Hicksville To Have Long Island's First **Full Scale Air Stripping Plant**

On Monday evening, November 21, the Crest Hollow Country Club in Woodbury was the scene of the 18th Annual legislative Dinner of the Long Island Water Confer-ence. It was well attended by more than 180 persons, including more than 30 Legislative guests from among Long Island's U.S. Congressmen, State Senators and Assemblyman, together with a large number of Commissioners and staff of most Long Island Water Districts and Suppliers from public and private sectors.

This was the occasion selected by the Board of Commis-sioners of the Hicksville Water District (Stanford Weiss, Gilbert E. Cusick and Nicholas J. Brigandi) to make public the results of their most decisive actions that carried thru a pilot plant study, review of engineering reports, the receipt of bids and award of same for the construction of Long Island's first full scale air stripping plant for organic treat-

ment of a public water supply system.

Louis G. Dettloff, Administrative Assistant to the Board of Commissioners, Hicksville Water District, was selected to address the meeting on behalf of the Board to explain this

address the meeting on behalf of the Board to explain this important forward step in implementing a rapidly changing technology in dealing with the removal of organic contaminants from our drinking water.

The Commissioners have made an award of \$562,000 for this construction which is designed to treat three wells located at our Plant No. 1 - Bethpage Road. Considerable research had been performed on treatment methodologies, primarily on granular activated carbon (GAC)-air stripping (aeration) and selective resin; Hicksville Water District's

consultant, the H2M Corp., did recommend aeration as our

most cost effective approach.

Conclusions indicate a most successful operation and assuming potential increases in contaminants underground it was felt the need for a removal efficiency of 94% to provide treated water at not less than 1/5 of the present guidelines.

The cost of the new treatment system includes revisions to existing well pumps - treatment systems - new booster pumps - mechanical work and pumping - clear well resevoir pumps - mechanical work and pumping - ciear web 100% X-ray pump house and miscellaneous work - and even 100% X-ray

pump house and miscellaneous work - and even 100% X-ray certification of the tower welding. We believe that it is prudent planning to reduce the likelihood that the problem will still be around to haunt us in the future.

After thanking the Legislators present for certain new laws passed in the last session to help protect Long Island's sole source acquifer and suggesting new steps that hopefully may go forward in the present session, it was most gratifying to have rank reseals this research to our presentation. Facts to hear and receive their responses to our presentation. Each Legislator present spoke and expressed their support of the Conference and applauded Hicksville's efforts and bold forward step in the battle for high quality drinking water. They did pledge their continued support and indicated a desire to assist in finding possible ways and means to cope with the development of like improvements. The Board while being commended for their courageous foresight in making this positive step did express gratitude to their Engineering Consultant, the H2M Corporation, a firm which has responded to our engineering needs and quality controls for

Residents Object To State DOT Proposals Re Traffic Flow

TOB Councilman Tho-mas Clark and NY State Assemblyman Fred Parola recently held meetings with DOT officials and residents who objected to several DOT proposals attempting to deal with the problems of traffic flow in downtown Hicksville.

State DOT has recommended is the widening of

(west of Broadway).
At a meeting held Friday morning with Messrs. Parola, Clark and DOT officials including DOT Regional Traffic Engineer T.C. Hof-

Iman, about forty residents appeared in opposition at this DOT proposal. As a result, a proposal was made to run a 6 to 8 week experiment of one-way traffic on Nevada Street from Broadway to Savoy Pl., heading west. Mr. Hoffman and Assemblyman Parola agreed to this pilot program to be implemented by the Town of Oyster Bay since Nevada St. is a town road. The major concern was to have this pilot program in action as quickly as possible so that the DOT can make their studies during the heavy-traffic time caused by

BARCLAY STREET
The second proposal which met with opposition is "to eliminate left hand turns at Barclay St. for south-

Councilman Clark stated to DOT Regional Traffic Engineer Hoffman that he would discuss this further with major organizations and residents in the community and give him feedback as soon as possible. This could lead to a new study of the east-west traffic flow problems of downtown Hicksville.

Arrested For Fraudulent Practice

Nassau County District Attorney Denis Dillion recently announced the arrest of John Wells and arrest of John Wells and Adwell Audio-Visual, Inc. on a charge of offering a False Instrument for Filing in the First Degree. Wells is President of this company located at 158 Main Street in Homotraed, Wells 40 lines Hempstead. Wells, 49, lives in Mineola.

