## PTA Founders Day Gala

The Hicksville Council of PTAs will hold its 34th annual Founders Day Dinner on February 26, at the Woodbury Country Club, Jericho Turnpike, Woodbury. The cocktail hour will start at 6:30 p.m., followed by dinner at 7:30 p.m.

This year's District Honored Guest is Mrs. Patricia Rooney, the Council's Treasurer and enthusiastic child advocate. Each PTA unit has also chosen its own honored guests for the event.

Tickets will be sold until February 13 at \$25 per person. There are only a limited number of tickets available this year, so get your's early. Absolutely no tickets will be sold at the door.

To purchase your tickets, please contact your school PTA Founders Day Chairperson or Peggy Gill, 433-8607.

As in the past, ads for the dinner journal are available. Personal booster ads (\$1.00 per line), as well as business-size ads, may be purchased. To place such an ad, please contact your school PTA unit or Peggy Theis, 681-6935, before February 2.

PTA urges you to come out to honor those persons who do so much for children. And—Enjoy a delightful evening with friends!

Mrs. Marie Agnoli and Mr. Basil (Skip) Palmieri have been chosen by the Hicksville High School PTSA as this year's honored guests at the 34th Annual Founders Day Dinner.

Marie has been active in Hicksville PTA concerns for more than 24 years. She joined and became actively involved in the Woodland Avenue PTA serving in various chairs and committees, including unit president. She continued her involvement at the Hicksville Junior High School PTSA and the Senior High School PTSA where she held various positions for the past seven years. She was the parent member for the Middle State Evaluation.

In addition to her PTA involvement, Marie, who with her husband John raised five children, is also active with the Rosary Alter Society at Our Lady of Mercy Church.

"I have enjoyed working with PTA for 24 years," says Marie. "I appreciate being honored at this year's Founders Day event!"

## A St. Patrick's Day Party

On Friday evening, March 13, the Parents' Club of Holy Trinity Diocesan High School will hold its annual "St. Patrick's Day Party" with Pat Roper and his excellent band. The evening will go from 8 p.m. to 1 a.m. with a complete corned beef or turkey dinner being served. Mixes and beer are included. Otherwise, it's a B.Y.O.B. affair. The cost of the party is \$18 per person. A raffle for Waterford crystal, a hand-made Irish afghan, and a basket of cheer will also be held. Bagpipers will perform during the course of the evening.

For further information and reservations, contact Marty Logan at 796-3103. Early reservations are advisable since the Pat Roper party at Holy Trinity is always very much in demand.

## P.R.I.D.E. Comes to Willet Avenue

OFFICER MALONEY addressing Willet Avenue Sixth Grade students at the opening session of the P.R.I.D.E. program.

On Jan. 16, Officers Maloney and Hennig of the Nassau County Police Department presented the first session of the P.R.I.D.E. Program to the Sixth Grade students of Willet Avenue School. The program is scheduled to run for nine weeks and is geared to develop increased self-respect on the part of the children. The officers will stress that drug abuse often results from a lack of self-confidence.

This program is being run in conjunction with the Alcohol Valuing Project presented by the Sixth Grade teachers at Willet Avenue School. The goal of this ten-week program is to present the problems related to the use of dangerous substances, particularly among the adolescent population.

These programs will hopefully lead to added awareness on the part of the children. This awareness, developed through the coordinated efforts of the school and community, should prevent future problems for our youngsters.

## Ladies Auxiliary 75 Years Old

The Hicksville Fire Department Ladies Auxiliary will celebrate their 75th Anniversary on Saturday evening, Feb. 7, with a party at the Masonic Hall on West Nicholas Street.

It was on Feb. 7, 1912, that Mrs. Hannah Weiss, with the help of six other ladies, organized the Ladies Auxiliary. Founding an organization in those days was indeed a trying bit of social work as transportation facilities were so poor. Despite the many handicaps encountered by these pioneers, the Ladies Auxiliary of the Hicksville Fire Department was organized with Hannah Weiss elected as its first president. Andrew Heberer, then Fire Chief, was the guest of the evening. Mrs. Weiss is often referred to as the "Mother" of the Auxiliary, and gave many years of untiring work to its welfare. She also helped in organizing the Bethpage Auxiliary, and passed away in the year 1941.

**60TH ANNIVERSARY:** Oyster Bay Town Councilman Thomas L. Clark (right) presents a citation to Loretta and Joseph Lebkuecher at a party celebrating the couple's 60th wedding anniversary. Residents of Woodbury since 1938, the Lebkuechers were married on Jan. 19, 1927, at Sacred Heart Church in Bayside, Queens. Joseph Lebkuecher was elected Justice of the Peace in 1931 and served in that capacity until 1938 when he became the first District Court Judge for the Town of Oyster Bay. He retired from the bench in 1955. Mrs. Lebkuecher has been active with the

League of Mercy Hospital since its inception and has also served as a member of many civic and community organizations. Judge Lebkuecher is a graduate of Hicksville High School. He, with the late Sam Kellner was the builder of the Newbridge Shopping Center at the intersection of Old Country Road, Hicksville. He has been a staunch advocate of the Hicksville community. It has been reported he would like to build on his property holdings on Newbridge Road and the south side of Broadway but has been thwarted by the twenty year negativism by the Oyster Bay Town Board.

## Development Of Affordable Housing Proposed By Town

"As the real estate market spirals upward the dream of many young couples raised in the Town of Oyster Bay evaporates," said Oyster Bay Supervisor Joseph Colby. "Older residents whose children are now grown are often confronted with homes too large for their present needs. If they wish to remain in Oyster Bay their options are limited to expensive condominiums with hefty mortgages."

Solving these two socio-economic problems can be accomplished through a program currently being formulated in which homeowners in the Town can buy one of the new single family homes or condominiums the Town proposes to build on a parcel of land it owns in Plainview and sell their present home to a young married couple who are either Oyster Bay residents or who have grown up in the Town.

Colby said, "Home builders who do business in the Town will tell you that the major cost in any housing construction is the price of the land. If we can offer the land to the builder we have eliminated that factor and reduced the sale price of the units. Since the Town owns a 65 acre parcel just north of the Long Island Expressway, west of Round Swamp Road, which is currently undeveloped, this would be an ideal location to build a combination of two and three bedroom single family homes and one and two bedroom condominium units."

"The new units (which would have a higher market value than many of the older homes) would be made available to Town residents who presently own their home through a lottery system. Selected homeowners would be able to purchase their new home at substan-

tially below current market value (because of the donation of land) and they, in turn, would then sell their home to a young married couple for the same price.

"As an example," explained Colby, "let us assume that a resident currently owns a home in Bethpage that is appraised at \$165,000. Allowing for land costs of \$50,000 that resident could purchase a new home or condominium unit for \$115,000. The young married couple would then buy that home from the owner for the same \$115,000. In both instances the new owners would be required to remain in their homes for five years, after which their equity would begin to accumulate."

If the young married couple's home is sold or transferred they would be required to pay back to the Town the \$50,000 they saved on the purchase price. However, they would be entitled to all equity growth over the market value as of the date of their purchase. The Plainview resident, upon the sale of his new home or condo, would receive the full sale price since he sold his original home for below market value.

Colby said that one of the benefits of this program would be the distribution of new families throughout the Town, thereby eliminating the burden on any one school district. This has been the objection of several smaller proposals in communities on eastern Long Island.

"If we expect to stem the tide of young people moving out of the area because they cannot afford to live here then we must begin to take action. This creative plan will encourage older residents to remain in the Town and will result in an influx of young families."

## Gift Of Life To Honor Danny Thomas

The Fifth Annual Gift of Life "Bridges of Friendship" Ball will be held on Saturday, February 21st at The Waldorf Astoria Hotel in New York City.

Well-known television and movie star Danny Thomas, who is also renowned for his charitable work, is to be honored with the 1987 Gift of Life International Humanitarian Award for his many years of dedication and devotion to the welfare of children suffering from leukemia and other rare blood diseases.

Making the presentation will be Incoming Rotary International President Charles C. Keller. Previous Humanitarian Award Honorees include First Lady Nancy Reagan and Jerry Lewis.

The Gift of Life program was initiated by the Rotary Club of Manhasset in 1974 and has since grown to where it is being promoted by Rotary clubs around the world. Its primary objective is to provide open-heart surgery to needy children. Well over 500 youngsters from 18 countries, including the U.S.A., have been given another lease on life through the miracle of open-heart surgery at St. Francis Hospital and 14 other participating hospitals in America and Korea.

