

## Special Meeting Of The Board Of Education Monday, March 16

A special meeting was convened to reduce the budget by \$105,000 in the Transportation Code of the 1987-88 budget, and then to propose a Transportation referendum to ask if an additional sum not to exceed \$105,000 be added to the budget in order to provide transportation during the 1987-88 school year to students in grade 9 who reside at distances which exceed 1½ miles.

The Burns Avenue discussion and possible referendum were removed from the agenda.

The meeting was opened at 8:20 p.m. by School Board President William Bennett. The board room was overflowing with general public, and there was "standing room only."

Mr. Bennett announced to the predominantly Burns Avenue residents audience that "They would not be acting on a referendum for Burns Avenue, and that no discussion or reference to the closing of Burns Avenue was planned in the future."

The meeting began with the public speaking on the issue of transportation. Many community members voiced opinions mostly in favor of leaving the transportation allowances (K-3—½ mile; 4-6—¾ mile; 7-9—1½ miles; and 10-12—2 miles) as they are. Even though the ninth graders will be at the high school, they should still receive the same transportation that they did at the junior high. Many people were concerned about safety, traffic, bad weather, etc. Someone brought up the fact that the districts transportation costs were not that high, compared with the cost that is spent to send private school children out of the district. Dr. Fenton and Mr. Hall also spoke to the concern of a citizen that buses used by Hicksville district have a telephone number to call, if the driver is seen driving in an unsafe way. They said that these numbers should be posted on all school buses used by the district.

Board voted to delete the \$105,000 from the Budget No. 4 and Yes-2. The amount will stay in budget but still may be deleted before the final budget is voted on by the public. This amount could then be taken out and a policy change would reduce the mileage.

While there were many Burns Avenue School parents in the audience, there was also a very large group of interested homeowners, whose families were not using the Burns Avenue School. They were concerned with the double zoning of Burns, which is both commercial and residential. They requested the board check into the zoning of all the Hicksville Schools, and make sure they are all zoned residential. The school district lawyer advised that this can always be appealed and changed by a buyer. The residents persisted with this request and the board said that they would look into it and should have an answer by the April meeting.

## Junior High Drama Club To Present 'The Wiz'

The excitement of Broadway returns to Hicksville Junior High School on April 2 when the HJHS Drama Club presents "The Wiz," a more contemporary version of "The Wizard of Oz." In addition to the upbeat music and dialogue, the show will be full of surprises, and it promises to be quite different from last year's production of "Fiddler on the Roof." "Fiddler" had a serious message to deliver, even in the comedy sequences, but "The Wiz" is pure light musical comedy, and the most serious message of the show is simply "believe in yourself."

Once again, the Drama Club has been blessed with an abundance of talent. More than seventy students make up the cast of characters, and, with the orchestra and crew counted in the total, nearly 125 youngsters are participating. The many months of hard work in rehearsal and the marvelous sets created for the presentation will pay off in a delightful evening of musical theater. The following students are featured in major roles:

Dorothy	Terri Glynn
Aunt Em	Jill Linnehan
Addapere	Nancy Hoagan
Scarecrow	Stacy Heyer
Tinman	Jennifer Kremer
Lion	Caroline Delafuente
The Wiz	Heather Tower
Glinda	Shirpa Patel

Evillene	Sue Hume
Uncle Henry	Sandeep Chaimani
High Underling	Joey Williams
Messenger	Cliff Allen
Monkey	Louis Zollo

The cast will be supported in song by the pit singers, the road chorus, the Munchkin chorus, and the Winkie chorus, and the gatekeeper will be played by a surprise performer.

Musical Director Hilary Sperber will be conducting in the orchestra pit, Kathleen Scheck is serving as Vocal Director, and Roe Novello is directing the choreography. Retired Hicksville art teacher Donald Holmes designed and constructed the sets, and Michael Scheck is serving for his fifth season as Director.

"The Wiz" will be presented on April 2, 3 and 4 at 7:30 p.m. in the JHS Auditorium. The doors will open at 7 p.m. each night for the purchase of tickets at \$4 each. Senior citizens and two elementary-age youngsters per paying adult will be admitted free of charge at the Thursday night performance. The full admission price must be paid on Friday and Saturday, April 3 and 4.

Hicksville residents eager for a night of enchantment are invited to come to see The Wiz do her magic at Hicksville Junior High School in April.

## Legionnaires' Log

By GREG BENNETT

Charles Wagner Post #421, Hicksville

A belated congratulations to all Legionnaires who received recognition on Awards night held on March 13. Commander Christo, PC Artie Rutz and PG Wes Tietjen and others worked hard to set up Awards Night. Many tasks from typing award certificates to carrying the podium and colors up stairs were completed before the ceremony.

A Vietnam veteran recently asked me who cares about what he did for his country. My reply was, "I care, we care, America cares and the Legion cares." One of the greatest readjustment tools is to belong to a veterans' organization and share your military experiences with veterans of all ages. There is a common bond between veterans that only veterans can understand. We appreciate our freedom and enjoy the fruits of democracy because we defended these truths when our nation called.

The above mentioned Viet vet was brought into the VA for post-traumatic stress treatment. The Medical Administrator told his family to leave that the vet would be admitted. The veteran told the night psychiatrist that he drank beer that evening. The psychiatrist then termed the problem a detox-alcohol problem and veteran was told to come back the next day. So the vet is put out on the city streets and directed to a city shelter.

On Saturday evening, March 21, the 26th Annual Military Ball was held at the Amityville Post. The pageant was impressive with Post Commanders and Colors along with Auxiliary and S.A.L. passing in review. The National Anthem and God Bless America was sung by all. The Eleventh Hour Ritual was conducted by Chaplain Frank Tucker. PC Artie Rutz and Sgt. At Arms Greg Bennett almost put in for flight pay as we had to wait with the colors in a crowded stairwell for about 15 minutes. Harry Christo and Artie Rutz stayed perfectly in step during the review. A great time was had by Legion members Harry Christo, Artie Rutz, Arlene Howard, Greg Bennett and Wes Tietjen. It was also a great sense of pride to see Dick Hochbrueckner and Ray Gamble along with their wives to be introduced with the Legion County Staff.

PC Frank Molinari and the Memorial Day Committee continue in preparation for the parade and service. Next committee meeting is April 15 at the VFW. Remember Commander Christo needs the support of individual Legionnaires on this solemn occasion. Legion teamwork combined with other veteran and community groups means our comrades who served, suffered and died will be honored by a grateful community.

It has come to my attention by a most prominent member of the local veteran community that on Memorial Day the VA National Cemeteries place the National Colors on the graves on POW's who died during internment in the United States or were killed during naval engagements off our coast. This is a topic that can be debated all night. These men were fighting men and not war criminals. I once met an English grandmother whose son was buried in an American Cemetery in Italy. She said, "God Bless you Yanks, you always decorate Johnnies' grave on Remembrance Day."

The National Convention is being held in San Antonio on August 21-27. A belated happy St. Patrick's Day to all Legionnaires of Irish decent.

This column is dedicated to Army Air Force ace Major Thomas B. McGuire Jr. who served with the 475th Fighter Group flying P-38 Lightnings. McGuire had over 30 victories in the Pacific Theater.

