## Hicksville Man Appointed To Tobay Arts Council

The Oyster Bay Town Board has approved the appointment of a Hicksville man to the board of directors of the Town of Oyster Bay Arts Council (TOBAC) it was announced recently by Town Councilman Howard T. Hogan, Jr.

Ira L. Waxberg was appointed to fill the unexpired term of Dr. Norman Schwartz, who has been approved for membership on the Council's honorary board. Waxberg's term will expire in June, 1987.

"Waxberg, a semi-retired certified public accountant, has lived in Hicksville since 1955," Hogan said. "He has been active in Boy Scouting, the Suburban Art League and TOBAC as well as various P.T.A.s and civic organizations."

Hogan noted that the Arts Council was formed in 1975 with Town support and a grant from the New York State Council on the Arts to promoting the development of the arts by providing services to artists and arts groups, to provide a forum for the exchange of ideas, to encourage cooperation between members thus forming a network of communication and support, and to serve as an arts information center. It is administered by an executive director and a board of directors, all of whom serve without pay. Services currently provided by the council include a bi-monthly calendar of events, a central resource file of artists and co-sponsorship of the summer "Music Under the Stars" series at local parks and beaches.

## Milleridge Inn Plans to Build Hotel

BY WINI GAINES

Shown here is the entrance way to the main restaurant of the Milleridge Inn.

THE MILLERIDGE INN'S new hotel will be placed to the left of the Milleridge Cottage. (Photos by Kerri Reilly)

The Milleridge Inn, an historical landmark, will be seeking approval to build a one-hundred room luxury hotel on its ten acre property in Jericho. The site now includes the famous thousand seat restaurant, the colonial Milleridge Village with its quaint shops and the 550 seat Milleridge Cottage, which was built in 1910. The Milleridge Cottage is a catering facility often used for weddings as well as for corporate and private affairs. The proposed hotel is planned to be built in the northwest area of the property.

Plans for the proposed ten million dollar colonial style hotel will be submitted to the Oyster Bay Town Board this June or July, according to Mr. Richard Carson, General Manager of the restaurant. Construction is planned to begin next spring and it is planned that the hotel will be in operation in late 1988.

Approval for any construction, of course, must be given by the Oyster Bay Town Board and the Jericho Water District, both of which have moratoriums on new construction until January 1988.

The proposed two story Williamsburgh style hotel will feature room suites (renting for an average of \$125 per night), an atrium, conference rooms, bar and cafe and an exercise area. It will cater to the "executive traveler," according to Mr. Carson.

Opposition to the planned hotel will be based on water use, environmental issues and the effect on traffic on Routes 106, 107, now the busiest north-south roadway in Nassau County. According to Mr. Murphy, owner of the Milleridge Inn, traffic will not be an added problem, pointing out that presently the restaurant itself seats almost two thousand people on an average busy day. No additional egress and ingress is planned - all traffic coming and going would use the existing restaurant entrance or the entrance through the adjacent shopping center. The hotel would utilize the latest technology, according to Carson, including water conservation equipment. Mr. Carson said that he would be meeting with civic leaders in the community to discuss the proposal.

Councilman Kenneth Diamond said that he will alert the community when the applications are formally filed. A public hearing will be set and residents will have the opportunity to be heard at a night hearing, if requested.

## Officers Installed at Fork Lane PTA Meeting

Barbara Smith, a former Fork Lane PTA President, recently installed the following officers for the upcoming season: President Maureen Traxler, vice president Maryanne Goldberg, corresponding secretary Karen Blicher, and treasurer Aurea Zeiders. The installation was followed by an informative lecture by Ray Shelton, M.S. counselor, who provided many examples of stress/distress and methods to combat this ongoing factor in people's lives.

## Burns Avenue Students Support Easter Seals

For the sixth consecutive year, the students at Burns Avenue Elementary School in Hicksville participated in the annual Easter Seal Basketball Shoot-Out which is sponsored by the New York Knickerbockers and Madison Square Garden Center. By obtaining pledges for the number of baskets scored in a three minute period, the students collected over \$1012 to help the Easter Seal Society continue programs and services for children and adults with disabilities. On Long Island these programs include residential camping, post-polio and stroke support groups, equipment loan, adult socialization and L.E.A.P., a mainstreamed summer recreation program.

In return for their outstanding efforts, the students will be rewarded with terrific prizes such as Knicks bumper stickers, yearbooks, t-shirts, ski caps and more, all donated by the New York Knicks. **Anthony DeStefano**, a 4th grader and 5th grader **Brian Shor** (tied with 47 baskets), and **Mary Beth Keasler**,

also in 5th grade, (36 baskets) will each receive a special Sharpshooter Trophy, which is awarded to the boy and girl scoring the most baskets. In addition, J.R. McCotter recently joined Honorary Shoot-Out Chairman Bill Cartwright and Knicks Trainer Michael Saunders on Center Court of Madison Square Garden for the "Lucky 100 Shoot-Out Clinic". J.R., who collected \$101.50, was among the top 100 fund-raisers throughout the Metropolitan New York Area.

The Easter Seal Society extends sincere thanks to the following whose support helped make this year's Shoot-Out a great success: Teachers Lou Crandall and Ignatius Rienzo, who once again coordinated and supervised the event; the boys and girls who participated, and of course, all the sponsors who pledged so generously.

For information on how to get involved in next year's Basketball Shoot-Out, please call the Long Island Easter Seal Society at 421-2200.

## Social Notes and Personalities

### Eileen Going Into Teaching

**Eileen McGrane** graduated Summa Cum Laude from Molloy College, Rockville Centre on Saturday, May 23. Eileen was inducted into Delta Epsilon Sigma, National Honor Society and received a Bachelor of Science degree in Music as well as Certification in Elementary Education.

Eileen is the daughter of the proud parents of **Dorothy and Al McGrane** of Hicksville. The McGranes celebrated Eileen's achievements with a family gathering following the commencement exercises.

Wonder what lucky school is going to get her???

EILEEN McGRANE.

### Remember Tommy Hennerty?

Saw **Tommy Hennerty** at Catiague the other day. He's someone we knew back when Hicksville had 7,000 inhabitants. He's been retired for two years now and practically lives at the golf course. He won a bout with lung cancer and is now enjoying every day to its fullest. He has a very positive and determined attitude which, I'm sure, helped him over his problems. He decided to go to college after being out of school for 10 years and in 1959 he earned a B.A. degree with a 4.0 average from Hofstra. (P.S. He never had to study in H.S.). He lives in Wantagh with his wife **Oakie** (they have three children—and grandchildren) but will eventually move down to Florida. He's still lots of fun!

