

Our Lady of Mercy School City For Excellence

Our Lady of Mercy Elementary School in Hicksville has been selected for honors in the state Education Department's Elementary School Recognition Program. Assemblyman Fred Parola (R-C, Wantagh) announced recently.

"This is the first state-level recognition program that specifically spotlights elementary schools that display consistent, or rapidly improving achievement levels," Parola said. "It's a pleasure to announce that a school in the 14th Assembly District has been included in this select group."

According to Parola, Our Lady of Mercy School was one of 21 selected from the 241 schools that applied. The competition began last October and included 175 public and 66 private schools from around the state.

Officials from Our Lady of Mercy School and the other award-winning schools were honored by the state Education Commissioner Gordon Ambach at a recent presentation luncheon in Albany.

The Recognition Program evaluated schools and selected those elementary schools that demonstrated unusual success in implementing effective school characteristics developed by the state Education Department.

Our Lady of Mercy had to demonstrate a consistent achievement level over the past three years, with at least 75 percent of the students at or above grade level in math or reading, or significant improvement in math and reading levels, Parola said.

In addition, a strong administrative leadership and an effective relationship between the school, parents and the community were necessary.

"Our Lady of Mercy and the other successful schools displayed attentiveness to instruction, professionalism among the teaching staff and a collaborative process in educational decision making and planning," Parola said.

All entrants were screened twice. Finalists were evaluated first hand during two-day site visits. The judging panel consisted of representatives of educational associations, parents, school board members and educators familiar with school improvement concepts, the assemblyman said.

"Our Lady of Mercy also was cited for having an atmosphere that was orderly, purposeful and conducive to teaching and learning, with academic goals based on needs and a curricula designed to best meet those needs," he added.

"This tribute to Our Lady of Mercy Elementary School is indicative of the high level of education in our area schools. In fact, five of the 21 schools selected are located in Nassau and Suffolk counties," Parola said. "I will continue to support this program and other efforts to recognize the work of local schools, which provide educational excellence to the young people of our communities."

Hicksville Youth Named Outstanding Young Achiever

SCOTT O'CALLAGHAN (second from right) accepts the Outstanding Young Achiever Award from Ron Niebuhr of National Westminster Bank USA. Looking on are Richard Hogan (right), principal of Hicksville High School, and NatWest USA region manager Ron Wagner (left).

Scott O'Callaghan, a June graduate of Hicksville High School, had been recognized as an "Outstanding Young Achiever" by National Westminster Bank USA. One of 21 high school seniors in the eight-county New York area to be honored by the Bank in 1987, he was recently awarded a plaque and a \$1,000 United States Savings Bond.

This spring, when the administrators of Hicksville High School were asked by the bank to consider a senior for the "Outstanding Young Achiever Award" - a senior who has demonstrated excellence in academics, leadership skills, extracurricular activities and community service - they cited Mr. O'Callaghan.

In my 14 years as an assistant principal and 10 years as a teacher of mathematics, I have met only a few youngsters who have the extraordinary qualities of leadership and intelligence that Scott possesses," says Robert Passamenti. "I cannot say enough about this intelligent and highly motivated young man."

According to Mr. Passamenti, Scott's accomplishments include being valedictorian, editor-in-chief of the school newspaper, lawyer in a mock trial competition, president of the Church Youth Group, editor of the County 4-H News as well as New York State delegate to the 65th national 4-H Congress in leadership category.

At a senior awards ceremony held on June 18, he accepted the "Outstanding Young Achiever Award" from Ron Niebuhr, manager of NatWest USA's Hicksville office.

Flag Day Celebration At Plaza Pontiac-Isuzu

In celebration of the nation's Flag Day on June 14, a 55 foot by 30 foot flag was raised at Plaza Pontiac/Isuzu, 400 Old Country Road in Hicksville.

The flag is one of the largest of its kind, and the largest privately-owned flag on Long Island. It was raised onto a pole which stands over 100 feet in height.

The flag raising event was presided over by Gunnery Sgt. Ostrander, of the Inspector

instructor staff, Second Battalion 25th Marines, Garden City. Sgt. Ostrander was accompanied by a six-man color guard in full dress blues.

Also present at the ceremony was Mr. Marcos Ramirez, president of the Hicksville Chamber of Commerce. A trumpet player and drummer provided musical accompaniment, including the "Call to Colors" as the flag was actually raised.

Shown here is the 55 foot by 30 foot flag which was raised on Flag Day over Plaza Pontiac/Isuzu, Hicksville.

Youth Council Sponsors Neighborhood Watch

The Hicksville Youth Council is sponsoring three Neighborhood Watch groups. Members of these groups have gone through two training sessions which are run by the Nassau County Police Department and are approximately one and one half hours in length. These groups have learned basic home security techniques, observation skills, and accurate crime reporting skills.

For information on beginning a

Neighborhood Watch group called Beth Paola at the Youth Council, 822-7594. The size of each group does not matter. Even a small group of neighbors can be an effective Neighborhood Watch group. The Youth Council is available to do presentations on the Neighborhood Watch at local civic organization meetings. There is no cost to begin a group.

Happy Birthday Mr. Speedling

Howard Speedling of Summer Lane will be celebrating his 80th birthday July 1st...and his son, Howard will be celebrating his 50th birthday the same day. The Speedlings moved to Hicksville in 1950. One of the oldest couples that moved into a Levitt house, they already had four children: Susan (now Losco), Mickey, Howard and Mary Linda (now Conaghan).

An ancestor of Mr. Speedling originally settled in Nassau County in the 1680's, coming here as a Hessian soldier who later married an American girl. Mr. Speedling was born and raised in Flushing. As a young man he worked as a clerk in a bank and there met Jimmy Durante's wife 'Mrs. Calabash.' He said she was one of the kindest and loveliest women he has ever met. He also met Bob Hope's wife one day when he was delivering mail, to her sister's home. She invited him into her kitchen and he met Dolores Hope who at that time was in the early stages of her marriage. He said she was

also a very lovely person.

The Speedling family is a 'Post Office Family.' They include Howard St., Howard Jr. and Mickey; grandson Robert and granddaughter Donna.

Howard Jr. started H.H.S. as a freshman and Mary Linda graduated from St. Ignatius. (She was the only student from St. Ignatius to ever win a full scholarship to St. Dominic's from the Post Office Union). Howard Jr. has just completed a 10 year term as President of the Postman's Union and is now an area rep for Branch 25 & 30. He married a Hicksville girl Betty Ann Dehler, and they have made Mr. and Mrs. Speedling grandparents of their 5 children and great grandparents of their two grandchildren.

Mary Speedling wife and mother, will celebrate her 80th birthday in December. Her daughter Susan informed me that she easily reads about 10 books a week—and that she's as sharp as a tack. What a family! Happy Birthday to the two Mr. Speedlings.

