

## Town of Oyster Bay Beautification For Hicksville

A program to upgrade the appearance of the entire Hicksville community has been set in motion by Supervisor Joseph Colby by the Town of Oyster Bay.

Colby has contacted the *Hicksville Illustrated News* concerned over our designation of Hicksville as Weedsville, U.S.A.

Councilman Tom Clark is now preparing letters to all business, church and civic leaders announcing the program.

The areas in which the town is responsible (the Supervisor states Broadway is a state artery and improvement there must come from Albany) will get refurbishing in early spring.

Once undertaken the cooperation of all Hicksville business and townspeople will be required to maintain the appearance.

The thrust will be that the town needs the cooperation of all.

One possibility urged by the Supervisor will be to have a water truck periodically spray down the main avenues.

## LILCO Decontamination Plans For Hicksville Protested

Miss Eisen, Barbara Lewis, Conrad Steers, second place winner Angela Patti, Linda Mirro, John Mateer.

Spurred to action by the appearance of Charleen Shirwin, a representative of The Coalition For Safe-Living, before the Town Board of Oyster Bay, a letter will be sent to the Nuclear Regulatory Commission protesting the use by LILCO, of its Hicksville Reception Center as a part of an evacuation plan for Shoreham.

In its own evacuation exercise LILCO indicated that the 2,400 capacity Hicksville Senior High School would be available as a congregate Care Center for people from contaminated areas. Opponents charge the use was "pretended on the report."

There has been no indication that the Hicksville School Board has or would approve use of the facility.

Confirmation or denial is being sought.

The town is objecting to the plan on the grounds that it will cause a traffic problem, and that the plan includes washing down contaminated people and vehicles with water that will then go into a nearby recharge basin and then into the Island's water system.

Information about the planned use of the Hicksville site was part of a Shoreham Evacuation Plan from September 1986. In it they explain how the procedure is proposed to work.

### Reception Center

The LILCO Operation Centers in Bellmore, Hicksville and Roslyn are the designated general population reception centers. These facilities are located approximately 40 miles from Shoreham. Traffic guides will assist with traffic flow on the facility grounds. Monitoring stations will be set up in the facility parking lots to monitor evacuees arriving from the EPZ. Trailers, equipped with showers and sinks, will be used for decontamination of evacuees found to be contaminated. These trailers will also be used for equipment storage.

"Evacuees arriving at the reception centers will be monitored within approximately 12 hours. Arriving vehicles will be monitored by two personnel with sensitive radiation detection equipment. One monitor will take a smear swipe of the automobile hood and wheel well and the other monitor will check for radiation on the hands and feet of the automobile driver. If no contamination is found above accept-

## Dr. Fenton Urges Chamber to Join In Pride Festival

A community festival was the topic of the Hicksville Chamber of Commerce's monthly meeting.

Superintendent of Schools, Dr. Catherine Fenton, addressed the Chamber, at the Milleridge Inn, on the possibilities of such a venture to promote the Hicksville community.

Committees from both organizations will have preliminary meetings to discuss the theme and organization of a commerce, cultural, arts, sports and social project.

Initial plans call for a Spring Festival with a transportation theme.

Hicksville has an historic past with its founder, Valentine Hicks, the principal organizer of the Long Island Railroad going back to the early 1890's.

The village was a thriving center of Long Island commerce when the LIRR had its terminus in Hicksville.

In the area between where the fork now goes to Oyster Bay-Port Jefferson and off to the South Shore, was a large turntable.

That reversed the engines back to New York and was a delight for children to watch.

The emergence of the railroad provided a bustling economy to the community.

## A Plea From Lee is Answered

By TOM McGOVERN

On Thursday, October 30, at the Lee Avenue School, Mr. Conrad Steers, President of the Nassau Chapter of Vietnam Veterans and Chairman of the Hicksville Monument Fund, drew two (2) winning tickets in a raffle designed to raise funds for the Hicksville Monument Fund.

The fund raiser was the result of the ideas and efforts of two highly motivated parents of Lee Avenue children, Barbara Lewis and Linda Mirro, in cooperation with Mr. John Mateer, the school principal, and the generosity of the school art teacher, Miss Eisen, who donated an original painting and hand painted stationery which were first and second prize in the raffle.

The first place winner was Peter Martin of Mrs. Marra's A.M. kindergarten class and second place went to Angela Patti of Mrs. Pfizenmayer's 2nd grade class.

Mr. Steers was overwhelmed at the response to this drive and congratulated all the children who rallied to raise a whopping \$442 for this cause. An invitation was extended to all to attend the dedication ceremonies which will take place at the Hicksville Junior High School on Veterans Day, November 11 at 9:45 a.m.

Cindy Cerny, daughter of Mr. & Mrs. Robert Cerny, represented the Pulaski Association as "Queen of the Finest" of the New York City Police Department in the Pulaski Day Parade held on 5th Avenue in New York City. Cindy is a 1986 graduate of Hicksville High School and is currently attending Ithaca College as a Communications-Journalism Major.

## Editorial

Hicksville Illustrated News first jolted many quarters with its front page pictorial designating our community as Weedsville, U.S.A. and is gratified by the anger and response the story generated.

Supervisor Joseph Colby is to be congratulated on his earnest reaction and intent. We are not happy with the complete ignorance by the government of Nassau County and New York State but look, with confidence, to State Assemblyman Fred Parola to carry out his expressed intent to pursue the best interests of Hicksville.

