Board Of Ed Sets Tax Levy For '83-'84

During the action session of Wednesday evening's meeting, the Hicksville Board of Education approved and ratified a resolution setting the tax levy for the 1983-84 school year. The total tax levy of \$24,576,771.74 is the amount to be raised for school and library purposes, and the resolution will be sent to the Nassau County Board of Supervisors and the Board of Assessors.

The Board also passed a motion to cast a vote for Richard Ornauer to be Area 11 Director of New York State School Boards. Lawrence Wolfson was designated to be the voting delegate at the New York State School Boards Association annual meeting to be held in October. In further actions, the Board approved recommendations of the Committee on the Handicapped, awarded bids for school district publications, transportation, sanitation services, oil burner services, and fuel oil, and approved claims and warrants. Board of Education liability insurance was increased from \$3,000,000 to \$5,000,000 to cover legal costs and court settlements for wrongful acts resulting from judgements or decisions rendered by the Board.

Appointments and Resignations

The Board accepted the resignations of Richard Been, Junior High music teacher, Lisa Moeller, Assistant Director of Special Education and Pupil Personnel Services, and Jean Linn, resource room teacher at Dutch Lane School. The Board appointed Dr. G. Robert Couillard as the district's new Assistant Superintendent for Educational Services and Gerard Dempsey as Director of Instruction. Michael Sinatra was appointed guidance chair at the Senior High and Gus Patisis received an appointment as a business education teacher at the High School. Mr. Patisis was excused as a guidance counselor at the end of the last school year, and he

will be continuing on the staff as a teacher. Arnold Dudley was appointed band teacher at Fork Lane School and director of the marching band at the High School. Margaret Friedlander will continue as regular substitute in art at the Junior High, and Katherine Waller was appointed part-time home economics teacher at the High School. The Board also approved appointments of school physicians, media aides, teacher aides, and part-time secretaries, and two teachers were granted leaves of absence.

Education For The Handicapped

Robert Greenberg, Director of Special Education and Pupil Personnel Services gave an update report on the handicapped education. He discussed legislation impacting on educational programs and reviewed proposals for obtaining federal entitlements, followed by an overview of the district program for youngsters with handicapping conditions.

In Other Matters...

Two textbooks, The Pageant of World History and The New Exploring our Nation's History, were submitted to the Board for review. These books will be used at the High School in grades 10 and 11, and the Board will be asked to take action for final approval at the next meeting.

Mr. Ayres reported on the activities of the Educational Goals and Objectives Committee and distributed a proposed Board policy outlining sanctions for truancy and excessive absenteeism.

The Board also held an executive session to discuss personnel matters and negotiations at the end of the meeting.

The next Board of Education meeting will be held on September 14 at 8:15 pm in the Board Conference Room of the Administration Building on Division Avenue.

Council On Arts Award To Hicksville Gregory Museum

The Trustees of the Hicksville Gregory Museum are pleased to announce that the museum has been awarded a program grant of \$2,000 by the New York State Council on the Arts. The grant is for the year 1983-1984. By virtue of a project contract between the Museum and the Council on the Arts, the funds will be used to defray a portion of the costs of professional consultants and technicians to assist the museum in the design and development of an expanded Long Island Geology Exhibit at the museum.

In making this project grant, "the New York State Council on the Arts is once again expressing its recognition of the high quality of Gregory Museum's geology collections and of its valuable and progressive contributions

to education and culture on Long Island," according to Richard Evers, the Museum's Executive Director.

The Museum intends to match the Council's project grant in an effort to focus more strongly on the very relevant exhibit areas of Long Island's geological origins and structure and its ground water resources and problems.

There is no charge and everyone is invited.

Marines Tell Purcell Of Free Test Programs For Schools

The Marines pulled a switch on the old tag line—they told it to the county executive.

And then he told this to the Marines: "It looks like a great program for students, high schools and colleges."

Marine Reserve Colonels Vincent Spinella and Louis Ragosta, both educators who live in Babylon, called on Nassau County Executive Francis T. Purcell to describe an Aptitude test which the armed forces are offering Long Island schools and colleges. The Armed Services Vocational Aptitude Battery measures aptitude in 12 vocational-technical areas to give the student insight on his or her future.

