

Blood Drive At Trinity Lutheran Church

The members of Trinity, and all those in the community, are encouraged to donate blood on Sunday, April 5, any time between 8:30 a.m.-12:30 p.m. The bloodmobile will be set up in the school gymnasium.

Blood supplies are very low and the need is great. You can offer new life to someone else. Take advantage of this opportunity.

Trinity Lutheran Church is located on West Nicholas Street between Broadway and Jerusalem Avenue. For further information call the church office at 931-2225.

Lawn Sprinkling Restrictions Imposed

The New York State Department of Environmental Conservation has recently imposed extremely severe restrictions on the amount of water pumpage permitted in the Hicksville Water District.

At their meeting of March 24, the Board of Commissioners of the Water District in order to try and come within the districts water caps, announced the following lawn sprinkler regulations:

Odd numbered houses sprinkle on odd numbered days, even numbered houses sprinkle on even numbered days, Monday through Friday. No lawn sprinkling on Saturdays or Sundays.

The Board regrets to impose these restrictions but we must Conserve Water.

Graffiti Arrest

Det. Carey of the Nassau County Police Departments eighth sqd., reported the arrest of a 17 year old, Hicksville youth for Criminal Mischief 4th Degree.

On March 22 at 8:30 p.m. the youth and an unknown second person, spray painted graffiti on the walls of Hicksville H.S. The youth is an 11th Grade student at the High School. Graffiti is an increasing problem in the Hicksville community. This arrest is intended as a message that this type of behavior will not be tolerated. The investigation is continuing, and a further arrest is anticipated.

Hicksville I.N.N. Marks Second Anniversary

Two years ago an organizational meeting was held at Redeemer Lutheran Church in Hicksville, for the purpose of trying to feed the hungry people in our community. On April 1, Hicksville I.N.N. recognized a two year milestone, of which the community can justly be proud.

Hicksville I.N.N., otherwise known as "The Soup Kitchen" is one of nine soup kitchens scattered throughout Long Island under the so-called umbrella of the Interfaith Nutrition Network. Regular support is pledged by various houses of faith, and the I.N.N. additionally has received commendable community support of materials and funding from individuals and groups and corporations. Perhaps the most meaningful donation has been of time and talent and effort, for which the participants should be recognized for the example they have set in our town.

On Friday, March 27, the Board of Directors met at Trinity Episcopal Church under the direction of the Rev. Dominic Ciannella. The Board acknowledges with gratitude a gift of \$500 from the Hicksville Rotary Club, which is an ongoing supporter of the endeavor.

Hicksville I.N.N. tries to serve nutritional noonday meals, utilizing surplus foods which might otherwise be wasted. Likewise, the budget is kept at a minimum when useful products are donated; particularly paper products (plates, cups, napkins, etc.) If anyone knows of any such supplies which might be available to the I.N.N., please contact Father Ciannella. Any further questions can either be directed to him at the church, or to Effie Krogmann at 939-2800.

Time Capsule Opened At Burns Avenue School

By RITA LANGDON

FIFTH GRADER ACHIAMEH (Janet) Osei-Tutu of Westbury, and Mrs. Silverman open the "time capsule."

MRS. SILVERMAN READS to both her former and current students one of the stories contained in the "time capsule."

The past caught up with former fourth grade students of Ruth Silverman's class of 1979 at Burns Avenue School, at a March 26 opening of a "time capsule."

The students designed the capsule in their fourth year of elementary school and placed it in the school's office closet with a cover letter describing the contents. Also included was a list of the names and addresses of the participants so they could be located in the future. The time capsule contained folders, filled with stories, predictions, pictures and favorite items, important to the students at that time.

The fourth graders of 1979 who participated were Michael Yaroshik of Hicksville, Lizzy Bonner of Hicksville, Tammy Abramowicz of Westbury, Alyssa Rokito of Westbury, Michael Soccio of Westbury, David Blair of Hicksville, Sue Mandel of Westbury, Christine Milau of Hicksville, Henry Schaeffer and Suzanne Roman, both of Hicksville, Robert (Danny) Greenwald of Westbury, Lisa Boord and Jeffrey Weiss, both of Westbury, Charles (Chuck) Garcia of Hicksville, Michael Jacobellis of Hicksville, Michael Andrew of Hicksville, Justin Rivers of Westbury, John Belderes of Hicksville, Joey Verde of Hicksville, Jeanne-Marie Sturz of Hicksville, and Bobby Sherry of Hicksville.

Many of the former students, who are now in the last half of their senior year in high school, attended the event. Dr. Catherine Fenton, Hicksville superintendent of schools, and Dr. Frank Burke, principal of Burns Avenue, were also present at the opening of the capsule.

Mrs. Silverman's current fifth grade class mothers, Johanna Owen of Hicksville, and Joanne Emanuel of Westbury, helped with the refreshments.

Founder Of Hicksville Aviation Club Dies

Eighty-two year Alfred de Liagre, actor-producer contemporary of Great American State Artists for five decades, who founded the Hicksville Aviation Country Club, died in early March.

The famed Pulitzer Prize producer was a stylish, flamboyant personality enjoying many friends and pursuits in private life. Among his great admirers was Katherine Hepburn whose endearing friendship was spawned in early youth.

Although he was a devotee of Venice and Cannes he was also an early aviator who had no compunction against choosing the historic name of Hicksville for his late twenties aviation club.

His site selection for it was south on Jerusalem Avenue just before the Hicksville Italian American Community which was initially developed on Roma and Alexander Streets.

Used as a gateway to the mansions and potato fields of the wealthy in Brookville, Oyster Bay, Muttontown and Old Westbury, the club had considerable traffic in serving worldwide nobility, theatrical, royal and political personages in the 1930's.

Charles Lindberg's membership in the Hicksville Aviation Club is confirmed in his wife's book, "We." It was at the club that he taught Ann Morrow Lindberg to fly.

Among other luminaries de Liagre was reported to be associated with was Amelia Earhart, Wiley Post, and other barnstorming aviators of the day.

The field was south of the Old Motor Parkway that slithered over the landscape all the way to Flushing.

Vanderbilt motor car races were run over the motor parkway causeway.

Bordering the aviation club were the farmlands of the Fippingers on Jerusalem Avenue and the east end of the Bartels, Schrupski and Dwyer properties over to Newbridge Road.

Parts of those lands now comprise Holy Trinity High School.

After World War II the club was closed. The clubhouse itself was purchased—some claim at a tax sale—by Hicksville residents.

It was transported to the central section being divided in pieces. Five homes evolved.

Largest part of the original clubhouse is located on Field Avenue. Asking price twenty

years ago was \$32,000. Four other homes were refurbished and placed on lots on Cliff Drive and Plainview Road.

Aside from the economic value occurred to Hicksville business by the club's provision, liquor and drug store requirements, it provided a recreational centerpiece for the community.

There were long summer walks, by various groups, down Jerusalem Avenue to picnic at the club outskirts. Fascination abounded as the single engine planes took off and landed.

A heavy charge, at the time, of a whole dollar, was made when rides in a small dirigible were held on Sundays.

Most locals were indebted that the great producer with the broad-rimmed Barrymore hats maintained the Hicksville name.

Although he associated with the most affluent citizens of the world—he was a member of the Yale graduating class which included John Ringley North, Monty Woolly, John Hay Whitney, and Rudy Valle—he understood the community was named after a pioneer Long Island family.

School Board Highlights

The March 25 Board of Education meeting was opened at 8:30 p.m. in the High School Auditorium by Board President William Bennett. It was held in the auditorium due to the additional people present, mainly residents from the Burns Avenue area. Mr. Bennett announced that there would be an Ad Hoc Committee chaired by Carol Wolf and co-chaired by Daniel Arena to study the "Reorganization of Elementary Schools." They will be comprised of a cross section of community members and staff, and will have their recommendations ready by June 30. Hopefully the new board of education, on July 1, will continue in the direction that this committee has directed.

There has been a halt to the appraisal of the Burns Avenue property, as promised at the March 16 meeting.

Mr. Bennett spoke of the professional production of "The Boyfriend" by the Hicksville High School Drama Group. He also spoke of the achievement of the students who were inducted into the Junior High School Honor Society on March 23 and of the students who were inducted into the National Honor Society from Hicksville High School on March 26. He also congratulated Edward Rivoire, a sixth grade student at Old Country Road School, on his first place prize in the VFW Voice of Democracy contest at the county level. The monument honoring veterans who served during the Viet Nam conflict has been installed in front of the Junior High School.

Mr. Bennett listed the many pieces of correspondence received by the School Board, mostly in regard to Burns Avenue. The general public session was opened and Mr. Bennett informed the audience that any question other than the matter of Burns Avenue could be addressed. The Burns Avenue issue would be addressed during the second portion of the meeting. The general public spoke on many issues concerning our district, including the interior appearance of East Street School. The concerned parents were assured that this matter would be taken care of in the near future.

The School Board voted to accept the 1987-88 School Budget of \$42,574,330. This budget may still be amended, and there will be a public budget hearing on Wednesday, April 29. The budget currently shows a \$1.9 million increase. This vote by the school board is made in order to print the budget for the public.

The board approved the application of Hicksville High School in the High School International Baccalaureate Program.

The principals of the junior high school and the high school have requested that the hours of their schools be reversed. This will enable the high school to operate with four lunch

periods.

Dr. Catherine Fenton spoke to the issue of the inquiry on the possible sale of Burns Avenue and handed out dated correspondence to and from the school district regarding this. A Burns Avenue resident, during the second public session, asked that a letter be written to the Delco Corporation informing them that "at this time" there is no interest in selling Burns Avenue School. After much discussion a motion was made addressing this request and passed 5 Yes, 1 No, and 1 Abstention. A letter will be written to the Delco Corporation.

The Board has voted and approved an expenditure of \$76,290 in order to remove the temporaries at the junior high school. This should be completed by the middle of August 1987. Attempts to sell them to the public or other school districts have been unsuccessful.

The board also voted to approve the temporary employment of a handwriting expert, who will assist the district in identifying the person/persons responsible for the graffiti on our buildings. This type of defacement cost our district approximately \$7,000/month to a total of almost \$90,000 last year.

There will be Board Committee meetings on Wednesday, April 22 for Curriculum, District Facilities, Community Affairs, and Policy/Legislative. The next Board of Education Meeting/Public Budget Hearing is Wednesday, April 29, in the Hicksville High School cafeteria.

Voter Registration will be Wednesday, April 29 from 3-8 p.m. at local elementary schools. You do not need to register if you have voted in the last four years either in a local, state or national election. To register you must be a citizen of the United States, have lived in Hicksville for 30 days and be 18 years on the day of the election, May 6.

Tots To Teens Clothing Bazaar

Just in time for spring and Easter shopping, there will be a huge clothing sale at Our Lady of Mercy School Cafeteria, 520 South Oyster Bay Road, Hicksville, on Saturday, April 4, from 9 a.m. until 4:30 p.m.

This is all new, highest quality, top brands of clothing. Through the courtesy of Kiddies' Delight Stores in Plainville, it is available for this one day sale at a fraction of its usual price.

Sizes range from infant and toddler, all the way through girls pre-teen and boys' size 20. Super-special bargains on Easter dresses, blouses and shirts, jeans, and accessories. Proceeds help the poor of the area.

