The next scheduled government surplus cheese distribution by the Hicksville Kiwanis Club will be on Saturday, Jan. 31. The time will be at 8:30 a.m. The place will be at the Carvel store at 447 South Broadway, Hicksville.

The Kiwanis Club members will distribute cheese and whatever other government surplus food are supplied to them by the warehouse. The distribution will begin at 8:30 a.m. and will continue until 11 a.m., or until the food items are all given out to the local residents entitled to receive it.

Those eligible to receive government surplus food are individuals or families who: are on welfare; receive SSI; receive food stamps; receive fuel cost assistance; are unemployed; are disabled; have sickness in the family; are senior citizens; etc.

Members of the club will be on hand to help with the forms which must be filled out and signed to account for the food items which are given to the Kiwanis Club to distribute to the eligible residents of the Hicksville area and adjacent communities.

It is suggested that people who are eligible to receive government surplus food come early before the food is all given out.

The Hicksville Kiwanis Club is pleased to provide this service to the needy residents of the area who are entitled to receive this type of help.

## Hicksville Illustrated News Will Offer 4-Year, \$5,000 Scholarship to New York Institute of Technology

The *Hicksville Illustrated News* will give a four-year undergraduate scholarship worth a total of \$5,000 to a deserving student in this community to attend the New York Institute of Technology.

The scholarship will be granted in time for the start of next fall's semester, on the basis of academic ability and school and community service.

All graduating high school seniors and high school graduates will be eligible to compete for the scholarship which is for full-time day study leading to a bachelor's degree, provided they meet normal entrance requirements.

The college, founded in 1955, has a current enrollment of more than 14,000 students, major campuses at Old Westbury and Central Islip, and a center in Manhattan.

Announcement of the new scholarship program was made by Dr. Matthew Schure, president of NYIT, and Karl V. Anton, Jr., publisher.

Dr. Schure said that the *Hicksville Illustrated News* scholarship is part of a new student-benefits program that reflects both the college's commitment to expanding the educational horizons of the young men and women who live on Long Island and its appreciation of the important role of local newspapers in the life of their communities.

Any high school graduate or graduating high school senior who lives in Hicksville, and meets normal NYIT entrance requirements is eligible to compete for the scholarship.

The scholarship will provide \$1,250 for each of the four consecutive undergraduate years to be applied to the normal tuition charges. A qualified recipient also may be eligible for additional college stipends.

The scholarship recipient will be eligible to apply to any regular four-year undergraduate program offered by NYIT and on any campus of the institute. Scholarships do not apply to the following programs: the medical program at New York College of Osteopathic Medicine, the NYIT/NYCOM combined baccalaureate/osteopathic physician program, preferred admission to New York Chiropractic College, the culinary arts program, and such other programs as may from time to time be designated by the college.

Once admitted, the student must perform satisfactory academic work as a condition of having the scholarship renewed from one year to the next.

The New York Institute of Technology offers associate, baccalaureate and master's degrees in such fields as computer science, engineering, architecture, fine arts, business, communication arts, human relations, and labor and industrial relations.

In addition, NYIT operates a number of major research centers and laboratories, including those dealing with computer graphics, high-definition television transmission, lasers, optics, holography, and robotics.

### How To Apply

To apply, students may request a scholarship application by writing to: Education Editor, Anton Community Newspapers, 132 East Second Street, Mineola, NY, 11501. Students who are selected by the newspaper will then make formal application to New York Institute of Technology.

## Altercation On Division Avenue

Eighth Precinct Police have confirmed an incident, Thursday, January 22, on Division Avenue where students from another district engaged in a threatening attack on two Hicksville High School students.

*It did not take place on school grounds and did not involve one group of Hicksville students against another.*

Reportedly the two Hicksville students were on their allowed lunch hour, eating in a private automobile.

A second vehicle pulled alongside and four youths emerged. They approached the occupants and began a heated confrontation.

The unknown students proceeded to smash the Hicksville students car window.

According to the reports given, Nassau County Police and Detectives, the assailants produced a handgun and fired seven shots.

Police believe the shots were blank since no bullets were found.

The students immediately reported to school authorities who summoned police.

While not occurring on school grounds, school authorities expressed serious concern over the attack.

Assistant Superintendent of Schools Dr. G. Robert Couillard, stated "That a lead from another student may have established the school from which the alleged perpetrators came from. The Nassau County Police are actively pursuing it and we hope it will culminate in arrests soon."

The United States Achievement Academy has announced that Megan Ann Niques has been named a United States National Award winner in the Foreign Language category.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Megan, who attends Holy Trinity High School, was nominated for this National Award by Sister Johanna, a Spanish teacher at the school. Megan will appear in the United States Achievement Academy Official Yearbook, published nationally.

Megan Ann is the daughter of Jo-Ann and Richard Niques. Her grandparents are Marge and John Maquart, also of Hicksville.

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anton Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed, (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity.

We receive many very fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

To The Editor:

I made a visit to Long Island for the holidays and found the Hicksville paper you distribute free among the Hicksville residents.

I lived in Hicksville, was born there and left when I was 10. This was at the end of World War II. The town was a lovely village with neighbors who were friends for life. I have never forgotten lovely Hicksville as it was before the war—the big trees, quiet streets and fresh corn from the farms. Sadly, the town as we knew it no longer exists.

In the Dec. 11, 1986 issue of the *Hicksville News* there appeared in the centerfold a map of the town as it was in 1925. What a wonderful surprise and such memories it evoked! It twisted my heart to see the old forgotten landmarks and so many that no longer exist but on the map. I subscribed to the paper immediately and your office sent me two copies of the issue. Many thanks! I gave one copy to my sister, also a former resident of Hicksville, and she was thrilled to receive it.