"The Marine Corps will arrange through school districts and guidance counselors to schedule the test, will provide proctors and all supplies, and return computerized test results all without charge to students and schools," Purcell said.

"It sounds to me like an excellent means for young people to get a handle on their aptitudes and perhaps plot a career course. It is a great warm up for those planning on going to college. Just as importantly, it will help mark a course for those aiming at vocational training or the business world."

The test areas include general information; numerical operations; attention to detail; word knowledge; arithmetic reasoning; space perception; mathematics knowledge; electronics information; mechanical comprehension; general science; shop information; and automotive information.

"The test results can enable school counselors to guide students in future education and careers," Col. Spinella told Purcell. "That participation by a school district also brings with it a complete package of backup guidance information including films and in-service training materials."

He also explained that Defense Department policy prohibits any recruiting during the test period. The ASVAB results, however, do relate to military specialties and stu-

County Executive Francis T. Purcell, second from right, meets the Marines and hears about a testing program they are offering school districts.

With him are, left to right, S/Sgt. Moses Reynolds of East Meadow, Col. Louis Ragosta of Babylon, First Lieut. C. J. Kilbride of Garden City and Col. Vincent Spinella of Babylon.

Students will be offered information on enlistment and available programs. Test results will not be released to any agency outside the school district and the armed services.

"Students are encouraged to finish high school before contemplating enlistment in any of the services," Col. Ragosta said. "When they have their diplomas, there are great opportunities open for technical training and full college programs."

Any school official interested in obtaining further information on the free ASVAB tests can contact First Lieut. C. J. Kilbride at Marine Corps offices at 5 Broadway, Freeport, N.Y. 11520, or by calling (516) 223-3431.

Seniors With Incomes Of Up To 13,500 Could Be Eligible For Property Tax Abatement

Senator Norman J. Levy's (R, C-Merrick) thirteen year crusade to provide additional real property tax relief for many New York State senior citizens, has culminated with the Governor signing into law a unique measure sponsored by the Long Island legislator which will allow those municipalities and school districts in the State, presently granting senior citizen homestead real property tax relief, to increase the maximum income eligibility requirement to an additional \$3,000 above the current level, on a sliding scale basis. The measure was principally sponsored by Assemblyman Arthur Kremer (D-Long Beach), Chairman of the Assembly Ways and Means Committee.

Levy, a member of the Senate Committee on Aging, explained, "This new 'local option' law will allow those senior citizens whose income are greater than the maximum \$10,500 limit for 50% real property tax relief, to receive between a 45%-20% exemption for incomes, up to \$13,500 and thereby helping to ease the financial burden on many senior homeowners."

Levy pointed out that previously, one senior with an income of \$10,500 was eligible for the 50% tax break, while another senior with an income of \$10,501 could not receive any relief from his real property taxes.

"Under my 'sliding scale' measure, the second senior citizen in the example will be eligible for a 45% tax reduction

and that is much more equitable and just than entirely excluding a senior homeowner from the 50% real property tax exemption, simply because he has an income that slightly exceeds the current eligibility level," Levy stressed.

"The enactment into law of this measure providing senior citizens with additional real property tax relief is an important and vital step forward to aid our State's senior citizens, enabling many seniors to continue to live in the homes they love and communities they have worked to build with their efforts and tax dollars," Levy concluded.

"J.R." CALLS ON CONGRESSMAN MCGRATH - Actor Larry Hagman, who stars as J.R. Ewing on the hit television series "Dallas," confers with Congressman Ray McGrath (right) at a special reception sponsored by the Congressional Arts Caucus, of which McGrath is a member of the Executive Board.

A veteran motion picture, stage and TV actor, Hagman is also the son of actress Mary Martin. He achieved national recognition as the anxious astronaut in the television series "I Dream of Jeannie."

Congressman McGrath and Mr. Hagman discussed issues of mutual concern to the Congressional Arts Caucus, a bipartisan organization of Members of Congress who have an interest in legislation affecting the arts.

Protection For County Police Officers

Police officers in Nassau County who properly discharge their duties no longer must fear that their actions will subject them to personal liability. Senator John Dunne (R-Garden City) said today.