Public is invited to attend the February 21st fundraiser and reservations may be made by calling 516-365-4875.

## Rotary Meeting of January 22

Guest Editor: Dr. Peter Rocco

### The Great Blizzard of 1987

Today's meeting was opened slightly later than usual due to the inclement weather. In spite of the snow and wind we had a good turnout of members. In addition to myself there was Joe "Shutterbug" Depaola; Bill "Whichway" Hayday; Walter "The Snowman" Hutt; Al "Hitman" Levine; Fred "Bigfoot" Meyer; Joe "The Enforcer" Muraca; Harry "The Pool Man" Peltz; Arthur "The Nose Knows" Pettorino; Michael "You'll Get Yours" Racicot; Fred "It Wasn't Me." Stanwise; and Elie "Get Him, Get Him!" Zambaka. If I missed anyone it was because I was blinded by the snow.

### Guests

We had a guest and prospective new member join us today. That was Dr. Peter Blauzvern who is a dentist practicing General Dentistry in Jericho. Dr. Blauzvern was welcomed warmly as only Rotarians can do.

### Happy Dollars

\*Fred Stanwise gave a happy dollar because six women in his office are pregnant. Other happy and unhappy dollars came from Pet Rocco, Harry Peltz, Joe Depaola, Bill Hayday, Fred Meyer, Joe Muraca, and Mike Racicot.

There was a lot of fellowship at today's meeting with many good laughs. Everyone was especially wondering how long the snow would last and if we were going to be able to get out of the Milleridge.

There were a couple of announcements though: We received a letter from the

Hicksville Interfaith Nutrition Network thanking the Hicksville-Jericho Interfaith Nutrition Network thanking the Hicksville-Jericho Rotary for supporting their program with food and funds during the holiday season. The letter stated that they are feeding about fifty people daily through their soup kitchen. Special thanks to Augie Cassella and Harry Smith for getting us involved with such a worthwhile project.

We also received a postcard from Steve's Pier 1 signed by Joe Trebitz. As you know, Joe brought in the most ads for our journal; and the club thanked him with a dinner and a show at Westbury Music Fair. Joe said they had the "works." I can't wait to give Bill Hayday the bill.

Remember there is a club assembly Feb. 12 and District Gov. Andy Tini will be at our meeting.

The next Board of Directors meeting will be Tuesday, Feb. 3, at the office of Bill Hayday. The meeting starts at 6:15 p.m.

### Today's Program

Today's program was a videotape presentation made with the help of Fred Meyer and Pete Rocco. We were able to relive the magic of the 1986 Mets through the World Series. Elie was very excited as were all the members. Fred Stanwise said something about taking the club to Shea Stadium for opening day. See you next week.

**Proposed New Member:** Dr. Peter Blauzvern, General Dentistry, 366 No. Broadway, Jericho.

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anion Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed, (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many very fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only. We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

## Social Notes and Personalities

### Happy Anniversary

Rose and Harry Youngmans 36 year residents of Hicksville just celebrated their 41st wedding anniversary with their children, Harry, Christopher and Eileen.

All their friends and neighbors want to wish them many more happy anniversaries.

### New Appointment

Congratulations to Ms. Cathleen Tietjen daughter of Joan Hubbs on her new appointment as a mail carrier for the Hicksville Post Office. Cathleen was a '69 graduate of Hicksville High School and is the mother of Kimberly (14), and Bryan (10).

### Old Timers Share Birthdays

Two over-65 year residents are sharing a birthday next Wednesday, Feb. 11th—Al Adessio and Mikey Calandrillo. Both their parents moved here from Brooklyn (where they were friends)—the Adessios settled on Bay Avenue and the Calandrillos on West Barclay Street. They have remained friends all through their lifetime and both still live in Hicksville. Mikey makes his home with him mom, Julia and sister, Fran. Mikey will be 73 and Al will be 75. Congratulations to both of you, may you have many, many more.

### St. Ignatius Holding Registration

St. Ignatius Loyola will hold registration for the Fall 1987 term from Feb. 2 to Feb. 6, from 9 a.m. to 2 p.m. They will also have Open House. For information call 931-0831.

### 60th Anniversary Party

Judge and Loretta Lebkuecher's children, Joan and Joe Jr., gave a lovely 60th Anniversary party for them at the home of Joan and Mike D'Auria on Jan. 19. Attending the gala affair were 80 friends and relatives for cocktails and dinner. The Judge and his wife have lived in Hicksville and Woodbury all their married life. He was living in Hicksville when he met her. She came to visit relatives at Larry McCaffrey's mother's farm which was located on Old Country Road (across the street from the Lebkuecher family farm). The farms were located where the Buick-Toyota Agency and the school property is now.

The Judge graduated Hicksville High School and went on to Fordham Law School. He then returned to Hicksville to practice law. They have three grandchildren: Denise D'Auria, daughter of Joan and Mike; Joseph Lebkuecher III, and Jamie Lebkuecher, sons of Barbara and Joseph Jr.

### Engagements

Mr. Philip Antonucci, of Hicksville, son of Angela and Mario Antonucci has announced his engagement to Miss Deldre Charletta of Kings Park, N.Y.

Miss Jennifer Carlisi, granddaughter of Rose and John Wenck of Hicksville has announced her engagement to Anthony Martino of Lake Ronkonkoma, N.Y.

### Happy Siblings

Sean, Patrick, and Elisabeth Block are thrilled to announce the birth of their new brother, Daniel Tyler. Daniel arrived on Jan. 16, weighing in at 7 lbs., 14 oz. All these beautiful children belong to the proud—and happy—parents, Mr. and Mrs. John Block of Hicksville.

### Thanks, Neighbor

Many thanks to Brian Schmidt for snowblowing the walks and driveways covered by last week's snowfall—from all your neighbors on North Fordham Road. We think you're wonderful!

### Patricia & Michael Engaged

Mr. and Mrs. Charles J. Cook and Mrs. Mary Murray of Hicksville are proud to announce the engagement of their children, Patricia Ann and Michael.

### Birthday Greetings

Mrs. Frances Froehlich will be celebrating her 85th birthday on Feb. 7th with her daughter, Adeline Noto, sons, Raymond and Jack and their families. Also present will be some of her sisters: Mary Moesch, Helen Hager and Josephine Neder; brothers Henry and Lawrence; her niece Elaine Krawchuk (of Bethpage, owner of Able Roofing) and other nieces and nephews. Mrs. Froehlich is one of 13 children from the marriage of Andrew and Mary Neder. The happy affair was held at her home on South Oyster Bay Road. Mrs. Froehlich grew up on the Neder Farm which was located between Broadway and South Oyster Bay Road (where the Linden Tree Restaurant is presently located). The Neder farm was back-to-back with the McGunnigle farm. Happy Birthday, Mrs. Froehlich.

### Tenth Grandchild

Jean Hughes of Hicksville just became a grandmother for the tenth time. She was so delighted when her daughter GERALYN and Michael Sullo became the happy parents of a handsome dark haired baby boy Joshua William, on Jan. 28. GERALYN and Michael are both 1983 and '82 graduates of Hicksville High School. Joshua's paternal grandmother is Sandy Gonzales, formerly of Hicksville. Congratulations!

### A Baby Girl

Christie and Michael DeStefano of Hicksville are happy to announce the birth of their beautiful baby girl, Kristy Ann, born on Monday, Jan. 26, at 7:05 p.m., weighing 7 lbs., 15 oz. Congratulations!

### New Resident

A new resident has arrived in Hicksville, making Donna, Al and Steven DeStefano the proud aunt and uncles to little Kristy Ann, who arrived on Jan. 26. They want her to know that they'll love to baby sit for her.

### Many Happy Returns, Rose

Rose Marxheimer was given a 95th birthday party on Feb. 1st for her Jan. 30th birthday at the home of her daughter, Miriam Wyman. Relatives and friends attended the happy party for Mrs. Marxheimer. Among them were grandchildren Jim and Bill Wyman, sons of Miriam; her daughter, Lynn and Bill Propst and Brian and Debbie Propst. Unable to attend their great grandmother's birthday was Bill Propst, (he is in West Germany with the Air Force), and Bob and Maria Propst, (who is with the Marines in Okinawa).

### Condolences

Condolences to the Heuschneider Family on the death of their dad, Karl. The Heuschneiders are an old Hicksville/Jericho family who lived on 16th Street. The borderline of Hicksville/Jericho went right through the middle of their house. Some of the children were sent to the Glen Cove schools, some to the Hicksville schools and still another to the Carle Place schools. Their old homestead is the one off 16th Street (close to Broadway) that now has blue aluminum siding on it.

