The Memorial Day services will take place at the Hicksville War Memorials at the south end of the junior high school.

## Hicksville Schools Spring Concert

The Hicksville Public Schools Spring District Concert featuring students of the eight elementary schools will be held on Tuesday evening, May 26, at 7:30 p.m. in the senior high school gymnasium. The concert is open to the public and admission is free.

The concert will feature a band of 100 members, an orchestra of 130 members and a 155-voice chorus. A similar concert was held in January as part of the reorganized format of the elementary school musical performing groups. As was the case in January, an audience of well over 1,000 persons is expected to attend.

The concert will open with the District Orchestra which will be conducted by two elementary string instructors, Mrs. Angela Luftig and Mr. Philip Grusenmeyer. The orchestra will perform "Fumble Fingers", "Canyon Sunset", "Tango Trocadero", "Minuet", and "Matchmaker".

The chorus will be conducted by Mr. Charles Arnold conductor of vocal organizations at Hicksville High School, and accompanied by Mrs. Sonia Burakoff. Selections being performed by the chorus are "The Hello Song", "Alleluia", and "Flying Free".

The five elementary band teaches will share conducting duties for the District Band. Gerald Burakoff, Lois Kent, Donald Larsen, Robert Pownall, and John Zalewski will conduct the District Band in performing "American Patrol", "Londonberry Air", "Lost City", "Ahrirang", and "Yellow Bird".

Community members attending the concert are also invited to view the Hicksville Spring Festival Community/School Art Exhibition to be held in the old gym. The exhibition will be open on Tuesday from 6:30 to 9:30 p.m., on Wednesday, May 27, from 9 a.m. to 3 p.m. and from 6:30 p.m. to 9 p.m. and on Thursday and Friday, May 28 and 29, from 9 a.m. to 3 p.m.

## Independent Art Society End of Season Party

## CORRECTION

It was incorrectly stated in last week's article, "Chamber of Commerce Plans for 1988" that the Chamber has supported such matters as the G-1 zoning, the re-direction of Duffy Avenue and the Landia Station matter, when in fact, the chamber has effectively backed efforts in attempt to deal with the above problems.

## 1987 Hicksville Hall of Fame

Howard Finnegan Among Recipients

Whether they are performing services to the community or conducting internationally recognized medical research, former Hicksville students can be found actively involved in every area of endeavor, making their marks with important achievements and contributions. In 1985, the board of education began a program to identify outstanding former students, and they announced recently the selection of seven new honorees to be inducted into the Hicksville Hall of Fame on June 21 at the graduation ceremony at Hicksville High School. The names will be added to the commemorative plaque hanging in the school's lobby in tribute to the achievements and

accomplishments recorded since leaving the district's schools.

The Hall of Fame project was initiated two years ago to recognize former students who have made significant contributions to the community, who have overcome difficult challenges to achieve, or who have distinguished themselves in their chosen fields. "The history of the Hicksville Public Schools is more than a chronicle of buildings and textbooks; it is a rich and inspiring story of the countless youngsters who spent formative years here before going on to take their places in the world," superintendent of schools Catherine J. Fenton noted in a letter informing the honorees of their selection. It

is the hope of the board of education that this ongoing project will serve to inspire current and future students and to instill a sense of pride in our schools and in the community.

The seven new "Hall of Famers" have been invited to lead the procession of the Class of 1987 onto the field on graduation day, and a reception in their honor will be held following the ceremonies.

## Detective is Speaker At Kiwanis Meeting

Detective Don Cullen of the Nassau County Crime Scene Search Unit was the guest speaker at a recent meeting of Hicksville Kiwanis Club.

Detective Cullen, who has been a police officer for 21 years, began his presentation by showing Kiwanis Club members a card which he had one of the members handle. The card looked blank, but with the application of a powder, an assortment of fingerprints were

revealed. This served as an introduction to more information regarding the availability and importance of fingerprints at a crime scene. Other important evidence discussed were tire treads and foot prints. Enlarged photographs of evidence are used extensively for study and analysis, and such evidence can be used to either prove or disprove the presence of an individual at a crime scene.

KIWANIS PROGRAM CHAIRMAN John Fitzpatrick (L.), presents a certificate of appreciation to police officer Cullen as Kiwanis vice president Charles Montana Jr. (R) thanks him for his interesting program and discussion.

## 'New You Diet Tips'

By RUTH WISE and HARRIET BLANK

Dieting can be very frustrating when we don't know the answers to basic questions concerning our bodies. Overweight people often protest that "I don't eat that much. It's not fair. My skinny friends eat more than I do, etc. . . ." Sounds familiar? If you've voiced these complaints, you are probably right.

Slim people do eat more than some overweight people and stay slim! Is it because their metabolism is better, or their genes? The answer to both questions is no.

Do slim people have a magic jelly they rub on their bellies? Of course not! The answer is simply that slim people eat differently!

In the following weeks the "New You Diet" column will give you basic tips on how to lose weight and keep it off. Meanwhile, take the first step and bake our delicious diet cupcakes. Three cupcakes plus tea or coffee equal one breakfast on the "New You Diet." Many people have one or two cupcakes for breakfast and save the other for a coffee break. Remember, if you skip breakfast or lunch, you'll probably stuff yourself after sundown! So, start the day right with a positive attitude. Close your eyes and vision a slimmer, healthier, happier New You! Our recipes and Diet Tips have been tested in our classes at Sterns for the past 10 years. We know they work, so join us and get started today.

## Alumni Increases Scholarships for 30th Celebration

An increase in Hicksville High School Alumni Scholarships, in honor of the organization's 30th anniversary, has been announced by president Conrad Weyer.

The Alumni has surpassed one hundred thousand dollars in athletic and academic awards since it was first organized three decades ago.

The funds have been raised through the generosity of past graduates, friends, businessmen and parents.

The 1987 scholarships to be announced in June at Hicksville High School's commencement ceremonies are:

Mabel R. Farley Academic Award - \$1,250.00; Boys' Varsity Athlete Award (in honor of Dan Moscato) - \$500.00; Girls' Varsity Athlete Award (in honor of Ruth Daly) - \$500.00; Empire Warehouse Dorothy and Henry Brenzel - \$750.00; Henry McInnes Memorial Athletic Award by Mrs. Ethel McInnes - \$250.00; Raymond Halleron Memorial Scholarship for a Scholar/Athlete (given by Howard J. Finnegan) - \$300.00.

The athletic awards will be given out at the Alumni's annual boys' and girls' varsity athletic dinner.

The date for the dinner is Thursday, June 4 at 7 p.m. It is open to the public. The dinner will be held at Antun's on Old Country Road.

In holding these annual dinners, the Alumni fills the void created by the absence of a Dad's, Parents or Booster Club that has prevailed in the community over a period of years. The dedication of the Alumni directors has allowed for the continuation of this annual event.

The banquet, special grants, and the annual homecoming football reception have cost the Alumni an additional \$120,000.

Alumni members point with pride to major undertakings. One in particular is the naming of the Mabel R. Farley auditorium in honor of the revered Hicksville High School principal and her fifty years of service in teaching and administration.

The Alumni erected the first electric football scoreboard to commemorate Hicksville's undefeated New York State 1006 Scholastic Gridiron Champions.

The Alumni was incorporated in 1958 by the late Judge Julius Schwartz, the late Dr.

Charles Masek, Gus Econopouly, Harold Holden and Howard Finnegan.

The Association's constitution cites the reason for organizing as in the general interest "of the Hicksville High School and its students."

