Noxious type furnes from a local electronic corporation forced more than 80 employees to be evacuated after perfume residue in metal drums vaporized in the extreme heat no Aug. 17 at approximately 12:15 p.m.

According to L. Owen Megee, superintendent of the Hicksville Fire Department, 20

metal drums were dropped off at Micro Con-tacts, 62 Alpha Plaza, Hicksville, and were loaded onto an indoor/outdoor platform. After the overhead door of the platform was closed, workers who were cutting the lids off the tops of the drums to use them as garbage cans for scrap metal, disturbed the that was in the containers, t. Twenty-one people were treated by medical personnel and ay people were sent to Brunswick Hospital, Amityville, which has a decontamination facility. After calling the Nassau County Board of Health, a sample from the 50 gallon drums was taken to Brunswick, said Lt. Megee, and "nothing too to was found in any of the patient's systems." Lt. Megee taid that a few people were everecome by fumes and passed out, but most of the workers complained of dizziness and naussa. The drums "emitted a sweet odor" but there was no danger of explosion, Lt. Megee added.

### Peppercorn's

By CATHERINE J. TOKAR Eddie Restivo's 15 years of restaurant experience, along with his outstanding chef Joe Lester, have proved to be a winning combination at Peppercom's at 25 E. Marie St., Hicksville, Located across the street from the Hicksville Fire House, Peppercorn's, according to Mr. Restivo, "offers the original 'pub-style' relaxed and friendly atmosphere that other restaurants lack."

The charming and attentive staff-only confirm Mr. Restivo's belief that Peppercorn's is a place for people to relax and enjoy the outstanding American-

Continental cuisine.

Peppercom's offers a large selection of wines to accompany lunch and dinners. The list of specials on the menu has a larger selection than most restaurants. "There is no printed menu here," said Restivo. "Our specials change every day, so you can have something different to choose almost every time," he added.

For four and a half years, Peppercom's, which was the old firehouse many years ago, has been treating its customers with one of the best chefs in the area—Joe Lester. A graduate of the Culinary Institute of America, Mr. Lester has worked in several prestigious establishments, including the Waldorf Astoria in Manhattan. Said Mr. Restivo, "He is so outstanding I can't see anyone being disappointed by one of Lester's meals."

An added attraction at Peppercorn's is the catering hall. Mr. Restivo renovated the old firehouse's dome-shaped second floor, creating a nice party room for 100 ople. It has a bar, dance floor, and of course the same great food as the restaurant. Each party designs its own custom party plan so that the customer chooses from

all the items on Peppercorn's large menu.

Peppercom's is open for lunch and dinner and late night orders. It has a fully stocked bar as well, where friendly people can find even more friendly people to chat with. But do not expect to go to Peppercom's just to hang out at the bar.

Once patrons catch scent of the food, they will be ordering some....and the steakfries are excellent too.

PEPPERCORN'S RESTAURANT, located at 25 East Marie St., Hicksville, is open from 11 a.m., to 4 a.m. seven days a week. Lunch: 11:30 to 4:00 p.m.; dinner 5 p.m., to 11 p.m., Late night snacks (weekdays) from 11 p.m., to 1 p.m. and 11 p.m., to 2 p.m. on weekends. Dinner and lunch prices range from \$10.95 to \$17.95.

#### Chamber of Commerce Plans for Installation Night

Plans are well under way for the annual in-stallation dinner dance being held by the Hicksville Chamber of Commerce on Tuesday evening. September 15 starting with cocktails at 6:30

Encumbant president, Marcos Ramirez has been re-elected, along with a slate of officers and directors to serve for the coming year.

Anyone interested in attending this gala event, being held at Antun's on Old Country Road in Hicksville, can make reservations by calling the Chamber office at 931-7071. Fol-lowing the cocktail hour, there will be a formal sit-down dinner and dancing. Everyone is welcome.

This is always a well-attended function since it starts the fiscal year for the Chamber and gives everyone a chance to get together following the summer repast.

The Chamber meets throughout the year on the third Tuesday of every month. Present-ly, meetings are held at the Quaker Room of the Milleridge Inn at 12:30. Anyone in the business community, or interested in community activities is welcome to join — or even to pay a visit to a Chamber meeting and the present membership looks forward to a progressive year ahead.

