## 37,000 Homes At Tax Risk

Prompted by a flurry of complaints from homeowners whose taxes have not been paid due to their lending institution's delinquency, the Long Island Better Business Bureau has prepared a report to help consumers resolve the problem. Among other things, the report identifies the various government agencies that homeowners should contact.

Recently, 37,000 homeowners on Long Island discovered that their banks or mortgage companies, who are contractually responsible for paying their client's taxes, have failed to do so. Eventually, if the taxes remain unpaid, homeowners could lose their property, warns the BBB. Janice Grassi, Executive Director of the BBB, advises homeowners with this problem to act immediately by writing to their bank or mortgage company directly and by sending a copy to the appropriate government agency as well as the Better Business Bureau. "To help consumers resolve the problem as quickly as possible, we are pleased to provide this report to homeowners," stated Ms. Grassi.

To obtain a copy of the report, consumers should send a self-addressed stamped envelope to the Long Island Better Business Bureau at 266 Main St., Farmingdale, NY 11735.

The Long Island Better Business Bureau is a private, nonprofit corporation funded by the business community. The BBB provides pre-purchase information to inquiring consumers, offers mediation and arbitration of consumer complaints, and investigates and corrects misleading and deceptive advertising and selling practices.

## Holiday Collection

The Town of Oyster Bay sanitation collection schedule will be modified in observance of the Christmas (Thursday, December 25), and New Year's (Thursday, January 1, 1987) holidays, according to Town Councilman Thomas L. Clark.

"Residents who normally have collection on Thursday will receive a special pickup on Friday, December 26, and January 2, 1987," Clark stated. "Friday collections will be made on Saturday, December 27, and January 3, 1987."

Clark noted that all Town facilities will be closed on Christmas and New Year's, and that all offices will close at 12:30 p.m. on Christmas Eve (Wednesday, Dec. 24) and New Year's Eve (Wednesday, Dec. 31).

## Ignited Firecracker Tests Response For Student Protection

All functionaries designed to respond in an emergency involving children in the Hicksville School District performed on the highest plane, Monday.

An oversized firecracker, as determined by detectives from the police department, exploded in the north corridor of the Hicksville High School as classes were passing.

Dropped by an unknown student, the explosion made a shattering noise in the confined area and gave off reams of smoke.

Three students suffered temporary hearing impairments from the noise reverberation.

School officials stated that two of the girls' hearing cleared after twenty minutes.

A third experienced persistent hearing problems and was reported emotionally upset. When attempts to contact her personal physician failed, she was sent to Central General Hospital, Plainview, for precautionary observation.

The smoke spiraled up to the smoke

detector and triggered the fire alarm.

Members of the teaching staff, in the immediate area, went to the aid of the students affected while others supervised the immediate evacuation of the building.

The Hicksville Fire Department responded immediately and arrived as the evacuation was in progress.

Principal Richard Hogan was in his office and assumed direction at the initial alarm.

Most of the students were unaware of the small, but serious, explosion. It was confined to its area near the custodial room door. The noise did not permeate 100 feet in either direction.

First reports gave exaggerated stories of bombs in lockers and extensive injuries.

Many Hicksville students later expressed annoyance at media attempts to sensationalize the story. They claim television and radio interviews with students outside the school seemed intent to portray the school in an unfavorable light.

## Mrs. Ecker, Old Time Hicksville Resident Will Be 105 On Christmas Eve

Bertha Ecker will be 105 years old on December 24, 1986. She is presently a resident at Central Island Nursing Home in Plainview. She was active until age 96 when she experienced seeing, hearing and balance difficulties and was confined to a wheelchair. In 1984, then almost 103, Mrs. Ecker—along with 13 other Long Islanders all over age 100—were honored by the owner of the Lincoln Inn Restaurant, Rockville Centre.

She lost her eyesight and hearing completely in 1986 but her physical health is excellent. She is no longer mentally alert but is a revered, spunky and brave lady. She has received citations, press attention and telegrams from President Ronald Reagan and Mrs. Reagan.

Bertha Ecker (nee Mester) was born in Koch, Hungary, Dec. 24, 1881. Schooling was compulsory and she learned to read, write and do arithmetic. At the age of 12, after school hours, she worked as a cook's helper for a family of five. Her childhood was more work than play. Her family worked the estates of counts and barons and workers carried work cards, which were a vital reference. She loved to talk of her life in Hungary.

In 1905 she came to America and settled in a Hungarian section of Perth Amboy, New Jersey, where she met John Ecker, who later became her husband. She moved to Hicksville in 1907, as a bride, where her husband John had already established himself in business as a maker of shoes and a shoe repairer. Eventually, they bought the two-store building from Henry Stolz I, at 144 Broadway, Hicksville (opposite St. Ignatius Church). In 1925 the building was remodeled and the one store became a new shoe store and also a shoe repair shop in the rear. They had four daughters: Anna Johnson, Irma Kirchner, Elizabeth Solbert (died in 1977) and Bertha Nordman. John Ecker died in 1934. The building was sold in 1949 and demolished in 1962 for the Broadway widening.

Mrs. Ecker's family and friends celebrated her 105th birthday at a party given in her honor on December 17, 2:00 p.m. at the Central Island Nursing Home. She has three grandchildren and seven great grandchildren.

She attributes her longevity to her gourmet cooking and a lifetime of hard work.

## A Letter from Lulabelle...

...Do you remember assembly when you were in high school long, long ago?...The band was in the pit and played as we marched in, two by two, and "no talking" and filed neatly into the rows, ushered by our teachers who sat at the end of one of our rows to keep an eye on us...Then, in our school, there was an assembly committee of students who planned the programs supervised by a faculty advisor, of course...The program started with the salute to the flag, the singing of a patriotic song, and then this was long ago, remember-we had a reading from the Bible by one of the members of the assembly committee, and then we all said the Lord's Prayer-(the Catholic kids very ostentatiously stopping after "deliver us from evil" while the rest of the group went on to "the power and the glory"...Did you know that the Catholics now have that part, too!!)...Then we sat down and had perhaps a class play, or an outside speaker, or maybe the glee club sang and we joined in...We really loved our assemblies-our superintendent of schools had a wonderfully deep speaking voice and he always came down the aisle playing with his watch fob and gave us some message of inspiration-and we loved him!!...And then there was the added attraction that all classes were shorter on assembly day, so the whole day felt as if it were some sort of holiday...I've been to many assemblies with my grandchildren over the past few years, and it's not so disciplined; it's not so quiet; and it's certainly not so special!!