He mentioned that his brother **Mickey** is a professor at El-Rito College in New Mexico. It was good talking with Tommy. I'm sure many of you will remember the Hennertys from way back when...

### Baggett/Caggiano Engagement

**Ottolie Baggett** of Hicksville, and **Frank Baggett** of Hempstead, are pleased to announce the engagement of their daughter, **Janine**, to **Lt. James Caggiano**, the son of **Mr. and Mrs. James Caggiano** of East Williston.

A member of the Alpha Chi National Honor Society, he also received an award in history. Anthony will be continuing his studies and work for his Master's Degree in History at Wake Forest University Graduate School in North Carolina. After that he hopes to continue his studies and to earn a Ph.D. in the field of History.

Anthony is the son of **Anthony Scotti, Sr.** and the late **Lynda (nee Noeth) Scotti** of Levittown. He is the grandson of the late **Fred J. Noeth**, founder of Hicksville's *Mid Island Herald* and the late **Evelyn Noeth** and **Sheila Noeth** of Hicksville.

Best wishes for continued success, Tony.

### Ooh la la — Paris

**Val Carmody** is a lucky lady. She has a son living in Paris, France and has just returned from visiting **Phillip** and his wife **Mary**. Phillip is there on a two year assignment for I.B.M. Val said that everyone in Paris walks around with a loaf of bread in one hand and a bouquet of flowers in the other. While there they took her to the museums, the Louvre, Notre Dame, the Eiffel Tower, the Arc de Triomphe, etc. They took a train to Amsterdam, Holland and it happened to be the day they were celebrating the Queen's birthday. She said that everyone brings everything out on the street to sell—food, clothes, household items... everything. Guess it's like a big flea market. The people really celebrate. From there they took a bus to the Tulip show with a trip to Reims Champagne Country. "Magnificent," she said. She had a lovely time.

### What A Vacation!

**Irene and Ted Sokolauf and Olga Marcia** have recently returned from a glorious 16-day vacation on the west coast, first visiting some relatives and then going on a "Tauck Tour" starting at San Francisco. Continuing south, the trip took them to Morro Bay, Santa Barbara and into Los Angeles for a 2 day visit which included Universal Studios and a tour of the world's largest movie and TV studio.

The next day was spent at Disneyland, the Mission of San Juan Capistrano and then on to San Diego. The zoo and a boat ride around the bay was a must. A short 50 minute flight from San Diego got the tour to Las Vegas, the famous strip—and gambling. The next stop was Hoover Dam and on to the Grand

Quoted rates are for self-liquidating, "full income verification" loans with a minimum down payment of 25% of appraised value on 1- to 4-family homes. The annual percentage rates include origination and placement fees. The Bank sets the interest rates on loans at the time of commitment (for a 90-day period), not at the time of application. The rates contained in this advertisement may change while an application is being processed, and may not be available at the time of commitment.

Repayment terms for 10-year (15-year and 30-year) fixed-rate loans at the stated rates would be 120 (180 and 360) monthly payments of \$13.22 (\$11.21 and \$9.72) per \$1,000 borrowed.

Adjustable rate shown is a below-market introductory annual rate for the first year only. The annual percentage rate is based on the current value of "The Green Point's" Index Interest Rate (currently 10.75%) which is subject to change. The annual rate will not change more than 2% per year (up or down) and, over the life of the loan, will not vary (increase or decrease) more than 3% from the Index Interest Rate in effect at the time the loan is closed.

## Monsignor Boesel Honored at NCEA Convention as Top Educator

By NANCY SCHMIDTMANN

Monsignor James E. Boesel, Pastor of Our Lady of Mercy Church in Hicksville, was honored by "Today's Catholic Teacher" as one of the 40 "Outstanding Educators, 1967-1987" in celebrating its twentieth anniversary as "The voice of Catholic education." The magazine, which circulates widely among the nation's Catholic schools, included Monsignor Boesel among luminaries such as Rev. Thomas Gallagher, Secretary for Education of the U.S. Catholic Conference, bishops, and superintendents of schools.

The award was made at a special breakfast meeting during the annual National Catholic Education Association convention, held this Easter week in New Orleans. The award was accepted for Monsignor Boesel by Sr. Mary Joanne Deegan, R.S.M., principal of Our Lady of Mercy School. Also present at the awards breakfast were Sr. Anne Lynch, DRE of Our Lady of Mercy Parish, Nancy Schmidtman, the school librarian, and Hilda Brosky of the Diocesan Office of Catechesis and Worship, a member of the parish.

In expressing his views on Catholic education, Msgr. Boesel stated for "Today's Catholic Teacher":

"Our Lord, the model for all teachers, told us to 'Go and teach.' Today that admonition rings true more than ever. In order to change the false and destructive values of the present world, teachers must first model themselves on Christ; then they can teach and change the minds and hearts of students to sound values, making for a better world of humanity. In the teaching profession, more than any other vocation, rest the greatest challenge and responsibility for the future of the individual, the Church the nation and the world.

Through his support and leadership, Monsignor Boesel, during his twelve years in the parish, brought a school that was in danger of closing to a successful educational institution that this week was cited for excellence by the New York State Commissioner of Education in the New York State Department of Education School Recognition Program. Monsignor Boesel takes a keen interest in all

MONSIGNOR JAMES E. BOESEL, pastor of Our Lady of Mercy Church.

aspects of the parish school and religious education programs at Our Lady of Mercy, and was previously associated with Holy Family Diocesan High School as chaplain and counselor. Last year, he was honored by the Catholic Library Association for his interest and support of libraries and librarianship in the schools and parishes in which he has served.

As pastor, Msgr. James E. Boesel is responsible for Our Lady of Mercy's reputation for quality education and its survival as a parish school. On his arrival twelve years ago, he made the school his number one priority, preventing its closing, believing that the parish school is the best training ground for Catholic leaders of the future.

He established popular kindergarten and pre-kindergarten programs, convinced that "The first impressions are the most lasting impressions." He studies the needs of the school, consults the principal, and visits classrooms. He purchases any materials or equipment that he feels will help make "his" school "Number One," a phrase that indicates school pride he has built. He has helped make the school media center a model in the diocese; his foresight has built a computer center with instruction for all. He has hired teachers who have directed students in winning competitions in math, science, spelling, journalism, athletics, art and creative writing.

Monsignor Boesel is an educator who encourages not only his students, but all his parishioners, to continue their education. Classes are encouraged to extend their values in service to community, and are familiar in nursing homes and among the less fortunate for their charity. Within the parish, he recruits students to take an active part in many minis-

tries as part of their training as future leaders.