John Hanifan, Ruth (Leddy) Daly and Rita Hanifan

#### Visited Ruth (Leddy) Daly

Rita and John Hanifan went to Portland. Maine for a little vacation. While there they looked up our former Phys Ed and Health teacher Ruth (Leddy) Daly. Rita said that she looks absolutely marvelous—just like she did years ago—only a little older. She's still so tiny, her hair looks the same—and she's as sharp as a tack. They took her out for a delightful dinner which lasted 3 hours. She asked about so many of herold students. Rita said that when their daughter Maur in high school, (30 years after Rita and John) she was standing in line for lunch and Mrs. Daly came up to her and said: "You look very familiar. I must have known your mother or your father—what is your name." She said that she knew she looked like someone she had once taught.

She has traveled extensively—been to almost every country. Rita said that she lives in a senior citizen apartment building and is very talented. She makes beautiful

furniture-and works at other numerous crafts.

She just gave up her car to her nephew. She related that all of her sisters and brothers were teachers, lawyers and doctors. Her dad was a doctor who took care of John D. Rockefeller Sr. and whenever he would become ill anywhere in the U.S. he would fly her father to his bedside to attend to him. Her brothers, an attorney and a doctor-live in Portland along with her many nieces and nephews.

Rita and John enjoyed the visit tremen-dously and were just delighted with her. Years back she was way ahead of her time teaching the students about health, cleanliness, how to act with the boys, and a little bit of sex education (which was really the only place we could get it). I'm sure she will always be remembered by many....I know I will never forget her.

If anyone is interested in contacting her she lives at 75 State St., Portland, Maine, 0,001. I'm sure she would be glad to hear from you.

#### Larissa Is Seven

Larissa Budinich celebrated her 7th birthday for all her friends at Party Pals in Merrick on Saturday, August 22nd. She entertained about 15 of her little friends and from what I hear it's a great place to have a party. They had a magician pulling rabbits out of pots, they played games, received goody bags and had just the best time.

The next day her mom and dad entertained the family at a buffet dinner at their new home on Edwards Street.

#### Wow-Guess Who She Met????

As you can see by the smile on her face in the accompanying photo—Anna Luongo was happy to have her picture taken with famous soccer star—Pele — whom she met in Brazil. She was there with her son Michael who is a member of the Long Island Boys Select Under 17 Socci Team. What an honor for her—but what an honor that Michael was chosen for the team.

#### Arthritis Treatment - A Comprehensive Approach Part III - Arthritis and Nutrition

Nutritional manipulation has been of interest in the treatment of rheumatic illnesses for a period of time. However, recent scientific research has given us some very interesting clues in how this manipulation may be applied to the future treatment of some forms of

Prior articles have discussed the rheumatologist's central role in establishing a treatment program based on an individual's arthritis diagnosis. Included in this program will be certain medications and exercises designed to reduce joint inflammation and joint stress. The evaluation may also include an assessment of an individual's nutritional status.

Certain nutritional facts are known about rheumatic illnesses. Vitamin C is important in the synthesis of collagen (a protein contained in joints), and a severe lack of vitamin C can result in a specific type of arthritis (scurvy). Pa-tients with chronic arthritis can develop protein deficiency, and may need sup-plemental foods. One recent study has suggested a food allergy may contribute

to an individual's arthritis. When the arthritis involves weight bearing joints, such as the hips or knees, a gradual weight reduction program may be indicated.

Arthritis is due to joint inflammation. Medications used to treat arthritis attempt to control the body's inflammatory response, thereby reducing in-flammation. Recent studies in animals have shown that diets rich in certain fish oils have been able to modify this inflammatory response, and retard the progression of some forms of arthritis.

The diagnosis and treatment of arthritis is complex. No one therapy is right for everyone. The rheumatologist attempts to combine the various techniques of medication, exercise, diet and education to treat an individual's arthritis.