Yours, Lulabelle

## The Investor's Corner

By JOSEPH P. FREY, Ph.D.

### "Give to Receive"

This article will cover two areas: Year end gift giving and my sharing with you the tax and investment seminars I conducted last week for the readers of the Anton newspapers.

**Gift Giving** This is the gift giving season for people of the Jewish and Christian religions. After you have given to everyone on your list, you should look to charity and other types of tax deductible giving to receive the maximum benefits. The benefits for people who itemize are worth more in 1986 than they will be in 1987. Take the maximum advantage of your generosity. In addition, it feels good to give at this time of the year.

Look around the house for good, serviceable clothing to give to organizations who serve those who are less fortunate. There are many people in need. Catholic Charities, the St. Vincent de Paul Society, and Father Bruce Ritter's under 21 in New York City are a few examples of organizations that will use the clothing well. The marines have a Toys-for-Tots program where they accept new unwrapped toys to give to children. Give willingly, cheerfully, but keep a list and get a receipt.

You may wish to give a donation of money to your favorite charities. They all need endless amounts of money to carry on their good work. Don't forget public radio stations such as WNYC or Channels 21 or 13. If you go to a charity black-tie ball, like those run by St. Francis Hospital, Nassau or Mercy Hospitals, the Dante Society, the Museum of Fine Arts, call them, find out the ticket cost, and pay for it before the end of the year. If you belong to an organization whose dues are tax deductible, pay them in 1986. You should go to all of this trouble because you will receive more for your giving. Give to receive.

**The Seminar** The seminar was an unequalled informational success for the people who attended and for me. After an opening lecture on the tax law, the questions went on for two and one-half hours until we were all tired. What I learned from the readers of this column is that many of you are in a quandary about what investment steps to take because of the new tax laws. The concerns ranged from what investments to go into, what to get out of through pension funding considerations, tax shelters for the future (there are only two good types left), and how to get out of those which we have now but which have turned bad. It was lively, interesting, and exciting.

As a result, early in January, I will prepare a series of brochures on a wide range of investment and financial topics. We will include strategies for different types of investors from the timid to the aggressive.

I have been told that many of you have saved the 17 articles that I have written since the column was started in June of this year. That's wonderful. However, not all of these newspaper used all of the columns. If you would like to have a complete package, write to the address below. Because of the expense involved in the postage, printing and handling, please include a tax deductible check for \$5 made out to me.

I wish you all Seasons Greetings, Happy Hanukkah, or Merry Christmas

Congratulations are sent to George Maguire, (who celebrated his birthday Dec. 8th), from his friend and golf partner, Artie Murphy. Artie said it's much different playing golf in the cold weather. Now they can take the short puts 'cause Ann Maguire is not around to supervise. Artie also sold Vinnie Kostolai on the game of golf and dragged him out to Bethpage last week. (Artie said that so far Vinnie is a better chance book salesman than he is a golfer...).

Artie also told us a story about the Hicksville Post Office. Seems as tho four years ago before Thanksgiving Herb Lippert, on his own time, started collecting (from the postal employees) to raise money for the

needy. The first year they raised enough money to give away 16 turkeys. They were proud as peacocks. They have continued to do it and this year they gave away 25 turkeys. Mrs. Grace Luff handled the financial end of it and they all want to publicly thank Herb for all the personal time he has spent doing this. (And the post office should be very proud of their employees too). Turkeys were delivered to St. Ignatius, Regina House for Unwed Mothers in Merrick, St. Rose's Home for the Terminally ill in N.Y.C., a soup kitchen in Brooklyn, etc.

At this time I would like to wish everyone a Blessed and peaceful Christmas and a happy holiday.

The party was a huge success and was attended by over 100 members and friends. There were prizes galore and much money was raised for the benefit of Mercy Hospital of Rockville Center.

The party was chaired by Rosary DiBasi and Felice Mazzucco. Everyone thoroughly enjoyed themselves including St. Mary Jean Brady, Administrator of Mercy Hospital and St. Mary Thomas, Director of Volunteers, who got in to the spirit of the festivities by leading a Christmas carol sing-a-long.

Ralph Caruso of Bethpage supplied the entertainment.

The Mercy League wishes all a very blessed Christmas and a healthy and happy New Year.

## Christmas Memories

By HOWARD W. DARLING

At Christmas time I always find,  
A time of joy and peace of mind.  
I give thanks to my God above,  
For His compassion and infinite love  
I think of dear ones no longer here  
And cherished memories I hold so dear.  
I think of my friends, both old and new  
And wish them God's blessings—  
Sincerely and true.  
I think of those who were at my side  
When I needed someone with whom  
to confide  
I thank my God each day of the year  
For all His blessings through smiles  
and tears  
But most of all for the privilege to say—  
Merry Christmas to all this Christmas Day  
And to wish everyone a Happy New Year  
One filled with love—and plenty of cheer

### Colby Comments

By SUPERVISOR JOSEPH COLBY

He uses the word "family" in just about every speech he makes, but New York's Governor doesn't do much to help families that you and I know—except when pressure is exerted.

Because of changes in the federal tax law, the State tax structure must be changed to prevent overpayments on State tax returns that would amount to an unanticipated "windfall" into New York coffers. This is an excellent opportunity to revise the State tax code for the benefit of all residents and, as many in Albany have suggested, "cut taxes even further than necessary simply to prevent overpayments."

Unfortunately for us, the Governor opposes these tax cuts and is unwilling to recognize the full magnitude of the "windfall" that the State will receive unless it adjusts its tax code in light of federal reform. Instead, the Governor proposed a meager, insufficient and even harmful approach that is guaranteed to take more money than necessary out of our pockets.