Maintaining a low, non-pressure profile, the Alumni shares its accomplishments with the fine cooperation of Hicksville High School's administrators and teachers. From

the beginning, Principals Leon G. Galloway, Raymond Rusch to Richard Hogan have extended guidance and aid. Athletic directors Chester Jaworski, Kiyus Nukkevitem Hiseog Umbria, Ignatius Renizo, Adamo Tomaini, Richard Hogan and Robert Kinney have been stalwart supporters. The superintendent's office, from Donald F. Abt to today's Dr. Catherine Fenton, has extended genuine interest and participation.

## Hicksville Express Beats Rowdies 3-1

The Hicksville Express intramural soccer team defeated the Rowdies 3-1 in a recent game at Old Country Road School. The first goal was scored by Michael Baglieri on a shot off the competition goalie. The second goal was scored by Matthew Hamlin on a line drive into the net. In addition to the hustle and drive demonstrated by these two, forward Tracy Koetter played with skill and determination as she helped keep the ball in the

offensive zone. Midfielders Jonathan Schwartz, Chris McGunnigle and Brian Swacey were very effective as was the defense, consisting of Robin Blicher, Joey Zaffuto, Joey Miniaci, Craig Finn and Janice Pfeifer. Hicksville's goalie, Matthew DePalma, once again showed the finesse and confidence he possesses as he turned away many Rowdie charges.

## Hicksville PAL Baseball/Softball News

By CHARLETTE ANSTEY

The young people (male and female) who are umpires for PAL boys baseball/softball are an integral part of our leagues. The service they render to the community is greatly appreciated.

In addition to helping the youngsters, these young adults learn a great deal too. They obtain self-confidence, learn how to work with children and adults and learn how to handle themselves under stress. The qualities they obtain will assist them throughout their adult lives.

Our summer program does not interfere with other activities they may have (a day job, umpiring other leagues) because our leagues do not start playing until 6 p.m.

If you feel you or someone you know would like to participate as an umpire this summer with PAL, please contact Eleanor Bentrowicz at 822-1124. Eleanor is the person who coordinates the umpires for our girls' softball/boys' baseball and also the referees for our basketball program.

**BIOGRAPHY DAY**, recently held at Old Country Road, has special meaning for Miss Willima's fourth grade class. The students wrote about a famous person and then dress up as that person. Some participating students were Sandra Lievano and Brian Cohen.

# Legionnaires' Log

By GREG BENNETT  
Charles Wagner Post #421, Hicksville

As Memorial Day nears I recall the immortal lines of the poem "Flanders Field:"

"If ye break faith  
With those who died  
We shall not sleep  
Though poppies grow  
On Flanders Field"

We owe a great debt to every American fighting man and woman who have given their life in defense of our nation. The torch of liberty burns throughout the world because of them. There are events in the area in addition to our Memorial Day service and parade which honors our fallen and wounded comrades. On May 24, at 10 a.m., services will be held at Eisenhower Park, and at 2 p.m. at Pinelawn National Cemetery. The Veterans Organizations of Hicksville will have a memorial service at Hicksville Plainlawn Cemetery on Sunday, May 24, at 9 a.m. Along with the Memorial Day parade and service this is a significant event. On Saturday, May 23, flags will be put on the graves of veterans at Plainlawn.

Our meeting May 4 was very brief as Commander Christo and Chaplain PC Wes Tietjen were on rest and recreation in Reno. PC Wes Tietjen attended a luncheon on Sunday given by Kings Park State Hospital. Wes received a certificate for his work on behalf of veterans hospitalized at Kings Park.

"Vets Corner:" VVA #82 will be holding a pancake breakfast on Sunday, June 7 at the Uniondale Firehouse. For reservations call 483-3113. The Intrepid Sea-Air-Space Museum is having an exhibit, "Vietnam: The Helicopter War" which will run until November 1. Please write your representative in Congress to support S 279 which supports the "Vet Centers" which have been established, such as HAD Vet Center in Hicksville; under present law their functions would be transferred to the VA. Last year vet centers treated 78,000 Vietnam vets. Cdr. Christo again calls for strong Legion support at the Memorial parade and service. Don't forget Sunday at Plainlawn Cemetery, after which we decorate Charles Wagner's grave at Holy Rood Cemetery in Westbury. My deepest thanks to all local merchants who hung up parade notices. Hope to see everyone on Memorial Day. Remember our Gold Star Mothers of our Disabled Veterans. Remember our POW/MIA.

This column honors Charles Wagner for whom our post is named. Wagner gave his life for his nation during the First World War.

Formation for the parade will be on Sears Parking lot at 8:30 a.m. Those members who can not march are welcome to assist with other duties.

Forty-five inscribed handsome essay medals will also be awarded the individual school winners and runners-up.

# Galileo Lodge News

By Joe Lorenzo

**PRESIDENT JOE GIORDANO'S MESSAGE:** "It is impossible for anyone to begin to learn what he thinks he already knows." Epictetus

Two leisure-filled and pleasurable activities scheduled for May are the Golf outing and the Fishing trip. The Fishing trip is set for Sunday, the 24th of May and the Golf outing, at the Netherwood Country Club, is scheduled for Sunday, the 31st of May. Call Bert Molinelli for more information concerning the Golf meet at 931-9351 and Vito Grippi can be reached at the same number if you are interested in the Fishing trip out of Captree. For pleasant days in the May sunshine or on a boat, there are no finer forms of enjoyment.

Everyone is once again revolving in a state of anticipation as the date for the Testimonial Dinner for ex-President Mary Monteforte draws near. The date, of course, is Friday, the 10th of June and it is being presented by the Ladies Auxiliary of the Galileo Lodge. Tickets will sell at \$22.50 per person and in the offering will be a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups, unlimited liquor and music for your dancing and listening pleasure. Sue Laurenti will 'chair' this activity, ably assisted by co-Chairlady Mary Sarrera, who is also ably assisted by Rachel Staino, Rose Panczeka, Carmen Russo and Ann Palermo. Please note that a wine and cheese hour will also be a part of the proceedings. All member, male and female, are requested to pay tribute to hard-working ex-President Mary Monteforte by attending this beautiful affair en masse. This is the best form of appreciation that anyone can give to a lady being singled out as something very special.

**A GALILEO LODGE MESSAGE:** Viewing TV programs these days can be a trying experience, probably even a horrendous one. For some inexplicable reason, the Italian-American (or people of Italian extraction) still bear the brunt of vicious discrimination as the use of Italian surnames still seems to be the vogue among TV executives. All the villains, murderers, dope pushers, bad guys and evil ones have last names that end with vowels. If the names are not used (which is seldom), then the bad guys are made to look swarthy, dark, or what is sometimes called the 'Mediterranean look'. Italians do not have a monopoly on crime and other nationalities do quite well when it comes to crime, corruption and all the social ills that plague our society. If you don't believe this statement, then pick up newspapers of yesterday and give yourself an education as to what people of other racial groups are doing these days and have been doing for quite some time. Yes, it's true that the Commission of Social Justice of the Order of the Sons of Italy in America is doing its best to combat this vicious type of discrimination that stereotypes people of Italian extraction as the undesirable elements of our society. You must be tired and sick of all this unfair depiction of a racial group that has given so much to our civilization. But we must help the fight, the cause and the means with which to eliminate a form of racial denigration that is detrimental as well as destructive to the Italian image. We can help. We can write to the TV stations and vociferously explain the damage they are doing to the Italian culture, boycott the sponsors by hitting them in their pocketbooks and we can contact legal authorities who handle discrimination problems in the Order of the Sons of Italy in America. Let's do all this in concerted efforts. Let's make our feelings well-known. It can be done, and the economic boycott of TV program sponsors is one avenue to follow. We owe it to ourselves to fight an injustice, and what happens on these TV show affects all Italians.