Next week, Part IV Arthritis and

#### We Grew Up Together

Sean Hughes, son of Jean Hughes and Janice Maser, daughter of Madeline and Roy Maser all of Hicksville, became engaged August 16th at a party given at the Maser home. About 50 guests helped the happy couple celebrate this event. At the same time everyone wished Janice a happy 19th birthday—which was that same day. Sean and Janice are both Hicksville H.S.

graduates and are planning to be married August 21, 1988.

...and Rosemarie Rinaldi, daughter of Mary and Sal Rinaldi and John Gray, son of Mr. and Mrs. William Gray, all of . . and Rose Hicksville also announced their engagement at a party held at Holy Trinity Episcopal Church on August 15th.

Rosemarie and John are also graduates of Hicksville High School and plan on being

married August 20, 1988.
...and Sean and Rosemarie grew up together as next door neighbors. They were

engaged one day apart and will be married one day apart. Guess Rosemarie won't be able to attend. Sean's wedding...unless she delays her honeymoon for one day. Do you think she will?????

#### CASTLE FOR SALE

We recently heard about a castle for sale in Connecticut, large and luxurious, complete with a 26-foot marble foyer and a hotel size kitchen. Price, including the surrounding 255 acres: a mere \$4.5 million. Somewhere there is a prospective buyer looking for property like that.

for property like that.

Now we don't get many listings for oversize castles around here. But we have learned that there is a prospective buyer for every property we do show, and it is our job to match them up. Advertising brings customers in, but it is the qualifying interview that separates the lookers from the live prospects.

Face to face, we find out what that person really wants in a home — what kind of space, what kind of lifestyle — and what resources he or she has to buy it. Then, and only then, can we show the prospect a likely property. The prospect we bring to YOUR house is pre-qualified and, to some extent, pre-sold.

President Joe Giordano's Message: the less people remember.'Old Saying

The more you say, the less people remember. Old Saying
Great Expectations! Oh yes, this is what we expect from the Galileo Lodge. The finest, the best and the most satisfying. Understandably so. We always expect great things from a great organization and I am sure that the Galileo Lodge is firmly enconced in this category. So naturally, there's the Anniversary-Scholarship Dance on Saturday, September 19. Tickers sell at 135 per person and in the offering will be a cocktail hour, a delictious hot dinner, beer, soda, coffee and cake, unlimited liquor and some fine dance music from the Richard Lahnese Dance Combo. This is one of the Galileo Lodge's most important affairs in that it honors ex-president Peter Massiello and happily and expectedly the Louise E. Massiello Memorial Scholarships will be distributed to those needy students who can certainly use a little financial help to further their educational aims. Many members of the Galileo Lodge are committee people for this dance and they include Skip Monteforte, Armand del Cioppo, Rocco

Lombardo, an Ad Journal Committee and a Dance Committee. Naturally, all members of the Gallieo Lodge and the Ladies Auxiliary are asked to attend this affair in strength. As I have said, that great expectations do not end with the above-mentioned activity because on Friday, October 9, the Galileo Lodge will present its Italian Festival Night, which tomy way of thinking is certainly a Great Expectation—well, judging from what I hear and what is reported to me, this seems to be a fact. Italian Night is obviously ethnic in substance and composition, but there will be plenty of enjoyment for all other nationalities who wish what is reported to me, this seems to be a fact. Italian Night is obviously ethnic in substance and composition, but there will be plenty of enjoyment for all other nationalities who wish to attend. There will be American dance music also, in addition to the food, refreshments and entertainment that will be a part of the proceedings of this festival. A very talented and music-minded group from Naples, Italy, will also embellish the Italian atmosphere that will be very much in evidence. So for a very pleasant and enjoyable night of the fall season (and which is certainly something a little differnt), this date should be etched in your minds as the affect of the future. as the affair of the future.