His addition, of a DRE, a youth minister and a program of activities for all ages in the parish completes the picture of an outstanding educator who understands the value of developing the mental, physical and spiritual abilities of all members of his parish family.

## Our Lady of Mercy Cited for Excellence

By NANCY SCHMIDTMANN

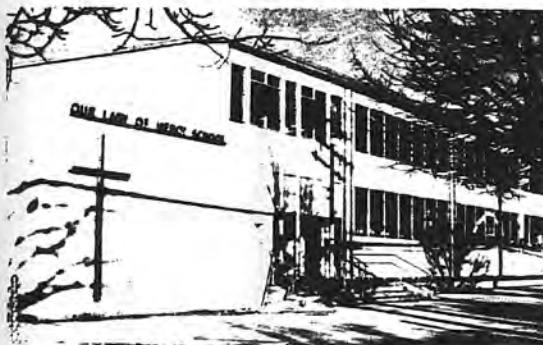

Following a lengthy evaluation and review, the Commissioner of Education announced on Wednesday, May 20, that Our Lady of Mercy School, located at 530 South Oyster Bay Road, has been selected for excellence among the finest elementary schools of New York State in the New York State Education Department's School Recognition Program.

Of the 241 schools that entered the evaluative process 175 were public schools, 66 were non-public (private and religiously affiliated). Applications consisted of input by administrators, faculty, school boards, students, parents, and community members, and were supported by standardized testing results. After a reading of the applications in Albany by a panel of education administrators, a final group of schools was selected for on-site visitations by teams of school ad-

ministrators who verified the information supplied in the original application. Reports from the visitors were submitted to the Commissioner, who made the final decision.

Our Lady of Mercy School was one of the three top Catholic schools in New York State, and was one of only 21 schools, public and non-public, honored by the Commissioner. Principal Sr. Mary Joanne Deegan, R.S.M., Rev. Msgr. James E. Boesel, the pastor, and five members of the school community will represent Our Lady of Mercy in Albany on June 12 for the awards ceremony.

The school, which celebrated its 25th anniversary in 1986, is staffed by the Sisters of Mercy of Brooklyn and a lay faculty, and includes grades Pre-K through 8. It prides itself on quality education, a strong sense of family, and a tradition of service to Church and community.

Committee meetings will be held in the conference room of the Administration Building on Division Avenue on June 4 and June 15 from 8:15 to 10 p.m.

The board of education has set a new date for a budget vote Wednesday, June 17 from 10 a.m. to 10 p.m. Registration will be June 10 from 3 p.m. to 8:00 p.m. Absentee ballots will be available. The budget hearing will be on June 3. The board was concerned as to why the budget was defeated and urged public input at their hearing. The budget was reduced by \$105,000 and the transportation

for the ninth grade, who will in 1987 be attending the high school, was deleted by a unanimous vote.

The budget will be submitted at \$42,259,330.

A presentation was made by a new group that was formed at the high school in January, TADA (Teens Against Drug Abuse). Five officers of the club, advised by Paul Vetrano, a teacher at the high school, gave a presentation. They have many plans, some of which are to bring programs to the sixth graders in the elementary schools, have a parent's night, have a poster contest. The public and the board were very impressed by these dynamic students. This is a positive type of publicity that the high school deserves. The students were Rob Dombrower, John Hawkins, Karyn Karman, Marylou Bertone, and Jamie Drakos.

## Galileo Lodge News

By Joe Lorenzo

### PRESIDENT JOE GIORDANO'S MESSAGE:

**'Obstacles are those frightful things you see when you take your eyes off your goals.' Old Saying**

June is the month of the year named after a Roman gens, and it is also the month of the year that writers and poets sing praises to, rhyming it with such words as moon and spoon (slang) and thus giving it a romantic connotation. Perhaps even a touch of beauty, and thus the Ladies Auxiliary wishes to express it's own kind of beautiful feelings as it announces that it will present Testimonial Dance in honor of ex-president Mary Monteforte. And it goes without question that the Ladies Auxiliary could not have chosen a more deserving lady for such an honor. So on Friday, June 19, this Testimonial Dance will take place, under the chairmanship of Sue Laurenti, co-chairlady Mary Sarrera and her assistants Rachel Stano, Ann Palermo, Rose Panczka and Carmen Russo. Tickets sell at \$22.50 per person, and in the offering will be delicious hot dinner, beer, soda, coffee and cake, rolling bar, and music for your listening and dancing pleasure. A nice cocktail hour, featuring wine and cheese, will be a part of the proceedings also. Tickets will be available every Wednesday night at the Galileo Lodge, from 6 to 9 p.m. You can call Sue and her committee people by dialing 931-9351, Sue, also at WE1-0036 and Mary at 433-6289. In order to make this honor heaped upon ex-president Mary Monteforte even more significant than it already is, it would be a finer tribute to this hard-working officer and leader of the Auxiliary for a number of years if all the membership of the Lodge and the Auxiliary attend en masse.

There is another activity on the Galileo Lodge's entertainment horizon that also merits much attention, and this activity is the Anniversary Scholarship Dance to be held on Saturday, September 19 at the Galileo Lodge. Tickets for this dance will be \$35.00 per person, and a delicious prime rib dinner with all the trimmings, cocktail hour, unlimited liquor, beer, soda, coffee and cake and live music for all your listening and dancing pleasure will be offered. At this dance we will see another member honored and he is ex-president Pete Massiello, another officer and leader of the Galileo Lodge for a number of years. Incidentally, the music to be featured that night will emanate from a highly-enjoyable dance group lead by Richie Lagnese, a former member of the Galileo Lodge, and needless to mention that many people rave about his musical talents and repertoire. Skip Monteforte will 'chair' this dance, assisted by co-chairmen Armand Del Ciooppo and Rocco Lombardo. An Ad Journal will also be featured. All members, in tribute to ex-president Pete Massiello for the fine work he has done for the Galileo Lodge, are also asked to attend this activity en masse.

## Jennifer Kropac to Dance at Gala

Hicksville's resident ballerina, Jennifer Kropac, will dance a featured role in Frank Ohman's newest ballet, "A la Loutre" to the music of Eric Satie on Sunday, May 31. The occasion is New York Dance Theatre's fourth annual gala dinner dance at the Meadow Brook Club in Jericho and the festivities, which include a buffet supper and dancing to the live music of John Johnson, will begin at 6:30.

