

Chamber of Commerce Presents Plans for 1988

Hicksville Chamber of Commerce executive board recently met to formulate plans for the upcoming year.

New committees are being formed and the chamber's vice president, Ivan Czipott, outlined a formula for reorganization and revitalization of the operations of the chamber. Chief among forthcoming activities is participation in the Spring Festival of 1988, an improved plan for holiday involvement with community improvement and beautification. Consideration is being given to the possibility of a political action committee with the goal of effectuating such improvement. In the past, the chamber has supported such matters as the G-1 zoning, the redirection of Duffy Avenue, and the Landia Station matter.

The Hicksville Chamber welcomes as members any business establishment in the area. Dues are nominal. Monthly meetings are held every third Tuesday at 12:30 p.m. in the Quaker Room of the Milleridge Inn. The chamber welcomes guests and prospective members to the meetings.

The chamber offices are at 252 Old Country Rd., Hicksville, and can be reached by calling 931-7170. Chamber president, Marcos Ramirez, can be reached at his office daily, 433-8383.

Reduction of Speed Limit for Bethpage Road

Oyster Bay Town Councilman Howard T. Hogan announced that the town board approved a reduction of the speed limit on Bethpage Road, between Broadway and Woodbury Road, in Hicksville.

According to Hogan, "the town board considered a proposal at the April 28 public hearing, and has approved reducing the speed limit from 40 miles per hour."

"The town's highway division has been instructed to begin to post the reduced speed limit signs and anticipates completing the task within a few weeks," the Councilman concluded.

Community Service Fair at Trinity Church

Trinity Lutheran Church, 40 W. Nicholas Street, Hicksville, will hold a "Care-Aware Fair" on Sunday, June 14. The fair will feature help agency displays, demonstrations, blood pressure and hearing tests, and much more.

The fair is being held to inform the community of resources to aid them in their daily living. Organizations from the surrounding community which provide a variety of services including health care, counseling, and information to aid the elderly, children, youth, families, the disabled, alcoholics, etc. will be featured.

The fair will be held in the school gymnasium and multipurpose room from 9 to 1 p.m.

(L.) Jean Mirchel and (R.) Louise Sena of Visiting Home Health Services of Nassau, Inc. will be featured at the fair.

Book Fair

Burns Avenue School will hold its second annual book fair from Monday, May 18 through Friday, May 22, 12:30 to 2:30 p.m.

Revitalization of Broadway Has Begun

(L-R): Marcos Ramirez, Effie C. Krogmann and Ivan Czipott break ground for new office building on corner of West Marie Street and Broadway.

After almost three years, the owner of the vacant property on the northwest corner of West Marie Street and Broadway in Hicksville, has finally been able to break ground for an office building that has been planned for so long.

Ivan Czipott, a long-established business man in Hicksville, has been joined by Hicksville Chamber of Commerce president, Marcos Ramirez, and past president of the chamber, Effie C. Krogmann, in support of his project.

Mrs. Krogmann had negotiated the sale of the property to Mr. Czipott in 1984. Much of the delay in building was caused by the restrictions imposed by the G-1 zoning of this area.

This construction is the latest act in the redevelopment of the 20-year-old blighted Hicksville downtown area. In January, the Greenpoint Savings Bank pioneered the movement to rebuild West Broadway between Old Country Road and Herzog Place.

This four-block stretch of sub-size building plots had sat forlorn since a series of events in the 60's and early 70's sounded the death knell for what has been Hicksville's traditional downtown shopping area.

Erection of the Mid-Island Plaza in 1966 led to a back-up of Broadway traffic to south of Old Country Road, especially when the railroad grade crossing gates were down at Broadway and Jerusalem Avenue. The elimination of the grade crossings and widening of major avenues to accommodate shoppers in the emerging suburban areas being served by one of America's first regional shopping centers, such as the Mid-Island Plaza, induced State Highway Department planners to arbitrarily designate Broadway and Newbridge Road for widening and rerouting. What had been a long-time community merchant's desire, elimination of the railroad crossings, backfired and contributed to the very destruction of Hicksville's old-time West Broadway stores and family businesses.

By 1959, North Broadway was already widened, to ease the north-south traffic to the plaza, and by 1966, Newbridge Road was widened and rerouted, causing, in turn, demolishing of the trees, and the altering of landscapes and private property.

By 1964, the meaning of the elevated railroad's westside concrete columns under the Broadway trestle was clear. The two

School Board Candidates and Budget Results

School Budget

• The proposed school budget for the Hicksville School District was defeated last Wednesday, May 6. The total "yes" votes from the districts were 1,134 and the total "no" votes were 1,188. A second vote on the budget has not been rescheduled. A meeting concerning this matter will be held on Wednesday, May 20 in the high school cafeteria, immediately following the Staff Award's reception at 7:30 p.m. The reception is for school staff members who have served for 25 years, those who will be retiring at the end of the school year, and those receiving achievement awards.

Board of Education

• Mark Cardella defeated three-term incumbent Jay M. Schwartz by a vote of 1,478 to 807. Cardella received 65 percent of the vote.

• Jo Ann Miltenberg gained approximately 50 percent of the vote, earning 1,311 votes compared to William Kelly's 1,012.

• School board candidate Daniel MacBride, who ran unopposed, collected 1,858 votes.

School Board News

• At the annual district budget vote and election meeting of the board of trustees, the board took action on an agreement with the Red Cross to provide emergency use of the school buildings to shelter victims of disaster. This is a yearly agreement.

• The board also approved new school hours for the senior high school and the middle school for the 1987-88 school year.

Senior High School (Grades 9-12): 7:53 a.m. to 2:17 p.m.

Middle School (Grades 7-8): 8:15 a.m. to 2:41 p.m.

westside southbound Broadway lanes under the railroad, were intended to go right through every store on West Broadway. Now, longtime dreams and recent hopes were crushed. Merchant after merchant shut down, pursuant to state directives to do so, or face court contempt charges.

G-1 Zoning

The G-1 Zoning was designed by the town board and its planning department, with professional consultants, to assure Hicksville a reasonably downtown redevelopment. The G-1 ordinance has limited the height of office buildings, barred high-rise apartments, required minimum use space, building setbacks, noise and lighting containments and off-street parking. Certain types of usage are also barred, in an effort to keep Broadway and

Newbridge Road from developing fast-food restaurants and gaudy establishments.

The town board has modified the original G-1 requirements, over the years, trying to accommodate expressed recommendations of the Hicksville Chamber of Commerce and a Community Council Ad Hoc Advisory Committee on Hicksville development in 1980.

Hopefully all the traumatic changes and blows to nostalgia are things of the past. Hicksville, as an old, resilient and mature village, has weathered many bad times, but the future looks brighter. Mr. Czipott's new office building and the recent birth of Green Point Savings Bank are another step towards a better Hicksville.

Many thanks to Dick Evers, historian, Hicksville Gregory Museum, for contributing to this story.

Gregory Museum Workshop On Whales

With a capacity registration of 23 youngsters, ages 5-8, all eager to learn about whales, the Hicksville Gregory Museum was a lively place on a recent Saturday.

Instructor Carolyn Halperin is a resource room teacher for Hicksville Schools, and serves on the museum's board of advisors. The study of whales has long been one of her special interests, and she has lectured on this topic at Hofstra, and in a number of Long Island school districts, as well as teaching a recent in-service course at the museum.

On this busy occasion she was assisted by teachers Joanne Crown and Rosemary Barrow, and volunteers Joe Williams from the junior high, and Nancy Sinclair.