It is now time to set aside recriminations over the past and go forward. Action has been galvanized. The twenty-year passive, protest-suppressive policies of controlled civic associations have been overruled.

Our new independent civic associations have contributed greatly to sparking awareness in our town.

To them goes the greatest credit.

able limits, then a "Clean Tag" will be attached to the car.

"Should contamination above acceptable limits be found, the vehicle will be directed to a decontamination area where the vehicle and all passengers will be monitored for contamination. Evacuees will be directed to trailers where they will be monitored for surface and thyroid contamination. Trailers at each facility are equipped with sinks and showers to perform decontamination procedures. Paper overalls will be available to replace any contaminated clothing. The evacuees will be issued "Clean Tags" after being remonitored and having been found not to have any contamination above acceptable limits. Evacuees having been found to have non-removable surface contamination or thyroid contamination above acceptable limits will be directed to hospitals capable of providing further medical treatment.

"Evacuees requiring shelter assistance will proceed to Congregate Care Centers after having received a "Clean Tag."

"The American Red Cross will designate which congregate care centers are to be activated and will operate them in accordance with their own procedures."

## A Statement From The Hicksville Water District

The Board of Commissioners, Hicksville Water District, has been directed by the New York State Department of Environmental Conservation to impose district wide restrictions on water use. Recent newspaper releases have spelled out the various directives issued by the agency. We have protested their methods since the adequacy of supply problems are not in our area but in the western part of the county. Our protests have been unsuccessful, and we have no choice but to impose such measures if we are to conform to the restrictions.

You must be aware that for many years the Hicksville Water District has taken pride in planning and implementing a plentiful and wholesome water supply for all the residents and businesses in Hicksville. We have provided you with as much water as you wanted and when you needed it.

Very shortly you will receive a letter from the District representing a preliminary survey to ascertain which potential changes we might make that are acceptable to you. We request that you please respond to this survey, so we can evaluate our options.

By: Louise G. Dettloff, Administrative Assistant to the Board of Commissioners Hicksville Water District.

### Entertained Visitors From India

**Ishwar** and **Prabha Devjani**, and sons, **Anoop** and **Mohit**, entertained house guests from Poona, (near Bombay) India this summer.

The visitors, who are Prabha's sister and niece, were here for several months and had a chance to rub elbows with some of our

fellow Hicksvillites and noticed Hicksville to be quiet, peaceful and friendly. They also liked its climate and floral garden arrangements—which are similar to those in Poona and Bombay.

Some of us don't think of Hicksville as possessing the above mentioned qualities, but sometimes we need an outsider to show us something we have already—and have taken for granted.

Hearing something like this from a visitor gives us a good feeling inside about the town we live in, and restores our sense of pride in our town—after all—it is our hometown...

## A Letter from Lulubelle...

...Here it is election time again—and I was raised in a family which considered not voting a mortal sin...my Grandmother was one of the first lady politicians in Nassau County after women were allowed to vote...She hadn't been a suffragette—and wasn't completely convinced that women needed to vote—but when women's suffrage was passed, she believed that women should exercise their rights...and she had been a member of many lodges—there were in those days many more organizations called lodges than there are today although some are still going strong—and she had been attending conventions for years—which meant she was one of the few women who knew what "political" words like "caucus" meant—and as anyone who has ever been a member of any organization knows, if you know a little, you soon become chairman of a committee...and since she was an excellent public speaker (well brought up girls from Bstn studied elocution in her day) she was soon chosen to be the party leader for the little Long Island town in which she lived...and what a leader she was!...nobody could get out the vote like Aunt Becky—for that's what she was affectionately called by her townsfolk and the county politicians...I can remember riding in her Tin Lizzie in the backwoods taking people first to register, and later to vote...no one dared stay home when Aunt Becky arrived at the door to drive them to the polls...And so for Aunt Becky—and Lulubelle, too—did you vote this year? If you didn't, don't gripe!

*Yours, Lulubelle*

## Dr. Fenton

Continued from Page 1

Four hotels were needed to handle the influx of businessmen and vacationers.

And back 100 years ago an open 24-hours around the clock diner and restaurant gave service in what was not a sleepy town.

Dr. Fenton's suggestion was an extension of the week-long 1986 Spring School District Schedule of Events.

In that most successful enterprise Hicksville's school children joined with senior citizens and townspeople in art shows, lawn concerts and various exhibitions.

## A Lifetime Impression

Without anyone realizing it, a man left town the other day... It was contemplated, so he left... No fanfares, no sendoffs, no testimonial dinners, although I'm quite sure if a dinner were to be held and his friends and loved ones heard about it, the Colliseum would be full... He was a giver, not a taker... He would do for you, but wouldn't want you to go out of your way for him... He never wanted anyone to make a fuss over him... That's one of the reasons he left town rather quietly last month... Another reason is that soon after his wife of forty years died, he would frequently break down in the middle of a conversation and cry... He wasn't a crier either... He wasn't a lot of things, but he was a lot of things to many people.

He's a small man, only in stature, but with a heart as big as all outdoors, where he spent a lot of his time plying his trade and work... Work?... To him, he would have worked, doing what he did for nothing if it weren't for the fact that he had to support his wife and three kids whom he cherished more than anything.

