At The Hicksville School Board Meeting

The Hicksville Board of Education meeting of October 26 featured an educational presentation from the Senior High Gifted and Talented program by Dr. Leo Kanawada and Humanities Students. Tenth-graders presented the results of their studies on the ancient world which were on display for Agora Day held earlier this month. Maps, charts, models and reports were exhibited and a live performance of dances and dramatizations completed the program. A brief synopsis of the proceedings was presented to the Board. The program is coordinated by teachers Gerald Shanley, Pauline Jonason, Dr. Kanawada and Charles Arnold.

During the action section of the meeting, the Board authorized the administration to retain the Urac Corporation to review the district's LILCO bills for errors. All refunds due to Hicksville because of overbilling which are obtained through Urac's services will be split evenly with the corporation and there will be no other fees or charges paid by the district.

Bids were awarded for magazines and periodicals in the amount of \$4,928.99 and for music supplies in the amount of \$7,741.84. A transportation bid for \$13,512 and a bid for \$19,621.89 were also awarded, for a grand total of \$45,804.72. The Board also authorized the payment of claims and warrants totaling \$5,439,054.88.

The Superintendent's report included a presentation by Mr. Friedman on staff absenteeism, breaking down absences into the categories of sick leave, personal absences, family illness absences, jury duty, and bereavement leave. Comparative data presented over a four-year period showed improvement in attendance rate for staff members, which compares favorably with information from other districts. The average daily attendance for the professional staff during the 1982-83 school year was 93.3%. Coincidentally, the average daily attendance of students throughout the district for that same year was also exactly 93.3%.

Mr. Becker explained the results of his investigation of the parking situation in the vicinity of the library and the junior high school in response to efforts by the library through the Town of Oyster Bay to provide an alternative to the limited parking available. Since parking regulations, a lack of space for teacher parking, and the need for parking space on Second Street for school buses make existing space available for additional library patron parking, Mr. Becker suggested paving a 600 square yard space on the junior high lawn

adjacent to the auditorium at an estimated cost of \$10,000. The Board was asked to consider this plan or a plan to request diagonal parking at the end of Second Street, or to suggest an indepth study of the needs of the town, the library, and the local taxpayers.

The textbook *Success in Spelling* was presented to the Board for information and review. The book, recommended for use in grades 2 through 6, will be submitted for approval at the next Board meeting.

Mr. Schwartz presented a policy on regular Board meetings for hearing. Discussion was tabled pending advice of counsel, on the issue of voting to close a meeting at midnight and the number of votes required. The Board is concerned with the need to conduct business in public at a reasonable hour, and a method for limiting the length of meetings is under discussion and review.

LaVerne Williamson of the payroll office and Angela Antonucci of purchasing have announced their retirements. They will both be leaving the Business Office on November 30th of this year.

Barbara Granai was appointed as a teacher aide at Dutch Lane School, and Barbara Thunell was appointed full-time clerk in the Mail Room/Duplicating Department.

The Board also approved the examination rate for school physicians conducting employee bus driver physicals.

The district's Curriculum Council met last week to discuss and review past, present and future procedures and recommendations regarding the district's educational program. The Council is composed of 20 professional staff members and representatives from administration and PTA under the chairmanship of Mr. Dempsey, Director of Instruction.

During the committee report segment of the meeting, Mr. Wolfson briefly described the meeting of the Long-Range Planning Committee with a representative from the State Education Department regarding facilities use. Mr. DeSimone gave an overview of the issue and indicated that the major factors in planning to be considered are grade level organization, educational programming, enrollment projections and economics.

Mrs. Singer announced that contacts had been initiated with the American Field Service by the School/Community Relations Committee to lay the groundwork for the founding of a local chapter. It is hoped that a student exchange program can be organized in Hicksville in the future.

He covered such programs as counselling, Rent-A-Kid, vocational, crafts and emergency assistance. He mentioned that funding from other than state, county and town sources comes from private grants and donations. There is also a continuing need for volunteers for this worthy organization and further information is available by calling 516 822-7594.