Robbi's (formerly **Jabby's**) on Broadway has reopened and will become an 'Oldie's Club.' Featuring music from the 50's and 60's **Robbi's** is a place where everyone is friendly—just one big happy family. I hear that on Friday night there will be a 7 piece 'Oldie's Band' and on July 10th and 11th **Derek David and his Band** (formerly of the "Platters") will be entertaining. **Jab-**

by's has been on Broadway for approximately 70 years and was originally owned by the **Jablonski Family**. **Ed and Marion Jablonski** sold it to **Bob Miller** in 1981 and it then became a 'country and western' establishment. If you feel like listening and dancing to some good music—make a visit and see how you like it.

She will be attending Oxford University in the fall pursuing a Masters Of Philosophy in Social Anthropology. Her grandparents are extremely proud of her—and well they should be.

Beautiful Flag

Did everyone notice the beautiful flag flying high over **Pontiac/Isuzu** on Old Country Road. It is just magnificent! Driving along . . . and seeing Old Glory waving . . . puts a lump in your throat. Take a ride past there at dusk—it's just beautiful. (We also have a flag flying over our plant here in Mineola . . . and when you drive down the block in the morning and see it—it

makes you happy you're living in this country.) May God Always Bless America!

Attended Army Reunion

From June 18th through the 21st, **Mr. and Mrs. Phillip Ranno** of Hicksville had the sincere honor and joy of attending an Army reunion at Fort Jackson, South Carolina. This was by way of being a landmark 'get-together' of the buddies still living, who had served in the 77th Infantry Division during World War II. What made the occasion so special was the 45th anniversary of the training of the servicemen at Fort Jackson. The feature that is unique about this particular army battalion is the patch they wear on the arm of their uniform. They are the only branch of the entire U.S. Army who carry that famous 'lady' on their arm; she is the grand and glorious Statue of Liberty. Long may she live and forever watch over our beloved country!

Happy...Happy

A very happy birthday to **Robert Johnston** who will be celebrating his birthday July 4th. He's quite lucky—the whole country celebrates his birthday too . . .

TO YOUR HEALTH

By RICHARD H. BLAU, M.D.

Arthritis and Visual Problems Linked

It is well-recognized that significant visual abnormalities are associated with many forms of arthritis. Doctors are not certain why this relationship exists. Rheumatologists, (arthritis specialists), estimate that more than 10% of the various forms of arthritis can be associated with visual problems.

Types of arthritis which are associated with eye problems are: rheumatoid arthritis, juvenile rheumatoid arthritis, systemic lupus erythematosus, Sjogren's syndrome, ankylosing spondylitis, scleroderma, temporal arteritis, sarcoidosis, and gout.

The signs and symptoms of eye involvement may be redness of the eye (conjunctivitis), eye pain, or a decrease in vision. Occasionally eye problems may occur prior to the onset of arthritis. Usually these problems arise after arthritis has developed.

The symptoms can be fleeting and overlooked, as occurring in Reiter's syndrome. Blindness may occur if left untreated, as in Temporal Arteritis. Often the problems are mild and can be suc-

cessfully treated if detected early.

Arthritis symptoms include painful, red, warm or swollen joints, morning stiffness, or muscle aches. Should you have either symptoms of arthritis or eye problems, you should visit your physician promptly.

Most rheumatologists are keenly aware of the relationship between the eyes and the joints. They are very careful to detect any abnormalities. An exact diagnosis of the type of arthritis you have is very important. Since there are over 100 types of arthritis, and each one requires its own treatment, a careful examination is important.

If any eye abnormalities are detected, the rheumatologist will work closely with the ophthalmologist. Careful attention should be made to adjust both the eye medication and the arthritis medication. Usually, visual problems improve as the arthritis improves.

Arthritis strikes one out of seven people. Learn the facts. Call for your complimentary copy of "The Joint Approach - An Arthritis Overview."

Dr. Richard H. Blau is a board-certified Rheumatologist practicing in Manhasset, 516-482-6822 and Westbury, 516-997-6823.

Retirees *Continued from Page 1*

Jennifer Murphy, a fifth grader at Old Country School, wrote the following essay as a tribute to the retirees:

"Why Teachers Are Special"

A teacher can be that special someone who opens the door of knowledge to a child in their care.

A teacher is responsible for guiding a child down the road to greatness, as well as helping to overcome failures.

A teacher has been given the task of

meeting the needs of each child, no matter how large or small these needs may be.

A teacher is a person who devotes time and efforts into helping a child develop as an individual, and to gain sight of life's goals.

A teacher is one of the most important people in a child's world and, therefore, must be mindful of the example he or she sets.

A teacher's job is not easy, but those devoted to their profession are rewarded by the success of their students and are seldom, if ever, forgotten.

OLD COUNTRY ROAD SCHOOL retirees recently honored were Mr. Doberman, Mr. Atkinson, Ms. Wells, Mr. Kaufman and Mrs. Kornbluh.

Look What Hatched At Willet Avenue

Each spring Gardiner Gregory ships from Maine a quantity of Saturniidae (Giant Silkworm) cocoons for distribution to Hicksville Schools through The Hicksville Gregory Museum. This year the varieties were Luna, Cecropia, Promethia, Polyphemus. At the schools, the cocoons are placed in a large bowl or tank, or even a box containing a stick on which the emerging moths can crawl and hang suspended while they dry their wings.

An exciting thing happened at Willet Avenue School this year. When some magnificent pale green Lunas hatched in the Library, the tank was placed on a cart and wheeled around to the primary classes so the students could see them. At the same time, cocoons were being delivered to classes that wanted them. In Mrs. Belz' second grade, their cocoon, a magnificent male Polyphemus, hatched as they watched. While the teacher was preparing a bowl, and students were locating a stick, a bedraggled looking moth crawled out of its cocoon and right up Danny Donovan's arm!

The children watched in awe as it gradually unfolded its wings and became more

beautiful every minute. Within half an hour it was dry with a wingspan of about four inches, and ready for its short life.

Most Willet students were fascinated by the experience of hatching the cocoons. As a follow-up enrichment program, they saw the Gregory Museum slides on Metamorphosis. On Expo night many brought their parents to the library to see the moths that had hatched, and to eagerly explain the difference between moths and butterflies, and how to tell a male moth from a female (the male has fuzzier antennae with which he picks up the scent of the female.)

The culmination of the project was the disposition of the moths that had hatched. A couple were mounted for the school collection. Where pairs had mated, the eggs were carefully preserved and turned over to a young man with an interest in entomology. He will attempt to care for the caterpillars this summer. The others were released.

The Hicksville Gregory Museum will, on request, provide assistance and enrichment programs, in science or local history, for any of Hicksville's schools, public or parochial, without charge.

East Street School Airplane and Parachute Contest

By BRAD JAWORSKI

The East Street School physical education department recently held its annual Paper and Parachute Contest. The contest was held during the children's recreation time and was under the direction of teachers Brad Jaworski and Arlene Preisick.

The first, second and third grade students had to design and fold paper airplanes, while the fourth, fifth and sixth graders had to design and construct parachutes.

The entries are judged on the basis of how long the paper airplane or parachute remained airborne. The students threw their projects into the air and were timed with a stopwatch.

