TO YOUR HEALTH

By RICHARD H. BLAU, M.D.

Back Pain May Have Many Causes

One of the most common medical problems referred to a rheumatologist is chronic back pain. Back pain may affect over one half of all Americans some time in their life, and is one of the leading causes of work disability in this country.

Frequently, back pain results from arthritis of the spine, spasm of the back muscles, inflammation of the joints in the back, or pressure on the spinal nerves. This pain can occur at rest, or with movement, such as walking. Additionally, emotional stress and tension can produce back pain. In fact, anything that puts pressure on the spine may result in back pain.

The discomfort of back pain may be only an occasional dull ache, or a severe, sharp, debilitating pain. Most back pain resolves by itself. However, if the pain is very severe, persists, or is associated with pain or numbness in the legs, you should consult your physician.

Proper treatment can only begin once the cause of the back pain is known. A comprehensive examination, including

a complete medical history, and a physical examination are usually required. X-rays, as well as blood tests may be needed to aid in the exact diagnosis.

Fortunately, most back pain can be successfully treated without the use of surgery. Depending on the diagnosis, and if your symptoms do not improve, you may be referred to a rheumatologist (a specialist in arthritis and muscle disorders).

Your rheumatologist can establish an individualized medical program. This may initially involve bed rest, analgesic medication, and local heat. Special anti-inflammatory medications, specific exercises, and physical therapy may also be required if the pain is persistent. You should keep in mind that most back pain will improve with proper medical management, and needless pain could be avoided with prompt medical attention.

Pregnancy & Childbirth The Winthrop Approach

The most frequently asked questions

Q. What are the different options for childbirth?

A. Today, most women choose to be awake and aware during a delivery which encourages the husband's participation under the supervision of your obstetrician. Many women opt for prepared childbirth, which can be directed by a physician or nurse-midwife, in a home-like setting at the hospital. Cesarean section, a surgical procedure, is used when intervention is necessary for the health of the mother or child. Today, Winthrop-University Hospital is a leader in encouraging women who have had Cesarean sections in the past to deliver subsequent babies naturally.

Q. Will my baby be healthy?

A. The chances are overwhelmingly yes. But, no one can answer that question with 100% accuracy. However, there are some procedures and services that you should be aware of that can help reassure you during your pregnancy. Genetic counseling, amniocentesis, sonograms and fetal

heart monitors are available to assist your physician. These and other "high-tech" devices may be used during the birthing process. And that's why we at Winthrop seemingly move in two directions at once—having the best technology available, but in a setting as natural and as personal as possible.

Q. What happens after the baby is born?

A. Every hospital has its own routine. At Winthrop-University Hospital, we believe that the bonding which takes place after birth between parents and the new born is critically important. At our new Maternal Child Care Center, the baby and its new parents spend their first hour after delivery together. We also provide rooming in and special visiting hours for fathers and siblings. And when you and your new baby are ready to go home...why there's even a teddy bear to go along with all the instructions and samples that make the first days home easier.

The Maternal Child Care Center at Winthrop-University Hospital offers a complete range of services for the entire family, under one roof. Galileo Lodge News

By Joe Lorenzo

PRESIDENT JOE GIORDANO'S MESSAGE:

'It is not easy to find happiness in ourselves, and it is not possible to find it elsewhere'. Old Saying

We wait patiently (perhaps even impatiently) for something nice to happen in our lives. Something a little different, a little better or just something a little more exciting. And there are times when we are rewarded, like, for example, the waiting we have done for the Testimonial Dinner to be given in honor of ex-president Mary Monteforte on Friday, June 19 at the Galileo Lodge. Tickets are still available, so why not call Sue Laurenti (WE1-0036), the chairlady, or her co-chairlady, Mary Sarra (433-6280), for tickets and seating arrangements. As is obvious, all personnel of the Galileo Lodge and the Ladies Auxiliary are urged to attend this dance in strength, in order that a beautiful tribute be paid to ex-president Mary Monteforte. A cocktail hour (wine and cheese included), a terrific hot dinner, beer, soda, coffee and cake, unlimited liquor and music for your listening and dancing pleasure will be a part of the night's proceedings. Tickets sell at \$22.50 per person, a modest sum for all that you will be getting on that night.

The next activity that the Galileo Lodge will concentrate on is its Scholarship-Anniversary Dance scheduled for Saturday, September at the Galileo Lodge. This dance is very special to the Galileo Lodge, not only because of the handing out of the Louise E. Massiello Memorial scholarships but also because ex-president Pete Massiello will be honored. And needless to mention that everyone associated with the Galileo Lodge is fully aware of his outstanding performance as head of the Galileo Lodge for a number of years. Tickets for this dance will sell at \$35 per person, and in the offering will be a terrific cocktail hour, a sumptuous dinner with all the trimmings, beer, coffee and cake, soda, set-ups, unlimited liquor and music for your listening and dancing pleasure. The music will emanate from the enjoyable and pleasurable musical repertoire of Richy Lagnese, whose wonderful and tasteful music gave a new meaning to the children's Xmas parties at the Galileo Lodge. An Ad Journal will be a part of the proceedings also. Skip Monteforte will chair this dance, ably assisted, all members of the Galileo Lodge and Ladies Auxiliary are requested to attend in great numbers in order that a fine tribute may be paid to ex-president Pete Massiello.

Maybe it's the weather, which makes the outdoors a blessing, or maybe it's the August month when picnics are in full force. But whatever the reasons, the Galileo Lodge's picnic is scheduled for Sunday, August 9 at Eisenhower Park. From past experiences or from past associations with Galileo Lodge's outdoor activities, it is a foregone conclusion that partaking of these activities will provide you with enough enjoyment, relaxation and leisure to last for a long time. The food, the fun and the atmosphere engendered by Galileo Lodge personnel and its friends tells us that this is another activity held by the Galileo Lodge that merits your attention and attendance. After all, these outdoor picnics are planned and held for everyone's edification, so please keep this dance in mind for this coming August. Skip Monteforte and Joe Crivelli are some of the members involved in this activity. Call 931-9351 for more details, and as the saying goes, you'll be glad you did.

Please be reminded once again, dear members, that help is always needed for the Galileo Lodge's bingo sessions.

Preschool Graduation At Woodland School

Preschool graduation at Woodland Avenue School was held on May 12. Dressed

in their best clothes and wearing graduation caps, the children entered the school's all-

purpose room. Following the procession, the proud graduates sang "I'm a Little Teapot", "The Bus Song", "Sunshine" and "A-B-C" which they learned during their pre-school sessions.

The graduates were Jessica Agosto, Monika Baron, Katie Dillan, Timothy Gagliano, Nicole Giunta, Andrew Hoffman, Robert Hordern, Tanya Kotowicz, Chuck Lau, Christopher Marvelli, Joseph Mianulli, John Mohrman, William Moore, Christine Nolan, Richard Robinson, and John Wu.

Pre-school sessions were held twice weekly at Woodland Avenue and the children could attend one or both sessions. Mrs. Debbie Hordern, Mrs. Eileen Hoffman and Mrs. Janice Nolan, members of the Woodland Avenue P.T.A. executive board, planned the activities and supervised the children. During the year, the pre-schoolers met the school's principal, Dr. Manus Clancy, the nurse-teacher, Mrs. Mary Macklin, the physical education instructor, Mrs. Elizabeth Way-Stouger, and their kindergarten teacher for next year, Mrs. Nancy Baron. This program is an excellent approach to introduce the children to their school and some of the teachers, as well as an educational and fun activity.