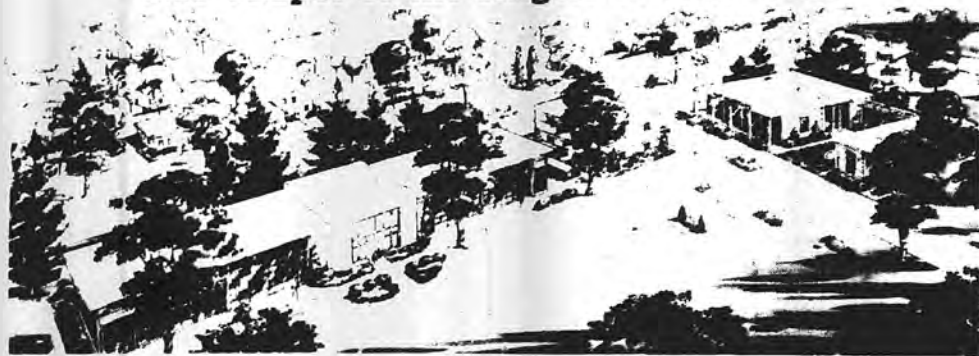

The children saw films about whales in

which they learned to identify different types of whales and their habits. They joined in singing some original songs by Mrs. Halperin, and, as a crafts project, each assembled the proper parts to make a specific variety of whale.

There will be another whales workshop, this time for 8-12 year olds, on Saturday, June 13 from 1:30 to 3pm at the museum. Reservations must be made in advance by calling 822-7505 or stopping in at the museum. Fee for members is \$5; non-members \$8.

The museum is located at Heitz Place, in the old Hicksville Courthouse. It is open daily except Monday until 4:30, weekends from 1-5. There is no admission charge for Hicksville residents.

PAUL RUDOFF

Hicksville Resident Is Symphony Director

Paul Rudoff of Hicksville who has served as music director of the South Shore Symphony of 5 Towns Music and Art Foundation since its inception in 1983, has just been named conductor of the New York University Orchestra. He will continue to serve as head of the South Shore Symphony.

A ceremony honoring Mr. Rudoff took place recently at Clark Gardens in Albertson. Paul Rudoff is responsible for the Senior Citizens Symphony Orchestra. He has directed the orchestras at USDAN and has been involved in the chamber music workshop, a pre-college music school. He has also been active on the board of directors of Kinhaven School. A French Horn player and a pianist, Mr. Rudoff first entered the Juilliard School of Music as a winner of a Duke Ellington Scholarship. He has an M.A. in education from Teachers College, Columbia University; an M.S. degree from Juilliard; and he has performed with the Indianapolis Symphony Orchestra and various opera and ballet companies. He is married to violinist Pat Rudoff.

The Training Orchestra, a not-for-profit organization for the past 17 years led by Mr. Kelly Brown of Kings Park will be associated with New York University in a cooperative venture with Paul Rudoff at the helm. Dean Jerrold Ross notes, "N.Y.U. feels that it is very important to supplement the musical experiences of the school settings through its affiliation with the Training Orchestras on Long Island and enhance the musical opportunities for young people."

South Shore Symphony chairman Bebe Orzac notes that the community orchestra which meets weekly on Tuesday evenings rehearses at Hewlett High School, has blossomed under Mr. Rudoff's excellent musical direction. Foundation president Arlene Eisenberg said that the organization is proud of Mr. Rudoff's achievement and leadership.

The next concert of South Shore Symphony under the direction of Paul Rudoff will take place on Tuesday, June 2 at 8 p.m. in the auditorium of Hewlett High School featuring clarinetist Michael Spring of Great Neck. A few seats in the orchestra are open for qualified musicians states personnel director Marie Stile. Call Foundation offices at 509-0011 for information.

Volunteers Needed For Historic Sagamore Hill

The National Park Service is seeking volunteers to assist park rangers in a variety of programs and visitor services this summer at Sagamore Hill, the Long Island estate of President Theodore Roosevelt.

The 87 acre park in Oyster Bay, New York needs volunteers to help conduct historical tours and nature walks. Other assignments may include assisting at the entrance station to the Park or working with the Curatorial Staff. Work schedules and duties can vary according to each volunteer's interests and availability.

Sagamore Hill, which receives over 125,000 visitors annually, encompasses a mile long trail, a cutting garden and several historic structures including Theodore Roosevelt's 25 room Victorian mansion. Interested people will participate in a training session held in early June. It is an excellent experience for students, and for adults wishing to develop new skills in pleasant surroundings.

Volunteers must be over the age of 16 and are requested to provide at least eight hours of work per week from June through August. Means of transportation must be provided by the volunteer.

Those people interested in volunteering at Sagamore Hill may contact the Volunteer Coordinator, Toby Kennedy at 922-4447, Wednesdays through Sundays.

Local Swimmers At Senior National Meet

The Senior National Championships were held at Boca Raton this spring and Hicksville was represented by Lorna and Kristin Mund who swam the back and fly legs of the Adelphi Swim Team Medley Relay. Lorna also qualified for and swam the 100 and 200 backstroke events. At the meet, she achieved her personal best times in both events, narrowly missing Olympic Trial cuts.

Kristin went on to Orlando to compete in the Junior Nationals. She won the Consolation in the 200 Butterfly with the fourth fastest time of the meet, a time which qualified her for top 16 in the country in her age group. She also competed in the 100 Fly and the 400 IM and swam on the Medley and Free Relays. Scott Epstein also represented Adelphi as the breast stroker on the Medley Relay.

Fantasia Again

"Fantasia Again," a festival of ice skating daring and artistry, will be presented on Saturday, May 16, at 8 p.m. at the Cantiague Park Rink on West John Street, Hicksville.

Special performances will be given by many amateur Olympic figure skating hopefuls, including:

- Julie Wasserman, 1986 National Junior Ladies' silver medallist, 1987 National Senior Ladies' Competitor, and high-placing competitor at the international Coupe des Alpes in St. Gervais, France, currently tenth-ranked in the nation.
- Danielle-Alyse Babayan, 1987 North Atlantic Senior Ladies Bronze Medallist and National Senior Ladies' Competitor.
- Norman Smilowitz, 1987 Eastern Junior Competitor and National Junior Men's Competitor.
- Caryn Yap, 1987 North Atlantic Junior Ladies' Bronze Medallist and National Junior Ladies' Competitor.
- Denise Williams, 1987 Eastern Novice Ladies' Bronze Medallist and National Novice Ladies' Competitor.
- Joy Jaworowski, Lance Travis, Mayumi Yamada, Mark Getman, Linda Land, and Jodie Mansamer, all up-and-coming skaters who already have many wins to their credit.

In a highlight of the evening, Moira North and Patrick Dean of the highly-acclaimed "Ice Theatre of New York" will present their sultry interpretation of "Tango."

Several exciting group events are planned, including "Beach Party '87" (to a Beach Boys' medley) and numbers by several precision "kickline" groups.

Admission is free, and there is ample parking.

The Berkeley School Holds Spring Previews

The Berkeley School of Long Island in Hicksville will hold spring previews for high school juniors who have expressed an interest in learning more about Berkeley, as well as seniors enrolled at Berkeley for the next academic year.

The program will take place at 9:30 p.m. on Saturday, May 16 at its campus, 99 N. Broadway.

Academic, placement and admission staff members will be on hand to answer questions, and there will be tours, demonstrations and refreshments available.

Beacon wants to help you improve your lot.

Maybe you'd like to add a deck on your home. Or a Florida room. Or you want to redo a kitchen. Or better equip your home to cope with hot or cold weather.

Or maybe a growing family is forcing you to move to a larger house. Or you're not a homeowner yet, but soon expect to be.

Whatever financing you require for your home, it would pay you to speak to the friendly helpful people at Beacon Federal Savings Bank. The rates are low. We can make available as much as \$25,000 for home improvement, and help you spread repayment over 5 or 15 years. We can also discuss with you the merits of selecting a mortgage based on our conventional fixed rate.

Furnishing folks in our neighborhood with low cost funds to buy or improve their homes is something Beacon has been doing since 1921. And, judging by the number who come back again and again, we've been doing it to their satisfaction.