## Fork Lane School Celebrates Arbor Day

The students and teachers at Fork Lane School celebrated Arbor Day on Friday, April 24. The PTA presented the school with a tree which was planted with the students' assistance.

The ceremony began with an introduction by Mrs. Carol Bentsen, the school principal. Mrs. Evelyn Grib's third grade class lead the festivities, beginning with Mrs. Grib's reading of Joyce Kilmer's poem "Trees". Other students then gave short talks on the history of Arbor Day and how it came to be declared a holiday. This was followed by the planting of the tree.

## East Street School Obstacle Course

By Brad Jaworski

The East Street elementary school physical education department recently held its annual obstacle course under the direction of teachers Arlene Preisick and Brad Jaworski.

The obstacle course terminates the gymnastics unit which features gymnastic apparatus such as the balance beam, side horse, buck, cargo net, tumbling and ropes.

The 2nd, 3rd, 4th, 5th and 6th grade students had to race over, under, around and through the various gymnastic apparatus placed in their path. They were all timed with a stopwatch to determine places. The course tests speed, agility, strength and endurance.

The winners were each awarded ribbons donated by the East Street P.I.A. Ribbons were awarded to 1st, 2nd, and 3rd places and to each grade level (boys and girls).

## PROCLAMATION

# State of New York

## Executive Chamber

Each year thousands of New Yorkers suffering from back or spinal cord problems seek the expertise of licensed chiropractors. This growing group of medical practitioners, currently numbering more than 4,800 in our State, are often able to provide immediate relief or to map out long-range therapies which, in many cases, can enable patients to resume the day-to-day activities of life without excruciating pain.

The New York State Chiropractic Association has energetically attempted to educate the public in the services which their members provide. Each year this group provides thousands of courtesy spinal and posture screenings at health fairs throughout the State. These efforts, along with continuing public education campaigns, have helped to underline the importance of posture and healthy lifestyle habits generally.

In recognition of the fine work achieved by our State's chiropractors and to increase public awareness of their skills,

NOW, THEREFORE, I, Mario M. Cuomo, Governor at the State of New York, do hereby proclaim May, 1987, as

### CHIROPRACTIC HEALTH MONTH IN NEW YORK STATE

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be short as possible; we reserve the right to edit in the interest of space; they MUST be signed, (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many very fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only. We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

To The Editor:

I am writing to express my feelings about the annual Hicksville Memorial Day Service and Parade. Our community has supported this endeavor that honors our war dead. One must realize our nation was born through Revolution where Americans died for freedom from oppression and tyranny. Our fighting forces defend the Constitution motivated often by love of country and democracy.

As a veteran I know freedom is not free. I have seen other nations where citizens can not criticize their government or assemble and publish opposing views. Our armed forces have defended and died to protect these basic American freedoms.

I urge Hicksville citizens to attend our Memorial Day Service and Parade. Honor our veterans, our Gold Star Mothers, our Disabled Veterans and our POW/MIA. Reflect on our cherished freedoms. Put aside springtime chores and pleasures. Put aside political issues such as Central America and Contragate. Remember our veterans have fought for the purest of ideals—freedom.

I would like to thank parade chairperson Frank Molinari for his hard work and years of dedication to the parade.

My deepest gratitude to Connie Steers, parade grand marshal, for making the Hicksville Korean and Vietnam War Monuments a reality.

Most of all I want to thank our veterans and remember our war dead who have fought so America can remain, "The Land of the Free and the Home of the Brave."

## May

*I hear the song of the robin  
 In the early hours of dawn,  
 As he leads the birds in chorus  
 A new day in May is born.*

*I feel the coolness of morning  
 And the hope that the day will bring,  
 I delight in the beauty around me  
 That only belongs to Spring.*

*I breathe in the fragrance of lilac  
 As I watch the busy bees,  
 I listen to the wind's soft murmur  
 As it whispers through the trees.*

*I wish I could hold forever  
 The splendor of this day,  
 For no other month of the year  
 Can rival the glory of May.*

Lydia Sarli Duffy

To The Editor:

Why, may I ask, is the restaurant Imperial Wok on 14 West Marie St. still closed? They started renovating in Sept. 1986 a store that had been a pizza parlor 4 yrs. ago. They enhanced the street with their new face lift and gave the workers in the surrounding banks & offices another choice for lunch. (Most people in the G1 zone area walk to lunch).

I understand, that at the beginning of the year, there was a moratorium on building, because of the water condition of Hicksville. Then, why are there houses being built between Twin Lawns and Woodbury Rd? Why are there stores being built on the corner of Bay Ave. and Woodbury Road? These two areas started building in Feb. after the moratorium, yet the Imperial Wok started in Sept. and finished in Nov. and is still not open. Why can't a small business man (Imperial Wok) open up his business? Our big real estate owners do not seem to have any problems. It just does not seem fair.

I know that the two areas I am speaking of are not in the so called G1 Zone, and all I hear from our Town Fathers is that there isn't enough parking space in the downtown area.

Are we the residents of Hicksville, suppose to keep suffering because of the poor planning of this town for the past 20 years? I am sick to the "CLICHE", "Our Town looks as it does because the state came through "20 Years Ago" and widened Broadway". Hog Wash! Its about time, our Town Board took a good look at themselves and asked, "Are we, the Town Board, going to let Hicksville continue to look like a slum, in the downtown area, or are we going to do something about it?" Pronto.

 Elizabeth Ann Fetta

## The Vet

To all the men and women we call Vets,  
 You served your country without regrets  
 You left your homes and loved ones too  
 In order that freedom might ring true.  
 To those who died that we might live  
 They gave us all there was to give.  
 The dead and wounded we'll never forget  
 Because these heroes we call our Vets.  
 So on Memorial and every day—  
 Display your flag in a very proud way  
 To let them know, whether living or dead  
 No enemy on our land they'll never tread.  
 For those serving in the Armed Forces today  
 Pray for their safety, as they go on their way.

## ★ In Honor of Memorial Day ★

In observing Memorial Day, all ages will attend parades and ceremonies honoring those who have given their lives while defending our freedoms.

Across the nation we reflect upon their valor and integrity. Graves of Americans who fought for us will be decorated both overseas and here at home. Whether or not a friend or relative is among those honored, we must all be truly grateful while remembering these courageous men and women. They gave their best—their lives—so that we may live in a country that symbolizes freedom throughout the world.

In the immortal words of Oliver Wendell Holmes, Sr.:

*He sleeps where he fell, 'mid the battle roar, with his comrade true and brave;  
 And his noble form we shall see no more—It rests in a hero's grave.*

## Supervisor JOSEPH COLBY COMMENTS

A recent survey conducted by a Long Island utility affirms that the population of Long Island is still growing.

Although a larger portion of the growth took place in Suffolk County, where more vacant land is available, the population in Nassau County grew by almost 7,000 residents.

The Town of Oyster Bay continued its steady pattern of growth with an overall increase of .6%. Of particular interest is the growth in the Old Bethpage area which was fifth in overall growth in Nassau County and the only one of the top five whose accelerated growth is not attributable to condominium development. The utility's statistics are a reaffirmation that living anywhere in Oyster Bay is still a highly prized goal—and I find that no surprise.