He was in a very competitive field and he was a very fierce competitor, but ask any of his competitors and adversaries what they thought about the man, and to the person, they would only talk positives... All the superlatives would be heaped upon him and they still couldn't define the man... How could any one person be that way... Well, as the saying goes, "He's one in a million."

He meant something to everyone he associated with... To the people he made champions of, he was something special, for unless you've been there it's hard to understand... He was also a champion in his younger days, and spent the rest of his active life making others champions.

He could recount stories about Hicksville and its schools back from the '20s on, and no matter how many times you heard them, they never grew into more than they really were... He always was so accurate... He remembers everyone he ever met and can bring to total recall an event that may have happened even a long time ago... He was very innovative in his field and when these innovations produced dividends, he wouldn't take the credit, rather, say his people just did what he planned... All my life I've been looking for a man for all seasons, and he's about the closest I've come to know... We're going to miss you Louie... Come back to see us here and again... You're always welcome in our town and in our hearts.

## Flea Market — Bazaar

On Friday, November 28, the day after Thanksgiving, (traditionally the biggest shopping day of the year), a flea market and bazaar will be held at St. Paul The Apostle Church, Parish Hall and Grounds, Cedar Swamp Road (Route 107), Brookville/Jericho.

Vendors, both indoors and outdoors, will offer an array of craft items, jewelry, wearing apparel and accessories at bargain prices. The sale, sponsored by St. Paul The Apostle Council of the Knights of Columbus, will run from 8 a.m. to 4 p.m. Proceeds are for the needy and the handicapped.

## CROSSROADS

### ...A TURNING POINT TO RECOVERY!

"As a pharmacist with 20 years in practice, I've come to know quite a bit about drugs. I've seen what they can do for people when they're properly prescribed and used. And I'm all too familiar with what they can do to people when they're not."

I worry about people abusing drugs, whether they are legal ones like tranquilizers and alcohol, or illegal ones like cocaine. Because drug abusers are headed for disaster — in every aspect of their lives.

Health is what we are particularly aware of here at Community Hospital. Our experience confirms that drug abusers need more hospitalization, more often than the public in general. That holds true, even when the drug problem is not identified as a primary cause of the illness or injury.

Understanding the problem as I do, I am pleased that a general hospital in our area has taken steps to help people recover from drug problems. I am even more pleased that it is Community Hospital of Western Suffolk, my hospital, which has started a treatment facility for the drug dependent. We call it Crossroads.

Crossroads is a place for people seeking a new direction, a turning point to recovery. For those needing detoxification, it is an inpatient service staffed by specialists in the treatment of addicted patients.

I hope employers, especially, will take Crossroads to heart. It provides a helpful option for drug dependent employees. And one that is sound business, too, considering the cost of replacing good people.

I know our Crossroads people will be happy to discuss their service with you, confidentially and in detail. So please feel welcome to contact them at 361-4155.

# THE SKATE SHOP

99 Cutter Mill Road  
Great Neck  
HU7-6978

SKATING  
EQUIPMENT  
By Jesse Halpern

THERE never was a question as to what type of skate to use for speed skating. Neither was there ever a question as to the best type of skate for playing hockey. But as far as the novice skater, interested in mild exercise and a form of relaxation, is concerned, the type of skates is often a problem. Also, how and where to buy them are problems. The unfortunate truth is that most people are poorly advised and consequently buy the wrong skate.

The skates generally bought in sporting goods stores and department stores are toys or little more than toys and could not hold the ankle of either the novice or the expert exactly. The exceptions to the generality are very rare indeed. The place to buy skates is only in the specialty skate shop.

Professional skaters, both performers and instructors, advise figure skates as the best type of skates for many sound reasons. The figure boot is a higher boot and distributes the necessary snugness over a larger area than any of the other boots. The skate itself is lower and consequently easier to balance oneself with. The blades on a correct pair of skates are screw-attached on both heels and soles to the average weight center.

If the ankle bends it means that the weight center of the foot is a little to one side or the other of the average weight center, and the bending is immediately corrected with the moving of the blade toward the skater's weight center. The figure skate is the most maneuverable skate. The low weight center, the high boot, the movable blade - all help make the figure skate the easiest skate to skate on.

To have full control over the blade, the boot

must be snug enough to make the foot and the blade feel as though the two were one, and the blade must be in the weight center of each individual foot.

Correct fitting can be done only by the expert who has enough boots of different lasts and widths to work with. The boot should be just as tight as the skater can stand. The foot does not move around within the boot. It should be almost impossible to budge the heel from the floor of the shoe and it should be possible to flex the toes a bit. The adult or the advanced child skater should be fitted with very light socks.

For children, the skate expert advises the same as for adults, except that children can be fitted with heavy socks and wear the same boots the second year with light socks. The largest possible blades should be attached to the boots so that the blades can be used on the next pair of boots. Over the long period, correct skates for children cost less per year than the toys ill-advised parents often buy.

Rental skates can't possibly give much satisfaction because every one who wears them stretches them in another place and after a while the shoes have no more support than a paper bag. The same can be said about second hand skates. Leather stretches and shoes take on the shape of the feet when there is only one wearer.

It is more important to have a good, well-fitted boot than an expensive blade. At the Jesse Halpern Skate Shop we don't hesitate to recommend an expensive boot with the least expensive blade. The boot is that much more important. There is advantage in better blades, but it is small as compared with the advantage of better boots.

