

## PTA Hosts Candidates Forum

The Hicksville Council of PTAs will host a Candidates Forum on Thursday, April 30, beginning at 8 p.m. in Cafeteria A of the Hicksville Senior High School. The purpose of the forum is to enable the residents to meet and listen to the persons running for seats on the Hicksville School Board.

At the beginning of the meeting, index cards will be distributed to the members of the audience so that they may write questions directed to the candidates. The candidates will be given time to introduce themselves and to make opening statements. They will then be available to answer the submitted questions. At the end of the program, they will each give a closing statement.

The following candidates are running for election: Jeanne Miltenberg and William Kelly will be vying for the seat of Lawrence A. Moor, who will not be seeking re-election. Mark Cardella will be opposing Jay Schwartz for the three year term, and Daniel MacBride will be running unopposed.

Those who are not yet registered to vote are urged to do so on Wednesday, April 29 at their regular polling place between the hours of 3 and 8 p.m.

The PTA Council sponsors its Candidates Forum to help Hicksville residents become better informed voters. The election for school board positions and for the proposed school budget will take place on Wednesday, May 6. Polls will be open from 10 a.m. to 10 p.m.

## Special Election

A special election will be held in the Town of Oyster Bay on Tuesday, April 28, to vote on the question:

"Shall the ward system for the election of councilmen in the Town of Oyster Bay be established pursuant to Section 81 of the Town Law of the State of New York?"

The League of Women Voters of Nassau County urges all eligible voters in the Town of Oyster Bay to cast their votes so that the final determination will truly represent residents' views on the best form of representative government for their town.

All polling places will be open from 6 a.m. to 9 p.m. absentee ballots are available. Call the board of elections at 535-2411, for further information.

## Marino Says Legislature Increases School Aid

"Thanks to hard bargaining and a united effort by Long Island's Legislative Delegation, general operating aid for the Hicksville School District and most other districts on Long Island will be increased over the aid level originally proposed by Governor Cuomo," Senator Ralph J. Marino (R, Oyster Bay) recently said.

"The long struggle to gain a fairer share of state aid for Long Island schools has resulted in a gain of approximately \$11,213,674 in total aid to the 17 school districts located, in whole or in part, within the Fifth State Senate District," Marino continued. "That sum represents the additional aid our local school districts will receive, over and above the amount initially recommended by the governor back in February."

"More specifically, negotiations on education aid yielded an additional \$665,600 in 1987-88 operating aid for the Hicksville School District," Marino concluded. "That represents the difference between the \$8,357,201 in aid to the Hicksville School District, as estimated under the governor's budget proposal, and the \$9,022,801 in general operating aid this school district will now receive under the revised budget as finally approved by the Legislature."

"I am pleased that negotiations on education funding achieved this enhancement of local school aid entitlement and I particularly appreciate the support and assistance I received throughout those negotiations from Assemblyman Parola whose Assembly District includes the Hicksville School District."

## Youth Council Needs Volunteers For Big Brothers/Big Sisters Program

**MARCH OF DIMES** Poster Child Meghan Couteri of Hicksville thanks Citibank Vice President Herb Meyers for signing up to participate in WalkAmerica to prevent birth defects, the March of Dimes 18th-annual walk-a-thon, Sunday, April 26. For information about Walk-A-Thon call 496-2106.

## Lee Avenue Students Raise Money For Easter Seal

Fourth, fifth and sixth grade students at Lee Avenue Elementary School recently participated, for their sixth consecutive year, in the annual Easter Seal Basketball Shootout.

By obtaining pledges for the number of baskets scored in a three minute period, the students collected over \$1,603 to help the Easter Seal Society continue programs and services for children and adults with disabilities.

In return for the students efforts, they will be rewarded with prizes such as Knicks bumper stickers, yearbooks, t-shirts and ski caps, all donated by the New York Knicks. John Mansueto (78 baskets) and Alison Dunker (59 baskets), both sixth graders, received a special Sharpshooter Trophy,

which was awarded to the boy and girl scoring the most baskets. In addition Scott Anderson, a fifth grader and Lisa Robbins, a fourth grader, recently joined Honorary Shoot-Out Chairman Bill Cartwright and Knicks' Trainer Michael Saunders on center court at Madison Square Garden for the "Lucky 100 Shoot-Out Clinic" Scott, who collected \$276.70, and Lisa, who raised \$150, were among the top fundraisers throughout the Metropolitan New York area.

Ms. Barbara Feuerstein, physical education instructor at Lee Avenue, coordinated and supervised the event.

For information and how to participate in next year's Basketball Shoot-Out, please call the Long Island Easter Seal Society at 421-2200.

There is now a major drive in Hicksville for Big Brother and Big Sister volunteers. The Hicksville Youth Council, 181 W. Old Country Road, is the site of the local chapter of this nationwide organization. There is currently a dire need for the services this organization provides.

On Long Island there are over 100,000 children living in single-parent households. Working, maintaining a home and finding enough time and energy to fulfill a child's needs can be overwhelming for the single parent. The stress on the children is equally strong.

The Big Brother/Big Sister program offers children a unique, one-to-one friendship with a caring responsible volunteer. The relationship between a child and volunteer is built around the sharing of weekly outings and activities. It is through these weekly meetings that a Big Brother or Sister is able to offer a child the additional support, guidance and friendship he or she needs. For children who may not have extended family or other support systems, this program is vital.

The Hicksville Youth Council works in conjunction with Big Brothers/Big Sisters of Nassau County, located on 240 Clinton Street in Hempstead. The major responsibility of the Youth Council's Big Brother/Big Sister Chapter is to recruit high school student volunteers.

High school students are matched to elementary school children who live within the Hicksville School District. Student volunteers are carefully screened, trained and supervised by the agency's professional staff. Volunteers must demonstrate stability, responsibility and dependability. Once accepted, each volunteer is matched to a child based on shared interests, personality, age and location. The students make a commitment to meet with their Little Brother or Sister for two to three hours each week, for nine months to a year. The agency provides ongoing support for the volunteer, child and parent, as well as optional group activities.

Little Brothers and Sisters are between the ages 7 and 18. Those assigned to high school students are 12 and under. They are often experiencing problems at home, in school, with peers, or may just need a special person in their lives. The goal of the program is to provide each child with a special older friend to share interests and activities with.

The high school volunteers are 16 and older, and have a strong commitment to help children. They are offered the opportunity to become involved in a meaningful community service where they receive individualized training and experience the satisfaction of helping others. The program has been recognized as a unique and rewarding way of introducing high school students to the concept of volunteerism.

If you are interested in becoming involved in this program, either as an adult or student volunteer, or if you have a child who could benefit from this excellent service, please call Candace Shapiro at the Hicksville Youth Council, 822-7594, or call Chris Gill at Big Brothers/Big Sisters, 489-7440.

## Town Board Approves Special Use Permit In Hicksville

The Oyster Bay Town Board has approved a request for a special use permit in Hicksville subject to certain restrictive covenants, according to Town Councilman Howard T. Hogan, Jr.

"The applicants, AVK Restaurant, Inc. and Josam Associates, were seeking a special use permit to operate a restaurant with a permitted occupancy of more than 75 persons in an 'F' business district (neighborhood district)," Hogan stated. "In granting the application for property located at the west side of South Oyster Bay Road, south of Woodbury Road, also known as 406 South Oyster Bay Road, the board did impose a number of restrictive covenants."

In imposing the covenants, the board addressed itself to concerns expressed by residents at a public hearing held on October 7, 1986. The board stipulated that the hours of operation will be limited to between 6 a.m. and 2 p.m. seven days a week and that the total occupancy will be no more than 176 persons. No live music will be permitted, and alcoholic

beverages may be dispensed through a service bar designed to accommodate only patrons dining at the restaurant.

Hogan said that the board also covenanted that there will be no outdoor storage of food, equipment, waste or other material and that garbage must be stored in closed containers fenced in on three sides. An efficient filter system must be installed to minimize adverse effects of food and odors emanating from the restaurant.

All lighting shall be directed only at the subject premises and may not spill over onto adjacent properties. Signs must comply with the town's sign ordinance and no application for a sign variance will be allowed. Parking will be permitted in designated areas with all driveways remaining open at all times for fire and emergency apparatus.

Hogan noted that no building permit or certificate of occupancy will be issued until a site plan has been submitted to, and approved by, the town's Department of Planning and Development.

## Hicksville Republican Club

**Joseph Jablonsky**  
Executive Leader

**Bill Lee**  
President

A Special election will be held on Tuesday, April 28 on whether or not to institute the Ward System in the Town of Oyster Bay. Please vote "No" to this proposition. It is imperative that we keep out of Oyster Bay the same ward system government that has led to corruption and scandals in the City of New York.

Proponents of the Ward System want to divide the Town into six (6) Ward Districts with each district having its own councilman. Since these districts would be equal in population, it is likely that Hicksville would not be an individual district but, rather, chopped up into several districts.

Presently, we have the opportunity to vote for all six councilmen. When we have a problem or want to express our opinion, we can write or call any town board member. If we disagree with any of the councilmen or feel they aren't doing their job, we have the opportunity to vote for all six councilmen. As a result, all six councilmen are very conscientious to the needs of our community. However, under a Ward System, we lose the opportunity to vote for all six councilmen. We would only be able to vote for the candidate in our ward. Any future problems or assistance would be directed to only one person...the Ward representative. The other councilmen, since they wouldn't represent our community, would express little or no interest in Hicksville. Under these circumstances, the majority of councilmen, through the power of their votes, could continuously make Hicksville the recipient of every adverse issue facing the town board. With one vote on the board, it would be very difficult to prevent our community from becoming a dumping ground at the hands of councilmen for whom we cannot vote.

Voting will take place at your normal polling location on Election Day. Polls will be open from 6 a.m. to 9 p.m.

In conclusion, I ask that we keep our power to vote for all the councilmen by voting "No" to the Ward System on April 28.

## Fashion Show To Benefit Retarded Children

The Levittown-Hicksville-Wantagh Auxiliary of the Association for the Help of Retarded Children (AHC) will hold its 21st annual fashion show and dinner, on Wednesday April 29, at the Huntington Town House. Cocktail hour is from 7 to 8 p.m., followed by dinner. Fashions will be by "Personally Yours" of Huntington, and the "Mad Hatter" of Cold Spring Harbor. There will be a sweepstakes

table with over 100 gifts, and a raffle drawing for An Escape Weekend in Manhattan with two tickets to a Broadway play. Tickets are \$24 each. For information call Nancy Guadagno at 433-8520.

Proceeds from this affair help subsidize the many services and programs provided by AHC for Nassau County's mentally-retarded

## Gardens Civic Association Meeting

Bernard Steinlauf will speak about the changes in the tax laws and how they will affect the 1087 taxes at the meeting of the Hicksville Gardens Civic Association.

The meeting, which will be held at 8 p.m. on Monday, April 27 at East Street School, will also feature Councilman Tom Clark who will present the finalized plans for the community

park, located between Old Country Road and Plainview Road.

Other topics discussed include the Department of Public Works—Town of Oyster Bay, plans to widen and remove trees from the Field Avenue area, and nomination of officers.

This meeting is open to the public.

OYSTER BAY TOWN COUNCILMAN Kenneth S. Diamond congratulates Jennie Caravello following her installation as president of the Seniors of 355, a Hicksville-based club. Also installed were (left to right) Marguerite Schnabel as secretary, Evelyn Schlauch as vice president and Frances Mattioli as assistant treasurer. Club director Chris Bartole (right) joins in the festivities.

## Consumer Protection Week

Want some oceanfront property in Arizona? Or a free vacation trip to the tropical isle of your dreams? How about a new diet guaranteed to make you lose 20 pounds overnight?

Some things seem too good to be true. And they almost always are.

Consumer Protection Week began April 20, and Hicksville Division General Manager/Postmaster Roger Nienaber has a ready answer for customers confronted with incredible mail order or telemarketing advertising claims—caveat emptor (let the buyer beware).

"If it seems too good to be true, it probably is," Nienaber says. "The vast majority of direct mail advertisers and mail order businesses are reputable and deliver good merchandise at a fair price, but some con artists use high-pressure sales tactics and ambiguous or misleading information to defraud our customers, often sending their shoddy and misrepresented products by C.O.D. (collect on delivery).

"I tell our customers that, unfortunately,

there's no such thing as a free lunch," says Nienaber. "And I warn them to make sure that when someone offers them the 'deal of a lifetime', it isn't actually the steal of a lifetime."

"If customers still have questions or feel they have been victims of some 'con' game through the mails, I suggest that they call the Postal Inspection Service."