So whether you're ready to improve your lot, or whether you need life insurance, tax-deferred annuities, money market or IRA investments, travelers checks or almost anything else, visit your nearest Beacon Federal Savings Bank. The caring bank.

Galileo Lodge News

By Joe Lorenzo

President Joe Giordano's Message:

'It is the greatest of all mistakes to do nothing because you can only do little.'
Old Saying.

The popular notion that April showers bring May flowers is widely accepted, or so it seems, but along with May flowers the Galileo Lodge makes sure that some pretty nice, entertaining and enjoyable activities should also be a part of the May scene. And it has done this, as witness the news that the Galileo Lodge will present a golf outing and a fishing trip. The fishing trip is set for Sunday, May 31, to be directed by Bert Molinelli. The boat will leave from Captree. The price is \$25 for adults and \$18 for children, and you must bring your own food. Breakfast will be served at the Galileo Lodge in the morning. Call Bert at 031-0361 for more details. The golf outing is set for Sunday, May 31, with Vito Grippi as the director. Call Vito at 031-0361 for more details concerning this activity, and needless to mention that both of these activities sound like happy and pleasurable ones. Friends, patrons and associates of the Galileo Lodge are invited also.

Another activity that is causing plenty of excitement at the Galileo Lodge is the Testimonial Dance to be given by the Ladies in honor of ex-president Mary Monteforte, a diligent leader who set the course for the ladies Auxiliary during its earlier days. Tickets sell at \$22.50 per person, and in the offering will be a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, unlimited liquor and music for your dancing and listening pleasure. And let's not forget that very special atmosphere engendered by these very nice ladies of the Auxiliary, our laurel wreath chair, this activity, assisted by Mary Ferrara and her co-workers, Ann Palermo, Rose Parczeka, Carmen Russo and Racnel Stano, and, of course, the president, Marion Danzejo. Dinner will probably start around 6 p.m., but I must not forget to mention that wine and cheese hour will also be part of the proceedings. I don't have to reiterate or emphasize that it would be a nice tribute if the whole Galileo Lodge membership would make a special effort to attend this dance en masse. So why not put this dance on your must-attend list?

For these many weeks as the Galileo Lodge article appeared in the Hicksville Illustrated when it finds its way into the community, it is possible that some of its readers must have noticed the diversification and the talent that is behind our organization. Of course this is the purpose of these articles, to give you an idea what the Lodge does, what it thinks and feels. Yes, it's true that the Galileo Lodge is an inanimate object and that it can't possibly think, but it really does, through its membership, male and female. Yes, the Galileo Lodge deserves exposure, some measure of publicity, some notice and some respect. The Galileo Lodge is part of the community and as a result it aids and abets the community. It helps people and organizations. You can see the active nature of the Galileo Lodge, perhaps even notice its feelings for its members, friends and patrons. There are all sorts of activities at the Lodge, and as you can see, one activity follows another. There is no time nor desire for it to sit on its laurels. Success, it feels, is predicated on hard work, and the results reveal this fact. Yes, you might say that the Galileo Lodge exists for itself and its own ethnicity, but it really doesn't exist for everyone, especially for those who are deserving of its help. What is written here should not be construed as bragadoccio, it's merely a statement of facts, facts that are based on doing and not on talking.

N.Y. State Games for Physically Challenged

Governor Mario Cuomo has announced that the New York State Games for the Physically Challenged will be held for the third year on Long Island, May 28 through May 31.

The Games, a program of the New York State Office of Parks, Recreation & Historic Preservation attracting young participants from throughout the State, will be open once again to all who are physically challenged in the age range of 8 through 21 and there will be an expanded program of events to include not only competitive events but demonstration sports for the development of new skills.

These awards actually make winners of all participants as there are medals and other prizes for all entrants.

Susan Gordon Ryan, Executive Director of the Games, noted that the entries last year exceeded 700 and expressed hope that many more will be able to take advantage of this program when we go into action on May 28.

The Games are hosted by Nassau County and they will be at the Mitchell Athletic Complex in Uniondale with indoor activities including swimming and table tennis at the nearby gymnasium and the swimming pool of Nassau Community College.

The challenge categories are for blind, deaf, spinal cord injured, cerebral palsy, amputee, and a les autres grouping for all other physical disabilities.

The competitive events include swimming at various distances for backstroke, breaststroke, and free style; table tennis for four different age categories, and an outdoor program of track and field events. The track events also will feature youngsters in wheel chair competitions, as well as slalom events. There will be equestrian competition for the first time.

For information regarding entry procedures—open to all in the 8-21 age range, parents and participants are urged to write to: New York State Games for the Physically Challenged, P.O. Box 247, Belmont Lake State Park, Babylon, NY 11702; or call 669-1000 ext. 294.

Troop 683 Spruces Up Grounds at Museum

Many hands do make light work, especially if they are the hands of Hicksville Boy Scout Troop 683. Members of the troop turned out, recently, to do some "spring clean-up" work at the Gregory Museum's home, the historic Old Hicksville Courthouse.

The scouts are under the leadership of David Kean, who has been honored this year as "Scoutmaster of the Year" by the Nassau Rough Riders District of the Boy Scouts of America. The young volunteer workers were guided, also, in their service by Mr. John Kean, museum trustee, assistant scout master

Michael Speranza, and Richard Evers, museum historian.

An added important service to the Gregory Museum was provided by Robert Risoli, Sr. of Bay Avenue and his son, Robert, who pruned the trees lining the courthouse mall at Hertz Place. Risoli, a professional arborist, is a museum volunteer worker. His alertness from his nearby residence, two years ago, sounded an early alarm when the museum suffered an electrical fire and it is likely, saved Hicksville's historic landmark building.

WILLET AVENUE STUDENTS gather round the rhododendron planted in memory of Keith Moscoa on Arbor Day.
Photo by Rosemary Barrow

Arbor Day at Willet Avenue School

Willet Avenue School, Hicksville, has a number of nice traditions. Among them is the annual Arbor Day program. Each year, with appropriate ceremony, a living tree or shrub is planted in honor of some person who has contributed either to the welfare of the school or to society, or who was very dear to the school family, and is now deceased.

This year, a young rhododendron bush was planted in memory of a third grade student,

Keith Moscoa, who was killed in a traffic accident last summer.

As part of the ceremony, all of the students who are members of service organizations come in uniform. After parading the colors and the pledge of allegiance, there are suitable musical renditions and poetry readings. This year, his classmates also told of their happy memories of Keith.

STUDENTS FROM THE HICKSVILLE HIGH entertained the students at Old Country Road school recently with skits from the Jr. High Production of the "The Wiz". The Children thoroughly enjoyed the show.

The Junior High students were Nancy Hogan, Susan Hume, Heather Tower, Jennifer Kremer, Stacy Hever and Carolyn Delafuente.

Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anton Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed, (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many very fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only. We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

To The Editor:

I am writing in response to an ad that appeared in the April 30 edition of the *Hicksville Illustrated News*. In the 23 years that I have lived in Hicksville, I have never read such an insulting ad.

The ad was paid for by the "Friends of Schwartz & Kelly." Shame on them.

The candidates referred to in the ad are community members who are willing to give of their time unselfishly just like Mr. Schwartz and Mr. Kelly. To attack their integrity simply because they do not totally agree with the "Friends of Schwartz & Kelly," is, to say the least, shameful.

The other people referred to in this ad are the leaders of the different bargaining groups, representing many segments of our community and staff of our local schools.

I am one of these people. I am Linda L. Hild, president of the Hicksville Teacher Aides Unit, CSEA. I take great exception for myself and for the other fine people that represent the other bargaining groups in Hicksville, to the insinuations made in this ad.

Possibly the "Friends of Schwartz & Kelly" did not know that the president of the Hicksville Congress of Teachers, Secretarial Unit, Custodial and Grounds Unit and the Teacher Aides Unit all live in Hicksville. We are community members, just like they are. We pay taxes, just like they do. We have a right to be concerned for the children of our community, just like they have, and we have a right to support candidates of our choosing to be elected to our school board, just like they have.