Mrs. Irwin's fourth grade class gets ready to let the balloons go (l-r) Jennifer Eichenauer, Lynn Romano, Jaime Dayney, Mrs. Irwin.

Mrs. Evelyn Grib, our third grade teacher, gathers her class up for the countdown.

## Fork Lane Has Balloon Day

Story and Photos by Annette Eichenauer

Thursday, Oct. 23, the children, teachers, and parents of Fork Lane School participated in its first Balloon Launch. The New York State Education Department designated October 23 as the day to concentrate efforts against drug abuse.

Each class from K-6 were given post cards with "FORK LANE KIDS GET HIGH ON LIFE...NOT DRUGS!" written on them. Each child was to sign his or her name on the back of the card. Some of the children wrote messages, for example: "Don't take Drugs it KILLS", "Be smart and get off DRUGS and onto LIFE". The post cards also had the phone number of the school on it, so when these balloons are found you can call Fork Lane.

We are all very excited to see just how far they went.

All morning PTA people and class mothers worked to blow up the balloons and tie the cards on each one. The balloons were held in each classroom until 3:00 p.m. At that time all grades were told to assemble at the back of the school. Mrs. Bentsen, our principal, gathered all the children together to shout out loud and clear "FORK LANE KIDS GET HIGH ON LIFE NOT DRUGS!"

Then she began the count down, 10-9-8-7-6-5-4-3-2-1. At that moment some 288 balloons went sailing higher and higher out in an easterly direction. The faces of the children and adults were beyond words.

Everyone watched until the balloons were totally out of sight. We would like to THANK Mother Nature for holding the rain back until after our launch.

### WHICH WAY PRICES?

Most Americans believe that a home is still a good investment, a recent survey found and, most positive, 83 percent of them feel that owning a home is a better deal than renting. More than half of those questioned felt that housing prices would keep up with inflation, and a third expect that prices will rise even faster.

When you're ready to cash in on your investment in a

home, you want to maximize your return. You want to get the highest possible price in the shortest possible time (because time has financial value, too). The best way to accomplish that: call in a real estate professional.

It's our job to stay current with real estate values. We know what comparable homes have sold for and how today's lending rates and

mortgage availability will affect prices. And because we deal with buyers all the time, too, we know what they're looking for and how much they're prepared to pay for it.

## News Notes From... Hicksville Rotary Club

Nov. 86 Rotary Foundation Month.  
Dec. 6, 1986 District Nominating Committee.

Dec. 31, 1986 Last day for election of club officers and directors.

THE MEETING was opened at 12:15 today with the Pledge of Allegiance followed by a moment of silence.

WE HAD several guests and visiting Rotarians at our meeting today including Stephen Dempsey, our District Treasurer and a member of the West Hempstead Rotary Club, Dr. Andrew Hajdu, our guest speaker, who is a Veterinarian and a member of the Oyster Bay Rotary. We had two other guests and I'll have to pay an unhappy dollar because I forgot to get their names before I left the meeting. I'd like to thank Leo Sugerman for doing a fine job with the introductions.

THERE WERE MANY happy dollars for our guests, the Giants, the Jets, and the Mets. Hopefully, by the time you read this the Mets will be the new World Champions. It's going to be tough after last night's loss at Fenway.

JOHN HILL INFORMED US that the Senior Citizen Bus Project is in full swing. We have hired a bus to transport the Senior Citizens from Newbridge Avenue to the new King Kullen Shopping Center on Broadway. The bus will pick them up every other week starting on November 10. Pickup will be between 9:45-10:00 in the morning and they will return at about 11:45-12:00. That will give

everyone a good two hours of shopping time. Our thanks to John Hill for doing all the legwork with the bus companies and Senior Citizens and to Augis Cassella for contacting the shopping center.

OUR NEXT BOARD MEETING will be Tuesday, November 4, at the office of Pete Rocco. The meeting begins at 6:15 p.m. Everyone is welcome to participate.

TODAYS PROGRAM was given by Dr. Andrew Hajdu, a veterinarian from Oyster Bay, and a member of the Oyster Bay Rotary Club. Dr. Hajdu gave an excellent talk about parasitic diseases common to most cats and dogs. He noted that when a dog has fleas, they are just on the animal for feeding. They live in the environment and not on the dog. 90% of the fleas will be in the carpet or furniture of the house and not on the dog or cat. He stated that the ultrasonic flea collars that many people are spending lots of money for are useless and that standard flea collars do help somewhat. He also spoke of ticks, worm infections and diseases that can be transmitted to humans. Dr. Hajdu even spoke about the "Killer Bees" that are entering the United States through the southwest. All in all, it was a very enjoyable and enlightening program. President Pete Rocco thanked Dr. Hajdu and presented him with a Service Above Self Award and a Hicksville Rotary Banner.

TODAYS RAFFLE was won by none other than Augie Cassella.

Opening lead — queen of spades

It is very common for declarer to find it would be dangerous to allow a particular defender to gain the lead. Whenever possible, therefore, he should shape his play so that the danger hand is avoided.

An unusual illustration of the kind of effort sometimes needed to achieve this objective occurred in this deal from a team contest.

At the first table, South took the queen of spades with the ace, drew trumps in two rounds, then led the

queen of diamonds and finessed. East won with the king and shifted to the jack of clubs, whereupon the defenders collected three club tricks to record a one-trick set.

