IMPORTANT NOTICE

There will be a meeting on Wednesday, October 5, at 8:00 p.m. in the Hicksville Public Library regarding the New York State Department of Transportation's plans for improvements along Broadway (Route 107), Hicksville in the vicinity of Nevada Street.

At The School Board Meeting

The Hicksville Board of Education met last evening and took the following actions:

The Board accepted the Annual Audit Report prepared by the district auditors covering the fiscal year ending on June 30, 1983.

The expenditure of \$5,675 for the production of a new district map was authorized. The new map will be a more complete and detailed map to be used by the Transportation Office to determine eligibility for bus transportation. The information furnished will also be used to project additional transportation cost resulting from future proposals that may consider redistricting.

The Board approved the list of members serving on the Committee on the Handicapped for the 1983-84 school year. The committee includes administrators, school psychologists, school physicians, and parents.

Bids were awarded for science supplies totaling \$6,900.68 and claims and warrants in the amount of \$2,778,933.15 were approved.

The Superintendent's report included a preliminary review of staffing and class sizes presented by Mr. Friedman based on information from the master schedules of the junior and senior high schools. Mr. Friedman compared projections made last spring with actual enrollments in the current semester. Areas of discrepancy will be studied in order to improve the process of projecting class enrollment and deploying staff members appropriately.

The staffing and class size report also showed projections and actual enrollments for the elementary schools by grade level. Although most projections were right on target, a large number of new entrants resulted in a few larger classes than expected. A notable example was the size of Kindergarten classes at Old Country Road, a concern voiced by PTA representatives at the meeting. This was also a concern of the Board, and in executive session they voted to create a third section so that the average class size would drop from 27 to 18 at OCR Kindergarten.

The Board also took action reaffirming the resolution of January 12, 1983, to pay Dr. Wilber D. Hawkins for unused vacation days.

During the early part of the meeting, Mr. Ayres publicly commended two Hicksville High School seniors who have been named semi-finalists in the 1984 National Merit Scholarship competition. They are Christopher Camacho and Harold Meltzer.

Board committee chairs announced meeting dates and invited interested members of the public and district staff to attend and take part in this year's activities. A brochure outlining committee tasks set for the year is available from the Staff/Community Relations Office.

Educational Goals and Objectives Committee, Tuesday, October 11, 8:15 pm.

School/Community Relations Committee, Wednesday, Oct. 5, 8:15 pm.

Long-Range Planning Committee, Thursday, Oct. 6, 8:15 pm. This committee will meet with an advisor to discuss hiring a consultant to study facilities use to make recommendations at the October 16 meeting.

All committee meetings will be held in the conference room of the Administration Building.

Board priorities announced

Board president Jay M. Schwartz announced the results of deliberations on Board priorities for the 1983-84 school year. These are areas that the Board wants to study with the help of administrators and staff members so that recommendations can be made for improving procedures.

The five areas are:

Financial Aid Night

Parents of college-bound seniors at Hicksville High School are invited to attend a special program scheduled for Monday evening, October 3, at 8 o'clock. It's "Financial Aid Night" at the high school, and students and their parents will have an opportunity to learn about the numerous scholarship and loan possibilities available for the coming year and the procedures and requirements for making applications. The meeting will be held in the auditorium with Mr. James Gathard of the State University of Old Westbury making the presentation. Additional information is available through the Counseling Center of Hicksville High School on Division Avenue by calling 733-2166.

1. Math program at senior high analyzed and evaluated with definitive plan for improvement covering all areas from textbooks to teacher supervision to staff.

2. Long-range planning of administrative positions at both the building level and the central office level.

3. A tri-semester evaluation of the entire probationary staff with verbal update reports given to the Board.

4. Increased articulation between the elementary, junior high, and senior high through such documents as grade distribution reports.

5. Sufficient lead time given to Board to review documents before decision making takes place.

On a personnel note

MIRIAM PASETSKY was appointed as a regular substitute at the Junior High School. She will be replacing a math teacher who is on a leave of absence.

SUSAN LEBOW, music teacher at Lee Avenue School, was appointed Elementary Music coordinator for the district.

