Organizations which serve retired people participated in the five-day event.

## Hicksville Fire Dept. Report

# Vamps Battle House Fire, Oil Spills

Hicksville volunteer firefighters battled a house fire on Sept. 19 at 38 Briggs St. off Woodbury Rd. The fire, which caused \$25,000 damage was confined to the 2nd floor with extensive damage to portions of the roof and a bedroom. The blaze was believed to have been caused by a malfunction in a TV set left unattended. 45 Vamps, 7 units responded to the 6 p.m. alarm under Chief William Donlon.

### Oil Spills

On Oct. 12, firefighters and Haz Mat team members fought the elements to contain a large oil spill on Farm Lane. An oil tank fill pipe was struck by a vehicle. When heavy rains fell, water ran into the oil tank and floated all the oil out into the street. Firefighters con-

tained as much of the oil as possible. The oil tank held 1150 gallons. The State Environmental agency and Health Dept. also responded.

Again, on Oct. 19 at 5:09 a.m., an auto struck a tractor trailer in front of 75 Cantiague Rock Rd. The fuel tanks on the truck were torn off spilling over 100 gallons of diesel fuel. Pouring rain added to the problem as Haz Mat team members and other Vamps diked the oil and called for sand trucks. The road was closed till 9 a.m. The Dept. of Transportation, Health Dept., Fire Marshal, State E.P.A. all responded. A private pollution control company responded and cleaned up the storm drains and catch basins. Firefighters were commended for their fast

actions in controlling the spill.

County police assisted by rerouting traffic.

Vamps were on the scene until 7:30 a.m.

### Alarm Report, Aug. 1983

Fire calls, 59; rescue calls, 50; false alarm, 5; total alarms, 114.

### Alarm Report, Sept. 1983

Fire calls, 48; rescue calls, 49; false alarms, 4; total alarms, 101.

#### Host Seminars

Hicksville Fire Department's Hazardous Material Response Team hosted an 8 hour seminar on Oct. 1st at Hicksville H.S.

The seminar, conducted by Safety Systems of Jacksonville, Florida, covered problems in dealing with hazardous material leak, spill and fire control.

Over 200 firefighters from Long Island attended. Due to teaching limitations in the lecture and field evolutions, a second seminar has been scheduled for Oct. 29th at Holy Trinity High School, where an additional 200 firefighters are expected.

The seminars are the result of the Fire Department's brass and Response team members to help local firefighters cope with the increasing rate of hazardous material incidents. In Nassau County, only East Meadow and Hicksville have Response Teams. Hicksville was the prime mover in helping East Meadow's team get started. The County Fire Marshals Office is now responding with limited personnel to help local Departments deal with hazardous materials.

## Community Council To Meet On Thursday, Nov. 3rd.

The November meeting of the Hicksville Community Council is scheduled for Thursday, Nov. 3rd, starting at 8:30 pm, in the community room, downstairs at the Hicksville Library on Jerusalem Avenue.

Representatives of the major advisory committees of the Hicksville Board of Education, will be present, and will explain the purposes of these important committees. They are the

School/Community Relations Committee, the Long Range Planning Committee, the Budget Advisory Committee, the Student/Staff Relations Committee and the Educational Goals and Objectives Committee. A question and answer period will follow this segment of the program.

### SLIDES ON HICKSVILLE

The second segment of the program will be conducted by Mr. Richard Evers, director of the Hicksville Gre-

gory Museum and well-known Hicksville historian, who will show a series of slides entitled: "Photo Glimpses Of Hicksville's Past and Present."

### ROLL CALL OF ORGANIZATIONS

Then, each organization's delegate will bring those present up

to date on the activities planned by their organization for the coming month. Finally, the regular TOWN MEETING segment of the program will consider those matters brought up by those present for that purpose.

**EVERYONE IS WELCOME!**

At the October 19 meeting of the Hicksville Kiwanis Club, Mr. David Crane, the Lieutenant Governor of the Long Island North Division of Kiwanis International, officially installed Mr. William Heberer as the 1983-84 president of Kiwanis Club of Hicksville, New York, Inc.

Following his installation, President Bill addressed the club members outlining his goals for the 1983-84 administrative year, and concluded his remarks with the statement, "I am proud to be a Kiwanian, and if I fulfill my responsibilities as your president, you will be proud to be a Kiwanian, and with our pride and enthusiasm, we will better serve our community."

In the photo, Lt. Gov. David Crane, on the right, is presenting President Bill with his "Certification As President" of the Hicksville Kiwanis Club.

## Galileo Lodge News

By Joe Lorenzo

VENERABLE SKIP MONTEFORTE'S MESSAGE: "Faith is the eye that sees God, no matter how dark the day. Faith is the hand that holds Him on the steep and rugged way." Old Religious Expression.

