Eight and Forty Chapeau, is shown with Mrs. Marie Cook of Uniondale, Nassau Salon #24 Chapeau, going over final plans for the Saturday State Executive meeting.

The members of Nassau Salon #24 will serve as hostesses under the leadership of Mrs. Marie Cook of Uniondale, who is serving as Salon Chapeau.

In the evening, the Nassau women will honor Mrs.

Yannotti with a formal homecoming dinner. Mrs. Yannotti has served previously as Nassau County Chairman of the American Legion Auxiliary and as Nassau County Salon Chapeau of the Eight and Forty.