Senator Dunne said that legislation he sponsored this year to indemnify and "save harmless" from certain civil actions county police officers who properly carry out their duties, was signed into law by the Governor on August 9.

The new law protects a police officer from punitive or exemplary damage in civil suits resulting from negligent or wrongful acts, only when an officer is found to

be acting within the bounds of his or her duties. Decisions as to whether or not an officer had been acting within the scope of duty would be made by a panel consisting of members appointed by the Nassau County Board of Supervisors, County Executive and Police Commissioner.

"This law does not provide blanket immunity," Senator Dunne stressed, "but it does give the men and women we rely on for police protection assurance that their split-second actions or decisions - where peoples lives or welfare may be at stake - will not subject them to personal liability."

Dear Friends:

A resident of a neighboring community who shops in the Allied Shopping Center on Jerusalem Avenue writes to tell us "some good and some bad" news.

After a year-long fight, the stores in this fine center managed to get the parking lot lines repainted, along with the necessary arrows and MPH signs. That's the good news.

However, the bad news is that one of the merchants in this area is using a huge tote sign which takes up two of these limited parking spaces. Also, at times, a van is used for this same purpose, making the total parking spaces eliminated for shoppers three. The question raised is that, the tote sign could be placed on one space and that should be sufficient. It doesn't seem difficult for merchants to understand that every parking space occupied by signs or vans with signs, is the very probably loss of one customer or more.

LAST WEEK we were delighted to receive the Adult Education brochure from the Hicksville School District. There are so many exciting and interesting courses open to those of you who have the time available and who want to "add another dimension" to your life. There are also excellent courses for those who would like to complete their high school education. We're sure that all residents have received this brochure. Read it over ... there might be a course or two there in which you will wish to enroll.

THAT'S ALL for this week. Isn't it nice to realize that August is half over? We have always enjoyed summers here on beautiful Long Island, but we must admit that this summer of '83 the long periods of really extreme heat and humidity have slowed us down a bit. But we're looking forward to the Fall.

The neighbors of Sears Roebuck in Hicksville DO have a problem! Sears also has a problem if it wants to continue to do business in this area and BE A GOOD NEIGHBOR. Sears Roebuck, where America shops, has an illegal Freight Depot located in a residential neighborhood on Bay Avenue, Hicksville. This has been operating for the past year every night Monday through Friday. They work over there from two hours to four hours, and sometimes longer. These Diesels emit terrible gas fumes, plus the banging and clanging noises that go with it. Six Diesels in all. Each carrying two huge box cars. In June the Town of Oyster Bay took Sears Roebuck to court, asked them to move this illegal Freight Depot to ROUTE 106-107 and NEVADA STREET. All business and no homes at this location, Sears answer was "NO." They said that area was for the shoppers and personal parking. Isn't it ironic, in Sunday's Newsday, July 31, an article appeared: NEW COMMUTER LOT SET. Sears Roebuck, with all their money, leased this same piece of property as a PARK AND RIDE LOT. This big conglomerate won't do anything for the residents and homeowners, who shop and support their store, but yet will let us suffer by inhaling the unhealthy fumes from their diesels in the illegal Freight Depot.

Dear Editor:

Can anything be done about that HORROR of a hole in front of the National Bank of North America?

It has been there three weeks or more. At least someone could put a light or something there to alert drivers before someone breaks a wheel off of their car—unless they already have.

Sincerely,
Grace Knudsen

Dear Fred:

Here's the first of a series (not too many, I hope), of appeals to your good offices and politico-legislative influence to get certain omissions in your constituency remedied.

I say "omissions," but that's my word for gripes. I refer to things Levittowners and Hicksvillians, for that matter, can and should do to enhance Levittown Pride and Hicksville Pride, Too.

I am going to send a copy of this to Editor Sheila Noeth, Mid-Island Herald, 1 Jonathan Avenue, Hicksville, NY 11801 — (516) 931-1400. She might wish to act.

Charlie Chaplin Films

Charlie Chaplin films will be featured at the Hicksville Public Library on Friday, August 19th and Saturday, August 20th.