At the second table, declarer saw what could happen if East had the diamond king and West the club ace, so he took steps to prevent East from ever gaining the lead. After winning the spade lead, he cashed the A-Q of hearts and king of spades, led a diamond to the ace, then played the ten of spades. Instead of ruffing, however, he discarded the queen of diamonds.

West won and found himself in a hopeless position. A spade return would allow South to ruff in dummy while discarding a club from his hand, and a club return would give declarer a trick with the king. Similarly, a diamond return would establish a trick in dummy after South ruffed East's king.

In practice, West returned a diamond and declarer eventually lost two clubs to make his contract.

South's carefully calculated play succeeded in establishing his tenth trick without ever running the risk of losing the lead to East. This method of play was guaranteed to work no matter where the ace of clubs and king of diamonds were actually located.

## Rapid Weight Reduction

THE GASTRIC BUBBLE - A Device That Makes Dieters Feel Full

WHILE IT IS UNCLEAR EXACTLY HOW THE BUBBLE REDUCES HUNGER in its recipients, some researchers think the polyurethane sac—which inflates to the size of a small juice can—stimulates receptors that line the stomach, thereby causing a sensation of satiety.

1. Deflated Bubble is inserted into the stomach via a plastic tube.

2. The Bubble is inflated and the tube is removed.

3. The now free-floating Bubble helps to satisfy the feeling of hunger.

4. After four months, the Bubble is deflated and removed, using a tube with a viewing scope.

By promoting a sense of fullness and by limiting food intake, the gastric bubble can help improve eating habits. It allows the adoption of an effective dietary program that provides appropriate caloric restriction and adequate nutritional intake. A proper weight reduction program with the Garros-Berwanda Gastric Bubble requires nutritional counseling and psychological support to deal with the issues that promote overeating and obesity. It is recommended that the gastric bubble be placed in individuals whose problems with obesity pose a potential medical threat. The National Institutes of Health have determined that obesity in excess of 30% of an individual's ideal body weight increases the risk of high blood pressure, heart disease, diabetes and stroke. Substantial medical data indicates that weight loss can reduce the risk of these conditions.

## Letters From Our Readers

Gentlemen:

First, a word about your newspaper. Great is the only word I can say. I have been a resident of Hicksville for 21 years. Love this town, love the people. Your pictures of Hicksville are wonderful. The way it was! One of my neighbors, who moved here when the houses were new, has some pictures of our street, when it was new. I myself am sorry I didn't take any pictures of our street when it was dug up for the sewers. But anyway, I wanted to write to you many times. And your timing is just right. I get it on Thursday, just before the weekend papers come.

Now, you may be wondering why I sent in page one to you. I took a fun survey of just my neighbors on Hunter Street and friends of my six children. First I asked if they knew any of these girls. Then I asked them to cast a vote. Maybe it's unfair for adults to vote. But this is what I came up with: 1. (4); 2. (2); 3. (3); 4. (4); 5. (9); 6. (3); 7. (6); 8. (4); 9. (3). A fun thing. But I am curious who won. Hope to read about it in next week's paper.

Just one other thing, just a thought. Back in September 1975 they had a pro chess player named Jude Aces—play 50 people at one time. At Mid-Island shopping center. I lost one, won the next day. I'd like to try it. Just for the fun of it. Nothing involved. I was wondering if you could help set it up. I am not a pro, but a good chess player. And like I said, just a thought, just for the fun of it. And to add to the fun, I say, **I can win several games**, just on making one move.

Gentlemen, I thank you for the enjoyment of your newspaper.  
(A pressman from the "NY Daily News," and a neighbor.)

Joseph Topka, Hicksville

To the Editor:

I attended the Alumni dance at Franco on the Sound and had a wonderful time renewing old acquaintances and reminiscing about the "old Hicksville." I enjoy reading the *Hicksville Illustrated News* and eagerly turned to the article on the Homecoming News Notes. As I came to the end, I moaned, "Oh No! It's happening again!" I lived through years of being known as one of the Benoit girls. I attended shorthand and typing classes in which Miss Jenkins called me Helen, Miss Burt called me Rose and Miss Farley called me Rose-Helen.

I remember looking up to my sister, Helen's friends: Frank LaMara, Mike Pastora, Eddie Andrews, Frank Stricko, Gloria Looney, Ruth Madden, and Ruth Soper. To them, I was the kid sister. My sister, Rose's future husband, George Kaleita, used to give me a quarter to leave him alone with her. Even now, he says he got the best one!

I couldn't wait to grow up and be me, Ruth. During high school, there were other names that stuck I had forgotten "Little Loo-Loo" (surely meant with love) but do remember the teacher's nickname for Rose Carrera and Cynthia Karl and me. It was "the little three" after Stalin, Churchill and Roosevelt ("The Big Three") because of our small stature (and big mouths!) We were always together, and happily, we all live in the area and our friendship has lasted through the years. We were busily doing our "thing" at the dance, talking, talking.

For me, it was great fun remembering friends from kindergarten at Nicholas Street School. We girls chased Richard Kerbs around the playground because we loved his curly hair. Richard Alcock was always to be found practicing basketball in the back of the school. Many a day, Jack Volpe, Ernest Evaschuck, Frank Fippinger, Richard Botto and I would mudge home along the two-lane road that

was Jerusalem Avenue. No bus for us then, just the surrounding farmland on either side.