Through this project, the children learned aerodynamic principles through the construction and designing of their own paper airplanes or parachutes. They learned to use the scientific (trial and error) method to attain maximum flight efficiency.

The winners were each awarded ribbons donated by the East Street P.T.A. Ribbons were given to first, second and third places and to each grade level (boys and girls).

Best time paper airplanes went to James Paul. His airplane stayed aloft 6.9 seconds.

Best time parachute went to Michele Aversano. Her parachute stayed airborne 9.6 seconds.

The following students are first place winners for each grade level:

Paper Airplane Contest

First graders: Gregory Arlet, Jason Hammond and Mareli Salamaca; Second Graders: John Zito and Cindy Murphy; Third Graders: James Paul and Catie Geannikis.

Parachute Contest

Fourth Graders: Thomas Patterson and Karen Mancuso; Fifth Graders: Thomas Freda and Kathy Du; Sixth Grader: Michele Aversano.

First graders who were first place winners (in their age group) in the paper airplane contest recently held at East Street School were (left to right) Gregory Arlet, Jason Hammond and Mareli Salamaca.

Fifth graders Thomas Freda and Kathy Du were the first place winners (in their age group) in the parachute contest recently held at East Street School.

John Zito and Cindy Murphy, second graders at East Street School, took first place (in their age group) in the paper airplane contest held at school.

Fourth graders who were first place winners (in their age group) in the parachute contest recently held at East Street School were Thomas Patterson and Karen Mancuso.

Graduation Day At Fork Lane School

BY K. BLICKER

Fork Lane's class of 1987 held its commencement exercises on June 17. The sixth graders marched down the aisle to "Pomp and Circumstance," accompanied by Ann Bergeron, sixth grade teacher, at the piano. Anthony Pellettieri led the flag salute and students and

guests joined in singing the National Anthem. Kerry Burns gave a welcoming speech, followed by the sixth grade choir ensemble singing "For the Beauty of the Earth" and "Graduation Day." By then, the kleenex was out in full force for the guests.

Each child proceeded to read his or her most memorable moment as a Fork Lane student. Then, Marina Thomas, Josh Diamond and Kathy Knauer read award winning essays on the Constitution. Joseph Giambalvo, Mid-

dle School vice-principal, addressed the children. Art service awards were presented by Mrs. Grigg to: Kathy Knauer, Danny Lien, Anthony Pellettieri, Kara Schwartz and Jennifer Dayney.

Mr. Zalewski, band teacher, presented a band award to Chris Kemmlein. Math Olympiad awards were presented to a large portion of the student body by Mrs. Dorothy Werchenski, who has pinch-hitted so well for sixth grade teacher John Maiorino. Kathleen Guadagni, transitional teacher, gave an improvement award to Jason Emerick, who received a hearty round of applause. Principal Carol Bentsen then named the recipients of the American Legion Award, who were Kathy Knauer and Chris Kemmlein. She then presented Presidential Academic Fitness awards, for academic excellence, to: Eric Blicher, Kerry Lynn Burns, George Fuchs, Chris Kemmlein, Elaine Chow, Mario DiCerberio, Melissa Perry, Josh Diamond, Kathy Knauer and Mary Rafic.

PTA president Maureen Traxler congratulated Hicksville student Rob Allen, whose sketch of the school was chosen to grace the autograph books PTA so kindly gave to the student body.

A unique part of the ceremony was shared between Mrs. Carol Davan's kindergarteners and the sixth graders. During the year, each sixth grader became a "Buddy" to a kindergarten child. They met each week for nearly six months, the culmination of which was a

barbecue in April. At graduation, each kindergarten removed a special necklace with his/her picture in it from around their neck and placed it around the neck of their sixth grade Buddy. After the ceremony, the upper classmen were given brooms made at the barbecue. Parents and guests thought this ceremony was touching, indeed, and the departing graduates will always treasure their brooms and necklaces, as well as the close bond between the two grades.

The sixth grade ensemble then sung "America The Beautiful" and each student was given a Certificate of Achievement by his/her teacher. Dr. Catherine Fenton, superintendent of schools, addressed the group and a farewell speech was then given by Eric Blicher.

In the all-purpose room, PTA was busy as usual! The previous evening, Pat Burns and Celeste Simonelli, along with Ms. Bergeron and Kathy Pipitone, decorated the walls of the gymnasium and the all-purpose room. Karen Blicher and Kathy Pipitone handled the table arrangements with equal flair. In addition, fifth grade PTA moms provided a delicious sheet cake, along with a host of homebaked goodies, coffee, tea and cold drinks. PTA also was instrumental in raising additional funds for the sixth graders' Philadelphia trip. A large "Thank You" to these unsung heroines of PTA who so willingly give their time and effort with little recognition.

ASK ME NO QUESTIONS

Would you feel comfortable asking an absolute stranger how much he earned last year? Probably not. And the odds are, you wouldn't get a straight answer. Getting accurate information from prospects is one of the hard things about selling a home yourself.

WE ask those questions, though, on your behalf - AND we get answers, backed up with documentation.

When prospective buyers walk in our door, wanting to see the house you've listed with us, we qualify them. We want to make sure they really want a home like yours: the space it encompasses, the lifestyle it represents. We also check to ascertain that they can afford to buy it, with enough cash or the income to qualify for a mortgage. Only then, when we know they're right for your house, do we show it to them. We don't think it's fair to waste your time with maybes.

Ask YOURSELF the question: wouldn't it be easier to list with

Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed, (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity.

We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

Police Report

The Second Precinct has reported the following:

• **June 18:** A Dix Hills man was arrested for an assault that occurred in a vacant lot at West John Street and William Street on May 23.

The man allegedly assaulted a 40-year-old man with a 2x4. The victim was unconscious since the assault but is now conscious and incoherent. At the time of this report, he was in the I.C. Unit of the Nassau County Medical Center in East Meadow. The subject was arrested by police officer Carl Happ, H.P.B. in the I.C.U. area of the hospital. He was charged with assault in the first degree and criminal trespass at the hospital. He was arraigned in First District Court in Mineola on June 18.

• **June 21:** A church on Jerusalem Avenue

in Hicksville was burglarized. The loss included cash and checks.

• **June 22:** A business was broken into on West John Street in Hicksville. Extensive damage was done to equipment and the interior of the building.

The Eighth Precinct has reported the following:

• **June 8:** Criminal mischief was done to Hicksville Junior High School. The school was broken into through the front door, sometime between June 6 and 8.

• **June 13:** A house on Liberty Avenue was burglarized. Entry was gained by prying open a side door. The loss included a VCR, an organ, a mower and a stereo.

Other Candy Stores Remembered...