There is ample parking in the rear of the school.

American Legion Auxiliary News

By GERALDINE SEITZ

At our meeting on March 6th we were happy to see our member Dorothy Jud who resides in Virginia on her visit here to family and friends.

Also glad to see Jo Linda out for the evening as she has been on the sick list of late. All asked to be remembered to Gertrude Reichler who is at home since her fall on the ice about 6 weeks ago.

On March 12th, President Joan Rizo attended a dinner at the New Hyde Park Inn honoring our Dept. Pres. Phyllis Backman. Also attending from the Charles Wagner unit were Mae Sheppard, Marie Gamble, Madeline Swallow, Florence Rube, Gerry Seitz and Cynthia Hockbrucher who is 10th District Vice Chairman and doing a beautiful job of filling in for the chairman who is ill.

On March 13th we were in great attendance for the Awards and Ceremony night of the Charles Wagner Post, held at the VFW Hall on South Broadway in Hicksville where we are holding our meetings at the present time.

A donation was made to the American Legion Child Welfare Foundation in memory of member Helen Habenicht who passed away recently.

The next meeting will be held on Friday, April 3rd at 7:30 p.m. Please try to attend.

Fire Prevention In The Home Part 1 of a 2 Part Series

In the past several months over 25 men, women, and children, have perished on Long Island. (Plainville, Wantagh, Central Islip, and Sayville to name a few).

According to a study done by the National Fire Protection Agency (NFPA), Fire has increasingly become all too common in the home. 7,000,000 fires in the United States; that's one in every forty five seconds with an estimate of over 6,000 deaths and 21,000 home fire injuries. The most unfortunate fact of all is, that there are not enough fire prevention programs being taught throughout the United States.

Protect yourself and your family from fire. Please take the time and read the following over carefully. You could save someone's life or maybe your own. If a fire starts while you're asleep, smoke and heat could kill you in seconds unless you have a plan to escape.

Prepare An Escape Plan and Practice

Develop a floor plan for each bedroom or to show the entire home. Show two exits from every room, and annotate your outside meeting place. Show all doors, windows, and have them clearly marked. (Make sure that they are in good working order.) On your phones and on your plan have your local fire department's phone number. (If assistance is needed on developing your floor plan contact your local fire department.)

Discuss Procedures With Your Family

Remain calm and don't panic.

1.) Sleep with your bedroom doors closed, this will hold back deadly smoke, and activate your smoke detector when smoke conditions do arise.

2.) Test your door, if HOT use your alternate escape route. If COOL; Brace your shoulder against the back of the door, open it cautiously. (Be ready to slam it shut if smoke and heat rush in).

3.) Crawl in smoke (DO NOT STAND). There is less heat and smoke on the floor, (smoke and heat rise), take short breaths and cover your head with a towel or cloth, wet if possible.

4.) Crawl to safety and proceed to your outside meeting place. Do not re-enter the burning structure (people have died doing this).

5.) If you become trapped in the room, don't jump unless absolutely necessary. Assuming that your door is closed, open the top of your window 3-4 inches, and open your window at the bottom 3-4 inches, this will serve as venting and breathing purposes. Then display a bright colored cloth from your window and wait for help to arrive.

6.) Have a designated person go to a neighbor's home and call your local fire dept. When calling the fire dept. remain calm, speak clearly give location of fire and the phone number you are calling from.

Install and Maintain Smoke Detectors

Install smoke detectors on every level of your home outside every sleeping area. Test your detectors on weekly intervals to keep them in good working order. Have escape (roll-up) ladders near windows for easy escape.

Practice Your Plan Regularly (E.D.I.T.H.)

Exit Drills In The Home should be practiced on a regular basis:

1.) Everyone in their bedrooms, doors closed.

2.) One person sounds alarm. (oversees drill)

3.) Each person checks door.

4.) Pretend the door is closed and use the steps mentioned before.

5.) Proceed to meeting place outside and have your designated person contact the fire dept. (pretend). Various drills can be worked on by calling different hazards and fire locations. Practice using all your alternate escape routes.

Special Rules for Children, Handicapped

Parents should sit down with children and explain the importance of escaping on their own, and the danger of trying to hide from fire. Tell them to get out fast and to stay out. Teach children how to contact the local fire dept., and emphasize to them that if their clothes should catch fire to Stop, Drop and Roll method (mentioned later). Some rules should apply to handicapped as well as the elderly. Install and maintain smoke detectors separately in their bedrooms, a separate telephone with the fire dept's. phone number on it. Every handicapped, or elderly person should be registered with the local fire dept., for future reference.

DON'T LET PLANNING A SAFE EXIT ESCAPE YOU...
DON'T TAKE CHANCES WITH YOUR FAMILY. THEY
CAN'T BE REPLACED...

Social Notes and Personalities

Lake Placid Here I Come

Gordon Boslet has been living in Hicksville since he was born. Sunday, he and his family moved upstate to Lake Placid. For the past five years they have been going skiing there and fell in love with the area. They finally made the break. Gordon was the owner of Atlantic Sanitary Service. His wife is the former Margaret Herold. They have four children: Lorraine (22), Gordon Jr. (18), Shannon (17) and Kristen (13). Gordon is the son of old time Hicksville resident Joe Boslet who owned Boslet's Stationery Store on Herzog Place for over 25 years. Many of you will remember the great personality Joe had and his great sense of humor. Joe moved out to St. James about 20 years ago—and opened another stationery store on Main Street. He is now working a few days a week in Smithtown Stationery on Main Street in Smithtown. Maybe some of his old friends will stop by to see him when they're out east. And Joe—a Happy Birthday to you April 4th... and Gordon—lots of luck to you and your family in your new home.

89 Years Young

Tom Costello will be 89 on May 21st. He was a long time resident of Hicksville and many of you will remember him as he lived on McKinley Avenue for many years. He is presently living in a health related facility in Farmingdale. He has been blessed with 19 grandchildren and 19 great-grandchildren. Three more great-grandchildren are expected this year. He sends his love to all his friends in Hicksville—as does his daughter, Annamaria Adams who was nice enough to send this article in to let us know that her dad was going to have a birthday. Happy Birthday Mr. Costello—hope you have many, many more.

A Christening

John Michael Perini will be christened on Sunday, April 5th. John is the son of Linda (Sarluco) and Jimmy Perini of Queens. Godparents will be Linda's sister: Margaret Hannigan and her brother Michael Sarluco. The delighted grandparents are Mike and Marge Sarluco of Hicksville and John and Mame Perini of Glen Rock, N.J.

Wrestlemania Three Party

If any of you have "Pay Preview" on cablevision you'll know what the Sarluco's did last Sunday, the 20th. They had a wrestlingmania party for about 20 wrestling fans at Barbara (Hoselick) and Mike Sarluco's home in Port Washington. In between events they had a barbecue for their guests. Among the guests were: Maggie and Buddy Hannigan, Rose and Paul Lehmann, Karen and Richie Lalenaki with their children Mike and 12-year-old Matt (who is the real wrestling fan); Maria and Paul Jurgens and their children Paul and June; Linda and Jim Perini and the little ones: Chris Hannigan, Michael Sarluco and John. They had a great time—and in case you weren't watching—Hulk Hogan won.....

Happy Birthday

Sister Frances Sarli retired librarian, will be celebrating her birthday April 5th. Sister Fran is a Sister of the Good Shepherd and is now residing at Madonna Heights in Huntington. Now that she's retired maybe she'll find time to write that children's book about the dog they had living in the convent. Happy Birthday, Sister Fran.

Retired On March 27th

Mary Fatta, a manager of Perfect Variety retired last week. She will be the guest of honor at a dinner at T.J. Courtney's on Sunday, April 5. All of her co-workers and their spouses will be there to celebrate with her and her husband Guy, who is retired from "Newsday." Among the guests will be her original employers "The Rosenbergs" and Mr. "C" Charvit, as well as Jo and Vinnie Curcio and Michael and

Ellen Fedida, present owners of Perfect Variety. Mary worked there for 27 years—she was one of the first employees to work for Mr. "C" when he opened the store called C & R Grand. Mary, all of your friends and customers that you met through the years want to wish you all the luck and happiness to you on your retirement.

Nice Vacation

Olga March and her nephew Chet, his wife Sue, and their children John Michael, Jeanne Marie and Diane have returned after a lovely week of enjoying the sun, beach and golf in the Grand Bahamas. Olga is the wife of the late John March.

Where Is The Class Of 1977?

The Hicksville H.S. Class of 1977 is organizing for its 10 year reunion—to be held at the Garden City Hotel, Friday, November 27 from 8 p.m. to 1:30 p.m. If you know of anyone who was in this class please have them contact: Michael Caruso, Box 7091, Hicksville, NY, 11801 for further information.

Named To Dean's List

William Diehl, a senior, was named to the Dean's List at New York Institute of Technology. William is the son of Carol and William Diehl of Hicksville. Keep up the good work!

Happy Birthday Jennifer

Friends of Jennifer Voorhes helped her to celebrate her 9th birthday at a party held at Piaster Fun Time. Best wishes for a very Happy Birthday—that was celebrated March 30th—from all her friends and relatives.

Fantastic Restaurant

Barbara Russo of Bishop Realty was telling me that they're located next door to a new restaurant called Iachia Ristorante, at 275 Old Country Road. The restaurant was being renovated and when they thought it was finished they went over one day planning on ordering 'herbs.' Much to their surprise they found a beautiful restaurant that didn't serve 'herbs'—only delicious Northern Italian dishes. She claims not only do they serve delicious food—but the service is overwhelming. Try it, she said—you'll like it. (Think we will).

Get Well Wishes

Mike Valenti—all your friends want to wish you a speedy recovery. Mike was hurt recently during a J.V. Lacrosse game at Sachem H.S. and is recuperating from a bruised kidney in Central General Hospital. Word has it that the nurses are going to be upset when this 'cutie' is discharged. Maybe this is a good time for all you gals to send him a get well card.....

Who?

Who is it that helped her husband celebrate his big '50th' birthday with a filet mignon candlelight dinner March 27th???

Welcome Home

Stephen Mezzapesa of Meyers Avenue came home from Japan, where he was stationed as a field representative for Harris Corp. of Syosset, for the past three months. He will be home for two weeks visiting his parents, Dot and Dom and the rest of his family, then he'll go back to California and wait for further orders.

Diaz-Yankuna Engagement

Mr. and Mrs. Roland Diaz of Hicksville have announced the engagement of their daughter Debra to Peter Yankuna of Babylon. Debra is a graduate of the class of '81, Hicksville High School. The couple plan to be married in April, 1988. Debra works at the Alsay Corp. in Hicksville and Pete is employed as a part time UPS employee and also makes deliveries for Pinner Stationery of Hicksville. They met at the Alsay Corporation place of business.

New Baby

Jamet and Scott Rich of Hicksville have become the parents of a lovely little girl:

Melissa Rose, March 12. Melissa was born at Windrop-University Hospital in Minnetonka.

Bill Has Retired...

Bill Myrmann longtime Hicksville resident has retired from Grumman Aerospace after 39 years. His wife Jean will be happy to have him home. Bill said he was retiring from his job as "Director of Cryogenics." Best of luck, Bill—all your old friends will be seeing more of you now.