As I have frequently proclaimed in the past, Oyster Bay is a great place to live because we have worked hard to achieve balanced growth without sacrificing the suburban character of our neighborhoods. This is not easily done, but rather it is achieved through planning and with the knowledge gained by a concerned government that is willing to learn from and work with all segments of its populace.

Throughout the years, the Town of Oyster Bay has provided special services

which foster residential development and well-rounded commercial and industrial growth. We maintain and take pride in providing first class recreational facilities such as parks, beaches, pools, marinas, tennis and handball courts and ice rinks. Where we are able to do so we increase recreational opportunities, a perfect example being the current construction of the Town's first golf course. A par 70, 18-hole course in Woodbury will enhance the natural beauty of the property while protecting its environmental fragility.

Economically our outlook is excellent. The average income in the Town is well ahead of the national figures and we enjoy "full employment." With a less than 4% unemployment rate, that means that nearly every Town is well ahead of the national figures and we enjoy "full employment." With a less than 4% unemployment rate, that means that nearly every town resident who is willing and able to work can find a job.

As a Town committed to meeting the needs of the future by paying attention now to fundamental issues and questions, I know Oyster Bay will continue to maintain its preeminent place in residential desirability.

## Letters From Our Readers

To The Editor:

The following letter was released to Community Newspapers for publication:

An Open Letter to Bishop John McGann, Bishop of Rockville Centre, N.Y.  
Dear Bishop McGann:

I write to you, today, more in sorrow than in anger. I grieve for the members of the Casey family for the insults you hurled at the memory of William Casey, husband, father, and friend. Your conduct was a disgrace to the Roman Catholic Church, and the Diocese of Rockville Centre, of which you are a bishop.

And what was a more serious aberration was your desecration of the Holy Sacrifice of the Mass, celebrated on the altar of leftist and atheistic politics. In your speech, and your attitude, you encouraged and condoned the Soviet takeover of Nicaragua. Of this tragedy there was an article in "Newsday" concerning the visit of Senator Dodd to Nicaragua. The title was "Senator Dodd's Rude Awakening." The article stated: "... Senator Christopher Dodd returned from his third trip to Nicaragua with sudden, new insight into the political situation there. Painful though it was for Dodd to have to acknowledge, the left-leaning Connecticut Democrat was forced to conclude that the Sandinista government in Managua is a pro-Soviet communist dictatorship.

Dodd announced last week that the Sandinistas are closer with Moscow and Havana than they've ever been, that their vast army is being trained by an ever-increasing number of Cuban and Warsaw Pact advisers and that political and religious freedoms are restricted with growing severity in Nicaragua."

William Casey was a great and valiant American, with insights and knowledge that you lacked. He served his country generously in war and peace. Therefore at his funeral mass it was a violation of justice and social aberration, to damn his memory with faint praise, while condemning him for trying to avert a Soviet conquest of this hemisphere. Khrushchev vowed that he would bury our grandchildren.

Furthermore you were invited to preside at Mr. Casey's funeral mass as chief priest of this diocese to honor the life and deeds of a great Catholic and a great American patriot. Instead, you delivered a leftist political tirade, using your sacred office to

embarrass not only the members of the Casey family and friends, but the President of the United States, under whom Mr. Casey served for many years.

Certainly, Bishop McGann, a public apology is due, to the members of the Casey family, the President of the United States, Mr. Casey's friends, and members of the Rockville Centre Diocese.

Mary V. Tracy  
Member, Rockville Centre Diocese

To The Editor:

One need not be a supporter of the Nicaraguan Freedom Fighters to detest the remarks made this past weekend at the funeral Mass of William Casey, the former Director of Central Intelligence. Bishop John McGann of the Rockville Center Diocese had the unmitigated gall to turn the somber occasion of Mr. Casey's last rights into a political forum within which to insult and criticize the deceased, while chastizing the President of the United States who was attending the funeral of his close friend.

As a Roman Catholic and member of the Northshore community, I am particularly embarrassed at the indiscretion shown by the Bishop. However firmly the Bishop holds his convictions, he had no right disobeying the Pope's directive and engaging the Church, my Church, in the political debate over Communism in Central America and how to prevent its spread.

If the good Bishop feels the need to share his political views with the world, then let him save it for the Sunday sermon. The nation came to Roslyn Harbor to mourn Bill Casey, not to hear Bishop McGann lecture on the Communist threat at our doorstep. For the Bishop to claim that Mr. Casey failed to comprehend the "ethical questions about our nation's defense policy since the dawn of the nuclear age," is an insult to all that Mr. Casey, and America's defense policy, stand for. The very fact that the Bishop would be prohibited from making such a criticism in a Marxist state demonstrates how precious our freedoms are and how very important it is to have men like Bill Casey and Ronald Reagan willing to do whatever it takes to keep America free and secure.

As the Bishop should have said, God bless William Casey and the causes to which he generously devoted his life.

William A. DiConza

By THOMAS S. GULOTTA  
County Executive

The month of May has been officially proclaimed as Senior Citizen Month in Nassau County. It is an appropriate time for all of us to pause for a moment and reflect upon the many accomplishments made by our senior residents.

It is only through their generous contributions as parents, neighbors, friends, teachers and leaders that our County is what it is today. ... one of the finest areas in the entire Country in which to live, work and raise a family. They deserve to be respected and honored by all of us on a year round basis, but the month of May gives us a special opportunity to acknowledge their hard work and dedication.

I am pleased that our County Department of Senior Citizen Affairs maintains an active schedule of programs and services for our County seniors on a year round basis, for seniors are a tremendous source of experience and guidance. The programming of that department permits our seniors to remain useful and productive members of our community and to reach their maximum potential. I personally take extra delight in working with the many senior citizen groups throughout our County and I am constantly amazed at their youthful endurance and enthusiasm.

I hope that our residents will take some time out during the next several weeks to pay special attention to our senior citizens. Perhaps it may be a relative living alone, maybe it is a neighbor down the block or possibly an acquaintance from years ago. Whatever, I trust everyone will make a special effort to acknowledge the tremendous contributions made by our senior residents during a Senior Citizen Month.

For all that they have done over the years, our seniors deserve our gratitude and thanks, but most of all — our love!

## A Letter from Lulubelle...

...I often wonder how anyone who has lived on Long Island can move away and miss the Spring!!!...It is so spectacularly beautiful from the first Forsythia massed along the parkways, then the flowering fruit trees, the tulips, and now the azaleas, the wisteria, and the lilacs—it's all so lovely...The trees in their shy green, all clean and undimmed by dust—I even love the dandelions!...and now the always miraculous nesting of the gulls at Captree is happening again...All winter there is hardly even one gull to be seen at the nesting area—and now, suddenly (where did they come from and how do they know that all their friends are coming, too?) there are hundreds wheeling and swirling as they seek a mate...and now the females are building their nests—they are so careless about where they locate—many are right beside the driveways—and do they ever look angry when a car goes by and disturbs them!...They'll sit for nearly a month—and then, there they'll be—the baby gulls, so enchanting, like round balls of brown fluff perched atop long spindly legs—I think the legs are full grown right from the hatching, and the body grows to fit as they mature—it's so delightful to hear them screeching and to see the mother gulls feeding them...It's fun to park, open the car windows, and listen to their cries...All too soon they are full grown, maybe even larger than their parents before they learn to fly, and still brown—but then comes the flying and the turning to white—and then they are all gone to whatever secret places they go—chasing fishing boats maybe...It's a yearly miracle and such a joy to share...If you go to see them, drive very slowly and carefully—it's the gull's place, remember—and you, too, will share this wonderful happening...Have you gathered from my letters to you that I Love Long Island?!