I am writing to see if you can get in touch with the owner of the original map to contact me. I would love to get a copy of the original map. I see all the buildings are numbered and there must be a list of who owned what. I am having the page mounted and framed but the details are dim. I would pay any price to get a copy—for outside of our memories of the town—this map is all I have.

I am sure you will do what you can and I send you my sincere thanks.

Madeline (Hnatuk) Hobrecht

To the Editor:

The *Hicksville Illustrated News* has become a wonderful, positive reference for all those people I know in Hicksville. It has given us a sense of belonging, feeling worthwhile... and pride. The hometown theme is friendly and the editorials give us solidarity.

Being sensitive to the needs of a community, definitely has to encourage advertisers.

### Answer to Legislature

To the Editor:

The petitions have been spread about establishing an expanded County Legislature. At issue is better representation.

Why? Those that advocate this change feel that this would be a possible solution to the Republican control of Nassau County government. The presumptions is that with these added representatives we'll possibly have more Democratic elected legislators.

This also infers that there is some Democratic organization with popular candidates. I don't see this. On the local level, I have seen either no district leadership or a constant flux of temporary interest. Even in the local polling place, Democratic Party people have had to be obtained from adjoining countries.

Candidates for local positions, on the Democratic line, have in many instances not even aroused familiarity. The Democratic county leaders have been ready to accept positions of appointment in areas such as Comm. of Elections; or they decided to return their efforts to their more lucrative private practices.

We know there are many issues to address but I do not see the Democratic Party consistently taking up the gauntlet. We know it is very hard to buck an entrenched Republican leadership. But sacrifice and dedication are needed—but do not seem to be forthcoming.

On the other hand, the majority of the electorate seems to appreciate the dominant Republican candidates. Mr. Mondello has stated his sincere appreciation and desire for County service. Mr. Gulotta has stated his desire to make tax cutting a priority in his new administration. Certainly with the efforts of these two prominent powerful and dedicated men, we will see continued interest and fair direction for all county residents.

Their direction in housing, water and waste control, and proper fiscal management in our varied services will continue to reflect the desires of those interested enough to vote them into power.

Power corrupts some say. I say power produces. Diversity must be developed within the structure. Expanding positions only create more costs to taxpayers.

If the Democrats are really interested in effecting change, show more leadership, dedication and sincere effort with the issues and greater effort in organizing the electorate.

### Milt Levitt Goes To Super Bowl

Lucky, lucky, lucky **Milton Levitt**. He was one of the lucky Giant season ticket holders who won two seats for the Super Bowl. His son **Ben** flew from Maryland and joined Milt and his wife, **Susan** in California. Milton told Howard he would give Susan \$25.00 to shop on Rodeo Drive while they went to the game. Howard claimed Sue is such a great lady that the least he should give her was \$35.00. Milt settled for \$30 and said Howard should chip in the other five.

The St. Paul's School community offers congratulations to this scholar from Hicksville.

It is very difficult to gain election to the St. Paul's School Honor Roll; it is based not on an average, but instead, every grade must be above a certain number.

## "A Day of Love"

By HOWARD W. DARLING

Valentine's Day will soon be here  
A time to remember those we hold dear.  
It doesn't have to be a sweetheart or wife  
But for all those we love, each day of our life  
A day to recall some kind word spoken  
Or a favor done, even though a token  
It's a day to give a friendly smile—  
To someone lonely and facing some trial.  
It's a time to visit some dear sick friend,  
And to do for them what ere you can.  
So on Valentine's Day, give your love to all  
And you'll feel great for standing tall.  
But above all else, whatever you do—  
Thank God above for his LOVE for you.

Happy Valentine's Day

## Winter's Night

The night is clear and windy cold,  
The stars like jewels gleam,  
The leafless branches in rhythm sway  
Like dancers in a dream.

I scan the vastness of the sky,  
It's grandeur overwhelms me,  
How great the power from above,  
How small we mortals be.  
—Lydia Sarli Duffy

## One Historical Question Answered

When the *Hicksville Illustrated* News published the 1888 Map of the Village of Hicksville, an academy was identified on the corner of Nicholai Street and Broadway. Research has established a more definitive description. It was the:

**Hicksville Academy For The Advancement of Science and Art** established in 1868 and was located on the northwest corner of Nicholai Street. Henry Bussmann, well educated man of talent, was the founder and director of the school. Both German and French were taught. Pupils from all over Long Island, (even as far as Greenport) came to this day and boarding school. The building is now located on Old Country Road, east of Broadway.

Mr. Bussmann's son became an architect and designed the fire house.

## News From The Galileo Lodge

**JOE GIORDANO'S MESSAGE:** 'Our purpose in life is simply to help on the purpose of the universe.'

—George Bernard Shaw

If you have achieved success, and if it has been a part of your life, then you cannot settle for anything less because there such a thing as being success-orientated. Individuals as well as organizations fall into this category. Well, the Galileo Lodge, as an organization, does on success. Needless to mention here that the Galileo Lodge is certainly accustomed to presenting successful affairs and activities, so once again it announces that a St. Valentine's Day Dance will be held in early February. Tickets will sell at \$14.00 per person, and in the offering will be a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups and music for your listening and dancing pleasure.

St. Valentine's Day is very special to the Galileo Lodge because it is associated with love and romance, and it would like to see its members, friends and patrons enjoy themselves in a beautiful and charming atmosphere of love. So why not attend this dance with your loved ones and make this St. Valentine's Day a very special occasion for all of you. Please note that a "bring-your-own-liquor-policy" will be in effect that night, and that in next week's column we will announce the committee people for this special dance.