Galileo Lodge News

By Joe Lorenzo

VENERABLE SKIP MONTEFORTE'S MESSAGE: 'It is not the greatness of a man's means that makes him independent so much as the smallness of his wants.' Old Saying!

It was Saturday the 29th of October. A quarter-moon illuminated the night sky. Twinkling stars shone like Christmas ornaments. Rapidly I felt myself falling under the spell of Halloween. And when I entered the Galileo Lodge I was completely engulfed in it for this was the night when the

Galileo Lodge held its Halloween Dance. Over 250 people attended many of whom were dressed in Halloween costumes some garish, hokey and others very original. The food was excellent and the music by 'Doug's' a disc jockey was fantastic. Chaired by Joe La Presti, ably assisted by Frank Matassa and Joe Morace and having Joe Giordano and Pete Massiello as advisers this dance far exceeded the social and financial impact that was expected of it. The kitchen force consisting of Tom

Pasquarella and Al Barella displayed their amazing culinary talents. Bert Molinelli at the bar and John Payne's general-all-around-help added immeasurably to the presentation of this activity, as did the services of, Armand Del Cioppo, Dante Perotti, Ann Pelligrino, Carl Brandisi and his wife, Terry and Pat Gatto, John Sarcera, Ann Palermo, Mary Monteforte, Ann

Morace and the many other Lodge members of our organization who gave up their time and efforts.

In the costume contest the winners were: Frank Tiero. Best Male Costume; Most Original Costume Francine Hecker; Most Original Costume. Mary Monteforte. Best Female Costume. Cathy and Dave Reimer. Best Male and Female Costume. The judges were Ann Sarce, Vincent De Marra, Joe Jablonsky, Grace Tucci and Mike Saddis. Venerable Skip Monteforte in acknowledgement of the fine efforts of all those who

were involved in the successful conclusion of this dance, wishes to express his sincerest thanks.

As fall starts to show signs of vanishing into the deep past and as old man winter waits anxiously to extend his cold hands the Galileo Lodge still progresses with the final chapter of its fall recreational program. On Friday, the 11th of November, the Ladies Auxiliary, under the direction of Gloria Osback (931-7648), ably assisted by Cathy Reimer (938-3917), will present

a Fashion Show at the Galileo Lodge. Tickets sell at \$10 per person, and in the offering will be delicious hot dinner, beer, soda, coffee and cake and the show itself of course. Tickets are being sold by May Bonnarigo (938-9153) and the raffles will be taken care of by Maria Prudenti (822-2941). Please note that a 'bring-your-own liquor' policy will be in effect that night and that males are also cordially invited to attend. As I have

Dear Friends . . .

This week we bring you our endorsements which as in the past is a straight Republican ticket or Row B as you will find it when you go to vote.

This is because we believe in the basic principles of the Republican party which is giving private enterprise a chance to expand so that hundreds of thousands of more jobs will be created in the PRIVATE SECTOR of our economy and not in the immense bureaucracy whose total expenditures presently run out of control and which the Democratic party has been most instrumental in increasing throughout the years.

However to be specific and to bring these convictions down to our Town level we believe that under the leadership of Supervisor Joseph Colby the team of Colby Venditto Clark, Mosca, Ocker and Musiello our Town will continue to lead the way for other townships, and to serve us efficiently as in the past.

Their record speaks for itself as follows:

- they are not increasing our '84 Town Tax.
- they have not increased our Town Tax for the past three years.
- they are ahead of neighboring townships in closing and environmentally securing old landfills (and this is a matter of record).

• they are definitely ahead of many townships in their efforts to bring a Waste-to-Energy Resource Recovery plant which will safely and economically solve our townships problems of garbage disposal. This incidentally is a "No. One" problem throughout our entire nation.

• they are known throughout this section of our country for their successful efforts to protect our suburban zoning which is constantly under the attack of those who believe in a government which would ultimately own all private property.

• they have increased Senior Citizens housing by almost 20%.

Most of us are hard-working tax paying members of the great middle class of this nation. We do not believe that the word "work" is unacceptable... we believe that upon this word a great nation has been built and we want to keep growing in that direction. We believe that the Republican party can help to do this with our votes better than those dedicated to governing for completely different reasons.