Yours, Lulubelle

## Statue Of Liberty Trust Fund: Our Commitment To The Homeless

A Column By GOVERNOR MARIO M. CUOMO

The United States is a young nation and yet throughout its history people from around the world have sailed into New York harbor in search of freedom and a better way of life. The symbols of our national heritage, specifically the Statue of Liberty and Ellis Island, embody the obligation America has to see that its citizens live in safety and comfort.

Unfortunately, even within sight of these two great symbols of hope and fortune, many people lack the bare necessities of life. One of the greatest challenges we face today is our responsibility to provide adequate housing for all people. Homelessness is a tragic problem which we must not ignore.

In 1986, the Governor of New Jersey and I proposed legislation to create the Statue of Liberty Trust Fund. The fund would accept the taxes accrued from the Statue of Liberty and Ellis Island and use the money to help the homeless population of both states. It is appropriate that the revenues, from these national monuments to the vast numbers of people who came from other countries seeking a better life, be rededicated to the assistance of our homeless population.

The homeless will receive benefits, such as food, shelter and clothing, through grants and gifts administered by an eleven member Board of Directors, representative of New York and New Jersey. This Board will work with the commissioners of both states' social service agencies.

New York State is determined to do its part in fighting homelessness. Each year, as part of the State's budget process, an appropriation shall be made to the Fund for the purpose of carrying out the provisions of this new legislation. The money will come from use taxes, franchise and business taxes, personal income taxes and non-resident income taxes at the State and local level.

Homelessness is a national problem that is not being confronted by the Federal government. Innovative, regional programs like the Statue of Liberty Trust Fund are part of the solution. But we must all work together, as a family, if we are ever to prevent the tragedy of people living on the streets.

## Lions Club Member Visits The United Nations

Dr. and Mrs. Jack Weber of Hicksville, recently spent a day at the United Nations learning about humanitarian projects sponsored by Lions and the U.N. "Lions Day with the United Nations" has been held annually in New York City since 1978. Similar events were also held concurrently at U.N. centers around the world.

Dr. Weber is a member of the Hicksville Lions Club. He was among the approximately 200 Lions at the U.N. praised for their encouragement of voluntary service throughout the world.

Some of the projects the Lions are working on with the U.N. is:

1. Literacy: Lions clubs are working with UNESCO's regional branches to increase literacy around the world.

2. Immunization: Many Lions clubs support UNICEF's efforts to immunize children in the developing world against six diseases. Every minute, eight children under the age of five die of measles, tetanus, whooping cough, tuberculosis, diphtheria and polio.

Eight others are crippled, deaf, blind or mentally retarded because of these diseases. It is estimated that 15 is all that is needed to immunize a child fully against those diseases.

3. Blindness: Through funding provided by Lions Clubs International Foundation Vitamin A capsules are distributed in many developing countries to prevent blindness. In the Republic of Bangladesh, for example, approximately 30,000 children will lose their sight each year because of Vitamin A deficiency. Of those, half will die before their sixth birthday.

Lions Clubs International is the world's largest service organization, with more than 1.3 million members in 38,000 clubs. Members work together to enrich their communities and to solve health and social problems in 161 different countries. They have traditionally maintained strong ties with the United Nations. In 1945, three Lions, including founder Melvin Jones, helped write part of the U.N. charter at the request of President Harry Truman.

HICKSVILLE FIREMAN Ray Seeley shows Willet Avenue kindergarten students a Hicksville fire truck.

## Fire Safety Program At Willet Avenue

As part of a continuing fire safety program at Willet Avenue School, volunteer fireman Ray Seeley of the Hicksville Fire Department visited the school recently bringing a fire truck to demonstrate its equipment and reinforce the rules of fire safety.

The students were informed of the duties of a volunteer fireman and the various equipment he must wear and use in firefighting.

The students' greatest treat was a close-up view of a fire truck.

This program was made possible through the cooperation of Mr. Michael Dunn, principal of Willet Avenue School, and the Hicksville Fire Department and shows how community groups working together can provide valuable knowledge to the community's children.

Recently the U.S. House of Representatives approved legislation, HR 1085, which would make the New GI Bill a permanent program. This valuable assistance program provides education benefits to our young men and women following service in the armed forces.

As Congressman Norman Lent states, "I have long recognized the need for programs to help veterans readjust to civilian life after service, and a college education offers a worthwhile opportunity for a challenging and successful future."

Additionally, the New GI Bill has played a major role in saving the All Volunteer Force. New recruits are signing up in record numbers across the country and citing this program's education benefits as their principal reason for enlisting. The latest statistics show that a full 84% of all new Army recruits are signing up for the program, with comparable percentages in the other branches of the military.

With the end of the Baby Boom generation, the pool of eligible young recruits is falling fast. Therefore, we must maintain this program as a cost-effective means of attracting high percentages of the talented young men and women we need to operate the sophisticated weapons and technologically advanced equipment of tomorrow's military.

Under the program, service men and women are paid a basic entitlement of up to \$300 a month for 36 months in return for a three-year enlistment and a pay education of \$1,200 over the first year. The three-year test period for the successful education assistance program is scheduled to expire on June 30, 1988.

In fitting tribute, the House Veterans Affairs Committee voted to rename the program the "Montgomery GI Bill Act of 1984" in honor of the program's author and chief proponent, committee chairman Sonny Montgomery (D-MISS). Mr. Lent was the cosponsor and supporter of this legislation, and he is gratified with the overwhelming support in Congress to continue the program and he is hopeful the Senate will approve the bill without delay.

I can't believe that summer is almost here? Where did this year go!! ## At the Gregory Museum

### Students to Study Fossils

Next in the series of Saturday workshops at the Hicksville Gregory Museum will be a study of Fossils. Geared for 7 to 12 year olds, the workshop will be held on May 23rd from 1:30 to 3PM. The class will be conducted by Curator Donald Curran, who has an extensive background in Paleontology and has planned some challenging activities.

The group will examine and identify original and replicated fossils, and relate them, not only to when they lived in geologic time, but also to where they lived.

The students will then make casts of various fossils for their own collections.

The Museum workshop series is becoming increasingly popular, with a capacity registration for every session. Reservations for the Fossils class or for A Study of Whales on June 13th for the same age group, can be made at the Museum, or by calling 822-7505. The fee, which includes all materials, is \$8 for non-members, \$5 for those with family membership.

The Hicksville Gregory Museum, Long Island Earth Science Center, is located in the Historic Heitz Place Courthouse, just south of the junction of Bay Avenue (back of Sears) and Woodbury Road/East Barclay St.

8mm Tape: A New Standard in Home Video?  
by David S. Fondiller

If you're shopping for a video camera, one of the first decisions you now have to make is whether to select the new 8mm format or the traditional VHS.

The advent of 8mm tapes has made shooting video more convenient and more successful than ever before. This fact, combined with additional features in the latest video cameras, has helped turn increasing numbers of people of all ages into amateur movie-makers.

Driving the move toward 8mm is the ever-growing trend toward miniaturization that has been sweeping all areas in consumer electronics. Olympus, for example, recently came out with its 8mm camera—the smallest full-featured camcorder on the market.

Called the VX-801, this video camera has a 6:1 zoom lens, superior sound quality over VHS, and a piezo electric autofocus system which provides better accuracy at long distances. The camera body itself measures only 8 inches long, 4 inches wide and 5 inches high and weighs only 3.1 lbs.