Now that the new year of 1987 is starting to settle in, it's time for the nominations of new officers of the Galileo Lodge. This is a yearly activity at our Lodge and a very important one, of course. The Nominating Committee, under the direction of Dom, Valente, has been laboring earnestly in its desire to present the best slate of officers possible to the membership on Thursday, the 15th of January. There's an old saying to the effect that a general is only as good as his soldiers, well, if we use that analogy here, it goes without saying that an organization can only be as good as its members. This new slate of officers are chosen for obvious reasons, loyalty and devotion among them, and for their desire to guide the destiny of the Galileo Lodge in 1987, thru 'thick and thin' and thru all kinds of adversities. Officers can either 'make' or 'break' an organization, but the Galileo Lodge, in this respect, has been quite lucky. Also, for the new officers, it's a matter of time and effort, and these two requisites represent what an officer is or is not.

## Hicksville Library Notes

The Hicksville Public Library will present the play "Talley's Folly" on Sunday, Feb. 1, at 3 p.m. Performed by the Other Vic Theatre Company.

"Talley's Folly" was the winner of both the Pulitzer Prize and the New York Drama Critics Circle Award for the 1980 season.

This joyous, touching and beautifully written romance deals with the courtship of the young Sally Talley and her Jewish suitor, Matt Friedman. The scene is set in a boar house, a folly, on the Talley place in Lebanon, Missouri; the time 1944. Matt Friedman, an accountant from St. Louis, has arrived to plead his love to Sally Talley, the susceptible, but uncertain daughter of the family. Bookish, erudite, totally honest and delightfully funny, Matt refuses to accept Sally's rebuffs, her fears that her family, and his, would never approve of their marriage. Charming and indomitable, he gradually overcomes her defenses, telling his innermost secrets to his loved one and in return, learning hers as well. Gradually he awakens Sally to the possibilities of a life together until, in the final, touching moments of the play, it is clear that they are two kindred spirits who have truly found each other... two "lame ducks" hwo, in their union, will find a wholeness rare in human relationships.

At the Hicksville Public Library on Tues., Feb. 3, at 8 p.m. Harold M. Langs, M.D. will lecture on pain, "Tell Me Where It Hurts." He will address: what pain is, and how individuals experience pain; thresholds of pain; the use of various treatment modalities available today, such as biofeedback, acupuncture, kinesiology, nerve blocks, trigger point therapy, etc.; and how to choose a physician who can help.

The Hicksville Public Library will present the film "The Gods Must Be Crazy" on Fri., Feb. 6, at 8 p.m.

South African director Jaime Uys's witty comedy is the surprise, foreign box-office hit of summer 1984. *The Gods Must Be Crazy* opens as a documentary about a tribe of peaceful Bushmen living in the Kalahari Desert. When a careless pilot drops an empty Coke bottle into their midst, the Bushmen assume it is a gift from the gods. The bottle soon becomes a source of conflict and envy, and the tribe's leader travels to "civilization" to return it. Uys's unpretentious treasure about a clash of cultures has broken box-office records all over Europe, South America, and Japan! Rated PG.

This program is free and all are welcome.

SKATING EQUIPMENT  
By Jesse Halpern

There never was a question as to what type of skate to use for speed skating. Neither was there ever a question as to the best type of skate for playing hockey. But as far as the novice skater, interested in mild exercise and a form of relaxation, is concerned, the type of skate it offers a problem. Also, how and where to buy them are problems. The unfortunate truth is that most people are poorly advised and consequently buy the wrong skate.

The skates generally bought in sporting goods stores and department stores are toys or little more than toys and could not hold the ankle of either the novice or the expert skater. The exceptions to the general rule are very rare. Instead, the place to buy skates is only at the specialty skate shop.

Professional skaters, both performers and instructors, advise figure skates as the best type of skates for many sound reasons. The figure boot is a higher boot and distributes the necessary support over a larger area than any of the other boots. The skate itself is stiffer and supports the ankle better than any other boot. The blades on a correct pair of skates are correctly attached to both heels and soles to the average weight skater.

If the ankle bends, it means that the weight area of the foot is all on one side or the other. This will cause weight to be unevenly distributed and the skater's weight center will be off. The figure skates are the most maneuverable skate. The correct heel center of the high boot, the movable blade, all help make the figure skater the easiest skater to skate.

It is more important to have a good, well-fitted boot than an expensive blade. At the Jesse Halpern Skate Shops, we don't hesitate to recommend an expensive boot with the least expensive blade. The boot is that much more important. There is an advantage in better blades, but it is small as compared with the advantage in better boots.

Rental skates can't possibly give much satisfaction because every one who wears them steps on them in another place and after a while the skates have no more support than a paper bag. The same can be said about second hand skates. Leather stretchers and soles take on the shape of the feet when there is only one wearer. It is more important to have a good, well-fitted boot than an expensive blade. At the Jesse Halpern Skate Shops, we don't hesitate to recommend an expensive boot with the least expensive blade. The boot is that much more important. There is an advantage in better blades, but it is small as compared with the advantage in better boots.

I must take the time to write and congratulate the publishers, editors, and staff of the Hicksville Illustrated News. It is indeed a newsy and refreshing addition to the Hicksville area. Your many stimulating and nostalgic features on Hicksville of the past renewed many memories of the past and memories of this once beautiful hub of Long Island.

## Observations of a Hicksville Resident

Over 34 years ago, at the suggestion of a friend, I first set foot in Hicksville. It was a beautiful day in May and as my husband and I drove down Newbridge Road, (between the railroad and Old Country Road), on observing the neatly kept two lane street with tall sturdy trees overhanging on each side, I remarked of the resemblance to my own home town in Forty Fort, Pennsylvania.

For those who never heard of Forty Fort, may I say that it is a small suburban area approximately eight miles from Wilkes-Barre, bordering on the mostly sleepy Susquehanna River. This area has much history in its background—the "Yonking Massacre." During the many Indian insurrections, Forty inhabitants of the community built a fort and defended it against Indian assaults, hence, the name Forty Fort. It had many amenities such as an excellent school system, churches of all denominations, excellent sports programs, many (and varied) youth activities and as such was an ideal place to raise a family. And so it was, that comparing Hicksville of 34 years ago with this area of my youth, we decided that Hicksville was the place to rear our family.