## Legion Post 421 To Host Memorial Day Parade

On Monday, May 25, 1987 Charles Wagner American Legion Post 421 will be hosting the Annual Memorial Day Service and Parade. Any civic, fraternal or veteran organization wishing to participate in the parade please contact Frank Molinari at (516) 935-1934 or Wes Tietjen at (516) 935-5251 or Greg Bennett at (516) 938-9385.

On Wednesday, April 15, 1987 at 8:00 p.m.

there will be a Parade Committee meeting at the VFW, 320 South Broadway in Hicksville. Representatives from participating organizations are asked to attend this meeting.

Let's work together to make our Memorial Day Service and Parade a suitable tribute and honor to those who have made the Supreme Sacrifice in defense of our nation and freedom.

For the last time, post leaders strike and prepare to furl the colors at the American Legion Post on East Nicholas St. Commander Harry Christo and Past Commander Arthur Rutz (right) did the honors to Old Glory after the Charles Wagner Post 421 sold its 50-year old clubhouse, recently, to the Long Island Abundant Life Chinese Christian Church. Pastor David Wong's congregation has been in Hicksville almost 10 years, having services at Parkway Community Church and Redeemer Lutheran.

### Atta Way To Go, Rick

**Betty and Bill Minardi** have a son-in-law that is just about the best college basketball coach in the country. **Rick Pitino** husband of **Joanne** has brought **Providence College** to the "Final Four". This is quite a feat for Rick as it is only his second year with Providence. Last year **Howard Finnegan** predicted that he would bring his team up to the top—and he had a fantastic first year. And now, this Saturday, Providence will be playing Syracuse at New Orleans. Absolutely marvelous! Rick is a graduate of St. Dominic's and his parents **Charlotte and Sal Pitino** still live in Bayville.

We wish **Rick** and the **Friars** all the luck in the world — and whatever the outcome — we're really proud of this fine young man. Go for it, Friars... We're all rooting for you.

## Please, Oh Lord!

My hopes began to fall  
As I sat against the back wall  
My life is only full of pain  
I wonder if I am still yet sane

Then my mind began to shout  
There's only one possible way out  
Then I did it, yes, I left  
This lonely world of horror and theft  
No more pain and trouble to go through  
But then my mind far away flew

Parties, good times, and fun I now lack  
Please, Oh Lord, let me come back!

## Early Learning Center Visits Hicksville Fire Department

The children of the Early Learning Center, special education class at Woodland Avenue School had a very exciting visit to the Hicksville Fire Station. The children were greeted by "Fireman Jack" who helped them

to try on real fireman's hats and oxygen masks. Back at school, the children, under the direction of their teacher, Mrs. Specht, painted a fire scene and made shoe box fire engines.

TOPROW: Thomas Becker, Joshua Moy, Allen Scholl. Bottom row: Brian Saltz, Moe Murphy and Ryan Proffe. All proudly show their own fire engines as they sit in front of the fire scene they painted.

**FIRST GRADERS AT Willet Avenue** using their sense of taste to sample a variety of green fruits and vegetables. Front row: (l-r) Melissa Flynn, Melissa Sarno. Back row (l-r) Scott Goodwin, Jeffrey Brousseau.

## Tasting Of The Green

On Tuesday, March 17th, the first grade classes at Willet Avenue School participated in a health nutrition activity. Under the direction of their teachers, Mrs. Milburn, Mrs. Stewart and Mrs. Herzlinger-school nurse, each child was able to taste many uncooked green vegetables and fruits. The children discovered that they actually enjoyed these foods in their natural state. Some of the more interesting samples were peas in their pods, asparagus and kiwi. The first grade class mothers worked very hard to make this 'tasting of the green' an enjoyable learning experience.

## Fork Lane Fourth Graders Study Indians

The students of Ms. Collins' fourth grade class, in Fork Lane School, completed their interdisciplinary unit on Indians. The culminating activity was, "Indian Investigations."

Each student chose one Indian tribe, other than the Long Island Algonquins, to research in detail. The students located information about their tribe in the areas of: food, shelter, clothing, transportation, government and tribal life.

Andrew Etergineoso, David Nelsen, Robert DiCerbo, Jennifer Murray, Brian Zeiders, Scott Levy, Scott Schubert and Vincent DePaoli each made or drew a replica of the Iroquois long house. Some of these structures were so authentic that the roofs could be removed and viewers could see samples of Iroquois tools and household belongings.

Eileen Hayden and Joseph Ching studied the Hopi Indians, of the Southwest. Both Eileen and Joseph made posters depicting the tools, pottery, weapons, and houses of the Hopi.

Kim Spiegel and Priti Tewari reported on the Pueblo Indians, also of the Southwest. Kim made a diorama of the Pueblo village and Priti showed examples of clay pottery, jewelry, shelter and clothing.

Keith Carpenter researched the Mandon Indians and constructed a large replica of a Mandon teepee.

Kathy Tomolonis studied the Cherokee Indians and described how this tribe tried to conform to the white man's laws and way of life. Annmarie Fulfar also chose the Cherokee. Annmarie went into detail explaining every aspect of Cherokee life.

Sarah Beaulieu chose an unusual tribe to the Northwest, called the Tlinget Indians. These Indians had a very different way of life in comparison to the Algonquins, which the entire class had studied. Sarah made a clever peep box that showed us what a Tlinget village would have looked like.

Merry Senn chose the Pamlico tribe. Merry's report was filled with drawings of the tribe's clothing, pottery, houses, tools and art work.

Ricky Gonzalez reported on the Sioux Indians of the plains area in the United States. Ricky made a Sioux teepee and informed the class of his tribe's way of life.

The class enjoyed sharing their reports and projects with one another and will take great pride in displaying their work for expo, in May.

# News From The Galileo Lodge

By JOSEPH LORENZO, HISTORIAN

## PRESIDENT JOE GIORDANO'S MESSAGE:

"Etiquette means behaving yourself a little better than is absolutely necessary." Old Saying

We all have heard the expression 'running like clockwork,' which pertains or implies anything or anybody associated with precision and accuracy. Well, I'm trying to draw an analogy here between the precision of other things and people and the Galileo Lodge. The dances, events and affairs of the Galileo Lodge are run like a clock, even methodically and impeccably, if you will. And this past Saturday, the 21st of March, the Galileo Lodge held its St. Joseph's Dance in a precise way, just like it has done in the past.

As I said, just like clockwork, events come and go. Then in April, a Saturday, the 23rd, the Galileo Lodge will present its 'Fifties-Sixties' Dance, and as you can imagine here, the program will feature the songs and medleys that were made popular by singers and groups. Tickets sell at \$10.50 per person, a very nominal fee that also offers you, in addition to the show, a delicious hot dinner, beer, soda, coffee and cake, set-ups and music from disc jockey Bill Trotter. The show will feature the very popular song stylists called The Exceptions who will razzle-dazzle you with their arrangements of fifties-sixties music. John Cannizzara will 'chair' this dance, ably assisted by Tony Sica and Vito Grippi. Please note here that a 'bring-your-own-liquor' policy will be in effect that night and that the admission age for this dance is 21 years of age or over. Tickets will be on sale April 1st and they will be sold on a 'first-come-first-served' basis. As they say, theme dress is optional also. So for a real swinging rock and roll dance, this dance has to be on your 'must-attend list.'