The first proposal that he and his "experts" offered would have imposed a "marriage penalty" on two-income earner families—a

situation that the vast majority of middle class families live with. Only under pressure has he now relented and proposed a deduction of 10% of the income of wage earners, up to a maximum of \$5,000.

That still doesn't help most of us here in Oyster Bay or on Long Island. A far more equitable proposal being presented by enlightened legislators would give all two-income families an automatic \$5,000 deduction and would increase personal exemptions for children and the elderly.

Although the "windfall" is estimated by some to give the State as much as \$2.4 billion in additional revenue the Governor insists that the personal income tax rate remain at 9% for 1987. A more evenhanded plan being proposed in Albany to counter the Governor's intransigence would provide tax cuts by taxing incomes up to \$30,000 at 4% and those above that figure at 7%. This alternate proposal is realistic and is far better for Town of Oyster Bay residents.

Another benefit for residents that the Governor has refused to consider is the proposed elimination of the State sales tax on all articles of clothing selling for less than \$75. Think of all those small purchases you and your family make—the pair of socks, pajamas, young children's clothing.

As I write this column, Albany lawmakers are deciding whether the Governor's "tax

reform," or a plan that will truly benefit all of us, will be put into place. Let's all hope that reason and a real interest in New York taxpayers prevails, and that the Governor's stingy and harmful proposals are soundly defeated.

### Chase Student Applications

The Chase Manhattan Bank will make available to all of its branches applications for a World of Work contest being conducted by Careers magazine for high school students.

The competition is open to all high school seniors throughout the country who have worked at least ten hours a week during the school year, or full-time during the summer, or started their own business.

The Chase Manhattan Bank's Student Loan Division has contributed \$1,000 to the scholarship fund. Ten winners will each receive a \$1,000 scholarship and will be invited to Washington D.C. for an awards ceremony at the headquarters of The United States Chamber of Commerce.

Winners will be chosen on the basis of leadership, responsibility, determination, and creativity shown on the job. Deadline for entries is January 1, 1987. Winners will be notified by March 1, 1987.

### Holiday Film Festival For Children At Gregory Museum

On Tuesday, Dec. 30, from 2 until 3 p.m., there will be a special program of Christmas stories and films for four to eight year olds at the Hicksville Gregory Museum.

Included in the program will be delightful—but rarely seen—favorites such as "Mr. Willoughby's Christmas Tree" and "Arthur's Christmas Cookies," as well as "The Nutcracker and the Mouse King" and "How the Grinch Stole Christmas."

After the program, the children and their parents will be welcome to tour the museum as guests.

The Hicksville Gregory Museum is Long Island's Earth Science Center, with an outstanding collection of magnificent minerals from all over the world. There are also adjunct collections of fossils, butterflies and shells. The building itself is an historic landmark, the old Heitz Place Courthouse. It is located just south of the junction of Bay Avenue and Woodbury Road.

There is no charge for this film program, although donations are always gratefully accepted.

Since almost everyone is confused and concerned about all of the ramifications of the new federal tax law, and how it will effect most individuals, the Hicksville Kiwanis Club accepted the offer of one of its members to speak on the subject at the Dec. 3 meeting.

Kiwanian Robert McGuinness, a financial planner, advisor, accountant, etc. with the firm "76 Associates" in Hicksville, spoke at length, discussing such things as: the new tax forms which will be used for 1987 tax forms, some deductions which no longer will be allowed, possible personal finance plan revisions to make before 1987. The members were extremely interested and asked many questions. In fact, many stayed after the meeting was adjourned to ask more questions.

In the photo, Dr. Joseph Lupo, assistant program chairman, on the left, is shown presenting a certificate of appreciation to Mr. McGuinness for his interesting and timely discussion.

## Annual Christmas Pageant At Our Lady Of Mercy

The children of the Saturday School of Religious Education at Our Lady of Mercy will present their Annual Christmas Pageant on Saturday, December 20, at 9:30 a.m., in the school auditorium.

The production is made possible each year through the efforts of a corps of volunteers, guided by Sister Anne Lynch, Director of Religious Education at OLM, and Sister Jackie Walsh, who conducts the Youth Ministry Band and Junior High Chorus, enhancing the Pageant with their musical talents.

At the conclusion of Saturday's performance, refreshments will be served at a very special birthday party for the Infant Jesus. If you would like to bake for the party, thank you very much!

Admission is free. All are welcome to attend this wonderful Christmas treat for all the family. Please do sing out the Joy of Christmas by joining in the singing of carols on this happy occasion. We will be looking and listening for you.

or Memorial cards.

## Helping Elderly Weather Winter

The Nassau County Department of Senior Citizen Affairs has announced the following programs and safety tips to help older persons to weather the cold winter months in comfort and safety:

### Emergency Fuel Delivery

PROJECT SAFE (Senior Assistance for Fuel Emergencies), funded by the Department of Senior Citizen Affairs and operated by Family Service Association, provides a one-time-per-winter emergency fuel delivery to those 60 and over living in their own homes, who have low incomes and are temporarily out of funds and are unable to obtain fuel. Weekdays from 9 to 5 call 485-4600. During evenings, weekends and holidays call the Nassau County Police Department at 535-7007.

### Home Energy Assistance Program (HEAP)

Homeowners or eligible renters, 60 years of age and older, who meet housing and income eligibility requirements may receive up to \$284 toward the cost of their heating bills under the federal HEAP program. Seniors who received HEAP benefits last year will automatically be contacted by mail early in 1987. For mail in applications, or for information on eligibility, call the Department of Senior Citizen Affairs at 431-8531.

### Additional Heap Benefits To Elderly Or Disabled

Families or individuals (over age 60 or disabled) whose fuel/energy costs amount to 30% or more of their annual gross income may be eligible for an additional Heap benefit. Application for this additional benefit must be made in person. For an appointment and further information, call the Department at 431-8531.