Ms. Kropac, a 14 year-old Hicksville Junior High ninth grader, is the youngest member of the troupe scheduled to perform on Sunday. Frank Ohman, a former New York City Ballet soloist who is artistic director of New York Dance Theatre and director of the Ohman School of Ballet where Ms. Kropac has been trained, invited her to be an apprentice to the company last December, when she danced the demanding solo role of the Dew Drop Fairy in the annual full-length production of the "Nutcracker." Her remarkable talent will also be on display the weekend of June 6, when she enters the second annual Saraband, Ltd. dance competition, an event for Long Island dancers which will be held at the Maguire Theater on the campus of SUNY Old Westbury.

In addition to her dancing, Ms. Kropac writes and draws for the school literary magazine and works in the Dean's office. She is a member of the National Honor Society.

For tickets to the New York Dance Theatre Gala, the proceeds of which will go toward funding future productions of this Long Island ballet company, call 673-9050 or stop by the Ohman School of Ballet at 645 New York Avenue in Huntington.

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed, (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many very fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only. We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

I would like to take this opportunity to thank the voters who recently elected me trustee of the Hicksville Board of Education. As your representative, I look forward to hearing your opinions, suggestions, and concerns as we work together during my tenure.

To The Editor:

What's the stink all about? It's yours, not mine and vice versa. What is the difference whose garbage it is? It belongs to New York State and its inhabitants. Who knows how much money is involved? Capt. St. Pierre is chased practically around the world spreading pollution and toxic gases through no fault of his. Where are the environmentalists while this so-called stench and pollution is kicked around? Claire Shulman wants Frank Jones to take it back. Instead of acting like kids why not spend their energies to solve the problem amicably?

I would like to suggest that the Mobro be towed out to the middle of the Pacific Ocean and sink it at its deepest depth of 13,000 ft. in an area which is 63,750,000 sq. miles and/or contact Mohawk Freight Airways to fly it over the most dense uninhabited jungle and "kick it out." Think about saving the taxpayers an unknown amount of money.

To The Editor:

The following letter is being published upon request:  
Town Board, Attn: Mr. Colby  
Attorney  
Town Board of Appeals

And All Interested Parties  
Town Hall, Oyster Bay, N.Y.  
Dear Sirs:

I would like to make an appointment to be heard publicly, in reference to a serious violation of me and my neighbors' environment and way of life.

The Board of Appeals & Zoning are issuing contractors, real-estate and limited partnerships variances to build Piggy Back Hi-ranches, on small narrow properties, one behind another in Hicksville, East Ave. and Malone St. at present and other properties already.

It has been against the people's will allowing these variances to be given. We are never told how decisions are reached: allowing water lines, sewers, electrical and telephone lines; coming across right ways; where chimneys are in relationship to each other. What happens to the fresh air and sunshine which becomes obstructed? What happens when repairs become an issue? Fallen lines, broken gas/water mains; unrepared buildings and fences, fallen branches going over right away. What about parking?—cars stuck in right away.

I will now ask, and at the hearing, for an investigation by the Court of Appeals, about this serious matter. Mr. Casey stated: "This is a court decision. Mr. Casey stated: Case #87-198 A/B we don't have to be present for final decision." I feel this is against my freedom of information and speech. I was under the impression it was the duty of the Town Fathers to protect rights and not violate them.

Mrs. Florence Whaley

## Supervisor JOSEPH COLBY COMMENTS

Several years ago, in a column such as this I reminisced about the way Memorial Day was celebrated when I was growing up.

In part I said that as a youngster in Brooklyn, Memorial Day was a holiday with emotional significance. Each year families with fathers and sons in the military would place a star in the window of their residence. Some of the stars had black wreaths or boxes around them indicating the death of a family member.

As years passed family members were lost in major battles in World War II, Korea and Vietnam. More recently we have lost good people in smaller skirmishes in Lebanon and Grenada. With the passing of time there have come changes in how we celebrate Memorial Day. For many families Memorial Day is part of a long weekend which marks the beginning of the summer season.

Fortunately, there are still veteran groups that gather annually to remember, with

pomp and ceremony, those who died for our country.

This year we will all mourn the loss of the 37 crew members of the "U.S.S. Stark", who were senselessly killed by an Iraqi jet. These men, from large cities and small, rural communities throughout the United States, are deserving of a moment's silence and flags flown at half-staff.

The Navy and the Pentagon will hold their investigations and the media will inform us of every aspect of their personal lives—complete with photos of weeping spouses, parents and children—and next year veterans groups will undoubtedly include them in their long list of those killed in service to their country.

As Americans, let us resolve that we will remember those who gave their lives for our country and as we remember them, let us also reflect on the continuing sacrifices of those who have not died, but have been made less than whole by war. Their sacrifices too, command respect.

## BBB Surveys L.I. Day Camps

With the school year coming to a close, many parents are faced with the challenge of selecting a day camp. To help make the choice the Better Business Bureau released a comparison of Long Island day camps highlighting differences in programs, costs, facilities, and services of specific camps, along with general tips for choosing a camp.

Among the survey findings, reports the BBB, is a variation of more than \$1,000 in camp costs. While most camps require full payment prior to the camping season, some allow for periodic payments.

Another interesting finding is the variation in the counselor to camper ratio. For children under age five, the BBB survey found that some camps have one counselor for three campers, while others have one counselor for seven children.

Pertinent to working parents, the Bureau's survey found differences in the length of the camp day. Some camps begin as early as 7:30 and end as late as 5:30, with a few camps offering extended hours.

Other factors compared in the Bureau's survey are the camp capacity, the area used for camping activities, the sibling discount, the amount of money required as a deposit, and whether or not transportation, lunch and special trips are included in the flat rate.

To obtain a copy of the Bureau's survey,

consumers should send a self addressed stamped business size envelope to the BBB, 266 Main Street, Farmingdale, N.Y. 11735, Attention: Day Camps.

## An Assortment of Items on the Police Auction Block

Been looking for a set of carved wooden heads? Perhaps, a painting of King William VIII or an eight foot dingy with engine? Maybe clothing, a fur jacket or six pairs of leather pants?

Such items and a wide variety of other things go on the auction block Saturday morning, May 30, in the Exhibition Hall of the Nassau Veterans Memorial Coliseum. It is the annual sale of lost and unclaimed property by the Nassau County Police Department.

The primary category in the sale is the bicycle. There are 251 of them, all in working order, ready for auction. There also are 27 lots of broken bikes, which will be sold in combinations of five. That is, parts of five bicycles will be in each lot.

## Canine Companions Make the 'Impossible' Possible

By JANET BENSON

The bond between a young man and his dog is legendary, but the bond between Andrew and Charger transcends legend. Andrew is a 15 year old victim of cerebral palsy and Charger is a Golden Retriever trained to assist him with everyday tasks.