In last week's Hicksville Illustrated News some of the old candy stores were mentioned that we (then children) in the thirties and forties frequented. . . . Along with Lindeman's, Repetti's and Peterman's (it was Peterman's—not Petersen's) there was the Hicksville Sweet Shop and Guckenberger's (later to become Walter's). . . . and how about—from north to south on Broadway, there was Stanley's (later known as Jack & Lee's), and Bresnick's, (down the block from the only movie house Hicksville had at that time) which was on the corner where the donut shop is presently located. . . . then on to Beagel's (which was formerly Sabatella's Candy Store) on West Nicholas Street. . . . and how could one forget Beatty's located next to the original Long Island National Bank. Now, as long as we're talking about 'candy stores' . . . remember . . . Hicksville had two pharmacies that not only sold candy—but also had soda fountains—Smith's Pharmacy on North Broadway and later on Scheiner's Drug Store.

Flashback . . .

Hot Controversy Over Change of Name

A big controversy broke out in May 1926 when it was decided that Hicksville's name should be changed as it had long been the object of sneers and jokes.

On May 26, the proposal was voted upon at Town Hall by over 300 residents, and defeated by approximately three to one (944 to 317 votes). Those who were in favor of a change later admitted that they may have lost the battle because they failed to agree on a substitute name. But those in favor realized that Hicksville was developing commercially and the town might suffer through ridicule because of its name. Residents worried because when asked what town they lived in—a raised eyebrow . . . a questioning expression . . . or just a plain "Are you kidding?" often were the reactions and question when told 'Hicksville.'

Even though Hicksville's name was not changed, the town didn't suffer. Population really grew; from 5,500 in 1926 to 41,727 in 1986. In 1960, Hicksville was the 19th largest community in the entire state, including all cities. It topped every Long Island community in size, except Levittown, with a population of 50,405.

Origin Of The Name

HICKS: That is what others often thought the residents were. Even in this day and age, when residents are out of state and are asked where they live, people get the idea that Hicksvillites ride in the back of horse-drawn wagons wearing overalls.

But really, the name did originate from someone named Hicks—Valentine Hicks, that is. He did so much to get the railroad to pass through Hicksville. He and other men went to Albany sometime in 1834 to see if the state legislature would pass a law allowing a railroad to be built on Long Island. The proposal was approved and before long Hicksville had two trains passing through each way daily.

At one point, it was believed that Hicksville was named after Elias Hicks, father-in-law of Valentine Hicks. (Elias owned some plains in Hicksville before dying and left the land to Valentine and his wife, Abigail). Because Valentine did so much to get the railroad to run through Hicksville, it was generally accepted that Hicksville was named after him.

Hicksville, under any other name, would still have grown. It may have been a blessing to have such an unusual name, as it gives some flair to the town, as well as a word impossible to forget.

—RML

EDITOR'S NOTE: Hicksville, Long Island, is not the only 'Hicksville' in the United States. Hicksville, Ohio, in Defiance County, seems to be suffering from the same 'name' problem as our town does. They too hear, while on out-of-town trips, "Where the heck is Hicksville?"

Special thanks to Mr. Richard E. Evers for contributing to this story.

Safety Tips on Chlorine For Swimming Pools

The general public is urged to follow the following instructions for the safe storage, use and handling of calcium hypochlorite (chlorine) around the home:

1. Read the container label of the product being used and carefully follow directions.
2. Store original container in cool, clean, dry areas, away from steam pipes or other sources of heat. Separate container from all organic or oxidizable materials and any other possible contaminants. DO NOT USE MILK BOTTLES. Keep covered with original closure and out of reach of children. Avoid out-of-season carry-over storage of unused stock supplies.
3. Use only clean, dry and noncombustible scoops, such as porcelain or enamel cups, glass containers, or clean metal spoons, for transferring the chemical from the drum to the mixing container or to the pool. Use of the plastic scoop supplied with the chemical is permissible. DO NOT USE dirty containers such as beer cans, coffee cans, etc.
4. Never dissolve the chemical in other than plain water. *NEVER POUR WATER OVER THE CHEMICAL. Always pour the chemical into water, with constant stirring.
5. Dispose of spilled material immediately by flushing with large amounts of water. Rinse empty containers thoroughly with water before discarding.
6. Keep hands clean and wash hands after handling. Gloves should not be worn because they may become impregnated with the chemical, resulting in spontaneous combustion.
7. Avoid contact of salt or solution with the eyes or skin. When contact occurs, wash involved area immediately with free flowing water for rapid and thorough dilution. When eye irritation or skin burns occur, obtain medical assistance at once.
8. Avoid inhalation of escaping

chlorine gas. Move anyone overcome by chlorine gas to an open area and call the Fire Department for oxygen.

9. In fires involving calcium hypochlorite (chlorine) call the fire department. Immediately "DELUGE" with water only. Do not use dry chemical or vaporizing liquid (carbon tetrachloride) Fire Extinguishers.

EDITORIAL AND OPINION

HAVE A HAPPY AND SAFE FOURTH OF JULY

We The People

200 Years of Freedom

This year we celebrate the 200th anniversary of the U.S. Constitution. In many ways, the creation of our Constitution was a more important event in our nation's history than the Declaration of Independence in 1776.

In the 11 years between the Declaration of Independence and the Constitution, America was little more than a collection of 13 bickering former colonies.

Under the Articles of Confederation, America could hardly be said to have a government at all. Congress and the courts were ineffective and the executive branch of government was nonexistent.

So in 1787, many of the same leaders who had so recently won our independence gathered in Philadelphia. Included in their number were such men as George Washington, Benjamin Franklin, Alexander Hamilton and James Madison.

Their goal was to create a new form of government that would be strong enough to unify the states while absolutely guaranteeing individual rights and liberties.

That we are able to celebrate the bicentennial of that Constitution is testimony to their genius. That basic document still protects our right to worship as we please, to speak freely on all issues and to freely communicate with one another through newspapers and magazines without fear of unwarranted government interference or censorship.

That our founding fathers were able to produce a document that would stand the test of time is a tribute to their great political skills as well as their wisdom. Those who went to Philadelphia representing their states began with major differences. Each had a vision of how America should be governed. Hamilton had an aristocrat's fear of "the mass of the people." He was countered by such advocates of democracy as Virginia's Madison and George Mason.

That our Constitution began as a result of compromise, of give and take between widely differing viewpoints, may be one of the secrets of its greatness. It is our legacy of seeking peaceful solutions for difficult problems and allowing opposing opinions to be openly and freely debated. **ii**

A Letter from Lulabelle...

...We have just had a room painted and I have rehanging all the pictures, and as friends have stopped by, the comments about picture hanging have started anew...Now I will tell you all about picture hanging—from my completely prejudiced point of view...There they are, floating around on the great space of the wall, not connected to any grouping of furniture—or even other pictures...Now I believe that pictures should relate to the furniture over which they are hung, so I often hang a picture just four inches above a chest—to me, it relates to the chest and has "a reason for being"...I also have been known to hang five or six pictures, one above the other, down a narrow wall with the bottom one only about a foot from the floor...You should hear my friends' comments about that!!!...I cannot stand pictures that are too high...One of my friends loves the play of light on her pictures, so she hangs them where the light falls, no matter where—just above a lamp; where the sun comes through the window; wherever...And do you remember the long ago days when there was a picture molding around the wall, sometimes at the ceiling, sometimes lower—and pictures were hung on fancy cords, maybe with tassels at the sides or a tassel at ceiling height?...All of the pictures—and mirrors—were hung too high, in my opinion...And the old cliché about picture hanging—they should be hung at eye level...consider that absurdity—what's "eye level"? yours, mine, my six foot friend, sitting, standing, lying down?...eye level doesn't mean a thing...By the way, how do you hang your pictures?