Then on Saturday, the 23rd of May, the Ladies Auxiliary, who are really used to doing things in an exact and punctilious way, will hold a Testimonial Dinner-Dance in honor of Mary Monteforte, ex-President of the Ladies Auxiliary for a good number of years. There will be good food, good music and good times for all those who attend. I can say that a delicious hot dinner with all the trimmings will enhance the proceedings, then add beer, soda, coffee and cake, set-ups, music and the congenial atmosphere evoked by the Ladies Auxiliary and you have a first-rate dance on your hands. Mary Monteforte was a very popular leader of the Ladies Auxiliary and I am sure that her family and friends will be there to wish her the very best and to extend their sincerest thanks. More on this event will be forthcoming in this column, so just keep your eyes peeled for it.

Today we are living in an ethnic-conscious environment. All ethnic groups want recognition, they want to hold steadfast to their traditions and culture. Ethnic groups band together, because in unity there is strength. So this is what the Galileo Lodge is all about. If ethnicity is important to you, and I imagine it is, why not contact the Galileo Lodge and inquire as to its principles, goals and aspirations. Find out how and if it can help you retain the values that are a part of your culture and experience. Of course America is our country, and we never lose sight of that, but our blood cries out for the preservation and perpetuation of our ethnic considerations. America is a melting pot, and every ethnic group wants its place in the sun. There's nothing wrong in this ambition, in fact it's rather admirable. So why not call 931-0351 and speak to an officer or a member of the Galileo Lodge, or perhaps you can visit it at 200 Levittown Parkway, Hicksville and see with your own eyes what may be in store for you in the event you are looking for an ethnic organization to join.

## Dental Hygiene At Lee Avenue

Miss Javorowsky's 3rd Grade Class at Lee Ave. School got a lesson on Dental Hygiene from Christine Zino and Diana Backer, students from SUNY at Farmingdale.

The children saw a video with Charlie Brown on the correct way to care for their teeth, like proper brushing and flossing. They were taught all about the Good Foods and Bad Foods, all about plaque, cavities, X-rays, the different teeth and their correct names and what jobs they do. The children asked a lot of questions and got a lot of answers.

The children all received disclosing tablets to use after brushing to see where there was still plaque left. They also received free toothbrushes.

## Midland Civic Assoc. Gert Paul Plays "Role Model"

By GERT PAUL

On March 11, the Midland Civic Assoc. Executive Board played host to an "ad-hoc" committee from the Burns Ave. area, who were seeking information on how to form their own Civic Assoc. The impetus for this was the threat of closing the Burns Ave. School. Suddenly, the community realized how important it is to have an organized group "at the ready" when a community crisis occurs. Larry Weinstein, President of the Midland Civic Assoc. and Ellie Draycott, Vice-President, were very helpful and the entire board was generous in both time, expertise, and sympathy for the Burns Ave. group. The Midland Civics remember all too well how urgently they organized against the "White Castle" threat and vowed never to be caught unaware again. The more, strong civics in Hicksville, the better the town will get.

The beautification committee gave a progress report. After a meeting, it was decided to contact Garden shop's for a volunteer to landscape the triangle at Nevada and Bay area. A tour was taken of streets off Bethpage Rd. where great amounts of rubbish such as

mattresses and a refrigerator are strewn about. Pictures were taken, and the names and addresses of delinquent property owners were gathered for possible future action. Now that spring is here, the committee expects a lot of movement in beautification.

Ellie Draycott reported that there are still problems with trucks on Andrews Rd., and with the three truck traffic between Bay and Bethpage Rd. She plans to discuss this and other civic problems at a town board meeting.

A nominating committee headed by Eileen Richards has been formed. Notice of nominations for the 1987-88 season will be distributed via a newsletter.

There will be a 15 minute period during the next meeting where members can ask questions. We want more input, and the Midland Civic Assoc. stands ready to support its members for our community good.

The Burns Ave. visitors had a good overview of how a civic assoc. works. We hope it will help them!

The Injuns of Woodland Avenue School enjoyed the Long Island Indians program of Gregory Museum Historian Richard Evers, recently. Standing in front some of the many algonkian Indian projects and decorations of their room are the fourth grade students of Mrs. Barbara Meyer. Hicksville fourth graders each year are immersed in the social study of Long Island Indians and receive much study reinforcement and enrichment from the Gregory Museum slide photo lectures and 'hands on' contact with genuine Indian artifacts.

## **Letters From Our Readers**

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed; a typed name at the bottom will not suffice; they must include an address and telephone number so that we can verify their authenticity.

We receive many very fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

The following letter is an Open Letter to:  
Mr. Gordon M. Ambach  
Office of the Commissioner of Education  
EDUC8  
Albany, NY 12234

The following comments are made in addition to those of Andrew M. Jackiewicz to Gov. Cuomo, concerning the proposed sale of the Burns Avenue School in Hicksville, N.Y. "Hicksville Illustrated News" dated 3/10/87.

Dear Commissioner Ambach:

At the last meeting of the school board on March 18 at the Administration Bldg. in Hicksville, there still appears to be determination by the Board to divorce itself of valuable school property in order to buy a balanced budget.

Claims were made that assumed by selling the Burns Avenue School and property, great savings would be gained by the elimination of all employees at the school. No mention was made that many, if not all employees would no doubt be absorbed into the remaining school system.

The Burns Avenue complex seems to be the main target of the Board, in anticipation of the "sugary" deal that will be forthcoming from the Delco Corporation. Many heads are being swayed by the temporary "fix all" to the educational financial problems. If this proposed takeover should take place, it will be to the sorrow of those who are responsible for the education of our children further down the road. Declining school attendance now is only temporary in this growing Long Island area. Plants and factories are springing up all over the island, as are the very shopping centers that are threatening us. Along with this come more jobs, more people and more children.

Another point not covered in the discussion to date, is the loss of the property adjoining the school. This is the only playground for young children as the larger, Cantigue Park is beyond walking distance. Those children who now play in the playground will now play in the street or possibly in the proposed parking lot or bus terminal. Housing values adjacent to the terminal will have lost their present value.

The homes in the Burns Avenue district have been steadily attacked by **land zoning** in recent years from all sides. On the West we were threatened by the proposed Maco Auto Painting facility. To the South, the beautiful property of Jones Institute has been replaced by a trailer **dumping ground**. To the East, a proposed **Disco** was defeated and now a parking lot and/or bus terminal, partly to the North by a cleaning store, gas station and fast food establishments.

Burns Avenue School and playground is public property and we must preserve it now and in the future. Let those in other school districts be aware that your school

may be next. Help us to vote this proposal down should it ever come to referendum. Help us, Mr. Ambach, to stop this reckless abandonment of valuable public property.