### Off The Record

The other day I happened to be down on South Broadway at the laundromat. I needed a loaf of bread so I went into the Gem Deli.

## Jennifer Anne Maurer Bride of Daniel Malinowski

MR. AND MRS. DANIEL JAMES MALINOWSKI

Jennifer Anne Maurer, daughter of Mr. and Mrs. Warren T. Maurer of Manhasset and East Quogue, was recently married to Mr. Daniel James Malinowski, son of Mr. and Mrs. Stanley B. Malinowski of Plainview.

The double ring ceremony was performed by Rt. Rev. Msgr. John Weist of St. Mary's R.C. Church in Manhasset. A reception followed at the Long Island Marriott Hotel in Uniondale.

The bride, a St. Mary's High School alumna, received her B.A. degree in Speech Pathology/Audiology and her M.S. degree in Deaf Education from Adelphi University. She is currently employed by The Board of Cooperative Educational Services of Nassau County as a Communication Skills teacher in the Program for the Hearing Impaired, as well as a Multi-Sensory Impaired Infant Stimulation Teacher.

The bridegroom is a graduate of Holy Trinity High School in Hicksville and received

his B.A. degree in Business from Long Island University in Southampton. He is now the Telecommunications Supervisor for the Long Island Marriott Hotel.

Laurene Maurer Malinowski was her sister's matron of honor and her husband, Stanley G. Malinowski served as best man for his brother. Also attending the bride were Kathleen Maurer Smith, her sister, Victoria Lamb, Shelley Malinowski, Sara Smith and Judy Bauer. The groomsmen were Michael Smith, Matthew, Paul and Sean Malinowski, brothers of the groom, and Brian Maurer, the bride's brother.

The bride wore a white satin dress with cathedral train, Queen Anne neckline and leg o'mutton sleeves. The dress was ornamented with hand-stitched white seed pearls and lace appliques. A matching picture hat completed Mrs. Malinowski's outfit.

Following a honeymoon in Bermuda the newlyweds will reside in Glen Cove.

I hadn't been there since it was named Gem Deli. What a surprise. What a delicious aroma greeted me as I opened the door. They had the loveliest display of food—and the best smelling. The ribs looked delicious—if I hadn't already had my supper cooked I would have bought them. I understand all the food is excellent there. Ummmm!

### Great-Grandson For Marge

Marge Cornelius of Hicksville became a great grandmother last week. Her grandson Steven and his wife Diane became the happy parents of a son, Jonathan Cody DeFranco. Diane and Steven are residents of Huntington. Steven is the son of Peggy and the late John DeFranco. Peggy was a graduate of Hicksville High School.

Jonathan's maternal parents are Mary and Herb Dollhausen of Greenlawn. His two other great grandmothers are Irma Dollhausen and Mary Famigiletti. Congratulations to all.

Bob Williams, Sandy Chesler and Bill Karp congratulate the Hicksville school nurses who have successfully completed the CPR course.

## Hicksville School Nurses CPR Recertification

On Jan. 12, at the Willet Avenue School library, three members of Jericho Fire Dept. Rescue Co. 4, conducted a CPR recertification class for the school nurses of Hicksville Public Schools.

Bob Williams, Sandy Chesler and Bill Karp presented a program which proved to be highly informative and at the same time a fun evening. All candidates passed with flying colors and received their recertification, good for one year.

Because of the cooperation of Michael Dunn, principal of Willet Avenue School, who allowed use of the library, the generosity of Bob, Sandy and Bill, who volunteered their time and energy and enthusiasm of the Hicksville school nurses who gave up their evening, we again see community action working for the benefit of all.

## Fork Lane Assembly

Hicksville Board of Education member Jay M. Schwartz will assume his new post as Assistant Principal for Administration at Thomas Jefferson High School in Brooklyn on Feb. 2. Before this recent appointment, Mr. Schwartz served as an administrator/teacher at Automotive High School, also located in Brooklyn.

Mr. Schwartz' primary activities at Thomas Jefferson will include school safety, discipline, and attendance. His fellow Board of Education members offered congratulations on his advancement in his career as an educator.

On Monday, Jan. 12, the LIRR conducted an assembly program for the students of Fork Lane School.

Mr. James Burns, the LIRR Public Information Officer, spoke about railroad safety, the duties of various railroad personnel such as engineers, conductors, maintenance people, etc. He also discussed appropriate behavior which was expected from people who ride the train. He then showed a slide program which was followed by a lively question and answer period.

Everyone agreed that this was a most informative and enjoyable program.

## Our Class Trip

By MICHAEL GRAZIOSE

On Wednesday, Jan. 4, Mrs. Silverman's fifth grade class (Burns Avenue School,) walked to Cantiague Park to watch the Islanders practice.

As we walked, we saw our classmate's dog. We also talked about movies and television shows.

When we got to the park, we went into the cold ice skating rink and sat down. We couldn't stand because the lady in charge of visitors told us to sit. We watched the Islanders practice.

Once every five minutes, a hockey puck would loudly fly out of the rink. The Islanders started to practice fighting. They tripped and punched each other. I thought they were really fighting, but they weren't, they were just practicing.

After the practice, we waited about five minutes for some Islanders to come out and sign some autographs. We had to wait a while because they had to do a TV interview first. We each got about ten autographs.

Then we walked back to school. We had fun watching the Islanders practice.

AMY BUBAK, one of Mrs. Silverman's fifth grade students, graduates, on line getting some autographs.

Death rates from rheumatic heart disease have declined 80 per cent since 1950, according to an American Heart Association estimate. In 1950, more than 22,000 Americans died of rheumatic heart disease. Today, rheumatic fever and rheumatic heart disease kill about 6,700 people each year, according to American Heart Association statistics.

## American Legion Auxiliary

By GERALDINE SERTZ

The American Legion Auxiliary of the Charles Wagner Post, Unit 421, Hicksville, will hold their next meeting on Friday, Feb. 6 at 8:30 p.m. Remember we are meeting in the downstairs hall of the V.F.W. building on South Broadway in Hicksville.

Our members and volunteers were very busy over the recent holidays keeping up with all their programs in Child Welfare and Veterans Affairs and Rehabilitation.

Our Department President's dinner will be held on Thursdays, March 12 at the New Hyde Park Inn and delegates to the Nassau County Committee will be attending as will other auxiliary members.

Due to bad weather and illnesses, our January meeting was cancelled, so please make an effort to attend this next meeting on Feb. 5. Many projects for the spring season will be brought up and we need your attendance for approval on these matters.

## Free Hearing Screening At C.W. Post Campus

More than a quarter-million Americans suffer from hearing loss. Most don't realize their hearing capacity is diminishing. In fact, their first real indication comes when friends and relatives tell them how often they ask others to speak louder or more distinctly.

Hearing loss, however, may be detected early. The Speech and Hearing Center at Long Island University's C.W. Post Campus can be helpful: it is offering free hearing screenings throughout the months of February and March.

Residents of Nassau and Suffolk counties may make appointments for screenings by calling the Speech and Hearing Center, (516) 209-2430, weekdays from 9 a.m. to 5 p.m. For further information contact the Speech and Hearing Center, C.W. Post Campus, Brookville, N.Y. 11548; (516) 209-2430.

## Boating Course Offered By O.B. Power Squadron

The Oyster Bay Power Squadron will again offer its boating course to interested persons over the age of 12.

This course includes lectures on equipment and government regulations, rules of the road, seamanship, boat handling, safety, the mariner's compass, aids to navigation, and the use of charts for piloting in local waters.

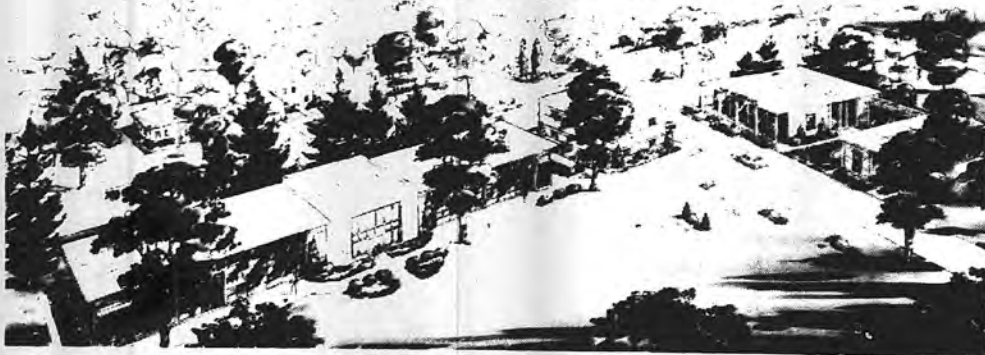

The course will be given at the C.W. Post Campus, Long Island University, Greenvale, on Wednesdays, beginning Feb. 18. Classes will be from 8-10 p.m. The course will run for approximately 12 weeks.