The candidates that we chose were elected on May 6, by a very large margin. The numbers prove that they were not elected merely by people represented by our local unions, but by a very large majority of the Hicksville community.

"Friends of Schwartz & Kelly," I believe you owe all of us an apology.

Linda L. Hild

To The Editor:

I would like to thank the "Citizens to elect the A-team" for all of their support at the polls on Wednesday, May 6.

I am very pleased and proud to be a member of a community that obviously does not believe in the opposition's tactics. I am looking forward to the next three years and to representing all of our Hicksville residents.

Jo Ann Miltenberg

To The Editor:

I would like to thank all my friends, neighbors, members of the Hicksville Coalition, Telephone Pioneers, and all the others who voted for me in the recent Hicksville School Board elections.

My congratulations and best wishes to Mr. Mark Cardella, Mrs. Jo Ann Miltenberg in their new positions on the Hicksville School Board and to Mr. Daniel MacBride as he begins his second term on the board.

William J. Kelly

To The Editor:

Come One! Come All! Build in your own backyard. This is the new "Saga of East Avenue." See, dear citizens, the properties were allowed long and narrow before the 1950s—so the speculators, real estate, contractors and the other greedy money-hungry handlers are getting permission from the **Town Board of Appeals** for "variances" mind you, to build houses (not little ones) behind another on East Avenue near Malone. (Second St.??); a "variance" yet, would you believe! (Second Street is marked near Malone on the tax map!)

Mr. Casey, and the Board of Appeals, told a group of concerned citizens that their "unwanting" of this building meant nothing, because the courts said they can get a variance and build a huge (or any house) behind your other. And listen to this! The Town Board told the attorney to "Please, make sure his client be present the next time," and put the case on hold. What a waste of taxpayer's money. Here's the best. . . . Mr. Casey stated: "It wasn't necessary for us concerned citizens to appear again." Do you believe this? It is true. I was there and it's on public record! (Give it all away before another administration comes in! What does this sound like to you?)

Please read your public notices! They have an effect on your way of life.

See, now! not only will we have trash on East Avenue, but piggy back homes! My dear citizens, please get involved either with a concerned group or—like myself—a concerned citizen. This is your privilege. Write letters to **Town Hall**; voice your opinions, make phone calls, requesting the proper people or "forms."—A simple phone call will do it!

Whose feelings are you going to hurt? These people and parties in question **don't care**. They move away, or get their money and run.

So, do they care???

To The Editor:

I very much enjoyed reading the "Looking Back . . . The Stolz Market" column in the April 16 edition of the *Hicksville Illustrated News*, but perhaps the emphasis on the West Cherry Street Homestead and the Broadway Meat Market did not do justice to the Stolz Family itself, which really was one of Hicksville's foremost.

Henry Stolz, husband of Mary Braun and father of William, John, Charles, Edward, Harry, Mary, Agnes, Cecelia Kershow and Josephine Offenback was a founder of the Bank of Hicksville, which is now the National Bank of Westminster USA. Bill and John ran the meat market and Charlie was a carpenter and known as the "wood butcher" since all of his brothers were connected with the meat business. He lived in the house on the corner of Old Country Road and Jerusalem Avenue which is now occupied by the Wagner Funeral Home.

The fourth son, Harry, was a founder of the Central Park National Bank on Broadway, Bethpage, and also the proprietor of a meat market on the same street. He later served as the Postmaster of Bethpage for many years; and operated the Harry A. Stolz Insurance & Real Estate Agency at the corner of Central Avenue and Broadway in that village. It is now a convent associated with St. Martin of Tours parish.

Two of John Stolz' sons were Catholic priests. One, Stephen, served as a Chaplain with the rank of Colonel in the U.S. Army. The other, John, was a Monsignor attached to the Brooklyn Diocese of the church. A third son, James, worked in the Broadway Meat Market with his father, John Stolz, and Uncle Bill, and is now married to Margaret Stolz (nee Duffy), whose father Bill Duffy was the first president of the Long Island National Bank of Hicksville (now The Bank of New York) and owner of the Nassau Seed Company. Bill Duffy's wife, Margaret, was a sister of Bill Mollitor who lived on Bay Avenue in Hicksville, and was well-known as the postmaster of Hicksville.

Mamie Stolz, daughter of Henry, worked as a nurse in Hicksville and vicinity for years; and her sister Agnes ("Aggie") was employed at the Nassau County Medical Center in East Meadow. Their sister Cecelia Kershow of Old Country Road in Hicksville is the widow of Lennie Kershow, one-time associated with the Department of Highways for the Town of Oyster Bay, and operator of Bill's Bar & Grill on Herzog Place.

Numerous other descendants of the original Henry Stolz still live in this area and are worthy of mention, but limitations of time and space prevent that. It is enough to say that the Stolz Family and its members have been a credit to Hicksville and the Town of Oyster Bay for more than a hundred years.

John P. McGann

EDITOR'S NOTE: Thank you very much for the detailed account of one of the first families of Hicksville. We are always delighted with contributions from our readers that enhance Hicksville's historical heritage—as this letter so clearly does.

My Three Loves

Although I may sound fickle, I'm really in a pickle

To pick one love out of three is impossible for me.

My first love is a girl of twelve
 Shy when not supposed to be, and barely ever listens to me.

But that's the age she's going through
 Sometimes gay, sometimes blue, and always wanting something new!

My second love is quite a gent
 And takes serious every word that's meant.
 Although he's six years old, he's far from bold.

He mumbles his words when he's wrong
 And tells stories that take on! so long.
 He's sensitive as can be
 Poor child took after me!

My third love is my little man
 Not quite five, but can surely connive.
 He's tiny as can be, but growing up too fast for me.

For if you'll look back to see,
 He's the youngest of the three.

When Fall begins, my heart will pound
 When I hear that school bus sound,
 I'll be sad, I know for my three loves have grown.

I'll remember the joys I've known
 And refuse to dread,
 Their return home to me and the evening ahead.

So you see how hard it is for me,
 To pick one love out of three.
 I can only proudly sigh,
 THREE LOVES HAVE I!

EDITORIAL AND OPINION

A Letter from Lulabelle...

...Summer is a-comin' in...and beach days are approaching...and it's soon going to be pail and shovel time!...Do you remember the joy of a new tin pail (long before plastic) with pictures of waves and seashells on the sides...and there was a pristine shovel all set to dig in our lovely white Long Island seashore sand?...and sometimes there were other things that came with the pail and shovel...a strainer that fit over the top of the pail and allowed sifting little sea creatures from the damp sand at the ocean's edge...and then there were those molds...shaped like fish, crabs, shells, and boats...we packed them full of wet sand, reversed them onto a cleared sand "palette"...and there we were, sculptors...What fun it was to make sand forts at the low-tide water's edge with turrets of sand made from packing our new pails and turning them at the fort's corners and then making all the walls so carefully—and it was even fun to see the rising tide slowly destroy our masterpiece...and do you remember those bathing suits of long ago?...incredibly, they were made of wool very often and they itched even before the sand got inside and kept us squirming...and we wore our "bathrobes" to the beach over this suit—now, when I say "bathrobe": I don't mean some terry cloth beach cloak—oh, no!...it was a bathrobe—and in those days the robe was made from some heavy fabric which looked like a piece of blanket and it was tied at the waist with a twisted cord which always had a tassel on each end to start, but which never seemed to keep that tassel very long...We also wore "bathing shoes"...They were made of a kind of crinkly rubber and had rippled soles and they stretched onto our feet—sometimes even today on some North Shore pebbly beaches, I would like to have a pair of those old bathing shoes...All the beaches I remember here on Long Island had ropes...we could walk or swim out to the rope and hang on, jumping over the waves if it was in the ocean—I wonder why beaches don't have ropes any more?...I think I'll go and buy some pails and shovels, gather up the grandchildren, and go to the beach where I'll dig in the sand and pretend that I'm playing with the kids—and no one will know that it's the big kid that I still am who's having fun!!