Very sorry to hear that Mirs. Josephine Dominchello was recently hospitalized, but am certainly glad to hear also that she is recovering nicely at the home....Rocco Lombardo Jr. was the recipient of the Galileo Lodge's Scholarship Award and he thanked the Lodge with a nice, pleasant, short speech last Thursday night, which was actually Membership Appreciation Night....Mr. and Mrs. Phil Sansone recently celebrated 40 years of wedded bliss and to be exact the date was in June. Hearty congratulations to this nice couple of our organization....I must not forget to congratulate Mr. and Mrs. Domenick Domenchello as they also celebrate 41 years of wedded happiness. And they are also a nice couple of our Lodge...the food at the Membership Appreciation Night was terrific and the credit goes to Skip Monteforte, John Sarraere, Al Montello, and Joe Crivelli. They did cook up a storm, as the saying goes. And Bert Molinelli was his usual hospitable self as he served as bartender. Close to 100 members attended also...The Ladies Auxiliary will announce the date of their fashion show real soon. It also should be an interesting one, if I may say so. show real soon. #### Hicksville Residents Attend Elk Convention

Many local residents who are members of the Benevolent and Protection Order of Elks, represented Hicksville at the Elk's Grand Lodge Convention held July 5-9 at the Georgia World Congress Center in Atlanta.

Installed as grand exalted ruler of all the Elks was Ted Callicott from Paris, Tennessee. Stepping down as grand exlated ruler was the Honorable Peter T. Affatato from Hicksville Lodge No. 1931.

Lodge No. 1931.
Peter and his wife, Irene, spent the entire year visiting lodges in every state, from the Canal Zone to Alaska. Their efforts were lauded by the many dignitaries of the order who were present. The present exalted ruler of the Hicksville Lodge, Daniel Seip, and his wife. Theresa, past exalted rulers of the Hicksville lodge, Sam Agrillo and Murray Appel and their wives, also attended the convention.

Thousands of Elk members and their families from the 2,280 lodges and the one million and one half members from every state including Alaska and Hawaii filled the downtown hotels in Atlanta.

During the convention, reports were made on the progress of the various programs conducted by the Elks during the 1986-87 year which concludes in July. These programs included each state's major project (which in New York is Cerebral Palsy Home Care), the

A report was made that the Elk's scholarship program, which is also supported by the Elks National Foundation, ranks second only to the U.S. Government in donations.

OUTGOING GRAND EXALTED RULER of the Benevolent and Protective Order of Elks, Hon. Peter T. Affatata, a past exalted ruler of the Hicksville lodge, and his wife, Irene, are congratulated by Dr. Leonard Bristol, also a past grand exalted ruler, for their dedicated services they have projected during the past Elk year.

EXALTED RULER DAN SEIP from the Hicksville Elks Lodge No. 3211 congratulates the winners of the Getty Powell Award for best-scoring boy and girl overall in the Elk's National "Hoop Shoot" finals. (Left) Brian Thoemke from Silverdale, Washington and Jill Bleach from Gibbon, Nebraska were the winners.

### Meeting For Old Bethpage Landfill

The New York State Department of Law and Department of Environmental Conservation will hold a second meeting to hear public comment on cleanup proposals for groundwater contamination at the Old Bethpage Landfill, Oyster Bay, which were presented in the "Remedial Action Feasibility Study" distributed in mid-July. The meeting will be held at 7:30 p.m. on Thursday,

study distributed in mid-july. The meeting will be held at 7:30 p.m. on Thursday, September 10 at John F. Kennedy High School.
Copies of the study are available at the Plainview Public Library and at Oyster Bay Town Hall. Written comments on the proposals will be accepted before September 15 at the Attorney General's Environmental Protection Bureau, 120 Broadway, New York, New York, 10271.

KATHY DEL ROSSO, president of the Duffy Park Civic Association, was one of the
speakers at the second Scoping Session concerning the Resource Recovery Plant the
Town of Oyster Bay is planning to build on
the site of the Old Bethpage landfill. She
spoke against the concept of the "mass burn
plant." She said "no more hydrocar hons or
sulfur dioxide should be put into the air."
Concern should be given to the "sensitive
population of sub groups whose greatest
fear is air and water pollution," Mrs. Del
Rosso said. The Scoping Session is a public
for um held for members of the community
to express their ideas about the proposed
plant.