PRE-SCHOOLERS at Woodland Avenue School celebrate at their graduation ceremony.

Correction

Joseph Barry's name was incorrectly spelled in the Memorial Day Roll of Honor, May 21 issue.

Joseph Barry Knights of Columbus, Hicksville, was named in honor of Mr. Barry. He died in France on November 3, 1918, and was buried in the Suresnes American Military Cemetery, Seine, France.

Fork Lane Awards Life Membership

By A. EICHENAUER

Mary Schreck, a first grade teacher, has been awarded a life membership award from Fork Lane School.

Mrs. Schreck came to Fork Lane in 1961, right after the birth of her third child. She had been teaching previously in an elementary school in Brooklyn for several years.

Having graduated from Hunter College with a bachelor's degree in liberal arts, Mrs. Schreck decided to return there and obtain her master's degree in education.

Upon arriving at Fork Lane, Mrs. Schreck began teaching the third grade. The following year she began to teach the first grade and has been doing so ever since.

Mrs. Schreck is married and has four children, two sons and two daughters. She recently became the grandmother of Diana Leigh, a baby girl who was born in October. Mrs. Schreck hopes to continue teaching at Fork Lane until her retirement.

MARY SCHRECK, first grade teacher at Fork Lane School, thanks the P.T.A. for awarding her a life membership.

Don't Miss The Hitch!

Giese Park Civic Association to Meet June 15

The Giese Park Civic Association will hold its regular membership meeting on Monday, June 15 at 7:30 p.m. in the community room of the Hicksville Public Library.

At this meeting, Mr. William P. Bennett, president of the Hicksville Board of Education, will give a presentation of the revised school budget which is being put to a vote on Wednesday, June 17. The initial budget was defeated on May 6 by only 54 votes. Mr. Ben-

nett will answer questions pertaining to the new budget including the modifications proposed by the board. This issue is an important one because the outcome of the vote affects all members of the community. The association urges its members to attend as well as go out and vote on Wednesday, June 17. For further information, contact Tom or Fran McGovern at 938-7300.

Rule Change Will Reduce C.O.D. Fraud

"Mail fraud schemes connected with Collect-On-Delivery (C.O.D.) mail will be significantly reduced starting June 7," says Roger Nienaber, Hicksville division general manager/postmaster of the U.S. Postal Service. This is the day when the new postal regulation, recently approved by the Board of Governors of the U.S. Postal Service, is enacted.

The rule change will give consumers a self-help method of combatting fraud. If there is some problem with the merchandise, the addressee can stop payment on the check before it is received and cashed by the mailer.

Instead of receiving a Postal Service money order or having the article returned, the mailer would receive a personal check. Previously, the regulation required payment to be made by check made payable to the Postal Service or by cash. A postal money order would then be issued and sent to the mailer.

The Postal Inspection Service estimates that consumers and business losses due to C.O.D. fraud are in excess of \$13 million annually. In 1985, approximately 600,000 parcels, five percent of all C.O.D. packages, were directly connected to some deceptive scheme.

Time Warp Dance To Benefit Youth

A time warp dance, sponsored by the student government of Hicksville High School, was recently held to help raise money for a new van and wheelchair lift for Keith Gaynor, a Hicksville boy who has Muscular Dys-

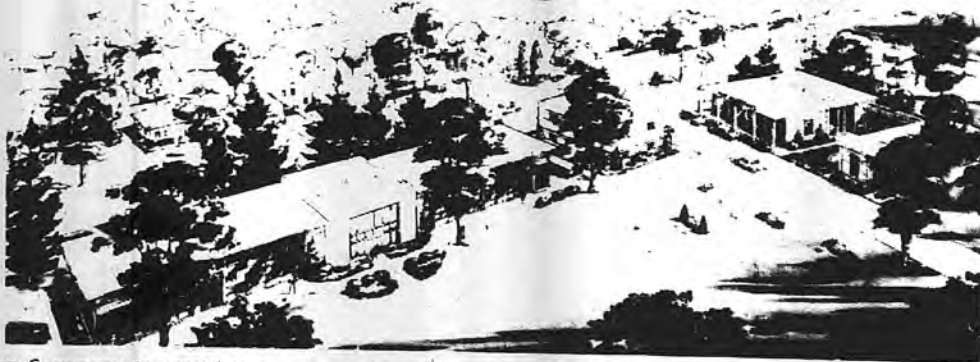

trophy.

All the proceeds were given to Keith, a member of the Trinity Lutheran Church, and the van will help Keith be transported to and from the doctor, school and church.

PETER FLYNN, PRESIDENT of the student government at Hicksville High School, presents Keith Gaynor, a Hicksville youth with Muscular Dystrophy, with a check of the proceeds raised to help purchase a van with a wheelchair lift to transport Keith. New You Diet Tips

By RUTH WISE and HARRIET BLANK

In this column you will find many ways to challenge your dieting problems by changing some of your behaviors and attitudes that may be self-defeating. While you are learning "what" to eat, you will also learn effective techniques for managing "how" you eat.

"New You Diet" tips are designed to help you 1) develop self-control and self-confidence, 2) avoid the "yo-yo" syndrome of losing and gaining the same weight over and over, and 3) deal with social pressures and the many stresses associated with dieting. We offer practical advice that will leave you feeling good about yourself.

1. Take 20-30 minutes to eat each meal. Experiments have proven that a meal must last at least 20 minutes before you will begin to feel satisfied. EAT SLOWLY and savor your meal!

2. Eat sitting down in a proper place. When you do this, you become more aware of what you are putting into your mouth. Avoid eating on the run. Treat yourself like company and set out a dish, stemware, cup and saucer, and napkin. SIT DOWN, relax and enjoy.

3. Keep a food diary prepared in advance. Write down the meals you are going to prepare on a weekly basis and shop for these foods ONLY. If you must have high calorie sweets in your home for your family, keep them out of sight and well out of reach.

4. Get someone to clean up and put away the food. Eliminate the temptation to

snack on leftovers. While a family member is taking over this chore for you...

5. Go out for a walk. A brisk 20 minute walk is good exercise. It will aid in digestion, lift your spirits and melt away the stresses of the day.

Try our delicious recipe for "New You Diet" Chili. Sit down and take the time to savor each tasty bite! The enjoyment of this wonderful dish will last longer if you eat slowly.

"New You Diet" CHILI

1 lb. Ground Veal (or chicken or turkey)
3/4 Cup Tomato Juice
3/4 Cup Canned Mushrooms (drained)
3/4 Cup French Style String Beans
4oz. Onions - Chopped

1 - 2 Teaspoons Chili Powder (or to taste)
Put veal in a silverstone skillet and brown meat. Add tomato juice, mushrooms, string beans, onions and chili powder. Simmer for 25 minutes. Stir occasionally. Makes 2 dinner portions.

"NEW YOU DIET" TIP OF THE WEEK: Think of yourself as your own best friend.

The "New You Diet" classes meet at:
• Stern's Mid Island Plaza, Hicksville, 3rd floor employees lounge Wednesdays 6:30 p.m.
• Woodbury Lanes, South Oyster Bay Road (Foodtown Shopping Center) Wednesdays 9:00 a.m.

If you would like further information on "New You Diet" classes in Queens and Nassau, please call (718) 465-5194 or (516) 365-4340.