Chain letters, too, offer far more than they can ever provide. "The idea of a chain letter may seem inviting at first glance, but don't be fooled," adds Nienaber. "The odds of ever collecting a single penny are very slim. And that chance element makes chain letters a type of lottery, which can't be sent through the mails. Besides, the same person often is listed on the first several positions of the chain (the first to receive money) under different names at different sites," Nienaber says.

"So the next time someone writes or calls offering a one-time only offer for a product that can grow hair on a billiard ball, remember that some incredible-sounding advertising claims are nothing more than bald-faced lies," Nienaber concludes.

# There's one thing wrong with those low finance rates on new cars.

## You don't get to choose the car.

These days, car dealers are getting you into their showrooms by talking about their low finance rates.

But once you get there you find out that these low rates don't apply to all models. And probably not to the makes and models you're most interested in.

On the other hand, consider the options and features The Bank of New York is offering.

First, we have the lowest auto loan rate we've had in fourteen years.

**Only 9.4%\***

And that rate applies to any new car you'd like to buy. Foreign or domestic.

Secondly, you can take advantage of our low rate whether or not you're a Bank of New York customer.

## News From The Galileo Lodge

By JOSEPH LORENZO, HISTORIAN

President Joe Giordano's Message:

*Nothing in life is more remarkable than the unnecessary anxiety which we endure.* **BENJAMIN DISRAELI**  
The dance that many people have been waiting for is now upon us, next Saturday, April 25, to be exact. Yes, receptiveness to this dance has been more than anticipated and in excess of our expectations. The eagerness to attend is quite apparent as the rapid sales of tickets is taken into consideration. This Fifties-Sixties dance also features a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, music, set-ups, a show and the exuberant atmosphere engendered by the Galileo Lodge—all for the admission price of \$10.50. All those who attend will certainly have a good time, a pleasurable and perhaps even a rousing one. John Cannizzara will "chair" this activity, aided and abetted by Tony Sica and Vito Grippi. That this dance will be a resounding success needs no verification or attestation, because last year's presentation determined this opinion.

Another of the most enjoyable and moving events that the Galileo Lodge presents are the Testimonial Dances, and this next one, is to be held by the Ladies Auxiliary on Friday, June 10, in honor of ex-president Mary Monteforte of the Ladies Auxiliary, at the Galileo Lodge. Tickets will sell at \$22.50 per person, and in the offering will be a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups, unlimited liquor and music for your listening and dancing pleasure. Please note that wine and cheese will be served also. Sue Laurenti will "chair" this dance, assisted by co-chairlady Mary Sarrera and her committee, Ann Palermo, Carmen Russo, Rachel Staino and Rose Panczeka. Marion Danseglio is the president. Dinner will probably start around 9 P.M. We here at the Galileo Lodge wish to make this Testimonial a memorable, enjoyable and momentous one for Mary herself and all those concerned. Ex-president Mary Monteforte's work, efforts and loyalty need no emphasis here because they are quite well-known throughout the Galileo Lodge and the Ladies Auxiliary.

And when one speaks of or writes about heart-warming and memorable affairs, what comes to mind are the Galileo Lodge's Scholarship-Anniversary Dances held annually. Well, this year is no exception as the Galileo Lodge announces that on Saturday night, September 10, it will present its 1087 Scholarship-Anniversary dance, honoring ex-president Pete Massiello for his service, loyalty and interest, in helping to keep the Galileo Lodge on steady course for expansion, growth and continued success. Skip Monteforte, Rocco Lombardo and Armand Dei Cioppo will help to insure the successful conclusion of this affair. An Ad Journal will also be featured, and this dance will be held at the Galileo Lodge. More details on this activity in later columns.

### LODGE TIDBITS:

Very sorry to report that Lou Gianansante, Mickey Russo and Lou Morave have been ill, and we all here at the Galileo Lodge wish them all a very speedy recovery. Good members are essential to an organization, and these three members are to the Galileo Lodge....The Convention dates to the Concord are June 4, 5, 6 and 7, and the delegates will surely have a nice time at Kamesha Lake....Next Fishing trip is set for May 31, so contact Bert Molinelli at 931-9351 for more details....Please note that the Galileo Lodge will present an Italian Night on Friday, and it promises a most spectacular one. More details in later columns....The Galileo Lodge picnic at Eisenhower Park is scheduled for Sunday, August 9.

## LOW-RATE MORTGAGES

for the purchase or refinance of an owner-occupied home or condominium in Manhattan, Brooklyn, Bronx, Queens, Staten Island, Nassau, Suffolk or Westchester.

FIXED RATES (below FNMA maximums and within FNMA guidelines)			CAPPED ADJUSTABLE RATE (loans up to \$350,000)
10-YEAR	15-YEAR	30-YEAR	1-YEAR
<b>9.75%</b> annual rate	<b>10.50%</b> annual rate	<b>11.00%</b> annual rate	<b>7.00%</b> annual rate
<b>10.23%</b> annual percentage rate	<b>10.86%</b> annual percentage rate	<b>11.26%</b> annual percentage rate	<b>10.36%</b> annual percentage rate

Quoted rates are for self-liquidating, "full-credit" loans with a minimum down payment of 25% of appraised value on 1-to-4 family homes. The annual percentage rates include origination and placement fees. The Bank sets the interest rates on loans at the time of commitment (for a 90-day period), not at the time of application. The rates contained in this advertisement may change while an application is being processed, and may not be available at the time of commitment.

Repayment terms for 10-year (15-year and 30-year) fixed-rate loans at the stated rates would be 120 (180 and 360) monthly payments of \$13.08 (\$11.06 and \$9.53) per \$1,000 borrowed.

Adjustable rate shown is a below-market introductory annual rate for the first year only. The annual percentage rate is based on the current value of "The Green Point's" Index Interest Rate (currently 10.75%) which is subject to change. The annual rate will not change more than 2% per year (up or down) and, over the life of the loan, will not vary (increase or decrease) more than 3% from the Index Interest Rate in effect at the time the loan is closed.

Ask for rates and terms on "no income verification" loans and on fixed-rate loans above FNMA maximums (up to \$350,000).

# Two Showcases Open This Weekend On North Shore

Both Will Continue Through June 7

**HEMPSTEAD HOUSE**, built by Howard Gould at the turn of the century, will feature the creative talents of more than 25 prestigious metropolitan area interior designers at this spring's "Castles on the Sound" show.

**A COBBLESTONE COURTYARD** and a mellow toned brick facade are the first views of Cobble Court, site of Designers' Showcase '87. This French Normandy style mansion of over 30 rooms is on a breathtaking ten acres overlooking Long Island Sound in the estate area of Glen Cove. Cobble Court opens April 26 - June 7 to benefit the Family Service Association of Nassau County, Inc.

## Castles on the Sound In Sands Point

Hempstead House, the site of the Spring Arts and Interior Design Show which will benefit the Friends of Long Island Heritage, is built of Indiana limestone and boasts forty rooms and an entry hall with a sixty foot high vaulted ceiling. The marble atrium called the Palm Court is bordered by limestone columns and features a replica of the original leaded glass ceiling.

Among the other outstanding rooms are the fifty foot living room with its trussed oaken beamed ceiling and the fully wainscoted library which has a portrait ceiling. The billiard room has an elaborately carved mantel from an old Spanish palace.

Seventeen house servants and more than two hundred grounds keepers were employed on this estate in its heyday.

Among the designers...Bebe Winkler, a noted New York designer, has taken a personal approach to the space which was

assigned to her—a second floor landing. She has created a private space for a busy career woman by covering two walls and an eleven foot high screen with matching floral cotton to create an enclosure. An eclectic mix of furnishings includes a Louis XV desk and an upholstered chaise, a modern glass table, and antique textile toss pillows plus a Flemish jewel chest covered with red tortoise make a special spot for relaxing.

Jeanne Leonard Going has also made a personal retreat of a second floor den. Her mood of quietness is developed by using warm colors and antique accessories. A comfortable sofa bed allows the room to double as a guest room.

Admission to "Castles on the Sound" is \$8 per person; \$6 for senior citizens and group tours. Luncheon will be available at Hempstead House and, for an additional \$2 visitors may tour Falaise, the elegant Normandy-style manor house once occupied by Captain Harry Guggenheim. For more information, contact Friends for Long Island's Heritage at (516) 364-1050.

## Cobble Court In Glen Cove

The Cobble Court Designers Showcase which will benefit Family Service Association of Nassau County will feature the French Normandy style mansion conceived in the late 1920's by the Luckenbach family, with construction completed around 1930. The mansion is faced with brick, the color of an old wall; craftsmen detailed the towers and roof line with beautiful brick patterns, gutters and leaders of cast lead are outlined with ornamental embossing, and of course the cobblestone courtyard set in the compass rose pattern, all reach out to welcome you. This enchanting enclosure is your first view of the 1987 Designers' Showcase.

The interior of the mansion reflects the architect's desire to embrace the visitor a second time. A broad half flight of stairs draws you to the main floor where each room has a commanding view of water or garden. Among the impressive rooms on display are:

the carved redwood panelled library with scalloped shell bookshelves; the drawing room panelled in swamore with a figured plaster ceiling in Georgian design; a painted pine oval game room; a dining room with exquisitely carved door frames and mouldings; the Mediterranean influence in the iron work found in the family room; a plank and a beam chamfered ceiling in a solarium hallway; butler's pantry; a unique design achievement in the kitchen and baths; and a master bedroom suite of rooms to take your breath away. Many of the other rooms on view will feature new products and new design techniques, from a self-contained apartment to a nursery and a guest cottage.

Designers' Showcase '87 is open from April 26 thru June 7. Monday-Friday 10:30 a.m. to 4:00 p.m., Thursday evening 7:00 p.m. to 10:00 p.m., Saturday and Sunday 12:00 to 5:00 p.m. The showcase will offer luncheon at \$7.50. Admission is \$12.00 which includes a souvenir directory, one door prize ticket, enclosed parking and shuttle service, mansion and estate grounds visit.

## Assessment Grievance Period Set From May 1 to May 19

Nassau County property owners wishing to challenge their tentative 1988 tax assessments may file formal protests from Friday, May 1 to Tuesday, May 19 as provided by state law, Abe Seldin, Chairman of the Nassau County Board of Assessors announced today.

In order to better accommodate taxpayers wishing to do this, the Department of Assessment is establishing special satellite offices in each of Nassau's three townships and two cities during the tax grievance period. Evening hours are also being scheduled for the convenience of those people who cannot come in during regular work hours.

Owner occupants of one, two and three-family homes and condominiums of three stories or less are permitted to challenge their assessments in a special small claims court, but, to do so, they must first file a grievance with the Board of Assessment Review during this 19-day May grievance period. "The law is very clear," Seldin cautioned, "that if you don't file a grievance you cannot go to small claims court to try to get your assessment and property taxes lowered." Owners of other types of property wishing to file write

of certiorari in State Supreme Court must also file a grievance before proceeding to court.

In Nassau County, protests are filed with the Board of Assessors which forwards them to the independent Board of Assessment Review for determination. In addition to filing the written grievance forms, property owners may request a hearing before the Board of Assessment Review at which they can present the facts on which their protests are based. The review board is empowered to order reductions in assessment where warranted, but not to raise an assessment as a result of the property owner filing an assessment grievance.

Copies of the new assessment rolls will be open for inspection and protests may be filed at each of five locations throughout the county during the grievance period. Property owners may also examine their property record cards at the Assessment Department's offices at 240 Old Country Road, Mineola.

Tentative 1988 Nassau County Tax Rolls are available for inspection and protests may be filed at:

for properties in the Town of Hempstead Board Assessors Office  
240 Old Country Road  
Mineola, New York  
Phone: 535-2311/2790

for properties in the Town of North Hempstead Town Hall  
220 Plandome Road  
Manhasset, New York  
Phone: 627-0590

for properties in the City of Glen Cove City Hall  
Bridge Street  
Glen Cove, New York  
Phone: 676-2000 ext 222

All offices will be staffed by representatives of the Nassau County Department of Assessment from 9:00 a.m. to 4:30 p.m. Monday through Friday during the grievance period. They will also be opened Wednesday evenings, May 6 and May 13, from 7:00 p.m. to 10:00 p.m. and Tuesday evening, May 10, from 7:00 to 9:00 p.m.

For additional information about the assessment grievance procedure, Seldin urged Nassau County property owners to call the Assessment Department's Taxpayer Information Bureau at 535-2790 or the Department's Field Division at 535-2311.