Yours, Lulabelle

Letters From Our Readers

To The Editor:

There is an important lesson to be learned from the Town of Islip's ridiculous garbage barge "experiment." Like the ghostly "Flying Dutchman" that was doomed to wander the seven seas eternally unable to enter port, the barge carrying 3,186 tons of garbage that no one wants has also been travelling a seemingly unending odyssey. Unfortunately, this problem will grow commonplace in the years to come.

Sooner or later, all major dumps across the country will generate the public outrage associated with Long Island's enormous landfills. As a result, it will become increasingly difficult to get rid of our trash. Where will Long Island's garbage go when the landfills in upstate New York, Pennsylvania and Ohio refuse to take it any longer?

This is the key flaw in Long Island's multi-billion dollar plan to build 11 "mass-burn" incinerators. Even if garbage is ultimately burned, as much as 40 percent by weight would be left as hazardous ash residue that public officials propose to dump on Long Island or any other place they can find to take it.

Incinerator ash is far more dangerous than raw garbage due to high levels of heavy metals and other toxic chemicals. If incinerator ash is soon declared a hazardous waste—which is probable—then it would have to be disposed of at expensive commercial hazardous waste facilities.

So long as public officials continue to allow vast quantities of garbage to be generated on Long Island, the problem of disposing of that waste will always loom as an environmental and financial disaster. That is why it is imperative to begin reducing, recycling, and converting Long Island's waste output into useful materials as soon as possible. The more waste that can be recycled, the less remains to be buried or burned.

New Jersey's Governor Kean just signed a mandatory, statewide recycling law. Meanwhile, local officials here on Long Island squabble with New York's Legislature and Governor and do nothing to promote the kind of comprehensive recycling efforts that could save us from endless garbage woes.

Fortunately, it is not too late for Long Islanders to voice their support for aggressive recycling programs. Between now and the end of the Legislative session, a coalition of Long Island groups will be meeting with key state legislators to promote statewide recycling and to oppose incineration. Concerned citizens who want to help should call 673-5536.

Pet Of The Week

Bradley is only five months old but he already knows a secret many never learn—Bradley knows how to listen. So this cuddly and playful little pup is a very fast learner. Bradley is waiting for adoption along with hundreds of puppies and kittens—many purebred—at the North Shore Animal League in Port Washington. The shelter is open seven days a week from ten in the morning until ten at night. For further information please call 516-883-7575.

What the Politicians are Saying...

Assemblyman Daniel Frisa (R-Westbury) has called for the passage of legislation that would reimburse museums and other cultural institutions for educational programs offered to school students and for in-service training for teachers. Over 300 museums and historic societies provide some form of instruction to more than two million students in the state but receive no financial support for this service.

From Norman F. Lent:

The House Energy and Commerce Committee has unanimously approved legislation to ban the resale of drugs by hospitals and the reimportation of pharmaceuticals produced in the United States. Charity or nonprofit hospitals often receive drugs directly from a manufacturer at a low price. The problem begins when these organizations resell the drugs to middlemen who peddle them on the general market at prices well below legitimate competitors' prices and the trouble is compounded when the drugs are routed overseas where handling and storage standards are often lax.

Assemblyman John C. Cochrane (R-C, Bayshore) has announced that the statewide competitive written examination for prospective state troopers will be held June 13 in major cities around the state. Eligible candidates must be between the ages of 21 and 29 unless they have prior military experience; must have a high school diploma or equivalent, a valid New York State driver's license, good moral character, and adequate vision. Starting salary is \$10,073. Applications may be obtained by writing to Director of Personnel, New York State Police, State Campus, Albany, New York, 12226, or through local police.

Senator Daniel Patrick Moynihan (D-NY) has cosponsored legislation that would provide \$150 million next year to put more computers in grade schools across the country. The bill would also provide \$20 million to conduct teacher training institutes in computer education. "Fifteen years ago the birth rate in America fell below the level necessary to maintain the population. The information age will find us with more jobs and fewer people. We need to prepare every child for the future," said Senator Moynihan.

In 1892, the Pledge of Allegiance was written by Francis Bellamy. On September 9, 1777, the prestigious New York State Senate met for the first time at the Kingston Senate House. These two monumental events in the history of our country were previously unrelated until April 8, 1987. On that day, the New York State Senate, for the first time, began their session with the Pledge of Allegiance to the flag of the United States of America. Every attending member of the New York State Senate rose to pay respect to our flag and our heritage as they will at every New York State Senate session. The procedure was initiated as a result of a resolution by **State Senator Michael J. Tully, Jr. (R-Roslyn Heights)**. Senator Tully said, "The input for this change came from veterans organizations as a tribute to the state's 1.9 million veterans who served proudly during wartime. We not only show respect for our great flag, but we also honor those who fought and died for it."

LILCO Donates Trees To Mark Arbor Day

In commemoration of the recent Arbor Day celebration, Long Island Lighting Company donated and planted trees at two Long Island locations. And to keep the holiday alive the rest of the year, the company is offering a free Tree Planning Guide to help consumers select, plant and care for their new trees.

The utility celebrated the statewide tree-planting holiday by donating a Japanese Dophora to the A. Holly Patterson Geriatric Center in Uniondale. In Suffolk County, LILCO donated a Japanese Striped Maple to Oakdale's Bayard Cutting Arboretum.

Other tree planters will find help in LILCO's

18-page illustrated guide, according to Richard Weir, a horticulturist with the Nassau County Cooperative Extension, who says, "there's more to planting trees than digging a hole." Before taking that first spadeful of soil, Weir recommends that consumers read the LILCO booklet, which provides essential information on selecting the trees best-suited for Long Island, including advice on purchasing, planting and caring for them.

To obtain a free copy of the LILCO Tree Planning Guide, write to LILCO/Tree Planning Guide, 175 East Old Country Road, Hicksville, NY 11801.

Non-Driver Photo I.D. Cards Available

Getting around without a car is difficult, but getting around without a driver's license for identification can be even tougher. Now that the State of New York is issuing licenses with photographs, stores, banks and other institutions are asking for a license as a form of identification when a patron cashes a check or applies for credit. People without a photo I.D. can find it difficult to conduct business.

Non-driver I.D. cards are available through local offices of the State Department of Motor Vehicles. The card shows your photograph, name, address, and date of birth. The cost of the card is \$5.50 and they are valid for four years.

You can obtain a card by visiting the local motor vehicle office located at 1500 Privado Road, Westbury, or 310 Fulton Avenue, Hempstead. Be sure to bring with you two acceptable forms of identification, one of which has your correct address, and one acceptable alternate proof of address.

If you have any questions, please contact Assembly Speaker Mel Miller's Nassau Office located at 148 Greenwich Street, Hempstead.

At the Library

Getting Into College

Harlow G. Unger will speak at the Hicksville Public Library about "Getting Into The College of Your Choice" on Tuesday, May 26, at 7:30 p.m.

Mr. Unger, author of "A Student's Guide To College Admissions", will present step-by-step advice to students on how to go beyond the help of their counselors by placing more emphasis on self-reliance. His unique self-help guide gives students the tools to take the college quest into their own hands and come out on top.

This program is free and all are welcome.

Book Discussion

The book "Men And Angels" by Mary Gordan is this month's topic for a book discussion at the Hicksville Public Library, June 30 at 1 p.m. in the Local History Room.

Mary Gordan, the author of "Final Payments" and "The Company Of Women", portrays Anne Foster, an art historian, and her relationships with others while her husband is away on a year's sabbatical. An intense, graceful exploration of family.

Suzanne Welker is the discussion leader. Books are available at the circulation desk. Everyone is welcome to join the group.

Magic Show

A special magic show for young children will be presented on Saturday, May 16 at the Hicksville Public Library.