Both human and dog were taught by Canine Companions for Independence, a non-profit organization in California, which trains dogs to assist people with disabilities other than blindness. During his six months as a student, Charger learned to respond to 89 commands and when Andrew joined him for his two week training session, they became a world class team.

Now after two years, they are closer than family. The day begins with Andrew's command "light" and Charger turns on the light. Charger then helps Andrew get ready for school by bringing his clothes, which had been laid out the night before, and the crutches he uses around the house.

At the command of "pack," Charger brings the back pack he wears to carry Andrew's books and other school supplies. Also, the pack has a handle Andrew holds when Charger pulls his wheel chair which he uses outside his home. They then board the school bus together and their work day begins.

At school, Charger stays patiently at Andrew's side waiting to serve. He picks up anything Andrew drops and carries completed assignments to the teacher.

After school, they may go to the shopping mall, where Charger gives the money to the sales clerk if the counter is too high for Andrew.

Having Charger has many benefits besides physical independence according to

Andrew's father. He explained that people used to shy away from Andrew, seeing only his disability but now they see the beautiful dog and are friendly. Also, being Charger's master has taught Andrew to speak more clearly since he must give commands that are easily understood.

Although Andrew lives in Setauket, he had to go to California to train with Charger. But now, after 12 years on the West Coast, Canine Companions is coming East. Currently, possible sites are being examined in preparation for the creation of a regional center to serve the Northeast.

A current need on Long Island is foster homes for puppies. Labrador Retrievers and Border Collies, as well as Golden Retrievers, are among the breeds available for adoption. Pups are raised in private homes for their first year in order to learn social manners and basic commands. At 15 months of age, they are returned to Canine Companions for their advanced training.

Dogs such as Charger, called service dogs, are not the only type trained by Canine Companions. They also train signal dogs to alert hearing impaired people to sounds; social dogs to work with individuals or institutions as part of pet therapy programs; and specialty dogs to meet the needs of seniors or people with multiple disabilities.

For more information about the services Canine Companions offer, or about providing a foster home for a puppy, write to Canine Companions for Independence, P.O. Box A472, Wantagh, N.Y. 11793-0472 or call 785-4755.

Andrew's father summarized the impact that a dog can have when he said, "Andrew used to say, 'I can't do it,' now he says, 'If I can't do it, Charger can.'"

### A Letter from Lulubelle...

...Here it is Spring and to many it's spring cleaning time...Do you remember how the "great change" came over the house as summer approached?...First of all, all the draperies and curtains had to be taken down, cleaned and aired and stored away...Then, all the rugs were taken up, hung over the clothes line in the backyard, and beaten with a rug beater...Just in case you are really too young to know about rug beaters—they were usually made of a sturdy ratten in a rather pretty design of woven reeds on a long handle (in fact, some of these rug beaters have become very decorative "objets d'art" to be hung on walls in homes of the country-decorating type)...Now the rug had already been thoroughly done with the carpet sweeper (you do remember them!) but the winter's dust was still imbedded in the fibers...The rugs over the line were struck forcefully with the rug beater and all the dust sailed out—where?—you guessed it—over the welder...Most of these workers covered their heads with a towel turban to protect their locks...The rugs were stored and "summer rugs" which were, in my memory, referred to as something that sounded like "Krex rugs", were placed on the floor. They were a kind of sisal and light looking for the dog days ahead...then there were the cretonne slipcovers for all of the furniture and most of the knickknacks were packed away...The porch screens were put up; the glider and wicker rockers returned to the veranda, and lastly, the awnings were hung at the windows...It was a time before air conditioning and all the windows were left open day and night except during a thunder storm—and we never even thought of burglars...Ah, those bygone summers—but please don't take away my air conditioner!

Yours, Lulubelle

### What the Politicians are Saying...

ASSEMBLYMAN FRED PAROLA (R-C Wantagh) has announced that applications for the New York State "Empire Passport" which provides free admission to state tourist attractions are available at his office and at the offices off all the other Assemblymen in our area. The Passport can be obtained for \$25 and can provide substantial savings over a year's time. The passport can be used for entrance to Jones Beach, Bethpage State Park, and state operated golf courses as well as the state parks and tourist attractions.

SENATOR DEAN G. SKELOS has announced Senate passage of a bill he sponsored to prevent discrimination in the hiring of persons with a history of cancer. The bill will amend the Civil Service Law by adding a new section to address the employment of persons having a cancer history. Certain current civil service standards call for the automatic disqualification of any applicant with a history of malignancy.

\*\*\*

FROM CONGRESSMAN NORMAN F. LENT:

The House of Representatives has approved legislation which offers consumers long overdue protection against the unfair "holds" some banks impose on funds deposited by check. The bill, the Expedited Funds Availability Act, would limit the number of days that a bank can restrict access to funds deposited in an account. I have heard numerous complaints from frustrated constituents who must wait anywhere from three days to three weeks before being able to withdraw needed funds. Even Social Security and other government checks drawn on the US Treasury have been subjected to holds. I am concerned over the hardship and inconvenience this causes consumers.

ASSEMBLYMAN LOUIS J. YEVOLI has been appointed chairman of the Assembly Committee on Commerce, Industry and Economic Development. The committee is considered to be one of the most important in the legislature because of its impact on all commercial and business development within the state.

US REPRESENTATIVE ROBERT J. MRAZEK (D-Centerport) has introduced legislation to mandate standards for emissions of toxic dioxins from municipal waste-combustion facilities. Rep. Mrazek said that his legislation stems from research done by the Swedish environmental protection agency...which found that existing technology could solve the problem. Emissions can be reduced in the incineration process by making combustion more efficient and by implementing more advanced flue-gas cleaning. He said, "While it is clear that we can no longer simply bury our garbage out of sight and mind, we also must take pains not to create a new environmental nightmare through incineration."

ASSEMBLYMAN GREGORY R. BECKER (R-C, Lynbrook) has announced that training seminars for providers of care to the elderly will be offered free of charge by the New York State Office for the Aging. Participation is limited and those interested in registering are urged to call 518-474-5444 or locally 516-593-3980.

## Kiwanis Club Helps Hicksville Youth

Last December, an appeal went out from Trinity Lutheran Church to help a Hicksville boy who had Muscular Dystrophy. Donations were received from numerous sources to buy a van to help transport him to the doctor school, church, etc. The van has since been fitted with a lift so that Keith Gaynor and his wheelchair can be raised up into the van where the chair can be secured for safe transportation.