Also retiring from Grumman is Bill Atchison, (who is going to put all his energy into his artistic abilities—and of course—golf).

Also heard that Tom Palmeri, Vinnie Iaconna, and Mike Caruso will also be among the Grumman retirees. I'm sure there are many more that have decided to start enjoying themselves—let us know—and we'll tell your friends.

Anniversary Wishes

Ruth and Bill Robinson of Hicksville are to be congratulated. On April 4th they will celebrate their 16th Wedding Anniversary. Happy Day!

Back From Vacations

Sylvia Rock recently returned from a fantastic six week vacation in Port St. Lucie, Florida. While there she visited with her sister Pearl Fish, (who will be vacationing in South America this summer) and also with her sister Lee and brother-in-law Mike Howard. She had a marvelous time and remarked how beautiful the METS new Spring Training Camp and Stadium is progressing (that's now under construction). They are presently enlarging all of Port St. Lucie's roads and facilities in anticipation of the METS arrival. The Floridians are looking forward to the glamour it will bring to their city. All you baseball fans that are retiring—take note.

Elizabeth DeLorenzo and her sister Ronnie Little have just returned from Florida where they spent the winter.

Graduates

Coast Guard Seaman Apprentice Andrew M. Manganello, son of Andrew and Kathy Manganello of Crescent St., was graduated from Coast Guard recruit training. Andrew attended the eight-week training at the Coast Guard Training Center, Cape May, N.J. There he studied first aid, Coast Guard history and seamanship, communications, damage control firefighting and physical conditioning. It's a great feeling to know these young boys are protecting our coastlines.

Traveler Will Write

Michael Singer from Hicksville H.S. Class of '81 has written to friend Peter Diana of the same class year, about his travels to Europe and the Far East lands of India, Tibet and China—and of his hopes to

put his experiences down in poetry and short prose when he returns this summer. Go to it, Michael.

Birthdays, Birthdays, Birthdays

What birthday did Pat Mensching celebrate on St. Patrick's Day???

The Pedicel home on Combes Avenue will certainly be lit up with joy—and all the extra birthday trimmings as daughter Pam celebrates her wonderful 21st birthday. Pam, all your family and friends at Hofstra U. (where Pam is a student) wish you a beautiful 21st birthday.

...and a surprise birthday party was given for Bob DeLorenzo by his wife, Carol and their children: Bob Jr., Carol Ann and Richard. The party was held at the K. of C. on Friday, March 14—and everybody had a ball.....

The employees of J.C. Penney's wish to extend Happy Birthday wishes to Michael Grella. Mike celebrated his 55th March 23.and then—a very special person will celebrate her first birthday on April 4. Katelyn Quigley, daughter of Tom and Denise Quigley will enjoy her first birthday at a party. Happy Birthday, Katelyn—what a pretty name.

Inducted Into Phi Eta Sigma

Stephanie Jmarogian, Hicksville H.S. graduate was inducted March 24 into Phi Eta Sigma a Freshman Honor Society at C.W. Post with a 3.0 average. Stephanie was a constant member of the Junior, Senior and National Honor Society all through Junior and senior high school, was chosen Athlete/scholar during her senior year at Hicksville High and received a full scholarship at C.W. Post. During high school she was a four-time All Division player; named All Conference in both her junior and senior campaigns; and lettered in volleyball in her junior and senior years. Coach Mazzano said about Stephanie: "Incoming freshman who may develop into a starter... hard worker... very coachable. She is a Phys Ed major and plans to coach after graduation. (From the looks of things so far, Stephanie—the sky's the limit). Her mom and dad, Caroline and John are so very proud of her. Good luck Stephanie."

Congratulations

Michael and Theresa King have become proud parents. A son, Michael Henry, was born on March 10. Baby Michael joins his two year old sister Jennifer Lynn.

Just as proud are his grandparents: Mrs. Rose King of Levittown, and Mr. and Mrs. Henry Michalak of Hicksville. The proud and delighted great-grandmother of Jennifer and Michael is Mrs. Anne Marie Blank of New Port Richey, Florida. Congratulations and best wishes to all of them.

(continued on page 4)

The Kiwanis Club of Levittown presented their "Distinguished Service Award" for Community Service to Memorial's vocational horticulture and flower design students. The group performed landscape services for an elderly woman. Photo shows instructor AJ Stranik and students: Ray Costanzo, Farmingdale H.S.; Matt Ruggard, Division Avenue H.S.; Ralph Votta, Division Avenue H.S.; David Klein, MacArthur H.S.; Mike Premieranti, Hicksville H.S.; and Jennifer Alford, Hicksville H.S.

Dutch Lane Jumps Rope For Heart

On Tuesday, March 3, our annual Jump-A-Thon began right after school. The children (grades 3-6) were organized into teams of 6 jumpers, which jumped for a maximum of 3 hours. The jumpers rotated in sequence and as one team member tired another would begin to jump rope.

The team members had already secured pledges before the actual event. Depending on the amounts the children collected from their sponsors determined what prize each team member would receive.

Regardless of any pledges, donated each team member was awarded a Certificate of

Appreciation and a jump rope from the "American Heart Association" at the end of the Jump-A-Thon.

Jump Rope for Hearts is a national event for students to promote physical education and cardiovascular health, while raising funds to help local Heart Associations fight heart disease and stroke which kill more people annually than all other causes of death combined.

Dutch Lane School is proud to have helped raise (at latest count) \$4,000 to such a great cause.

Special Agent For State Dept.

Michael Valle, son of Gerry and Anthony Valle, became a special agent for the Department of State's Diplomatic Security Service. He received his diploma at graduation ceremonies which followed five months of exhaustive training in criminal law enforcement and investigations, firearms, counterintelligence, evasive driving, and personal protection techniques. His first assignments will be in the Washington Field Office. Gerry and Tony were present at the graduation and were just bursting with pride. They told us that the graduation was held in the Benjamin Franklin room on the 8th floor of the ultra modern State Department building—and that upon stepping off the elevator they walked into an entire floor done in 17th century decor—right down to the moldings. They were just thrilled to be able to view the largest collection of American antiques, valued at 33 million dollars. The largest one piece rug in the world is there—she believes it is 75'x225'... and in the center is woven the U.S. emblem with the 13 original stars... and the ceiling (above the rug) was all done in 24K gold inlay. They saw the desk where Thomas Jefferson drafted the Constitution of the U.S. Whenever the president signs any amendment to the Constitution the desk is brought to the White House and used for the occasion.... They saw the china that Martha Washington used.....

Chippendale chairs.... "magnificent" they said of the beautiful ladies' powder room decorated like it would have looked if they had indoor plumbing in those days.... there is also quite an exhibit of Charles Russell's paintings and bronzes. (Russell is President Reagan's favorite artist). They both agreed that it was so beautiful it is hard to describe. They had a private tour because of the graduation they attended but they think there are public tours available. If you plan to visit Washington—try to get there.... I know I'm going to....

The Kite

*I saw you rise above the trees,
Your ribboned tail
Rippling in the wind.
You dived and dipped,
Struggling to stay aloft—
And then, you swayed and danced,
Higher and higher you ascended
Till you were a mere speck in the sky.
You had me in a trance—
I watched and wondered
How it must feel to be you.
Suddenly....
Without warning,
You plummeted down
Behind the trees
Out of sight.*

LOW-RATE MORTGAGES

for the purchase or refinance of an owner-occupied home or condominium in Manhattan, Brooklyn, Bronx, Queens, Staten Island, Nassau, Suffolk or Westchester.

FIXED RATES (below FNMA maximums)			CAPPED ADJUSTABLE RATE (loans up to \$300,000)
10-YEAR	15-YEAR	30-YEAR	1-YEAR
8.75% annual rate	9.00% annual rate	9.50% annual rate	6.50% annual rate
9.22% annual percentage rate	9.35% annual percentage rate	9.73% annual percentage rate	10.38% annual percentage rate

Quoted rates are for self-liquidating, "full-credit" loans with a minimum down payment of 25% of appraised value on 1-to-4 family homes. The annual percentage rates include origination and placement fees.

Repayment terms for 10-year (15-year and 30-year) fixed-rate loans at the stated rates would be 120 (180 and 360) monthly payments of \$12.54 (\$10.15 and \$8.41) per \$1,000 borrowed.

Adjustable rate shown is a below-market introductory annual rate for the first year only. The annual percentage rate is based on the current value of "The Green Point's" Index Interest Rate (currently 11.00%) which is subject to change. The annual rate will not change more than 2% per year (up or down) and, over the life of the loan, will not vary (increase or decrease) more than 3% from the Index Interest Rate in effect at the time the loan is closed.

Ask for rates and terms on "automatic credit" loans and on fixed-rate loans above FNMA maximums (up to \$300,000).

News From The Galileo Lodge

By JOSEPH LORENZO, HISTORIAN

President Joe Giordano's Message: "A denial of a favor is not an invasion of a right."
James Fenimore Cooper

Rock and roll comes to the Galileo Lodge on Saturday night, the 25th of April, so naturally we feel that enthusiasts of this type of music will find this dance much to their liking. The songs and the music groups who popularized them made their debut in an auspicious manner and as a result they certainly left their mark on the face of the American musical scene. Now, with this dance in the wings, you can re-acquaint yourselves with the melodies that made the fifties and sixties so musically popular. Tickets will sell at \$16.50 per person, a nominal fee that also entitles you to a delicious hot dinner, beer, soda, coffee and cake, showtime and music for your listening and dancing pleasure. John Cannizzara will 'Chair' this dance, ably assisted by his two co-Chairmen, Vito Grippi and Tony Sica. Tickets, incidentally, will be available starting April 1st. The show will consist of the very popular singing group called the 'Exceptions', with two members of TV's Sha Na Na being part of the group, who will musically highlight this music of the periods mentioned here. Then add the appearance of the very popular Bill Trotter, who will certainly enhance the proceedings. Please note that a 'bring-your-own-liquor' policy will be in effect that night and that the admission age is 21 years or over. Add the price of this dance, the food and other items and the show and the music, and you come up with a real rousing time awaiting all those who will attend. It can't be beat, as they say.

Last Thursday night, the 19th, the Galileo Lodge was the scene of an installation of officers ceremony, officers of the Galileo Lodge and the Ladies Auxiliary. The ceremony was dignified and with a bit of solemnity. As the new officers were led to their respective positions, it goes without saying that the virtues of the old officers were not forgotten and also extolled. Many of the leading dignitaries and public officials were present and some even officiated at this ceremony, notably County Executive, Tom Gulotta who presented Galileo Lodge President Joe Giordano and President Marion Danseglio of the Ladies Auxiliary with Citations. Also present were councilmen Douglas Hines, Ken Diamond, Angelo Dellagatto and Tom Clark, County Executive, Nick Viglietti, Grand Lodge President, James Cangemie, State Orator, Ed Sylvestor, State Trustee, John De Michael, State Treasurer and Angelo Guidici, State Trustee. Food and refreshments followed and all had a beautiful, relaxing night in a very congenial atmosphere engendered by the Galileo Lodge itself.