Some of the news emanating from the Galileo Lodge this week is tinged with a modicum of exuberance and some of that news concerns itself with the Galileo Lodge's presentation of its Halloween Dance this Saturday, the 29th of October. If you're still interested, please contact Chairman Joe LoPresti at 931-9351.

And now I should mention other diversions held by the Galileo Lodge which should add immeasurably to your joy and pleasures — A

Flea Market activity sponsored by the Ladies Auxiliary and under the direction of Mary Monteforte (938-9536), to be held on Sunday, the 27th of November. Vendors are needed, and tables for this activity cost \$8 for members and \$10 for non-members. The hours are from 10 A.M. to 10 P.M.

The Ladies Auxiliary once again will present a Fashion Show on Friday, the 11th of November, under the direction of Gloria Osback (931-7648) and her aide Cathy Reimer (938-3917), at the Galileo Lodge. Tickets sell at \$10 per person and in the offering will be a delicious meal, beer, soda, coffee and cake, set-ups and the Show itself, of course. Tickets can be purchased at the Galileo Lodge every Wednesday night or by cal-

ling Gloria and Cathy at the numbers mentioned next to their names. Please note that a "bring-your-own-liquor" policy will be in effect that night and that men are also cordially invited to attend. So if you are fashion-conscious or just looking for an enjoyable night, this Fashion Show should really please you.

Another announcement to our membership: do you find it particularly interesting that its the same group of members who do all the work at the Galileo Lodge? No, not really, I might add. So Venerable Skip Monteforte once again urges all members to join the Bingo committee, to come down and help out, even if its for an hour or so. Remember, please, that the Galileo (Continued on Page 11)

## Special Leaf Collection Program

By Supervisor Joseph Colby

The mild weather and the delayed arrival of colorful autumn foliage may have lulled some of us into forgetting that winter will soon be here.

Not so the Town of Oyster Bay Department of Public Works. Since late September, they have been involved in the special leaf collection program in the unincorporated areas of the Town. This program permits residents who have placed their leaves in 24-gallon size plastic bags, to place up to 20 of these plastic bags at curbside for pick-up on their regularly scheduled rubbish collection day. If a resident has accumulated more than 20 bags in one week, a phone call to 921-7347 X 556 will insure a special pick-up.

Residents are reminded that leaves may not be burned or swept into the roadway. Leaf burning is illegal in Nassau County because of air pollution regulations. Sweeping leaves into the roadway is both costly and dangerous. Not only do leaves become a serious traffic hazard when wet, but they can also cause clogged storm drains which

result in unnecessary flooding and dangerous icing conditions as autumn weather turns into winter's cold. Additionally, piles of leaves along the roads represent a tempting hazard for youngsters.

This year, the special leaf collection program is scheduled to end on Friday, December 16. After that date, residents who still have accumulations of leaves may place up to 10 bags of leaves at curbside for pick-up on their regularly scheduled rubbish day.

Your participation in the special leaf collection program benefits you as well as the Town of Oyster Bay. The Town uses the leaves it collects to make compost heaps that are used in the spring to fertilize the soil at the various Town facilities, preparing the way for the beautiful flowers that grace our parks and beaches each year.

So please participate in the special leaf collection program. Mother Nature did her job, but the Town needs your help in cleaning up. Call 921-7347 X 556 if you have more than 20 bags of leaves to dispose of during one week.

## Chamber And Jazz

The Nassau County Office of Cultural Development, Marcia E. O'Brien, Executive Director, will proudly present the Auburn Collegium in a program of "Chamber & Jazz" on Sunday, November 13 at 3:00 p.m. at the Plainview/Old Bethpage Library, 999 Old Country Road, Plainview. The program is free to the public. Seating is on a first come first-served basis. For information call (516) 938-0077.

Joan Schwartzman, flute, Barbara Kuperberg, keyboard, and Kenneth Schwartzman, double bass, will be joined by guest artist Gil Breines, percussion, on

November 13th. The program, entitled "Chamber & Jazz," will include the works of J.S. Bach, "Trio in D Major," Peter Schickele, "Part Time Invention," Trigger Alpert, "Trigger Fantasy," Claude Bolling, "Jazz Suite for Flute, Piano, Drums & Bass," J.S. Telemann, "Rejouissance from the Suite in A Minor," and James Galway, "Selected Encore Pieces."

This performance is part of the Office of Cultural Development's Free Sunday Afternoon Chamber Music Concerts presented at various Nassau County locations through December 11th.

## Golf Green Fees Reduced

The Long Island State Park & Recreation Commission has announced a reduction in golf green fees at Bethpage State Park in conjunction with the utilization of temporary greens on the Blue, Red and Yellow Courses from Monday, November 28, through Friday, March 30, 1984.