"Care-Aware-Fair"

Trinity Lutheran Church is holding a "Care-Aware-Fair" featuring community organizations that offer information on where and how to go about getting help in the areas of counseling, health care, aid to the elderly, youth, children, families, disabled, substance abuse, etc.

There will be opportunities to speak with representatives of these organizations, receive literature, have your blood pressure and hearing tested etc.

Everyone is invited to the gymnasium and multipurpose room located at 40 W. Nicholas Street, Hicksville, between 9 a.m.-1 p.m. on Sunday, June 14.

Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anton Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed, (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only. We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

Editor's Note: The following letter is being published upon request.

Dear Hicksville Residents:

As you know, the 1987-88 school budget will be brought before the voters once again on June 17, and we urge you to exercise your right and make your voices heard. We hope that you will keep in mind an important point as you enter the voting booth—most of the \$42,250,330 (the total budget figure to be approved) represents mandated costs over which we have no control. In effect, you will be voting on only 3.7 percent of that figure and that small amount is the funding which makes the difference in the equality of educational and support services offered to our children. Mr. Nagle correctly noted at the June 3 budget hearing that the public is really voting on the results of the financial plan more than on a dollar amount, and we are proud of the results we can demonstrate in the form of student achievement. We are also proud of the district's sports and extracurricular program and the adult and continuing education programs which would suffer under an austerity budget. Further, we know that the community would be distressed to see transportation services curtailed to state limits if the budget is defeated once again.

Whether the budget passes or fails, we still have to pay for salaries, liability insurance, social security, sanitation costs, textbooks, minimum transportation expenses, and other expenditures which are mandated. Your approval of the remaining 3.7 percent will allow us to continue to provide the best program of education and community services we can offer to our children, to our adult learners, and to all the citizens of Hicksville. Please come out and vote on June 17.

To The Editor:

The gravity of the AIDS epidemic and the failure of the federal government to take prudent health measures to halt the spread of the AIDS virus have motivated a number of state legislators to begin asking what they can do at the state level to fight the disease. We, as concerned citizens, can encourage these legislators to take definite steps to control the spread of AIDS. First, make infection with the AIDS virus (the Human Immunodeficiency Virus or HIV) reportable as a communicable

venereal disease to the state's public health authorities. This procedure is used as a standard public health response to other venereal disease, such as syphilis and gonorrhea, but only four states (Arizona, Colorado, Idaho, and Minnesota) require the reporting of the AIDS virus.

Trace the sexual and IV-drug sharing contacts of individuals found to be infected with the AIDS virus. Under this proposal, the state's public health authorities would ask individuals known to have the AIDS virus to report these contacts so that they can be provided with information on this public health threat, tested, and treated.

A limited, mandatory testing program should also be initiated in every state. In addition to blood-product donors, the following groups should also be tested for the AIDS virus: couples seeking a marriage license, persons admitted to hospitals, health care workers, immigrants, prison inmates, and anyone arrested either on drug charges or for prostitution. Testing is now done for syphilis in the case of couples seeking a marriage license.

Close all homosexual bathhouses and sex clubs. It is incredible that in every state but Nevada, sex business establishments catering to heterosexuals are largely banned (the exceptions, of course, are pornographic bookshops), but bathhouses where homosexual orgies are openly practiced remain in business.

Make it a crime to knowingly infect another person with HIV. It is illegal for a person with syphilis to engage in sex with another person in California as well as in many other states.

Do not enact 'gay rights' legislation and do not overturn anti-sodomy laws.

Because of the pressure from the homosexual community, AIDS is being treated differently from any other public disease. We must insist that public health officials initiate the above steps, before our civilization is destroyed.

Leonard Smith, Jr.

To The Editor:

On behalf of all the members of the Giese Park Civic Association I wish to extend our sincerest thanks to the Commissioners and support personnel of the Hicksville Water District who contributed to an extremely interesting and informative presentation at our membership meeting on May 18. I'm sure all in attendance enjoyed the slide presentation depicting our water crisis and learned how important conservation is to maintaining an adequate water supply. The literature and conservation kits that were provided should prove useful in this endeavor. Thank you for giving your time to our members and helping to inform the community of this most vital issue.

Host Families Needed

Two hundred high school students from Spain are anxiously awaiting the arrival of Summer to begin their month long visit with American families in the N.Y. metropolitan area. The young Spaniards have all signed up to participate in a cross-cultural life experience program developed and sponsored by Inter Study, an educational travel organization which promotes increased understanding between the youth of our country and those of other nations.

Under the guidance of local counsellors, the Spanish teenagers will be placed in carefully selected homes for four week stays. Under this unique arrangement, the youngsters will be able to experience American life first hand while the host families, through their young visitors, will experience a fascinating glimpse of life in Spain without having to leave their homes!

The Spanish students range in age from 13-18 and have all studied, written and spoken English. Along with room and board, the families are asked to provide their Spanish visitors with a chance to be a member of their family and part of their day to day lives. What may be mundane for us, may be a unique, fascinating experience for these young Spaniards.

The students will have pocket money for their expenses and comprehensive insurance so that the host families are under no financial obligation beyond room and board.

Those interested in being a host family are asked to call 354-5995 for more information.

A Letter from Lulubelle...

...My grandmother's name was Caroline—that is caro-line—not the modern Carolyn...and she was a real old-fashioned lady grandmother...In her pictures I can see that her hair was very long, in a smoothly bouffant pompadour in front and in a tight bun on the top of her head...Her dresser top was typical of the ladies of the day—with many pieces of a dresser set (all matching) on top of a dresser "scarf" which was embroidered beautifully (and by her) with an intricate design of flowers and leaves, all in a perfect satin stitch—and the edges were decorated with hand-crocheted lace...The dresser set was an ivory color and her initials were monogrammed on each piece...The material of the set looked like a fine modern day plastic, but this was long before plastics and I can't remember what it was called...There was a mirror with bevelled edges, a brush and comb, of course—but then there were many other objects—all with the ivory-colored handles and complete with monogram...a nail file and another gadget to push back the cuticles ("no lady ever cuts her cuticles", my grandmother said), a nail buffer—no polish for this generation...and a round box with a hole in the top into which were placed the long hairs from her comb and brush...It was the custom to make keepsake brooches with these hairs inside...You often find them still in the jewelry sections of antique shops...and then in the middle of the back of the dresser top was the pin cushion—covered in an embroidered miniature "pillow case"...Here were many pins, some of formidable length which were used to hold hats on top of those puffy hairdos...and carefully saved safety pins, straight pins, decorative pins...What a change from dresser tops today!!

Yours, Lulubelle

What The Politicians Are Saying...

Recent figures announced by the New York State Lottery explain the distribution of education aid to school districts across the State. ASSEMBLYMAN TOM DINAPOLI (D-Great Neck) praised the figures because they demonstrate that lottery funds are funnelled directly into the education system.

Lottery aid to education is distributed based upon a formula used by the State Education Department. Criteria for determining the amount of State lottery funds a school district will receive includes: student population, grade level of the students, special pupil needs, and the full value of property within the district. Overall, aid to education from the lottery has been substantial. From 1976 to the present over \$3.1 billion in lottery receipts have gone to educating young people.

The money allocated for education includes \$5 for each enrolled student to be used toward the purchase of textbooks and a \$10 payment for each blind or deaf student attending a State supported school. The remainder of the lottery's revenue helps finance the State's general aid commitment to school districts.