Last Saturday night's St. Joseph Dance at the Galileo Lodge was smoothly run and presented. Over 200 people attended, enjoying delicious food with all the usual extras, good music for listening and dancing pleasure by disc jockey Bennet. Chairman Joe Morace excelled as usual, ably assisted by Bocco Lombardo, Armand Del Cioppo and Joe Morace. The food was excellently prepared by Kitchen Chairman Jim Posillico, who usually does a fantastic job at this specialty, and was ably assisted by Asst. Pres. Skip Monteforte, Al Montello, Pat Gatto, John Sarrera. Another great time at the Galileo Lodge, another great effort by the men just mentioned here. At the Galileo Lodge it's a mixture of many things—good food, good dance, and good music. Not to mention another very important commodity—good members.

Remember dear members, that help is always needed at our Bingo sessions. Give a little of your time for the Galileo Lodge. Bingo is a revenue for Lodge.

Library Budget Vote April 8

On Wednesday, April 8, the Hicksville Public Library budget for 1987-88 will be voted on by the community at the library from 10 a.m. to 9 p.m. If you have voted in a library, school or general election in the past four calendar years, you are registered. A special request is being made to those who have recently reached voting age to register and cast your vote on the budget.

The total budget is \$1,331,425.24, an increase of \$121,000.00 over the current budget. The estimated tax rate is \$1.13 per \$100.00 of assessed valuation. Most homes are assessed at about \$5,000.00 in Hicksville. The Library Board of Trustees believe that this is a reasonable budget and deserves the careful consideration of homeowners.

A library, at modest cost, can develop very rapidly. The Hicksville Public Library, costing the average homeowner a little more than a dollar a week, has one of the premier book collections to be found in Long Island public libraries. Today they have more than 300,000 books, and increase of nearly 30% in ten years. This statistic alone does not begin to describe the changes in the library during the past few years. The Reference Department, the central source of information, has developed an information and referral service that is a prime source of Town and County services. The inter-library loan department has a computer terminal that enables materials to be located faster and more accurately. A vastly improved on-line Magazine Index has been added and many new titles purchased. Half a dozen business and investment services have recently been acquired and are in daily use. The "Career Corner" has taken a quantum leap in quantity or services within two years.

Detailed information in hundreds of possible careers including opportunities, educational requirements and information on college or universities offering the program in question are now offered. This is available on micro-fiche and a print-out may be made. New services that have been developed recently include video cassettes (more than 1,000 of them), and compact discs for music lovers. Phonograph records are continually added to the collection of more than 11,000 titles.

The cost to taxpayers will be approximately \$1.10 per week. Take the time... vote of April 8... Support the Library.

EACH QUARTER Mr. Hank Cooney holds a "Smartest Class" contest among his English classes at Hicksville Junior High. This quarter Mr. Cooney's 3rd period class won the "Smartest Class" contest. The overall class average was 90.3.

Editorial

April is an important month in our town as we get to exercise our rights as citizens in the voting booth.

The Hicksville Public Library budget vote is set for Wednesday, April 8 and the Town of Oyster Bay vote on the Ward System of government is scheduled for Tuesday, April 28.

This is the time to let your voice be heard.

A reminder to former Hicksville "Mid-Island Herald" subscribers, your subscription has been carried over to the *Hicksville Illustrated News* — no need to re-subscribe.

—JBM

Howard's Column

John Wycoff writes from Huntington Beach, California, giving his support to reconstructing the modern Post War Hicksville Field Club. His father, the late Dr. Joseph Wycoff, was an ardent supporter of the black and white. There were many films and photographs in the doctor's collection.

After each game there were 8 x 10 glossy pictures on display in Bernie McGinnigle's Stationery store. It was where the donut shop is now at the corner of East Marie Street and Broadway. For many years it was Bresnick's Stationery store.

John also relates that Marion Masek, wife of the late Dr. Charles Masek, DDS, lives in a nearby Los Angeles suburb.

Mr. and Mrs. Alson, who ran the appliance store on South Broadway, have retired. The building is now for sale.

The *Hicksville Illustrated News* campaign to point out eyesores in Hicksville (Weedsville, USA) has prodded another improvement. The unsightly garbage dump—Oyster Bay Road-Broadway—has been cleaned up. The Town of Oyster Bay, the county and the state are getting good marks for their interest in the interest of Hicksville citizens in a community regaining its pride.

Hicksville friends are distressed to hear that Judge Warren Doolittle is ill. Nomination to the bench came when he was the Republican Councilman from Hicksville. He moved to Bayville after the appointment and subsequent election. It enabled him to more closely pursue his boating avocation. Where the rules governing judicial jurisprudence allows

he has remained grateful and loyal to Hicksville friendships and organizations.

Tom Braun was in town and provided a report on his mother, Mae Leach Braun.

She has returned to live in Syosset following an extended absence after a gas explosion completely destroyed her Berry Hill Road home.

Mrs. Braun is well remembered as a substitute teacher in Hicksville elementary schools and St. Ignatius school.

The Braun family Meat and Provisions store on Broadway served Hicksville and the gold coast from the early 1900s until the early '70s.

If the School Board honestly wants to ally the disquieting request of Delco Corporation to purchase Burns Avenue School it has simply to terminate the endless babble and pass a motion requesting the Oyster Bay Town Board to downzone the commercial portion to residential.

If it honestly.....

Before anyone votes on the question of Councilmatic (New York City-Queens government) for the Town of Oyster Bay they should give consideration to the following:

- examination of the cost of \$6,000,000 in Suffolk for a Legislative Government to Nassau County's Board of Supervisors \$2,000,000 cost.
- who divides the town into districts?

- a. the Board of Elections
- b. If unresolved what judge and his political dent will drown the final lines?

A Look Back...

Hicksville Fire Department Building - Early 1900s

Letters From Our Readers

To The Editor:

On Tuesday, April 28, there will be a Special Election in our town. An election to decide whether to establish a New York City type Ward System of government in the Town of Oyster Bay.

Under a Ward System of government, the voters of the Town of Oyster Bay would lose their ability to vote for all six of the six members of the Town Council. Instead, our community could be artificially divided into wards with only one councilman representing each ward, and the other five not caring about—or serving—our needs.

In addition, the approval of a ward system type of Town government would add a tremendous cost—our tax dollars—to what we pay for the operation of Town government. Example: Suffolk County instituted a ward system type of government on the County level in 1970. From 1970 to 1987 the cost of the Suffolk County Legislature has increased at the rate of 22% per year. The people of Suffolk County are paying more than \$8 million additional tax dollars per year for a ward system type of government.

This Special Election on April 28—forced on the taxpayers of Oyster Bay Town by the Democratic Party and their allies will cost \$ two hundred thousand tax dollars, and that is just the beginning of the cost if the ward system is approved.

The Republican Party in our area has stood for responsive government conducted in a responsible manner. We cannot allow this Democrat proposal which would force on our community an increase in taxes and a decrease in our voting strength—from six out of six Council members to one out of six council members—to pass.

We need your help.

Join with me in VOTING NO on Tuesday April 28 to the proposed Ward System type of Government.

Remember—if it is not broken—Why fix it? Vote No on April 28.

Peter J. Schmitt,
Executive Committeeman
Massapequa Republican Club

To The Editor:

After a recent walk through downtown Hicksville, I must admit I can see why Mr. Finnegan would want any signs on any thriving concerns, to read Hicksville. The town really doesn't have very much else going for it. The Mall looks like a morgue, the town is still missing one entire section of Broadway, bank pens don't work, streets aren't clean and litter blows into all the little pockets. It's looking a bit sad and seedy, a place where nobody cares, without any pride. Or, perhaps the citizenry are waiting for "George" to "do" something about it.

Actually, that's very much how the Museum happened. A small handful of volunteers, realizing "George" doesn't exist, rolled up their sleeves, worked incredibly hard, over three years, hoping the rest of the populace would pitch in. If not to house the rocks and minerals, then to preserve an old building which had served its community in several ways. After all, not everyone is interested in history, any more than rocks, regardless their value, location, or origin.

Well, I don't remember many of the Townspeople pitching in and I'm sure I'd remember Mr. Finnegan, but about four hundred really did work and/or provide materials, support services or donations. Not many, considering the population of Hicksville in 1969!

As it turns out, it was a success, but success was never certain and I remember feeling like a salmon swimming against the tide.

Still, we managed to rescue a grand old building, too long ignored and neglected by its neighbors, from nearly total devastation. We did preserve it with Tobay's blessing and a lease, which I believe refers to

the property as The Heitz Place Courthouse. That tends to make discussion academic, especially since it's located at Heitz Place and very much an established entity.

There are many other causes, things that need doing. To waste energies and passions disparaging accomplishments seems a shame, but perhaps that's how we lost Broadway!

M. Cordier

To The Editor:

It is unfortunate that, through the lack of sound information, many unfounded rumors have upset the residents served by the Burns Avenue Elementary School. We can understand their concerns and sympathize with them. It is quite proper for members of the community to express their opinions on any topic relating to the School District. What is totally wrong, in our opinion, are the attacks by innuendo on various School Board members. It is inexcusable to suggest that any Board member is guilty of malfeasance or collusion without specific proof. We have never had any cause to doubt the honesty and integrity of the Hicksville School Board members.

As residents, if you want to express your opinion on any school matters, do attend the Board meetings, become informed, and state your opinions. Regular attendance at their meetings has proven to us that the Hicksville School Board welcomes and values citizen input.

Carolyn & William Kelly
Hicksville

To The Editor:

Several years ago the county tore up Woodbury Road to install sewer mains. For some reason they only re-paved the road east of South Oyster Bay Road, the boarder of Hicksville-Syosset-Plainview.

The Hicksville section, from South Oyster Bay Road to Barclay Street, remains a bumpy, unsightly hodge-podge of patched sections that are steadily deteriorating. When a truck hits the patchwork near my house the house literally vibrates. Enough. What's the delay? Are there plans for repaving or are the residents of Hicksville supposed to live with this mess? After all, it's only Hicksville.

EDITORIAL AND OPINION

Letters From Our Readers

To The Editor:

Reference is made to Jon F. Weinstein's letter discussing the presidency (March 12, 1987). Perhaps Mr. Weinstein is correct in asserting that it is precipitous to judge the president in a harsh light. Close scrutiny seems to indicate otherwise.

Mr. Reagan formed an administration akin to the Parliamentary system. He chose a prime minister, Mr. Regan, to run the government, and when the Prime Minister received a vote of no confidence, he was replaced with another, Mr. Baker.

Thus goes the recent events in Washington. Mr. Reagan was never supposed to know what was going on, only the functionaries who were privy to the workings of government were supposed to know. The exit of Donald Regan was merely the necessary changing of the guard after a blunder was revealed.

In fairness, the Reagan administration was and is a smashing success. The Republican party found a figurehead to act as the "candidate"—a seasoned actor for over forty years and absolutely perfect for the role of president. They then set up their own style of government free from the scrutiny of

the public and the definitive guidelines provided by the Congress.

The system worked marvelously for over six years; President Reagan clearly is one of the most popular presidents in the history of the republic.

The only problem with the whole system was that the public never voted for Donald Regan, VADM Poindexter, Colonel North or Nancy Reagan.