It was in Junior High School that Rose Carrera moved from the city. Cynthia Karl came over from East Street School and our long friendship started. At that time, the 7th and 8th grades were in one section, and 9th, 10th, 11th and 12th grades were in another part of what is now the Junior High School. Times changed fast for us in high school. Levittown grew up around us and filled the school quickly, with great people like Joseph Bausk, William Parlow, Joe Ryan, Jack Pickering and Vinnie Delettera. One of the best things for me was that none of them knew my older sisters and they all called me Ruth!

The reunion within the alumni dance was a great idea, and all of us perennial high school kids enjoyed it immensely. I can't wait till next year. Maybe my sister, Rose, from Florida, and my sister, Helen, from Pennsylvania, will come. We will all wear name tags. Mine will say Rose-Helen-Ruth!

I loved the alumni article, enjoyed the dance and seeing old friends. I have joined the Alumni Association and maybe I even will stop stealing my mother's copies of the *Hicksville Illustrated News* and get my own subscription—as my sister Rose has done.

Keep remembering Hicksville

Rose, no, Helen, no.  
It's Ruth Benoit Baranello  
Levittown

P.S. You can certainly shorten this—I got carried away! By the way, we all remember you, Howard J. Finnegan!

To The Editor:

I want to say I enjoyed your first issue of your great newspaper—and every issue since. My wife and I have lived in Hicksville since July 9, 1952. We raised two boys of our own who went to Hicksville's 1st grade school and graduated from Hicksville High. So you see why we are so happy in reading your paper. It brings back a lot of good years of living in Hicksville.

We are both retired and have nieces and nephews living in Hicksville. We are now going into a grand-nephew generation of my deceased younger brother, Nicholas Carlucci, who lived in Hicksville for forty years. I am enclosing an article for your Social Notes and Personalities column.

Francis X. Carlucci, Hicksville

To Whom It May Concern:

Let me tell you, fellow citizens: it does my heart good to see Hicksville Water District on their toes! Oct. 30, an inspector came to inspect a newly installed water meter on a new construction site on East Avenue. The builders were putting in the ground dirt for a larger driveway than allowed over the meter; when along came the water inspector. There were conversations, measuring and negotiating. Finally, he left and Oct. 31, the builders had to rip up the driveway, so it wouldn't cover the meter and conform to regulations. Thank you Water District.

Mrs. F. Whaley, Hicksville

There will be 32 educational exhibits of gems, minerals, fossils and jewelry. A special feature is a replica of the Breastplate of Judgment, described in Exodus 28:18, fashioned by members of the club.

BURT LANCASTER

### TOUGH GUYS

Old pros Burt Lancaster and Kirk Douglas have a ball portraying senior-citizen train robbers who emerge from the slammer after 30 years and face difficulties adjusting to contemporary society. This hilarious set up paves the way for a cavalcade of funny and touching situations. Tired of being patronized, they return to their old crooked ways. The chemistry and charisma of these veteran actors still can't be beat. Eli Wallach steals a few scenes as an over-the-hill, frustrated, hit man. (PG)

### TRUE STORIES

Oddball collection of vignettes in a small Texas town as described by David Byrne of the Talking Heads rock group. The peculiar film takes a close look at such absurdities as the laziest woman in the world (Swoosie Kurtz), lawn mowers and baby strollers on parade and the lying woman (Jo Harvey Allen) who claims to have met the real Rambo. This up-close study of contemporary life tends to make a big deal of the trivial. (PG)

WHOOPI GOLDBERG

### JUMPIN' JACK FLASH

Whoopi Goldberg knocks herself out attempting to perk up this lame spy comedy. But her energetic efforts are in vain. She plays a lonely, bored, computer operator who becomes involved in an espionage caper when a British agent, trapped behind the Iron Curtain, pleads for help via her video terminal. Director Penny Marshall fails to set up consistently amusing episodes, and the film ends up as a flash in the pan. Stephen Collins, John Wood and Carol Kane co-star. (R)

### COMING ATTRACTIONS

Kelly McGillis and Jeff Daniels will star in Orion Pictures' "The House on Sullivan Street." The romantic thriller is set in Greenwich Village in the early 1960s.

United Artists will release "The Big Ones." The special effects comedy will be directed by Alan Metter.

Robert De Niro will portray crime lord Al Capone in "The Untouchables," a Paramount Pictures film. Kevin Costner will star

WILLIAM HURT

### CHILDREN OF A LESSER GOD

Mark Medoff's award-winning play translates to the screen with some difficulty. But the story is compelling as an eloquent romance between a teacher of the deaf (William Hurt) and a former deaf student (Marlee Matlin). Hurt is exceptionally superb as the idealistic young instructor who breaks through the young woman's cynical shell and falls in love. Matlin, herself hearing-impaired, matches Hurt's acting skill with hardly a word spoken. (R)

as Elliot Ness, the incorruptible federal agent.

Leslie Ann Warren will join Whoopi Goldberg and Robert Goldthwait in the comedy-adventure "Burglar." Warner Brothers will distribute.

Mickey Rourke, Robert De Niro and Charlotte Rampling will star in "Angel Heart," a film about a down-and-out private eye hired to find a former big-band singer. Tri-Star will distribute.

Tri-Star Pictures is readying production of "Rambo Part III" with Sylvester Stallone portraying the heroic character for the third time.