## Annual Mental Health Community Day

## Letters From Our Readers

An Open Letter To All The Residents Of Hicksville:

School board elections are upon us again. I, Jay Schwartz, am asking for your support for my third term on the Hicksville School Board. There are several accomplishments I am especially proud of, made on your behalf over the last six years. I find that I have gained your trust and respect.

As you know, a trustee must decide a variety of issues for all the families in the town. The best course is in wanting everyone to understand those issues. I believe that I have succeeded in forming my positions by listening to you, the tax payers. My record shows that I obtain the results you ask for.

School board members are encouraged to work harder by many things. The success of our district is based on factors such as the energy of our P.T.A., the increasing achievement of our children, and the fact that we have professional teaching and administrative programs. With this strong support, we are a good start at tackling the issues in the 1990's.

I promise that I will work harder for you as your representative on the school board. I welcome your input on any issue, and look forward to an open discussion on any topic. Give me the opportunity to guide the district over the next three years. Vote for me on May 6.

Respectfully  
Jay M. Schwartz

To The Editor:

On May 6, 1987, the Hicksville residents will have the opportunity to vote on the 1987-88 School Budget and candidates to fill three seats on the Hicksville School Board. I am a candidate for the seat to be vacated by Lawrence A. Moor, who is not seeking re-election. This letter is to inform the voters of my qualifications.

I am a World War II veteran. My wife and I are 35 year residents of Hicksville. We have eight children who have all attended Hicksville Public Schools for at least part of their educations. Our grandchildren also live in Hicksville and will be attending our schools.

I am a member of Our Lady of Mercy Parish and serve as a commentator, usher, member of the Holy Name Society, and serve as a Bingo worker. In addition, I am an active member of the Sagamore Life Member Club of the Telephone Pioneers of America; an organization active in charitable and community work.

After working for over 35 years for New York Telephone Company, I retired in July, 1985 as a district staff manager. During my telephone company career, I had various assignments including building maintenance, safety, installation, materials management, methods, personnel and budget work. As an interested resident, I have been attending the Hicksville School Board meetings for over a year. This experience has provided me with an understanding of the Hicksville School Board's activities as well as providing me the opportunity to ask questions of, and make suggestions to, the Board. In April, 1986, I wrote a letter to the board suggesting that

absentee balloting be considered for those residents who are unable to visit their polling place on the date of the School District voting. The Board studied this item and approved the absentee balloting.

I have taken a special interest in the school budget, and have asked numerous questions in order to become familiar with its contents and the rationale for specific expenditures.

As a concerned resident of Hicksville, I have a special interest in the school system. We want the best possible facilities and education for our students. They will be the leaders of tomorrow. At the same time, we have to be fair to all the taxpayers by assuring that the schools are efficiently utilized and run. In a district that has had a peak student population of 14,000, and is now down to 4,000, and no growth in sight, our continually rising taxes require that new and creative method of controlling expenditures be found.

The next few years will be both busy and challenging for the Hicksville School Board and the school administration. Because I am retired, I have the time to devote to a position on the Hicksville School Board. I would appreciate the consideration and vote of each Hicksville taxpayer who feels I can serve the district.

William J. Kelly

To The Editor:

I, Mark Cardella, a life-long resident of Hicksville, would like to take this opportunity to announce my candidacy in the May 6, 1987 election for the Hicksville School Board.

In a time when tax payers are not getting the representation they deserve, it is time for a change on our board of education.

We need school board members who will communicate fully with the people on all actions the board is taking, and will take.

We need school board members who will be in constant communication with the people he/she is representing, working with them and listening to their ideas.

I believe I would be such a school board member.

I am a Hicksville graduate, who has the commitment, energy, and resources to listen to, and represent all segments of our community.

I hope that in the future I will have the opportunity to work closely with you, the citizens of Hicksville as your school board trustee.

I ask you to support me in my candidacy by registering to vote on April 29, 1987; and to vote for me on May 6, 1987.

Mark Cardella

To The Editor:

**An Open Invitation to Mr. Colby, Town Fathers, Inspectors and Interested Citizens:**

I am inviting you and your group of dedicated politicians to come over to the other side of the tracks; south of Hicksville railroad, to just one street in particular—**East Avenue**—off of Old Country Road. See the **flit** in the empty lots, the dirt on

## Now Is The Time . . .

On April 28, the people of this town will have the opportunity to vote in a Special Election on the Ward System.

There are approximately 697,449 voters who are being asked their opinion. Estimates of the vote turnout say that only 10% of the voters will probably come out to vote. That means that they will tell the rest of us how our town will be run.

If you have an opinion, now is the time to express it. It is our government and it is our right to say how it should be run. April 28 is the day to stand up or shut up. It's your government—right or wrong.

—JBM

the streets. Oh! not just you the politicians, but neighbors and...please look around...as if you could "try to smell the flowers" (What is left of them) suffocated by neglect and debris. See, my new neighbors are people apparently not used to the suburban American customs...they are the "new boarders" the "one room roomers" who come and go just leaving their litter behind. The ignorant immigrants pried upon by real-estate investors, builders and absentee landlords; and the politicians just ignoring these facts. Hicksville probably has more new aliens than the ratio of Queens, and you remember what happened in Queens, Mr. Colby!

I had requested an inquiry by you, Mr. Colby, the town fathers and inspectors about these problems on Channel 21 TV a few months ago, in the local newspaper, and so-called "official complaint forms." Yes your inspector came...I requested my copies sent to you, which I gave him in good faith, but never to see or hear of them again.

Forget to bring Tom Clark. I implored his help a few times and he put it off as if me and my neighbors needs were mere pranks. Couldn't get his "pretty face" in the newspapers? Yes, I blame you Mr. Colby, the town fathers, for neglect of the Hicksville area; (as you see "town fathers" is in small letters).

To keep you informed, if you can't come to **East Avenue**, the immigrants moved out of their \$1000 a month cottage, and a truck had to come in and clean the mess. Ask the "Builders," the "new roomers" didn't go far, four houses down the block near the corner, now 5-6-7 cars (most with no licenses), ruining the landscape, digging the tires in, deeper and deeper into the ground—not even on the rented property, but have parked on the empty lot! Garbage everywhere. A continuous flow of "God knows" how many people, in and out of this small house at all hours.

I wish to invite your cohorts, the real-estate investors, builders and absentee landlords, who have these investments in "limited partnerships," who are buying up houses in Hicksville like mad, especially Kingston and East Avenues, causing this old insidious threat to us citizens, "forcing us out for greedy profit."

The citizens are afraid of these aliens living on the surrounding streets, causing fear and loss of lifestyles, break-ins, destroying the environment, unhealthy living conditions.

I would ask Mr. Colby, upon his visit to East Avenue, and his "town fathers"—are these "limited partnerships" reporting these homes as rental income as a new commercial investment and does the IRS need to know? Maybe Mr. Dillon will call you soon and give "we the citizens" of Hicksville some answers.

I'm looking forward to seeing you Mr. Colby—on **East Avenue**.

By the way, please, please Mr. Colby, as a citizen, vote "Yes" April 28 for this bipartisan issue, encourage your "town fathers" to do likewise. This is not a republican or democratic vote for the "Ward" system. Just a chance for the citizens to have a "better representation." Give it a chance. "Nothing is carved in granite." If we don't like it, we are Americans, free to put it back on the voter block. Why shouldn't we be able to use our rights and taxes—this is the American way. We need to "vote" or there is no "change."

If you change your mind on voting why

don't you stop by "Charlotte Street"—oh! sorry—that's the South Bronx. I mean **East Avenue**.

Respectably—a faithful Republican,  
Mrs. Florence Whaley

To The Editor:

Recently our community rallied around a common cause. The proposed sale of the Burns Avenue School. The old adage "there is strength in numbers" was certainly proven to the true to all of us.

People have expressed a desire for the establishment of a Civic Association for the northwest sector of Hicksville. It has been brought to our attention by some of our neighbors that a Civic Association already existed, but has been dormant since 1902.

An Interim Board has been established to re-activate the Northwest Civic Association Inc. of Hicksville. Your attendance and participation would be greatly appreciated at a general meeting to be held on Thursday, April 30, at the Burns Avenue School at 7:30 p.m. for the following reasons:

- 1) To appoint a nominating committee
- 2) To appoint a membership drive committee
- 3) To solicit volunteers for the position of officer.

Our goals cannot be achieved by a select few. We all need each other. Much more can be accomplished if we have strong community participation. You are cordially invited to attend and participate in the above mentioned meeting.

The people listed below are the five individuals who are the acting Interim Board members, with their names, addresses and phone numbers. If anyone has any questions, please contact any of the below mentioned people.

### Interim Committee

## A Partnership to Prevent Dropping Out

By Governor Mario M. Cuomo

During the last five years, nearly 300,000 New York State students dropped out of school. This is a tragedy that we must join together to fight. It is a tragedy that has contributed to many of the problems that face us today, like drug abuse, joblessness, crime and homelessness. If we are ever to stem the growth of this dependency and social disorientation, we must help our children stay in school and develop the skills necessary to participate more fully in our abundant society. We must help them acquire a solid foundation in the basics, and they must also have the opportunity to aspire to the highest levels of instruction.

Our dropout prevention programs and remedial efforts are important, but they often come far too late in a process of disillusion and despair. The evidence is clear: we must put more of our resources into the early grade levels of our schools.

Our successful Experimental Pre-Kindergarten Program serves 10,000 disadvantaged children in over 60 school districts across the State. We know that quality early childhood programs contribute significantly to keeping children at grade level until they graduate. The report prepared by Mayor Ed Koch's Early Childhood Education Commission found average improvements of 38 percent fewer children held back, 38 percent fewer placed in special education and 23 percent more graduating from high school. These gains not only help the children served but also mean real financial savings to all levels of government.

When I came into office, the Pre-Kindergarten program received \$10 million; now it receives \$22 million. I propose that we build upon the success of this program by linking it to the resources of both the education and human services systems, and that we set as our goal the provision of early childhood education to every disadvantaged four-year old child in the State.

We will target the use of these resources, placing them where they are really needed. The Council on Children and Families, working together with the State Education Department, the Department of Social Services, other State agencies, local governments, educators and providers, could develop a plan for integrated provision of this

opportunity through locally developed plans involving both schools and not-for-profit agencies. These plans could then demonstrate the coordinated use of all local resources to provide a comprehensive range of services including child care, transportation and health.

It is essential that we create and support teacher in-service programs and parenting programs in each of the Comprehensive Assessment Report (CAR) schools identified as deficient in one or more categories by the Regents. These schools, some 500 in number, fall below standard levels of attendance and academic performance. We must revitalize these schools by helping teachers develop tailor-made strategies to educate their students and by involving parents to an unprecedented degree.

I am convinced that much more can be done to secure the active assistance of students who would help other students. The CUNY-Board of Education Partnership and the CUNY Mentor program are excellent examples of this type of effort and should be continued, along with other well recognized programs designed to provide at-risk youth with further incentives to remain in school in order to either obtain employment or to move on to higher education. The School to Employment Program (STEP) and the School and Business Alliance offer creative opportunities in this regard.

Finally, the Regents have developed an exciting demonstration proposal to deal with the role of schools in the face of changing family and community structures. Their proposal for "Community Partnership Schools" would make selected schools in typically urban locations the focus for the comprehensive delivery of educational, health and social services. Such schools would be open from early morning hours into the evening to provide before and after school services to the children of working parents. They would also serve as the centers for community sport and recreation programs. Where appropriate, they would become the hub of activity in the Community and secure the community's full participation in school activities.

Working together, caring about one another, we can reduce the alarmingly high dropout rate and give our students a fighting chance to make it in life.

## A Letter from Lulabelle...

...Do you remember when you were in school—a long time ago—and discipline was very strict. In fact, we even received marks on our report cards for "deportment"...and if we went home from school and complained to our parents that the teacher had "yelled" at us or made us stand in the hall, did we receive any consolation?...Far from it!...As one old style mother said, "If the teacher said you done, you done it" and what we received was not consolation but an additional punishment at home...

I don't actually know anyone who went to school when students were hit with a ruler, but old literature certainly contains many tales of "whippings"; and I'm sure we all deplore that thought...However, learning takes place in a disciplined environment, and I don't want my grandkids in a school that's run so loosely that no teacher can teach...there are some really poor teachers; we all know them; we all had some; but, in general, they're a very good group—teaching is hard work, physically and emotionally, and they deserve respect—and I think that all parents should teach their children this respect—and back the teacher...The beneficiaries will be our children...Here's for orderly classrooms where young minds can flourish!