Mr. President, I just don't buy it, and neither does the American public. We want to choose our public officials by a democratic vote, not by appointment. And we want to know what's going on and have a way of finding out when we need to. Most of all, we want our public officials to take their oath to the constitution seriously, and not to treat it as just another formality one utters at another political function. The officials involved in the Iranian fiasco clearly violated their duty to the constitution, and violated federal law deliberately, and with impunity. Such crass and blatant abuse of democracy has no place in this country, and we, as citizens, should let our president know this.

What The Politicians Are Saying

U.S. Senator Alfonse M. D'Amato has cosponsored a joint resolution that will designate May, 1987, as "National Cancer Institute 50th Anniversary Month" in honor of the half-century of achievements of the National Cancer Institute.

Assembly Speaker Mel Miller recently named Nassau County Assemblywoman Barbara Patton to chair a subcommittee of the Assembly Veterans' Affairs Committee focusing on the problems of women veterans in New York State. Assemblywoman Patton expects to examine the current lack of outreach and information concerning the 76,000 women veterans who are eligible for the same benefits available to male veterans. For information, call 489-6610.

Hempstead Town Presiding Supervisor Joseph N. Mondello has asked the Town Board to enact a 120 day moratorium on the granting of building permits and change of zoning on the land currently occupied by Roosevelt Raceway. The request is made in order to afford the Town time to draft and adopt new sports zone district legislation which will restrict the future use of the Raceway property to a similar spectator sports facility.

Governor Mario M. Cuomo has announced that the State's paperwork reduction and simplification program is now saving New Yorkers \$30.9 million annually through the elimination of approximately 3,500 forms and the simplification of another 600 forms.

Assemblyman Gregory R. Becker has announced the availability of informative brochures for disabled people. These brochures inform the disabled of their rights regarding various issues, including parking permits, education programs, and financial assistance. Anyone interested in receiving these brochures or in receiving the Advocate for the Disabled Newsletter can call 518-522-4369.

State Senator Dean Skelos has announced passage of a bill that would ensure that information relating to missing children is collected, secured, and up-dated on a regular basis. It will provide a mechanism by which accurate and current information can be maintained by one agency so as to provide a reliable source when the need arises. Currently no such central repository exist.

A Letter from Lulabelle...

...Last week I was, by chance, in the town where I went to college, and I drove around the streets between the sorority house and the college academic buildings—streets I had always walked since so few had cars in those long-ago days...and I parked in front of the sorority house which was looking rather neglected (the sorority moved long ago)...and I looked at the long front porch which was so delightfully dark when we came home with our dates...and I looked at the window I sometimes left unlocked for my best friend sorority sister who had such a hard time getting home by curfew time...and that's when I started to chuckle—"curfew time"—how the young today would scorn such an idea...11 o'clock on weeknights and 1 a.m. on weekends—and if you were a senior, one extra hour each month to add to the allowed ones, and who do you suppose enforced these rules?...we did it ourselves...we took turns being "on duty" and we signed in and out, and we were honor-bound to report those who overstayed...and they were sent to a residence council disciplinary board where "punishment" was meted out—usually no privileges at night for a period of time...and no men were ever allowed above the first floor—perish forbid!!!...It all seems so archaic when we look at open dorms today—but I'm not so sure it was so terrible—we didn't know any better so we didn't mind...and it did give a sense of rules...it was such a good excuse if we wanted to be rid of a date...and above the first floor we could look as awful as we wanted without worry that "he" would see...Would I like to have been born later? I really don't know...it's so very much harder to be young today.

Yours, Lulabelle

Summer Jobs Camp Recruitment

Job Service staff have begun recruitment for summer job openings at camps throughout the Northeast, announced state Labor Commissioner Lillian Roberts.

The state Labor Department's Job Service Camp Placement Program is looking for camp counselors, specialty teachers and program directors to fill the jobs before the summer months.

Applicants residing outside the New York City Metropolitan area should contact the nearest local Job Service office, since job interviews are usually determined by the camp directors who may be located in New York City or throughout the state.

Applicants must be 18 years of age or older and have completed at least one year of college. They must have also worked as a camp counselor before, participated in varsity athletics, or have arts and crafts teaching skills.

Specialty teacher and program director positions require special experience or expertise in individual areas. Waterfront counselors and directors must have appropriate certification.

Summer jobs are available for sleep-away camps, which provide room and board, and for local day camps. Salaries for a camp season, late June through August, range from \$250, for general counselors, to \$2,000 for specialty teachers.

For more information contact the Camp Placement Unit at 718-797-7933.

Legislative Proposals Would Increase UI Benefit Eligibility

The state Labor Department today announced its 1987 Legislative Program which includes proposed legislation to increase eligibility for unemployment insurance benefits and strengthen enforcement of public employee safety and health laws.

Labor Department sponsored bills increasing unemployment insurance eligibility would provide up to 13 weeks of additional benefits for claimants participating in improved training programs, lower the average weekly wage necessary to be eligible for benefits from \$80 to \$67 and limit the loss of benefits as a result of partial employment. In addition, the bills would eliminate automatic disqualification for benefits for an individual who has voluntarily quit a job to follow a spouse to another locality.

Another bill amending the state labor law would provide for up to \$200 in penalties per violation per day against public employers for failing to abate state safety violations or request a variance of abatement terms for violations cited by Safety and Health Division

inspectors. Present law allows for judicial enforcement of orders issued to public employers but not financial penalties.

Jobseekers Asked To Send Resumes To Talent Bank

State Labor Commissioner Lillian Roberts recently urged jobseekers, especially professional and technical workers, to take advantage of the Job Service's new Resume Clearinghouse program. Commissioner Roberts announced the implementation of the new job matching system last month.

Information from resumes submitted is input into the department's computerized system. As soon as comparable job orders are listed by employers, requirement is specified by the employer are matched to applicants' resume qualifications deposited in the Job Service "Talent Bank."

"This system ensures that employers receive only pre-screened resumes from applicant determined by Job Service staff to be qualified for the position. Job seekers also benefit from the new on-line system because many additional job opportunities are made available to them," noted Commission Roberts.

BONUS DOLLARS

Buyers will pay plenty for the special home amenities they want. A New York City realty firm, selling big-ticket co-op apartments and brownstones, reported recently that the average price for a room without a working fireplace was \$95,364; with a fireplace the same room would sell for \$173,016 - 80 percent more!

It's smart to keep in mind what sells best when you put money into home improvements. A modernized kitchen or extra bath - especially with luxury features - sells well and really adds to the salability of your property. An extra room at ground level is a plus, more so than a finished basement. A swimming pool or tennis court may be fun to have, but it needs the right buyer; others may not want the upkeep or responsibility.

What does your home offer? You can depend on our experienced realty people to spot the bonus features and bring in prospects who'll pay what they're worth.

Beautiful Makeup

MAKEUP, used correctly, enhances your best features, gives you the "together" look that captures admiring glances. Coordinate your makeup and clothing with your special skin tones. Cool colors, (those with blue undertones) and warm shades, (yellow undertones) categorize the color families. Skin tones (light/ivory, medium/beige or dark/bronze) play a major role in makeup selection and wardrobe color and your eye color selection should accent and enhance your cool/warm shade. Shades that relate to your skin tone are more natural while contrasting shades give a more dramatic look.

Theatre On Ellis Island To Carry Pioneer Name

The Telephone Pioneers of America, the largest non-corporate contributor to the Statue of Liberty—Ellis Island Foundation's restoration project, has earned a place in the rich history of Liberty Island in New York harbor.

The Statue of Liberty—Ellis Island Foundation, governing body of the restoration effort, has agreed that, in recognition of the efforts of the Pioneers who raised more than

four million dollars, one of two theatres in the refurbished complex will be named for the Pioneers.

The Poughkeepsie Chapter of the Telephone Pioneers of America, which covers Nassau and Suffolk Counties, raised over \$80,000 of the \$4 million.

The Committee expects the restoration of Ellis Island to be completed in 1988.

Legionnaires' Log

By GREG BENNETT
Charles Wagner Post #421, Hicksville

Many vets believe the film "Platoon" has done our Vietnam vets a disservice. Drug abuse, the rape of civilians and the murder of an NCO by his own men are presented and magnified by this film. I hope the public doesn't generalize all Vietnam Vets to be murderers, rapists and drug addicts. Platoon did show the horror and strain of war. The audience was strangely quiet during the showing.

Last year a gentlemen from Arizona applied for a permit to build a "Jane Fonda Vietnam Victory Park." Publicity given to this outrage by veterans organizations led to a national outcry against this. Now the San Jose California City Council has ordered a veteran, Steve Carraudo, owner of Ace Radiator, to remove the U.S. flag from his place of business because it violates local ordinances. Carraudo refused and is backed by veterans groups.

I purposely printed the J and F in Jane Fonda in small letters. I respect the convictions of the antiwar movements. But I can't respect Ms. Fonda, who went to North Vietnam and was pictured sitting at a communist antiaircraft weapon with an enemy helmet on her head and a smile on her face. That spells traitor to me, as in Benedict Arnold.

Do you have a bone to pick. Check these bones over. WISHBONES—who spend their time wishing someone else would do their work. JAWBONES—who do the talking but nothing else. KNUCKLEBONES—who knock everything that everyone tries to do. BACKBONES—who get under the load and do all the work. Which one are you? We're all LEGIONBONES.

In fiscal 1986 some 313,469 home loans were guaranteed by the VA. Some 2.2 million veterans and dependents benefited from a 1.5 percent cost-of-living increase in VA disability compensation signed into law by President Reagan in October. The rate adjustment means an increase from \$1,335 to \$1,355 per month for a single veteran with a service connected disability rated at 100%.

All is not good news from the VA. Veterans with medical appointments will no longer receive beneficiary travel benefits as of April 15. This means no ambulance or car service transport for wheelchair vets from their home to the VA and back home. Sure many vets just want a subway token from the VA. But as usual the vet that is suffering will suffer even more. This will make the VA inaccessible for many elderly 100% disabled vets. Responsibility rests with those in the highest positions in government. Cutback wasteful furniture purchases and construction projects and serve the Vet who no longer can reach the VA. Our VA centers will have new windows, new roofs and new furniture—but no Vets.

My hat's off to the contract car service drivers who escort the disabled vet often from the medical ward to the front steps of their home. These good people will now be unemployed.

Remember April 15 is the Memorial Day Parade Committee meeting. Attendance at post meeting prior to Memorial Day is important. Let's all try to be BACKBONES on Memorial Day. A belated happy Greek Independence Day to all Legionnaires of Greek decent. This column is dedicated to General Daniel "Chappie" James who flew 101 combat missions in Korea and 78 missions into North Vietnam. James stated, "I wear my patriotism like a badge. I'm proud of it." "I am...above all else...an American."

At the Library

Sculpture Exhibit

During the month of April, Bronze Sculpture by Andrew Manning will be on display in the Lobby Showcase of the Hicksville Public Library.

Mr. Manning's work depicts working life in our country in his fine bronze sculpture pieces of oil well drillers and western cowboys.

His work is a reflection of his personal experience in working on drilling rigs in Utah and Wyoming.

Mr. Manning began experimenting with metal sculpture at the age of 14 using his father's oxy-acetylene welder. His work in the area of sculpture-mural, on which he collaborated with other artists, are in public buildings in Mexico, Colorado and California. Make an effort to visit the library in April and see the work of this accomplished young man.