Golf carts will not be available during this four month period. Green fees during this period will be reduced one-half for the four 18-hole courses to a rate of \$3.50 on weekdays and \$4.25 on weekends and holidays. Play on the two 9-

hole courses will be \$2 weekdays and \$2.25 weekends and holidays.

Tees and greens on all courses will be seeded, aerated and top-dressed. Miscellaneous repairs (i.e., fencing around tees, tree pruning, sand traps, selected restoration of teeing areas) will be made on the Blue, Red and Yellow Courses.

The Green and Black Courses are closed for the season; the Black undergoing further improvements and the Green slated for extensive rehabilitation of tees, greens, fairways and traps.

## Designer Showcase '83 Ends Sun., Nov. 6

The Guinness Book of World Records states that Ailsa Mellon Bruce was America's wealthiest woman at her death in 1969. Her estate was valued at over \$700,000,000. Her former Long Island man-

sion, now owned by the Town of Oyster Bay, will be open for only five weeks as the site of Designers' Showcase '83 fall which will benefit the Town of Oyster Bay Arts Council.

Don't miss this opportunity

New information on two important confining layers in Long Island's ground-water reservoir is now available and will be used in a digital ground-water model to predict the impact of sanitary sewerage on water levels in the aquifers, according to the U.S. Geological Survey, Department of the Interior. A new report containing several maps presents the geology of the two confining layers, known as the "20-foot" clay and

the Gardiners Clay.

The "20-foot" clay and Gardiners Clay are present along most of the southern shore of Long Island. Both were deposited in a marine environment and influence the ground-water flow pattern locally by restricting flow between aquifers. The report briefly describes the geology of the two units and contains surface-contour maps, isopach (thickness) maps, and cross-

sectional views. Special emphasis is placed on areas in which these two layers are discontinuous, allowing movement of water between the upper and lower aquifers.

The report, prepared in cooperation with the Nassau County Department of Public Works and Suffolk County Department of Health Services, is titled "Geology of the '20-foot' clay and Gardin-

ers Clay in southern Nassau and southwestern Suffolk Counties, Long Island, New York." It is available for inspection at the U.S. Geological Survey, 5 Aerial Way, Syosset, New York 11791, and can be purchased at cost (\$10.00 paper, \$7.50 microfiche) from the Western Distribution Branch, U.S. Geological Survey, Open-File Services Section, Box 25425, Federal Center, Denver, Colorado 80225.

## Soil-Water Sampling Device Described

A new type of gravity lysimeter (soil-water collector) has been tested on Long Island and found effective in obtaining water samples from as deep as 18 feet below land surface, according to a new report by the U.S. Geological Survey, Department of Interior.

The tests were conducted inside a manhole constructed beneath a small experimental recharge basin near Medford. The site was part of a long-term study by

the U.S. Geological Survey to evaluate infiltration rates and filtering characteristics of soils receiving reclaimed wastewater.

The newly developed lysimeter collects soil water without disturbing the soil—a major advantage over the other types in common use. This is especially beneficial in studies of soil water chemical quality, wherein disturbance of the soil by sampling equipment could make representative samples difficult

to obtain. The lysimeter also collects water at an efficient rate—about 8 quarts per hour at a basin-infiltration rate of 1.5 feet per hour.

The 17-page report describes the relationship between hydraulic gradients in the soil and the lysimeter's capture efficiency; it also presents the design criteria and installation procedures.

Copies of the report, titled "Hydraulic considerations in sampling the unsaturated zone with inclined gravity

lysimeters," by Edward T. Oaksford, hydrologist, with the U.S. Geological Survey, may be purchased at cost (\$2.75 paper, \$3.50 microfiche) from the U.S. Geological Survey Open-File Services Section, Western Distribution Branch, Box 25425, Federal Center, Denver, Colorado 80225. Copies may also be examined at the U.S. Geological Survey, 5 Aerial Way, Syosset, New York 11791 and at major libraries in New York State.

## "Pods And Parachutes"

While woodland and field flowers and plants are in their final stage of life, nature lovers can find out about their special survival mechanisms by taking part in "Pods and Parachutes," a guided naturalist nature walk scheduled for Muttontown Preserve Saturday, November 12, from 10 A.M. to Noon.

Nassau Recreation and Parks Commissioner Abram C. Williams said the program will answer many important questions concerning how plants switch locations, as well as why specific seeds wind up in a particular place.

Williams added that participants can learn about seeds that travel by parachute, catapult, or hitching a ride.

The program is free, but advance registration is required. To register or obtain further information, call 922-3123.

Muttontown Preserve is located on Muttontown Lane in East Norwich.

## Major Police Organizations Support Supervisor Colby

Four major police organizations in Nassau County have announced endorsements for Oyster Bay Town Supervisor Joe Colby.