Although the Hicksville of 35 years ago was alive and bristling with the erection of homes on what was formerly farm land, it managed to retain its quaint small town main street. Broadway, from Old Country Road to the railroad, was lined on both sides with quaint little stores of all varieties, where most of your shopping needs could be satisfied. It was a well kept area where you could fulfill all of your needs within a walking distance and be very proud of its appearance.

Progress is a word we must reckon with and accept. So it is that progress started to change the appearance of Hicksville over 20 years ago. The State decided that Broadway (or Route 107) must be widened so that traffic could flow easily through the hamlet of Hicksville into outlying highways. To facilitate this the structures on the west side were demolished and the road (as you now see it) was built.

This was the beginning of the intolerable conditions which exist today, caused chiefly by returning undersized parcels on the west side to the original owners. With planning, these parcels could have been acquired by the town from the State and then developed as a park setting or a well planned attractive development. Through the years several plans have been advised for this area, but all have fallen on deaf ears. Unfortunately, this area has degenerated year after year until today it is a blot—not only on Hicksville—but the entire town.

The authorities have refused to take positive actions.

The time has come for the residents to insist that the necessary procedure be taken by the town authorities for an alleviation of this area's blight. One-time attempts are not sufficient, for it must be an ongoing day-to-day surveillance. The illegal use of these properties must be stopped. We must insist that this area and other areas in Hicksville must be cleaned up and kept that way. I am sure that the "Hicksville Illustrated News" will be a key force in accomplishing this end.

On a happier note—may I say that we have enjoyed our 34 years here in Hicksville and as proof positive our children have shared our happiness and comfort and ultimately have bought lovely homes of their own and are raising their families here too.

—Dot Gallahue

## Prospectives From Other Villages

Many water districts on Long Island are not knuckling down, with a ring through their nose, to every edict from the high priced, personnel-bloated New York State Department of Environmental Conservation.

While steps to protect the environment are assuredly needed, job making alarmist actions, which strangle the economy unnecessarily, are coming under scrutiny.

State Senator Michael J. Tully, Jr. (R-Roslyn Heights) announced that the Nassau County Board of Supervisors examine the broad implications of the water use restrictions being imposed in Nassau County.

In September, 1986, the New York State Department of Environmental Conservation issued a list of specific groundwater withdrawal limitations for Nassau County water suppliers. These restrictions, which will place ceilings on how much water can be pumped, are designed to lower consumption over the next 25 years and relieve stressed aquifer conditions on Long Island, according to DEC. However, the limitations may have broad reaching effects on residents and the economy including building moratoriums, and a shortage of housing and jobs. Senator Tully chairs the Senate Majority Task Force on Suburbs in Transition.

Bayville's temporary building moratorium was lifted on Friday, Jan. 16, 1987, and building permits will again be considered. The moratorium, which went into effect after the Board meeting of Nov. 3, 1986, was the result of the Department of Environmental Conservation's (DEC) imposed water cap on all Nassau County water suppliers.

Five conservation measures to the Board by H & M, Dennis Kelleher, Engineering Advisors, were adopted by the Board.

Garden City Village Policy Statement on Water Supply:

1. The Village Board of Trustees supports both immediate action to protect Long Island's ground water and future actions which will increase recharge to the aquifer system.

2. The Village Board of Trustees is opposed to the present system of water caps because as developed they would put the Village in violation of the law. The manner in which the caps were formulated, by mathematics rather than sound scientific and engineering methods, makes the caps unrealistic.

3. The Village Board of Trustees supports conservation efforts but is opposed to water rationing which would be required under the present system of DEC caps. The Village will continue to work in conjunction with the Long Island Water Conference to develop a water conservation program on both a regional and local basis.

Commack residents oppose change of address by postal officials who are about to redraw district boundaries, necessitating a change of town and zip code for 31 residences on Larkfield and Burr Roads.

The affected residents, however, are in strong opposition to the proposed plan. In a petition sent to local newspapers, politicians, and the Postmaster General in Washington, D.C., 18 long-time residents whose mailing addresses would be changed from Commack to East Northport expressed the desire to maintain their Commack addresses.

"It would be unfair after so many years to ask us to change our mailing address," reads the petition.

Several of the residents have had families living in the town of Commack for over 50 years. They say they "are proud that Commack is their home and also the home of their ancestry."

The change is slated to go into effect notwithstanding the opposition.

There is a strong feeling that the post office is autocratic in its insensitive approach to the historical heritage of the people.

The Westbury Village Board of Trustees voted last Thursday to authorize payments to five businesses in the village for past tax overpayments.

The settlements were arranged through negotiations with the attorney for the businesses, said village attorney Jerome Matedero. The suits were filed last year after the businesses received refunds for overpayments from the Nassau County Assessor's office. The commercial property owners maintained that since the village used the county tax rolls, it should also reimburse them.

Many Boards of Education are informing parents that daily and overnight trips sponsored by private tour operators are often advertised to high school students. Such trips are not sponsored by the public schools and the district assumes no responsibility.

With the ski season and February school recess upon us, parents are advised to be clear regarding the sponsorship of trips. Unless parents receive official notice and sign permission slips from the school for a trip—the trip is not school sponsored.

Hicksville District experienced considerable flack last summer when, using their own funds, the cheerleading squad went to a training camp in Pennsylvania. They were so disenchanted that they called their parents to come home after one day.

The parents were misadvised that it was a district function. It was not. However, school officials set in motion a pick up mission by private sources which eventually was not needed.

The old guard passes:

Snouders Drug Store in Oyster Bay has been sold.

Local residents have been delighted to hear that partners Frank Genovese and Eugene King are the new owners of Snouders Drug Store, on South and East Main Streets, and that their intentions are honorable.