"Color Me Beautiful" Seminar

Sunday, April 5, 1987 at 3 p.m. the popular "Color Me Beautiful" seminar will be presented at the Hicksville Public Library. What colors look best on you and why? A certified color consultant will explain which "Season" corresponds to your coloring.

This program was planned for Sunday, so women who work and women who cannot get out at night may attend.

This program is free and all are welcome.

Also presented to each winner was a citation from the Office of the Nassau County Executive, Thomas Gulotta.

Whales For Landlubbers Workshop For 5 To 8 Year Olds

Most of the Saturday and vacation workshops at the Hicksville Gregory Museum are for upper elementary school students. In response to great demand, this one will be for the younger ones.

The children will learn to identify different types of whales by their appearance and habits in a lively afternoon of games, film, songs and crafts.

The class will be conducted by Carolyn Halperin, well known as an advocate of saving the whales. Mrs. Halperin is a professional teacher of young children, with a special interest in marine mammals. She has conducted workshops from elementary through university level, and recently served as instructor for the Gregory Museum's In-Service course for teachers on whales.

Registration for this session will be limited, and must be made and confirmed in advance. The fee is \$5 for those with a Family Membership in the Museum, \$8 for non-members. The Museum number is 516-822-7505.

The Hicksville Gregory Museum, Long Island Earth Science Center, is located in the Old Hicksville Courthouse at Heitz Place, just south of the junction of Bay Avenue (back of Sears) and Woodbury Road/East Barclay Street.

Talent Show At Woodland

Many talented students at Woodland Ave. School had the opportunity to perform for their parents, teachers and friends on Wednesday March 11, when the school's P.T.A. held their annual talent show.

The show, organized by Mrs. Cheri Mulholland and Mrs. Claire Peters, opened very appropriately with the tune "Hey Look Me Over", which was sung by all participants. For the next few hours, the audience was delighted to do just that as children danced, sang and performed skits and comedy routines. Stage lighting, provided by Mr. Paul Hinkley, added a professional touch.

Woodland Ave. twirlers, under the direction of Mrs. Jane Hinkley, Mrs. Mary Adams and Mrs. Trish Barozie, proudly presented their routines as well.

As a finale, the children sang "So Long, Farewell" and left the stage thinking about what they'll do in next year's show.

To all the students who participated and all the parents who helped make this wonderful event possible—congratulations and thank you. It was an opportunity for the children to express their creativity and their talent.

Eddie Murphy singing "Yankee Doodle Dandy."

Erol Dalpiaz, Michael Beinert and David Pagano perform "Jump" dressed as the Pointer Sisters.

Students open show singing "Hey Look Me Over."

Gregory Latini, Michael Whitman, Richard Werchenski, V.J. Hoosack, Jamie Durkin and Glen Hinkley perform "Whacked Out Philharmonic."

• March 22- A burglary attempt was made to a house on Morgan Street. The front door was damaged but there was no apparent loss.

The Eighth Precinct has reported the following:

• March 14- A business on Bloomingdale Road was burglarized. Entry was gained by prying open a rear door. The loss included an answering machine and \$10 in cash.

News Notes From:

Hicksville-Jericho Rotary Club

Our last meeting was well attended. Fellowship abounded, the sort of thing that makes one wonder why there is still so much room for rivalry and animosity and misunderstanding in a world where so much goodness and congeniality can exist.

Some news about our members: Doc Gross needed attention; he wasn't getting it from Terry so he decided to go to St. Francis Hospital to be pampered; we hear that he is getting it there but he is also ready to come

home any day now. Ruthie Kuna is now at St. Charles Rehabilitation Center for recuperation exercises and she has all our support and our prayers and was the big fund-raiser of the day with everyone's good wishes.

The next Board of Directors meeting will be held in the offices of Fred Meyer on Tuesday April 7 at 6:15 p.m.

One of the big events of our Rotary Year has been organized in a most competent manner by the Golf Committee and that is our Spring Gold Tourney. It will be held this year on the Blue Course of the Bethpage Golf Club on May 7. Tickets are on sale now for \$75.00 which includes breakfast, dinner, refreshments, prizes and all other nice little things. The proceeds are earmarked for the Gift of Life and the Polio Plus Program which are 2 programs in which our club is actively participating. The club extends its invitation to all golfers and semi-golfers and even non-so-semi golfers to join us for a great day in the country.

We had one visitor today from Valley Stream: Joe Horan who was also our guest speaker. Other guests were Larry Fitzgerald from LILCO, Sam Carr of Coldwell Banker, Vincent Masciana the new manager and a bright new addition to the Hicksville scene at the Dry Dock Bank, Hlm Ruff of Diplomat Electronics, Jim Dubach and Bruno Dropsy from Bowe Systems, Chris O'Neill of Merrill Lynch, tatata and Howard Gross of Center-

view Florists. Because of the presence of so many dignitaries, the security for the meeting was provided by Mike Joseph of PM Securities, better known as Peace of Mind Security Company!

Joe Horan, District Manager of LILCO spoke eloquently of the many services which are provided for the general public by his company. Despite the reversal in their high fortunes and the unfortunate delays of the Shorehan Plant, LILCO still remains one of the civic minded companies in the world and assumes its share of its responsibilities in its communities most eloquently and sometimes generously. LILCO will go to great lengths to educate its customers about the intelligent use of electricity. They even publish an Electric Appliance Guide which tells you how many dollars a month it costs us to use our stove, our TV or our washing machine. They will go to great lengths to accommodate those who have difficulty paying their bills and we should be proud to have such a responsible company providing our power supply. During the question and answer session when Joe was asked whether he would agree to live with his family near the Shorehan Plant his answer was an unequivocal and resounding YES, which was so comforting to hear.

BUSINESS AND FINANCE

Norstar Bancorp To Combine Long Island, New York City Banks

Norstar Bancorp (NYSE:NOR) is combining its banks in Long Island and New York City into one institution to be called Norstar Bank with headquarters on Long Island. This planned consolidation is subject to federal and state regulatory approvals.

Peter D. Kiernan chairman and president of Norstar Bancorp, said that Thomas A. Doherty, president and chief executive officer of Norstar Bank of Long Island, will become chairman, president, and chief executive officer of Norstar Bank. Russell L. Weiss, now chairman of Norstar Bank of Commerce, will be vice chairman. Robert F. Peyser, currently executive vice president of Norstar Bank

of Long Island, will be regional president for Long Island. Richard Silverman, executive vice president of Norstar Bank of Commerce, will become president of the bank's New York region.

The consolidation of Norstar Bank of Long Island and Norstar Bank of Commerce into Norstar Bank creates an institution with assets of approximately \$2 billion and 80 branches serving Long Island and the metropolitan New York City area. The combined bank will have its headquarters in Garden City, until completion of new offices in Melville.

Securities Brokerage Service at Beacon Federal Savings Bank

The long accepted banking maxim that "people bank where it's most convenient" is now being expanded to "people bank and do their securities investing at the same convenient banking location." Customers of Beacon Federal Savings Bank will be doing just that, beginning now with the introduction of brokerages services through Securities Plus.

The announcement of the new service, called Securities Plus, Inc., was made jointly by Charles Hahn, President of Beacon, of which Securities Plus, Inc. is a subsidiary, and Thomas F. Coyne, President of First Long Island Securities, Inc., a member firm of the National Association of Securities Dealers. The investment service is a result of a joint

licensing agreement between Securities Plus, Inc. and First Long Island Securities.

In explaining First Long Island Securities' participation, Mr. Coyne stated that licensed registered representatives employed by his NASD firm will be stationed at selected Beacon branches during regular banking hours, including Friday evenings and Saturdays for customers consultation and investment services. Beacon Federal Savings Bank's Baldwin headquarters and the Bellmore branch office will be used initially. First Long Island Securities has installed an 800-522-2305 telephone line for rapid communication between the Bank's 14-office network and the First Long Island Securities' personnel in Baldwin and Bellmore.

Apple Bank Focus On L.I. Business Loans

In an aggressive move aimed at gaining a significant share of the loans to small and medium businesses on Long Island, Apple Bank for Savings has expanded its Commercial Lending Division.

George C. Brooks, Senior Vice President, will be Managing Director of the Commercial Lending Division. Mr. Brooks has developed an outstanding reputation over the past three decades as a commercial lender on Long Island.

The division will be headquartered at 1600 Steward Ave., Garden City and will operate initially from regional offices managed by Senior Vice Presidents: Donald J. Carrs, Metropolitan; Frederick W. Lemmermann, Western; William W. Riley, Central; and Philip H. Dailader, Eastern. Daniel E. Martin, Vice President, will be responsible for business development.

Bank Announces Earnings Increase

The First of Long Island Corporation announced an earnings increase of 17% for 1986. J. William Johnson, president and chief executive officer, reports total consolidated net income for 1986 of \$3,558,382, surpassing the \$3,032,896 reported for the prior year. On an adjusted per share basis, earnings were \$4.00, as compared to the \$3.41 per share reported in 1985. The First of Long Island's total consolidated assets at year end were \$221,000,000, a 23% increase over \$179,000,000 reported for 1985.

Based on the bank's continued growth, a special cash dividend of 30 cents per share was paid by The First of Long Island Corporation in January of 1987. This is in addition to a regular cash dividend of 30 cents per share; a total of 60 cents per share and an increase of 25% over the year 1985.

New State Student Financial Aid Forms Available

More than 1.2 million Student Payment Applications—better known as Tuition Assistance Program (TAP) applications—for the 1987-88 school year are on their way to students, schools and libraries throughout the state. Dr. Dolores E. Cross, president of the New York State Higher Education Services Corporation (HESC) recently announced. Dr. Cross urged students and parents to complete the forms as soon as possible, especially if the student plans to begin classes this fall.

HESC will begin processing the applications on April 1, a month earlier than in the past. We've accelerated our applications processing activity so that we can tell students sooner what their financial aid will be," said Dr. Cross.

TAP, the State's largest need-based student aid program, provides grants ranging from \$350 to \$2,850 a year for students whose combined family income is up to \$32,000 New York State taxable income annually. The actual award will depend on a student's level of

study, tuition charges, and family income.

TAP is available for full-time undergraduate and graduate students who attend more than 350 colleges and proprietary schools in New York State. HESC estimates that more than 350,000 students will receive \$410 million in TAP and other state-funded awards during the 1986-87 school year.

Dr. Cross also reminded part-time students, who are not eligible for TAP that need-based grants of up to \$2,000 annually will be available at more than 175 degree-granting institutions, through the State's Aid for Part-Time study Programs (APTS).

Norstar Bank Of Long Island Honored

The Mental Health Association of Nassau County is presenting a Mental Health Gala, "An Evening in the Country", honoring the Norstar Bank of Long Island for 100 years of outstanding service to the community.

The Gala will be held on Monday, May 4, at 6:30 p.m. at the Hay Barn, Planting Fields Arboretum, Oyster Bay. Call 489-2322 for further information.

The Investor's Corner

By JOSEPH P. FREY, Ph.D.