The Nassau Police Conference, the Superior Officers Association of the Nassau County Police Department, the Nassau Detectives Association and the Patrolmen's Benevolent

Association of Nassau County have all announced their support for Colby's re-election.

"I am very proud to be chosen by these law enforcement agencies for endorsement," Colby said. "My administration has sought to make safe communities within our Town a top priority. These endorse-

ments indicate that we have been achieving that goal."

Colby noted that with the members of The Colby Team, the Town of Oyster Bay has worked with police authorities to develop laws that have effectively reduced burglaries, severely cut incidents of public vandalism, banned drinking of alco-

holic beverages on Town streets, increased D.W.I. awareness and worked toward ending the sale of drug paraphernalia.

"The Colby Team is proud of these accomplishments and will continue working with police authorities to keep our suburban communities safe," Colby said.

## Some Local Residents Have Tax Refunds Waiting For Them

There are many taxpayers that have federal tax refund checks waiting for them, and Internal Revenue hopes they will claim the money as soon as possible.

The checks have been returned to Internal Revenue by the Post Office as undeliverable because of errors in addresses or names, or because the taxpayers moved without leaving a forwarding address.

Most of the checks are tax refunds for 1982 but there are also some from prior years.

In the IRS Brooklyn District, which covers Brooklyn, Queens, Nassau and Suffolk, 2,810 individual taxpayers have \$1,281,799 in refunds waiting for them.

Several of the checks are for considerable sums. For example, one of the refund checks in the Brooklyn Dis-

trict amounts to \$72,809, and one in Manhattan District to \$63,015.

IRS urges taxpayers who did not receive an anticipated refund to contact their local IRS office as soon as possible. To verify a claim for a check, IRS needs the taxpayer's name and address on the return, present name and address, social security number, type of return and the tax year, and

the amount of the refund. In Nassau, call 294-3600, and in Suffolk, 724-5000.

The following local area residents are entitled to refunds: Hicksville residents, Thomas and Patricia Dunne, James F. Kirkland, Julius and Phyllis Winkler; Plainview residents, Norman E. and Marilyn Demar and Francene and Richard Leins.

## East St. School News

East Street's third grades visited the Science Museum of Long Island on Monday, October 17th. They participated in two programs; an indoor session on Plant Adaptation and an Outdoor Environmental Safari.

During the indoor session the children of Mrs. Wallman's and Mrs. Voorhies' classes learned about plant needs, plants of various climatic regions and how they are suited to survival in each region.

On the outdoor safari, they found out about the use of solar energy for heating a greenhouse and plant drying boxes. The children watched a group of people building a log structure using tools of long ago.

The guides helped the children discover facts about the formation of soil, plant decay, pond life and different kinds of plant life. They also discovered places where animals might live

The guide shows the children earthworms and describes their role in soil ecology.

and listened to the sounds of birds in the forest.

The two classes enjoyed lunch seated around a sundial in an open field, giving them an opportunity to learn how a sun dial tells

time. It was an enjoyable day, packed with information on plants, animals, their environment and the ecological balances of this environment.

## Legionnaire's Log

BY ARTIE RUTZ

Tomorrow nite (October 29) we are having our first Square Dance in many a year and you should be there dancing up a storm or at least watching others do it.....Come on down, even at this very late date and help the Post to a successful night as there is plenty of room on our shiny dance floor for many more pairs of feet. Admission at the door is only \$5 which includes the beer & chips.....Bring everyone you know, even your great mother-in-law and have a grand time.....Bring your own food if you desire or buy our hot dogs which will be available at a reasonable price.....

We would like to know how many of our members are housebound so we can make note of this fact as we don't expect attendance at our meetings and affairs if you are under this circumstance....The Post has voted a donation in the name of each of our World War I veteran members to the Nassau County American Legion. James N. McLean Memorial Library at Hofstra University in remembrance of Armistice Day.....Today we call it Veterans Day, which is November 11th and the Legion's well known and oft quoted American Legion Toast was born.....It was on the eleventh day of the eleventh month at the eleventh hour that the guns ceased firing and silence encompassed the earth. It was at eleven that a delirium of joy and thanksgiving swept over humanity.....It was then that the soul of the American Legion was born. It was then that our obligation to our country and to her honored dead was conceived.....Let us now, in this solemn moment of silence, renew our pledge that these honored dead shall not have died in vain; that the maimed and the widowed and the orphaned shall

receive whatever comfort and recompense a grateful people can bestow. And let us again reverently resolve to consecrate and sacrifice our comradeship by our devotion to mutual helpfulness.....Now, you may or may not have heard or read of that toast, depending upon your activeness in Legion programs but you have now read it.....Digest the meaning as we honor our 4 World War I men, Henry Brengel, Emil Boerckel, Fred Turner and Charles Smith with books in this famous library.....