Alfred L. LaVorgna

To The Editor:

My husband and I are in our late twenties and recently purchased our first home in the Burns Avenue School area. I attended the March 12 and March 16 meetings regarding the neighborhood's concern of the Delco proposal to purchase the Burns Avenue School property. I would like to say that never have I been so proud to live in such a community. The turnout of people not only an asset, but our determination to keep the school open for our children is certainly agreed upon.

Burns Avenue School is in excellent condition, the school ranks third in high enrollment and it is the only public meeting ground for citizens within the area. Many new young families are moving into the area and existing homeowners are enhancing the beauty and value of their homes. Surely even the thought of such a sale would ultimately have damaging effects on the overall area as well as Hicksville in its entirety. Potential buyers looking to purchase homes will perceive Hicksville as a congested, overgrown environment and the desire to raise their children in such an environment will be unfavorable. Broadway and artery roads would have enormous traffic problems. And, because of this growth in the flow of traffic into and out of Hicksville, an increase in crime can harm our town.

It is imperative and I encourage all Hicksville citizens to attend the scheduled meetings on this issue so that all opinions can be heard and together we can see this ludicrous proposal to the end.

The restoration of Mid Island Plaza by the new owners can afford the public an attractive shopping mall, but Delco must learn and will have to work with the land it presently owns. Delco must turn its eyes off of our school property—it is **not** for sale.

Valerie Hilton

The following letter, sent to the president of the Hicksville School Board, is being published upon request:  
Mr. Bennett

After attending the Board of Education meeting on March 16, I came away very angry, confused, and disheartened.

Mr. Bennett, you spoke of your children walking to school, but you never said how close you live to school or what main roads your children have to take. Even before my children were old enough to go to school, I've been fighting transportation to no avail. In the last 16 years that I have lived in Hicksville, we lost extended transportation, elementary foreign language and guidance,

Hicksville resident Valerie Scibilia (center) with Mara Peck and Gabrielle Wiener at a recent meeting of the Delegation of Long Island Business and Professional Women, a group of managerial, professional, and executive women whose goal is to provide for the continued advancement of women in business and the professions through the development of educational and counseling programs. People interested in information on this group are invited to call its president, Eileen Mulvey at 234-4493.

and math programs. Considering the fact that our enrollment and student programs are decreasing, it is evident that something is wrong. Our taxes are increasing, I am getting less for more; this can happen only in Hicksville.

Please remember that our children are our greatest asset and their safety is of paramount importance. We must help them progress, not regress. Please leave ninth grade level transportation where it is presently.

I believe that if each Board member had to walk two miles a day to and from work in the rain and snow or when they were not feeling too well or were just plain tired, that they would have a much greater understanding of our plight.

Mr. and Mrs. R. Fleming

To The Editor:

Recent notoriety and rash of law suits overtaxing our courts and hindering the processing and expediting of criminal cases resulting in indirectly the overcrowding of penal institutions.

Recent law suite Re: "Eddie Murphy" and more notably "Baby M."

It seems to be the mode today to proceed with law suits against anyone and everyone. Most people don't see justice in their eyes, all they see are "dollar signs."

We the taxpayer, including plaintiffs and defendants most suffer unnecessarily the costs of these law suits e.g. pay to jurors, judges' salaries, court employees' pay, courtroom overhead expenses etc.

May I offer a possible solution? All previous mentioned costs should be borne by both parties in a law suit regardless of who wins or loses. When law suit participants realize what it will cost them, they may have second thoughts about instituting court action. It's worth a try.

Ralph A. Cerbano, Jr.

To The Editor:

Each week I read your articles and enjoy the pictures of Hicksville the way it was and the way it is now. Although I have lived in Hicksville for only 17 years, I can remember visiting this town 30 years ago. As a child coming from South Jamaica, I thought Hicksville was the country and looked forward to spending my day in a backyard with friends and enjoying the trees, grass, and flowers.

I am saddened, however, by how much our town is changing and how we are letting go of the very things that brought families and young couples here to begin with.

The town board is approving the construction of commercial buildings all over town. The zone changes allowing private homes to be zoned for business. The renters who are renting single family homes to

several families. The traffic from the railroad station. The litter from the plaza and surrounding fast food restaurants. The spot building on any empty lot. These are only a few of the changes taking place. But they are changing and very quickly. Just look around you—the changes are obvious.

I don't know how many people know of South Jamaica, but I can tell you it was not always the way it is today. It was at one time filled with families enjoying their friends, backyards, trees, and flowers. Will Hicksville suffer the same fate? I hope not. I would like to see my three children enjoy the Hicksville I remember.

### Powers Of Attorney and Advance Directives In the Event of Future Disability

By KATHLEEN TRUM

The power of attorney has long been recognized as the legal instrument by which one person may authorize another to act for him or her in numerous legal and business transactions. The person giving the authority is known as the principal while the person receiving the authority is known as the attorney in fact. The traditional power of attorney may authorize the attorney in fact to perform on behalf of the principal any or all of the following transactions: business operations, securities, commodities, estate and trust matters, personal property, claims and litigation, benefits from military service and banking matters.

When the power of attorney expressly provides that it will remain in effect if the principal should become disabled or even incompetent, it is known as a durable power of attorney. The durable power of attorney has become increasingly recognized as a valid and economical method by which individuals may provide an advance directive for caring for themselves and their property in the event of future disability. Such high regard is given the durable power of attorney that the courts will refuse to appoint a conservator for a disabled person where the person and his or her property is being adequately cared for in accordance with the terms of the principal's advance directive.

The durable power of attorney should therefore include authority for the personal care of the principal, the designation of a conservator under express circumstances, powers concerning pension and retirement funds, social security matters, tax election, and health care decisions. The designation of the attorney in fact is critical in the durable power since their authority will presumably continue until the death of the principal. A family member is generally the appropriate person to serve as attorney in fact, however, any adult person such as an attorney or trusted friend may also be selected.

The advantage of a durable power of attorney is illustrated in circumstances of banking transactions and the creation of joint accounts of convenience. Although these accounts are often created solely to enable one person to withdraw funds from an elderly or disabled persons account, needless litigation has resulted concerning actual ownership of the proceeds of the account. Since upon the death of the depositor the joint tenant becomes the owner of the entire account, a convenience account may result in a gift where none was intended. Thus, through the use of a durable power of attorney, the attorney in fact has complete authority to conduct the principal's banking transactions while the funds remain solely in the name of the principal.

In summary, the three areas of consideration in the creation of a power of attorney are (1) the designation of the attorney in fact, (2) whether the power will remain in effect after disability or incompetence of the principal, and (3) the scope of authority granted to the attorney in fact. As with any legal document, a person contemplating the use of a power of attorney should seek qualified legal advice to determine that this vehicle will serve their personal and financial circumstances.

## Letters From Our Readers

To The Editor:

The recent unfortunate and untimely deaths in Bergenfield, New Jersey have aroused the public to the problem of adolescent suicide that many professionals, psychiatrists and educators have been agonizing about for some time. Multiple causes, both individual and societal, have been advanced by both professional and lay groups including the schools, parenting, television, alcohol, drugs, peer pressure, current economics, unemployment, etc.

Many of these teenagers can be helped with increased communication regarding the nature of the illness and the availability of help in a multitude of ways - peer groups, suicide prevention telephone numbers and clinics, school counseling, individual and group treatment with mental health professionals in both an outpatient and inpatient (hospital) basis.