To beautify and restore foliage on the Seaford-Oyster Bay Expressway, STATE ASSEMBLYMAN FRED PAROLA (R-C, Wantagh) and STATE SENATOR NORMAN LEVY (R-C, MERRICK) have announced approval of a state contract to plant trees and shrubs along the highway between Hempstead Turnpike and Merrick Road.

According to state Department of Transportation officials, approximately 200 trees, 600 evergreens and 3,000 shrubs will be planted over the next two years, primarily in areas directly exposed to the highway.

Additional work will repair stonework at bridge crossings to improve drainage and prevent soil erosion. Sod will be planted in certain areas to assist lawn maintenance along the roadway.

Letters From Our Readers

To The Editor:

Shiny Mercedes automobiles crowd the street when the League of Women Voters meet in the finest homes of Long Island. Inside, the Leaguers eat hor d'oeuvres, sip white wine and endorse resolutions based on studies with as much relevance to the real world as the courses in Economics 101 they took while freshmen in college.

In their letter to the Port News (May 7, 1987), the League calls for continued "free trade" and opposes congressional action to protect our country from the economical Pearl Harbor that has devastated American workers and communities.

In the past five years, more than 3.5 million of America's best jobs have been wiped out by a practically unrestricted flood of imports (U.S. Commerce Dept. figures).

While these imports may often, but not necessarily, be cheaper, we pay dearly in the form of welfare, food stamps, broken families, high crime, costly jails and heart-breaking demoralization for the millions of Americans who can't get a job that pays enough to support them. As the League well knows, a majority of these unemployed are women who are the heads of single parent families.

Many of the jobs lost to imports are already lost forever and a whole generation of young Americans is growing up without getting a chance to learn the skills and know-how needed to keep our country in the ranks of first class nations.

How long must these League ladies go on stepping over the bodies of the homeless in Penn Station on their way to their Wednesday matinees before they realize that something besides inveighing against "protectionism" must be done soon.

To The Editor:

The Long Island Association of Divorced Fathers, formerly known as The Long Island League of Divorced Fathers, is a non-profit, educational organization which questions the sex discrimination men and children face in a society redefining the roles of family members. The purpose of the Association is to promote arbitration

and mediation mechanisms for divorce and adoption of the "Joint-Physical and Legal-Custody" (shared parenting) concept of post-divorce parenting.

Men, you do have rights! Learn how to protect them. If your marital status is shaky; if you feel threatened by the possibility of divorce or separation; don't be deprived of your children, your home and your possessions. We, The Long Island Association of Divorced Fathers can and will help!

Legionnaires' Log

By GREG BENNETT

Charles Wagner Post #421, Hicksville

This promises to be a great year for our post. One of our own, Richard Hochbrueckner has been chosen to be county commander. Hochbrueckner was installed to the County Commanders' position by outgoing County Commander James Frazer at the 69th Annual Nassau County American Legion convention held last weekend at Massapequa Post 1066. Hochbrueckner, affectionately called Hockey, brings honor to his family, his post, his community and his county.

Commander Christo led Hicksville Legionnaires at the convention which included a County meeting on Thursday, a parade on Friday with elections and installation ball on Saturday. PC Artie Rutz, PC Palmer Walsh, PC Tom Nikitas, PC Wes Tietjen, Arlene Howard, Al Egan, Greg Bennett and Steve Wladyska attended events. PC Ray Gamble, 3rd Division Commander, was present with the county staff. Commander Christo and Greg Bennett retired the Colors after the installation as members of our post will be on the County Color Guard for this Legion year.

Our post received the Children and Youth Award for the 3rd Division and PC Wes Tietjen was honored for his hard work as 3rd Division Rehabilitation Chairman. Arlene Howard is the Children and Youth Chairperson for our post.

At our last post meeting, PC Artie Rutz led applause for the outgoing and incoming post officers. An installation dinner is being planned. Our post meetings will be on Tuesdays at 8 p.m., in the VFW Hall.

New York State has a veteran population of 1,950,000 of which 1,610,000 served in wartime. Our nation has 1.2 million female veterans including 208,000 from World War Two and 135,000 from Vietnam. Nearly 2,000 female veterans from World War One are alive.

Army Distaff Hall in Washington, D.C. (202) 666-3507, is a retirement home for retired female officers of the military. Guard and Reserve to include their mothers, daughters, sisters and mother-in-laws.

Dr. Donald L. Custis, former Navy Surgeon General, says the Office of Management and Budget cuts dollars from the VA's budget without regard for consequences to the medical care system.

The USS Acadia with a crew of 1,324, including 248 women, is in Bahrain to repair the USS Stark.

This column honors the memory of the Navy seamen from New York killed by Iraq during the attack on the USS Stark. They are Fire Control Third Jeffrey L. Clakins, 20, of Richmond Springs, Senior Chief Fire Control Technician Robert L. Shippe, 35, of Adams Center and Operations Specialist Third Terance D. Weldon, 20, of Coram.

Since Vietnam 374 members of our military have been killed under fire.

We again salute Dick Hochbrueckner, our county commander. The first Hicksville Legionnaire to reach that position was Michael Cialdella in 1964-65. Hochbrueckner was post commander during 1983-84.

OYSTER BAY TOWN CLERK Ann R. The fifth grade students at Old Country Road School recently visited the Statue of Liberty.

The students rode on the ferryboat to get to Liberty Island and then went to the statue. They climbed the 173 steps to the midsection, where several students stopped. Some of the other youngsters continued the hike and climbed the spiral staircase which consisted

of 295 steps.

The sixth grade classes at Old Country Road School recently went aboard the Phoenix for a fishing expedition and to study oceanography. This trip was part of a study chapter for the students, they had been learning about the "Mimi," a course which involves the study of land and sea. The students dredge the bottom of the pond to examine its contents and while fishing, caught starfish, flounder and crab.

The Old Country Road School PTA recently sponsored a luncheon in appreciation of the school's teachers.

Lee Avenue Students Visit a Restoration

Lee Avenue School's three classes of second graders took a trip into the past as Mrs. Baumann's, Mrs. Pfizenmayer's and Miss Flanagan's classes spent the day walking throughout Old Bethpage Village Restoration.

Among the houses the students visited

were the Schenck House and the lovely Kirby Home. They were able to see how hats were made before machinery and visited the general store. To take off the edge of the heat that day, the students purchased "real birch beer" and saved their candy sticks for the trip home.

SECOND GRADERS FROM Lee Avenue School gather outside a restored home while visiting Old Bethpage Village Restoration.

Origami Exhibit

Origami, by Heather Carpenter of Hicksville, is on exhibit in the Young Adult section of the Hicksville Public Library for the month of June.

When Heather was still in grade school, she received a package of Origami paper as a gift. She learned with her mother to do simple objects from the packages directions. Her fascination with the vivid colors and delightful shapes led to enjoying the hobby with her friends. Then she began to take out books, many from the library to learn more intricate designs. She now has a collection of all sorts of paper folding art from kimono to lobsters and has devised many different methods of using them. She has also taught younger children and plans to continue this during the summer.

Bares Bones at Willet Avenue School

The sixth graders in Mrs. Salat's class at Willet Avenue School, Hicksville, have been learning about the work that paleontologists do. The students used the bones of a chicken and some glue to reconstruct the skeleton of

the animal. They also compared the chicken bones with the bones of a model human skeleton, and were able to note many similarities.