Normally, when a meeting runs the eleventh hour point, the meeting is suspended until the Eleventh Hour Ritual is performed, which includes the aforementioned toast, before continuing on with the business of the evening....Our meetings have seldom approached that late hour so the ritual has rarely been conducted at Charles Wagner Post.

While we dwell at length about World War I and the connection to The American Legion, we have not forgotten our POW/MIA's of the Southeastern Asia war and this is again to remind you that October 30th is the date for a rally in Washington D.C. on behalf of our missing and unaccounted comrades in that theatre of the late Vietnam War....A Petition will be delivered to the White House after a brief service at the NAM Memorial and the Legion State Commander will be the ranking veterans organization official present to do the honors....A bus will leave Hicksville at 6:30 A.M. and the fair is \$14.95 per head and if you are going please call Commander Lou Braun (681-8750) for further information....

And then there's a 10th District meeting at the Woodhaven Post on Halloween nite, Monday, October

31st and to insure the safety of everyone's car, it was decided to hire a bus to take the delegates to the meeting in Queens and each delegate will be assessed only \$7.50 for the round trip which starts and returns to the Williston Post.

Our Kings Park visit is on Sunday, November 6th....We pack for this on Friday nite, November 4th.....Come down and help.....

### Promoted

Chemical Bank has announced the promotion of Colleen M. Keller-Tarpey of Manorville to Assistant Manager. Her current assignment is Operating Officer at Chemical's Plainview office. Mrs. Keller-Tarpey joined Chemical Bank in 1978 as a Teller Trainee, and held positions as P&R Teller, Clearance Teller, Branch Administrative Assistant, and Officer's Assistant, prior to her recent promotion.

Born in Long Branch, New Jersey, she attended schools there, and was employed by Colonial First National Bank in Monmouth Beach, New Jersey prior to moving to Long Island. She is currently completing a course of study in Retail Banking at the American Institute of Banking, and will receive her Certificate in December, 1983.

Mrs. Keller-Tarpey and her husband, Thomas Tarpey, Branch Manager of Chemical Bank's Mineola Office, live in Manorville.

### Confirmation At St. Pius X

The Most. Rev. Gerald J. Ryan, auxiliary bishop of the Catholic diocese of Rockville Centre, will administer the sacrament of Confirmation to 82 teenagers at St. Pius X Church, Plainview, on Friday, October 21, at 4 p.m.

## People Weekly And Adelphi Join SJK

The Stephanie Joyce Kahn Foundation's Mobile Audio Library Program, presently serving 19 hospital and nursing home facilities throughout Nassau and Suffolk Counties, is adding a new and exciting dimension to its program which has served more than 20,000 Long Island residents since its inception in 1977.

To supplement the Foundation's library of recorded books and Old Time Radio Shows, Time Life has given permission to the Foundation to record "People Weekly" magazine for exclusive distribution to eligible hospital patients and nursing home residents participating in the SJK Program.

Stephanie Kahn joins Adelphi University drama students Kelly D. Thistlethwaite and Jim Di Donato at station WBAU on campus for the first recording session of "People Weekly" magazine.

## Something To Think About

**BILL WAGNER** DIRECTOR

### APPLYING FOR SOCIAL SECURITY BENEFITS

Millions of dollars in legitimate benefits are lost or delayed each year because people either didn't know they were eligible or didn't know how to apply. This is often times the case with Social Security Survivor's benefits.

When someone who is covered by Social Security dies, qualifying survivors should apply as quickly as possible for benefits at the nearest Social Security office. At that time, the following documents should be presented: your Social Security number; Social Security number of deceased; proof of your age; proof of relationship to the deceased, such as a

marriage certificate; proof of death of the insured, such as a death certificate, and if the deceased was self-employed, a copy of his or her last filed income tax forms.

In addition, the Social Security Administration may require other documents, such as proof of disability or of school attendance, depending upon the exact nature of your claim.

## Hicksville Wins One: Loses One

The Hicksville High School Swim Team continued its busy season with meets against Bethpage and Wantagh.

Despite the team's loss to Bethpage, the girls continued their impressive swimming. Lorna Mund broke the record for the 200 freestyle and also won the 100 back. Teri Montalto placed second in the 100 fly and Jemine Mund was second in the 100 free. The relay team of Jemine Mund, Lorna Mund, Kathy Reddy and Gina Cusumano also placed second, as did diver Shannon Boslet. Scoring in third place were Jemine Mund in the 50 free, Gina Cusumano in the 200 IM and the 500 free, Teri Montalto in the 200 IM, Kathy Reddy in the 100 free and the Medley Relay team of Teri Montalto, Barbara Ann Moore, Stephanie Pitta and Pam Sheridan.

