It's Rudin, Wolfson And The Budget

By Rosemary Grant

Last night, Hicksville voters approved the school budget; Arlene Rudin defeated Board President Charlene Anci and Larry Wolfson won the race for Daniel Arena's place on the Board of Education. For-eign language and Guidance Counselor propositions were defeated. (Tally by schools are listed below.) The Budget received a total vote of 1936 yes against 1527 no. Rudin received over 300 votes more than Anci and Wolfson finished well ahead of his closest opponent, Pam

Prior to the reading of the voting results by District Clerk, Jane Wilder, a regular meeting of the Board of Education was conducted, where a resolution was passed for school to be closed on May 31, 1983.

closed on May 31, 1983.

The Board also handled the very pleasant task of granting tenure to Gerald Klein, principal of the Junior High School and Richard Hogan, Supervisor Physical Education, Health and Recreation.

Trustee Tom Nagel com-mented "We have a happy combination here...Mr. Klein came from New York City and brought his quali-ties to the District. Mr. Hogan, from the district, took chances and opportunities that were offered and did a fine job. It is the mixture of people like this that make Hicksville the exam-ple it should be."

The Board also adopted a

resolution to establish a Madeline Wicksel Scholar-Madeline Wicksel Scholar-ship Fund. Ms. Wicksel is a third grade teacher retiring from Dutch Lane School this year and her husband has given the \$2,500 scholarship in honor or her

John Ayres cast the only no vote when the Board adopted a policy regarding an Organizational Chart for Educational Services.

The Board awarded bids, approved claims and war-rants, approved textbooks and recommendations of the Committee on the Handi-capped. It also handled other matters regarding district routine business.

During the General Public session, several parents of second grade students at the Lee Avenue School objected to the reduction of one 3rd grade class. This will result in a class size of 27 or more as opposed to the ideal class size of 21 to 25. One parent was applauded when she said "If another teacher is not hired, we are consider-ing pulling our children out at the beginning of the school year and I think the people at Lee would stand behind me."

A representative of the PTAs thanked Mr. Becker for designing an easy porta-ble fingerprinting unit. The PTAs will begin a district wide fingerprinting program at the Old Country Road School next Thursday and Mr. Becker's invention will allow each school to have its

own permanent unit.
Frank Grimmer asked
President Anci if Old Country Road School principal Lou Penque was being moved into administration. Anci replied "I cannot discuss personnel items in public."

Fenton reported the district is going to introduce a pilot project, teaching typing on an individual basis to children learning to use a compu-ter. She asked Ronald Friedman to give a report of the District Long Range

Plan. Enrollment Projections indicate the next six years will show an approximate 5% decline per year. The report also projected expenses and program

Daniel Arena, Chairman of the Long Range Planning Committee explained a recommendation he sent to the Board, advising that they interview consultant with the idea of higher a conwith the idea of hiring a consultant to determine long range plans the district should make over the next six to eight years.

The next regularly scheduled meeting of the Board of Education will be held on June 8, at 8:15 p.m. in the Conference Room of the Administration Bldg.

VENERABLE SKIP MONTEFORTE'S MES-SAGE: 'The man who rows the boat generally does not have to rock it.' Old Saying.

Last Saturday, on a humid night sprinkled with light rain, the Ladies Auxil-iary of the Galileo Lodge presented their May Dance. Over 200 people attended, enjoying line cuisine, excel-lent dance music, the plea-sant ambiance of the Lodge and the genteel spirit of the Ladies Auxiliary itself. Mary Montefole once again 'chaired' this activity inbeauchaired this activity inbeau-iful style, assisted beauti-fully also by Rose Riccardi, the co-Chairlady, and aided tremendously by a host of other male and female members, namely, President Ann Palermo, Marion Fried, Mary Surrera and John Sarrera and many others too numerous to mention. And in the kitchen, the val-iant efforts (considering the heat of the night) of Jim Posillico, Frank Matassa and Jack Riccardi; and the bartenders. Mickey Russo and Bert Molineli. In view of this conglomeration of unprecedented help and assistance, Chairlady Mary Monteforte wishes to extend her deepest and sincerest thanks to all these loyal and dedicated people. And last but not least, another gra-cious thanks to Marion Denseglio for her Maytime decorations and for her generosity in donating them to the Lodge, from Mary Monteforte.