On Friday, August 19th at 8:00 PM in the Community Room of the Library, two famous Charlie Chaplin films will be shown. The full length version of "The Gold Rush" and a short film, "The Immigrant". In "The Gold Rush", Charlie Chaplin is drawn to the Klondike by the lure of gold. He encounters storms, villains and love. In "The Immigrant", Chaplin first meets Edna Purviance in steerage as they sail to America. Separated

while disembarking, romance blossoms when they have a chance meeting in a tough restaurant where Charlie doesn't have enough money to pay the bill.

On Saturday, August 20th at 2:00 PM in the Community Room of the library, "The Immigrant" will be shown again along with another short Chaplin film, "A Night At The Show". In the latter, Chaplin plays a duel role: a drunken playboy, and a rowdy workman out for a night at the theater.

There is no charge for library programs and everyone is invited.

Work Session Focuses On Important Topics

The Hicksville Board of Education met on Saturday, August 13, to set priorities and discuss Board procedures for the coming school year. The all-day work session focused on several important topics.

Board President Jay M. Schwartz distributed self-evaluation forms provided by the New York State School Boards Association aimed at analyzing Board members' awareness and performance in a number of key areas. Mr. Schwartz will review the responses and present them at a special meeting scheduled for

November 16. The Board also discussed engaging a consultant to review the Board's efficiency of operation and to assist in improving procedures.

The relationship between the Board and the Superintendent was another agenda item, and September 13 was set as the date of an executive session evaluation of the Superintendent. The Board's educational priorities for the Superintendent during the 1983-84 school year also be established at that special meeting.

Additional actions included a discussion of

general budget guidelines for the 1984-85 school year and assignment of committee chairs and district administrators for each Board committee.

Mrs. Singer will again chair the School/Community Relations Committee with newly appointed Assistant Superintendent for Educational Services Dr. G. Robert Couillard and Staff/Community Relations Officer Alayne Shoenfeld as administrator/members. Mr. Bennett will head the Budget Committee with Richard Weigang, Business Manager, as administrator/member. Long-

Range Planning will be chaired by Mr. Wolfson with Assistant Superintendent Ronald Friedman, and Educational Goals and Objectives will be led by Mr. Ayres with Dr. Couillard. Mr. Friedman will also serve with Policy Committee chairman Mr. Schwartz and Legislation Committee chairman Mr. Bennett. Mr. Nagle will chair Continuing Adult Education. Board secretary Mrs. Singer is in the process of contacting co-chairs for this committee. Mrs. Rudin will head the Student/Staff Relations Committee with Dr. Couillard.

Nicholas J. Brigandi Seeks Re-Election To Water Board

The Board of Water Commissioners, Hicksville Water District, have established, Tuesday evening, August 30, as the date for the voters residing in their district to cast their votes for one member of the Board of Water Commissioners. Voting will be held at the Main Fire House of the Hicksville Fire Department on East Marie Street between the hours of 7:00 P.M. to 10:00 P.M.

As an incumbent member of this Board, Mr. Brigandi has submitted his name for re-election, having completed his first three-year term. At present he is serving as Secretary of the

Board, having worked along with his fellow commissioners to maintain an ample community water-supply of high quality that does meet the Federal standards established for potable water under the Safe-Drinking Water Requirements.

It is Mr. Brigandi's desire to continue to cooperate with all legislative bodies involved with maintaining the quality, assessing all manner of potential contamination to our water supply wells, and to show necessary initiative in protecting what we do have and to make better when possible the facilities already in place.

With this in mind the members of the Board have already filed a completed application for a Public Water Supply permit to install and operate a new 20 in. by 12 in. diameter 600 ft. deep well with pump rated at 1380 gpm on the existing well field site at Plant No. 9, Alicia Street n.o. Muray Road. Plans are also being prepared for a full scale treatment facility to be erected at Bethpage Road Plant as a result of pilot work studies on aeration methods, the experiments which were authorized a year ago and have since indicated a high degree of efficiency.

Aviation Club At Hicksville

Perhaps laced with some fact and some fable, the history of the Aviation Club at Hicksville still has an authentic place in Long Island flight history.

A young Charles Lindbergh was a member and reportedly flew from there in the week preceding departure for Paris.