"No More IRA's Please"

I do not like to disagree with one of the best radio financial advisors in the country. I do strongly disagree with Mr. Bill Bresnahan of WABC talk radio and other advisors who are urging you to fund your IRA for 1987. This also puts me in major disagreement with all of the brokerage houses and banks in the USA. The institutions I can understand. They stand to lose billions of dollars in new money. Mr. Bresnahan is a different question.

I do not want this to be a commercial for Bill Bresnahan. While I do disagree with him on his IRA position, his radio advice is fundamentally sound, well constructed, direct, simple, understandable and do-able. I just do not understand why he continues to advise listeners to fund IRA's for 1987 and beyond.

It is true that the IRA's that are funded without the tax benefit will have the interest or dividends accumulate tax deferred. That is the only advantage. Why subject yourself to the restrictions and penalties of an IRA? You can do exactly the same thing in other ways. You can do them better. As an example, did you know that you can put away money in a product which will accumulate your high yield tax deferred forever. If you need some money from your investment you can borrow it without paying any interest on the loan, and you do not have to pay taxes on the money, ever. Does this sound too good to be true? Believe that it is possible right now. I believe that this type of investment beats a non-tax advantaged IRA all ways.

Let me say right now that you should fund your 1986 IRA to the fullest if you have not done so up to this time. The IRA is, or was, Congress' gift tax shelter to the U.S. taxpayer. I am sorry to see them go. They really are the victim of their own success. So much money went into IRA's that the tax loss hurt, especially with the huge deficits, Congress did a trade off when they cut our tax rate in 1986. So be it.

What are the restrictions of an IRA. If you need the money anytime before you are 59½, you must pay a 10% tax penalty for that use, plus you have to pay your regular taxes on the money. In addition, you must start to take the money on a schedule after you reach 70½. I recently had two clients who did not need the money, but who had to start taking the money because of the mandatory age limit.

The landmark 1986 tax law changed many things for many people, many financial products and many financial institutions. The tax shelter business will never be the same. Yet, there is one industry that was basically untouched by the law. It is this industry which has the fantastic products I mentioned before, INSURANCE.

Insurance is for old people. They do not have what a modern investor needs. Who needs annuities? It's a poor investment. I bought a policy 30 years ago, whole life, and I have been paying through the nose ever since, etc. etc. That's the way the arguments go, or some of them.

The insurance business has been ravaged by mutual funds. It has been rocked by cheap loans against cash value of the policies. It was injured by high redemption rates. We are not talking the old insurance industry or old fashioned insurance products. We are writing about an industry which got off its knees and structured new modern investment products for the 1987 and beyond market. It has taken on the lion by roaring back like a bullmoose.

Now you can enjoy the investment side of the business and still have the protection side of the business that we all have come to respect.

This is the first of a planned series of articles on insurance products for investment and estate planning purposes. The variety is bewildering, they have fancy names to help sell them. The articles will not appear on consecutive weeks but periodically. Do not rush out to buy right away because there are risks. Even if you do, check with more than one salesperson. More to come soon.

JOSEPH COLBY COMMENTS

The poets say that in spring, a young man's fancy turns to thoughts of love.

In the same season, a homeowner's thoughts generally turn to thoughts of home improvement.

If you've considered adding an addition to your home, redesigning the interior or resurfacing the outside, there are some precautions you should take so that you don't become the victim of an unscrupulous vendor.

Obtaining recommendations from friends and neighbors who are satisfied with work that has been done for them is a good place to begin your search. This offers the advantage that you can see the quality of the work, find out if the job was started and finished within a reasonable length of time, if the price quoted was adhered to, and if complaints were rectified.

Prior to calling a contractor to your home, it's important to know exactly what work you want done and which aspects of the job are most important. That way, if the price is higher than you anticipated, you can consider eliminating the lower priority parts of the job.

Getting several estimates will give you a better basis from which to select a contractor. However, to compare equally, each

potential contractor should be given the same precise description of the job.

Once you've selected a contractor, for your mutual benefit, have a signed contract which includes a detailed description of the work to be done, the materials and parts to be used (if brand names have been specified, include the names), a start and completion date, a list of warranties on parts and material plus whatever the contractor guarantees, and an agreed upon payment schedule.

As work progresses, keep a careful watch on each stage so that you can ask questions or point out any differences from the agreed design before too much time has elapsed or work has gone too far.

Finally, do not sign a completion certificate or relinquish final payment until you are satisfied that all the work has been done according to the contract agreement and meets with your complete approval. Any subcontractors must be paid by the contractor and this should be done prior to your signing off.

We all want good value for our money. Being prepared to ask the important questions, having a design in mind and hiring a reputable, licensed contractor are steps which will help to avoid potential problems.

Nominations in Order For the Fourth Annual Teacher-Student Awards

Entries are being evaluated, and final planning is underway for the fourth annual Teacher-Student Awards and Recognition Day program, scheduled for Saturday, May 16, by the Long Island Forum for Technology (LIFT).

Coordinator for the 10 a.m. to 1 p.m. event is the Regional Industrial Technical Education Committee of LIFT which will honor about 30 students and educators who have distinguished themselves in the fields of science, mathematics and technology. Winners will also receive a \$250 cash award and a plaque. Each winner's school will also receive a plaque.

The awards ceremony will be conducted at the New York Institute of Technology (Suffolk Campus, Central Islip).

RITEC is a bi-county body of high technology corporations, educational and governmental institutions organized to promote the growth and cooperation of technology and education on Long Island.

All high schools in Nassau and Suffolk Counties have been invited to nominate educators and students for the award.

Be A Weather Observer

The Long Island Weather Observers, a non-profit organization is made up of non-professional weather buffs with a common interest in weather observation, forecasting, and climate records of Long Island. Our membership includes observers living between Brooklyn and Montauk and Huntington to Orient.

Currently, we are looking for observers on the north shore of Long Island especially in Nassau County. The Long Island Weather Observers (LIWO) is recognized by the National Weather Service as the only responsible weather group on Long Island.

We publish a monthly newsletter, "The Sea Breeze", and operate a 24 hour a day telephone weather hotline. On the last Monday of each month, LIWO holds regular meetings at Nassau Community College and Sachem High School (alternate monthly basis).

If you are interested in joining the LIWO please write to Long Island Weather Observers, 41 Roosevelt Blvd., Massapequa, N.Y. 11758.

Hicksville Republican Club

Joseph Jablonsky, Executive Leader

Bill Lee, President

Our March meeting was held on March 13, at the VFW Hall, Hicksville. Councilman Ken Diamond was our guest speaker. Mr. Diamond has been an elected official of the Town of Oyster Bay since 1973. He is an advocate of the young, handicapped and senior citizens.

Mr. Diamond discussed the special election which will be held on April 28. He said the voters will decide to vote for or against the Ward System. This proposition is to put in effect the same system that is in Queens and the Bronx. In our present system all councilmen in the Town of Oyster Bay represent you. When a resident of Oyster Bay has a problem, he/she can call any or all six members of the Town Board for help.

Under the Ward system Hicksville will have only one representatives on the Town Board even though all six representatives vote on the issues that are important to the residents for Hicksville. This proposition was on the ballot in 1967, and was overwhelmingly defeated. In 1975 it again was overwhelmingly defeated and in 1980 there weren't enough signatures to put the proposition on the ballot.

Welcome new members Kevin S. Rigan, Jerry Dutko, Kurt C. Lettoe and Peter M. Collins. The Dark Horse Raffle was two bottles of Mateus Wine from Portugal. It was won by Bob Kluck. Congratulations!

Berni Masseria was the winner of the Membership Drawing. Congratulations and Happy Birthday Berni who celebrated his birthday on March 19.

Help is needed for the Reverse Raffle. If you would like to work on the committee, please contact Fred Vevante at 931-4287 or see him at our April meeting.

Speaking of the Reverse Raffle. There is still time to purchase your tickets. You have a chance to win a trip for two to Hawaii for one week. The tickets are only \$25 each and entitles you to a cocktail party the evening of the drawing, June 14. Only 300 tickets will be sold. Call Fred Vevante to purchase your tickets and to get further information.

Dates to Remember: April 10 - April monthly meeting VFW Hall, 350 S. Broadway, Hicksville 8:30 p.m.

April 28 - Special election - polls open from 6 a.m. to 9 p.m. vote at your usual voting place. May 8 - May monthly meeting

June 14 - Reverse Raffle Drawing and Cocktail Party Sons of Italy Hall, 47 p.m.

AT EAST STREET SCHOOL the 6th graders are participating in an 8 week program called P.R.I.D.E., which deals with Drugs and Alcohol Education. The program is being conducted by Police Officers W.

Opening lead — five of diamonds.

The importance of formulating a general plan of attack before playing a card from dummy at trick one cannot be overemphasized. Even if the play to the first trick seems automatic, declarer is still well advised to study the hand as a whole before rushing blindly ahead.

Consider this deal where West leads a diamond against four spades. Many players would impulsively take the trick with the ace and then start thinking about what to do next. Sadly,

the energy expended in making such a decision would be largely wasted, since they have already defeated themselves by their impulsive play to the opening trick.

Let's say South decides to lead a trump next. In that case, the defenders can immediately cash two diamond tricks to go with their two aces. If declarer leads a diamond instead, hoping to ruff a diamond in dummy, the defenders win and cash the spade ace before collecting another diamond and the club ace. And if South tries to cash three hearts in order to discard a diamond, West trumps the third heart for down one.

The inherent danger of winning the first diamond is not difficult for declarer to foresee, provided he takes the time to assess his situation before playing to the trick. From that point on, it doesn't take long to recognize the advantage of withholding the ace, a move that renders the defense helpless.

For example, if a diamond is continued, South can win and ruff a diamond in dummy. If instead East switches to a low trump at trick two, declarer simply drives out the ace and later discards his third diamond on a high heart.

By ducking the first diamond, South maintains full control of the play, after which all roads lead to at least ten tricks.

MARMADUKE® by Brad Anderson

"There are hunting dogs and fishing dogs.
He happens to be a TV dog."

"How come his front half is sitting, but not
his back half?"

"Must be getting serious...Marmaduke
and Veronica are taking baths together
now."

AT C.W. POST: The Sound of Spring

Returning six starters from the 23-10 squad that captured the ECAC South tournament last season, C.W. Post's women's softball team seeks to earn its fourth straight postseason berth.

Second-year head coach Glen Payne, whose team hosts Hofstra today at 4 and visits Army Saturday at 1, oversees a combination of returnees and newcomers. "We are hoping to have as good a season as we had in 1987," Payne said. "We feel that we can improve on last year's record. We have upgraded our schedule and we believe that we can play with anyone in the region."

C.W. Post will once again rely on solid pitching, especially by senior hurler Nancy Kasko. Kasko (14-5), a second-team All Region selection in 1986, notched an 0.80 earned-run average and batted .273. Junior Sue Jameson (9-5), also an All Region honoree last year, will once again see mound time this season. Last year, Jameson played at first, leftfield and rightfield in addition to being the Lady Pioneer's second hurler. Jameson led the 1986 squad in hits (37), RBI (18), triples (4) and home runs (2). Freshman Barbara Palmer completes the mound lineup.

Junior Paula Zanni (.347, 11 RBI), the starting catcher, can also play first base and at second. Junior Sue Riccardi (.140, 13 RBI) the third baseman, combines much needed power and is also a smooth fielder. Sophomore Janice DiMaggio represents Post at second base and freshman Sandy Baranowski (Manville, NJ) is the starting shortstop, and a lefthanded batter.