On Friday, May 15, contributors towards

the van for Keith were invited by the Rev. Dr. John H. Krahn, Pastor of Trinity Lutheran Church, Hicksville, to see the latest hi-tech wheelchair lift installed in the vehicle.

Keith and his mother and brother very obligingly demonstrated to those present how well the lift functioned.

Among those contributors present on Friday were some representatives of the Hicksville Kiwanis Club.

(left to right): KIWANIAN JOHN FITZPATRICK alerted Hicksville Kiwanis of the need for a van with a wheelchair lift for Keith Gaynor, a Hicksville boy who has Muscular Dystrophy. Rev. John Krahn initiated the fund drive. Keith Gaynor, in his wheelchair, Mrs. Gaynor, and Kiwanian Michael Capaldo arranged for the purchase of the van.

JERICHO CHIEF SCHIRALDI and Hicksville assistant chief, Pat Scanlon, discuss strategy at command post for the "mocked" fire at George Jackson School, Jericho.

## Mock Disaster Strikes in Jericho

By Lt. BOB WILLIAMS,  
member of the department of training  
at the Jericho Fire Department

Suddenly there was an explosion. Seconds later the alarm sounded. Mr. McMillan (the principal of the George Jackson School) noticed smoke coming from the boiler room. He thought, his first responsibility is to insure the safety of the children. He fought off the urge to investigate exactly what the problem was in his school. Forty five seconds later the school was empty. Everybody was accounted for except the two custodians and the person who was working on the boiler.

The emergency phone rings at the Jericho Fire Department. The fire siren starts to blow and the dispatcher signs on with "KEG 503 Jericho Fire Department on the air with an explosion and fire at the George Jackson School on Maytime Drive." "9401 at scene. Give me mutual aids from Hicksville, Westbury and East Norwich," said the chief of Jericho. He was met by the principal who told him "all my children are accounted for. Two custodians and the boiler technician are still in there. The boiler room is the last door on the left down the main hallway."

The first fire engine and hook and ladder trucks arrive. The engine crew brings a fire hose to the door of the boiler room. There job is to contain the fire while the truck companies search the building. Hicksville's ladder truck arrives and is sent around to the back. Westbury's Heavy Rescue arrives and covers the south side of the school. East Norwich is sent to the north side. One fireman claims, "the smoke was so thick you can't see four feet in front of you". From somewhere in the smoke you could hear someone yelling, "Help we're in here!". As the men enter

the boiler room, about four feet from the stairs, they see blood on the floor then a few feet more and the first victim is found. He is carried to the top of the stairs and placed on the ground about 10 ft. from the building. The firemen turn the patient over to the medical company and go back into the building. Another victim is brought out and then the final worker. The technician is burned and cut badly. A Nassau County Police helicopter is on hand to treat and airlift the burn case. It was only a matter of seconds before she was in the air and on her way to the hospital.

The drill is over, the fire is out. It's time to give out the grades. The evaluators were from the Nassau County Fire Service Academy. The principal's grade was excellent. He knew exactly what to do and reported the information to the fire chief when he arrived. He stayed with the chief throughout the drill, because he knows more about the school than anyone. The children's grade was excellent. They left the school quickly and quietly. They were positioned well out of the way of the fire operation. The fire departments' grade was excellent. All the departments worked well together and carried out their duties well. The smoke machine and fake blood helped to simulate actual conditions.

This drill proves that our schools are well prepared in the event of a fire. For the six or so hours your children are in school, they are safe. What about when they are at home the other 18 hours a day. Have you ever had a fire drill at home? The Jericho Fire Department wants to do themselves out of a job. Starting in September, they will be giving a one night class at the firehouse. After the class the fire department will visit your house to observe your fire drill. They will issue you a "THIS HOUSE IS SAFE" Certificate.

## Midland Civics Spruce Up Hicksville

By GERT PAUL

Saturday, May 9, has been designated as Hicksville Beautification Day by Councilman Tom Clark and Kevin Conologue, assistant to Oyster Bay supervisor John Colby. The Midland Civic Association responded in force as more than 40 members turned up to help. Armed with painted sticks, rakes and large bags, they first cleaned their designated area, the fountain park. Since members of the Kiwanis Key Club and volunteers from the Montana family also helped in the same area, the job was done early. The Midland Civics

then decided to use the remaining time by cleaning up their own immediate area and remove debris on Bethpage Road from the railroad to the junction at Broadway, where both residential and commercial areas were targeted.

The Beautification Committee of the Midland Civics has been trying to "turn our town around" and make it a place to be proud of. They hope to stir the awareness of all Hicksville residents and businesses so they will each do just a little to beautify "their" home or business.

MIDLAND CIVIC MEMBERS participated in Hicksville's Beautification Day.

LARRY, DEBBIE and HILARY Weinstein recently took part in Beautification Day. Larry is president of the Midland Civic Association.

MARGARET YASUS and Elle Draycott spruce up Hicksville while participating in Beautification Day.

## High Notes In Hicksville's Musical Heritage

By HOWARD J. FINNEGAN

The implication, while not attributed to or claimed by him, that the community of Hicksville had a stunted musical growth before the emergence of Billy Joel, is wrong. Surely the high point of Mr. Joel's talent is acknowledged and admired. However, those who indulge in reflected glory with such statements as "He put Hicksville on the map" are short sighted.

In 1957 Hicksville was represented by two outstanding contributors to the recording industry. They were the Cunningham brothers, Jimmy and John, who wrote their own chart-busting song called "Jo-Ann." It zoomed over the 100,000 sales mark in two short months. All this occurred while they were students at Hicksville High School.

Thirty years ago record cutting that reached sales of 100,000 was very impressive. While not of a magnitude of the deserved success of Billy Joel, the Cunningham attainment is a proud thread in the fabric of Hicksville life.

At the same time of the "Jo-Ann" recording another song was written called the "Naughty Lady of Shady Lane." It was written as a salute to a new born daughter by her father. The family lived on Shady Lane (only

house on the abbreviated block) which is to the west of Allied Shopping Center, off Jerusalem Avenue. Many artists recorded various renditions and it floated in the top ten for many weeks.

Hicksville's cultural status was raised to a distinguished position by the choral society founded by Dr. Elwood and Mrs. Anna (Voight) Curtiss. The singing group was formed in the late 1920's and flourished for almost three decades. It was the forerunner of county and island-wide choral societies.

Premier performances were given annually at the Cathedral of the Incarnation, Garden City, and the Jones Institute for the Aging, which was located on West John Street. The property is now owned by King Kullen Supermarkets.

For many years the Hicksville School District was praised for its outstanding musical programs.