On take-off from Roosevelt field, he rose easterly and soared over the Club house before the turn south to the Atlantic Ocean. Association with the Club

is substantiated by the early writings of his wife, Ann Morrow Lindbergh. She relates of her husband teaching her to fly at the Club at Hicksville.

Located south on Jerusalem Ave., some three blocks from the Latin Realty settlement, which is now Dante and Alexander Avenues, the airport was a mecca for personalities of the roaring twenties.

Something To Think About

BILL WAGNER DIRECTOR

Child's Right To Know

We tend to assume that death is beyond a child's comprehension. In a sense it is; for even adults do not understand the complete meaning of death. This does not mean that the parent should not share with the youngster the fragments of adult experience and knowledge, and that the child should not be allowed to absorb as much of the concept as he is capable of.

The other argument for not speaking of the death of a loved one to a child is to protect him. The adult may feel such intense anguish at the loss that he chooses to spare the child similar suffering. This is somewhat unfair. The child has every right to be included in that situation which

seriously affects him. Silence only deprives him of the opportunity to share his grief. Besides, left alone to understand the absence of a loved one, he will often end up feeling bewildered, confused, even guilty.

Aviation Club (Continued from Page 6)

Island, the Vanderbilt Motor Parkway, course of the famous auto cup races, provided a north border.

It provided quick access to the gold coast of the North Shore and the famous polo fields of the Bostwick family and the Hitchcock field of the Meadowbrook Club, which were situated a half mile west of the historic Milleridge Inn at Jericho Brookville.

As late as 1948, it experienced a flow of glittering traffic when the great 21-goal rated Cecil Smith from Texas joined with the Bostwick in the great interna-

tional match with Argentina. The Brookville Club ended the five year undefeated streak of the South Americans, 7-6.

A crowd of 12,000 circled the Meadowbrook stands on Jericho Tpke., where now stands the north Jericho Quad to see the match.

There is much to attest to the Club's presence on the Hicksville and Long Island scene.

A beautiful mural is painted on the wall inside the Hicksville Junior High. That was done with detailed interest by a WPA work project in the thirties.

The following message is from the Girls Major Director, Leslie Mezeul. The Girls 12 Year Old Williamsport Team did themselves and Hicksville Baseball proud, when in only their second year of competition, they took the Long Island Little League Championship. The girls showed their fans that they were indeed all-stars and good sportswomen when they lost to Chester in the state semi-final, on August 2nd at Seamans Neck Park.

I feel that the success of this team was due in large part to their coaches Phil O'Mara and John Ryan. I'd like to thank them publicly for their time, effort, and a job well done. It really is good to see the girls play as a team and have every member contributing whether it's on the field or from the sidelines. "My congratulations for a terrific all-star season and I'm very proud to be a part of your success." Leslie Mezeul, Director.

At next month's open meeting, scheduled for Thursday, September 15th, in Levittown Hall at 8:00 P.M., elections will be held for the 1984 executive board members. All are welcome to attend. Following are the nominees for: Pres. - Bob Rothschild, Exec. Vice-Pres. - Neil Mezeul, 2nd Vice-Pres. - Linda Strongin, Treasurer - Jim Pagett, Secretary - Diana Rom, Sr. Trustee - Donna Rehman, Jr. Trustee - Tom O'Hara & Steve Strongin, Umpire-in-Chief - Gary Schack, Player Representative - Barbara Rizzo opposes Carol Wolf; Directors of Boys Majors - Al Melendez, Boys Farms - Harry Reardon, Directors of Girls Srs. - Donna O'Hara, Ponytails - Tom Zagajski, Girls Majors - Leslie Mezeul, Girls Minors - Tom Granai, Girls Ins. - Greg Simionelli, Publicity - Betty Zagajski, and Field Scheduling - Tom Zagajski.

Troop 172 Honors Scoutmaster Stanley Woodcheke

The evening of August 5 marked a very special night for the friends and scouts of Troop 172, Hicksville.

A surprise picnic was planned to honor Stan Woodcheke, who has been scoutmaster of this troop for the past seventeen years. Prior scouts, present scouts, their families and friends of the troop gathered for this delightful evening dedicated

to this fine man and his family.