Although the Foolies Follies' is usually a Fall Activity, the planning for it starts in early Summer. So, to expand on this subject. lease permit me to informthose who are unfamiliar with this activity that the 'Foolies Follies' is a musical comedy revue, slightly burlesque in presentation but much cleaner, and consisting of skits, acts and sketches featuring comedy, dancing, singing, pantom-ine, acting, etc.—the talents of which emanate from the male and female members of the Galileo Lodge and the Ladies Auxiliary. Sue Lau-renti (9310036) will direct this activity, ably assisted by Mary Monteforte. The date is Friday, October 14th, and rehearsals are now taking place every Tuesday night at the Lodge, from 8 to 10 P.M.

A Message From The Hicksville **Community Council**

For the past twelve years the Hicksville Council has held its Annual Awards Dinner and Installation of Officers on the first Thursday in June...not so this year

This important commun-ity event has been scheduled for Thursday, Sept. 15th this year, for reasons too numerous to mention...suf-fice to say, that we look forward to seeing all our community leaders on Sept. 15th, at which time not only will the activities in Hicks-ville this past year be reviewed, but an exciting new 1983-'84 program will be revealed a program that promises a renewal of com-munity spirit and continued help in working together FOR A BETTER HICKS-

A Long Weekend

Hicksville schools will be closed on Tuesday, May 31, extending the Memorial Day holiday for teachers and students. District offices will remain open.

The action was approved by the Board on Wednesday evening, May 11, in order to return an unused "snow day" included in the current

school calendar. Such snow days are customarily included beyond the number of mandated days of instruc-tion as a contingency in the case of inclement weather causing school closings.

The district will inform parents of school children of the additional holiday by mail carly next week.

This weekend most of us have time off from our work to honor those who made the supreme sacrifice ... those who gave their lives while serving in the Armed Forces of our country.

They cared enough ... they died that we might live and strive toward the ideals in which we believe. This is true in every sense of the word. If you don't believe this .. try living for awhile in a distanceship.

Furthermore, those who care, also honor those wounded in the service of our country ... and those who are still MIA.

Do you do this on Memorial Day? SHEILA NOETH

The Balloons Return

Mary F. Matthews

"Did we get any balloons returned today" That was the question heard fre-quently in the Burns Avenue Media Center after the Balloon Launch for National Library Week. When the Guess-how-far-the-farthestballoon-will-go" contest came to a close, the children dropped in daily to search maps for a newly added pennant which showed the location and snowed the location was found. So far, the Media Center received 12 responses. One came from our close neighbor Syosset and the farthest came from Codyville, Maine. Many of the responses from Maine were from fishing communities. Two were discovered on an island off the coast of Maine, and one was actually found at sea by a lobsterman.

Hello! My name is Bob Chandler, and I work for a large paper company in Maine, Georgia-Pacific. Recently, while out cruising timber, I found one of your balloons. It was yellow, about the size of a grapefruit when I found it, and it was hooked on a small fir tree. It had the initials S.B. on one side and a note to "Look Inside", which of course I did. You will find the remains of your balloon enclosed. I found your balloon in a small town named "Codyville", which has a population of only 150 people. I live in an adjacent town called Topsfield where the population is 256. I have also enclosed a copy of one of our maps showing you exactly where I found the balloon. Also of interest is the newspaper clipping which was in the Bangor Daily News of the recent finding of one of your other

Memorial Day 1983 By Sup. Joseph Colby

Memorial Day, 1983. Youngsters will be looking forward to the excitement of parades, the color of the uniforms and the pageantry of bands stepping smartly down the street. To many of them, Memorial Day is a 'celebration', a day off from school heralding the start of the 'barbacue season.'