The awards stopped coming when a reorganization eight years ago obliterated the program. This occurred during the short administration of Russell Hawkins.

One of the shining hours in the history of the community was the success—including a national championship—of the St. Ignatius Drum and Bugle Corps.

Best Wishes to

## Obituaries

### Alice C. Mahoney

Alice C. Mahoney, a resident of Arlington, Mass., formerly of Hicksville, passed away on May 17.

Pre-deceased by her husband, William J., Mrs. Mahoney is survived by her daughter, Mary Ellen Mahoney, her son-in-law, Mark S. Lunardon, her sister, Mary E. Smith, and her grandchildren, Claire and Timothy Lunardon.

A Mass of Christian Burial was said at Our Lady of Mercy R.C. Church on May 20. Interment followed at Long Island National Cemetery under the direction of Plainview Funeral Home.

STEVE TOMAINI'S fourth grade class at East Street School recently participated in "Beautification Day" by cleaning up a lot in the town of Oyster Bay.

## A Powerful Lesson In Civic Awareness

By GERT PAUL

Steve Tomaini, a fourth grade teacher at Hicksville's East Street School, wanted to teach his class a lesson in community awareness. Hearing about "Beautification Day," his class decided to be part of this valiant effort. The results were spectacular. A lot owned by the town of Oyster Bay was covered with debris. The children cleaned it up, creating an oasis of beauty, but also, more important-

ly, learning a lesson in community service and pride in giving of yourself. They set a splendid example that will, hopefully, be followed by people, old and young, all over the town, who will think more about "picking up" than "throwing down." The Midland Civic Association has been actively pursuing Hicksville Beautification. Mr. Tomaini is saluted for a job well done.

ARE YOU A DONOVAN

### BRIDGE LOANS

Traditional wisdom says that first you sell your old house and then you buy the new one. It makes some sense, especially if the equity in your old house is your only source of funds for the new one. But there is an alternative: the bridge loan, which bridges the gap between cash on hand and that needed for down payment and closing costs.

Such borrowing may be a good idea when a buying opportunity—special value or special price—presents itself before you can sell your old home. It's particularly valuable when a transferee must move before a home can be sold in the old location. A bridge or equity loan is usually limited to 75 percent of the home's value.

The best deal in a bridge loan usually comes from those lenders who offer the service as an accommodation for their mortgage customers, rather than as a profit center in itself.

## Rosemary Amphitheatre Top Reopen

An outdoor theatre which attracted the entertainment superstars of the early 20th century to the former Roland Conklin estate in Lloyd Harbor, is being reclaimed from the underbrush after 60 years of inattention for a June 7 performance by Riverside Shakespeare Company to benefit the C.W. Post Summer Arts Festival.

The show, scenes from "A Midsummer Night's Dream" acted by a touring group of the Riverside Shakespeare Company, is scheduled to begin at 5 p.m. on Sunday, June 7. Tickets are \$35 and can be reserved by calling C.W. Post School of the Arts at 209-2395.

Rosemary Amphitheatre, a 4,000 seat, open-air stage facility, was last used in the early 1920's. From the initial presentation there, a performance of "As You Like It" in 1921 to benefit Huntington Hospital, until it was sold to the Seminary of the Immaculate Conception in 1924, the amphitheatre was the setting for the work of theatrical and musical luminaries such as Sarah Bernhardt, Ethel and John Barrymore, John Phillip Sousa and Helen Hayes. Miss Hayes is honorary chairman of the benefit.

Restoring the amphitheatre to its former splendor was the idea of Mrs. Paul Penoyer of Locust Valley, who discovered the

abandoned open air theatre in the 1950's when she attended a wedding held on an estate neighboring the seminary. When Dr. Joyce Rosa, assistant dean of the School of the Arts C.W. Post and a former teacher of Mrs. Penoyer, recently asked her for suggestions for summer arts festival fund-raisers, Mrs. Penoyer advocated restoration of the amphitheatre. Monsignor John Strykowski of the Immaculate Conception seminary agreed to the project, and volunteers from C.W. Post and Riverside Shakespeare project have been working to clear the land for the last two months.

Money raised by the benefit will fund scholarships to workshops in this year's C.W. Post Summer Arts Festival and an open-air production of "A Midsummer Night's Dream" which will be staged in the C.W. Post Rose Garden in late July or early August.

Additional entertainment at the benefit will be provided by the C.W. Post Madrigal Singers and Merewether Consort.

For information about the benefit performance or about the C.W. Post Summer Arts Festival, contact Dr. Joyce Rosa, Assistant Dean, School of the Arts, C.W. Post Campus, Brookville, 11548 or call 209-2395.

BRODERICK AND FRIEND

### PROJECT X

Part animal rights message, part suspense story, this film mainly involves the plight of adorable chimpanzees exposed to lethal doses of radiation. Matthew Broderick stars as a young airman, assigned to care for the chimps, who questions the necessity of the Air Force research program that leads to the animals' deaths. To no one's surprise, the cute chimps upstage the human actors. But most of this monkey business is manipulative and pedestrian, except for a satisfying ending. (PG)

NICK NOLTE

### EXTREME PREJUDICE

Hard boiled, shoot, snuff, and snuff on the Tex Mex border and involving drug smuggling mixed up with freedom, military, commandos, Nick Nolte plays the squinty eyed Texas Ranger who confronts his boyhood pal - Powers Boothe - now a sleazy drug kingpin. Director Walter Hill keeps the action moving at high speed. And there are so many shootouts with automatic weapons that most cast members end up looking like Swiss cheese. The film emerges as ridiculous by the time the gun smoke clears. (R)

### HEAVEN

Diane Keaton directed this somewhat pointless documentary about the conception of the afterlife. She interviews the devoutly religious, the young, the elderly, some kooks and even boxing promoter Don King. The answers are hardly surprising or enlightening. Laced among the questioning are scenes of Hollywood's version of heaven from such movies as "The Green Pastures" and "The Horn Blows at Midnight." One respondent declares heaven is a relief for tired feet. Give us a break. Diane (PG-13)

### WILD THING

The Tarzan legend is transplanted to the American city jungle in this lame story overloaded with cardboard characters and silly dialogue. The title character (Rob Knepper) is an abandoned boy who grows up on his own amid the mean streets of dope dealers, bag ladies and hookers. There he becomes a mysterious street warrior who despises The Establishment, fights criminals and even comes to the rescue of a social worker named Jane. (Kathleen Quinlan) Poor direction and second-rate acting abound. (PG)

## Hofstra to Host International Conference

Hofstra University will receive a special \$20,000 legislative grant to sponsor an international conference on Shellfishing and Coastal Resources Management August 19-21, 1987. Senator John R. Dunne (R-Nassau) has announced.