Lining the walls of the bridal shop are photos of brides, outfitted by them, that appeared in many issues of the Hicksville Illustrated News.

## Change of Garbage Policy Will Benefit Residents

By DAGMAR FORS KARPPI

A new policy towards garbage collection in the Town of Oyster Bay system has been announced. As of February 23, leaving garbage out on the curb will be a simpler task for homeowners. Now on both collection days you can leave out garbage, rubbish and bulk items.

This revamping of the system is a result of two successful pilot projects that were conducted with homeowners on both the north and south shore.

There have also been changes that might not be apparent to residents.

By studying the routing of the trucks, and changing their routes, greater efficiency will be resulting.

Three routes have been eliminated. Each new route will cover 800 homes. The hours of the trucks crews has been increased by 1½ hours of overtime. They will now work a 10 hour day, four days per week. The men work on a task completion basis. They can go home if all their work is done. They cannot leave garbage in a truck overnight. If a truck breaks down it is the Town's job to provide a new one for them.

The aim of the project was to create better efficiency, and to provide a new service to the public. By re-routing, the Town was able to saving money which was then given to the men. The planning of the re-routing was all done in-house, according to Town spokesperson Marlene Kastleman.

Supervisor Colby said that about \$60,000 was saved by the project.

Mr. Colby said "its rare when we do anything that members say 'it's great.' People appreciated the pilot program."

"I judge things by the calls I get," said Supervisor Colby. In his first years in office there were many garbage complaints. He looked into the working conditions of the men and found out that they were very unhappy.

When the crew jumped on to the back of the trucks, in 1977, the exhaust fumes from the tailpipes of the trucks made them ill. The department took action on the problem, and raised the tailpipes up to the top of the trucks.

"As we made working conditions better, the men worked better," said the Supervisor. The result was that the public was happier with the service too.

The simplified collection system should please residents even more.

## Quality Control Association

The American Society for Quality Control (ASQC) is a non-profit organization open to professionals in Quality, management, engineering, and inspection. Our next meeting will be held on Feb. 19, and begin with dinner at the Phineas T. Foggs Cafe, 225 Broadhollow Rd. (Route 110) in Melville. After dinner we will be touring the United Parcel Service facility in East Farmingdale.

## PTA's 90th Birthday

In February PTA will celebrate its 90th birthday. The nation's largest child advocacy group, PTA has worked for the betterment of the education system and improving the health, education and welfare of all children. PTA's record of accomplishments for the well-being of children and youth is impressive. It has worked for quality education and has helped to secure child labor and school attendance laws, juvenile courts, maternal and child health services, public school kindergartens, school lunches, funds for enriching educational programs, libraries and vocational education, juvenile delinquency research and control and other legislation benefiting children and schools.

PTA continues to work on projects begun and reaches out into new areas of concern; urban setting problems, needs of handicapped children, missing children, suicide prevention, special needs of single parent families, and drug and alcohol abuse.

PTA is proud of its past and the traditions it has established and is vigorously dealing with concerns of the present. It looks to the future with a strong commitment to the children and youth of this country.

## St. John's University Scholarship Examinations

The Office of Financial Aid of St. John's University has announced that it will conduct its Annual Matthew F. Giglio and Daniel J. Tracy Scholarship Competitive Examinations on Sat., March 7 from 9:45 a.m. to 12 noon. The exams, which will provide the respective winner in each competition with a four year scholarship, are open to the sons and daughters of New York City, Nassau and Suffolk County Police Officers (active, retired or deceased) for the Giglio Scholarship while the Tracy Scholarship is available to the sons and daughters of members of the New York City Fire Department (active, retired or deceased).

The Giglio Scholarship was established by St. John's University to honor Nassau County Police Officer Matthew F. Giglio, in recognition of his dedication and sacrifice. Police Officer Giglio attended St. Vincent's College of St. John's University as an evening student while employed full time with the Police Department. A father of three children he graduated from St. John's in May 1975 with a B.S. degree, and died later that year from wounds suffered during a burglary investigation in Nassau County.

The Daniel J. Tracy Scholarship was established by St. John's University to honor Fireman Daniel J. Tracy, in recognition of his repeated acts of heroism. Daniel J. Tracy, a 1959 graduate of St. John's College of Business Administration, joined the New York City Fire Department in 1960. He has been honored by the New York City Fire Department and the *New York Daily News* for his heroic devotion to duty, having risked his life to rescue adults, children, and infants.

The Giglio and Tracy Scholarships will be awarded to the students achieving the highest score on each Competitive Examination. The dollar amount of the scholarship awards will range from \$1000 to \$2000 per year based on financial need.

Qualified high school seniors who possess at least an 80% average and are interested in taking this scholarship examination should request applications from the high school guidance office or the Financial Aid Office at either campus of the University.

QUEENS CAMPUS: St. John's University, Grand Central & Utopia Parkways, Jamaica, N.Y. 11430 (718) 990-6403.

**NO MICKEY MOUSE OPERATION:** Nassau Community College Hotel and Restaurant Management students join the world's most famous mouse during a break in their work/training program at Walt Disney World in Lake Buena Vista, Florida. With Mickey are (from left) Patricia Glennon of Levittown, Nanci Ann Cangemi of Hicksville, Susan Gonzales of Island Park, and John Jaycox of Inwood. Students spend one semester living at the park with other students from around the world and working in various positions in hotels, restaurants and general attractions. Walt Disney officials grade the students on their performance and forward the evaluations to the College. While in Florida, students must also attend Ten hotel/restaurant seminars. Representatives from Disney interview students at the Nassau campus several times each year for positions during the Fall, Spring and Summer semesters.

### 1987 Ms. Petite United States Award

Two years ago, Richard Warren, the chief executive officer of Richard Warren Inc., a successful designer dress manufacturing firm, created the Richard Warren Petites division, a collection of sophisticated petites-sized, fashion-forward dresses in luxury fabrics, to fill the void in the marketplace for beautiful, all-occasion dresses for the contemporary petite woman.

Recently, in recognition of his status as the man who put the "sizzle" into petite-sized fashions, Richard Warren was selected as one of the celebrity judges for the first annual Ms. Petite United States Beauty Pageant.

Richard Warren is shown here with the winner of the Ms. Petite United States Beauty Pageant, Ms. Kathy Hartsell, a native of Dallas, Texas. Ms. Petite United States, a Petite Size 2, is modeling a dress from the Spring 1987 Collection of Richard Warren Petites; a navy and white silk crepe one-piece dress with a fitted hipband and classic, knife-pleated skirt banded with navy.

Richard Warren contributed a Richard Warren Petites wardrobe with a retail value of over \$1,000 to the winner.

#### WHAT BUYERS WANT

Did you ever wonder why developers put up condo apartment houses with larger floors on top than at ground level? It's because space is more valuable up there. Apartment buyers are willing to pay more per square foot for space with a view up high.

Similarly, prospective buyers of houses tell us just what they are looking for, so we can match the right buyer to the right house. That way, you're not bothered with "browsers." The prospects we show through your property really want a house like yours - so many bedrooms, so many baths, and particular amenities, too - and they are in a position to buy. We won't bring an army of lookers to see your house, just live

prospects.

Of course, you're not likely to rebuild your house to attract buyers, but we will help you make it especially attractive to sell. If repainting, repapering or recarpeting is advisable, we'll recommend the colors and styles buyers like.

## Spring Concert Series At Hofstra

Musicians from New York City, Amsterdam (The Netherlands), and from Salzburg and Graz (Austria) will perform at concerts and recitals presented during the spring semester by the Hofstra Cultural Center.

The first event on the schedule will be a concert by the Bowdoin Trio of New York City at 7:30 p.m. on Friday, Feb. 20, in the Student Center Theater on Hofstra University's North Campus in Hempstead.

The Bowdoin Trio takes its name from the Bowdoin Summer Music Festival in Brunswick, Maine where they began performing in 1983. In 1985, the group had its New York debut at Carnegie Recital Hall.

Tickets and further information about the Bowdoin Trio Concert may be obtained from the Hofstra Cultural Center, Hofstra University, Hempstead, New York 11550, 516-560-5660/70. Concert tickets each cost \$2.50 (free admission for students.)