### Protection From Utility Shut-offs

Customers of all ages should be aware that between November 1 and April 15, utility companies may not shut off services for non-payment of bills unless customers have been contacted at least 72 hours in advance. Service may not be shut off on Friday, Saturday or Sunday, on a holiday, the day before a holiday, or during a two-week period covering the Christmas/New Year season.

### Public Service Commission Senior Identification Program

This program seeks to identify utility customers who are 62 or over and who meet one of the following qualifications:

- \* Live alone or
- \* Live in a household in which all other occupants are either over 62, under 18, blind or disabled.

Such customers will be entitled to receive special consideration from their utility company under emergency circumstances.

To register, seniors should contact:  
New York State Public Service Commission  
Consumer Services Division

Outreach  
400 Broome Street  
New York, NY 10013 Telephone: (212) 219-4550

### Snow Shoveling For Frail Elderly

In an effort to assist frail elderly homeowners, each of the Department's twenty Senior Community Service Centers (SCSCs) located throughout Nassau County serve as local coordinating points for snow shoveling programs. Community youth groups, such as Boy/Girl Scouts, and school service clubs, volunteer their services to assist senior citizen neighbors. For the nearest Senior Community Service Center call the Department at 535-5007.

### Low Temperature

#### Hypothermia Thermometer

Severe winter weather poses a serious threat to the health of older persons. They are especially susceptible to hypothermia, a medical condition caused by lowered body temperature. It is a complicated illness easily overlooked or mistaken for other conditions. To assist in diagnosing hypothermia, a special low reading thermometer should be available in emergency hospital rooms and medical teams. This thermometer detects body temperature lower than can be indicated by a "fever" thermometer. The cost of this thermometer is minimal and should be part of everyone's first aid supplies.

Dates To Remember

DEC. 10, 86 Holiday Party  
DEC. 31, 86 Last Day For Election Of Club Officers and Directors 87-88.  
APRIL 10, 87 "Charter Night" - Imperial Manor

President Dr. Peter Rocco was feeling a little under the weather and was unable to attend today's meeting. Al Levine, the Club's Vice President opened the meeting at 12:15. Guests: Tom Danielecki, guest of Augie Cassella, and Larry Naiman, guest of Ellie Zambaka.

**Happy Dollars:** were donated by Al Levine, Augie Cassella, Fred Meyer, Doc Gross, Jim Grossman, Elie Zambaka, and John Komara.

**Program:** The guest speaker at the meeting was Larry Naiman of Paine Webber's Garden City office. He provided the members with useful information pertaining to various types of mutual funds and the advantages and disadvantages of each type.

**Christmas Baskets:** Squat Madden recommended that the Club investigate the possibility of providing supermarket gift certificates to the needy families in the area rather than donating a food basket. By doing this the Club can be sure that the families can purchase the type of food they prefer. It was pointed out the Club typically provides around \$1,200 to this program each Christmas season.

Augie suggested continued support for the "Soup Kitchen" as well.

**Gift of Life:** Augie and selected members of the Bethpage Rotary Club will be meeting with Kim Boon Joon at Kennedy Airport. Kim Boon is the two year old child from Korea who is being sponsored to receive necessary heart surgery here in the United States.

The Club can't thank Augie enough for his relentless involvement in this important program.

The Club would also like to wish John Komara the best of luck with his upcoming election for Jericho Fire Commissioner.

**Reminder:** The Christmas Party will be this Wednesday at 6:30 at the Milleridge Inn. The minutes of the Board of Directors will be presented at the next regular meeting.

## Hicksville Fire Dept. Report

A moderate crowd turned out to visit Santa at the Fire Department's Open House on Sunday, Dec. 7. The N.C. Public Fire Safety Education Division presented a short lecture on fire safety. Fire safety should be on our minds all the time.

A recent meeting of Nassau County Fire Officials with State and National fire prevention experts was held to discuss additional ways to inform residents on "what to do in case of fire in their home." It is evident from the Plainview fire, that took 5 lives, that people do not know what to do when they have a fire. The family's home was equipped with a burglar alarm but had no smoke detectors! The later was notified (his first awareness of a fire) by the burglar alarm company that there was a problem. Once awake, although groggy from smoke inhalation he called 911, barely gave his address and dropped the phone. It was no doubt his last act.

Officials said the family would have had more time to get out, less fire and smoke to contend with, if they had smoke detectors. Detectors alone are not enough, a pre-arranged escape plan is necessary. You can not plan an escape from scratch when smoke and fire is filling up your home.

The Public Fire Safety Division should have in operation next Spring, a demonstration trailer to show how smoke from fires can spread and the proper way to escape. The trailer will be available to schools and

will tour County Shopping Centers. In the meantime the Fire Safety Division will be available to give fire safety talks to all groups. Call the Fire Safety Education Division at the Vocational Education Extension Board in Uniondale - 392-9292.

The N.C. Fire Marshal's Office also has a free safety program and they can be contacted at 566-5800.

### House Fires

Careless smoking was blamed as the cause of a bedroom fire at 20 Ingram Dr., Hicksville. The fire was reported at 1:44 p.m. Saturday, Dec. 6. There was a minor injury. The fire was confined to the one room by Hicksville Firefighters. Damage was estimated at \$5,000. Six units, 40 members responded under Asst. Chief G. O'Brien.

A house fire at #8 Garden Blvd. on Dec. 15 caused moderate damage and killed two pets - a cat and a parrot. No one was home at the time. The fire apparently started in the basement and the actual fire was confined to the room of origin. A next door neighbor used a garden hose and kept the fire from spreading up the side of the building. Three members and four units responded under Chief William Schuckman. There were No Smoke Detectors. It was lucky no one was home!!