Yours, Lulabelle

What the Politicians are Saying...

Assemblyman George H. Madison said, "The recent U.S. Supreme Court decision upholding the right of pretrial detention of dangerous criminal suspects supports my long-held conviction that our courts should deny bail when the safety of the community would be endangered. The safety of the community must be the ultimate priority when considering bail for a dangerous, repeat felony offender."

Legislation that would provide health care insurance to thousands of poor New Yorkers was unveiled recently by Assemblyman Democratic Majority Leader James Tallon. The sweeping measure would revise Medicaid eligibility standards to more closely correspond with poverty level indicators and would make coverage available to about 60,000 New Yorkers who currently have no health care insurance. It is estimated 80 percent of these are working adults or their dependent children.

In the wake of a worsening solid waste disposal problem, **Senator Dean G. Skelos** has announced Senate passage of a bill to promote wide scale recycling in New York State. The bill would make the State Department of Commerce responsible for developing a plan to implement the bill since that department has had experience with businesses in the state and can more readily determine which businesses in the state would be better able to participate in a recycling program and which can use recycled products.

Raymond B. Grunewald of Greenvale, Democratic candidate for Nassau County Executive has pledged that when elected he will establish a Nassau County Water Authority that can be expanded into a regional authority (which) will bring into being, ultimately, a Long Island Water Authority... which will most effectively deal with the critical water crisis and implement definitive solutions.

Hempstead Town Presiding Supervisor Joseph N. Mondello and Supervisor John B. Kiernan of the Town of North Hempstead have announced the formation of a Day Care Task Force to investigate ways in which Nassau County may promote adequate and affordable day care facilities for its residents. The first meeting will be held on Friday, July 25, at 10 a.m. at the County Executive Building, One West Street, Mineola.

Homeowners would gain new protection against the shock of receiving large and unanticipated bills for unpaid property taxes under provisions of a law sponsored by Senator Ralph J. Marino (R, Oyster Bay), who introduced his bill after discussions with Nassau County Executive **Thomas S. Gulotta.** He said the laws should make it possible to avoid the accumulation of property tax liabilities without the property owner's knowledge which, in the past, have resulted in fines and penalties, and also, in the most extreme cases in the actual sale of the owner's property to satisfy the obligation. (This situation can arise) when the mortgage lender assigns a mortgage to a realty tax service organization or sells the mortgage on the secondary market, or, if the local tax authority does not have the correct address, the bills will be misdirected or ignored only to mount up along with penalties assessed for non-payment.

Field Day at East Street School

By BRAD JAWORSKI

The East Street elementary school recently held its annual field day. The fourth, fifth and sixth grades all participated. The two-day event was under the direction of physical education teachers Brad Jaworski and Arlene Preisick.

The events were the 50 yard dash, the

kangaroo race (hop with ball between legs), egg and spoon race and a relay race (four on a team).

Ribbons were awarded for first, second, and third places for both boys and girls separately. The ribbons were donated by the East Street P.T.A.

Grandparents Day At Old Country School

Grandparents and other honored guests were invited to attend Old Country Road's Grandparents Day.

The honored guests were greeted at the entrance with corsages.

The baton group performed and several music ensembles were done by the students to entertain their guests. Awards for the oldest, youngest, and the grandparent with the most grandchildren were given out by principal Dr. Dan McCann.

Several students in Miss Dillon's third grade class wrote stories on "When I Become A Grandparent" to give to their grandparent.

John Kurkowski wrote the following story: When I become a grandparent I will bring my grandchildren to a lot of places. I would also visit them a lot. Whenever they had a soccer or a baseball game I will go and watch their game. I will bring them to the zoo like my grandparents do. In the summertime I will bring them to Florida to visit my uncle and my cousin. They don't live too far from Miami. I will bring them to Jones Beach. I will try to please them. When I am a grandfather I'm going to move to Illinois, because my mother is going to, and I love Illinois.

Tara Breen wrote the following essay: When I become a grandmother I would like to be the best grandma I could possibly

be. I would love my grandchildren very much. I would take them to different places and buy them gifts. If they wanted to come over I

would be ready for them. I would buy a pool and a sandbox and a swing set if they wanted me to. So if my grandchildren are good or bad I would still love them.

Hicksville PTA Council Elects Officers

The Hicksville Council of PTA's held its closing meeting of the school year on Tuesday, June 16, at the junior high school. Immediate past president Nancy Staron installed the Council's 1987-88 officers as follows: President-Norma Goerke; Vice President-Karen Garbus; Recording Secretary-Lynn DeGross; Corresponding Secretary-Ann Freyelsen; Treasurer-Patricia Rooney.

Mrs. Staron presented each officer with a bouquet in the color which symbolizes the duties of her office. She reminded the officer and all delegates present of the PTA objective: To promote the welfare of children in

home, school, community and place of worship; to raise the standards of home life; to secure adequate laws for the care and protection of children; to bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the education of children; and to develop between educators and the general public such united efforts as will secure for all children the highest advantages in physical, mental, social and spiritual education.

The PTA Council will resume activities in the fall.

First place ribbon winners in the kangaroo race at East Street School's field day were (top) Kris Merkler, Pat Mecurio—sixth grade, (middle) Billy Harvey, Clorinda Cirigliano—fifth grade, (bottom) Jim Famiglietti, Kristy Biener—fourth grade.

Middle School's PTSA Installs Officers

The Hicksville Middle School's PTSA officers for the 1987-88 school year were installed by Peggy Gill, Hicksville Junior High School PTSA president, at its June meeting.

Terry Mochringer will serve as president, Pat Rooney will be vice president, Jo Elena Ocuto will be treasurer, Eileen Millis will be recording secretary and Ginny Romano will

be corresponding secretary. Joyce Wagner and Joan Moeller are Council Delegates.

On behalf of the PTSA, Ann Freyelsen presented New York State PTA Honorary Life Membership Awards to Karen Garbus and Peggy Gill. Both ladies were commended for their time and efforts on behalf of children.

VFW Post 3211 Scholarship Award Presentations

The William M. Gouse VFW Post 3211 recently held a scholarship Award Presentation. The chairman of the scholarship committee, William Bennett, presented the 1987 Albinus A. Hanlon Scholarship Award to James Mochringer, son of Mr. and Mrs. John Mochringer and grandson of Michael and Theresa Tisdell, members of the VFW and Ladies Auxiliary. James has just graduated from Hicksville High School, where he has been a member of the marching band, drama club, Modern Music Masters and was also a member of Students Against Drunk Driving. He also participated in many sporting activities during his attendance at the high school. James will be attending Hofstra University this fall.