"The 8 millimeter format allows you to carry a few tapes in your pocket," says Joe Cohen, president of La Belle Camera and Stereo in Syosset and Lawrence. "It's unparalleled for portability, and you don't sacrifice any advanced features by going with the smaller format."

Designed for the serious amateur, the Olympus VX-801 carries a suggested retail price of \$1,600, but is available "at substantial discounts," says the La Belle president.

As he shops with 35 mm cameras, Cohen cautions video camera shoppers: "Make sure to get hands-on experience before you select the camera. See how it feels. Your best bet is to compare—right in the store—your choice with other models and formats before deciding on the one that's right for you."

## The Long Island Mandolin And Guitar Orchestra

The Long Island Mandolin and Guitar Orchestra (LIMAGO) is celebrating its 30th anniversary. From its beginnings as an adult education class in mandolin sponsored by the Levittown School District, it has evolved into a not-for-profit organization whose aims are to preserve the music of the mandolin, to make audiences aware of the history and potential of the mandolin, and to provide listening pleasure to its audiences.

The members of the Orchestra come from all walks of life and span various age groups. The talents of some go beyond just playing the mandolin, to the actual creation of the beautiful instruments.

LIMAGO is one of the few remaining mandolin orchestras in the metropolitan New York area. It meets every Tuesday evening at 8 p.m. at St. Martin of Tours Parish, Bethpage, for the pleasure of ensemble playing and to rehearse for concerts.

Although international folk music comprises a large portion of music for the mandolin, the orchestra has incorporated classical and contemporary music to its repertoire as well.

The Orchestra has performed at many cultural programs sponsored by libraries in Nassau County, the Department of Parks, senior citizen centers, churches, temples, and other organizations. It has given concerts at Adelphi University, the State University of New York at Farmingdale, the United States Merchant Marine Academy at Kings Point, and has also performed aboard the SS Britannia and the SS Victoria (Greek Lines) during Caribbean cruises.

To celebrate its 30th anniversary, the Orchestra has scheduled several concerts: St. Martin of Tours Parish, Bethpage, June 9; Syosset Library, June 12; Notre Dame R.C. Parish, New Hyde Park, June 16; John Philip Sousa Band Shell, Port Washington, August 21; and during the week of June 29 to July 3, a seminar at Hofstra University with world-renowned mandolinist Keith Harris as guest instructor.

Local members of the Orchestra include: Norman Goldfarb, Sarah Kreger, Phil Kreger and Ber Nisenbaum from Great Neck; Sally Stoller and David Stoller from New Hyde Park.

For more information, call Antonina Nigrelli at 661-2087 or Helen Zapolski at 223-1890.

## POLICE ACADEMY 4: CITIZENS ON PATROL

This fourth installment looks up next heroes in blue, recruiting equally funny and equally citizen volunteers to improve community relations and hopefully stop crime. Most of the original cast members are in heart and handle the predictable suspect cases with conviction by now and much of the material is unspired. Steve Guttenberg continues as the cheerful group leader, Ruffalo Smith, Michael Winslow, Herb Alpert and David Graf sound out the rest. (PG)

## CLUB LIFE

Tony Curtis compromises his career to appear in this dreary drama about the goings on in a seedy Los Angeles disco. He's the club owner who deals with a mob murder, an attempted takeover by gangsters and a funeral conducted on the dance floor. Other characters include an aspiring actor who works as a hanger, a washed-up singer and a sometimes prostitute. The acting is as unappealing as the disco's surroundings. Tom Fursekan and Dee Wallace also star. (R)

## MAKING MR. RIGHT

"A good man is hard to find" is the theme of this clever but awkward comedy that never finds its comic voice. Ann Magnuson plays a hot-shot publicist who falls in love with an android that is endowed with more charm and sensitivity than her male human acquaintances. The comic situations and dialogue are too mechanical and the story evolves in a routine manner. Despite the potential, this film turns out all wrong. John Malkovich is in the dual role of robot and its nerdy inventor. (PG-13)

## THREE FOR THE ROAD

Charlie Sheen detours his acting career in this frivolous road comedy that fails to reach its audience. He is a political aid assigned to escort a senator's ornery daughter (Kerri Green) to a restrictive boarding school. Uninspired car chases and stale throwaway jokes litter the highway as the youths make their way to their reluctant destination. Direction is flat, dialogue is dumb and the acting is awkward at best. Alan Rick plays the intellectual roommate along for the bumpy ride. (PG)

The bidding:  
South West North East  
1 ♦ Dble 6 ♠ Dble  
Opening lead — king of spades.  
It goes without saying that partners should not discuss the play of a hand while it's in progress. This is

## Contract Bridge B. Jay and Steve Becker Famous Hand

especially applicable to both defenders. However, we all know that in many games, the chatty ones, this rule is broken very often.

The most famous hand on record where this rule was violated occurred, strangely enough, in a national pair championship some years ago, with four life masters at the table.

The bidding was astonishing. Maybe South should have passed originally, but actually he opened one club. He had traveled 2,000 miles to play in the event, had paid his entry

fee, and wanted to get his money's worth. West was likewise an uninhibited individualist, who firmly believed in free speech, so he made an inforamatory (?) double.

North couldn't tell what was going on but knew a good hand when he saw one, so he raised the ante to six clubs. East didn't care what was going on, but with sublime respect for his two aces he doubled.

West, on lead, struggled a while and finally chose the spade king as his opening shot! South happily won and played a trump to the jack, losing

it to the ace. East returned a spade, won by declarer with the queen as East almost fell off his chair.

East now started to seethe as South led a club to the queen, West producing the ten. East could then contain himself no longer. He leaped forward, red-faced, and whispered so gently to partner that it could be heard in all corners of the room: "You idiot! You could have led a heart, a diamond or a club and we'd have beaten the slam. Instead, your nimble-witted brain had to choose a spade."

South, who was not blind, nor deaf, nor dumb, greeted this information with cocked ear. He knew that East was an excellent analyst. If a diamond lead could stop the slam, it meant that East was void.

So South played a club to his nine, led a diamond and finished the hand! He had to, to make the slam.

**NOVENA TO THE SACRED HEART**

Dear Heavenly Father - is any hour so sweet from the rose of the morning to the rise of the evening star, as that which calls me to you now in prayer. No words can tell, dear Father, what sweet joy it is to come and talk to you. As I rest my hand in yours, dear Father, let me whisper to you my wish, my secret wish I dare not tell to any ears but yours (there say your wish). Father, I have said my wish and as I look into your face, dear Father, I see a love that says, "My Child, I have heard and I will answer." I thank you, Lord, for that answer and for the love and peace that falls like sunshine upon me. As I rise my heart is lifted up and I go forth as one walking towards the dawn in Jesus' name, Amen.

Say this prayer three times a day and He won't fail you. However, a promise of publication of this prayer must be kept.

### AT ADELPHI and NYIT: Goodbye

It's all over for the Panthers. After beating the Army in a dramatic match earlier this week Adelphi's lacrosse team was stopped in the second round of the NCAA Division I tourney by Cornell Sunday afternoon, 14-12 in Ithaca.

Despite taking a 10-5 lead in the first half, Adelphi was shut down by Cornell's Tim Goldstein, a graduate of Ward Melville H.S. in Huntington, who either scored or had a hand in scoring the five goals that evened the score at 10. The Panthers later tied the score at 12, but two goals by Cornell late in the second half crushed Adelphi.