Yours, Lulabelle

## State Aid: Are We Getting Our Share?

A recent trip to the State Capitol confirms what we suspected about the local tax situation. Our own political representatives have admitted that their colleagues in New York City and upstate New York think that "...Long Island is paved with gold." We are the rich kids on the block and they have little sympathy or understanding of our economic plight. So when this "land of milk and honey" sends \$2.40 to Albany in taxes, and we get back only \$1.00, the political outbanks shrugged their shoulders.

As homeowners here receive tax statements this year and go into shock over the huge school and property tax increase, do yourselves a favor by following this simple procedure: zerox your tax statement in quantity and send it to all of the state senators and state assemblymen in New York State. A list of their names and addresses are available at your local library. And send one to the Governor's Office too.

The above idea is not ours. It was suggested by State Senator Norman Levy in his current battle to get more state aid to education for the coming fiscal year. He and his colleagues held up the budget settlement for two weeks last year in order to restore some of the state aid to various districts on Long Island. At the same time, New York State continues to reduce the percentage of state aid to local districts—down from 48 percent to 37 percent of the education dollar. This puts an even greater tax burden on the local homeowner. The inequity grows even further because the Governor has allocated 50 percent of his massive education budget to the five boroughs of New York City which, after all, is his strongest political base.

There are nine full Senators representing Nassau and Suffolk in Albany and they know pretty well what our high-tax situation is down here. Apparently they feel the need for allies and nothing could be more eloquent than sending those potential allies your tax statement. Maybe the next time an Assemblyman or a Senator from your area makes a plea for tax equity in his district, it will not fall on deaf political ears.

Another idea is the call for a tax cap that should be placed on how much a property owner can be taxed for a school budget. We are all for quality education, salary increases to our teachers, and on-going preventative maintenance of our school buildings, but it is not fair to just burden the property owner with the price tag while our taxes go up and up and up. Let the State make up the difference with its vastly broader tax base.

Let's quit acting like lemmings heading for the cliff. If the previous ten years of tax increases are duplicated in the next ten years, there will be no one left on Long Island who can afford to live here. We have formulas for everything else including the distribution of the education dollar, why not a formula for local taxes? Here we have educational costs rising about 85 percent over the past seven years while the total state aid has increased less than five percent for the same period. It doesn't make sense for us to continue under the current scheme.

Write your state representatives today!

## School Board People Are Dedicated

This is the time of year when school board elections are approaching. Unfortunately, most people don't even think about the school board until something bothers them—change of district lines, maybe sex education, maybe a large bond issue, maybe closing a school—but normally, most people can't even tell who's on the school board.

Do you realize that to get elected to a school board, all you need is to be a voter of the district and to know enough people to vote for you? There are no other qualifications!

Do you know what a school board member gives to the community? It's not one meeting a month—it's two or three a week. It's not 8:30 to 11:30 at these meetings—they often go on until 2 a.m. It is so maddening to hear people say that the school board made the decision way after midnight after the public had gone home—how ridiculous! The school board members stay until the business is finished and the public is welcome to stay the whole time. Very often the meetings last until 2 a.m. because the public has been permitted to speak for an extended period. Would you have the public squelched?

Most of the people who criticize the school board are unwilling to run for the job. One man who asked to run since he is so critical said, "I'm afraid I might get elected." How about that?

A school board member serves with no remuneration whatever except the feeling of doing a community service. He cares enough about everyone's children to give the time and to put up with the constant criticism. No matter how hard he tries or how well intentioned, no school board member can please everyone with every decision.

It's getting difficult to find candidates for the school board in many areas—how sad and how shocking. But it's never difficult to find those who criticize.

We say to those who criticize the most—put your criticisms to work for what you believe in—

—It's time for you to run for the board—no excuses!!

## Police Report

The Second Precinct has reported the following:

• April 7: A house on Belmont Street was burglarized. Entry was gained by breaking a rear window. The loss included jewelry.

## Museum Update

In 1987, as in the early 70's, the museum is still a busy place, visited each year by thousands of school children and family groups. Some years back the name was clarified to read "The Hicksville Gregory Museum, Long Island Earth Science Center" to better reflect our community roots and scope of exhibits.

It is still a struggle for a handful of people, who have other jobs all day, to run a museum in their "leisure" time. Now there are salaries to be paid, and enormous insurance and utility bills. We still need volunteers, skilled or unskilled, young or senior. But, thanks to a service contract from the far-sighted Hicksville School Board, continuous fund-raising efforts, and the support of our faithful members, we have survived.

The building is freshly painted and looks great, the collection is ever expanding, and our hopes are still high.

Have you visited the museum lately? It is open every day but Monday, with no charge for Hicksville residents or senior citizens.

### EASIER TO BUY

Prospective home buyers don't want to work too hard looking. They don't really want to get in their cars and drive all over. That's why a group of builders in one city got together and actually built their new model houses on one street, so that prospects could stroll from one to the other.

We make it easier for prospective home buyers, too. We find out what they REALLY want in a home (sometimes it takes applied psychology) and then we show them those special properties that meet their needs. They don't have to visit a lot of "maybes". Most buyers choose after seeing just a few houses.

Making it easier for the buyer makes it easier for you, the seller too. We bring you only those prospects who are looking for a property like yours. You don't have to see all those "maybes" trooping through your house. In fact, you don't have to see ANY prospects; we'll do all the showing for you!

Make it easier to sell—

# A Restoration Remembered—

## The Hicksville Courthouse Restoration

By VAL CONOVER

A gasp swept through the room the night Hicksville's Town Councilman Carl Grunewald sternly asked the Gregory Museum board why they hadn't answered the town's offer of the Heitz Place Courthouse as a home for the Gregory Museum. While Grunewald had come invited to the trustees' meeting to discuss this prospect, its consequences were so potentially overwhelming, and in such contrast with plans for a modern new building, that the offer had not even been formally presented. Many of us in attendance were unaware of the proposal.

Yet, there were several of us who, like my husband and myself, while taking Bay Avenue to avoid Broadway traffic, saw the continuing deterioration of the abandoned old courthouse, and wished they could save it but didn't know how. There seemed to be no evident history of Hicksville at that time. I remember being thrilled with two old photos of Nicholas Street School and the courthouse displayed in Burns Avenue School. Surely this building, on its impressive oval, was a major part of Hicksville's history. Some of us were enthusiastic about the offer. Perhaps the prime enthusiast was Hicksville architect Caleb Hornbostel whom Anne Gregory said she once saw approach some architects discussing the courthouse at a party and strongly informed them, "I know every inch of that building, and if anyone is going to restore it, it will be me!" He had designed a modern building for the museum, but the courthouse was nearer his heart.

There were others on the board who felt this wasn't the way to go. The town had concerns that we couldn't raise the money. A committee (mostly school board members) was appointed to consider it. They estimated that it would take \$45,000 for basic restoration, perhaps \$100,000 to install a museum inside it. In his report Dr. Fred Hill, then Hicksville's Superintendent of Schools and a Gregory trustee, wrote "I am also troubled by the financial liability incurred upon the signing of the lease." Trustee Alfred Carpenter "felt we should purchase a piece of land and build a building" with such money.

The "restorationists" saw that the trouble with this was that the Gregorys had been trying to raise funds for a new building since 1903 (this was 1900) and if they raised \$2,000, that was a good year. People hesitate to put money into what they see as a man's personal hobby, though the collection was gathered for the schools, and was legally and actively a museum in their home. Secondly, if we did restore the vandalized courthouse, we would need something like the museum, with daily activity, to keep it safe from further vandalism. People would give to restore their historic building, and the museum would protect its new home.

Anyway, we said we'd consider it. Trustee Olga Hoebel started a phone-in campaign to get the building secured. Oyster Bay got 25 calls in two days, and the windows were boarded solidly within the week.

Caleb said the structure was sturdy and well worth preserving. When I asked that our work be insured against future vandalism I was laughed at. Town personnel said the building was a shell, a hulk—worth nothing—and unsurvivable. Was it a worthless shell or a structure worth a \$45,000 restoration? Four of us eager restorationists—George Rutschmeyer, Jerry Zettler, Hugh Conover and myself—prided off the back window of what is now the gift shop one snowy day to look it over. We found the floors upstairs and down—covered with two inches of broken glass, feces and filth, all the windows broken, and not a wall standing undamaged. The scariest thing we found was evidence of several fires that had been built in that dry, wooden building. Those two inches of glass must have protected it from burning. But the men decided the structure was solid.

We all felt that some public action must be taken to show that work was being done before people would invest money in the building. Hugh said, "I will take charge of getting volunteers to work here on Saturdays under Caleb's guidance." I said, "I'll organize a public day when we can maybe plant flowers and get the public here. Perhaps volunteers will come from that." George Rutschmeyer said, "I'll build a mockup of the courthouse and take it to parades and to the Mid-Island Plaza to publicize this." Jerry Zettler said, "I'll get some Eastern contenders to perform at our annual Cantrique Figure Skating Club Show, make it a paying show, and give the museum the profits." We left the building full of hope and purpose.

Anne Gregory enthusiastically joined us. (I suspect she always liked the courthouse idea). She, Mary Cordier and I swept the glass out of the downstairs. (We couldn't invite the public into hazardous conditions). Anne and I went to every nursery in Hicksville and asked for flowers. Most gave petunias and gardening supplies. Giese Florist came through with 24 beautiful red geraniums, which they continued donating (unasked!) the following two summers. We chose May 23, 1970, the anniversary of Robert Williams' purchase of the Hicksville area from Chief Pugmippan, for our big day. Lena Harknett, the teacher who had first urged Greg to put together a mineral collection to teach earth science, led her Lee Avenue class in a pageant about Robert Williams. Trustees and friends brought their picnic tables to the main room for a covered-dish lunch. But Greg, being Greg, neglected to mention that in the publicity. So the day before the affair we realized we'd have a crowd to feed. Cordier and Conover paid for the hot dogs, buns and soda. The money we took in from their sale went into the museum funds—setting standards for the future. We had a pleasant day, good crowd and planted the flowers.

We expected to get volunteers from the crowd. John Strong volunteered to work with Hugh on the building. That was it. The kids were the ones who turned up. We were situated between two newspaper outlets, and the delivery boys stopped by to see what was going on. Soon we had crews of a dozen boys Saturday mornings, and another dozen in the afternoon—teenagers. During the week Caleb would direct John and Hugh on what he wanted done and how to do it. Then John and Hugh would take their own money and buy the tools and supplies needed. Hugh and I live simply, but we always tried to take our three boys on a small vacation each summer. We talked it over and decided to put our vacation money into the museum that year. And we were not the only ones. As work on the courthouse became more evident scout troops and science clubs came and helped. The High School Ecology Club were regulars and the BOCES groups joined in. From among the troops, leaders emerged. Frank Larkin and Richard Sullivan were on almost the same level of responsibility as were Hugh, John and Caleb. Some of our workers confessed to having been earlier vandals. Now with their own sweat in the building, they protected "their" courthouse. Mr. Gregory talked the Carpenters' Union into naming us one of the places where their carpenters could volunteer. Two carpenters came most Saturdays. Some came because they wanted to help restore the building. Some came because of the marvelous things we were doing with the kids.

Meanwhile George Rutschmeyer built a large mockup of the courthouse. He took it to every parade and public gathering he could, and it stood in the Mid-Island Plaza all summer. Jerry Zettler, true to his word, organized beautiful skating shows with top Eastern skaters. Museum volunteers sold the tickets and did the publicity, but the shows sold themselves. Five annual Cantrique Figure Skating Club Shows provided our earliest source of substantial funds.

Our first big expenditure of "museum" money (as it differs from John and Hugh's pockets) was \$100 to Botto Brothers to repair the toilet and provide water. While it was a major expenditure for us, it was probably a charity for Botto's.

As work passed the taking-down-of-walls stage and proceeded to the building-up-of-walls, we needed substantial supplies. The building committee would write up a specific list of what would be needed for the next weekend's work. Then Anne Gregory and I would go from business to business begging supplies. If it was carpentry, that week we went to lumberyards; if it was electrical work we did electrical houses. Armed with photos of the building and plans for the museum so that they would know we were legitimate, our mutual enthusiasm convinced many businessmen. It took us several days each week, but Anne and I pretty well kept our workers in supplies.