A special presentation and gift was part of the evening and was made during a campfire run by the scouts of the troop.

Mr. and Mrs. Woodcheke and their family were deeply touched by the "evening under the stars" which was done in the true scout spirit of brotherhood and love.

Yevoli Announces Tighter Restriction On Drug Distribution

Assemblyman Lewis J. Yevoli (D-Old Bethpage) has expressed satisfaction over a new law, signed by the Governor, that bans distribution of free drug samples to private homes unless the product is given directly to an adult.

Yevoli explained that the

recent rise in postal rates has caused many companies to turn door-to-door distribution as an alternative means of providing consumers with free samples. With the increase in this type of distribution, there is the attendant danger that the drug products will be taken

by minors.

"Drug products hung on doorknobs or left on front porches can, all too easily, end up in the hands of a child," stated Yevoli, who sponsored the bill in the Assembly. "If, for instance, a company distributes a cold

remedy, it would not be difficult for children to accumulate a lethal dose of the drug product from the samples on their block." He added, "If this precaution saves even one child, it will have been well worth the effort to get it enacted into law."

Legionnaire's Log

BY ARTIE RUTZ

Tomorrow, Saturday, August 20th, will be our time to hold a barbeque for the girls of our cottage at the Suffolk State Development Center. We are scheduled to leave the Post at 2 P.M. and welcome all the help we can get to stage this barbeque, so if you feel you would like to lend a hand to make this Children & Youth project run a bit easier be at the Post before 2 P.M. We were going to have a 'Christmas in July' for the girls but Santa Claus melted in this very hot summer we have been having so we had to settle for a barbeque instead. Our EARLY BIRD list continues to flourish and grow each day and here's the latest additions: ALBERT KEMERSON, RALPH OLIVER, FRANK GOVERNALE, FRED TURNER, EMIL BOERCKEL, JOE PAPSIDERO, JOHN WALL, RICHARDEVERS, ROBERT BURLEY, JACK VENTRALLI, PETER WAGNER, JR., SAM PACE, JAEMS GARRAMONE, RALPH CERBONE, WILLIAM ATT-

VISSIMO, ALVIN ROWLAND, SR., ORLANDO LATERASIEVWADYKA, JOSEPH KARPINSKI, WILLIAM MOLIN, JOHN MENSCHING, JOHN KERRIAN, JOHN JAKOBI, WEST TIETJEN, HAROLD BRAMSWIG, ALBERT CINOTTI, FRANCIS JOHNSON. For the information of W.S.-R.B.-J.M.-have you a 1983 Dues card in your wallet??? If not, please send your check at once. A book will be placed in the memory of ROCCO PUCCI in the James N. MacLean Nassau County American Legion Memorial Library at Hofstra University. The DARK HOUSE was captured by LOU CESTA at last Monday's meeting. Let me remind one and all that due to Labor Day our next meeting will be a business meeting, Tuesday, September 6th, at 8:30 P.M. We have scheduled a roast beef dinner on September 17th (Saturday Night) in honor of our Junior Past Commander RAY GAMBLE and at this time have no further information but please keep this date open and make it the #1 priority on your entertainment list. Come out, honor RAY with your presence, and have a ball dance up a storm. Price is sure to be very reasonable so put the date on your calendar right now and by next week I should have all the rest of the information available for you. We have a program this year which many Posts throughout Long Island have been sponsoring for some years now but somehow we were not quite all that aware of it. It is collecting used stamps of all countries and these are given to veterans as part of a Rehabilitation program. All you have to do is

save whatever stamps you come across particularly if you work in a firm that receives large amounts of mail of all types. Just tear them from the envelope not too close to the perforations, put them in a bag or envelope and bring them to the Post and give them to the Stamp Chairman FRANK GOVERNALE who will see they go to the proper place and that the Post gets the proper credit from the county when the time for making the reports comes. And we are once again asking for good, used clothing, both men's and women's, for donation to the veterans at Kings Park State Hospital. Clothing should be brought to the Post at any time and if the door is locked, please ring the bell and the caretaker will answer your ring. Here's further information regarding RAY GAMBLE'S DINNER. TICKETS are \$15 per couple and that includes the dinner plus beer and dancing to the music of JIM DOWNS. For tickets call or see COMMANDER LOU BRAUN or Vice Commander HARRY CHRISTO. On August 29th (Monday Night) there will be a football game between PENN STATE & NEBRASKA at the MEADOWLANDS STADIUM and the LEGION will present the Colors of the metropolitan Legion Posts. Representing our Post will be a Color Guard of Commander Lou Braun, Artie Rutz, Tom Nikitas, Jack Reichlen, Dick Hochbrueckner and John Rizos. They will be part of the Nassau Contingent that will leave the Williston Post at 5:30 P.M. by bus and the uniform will be white shirts, blue tie and pants and Legion cap.