Dillion said, "Adwell is a computer supplier and a frequent bidder for contracts in numerous school districts in Names Computer in Names C districts in Nassau County. He and his corporation are charged with submitting fraudulent bid bonds to school districts."

The District Attorney said a bid bond is a guaran-tee, normally by an insurance company, that the

rance company, that the bidder will sign a contract if he submits the winning bid. The purpose of the bid bond is to discourage frivolous bids. When the winning bidder signs the contract the bid bond is extinguished.'

According to the investigation by the District Attorney's Special Investigation's Bureau Adwell submitted bid bonds that appeared to be from the Fireman's Fund Insurance Company. The bid bonds are under the letterhead of the insurance company but they are neither authorized nor authentic. It is believed this authentic. It is believed this fraudulent practice has been used over the last several

years.
Dillion said the investiga-

tion commenced when a complaint was received from the North Merrick School District. Adwell was bidding on a supply of audio-visual equipment for the district and submitted a bid bond in the amount of \$1,258.50. A further check showed that the Fireman's Fund Insurance Company was unaware of this

injured and 13 non-students

Even the most exemplary of busing operations cannot anticipate the mistakes that other users of the road will make - and their own mis-takes. The most vigilant of bus drivers will be forced to deal with hazardous road conditions caused by weather and unexpected mechanical failures. It goes almost without saying that accidents cannot be totally avoided, therefore, the alternative is to equip main-tain and construct buses with injury prevention as a foremost consideration -the standard governing school bus operation, construction and maintenance must make safety the number 1 priority - safety must be strictly enforced.

It must also be acknowledged that government operations at the state, local and national levels are increasingly at budgetary limitations because of the high levels of taxation. It goes almost without saying that if New York State increases school bus safety procedures, through man-dates, localities would be hard pressed to comply; therefore, the continuing issue is to decide between additional local financing burdens and the safety of

In light of the fact that New York State provides local school districts state aid in excess of \$5 billion annually to support elemen-tary and secondary educa-tion, including up to a 90% reimbursement through such state aid -- for approved transportation costs, it is imperative that an additional assessment of local need and responsibility be focused upon, to main-tain and/or achieve the safety ideal all collectively

To this end, testimony is sought regarding the issue of school bus safety and whether New York has gone as far as it can without imposing additional local

school district mandates in order to ensure that or children - our greatest resource -are safe on their way to and from school -- and/or whether additional man-dates are necessary and appropriate.

More Lilco Grants Now Available

Long Island Lighting Company is making more than \$600,000 in full and partial grants available to qualifying Long Islanders who apply to make energysaving improvements to their homes. Under New York State's

Energy Conservation Bank, administered locally by LILCO, funds have been allocated by the New York State Energy Office to assist low to moderate income families and certain senior citizens in weatherizing their residences to lower heating bills. Participants must meet bills. Participants must meet specific eligibility require-ments. Energy conservation measures that qualify under the program would be indentified and recom-mended through a free LILCO Home Energy Audit.

"Senior citizens can, receive grants of up to \$2,500 for a one-family home," LILCO Vice President John J. Russell said. Senior citizens who think they may qualify should contact the appropriate county agency for assistance in applying. The agency will certify their eligibility and furnish their names and addresses to LILCO. LILCO will then arrange a free home energy audit at

the convenience of the applicant, complete an audit report recommending costeffective conservation measures to take and provide a list of qualified contractors to complete the work. Low-to moderate-income

families, and senior citizens hamiles, and senior citizens who do not qualify for full grants, may be eligible for grants to pay part of a low-interest conservation loan. If a family's income is between 80% and 100% of the Nassau/Suffolk median income for a family of the same size, the family may receive a grant equal to 35%, of the loan amount. If the income is less than 80% of the median, the family can get a 50% grant. As in the

senior citizen part of the program, eligibility must be established and a home energy audit performed. When customers apply for the Energy Conservation Bank grant, LILCO will inform them of how much they are eligible to receive before the customers make a commitment to a conserva-tion loan. Two, three, and four-family homes may be eligible also for full or partial grants.