Heading the outfield will be sophomore Diane DiMarco (.265, 12 RBI), who can play all three outfield positions with confidence, according to the coach. Last

spring, she led the team in stolen bases with six. Senior Beverly Browne (.250, 0 RBI) and sophomore Lisa Bitondo (.143, 0 RBI) round out the team.

Games with national powers Sacred Heart, Lowell, American International and national quarterfinals Bloomsburg highlight the campaign, and the Lady Pioneers will compete against many Division I teams including Providence, Princeton and Hartford. Payne's squad will also appear in the Penn State tournament.

"We believe that we have the ability to reach the Nationals," said Payne. "With our demanding schedule, we will find out just how good we really are."

Also on the Greenvale campus, the men's baseball team is coming off last Sunday's victory over New York Tech, 13-8. This is the team's first season in the newly-formed Diamond conference; the winner of the league will receive an automatic bid to the ECAC Championships, with the victor of that tournament advancing to the NCAA Division I National Championships.

"Basically, I believe we have as solid a starting lineup as anyone in the area," said C.W. Post head coach Dick Vining, who is beginning his 33rd collegiate campaign and ninth at C.W. Post. "Our pitching will determine whether we will be a .500 team or be a serious post-season contender."

Vining, who boasts a 444-256-4 record overall and 206-101-2 mark at C.W. Post has a solid junior class which leads the Pioneers. "We are solid behind the plate and up the middle," remarks the veteran coach.

The team visits Georgetown today and Howard tomorrow and will host Buffalo Saturday at 1 p.m.

St. Paul's Lacrosse Team Travels To Virginia

The St. Paul's School Varsity Lacrosse team travelled south to Virginia this week to participate in a series of pre-season exhibition games with some of the finest high school lacrosse teams in the country.

The "Saints" the 1986 New York Metropolitan Lacrosse Champions, finished last year ranked as number eight in New York State for Class B schools. Nine starters and eighteen lettermen from last year's championship team, including All-American James McAlevey of Stewart Manor, will be part of the 1987 St. Paul's Varsity Lacrosse team, and Head Lacrosse Coach Barry Schmerler is cautiously optimistic despite a very tough schedule for the "Saints."

In addition to James McAlevey, who helped lead the Long Island team to a gold medal in the Empire State Games held in Buffalo last summer, other capable members of the St. Paul's team include junior Christopher Feldmann and senior middle Robert Meindl both of Rockville Centre and who also played in the Empire State Games. Returning at midfield will be Stefan Topalovich of Garden City with a speed of 4.5 in the 40 yard dash, and Luis Pereira of Plan-

dome who will be assuming the crucial position of face off specialist.

On defense, Timothy McCabe of Rockville Centre, Henry Childs of Garden City, and Daniel Hanley of Port Washington, along with sophomore George Pittsiris of Queens constitute a formidable foursome. And newcomers James Cardillo of Manhasset and Brad Cheney of Garden City also give the "Saints" greater depth.

Other strong contributors on the squad include goalies Anthony Greco of Oceanside and Matthew MacLean of Garden City, and Dennis Blair of Glen Head, Thomas Pace of Sea Cliff, Michael Polisseno of Manhasset, David Zoni of Garden City, Jarrod Fischer of Roslyn, Robert Eder of Locust Valley, Bruce Giacomini of Sands Point, John Ferrugia of Rockville Centre, Matthew Becker of Lynbrook, Wesley Merritt of Queens, Thomas Koch of Locust Valley, John Hart of Garden City, Robert Bekor of Manhasset, Colin Block of Queens, Edward Veprovsky of Locust Valley, John Merritt of Queens and Peter Grace, Walden Leverich, and Christian Chelius all of Manhasset.

Nassau Sports Review

By JACK WHITE

Even though the National Federation has approved the three point shot for high school basketball it is unlikely that Nassau will have it next year. First, there is a possibility that New York will withdraw from the Federation and be free to set up its own standards. Second, it may not be possible for all schools to have their courts set up for the new rule by next season.

There is an old saying that proclaims, "If it ain't broke, don't fix it." That may be just what basketball's ruling body should remember. The high school game is doing just fine without the three point shot and without a shot clock.

I have three objections to the three point shot. Its introduction will invalidate scoring records which are an interesting part of the game. We would need Roger Maris-type asterisks for all new marks. Two officials will not be able to call the shot adequately and schools don't want to pay a third man. And finally, the "home run" shot will discourage patience and teamwork and encourage poor shot selection.

Section Eight officials are concerned with the increasing incidents of fighting in basketball games. Several incidents this past season involved bench clearing brawls and in some, spectators were involved. The policy used in soccer may be a partial solution. Any soccer player ejected from a game is out for the next game as well.

There is no doubt that the increased violence in college and pro games which are viewed on television by high school players is a factor.

The Boo of the Week, as Warner Wolf would say, goes to the Section Eight track officials who have decided to separate the spring championship meet into classes A and B. The Section Eight Meet has a long and proud tradition and should be continued. Nassau should follow Suffolk's lead in retaining true "County Championship" events.

SPORTS NOTES: How good is Long Island lacrosse compared to other parts of the country? Defending N.Y. Class 'A' Champion Garden City beat Pennsylvania champion Hill School, 25-4, last week. On April 25 the Trojans host Connecticut title holder New Canaan in what figures to be a great game. Cablevision will televise that one. . . . The Manhasset Booster Club did their usual marvelous job with their Lacrosse Day of Champions. . . . Baseball scouts will be keeping a close watch on Glen Cove's 6-7 Desi Wilson who is also a standout on the basketball court. Wilson's clutch home run helped the Big Red to the State 'B' title a year ago. . . . Next fall's football alignment has one significant change. Lawrence moves down to Conference II. That gives Conference I eleven teams and Conference II fourteen. Figure that one out. In any case, Lawrence, which suffered through its first ever winless season last year, is expected to be greatly improved in 1987.

NSCHSAA Announces 1987 All-Star Team

Led by St. Agnes stars Kurt Samuels and Gregg Smith, the Stags won yet another league championship for their coach, Frank Morris. Samuels, who will join the future teammate Fennis Denbo as a Wyoming Cowboy next year, finished third in the league in scoring, but first in the coaches ballot as he was selected the league MVP. Smith, a sure-fire Division I point guard prospect, averaged over 15 points a game in leading his team to the title. The entire first and second teams, including honorable mention looks as follows:

Name	Year	School	Height	Avg. Hi Game
Kurt Samuels	Sr	St. Agnes	6-4	19.7 30
Marland Johnson	Sr	Holy Trinity	6-4	17.5 29
Chris Schneider	Sr	St. Mary's	6-3	20.4 34
Gregg Smith	Sr	St. Agnes	6-1	15.3 23
Ed Newman	Sr	Chaminade	6-7	15.1 23

2nd Team

Marcus Matthew	Jr	St. John's	6-2	21.8 36
John Doolan	Sr	St. Dominic's	6-1	12.0 20
Jamaal Johnson	Sr	Holy Trinity	6-3	14.5 20
Brian Stackpole	Sr	St. Anthony's	6-6	10.9 20
Gordon Wilson	Sr	St. Mary's	5-9	9.3 14

Honorable Mention

Chaminade - Colm O'Malley, Manny Recarey; Holy Trinity - Dwayne Holley, Bobby Kopp; St. Agnes - Woody Williams, Joel Teague; St. Anthony's - John Lesky, Mike Casey, Mike Feeney; St. Dominic's - Joe Masi; St. John the Baptist - John Edmead, Joe Munzer; St. Mary's - Jack Donohue.

The Arrows offers the youth of Long Island the opportunity to become involved in amateur ice hockey thru participation in both developmental and All-Star programs. An 8 week Spring Clinic will be held at Cantigue Park beginning Saturday, April 4. For more information please call George Irwin, 546-9447.

THIS CHAMPIONSHIP BASEBALL TEAM from Hicksville played in 1987 (?). Many names are familiar to sports editor Howard Finnegan, but in fairness to those who are unidentifiable and for the enjoyment of many who like to remember former players on their own, none will be singled out.

Hicksville High has won more games and championships than any other team in Nassau County history. The great majority were won under coach Louis Millevolte. Other skilled leaders were the late Neil O'Dougherty, Bill Anderson, Adamo Tomani, present Hicksville High principal Richard Hogan, and current mentor Bill Hilskey.

Allison Ruff

Allison Ruff Named to ECAC All-Star Team

Allison Ruff, who helped the Nazareth College women's basketball team to a 17-9 record this season, has been named to the Eastern College Athletic Conference Division III Uptate all-star team.

A 1983 graduate of Long Island Lutheran, she is the daughter of Fred and Loretta Ruff of Hicksville.

She started every game for the Golden Flyers in 1986-87 and led the team in scoring with 15.2 points per game. She was second on the team in rebounding (7.8 per game) and led the team with 50 blocked shots, while shooting 46.4 percent from the field. She scored in double figures in 20 of the Golden Flyers' 26 games.

As a two-year starter at Nazareth, Allison closed out her career among the school's all-time leader in several categories, including points scored (769), rebounds (544), field goals made (315), free throws made (139), games played (94) and blocked shots (82).

Her strong performance helped the Golden Flyers to their sixth straight winning season and their third ECAC Uptate Tournament championship in four years.

On Wednesday, March 25th we had our boys basketball awards ceremony and on Thursday, March 26th we had our girls basketball awards ceremony and boys and girls judo awards ceremony.

All participants received a trophy because PAL believes that each child, regardless of ability, is a "Winner"!! Because PAL doesn't advocate play-offs, our games are played in a non-stressful positive learning environment.

Special thanks go to all the coaches (and their wives or husbands) and referees because without them our programs could not exist. Thanks also go to Police Officer Bill Teilstedt, Boys Commissioner Joe Bentrewicz, Girls Commissioner George Maggio, Eleanor Bentrewicz for helping with the referees, Pat Rooney for helping with the setting up of awards ceremonies and especially our wonderful supportive parents. The children were thrilled to have their parents cheering them on throughout the season.

Thanks also go to the *Hicksville Illustrated News* for publishing everything we have put in. We apologize if any children's names were misspelled.

The following is a partial list of recipients of trophies. Next week we will have the completion of the list.

Bob Russo

Bob Russo is one of a long list of Hicksville High School baseball standouts in recent years. Under direction of Coach Bob Hilskey the much admired orange and black student-athlete won All County Outfield honors in 1985.

He was awarded a scholarship to Adelphi University and is in his sophomore season with the Panthers.

Currently on tour with Adelphi in Florida, Russo smacked a grand slam home run in a 9-6 win over Mansfield (PA). The game was played at Sanford, Florida.

He is an honor student at Adelphi, Garden City.

In his senior year at Hicksville he led the Comets in hitting, fielding percentages.

He was accorded the Neil O'Doherty Award as the Most Valuable Player. The trophy is presented annually in memory of the popular Hicksville High coach and teacher.

He was the recipient of the Hicksville Alumni Boys Athletic Scholarship in 1985. The five hundred dollar stipend was given at the alumni's annual Senior Boys and Girls Athletic Banquet held each spring for the last thirty years.