Supervisors Act Against Fuel Tank Spillages

Fuel oil spillages from underground storage tanks, which have caused environmental problems and potential contamination of the groundwater supply in several communities, received special attention this week from Hempstead Town presiding Supervisor Thomas S. Gulotta and the county's Board of Supervisors.

Led by Gulotta, the Board adopted new local laws designed to protect against the seepage of flammable liquids including diesel fuel, gasoline, oil or chemicals from storage tanks located

above or under ground.

The ordinance stipulates that new or replacement tanks must be constructed of non-corrosive materials, and when any underground tank is abandoned or removed from service or over 90 days, it must be emptied and the county notified of its exact location.

"These measures are necessary to protect the health of our citizens and make certain that property values are not endangered by irresponsible acts which impact adversely on future generations," Gulotta declared.

Gulotta recalled the plight of several local families who, some years ago, had to evacuate their homes because of leaking underground fuel tanks at a nearby service station. He declared:

"We don't want any recurrence of the tragic ground contamination problem that plagued those families. The new local laws passed by the Board of Supervisors today will insure that all service stations, fuel depots and garages comply with federal, state and local environmental regulations."

Annual Art Faculty Exhibit

C.W. Post are faculty members Stan Brodsky, Rose Krebs and Joan Powers will exhibit their paintings, ceramics and photographs at the annual Art Faculty Exhibition to be held September 2-25 at the C.W. Post Center of Long Island University.

The exhibition, at the Hill wood Art Gallery in Hill wood Commons, will be open to the public free of charge Monday through Friday from 10 A.M.-5 P.M., and on weekends from 1-5 P.M.

Brodsky's paintings,

Krebs's ceramics, and Power's photographs offer a variety of medium, subject, and style. The relationship between land and sea, and between color, shape and structure characterize Brodsky's oil and water colors. Rose Krebs's stoneware clay "hemispheres" are a prime example of the Bauhaus influence. Landscapes and Koreans - at work, in school, at the market - are two of the subjects of Joan Powers's photographs.

A reception for the artists will be held Wednesday, September 14 from 5-7 P.M.

Hicksville Native To Retire After 49 Years Of Service

In announcing the impending retirement of Myra Hicks, the Nassau County employee with the greatest longevity, County Executive Fran Purcell stated:

"Myra Hicks served the county before it was a county as we know it today," Purcell said. "Her 49 years of continuous service are unmatched in the system today. She'll be honored by her co-workers in the Department of Social Services on Aug. 30 and will truly be missed."

Miss Hicks, who was born and raised in Hicksville, is now 73 years old and lives in Locust Valley. She is a member of the Hicks Family, one of Long Island's oldest. She graduated Adelphi College in June 1932, and became an investigator with the state-funded Temporary Emergency Relief Adminis-

tration in those dark days of the Depression in 1934.

When the Nassau County Charter was adopted and became effective on Jan. 1, 1938, Miss Hicks became an employee of the new Department of Public Welfare. An investigator, her annual salary was \$1,430. She leaves the Nassau Department of Social Services, as it is now called, on Aug. 31 as assistant director of the Public Assistance Division.

"It is understood in our department," said Social Services Commissioner Joseph D'Elia, "that when Miss Hicks says something is so, the decision is correct and indisputable. She has exhibited superior administrative abilities and has total knowledge of the complex procedures and regulations which are the bible of social welfare."

State environmental officials agreed last week to maintain contact with a local citizens organization concerning cleanup of two local hazardous waste sites and to consider local residents' views on future clean up plans.