Field Day At Fork Lane Is A Great Success

By CAROL WEBER

The spirit, dedication, cooperation, interest and enthusiasm of everyone there: the parents, teachers, custodial staff, secretaries, and students grades 1-6 was very evident to all seeing the "high 5's", taps on the back, hugs and cheers.

Faces were shining with not only smiles, but beads of well earned perspiration; each

one glistening in the sun, filled with anticipation and the challenge of being a champion!

This year's score was kept a mystery and before the week is out teachers will gather to check the scores and the champions will be announced.

Who won you ask? Well that's a secret—wait and see.

Statue and Seaport Outing Enjoyed By Many

Would you believe that approximately 176 people gathered together at 8:00 a.m. in front of Hicksville High School to brave the expected 95° temperature May 30th just so they could visit the Statue of Liberty and South Street Seaport? Well, they did!

Shortly after 8:15 a.m., four buses left Hicksville heading toward New York City. Immediately upon arrival we boarded the ferry to take us to Liberty Island for a meeting with "Miss Liberty." After a long and hot wait on line, many of us spent a pleasant hour browsing through the museum, walking around the outside balconies, reading all the historical plaques, or just plain lazing in the sun. After our return trip to Battery Park we again boarded the buses for South Street Seaport.

Naturally, by this time our stomachs were growling from hunger and most of us headed for food. After replenishing our stomachs a leisurely time was spent looking in the various shops, walking on the pier by the water, enjoying the sidewalk entertainment, or just watching the world go by.

By 4:00 p.m. we were all agreeable to boarding our air conditioned bus for the trip back to Hicksville. Most of us ended up with sun-tanned faces and tired feet, but a good time, I am sure, was had by all—especially: Lisa Kiesel, Chris Matos, Irene Zebliksy, Josephine Principe, Barbara Cheslock, Vincent and Sally Scotto and Eileen (Bus #4 hostess).

BUSINESS AND FINANCE

Survey Shows Long Island is Planned Business Spot

Long Island is a favored location for companies planning to acquire new industrial space within the New York metropolitan area over the next 12 months, according to "The Cushman & Wakefield Monitor," a national survey of chief executive officers on economic and business real estate issues conducted by Louis Harris & Associates.

Long Island was the location choice of 6 percent of the chief executives planning to lease, purchase or build industrial space. This puts it in a tie with northern New Jersey as the leading location in the New York metropolitan area.

In addition, Long Island came in third in the region for planned new office facilities. It was cited by 5 percent of the chief executives, trailing New York City (13 percent) and northern New Jersey (10 percent).

The New York metropolitan area, as a whole, will attract nearly one-quarter (23 percent) of the total planned new office space. Nationally, the area ranked first in this category and was tied with metropolitan Los Angeles (each with 15 percent) as the top location for planned industrial facilities.

For the survey, the New York metropolitan area included: New York City, Long Island, northern New Jersey, Westchester and southern Connecticut.

"The Cushman & Wakefield Monitor," conducted semi-annually, polls chief executive officers on which cities are best for locating a business, which cities will see most improvement during the next year, and other economic and real estate issues.

Mr. Ron Folk, president and co-founder of Austin Securities, will manage the Roslyn office assisted by Mr. Thomas Brucia.

Mr. Sanderoff, a local businessman and longtime Roslyn Harbor resident said, "The success of our New York City operation is an indication that people want more from a discount broker than order-taking. Long Island Bank Executive Honored for Charitable Work

The RP Foundation Fighting Blindness has named Herbert J. Brauer, of Sands Point, as the first recipient of its National Trustee Award.

Mr. Brauer, a senior vice president of Manufacturers Hanover Trust, is a member of the RP Foundation's National Board of Trustees and its executive committee. The award will be presented to Mr. Brauer at the chapter's annual dinner on Tuesday,

June 10, at the Waldorf-Astoria Hotel, New York City. Senator Alfonse M. D'Amato (R-C-NY) is general chairman of the black-tie event.

Lawyer's Assistant Program Available

As the oldest and largest American Bar Association-approved paralegal training program in New York State, Adelphi University's Lawyer's Assistant Program started in 1973 in cooperation with the National Center for Paralegal Training. As did the more than 7,000 individuals who have preceded them, students enrolled this summer at Adelphi will take one of several post-graduate three-month day or six-month evening programs offered at Adelphi's Garden City, Huntington and Manhattan campuses.

Proclaimed the "Top-Rated Career" by the U.S. Department of Labor, with employment opportunities expected to almost double by 1995, a paralegal is an invaluable member of a legal team who assists attorneys with research, client interviewing and the drafting and processing of legal documents. While law firms originally were the sole employers of legal assistants, today they are also in demand by banks, corporate legal departments, insurance companies and government agencies.

Offered by Adelphi University College, the training is intensive, thorough and practical, designed to make Adelphi graduates productive members of the legal team from "day one" on the job. Taught by practicing attorneys, students study either corporate law; employee benefits, estates, trusts and wills; general practice; litigation; or real estate and mortgages. In addition, all students take legal research, and have the option of interning with a lawyer while going to school.

Anyone interested in learning more about this profession and the paralegal training offered by Adelphi University, may attend one of several upcoming free information sessions to be held in Garden City, Huntington and Manhattan. Day classes start June 22 and 29, and evening classes begin July 6. For further information, or to reserve a place at an Information Session, please contact: Adelphi University's Lawyer's Assistant Program at 485-3602.

United Aviation Services Relocates To EAB Plaza

United Aviation Services (UAS) has consolidated its Manhattan and Merrick, Long Island offices and has relocated to the EAB Plaza in Uniondale. Built and co-owned by The DeMatteis Organizations, the twin towers of the EAB Plaza currently house 22 business firms with a total of approximately 3,000 employees.

UAS, with offices in Paris, New York and Geneva, is an international group of companies that provides the airline industry with a board spectrum of services including aircraft leasing, financing, buying/selling and chartering, as well as consultation and representation.

LONG ISLAND HAS proven it has the brainpower and manpower to compete in the international marketplace, and the economic success of Long Island makes the region a major player in world trade, according to former state governor Hugh Carey (L), chairman of the NYS World Trade Council. Carey's address was part of the activities of World Trade Day on Long Island, held recently in Woodbury, co-sponsored by the Long Island Association World Trade Club and the Long Island Regional Export Development Council. At right is LIA President James L. Laroeca. World Trade Day is part of national World Trade Week, which serves to highlight the growing import and export activities that contribute to the economy.

Need for Business "Czar" To Protect L.I. Economy

Warning that "Long Island's future depends on its ability to contract and keep jobs," John Klein, executive director of the Association for a Better Long Island, a coalition of Nassau and Suffolk businessmen and women, recently announced they are seeking creation of an unprecedented bicoounty government agency whose mandate would be to strengthen the region's business climate.

Speaking on WCBS-TV's Newsmakers program, Klein said, "Unlike New York City, Long Island's two county governments do not have a unified agency that seeks to protect and nurture the business environment. When an Exxon, JC Penney or A.T.T. threatens to leave New York City, Ed Koch's Deputy Mayor moves heaven and earth to keep those thousands of jobs here. On Long Island there is no business 'czar' who will do battle with government red tape and prevent people and companies from leaving."