Finishing the reconstruction demanded major materials. Our visible progress and obvious intention to succeed made everything possible. Anne and Greg's calls to companies brought incredible donations for all our needs. Thus Larson Roofing gave us all the shingles we needed, and Carpenters' Union Local 1772 roofed the building. Lumber and sheetrock were donated, and Local 1772 installed them. Eastern Tile provided all the tile for the upstairs. The International Brotherhood of Electrical Workers Local 25 did the electrical work. Ed Peter's Gary Insulation insulated the building, and Ed served as our treasurer for years. Hicksville-Rohbach Glass provided all the glass in the building—windows and cabinets—and their glaziers installed it. Over 40 companies and unions made major gifts of materials and work.

As work progressed, so did our numbers. We needed—and had—volunteers for fund-raising, ticket sales and the skating shows, attic treasure sales and other public affairs we held. Volunteering was often a family affair. Parents brought their children, and children brought their friends. A major need was filled by Nancy Palahnuk who for eight years sent out 50 news releases a month. One newspaper, as I recall, ran an article on Nancy as the best and prettiest publicity person on Long Island.

With our large volunteer staff, and Anne and Greg's knowledge of the field, we started the first of eight annual Gem and Mineral Shows in 1972 in the Hicksville High School. Displays and dealers' booths filled the gym. Educational exhibits were included. Nestor Palahnuk ran the food service in the cafeteria, specializing in his delicious spaghetti and meatballs. One hundred volunteers filled out the two days of the show. It became a major source of income. Mr. Becker and his staff were most cooperative and the school board most helpful.

We needed a place for Hicksville history exhibits, and the only place available was the jail. We decided to remove two of the jail cells for display space, and kept one cell intact. The jail was a big problem. The Gregorys' two sons-in-law worked with blow torches in freezing weather to remove the two cells. This was only a month before the opening. It became obvious that removing the cells left the cement floor in such condition that it needed replacement. On New Year's Eve, when everyone was feeling jovial, Richard Datkun "volunteered" to do the job. He and Warren Barrow broke up the floor, hand loaded and carted off five tons of cement and steel. But what cement! The jail was designed to be "escape proof" and that floor was super hard. They poured new cement just in time to make the opening.

Ben Barley, a grand old mining and oil engineer who could do everything became curator. He filled the cabinets with interesting displays. Val Pakaluk gave us yards of green velvet coffin lining she'd gotten from a relative in the business. Rosemary Barrow lined our small showcases with it, a splendid backdrop for our treasures.

Our ties with the town were close now because it was the reopening of their building. Political personnel insisted that, since we'd allowed them to print the invitations, we'd made it a political occasion. They insisted that we could not use our historic title, Hicksville Town Hall, because the only town hall in Oyster Bay was the one on Audrey Avenue. So those invitations read "Heitz Place Village Hall," a name the building had never been called. Our lease read, "Heitz Place Courthouse." We held our ground, however, kept the political speeches short, and invited Dr. Vincent Manson of the Museum of Natural History in New York City as our main speaker. About a month before the opening, the husband of our liaison with the town, Nancy Palahnuk, had a severe heart attack; and both Anne and Greg fell ill. The town figured the affair would be cancelled, but we just pulled up a new rank of volunteers and kept on. Mary Cordier and I were appointed to run opening day.

I counted 100 people finishing up their tasks on the night before opening day. It was bedlam! I marveled at the calm of building chairman Paul Rousseau in controlling it all. Everyone allowed everyone else. While I was making a final scrub of the "john," Veda Rand was on a ladder above me putting final touches on the bathroom wallpaper. I know that Dick Evers and Frank Larkin were there until 4:00 a.m. putting the pasterboard on the walls of the jail, and then painting it.

The Knights of Columbus had generously offered us their hall for our opening ceremonies. At seven in the morning on January 27, 1973, Mary and I were there rushing to get the ropes up for reserved seating, matching flag pole holders with the flags of the many organizations who had helped us, rehearsing the scouts on carrying in the flags. Evers, Larkin and Sullivan were there by nine to finish off the tail. A drenching rain was falling, but we felt that if our own volunteers came we'd have a fine crowd. Every chair the Knights had was filled. The museum's chairs were brought over and filled. People stood jammed round the room. High school trumpeters played a fanfare. The flags were paraded to the front of the room. In spite of the master of ceremonies straying from Mary's minute-by-minute agenda, we enjoyed the speeches, and we tried to thank, in one way or another, all the hundreds of people who had helped reopen the doors of the Hicksville Courthouse. Then on to the courthouse—now officially the Gregory Museum—so surprised and enchanted at how beautiful it was. Nancy said it for us, "It's like a dream come true."

We opened to tours the next day. Curator Barley delighted the children. The museum was staffed with two volunteer ladies in the morning and two others each afternoon. Grace Bady kept a group of about 50 volunteers on schedule. The boys would arrange their school hours so their lunch period fell at the time we sold mementos to the tour children—a wild and crazy time when we needed their help.

The Town of Oyster Bay has done two especially nice things for us. Town Historian Dorothy Horton Magee guided us through the maze to become designated a National Historic Place in 1974, offering us some protection and opening federal funding to us. Then four years ago the town got us a Federal Grant of \$150,000 to strengthen the building with steel beams, provide us with a basement, and change our expensive electrical heat to gas. They are just finishing this major project. But then, this works two ways, doesn't it? We put our pennies and our shoulders together to restore their abandoned courthouse, and now we preserve it and keep it safe as the Hicksville Gregory Museum—for the Town of Oyster Bay and for the people of Hicksville.

We lettered and framed a list of all the people who helped restore the Courthouse—400 names.

... Best years of my life.

## Budget Issue/Letter from the Board

Dear Hicksville Residents,

Last year at this time, we compiled a lean, carefully constructed budget which has supported a year of good education, sound future planning, and many important improvements in our program which can be measured by the success of our students. It is time again to look toward our fiscal future and examine the financial plan prepared by our Board for the next school year. The Board and Finance Committee have studied the plan in detail and we believe that the budget reflects an awareness of the desires of the community for a strong educational program as well as an appreciation of the increased costs faced by the district and by its tax paying residents.

We know that each resident has faced the problem of rising costs in living expenses and in the expenditures we share through our federal and local taxes, and we have received letters from our citizens who find these costs to be a tremendous burden and a threat to their ability to maintain their homes and their standards of living. For this reason, we made clear our intention to maintain our district programs at a high level of quality without further burdening our local residents with ever spiraling costs. The current estimate of the tax rate required to support the 1987-88 school budget is \$26.89 or a \$1.93 increase over the current rate. This is far below the large percentage increases seen in other local taxes charted from 1986 to 1987.

### Comparison of local and school tax rates-1986 to 1987

	1986	1987	Increase
General County	\$2.99	\$3.68	23.18%
Sewage Disposal	\$1.54	\$1.42	-7.88%
Water	\$0.79	\$0.93	18.10%
Garbage Disposal	\$2.31	\$2.78	20.48%
Public Schools	\$24.96	\$26.89	7.73%

(rates shown are per \$100.)

We are confident that we are presenting a budget having a minimal increase which will continue the tradition of high standards and growth that we want for our local schools. We are proud that our district has maintained a position near the bottom of the comparison charts of tax rates among our fellow Nassau County School district (38 in a list of 53 districts). By keeping the tax rate low and applying sound fiscal controls, we are able to hold the line on administrative costs and channel our money into the instructional areas. This means not only that we are getting good value for our tax dollars spent on education, but that the instruction of our youngsters takes top priority in the larger district plan. The results of these priorities are clear when we look at comparisons of instructional expenditures among the other districts and find that Hicksville is placed high on that list despite a lower tax rate. The chart in this insert shows a segment of the listing of districts in order of their assessed value tax rates. It is interesting to note that districts who share a place with Hicksville near the bottom of that list score much lower in terms of the portions of their budgets spent directly on instruction.

### Comparison of AV tax rate rank with instructional per pupil expenditure rank

AV Tax Rate Rank/District	Instruct. Expend.	Instr. Exp. Rank
36 Oceanside	\$3,701.00	44
37 Hempstead	\$3,768.00	40
38 Hicksville	\$4,763.00	10
39 Carle Place	\$4,207.00	29
40 Mineola	\$4,537.00	20

Hicksville maintains a low tax rate while channeling funds into instruction

The success of our youngsters in the PEP, Iowa, and Regents testing programs show us that the expenditures of our tax dollars on instruction pays off in student achievement and good education.

We applaud the continuing search for better curriculum materials and more efficient ways to conduct our educational programs and support services. We believe that we are dealing effectively with the problems that confront our schools today, and we value the support of our community members who participate in the educational process through attendance at Board meetings, and committee meetings, involvement in PTA, and activities in the many other organizations interested in our schools and the job we do for Hicksville's children. We hope that all of you who care about the future of our schools will continue to be involved, and we urge you to come out and vote on May 6 and make your voices heard.

# The Budget/1987-1988

The Central Administrative staff, the District Finance Committee and the Board of Education introduced a "Program Budget" concept in support of our educational system beginning in 1984-85. In prior years, the data presented to the public has been in state accounting format. It is hoped that this new format will provide a clearer view of support programs and instructional programs and their interrelationships.

## Code 1000: General Support

The section of the budget consists of a series of programs that are vital to the district administration of the day-to-day workings of the school. Each program includes salaries for administrators and clerical assistants along with equipment, contracted services such as legal advertisements, conferences/travel, equipment maintenance, printing of ballots and other forms, utilities and supplies and materials. Services from B.O.C.E.S. are reported separately. These costs include mandated administrative support of B.O.C.E.S. and for services such as computerized payroll and accounts payable.

Programs	Budget 1986-87	Proposed 1987-88	Increase
Board of Education	\$ 58,250	\$ 62,300	+ 8,050
Superintendent's Office	108,200	115,000	+ 6,800
Finance	594,250	602,200	+ 7,950
Staff	333,250	399,550	+ 66,300
Central Services	3,247,560	3,413,100	+ 165,550
Special Items	512,015	737,600	+ 225,585
B.O.C.E.S.	428,600	474,150	+ 45,550
<b>Total Code 1000</b>	<b>\$5,280,115</b>	<b>\$5,803,900</b>	<b>+ \$523,785</b>

Increases for the first three programs generally reflect adjustments in salaries for the staff. Significant budget increases shown under the Staff program are caused by increased legal costs for negotiations, grievance procedures and arbitration cases.

In the category of Central Services, the increase results from the completion of negotiations with our custodial personnel and Town of Oyster Bay sanitation charges. It should be noted that the staffing for custodial personnel has been reduced due to the scheduled demolition of "temp" buildings at the Junior High School.

The Special Items Program reflects a significant increase in the cost of providing liability insurance to the district.

B.O.C.E.S. Services shows an increase in costs for administrative support of Nassau B.O.C.E.S. and for computer programming.

## Code 2000: Instructional Services

Programs are in sub-categories in the following functional areas of the budget: Administration and Improvement of Instruction, Instructional Programs, Special Education Services, Pupils With Special Educational Needs, Summer School and Continuing Education Programs, Instruction Media and Pupil Services. The Overall increase for these programs is \$1,037,656.

### ADMINISTRATION AND CURRICULUM IMPROVEMENT

Programs	Budget 1986-87	Proposed 1987-88	Difference
Curriculum Development and Supervision	\$ 205,800	\$ 187,100	18,700
Principals' Office	1,571,795	1,635,320	63,525
In-Service Training	20,500	17,500	3,000
B.O.C.E.S.	106,500	110,800	4,300
<b>TOTAL</b>	<b>\$1,904,595</b>	<b>\$1,950,720</b>	<b>\$46,125</b>

The largest increase is in the Principals' Office Programs (Principals and Supervisors). The added cost of negotiated salaries for administrators and clerical assistance, in addition to an increase in supplies and materials, will be \$63,525. A transition expense will be incurred for the transfer of the 9th grade to the Senior High School in September of 1987. Also included is \$11,550 in conference/travel costs that are now in a central code for better control. In previous years such costs were spread over many sub-programs.

There is a slight increase in costs for B.O.C.E.S. services. It should be noted that programs for Central Curriculum, in addition to In-Service Training have been reduced by \$21,700 for the next year showing a net increase of \$46,125 for the total function area.