The win against Wantagh was impressive, 101-60. The

Free Relay team of Lorna Mund, Jemine Mund, Barbara Ann Moore and Denise Kratochvil won the event. Camille Calame was first in diving. Winners in the swimming events were Jemine Mund in the 100 fly and the 200 free; Gina Cusumano in the 50 free; Kathy Reddy in the 100 free and Lorna Mund in the 100 back and the 200 IM, in which she broke her own record. Scoring points for second were diver Shannon Boslet, Stephanie Pitta in the breast, Kathy Reddy in the 50 free and the Medley Team of Stephanie Pitta, Pam Sheridan, Kathy Reddy and Gina Cusumano. In third place finishes were Stephanie Pitta, 200 IM, and Teri Montalto, 100 breast.

The Team, coached by Walter Olsewski, is at mid point in the season with 3 wins, 2 losses and one tie.

group in the John Sterner Run.

Odd is a member of the Plainview-Old Bethpage Road Runners Club. He is a veteran marathoner, and in recent weeks has been putting in a lot of mileage in preparation for the November 6 Marine Corps Marathon in Washington, D.C.

Odd Sangesland of Plainview is rapidly moving into the top ranks of Long Island runners in the 50 and over age group.

Since he started a concentrated program of interval speed training about a year ago, Odd's time has improved tremendously at all distances. In a period of three weeks in late September and early October, Odd set three "personal bests" at three very different distances. On September 24 he ran the Huntington Townwide 10 Kilometer (6.2 mile) Run in 43:45, on September 28 he ran the 5 Kilometer (3.1 mile) Corporate Run in Eisenhower Park in 21:21, and on October 9 he ran the 20 Kilometer (12.4 mile) John Sterner Memorial Run in Eisenhower Park in 1:31:19. Odd took home the second place trophy in the 50-59 age

"PASTA PARTY" IS BIG HIT: The 3rd annual Pre-New York City Marathon "Super Star Pasta Party" was bigger and better than ever this year.

The Party, sponsored by Super Star Sneakers and Sports of Woodbury (with an assist from Alsy Mfg. Co. of Hicksville, who supplied the T-shirts), was held on Friday evening October 21 in the recreation hall of the Community Church of Syosset. (Rev. Malcolm Bertram of the Community Church is himself a runner, and turned in a beautiful 2:56 in this year's NYC Marathon.)

More than 120 local runners and their guests, most of whom are members of the Plainview-Old Bethpage R.R.C., were on hand for the festivities.

Thanks go to Bryan Mutnick and the gang at Woodbury Super Star for a great evening — the latest in the "Super Star" record of outstanding support for local running, road racing and athletics generally.

## Hicksville American Soccer Club News

The Greatest News Since '72 -- our traveling B team has a new coach. We are all very excited to welcome Mr. Barry Lawson. We are sure he's going to do great things for us and we will certainly try to do as well for him.

Barry Lawson has played soccer and his skills and knowledge has pulled our team together. The improvements can readily be seen. Under his leadership we expect a bright future. Congratulations to all of us.

### HICKSVILLE BESTS S. HUNTINGTON IN 1-0 CLIFFHANGER by Karen Blicher

The Hicksville Shamrocks (U-10) traveling team journeyed last Saturday to play the South Huntington Raiders on their field.

Despite the cold, raw October weather, the Shamrocks played perhaps their best game of the season.

Center halfback Todd Meringoff had an outstanding game as well as scoring Hicksville's lone goal in the second half on a pass from wing Eddie Jacobson. That was all Hicksville needed for the close 1-0 victory.

Crisp passing by wings Teddy Knoop and Eddie Jacobson and center forward Eric Blicher kept up the pressure on S. Huntington's goalie.

The tightly knit defense of

halfbacks David Lovato, Todd Meringoff, Greg Furst, Jason Kingsley, Brian Harkins, Jonathan Herzog and Matthew Gotlin were virtually unstoppable, as were fullbacks Gregg Grosso, Brian Pine, and Frank Pertusiello and sweeper Chris Doyle and stopper Joe Flanagan. Goalie Chet Burros was in top form as he has been all season.

Congratulations to coach Gianni (John) Lovato and assistant Pat Harkins for a well-deserved win.

### Hicksville Tornados By L.G. & J.M.

After a three week layoff, the Hicksville Tornados traveled to North Great River to play the Rebels. The first half ended with both teams denying one another a goal. Numerous attempts were made by the Tornados to beat a fine Rebel offense.

Goalie Walter Villalta was required to make some nice saves in order to prevent the Rebels from scoring. Halfbacks Brian Whitman, Erik Matz and Hermes Furlin controlled the mid-field play with aggressive play and crisp passing. The second half proved to show what Tornado power is about, with the second half kick off, halfback Hermes Furlin dribbled down the sidelines exhibiting super

ball control, then crossed the ball to center forward Barry Mannion who blasted a left-footed bullet into the goal. The 1st goal was scored within the first 30 seconds of play.