We hope that you feel the same. But whether or not you agree with us, and we know that many disagree... the most important thing upon which we can agree is... **DON'T FORGET TO VOTE.** It is your privilege... it is your duty... do it!

SHEILA NOETH

P.S. We also believe in a "YES" vote on all 8 propositions upon which you will be asked to vote on Tuesday, Nov. 8.

Board Adopts '84 Budget

The Oyster Bay Town Board on Tuesday, November 1, adopted the 1984 budget as proposed at a public hearing held on October 25, 1983.

Under the proposed fiscal plan, the costs reflected in the 1984 General Town Budget amount to \$32,811,621. The General Town tax is levied on all properties throughout the Town.

Crediting Department Heads for tightening operations and finding more efficient ways to deliver needed services, Oyster Bay Town Supervisor Joseph Colby said that "the homeowner will pay 87 cents per \$100 of assessed valuation, a reduction of 1/10 cent from the 1983 rate, or a total of \$60.90 in taxes on the average home assessed at \$7,000. Because Town Department Heads have made a determined and concerted effort to find a better way to provide a service, despite inflation driving costs to 150% of their 1977 level, a homeowner in Oyster Bay will pay only \$3.22 more than he paid in 1977."

Under the State law controlling assessments in Nassau County, different classes of property will have different tax rates. The rate stated above is for Class I properties (1, 2 and 3-family homes.) The General Town rate for Class II (apartments) is 93 4/5 cents per \$100, the same rate as 1983. Class II properties (utilities) would continue at 94 9/10 cents, and Class IV properties (all others) would increase 1/2 cent to 94 7/10 cents.

Under the budget for Part Town (Planning, Building and Zoning) the tax rate for Class I and Class II properties would be set at 21 3/10 cents and 23 1/10 cents respectively, remaining the same as the 1983 rate. The Class III and Class

IV rates would be 23 5/10 cents and 23 4/10 cents, showing slight increases of 1/10 cent and 1/5 cent, respectively.

The Highway Budget for 1984 will increase the Highway tax slightly from the current rate of \$1.30 4/5 cents, to \$1.32 and 3/5 cents, for Class I properties. For Class II properties the rate would be set at \$1.43 7/10 cents, for Class III properties the rate is \$1.45 and 4/5 cents and for Class IV, \$1.45 and 1/5 cents.

The Highway and Part Town taxes do not apply to property located within Villages.

"Also contained in the budget," Colby noted, "are the 1984 financial plans for the more than 30 special districts in the Town which provide such services as fire protection, water supply, refuse collection, community parks, etc." Many of these districts are administered independently by commissioners elected at local levels. Although State law requires those budgets to be reflected in the Town's budget, each special district sets its own tax rate. These budgets were adopted as proposed with some special district taxes increasing, some decreasing and some remaining the same.

Colby pointed out that "only 5% of the tax bill paid by residents goes to the Town (including General, Part Town and Highway Funds), while 12% goes to local special districts. The remainder of the total property tax bill is comprised of local school district taxes (57%) and for such Nassau County services as its General Fund, Police District and Community College and Sewer District (26%). Nassau County and the school districts each prepare and adopt their own budgets."

Letter to the Editor

Dear Sir,

On Election Day, November 8th, the voters of Hicksville in Nassau County will have an excellent opportunity to address the needs of our community and our state.

On November 8th voters can say "YES" to Proposal 3 and thus allow the state's savings banks and savings and loan associations to become stockholder-owned.

By "going public" the thrift institutions will have access to new and badly needed revenues to help finance additional mortgages and consumer loans.

This is just one benefit of voting YES to Proposal 3. Savings banks and S&L's will also be able to invest more in services and in facilities which the community needs such as hospitals, libraries, recreation centers

and schools.

Two consecutive New York State Legislatures have voted overwhelmingly to place Proposal 3 on the ballot. Now we have the

opportunity to say "YES" to a stronger community and healthier future.