Publicity, while undoubtedly helpful, is a two-edged sword. The phenomenon of the increased incidence of suicide with publicity of a particularly shocking event or that concerning a public figure (the so-called "contagion affect") is well known (and unfortunately already operative in the Bergenfield incident).

Perhaps we can learn from the extensive detail of the publicity given to the Bergenfield suicides. The four teenagers who together killed themselves, left notes asking that they be "waked and buried together." This request was not honored by their parents and they were waked and buried separately.

I believe especially because of the publicity involved, this is an important point to be stressed with teenagers and other potentially vulnerable groups. It may be obvious to most of us but not to the potential suicide - death is permanent...we lose all power to control our destiny. This

is only possible (no matter how badly we feel) if we are alive, but death as far as we know ends all this.

Various studies have shown the ubiquitous fantasy among those who attempt suicide, that if successful, somehow they will continue to have thoughts, wishes, and feelings which will be honored by those around them and they will somehow be around to observe the consequences of their acts in the people around them.

The failure of this fantasy is brought home in many ways, but most poignantly in the failure of Bergenfield suicides' dying request that seem to involve a reunion after death. One needs to be alive to get one's wishes met. This must be stressed whenever a story such as this needs to be published.

## A Letter from Lulabelle...

...It all started because I was thinking about waxed paper—do you remember waxed paper?—Does it still exist?...Years ago all of our sandwiches for school or picnic—and all of the leftovers were carefully wrapped in waxed paper—it came in a blue and white box and had a metal tearing edge just as boxes do now...We carefully wrapped things and made what was called a "drug store fold" where the two ends joined because these waxed papers did not adhere to each other...this was long before foil and its wonderful qualities of fastening tightly around things—in fact, the only thing approaching foil was the wrapping on Hershey bars and many of us saved it and made huge balls...and can you believe—no paper towels!...We drained the bacon on a brown paper bag and we used the dish towel for our hands...Spills were wiped up with a "dish cloth" (I have friends who still prefer them) not a plastic sponge...and there were no plastic garbage bags—we all used the brown paper bags from the grocery for our garbage, and, of course, they always leaked and tore—and it was a fiendish mess...I once went to hear an older Girl Scout leader speak, and, in the course of her talk, she said, "Can you imagine that I was a Girl Scout and we did handicrafts from objects from around the house, and that was before foil, those cute baskets that little round tomatoes come in, and plastic Clorox bottles"...You can understand that it was the dark ages!!

Yours, Lulabelle

### What The Politicians Are Saying

GOVERNOR MARIO M. CUOMO has announced that the average number of job openings in the Long Island region will total 164,000 annually for the period 1987-1989. While most of the openings will be the result of occupational and geographical transfers and separations from the labor force, 37,600 new jobs will be created during the two year period.

STATE SENATOR DEAN SKELOS has announced that both houses of the legislature have passed a measure he sponsored that, if signed into law, would allow those over 76 years of age, if they so desire, the opportunity to serve on juries in New York State.

"As the current law states, once a person turns 76, he is no longer eligible to serve on a jury. This is ludicrous. If Ronald Reagan lived in New York, he would be allowed to serve as the President of the United States, but he couldn't serve as a juror."

ASSEMBLYMAN JOHN C. COCHRANE will co-chair the Long Island Project 2000th Taxation Advisory Panel, it has been announced by co-chairmen NASSAU COUNTY EXECUTIVE THOMAS GULOTTA and ACTING SUFFOLK COUNTY EXECUTIVE MICHAEL LOGRANDE.

Mr. Cochrane is the ranking minority member of the Assembly Ways and Means Committee. He will advise and coordinate the activities of the Taxation Advisory Panel which will analyze Long Island's current tax structure and examine ways to reduce the tax burden of its residents.

STATE SENATOR MICHAEL J. TULLY, JR., has announced Senate approval of a Medicaid Waiver Demonstration program. New York's Medicaid eligibility requirements often force the spouses of elderly recipients to make financial sacrifices in order to obtain needed medical care. To encourage less costly at home care, the Senate passed legislation that would direct the Commissioner of Social Services to establish a federal model waiver program that would provide financial incentives to the spouses who would provide home care, when possible, avoiding costly and unnecessary hospitalization.

## Woodland Ave. Fifth Graders Visit Raynham Hall

Mrs. Starnes' and Mr. Mandel's fifth grade classes went on a field trip to Raynham Hall in Oyster Bay, a historical museum house. In this house, back in the 18th century, the Townsend family quartered British soldiers and lived there too.

On the trip the children saw many interesting things: Colonial chairs, trundle beds, foot warmers, a Kas and many others. They also went on a hunt for certain specific things on a list, designed post-cards and tried on some old bonnets and tri-cornered hats. The fifth graders enjoyed this trip. It was fun and interesting.

MEMBERS OF THE LONG ISLAND DIETETIC ASSOCIATION were present at a reading of a proclamation declaring March as "National Nutrition Month". Oyster Bay Town Supervisor Joseph Colby and Councilman Angelo A. Delligatti encourage their residents to make good nutritional choices at the market, at home and while dining out. Debra Wouffin and Suzanne Eckler, both registered dietitians, explained the dedication of L.I.D.A. to improving the health and well-being of Long Islanders through good nutrition and diet; advancing the science of dietetics and nutrition, and promoting education in these and allied areas. Pictured are: (L. to R.) Supervisor Joseph Colby; Debra Wouffin, R.D., of Plainview; Suzanne Eckler, R.D., of Hicksville; and Councilman Angelo A. Delligatti.

## FIREFIGHTER OF THE YEAR AWARD 1986

### EX CHIEF'S AWARD

Presented by the Hicksville Fire Department  
To

1ST LIEUTENANT JAMES CAMMARATA  
Independent Engine and Hose Co. 2

On Saturday December 6, 1986 at 1344 HRS the Hicksville Fire Dept. dispatcher received an alarm for a fire on Ingram Drive. The tones of the personal pager alerted 1st Lieutenant James Cammarata of Engine Co. 2 who was in the area.

Upon his arrival Lieutenant Cammarata found smoke issuing from a bedroom window. Alone and without concern for his own personal safety and at extreme personal risk to himself he entered the premises which by now was heavily charged with smoke. Lieutenant Cammarata made a quick search of the premises for any victims. Without the afforded protection of a mask, turnout gear or a charged hose line Lieutenant Cammarata proceeded to an upstairs bedroom where he confined and extinguished the fire with a garden hose.

Without his fast action and courage this fire would have extended to other portions of this home and created more extensive damage.

On June 23, 1986 at 2030 hrs the department responded to a rescue alarm for a 41 year old female in severe respiratory distress. The patient was transported in 939.

Enroute to N.C.M.C. the patient suffered respiratory arrest. While the crew administered artificial ventilation and medication the patient regained spontaneous respiration. The patient was stabilized and transportation continued to N.C.M.C. where she later recovered.

In this rescue effort, as in many others, it is the effort of the entire crew, as well as the A.E.M.T. that contribute to the success of the call.