## Lilliputian World Of Doll Houses

### Christmas Concert in Bayville

Escape into the mesmerizing reality of the Lilliputian World of Doll Houses at the Bayville Museum's Annual Christmas Exhibition and Concert this holiday season. The Museum will feature handmade and individually designed doll houses of the past and present at the exhibit which is scheduled to open on Saturday, Dec. 13 from 1 to 5 p.m. and will continue through January 7. The Fourth Annual Christmas Concert and Sing-a-long, which has become increasingly one of the most popular attractions at the Museum, will be performed by sopranos Penelope Herdt and Bess Bell on Sunday evening, Dec. 21 at 7 p.m. Both the exhibition and the concert are free to the public. Holiday hours are Wednesday and Saturday, 1 to 5 p.m. Special arrangements can be made for groups by calling Village Hall at 516-628-1439 or 628-2013.

Highlights of the Doll House show include structures built and designed by such talented individuals as artist Elaine Vosburg of Oyster Bay, who meticulously coordinated all the furnishings within the house, and by Donald Mortimer of Locust Valley who is showing three of his houses, "Newport," "Aunt Lizzie's House" and "Century 21 House," which was one of 24 especially created for the Century 21 Real Estate group as part of the 1980-81 Easter Seal fund-

raising campaign. Also on display are three antique doll houses, a 1900's Schoenhut, a Three Bears Foldaway and a circa 1940 house on permanent loan to the Museum. This house was built for a former Bayville resident by her uncle when she was a child. Further examples of imaginative escapism into the small, ordered worlds of others' creation will also be shown.

The talented sopranos Penelope Herdt and Bess Bell, who are sisters, are returning to the Museum by popular demand. Their magnificent voices and acting prowess have been acknowledged in performances with the Long Island Singers Society and as repertory players with A Small Company in America of Glen Cove.

Regular museum exhibits will be on display for viewing during the holidays.

MRS. GRUMO'S KINDERGARTEN CLASS at International Luncheon

On the day before Thanksgiving, Mrs. Grumo's A.M. and P.M. Kindergarten classes from Burns Avenue School, feasted on turkey and all the trimmings at a pre-holiday celebration. The feast was held in conjunction with the children's study of the "First Thanksgiving" and the Kindergarten Growing Healthy Unit, "Happiness is a Healthy Me." This unit focuses on good health habits, the four food groups, nutrition, anti-smoking and drug awareness. Each child came dressed in an Indian vest and headband. The children made

these costumes under the direction of Mrs. Grumo and Ms. Edwards, the Burns Avenue School art teacher. Each child also designed a personalized placemat which was taken home as a memento of the day. The children enjoyed a traditional Thanksgiving meal, cooked and served by the Class Mothers and their wonderful parent and grandparent helpers. The Kindergarteners enjoyed sharing and feasting together. They were thankful for the delicious food, their good friends and their wonderful families who made this possible.

## Our S.A.T. Doctors Make House Calls

For years, Long Island high school students who wanted the best possible S.A.T. preparation had to choose between private tutoring and the Princeton Review.

It wasn't easy.

Choosing tutoring over our course meant giving up a chance to learn the Princeton Review's unique test-taking techniques, which have helped thousands of high school students achieve unprecedented score improvements.

We're going private.

This year, instructors trained in the Princeton Review techniques (the same instructors who teach our top-rated courses) will be available for private tutoring, all over Long Island.

1) In addition to working on specific math and verbal questions, Princeton Review tutors teach their students test-taking techniques that help them feel in control of, rather than controlled by, the S.A.T.

2) All our tutoring students receive a complete set of Princeton Review materials including our

math and verbal manuals and our comprehensive program for vocabulary improvement.

3) Our tutoring program includes four diagnostic S.A.T.s, which we administer under actual test conditions, then score by computer. (Students and teachers receive detailed print-outs showing them exactly what they need to work on.)

Good luck comes in threes.

No other tutor offers any of these advantages. We offer all three, and at reasonable prices.

(Of course, for students who feel they can

benefit most from classroom instruction, the Princeton Review will continue to offer the best S.A.T. review courses on Long Island. After a year spent working on improvements in the program, we are confident that this will be our best term ever.

But for students who want the advantages of private tutoring AND the advantages of the Princeton Review method, we now present THE BEST OF BOTH WORLDS.

## THE SKATE SHOP

99 Cutter Mill Road  
Great Neck  
HU7-6978

SKATING EQUIPMENT  
By Jesse Halpern

THERE never was a question as to what type of skate to use for speed skating. Neither was there ever a question as to the best type of skate for playing hockey. But as far as the novice skater, interested in mild exercise and a form of relaxation, is concerned, the type of skates is often a problem. Also, how and where to buy them are problems. The unfortunate truth is that most people are poorly advised and consequently buy the wrong skate.

The skates generally bought in sporting goods stores and department stores are toys or little more than toys and could not hold the ankle of either the novice or the expert skater. The exceptions to the generally are very rare indeed. The place to buy skates is only in the specialty skate shop.

Professional skaters, both performers and instructors, advise figure skates as the best type of skates for many sound reasons. The figure boot is a higher boot and distributes the necessary snugness over a larger area than any of the other boots. The skate itself is lower and consequently easier to balance oneself with. The blades on a correct pair of skates are screwed attached on both heels and soles to the average weight center.

If the ankle bends it means that the weight center of the foot is a little to one side or the other of the average weight center, and the bending is immediately corrected with the moving of the blade toward the skater's weight center. The figure skate is the most maneuverable skate. The low weight center, the high boot, the movable blade, all help make the figure skate the easiest skate to skate on.

To have full control over the blade, the boot

must be snug enough to make the foot and the blade feel as though the two were one, and the blade must be in the weight center of each individual foot.

Correct fitting can be done only by the expert who has enough boots of different lasts and widths to work with. The boot should be just as tight as the skater can stand. The foot does not move around within the boot. It should be almost impossible to budge the heel from the floor of the shoe and it should be possible to flex the toes a bit. The adult or the advanced child skater should be fitted with very light socks.

For children, the skate expert advises the same as for adults, except that children can be fitted with heavy socks and wear the same boots the second year with light socks. The largest possible blades should be attached to the boots so that the blades can be used on the next pair of boots. Over the long period, correct skates for children cost less per year than the toys ill-advised parents often buy.