The second goal was created by halfback Michael McCairon and forward Michael Kent distributing the ball across the field to halfback Erik Matz who sent a pass to left wing Eddie Assad. Eddie with his fine ball handling went one-on-one with the goalie ultimately faking him out and scoring the second goal. With the score now 2-0, the Tornado defense was not to be deprived of a shutout game against a very physical Rebel team.

The defense led by stopper Matt Greenspan, fullbacks Jason Kilmets, Timmy Carroll and Larry Neuberger were excellent in repelling the Rebels attack.

Goalie Walter Villalta played a great game enabling the team to be victorious and remain undefeated. Special get well wishes to Todd Zelf for a speedy recovery.

The entire Tornado team would like to express their thanks to Westbury Federal Savings and Loan Assoc. for their continued assistance and support as the team's sponsor.

## Hicksville Scores In Swimming

This has been the most successful week in the history of the Hicksville High School Girls' Swim Team!

The week began with wins against Wantagh and Hempstead at the Central Islip Pool where the girls are coached by Walter Olszewsky.

On Thursday, in an extremely exciting meet against Bellmore. The girls were again victorious with a

score of 80-70. With only eleven members present, the performances were outstanding. The Free Relay Team of Jamie Schwartz, Teri Montalto, Beth Walsh and Gina Cusumano placed first and the Medley Team of Lorna Mund, Stephanie Pitta, Jemine Mund and Barbara Ann Moore was second. Scoring in individual events were Denise Kraw

tschvil fifth in the 100 back; Beth Walsh, in the 100 free and third in the 200 free; Stephanie Pitta, third in the breast; Jamie Schwartz, second in the 200 and 500 free; Teri Montalto, second in the 100 fly and fourth in the breast; and Jemine Mund, second in the 50 free. Winning their events were Gina Cusumano in both the 100 free and the 200 free, Jemine Mund in the 500 free and Lorna Mund in the 200 IM and the 100 back. Lorna's times broke both the school and the pool records.

On October 22 and 23 the team was entered in the Invitational Meet at Nassau Community College. Representing the team on the Free Relay were Kathy Reddy, Teri Montalto, Gina Cusumano and Stephanie Pitta. Shannon Boslet competed in the diving and Kathy Reddy, Stephanie Pitta, Barbara Ann Moore, Gina Cusumano and Jemine Mund swam in the individual events for points. The Medley Relay Team of Lorna Mund, Stephanie Pitta, Jemine Mund and Gina Cusumano shattered the team record and placed fifth. Lorna Mund also broke two records, in the 200 free and the 100 back. She won the 200 free and took second in the back by eight one hundredths of a second. The team placed ninth in the Competition!

## "Trick or Treat" Safety Kits

"Trick-or-treat" safety kits are now available free of charge at all parks operated by the Nassau County Department of Recreation and Parks.

Commissioner Abram C. Williams said that the kits are the product of a joint effort of Nassau County, the National Recreation and Park Association and Citrus Hill Orange Juice.

They contain a stick-on

reflector patch for children to wear at night, a plastic trick-or-treat bag with a list of safety tips and an unassembled cardboard bank.

Commissioner Williams invites parents to pick up the kits at their nearest county park facility daily from 9 a.m. to 5 p.m.

For further information, call the Public Information Office at 542-4422.

## Computer Connection Now Available To Teachers

Handicrafts, academic tutors, specialists and teachers of all kinds now have the opportunity of reaching individual students county wide through Nassau Library System's newly computerized Learning Connection, Dorothy Puryear, coordinator, announced this week.

Those who have skills or expertise to share on a one-to-one basis will find that by registering with The Learning Connection," Mrs. Puryear said, "they will become part of a great

community resource available to Nassau County residents through the computer in their public libraries."

The Learning Connection, since its inception five years ago, has enabled people who were searching for ways to learn outside of structured educational institutions to find individual teachers in subjects as ordinary as chemistry and crocheting and as unusual as Norwegian and juggling. Teachers and students have always made their own informal arrangements as to

when and where to meet and whether there would be a fee or barter involved. Mrs. Puryear stressed that even with the computer this method would continue, with the library giving potential students only the names and phone numbers of the teachers of subjects in which they are interested.

Any teachers who would like to register with The Learning Connection should visit the Hicksville Public Library or call The Learning Connection direct at 538-9100.

## Around Our Towns

Pat Reilly - 938-2543

Harriet A. Maher - 433-5984

Lynda North Scotti - 796-1286

A very happy 1st birthday to Christina Anne Pietzak on Oct. 17. Her proud parents are Gene and Joanne Pietzak of HICKSVILLE. On hand to help celebrate were grandparents, Gene and Dolores Pietzak and John and Mary Sarro, also her Godfather, Steve Heindenfelder, all of Hicksville, and her Godmother, Aunt Kathy and Mike Morra of West Babylon.