On Tuesday, March 3, at 7:30 p.m., the Hofstra Cultural Center will present a concert by The Rosetti Kwintet of Amsterdam, The Netherlands.

The March 3 concert by The Rosetti Kwintet will be held in the Hofstra Cultural Center Lecture Hall on the first floor of the University's Library on the South Campus in Hempstead. Tickets sell for \$2.50 each (free admission for students).

Other concerts during the spring semester will be:

Martin Mumelter, violinist, and Siegfried Mauser, pianist, both from Salzburg, Austria, in a recital at Hofstra on Tuesday, April 14, at 7:30 p.m. in the Hofstra Cultural Center Lecture Hall on the first floor of the University's Library.

Paul Moser, pianist from Graz, Austria, in a recital at Hofstra on Friday, May 8 at 7:30 p.m. in the Lecture Hall on the first floor of the University's Library. Selections will include music by Paul Moser, Franz Joseph Hayden, and Frederic Chopin.

Information for each of the International Concert Series events may be obtained by calling 516-560-5660/70.

## The Salzburg Musici At Tilles Center Feb. 28

Violinist Nadja Salerno-Sonnenberg, subject of recent "60 Minutes" profile, will join the Salzburg Musici when the chamber orchestra makes its first appearance at the Tilles Center Saturday, Feb. 28.

The concert, part of the Salzburg Musici's first North American tour, is scheduled to begin at 8 p.m. The evening's program includes Vivaldi's Concerto for Strings and Continuo; Handel's Concerto Grosso, Op. 6, No. 10; Bach's Concerto for Violin in E Major; Mozart's Divertimento, and Britten's Simple Symphony.

Tickets for the concert are priced at \$22 and \$20, and for senior citizens and students, \$16.50 and \$15. They may be purchased at the Tilles Center box office, (516) 626-3100, or from Ticketmaster, (516) 888-9000 or (212) 307-7171.

JONATHAN SILVERMAN

### BRIGHTON BEACH MEMOIRS

A warm, pleasant and nostalgic film portrait of one teenage boy's family set in 1937 Brooklyn. It's based on Neil Simon's autobiographical play and it transforms well to the screen. Flavorful ensemble performances bring life to the ethnic atmosphere of the time and place. While there are few hilarious moments, there are ample humorous and charming scenes of close family life. Jonathan Silverman is excellent as the budding adolescent son and Blythe Danner is effective as the fretting Jewish mother. (PG-13)

### THE MORNING AFTER

There's a powerhouse cast (Jane Fonda and Jeff Bridges) with veteran director Sidney Lumet at the helm. But this romantic mystery thriller doesn't travel far on its rickety script. Fonda plays a boozey, washed-up actress who awakens to find her casual lover dead in bed with a knife in his chest. Bridges is an ex-cop who tries to unravel the riddle which unfolds with wit, suspense and credibility. Fonda's character is a highlight of her Oscar-winning "Kluge" portrayal. (R)

STEVE MARTIN

### THREE AMIGOS

A few giggles here, a couple of smiles there, are the most you will find in this spoof of Saturday matinee oaters. Chevy Chase, Steve Martin and Martin Short are the rhinestone movie cowboys who travel South of the border believing they will do a publicity gig for their fans. Instead, they encounter "real" outlaws who fire "real" bullets. The hapless gringo characters are likable enough but their performances often are shallow. And they are upstaged by Alfonso Arau who plays the vilest of banditos. (PG)

### THE GOLDEN CHILD

Eddie Murphy stars in this wobbly hybrid of "Beverly Hills Cop" and "Indiana Jones" as a Los Angeles social worker who searches for missing children. He is drawn into a hunt for a Tibetan "golden child" with mystical powers to save the world. The film also evolves as an East-West romance, a martial arts actioner, a Nepal travelogue and a monster-outing. It does not click in any of these categories. Yet Murphy's brilliant flare for comic acting shines through. Charlotte Lewis co-stars. (PG-13)

## Police Report

The Eighth Precinct has reported the following:

• **January 18:** A house on Angle Lane was burglarized. Entry was made through a rear door. The loss included a VCR and assorted jewelry.

• **January 19:** A house was burglarized sometime between Jan. 17 and 19. Entry was gained by prying open a rear window. The loss included \$100 in cash, a camera and jewelry.

• **January 20:** Two subjects were arrested and charged with burglary in the third-degree, in connection with an incident which took place at the Fork Lane School on Jan. 19.

• A Hicksville student and a 20-year-old Levittown man were arrested after an investigation by the Eighth Precinct Squad. The subjects allegedly broke into the school and removed school supplies. As they were leaving, they set

off an alarm, and in her haste the student left behind her pocketbook. She was arrested at Hicksville High School and the man was arrested at his home. Both were arraigned at First District Court in Mineola on Jan. 20.

• **January 22:** The Eighth Squad reports the details of a reckless endangerment that occurred at the Hicksville High School.

As the result of a prior confrontation in the vicinity of the school, a red Cadillac containing 5 to 6 men came into the parking lot at approximately 12 p.m. One of the occupants exited the vehicle and approached two students sitting in a parked vehicle and allegedly broke a window. The two students got out of the vehicle and confronted the subject. At this time, another occupant of the Cadillac approached the pair, took out a revolver and allegedly fired approximately six shots at them. The subjects got back into the Cadillac and fled the scene. After an investigation by Detective Richard Walsh of the Eighth Squad, two subjects, an 18-year-old of Hempstead and a 16-year-old of Freeport, have been arrested. The pair are charged with criminal mischief, criminal trespassing and menacing.

## State Intern Jobs

Albany - another voluntary intern program for college and graduate students in New York State in the Department of State's 12 regional offices has been announced by Secretary of State Gail S. Shaffer.

Interns may earn possible credits for helping the Secretary of State's regional representatives administer Governor Cuomo's Ombudsman Program across the state.

Such assistance will include handling telephone inquiries, making contact with state agencies on the client's behalf, preparation of draft responses to letters referred for state agency follow-ups, research and occasional

on-site inspections.

They will also work closely with the Governor's and Secretary of State's offices researching issues, planning speakers, organizing community outreach programs and participating in a speaker and training series.

This semester's program is part of a series of internship programs that are offered throughout the year in the Secretary of State's offices.

Interested students should contact:

## Long Island Boat Show Double Size For 1987

Long Island's already largest indoor public marine showroom will double its size for 1987 setting sail Feb. 14-22 at the Nassau Veterans Memorial Coliseum, Uniondale.

The Long Island Boat Show will be bigger and better than any of its past 20 editions says co-producer Rick Tafuro. Additional exhibit space has been added by erecting a 60,000 sq. foot second floor to the already spacious Coliseum exhibition hall. "We simply needed to expand so badly" explained Rick Tafuro. "We searched until we found a building that could be erected just for the Boat Show and then removed from the site after the closing of the show. Finally we found it! A German manufactured aluminum frame structure

with heat and light fulfilling all our needs and requirements. The Long Island Boat Show is the largest single exhibition held at the Nassau Veterans Memorial Coliseum and the only one to outgrow the exhibition space available.

Displays upwards of \$20 million dollars worth of business was transacted at last year's boat show and we expect to top that this year.

The Long Island Boat Show, Long Island's Nautical Shopping Mall, with boats ranging in sizes 6' - 36' - opens Feb. 14-22, and is open to the public, Saturday, 11 p.m. to 10:30 p.m. Sundays and Monday 1 p.m. to 9 p.m. and Weeknights 6 p.m. to 10:30 p.m.

# BUSINESS AND FINANCE

## Savings On Financing School Buses

The Education Department's State aid procedures favor school districts who finance the purchase of buses over time instead of paying cash up front, State Comptroller Edward V. Regan has announced.

A new audit by the Comptroller also calls on the Education Department to improve verification of data used to calculate the more than \$5 billion in State aid awarded annually to school districts.

Auditors had found that the Education Department does not use reports readily available from independent public accountants to verify school districts' actual expenditures that qualify for State aid. Further, the Department has done only a few reviews of pupil attendance, even though it is a key component in State aid computations and past reviews have found significant problems at both upstate and New York City schools.

Mr. Regan said the Education Department's method to reimburse school districts for bus purchases is partial to districts that use financing instead of paying cash.

"The Education Department uses a rating system based on the peak number of students riding a bus run—the more riders, the more aid," Mr. Regan said. "Districts that pay cash for buses have one year to show the increased ridership that would bring more State aid. But if a district finances purchase of a school bus over five years, it has five years to show that increased ridership—making it easier to qualify for more State aid."