"This program is designed not only for people who need help most, but includes assistance for some people at moderate income levels who have not been covered by other programs," Russell

The applicant "Foxwood at Jericho" owned by Jerry Ine applicant "Foxwood at Jericho" owned by Jerry Montor has already constructed in Jericho approximately 450 condo units. His new application would add 162 condo's on 33.67 acres. If this application is approved, the owners of the Underhill estate, adjacent to Foxwood, would certainly be justified in applying for the same density yielding 400

additional condo units.

The Brookville Taxpayers Association opposing the application appeared with experts who stressed the possibility of drinking water contamination and presented an alternative production of the provided to the school. ny of orinking water contamination and presented an aiter-native plan at a lesser density, which would add to the school children population of the Jericho school district. A representative from Jericho was Richard Berkenfeld, who stated that he represented the Joint Jericho Council and

that he supported the down zoning allowing 162 condo's.
The West Birchwood Civic Association opposed this

petition.

The geologists who appeared for both sides stressed the need of retaining the kettle ponds on the property for their importance in recharging pure water into the aquifer. In order to protect these ponds and the drinking water in the aquifers, the Brookville Taxpayers Association experts, proposed the development of private homes and Town Houses at a density of 193 per acre. allowing a total of 65. Houses at a density of 1.93 per acre, allowing a total of 65 private residences in a private club, security type development, with many amenities to be run by a homeowners

If the Foxwood at Jericho plan is approved by TOBAY, the land would be leveled and all natural shrubs, trees and vegetation would be removed, furthermore, all but one of the ponds would be filled.

Petitions containing over 1000 signatures from residents of the Jericho/Hicksville area and residents of the Town Of Oyster Bay, in opposition to the application, was presented to the Town Board. Letters from the Sierra Club and the Audubon Society, also opposing the application, were read into the record. The Board reserved decision and the meeting was adjourned at 1:15 AM.

A day hearing took place on the petition of the Shep Messing Soccer World, Inc. Virtom Realty Corp. Syosset Racquet Club, Inc. and Virginia Thomas, for a special use permit to maintain, use and operate partially in a Bus. G District and partially in a Bus. F District, a bar, soccer courts and facilities customarily associated therewith, including a stadium field and a grandstand field and for the recision of eight conditions imposed by the Town Board Resolution dated Dec. 1, 1970, on property at a corner formed by the intersection of the north side of Jericho Tpke. and the east side of Burke Lane in Syosset.

A group of local residents appeared in opposition to this

petition, among them were Mr. and Mrs. William Kiezil of 2 Willets Dr., Syosset who both testified. Mrs. Kiezil mentioned that there would definitely be an increase in traffic if this petition is granted. Mr. Kiezil criticized the present condition of this property and turned in pictures showing an overloaded dumpster. He stated that at present cars were parking all over the neighborhood and that the future plans if approved, would worsen this condition. Mr. Georgio, the petitioner's attorney stated that the unsightly condition created by the dumpster and other of a

similar nature would be corrected. It was explained that the previous owner owed \$100,000,00 in back taxes and \$50,000.00 in liens which the present owner had to come up with. It was stated that the present owner, the Shep Messing Soccer World is trying to renovate and improve this property into a modern soccer facility.

The Board reserved decision on this petition.

In other local matters the Board acted as follows:

They approved Resolution No. 942 - 1983, relating to Town Environmental quality review commissions findings on the petition of Field Realty Corp. and J. T. Motors, Ltd. for a special-use permit to operate a motor vehicle salestoon and body shop in an H. Industrial Zone at 990 South Broadway in Hicksville.

They approved Resolution No. 943 - 1983 awarding Contract No. TB183-313 and directing the consultant to proceed with the construction phase of this contract at the Incinerator Plant No. 1 which covers improvements on the Old Bethpage Solid Waste Disposal complex, the bids for which were received on Oct. 12, 1983.

They approved Resolution No. 945 - 1983 relating to quality increases on a Town contract No. DRH 79-4705 and a Nassai County sewer contract No. 1002-3-H-3B, for sewer improvements in the Blueberry Lane area of Hicksville.

They approved Resolution No. 946 - 1983 relating to the extension of time by contractor to complete contract No.

DPF81-234 and for an increase of engineering fees by the consultant for improvements at the Hicksville parking building.