CAROLYN KELLY has been appointed as a teacher aide and ARLENE GAMBINO was appointed media aide at the Junior High. MADELINE TJADEN was appointed as a media aide at East Street School. VICKI CORNELIUS was appointed part-time secretary at Old Country Road School.

In other personnel actions, the Board appointed school monitors and approved schedules for school physicians, Continuing Education personnel, drive education teachers, interscholastic athletic events supervisors, advisors and directors of high school extra-curricular activities, and extra-curricular activity assignments at the junior high.

Receiving the congratulations, thanks and a fine testimonial watch from current Commander Louis Braun of the Charles Wagner Post 42, Hicksville American Legion is Past Commander Raymond Gamble.

The presentation was made this past week at a dinner dance honoring Gamble for a second year of service to Post 421. He previously served as leader in 1968-1969.

At their annual party: making plans for a new season of museum service are Hicksville Gregory Museum volunteers (from left to right) Rosemary Barrow, member of the Board of Trustees; Anne Evers, "Miss versatility", and Rosalind Katz, membership records coordinator.

Credit and Financial Management Conference

More than 300 members of the Long Island business community are expected to attend the Fifth Annual Credit and Financial Management Conference at the Marriott Hotel here on Thursday, October 27.

Sponsored by the Long Island Division of the New York Credit & Financial Management Association, the 8:00 a.m. to 2:00 p.m. conference will focus on both financial management and commercial credit issues. The program is designed specially for credit and financial executives, bankers and accountants.

Keynote luncheon speaker will be Charles R. Pierce, chairman of the board and chief operating officer of the Long Island Lighting Company. Other speakers will include Jerome Gilbert, vice president and Long Island economist of Chemical Bank; James R. Dellomo, vice president for finance, Knogo Corp.; Stephen P. Salzman, treasurer, Power Test Corp.; Michael Masanovich, chief of the domestic Development Division and senior trade specialist, S.D. Department of Commerce; Andrew Adams, assistant president, Manufacturers Hanover Trust Co.; Alan J. Dean, Witter-Reynolds, Inc.; and Robert J. Grimmig, senior vice president, Chemical Bank.

The program will get underway at 8:45 a.m., following registration and a short welcoming address by John J. Vogt, president of The Bank of New York, Long Island region, who is co-chairman of the Long Island Division, economist Jerome Gilbert will assess the economic outlook in a talk entitled "What Lies Ahead in 1984."

Following a coffee break, the conference will then move to its concurrent session — one devoted to financial matters, the other to business credit.

"Financing Alternatives and Cash Management" will be discussed by Mr. Dellomo and Mr. Salzman, while those attending the session on credit will be addressed by Mr. Andrews, who will speak on "Financing of Import/Export Shipments," and Mr. Masanovich, whose talk will be on the Long Island Data Base for Importing/Exporting.

Track two of the concurrent sessions will feature a talk on "The Current Performance of Long Island Public Companies" by Mr. Wax, and "An Underwriter's Appraisal of the Requirements for Going Public," by Mr. Haldermann. At the same time and in a session under the general heading of "Troubles in Credit," Mr. Grimmig will discuss "Loan Workouts."

Luncheon will be served at 12:30, preceded by a half-hour cocktail reception.

The conference, it was noted, will qualify for four hours of "continued professional education" credit, of interest particularly to those in the accounting field.

The Long Island Division of the New York Credit & Financial Management Association has grown over the years to more than 400 member-companies located throughout Queens, Nassau and Suffolk counties. The Association itself, which also maintains a division in Westchester County, is currently in its 88th year, with a membership in excess of 3,200.

While the October 27th conference is open to non-members — at no increase in the established registration fee of \$37.50 per person — representatives of the Division and the Association will be on hand to explain the advantages of membership. A member of the Division is automatically enrolled as a member of the Association.

The New York Credit & Financial Management Association is the only local organization of its kind dedicated to the promotion of sound laws governing the extension of business credit; protecting honest business against fraudulent debtors; improving the interchange of credit information; developing improved credit practices and methods; education and research.

For further information on the October 27th conference, as well as membership in the Long Island Division, write or call the New York Credit & Financial Management Association, 71 West 23rd Street, New York, N.Y. 10010 - (212) 741-2266.