The State also reimburses school districts for interest charges incurred when financing bus purchases. "Taxpayers would save money if the Education Department's rating system were not slanted to favor the financing of buses," Mr. Regan said.

Errors by the Department's clerical staff should be reduced, the Comptroller said.

"For the three fiscal years ended March 31, 1985, the Education Department gave my office State aid claims with 6,000 errors—caused either by arithmetic or failing to use correct or updated information," Mr. Regan said. "These errors affected \$40 million in aid. Some school districts had their expected State aid changed by as much as \$1 million. Many had changes worth more than \$50,000, which is a lot of money to a school district. It is obvious that the Education Department's clerical staff needs better supervision."

The Comptroller's audit of the State aid payment process for elementary education covered the period through Oct. 31, 1985. In a written response on Sept. 5, 1986, State Education Department officials agreed with most of the audit recommendations.

She earned her BA and MED from CUNY's Queens college and taught English for four years at the British School of Turin, Italy.

## EAB Reports Earnings

European American Bancorp today reported consolidated net income of \$21,123,000 for the year 1986 compared with \$20,652,000 for 1985. For the fourth quarter ended December 31, 1986, net income was \$5,811,000 compared with \$4,625,000 for the same period last year. The fourth quarter of 1985 included an after-tax gain of approximately \$12,000,000 from the sale of EAB's former administrative building in Roosevelt Field, Long Island.

Net interest income on a taxable equivalent basis for 1986 was \$254,789,000 compared with \$268,838,000 for 1985. The reduction in net interest income was a result of decreases in average levels of interest earning assets and interest bearing liabilities in 1986. The taxable equivalent net yield on interest earning assets increased to 4.48 percent in 1986 from 4.38 percent in 1985.

During 1986, the restructuring and strengthening of EAB's balance sheet continued. Investment Securities and Trading Account Assets increased from \$501 million at year end 1985 to \$1.63 billion at year end 1986. Virtually all of the increase was in U.S. Treasury and agency obligations. The increase in investments was achieved while maintaining an average maturity of 2.4 years at year end. Loans, net of unearned income, declined 11

percent from \$4.59 billion at year end 1985 to \$4.08 billion at year end 1986. At December 31, 1986, total assets were \$6.74 billion compared with \$6.65 billion at year end 1985.

European American Bancorp is the holding company for European American Bank. European American Bank is a full service commercial bank with 87 offices in the New York City/Long Island area. It is New York State chartered and a member of the F.D.I.C., the Federal Reserve System and the New York Clearing House Association.

## The Investor's Corner

By JOSEPH P. FREY, Ph.D.

### "Maslow and the Stock Market"

Professor Maslow, a social psychologist, taught that the more we satisfy a want, the less it satisfies. This applies to the bull market of 1987.

As an example of what he meant, let us suppose you are looking forward to a fantastic meal. The first plate is fabulous; the second great; the third not so good; the fourth brings indigestion; you get sick. If you ate fast, you got sicker. You might never eat that food again.

The stock market is like your favorite meal. The probability of indigestion rises more rapidly as the market rises. We are experiencing a classic market pattern that gets fueled by speculative fever. At some point, probably sooner than later, a monstrous indigestion will take place. Between then and now, the market will burp. We had one large burp recently with a 114 point drop in the Dow in one day on record volume. As the market continues toward its inevitable conclusion, records will be set all over the market: record highs, record volume, record ups and record downs.

Why am I so pessimistic in a sea of euphoria? The reasons are many. Simply put, there is no rational reason for this tremendous market rise. The economic fundamentals are bad: corporate profits are poor to non-existent; business investment is low and stagnant; the money supply is rising far too rapidly; the trade deficit is resisting despite a free falling dollar; the federal deficit continues its record breaking rise; industrial production is rising slowly; oil prices are rising; business loans are weak; debt in all sectors is at an all-time high; the agricultural sector of our economy has been in a depression for years. So where is the basis for the market rise?

The reasons are readily seen. The tax law tax-cut has created the expectation of greater consuming spending, thus fueling a rising demand for goods. There are other reasons-year-end capital gains selling fueled by the 1986 tax law has created a tremendous pool of liquidity to be invested. All segments have dollars-corporations, individuals, pension funds, mutual funds-all awash with dollars. These dollars want to be profitably employed. The dollars have to go somewhere-but where?

Interest rates are low. Commercial real estate is very risky because of overbuilding. Tax-free are not as attractive because of the lower tax rates. It seems that the stock market is the selected alternative despite the negatives.

So we have our present market. It is a case of too much money chasing the available stock-of demand outstripping supply. When that happens, stock prices rise. We have a market enjoying its favorite meal over and over again. What is known as program trading and periodic profit taking will provide the burps as the market continues to its conclusion in a gluttonous indigestion.

As with all overindulgences, those who have timidly been on the sidelines are tempted to pull the hair up to the table to partake of the feast. So far, the small investor has not jumped into this market. I hope that you do not succumb to temptation. If you think that I don't want you to become more wealthy, perish the thought! I just do not want you to be poorer.

The market is extremely speculative. Do not get caught in the meatgrinder. Does this mean you should not be in the stock market? No, you can partake: just do not pull your chair up too rapidly and jump too fast.

Unless you are a professional trader and constantly in touch with the market, you are at a tremendous disadvantage buying for short term gains. Most investors should approach the market gradually, invest in fundamental value and for the long term, not the short term. You buy quality, value, management, low price/earnings ratio, low debt, and out-of-favor stocks. In the long run, you will prosper. In the short run, you may see the stocks decline. However, as long as the fundamentals of your stocks do not change, hang in there (with stop losses in place). Fundamentals change even for the bluest of the blue chips. As examples, US Steel, General Motors, ITT, and AT&T.

In the New York Times business section of January 18, pages 16-17, you saw the Dow Jones index since 1900. Today we are at an expanding peak of a long-time bull market that started in 1900 or before. There have been many cases of indigestion along the way. There have been more burps. Fads change; companies change, merge, go bankrupt, or prosper. Over the long term, the market has risen. Many people, including small investors, have become rich. Many more have been caught in the great indigestion that followed the 1920's party. Most never pulled a chair to the table again.

Doctor Frey is a professor of investments and finance at C.W. Post Campus on Long Island. If you wish a copy of his "Ten Rules to Get Rich and Keep It, Too," send a self-addressed, large envelope to Annon Community Newspapers, 132 East Second Street, Mineola, NY 11501, Attn: Dr. Frey. If you have questions you wish answered, send an envelope and include a phone number in case Dr. Frey needs additional information.

## Mets General Manager Addresses Chamber

Frank Cashen, general manager of the New York Mets, is becoming a regular on the luncheon circuit on Long Island and with good reason. With his ready wit, his candor and his encyclopedic knowledge of baseball, he is an entertaining and informative speaker. His sense of humor helps too. His opening remark to the Garden City Chamber of Commerce was: "I'm glad I'm here this week instead of last week, when 80 percent of my starting pitchers were under indictment." He was, of course, referring to the problems Ron Darling and Dwight Gooden had been having in the offseason. "Today," Cashen said, "some of them are doing good works in places like Tampa and Richmond."

Mr. Cashen went on to talk about the "storybook year" 1986 had been for the Mets, beginning on April 21. By September 17 they had clinched their division of the National League with an astounding 108 wins, 53 of them on the road. While high in his praise of Gary Carter, Darryl Strawberry and Keith Hernandez, he said, "I'm a pitching man, myself, and I think our pitching is the best in baseball." Few sports fans would argue, as he cited Ojeda's 18 wins, Gooden's 17, Fernandez's 16, Darling's 15 and Aguilera's 10.

Cashen relived with the crowd the championship series with Houston. "We were fortunate," he said with a grin. Of the eight wins in post-season play, the Mets won four in their last time at bat and three in extra innings.

Whenever Frank Cashen talks about the Mets, he talks about Nelson Doubleday and his partners in the ownership of the team, "without whom we should not have been able to achieve what we have." They turned the team in 1984 when they came in second, second again in 1985 and, at last, world champions in 1986.

Cashen believes that the team has the opportunity to be even better in 1987. "Having said that," he added, "we may not win as many games but we should win the division. You put a competitive team on the field, but somebody up there decides who gets the injuries."

## Prospectives From Other Villages

Many water districts on Long Island are not knocking down, with a ring through their nose, to every edict from the high priced, personnel-bloated New York State Department of Environmental Conservation.

While steps to protect the environment are assuredly needed, job making alarmist actions, which strangle the economy unnecessarily, are coming under scrutiny.