CLEAR TITLE

When you bought your house, you were guaranteed a clear title to the property. Indeed, the title search was backed up with title insurance, just in case a researcher missed something. Does that mean the title is still clear?

Not necessarily. There may be a lien that would get in the way when you want to sell.

The way this commonly happens is if you've had a construction project and a mechanic's lien or a materialman's lien has been filed to protect contractors and suppliers until they are paid. Problems arise if a contractor doesn't pay all suppliers, or if the homeowner ignores a notice of lien.

It's wise to insist that your contractor and all subcontractors provide lien releases as they are paid and to hold up final payment until they have all the releases. Be sure to include a "labor and materials bond" to guarantee that the contractor will pay his bills and the job will be free of liens.

HANNA SCHYGELLA
FOREVER, LULU

Rag-tat, silly comedy that skirts the edges of Desperately Seeking Susan. Hanna Schygella, best known for her German film work, struggles dimly with the foolish material. She's a struggling New York writer who becomes involved with various misadventures after she stumbles on some drugs and a lot of cash. She also seeks the elusive title character, played by rock singer Deborah Harry who utters only two lines of dialogue. (R)

MY DEMON LOVER

Comic, modern version of "The Wolf Man" with all sorts of twists to accommodate latter day tastes. Scott Valentine is in the title role as a scruffy but likeable young man who transforms into various types of a beast when sexually aroused. Seems he was cursed by a Romanian woman. Michelle Little is the daffy and cute object of his affections. The cast handles the material with gusto, but there is not that much to howl about. (PG-13)

MICHAEL J. FOX
THE SECRET OF MY SUCCESS

Frothy, appealing, yuppie comedy about a young man, Michael J. Fox who bluffs his way from the mail room to the top of a New York conglomerate. The script and gags are reminiscent of various '80s '60s screwball comedies - especially "How to Succeed in Business Without Really Trying." But '80s situations - casual sex, hostile takeovers - provide some fresh comic opportunities. Also with Helen Slater and Richard Jordan. (PG-13)

GOthic

Lord Byron, Percy Bysshe Shelley, Mary Godwin Shelley and other literary luminaries gather at a Geneva villa in 1816 for a night of weird frenzy. There are eerie seances, orkies galore, thunder and lightning, rats in the wine cellar - mind-blowing hallucinations - all laid on thickly and eloquently by director Ken Russell who wallows in the excess. Yet it's all just so much garish gibberish - uninviting and hard to sort out. With Gabriel Byrne, Julian Sands and Natasha Richardson. (R)

Weight Reduction THE GASTRIC BUBBLE

A Device That Makes Dieters Feel Full

WHILE IT IS UNCLEAR EXACTLY HOW THE BUBBLE REDUCES HUNGER IN its recipients, some researchers think the polyurethane sac—which inflates to the size of a small juice can—stimulates receptors that line the stomach, thereby causing a sensation of satiety.

1. Deflated Bubble is inserted into the stomach via a plastic tube.

2. The Bubble is inflated and the tube is removed.

3. The now free-floating Bubble helps to satisfy the feeling of hunger.

4. After four months, the Bubble is deflated and removed, using a tube with a viewing scope.

By promoting a sense of fullness and by limiting food intake, the gastric bubble can help improve eating habits. It allows the adoption of an effective dietary program that provides appropriate caloric restriction and adequate nutritional intake.

A proper weight reduction program with the Garren-Edwards Gastric Bubble requires nutritional counseling and psychological support to deal with the issues that promote overeating and obesity.

It is recommended that the gastric bubble be placed in individuals whose problems with morbid obesity pose a potential medical threat.

The National Institutes of Health have determined that obesity in excess of 30% of an individual's ideal body weight increases the risk of high blood pressure, heart disease, diabetes and stroke.

Substantial medical data indicates that weight loss can reduce the risk of these conditions.

OSTEOPOROSIS

The most dangerous thing about osteoporosis is that you never know you have it until it's too late. For many women of the pre and post menopausal age group, too late means after a bone has fractured. It has been shown many times that bone (a living, dynamic tissue) is thinned by lack of use. For example, if an x-ray is taken of an arm that has been in a cast for 8-8 weeks there will show a significant decrease in bone density. The body will reabsorb any tissue that is not used. Even bone.

Females are stricken with osteoporosis more frequently than men for several reasons. After menopause the estrogens (important in calcium metabolism) are reduced. Also as we get older the amount of strenuous exercise we take is decreased. It is the combination of these factors and rarely a CALCIUM DEFICIENCY, that leads to osteoporosis.

Chiropractic Spinal Manipulation lends passive range of motion exercise to the 110 joints of the spinal column as well as gently stressing bone tissue. Spinal Service is a must for maintaining strong healthy spines and the nerves they transmit.

Our office is equipped to perform the lab tests necessary to determine the current state of your skeletal system. Action taken today could prevent painful, often crippling problems in the future. We welcome your calls if you should have questions on this or any health problems.

Supervisor JOSEPH COLBY COMMENTS

Colby Testifies in Washington About New York's Garbage Crisis

Oyster Bay Town Supervisor Joseph Colby flew to Washington May 6 to address the United States House of Representatives Energy Committee Subcommittee on Transportation, Tourism and Hazardous Material and to participate in a panel they have convened to investigate the current New York garbage crisis.

With international attention focused on the floating island of New York garbage, United States government officials are now realizing what many local municipalities have long known—that the long-distance hauling mandate by New York's Governor and his Department of Environmental Conservation is a non-answer to solid waste disposal problems.

Whose Problem

In his prepared statement Colby said, "the insanity of trying to foist our responsibilities onto the backs of others is dramatically evidenced by the fact that a barge full of New York's garbage has floated at sea for a month and a half and has, unfortunately, become an international joke and an international disgrace."

Several years ago Colby predicted that shipping garbage would cause nothing but problems. At that time the Commissioner of the New York State Department of Environmental Conservation mandated that the Town of Oyster Bay begin shipping all of its waste because, as the Commissioner said, "it was economically feasible." His decision, urged by Governor Cuomo, was made despite the findings of an Administrative Law Judge that the temporary 33.5 acre double lined extension with a leachate collection and treatment system proposed by the Town to meet its waste disposal needs until resource recovery could be built would have no impact on the

hydrology or groundwater quality at the site.

Oyster Bay's Problem

Colby said, "today, less than two years later, Oyster Bay has budgeted in a special district over \$21 million—a sum nearly equal to 60% of our entire general fund budget—for the shipping of garbage to distant locations. As if the burdensome and unnecessary property taxation resulting from an illogical New York State decision were not enough, Oyster Bay has found that other municipalities—as predicted—do not want our waste and are shutting their landfills to us."

Colby continued, "About 24 hours ago, a condition of 'force majeure' was accepted, subject to final verification, by the Oyster Bay Town Board."

In layman's terms "force majeure" is a condition that cannot be reasonably controlled. In this case, the Town's hauling contractor is being prevented by the actions of other governments from performing under the conditions of his contract and must now seek landfills farther and farther away.

"New York's prior decisions have already proven short-sighted and harmful. To continue blindly without willingness to acknowledge current facts and circumstances would be a disastrous, compounded mistake wreaking further environmental and economic hardship on our residents," Colby told the Subcommittee in concluding remarks.

"Local governments will solve their problems if properly assisted and allowed to do so...and not at the expense of the environment. State inaction and short-sightedness must be replaced with a mature, rational posture through which New York's government works with local governments to benefit, not harm, our mutual constituents."

Each year during the month of May, in keeping with the nationally recognized salute to senior citizens, the Oyster Bay Town Board formally acknowledges the many contributions of our seniors.

Any month would be an appropriate time for the Town to honor its older residents who have given so much to their local communities and who continue to generously devote their time, talents and love for the benefit of others.