They are committed to preserving the integrity of the historic Oyster Bay landmark. (The designation has been approved by the Oyster Bay Landmarks Commission, but the Town Board will have a hearing on Feb. 13 before it will become official).

There had been considerable concern expressed by the community at the possibility of the property going into the hands of someone who might not appreciate the historic value of the building to the community.

Jessica Kraft has called it "an absolutely key building in Oyster Bay."

MOORE AND ESTEVEZ

### WISDOM

This yuppie version of "Bonnie and Clyde" features Emilio Estevez and Demi Moore as a bright, middle-class twosome who travels about the Western United States robbing banks. The story initially plays for laughs by presenting these unlikely criminals as do-gooders who primarily destroy mortgage records in benefit the financially-strapped public. But the film eventually becomes too predictable and relies on familiar car-chase-gimmicks and bloody shoot-outs to keep interest afloat. (R)

SISSY SPACEK

### CRIMES OF THE HEART

Diane Keaton, Jessica Lange and Sissy Spacek knock themselves out in this distorted screen version of Beth Henley's Pulitzer Prize-winning play. But the film never comes into clear focus despite the earnest efforts of these powerhouse actresses. The story involves the comic yet tragic events in the lives of the eccentric sisters from an equally oddball Southern family. The movie unfolds in the manner of a shallow send-up of a Tennessee Williams drama. (PG-13)

### NATIVE SON

Richard Wright's controversial 1940 novel about impoverished blacks is somewhat shortchanged by this screen treatment made on a modest budget. The story's hero, a young black Chicagoan who accidentally kills a wealthy white woman, is inadequately defined in terms of Wright's interpretation of black anger and frustration. However, some portions of the Depression era is impressively captured. With Carroll Baker, Matt Dillon, Elizabeth McGovern, Geraldine Page, Victor Love and Oprah Winfrey. (PG)

### CLASS OF NUKE 'EM HIGH

This low-budget exploitation horror-comedy treads the same territory as "Toxic Avenger," both from the same producer, Troma Inc. A leaky nuclear power plant has polluted the high school water supply which brings out the worst behavior of some students. The usual portions of disgusting special effects are featured among the boring plot stretches and atrocious dialogue. Janelle Brady and Gilbert Brenton head the cast of forgettable players. (R)

## At the Library

At the Hicksville Public Library on Tuesday, February 3, 1987 at 8 PM Harold M. Langs, M.D. will lecture on pain. "Tell Me Where It Hurts." He will address: what pain is, and how individuals experience pain; thresholds of pain; the use of various treatment modalities available today, such as biofeedback, acupuncture, kinesiology, nerve blocks, trigger point therapy, etc. and how to choose a physician who can help.

Dr. Langs believes that very few pain cases are psychosomatic, that very few require neurosurgery and he tries to get at the cause of the pain without having to use palliative medications.

The Hicksville Public Library will present the play "Talley's Folly" on Sunday, February 1, 1987 at 3 PM. Performed by the Other Vic Theatre Company.

Talley's Folly was the winner of both the Pulitzer Prize and the New York Drama Critics Circle Award for the 1980 season.

Co-Sponsored by the Hicksville Public Library and the Nassau County Arts Decentralization Consortium with public funds from New York State Council on the Arts Decentralization Program.

This program is free and all are welcome.

## Use Permit Granted

### Subject To 20 Restrictive Covenants

Oyster Bay Town Councilman John Venditto announced that the Town Board has granted a special use permit application in Hicksville.

"The applicants, McDonald's Corporation and Paumanock Development Corporation, were seeking a special use permit to erect a restaurant with a drive-thru window in an 'H' industrial district," Venditto noted.

The property is located on the east side of Broadway (Route 107), south of Louis (First Street) in Hicksville.

In approving the special use permit the Town Board imposed twenty (20) restrictive covenants, including a requirement that the subject premises be continually policed and maintained so as to be free of all papers, trash, debris or other discarded materials and that litter baskets be installed and emptied whenever necessary. That signage and lane designations be properly installed so that traffic flow is readily apparent to motorists and pedestrians and that stop signs shall be installed at all points of egress. Venditto noted that the road sign will be limited in size to 32 square feet and cannot exceed 12 in height.

"No building permits or certificate of occupancy will be issued," Venditto stated, "until a 'site plan' has been submitted and approved by the Town Board."

### A Letter from Lulabelle...

...I call them the "doctors' dragons" and I suppose the doctors really need to have them...but have you noticed how your very nice, informal, friendly, smiling doctor is guarded at the "gate" by a fire-eating dragon of a nurse whose main function seems to be to scare you into going away and not bothering "doctor"—which is what she calls him, in a most precious way...Now I know you are going to write back to me and tell me how insulted you are because you are a darling, kindly, lovely doctor's nurse and you never scare children or even grown ups...and, of course, there are lots of your kind, I'm sure...but the others do exist...The doctor tells you, "Now take this prescription medicine for three days and then call me because I want to know how you are reacting to it". That sounds fine...After three days, you call back and the "dragon" answers..."Doctor" is very busy and can't come to the phone...Now, that's to be expected, so you say, "Just tell him I called and ask him to call me when he's free"...does that sound simple—guess again!...The "dragon" will insist that you leave the message with her, because "doctor" will be too busy for the next four days to call you back, and don't insist that he told you to call, because she thinks you made that up...Now, to be fair, the doctors are harassed and tired and they probably need a "dragon" to protect them from the nagging patients—and it does take the pressure off them because we can go on thinking "doctor" is wonderful and it's just the "dragon" who is keeping him from helping us and answering our questions...I think I must apologize in advance to all doctors' "dragons"—and urge them to give a thought—"Was I a 'dragon' today?"