Rental skates can't possibly give much satisfaction because every one who wears them stretches them in another place and after a while the shoes have no more support than a paper bag. The same can be said about second hand skates. Leather stretches and shoes take on the shape of the feet when there is only one wearer. It is more important to have a good, well-fitted boot than an expensive blade. At the Jesse Halpern Skate Shop we don't hesitate to recommend an expensive boot with the least expensive blade. The boot is that much more important. There is advantage in better blades, but it is small as compared with the advantage of better boots.

## Letters From Our Readers

To The Editor:

As the holidays and year's end approach, it is a time for festivities and happy gatherings. Unfortunately for some, these events provide a setting for excessive drinking, and driving. To avert the possibility of tragedy, the Nassau County Police Department is prepared to take all necessary action to insure the safety of the public.

I also remind you that New York State law effective Dec. 1, 1985, establishes the legal drinking age at 21 years. It means those under 21 may not drink, be served, or purchase alcoholic beverages in bars or retail stores.

We know there will be people who drink and drive in spite of good advice and in the face of good judgment. Some of these people will be stopped, tested and arrested before they are involved in accidents. Others, less fortunate, will be involved in accidents and will be killed or seriously injured, along with others on the road who will become innocent victims.

Please help us save lives by communicating the contents of this letter. Thank you for your concern and cooperation, and best wishes for a happy and safe holiday season.

Samuel J. Bozzi  
Commissioner of Police

To The Editor:

We just moved to Hicksville on October 1st. We have been reading the former owner's copy of the *Hicksville Illustrated News*. We really enjoy the news and information in the paper and would like to have it continue to come to our house.

## Give The Gift of Music Holiday Sale

Friends of the Arts has a suggestion for your holiday gift list: the gift of live music, dance and theater to share with your children. And, just in time for holiday giving, tickets for the Children's Carousel series are on sale at a 25 percent discount. Regularly \$4 each, there is a special price of \$3 for the remaining three shows. A holiday gift that won't break or be outgrown, it is guaranteed to last through April and its impact could last a lifetime! Each show has two performances on Sunday afternoons, at 1:30 and 3:30 p.m.

On January 4, 1989 "The Gingerbread Playmen and Jack" will present their production of "The Princess and the Frog" an updated version of the children's classic that is a fully staged musical, set in New York City. On March 20, 1989, "Ballet Hispanico" will show the beauty of the Hispanic tradition with music, costumes

and dances drawn from the traditions of Spain, Mexico and Latin America. On April 26, 1989, "Festival Brass", a brass quintet, will bring a fresh, friendly and fun-loving approach to music that ranges from Mozart to Star Wars.

This season, Friends of the Arts has moved the Children's Carousel series to the Adams Playhouse at Hofstra University in Hempstead, in order to introduce children to the intimate atmosphere of a real theater. For many of today's young people, it is their first experience to see live performances with actors, dancers and musicians on stage, not images on a TV or movie screen.

Tickets are available at the special holiday rate of three shows for \$9.

Call Friends of the Arts at (516) 922-0061.

## March Of Dimes' Mothers March

Over 4,000 Long Islanders will visit with their neighbors January 10 through February 1 to tell them about America's greatest threat to children—birth defects.

Since 1950, the March of Dimes has been holding "Mother's March," their largest public health education campaign. Mothers March is held in January in honor of the birthday of former President and March of Dimes founder, Franklin Delano Roosevelt on January 30. Mothers Marchers will inform their neighbors of good health practices while collecting donations for the fight against birth defects.

You still have time to get involved in Mothers

March. The March of Dimes needs Mother March captains. Captains will "march" their own block and be responsible for keeping up the enthusiasm of twelve other marchers. "Captains are responsible people who can about their community," said Mothers March Director Karen Perlman, "and the job is so much when you consider the rewards—health babies."

For more information, contact Karen Perlman, Mothers March Director, 424 Crossways Park Drive, Woodbury, NY 11797 (516) 496-2100.

## Our International Luncheon

MRS. PASETSKY'S 5th GRADE STUDENTS put on a skit on Immigration

On Wednesday, November 26, 1986, our 5th grade class had an International Luncheon. Thanks to our parents (and some students), we had delicious food from many countries. The countries represented were: Italy, Greece, Sweden, Poland, China, West Germany, Hong Kong, Czechoslovakia, India, Haiti, Puerto Rico, Spain and Finland.

I really appreciated all the cooking that the parents did, since most of them had a lot of cooking to do the next day for Thanksgiving. To entertain our parents and guests, we put on a short skit on "Immigration". This skit show-

ed why our ancestors came to America. Each one of us spoke briefly about the country we represented.

I hope all the parents enjoyed our performance. My father said that it was the best function he ever went to at Burns Avenue School. My mother thought it was wonderful to see the children perform.

I thought this was the best luncheon, but it was also the only luncheon I was ever at! Written by Billy Viola, Mrs. Pasetky's 5th grade class, Burns Avenue School.

## Hicksville Lions Meet

The special guests of the Hicksville Lions Club were Mr. Gene Lovette and Mr. John Pellegrino.

Both these gentlemen are from the Hicksville school system and were interested in learning more about the Lions-Quest "Skills for Adolescence" program.

Dr. Jack Weber, a member of the Hicksville Lions Club and a past international director of Lions Clubs International, made the presentation. He stated that Skills for Adolescence helps young people learn how to deal with challenges of our complex society by offering positive growth experiences and teaching specific coping skills. The program places a special emphasis on preventing drug and alcohol abuse, and related problems. It is based on the premise that the time to address these problems and keep them from hurting young people is before

they start. The program targets the early adolescent years (ages ten to fourteen), since this is a particularly vulnerable stage of development and the time when many forms of negative behavior are likely to begin. The heart of the program is a course for grades 6-8 that can be offered in conjunction with classes in language arts, social studies, health and related content areas.

The program is taught in local, middle grade schools by local teachers. The instructor receives special training at a three-day workshop. At the end of the 80-hour course, the student is better prepared to say "No" to drugs and alcohol.

Both Mr. Lovette and Mr. Pellegrino were impressed with this program and promised to discuss it with their school superintendent.