KATHLEEN TURNER

### PEGGY SUE GOT MARRIED

From Francis Coppola, a delightful, sentimental comedy about a fortyish woman (Kathleen Turner) who is transported in time to her teen years. Armed with adult hindsight, she attempts to alter her past decisions. Turner is in great form as the all-too-knowing adolescent and she manages some classic moments from the wise and witty material. A stirring film with a big heart, somewhat on the order of "It's a Wonderful Life." Nicholas Cage and Barry Miller fare well in supporting roles. (PG-13)

### PLAYING FOR KEEPS

This teen version of "Mr. Blandings Builds His Dream House" involves some city kids who struggle to fix up a crumbling country resort hotel while faced with resistance from hostile local residents and greedy industrialists. Despite all the energy and good intentions, the film is hampered with an unimaginative and cliché-strewn script. Daniel Jordane, Matthew Penn and Leon W. Grant play the enthusiastic young developers. # House Calls

By EDITH LANK

## Tax Treatment on Refinance

Dear Edith: We are considering refinancing our home and using the money to build a summer home on a lot we own, a couple of years from now. We like today's rates.

We paid \$30,000 for this house many years ago, and installed siding, built an addition, put in sidewalks and a patio, fenced the yard and remodelled the bathroom, total costs \$25,000. We owe \$19,000 and would like to borrow \$15,000 more. Would the interest we pay be deductible, even if the \$15,000 sits in a bank until we build? Will we come out ahead, tax-wise, by refinancing now?—F. and G.T., Rochester.

It's never wise to borrow money for supposed tax benefits, now less than ever. Make your decision by balancing today's interest rates against what they might be in the future, or because of what you intend to do with the borrowed money in the near future, not because you think there's any income tax benefit. There isn't.

Interest on your refinancing will be deductible on any loan up to the amount of your cost basis in the house. It won't matter what you use the money for, or whether you leave it in a savings account.

Your cost basis is not only the original \$30,000, but also the cost of permanent improvements (not repairs) over the years. Everything you mentioned is a permanent improvement. Your cost basis in the house is \$30,000 plus the \$25,000, or \$55,000. That's the amount you may borrow and still deduct the interest.

Since you already have a mortgage, your further deductible borrowing would be limited to \$55,000 less the present \$19,000 loan, leaving a figure of \$36,000. The amount you want would fall well within that limit.

If you should want (or be able) to borrow beyond your cost basis (that's when the IRS wants to know what you do with the money. Interest on the additional borrowing is deductible only if the money is used for educational or medical expenses).

## Getting the Security Deposit

Dear Edith: What recourse do I have against my landlord, to make him return my security deposit? He does not reply to my letters or requests. Please do not use my name.—X.X., Batavia

Small claims court is an excellent remedy for your problem. Call the town hall to find out how to go about it. At the cost of only a few dollars, you can appear yourself, without a lawyer, and present your case.

## Recording Discharge of Mortgage

Dear Edith: After 23 years of payments, our loan has been satisfied. The bank's letter states it is paid in full and it is our responsibility to record the Discharge of Mortgage papers in the county clerk's office as soon as possible.

My questions are: the papers have the name of the original owners. The bank said this is perfectly all right, to go ahead. Is it okay? Also, why must the papers be recorded?—Mr. F.T., Webster

Suppose you wanted to sell me your house. I'd search the public records, which show there's a mortgage loan out against the property. I don't want to take that on, so I'd refuse to buy the place.

Same thing if you wanted me to lend you money on your home—taking out another mortgage. I'd say "No way—I looked in the public records, and there already is a loan out against your house."

So you want the records to show that the loan has now been paid off and the house is free and clear. Don't worry about the papers naming the original borrower. That discharge will clear the good name of the property itself.

Don't put much money into a house that's going on the market. Should you paint? or just polish? Steps to take are detailed in House Calls' leaflet. For a copy, send \$1 and a stamped return envelope to SHOW 'N SELL, 240 Hemingway Drive, Rochester, N.Y. 14620.

Does a landlord have the right to enter the tenant's apartment? The topic is discussed in the leaflet LANDLORD AND TENANT, available for \$1 and a stamped return envelope to Landlord, 240 Hemingway Drive, Rochester, N.Y. 14620.

How to get a real estate license? What to expect starting out in the field? Send \$1 and a stamped return envelope to Career, 240 Hemingway Drive, Rochester, N.Y. 14620 for the leaflet "Is A Real Estate Career For You?" Edith will also answer personally any letter with an envelope.