Kathy and Mike brought their new baby girl, Gina Rose, who was born on Oct. 3. Oct. 31 is grandmother Mary Sarro's birthday. So, October is a very busy month.

Wayne Stewart Miller, son of Irving and Sadie Miller of PLAINVIEW, married Lisa Rae Applebaum of Syracuse at the Hilton-Syracuse on Oct. 9.

Congratulations.

Happy birthday to Jamie McLaughlin, son of Mr. and Mrs. James McLaughlin of Willoughby Ave., HICKSVILLE, who will celebrate his 8th birthday on Oct. 30. Grandparents are Hicksville Fire Commissioner John and Dot McMahon and Mr. James McLaughlin, also of Hicksville.

## Second Precinct Police Report

A residence on Twinlawn Ave., Hicksville, was burglarized on Oct. 21. Entry was gained by prying open a rear window. Jewelry was reported stolen.

A residence on Jody Lane, Plainview, was burglarized on Oct. 22. Entry was gained by breaking the glass in a rear window. Jewelry and cash were reported stolen.

Yummy Yogart, North Broadway, Hicksville, was burglarized on Oct. 23. Entry was gained by breaking the glass in the front door. Cash was reported stolen.

## Eighth Precinct Police Report

By Police Officer Kenneth Box

The 8th squad is investigating an anti-Semitic incident which occurred at the Hicksville Sr. High School on Division Avenue, Hicksville, between October 20th, and 11:00 P.M. and October 21st, at 8:00 A.M.

school's Assistant Principal called the Police to report anti-Semitic slurs had been spray painted on the inner wall of the school football field. Ethnic slurs were also painted on the rear wall of the school building. Det. William Kacinski of the Eighth Squad is investigating the incident.

A residence on Ballpark Lane, Hicksville, was burglarized on Oct. 18. Entry was gained by forcing open the front door. \$50 cash and a brown leather pocketbook were reported stolen.

## Automatic 35 MM Introduced

The Consumer Products of Olympus Corp (Woodbury) is offering a compact, totally automatic 35mm camera, the Olympus Quick Flash AFL using a lithium long life battery and advanced optical design technology.

The company claims that it is the world's first fully automatic 35mm camera with built-in flash that virtually eliminates the problem of battery consumption and slow flash recycling. Olympus says its precision electronic engineering utilizes lithium batteries which will last five years under normal use. Most important is its flash recycling time of 1.5 seconds which remains constant throughout the full five year battery life. This represents a significant improvement over other automatic 35mm cameras that have a standard of seven to eight seconds for recycling which increases with usage, requiring frequent battery changes. Olympus said.

By encompassing automatic exposure, focus, film

loading, winding, rewinding and instantaneous flash recycling, it completes the cycle of full automation of cameras using the 35mm format.

Because of its 1.5 second recycling time, even the "ready light 1.2" has been eliminated because the AFL is always ready, making sequence flash shooting a reality, Olympus said.

The lithium battery's high energy efficiency is maintained over a five year life span so that changing batteries is never a problem. If one 24-frame roll of film is shot once a month and the flash is used 50% of the time, battery life will be five years. If only half as many pictures are shot in the same time span, battery life will extend to ten years.

Up until now, it has been necessary to switch the flash off after use in order to save the battery. With the new Olympus AFL, and its power-saving design, the switch can be left on whenever you're shooting and virtually no power is consumed.

## Girl Scout News

This is the time of the year for Nassau Council of Girl Scouts to have their annual drive for the Westbury Day Care Center. Girl Scout troops will be collecting food items, which include

canned juices, canned vegetables, canned fruits and dry goods, such as cereal, sugar, paper goods, soaps and food wraps. Games for children aged six to nine and tricycles are also welcome. If you

wish to donate any of these items for this worthy cause please contact your local Girl Scout troop or call Nassau Council at 741-2550 for the location of your nearest troop. Your donations will be greatly appreciated.

Junior Girl Scout Troop #3515 also had food in mind when their leaders Frances Wojtyniak and Carleen Murphy took them on a tour of the Foodtown supermarket at Woodbury and South Oyster Bay Roads. Terry Brancucci, the up front manager, conducted the tour of the store. The girls learned where fresh food comes from, how it is stored and how it is priced. They each used the machine that the store uses to order products. The girls learned about the different jobs in the store, the education necessary for the jobs and the hours worked.

After the tour, the girls went on a hunt to find campout foods that are tasty, inexpensive, lightweight and easy to store and cook. The girls bought items which they taste tested at a troop meeting. The troop spent an hour and a half in the store and found the employees friendly and helpful and the shoppers understanding.