Mr. Bennett was also pleased to present

a \$500 check to Jeanmarie Georgiano, who was awarded the VFW Scholarship for scholastic achievement. Jeanmarie attained a three-year average of 96.7 at the Hicksville High School. She has devoted many hours to community activities and has helped those unfortunate in the community with volunteer work. Students Celebrate The Bicentennial

The students at Old Country Road School, in the course of their studies of the American Constitution, signed their names at the bottom of a constitution as did the founding fathers.

The students learned about their rights and responsibilities as American citizens and each student wrote essays about the meaning of the Constitution and the effect the Constitution has on their lives.

FIFTH GRADE Old Country Road School students who participated in the Bicentennial celebration were (from left to right) Jennifer Murphy, John DeGennaro, Renee DeStaphano, Chris Metz, George Meccariello and Melissa Giambone.

Hicksville Republican Club

Joseph Bablonsky
Executive Leader

Bill Lee
President

By Jeanette Magnuson

The weekend of June 12 was very busy for the Hicksville Republican Club. Friday night was our general meeting. The Honorable Joseph Gulotta, County Executive of Nassau, was our guest speaker.

Frank Jopp won the Dark Horse drawing which was a case of imported beer donated by Bill Maher.

Sunday, June 14 was our Reverse Raffle Drawing. The Sons of Italy Hall was completely filled. It was great to see Ann & Joe Bablonsky, Sr. Were able to be in attendance. The music by Big Bill was great. Big Bill plays the

guitar and sings, plus he has a synthesizer that acts as the background music. He played music from the '40's to the '80's. The Sons of Italy out did themselves with food. There was a hot and cold buffet that was excellent.

The drawing added tension to the evening. Everyone was hoping that their number would be the last one drawn. The closer it got to the end of the drawing the more the tension built. Finally there was only one ticket left. The winning ticket #241 owned by Mickey McCleary who was the happy winner of the trip for two to Hawaii.

There will not be a July meeting but we hope that you will join us in August. More information will be in future columns. Until August, enjoy the summer.

Legionnaires' Log

By GREG BENNETT
Charles Wagner Post #421, Hicksville

On the 4th of July our nation will be 211 years young. May it continue to be a nation of liberty with a government, "For the people, By the people." Our Constitution states, "We the People form a more perfect Union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity." May our leaders remain true to this document.

CALL TO COLORS: On the 4th of July the Legion will be putting up flags along Broadway. We will meet at the main firehouse at 7:30 a.m. Commander Christo and Americanism Chairman Dick Evers seek volunteers for this time honored tradition of decorating Broadway.

Our congratulations to David Danowski, who is the latest in a long succession of Hicksville High outstanding youths to represent his school and community at the American Legion Boys State Program. The program is designed to let youths experience the U.S. political system in action.

ESSAY AWARDS NIGHT: Our July 14 post meeting will be shortened to present awards to the winners and runners-up in the U.S. Constitution Bicentennial Essay Contest sponsored by our post. Over 450 Hicksville students participated in this contest organized by Americanism Officer Dick Evers. Food will be served.

LEGISLATION NEWS: The House of Representatives has approved \$20 million for the care of homeless vets in 700 added domiciliary beds at VA medical centers in urban areas to include Bronx VA. State-run veterans' homes may be receiving more funds from the VA for the care of vets. Pending in the Senate is the Worker Readjustment Program which creates a billion dollar worker readjustment program. Veterans represent 14 percent of the labor force, but they account for 28 percent of our nation's dislocated workers. More than 400 thousand Vietnam era veterans are seeking employment.

VA: Manhattan VA will have a special AIDS unit to test the new drug AZT. Deaf vets stand to benefit from a VA study that will test the potential of ear implants; call (312) 343-7200, ext. 2652, for details.

This column honors Tibor Rubin who served with the 1st Cavalry Division in Korea. As a POW he saved 40 of his comrades by risking his life to obtain food and medical supplies. Rubin spent World War II in a Nazi concentration camp and came to the U.S. seeking freedom. The Jewish War Veterans are seeking the Medal of Honor for Rubin. He also smuggled out a list of allied prisoners in his leg cast when released in an exchange of wounded prisoners.

On the Fourth of July we remember Americans who gave their lives during the Revolution. We always remember our POW/MIA.

The next post meeting is July 14. Come and meet our essay winners. Remember we raise the flags along Broadway on the fourth. If you can, bring cancelled stamps to the post to support our stamp program. We will also attend a Fourth of July ceremony at the bandshell by Town Hall in Oyster Bay at 10 a.m.

'Popcorn Lady' Exhibit At the Library

Junior high graduate Christa Liptak created a 3-dimensional "Popcorn Lady" this past spring, in a Studio in Art class at the Hicksville Junior High School.

The "Popcorn Lady" is on display at the Hicksville Public Library. She is reclining on top of the card catalog, eating popcorn and watching a TV screen which says "You are what you eat".

Christa made the figure from plastercraft strips. (Her brother and a friend volunteered their limbs to be models for the plaster.) Each section was made separately, then joined together. The figure was clothed, and both popped and unpopped popcorn was glued to the surface.

Everyone is welcome to view this "tongue-in-cheek" sculpture.

THE "POPCORN LADY"....designed by Christa Liptak, a Hicksville student, is on view at the Hicksville Library.

Galileo Lodge News

By Joe Lorenzo

PRESIDENT JOE GIORDANO'S MESSAGE:

'Success is getting what you want; happiness is wanting what you get'. Old saying

Another affair slips down memory lane, and this the Testimonial Dance given in honor of ex-president Mary Monteforte last Friday night, June 19. The memories will linger on and the feelings gathered will be cherished for quite some time by all those who were in attendance and witnessed this nice tribute to Mary Monteforte. The food and refreshments were great and the congenial atmosphere engendered by the Auxiliary was always in abundance. It was a pleasant and enjoyable night, and I'm sure that the current president, Marion Danseglio, is very proud of Sue Laurenti, the chairlady, Mary Sarrera, the co-chairlady, and her assistants, Rachel Staino, Rose Panczeka, Ann Palermo and Carmen Russo.

Chronologically and otherwise, summer is upon us, and when we think of summer, we think of the outdoors and picnics. Naturally the Galileo Lodge has something special planned for the summer months. Yes, its the Galileo Lodge picnic, scheduled for Sunday, August 9, at Eisenhower Park. There will be an abundance of food, plenty of refreshments and so much outdoor activity for leisure, pleasure, relaxation and enjoyment, and this tells me that the Galileo Lodge is always thinking of its members, friends and patrons. Of course we must include the friendly spirit and atmosphere brought on by the Galileo Lodge membership. So, for a summer day in the great outdoors, why not keep this date on your 'must attend' list. More on this activity in later columns.