## Nassau Sports Review

By Jack White

Hempstead has taken over the number one spot in the New York State football rankings due to Binghamton's 24-6 loss to Union-Endicott. The Tigers, coached by Buddy Krumenacher, extended their unbeaten skid to 23-0-2 with a 25-0 win over Syosset. Other ranked Nassau teams are Garden City (14th), Long Beach (21st), Farmingdale (23rd) and West Hempstead (30th). The Rams are due for a climb after their scoreless tie with Garden City. Lynbrook (6-0) is still unranked and clearly underestimated. Karen Gallego of Glen Cove High won the N.Y. State girls tennis singles championship by beating Nancy Breen of St. Mary's (Manhasset) in three sets. Garden City beat Roslyn, 4-2, in the finals to win its first Section Eight girls tennis title. Dan Middleman of Clarke won the Nassau Class B cross-country championship with the fastest time of the day (15:24) on the N.Y. Tech course. T.J. McArdle of Garden City won the Class A crown with a 15:27 clocking. Tars Flynn of Massapequa won the girls A race in 17:54 while the B championship went to Herrick's Nancy Gunning. Wantagh beat Manhasset for the boys B team trophy while Freeport won the A title. Girls cross-country winners were Massapequa (A) and Herricks (B). North Shore won Nassau Class C field hockey championship, topping Manhasset 2-1 in a flickoff following a 1-1 tie. In girls soccer, Berner beat Massapequa, 1-0, for its seventh straight Class A championship. Next year the two teams will combine when Berner closes. South Side beat Island Trees, 3-1, for the girls B title. Cold Spring Harbor is the C champ for 1986. The Seahawks also won the boys C soccer championship with a 4-0 win over Carle Place. Suffolk officials have voted not to withdraw from the state tournaments as they had threatened to do. It is expected that a compromise will be reached which will make Nassau and Suffolk a Southeastern Region. That will guarantee Long Island Championships in most sports. Delhi has the state's longest active football unbeaten streak (25 games). Eastridge of Rochester has the longest losing streak (33). Clarke has lost 23 in a row and is closing in on the county record of 26 set by Woodmere High (now Hewlett) from 1944-48 and matched by Floral Park (1981-84).

# Hicksville Defeats Cold Spring Harbor in Soccer Game 2-1

By A. BLICKER

## Express Intramurals Win Two in Weekend Doubleheader

The Hicksville Express, an intramural soccer team, twice defeated the competition, the Hicksville Bucks, by scores of 4-0 and 5-3 this past weekend. The Saturday game was the season finale and the Sunday game was the preliminary, a prelude to next week's semi-finals.

In the Saturday game, the Express displayed great teamwork and hustle as the defense hung tough and the offense exploded. Michael Baglieri scored two goals, Tracy Koetter and Matthew Hamlin one each to lead the team. Also supporting the offense was John Kurkowski, Michael Bernius and Chris DeStefano. The defense was in control throughout the game, featuring Robin Blicher, Joey Zaffuto, Brian Swacey, Bryan Lagas and our sure-handed

goalkeeper, Matthew DePalma. The Express finished the season in second place.

Sunday, once again, the offense featured crisp passing and newly-acquired soccer savvy as goals were scored by Michael Baglieri and Michael Bernius (one apiece) and Tracy Koetter, the Express dynamo, scoring three big ones. The remainder of the team never let down, supplying the big, booming kicks or thread-the-needle ball control as needed.

Thanks, again, to coach Steve Baglieri and assistant coach Lenny DeStefano for the wonderful assistance provided to these boys and girls. Now, on to the semi-finals!

The Hicksville Shamrocks 1974 boys travelling soccer team defeated the Cold Spring Harbor Dragons 2-1 this past weekend at Cantiague Park, bringing their Long Island Junior Soccer League record to three wins, one loss and three ties.

The Shamrocks were at their defensive best throughout the game, led by goalie Eddie Jacobsen, fullbacks Chuck Oliver and Chris Friedrich, who had his best game of the year, and sweeper Chris Doyle, who took all Shamrock goal kicks with beautiful results. Stopper Brian Harkins was at his hustling best and put in the Shamrocks first goal on a pass from left wing Karl Rice, on a boomer from 20 yards out.

Matthew Pordum was all over the field at center half, ably assisted by the excellent play of halfbacks David Lovato, Brian Pine and Domenick

Perillo. Eric Blicher, who played right wing, striker and fullback, was perfectly positioned to the right of the goal, to put in the winning shot off a perfect corner kick by striker Jason Kingsley. Karl Rice was a dynamo at left wing, halfback and fullback. Chris Koetter was in the thick of the action at striker, right wing and fullback. Jason Kingsley made his presence felt from wing, striker and halfback. Junior Tomlinson was at the heart of many charges from wing and just missed heading in a corner kick which barely went over the bar.

Congratulations to the Shamrocks, who are fighting for second place in their division, with nine points and three games to go. Coach Herb Pordum and Assistant Coach Glenn Kingsley, Jr. Also, hearty get well wishes to Greg Szumowski, out with a leg injury and Gregg Grusso, also out with a leg injury.

### Holy Trinity Undeclared

The Holy Trinity Soccer team has completed its finest season in the history of the program. The Titans finished with an overall record of 12-3-2 in the Nassau-Suffolk Catholic League and a league record of 6-3-1 which earned them second place in the standings, their highest finish ever. Highlights included victories over eventual champions St. Anthony's, 4-1; a 2-1-0 win over last year's champion St. John the Baptist and a 2-2 tie with this year's league champion Chaminade. The victories over St. Anthony's and St. John's marked the first time since the soccer programs inception that these teams were defeated during league play. Berto Cerasi, Claude Mattasich, Mike Indonino, Dennis Kenefick, Tim Richards and James Breslin were selected to the all-league teams. Cerasi who had three hat tricks and was the leading goal scorer with 16 was also selected to the all-state team. Breslin was the only freshman selected to the squad. Coach Mike Laricchia who is a local resident of Port Washington said, "the team's goal was to get to the finals" but it never happened, losing to eventual champions St. Anthony's 2-1 in the semis. "After finishing the last two years with a combined record of 8-17-3 you could say the kids have alot to be proud of!"