State Senator Michael J. Tully, Jr. (R-Roslyn Heights) announced that the Nassau County Board of Supervisors examine the broad implications of the water use restrictions being imposed in Nassau County.

In September, 1986, the New York State Department of Environmental Conservation issued a list of specific groundwater withdrawal limitations for Nassau County water suppliers. These restrictions, which will place ceilings on how much water can be pumped, are designed to lower consumption over the next 25 years and relieve stressed aquifer conditions on Long Island, according to DEC. However, the limitations may have broad reaching effects on residents and the economy including building moratoriums, and a shortage of housing and jobs. Senator Tully chairs the Senate Majority Task Force on Suburbs in Transition.

Bayville's temporary building moratorium was lifted on Friday, Jan. 16, 1987, and building permits will again be considered. The moratorium, which went into effect after the Board meeting of Nov. 3, 1986, was the result of the Department of Environmental Conservation's (DEC) imposed water cap on all Nassau County water suppliers.

Five conservation measures to the Board by H&M, Dennis Kelleher, Engineering Advisors, were adopted by the Board.

Garden City Village Policy Statement on Water Supply:  
1. The Village Board of Trustees supports both immediate action to protect Long Island's ground water and future actions which will increase recharge to the aquifer system.

2. The Village Board of Trustees is opposed to the present system of water caps because as developed they would put the Village in violation of the law. The manner in which the caps were formulated, by mathematics rather than sound scientific and engineering methods, makes the caps unrealistic.

3. The Village Board of Trustees supports conservation efforts but is opposed to water rationing which would be required under the present system of DEC caps. The Village will continue to work in conjunction with the Long Island Water Conference to develop a water conservation program on both a regional and local basis.

Commack residents oppose change of address by postal officials who are about to redraw district boundaries, necessitating a change of town and zip code for 31 residences on Larkfield and Burr Roads.

The affected residents, however, are in strong opposition to the proposed plan. In a petition sent to local newspapers, politicians, and the Postmaster General in Washington, D.C., 18 long-time residents whose mailing addresses would be changed from Commack to East Northport expressed the desire to maintain their Commack addresses.

"It would be unfair after so many years to ask us to change our mailing address," reads the petition.

Several of the residents have had families living in the town of Commack for over 50 years. They say they "are proud that Commack is their home and also the home of their ancestry."

The change is slated to go into effect notwithstanding the opposition. There is a strong feeling that the post office is autocratic in its insensitive approach to the historical heritage of the people.

The Westbury Village Board of Trustees voted last Thursday to authorize payments to five businesses in the village for past tax overpayments.

The settlements were arranged through negotiations with the attorney for the businesses, said village attorney Jerome Matadero. The suits were filed last year after the businesses received refunds for overpayments from the Nassau County Assessor's office. The commercial property owners maintained that since the village used the county tax rolls, it should also reimburse them.

Many Boards of Education are informing parents that daily and overnight trips sponsored by private tour operators are often advertised to high school students. Such trips are not sponsored by the public schools and the district assumes no responsibility.

With the ski season and February school recess upon us, parents are advised to be clear regarding the sponsorship of trips. Unless parents receive official notice and sign permission slips from the school for a trip—the trip is not school sponsored.

Hicksville District experienced considerable flack last summer when, using their own funds, the cheerleading squad went to a training camp in Pennsylvania. They were so disenchanted that they called their parents to come home after one day.

The parents were misadvised that it was a district function. It was not. However, school officials set in motion a pick up mission by private sources which eventually was not needed.

Opening lead — king of diamonds.

It's well known that there are hands when there's a distinct disadvantage to being a good player. The expert who sees all and knows all sometimes makes plays that wouldn't occur to a lesser player, and as a result occasionally pays a price for his superior knowledge. The moral is that ignorance is sometimes bliss.

Consider this deal played in a national pair championship. South quickly got to ♠ 2 spades and West led ♠ 4. Obviously, West swallowed the ace unless he took it on the first trick. South's method of play was very clear, but would have been a waste of time against an inferior West player. Declarer went far out of his way to inform West he had started with six spades and four hearts.

By cashing his hearts and discarding a diamond from dummy, South hoped to persuade West that he had started with two diamonds and one heart. West, however, had lost the ace unless he took it on the first trick.

## Catholic High Schools

### Samuels Super Performance Earns Him Honors

St. Agnes' Senior Guard Kurt Samuels lit up the board for 30 points in the Stags' 92-80 Super Sunday win over Holy Trinity. The league coaches voted this honor for Samuels as a result of his league high 30 points on 14-20 FG shooting. That win allowed St. Agnes to remain undefeated in league play with a 5-0 record.

**Honorable Mention** from last week goes to St. John's junior point guard John Edmead who had 29 points and 9 assists in his team's 82-81 OT loss to St. Mary's. Chris Schneider, the St. Mary's 6'3" shooting guard, hit for 23 in that game. St. Dominic's had its first league win, a 69-54 decision over St. John's, and Rob Maichin led the way, scoring 17 points on 5-5 FT shooting. Chaminade's Ed Newman, a 6-7 Fairfield signee, had 15 points and 12 rebounds in his team's big home win, 60-48 over St. Anthony's.

**Doms defeated** Chaminade at home last year 47-42, but dropped a close game in Mineola three weeks ago. The Flyers stretched a two-point halftime lead out to a 49-38 win. Colm O'Malley led the winners with 14 points, while Ed Newman had 12 and Manny Recarey chipped in 10. John Doolan (12), Rob Maichin (22) and Joe Masi (10) all hit double figures for the Doms. The last time the Friars and Cougars met, Gus Alfieri won his 300th game by defeating the team coached by his son, Ron Alfieri, 71-54. This game features the league's #1 defense against the league's #1 scorer. The Friars allowed 54 points, 25 to Marcus Matthew. Brian Stackpole had 20 points and 16 rebounds while Mike Feeney had 16 points.

One of the most impressive aspects of

St. Agnes' success has to be the depth of the team. Coach Frank Morris has 12 players on his team and all 12 are capable of contributing. In fact, it has been suggested by more than one league observer that while the best team in the league seems to be the St. Agnes Stags, the second best team just might be the seven players left on the Stag bench when the game starts. These seven players nearly outscore some league teams, averaging 41 ppg in five games. Dave Markey, a 6-4 junior forward averages 8.8 ppg, Jason Boutry (7.4) and Woody Williams (7.2) lead the way off the bench. Point guard Jack Lazzaro (5.0) and shooting guard Jim Brady (4.4) might round out that imaginary "starting" five.

League Standings		
Team	League	Overall
St. Agnes	5-0	1.000 13-2 .867

at targets. Otherwise, there might not be any opponents left. The Jets scored 1,442 points out of a possible 1,500 in their match against Garden City last week. The score was a Section Eight record topping the 1,441 East Meadow totaled against Baldwin on February 9, 1984. The Jets have now won 170 straight matches.

Two Nassau girls set New York State track records at the Yale Invitational in New Haven. Diane Adkins of Malverne was clocked in 7.00 (automatic timing) in the 55 meter dash while Sonya Henry of Freeport long jumped 19 feet, 4 inches.

The Section Eight basketball tournament schedule was announced last week and for the first time in several years no games except possible out bracket contests will be played while schools are on their winter breaks. First round games begin Tuesday, February 24. This should help boost interest and attendance. We'll print the complete schedule as the tournament gets closer.

## Nassau Sports Review

By JACK WHITE

The Nassau dual match wrestling tournament completed its preliminary rounds last weekend. Winners included Long Beach, Baldwin, East Meadow, Island Trees, Lynbrook, Calhoun and Wantagh. The Mephram-Herrick's final ended in a 28-28 tie. Those teams will advance to the championship round this weekend.

Wrestling has, in effect, two championships. The dual match titlist is crowned first than the Section Eight Tournament is held February 27-28. Individual champions emerge from that one and a team champion is determined by the points earned by the wrestlers in individual competition.

There has been a strong call from upstate schools to create a New York State Dual Match Tournament to follow the traditional State Individual Wrestling Championships. That proposal was soundly defeated this year, largely due to the fact that its adoption would have lengthened an already long season. Indications are that the concept of a dual match tournament has support and it will be adopted if a suitable schedule can be drawn up next year.