Klein told WCBS News "the Island's economy has been one of the strongest in the

nation. But we have some very serious concerns that need to be addressed." Klein cited the closing of the Fairchild-Republic defense plant where 3,000 people were given pink slips and an additional 10,000 people who supply the company have been affected, according to economic observers. A total of 10 percent of the job force on Long Island are in aerospace.

Klein cited as another example of why a bicoounty business commissioner is needed, the recent imposition of a water use cap by state officials on Long Island. "There is a definite need to preserve and protect our water supplies," Klein agreed. "But the sudden imposition of such a total cap creates havoc in the business community. A bicoounty government agency charged with encouraging the business community to stay in the region could demand an economic impact report on any actions mandated by state or local agencies."

STAGE, SCREEN AND CONCERT ATTRACTIONS

'Backstage in the Berkshires August 4-9

Backstage in the Berkshires, now in its fourth successful season, is a unique vacation/seminar program sponsored by the Queens College Continuing Education Program of CUNY.

Designed especially for people who have a feeling for the Arts, but who do not have the time or inclination to make all the decisions as to where to go and what to see on which particular day or evening, Elayne Bernstein and Norma Reiner, co-directors of the program have seen to it that the best of cultural offerings make up the core of the week's presentations. "Home" for the six days and five nights is at Simon's Rock of Bard College, situated in the rolling hills of Great Barrington. Participants attend performances at Tanglewood, Jacob's Pillow, the Mount, the Williamstown Theatre, Opera at Cranwell Estate and The Clark and William Museums and visit other historic sites.

The particular focus of the seminars is on "A Midsummer Night's Dream", performed by Shakespeare & Co., at the Mount in Lenox, the repertory company that won the prestigious Bertram L. Joseph award for outstanding achievement in producing Shakespeare's plays.

The uniqueness of this program is the result of the collaboration and careful planning of its leaders, Elayne Bernstein, Liberal Arts Coordinator of The Continuing Education

Elayne Bernstein

Program at Queens College, and president of the Board of Trustees of the Great Neck Library Association, and Norma Reiner, Development Director of the Berkshire Public Theatre in Pittsfield, Mass. Prior to becoming a resident of Lenox, Ms. Reiner was the Executive Director of the North Shore Community Arts Center for over 15 years.

For more information about the program call 718-520-7597.

'Long Island Aid Benefit' For Homeless

A series of special performances to aid Long Island's homeless will be presented by an entourage of Island actors during the June 20-21 weekend, it has been announced.

The "Way Off Broadway" Players will perform in the Long Island Aid Benefit for the Homeless at the Plainedge Playhouse in Bethpage, N.Y. Funds are to be administered by the Red Cross whose chapter executives will be at the shows to present certificates to participants.

The group comprises acting students—ranging in age from 8-60 from Dix Hills, Great Neck, Manhasset, Roslyn, Huntington, Deer Park, Babylon, Bethpage, Plainview, Amityville, Merrick, Hempstead, Massapequa, Valley Stream and surrounding areas on the Island.

"Performances will include sketches, improvisations, and scenes from Broadway Plays, especially Neil Simon. Although many of our

students are professionals who have acted in commercials, 'soaps', and films, most are just kids and adults who want to help others," said Judith Lesley, Way Off Broadway director.

The small groups meet weekly and practice basic acting technique for stage, film, and commercials. It was also disclosed that some of the playlets to be seen in the Benefit were worked out by the students themselves. The groups directors are professional actors who have performed in television dramas and TV commercials. And last year the group performed in Island nursing homes and at Long Island Jewish Hospital.

Two shows will be performed Saturday, June 20, with three performances on Sunday, June 21. Tickets are \$5 with checks payable to The Red Cross. Complete information and direction can be obtained by calling Ms. Lesley at (212) 742-1682.

Long Island Suzuki Strings to Perform

On Tuesday, June 16 at 4:00 p.m., The Center for Parents and Children will be hosting a performance of The Long Island Suzuki Strings (LISS) in Pratt Auditorium, Community Hospital at Glen Cove. The students, ages 4 and up, will perform music for their contemporaries. The concert will be preceded by an informal discussion led by the Director of LISS, Pamela Kronowitz, B.A., M.S., regarding the hows and whys of introducing music to young children, ages 2 and up, and the particular merits of the Suzuki method. It will be followed by a reception so that children and adults alike may meet the young artists.

For reservations, please call 673-4141. The cost is \$6.50 which includes child care and refreshments.

COMING ATTRACTIONS

Randall Batinkoff will join Molly Ringwald in TriStar Pictures' "Maybe Baby." The film is about how two teenagers in love cope with the decisions and changes that having a baby brings to their lives. John Avildsen is the director.

Troma, Inc. will produce an adventure film tentatively titled "War." The story concerns a dozen survivors of an airplane crash on an isolated island in the Caribbean.

Columbia Pictures will release "The Beast of War," a drama set against the Russian invasion of Afghanistan. George Dzundza, Jason Patric and Steven Bauer will star.

Troma, Inc. will distribute the critically acclaimed film "Story of a Junkie." The film was directed by Lech Kowalski who lived with local junkies in New York's Lower East Side.

Sam Shepard and Harold Remis will portray the men in Diane Keaton's life in "Baby Boom." The comedy-drama is about a career woman who debates having a baby. MGM/UA will release.

Northern California vineyards set the drama about Sicilian immigrants caught in a land rights battle in the film "Blood Red." Eric Roberts will star in the Orion Pictures release.

GARDENS OF STONE

Francis Coppola's Vietnam - era homefront drama centers on the experiences of honor guard soldiers at Arlington National Cemetery. The film is warm and sobering; a healing account that recognizes the essential humanity of those who fought the war and those who opposed it. The Army is portrayed as family - sometimes divided but always united by blood. James Caan, James Earl Jones and Anjelica Huston deliver performances of considerable conviction. (R)

CREEPSHOW 2

A trilogy of Stephen King horror stories - two of them fair and the third somewhat good. The best of the lot involves a deadly oil slick that devours four teenagers. In the other tales, a cigar-store Indian seeks revenge for murder and a hitchhiker, struck down by a frantic woman driver, returns to settle the score. George Kennedy, Dorothy Lamour and Lois Chiles are in the cast. (R)

RIVER'S EDGE

Moral implications hang heavy over this unsettling film about a teenage boy who murders his girlfriend. The shocking aspect of this story is the casual reaction among the boy's young friends who learn about the crime and even view the dead body. The filmmakers put pressure on the audience to feel the emotions obviously lacking in the spaced-out youths. Performances from the young cast are convincing. Based on a true story. With Crispin Glover, Keanu Reeves and Dennis Hopper. (R)

STEELE JUSTICE

Submachine guns blaze away in this hyped-up, comic book, actioner that is so absurd it becomes unintentionally comic. Martin Kove plays the "Rambo" like title character, a washed-up Vietnam veteran who goes to extremes to settle an old debt with a Vietnamese drug kingpin. Kove takes on the cardboard bad guys at every turn. Yet he emerges as bullet proof, snake bite proof and poison dart proof. Sela Ward and Ronny Cox co-star. (R)

**ALLERGIES &
HAY FEVER**

The growing season is here and with it has come the season for allergies. An allergy can be considered as a condition in which the body is hypersensitive to a substance which is harmless in similar amounts in the majority of people.

Chiropractic treatment can be wonderfully effective in some allergy cases. The body chemistry is controlled directly by the nervous system. When spinal misalignments cause irritation on the nerves the chemistry can be altered to some degree and allergies can result.