### INSTRUCTIONAL PROGRAMS

Programs	Budget 1986-87	Proposed 1987-88	Difference
Kindergarten	\$322,291	\$ 357,385	+ 35,134
General Classroom	4,309,136	4,130,550	- 21,416
Business Education	438,645	358,100	- 78,545
Language Arts	1,187,691	1,192,950	+ 5,259
Foreign Language	586,582	767,900	+ 181,308
Health Education	171,969	232,380	+ 60,401
Physical Education	1,033,400	962,900	- 70,500
Home and Career Skills	235,164	283,150	+ 47,986
Social Studies	1,127,866	1,055,900	- 71,966
Mathematics	1,287,581	996,750	- 290,831
Fine Arts	1,445,949	1,607,380	+ 161,441
Reading	584,253	566,350	- 17,903
Science	998,681	1,115,350	+ 116,669
Technology	344,654	388,915	+ 44,261
Textbooks-Non-Public	46,950	50,600	+ 3,650
Academic Enrichment	113,200	187,700	+ 74,500
Driver Education	86,700	84,500	- 2,200
Cultural Arts	27,150	35,000	+ 7,850
Alternative School	2,000	1,450	- 550
Terminal Pay	423,000	1,308,400	+ 885,400
B.O.C.E.S.	563,800	612,800	+ 49,000
<b>Total</b>	<b>\$15,124,621</b>	<b>\$16,267,000</b>	<b>+ \$1,142,379</b>

The major portion of this increase is seen in severance pay for unused sick leave (\$886,400). Other increases result from increases in salaries in most academic areas results from salary saved by staff reduction due to declining enrollment.

## Special Education Services:

Programs	Budget 1986-87	Proposed 1987-88	Difference
Supervision	\$1,824,043	\$ 83,725	- \$1,740,318
Special Ed. Classes	50,821	1,068,800	+ 1,017,979
Committee, Special Ed.	322,700	309,250	- 13,450
Speech & Hearing Services	3,000	311,200	+ 308,200
Resource Rooms	17,500	513,350	+ 495,850
Home Teaching	24,800	69,150	+ 44,350
B.O.C.E.S.	520,000	475,000	- 45,000
<b>Total</b>	<b>\$2,782,864</b>	<b>\$2,850,275</b>	<b>+ \$67,411</b>

The overall increase is to cover negotiated salaries for teachers, teacher aides, and clerical assistants. Most of the changes in amounts show a reassignment of teaching costs from supervision to sub-programs to reflect a clearer accounting system.

B.O.C.E.S. services are reduced by \$45,000 attesting to a district wide strategem of providing special education services locally.

## Pupils with Special Educational Needs (P.S.E.N.):

Programs	Budget 1986-87	Proposed 1987-88	Difference
<b>Total</b>	<b>\$713,117</b>	<b>\$72,700</b>	<b>- \$640,417</b>

This program is funded by categorical state aid. The proposed budget more closely reflects the amount available to the district under State Harmless. A staff member has been reassigned to the regular district reading program.

## Teaching Special Schools:

Programs	Budget 1986-87	Proposed 1987-88	Difference
Summer School	\$ 88,750	\$ 88,700	- 50
Evening High School	31,850	28,050	- 3,800
High School Equivalency	6,400	7,400	+ 1,000
Continuing Education	229,320	204,850	- 24,470
B.O.C.E.S.	1,000	2,000	+ 1,000
<b>Total</b>	<b>\$358,320</b>	<b>\$323,000</b>	<b>- \$35,320</b>

These programs have been scrutinized to bring them closer to actual costs. The Summer School projections reflect a \$9,000 decrease in teacher stipends due to a planned change of providing services to our four-year High School program.

## Instruction Media:

Programs	Budget 1986-87	Proposed 1987-88	Difference
School Library and Audiovisual	\$ 853,202	\$ 741,600	- \$111,602
Computer Assisted Instruction	203,588	158,500	- 47,088
B.O.C.E.S.	10,800	11,300	+ 500
<b>Total</b>	<b>\$1,067,571</b>	<b>\$989,600</b>	<b>- \$167,971</b>

This area of the budget reflects two adjustments. The first, in the School Library program area, is a reduction of staffing due to a decrease in enrollment. The second, in the Computer Assisted Instruction area, is a reduction in the purchase of equipment since we now have a well equipped model program giving service to our children in grades K-12.

## Pupil Personnel Services

Programs	Budget 1986-87	Proposed 1987-88	Difference
Attendance Services	\$ 79,104	\$ 88,550	+ 9,446
Guidance Services	841,325	696,850	- 144,475
Health Services	492,793	543,800	+ 50,007
Diagnostic Screening	2,500	2,500	0
Health Services/Private Schools	85,000	98,200	+ 13,200
Psychological Services	358,534	390,275	+ 31,741
Social Work Services	27,035	35,050	+ 8,015
B.O.C.E.S.	11,900	12,000	+ 100
<b>Total</b>	<b>\$1,896,191</b>	<b>\$1,867,025</b>	<b>- \$31,166</b>

Budget increases incorporate negotiated salaries for staff members. The decrease in Guidance Services shows an adjustment in that program resulting from declining enrollment. We will have 200 fewer students at the secondary level next year.

## Pupil Activities:

Programs	Budget 1986-87	Proposed 1987-88	Difference
Co-Curricular Activities	\$ 93,550	\$ 119,250	+ \$25,700
Interscholastic Athletics	237,485	258,900	+ 19,415
B.O.C.E.S.	31,350	32,850	+ 1,500
<b>Total Code 2000</b>	<b>\$362,385</b>	<b>\$409,000</b>	<b>+ \$46,615</b>

The Co-curricular Activities program comprises costs for the Cornets, the musicians and performers associated with our marching band. Budget increases reflect staff spends, travel to marching events, and new band equipment.

Interscholastic Athletics also shows an increase in staff spends, new athletic equipment, and supplies and materials.

## Code 5000: Transportation Services

The third major functional area of the budget is Transportation Services. It also contains a series of sub-accounts called programs. Costs include the need for 3 additional buses to continue to transport grade 9 students to the high school under the 1 1/2 mile busing policy.

Programs	Budget 1986-87	Proposed 1987-88	Difference
Supervision	\$ 37,400	\$ 40,410	+ \$3,010
In-District Buses	1,186,350	1,404,150	+ 217,800
Special Ed. Services	309,600	357,800	+ 48,200
Special Ed. Summer Services	6,750	7,050	+ 300
Schools Outside the District	328,250	275,600	- 50,650
Field Athletic Trips	92,000	95,700	+ 3,700
B.O.C.E.S.	35,400	37,200	+ 1,800
<b>Total Code 5000</b>	<b>\$1,989,650</b>	<b>\$2,217,910</b>	<b>+ \$228,260</b>

The greatest costs reflect the additional buses for grade 9 students (\$105,000) and, in addition, extensions of current bus contracts at a cost of living index for the Metropolitan area. There will be a decrease in the costs to transport students to private schools outside the district, caused by a decrease in students to be transported.

## Code 7000/8000: Community Services

Programs	Budget 1986-87	Proposed 1987-88	Difference
Recreation & Youth Programs	\$ 21,800	\$ 22,850	+ \$1,050
Gregory Museum	40,000	40,000	0
Sr. Citizen Activities	15,700	21,550	+ 5,850
Census	32,650	21,350	- 11,300
B.O.C.E.S.	5,000	5,000	0
<b>Total 7000/8000</b>	<b>\$115,150</b>	<b>\$110,750</b>	<b>- \$4,400</b>

This fourth functional area of the budget is also sub-divided into programs. The Recreation and Youth Program increase is for staff spends. Senior Citizen Activities budget changes brings the item up to actual costs. The Census program is adjusted to record staff costs being shared with the Attendance program elsewhere in the budget. We see no change in the computer services charge from B.O.C.E.S.

## Code 9000: Undistributed

The fifth and final section of the budget is entitled Undistributed. It consists of Fringe Benefits, annual Debt Services payments, and Transfers to Other Funds for special Federally Aidable or Capital Projects. This functional will show a net increase of \$154,800.

### Fringe Benefits:

The overall increase is \$399,840, the majority being in the program entitled Health, Dental Ins., \$361,940.

### Debt Service and Transfers:

Both the Debt Service and the Transfers to Other Funds program categories will show decreases.

Programs	Budget 1986-87	Proposed 1987-88	Difference
Empl. Retire.	\$375,000	\$ 325,000	- \$50,000
Tea. Retire.	4,320,000	4,230,500	- 89,500
Social Security	1,500,000	1,681,700	+ 181,700
Workers' Comp.	5,000	5,000	0
Life Insurance	80,000	88,200	+ 8,200
Unemployment Insurance	5,000	5,000	0
Disability Insurance	15,000	22,500	+ 7,500
Health, Dental Insurance	2,341,310	2,703,250	+ 361,940
<b>Total Fringe Benefits</b>	<b>\$8,841,310</b>	<b>\$9,041,150</b>	<b>+ \$399,840</b>
Prin./Int. Bonds	83,440	81,100	- 2,340
T.A.N.S.	570,000	433,150	- 136,850
<b>Total Debt Services</b>	<b>\$653,440</b>	<b>\$514,250</b>	<b>- \$139,190</b>
Other Interfund Transfers	31,000	0	- 31,000
Transfer to Capital Funds	331,900	257,050	- 74,850
<b>Total Transfers</b>	<b>\$362,900</b>	<b>\$257,050</b>	<b>- \$105,850</b>
<b>Total Code 9000</b>	<b>\$9,667,650</b>	<b>\$9,812,450</b>	<b>+ \$144,800</b>
<b>TOTAL PROGRAMS</b>	<b>\$40,638,228</b>	<b>\$42,574,330</b>	<b>+ \$1,936,101</b>

**NOTE:** Capital fund expenditures (\$257,050) are 26% state-reimbursable on eligible projects. District-wide projects for the 1987-88 school year include the following: Boiler Room doors at East Street; Fuel Tank and Kindergarten Roof at Fork Lane; Exit Doors at Lee Avenue; Structural Repairs at Old Country Road; Refuse Room Door at Willet Avenue; Fuel Tank at Woodland Avenue; Wall Repair, Lighting, Plumbing, Demolition, Paving and Exit Changes at the Middle School; Carpeting, Lighting, Pipe and Lockers at the High School; and Districtwide Concrete, Tile and Architect Fees.

### Calculating your tax

In order to support the proposed 1987-88 school budget, the district must raise revenues through the property tax levy in the amount of \$31,491,530. This is the cost of Hicksville residents after state aid and such local revenue sources as interest, tuition, compensation, and charges for services have been applied. This represents an estimated tax of \$26.89 per \$100 assessed valuation, or an increase of \$1.93 over last year's tax rate. The table shown will help you to estimate your tax for the 1987-88 school year.

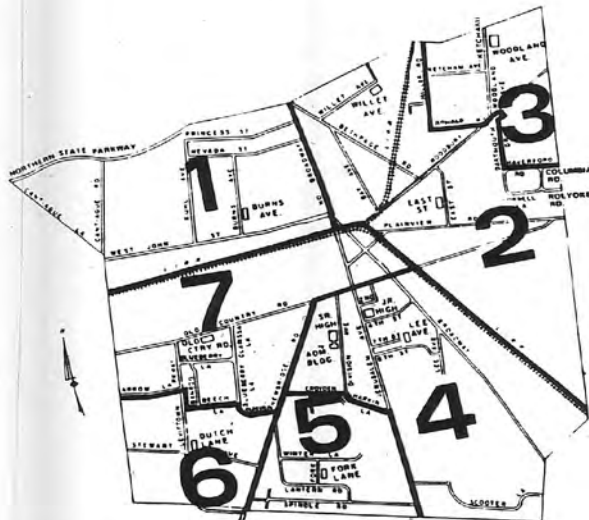

Estimated school taxes based on the rate of \$26.89 per \$100 AV				
Assessed Valuation	1986-87 Tax \$24.96 rate	1987-88 Tax \$26.89 rate	Year's Increase	Monthly Increase

## Weight Reduction THE GASTRIC BUBBLE

A Device That Makes Dieters Feel Full

WHILE IT IS UNCLEAR EXACTLY HOW THE BUBBLE REDUCES HUNGER IN its recipients, some researchers think the polyurethane sac—which inhabits the size of a small juice can—stimulates receptors that line the stomach, thereby causing a sensation of satiety.

1. Deflated Bubble is inserted into the stomach via a plastic tube.

2. The Bubble is inflated and the tube is removed.

3. The now free floating Bubble helps to satisfy the feeling of hunger.

4. After four months, the Bubble is deflated and removed, using a tube with a viewing scope.

- NUTRITIONAL COUNSELING
- PSYCHOLOGICAL SUPPORT
- GROUP THERAPY
- OUTPATIENT PLACEMENT AND REMOVAL

By PROMOTING A SENSE OF FULLNESS AND by limiting food intake, the gastric bubble can help improve eating habits. It allows the adoption of an effective dietary program that provides appropriate caloric restriction and adequate nutritional intake. A proper weight reduction program with the Garden-Edwards Gastric Bubble requires nutritional counseling and psychological support to deal with the issues that promote overeating and obesity. It is recommended that the gastric bubble be placed in individuals whose problems with morbid obesity pose a potential medical threat. The National Institutes of Health have determined that obesity in excess of 20% of an individual's ideal body weight increases the risk of high blood pressure, heart disease, diabetes and stroke. Substantial medical data indicates that weight loss can reduce the risk of these conditions.