The special state monies were included in the 1987-88 State Budget, Senator Dunne said, to help Hofstra and other civic, educational and community-oriented groups in his Senate district continue or expand their programs and services.

The conference will bring together scientists, fishermen, industry representatives, and government officials to discuss environmen-

tal and practical issues relating to the shellfishing industry on Long Island, according to Terry L. Baker, Associate Dean of the Hofstra School of Education.

"Presenters will come, not only from the Long Island area, but from around the world to discuss solutions for some of the serious problems facing our fishing community," Baker said.

"Senator Dunne's help in securing partial financing for our conference is greatly appreciated as the conference will be of great benefit to the Long Island Community and Hofstra University," Baker added.

Ten players on the Dowling College Golden Lions baseball team have been named as Knickerbocker Conference Division II All-Stars. Dowling's representation on the All-Star list is greater than any of the other Knick Division II teams, Concordia, Mercy, Adelphi, and Queens.

Named to the first Team All-Stars are: Jeff Intemicola, second base; Peter Belyea, third base; Dominic Spano, outfield; Joe Vitale, designated hitter; and Bob Hollander, pitcher. Honorable-mention honorees are: Charles Rivera, first base; Scott Smith, shortstop; Steve Cohen, outfield; Doug Landwehr, catcher; and Alan Anderson, pitcher.

Intemicola (senior from Northport) batted .418 in conference play and .400 overall. The right hander led the Golden Lions in slugging percentage, home runs and runs scored. This is the second season that Jeff's fielding as well as his batting have earned him a place among the best Division II baseball players in the NY metropolitan area.

Freshman Peter Belyea, one of the most sought after high school ballplayers on Long Island, led the Dowling baseball team in hits and batting average. During the '87 season, the freshman's consistent field play and batting earned him Knick Player of the Week.

Dominic Spano, graduate of Christ the King H.S., led the Golden Lions in doubles and batted .368. Spano's strong arm was a powerful asset in the Dowling outfield.

Joe Vitale (sophomore from Northport), chosen as the conference's

designated hitter, provided the Golden Lions with a strong showing on the mound as well as batting .473 in Knick games. Joe led the team in RBI's and triples, and was named both Player of the Week and Pitcher of the Week in Knick play during the Season. Vitale was featured on a Viacom Cablevision television broadcast for his contribution to local sports.

Bob Hollander was undefeated from the mound after pitching five games (four complete) for the Dowling baseball team. The right-hander succeeded in leading the Lions' pitchers with an ERA of 2.06. Hollander was named Pitcher of the Week during the '87 season. Rivera's steady play at first base enabled the Lions to hold opponents to 100 fewer runs scored than Dowling.

Scott Smith (freshman from Division in Levittown) batted .408 overall and .362 in Knick Conference games.

Steve Cohen (senior from Farmingdale) led the Golden Lions in stolen bases as well as holding out at the plate for the second greatest number of walks. Cohen's batting average of .293 in Knick play is an indication of the outfielder's eye at the plate.

Doug Landwehr provided steady play behind the plate throughout the '87 season. Doug led the Lions in walks and had an overall batting average of .363.

Alan Anderson (freshman from Brentwood) led the Dowling baseball team with the most strikeouts of any pitcher. Al threw for the best winning percentage (1.000) in Knick Conference games of all pitchers on the Dowling team.

## Nassau Sports Review

By JACK WHITE

Playoff time is here in all high school sports and that provides an opportunity for a little crystal ball gazing. If these predictions turn out to be totally wrong, I'd like to deny I made them, so please don't save this column.

**BASEBALL:** Levittown Division, MacArthur, Baldwin and Garden City were the semi-finalists. Division has won nine straight league titles and two of the last three county championships. The Blue Dragons look very strong after a slow start and coach Doug Robbins is a real pro. Look for Division to play the defending champ, Glen Cove, in the finals. The Big Red under veteran coach Jon Dolecki and featuring slugger Desi Wilson will win a three game series.

**BOYS' LACROSSE:** Class A is stronger this year with improved Farmingdale, MacArthur and Calhoun teams challenging Garden City's two year winning streak. The pick here is Garden City over Farmingdale in a close final game. Elmont is the best of the Class B teams. The Spartans will beat Bethpage for the trophy.

**GIRLS' LACROSSE:** Carle Place is the dominant team in this sport and there is no reason to believe that 1987 will be any different.

**BOYS' TRACK:** Uniondale lost the county title to Lawrence last year after eight straight

championships. This year the meet is divided into classes A and B. Uniondale's Knights will be back on top with Garden City and Lawrence battling for second. In the first B Meet, Wantagh will win a close contest.

**GIRLS' TRACK:** Uniondale's girls will match the boys and take home the trophy.

**SOFTBALL:** Hicksville and Levittown division are two of the highest rated teams in the state. The Cornets feature no-hit pitcher Kim Zagajski while the Dragons' pitcher Jill diMonda has won all 18 starts this year. Those teams will meet in the final and Hicksville will win, 1-0, in the deciding game.

**GOLF:** Garden City has won three of the last four tournaments. The Trojans are 17-1 this year. Long Beach accounted for the loss, breaking a 51 match league winning streak. The Marines could make it close in the Sectional Tournament.

**TENNIS:** Great Neck North is always a good bet and we'll go with the Blazers to take the team competition.

**BADMINTON:** Freeport, Roslyn, Manhasset and Lynbrook are strong. This may be Freeport's year to edge Roslyn.

So, I'm out on the proverbial limb. If I'm right on some of these picks, be sure to mention it to your friends.

The event will be held at the Old Westbury Golf and Country Club. Proceeds will benefit Schneider Children's Hospital of Long Island Jewish Medical Center.

Outing events include a golf tournament chaired by Steven Howard of Roslyn, Lowell Kwiat of Muttontown and Robert Greenberg of Great Neck. A luxurious new car will be awarded to the golfer who scores a hole-in-one. The Pro-Am tennis tournament is chaired by Alex Levy of Great Neck and Michael Rosenbloom of Dix Hills.

### Recorded 18 Straight Wins

Hicksville High's varsity baseball team won its last 18 straight to share the 1987 American League Championships with East Meadow.

The most impressive aspect for the overall 19 won, three loss campaign was the effectiveness of the pitching staff.

Coach Bill Hilsky has a four-man pitching staff that produced a season of high excellence for the orange and black.

The 19 victories solidified Hicksville's record as the school with the most diamond wins in Nassau County history.