Fifty Bethpage and Hicksville area residents attended a "Toxic Cleanup Accountability Session" focusing on Hooker Chemical Company sites which featured New York State Department of Environmental Conservation (DEC) attorney Michael Tonic of the Environmental Enforcement Division in White Plains, Long Island.

"She has imposed high standards of performance on herself as well as on those workers whom she supervises and directs. She is an ultimate professional, the kind of person who went back to school 20 years after her graduation to get her master's degree."

Her colleagues in the social services department will honor Myra Hicks at a retirement reception on Tuesday, Aug. 30, at 5:30 PM in the Swan Club, Glenwood Landing.

"Miss Hicks has had two, one-year extensions of service beyond the mandatory retirement age," Mr. Purcell concluded. "We wish she could stay on, because she is more than an historical figure in county government. She is an active, healthy and knowledgeable administrator."

Completes Course

Marine Pfc. Peter J. Fennell, son of Nancy M. Fennell of Eileen Avenue, PLAINVIEW, has completed the infantry combat training course at the Marine Corps Base, Camp Lejeune, N.C.

During the six-week course, he received classroom instruction and participated in field exercises involving infantry tactics, the construction and camouflage of fighting positions, and the use of mines, demolitions and intra-company communications equipment. His specialized training centered on the operation, employment and maintenance of 60mm and 81mm mortars.

Residents Speak Out On Local Problem Areas

Regional DEC Director Harold Berger and Environmental Protection Bureau Assistant Attorney General Robert Osar on August 11 at St. Ignatius Church School in Hicksville.

William Steinmetz of Bethpage moderated the event, which included citizen panelists Carol Mango, Irmgard Tuechler and Diane Otten of Hicksville. Mark Phillips of Long Beach and Sharon Luscombe of Uniondale.

The officials agreed to provide information to local residents concerning the program of hazardous chemical waste cleanup at two Hooker dump sites, the former Hooker facility on New South Road in Hicksville and the Town of Oyster Bay municipal landfill in Old Bethpage.

Members of the New

York Community Action Network (New York CAN), the organization which sponsored the event, are expecting to meet with the state environmental enforcement officials within the next 60 days to gain information on the scope and progress of cleanup efforts.

The community group states that it intends to develop a "citizens' cleanup plan" to gain swift and comprehensive assessment and cleanup of the sites. The group also asserted its desire for federal Superfund money to be used at the two sites.

New York CAN will also be gaining feedback from the DEC and the Attorney General's office on the proposed Community Right to Know state law and the "rescue" of the state "Superfund" cleanup program.

Attendees were urged by East Meadow-Uniondale New York CAN representatives to refrain from purchasing Purex consumer products until complete cleanup of the Purex site at Mitchel Field is achieved.

New York CAN is a statewide, non-profit membership organization. The group's environmental cleanup program in the Nassau County area is being conducted in cooperation with the National Toxics Campaign of the Clean Water Action Project and the Citizen Action, a national federation of statewide citizen groups.

All Bethpage and Hicksville area residents are invited to contact New York CAN if you wish more information or environmental cleanup in our community. The group's Nassau phone number is 741-1400.

Mr. Ronald Wagner, Regional Vice President of National Bank of North America, presented a check in the amount of \$260.00 from the Region Four employees of the bank to the Hicksville Kiwanis Foundation at the August 10 meeting of the Hicksville Kiwanis Club.

When Mr. Wagner was the manager of the Hicksville Branch Office of Nat'l. Bank of No. Amer., he was active with the Hicksville Kiwanis Club as a Vice President, and was Treasurer of both the Hicksville Chamber of Commerce and the Hicksville Unit of the Salvation Army.

Even after his promotion to Regional Vice President, with an office in Melville, Mr. Wagner is still concerned with the activities of his former associates in Hicksville. Therefore, when the Region Four employees of Nat'l. Bank of No. Amer. wanted to make a contribution to a worthy charity, Mr. Wagner suggested that they donate their gift to the Hicksville Kiwanis Foundation to be used towards the annual Thanksgiving baskets for the needy.

The photo shows Mr. Wagner, on the left, presenting the check to Kiwanis President Elect William Hebert.