They approved Resolution No. 961 - 1983 granting the request for a waiver of building code requirements on a frame, one-family dwelling located at 25 Richard St., in Hicksville, permitting its use as offices but subject to five covenants and restrictions.

They approved Resolution No. 964 - 1983 changing the name of the Syosset Garbage District to the Syosset Sanita-

They approved Resolution No. 974 - 1983 changing order No. 1 on Contract No. TB180-204H, regarding the incinera-tor wastewater treatment program at the Old Bethpage Dis-posal Complex. The Supervisor will sign this change order.

The next regular meeting of the Town Board is scheduled for Tuesday, December 6 in the Town Hall, Audrey Avenue in Oyster Bay starting at 10 a.m.

them avoid being involved in dramating strainers. F1A supports raising the drinking age to 21 years of age. The New York State Teacher of the year for 1984, Claire F. DeLoria, a social studies teacher from Liverpool High School, Liverpool, New York was a banquet speaker. She believes that "teachers should provide students with a model believes that "leachers should provide students with a model enabling them to deal with the variety of controversial issues which they will face during their life time." She affirms that "the goal of a teacher must be to create in each student a sense of appreciation of the past, present, and future of the human race so that as adults they act as trustee of the culture and as change agents within that culture....to create an educated person who can live in his present society to effect positive evolutionary changes within that society...a person who can" 'Climb every mountain' till he finds his dream.

This convention depicted perfectly PTA's theme - Parents and teachers working as advocates for children.

Nassau County Women To Demonstrate

Women in Nassau County will join the groups demon-strating in more than eighty cities across the United States during the Human Rights Week, December 5 through 9. on behalf of thousands of Soviet-Jewish families separated by the inhumane policies of the Soviet Government.

In Nassau County the observance will take place on Thursday, December 8. on Thursday, December 8, from 10:00 am to 12 noon at the East Meadow Jewish Center, 1400 Prospect Avenue, East Meadow, (483-4205), under chair-manship of the Long Island Committee for Soviet Jewry, Lynn Singer. Coor; dinator, and the National Council of Jewish Women. Pearl Lipton, Jewish Life

Coordinator
The program will feature
N.Y. Congressman Raymond J. McGrath, reporting on his recent trip to the

Soviet Union, special guest Soviet Union, special guest speaker Rosa Mesh, Mother of Yakov Mesh of Odessa, and a film presentation entitled "The Refuseniks". There will be a breakfast reception, and baby sitters will be available for a fee of \$1.00.

All are urged to attend to symbolize our concern with the plight of Soviet Jewish Prisoners of Conscience and members of divided families. Rallies, candlelight vigils, and open forums are among the many actions planned to protest the Kremlin's campaign to separate husbands and

wives, parents and children. The 1983 Women's Plea for Soviet Jewry is under the auspices of the Leadership Conference of National Jewish Women's Organizations. in cooperation with the National Council of Jewish Women and the Long Island Committee for Soviet Jewry

For our last delightful bite. Paul reminds us that we are enfolded in the arms of a loving God., We are sup-ported by that love. The Holy Spirit of Pentecost has made God's love powerfully available to all believers. The God who has loved us never abandon us. We who have been justified, we who have received peace, we who can even squeeze benefits out of suffering, we who hope in the Lord, need be a community characterized by our ability to love one another as God has loved us.

Christmas Tree Dedication

The official Annual Christmas Tree Dedication for Nassau County will be held at the entrance to Eisenhower Park's Salisbury on the Green Restaurany on Tuesday, Dec. 6 at 4 P.M.

Nassau Recreation and Parks Commissioner Abram C. Williams said Nassau County Executive Francis T. Purcell is expected for holiday greetings and the official lighting ceremony.

The tree decorations will be supplied by the Cooperative Extension Association of Nassau County, 4-H Division; the Nassau Council of Girl Scouts, United States of America and the Campfire Council of Greater New York. The program is also cosponsored by Suburbia Federal Savings and Loan Association.

Music and refresh-

ments will follow the female barbershop official dedication in the Crown Room of the restaurant. Music will be provided by the Long Island Banjo Society and the "Sweet Adelines", one of Long Island's foremost all

harmony choral groups.

Salisbury on the Green Restaurant is located at parking field #7. For further information, call 542-4442.