Each year several seniors are selected for special honor by the Board. Senior selection is based on many factors not the least of which is their participation in the Town's Volunteer Services Program. With so many active citizens it is really a difficult decision to make, so much so that this year we chose four seniors whose contributions warranted special merit.

Elizabeth "Betty" Dielensnyder is a member of the Shepherd Hill Senior Citizen Club where she serves as its volunteer chairlady, "coffee lady" and hospitality chairlady. Adept at handiwork, Betty crochets lap robes, hats, slippers and sweaters for the clients of the Suffolk Developmental Center. She has also entertained the elderly, made costumes and given parties in nursing homes in Nassau and Queens Counties.

A senior couple, Dolores and Thomas

McDermott, have delivered Meals on Wheels for the past four years and are always available to pick up and distribute allocations of cheese, butter and other staples. They are members of the Hicksville/Mid-Island Senior Citizen Club, of which Dolores has served as president for the past six years. She also does volunteer work at the Nassau County Medical Center and Tom provides transportation for seniors who need rides to the doctor or hospital.

Rose Savage, also delivers Meals on Wheels, provides transportation for other seniors and is a volunteer at the Central Island Nursing Home. In her own club, Syosset-Woodbury Senior Citizen Club, Rose has served as president, 1st vice president, corresponding secretary, trip chairlady and "Sunshine Girl."

To say thank you to all our seniors the Town's Department of Community Services has scheduled free performances of "Funny Girl," co-sponsored by the Town of Oyster Bay's Arts Council, Inc. The final performance will be held at Syosset High School on Saturday, May 30th at 2 p.m.

On behalf of the Town Board I would like all of our seniors to know that we appreciate the contributions you have made and will continue to make for the betterment of our Town as a whole.

The bidding:
North East South West
Pass 1♥ Dbie Pass
2♦ 2♥ 4♦ Dbie

Opening lead — eight of hearts.
In today's deal, South cannot really be faulted for bidding four

Contract Bridge B. Jay and Steve Becker

Obvious Play Not Always Best

spades — about all he needed for his partner was the ten of spades. Nor can North be blamed for feeling despondent about his contribution to the partnership assets.
And who can blame West for doubling when he held three defensive tricks opposite a partner who had bid twice? But after South made his contract despite having four seemingly certain losers, analysis revealed that the contract should have been defeated, and that West was clearly the culprit.

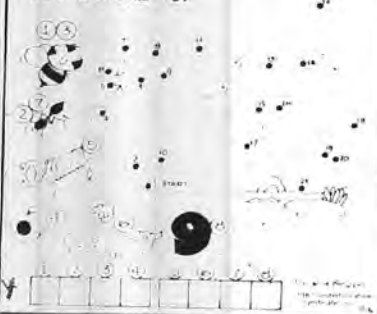

East won the opening heart lead and led a second heart, ruffed by declarer. South cashed the ace of spades, exposing the bad break, and then led the king of diamonds. West won with the ace and returned another heart, ruffed by declarer.
The A-K-Q of clubs and Q-J of diamonds were cashed, and when West followed throughout, the contract became a cinch. South's last three cards were the K-J-5 of spades while West had the Q-10-9. Declarer exited with the five of spades, and

after West won he had to return a spade into the K-J, giving declarer his doubled game.
The endplay was not hard to find, but South should never have been allowed to achieve it. West could count four defensive tricks after East won the first heart, and all he had to do was make sure none of them got away. The only way he could lose one of his tricks was via an endplay in the trump suit.
To prevent this, West should have retained an exit card in case he got thrown into the lead late in the play. The one card he therefore could not afford to release was his third heart.
After taking the diamond ace, West should have returned a diamond or a club. If declarer eventually threw him into the lead with a spade, West could then exit with a heart, thereby assuring himself of a second trump trick.

MARMADUKE® by Brad Anderson

"Marmaduke always sulks when we look at travel brochures."

"I wish he would quit having those funny dog dreams!"

"I finally got rid of Marmaduke, but I had to frost his nose to do it."

AT ADELPHI: Playoffs, after all
Adelphi's getting the Point again this week.

The school's men's lacrosse team, which was beaten by Army two weekends ago in a West Point match that nearly dashed Adelphi's post-season hopes, has finally gotten that NCAA invite after all—but look who they face this week.

That's right, Army. The Panthers are one of 12 teams to be named to the post-season festivities. The four top-seeded teams—Maryland, Cornell, Syracuse and Johns Hopkins—received first-round byes. Other games to be held this week include Michigan State at North Carolina, Brown at Navy, and Massachusetts at Pennsylvania.

Second-round games will be played Sunday at the home fields of the four top-seeded teams. The semifinal and final rounds will be played at Rutgers May 23 and 25.

AT ST. JOHN'S: Playoffs, too

The Redmen baseball team has qualified for a spot in the third Big East baseball championship to be played at Muzzy Field in Bristol, Ct., from May 14 to 17.

St. John's will open up against Villanova, the runner-up in the South Division on May 14th at 8 p.m. The Redmen qualified for the tournament by finishing in first place in the North Division of the Big East. Seton Hall took the title in the South Division and will meet Connecticut, the second place team in the North, on May 14th at 5 p.m.

First round winners will meet on May 15th while the first round losers face off earlier that day. The double elimination competition will continue with a doubleheader, on May 16th, and if necessary, a single game on May 17th. The tournament champion will receive an automatic bid to the NCAA playoffs.

Coach Joe Russo's team took the divi-

sion title for the first time by winning their last six league contests, finishing with a league mark of 12-6. St. John's had entered the competition the previous two seasons by finishing second in the North Division.

The two previous Big East Championships have been won by the Redmen. In 1985, SJU took the title by defeating Seton Hall, 7-6 in 11 innings. Last season, St. John's defeated Providence, 13-4.

With an overall record of 22-16, the Redmen will close out their regular season competition with a home doubleheader vs. New York Tech on May 9th and a doubleheader at Princeton on May 10th.

The entire Big East baseball championship will be televised by Madison Square Garden Network.

The St. John's Redmen Lacrosse team wrapped up their season on Saturday, May 2nd against the Catamounts of the University of Vermont.

The Catamounts came out strong and scored the first goal only ten seconds into the game. The victorious Redmen retaliated and scored 5 goals and 5 more in the second quarter. The final score was 16-7. Glen Falcone scored 3 goals and Mike Bolger had 3 goals and 7 assists.

The Redmen finished with a 6-8 record overall. The 1987 squad was a young team which consisted of 10 freshmen. Freshman Sal LoBosco was the starting goalie and completed his first season with a 64.7 percent savers average.

The Redmen lose six players to graduation. St. John's all-time leading scorer Mike Bolger leaves St. John's with a career total of 210 points (97 goals, 122 assists). Bolger was also the team's season leading scorer with 30 goals and 40 assists for a total of 70 points. Bolger is from Levittown, NY.

The Redmen will also lose seniors Jeff Steigman (Great Neck), Mike Policastro (East Meadow) and Pat Welsh (Williston Park).

Nassau Sports Review

By JACK WHITE

The Nassau lacrosse playoffs begin this Friday and already a bit of controversy has arisen. The Section Eight Championship (Class A and B) will be played at Hofstra on Tuesday, May 26. The Nassau winners will then have a week off before meeting the Suffolk winners on June 2. Then two days later the Eastern Regional (vs. Westchester) is scheduled, followed in two days (June 6) by the State Final at Syracuse. Three big games in five days, and some Nassau Coaches think that is ridiculous.

"During the regular season we don't ask the kids to play three games in five days", one prominent Nassau Coach said. "And then comes the biggest games of the year and they come up with this schedule. I'll tell you, it isn't fair to the downstate winner, whether it's a Long Island or Westchester team."

The general feeling is that the Long Island champion has the hardest road to the final. For example, last year Garden City had to win seven playoff games against tough opposition to gain the state crown. First came four games in the Nassau tournament, then a terrific battle with Ward Melville for the right to play Westchester champion Yorktown. The final win over Fairport was almost an anti-climax.