As we have often said, that activities come and go at the Galileo Lodge. Some are special and some have that rare distinction of being considered very special. But I have to mention that no affair held by the Galileo Lodge is ever considered inconsequential, for they all mean something, for one reason or another. Well, the Galileo Lodge's Anniversary-Scholarship Dance is very important for several reasons, one is because it brings attention to its inception, second because it's the night when the Louise E. Masiello Memorial Scholarship awards will be distributed and third because it honors ex-president Pete Masiello for leadership as head of the Galileo Lodge for a number of years. Tickets cost \$35 per person, and in the offering will be a delicious cocktail hour, a sumptuous hot dinner with all the trimmings, unlimited liquor, beer, soda, coffee and cake, set-ups and very delightful music for your listening and dancing pleasure from the very wonderful Richard Lagnese musical aggregation. An Ad Journal will also be a part of the proceedings. Skip Monteforte will chair this dance, ably assisted by Rocco Lombardo and Armand Del Ciooppo. In consideration of all this, I am sure that special is a nice word but very special are two nicer words. All members, male and female, are asked to attend this memorable activity in sizeable numbers.

Another activity waiting in the wings to make its debut is the Galileo Lodge's Italian Night, scheduled for Friday, October 9, and although time makes it a bit premature to be discussed, we can say that this will be the night when everything will be Italian. And why not, after all, it is Italian night, where its

all part of tradition, culture and experience. So the food, entertainment, spirit and proceedings will be ethnic, and ethnicity is a part of our society today. Help for our bingo sessions are still needed. Come down and help, its your Lodge. You help it to sustain itself.

WE'RE FIGHTING FOR YOUR LIFE.

Saying Goodbye To A Good Neighbor

All photos by Robert Berkowitz

Most people remember the Nassau Farmers Market in Bethpage less as a place to buy and more as a place to have fun. This writer remembers going to the market on weekends with his grandfather and mother, enjoying the carnival-type smell of the indoor facility, watching and riding on the merry-go-round, and seeing more produce than my then-young eyes could imagine before.

Seven years ago, my grandfather and I went to the market, with him buying a bagful of bagels as if they were going out of style. Sadly, that's my last vivid memory of the place; like the Rheingold brewery that once stood behind it, the market is now nothing more than a memory. Last November, the doors closed for good. But before the developer, Hicksville's Jerry Spiegel, could make use of the building, the fates used cruel force to take the building away from him, and a landmark away from us. More than 200 firemen from around the area tried to rescue it June 15, but the destruction was complete.

Like my grandfather, the Nassau Farmers Market is now one for the ages.

Grandparents Day At Woodland Ave. School

Grandparents Day at Woodland Avenue School was held recently with an assortment of delicious bagels, rolls, muffins and fruit supplied by the school's P.T.A.

Following the refreshments, students in the chorus, directed by Ms. Karen Frances, the orchestra, directed by Mrs. Angela Luftig, and the band, directed by Mr. Robert Pownall, provided delightful entertainment.

Grandparents then proceeded through the halls, which were magnificently decorated

with the children's art work, to the classrooms where they met their children's teachers. The many reports and special projects, on which the students and teachers worked so hard, were proudly displayed for truly impressed guests to explore.

This wonderful morning finally came to an end but the excitement was repeated that evening when the school held its annual concert and open house for their equally impressed parents, family and friends.

THEY WANT TO WORK.

YOU TRAIN THEM. WE'LL HELP PAY FOR IT.

Now there's a program that shares training costs when a business hires and trains the jobless. It is called The Job Training Partnership Act.

This program establishes a partnership between business and government. It provides up to 50% of on-the-job training costs. And you may qualify for tax credits of up to 50% of the first year's salary.

The program is administered by local Private Industry Councils—organizations made up in the majority by local business leaders who tailor it to meet specific local needs.

Put the Job Training Partnership Act to work now. Write:

Opening lead — king of clubs.

Some deals that look very easy when play begins turn out to be a real struggle for declarer, usually because a key suit or two is divided unfavorably. But if he doesn't panic, many of these hands can be salvaged with careful play.

Take this case where making four spades seems a lead-pipe cinch. Indeed, if the spades divide 2-2 and the heart finesse works, South will finish with twelve tricks.

But after ruffing West's second club lead, declarer receives a nasty jolt when he cashes the ace of trumps and East shows out. Since he may now also lose two spades and a heart, the contract is suddenly in jeopardy.

South's mission therefore is to try to find some way to secure ten tricks without staking the outcome on a heart finesse, if possible. He starts by taking three rounds of diamonds ending in dummy. There's no real risk in this because if West ruffs a diamond, it costs him one of his trump tricks. Next the jack of clubs is trumped, leaving declarer with the K-5 of spades and four hearts while dummy has the 10-7-6 of spades and three hearts.

The king of hearts is now cashed and a second heart led toward the A-J. When West follows, the contract becomes assured provided the heart finesse is not attempted. Instead, the ace is played and the jack of hearts is returned. It does not matter which defender wins this trick. Either way, declarer is home free.

If West has the queen, he wins but must then lead from the Q-J-9 of spades. Regardless of which card he chooses, he can't make more than one trump trick.

In the actual case, East wins the heart, West discarding a club. Whatever East leads next, South plays his last heart. Again West has a choice of losing plays from his Q-J-9 of trumps. No matter what he does, declarer scores two of the last three tricks to make his game.

HOUSE CALLS

By Edith Lank

House Full Of Furniture

Dear Edith: In the near future I'll be selling my mom's home, which I inherited. It's a two-family house, full of furniture and items that have been accumulating over the years. Because I am employed elsewhere, I'd like to sell the house without emptying the contents. It would take a lot of time to sell the personal property. Are there buyers who will buy property as is? Will a broker sell a house that's full of personal property? I thought maybe the price of the house could be increased because of the contents. —Mr. N.M.

A: It's difficult to find buyers who want completely furnished property and are willing to pay extra for it. Your best advice, though, will come from brokers who are familiar with the neighborhood where the house is located.

Brokers can also refer you to people in the tag sale business, who will take complete charge of selling the personal property and furniture in one weekend, giving you the proceeds after deducting their percentage.

Rumors From Someone

Dear Edith: We are homeowners ages 55 and 50, selling our home due to ill health. Some people have told us that the one-time capital gain savings for sellers where one spouse is over 55 has been abolished due to the new tax changes. Is this correct or is it not?

—Mr. and Mrs. T.Y.

Not correct.

The tax reform act of 1986 left both special home sellers' income tax breaks exactly as they were in the past. No change at all in the rule about rolling over profit to postpone federal income tax, when a more expensive principal residence is bought within two years. No change at all in that one-time over-55 choice to exclude up to \$125,000 profit free of any federal tax ever.

What's A Balloon

Dear Edith: I'm retired, owned real estate in Florida, sold it on a balloon mortgage, which I do not understand. The loan was \$38,000 at 11 percent. Each month I receive a check for \$361.88. As I said, I don't understand how I'll receive my \$38,000 in the five years. Can you please explain this to me?

—Mr. C.S.

You're right, the buyers are not going to pay you \$38,000 in the next five years. They're simply going to cover interest due on the loan, and a bit of the \$38,000 they owe, every month. At that rate, you'd collect the whole debt in 30 years.