## "Kollege Daze"

The Nassau Mid-Island Chapter of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America (S.P.E.B.S.Q.S.A.) is hard at work preparing for its 37th annual show, "Kollege Daze". The show will be presented April 24-25, at Chaminade High School, Mineola.

S.P.E.B.S.Q.S.A., also known by the shorter name, The Barbershop Harmony Society, is the largest male singing organization in the world, with more than 37,000 members and 818 chapters, located throughout the United States and Canada. It is a non-profit, charitable organization, that was founded in 1938 to perpetuate an old American institution, the barbershop quartet, with its unique style of four part close harmony singing. Men of all ages and from all walks of life participate, drawn together by a common interest in harmony singing and good fellowship.

In 1964, the Society adopted the Institute of Logopedics as its primary charity. The Institute treats people, mostly children, who

have serious speech defects, limiting their ability to communicate. The Society has contributed nearly six million dollars to help with this work. Funds are raised for this cause by putting on annual shows, and giving other singing performances.

The Nassau Mid-Island Chapter membership is drawn from towns all over Nassau County, and also includes some members from Suffolk and Queens. It is the only chapter in Nassau, and holds its meeting every Tuesday night at 8:00 p.m., at Winthrop Hall, Church of The Advent, 555 Advent Avenue, Westbury. Guests are welcome, and any man who likes to sing and can carry a tune may become a member. For information call 378-5137.

Tickets for Friday and Saturday night, April 24-25, are 17; discounted tickets, Friday night only, are 16 for students and senior citizens. Order tickets well in advance by calling 489-2644 or 938-1062; as the show is always a sell-out.

Supervisor JOSEPH

## COLBY COMMENTS

This month, and in the months to come, many of our local fire companies and departments will be having officer installation ceremonies setting forth the organization of each unit for the coming year as they prepare to continue their services: important work on behalf of local communities.

Volunteer firefighters are a special group of individuals who, while they may be unpaid, are certainly "professional" in their training and manner.

Many companies and departments are actively seeking new recruits and, in some cases, have not found recruitment easy. Our local fire fighting units rely on citizen volunteers. These people must be dedicated, hard working and willing to learn how to effectively use the equipment available to them. Hesitancy on the part of residents to join has led to an uneasiness about the future of volunteer fire departments.

As Town Supervisor and Chairman of the Nassau County Firematics Committee I have a strong, personal interest in a bill presently before the Senate (S.1071) and

Assembly (A. 1805) which would permit municipalities to provide insurance coverage to members of fire districts, village fire departments and not-for-profit fire companies. The bill is being sponsored by Senators Levy, Dunne, Marino, Skelos and Tully and Assemblymen Parola, Becker, Frisa, Hannon, Healy and Madison—all from Long Island.

This is not the first year that the Town Board will be acting on a home rule in support of this legislation. We have done so for the past two years in the hope that the Senate would grant the authority to provide this piece of financial security for our volunteer fire service members.

If you agree with me—that providing insurance coverage for those individuals who serve us in our hour of need is something worthy of your support—then I hope you will write to the Governor and locally elected State officials stating your endorsement of this bill.

Not everyone can be or wants to be a volunteer firefighter, but giving security to those who are and to their families is something we all can do.

## April 1 - Second Half of '86-87 School Taxes Due

Oyster Bay Town Receiver of Taxes Gary F. Mustello, reminds residents that the 2nd half of the 1986-1987 School Tax Levy is due on April 1, 1987 and may be paid, without penalty, through May 11, 1987, although you are urged to mail your payment at least 10 days prior to the May 11th date.

Hicksville, will be open to accept payments from 9 a.m. to 4:45 p.m. on May 4, 5, 6, 7, 8 and 11.

### Bring Tax Bill

When paying your tax bill in person residents are reminded to bring the entire tax bill with their payment. Payments being made by mail for the 2nd half of the year should include Stub #2.

The Tax Office will be sending a computerized receipt but you are advised to retain your cancelled check as additional proof of payment.

Mustello cautioned residents NOT to write on, cut, fold, staple or otherwise deface the tax stub as it can cause the computer to reject the payment.

### "Thou Shant Not"

If you want to incur a stiff penalty, just treat lightly the new complicated, disgusting, ridiculous W-4 and its companion W-4A. If you did what I did when I got it from CWV Post, you put it aside with revulsion. After all I have till October to fill it out so why rush? Your employer may require them sooner, but do not fill them out until after you have completed your 1986 taxes.

Why? Because the IRS has a bottom line rule. The amount withheld in 1987 cannot be less than the 1986 tax paid. If you want to withhold less because you figure your tax bill is going to be less, go ahead. If you are wrong, you will pay the penalty.

The government simply got tired of people who claimed huge exemptions, invested the money and paid up with their tax returns. Sometime in 1986 the IRS started calling in these people so they would justify their exemptions.

In true IRS style the solution to the problem was terribly complicated.

The disgust of the public drove people to their accountants, sometimes at high cost. I have heard of \$300 to \$400. Others have been told to claim one deduction and forget it. Too simple and you would trigger the penalty for underpayments.

The IRS commandment: Thou Shant Not Withhold Less Than Your Previous Year's Tax Payment.

To avoid the penalty and to fill out the W-4 is quite simple. It involved simple addition, subtraction, multiplication and division. About fifth grade math. You can use a hand calculator to follow the instructions and fill in the blanks below.

1) Keep the W-4 form and follow the instructions.  
2) Enter your U.S. 1986 tax bill  
3) How do you get paid? Enter the number of paychecks you receive each year

4) Divide #2 by #3 equaling

This is the least amount you should be deducting each period to avoid a penalty. Ask the payroll department how many deductions equals this amount of money for your tax status. Put the number of deductions they give you on line 4 of the W-4. Caution: If you are a two paycheck family you have to apportion the deductions. Just be sure the total withheld from all paychecks equals the U.S. 1986 tax paid.

It is now possible to see if we have to add any further. We may have withheld too little so far this year.

5) Write down your paycheck stub the Federal amount you withheld from each check so far this year

Compare this number with number 4 above. If number 4 is greater, you have to adjust because you are underpaying. If number 5 is greater, you are ok, you can stop. If not go on.  
6) Subtract 5 from 4. Result. This is the amount of the shortfall from each check this year to date.

7) To get the total shortage for the year to date, put down how many paychecks you have received so far this year

8) Multiply six by 7. This is your total underpayment this year so far. Now we have to find out how much to add to the withhold of each paycheck we will receive for the rest of 1987.

9) Add the number of paychecks to be received for the rest of 1987. (You can deduct number 7 from number 8).

10) Divide number 8 by number 9. This is the additional amount you must add to your withholding payment each paycheck to meet the IRS minimum. Put this number on line 5 of the W-4 withholding certificate.

Now even if you must pay additional taxes you will not incur the penalty. If you want to receive a larger refund, then increase the amount in line 5. The government will love your interest-free loan.

Oh! I did not mention the penalty that you should avoid. It is 25 percent of any underpayment below the 1986 top paid.

### LI's Booming Radio Market

"LI's booming radio market" to be featured at North Shore Business Forum Wednesday, April 1, at Prudente II Restaurant, Port Washington. Speaker, Paul Fleishman, president, LI Radio Broadcasters Association.