Also heading for the golf course are the baseballers at New York Institute of Technology. The Fordham Rams defeated them, 5-1 Sunday in the finals of the ECAC Division I tournament across Long Island Sound in New Britain.

And despite a tough showing by the top-20 Adelphi women's softball team, they too lost in the playoffs—the NCAA South Regional in Tallahassee, where Florida State defeated them 3-1 in 13 innings.

Ouch.

### AT KINGS POINT: Sailing

Sixteen colleges from across the United States will be competing for the national dinghy sailing championship on the waters of Long Island Sound this week.

The dinghy championships are just part of a three-event regatta under the banner of the Intercollegiate Yacht Racing Association. The U.S. Merchant Marine Academy will serve as the host for the 10-day affair.

In addition to the dinghy championships, 12 schools will compete for the Team Race Championships and 16 will battle for the Women's Intercollegiate Championship. The Team Race event will begin on Sunday, May 24 and conclude by Tuesday, May 26 at the latest. The Women's championship will start on Tuesday afternoon and conclude on Friday, May 29.

The 16 dinghy qualifiers are divided regionally. Four schools will represent New England: Harvard University, Con-

necticut College, Yale University and Tufts University. The Middle Atlantic Region, which is hosting the affair, has three entrants: the U.S.M.M.A., Old Dominion University and the U.S. Naval Academy.

In the South Atlantic region, the defending champion College of Charleston is the sole qualifier. The Southeast will be represented by Tulane University and the University of Texas. Three schools will come from the Midwest: the University of Wisconsin, Ohio State University and the University of Michigan.

The final qualifier will represent the Northwest and be named later this week.

Over the past five years, the U.S.M.M.A. sailing squadron has won the title twice, finished second twice and fifth once. The title years were 1983 (hosted by the University of Texas) and 1984 (hosted by the Chicago Yacht Club). The Mariners were second in 1982 (in Long Beach, California) and second in 1985 (hosted by Old Dominion University). The fifth place finish was last year when Brown University was the host.

Vince Kirby, a 1985 graduate of the Academy, has taken over the coaching reins for Tom Kinney. Kirby is guiding the team while Kinney competes for a berth on the United States Olympic Team. Kinney acts as an associate coach as time permits.

Dinghy races will be conducted in two divisions—A and B. Each division will rotate dinghys among the 16 competitors. The first race of the 12-race program (10 in A, 10 in B) will begin on Wednesday, May 20 at 1 p.m. Races will be conducted over a triangular course on Long Island Sound.

The Academy will rely on three seniors, two juniors and a sophomore in its quest for the dinghy title. Senior Peter Renehan will be the skipper in A Division with a crew of senior Doug Helmer and junior Scott Leming. Junior Allen Kruger will be the skipper for B Division. His crew is made up of senior Michelle Moreland and sophomore Rob Bohlman. Renehan and Kruger were both named All-Americans last year.

By JACK WHITE

Bob King, Purdue University Athletic Administrator and member of the I.B.C.A. Board of Directors, has written a series of questions to be considered by the high school athletic when selecting his college. For those seniors still undecided and for those underclassmen just beginning the process, these questions could prove extremely helpful.

1. Is it a fully accredited, highly rated institution?
2. Does it offer my preferred major?
3. Will my high school grades be good enough to admit me?
4. What does my guidance counselor think about the college with respect to my academic ability and the major I plan to pursue?
5. How many hours a day will athletics and the other responsibilities involved in maintaining my scholarship take me away from my studies?
6. Will the athletic department pay for any tutoring I may require?
7. Are they offering a four year scholarship, or can they terminate it any time they choose?
8. What happens to the scholarship if I am injured and unable to play?
9. How much will it cost me to go to school on top of the scholarship?
10. Must I work for my room and board? What are the hours of this job?
11. Can I afford to travel home during vacation periods, and can my parents afford to

travel to the college to see me play as often as they wish?

12. Would I like to play for the head coach who is recruiting me? Will he be the coach next year?

13. What do the present and former athletes have to say about the athletic department and the institution in general?

14. Does my high school coach feel I can play at this level?

15. Am I as big, fast, and strong as the player now occupying the position I desire to play? 16. Do my particular skills fit their style of play?

17. A college athlete is usually a person who participated in a highly competitive high school league, has unusual physical abilities and a burning desire to excel. Do I have at least two of these attributes?

18. Is the present varsity team composed of athletes who played freshmen ball, or is it composed of junior college transfers and red shirts?

19. Is this team well publicized in the part of the country in which I plan to make my living?

20. Does the college environment (students, doors, townspeople social activities) appear to be one in which I'd care to spend four years?

21. What percentage of the varsity players receive a degree from this institution in four years? Five years?

## Gelormino Wins Brawl

By PETE CALABRESE

Gino Gelormino of Levittown won a convincing unanimous decision over Richie Otero at the Felt Forum on April 23. Gelormino, an excellent boxer-puncher, scored crisp combinations throughout, against the East New York tough guy. Otero made it a brawl, putting constant pressure on Gelormino, who stood toe to toe when he had to. But otherwise, Gelormino played the matador, giving Otero a boxing lesson. In the end, Otero's entire face was puffed and his right eye nearly closed. My scorecard had Gelormino a 6-2 winner.

Gelormino and Otero received a rousing

standing ovation at the final bell. On a show that featured Juan LaPorte, Tyrone Jackson, and Mark Weinman, it was Gelormino who provided the best performance. The popular, 26-year old junior lightweight is now 21-1 with 14 knockouts. Gelormino turned pro in 1981 and won his first 15 bouts before losing to Sylvester Kennon in Atlantic City, the only blemish on Gino's record. His most active year was in 1982 when he won 10 fights, 7 by K.O. Gelormino expects to be back in the ring sometime in May. This was his first bout in 17 months, having changed managers during that period of inactivity.

## Run For Freedom

New York Institute of Technology's scenic Old Westbury Campus will be the site for the First Annual "Run For Freedom" marathon to take place on Sunday, June 7. Sponsored by Hermandad, Inc., proceeds from the event will benefit the poor in the Caribbean and Central America.

Hermandad, which means "brotherhood" in Spanish, is an ecumenical nonprofit organization assisting the poorest

of the poor in third world countries through direct assistance in development.

Sanctioned by The Athletics Congress, the five-mile marathon will begin at 10:00 a.m.; check-in time is between 8:30 and 9:30 a.m.

Entry fee is \$8.00 for pre-registration and \$10.00 for late entries. For registration form and additional details, write or call: Hermandad, 390 Plandome Road, Manhasset, NY 11030; 627-8650.

## The N.Y. Mets Help To Set Another Record

On Friday, May 22 a milestone will be reached prior to the 7:35 p.m. start of the Mets/Dodgers game at Shea Stadium. The one hundred thousandth pound of food to be collected during food drive programs organized with professional teams in New York and New Jersey will be handed to a volunteer by a Mets fan.

This milestone will be reached during the New York Mets' Athletes Against Hunger Day, their Fifth Annual Food Drive. This program will mark the 20th food drive hosted by local teams, including the Mets, Yankees, Islanders, Devils and Rangers, the first of which took place five years ago.

Although the May 22 event will not be recognized in the Mets' record book or be remembered by sports trivia buffs, it demonstrates the concern of the teams and their fans for the hungry people who live in their area.

In addition to the food collected at the stadiums and arenas, another 100,000 pounds has been collected through community ef-

forts sparked by the food drives with sport teams: schools, corporations, clubs and supermarkets have all been major contributors.