Chiropractic adjustment can correct the misalignment, thus eliminating the interference and permit the restoration of health...without the use of drugs.

The bidding:
South West North East
1 NT Pass 2 NT Pass
3 ♣ Pass 3 NT

Opening lead — queen of hearts.

This deal occurred in the match
between Panama and Canada in the
1980 World Bridge Olympiad. It
illustrates how even in the highest
echelons of defense turns out to be
the hardest part of the game.

The bidding went as shown when
Panama was North-South at the first
table. The notrump bid promised 14
to 16 points, and the two notrump
responses, though decidedly offbeat,
was at least partially acceptable.

The Canadian West found the
killing lead of the heart queen against
three notrump. When the queen held,
West continued with the jack, ducked
again. However, East overtook the

queen of hearts. Declarer at this table
played the hand somewhat differ-
ently. He took the ace of hearts at
the first trick, led a spade to his king,
which held, and then the five of
diamonds to dummy's queen,
which also held! Six club tricks then
produced three notrump for a score
of 400 points.

At the second table, with Canada
North-South this time, the bidding
went:

South West North East
1 ♣ Pass 2 ♣ Pass
Pass 2 ♣ Pass
Dble Pass 3 ♣ Pass
3 NT Pass Pass
Pass Pass Redble

Again the opening lead was the
queen of hearts. Declarer at this table
played the hand somewhat differ-
ently. He took the ace of hearts at
the first trick, led a spade to his king,
which held, and then the five of
diamonds to the queen, which also
held. He next cashed six club tricks
and thus scored 760 points for a team
gain of 360 points.

Actually, there is an important
principle that applies here and which
was apparently overlooked by both
East-West. When declarer com-
pletely ignores dummy's most prom-
ising suit and tries instead to score a
trick at a time in other suits, he
probably has dummy's suit fully
under control.

It kills friendships. It breaks up families. It destroys happiness. It ruins lives. We can't say it any plainer than that. Get in a car with someone who's had too much to drink and you take your life in your hands. Get behind the wheel after you've had too much to drink and you not only endanger your own life, you jeopardize the lives of innocent people besides.
If you drink, don't drive.

Nassau Sports Review

By JACK WHITE

The final weekend of the spring sports season produced some remarkable performances, a major upset and several New York State championships for Nassau athletes.

Two Section Eight lacrosse teams brought home state titles. Elmont (23-0) beat defending champion Jamesville-DeWitt (13-12) in the boys Class B final, while Carl Place took the girls' crown with a 13-8 triumph over Nyack.

For Elmont, the win culminated a perfect season and accomplished the goal set last June when Jamesville-DeWitt beat the Spartans in the first Class B Championship game. Playing at Coyne Field on the campus of Syracuse University before a partisan Jamesville crowd, Elmont opened up a 10-5 lead but had to hold on to withstand a furious comeback by the Section Three champions.

Matt Panetta scored six goals for Elmont in the final, giving him the amazing total of 21 in three games. In the Long Island Championship, a 20-11 thrashing of Harborfields, he scored 11 goals and had 1 assists. The 11 goals were one short of the county record of 12 set by Alan Lowe of Hempstead High School vs. Floral Park on April 27, 1982. Lowe, now the Manhasset Coach, watched the game with his son from the Hofstra University stands.

Carl Place has a high scorer, too. Karen Krawchuk set a county record with 97 goals in 1986. In the state final, she led her team with four, bringing her 1987 total to 72. The Frogs, under Coach Gloria O'Connor, have a record of 22-3 since 1982.

The upset of the week occurred in the boys state Class A semi-final lacrosse game when

Yorktown beat Garden City, 9-8, to end the Trojans' 47 game winning streak. The game winner came with 48 seconds remaining and spoiled the anticipated match-up of top ranked Garden City and upstate power, West Genesee. Yorktown ran out of miracles in Syracuse and lost to West Genesee, 13-1.

Earlier in the week, Garden City beat Ward Melville, 8-5, to win the Long Island Class A lacrosse title for the third straight year.

At Baldwinsville, Nassau athletes performed brilliantly in the State Track Meet. In the team competition, Section Eight took first in the girls' competition and second in the boys'.

In the 3200 meters, Clarke's Dan Middleman and Garden City's T.J. McArdle met in their long-awaited confrontation. It was all track fans had hoped for as the two ran the fastest times ever recorded by Nassau runners. Middleman won in 8:52.6, a meet record, while McArdle ran 8:55.2.

Other Nassau State Champions were Derrick Adkins, of Malverne, in the intermediate hurdles (53.06); the Elmont 4x400 meter relay team (3:19.3); Sonya Henry, of Freeport, in the girls long jump (10' 5"); Monique Houston, of Elmont, in the girls 400 (56.22); and the Uniondale girls 4x400 relay (48.38).

In tennis, Section 8 won the team competition at the state tournament and the Locust Valley doubles team of Laszlo Serester and Pete Langone won the championship.

If there was one disappointment, it was that no Nassau Baseball or softball team advanced as far as the state semi-finals.

St. Paul's School Wins Lacrosse Championship

For the second consecutive year, the St. Paul's School Varsity Lacrosse team is the winner of the New York Metropolitan Championship. The deciding contests held recently, pitted St. Paul's against Horace Mann, Friends and Hackley.

In the quarter-final match, the "Saints" trounced Horace Mann 10-2 with Junior Tom Pace, of Sea Cliff, scoring eight goals to tie the school record he set in a previous game. Fresh from its third place finish in the ECAC Division I baseball championships, C.W. Post baseball team has once again gained international exposure with a visit to the Netherlands for a five-game exhibition series with Dutch amateur teams. The Pioneers embarked on the 11-day tour on Sunday, May 31, departing from Kennedy Airport. In 1985, Post's baseball team became the first U.S. collegiate squad to visit the People's Republic of China.

The 1987 tour of the Netherlands was arranged by People to People Sports, a nonprofit amateur sports organization which promotes international competition. The Pioneers opened the tour June 2, when they played the city team of Drachten. The tour continued as the Pioneers squared off against Groningen Caribbe on June 3; Emmen on June 4; Blokes at Veen Dam on June 6, and Jong-Orange at Veen Dam on June 7.

Coach Dick Vining and his staff conducted clinics to assist in the development of skills in Dutch youngsters. The clinics were open to the following people: June 2, all local interested players; June 3, children attending secondary schools from the city of Veen Dam; June 4, all youths in the city of Veen Dam; and June 9, students attending comprehensive schools in the area.

This year the Pioneers captured the inaugural Diamond Conference title and won two games in the ECAC tournament before being eliminated. Post finished the season with a 28-13-1 record and extended the school's streak of non-losing seasons to 18 in the past 19 years. All players were housed by local Dutch families. "This is a fantastic opportunity for our players to experience international competition and learn from sampling the culture of the hospitable Dutch people," said veteran coach Vining, who has a career record of 499-278-5.

The team was scheduled to return to the United States June 10.

At Hofstra: New Boss

Hofstra University Director of Women's Athletics Cindy Lewis has announced that the University has named Lorraine Hoffman as its head

women's basketball coach replacing Harvey Pyser who resigned at the end of the 1986-87 season. Hoffman is retiring as the Chairperson of Health and Physical Education at Massapequa High School, where she has been for the past twenty-seven years.

"Lorraine is an avid fan of Hofstra women's basketball and we're excited to have her become an integral part of the program," said Lewis. "Hofstra women's basketball is on the move and we're into a new era of competition and success. Lorraine Hoffman will be our catalyst!"