Contrast that schedule with the relatively easy path followed by the upstate winner who may play only one or two tough opponents before the championship game. In most seasons West Genesee of suburban Syracuse is the upstate representative. Last Week's N.Y. State Sportswriters Newsletter speculated that Garden City had a good chance to be the team to meet West Genesee on June 6. In other words, the Patriots are already assured the final berth.

Take nothing from West Genesee. Their lacrosse program is outstanding. However, a playoff schedule which puts the downstate teams through such a ringer isn't fair and ought to be changed.

The opinion here is that the lacrosse season should end with the Long Island Championship; that view is shared by Rich Speckman, the highly successful coach at Nassau Community College. In a recent proposal to Section Eight coaches Speckman said the playoffs are too long and rob most of the

teams of a chance to play when the weather is good. This season, for example, the regular season concludes on May 12.

For those who believe in state playoffs, here is a look at the latest state rankings:

Large Schools

1. Garden City - 8
 2. West Genesee - 3
 3. Farmingdale - 8
 4. St. Anthony's - 11
 5. Sachem - 11
 6. Fayetteville-Manlius - 3
 7. Half Hollow Hills East - 11
 8. Lakeland - 1
 9. Irondequoit - 5
 10. Ward Melville - 11
 11. Yorktown - 1
 12. Calhoun - 9
- (also MacArthur no. 18)

Small Schools

1. Elmont - 8
2. Bethpage - 8
3. Jamesville-Dewitt - 3
4. Lynbrook - 8
5. Harborfields - 11
6. St. Paul's - 8
7. Corning East - 4
8. Manhasset - 8
9. Babylon - 11
10. Homer - 3

Sports Notes: The three point shot has been approved for use in both boys and girls basketball in New York State next year. The distance will be 19 feet, 9 inches, the same as in college ball. High Schools will continue to use just two officials, unlike the three used by the N.C.A.A. That gives the outside official an almost impossible task in our view...the 69th Port Washington Invitation was won by Garden City for the fourth consecutive year. T.J. McArdle, the Trojan's star distance runner ran the fastest 1600 (4:28.8) and 3200 (9:15.4) in the state to that point...Rich Cimino of Newsday was kind enough to write about the Section 8 Sports Record Book I compiled. Many of our readers have asked how to obtain one. The book has a very limited printing. Call the office of Executive Director of Nassau Sports Bernie O'Brien at 907-4873...Hicksville knocked Farmingdale from the ranks of the unbeaten lacrosse teams last week. The Cornets are vastly improved from their poor start and could be a major force in the tournament...Port Washington's girls track team won the Port Invitation girls competition...Westbury's Paul Reese was clocked in a fast 55.0 in the 400 meter intermediate hurdles at Port.

St. Mary's Golf Classic

St. Mary's Children and Family Services' 1987 Golf Classic tees off at 7 a.m. on Monday, May 18, at the beautiful, newly redecorated Plandome Country Club in Manhasset.

The day starts with a continental breakfast, followed by lunch and dinner, a clam bar and hors d'oeuvres in between, plus an open bar from noon until midnight. And, you will have a chance to win \$5,000 plus numerous other cash prizes.

The donation for this fabulous day - open tennis and paddle tennis also available - is \$100 per person, golf carts and caddy fees included.

St. Mary's 1987 Golf Classic is sponsored by Mr. John D. McKeown of the New York Stock Exchange. Mr. McKeown has been a member of St. Mary's Board of Directors for many years. This is the fifteenth year he has sponsored the Golf Classic to benefit St. Mary's.

Bring your own foursome. Call John McKeown at 627-3673 for starting times.

THE OLD WESTBURY SCHOOL of the Holy Child Varsity Basketball Team with an undefeated 10-0 record won the Girls' Independent Schools Athletic League (G.I.S.A.L.) Championship. Woodland School's Jump-Rope-A-Thon

Woodland Avenue School recently held its fourth annual Jump-Rope-A-Thon and raised \$3,961.45 for the American Heart Association.

The Jump-Rope-A-Thon, coordinated by the school's physical education instructor, Mrs. Elizabeth Way-Stouges, consisted of 12 teams of approximately six students each. Each team member secured pledges from friends, neighbors and relatives prior to the Jump-A-Thon. On the day of the event, each team had a member jumping constantly for three hours. Students passed the rope to another team member when he or she became tired.

Teachers and the school's principal, Dr. Manus Clancy, volunteered their time to monitor the event and P.T.A. parents coordinated a team of adult jumpers and also supplied and distributed juice to the thirsty jumpers. It was an afternoon of togetherness and excitement for a very worthwhile cause.

The winning team, whose members included sixth graders Jolene Apostolidis, Diane Buffolino, Filiz Dalpiaz, Renee Fabrizio, Dawn Hoosack and Patu Woods, raised \$609.90 toward the total. The top winners for the school were Renee Fabrizio (\$100.00), David Pagano (\$145.30) and Jolene Apostolidis (\$132.00).

All the students who participated deserve a tremendous thank you. They not only jumped for 3 hours but they also took hours to secure their pledges and then collect from their sponsors after the event.

A very special thank you is extended to Mrs. Way-Stouges who devoted many hours of her time to organize teams, collect permission slips, supervise the event, collect and tally the donations. It is a tremendous undertaking and yet Mrs. Way-Stouges has organized the event for four consecutive years.

FIFTH GRADER'S Mary McFeeley, Gina Abano, Barbara Puma, Resource Rm. Teacher Miss Joan Sedlick, Diana West, Shabana Master and Karen Zeller.

Laurie Pease, Rachael Gangi, Kristin Rooney, Lisa Rudis, Christina Hoffman, Carina Foti, Lauren McCarthy and Amy Entel.

OYSTER BAY TOWN COUNCILMAN Thomas L. Clark and Town Clerk Ann K. Ocker join members and supporters to the Hicksville Baseball Association for opening day ceremonies. All dressed up and ready to play are youngsters Jacklyn O'Keese and Keri Ann Foery (front), Chris Papuzzi and John Zaitos (2nd row), and Jerry Mianna, Paul McNamara and Matthew Korman (3rd row). Also on hand were (left to right back row) Assemblyman Fred Parola, County Executive Thomas Gulotta and Association president Greg Simonelli.

CAPTAIN PEG GOODRICH and some of the members of the Varsity Girls Cross Country Team presented the team trophies won this year to Mr. Kenay, the district athletic director. The girls won the Teddy Roosevelt Invitational, took fourth place at the Nassau Coaches meet and received a special award as a top 10 team due to their seventh place finish among the 37 schools in Nassau County. Next year's Cross Country team is forming now. All who want to join must see Mr. Cooney and arrange for an athletic physical this June.

Hicksville PAL Profile

By CHARLETTE ANSTEV

One of our greatest assets in PAL are our teen-age referees and umpires. The majority of these young adults have already spent many years playing sports and are now ready to umpire or referee games for the younger children. We at PAL are extremely proud of the teen-agers who are our umpires and referees. Not only do these young adults umpire and referee our games but many times you will see them helping the younger children with different aspects of the game. Your children are the beneficiaries to have such excellent teen-age role models.

This week I would again like to profile one of these exemplary teen-agers.

Billy Toelstedt

Billy is 13 years old and is the son of Police Officer Director Bill Toelstedt. He has been active for 7 years in PAL activities; baseball, basketball, judo and bowling.

Billy is one of our trainee referees and this is his first year refereeing for the younger children.

Billy attends Trinity Lutheran School in Hicksville where he is in the 8th grade. He will be graduating in June and plans to attend Long Island Lutheran High School in the fall. Very active in Trinity Lutheran where he is an acolyte for the church, Billy is also an active member of the Trinity Junior Youth Program (under direction of Mr. John Spring) and is on the Board of the Youth Ministry. He participated in the 8th grade soccer and basketball teams, and is on the 7th & 8th grade softball team.