Sincerely,
S/Mary Ann Valencia

Legionnaire's Log

BY ARTIE RUTZ

We had a good run at making an early 100% membership by November 11th but the usual Johnny Pay Dues Late members have again failed to do even this little item to advance our position in this very important Legion program....We have approximately one week to gather Dues for this remaining group if we are to make it....What do you say fellows???...Don't say it with anything less than your check....Our latest members to join the elite Early Birds are Charlie Petry Al Egan, Bill Sherman and Larry Schmidt....Thanks for your cooperation.

Thanks to Commander Lou Braun Vice Commander Harry Christo and Past Commander Dick Hochbrueckner for making the trip to Washington last Sunday to join in the largest POW/MIA Rally held yet....It should be noted that the bus left Hicksville at 6:30 A.M. and all three were at the Square Dance at the Post that broke up about 1:30 a.m....Harry was the flag bearer of our national colors and was in the forefront of many photographs and TV shots and his Legion cap with the "Hicksville" was prominent.

Our first Square Dance in a long time was held last Saturday night and was a success both financially and socially....The dances were fun for all even if you only watched the antics going on as the dancers sometimes struggled to execute the proper sequence of steps....And despite all the fun we all had everyone was treated to a free hot dog and everyone received a free ticket for a raffle of three bottles....And what do you know all three prizes were won by I table and three winners were Eleanor Walsh Vi Bramswis and Helen Wladka....All staunch members of good

Auxiliary Unit....In short, this was an affair to attend that was planned by your Post chairman for all members and their guests....Once again the guests far outnumbered the Post members present.

Now listen up....Tonight November 4th we are having a Packaging Party at the Post to pack the bags for our annual Kings Park visit which is this Sunday November 6th....Come down and lend a hand, plan to spend a few hours on Sunday to visit Kings Park and help to distribute these packages to your less fortunate veteran comrades....Again we are making this annual visit with members of Archie McCord Post #86 (Bethpage) and Nassau County Women's Post #1147 who also share with us the expense of the visit....Leaving time for Kings Park on Sunday has not been announced but from past years we normally leave the Post at noon time and are usually back at the Post by 3 P.M....Come down Friday night (tonight) and check the time out with the chairman Frank Johnson.

And listen up some more as the chairman of the Life Committee has just announced that he will convene the committee on November 14th for the purpose of reviewing letters on hand....Chairman Henry Brenzel P.C. will also present any letters of recommendation received between now and November 14th....If you think that you know of a member with at least 10 years membership in Charles Wagner Post then sit right down and write the committee a letter stating in full all the qualifications that your candidate has and mail it to the Post. Do it now as time is fleeting and the 14th will be here before you know it....Your candi-

News From The Traveling "B" Team By Phyllis

Hi everyone! Well Saturday, Oct. 29th, was a big day for our Traveling "B" team. Our 72's took on a tough and very competent opposition—the Port Jefferson Knights. The game was very tough and both teams played like champs, fighting up and down the field throughout. Our Warriors played heroically—each and everyone of them, but special plaudits must be given to Keith Blatz, Sean Lanin, Michael McBride, Stephen Weferling and Sal Perry. They each added that something special.

With everyone's effort, our Kevin Danzig was able

to score. This little hero got the only goal of the game. Our team won—congratulations to all of us and a special congratulations to Kevin.

Barry Lawson, I'm sure understands, that a deep debt of gratitude is extended by all of us. We could not do it without his guidance.

October was a busy month for the Hicksville VFW with all the committees getting under way for the year.

Our Chairman, Anthony Chepak's job goes on and on until all the comrades have paid up their dues for the year and recruits new

members to join the post. He is also the chairman for our 49th Anniversary Dinner Dance to be held on Feb. 18.

Plans are being made to celebrate our Golden Anniversary on Feb. 11, 1985. If any one in the Hicksville area has articles or pictures about the VFW Post 3211,

please turn them over to the committee. The chairman for this grand event will be PPC William Frohnhof and committee members are PPC George Walden, PPC Bob Obermeyer, PPC Leslehle, PPC Joe Normandy, PPC Carmine Somma, Al Wangenheim and Joe Messano.

Junior Vice Commander Max Bergsohn has his committee to take care of the "Voice of Democracy Contest." All the schools in the Hicksville School District are eligible.

From October, 1983 to January, 1984, we are the only VFW Post in the Hicksville area who are soliciting journals for our 49th year souvenir journal. We are soliciting by letter, no phone calls will be made.