We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only. We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

it was with great sadness that we learned of the passing of Charles Fetta. Charlie was very active in Hicksville School District matters in the early and mid-70's. He was very interested in education and also in the community's support and was a very strong advocate for the taxpayers of the school advocate for the taxpayers of the school district. He was a great organizer and leader and formed his own organization called LIFE. He supported many prominent members of this community who served on the school board; namely Councilman Tom Clark, Bill Bruno, Ed Bello, Harry Kerhen, the Life Escale Zindulba and Consolination. shen, the late Frank Zindulka, and George Pappas, just to name a few. He had high

principles and standards in his espousement of our school district and the board's commitment to the welfare of our taxpayers, and was an example of the principle of conservatism for those that he helped elect to the Hicksville Board of Education by pro-viding the foundation and the groundwork of the beliefs that we have today.

We will miss you, Charles Fetta, and we express our condolences to his wife Betty and his family. Charlie's contribution to Hicksville will be his monument of achievement and the memory that we have of him. We offer our condolences and prayers to him and his family.

# Anne Marie's Memories...

... of Hicksville

I wonder how many people today remember the place where I was born? The building no longer exists (it was torn down when Broadway was widened) but it was a very busy place back when Hicksville was a small, friendly community. My parents rose early each morning to get things ready for people on their way to work, children on their way to school, people who stopped for lunch—

and the school children who came to have lunch there.

They also got delivery trucks out on the road early—for the farmers and people in the outlying areas who could not regularly get into town. It was not unusual for people to line up around the block waiting to get in to purchase their bread, rolls, buns and coffee cakes on Sunday morning.

Have I joggled any memories yet? Well, the place I am referring to was the

JUST-RITE BAKERY—and my folks were Anton and Regina Morschner. Dad came to Hicksville in the early 1900's and started working for Sebastian "Pop" Wuchter making tye bread (that was his specialty). Several years later he bought the business from him and the JUST-RITE BAKERY was born. Mom came to Hicksville a few years later and started working for him (scrubbing floors). In 1930 they married

and ran the bakery together until they retired in 1940. Having been born, raised, married, and still living in Hicksville I could produce a book or two on memories of Hicksville but for now how about a few names

... How about Heuer's Deli, Repetti's Vegetable and Penny Candy Store, Cantor Bros., Scheiner's Drug Store, Houghey's Saloon—to name a few that were on Broadway between Nicholai Street and Cherry Street. Oh, dear, I just realized

that I forgot to mention Olga's Specialty Shop.

Dad and Mom are both gone (Dad in 1965 and Mom in 1984) but I'm really very glad they chose Hicksville as their town.

By the way—the JUST-RITE BAKERY was located on the corner of Broadway

and Cherry Street where Chroma Paints is now situated.

Neighbors Against the Sump (The NATS) Organize

\*Eighty-five picketers were present at 7 a.m. at the site of the proposed new sump near the Dutch Lane School in Hicksville on Friday, August 27, 1986.

No one from the Town of Oyster Bay was present, Picketers were told that the restraining order of the Hicksville Board of Education was now in motion and a decision would not be rendered until 2 p.m.

These residents have now united and are calling themselves the NATS... Neighbors Against The Sump. All concerned residents are urged to join special meetings with the Town to discuss procedures regarding the conflict.

#### Labor Day '86: New Rights For Toxic Exposure Victims

\*Thousands of New York State workers injured or disabled by exposure to toxic substances, but denied just compensation because of a loophole in an outdated

law, are celebrating a restoration of their rights this Labor Day.

Under a newly enacted New York State bill, working men and women who suffered the often deadly consequences of exposure in the workplace to asbestos, polyvinyl chloride, chlordane, tungsten carbide and other toxic substances will now be able to have their day in court. Daughters of women who have been injured by DES their mothers took during pregnancy also regained their rights to seek t compensation.

Prior to enactment of the new legislation, workers who were injured or disabled due to exposure to toxic substances were required to file claims for compensation no later than three years from the last date of their exposure to the hazaradous

Now, those victims can file claims up to three years after they discover their illness or injury.

#### Commuter's Call On Consumer Board For Protection

\*Citing widespread commuter dissatisfaction, the Long Island Railroad Commuter's Council (LIRRCC) filed a formal complaint with the New York State Consumer Protection Board this month.

The LIRRCC asked Consumer Protection Board executive director Richard Kessel to begin an immediate investigation into the causes of service problems.