Rake and Bag Those Autumn Leaves

Poets may wax lyrical about falling leaves, but homeowners have to deal with the mountains of foliage which drop to the ground in Autumn.

Taking that practical tack, Nassau Public Works Commissioner Ludwig C. Hasl today issued the annual warning to property owners: It is against the law to rake or sweep leaves onto a

county road. Neither may you dump tree branches or other debris into the street.

"Such actions present a real danger," Hasl said. "Wet leaves in the roadway can cause cars to skid or pedestrians to slip and fall. Debris blocks the flow of storm water and plugs drains, causing floods in the street, compounding problems."

Hasl's word to all property owners is to rake and bag leaves and put them on the curb for local collections. That is the correct and legal way to do the job.

"If you have any doubt about whether you live on a state, county, town or village street, call the Nassau highway maintenance division at (516) 938-8110 for

information," Hasl said. "Some municipalities allow raking leaves into the street. Most jurisdictions, however, have laws against that action. Certainly, Nassau County does not permit it."

The property owner can learn from the responsible municipal authority when leaf collections are held and what regulations are in force.

Long Island Fall Apple Festival

Come sit under our apple tree and celebrate Long Island's favorite fall fruit. The Huntington Historical Society's Long Island Apple Festival will take place at the Powell-Jarvis House, 434 Park Avenue, Huntington on Sunday, October 16 from 11:00-4:00.

Watch apples being pressed into cider or try your hand at using an antique apple peeler. There will be apple bobbing, many apple related games and contests, music provided by Stephen Sanfilippo and members of the Long Island Traditional Music Association and legends, folklore and stories about apples told by famous world storyteller, Harold Kuebler.

What could be more American than apple pie? An apple pie bake-off. Judges for the event will be Newsday food reporter Marie Bianco, Long Island Heritage editor Tim O'Brien and apple expert Louis Amsler from Richters Orchards in Northport. First prize will be a year's membership in the Society and a copy of our new cookbook, *Huntington Cookery*. To enter your pie, call the Society at (516) 427-7045. Registration will end on October 5.

Hicksville Community Council's Annual Awards & Installation Dinner

On Thursday evening, Sept. 22, one hundred and sixty members of the majority of the active organizations met together for the 12th annual Awards and Installation Dinner of the Hicksville Community Council, which was held at Gigi's.

As is the custom at these gala annual events, a local organization received the 1983 award for their continuing contribution to a specific area of community service. This year the Hicksville Youth Council received this prestigious award. President of their Board of Directors, William Heberer and their Executive Director Barbara Nelson accepted for the organization, which was incorporated in 1972 under the name Hicksville Teen Age Council, Inc. Since its inception, the agency has provided a wide range of services to young people and their families in the community.

The Youth Council was part of the larger agency, the Action Council of Central Nassau from its beginning until September of 1982. Since then Hicksville Youth Council has been a completely independent agency with responsibility for all aspects of financial, administrative and programmatic management.

The services provided have changed significantly from the initial drop-in center. Services are offered in recreation, leisure time, employment and supportive services. The Hicksville chapter of Big Brothers and Sisters is located at the Youth Council as is the Mid-Island Single Parent Project. The agency had a large emergency housing network and has expanded emergency assistance to include crisis intervention and financial resources as well. Funding has been through Nassau Youth Board and the Town of Oyster Bay. The agency also received a grant from Billy Joel the artist and ran a highly successful employment program.

A volunteer Board of Directors serves to insure that agency programming reflects the needs of the community and to make

overall policy decisions. The Board is responsible for fundraising and community relations. The members of the Board of Directors are individuals who either reside or work in Hicksville and are directly linked to the direct services of the agency through contact with the agency staff.

This year the president awarded plaques to two members of the Hicksville Community. First to Mr. William McDonald. Bill McDonald was born in Cypress Hills, established a business in Woodhaven, and came to Hicksville in 1960.

In Woodhaven he owned and operated several bicycle repair shops under the name of the Woodhaven Bicycle Shop, and was an outside contractor for Gertz bikes in Jamaica. He started the National Bicycle Dealers Association which is still in existence. Even though he is now retired, he still repairs bikes.