## Police Report

The Second Precinct has reported the following:

• **December 1:** An auto repair shop on East Old Country Road was broken into through a rear garage window. The loss is unknown.

• A store on Broadway was broken into through a basement wall. The loss included a Cabbage Patch doll.

• **December 2:** An assault occurred at the Hicksville Railroad Station, eastbound side, at approximately 10:10 p.m.

A 30-year-old Farmingdale woman, who was waiting for the train, was assaulted by a man who allegedly pushed her to the platform, causing her to sprain her right wrist. The assailant was chased by some bystanders who were also waiting for trains. When the victim went to a phone booth to call police, her attacker returned and allegedly attempted to slash her with a knife. Once again bystanders intervened, and with the help of the police the suspect was placed under arrest. Police Officer Fred Comparato of the Highway Patrol Bureau was in the area and was flagged down by an unknown person who told the officer of the assault. He responded and made the arrest with the help of Second Precinct Officers. The assailant is identified as a 20-year-old New Cassel man. He was arraigned at First District Court in Mineola on Dec. 1. He is charged with attempted assault in the second degree, assault in the third degree and resisting arrest.

The Eighth Precinct has reported the following:

• **December 2:** Fork Lane School was broken into through a rear window. Two fire extinguishers were missing.

• **December 7:** A robbery occurred at a stationery store on West Village Green in Hicksville at 3:55 p.m.

A woman, approximately 25-years-old, walked into the store and waited until she was the only one in the building. The woman approached the owner and implied that she had a gun. She allegedly told the owner to open the cash register and lie on the floor. The victim complied and the suspect fled the store with \$400. No injuries were reported. The investigation is continuing.

P.O. LAWRENCE - INSP. COCHEMS Commander of Second Pct.

## Cop Of The Month - September

By BOB TOUGHER

The Cop of the Month award for September was given to Police Officer J. Thomas Lawrence, Shield 2574, for a burglary arrest he made on September 2, 1986.

On that date at about 0100 hours, Tom was checking his post when he found a bicycle and a jacket leaning against a dumpster in the rear of Hansted's Deli on Woodbury Road, Syosset. Being familiar with his post and the area, Tom knew that it was unusual for a bicycle to be in the rear of the little shopping center and that the area had recent business rooftop burglaries, so he requested assistance to investigate further and the writer responded to assist.

Tom and I made our way up onto the roof by means of an old step ladder onto an overhang behind the stores. We checked the roof and found what appeared to be a very fresh break into the Nan Cleaners, 546 Woodbury Road, Syosset. The point of entry was an industrial ventilator fan.

We requested further assistance to prevent any possible escape attempt as well as a canine unit to assist in the burglary search when the owner arrived. A short time later the search turned up one 17 year old defendant who was hiding beneath clothing in the rear of the store. The defendant was charged with burglary

thirddegree.

Congratulations to Police Officer J. Thomas Lawrence making this great arrest and winning the award. He is a 15 year veteran of the force.

Several other officers had their names submitted for departmental recognition for actions they took in September, and I would like to mention them here.

On September 11, 1986, Police Officer Richard McGurk, Shield Number 551, captured one suspect and charged him with burglary second degree, of a house in Syosset. This arrest came as a result of a notification, a foot pursuit, and then a thorough search of the area, including the ladies room of a paint store in Syosset where the defendant was hiding.

On September 23, 1986, Police Officer Kenneth Peters, Shield Number 2794, and Police Officer William Schuchman, Shield Number 2536, were assigned to a house in Syosset for an "aided case drowning" at 1521 hours. They encountered a woman in a bathtub full of water who had stopped breathing with no pulse. They removed her from the tub and began C.P.R. The aided person began breathing on her own after about two minutes and was subsequently discharged from Syosset Hospital after examination.

## Contract Bridge B. Jay and Steve Becker

### An Unnecessary Finesse

West dealer  
North-South vulnerable.

NORTH		EAST	
♠ A J 4		♠ Q 9 7 2	
♥ A 7 2		♥ 5	
♦ K 8 5 3		♦ A 10 7 6	
♣ A Q 6		♣ K 10 5 3	

WEST		SOUTH	
♠ 10 8 5 3		♠ K 6	
♥ 9 6 4		♥ Q J 10 8 3	
♦ Q J 9		♦ 4 2	
♣ J 8 7		♣ 8 4 2	

The bidding:

West	North	East	South
Pass	1 NT	Pass	4♥

Opening lead — queen of diamonds.

There are lucky hands as well as unlucky ones, but one of the most rewarding features of bridge lies in salvaging the unlucky hands.

Here is a typical case where West leads the queen of diamonds. West is unlikely to have the ace, so South ducks the queen as well as the J-9 when West continues the suit.

Declarer ruffs East's ten and notes the possibility of losing two club

tricks if he finesses the queen. Unwilling to expose himself to this danger, South draws three rounds of trumps and plays the K-6 of spades, finessing the jack. If West has the queen, South has his tenth trick; if he doesn't have it, there is still the club finesse.

In the actual case, the spade finesse loses and South is obliged to ruff the diamond return. Down to his last chance, South tries a club finesse, but this too goes awry and the contract fails.

It is unlikely to find three cards — the ace of diamonds, queen of spades and king of clubs — all badly placed, but even so the outcome is largely declarer's fault. He did not take the safest line of play.

After ruffing the diamond at trick three, South should draw three rounds of trumps, ending in dummy, and play the king of diamonds.

With East producing the ace, declarer can easily afford to discard a club on the trick — a loser-on-loser play. This forces East to return a spade or a club, either of which hands South his tenth trick. The luck element is totally eliminated by this method of play.

## HOUSE CALLS

By Edith Lank

### New Rule On Home Interest

Dear Edith: I recently read in the paper  
that the new tax reform bill will not al-  
low deduction of interest paid on new  
mortgages placed after August 16, 1986.  
I was planning to purchase a home soon.  
Is what I read true or false? —Mr. G.