Yours, Lulabelle

ROSE FARBER OF THE NASSAU MINERAL CLUB assists Willet Avenue students Taryn Donovan, Lori DiRiso and Ellen Michalos at the Library's Jewelry making workshop.

IN HER JEWELRY MAKING workshop at the Hicksville Library, Mike Todd of the Nassau Mineral Club, demonstrates techniques of silver wire wrapping.

MICHELE EGER, ONE OF THE Gregory Museum's interns from Hicksville Jr. High, is always an enthusiastic helper at the Saturday workshops.

## Jewelry Workshops At Gregory Museum and Hicksville Library

Among the most successful of the recent series of Saturday workshops conducted by the Hicksville Gregory Museum were the Jewelry making sessions for both teenagers and young students. The two part teen workshops were held at the Hicksville Public Library and were instructed by Mike

Todd of the Nassau Mineral Club, assisted by Rose Farber and Andre Jolicoeur. Students learned the technique of silver wire wrapping and in just two sessions created beautiful rings and pendants.

Meanwhile, at the Museum, Mr. Richard Schuler, a Member

of the Museum's Board of Advisors as well as the Nassau Mineral Club, provided a busy and fascinating afternoon for the younger children. He was aided by his wife, Marilyn, and Michele Eger from Hicksville Junior High, who is serving as an intern at the Museum.

ON JANUARY 11, St. Ignatius parish extended a warm welcome to all at their monthly Unity Sunday. All are invited for coffee, cake and conversation from 9:30 to 12. The sharing all shows that we are "one family in Christ." The next Unity Sunday date will be Feb. 8. Pictured: Father Costa, Mary Berger and Marty Klein awaiting the arrival of many parishioners with some nice hot coffee.

## United Presbyterian Training

January 5, 1987 marked the first day of a new Geriatric Nurse Assistant training program to be instituted on the Woodbury campus under the direction of Mrs. Carole Proce, R.N., Assistant Director of Nursing, and the New York State Department of Education (B.O.C.E.S.).

The project, made available through a grant from the New York State Education Department, provides a full scholarship to interested and qualified candidate students desiring to work in the field of aging care.

Four sessions are scheduled with classroom and clinical studies taking place in the skilled nursing and health related facilities. Seven students are being accommodated in this session. Ten students will be accepted for each of the next three classes. Upon completion of 120 hours of study and practical guided nursing experience, the graduating Nurse Assistants will receive a Certificate of Completion from the Administration and B.O.C.E.S. This recognition will be followed by availability of employment within the Woodbury facility.

## Irish Cultural Society Essay Contest

The Irish Cultural Society of Garden City area will hold its 3rd Annual Essay Contest open to all students attending high schools in Nassau County, public, private, or parochial. In 1986, \$1000 in prize money was shared by students from Syosset H.S., Sacred Heart Academy, St. Agnes H.S. and Great Neck South H.S.. The number of students who will receive cash prizes this year has been increased from four to eight.

The topic for this year's contest is "A Contemporary Irish Musical Artist". Artists from any form of musical expression are open to selection, such as classical, folk or rock artists. Thin Lizzy, the Boomtown Rats, Frank Patterson, Horslips, James Galway, the Chieftans, Chris de Burgh, U2, Van Morrison, Rory Gallagher, In Tua Nua, and the Clancy Brothers are some of the many Irish artists the contestant can select.

The Society has a dual purpose in sponsor-

ing an essay contest - to encourage excellence in writing and to promote awareness of Ireland's cultural heritage. This year's topic is tied to the interest young adults have in music. It should appeal to the students who love the clarity of the classical flute playing of James Galway and to those who turn up the volume when U2 is announced. The students are asked to study the work of a contemporary Irish musical artist or group and to discover why the artist has achieved acclaim in the field of music.

The supervisors of English departments in every high school in Nassau County have received invitations with a data sheet containing the contest rules and list of useful sources.

Contestants are advised that the best sources are the albums of the artists. The July-August 1985 issue of "Ireland of the Welcomes" contains an article on rock groups. Researchers may find helpful material

in biographies and critical reviews of albums in these sources: Current Biography; Readers Guide; Who's Who in Rock Music; New York Times Index; and Magazine Index.

The essay must be between 500 and 750 words, typed double spaced with a cover sheet (no plastic cover) containing the writer's name, address, phone, school name and address and the sponsoring teacher's name. First prize is \$250; 2nd prize is \$200, 3rd prize is \$150;

two 4th prizes \$125 each; 3 commendations \$50 each. Entries are to be sent to The Irish Cultural Society, PO Box 247, Garden City, NY 11530. Deadline - March 17, 1987.

ELIGIBILITY: All Students in Nassau County in grades 9 through 12. To paraphrase a well known bread ad - "you don't have to be Irish". Interested students are advised to check with their English teacher for further details on entering the contest.

**HAIR GROOMING NEWS:** When does a fashion trend stop being a trend? When it becomes a fashion classic. Take the "wet" look in men's hair for instance. It started as a fad. But Aramis anticipated the trend when it introduced MALPLEX natural hair gel - pounced on by the pace-setters who loved its versatility as well as the shine it gave their hair. As the "wet" look became more popular, MALPLEX became more successful, adopted as an essential groomer by business men, young executives and women too who discovered its unique styling powers. And that's how a trend became a classic.

# House Calls

By EDITH LANK

### Equity Loan and Lien

Dear Edith: If you fall behind on an equity loan, can they put a lien on your house?

Ms. V.S.

An equity loan is a lien. When you take it out, you pledge your real estate for security, and give the lender a financial claim against the property. If you fall behind, the equity loan can be foreclosed, just like any other mortgage.

### Documents After Burglary

Dear Edith: Our home was burglarized and all important documents were stolen. We have nothing concerning the purchase of our home. What should we do to replace these documents? What should we have in our possession concerning our mortgage?

Mrs. K.C.