Our members have ID cards stating that they belong to the VFW Post 3211. If someone approaches you and cannot produce proper ID cards, call the VFW at 931-7843. There are other organizations who may call and tell you they represent the VFW. If you send donations to other VFW organizations, you will not be supporting the William M.

Gouse Jr. Post 3211.

There is another committee that goes on all year long and has been for the past 10 years or more. It's MIA-POW. 2,500 of our finest young men are still in South Asian prison camps.

Our VFW Post, Nassau Chapter Vietnam Veterans of America, Amvets Post 44 and American Legion veterans groups from Nassau County went to the MIA-POW rally in Washington on Oct. 30. That same day, a few of the comrades from our Post attended a Legislative Breakfast at the Albertson VFW Post, and asked our political leaders from Nassau County about our 2,500 MIA-POWs still missing.

Oct. 24, the Queens County Ritual team gave an impressive ceremony which told the story of the VFW.

Ways and Means chairman Joe Messano reports that the Golden Oldies Dance held on Oct. 1 was a big success and a complete sell-out. Stella Tedesco won the truckload of cheer and Ernesto Catro received the consolation prize.

At East Street School Mrs. Voorhies' third graders have a unique way of learning the Health curriculum.

The children are required to learn about the different systems of the body. The topics covered are the circulatory nervous, respiratory, skeletal muscular and digestive systems and how they all work together.

It all sounds very complicated but Mrs. Voorhies has found a way to make it interesting.

The children made "dummies" to represent each system. They used their own clothes paper bags for heads and newspapers for the stuffing.

There were five

groups and each group made a "dummy" which represented a specific system.

Mr. Muscle Mrs. Willy Windpipe Mr. Brainless and Mr. Heartless were the names the children gave their new classmates.

The children also made masks to show different emotions.

After some discussion they wrote stories about the emotions and used the "dummies" to illustrate these stories.

The children said they "worked very hard but had a lot of fun."

Who are the dummies in Mrs. Voorhies' class? There are none, especially when it comes to learning Health.

In the upper picture we see Pebbles, Richie, Donald, Jennifer and Billy showing their "Mr. Heartless." While in the lower picture, we see, Lisa, Erin, Nicky, Tricia and Diana with their friend "Mrs. Willy Windpipe."

Nassau Police Superior Officers Endorse Councilman Clark

Oyster Bay Town Councilman Thomas Clark, Republican candidate for re-election, was endorsed by the Superior Officers Association of the Nassau County Police Department.

The Superior Officers Association, which represents the Nassau Police Officials from the rank of sergeant and above, have made maintaining the safety of Nassau communities a top priority and in endorsing Councilman Clark have indicated that in working with him it became apparent that he shared this priority.

Councilman Clark, who has frequently worked with police officials during his years as a member of the Town Board, indicated his appreciation of this particular endorsement. "The Superior Officers of our police department are truly dedicated individuals who have assisted me many times in taking community actions to help keep our streets safe," Clark said. "With their assistance, a great deal has been accomplished and will continue to be accomplished to keep crime out of our neighborhoods."

first goal. The second goal was scored by Eddie Assad who drove the ball past their attacking goalie. The Crusaders then tied up the score in the 2nd half. Hicksville's winning goal was scored by Todd Zeff on a well-placed penalty kick which made the final score, Tornados-3, Crusaders-2.

On Sunday, the Tornados traveled to Rockville Center to play the RVC Power-Blasters. In an evenly and fast paced game, the 1st half ended without either team scoring.

The 2nd half continued at the same fast pace with each team trying to create a goal. The Tornados drew first blood on a perfectly executed corner kick from Todd Zeff to Brian Whitman, who quickly placed the ball past their outstretched goalie. With minutes left in the game, the Power-Blasters mounted an offense with everyone on attack. They eventually tied up the game. The final score was Tornados-1, Power-Blasters-1.

The Tornados should be very proud of their team efforts and continuing success.