"Long Island's Booming Radio Market" will be the topic of the day for the North Shore Business Forum's luncheon meeting on Wednesday, April 1, at the Prudente II Restaurant, 57 Shore Road, Port Washington. Long Island Radio Broadcasters Association President Paul Fleishman will be guest speaker. The meeting will begin at 11:45. Please call 883-0930 for information and reservations.

The North Shore Business Forum, now in its fourth year, provides an on-going opportunity for business and professional men and women, especially those located at the western end of Long Island's north shore, to widen their contacts, promote their businesses and benefit from the exchange of ideas and practices. From the outset, Forum meetings have featured outstanding speakers who are experts in their fields.

Radio, whose power for years was usurped by television, has once more come into its own. In fact, on Long Island, radio now seems to be enjoying golden years, not of age but of affluence, for, according to one expert, the dollar value of Long Island's radio advertising this year is well ahead of business in general.

Paul Fleishman, a native Long Islander and radio man to the core, has experienced this, to him, happy phenomenon hands-on. Joining WGSM, Huntington, in 1970 as a parttime production assistant, he remained in various capacities for 17 years, thus experiencing all phases of radio station management and operations. Now Director of Sales as well as Assistant General Manager, he also teaches at Adelphi where he has been on the faculty of the Communications Dept. since 1979. Even his spare time is given over in large part to radio interests due to his responsibilities as President, now for a second year, of the Long Island Radio Broadcasters Association. It seems safe to conclude that if anyone can interpret to Long Island Business men and women the ramifications of Long Island's booming radio market, Paul Fleishman is the man.

## Free Blood Pressure Screenings

Syosset Community Hospital invites community residents to take advantage of its free Blood Pressure Screening, held in the Hospital lobby at 221 Jericho Turnpike, Syosset, from 2 to 4 p.m. on the first Thursday of each month.

High blood pressure, or hypertension, effects one of every four Americans. If left uncontrolled, the condition can lead to stroke, heart attack, and early death. Certain factors increase your risk of developing high blood pressure, including advanced age, a family history of hypertension, obesity, use of oral contraceptives, drinking, heavy salt intake, cigarette smoking, and chronic stress. But once high blood pressure has been detected, it can be controlled by eating right, cutting down on sodium, exercising, and taking medication regularly. A few minutes at Syosset Community Hospital on Thursday, April 2, may help you to live a longer, healthier life.

For more information about Syosset Community Hospital's free screenings, as well as support groups, lectures, and community services, please call the Department of Public Relations at 496-6433.

## DEADBEATS

Real estate professionals will soon have an added way to help determine the background of prospects. It's going to be harder for unqualified borrowers to sign up for housing loans soon because, under new regulations, lenders now have to report mortgage defaults to credit agencies, which keep tabs on who's who.

Our experienced real estate professionals have a pretty good record of separating the deadbeats from the live prospects. Our thorough qualifying interview really identifies who can afford what, and then we go a step further to determine what kind of home they want for their money. That's how we can match buyers and sellers so well.

Pity the poor homeowner who tries the do-it-yourself approach. It's hard to ask strangers about their finances - and harder yet to get straight answers. And an "Inventory" of just one house limits what you can show and sell.

ZUMWALT AND STALLONE

### OVER THE TOP

Sylvester Stallone applies his "Rocky" story formula to the world of arm wrestling. It's strictly low-brow schmalz with Stallone as a truck driver who takes on some heavy competition at the arm wrestling championship bouts in Las Vegas. He also establishes rapport with his teen son and overcomes his powerful father-in-law Robert Loggia. The climactic face-off with a fierce opponent (Rick Zumwalt) is merely predictable. Arm wrestling just does not carry the impact of boxing. (PG)

### MANNEQUIN

Charmless, plodding comedy about a young man (Andrew McCarthy) who falls in love with a department store mannequin. The mannequin, played by Kim Cattrall, comes to life when the couple is alone. But the movie never comes to life because of an uninspired script and poor direction. "One Touch of Venus," the 1948 film starring Ava Gardner, covered approximately the same ground with much more enchantment. Estelle Getty and G.W. Bailey are in supporting roles. (PG)

HUGO SOTO

### MAN FACING SOUTHWEST

A compelling, thought-provoking drama from Argentina about a mysterious, mental hospital patient who claims to be from another planet. A psychic diagnosis is challenged when the patient (Hugo Soto) reveals mystical powers, amazing musical talent and an extremely high IQ. The film is presented in similar spirit and intent as "King of Hearts" and "Cuckoo's Nest" in questioning the definition of sanity and eliminating the abuse of authority. Lorenzo Quinteros also stars as a perplexed psychiatrist. In Spanish. English titles. (R)

### GOSPEL ACCORDING TO VIC

Tom Conti stars in this whimsical Scottish comedy about a non-believer who teaches in a religious school. When he survives a rooftop fall without injury, he finds himself in the ironic position of becoming a tool by which officials hope to elevate the school's namesake to sainthood. The film has its quiet charm which is mitigated by a lack of warmth and underdeveloped strands of drama. Helen Mirren co-stars. (PG)

Opening lead — king of diamonds.

This deal was played in New York in the 1956 masters team-of-four national championship. Harold Ogust, partnered with Boris Koytchou, opened one club. West doubled and North redoubled. When this rolled around to West, he bid one diamond, over which Koytchou said one heart.

Ogust decided to bid only two clubs at this juncture. The heart bid hadn't improved his values one iota, since he was void of the suit, and he was furthermore confident there would be much more bidding.

There was. West said two diamonds and Koytchou then bid three diamonds to indicate a void. Ogust, having stayed under wraps up to this point, jumped to six clubs. North's cuebid had strongly implied at least moderate support for clubs.

East thought six clubs would be made, and now took the unusual step of bidding six diamonds as a vulnerable sacrifice against non-vulnerable opponents.

Ogust promptly ventured seven clubs. He was unwilling to settle for what seemed to be a small penalty when he thought there was a good chance of making a grand slam.

Actually, he had no trouble scoring 13 tricks. He ruffed three diamonds in dummy and discarded one on the ace of hearts. Point count didn't mean much in the hand. North-South together had only 22 high-card points; West had 18, and East had what was left.

In our view, West made a very poor opening lead. He should have realized, holding an impressive 18 points, that both opponents were bidding largely on distribution, and had undertaken a grand slam based on the hope of making it against an opening diamond lead. It was virtually certain from the bidding by North, East and South that dummy would show up with no diamonds.

West therefore should have led a trump originally to try to reduce Koytchou's ruffing power. Had he done that, he would have defeated the contract.

### At Hofstra: Pyser Quits

Hofstra women's basketball coach Harvey Pyser announced his resignation two weeks ago, after ten years coaching the Lady Dutch. A search will begin immediately for his replacement.

"There really wasn't much choice in what I had to do," Pyser told senior sports editor Tim Burt of the Hofstra Chronicle. "I was being forced into a situation in which there wasn't much I could do." Pyser resigned 75 days after Hofstra athletic director Bob Getchell resigned his post effective next New Year's Day.