To those of us who are old enough to remember Vietnam, Korea, World War I and World War II... and all of the conflicts in which our counfry has engaged... Memorial Day presents a paradox. Yes, there is color and pageantry and yes, it does take on a celebratory air, but the celebration is

more an offering of respect and grateful appreciation to those who served this country with honor in times of national peril.

Oyster Bay's foremost son, Theodore Roosevelt, has called Memorial Day "...the day of homage to heroism. But it is also a day of mourning..." They paradox is that this country chooses to honor its dead with parades. Perhaps because it seems fitting to honor those who have defended our country from the ravages and destruction of war with large public gatherings that celebrate patriotism. Theodore Roosevelt also said, "Socie-

ties that cultivate patriotism in the present by keeping alive the memory of what we owe to the patriotism of the past, fill an indispensible function in this Republic..."

And so, in keeping with the traditions of this country, we will honor and pay homage and celebrate the patriotism of those who have served this nation so well. We will also pay respects to those who have not died, but who have suffered injury when they came to the forefront to protect and preserve our heritage.

During the festive Christmas and New Year's season, we all use the greeting "Peace on Earth, Good Will Toward Men." to signify our wishes that the coming year will fulfill our hopes for peace. Perhaps we would do well, on Memorial Day, to offer each other similar greetings, so that when rosters of those who have given their lives are read in communities across the nation, we will be offering our hopes that those rosters will not lengthen. It is important that we remember the patriotism of the past, but let us fervently hope, especially on Memorial Day, that Peace on Earth will not signify merely a hope for the future, but will truly become a reality.

Sanitation Schedule Modified For Memorial Day

The Town of Oyster Bay sanitation collection schedule for the Monday, May 30th, Memorial Day holiday, will be modified, according to Town Councilman Thomas L. Clark.

"Residents who normally receive pickup on Monday, will have a special collection on Tuesday, May 31, while Tuesday collection will be made on Wednesday, June Ist," Councilman Clark explained, "Collection will return to its regular schedule on Thursday, June 2nd.

Clark noted that all Town offices will be closed on Monday, May 30th in observance of the holiday, adding that all park facilities will be open during the three-day holiday weekend and that Tobay and Centre Island Beaches will also be open.

In addition to the sanitation collection schedule modification, Clark announced that certain commercial and business activities will be required to suspend operation between the hours of 9 AM and 1 PM on May 30th to allow for Memorial Day observances. Those businesses affected include all trades, manufacturers and mechanical employments as well as real estate.

Restaurants, grocers, delicatessens, bakeries, farm stands and fishing and bail suppliers are not affected by the closing time.

Plainview-Old Bethpage has been described as an "instant" suburb. In 1950, the town comprised some 2000 people, most of them potato farmers. Ten years later the population had soared to almost 30,000. World War II veterans and city dwellers had begun their subfirban exodus.

In just a few years, the community's 300 year farm-heritage virtually disappeared. Today, few Plainview-Old Bethpage residents are aware that the town has a history that predates the suburbs by almost three centuries.

Children in each of the district's 4th grade classes were given special opportun-ities to appreciate Plainview-Old Bethpage's unique his-torical legacy on May 19th, May 20th and May 24th. On these dates, between the hours of 9:30 am - 12:30 pm, 4th grade children from the Old Bethpage, Parkway and Jamaica Avenue Grade

Schools, respectively, were taken on guided tours of the community's historic sites. The bus tours were conducted by three specially-trained Kennedy High School students: Robert Lowe, Joel Rabinowitz and

The three four guides have been in training, since last October, as oral history interns. Their instruction, provided by Dr. Richard Koubek, his included intensity and the provided of Plainiview, Old sive study of Plainview-Old Bethpage history. Having spent months pouring over primarly and secondary source material, the guides are well informed about the are well informed about the community's history and the history of each of the sites they visited.

In all, the children visited thirteen historic sites. Some were observed from the bus, with the guides using old photographs to illustrate how the location appeared during the pre-suburban era. At other sites, such as the Manetto Hill School and Schwartzenback Estate, the children disembarked from the busses for a close-up look at the location. The guides worked from prepared scripts at each site.