Central General Hospital begins new cardinc stress testing program: Central General Hospital's critical care supervior, Mary Perry administers cardiac stress testing. The procedure informs doctors, with the use of a computer, areas, of possible heart damage and the amount of stress a heart can tolerate. Prior to the addition of this program, patients had to be transferred elsewhere for the test.

The test will be given to all patients with heart problems prior to release, as well as patients suspected of coronary disease.

kept the pressure on with two goals. At the start of the second half the Hawks David Fujimoto scored his fourth goal on a fine assist from Frank Constanza. North Lindenhurst came back with their third goal after which the Hawks midfielder Kenneth Coumou scored twice on assists from Stephen Reid and William Smith. Constant pressure from the hardworking Hawks midfielders and ful-Ibacks, Yuri Melick, Michael Roth, Chris Zub

and David Laspaluto combined with the fine goalkeep-ing of Matt Erwich kept the North Lindenhurst team from further scores. The final score of Hicksville 6, North Lindenhurst 3 gave the Hawks a 5-2-1 record. Next Sunday the Hawks travel to New Hyde Park for their final game.

'83 Babe Zaharias Memorial Tournaments Very Successful

The 1983 Babe Zaharias Memorial Tournaments have raised over \$80,000 to henefit the American Cancer Society's Long Island Division according to Mrs. Philip Zuckerman of Rockville Centre, general chairman of the event and member of Muttontown Golf & Country Club.

Fifty-three Long Island golf and country clubs participated by holding indi-vidual Zaharias Day events at their clubs during the summer months. Muttontown Golf & Country Club raised the largest amount of money, over \$8,000 to win

the Zaharias Trophy for the third year. They will now retain it permanently. Hun-tington Crescent and Glen tington Crescent and Gen Oaks each raised over \$7,000; Woodcrest, Sea-wane, Glen Head and Fresh Meadow over \$5,000; Pine Hollow more than \$3,000; Tam O'Shanter and Engineers more than \$2,000; and Nassau, Westhampton, North Shore Towers, Mid-North Shore Towers, Mid-dle Bay, St. George's, Bel-liport, Cold Spring, North Hills, Mill River, Rockville Links, Brookville, North Shore and Harbor Hills con-tributed over \$1,000 each. All of the other clubs raised

sizeable amounts, many of them showing considerable increases over the previous years. Awards were presented to the top fund raisers

at a recent awards brunch held at Muttontown. The Zaharias Tourna-ments have been held annually for the past 26 years on Long Island in memory of the well-known "Babe" Zaharias who died of cancer at the peak of her spectacular sports career. Funds raised support research, education, services and rehabilitation for cancer patients through programs of the ACS on Long Island.

A very line piece of pastry is not something that should be wolfed down but rather savored bite by small bite. Romans 5:1-5 is like a tasty dessert. In a few short verses it packs so much meaning and enjoyment. Four bites await us, I invite you to savor the first with me.

anniversary of Luther's birth, no greater tribute could be bestowed on his remembrance than for all Lutherans to believe the central teaching of Scripture which Luther rediscovered.that is, that our relationship with God, severed by our sinfulness, has been mended by Christ's death. Christ died so that we might live. Any consideration that some goodness of our own is needed to augment what Christ has done completely for us is wrong. Equally wrong is any thought that Christ's sacrifice was not enough to cover every aspect

of our sinfulness "Since we have been justified..." having appropriated that justification by faith we can now have peace with God through Jesus Christ. Christ becomes our peace offering to a righteous God...rightly angered by our sinfulness. And so we have peace with God, and know that at death we will not be separated from God but that the certainty of heaven awaits us. The beautiful gift of peace also reaches into the present. With a strong faith comes a strong inner serenity. Peace is ours through Christ, therefore enjoy the peace you have. Trust completely in the Lord, hand over your cares, your very lives to Him, and let the peace of God which passes all human under-standing pervade your daily

Now we are ready to savor a second morsel-"Through him we have obtained access to this grace in which we

stand, and we rejoice in our hope of sharing the glory of God." Paralleling our pre-vious bite in someways, Paul points out that we lack the merit to stand before God on our own, but what we couldn't do on our own Christ has done for us, and through him we have gained new status before God. Now the fullness of heaven awaits us. We rejoice at such good

fortune. It is an even more exalted experience than winning a million dollar lottery with a ticket that some one purchased and handed to us as a gift.