Team players are: forwards Eddie Assad, Brian Whitman, Mike McCarron and Mike Kent; halfbacks Barry Mannion, Hermes Furlin, Todd Zeff and Erik Matz; stopper, Matt

Zwecker & Carl Sutnick for the outstanding job they did with the NEW membership breakfast. Both newcomers & oldtimers had a terrific time. Neal Plush & Andy Morganstern were among the many welcomed newcomers.

Brothers Stan Pasternak and Bernie Geller have our Birthday wishes on Oct. 29th and Nov. 4th, respectively.

Christopher J. Posch of Birch Dr., PLAINVIEW, has been inducted into Epsilon Sigma Pi at Manhattan College.

DIRECTOR

FUNERAL DIRECTOR AS COUNSELOR

Although the funeral director may not consider himself a trained counselor, and may not have his doctorate in psychology, his special experience and role give him certain insights which he cannot help but use in his professional role. Any sensitive funeral director will soon acquire a knowledge about personal, practical, and abnormal bereavement problems which can be of value to those he serves.

Using his sensitivity, the funeral director can successfully identify such problems and then help or refer. In this way, he can be of use in his community as part of the caring team and more helpful

to each family he serves.

Today, the funeral director is not restricted to only "at-need" contacts with families. He should be counseling them during prearrangements and he should be available for post-funeral visits to the family in addition to his regular, and more traditional at-need duties.

5th Grade Class Honors

Mrs. Anne Hansen's 5th grade class at Fork Lane School has embarked on a timely project to honor October as United Nations Month.

Immigrants is the topics this fifth grade class has chosen to explore. Prominently featured on their bulletin board are numerous articles about a Polish immigrant, Joseph Hydrusko, a decorated war hero who, during World War II, saved countless lives at Pearl Harbor. Each year thereafter, Hydrusko flew over the Statue of Liberty and scattered roses commemorating the attack. While actively

seeking the Congressional Medal of Honor for his heroics during the war, Hydrusko died in a plane explosion before fulfilling his wish.

Mrs. Hansen's project also features creative writing by her students on topics including "Freedom," "the Statue of Liberty," etc.

Additionally, the class will be learning how to make a commemorative stamp honoring the Statue of Liberty.

Another tentative project, under consideration, is a fund-raising effort to resurrect the arm of the Statue and to preserve Ellis Island, as well.

said, you don't really have to be fashion conscious to enjoy this show, and perhaps you can think of it as enjoyable night out.

And an activity for those people who delight themselves in browsing, on Sunday the 27th of November the Ladies Auxiliary under the direction of Mary Monteforte (938-9536) will present a Flea Market activity at the Galileo Lodge from 10 A.M. to 10 P.M. Vendors are needed and tables for members cost \$8 and tables for non-members cost \$10.

Very soon we will be deeply immersed in an atmosphere manifested by the holiday season and needless to mention that the Galileo Lodge will also be deeply involved in activities indigenous to this particular time of the year. On Saturday the 3rd of December the Galileo Lodge presents its annual Christmas Dance. Tickets will sell at \$10 per person and in the offering will be a delicious hot dinner beer soda coffee and cake set-ups and delightful dance music for your listening and dancing pleasure. Joe Lo Presi (541-5163) will 'chair' this activity ably assisted by Joe Morace (931-2548) and Frank Matassa (921-2843). More details on this activity in later columns.

Then in December dates to be announced shortly the Galileo Lodge presents its two Christmas parties one for the retarded children of Queens and Long Island and the other one for the children of the membership. Then of course the New Year's Party and Dance at a date also to be announced.

Brownie Girl Scout Troop 342 News

On Wednesday, October 12th, Barbara Linnehan's Brownie Troop #3429 took part in a Green Circle demonstration. Kathy Cloonan of Nassau Council of Girl Scouts came to the troop meeting and had the girls full attention for the entire hour.

Green Circle is a program which uses felt figures and circles to illustrate to the girls their growing circle of friends.

It is a very nice way of showing the girls that they are special and the people they meet and share their

world with are special too.

It also teaches the girls about their feelings and how these feelings are shared by others.

Mrs. Cloonan did a great job and the girls loved every bit of the program.

They were all very happy to participate and share their thoughts and feelings which is such a important part of being a Girl Scout.