Donor groups are needed to conduct blood drives. Any business, church, or community group, capable of recruiting a minimum of 50 blood donors, is urged to perform a vital community service by sponsoring a blood drive. You can arrange for Long Island Blood Services and the American Red Cross to conduct a bloodmobile in your social hall, gymnasium, auditorium or cafeteria. A field representative will provide all the guidance, information, and assistance needed to coordinate a successful blood drive. Help make a difference in the welfare of your community by organizing a blood drive. For further information, call Long Island Blood Services, 752-7300, or contact your local Red Cross chapter.

## Lions Club To Hold Free Health Screening At Race

The Hicksville Lions Club will hold their Fifth Annual Journey for Sight-5K Race on Sunday, April 26. As in previous years, all proceeds are to be donated to local charities which support the blind and sight-impaired. All those interested in running in the race should return the application shown in this issue as soon as possible. There will be late registration at the door the day of the race as well.

This year the race is being held in the memory of Gordon Sissons. Sissons was a member of the club till his death last year from leukemia. Sissons participated in many runs of this kind even though he was confined to a wheelchair. His courage in life with his handicap and the courageous battle with his illness was an inspiration to all who knew him.

As in previous years a free health screening will be held at the race for any who wish to participate, whether you are running the

race or not. Testing for blood pressure with the assistance from the Hicksville Fire Department Rescue Squad will be offered. Dr. Joseph Hallak of the Hicksville Lions Club will be testing for Glaucoma. The simple Diabetes screening test, the same test which was given at the Annual Pancake Breakfast in November, will also be available plus literature from the various foundations involved with these diseases.

The race will start at 9:00 a.m. (with registration at 8 a.m.) at Holy Trinity High School on Newbridge Road. The screening will be held in the gymnasium also starting at 8 a.m. If you will be participating in the diabetes screening, be sure to eat the following meal, two hours before the screening; it is the most accurate to measure blood sugar. The screenings will be held throughout the morning until 11 a.m.

The diabetes test is a blood sugar test and involves a very painless finger-prick to get a drop of blood—that's all it takes. If you are interested in participating in this screening, it is important to follow the following dietary

guidelines or the test will be invalid.

Instructions for your two hour Postprandial Blood Sugar Test

It is important to include all the following foods in the amounts listed in the sample meal plan. **DO NOT** drink (other than water) eat, smoke, chew gum, candy, cough drops, etc., following the meal until the blood sample is taken.

1. At two hours before the test eat the following:

- Breakfast**  
 1 Cup Orange Juice  
 1 Cup Cornflakes or Oatmeal  
 1 Cup Milk  
 1 Tablespoon Sugar  
 2 Slices Toast  
 1 Tablespoon Jelly  
 1 Egg (if desired)  
 Coffee or Tea (without caffeine)  
 or Lunch (Dinner)  
 1 Cup Orange Juice

- 1 Bowl Vegetable Soup  
 4 Saltine Crackers  
 1 Slice Lunch Meat or Cheese  
 2 Slices Bread with Butter, Margarine or Mayonnaise  
 ½ Cup Vegetable or Salad  
 Coffee or Tea (without caffeine)  
 1 Slice or Scoop Ice Cream  
 2. Finish meal 2 hours before the test.

## No. Shore Business Forum Meeting

"Letters That Get People To Buy" will be the featured topic of the North Shore Business Forum luncheon meeting on Wednesday, May 6, at the George Washington Manor in Roslyn. Joan Harris, direct marketing consultant, copywriter, author and President of Joan Harris Direct Response, will be the speaker. The meeting will begin at 11:45. For information and reservations call 883-0930.

The North Shore Business Forum, now in its fourth year, provides an on-going opportunity for business and professional men and women, especially those located at the western end of Long Island's north shore, to widen their contacts, promote their businesses and benefit from the exchange of ideas and practices.

## Scholarship Offered In Industrial Marketing

For the third year, the Long Island Chapter of the Business Professional Advertising Association will offer a \$1000 scholarship in memory of Wilbur R. Wensley. To qualify a student must be in a four-year college or graduate school degree program and be within one year of receiving his degree. The student must be majoring in marketing, advertising, commercial art, or communications and live or attend school in Nassau or Suffolk County.

The applicant must complete a questionnaire and include two letters of recommen-

## 'Love And Money' At Macy's

Hear about the psychological and financial angles of money. Knowing what people's financial foibles are all about can cut through hours of conversation. "Fights over money are usually about what money symbolizes... security, power and love" says Linda Barbanel, Manhattan psychotherapist.

Join a panel of experts for a frank discussion at Macy's second floor Roosevelt Field

## Sutton & Edwards Names Jaccom Man-Of-The-Year

Mark Jaccom, who negotiated \$75-million worth of real estate transactions during 1986, has been named Man-of-the-Year by Sutton & Edwards, Inc., the full service commercial and industrial real estate firm.

Specializing in the Long Island commercial market, Jaccom was responsible for leasing nearly 500,000 square feet of office space during 1986, says Herbert S. Agin, president of Sutton & Edwards.

Mr. Jaccom, a resident of Bronxville, New York, was recently appointed a senior vice president of Sutton & Edwards' Long Island division.

Sutton & Edwards has offices at 850 Third Avenue and 11 Broadway in Manhattan and also at Lake Success.

Selection from appropriate professors. The evaluating committee may require an interview. Candidates are welcome to submit examples of their work or other relevant materials to support their applications. The award will be based on merit, on the quality of the student's work, studies to date and on promise in the field of marketing communications.

The purpose of the scholarship is to call attention to the field of business-to-business marketing and to encourage good students to enter this area.

The deadline is July 31. Additional information and applications are available from Joan at Rachlin Enterprises, 94C East Jeffry Blvd., Deer Park, New York, 11729, 243-0505.

location. This will be followed by a fashion presentation by our Macy By Appointment Fashion Consultant, Nancy Dann. Tickets are \$7.50 a person and entitle you to refreshments and a wonderful gift package from Esteé Lauder. For reservations, call 746-8200, ext. 350.

Seminar panelists are Linda Barbanel, Brooke Stephens, Melba Tolliver, and Vera Moore.

## The Investor's Corner

By JOSEPH P. FREY, Ph.D.

### The Single Premium Deferred Annuity (SPDA)

These are wonderful products if you learn to read the fine print. Like all investments, the benefits come with some drawbacks. The SPDA is not a new product. It's an old product which was very kindly treated by the 1986 tax law because they were untouched. They received no "special treatment" which destroyed the tax-sheltered business.

These products were sold heavily in the late 70s and early 80s. An insurance company bankruptcy cut sales for a while. Last year more than 5 billion dollars of our investment money went into SPDAs. The Baldwin United bankruptcy was proof of the strength of the New York State insurance laws. The state protects its citizens in the life insurance area as no other state in the US. My advice to anyone, no matter where he lives, is to purchase SPDAs in New York State.

In the last insurance article we discussed the retirement annuity. It is a single payment investment which pays a locked-in fixed payment rate. It is designed to provide life-time income. The SPDA is a similar investment. The income is not fixed but variable, changing every year. Here is how it works

You purchase the annuity with a one-time lump sum payment. The minimum is about \$2,500. Half million dollar payments are accepted. You purchase a product with a guaranteed income for one year, right now between 8 and 9 percent. At the end of each year a new guaranteed-for-one-year rate is set depending on the prevailing market interest rates. You have 60 days to accept or reject the rate. If the rate is below an agreed "floor" (usually a 1 percent drop in the rate), you can withdraw all of your money without penalty.

Oh, yes! This wonderful tax-deferred investment has some fangs, called penalties. Don't most good things? If you withdraw more than 10 percent of the total value in one year, you pay a penalty of up to 6 percent of the overdraw. Usually the penalty declines by 1 percent each year. That is, in year two it is 5 percent and each year declines eventually to zero.

The big advantage is above average income that is tax deferred. You have the safety of an insurance company and the safety of New York State laws. You pay taxes on any interest withdrawn from the annuity.

Be sure to look at all of the fine print. Each company guarantees the rate differently. Also, the back end penalties can be different.

If you live outside of New York, you are well advised to check up on the quality of the insurance company. Be sure that it is highly rated by BEST insurance company rating service (no less than A). Make sure it does not have a non-insurance company parent which may drain off the cash. The company should have a good growth record and rising profitability.

Better yet, get thee to New York and buy your annuity in this state. As I will explain in a later article, that is your best protection.

## Bricklayers/Masons Recruit Apprentices

The Joint Apprenticeship Committee of the Bricklayers and Allied Craftsmen District Council of New York City and Long Island, Local 1, opened continuous recruitment on April 3 for 50 apprentices and also to establish a list for future vacancies. Labor Commissioner Lillian Roberts announced recently.

Application forms are available at the Trowel Trades Training Center, 57-01 32nd Avenue, Woodside, every Friday from 9:30 a.m. to 3:00 p.m.

According to requirements of the Joint Apprenticeship Committee, a candidate must be at least 18 years of age, must have

completed the tenth grade, must have transportation to and from the job sites and training school, and must live within the jurisdiction of the District Council of New York City and Long Island.

All applications submitted must be accompanied by a non-refundable processing fee of \$10.00. Applicants selected into the program may be required to take a physical examination at the expense of the Joint Apprenticeship Committee.

Further information can be obtained at the state Labor Department Job Service office located nearest the home of an applicant.

my hand, since I didn't have a genuine diamond stopper. But under the circumstances, it seemed to me the best bid to make.

Unfortunately, it turned out that West had a moderately good diamond suit, and he proceeded to cash the first ten tricks as I was forced to discard one good trick after another. Not only that, but when West led his last diamond, I was left with the K-Q of spades, ace of hearts and ace of clubs — and had to make a discard. (East's three cards at this point were the A-10-9 of spades.)

I couldn't throw a spade, which would have given East the last three tricks, so I discarded the ace of clubs. With excessively great delight, West now cashed the eight of clubs — and I found myself squeezed again!

This time I discarded the ace of hearts, for want of anything better to do, whereupon West cashed the eight of hearts and then led a spade to his partner's ace.

So the upshot was that I wound up losing all thirteen tricks — going down nine, 900 points — even though I had started with 26 high-card points!

Of course, I realize you might doubt that this had ever occurred, and I certainly wouldn't blame you for thinking that. As a matter of fact, if you look at the date, you may even find an additional reason for disbelieving my story. Cordially yours,  
Constant Reader.

The bidding:  
South West North East  
3 NT Pass Pass Pass  
Opening lead — ace of diamonds.

Dear Mr. Becker: The most terrible things have been happening to me lately. I don't claim to be a first-rate player, like lots of other people do, and in fact I'm sure I'm not, but somehow or other, more often than not I manage to come out ahead.

But recently I've been in a dreadful losing streak, and it's starting to get under my skin. I not only lose with bad hands, but I also lose with good ones. For example, take a look at what happened to me on this deal.

I was South and opened the bidding with three notrump. I realize that this was not a perfect bid with

### At Hofstra: Sports Notes

Coach John Danowski received some bad news when leading point scorer Mike Magee (2 goals, 17 assists) suffered ligament damage in his right knee against Adelphi, losing him for the remainder of the season. The 4-5 Flying Dutchmen are also playing without top goal scorer Mike McGinley (11 goals) who is sidelined with a knee injury.

Hofstra has received excellent play from freshman goalkeeper Dave Giannone, who has turned back 146 saves while allowing 79 goals for a .649 save percentage.

Hofstra's women's lacrosse team is still looking for its first win after dropping a recent 13-7 decision to East Coast Conference rival Bucknell and falling to 0-8 overall.

Coach Lynn Kotler's team has been led by junior Dee Ann McGill (13 goals) and sophomore Elaine Anton (9 goals). Senior goalkeeper Sue Todd has turned aside 143 shots for the Dutchwomen.

The Flying Dutchwomen softball team has had some hard luck lately, falling to 3-4 overall, losing their last four games after holding leads into the sixth inning of each game.

In Hofstra's 4-3 loss to Iona April 11, freshman Edith Gallagher went 2 for 3 with a double while senior Mill Katz went 3 for 4 with two runs batted in.

Coach Christopher Human's golf team has compiled a 3-0 dual match record this year and has been battling the weather, with three rain outs to date.