"Harvey has been an asset to the Hofstra athletic department for a decade, said women's athletic director, Cindy Lewis, "and has been a major force in the growth of our women's basketball program."

Pyser compiled a 162-131 career record, but that included three straight under-500 seasons, including this year's 9-19 debacle. His 1983 Lady Dutch posted a 27-9 record, captured the EAIAW regional title and qualified for the AIAW national championship. During his ten years in Hempstead, the coach compiled more wins than any other in Lady Dutch history.

### At Southampton: Schedules

Southampton College's women's softball team opens up the season with a formidable competitor—its parent campus, Long Island University at Brooklyn. The two LIU-system teams will battle on the East End in a March 30 doubleheader at 2:30 p.m. From there, the Southampton swingers will visit the College of Staten Island on April 4; the next day, they host Manhattanville College at 1 p.m. Peter Santacrose is the head coach.

The Southampton men's tennis squad opens up March 28, hosting New York Tech at 1 p.m. They face Dowling College two days later, at 3:30. The squad, coached by Cindy Corwith, start off April at Old Westbury College (April 1, 4 p.m.), host Stony Brook on April 4 at

1 p.m., and host Fairleigh Dickinson University April 5 at high noon.

The laxers, coached by Bryan Savage, take their lacrosse sticks to Adelphi University in Garden City Saturday at 2, then return home to face SUNY/Oswego at noon. April 1, the team will host Fairleigh Dickinson University, with the match starting at 4 p.m.

### At Random: Sports Items

Hofstra basketball coach Dick Berg is getting around in a big way this spring. Berg has been selected to receive the Merit Award, presented by the National Association of Basketball Coaches of the U.S., at the NCAA Final Four this Sunday in the Grand Ballroom of the New Orleans Sheraton.

Berg has also accepted speaking engagements to address various groups in Finland and Holland this spring. He will speak in Helsinki, Finland May 23 and 24, to the National Basketball Coaches organization at their annual coaches clinic. While in Helsinki, Berg will also address the Finnish Sports Federation May 27 and 28 on "Organization and Planning for International Travel of Athletic Teams."

In early June, Berg will make a presentation to the Netherlands Coaching Federation on "Motivation in Athletics," very appropriate for coach of a team nicknamed the Flying Dutchmen.

The 45-year-old Holbrook resident has been active in international basketball circles since 1971.

In other news, Hofstra quarterback Al Squeri was recently named the winner of the Iron Mike Award for most valuable player on the Hofstra football team. He was presented with the award Friday at a press conference at the Long Island Marriott Hotel in Uniondale. Squeri emerged as one of the top quarterbacks in the country last season, being ranked in the top ten nationally in passing efficiency while leading the Dutch to a 9-1 regular-season record.

The Patriots are still interested in hearing from high school aged players who are interested in competing for an intercollegiate team after they successfully complete their high school education. You don't have to be the best player on your team, or in your organization, to play hockey at the University. You do have to be willing to work hard, in the classroom and on the ice. If you want to know more, please contact head coach George Lasher at 516-368-2284.

No Nassau teams won state basketball championships this year. South Side went to the Class B finals thanks to a number of exciting comeback victories. The Cyclones lost the final to Nottingham High of Syracuse, 76-67.

Hempstead, which has a remarkable 101 game league winning streak, lost in the Class A semi-finals to Shenendehowa, 54-48, before more than 7,000 fans at the Glens Falls Civic Center.

## The Chum Pot

After a cold winter the waters should be ready for a good flounder season beginning the end of this month. The fall flounder run was not one to speak of and hopefully the spring run will be a lot better. Passing the 8 inch limit may help.

This is a good time of year to fish with mussels. Try putting a worm on one hook and a mussel on the other hook, it always seems as though the big fish like the mussels. Get some bank mussels and steam them. Take the little gold nuggets and put them in a coffee can or small container. This must be done a day or two before you go flounder fishing. If you do it too early the mussels deteriorate and fall apart. Save those shells for chum. Put the shells in a paper bag with a few rocks, tie a piece of rope to the bag and lower to the bottom. Wait a few minutes and give the rope a good tug, the bag will break leaving the chum in that exact spot. You can do this a few times, the bag will deteriorate thus causing no pollution problems.

The fishing piers at Jones Beach are a good early spot to try. The fish migrate in from the inlet passing the pier. Get those hooks sharpened and those tackle boxes organized but remember, throw the little ones back.

## Chi Chi Rodriguez To Swing At Inaugural Northville Invitational

Legendary golf great Chi Chi Rodriguez, winner of the recent PGA Senior tournament in Palm Beach Gardens, Fla., announced his participation in the inaugural Northville Invitational Tournament. The \$300,000 senior tournament will be held at the historic Meadow Brook Club in Jericho, June 18-21, and features a \$100,000 first prize, the largest first prize to date in senior golf history.

"We are very excited to announce that Chi Chi will join us at the Northville Invitational," said tournament director Bob Morris. "He is known for his showmanship on and off the golf course and will delight the many fans we expect at our tournament. Rodriguez represents the commitment we have to producing a prestigious tournament for the entire New York Metropolitan area, and especially for the people of Long Island."

Rodriguez will be one of 40 golf legends participating in the Northville Invitational. The tournament will feature a 36-hole Pro-Am as well as an additional 18-hole Celebrity-Am; all taking place at the renowned Meadow Brook Club.

## Ice Hockey At Stony Brook

The State University of New York at Stony Brook completed its 13th season in the metropolitan collegiate hockey conference with a 4th place finish in the Empire Division. Stony Brook's 10 win, 8 loss record edged Long Island rival C.W. Post for that position.

Senior co-captains Chris Panatier and Gerry Bonfiglio, finished 1-2 in scoring this year with 17 goals/26 assists and 20 goals/19 assists respectively. Panatier and Bonfiglio each earned 4 letters with the Stony Brook hockey team. And after 4 years and 70 plus games ended their careers just a single point apart. Bonfiglio edged Panatier 114 points (60 goals and 54 assists) to 113 points (49 goals and 64 assists).

Each also holds a Stony Brook career record for special teams. Bonfiglio scored 17 power play goals in his career. Panatier scored 8 short handed goals in his.

Panatier was also named Stony Brook's MVP this year and was selected to the MCHC all-star team.

Also selected to the all-star team was sophomore defenseman Steve Reynolds. Reynolds established single season marks of 10 goals and 26 points for the Pats.

Leo Imperial led the Patriots in goals scoring with 22 tallies in only 14 games. He also established a single season mark with 5 short handed goals.

The Stony Brook power play unit, which was comprised of the 4 players mentioned above and senior Andy Kinnler, set new marks with 32 power play goals and a 25.8% efficiency.

# 1927 Hicksville High School Track Team

Coached by E. Parker Yutzler

## CAN YOU IDENTIFY THESE RUNNERS?

Mr. Yutzler's teams in the decade of the '30s won more than 100 dual meets in a row. The review of this early dominance was first reported in a biography of Hicksville's respected coach in the now defunct "Long

Island Daily Press." That publication blanketed Long Island High School sports with continuous complete coverage. —HJF

(If you can identify these runners, please send the names to us and we will publish the list in the next week or two.)