As Saint Paul has by now brought our heads into the clouds, we suddenly remember with him that our feet are still planted in a world that produces considerable suffering. How does a Christian relate to suffering? Briefly, suffering too is a part of the Christian's life, Yet with the help of God we can manage our suffering in

Adoption Blue Book Service

A new, very human serdirector Kenneth Barnes vice has been added to the growing list of Information said, "After an individual or family decides upon a child, that person or family may then telephone the listed growing list of Information & Referral services being offered by the Hicksville Public Library. To help promote the welfare of children, the library has added four, blue, loose-leaf binders entitled New York State's Waiting Children to its reference collection. Published by the New York number, state an interest in the child that is photolisted, and indicate the child's Blue Book number to the staff person. If the child is still available for adoption, the staff person will provide the lished by the New York State Department of Social caller with the name and telephone number of the proper Services Adoption Service, the volumes comprise a pho-tographic listing of all child-ren in New York who have been legally freed for adop-tion, have been in foster care agency and the contact per-son who can provide further information about the adop-tion process." for over 90 days, and are waiting to be adopted. Referred to as the Adoption Blue Books, the listings are

New York State's Waiting Children program is administered locally by the Nassau County Department of Social Services and St. Christopher's Home in Sea Cliff, a private, voluntary agency that is funded by Catholic Charities, At the Hicksville Public Library, the Adoption Blue Books may be requested at the Reference Desk. Having agreed to supervise access to the Blue Books and make them

available to all county residents, Kenneth Barnes, Hicksville Public Library Director said that either a valid public library card or other proper identification will be requested from patrons while the books are being used. Library staff will maintain the service with prompt, bimonthly updates.

The photographic listings include approximately 1,000 children, most of whom are older, handi-capped, or considered hardto-place. For young children in good health, agencies generally have a waiting list of adoptive families. A spokes-person for the New York State Department of Social Services said that a large percentage of the Blue Book Children are minorities and that "Recruiting minority families is new in New York State and a good reason for the photographic listing service through our public libraries. Children find fami-

lies through exposure."

90 YEARS YOUNG: Oyster Bay Town Councilman

Thomas L. Clark (left) presents a citation to Violet Wohl during a party celebrating her 90th birthday.

The Hicksville nonagenarian was feted by friends and family, including her son and daughter-in-law Mr. and Mrs. Wesley Wohl, at a party held at the United Methodist Church in Hicksville.

PTSA Citrus Fruit Sale

Good news from the Hicksville Junior and Senior High PTAs!

Because of seasonal grow-ing variances and the Florida delivery schedule, we are able to accomodate you for an additional week in taking orders for our Florida citrus fruit sale. We can now fill any order received by December 2.

Orders for grapefruit, navel and juice oranges can be sent to Sue Epstein, 19 Cable Lane, Hicksville, NY 11801 or call 433-7864.

Fruits available are Navel oranges (64-100 full case) at \$14.00, (32-40 half case) at \$9.50; Juice oranges full case at \$12.50, half case at \$8.50; and, grapefruit (32-40 full case) at \$12.50, (18-20 half case) at \$8.50.

This is a great time of the year to enjoy citrus fruits and if you order now, you will have them before the Christmas holidays.

Hicksville Lions Pancake Breakfast

This Sunday, November 27 at the Holy Trinity Epis-copal Church of Hicksville (Old Country Road and Jerusalem Avenue), the Hicksville Lions will be holding their Annual Pancake Breakfast.

The hours will be from

9AM-12 NOON.

This is one of the major fund raisers of the year, with all proceeds going to various local charities. Tickets are available by contacting Ted Marotti at 681-5190 or Jim Fyfe at 796-3420. Tickets are \$3.00.

In response to the needs of even the younger manubers of the Hicksville community, the Vernon C. Wagner Funeral Home, Inc., Old Country Rd. and Jerusalem Ave., Hicksville, has constructed a special children's playroom. Equipped with toys, coloring books and other items of interest, the room provides a place for children to go while their parents are free to attend the funeral.

This innovative idea being just one more way that the people at Wagner Funeral Home are serving the public.