The real estate broker who sold you the house can furnish a copy of your purchase contract. The settlement agent who handled your closing would have a copy of the closing statement. The deed and mortgage should be in the public records at the county clerk's office, and you can get copies, if you are nervous without them. You don't absolutely need them in your possession, though.

### Brother Never Claimed Exclusion

Dear Edith: We are in the process of selling a house that belonged to my husband's brother, who died. Since the deceased was 65 at the time of his death, may we claim the one-time \$125,000 tax-free profit for him?

Mrs. R.S.B.

The special tax exemption (for anyone over 55 selling a long-time principal residence) is not available to an estate. Check with your lawyer, though, if your brother died recently, there probably won't be much taxable profit on the sale.

### How Much To Borrow

Dear Edith: I am a single man in my

late 20's and hold a secure job, earning \$25,000. I have saved \$50,000 through the years. I am buying my parents' home next summer. It is worth \$90,000 but I am paying \$70,000.

My question is, how much to put down and how much to borrow. I have been told it is wise to use the bank's money and invest my own elsewhere, but I feel at my income I would be uncomfortable with a \$70,000 mortgage.

Mr. D.D.

So would a lending institution, and they won't give such a loan. You don't say whether you have any other debts beside the proposed mortgage, and I don't know how much property taxes will run. I can't, therefore, give you an exact figure on how much mortgage you can afford to pay. To find out how much a bank will let you borrow, call a mortgage loan department and ask for help. A counselor may give you some idea over the phone, or suggest you come in for an interview.

Lender's guidelines are the limiting factor on how much you should or can borrow.

### Getting Rid Of Son-In-Law

Dear Edith: I am 69 years old. My daughter and I bought a two-family building together. Her husband did not live with her at the time. A few years later he came back. He told her he was not happy there because he had no part in the house.

So to make both of them happy, I put his name on the house. He moved out. Now he wants a divorce. What can I do to get his name off the house?

Mrs. K.L.

I'm not sure you can do anything. Can you take back a gift? Your first step, in any event, is to talk with a lawyer.

## Wilson, Matthew Share Top Honors

Point guard GORDON WILSON hit six key free throws in St. Mary's 48-45 win at Chaminade and junior forward MARCUS MATTHEW tallied 49 points in two league games. These two fine players were selected to split the honor of NSCHSAA "Player of the Week" for the time covering January 12-18, 1987. The coaches voted for Matthew, brother of former St. Agnes standout Audie Matthew, on the strength of his 28 points against St. Agnes and 21 points against Chaminade. His 28 point game is the league high this year and the junior from East Massapequa is the league's leading scorer. Wilson was selected by the coaches mainly as a result of his standout play against Chaminade. He scored 14 points, including six of seven free throws in the fourth quarter to seal the Gael's victory.

EARNING HONORABLE MENTION THIS WEEK ARE Chaminade point guard MANNY RECARAY who made the winning shot in his team's 51-50 victory on the road at St. John's. DWAYNE HOLLEY and JAMAAL JOHNSON led Holy Trinity to a 2-0 week by having outstanding games. Johnson had 14 points in both games while Holley exploded for 23 in the Titans' decision over St. Mary's.

NEWSLETTER EDITOR EATS HIS WORDS as the league, with the exception of St. Agnes, seems to be more closely bunched than was thought. Chaminade is an experienced, talented team, yet St. Mary's upended them at home 48-45 and Chaminade escaped

with their lives on a last second shot over St. John's 51-50. In addition, St. Mary's played an 11 point game at Holy Trinity and St. Dominic's had realistic upset chances in the last two minutes St. Anthony's before dropping an eight point decision.

St. Agnes faces its first real league test after roaring through their first three league games by an average margin of 44 points. In the next ten days, they get to play Chaminade, on the road, in the always tough afternoon time slot. On Friday, they get Holy Trinity at home and then face defending NSCHSAA Champ St. Anthony's at home next Tuesday. So it should be known very soon whether the Stags are the super team it certainly appears they are or a team that the other good teams in the league can play with.

On Friday, Chaminade takes St. Anthony's on at home. They are probably the only team in the league that is sorry to see Tom Greis leave the Friars. Before Greis played against Chaminade, St. Anthony's had never lost in Mineola, but the Flyers came out with victories in the past two years including last year's last second 25-foot buzzer beater by Sean Lapham.

Long Island's No. 1 team, as voted by the Hofstra Cup panel last week, St. Agnes, travelled to Camden, New Jersey to take on what the best of South Jersey had to offer in H.S. basketball. As it turns out, the Stags split two games, winning Saturday against Camden Catholic (87-54) and losing a tough game to Camden H.S. 77-76. In the Camden game, the home-town referees fouled out all five Stag starters as Camden recovered from a sixteen point, fourth quarter deficit.

## Nassau Sports Review

By JACK WHITE

Super Bowl XXI is history and the Giants have won it. I know I should be happy, maybe even ecstatic. Somehow, though, I was Super-Bowled-Over before the game even began. Never has an event been so hyped. World War II began with less fanfare.

For two weeks the sports pages covered every aspect of the teams, players, player's wives, friends of the players. We read about how Denver was reacting, how New York was reacting, how much money Pasadena would make. I now know that the Rose Bowl Stadium was built in 1923 and enlarged in 1950. I will carry those vital facts with me for years. The media was represented by 2,278 people at Super Bowl XXI. After the first week virtually all of them had run out of new things to write. TV camera crews were everywhere. One station interviewed one of my high school classmates who had moved to California years ago. It was the most interesting thing I watched all week.

Channel 2 anchorwoman Michelle Marsh was sent to California a week before the game to report the "story". No one satisfies my thirst for news like Michelle. Since she came to New York I know more about current events than any of my friends. After a week of Super Bowl reports from poolside, dockside, oceanside and Disneyland, I even stopped watching Michelle. That was shortly after her exclusive interview with Mickey Mouse. Honest, I taped it.