But with the arrangement you have, the buyers will stop abruptly at the end of five years, and pay you the whole amount they still owe. By my calculation that will be a lump sum payment (the balloon) of something around \$37,000.

Where will they get that amount? They'll go out and arrange a regular loan from a lending institution. Or perhaps, if you're satisfied with their payment record, you may agree to forget about the lump sum, and go on receiving the money monthly for more years in the future.

To Pool Or Not To Pool

Dear Edith: Is a semi-in-the-ground pool an asset in selling our house or should we get rid of it first? We are thinking of selling within the next year and we are 60 years of age. —Mrs. N.E.

What shape is the pool in? How many bedrooms in your house? What's the neighborhood price range? How large is the yard? Those are just a few of the factors to be considered.

You need advice from an agent familiar with sales in your area. Look for lawn signs on houses within a few blocks, and call the companies handling the sales. Most brokers are happy to discuss such matters at no obligation to you.

The Michelin Company of France is well known for their guides to inns and restaurants in Europe. Now they've come out with one for Greece. Lucky for us tires are tied into travel. The little Michelin tire boy has been encouraging people to get an idea of where to go.

The Greeks anticipate a 40 to 50 percent increase in travel over last year. I'm sure many of the tourists will be from Long Island.

Thanks to a new Michelin tourist guide, travelers to Greece can whet their appetites and form a clear picture of the country in advance, allowing them to select the places they

want to visit most.

The Michelin Green Tourist Guide to Greece, is packed with all the information necessary to plan a holiday -- from practical information on entry documents, customs requirements, exchange rates, accommodations, transport, town and city plans to descriptive information on history, art, architecture, flora and fauna, food and wine and the Greek way of life.

There is even a brief introduction to the Greek language, enough to make oneself understood when it comes to activities such as shopping. For example, "Posso kani afto?" means "How much does this cost?"

The Michelin Guide leads the traveler through a leisurely stay on the glistening resort islands of Corfu and Rhodes, through the ancient city of Athens to the four ornate

ers of Greece -- north to Thessalonika, south to Herakleion, east to Samos and west to Zakynthos. Its 235 pages, with a handy index, include details of more than 500 towns, villages and historical sites throughout the mainland and the islands with photographs and street plans (ancient and modern) in full color. It is cross-referenced with Michelin map 980, which covers the whole of Greece at a scale of 1:700,000 (11 miles to the inch).

The Green Guide to Greece is available from bookstores, newsstands, airports and hotels. It may be ordered from Michelin Guides and Maps, Bibendum Road at New Cut Road, Spartanburg, S.C. 29304-3305.

It would be lovely if the Michelin people did some guides for Long Island. After all, they were located here before they moved to their new headquarters in North Carolina.

Express Clinches First Place in Soccer Match

The weather was hot and so was the Express, Hicksville's fine intramural soccer team, as they scored a narrow victory over the Arrows 4-3 recently at Old Country Road School.

Facing stiff competition, the Express scored as follows: two goals by Tracy Koetter, one goal that was "co-authored" by Michael Baglieri and Tracy Koetter, and one by Jonathan Schwartz. The game was a seesaw contest as both teams were tied at numerous points during the game.

In addition to the determined forward line, the midfielders, consisting of Robin Blicher and Chris McGunnigle, never stopped hustling. The defense, Mark Spinner, Joey Maniaci, John Kurkowski, Joey Zaffuto and Janice Pfeiffer had their work cut out for

them, as the opposition proved tough, indeed. But, to their credit, despite sweltering temperatures, they bounced back time and again. The Express goalkeeper, Matthew DePalma, made several miraculous saves while demonstrating his great punting.

After the game, the team was treated to Flying Saucers by coach, Steve Baglieri. Express parents presented him with a plaque and gift certificate for his time, energy and incredible patience with these youngsters. At the same time, Steve wishes to thank all involved parents for their cooperation and willing attitude. For those of you who have a child on one of our intramural teams, the Team Picnic will be at 11 a.m., Cantigue Park, on June 27.

HICKSVILLE EXPRESS SOCCER TEAM pause for cold drink and flying saucers after beating opposition 4-3. Looking on are Express parents Rudy DePalma and Carol Baglieri.

Hicksville PAL Clubhouse Needed

By CHARLETTE ANSTEY

The Hicksville PAL is seeking a place to use for storage of equipment and to hold meetings. If it would be possible, we would also like to install some pool tables so that we can use this place as a clubhouse for the

Hicksville youth.

If anyone knows of such a place, please contact Bill Toelstedt at PAL Headquarters 222-0660. Your assistance will be greatly appreciated by the Hicksville youth, parents and community.

Shamrocks Close Season On Winning Note In 4-1 Soccer Victory

By A. BLICKER

The Hicksville Shamrocks 1974 boys traveling soccer team closed out their season on a high note via a 4-1 thrashing of the Cold Spring Harbor Dragons, at the latter's field, on June 20, to bring their record to five wins, one loss and four ties, putting them in a second place tie in their division.

Left half Domenick Perillo, who had a beautiful game, opened the scoring early, on a perfect feed from left wing Eric Blicher. Center half Chris Koetter followed with a chip shot, off a lead from left fullback Christian Friedrich. Left wing Eric Blicher closed the Shamrocks first half scoring on a rising line drive off a feed from Koetter. The Dragons then scored their only goal, giving Hicksville a 2-1 halftime edge. Hicksville continued their domination in the second half, including a great save by goalie Ed Jacobsen, on a Dragon direct. Left wing Blicher led a breakaway, from the defensive zone, beautifully drawing out the Dragon goalie, as he passed across the field to right wing Karl Rice, who put it in, giving the Shamrocks the game's final score.

In addition to the goal scorers, the Shamrocks were led by the fine play of Ed

Jacobsen in goal. Chuck Oliver was a steady rock at right fullback. Christian Friedrich was equally brilliant at left fullback. Greg Szumowski, with extended playing time as a Shamrock, had his strongest game as a hustling devil at sweeper, always in the right place at the right time. Stopper Chris Doyle could not be beaten, always getting to the ball ahead of the opposition and driving the ball upfield on booming, on-target kicks. David Lovato was at his defensive and offensive best at right half. This boy does not know how to give up. Matthew Fordum continued his strong play at center half. Junior Tomlinson, Hicksville's speed demon, at wing, got his first start in goal and contributed two strong saves in the first five minutes. Jason Kingsley was a force from both striker and center half. Chris Koetter, once again contributed from four different positions: wing, striker, halfback and fullback.

Congratulations to the Hicksville Shamrocks, coach Herb Fordum and assistant Glenn Kingsley, Jr. for a fine season of exciting, winning soccer. The team's overall spring record, including tournament and cup play, was 10 wins, five ties, two losses.

Hockey Camp at Cantiague Park

Bobby Nystrom, a former New York Islander hockey player, has been selected to serve as director of the club's summer youth hockey camp at Cantiague Park, Hicksville. Children aged 7 through 17 are eligible to