He is one of the fortunate people to have beaten a bout with cancer. He attributes this victory to his dedication to Health Foods. He can make a delicious chocolate cake without chocolate, and he bakes cakes without using wheat flour. He sells "organic" eggs and chickens. He grows potatoes in his back yard in spite of the fact that the nematode knocked out the potato farmers in Hicksville many years ago -- he has a secret.

He is concerned with the well-being of young and old in Hicksville.

His interest in the Senior Citizens is evident in his position on the Board of Directors of the Hicksville AARP (American Association of Retired Persons).

His ability to rationally discuss, and speak out on issues which affect all of us in Hicksville, makes Bill the type of person we are all pleased to have as a member of our community.

He has been a constant supporter of the Hicksville Community Council both in his attendance and participation, and his logical input to discussions of concern to

Letters to the Editor

Dear Mrs. Noeth:

I am a physically handicapped person who, fortunately, is still able to drive a car, with limitations. One of the few enabling advantages which is afforded to me and other handicapped persons is the creating and the maintaining of "Handicapped-Only, Permit Required" parking spaces. I'm sure you've seen them in various places, i.e. shopping centers, office building parking lots, etc.; they are outlined with blue paint, have the International Access Symbol (stick figure wheelchair) stenciled upon the pavement and, in (hopefully) most cases, a blue and white "Handicapped Only" sign also marks the spaces.

Unfortunately, many of our able-bodied (how I wish I could be one of them) fellow motorists do NOT obey the law (Section 1203, NY State Vehicle & Traffic Law and several local ordinances), and they ILLEGALLY park in those spaces reserved for us handicapped, either through a professed ignorance of the law and the meaning of the space markings, or using the often-invoked lame excuse: "I'm only going to be parked here for a short while (or 'few minutes'), which the law does not excuse or allow any exception for."

I feel it would be quite a worthy public service, both to we handicapped as well as to these many unknowing or uncaring able-bodied motorists, if the HERALD would, in some future issue, devote the space and a writer's comprehensive article to fully explain and emphasize both this law and the great importance for all drivers to abide by it, not parking (or even "standing") in marked "Handicapped" spaces if they are not disabled and do not have the required Handicapped Parking Permit, which is officially issued by

various governmental authorities (e.g. Nassau County Office for the Physically Handicapped).

In furtherance and support of both this law and my request, you might also wish to bring to your readers' attention the fact that there are substantially high parking fines set for violations of this law. In the Town of Oyster Bay, the MINIMUM fine is \$50.00, and the Maximum, fine is \$100.00. Other localities have similarly high fine penalties for the violation of this law.

Sincerely,
Edward C. Zukowsky, Jr.

Dear Editor;

I read with horror the story in today's Newsday that a 22 year old woman was attacked at knifepoint and raped while jogging through the streets of Syosset last night. It is a sad but true commentary on today's society, that even the streets of a quiet middle-class suburb like Syosset are not safe against the possibility of sudden violent crime.

There is a sad lesson in this story that must be learned by all women joggers and runners. Ladies, please don't run alone - especially at night and especially on the less travelled residential streets away from main thoroughfares. Find a partner or partners to run with, and try and run in the daylight hours in places where there are others around to help in an emergency.

Running is a great sport, but please enjoy our sport in such a way as to ensure that you will be safe to enjoy it for many years to come.

Very truly yours,

October 19 - Tom Clark, Town of Oyster Bay Councilman, has a birthday. (We know he'll have 11 sure guests: his wife, Corinne, and their ten children!)

October 19 - Sharing this birthday date with Tom is Jeanne Boyen. Based on past information, her husband, Ed, will make this a special day for Jeanne.

October 23 - Yes, another double birthday. This time it's Alma Hirsch. And we know her husband, Artie, won't do less for his wife than Ed Boyens did for his wife.

Something To Think About

BILL WAGNER DIRECTOR

THE QUESTION OF AUTOPSY

There are many people who object to the "mutilation" of a body in any way. They regard an autopsy as an outrage and an insult, and often become very emotional. However, the law on this matter is clear. Whenever there is a sudden death, or any death of questionable cause, an autopsy must be performed, as determined by the medical examiner.