Although gambling is not legal, we read point spreads daily. I picking a winner wasn't interesting enough you could bet what is called "over-under", trying to guess if the game would be high or low scoring. Professionals were actually handling wagers on who would score first, punt first, make the initial first down. Half of the people who cheered the coin toss had bet heads.

Sponsors paid \$600,000 for each thirty second commercial on Super Bowl XXI. C.B.S. sold all available time. 101,000 fans jammed the stadium while another hundred million watched at home or in one of the many bars and restaurants who doubled their prices to celebrate the occasion.

I really am happy for Bill Parcells, a good guy, and for all the other good guys who suffered with the Giants in the bad old days. But please, Pete Rozelle, may I offer one suggestion? Move Super

Bowl XXII up a week to the Sunday following the Conference Championships. Eliminate that extra week of Super Hype. That way, Martin Luther King Day, a national holiday, would follow Super Sunday.

I sounds like a simple solution. I'd write to Pete myself but I'll be busy replaying my Michelle Marsh—Mickey Mouse tape.

This year's event will be held February 27 and 28 at Shoreham-Wading River High School; March 6 and 7 at Brentwood Spondering High School; and March 27-29 at Island Trees High School in Levittown.

EVERYONE is invited to participate, whether you're a highly skilled team or strictly a beginner. All teams are matched according to their playing ability and will be scheduled to play three games within a two-hour time period. The team winning the most games within each two-hour period will be awarded a special team trophy.

All you need to join is a minimum team entry fee which can be raised by collecting donations from sponsors. Each participant will receive a special Volleyball Invitational memento, and by raising additional money, may also receive Volleyball Invitational t-shirts, steins, sweatshirts and more. All funds generated from the Invitational will help the Easter Seal Society continue programs and services they provide for children and adults with disabilities. On Long Island, these programs include residential camping, post-polio and stroke support groups, equipment loan and L.E.A.P., a mainstreamed summer leisure and recreation program.

So sign up your team TODAY - we promise you'll have a "smashing" time and, best of all, you'll be helping people with disabilities. For more information and to register, please call the Long Island Easter Seal Society at (516) 421-2200.

## Hicksville Triumphs in Sudden Death Island Trees Soccer Tournery Victory in Seconds O.T.

By A. BLICKER

The Hicksville Shamrocks 1974 traveling soccer team entered two teams, morning and afternoon, in the Sue Link Memorial Island Trees Indoor Tournament. The morning team did not place. The afternoon team earned second place trophies, losing the championship game on a penalty shot, with 20 seconds to go, in the second, sudden death overtime period 1-0.

The Shamrocks, led by the sensational play of goalie Ed Jacobson and full backs Chuck Oliver, Christian Friedrich and Chris Koetter, were at their defensive best throughout the Tournament. The first game was a 0-0 tie with the Manhattan Kickers. The second game was a 2-0 white-washing over the Massapequa Marvels, on goals by the ever-hustling Brian Harkins and Matthew Pordum, off to assists from striker Eric Blicher. The shutout string continued with a 2-0 victory over Oceanside, on goals by Blicher and Pordum, each picking up an assist on the other's goal. The fourth game was another 0-0 tie, with the Massapequa Mac/Blue. The fifth game was a 1-0 loss to the Massapequa Mac/Red, leaving the Shamrocks in third place at the end of the preliminary round.

Island Trees, who had been undefeated in the prelims, lost the first playoff game 1-0, to eventual Tournament victor, East Islip. The Shamrocks then defeated Massapequa Mac/Red 3-1 on two goals by Eric Blicher and one by Matthew Pordum. The finale was a defensive masterpiece, as both goalies made numerous unbelievable saves, through two nine-minute periods, and two five-minute sudden death overtimes, with the penalty shot at the 4:40 mark deciding the game, 1-0 in favor of East Islip.

Congratulations to the Hicksville Shamrocks: wings Eric Blicher, Matthew Pordum, Brian Harkins and Junior Tomlinson; fullbacks Chris Koetter, Chuck Oliver and Christian Friedrich; goalie Ed Jacobson and Gregg Groosso, who lent his moral support from the bench while recovering from a broken leg. Special congratulations to coach Herb Pordum for his support, experience and strategy responsible for outstanding play at this Tournament.

### St. Ignatius CYO

By NANCY CASSANO

Top news of the week is that persistence does pay off. It has been long and hard for the Nets but last Wednesday night they exploded and their first win of the season occurred. Scoring points for the team were Tom Morillo, Ivan Anglin and Matthew Pinell. Playing good defense for the Nets were Robert and Chris Baird. Now that they have tasted a win this team is going to be a tough team to deal with out on the court.

The Tigers caged the Lions Saturday with an impressive win of 21-4. Joe Basso of the Tigers was the MVP of this game with a high score of 8 points followed by Chris Kearney and Andy Fayda with 4 points each. Marty Theis of the Lions led the attack for their team by constantly stealing the ball but the Tigers' defensemen, Sean Dorney, John Flynn and Jason Johnson, held Marty and Gary Lewis to only one basket each. Danny McGovern and Matt Bruckner of the Lions had an off day but said they are going to shape up and that they would have no love for the Tigers when they meet again on Valentine's Day.

John Anderson's 76ers were led to their 5th victory by Tom Carolan's season's high of 10 points with strong playing by Scott Anderson and Dale Gleason. The Bulls had strong playing by Rich Creswell and Tony Cassano but were unable to beat the undefeated team of the 76ers.

Due to the inclement weather we have had in the past week, CYO will have another registration date of Feb. 8 for all who were unable to attend previously. Registration will take place in the St. Ignatius old school basement located at E. Nicholai St., Hicksville, between the hours of 9 to 1. Registration fees are \$30.00 a single and \$50.00 a family. All sports offered by CYO are included in the one price.