Partly true, partly false. The matter is com-  
plicated. Interest paid on the loan that buys  
your home will be completely deductible. So  
will the interest on any mortgage placed be-  
fore the date you mention.

The new regulation applies to parts of some  
refinance (not original purchase) mortgages  
and home equity loans made after August 16,  
1986. Homeowners whose homes have ap-  
preciated in value sometimes borrow way be-  
yond their cost basis; interest on any part of  
the loan over that amount won't be deducti-  
ble unless the money is used for educational  
or medical purposes.

Cost basis includes the original price of the  
house plus the outlay for permanent improve-  
ments made since.

### She Left No Will

Dear Edith: My sister and I inherited our  
house as tenants in common. My wife and  
I lived there with her. Recently my sister  
died and left no will. She was not married  
and had no children.

Now my other sisters are seeking equal  
shares to her property, including her  
share of the house. Can I be forced to sell  
the house? Do I have any special rights  
as a tenant in common? —Mr. S.Y.

Because you were tenants in common, your  
sister's share of the house is left to her estate,  
not to you. Without a will, the court will de-  
cide who inherits your sister's property. It's like-  
ly to go in equal shares to you and your other  
sisters. They may end up owning part of her  
share of the house. Perhaps you can arrange  
to trade off something else in the estate, if you  
want to own the whole house yourself.

If they end up as part owners, they would

also be tenants in common with you. As such,  
they could ask a court to order the property  
sold and the proceeds divided. If you couldn't  
agree among yourselves, a court might issue  
such an order.

### When You're 55

Dear Edith: My problem with the after-55  
tax break is defining what constitutes  
"sale of the house" for IRS purposes. I have  
had differing opinions from lawyer, ac-  
countant and real estate people. Is it the  
signing of the contract or is it closing? In  
other words, can the contract signing oc-  
cur prior to the 55th birthday and still  
qualify for the IRS tax break? —Mr. O.D.

Yes. You can sign a contract to sell your house  
before your 55th birthday, but make sure you  
don't go to settlement, don't close (or, as they  
say in New England, don't pass papers) until  
you are 55. The IRS figures from the day you  
actually receive the money.

Same thing, I'm told, with stock transactions.  
The IRS cares not about the trade date, but  
about the settlement date, a week later.

### No Change In Tax Law

Dear Edith: We bought our condo 14  
years ago and it's gone up a great deal in  
value. We are both over 55. We would like  
to sell it in 1987 and take advantage of  
that once-in-a-lifetime tax exemption.  
Will the new tax laws coming into effect  
in 1987 change that concept? —Mr. E.R.

The tax reform law makes no change at all  
in either of the special homemaker's tax breaks.  
You can depend on that 125,000 exclusion no  
matter when you sell.

Can you use that senior citizens' tax break to  
cover profit on the sale of more than one home  
over the years? You bet! For a copy of the leaflet  
"That 125,000 Tax Break," send 11 and a  
stamped return envelope to: Over 55, 240  
Hemlock Drive, Rochester, NY 14606. Edith will  
also answer personally any letter with an  
envelope.

## Nassau Sports Review

By JACK WHITE

The dynamic duo of Dan Middleman of Clarke and T.J. McArdle of Garden City traveled across the country to San Diego, California to participate in the Kinney National Cross Country Championships. The meet brings together the top 32 high school runners in the United States. Middleman finished eighth in 15:15 over the 3.1 mile Balboa Park course while McArdle, who won the Northeast championship last week, finished 11th in 15:18. Both runners recorded their best times ever. First place went to Mark Davis, a local San Diego runner who clocked in a remarkable 14:38.1.

It was a great year for Nassau runners as is evidenced by the all-state teams released this week by the N.Y. State Sports Writers Association.

## K. of C. Free Throw Basketball Competition

The annual Knights of Columbus free throw Basketball Championship will begin in January and end in March of 1987.

The Knights of Columbus Tournament is open to all boys and girls 11 thru 14 years old. Age eligibility is to be determined by the age of the contestant as of January 1, 1987. All applicants must be made on official entry forms. These forms will be available at all schools and Joseph Barry council #2520 at 45 Heitz Place, Hicksville.

The Joseph Barry Knights of Columbus, competition-council level, will be held at Lee Ave. School on Saturday, Jan. 17, 1987 from 10 a.m. until 12 noon. Each contestant will have 15 consecutive free throws from the foul line.

Winning contestants, who are tied, will progress to a second round where they will shoot five free throws. If there is a tie after the second round then those tied will shoot five additional free throws. Successive rounds of five free throws each will continue until one contestant emerges as the winner.

All contestants on the council level will receive a certificate. The winners in the council level will receive awards. In April, 1987, in district regional and state levels each contestant will be allowed 25 consecutive free throws.

The same five count progression will prevail in the event of a tie. Youth Chairman-Edward Kelly 938-0628.

## Friends Academy Lacrosse League

Open to all interested players and teams, Friends Academy, Locust Valley, will host a winter lacrosse league for junior and senior high school students. Games will be played on weekends in the new field house beginning in December and running through February. The roster will include a maximum of 18 teams. Individuals may register and be assigned a team.

## Hicksville Soccer Stars Lift Farmingdale

The SUNY Farmingdale Men's Soccer Team recently completed a highly successful season led by a large contingent of Hicksville ex-high players. The Aggie's offense was led by 1st team All-American Tony McGeough who scored a school record 33 goals while helping set a school team record of 89 goals. Dave Weinberg was the leading assist man, notching 19 to set still another school record, and also scored many key goals to provide the Aggies with margins of victory.

The final record was 14 wins and 7 losses.

Lloyd Sneddon, 1985 1st team All-Region standout, returned as team cap-

tain this season and was his usual dangerous self, however injuries plagued Sneddon forcing him to miss two-thirds of the season.

Alex Brill, the steady and ready offensive performer was always a factor when called on and responded with 8 goals and 9 assists to rank third on the team in scoring.

Despite missing one-half of the season with injuries also, Joe Doherty was an integral part of the defense and in several tight games was assigned the opponents leading scorers. If he remains healthy he should be a fine defender in the future.