Fourth graders were selected for the tours because these children study Plainview-Old Bethpage history in their Social Stu-dies curriculum. The tours culminated their study of

multimedia history's of the community, a one hour documentary broadcast by Cablevision Systems of Woodbury, two all-day conferences on local history held at Kennedy High School, the Oral History Project that, by June 1983, will have recorded almost 20 hours of taped interviews with long-time community residents, and three localhistory seminars held for adults. Historical reference materials on Plainview-Old Bethpage history (docu-ments, photos, tapes, etc.,) are each year added to the collections held by each of the school district's libraries and the public library

IMPORTANCE OF PLANNING

Often one works for a lifetime, makes countless secrifices, and does a great deal of planning in order to provide financial security for one's heirs. On the other hand, often too little time and thought is spent on other considerations involving one's survivors.

What should be done in the event of one's death is of primary importance. It is a difficult enough time for spouse and close relatives without having to make decisions regarding your wishes - particularly if these have never been expressed. Discuss the sub-ject openly and, better yet, include your wishes in written form (called letter of instruction).

Plan ahead concerning other matters. Should the survivor stay where he or she is and live alone? Would it be better to move in with grown children, another relative, a friend, a retirement community? Unless this type of question is explored and answered, one has not fully provided for one's survi-

Legionnaires' Log CHARLES WAGNER POST # 421 By Artie Rutz

HICKSVILLE N:Y.

000000

I was asked the other day what were the qualifications to join The American Legion Ladies Auxiliary..... Guess what?... This subject being my pet peeve I pro-ceeded to chew out the person requesting the information !... Sorry, but that question about the 'ladies' auxiliary has been asked too many times and never seems to stay answered anyway let's give it another whirl and make it clear that there is NO Ladies Auxiliary

attached to The American Legion There is an American Legion Auxiliary whose membership is strictly female and perhaps here's where the misconcep tion arises Maybe all could easily be rectified if males were included in the Auxiliary's ranks and then the 'ladies' nickname would disappear ... I try to under-stand when someone not connected with the Legion makes this mistake in identifying the Auxiliary as

'Ladies Auxiliary' but when some Units have printed stationary and checks bearing the inscription 'Ladies Aux-iliary of the American Legion' that is too much for me Our next Las Vegas Nite which is tomorrow night. Saturday. May 28th and as usual we need as many of the committee to be on hand as possible If you are a committee member and you haven't done your share for a while. come on down and give of

our talents And this is followed on Sunday morn ing by the annual visit to the Plainlawn Cemetery to honor the veterans buried there at 8:30 A.M. and that is followed by our annual service at Charles Wagner's grave at the Holy Rood emetery which is also on Old Country Road Seems like the first time in years there isn't a conflicting service by the county at Eisenhower Park on this same morning On Monday morning you should be on hand for the annual Hicksville Memorial Day parade which information as to the assembly and route of the parade is contained

A Look At The Lockhorns

At the Monday, June 6, meeting of the Independent Art Society at 7:30 PM in the Hicksville Public Library, 169 Jerusalem Avenue, the demonstrator will be Bill Hoest. We take pride in presenting the internationally syndicated cartoonist/author of "The Lockhorns", plus "Agatha Crumm", "Bumper Snickers",

balloons in Addison, Maine, which I have also circled on the map. Hope I have been of some help.

> Sincerely yours, Bob Chandler District Forester Northern District

On Monday our contest was officially closed. Sheila Leano, a sixth-grade student in Mrs. Ruth Silverman's class, was announced the winner. She was the closest in guessing distance from which a balloon was returned. Sheila received a

\$25.00 gift certificate for books from her principal, Dr. Frank E. Burke.

Although National Library Week has passed, interest still continues with the student body. Through the balloon launch, the stu-dents at Burns Avenue School spread the word that "THEY LOVE LIBRAR-IES" and are still waiting to hear if anyone got their message.