Hoffman has a tremendous coaching background, coaching at the high school level for twenty-two years. She started her coaching career at Hicksville High School and has been the head girls basketball coach at Massapequa High School for the past 20 years. While at Massapequa, Hoffman captured the Conference 1A Championship in 1982 and from 1979-1981 compiled a 45-9 record. She also sent 15 players to Division I schools with athletic scholarships.

A resident of New Hyde Park, Hoffman earned a B.S. degree in Physical Education from Adelphi College in 1956 and later earned an M.S. degree in Health Education from Adelphi University in 1972. She played varsity basketball at Adelphi and played in the Long Island Women's Basketball Association for ten years. During her twenty-seven years at Massapequa High School, Hoffman taught physical education and coached gymnastics, field hockey, and lacrosse.

Hoffman has been active in the Nassau County and New York State High School Athletic Associations and was one of the founders of the Long Island Women's Lacrosse Association, coaching that team for the past six years. She has won numerous basketball coaching awards, including the New York State Coaches Association Certificate of Recognition Award in 1985 and the National Federation of Interscholastic Coaches Association "Outstanding Coach" Award in 1986.

PAL Girls Softball News

By CHARLETTE ANSTEY

The response to our sign-ups for the girls softball registration has been tremendous. Each year we have a larger enrollment. PAL is an instructional league. Our softball program is an excellent way for girls to learn the rules of the game, how to play as a member of a team and to learn good sportsmanship.

We wish a warm welcome to all the new registrations and all our girls who are repeaters. The girls and the parents will find a relaxing atmosphere. While the girls are playing with their team, the parents of both teams are getting to know each other.

As a reminder for the girls who are already

signed up for softball, ratings night for girls ages 8-11 will be June 16 at 6 p.m. at Woodland School and for young women ages 12-15 will be June 17 at 6 p.m. at Woodland School. Only girls who are signed up are allowed to come to ratings night.

If you know of any girls who did not sign up and still want to play, please contact Jack Zeller. Even though our teams are filled, Mr. Zeller will have a waiting list.

A special thanks to Jack Zeller and George Maggio for being our Softball League Commissioners. These gentlemen deserve a "hand of applause" for the great work they do for the girls of Hicksville and surrounding areas.

Hicksville Shamrocks Tie Terryville 1-1

By A. and K. BLICKER

The Hicksville Shamrocks 1974 traveling soccer team brought their record to two wins, four ties and one loss on May 31 at Cantiague Park, via a hard fought 1-1 tie against the Terryville United, thanks to two brilliant back-to-back saves, with less than a minute to go, by sweeper Chris Koetter, in the goal mouth.

The United jumped off to a 1-0 lead, which carried through to halftime. The Shamrocks came back to tie, early in the second half, off a lead, on a breakaway by left wing Eric Blicher to striker Chris Doyle, who put it in front 15 yards out. The game featured crisp, end to end soccer by both teams who seemed very evenly matched. Both goalies were at their best throughout the contest, with smart saves and strong punting.

Hicksville's team is comprised of forwards Jason Kingsley, Eric Blicher, Junior Tomlinson, Karl Rice and Chris Doyle. Midfielders are David Lovato, Matthew Pordum and Domenick Perillo. Defenders are Chuck Oliver, Kristian Friedrich, Chris Koetter, Greg Szumowski, Brian Harkins. Shamrocks have the ability to interchange positions so, at some point during the game, a portion of the offense saw duty in the defensive zone, as well, adding to their versatility. All the boys demonstrated skillful ball control and a never-say-die attitude despite the steaming heat and humidity of the day. The Shamrock's superb, skillful goalkeeper is Eddie Jacobsen, who, time and again, demonstrated his gutsiness and agility.

Congratulations to coach Herb Pordum and the team. Congratulations, too, to Chris Doyle and Eddie Jacobsen for making the L.I. Select Team. Incidentally, in last week's issue, we neglected to mention that during the Commack Memorial Weekend Tournament, where the Hicksville team finished in first place, goals were also scored by Eric Blicher-2, and Karl Rice-2.

Hicksville Express Beats the Blast 5-4

The Express, one of Hicksville's fine intramural soccer teams, beat their opponent, the Blast, by 5-4 at a recent game held at Old Country Road School.

Goals were scored as follows: Tracy Koetter-2, Matthew Hamlin-1, Jonathan Schwartz-2, and Michael Baglieri-1. As evidenced by the score, the Express never stopped taking shots on goal and their determination paid off.

At midfield were Marc Spinner and Chris McGunnigle, along with Jonathan Schwartz. Defenders were Joey Miniaci, Janice Pfeifer and Robin Blicher. The goalkeeper was Matthew DePalma. All players gave 100%.

Considering the sweltering temperature and the fact that the Express was playing short-handed due to injuries, the team had an impressive victory. Congratulations to the team and Coach Steve Baglieri for this effort. Get well to Brian Swacey, Joey Zaffuto and John Kurkowiak.

HICKSVILLE'S GIRLS' VARSITY TRACK TEAM medal winners who participated in the Syoset Spring Fever track meet on May 15 were: (left to right) Jean Harkins, Peggy Goodrich, Denise Beja, Jen Olafsen, Denise Selabarasi, Cathy Eberle, Karen Cimino, Jennifer Livingston, Patti Jo Esperto, and Heather McMullan.

Shamrocks Win Over Bellmore Blast 3-2

The Hicksville Shamrocks 1974 traveling soccer team defeated the Bellmore Blast, 3-2, on June 7 at the latter's field to run their L.I. Junior Soccer League record to three wins, four ties and one loss, which keeps them in the running for a Division title.

Hicksville got off to a one goal lead in the first period on a penalty kick by left half Domenick Perillo after a trip in the box. The Blast then came back to tie it up. The Shamrocks next scored on a perfect cross by left wing Eric Blicher to striker Jason Kingsley, who headed it in. Hicksville completely controlled the second half and built their lead up to 3-1 on a beautiful lead pass by stopper Chris Doyle to center half Matthew Pordum, who put it in. The Blast fought back, gallantly, and scored their second goal with about six minutes to go. However, the Shamrocks toughened and only some spectacular saves by the Blast goalie kept them from scoring, especially on shots by wings Karl Rice and Eric Blicher, both of which were borderline saves since the Blast goalie fell down backwards in the goal.

The Shamrocks were led by great goaltend-

ing on the part of Eddie Jacobsen, whose outstanding reflexes stymied Bellmore each time. The fullback play of Chuck Oliver and Christian Friedrich was superb. Brian Harkins had his usual fine game as a sweeper. Chris Doyle was an excellent force from the stopper both on defense and offense; his goal kicks and directs were right on target and his corner kicks were perfect. David Lovato and Domenick Perillo ably supported their fullbacks and wings from halfback and both were super in the offensive zone. Matt Pordum roamed far and wide as center halfback, continually repelling Bellmore charges. The wing play of Eric Blicher, Junior Tomlinson and Karl Rice kept constant pressure on the Blast defense. Jason Kingsley constantly made positive things happen as striker. Chris Koetter, as usual, had a great game from many positions-halfback, sweeper and fullback, while contributing an aggressive tackle on a breakaway.

Congratulations to the team and to Assistant Coach Glenn Kingsley, Jr. who coached a brilliant game in the absence of Coach Pordum.