The Flying Dutchmen have been led by the outstanding play of seniors Victor Ghini and Steve Marman. Ghini, Hofstra's number one player, recently shot a 78, 76 at the Army Invitational, while Marman, the Dutchman's number two player, carded a 77, 78 at Army. Senior John McGannon (79 against Adelphi) and junior John Nishimura have also played well for the Dutchmen.

With Hofstra's baseball record standing at 3-2 overall, the Dutchmen will remember the 2-2 win over Mercy for a long time.

Coach Bob Borowicz's team trailed Mercy 12-0 after 1 1/2 innings but rallied in the second inning behind two back to back three run home runs by Scott Nicholson and Greg Calla. The Dutchmen finally caught Mercy in the seventh inning, when trailing 23-22. Nicholson got a bases loaded single to drive in two runs and take the lead for good 24-23.

Nicholson finished the day by going 5 for 5 and driving in a school record 11 runs with a grand slam, three run homer, 1 double, 2 singles, a walk and four runs scored. Calla went 4 for 7 for the day. The game was called after the innings and four hours, fifteen minutes, because of darkness.

### At Dowling: Busy Month For Lions

The Dowling College men's tennis team scored three strong victories against CW Post's netmen in a home contest on April 15. First singles player John Milbank defeated Kevin Mish 6-4, 6-4. Milbank is currently ranked #12 in East Coast Collegiate competition. The second singles match was won by Tom Damers, as he defeated Andrew Deitch 6-2, 6-1. Damers is a candidate for Academic All-American Tennis honors. Damers and Milbank teamed for a 1st doubles Dowling Golden Lion victory over their Pioneer counterparts by winning the tiebreaker 7-2 after

achieving scores of 4-6, 6-4, 7-6 in the contest's matches.

The Dowling tennis team's overall record is 5-2, and the Golden Lions are currently ranked 4th in the East Coast. Both Milbank and Damers are 7-0 for the season. The Golden Lions will be travelling to face Nationally Ranked Millersville University in Pennsylvania at the end of April to prove their court prowess. After competition is completed in the Metro Tennis Conference several of coach Bill Gerdt's outstanding athletes may be taking to the courts of the National Tennis Center.

The lacrosse team has already completed half of its 14-game season. The overall record for the Dowling squad at the mid-April mark is 3-4.

The first contest of the season resulted in a 10-2 victory over the stickman from Poly Institute. Leading scorer for the Lions in the game was John Flood, sophomore from Islip, an attack-man who netted five goals and three assists. Karl Jorda, senior from Armonk, contributed five assists and one goal to the winning effort.

SUNY-Maritime was Dowling's second opponent. The Golden Lions posted a strong first half, out-scoring the sea lovers 2-1 with Gary Cohen, junior from Farmingdale, and Jorge Maia, junior from Westbury, each scoring a goal. The Marinemen netted six goals in the second half to Dowling's 6, handing the Lions their first loss. Goalie Sean Infante, senior from West Islip, stopped 21 of 28 shots.

Karl Jorda guarded the net as Infante sat out a 1 minute penalty against the Manhattanville team and made three big saves. Cohen and Maia each scored 2 goals and the multi-talented Jorda contributed 1 to defeat Manhattanville 5-2.

In a game at Montclair State College, the Dowling team lost four players to injuries on the field. The 11-3 Golden Lion loss was a close game (3-1) until a questionable 3-minute penalty was called. Montclair's goalie was strong, but not quick enough to stop 2 goals by Jorda and 1 by Cohen.

The injuries incurred during the Montclair game hampered Dowling in its contest with Fairfield University. With only one healthy defenseman after mid-way in the first quarter, the Lions had a difficult time containing the Fairfield attack. Maia scored 3 goals, Cohen netted 2, and Flood, Jorda, and Keith Nicholson (junior from Farmingdale) each contributed, 1 in the 15-8 loss.

The contest against Queens College was an exhibition of the excellent scoring ability of the Dowling Lacrosse Team. The Golden Lions out-shot Queens 45-23, with Head Coach Tom Bertolone putting the red light on the Dowling attack at the 7 minute mark of the 4th qtr. Scorers for Dowling in the victory over Queens were Maia with 6 goals, Jorda-four, Flood-three, Nick Gallagher-two, with Robert White and Cohen contributing one each. Ralph Niermann, junior from Garden City, aided in the 17-6 victory with 2 assists.

At Kean College, Sean Infante played an excellent game in goal making 25 saves. Jorda and Flood each scored 2 goals, and Gallagher, Cohen, Maia and White netted one apiece, in an 9-8 loss.

defense are returning juniors, Veronica Bisek, of Glen Cove, Chris Bushey, of Brookville, Kim Fahey, of Port Washington, and Chris Bianchi, of Plandome Village and sophomore Emily Dick, of Syosset.

On the offense the team is headed by captain and top scorer, junior Lisa Lowenthal, of Muttontown and returning starters, senior Gen Geller, of Manhasset, junior Amy Rotchford, of Oyster Bay and sophomore Michele Pauporte, of Locust Valley.

# Nassau Sports Review

By JACK WHITE

The news that Frank Morris has not been hired to coach the basketball team at Bishop Kellenberg High School (the new name for reorganized St. Agnes) came as quite a shock. Morris has coached St. Agnes, first in Rockville Centre and more recently in Uniondale, for 26 years. In that time he established the program as one of the best in the nation. His run-and-gun offense was one of the best anywhere and despite playing schedules, which included some of the top-ranked schools in the east, he compiled a remarkable over-all record of 471-122.

Whatever the new school administration's reasons, the obvious losers will be the players who will not have a chance to go through Morris' program and the student body which will not have a chance to rally behind a great team. A "new" school needs an identity and a unifying spirit and a Morris-coached basketball team could have provided that. Shed no tears for Frank. There should be an awful lot of high schools and colleges anxious for his talents.

With 471 victories, Morris is Long Island's winningest coach. Here is a look at the exclusive 400 win club for New York's high school basketball coaches:

A while back we wrote about Karen O'Connor, the 5'9" basketball scoring machine from Hyde Park Roosevelt High School who set a new state career scoring record. The up-dated girls all-time scoring list has just been released. Note that places 1 and 5 are held by Nassau players. Interestingly, no Nassau boy has scored 2,000 points. Tom Emma, Manhasset 1979, is the closest with 1,983.

SPORTS NOTES: The 1987 lacrosse finals will be played on June 6 at Coyne Field in Syracuse. Both classes A and B will play in a doubleheader. Elmont and Garden City shared the championship of the Mid-Island Invitational Track Meet with 67 points each. Their great relay teams didn't go head to head. Garden City won the 4 x 100 in a meet record 44.5 while Elmont set a meet record of 4:24.4 in the 4 x 400. The Nassau lacrosse rankings as rated by a panel of coaches:

1. Garden City 2. Elmont 3. Farmingdale 4. MacArthur 5. Lynbrook 6. Bethpage 7. OceanSide 8. Division 9. Calhoun 10. Port Washington.

One team which belongs on the list and is improving rapidly is Massapequa. Calhoun upset MacArthur this week and may also have earned a higher mark. MacArthur's baseball team is 10-0 while Glen Cove, the defending Class B State Champions, is rolling behind the home runs of Desi Wilson.

## Charity Golf And Tennis Tournament

The Metropolitan Club Managers Association (MCMA) is honored to announce that Bryan Trotter, New York Islanders hockey star, is joining the 14th annual charity golf and tennis tournament as the new Honorary Chairman.

Yankee great Edward "Whitey" Ford has held this honor since 1974. After 13 years of dedicated service, Mr. Ford passes his title on to Mr. Trotter.

Proceeds from this charity event which will take place on Monday, July 13, at the Glen Head Country Club, Glen Head, will once again benefit the Association for the Advancement of Blind and Retarded, Inc. (AABR). AABR just celebrated its 30th year of providing direct service care to its young people from all five boroughs of New York who are blind, severely retarded and multi-handicapped.

The 1987 tournament Chairman is Arthur

M. Russell, CCM, North Hills Country Club and the club host manager is Aage Nielsen, Glen Head Country Club.

MCMA's 1987 officers include: President Juergen H. Schumann, CCM, Old Westbury Golf & Country Club; Vice-President Hans H. Juenemann, Century Country Club; Secretary Frederic G. Goldmann, Wheatley Hills Golf Club; Treasurer Robert C. James, CCM, Sleepy Hollow Country Club; Sergeant at Arms Augvald Knutsen, CCM, Shelter Rock Tennis Club; Trustees P. Eric Caspers, Beach Point Club, Pat J. Fedenco, Bedford Golf & Tennis Club, Peter D. Stanley, Sands Point Golf Club, Steven Arias, Ardsley Country Club and National Director Roger S. Ross, CCM, Piping Rock Club.

For further information about the golf and tennis tournament and the special awards dinner which follows, please contact Frances Stillman at (718) 262-9200.

## Friends Academy Girls' Lacrosse Team Looks Ahead

The girls' varsity lacrosse team at Friends Academy, Locust Valley, facing a tough spring schedule against both private and public schools, is nonetheless looking to a very successful season, according to coaches, Jackie Gow and Carolyn Howes. Because of the team's super speed and quickness both coaches see tremendous potential with this year's squad.

Senior Desiree Ifill, of Dix Hills, a four year season veteran and key to the team's defense, will be tending the goal. Assisting her in the

## Bayshore Marauders 3 Hicksville Strikers 1

By FRED FREY

The Hicksville Strikers played the Bayshore Marauders in the under 17 Long Island Junior Soccer League's first division, on Sunday, April 12 at Cantiague Park. The Strikers were the first to score at 22 minutes from the start. Right winger Steve Gourlay placed a beautiful cross from the right side onto the foot of left winger Greg Fisch who finished off with the goal. Three minutes later Bay Shore retaliated with a fine drive up the field and the Marauder striker placing the ball past Hicksville goalkeeper Tim Richards. At the end of the first half the score was tied at 1-1.

For the second half both teams played even up until 25 minutes when the Bayshore right winger broke loose and carried the ball up the right side and drilled a shot into the right corner of the net. From then on Hicksville kept up the pressure to tie the score by sending everyone forward and at two minutes from the finish the Bayshore striker took a lead pass and scored the final goal of the game making the score Marauders 3, Hicksville 1.

Tim Richards, Hicksville goalkeeper, had a total of eight fine saves. The Bayshore keeper registered 12 saves and had some outstanding punts well into Hicksville territory. Greg Fisch played a fine game alternating between offense and defense while scoring Hicksville's only goal. Forwards, Steve Gourlay, Aaron Frost, Michael Hall, Tom Boccalola and Jeffrey Schroeder kept pressure on the Bayshore defenders throughout the game. Hicksville midfielders, Michael Brigandi, Frank Caropelo, Greg Martin and Neil McKenna worked hard linking the defense with the of-

fense. Matt Conroy, Geoff Frey, Robert Karlowicz, Vincent Longo and Keith Walsh supported goaltender Tim Richards, while also making supporting raids into Bayshore area.

The Hicksville Strikers travel to Auburndale to meet the top ranked Auburndale Strikers at 10:30 on Sunday, April 26.

## Free Reminder Cards Available From MADD

Pocket cards that remind the user to have a good time by not drinking and driving on the occasion of a prom, wedding, or other party, are now being distributed by Long Island MADD (Mothers Against Drunk Driving) to tuxedo renters, cleaners, florists, and other merchants. Thousands of these cards have already been distributed.

The cards are 2 1/4 by 7 inches in size, and fit easily in the breast pocket of a jacket, or the lady's flower box. The MADD card reminds the user that, "This...is for a memorable occasion. Don't make it a memorial occasion. Have a good time. Don't drink and drive." A telephone number (922-7800) is included. If the recipient wants to contact MADD. Supplies of these cards can be obtained, without charge, by simply calling the MADD number and leaving the shop's name, address, telephone number, and quantity desired.

Open meetings of MADD are held the third Tuesday of the month, 8 p.m. at Central General Hospital in Plainville.

## PAL Basketball News

By AL CACCIO

PAL (Police Activity League) Girls Seniors Team #1 Red recently played Team #3 Orange at Woodland Avenue School. It was an excellent well-played game and both teams gave 100 percent. Team #1 won the game, and the final score was 21 to 17. It was a game filled with skill and good sportsmanship on both sides.

I would like to thank all the players on all the teams, all the coaches, all the parents who supported the teams, the referees, Commissioner of the League George Maggio and Police Officer Bill Toelstedt for a wonderful program and a good season. I would also like to thank Charlette Anstney for recording the accomplishments of our girls in the local newspapers.