The Mets' organization, players and wives have been key participants in the success of the program. Former Mets such as Craig Swan, George Foster and Ed Lynch and wives such as Sandy Swan, Nancy Seaver, Sheila Foster and Rosa Wilson have played major roles, from recording television and radio announcements to actually collecting the food.

Jerry Goldman, the Executive Director of Athletes Against Hunger, acknowledges the difference that professional teams can make in overcoming hunger. "During the past five years professional teams in the New York/New Jersey area have worked with us to focus attention on the hunger issue. Through food drive programs these teams have enabled us to heighten public awareness and generate community involvement in the fight against hunger. In addition, these programs have provided thousands of pounds of food for the hungry people in our area."

## Hicksville Express Beats Roughnecks 6-0

By KAREN BLICKER

The Hicksville Express, an intramural soccer team, defeated the Roughnecks this past weekend at Old Country Road School by a 6-0 margin.

The Team was led by the dynamic play of Tracy Koetter who scored three goals in about five minutes of the second half. Her first was scored on a pass from Jonathan Schwartz, the second on a Michael Baglieri assist and the third on a line drive shot. Michael Baglieri contributed two big goals in the first half, one on a Jonathan Schwartz assist and the other on a line drive. Matthew Hamlin chipped in with a nicely placed shot in the first half, as well. The midfielders, who consistently fed the ball to their forwards, were Chris McGunnigle, Brian Swacey and Marc Spinner. All were tough and aggressive. The defense, comprised of Joey Miniaci, Craig Finn, Robin Blicher, and Joey Zaffuro, put up a solid wall and stymied the opposition with fine teamwork and hustle. Matthew DePalma, the Express goalkeeper, was never better, repelling numerous Roughneck attempts.

Thanks to Coach Steve Baglieri and the team for a super effort. Get well to John Kurkowski and Janice Pfeiffer. Incidentally, soccer registration is around the corner. Registration dates are: 5/21 7-9 p.m.; 5/27 7-9 p.m.; 5/30 10 a.m.-2 p.m. and 6/6 10 a.m.-2 p.m. at the Hicksville Library. Register your youngster now and have him/her learn soccer skill and wholesome competition.

## Hicksville Strikers 5 Cow Harbor Vikings 0

By FRED FREY

Coach Pat McHugh and Coach Steve Gourlay's Hicksville Strikers traveled to Northport on Sunday May 31 to play the Cow Harbor Vikings. In a regular season soccer game of the under 17 division in the Long Island Junior Soccer League, the Strikers took command and soundly defeated the Cow Harbor Vikings by 5-0.

Thirty-four minutes into the first half the Strikers had a good opportunity with a free kick from the thirty yard line. Robert Karlewicz, playing the stopper position, took the direct free kick which rebounded off the Viking defenders and was promptly drilled into the back of the net on an alert shot taken by the midfielder, Michael Brigandi.

One minute later, Striker Greg Fisch carried the ball from the midfield up the middle and beat the Viking defender and goalkeeper with a hard shot into the left corner of the net making the score 2-0. At the 40 minute mark halfback Greg Martin took a shot on goal from the right side which was blocked by the viking keeper and alertly rebounded into the net by Striker, Keith Donnelly increasing the score to 3-0. At 43 minutes, Striker Tom Boccafolo took a good cross from Greg Martin and put the ball into the right side of the net making the score 4-0 at the half.

At three minutes into the second half, halfback Greg Martin took a neat cross from the right winger Steve Gourlay and firmly shot it past the Viking keeper increasing the score to 5-0. Midfielders Neil McKenna, Frank Caroppello, Michael Brigandi and Greg Martin continued to keep up the pressure by feeding forwards Steve Gourlay, Jeff Schroeder, Keith Donnelly, Greg Fisch and Tom Boccafolo. The Strikers had their final opportunity on one of their five corner kicks which was taken by Steve Gourlay and headed on goal by Keith Donnelly just striking the post, and rebounding outside the net.

Striker goalkeeper, Tim Richards, had his second consecutive shutout of the season along with a total of six fine saves. He was smartly assisted by sweeper Geoffrey Frey, stopper Robert Karlewicz, outside defenders Matt Conroy, Vincent Longo, and Keith Walsh who kept the Cow Harbor attackers under control while making cunning raids into Viking territory.

## Shamrocks Defeat Running Rebels 3-1

By A. BLICKER

The Hicksville Shamrocks 1974 boys' traveling soccer team steamrolled the East Meadow Running Rebels 3-1 at Cantiague Park on May 9, to bring their Long Island Junior Soccer League record to two wins, two ties and one loss, which keeps them in the running for a Division title.

The Shamrocks broke on top off an unassisted goal by striker Jason Kingsley, at about the three minute mark. They then proceeded to totally control the game and beat the Rebels by a bigger margin than the score would indicate. After 20 minutes into the contest, stopper Chris Doyle took a shot which hit the crossbar. Left wing Eric Blicher, from the striker position, gave the team back a two goal lead on a line drive shot, following a perfect cross by right wing Karl Rice.

The Shamrocks defense was led by goalkeeper Ed Jacobsen, who roamed far and wide to cut off the Rebels and continually victimized them with blooming punts to his halfbacks. Fullbacks Chuck Oliver, Christian Friedrich and Greg Szumawski worked together with sweeper Brian Harkins to push back the Rebel charges. Stopper Chris Doyle had his usual productive game, both in the defensive and offensive zone. Halfbacks Domenick Perillo, David Lovato and Gregg Grusso ably assisted their fullbacks and fed their wings perfect passes. Center halfback Matthew Pordum was effective in both the offensive and defensive zones. Wings Eric Blicher, Karl Rice, Chris Koetter and Junior Tomlinson worked well with striker Jason Kingsley, and also interchanged to constantly keep the pressure on East Meadow's goalie, who turned away numerous shots.

Congratulations to the Shamrocks for a well-played, sportsmanlike game and also to coach Herb Pordum and assistant Glenn Kingsley, Jr.

## St. Ignatius CYO News

In St. Ignatius' third grade intramurals, the Giants didn't seem to have a good week. On Saturday, the Mets beat the Giants 3-0 and on Monday the Dodgers beat them 7-1.

On Saturday in the fourth and fifth grade intramurals, the Yankees beat the Blue Jays 15-5. Superstars on the Yankees were David and Dale Gleason who both hit home runs.

So much has happened these last few weeks in CYO with basketball at an end and baseball starting.

Trophy night for the basketball teams was May 1, and besides all the superstars receiving trophies, there was a new award instituted this year. In appreciation for all the years Don Cleary has dedicated himself to the CYO basketball program, an award was set up in his honor. The Don Cleary Award will be given yearly to an adult participating in CYO who volunteers his/her services to the enrichment of the program and the development of the character of the youngsters in the program.

On Thursday, May 21, at 8 p.m. CYO will hold its monthly meeting in the old school basement. It will be at this meeting nominations for president of CYO will be taken and voted upon by all who attend. Anyone who is associated with CYO and is interested in filling this vacant position, please mark your calendar to attend. As usual, all parents are welcome to attend the meeting and give input to better CYO programs.

Something new will take place this year in the Hicksville Memorial Day Parade. The CYO baseball players will proudly be marching with their teams. All children are to meet their coaches in the Sears parking lot at 8:30 on Monday, May 25 in their baseball uniforms.

Umpires for CYO's baseball program are also needed. Anyone over 16 who would like to participate as an umpire may contact John Toner at 931-3073 after 7 p.m., to see if you qualify.