It should be some consolation to people to know that an autopsy is conducted with the utmost care and dignity. This procedure is not unlike a surgical operation. It will also answer any lingering question or doubt concerning cause of death - and this has legal, medical, and personal implications.

If there is any criminality involved, it can be dealt with. It can also help doctors understand more about treating a particular disease or injury. Finally, it can alleviate any doubts or guilt-feelings among the survivors.

"New Image" Opens It's Doors Oct. 1

By Bruce Beck

The New Image Drum and Bugle Corps, which has been the focus of so much attention and excitement lately, will be hosting an "Open House" at 1:00 PM Saturday, Oct. 1, in the cafeteria of the St. Ignace Old School in Hicksville. The purpose of the Open House is to offer the opportunity for young men and women, aged 12 to 20 years, to learn more about the Corps and about how to become a member.

Director Donald M. Graziose has indicated that he believes many youngsters are observing the Corps from a distance, and wondering how to approach it. "Here is their opportunity to get an inside look. There will be a film about Drum Corps in the U.S., an informative presentation by the staff, and people on hand to privately answer questions from prospective new members and their families," he said recently.

New Image, which is an outgrowth of the famous St.

Several of the "New Image" recruits watch a marching demonstration during a recent rehearsal.

Ignatius Drum Corps, already has several new people in training, including some twenty-five boys from the local area. The administration of the Corps has expressed a desire to build the Corps into the premier youth activity in our area, stressing pride, loyalty, discipline, and teamwork as the watchwords. The Corps is completely non-sectarian and non-profit. It is offered to the youth of Long Island as an avenue for their creative energy, and as an opportunity to accept the challenge of the quest for excellence.

Information on recruitment can also be obtained by writing to New Image, P.O. Box 421, Hicksville, N.Y. 11802. Mr. Graziose says that musical experience is desirable, but totally unnecessary, and that openings still exist in the brass, percussion, and color guard sections.

Awards Dinner

(Continued from Page 4)

Hicksville has been outstanding.

The second President's Award went to Mr. Howard J. Finnegan, who was cited for his life-long devotion to initiating constructive programs for the young people of Hicksville. His is a native of our town and a product of its public schools.

25 years ago, in the wee hours of one morning, at Frank's Alibi (where else) along with several other well-known Hicksville residents, Howard formed the present Hicksville High School Alumni Association. Through these 25 years he has continued an active interest in this fine organization, which, each year through its efforts and those of its individual members, has awarded innumerable scholarships to Hicksville High School graduates in four fields: Academic, athletic, business and band.

This year they awarded 7 such scholarships. In addition he was also one of this group who were instrumental in initiating areas of help in other student activities such as foreign travel, student theatrical productions and athletic activities.

On that auspicious occasion, 25 years ago, at Frank's Alibi, when this group of HHS Alumni started this organization reliving their first activity was the 1958 Homecoming Weekend, held in November of that year. And, imagine this, a \$3.00 ticket included a brunch at The Sweet Shoppe, attendance at the Opening Football Game AND...a victory reception held at Pete Cordes Restaurant near Grumman's! What a bargain!

Recently Howard celebrated his 40th year with the Long Island Lighting Company, where, upon graduation from the hallowed halls of HHS, he started as a stockboy. Today he is the Director of LILCO's Mail Dept.

Through many of the intervening years of active concern and service to the community of Hicksville, Howard Finnegan, has written a Hicksville High School Sports Column. First for the late Fred Noeth...now for the Mid Island Herald which carries on this tradition with great pride.

Continued next week, when we will bring you Carole Wolf's HISTORY OF HICKSVILLE for the year 1982-1983.

Our Armed Forces

John G. Ferrari, son of George and Loretta Ferrari of East Gate, Plainview, has been officially accepted into the U.S. Military Academy's Corps of Cadets as a new member of the class of 1987 during the annual acceptance parade.

The parade followed six weeks of rigorous basic cadet training at the West Point, N.Y., academy. Training in military customs and courtesies, drill and physical conditioning, tactical exercises and the firing of weapons introduced the basic cadets to military life with special emphasis on leadership, duty, honor and country.

The academy is a four-year educational institution graduating men and women to serve as career Army officers.

The new cadet is a graduate of Plainview Old Bethpage High School, Plainview.