The Nassau dual meet tourney was begun in 1979. Here is a list of past winners:

1978-79	Locust Valley
1979-80	Baldwin
1980-81	Baldwin
1981-82	Baldwin
1982-83	not contested
1983-84	Island Trees
1984-85	Long Beach
1985-86	Baldwin

Nassau rifle teams should be thankful that East Meadow only shoots

### Malverne, Elmont Are Victors In Nassau County Touch Football League

#### Port Washington Drubbed In Conference One; Rockville Centre Loses 20-12 Scrap

#### Thrillers Mark Five Rounds At Mitchell Complex

Malverne Bills had a stellar team effort in capturing Super Bowl XI, 16-6 over the Port Washington Icemen. Malverne got on the scoreboard first when Larry Cerasi sent a 45-yard field goal into orbit.

In the second quarter Port's Steve Malone put together a strong offensive series, culminating in a short TD run and a 6-3 lead. It was the only time the Icemen led. Ricky Ryan intercepted with two minutes left in the half, but Port Washington was hit with two unsportsmanlike conduct penalties, pushing the ball back to the 10-yard line and hurting their chances of padding their lead before the half.

Malverne quarterback Joe Mastrianni found his groove in the second half. He broke open a sustained drive, ending in a TD pass in the end zone to John Rickenbacker, and a 9-6 lead. Gerry Alabrese intercepted on third down to stop a Malverne drive at the Icemen 15-yard line, but Malverne's Ernie General intercepted Malone's first-down pass and ran the ball to the three-yard line. Mastrianni followed with a TD run to give Malverne breathing room.

The Port Washington defense continued to make opportunities, as they held the Bills for four downs inside the 15 with six minutes left in the game, but the offense could not get going. Mastrianni continued to control the ball for Malverne the remainder of the game, as the Bills celebrated their fifth championship in their 22-year history. Malverne's Bobby Denu received Offensive Most Valuable Player award, as he had numerous big catches which set up Malverne's scoring drives. Bills' Ernie General took home Defensive Most Valuable Player honors for his big interception and all-around inspired rushing play.

Elmont Spankys defeated the Rockville Centre Outlaws 20-12 in the Division II championship game. The game got off to a rollicking start. Elmont's Matt Downey intercepted Outlaws QB Don Karlson's first pass of the game and returned the ball to the 19-yard line. The Outlaws' could not be budged for four downs.

Elmont quarterback Jim O'Halloran opened up the second quarter with two long pass plays to Babe Ingenito again in the endzone for a 7-0 lead. Their Six-Gun defense came through again when safety Ralph Wallace stopped a sustained Elmont drive with an interception on the 2-yard line.

Karlson mounted a sustained drive in the third quarter, culminating in a 27-yard TD to Danny Brown, that was tipped first by Elmont defender George Reichel. After the Spankys failed to move the ball, they were forced to punt from the 2-yard line into the wind, and Rockville Centre took over on the 27-yard line. Karlson followed with a TD pass in the endzone to Wallace for a 12-7 lead.

Spanky's O'Halloran ran the ball in himself for a TD and a 13-12 lead. Ken Primm intercepted Karlson on first down as Elmont took over on the RVC 19-yard line, but the Outlaws defense held again, sparked by Al Ryf's big sack. Halfback Joe Primm's TD catch in the final minute, and PAT run by O'Halloran put the game away for the Spankys. Elmont's Jim O'Halloran copped Offensive Most Valuable Player honors for his all-around scrambling and patient passing, while Ken Primm took Defensive Most Valuable Player award for his big 4th quarter interception and many key sacks. An unsung hero for Elmont was HB Joe O'Neill, as his impenetrable blocking against Outlaws' Steve Ballas (as well as the blocking of other HB Joe Primm).

One of PAL's biggest assets is its fantastic group of volunteers. Profiled here are some of them. We will profile others in the weeks to come.

## Profiles On Coaches

### Jan and Tom Mullee

The Mullees are one of our two sets of coaches that coach both a girls and boys basketball team. Tom has worked 10 years for New York Telephone as an engineer and belongs to a golf league at work. He also played basketball for St. Mary's High School in Manhasset and for six years played in the Long Island Industrial League.

Jan worked for Pan Am before she had children. She is vice-president of the Old Country Road School PTA, belongs to a bowling league, coached softball for three years and is a past 4-H leader. Even though Jan never played basketball, she has been a spectator for most of her life. All four of their children play PAL basketball. Their oldest daughter, Heather, is 13 and attends Hicksville Junior High School. She helps the art teacher at Old Country Road School every afternoon after school, has a Pennysaver route and plays softball. Their next daughter, Dawn, is 12 and also attends Hicksville Junior High School. She plays on the Junior High Volleyball team, takes acrobatics and plays softball. Their only son, Tommy, is 10 and goes to Old Country Road School. Tommy plays baseball and midget football. Their youngest daughter, Kelly, is seven and attends Old Country Road School. Kelly takes acrobatics and baton twirling. All four children swim for LSA during the summer months. Both Jan and Tom coach because they enjoy teaching kids and meeting other Hicksville children. They have found this particular aspect to be a big help for their own children when they attended the Junior High School. They have coached basketball for the girls for five years and the boys for two years. They feel that part of learning basketball at this time is mechanics and the children learn how to lose gracefully at an earlier age. They like the way the parents handle themselves and exhibit no bad sportsmanship. They like the stress that is put on participation and learning.

### Roger Koopman

Roger is an Assistant vice-president for Manufacturers Hanover Bank and currently has 16 computer programmers working for him. He has been married to Christine for 13 years and has four children: William (12), Stephen (7), Matthew (4) and Deanna (1). Roger has been a volunteer fireman for 19 years—16 of them for the Hicksville Fire Department. He is currently secretary of Hicksville Fire Department Co. No. 2. He attended Hofstra University at night while working a full time day job. Roger played sports with South Hempstead PBC from 1963 to 1967. During that time he played baseball, bowling and basketball. He also played for the Hempstead Fire Department for three years in charity games. His son William is also in-

volved in basketball and bowling at Trinity Lutheran School. Roger became a coach because he likes to work with children, teaching them the basics of sports and sportsmanship. He has been a coach with PAL for five years. Four of those years were with his older son William, coaching Rookie basketball and baseball and then Junior baseball and basketball. He is now Stephen's coach in the Rookie league. Roger enjoys coaching PAL because they stress participation rather than winning. This philosophy stresses that all the children are winners in their own way by participating in the sport.

## PAL Basketball News

By CHARLETTE ANSTEY

PAL's basketball season is going great. The snowstorms of last week did not stop our boys from playing fantastic ball and learning good sportsmanship. Many of our basketball referees are former participants of PBC and have played, or are currently playing, in the Hicksville school district. It is encouraging to see these young people helping other kids. Between quarters you will see the referees working with the kids on the courts, whether it is helping them with their lay-ups or just giving them tips.

## St. Ignatius CYO News

The Cougars beat the Lions on Saturday by a score of 16 to 8. The offense of the Cougars was led by Matt Patwell, Stephen Loch and Danny Sydor who each scored four points. The Lions showed a definite improvement this week and the return of Veeral Lakhani and Patrick Scanlon contributed to six of the Lions eight points.

John Anderson's undefeated 76ers were led to victory by Jason Cicardo's game high of 12 points. He received strong support from team members David Gleason and Chris DeBernardo who contributed seven points each.

The Bullits beat Andy's Gang in overtime with a score of 22-20. Tim Baldwin and Chad Passaro each scored six points for the Bullits while Brenden Amabile played strong for Andy's gang.

Adult softball teams are invited to enter the Nassau County Recreation Softball League which plays in various county parks during the spring and summer. Now is the time to request an application, and get the details, because team rosters and league passes must be obtained before the February 20 deadline.

Nassau Recreation and Parks Commissioner Abram C. Williams said the 100 teams usually compete in these leagues, and consist of night and weekend leagues, men's and women's industrial leagues and a women's open league. Teams will then enter an elimination tournament which is scheduled for early April.

For further information and to get an application, call the Sports Unit at 542-4439, or write to Eisenhower Park, East Meadow, New York 11554.

## Academic Prize For Adelphi CFP Program

David Altschuler, president of Life Planning, Inc. of Garden City, will be presenting a \$500 annual academic prize this June to the most outstanding graduate of Adelphi University's Certificate Program in Financial Planning. This is the first time a corporate gift has been received by University College, the unit where the Financial Planning program is housed, and it is the first time that an academic prize has been awarded in the Financial Planning program.

This newly created prize will be presented at special Financial Planning commencement exercises in June and will be based solely on academic merit. The grade point average of graduating students will be the primary criteria for selecting this year's awardee.

Dr. Dominick Cavallo, dean of University College, characterized the gift as "a significant example of the way in which professional organizations and the University can work together toward common goals."