There are 285,000 daily riders paying for service they are not receiving. Trains are late, riders are standing, and rest rooms are filthy: the railroad is a lemon..., said Sheldon Schachter, spokesman for the commuter council

While over 2,000 riders gave the railroad a D + for performance, Schachter added that the Inspector General has said that the railroad does not report what the riders actually experience.

#### Bill To Prevent Abductions

\*Under a new state law, school children may now only leave school with per-sons approved by the child's parent or guardian, according to Fred Parola (R-C

The new law requires school districts to check the identity of persons requesting

a child's release against a list provided by the parents.

The law also stipulates that a student will not be released to a person who is not on the list unless the parent authorizes the release. As this protects the child from abductions, it also frees school officials from civil or criminal liability concerning the release of any child.

#### Historical Committee Receives Award

\*The Hicksville Gregory Museum has announced that its Historical Committee is the recipient of a State Natural Heritage Trust Award of \$13,000.

The new award will sustain existing in services courses and photographic pro-jects, will assist the museum in modernizing its historical exhibit area, and pro-vide funds for the enrichment of outreach and in-house programs through the development of videotape programs.

#### Big Brothers/Sisters Organized At Hicksville H.S.

\*A Big Brothers/Big Sisters High School Program has been established in the Hicksville school district. The program offers children from single-parent families a unique one-to-one friendship with a caring, responsible volunteer, 16 and older. The volunteer offers the child the extra friendship, support and guidance that he or she may need through weekly outings that provide the child with new and

fun experiences.

#### What The Politicians Are Saying...

STATE SENATOR MICHAEL J. TULLY (R-Roslyn Heights), chairman of the Senate Veterans' Committee, has announced that the Vietnam Veterans' Tuition Assistance legislation has been signed into law by the Governor. The law expands the present program to include graduate education and also increases tuition awards for Vietnam veterans from 1500 to \$1000 for full-time students and from \$250 to \$500 for part-time students.

TOWN OF HEMPSTEAD CANDIDATE FOR PRESIDING SUPERVISOR EDWARD A. GRAUSE has released a series of recommendations designed to enable town residents to participate in town governement. He urges that all meetings of the Town Board, Board of zoning Appeals, and public hearings be conducted at night to permit those who work during the day to participate. He also suggested that town board calendars be posted in a timely way at all public libraries. He suggested that legislation be passed to permit residents of any community to have an item considered by the Town Board upon presentation of a petition signed by 100 residents. He recommended that preliminary hearings on matters pertaining to specific community be held in that community during evening hours.

GOVERNOR MARIO M. CUOMO recently vetoed two pension supplementation measures and has sent the following (excerpted) message to the legislature: I believe we need pension supplementation to help our retired employees deal with the ravages of inflation and an inability to provide adequately for their later years in life. Unfortunately, the bill... is legally flawed in such a way as to invite litigation that would be delay and render uncertain this effort to help our retirees... the provisions affecting New York city employees would have provided a double supplementation benefit for some employees... "In simple terms, we felt that the Legislatures's bill was overly generous in the rate of relimbursement and deficient in reforms to encourage the best care possible at the lowest possible cost. The Department of Health estimated that the bill would have imposed an additional 1400 million of health care costs on businesses and individuals in New York state... we will go to work immediately with the Legislature and the health care industry to produce an acceptable bill." GOVERNOR MARIO M. CUOMO recently vetoed two pension supplementation measures

The Family Security Act would replace the nation's primary welfare program, Aid to Families with Dependent Children (AFDC), with a new plan that emphasizes child support enforcement and job training as the primary means of avoiding long-term dependence on public assistance. A companion bill to Senator Moynihan's legislation was introduced in the House on August 6 by Republican REPRESENTATIVE WILLIAM GRADISON (R-Ohio)

HEMPSTEAD PRESIDING SUPERVISOR JOSEPH N. MONDELLO and SUPERVISOR GREGORY P. PETERSON have announced plans to make the Eisenhower Park Salisbury Clubbouse more accessible to the handicapped. The funding will be used for an elevator which will make the lower level restrooms accessible.

RAYMOND B, GRUNEWALD, DEMOCRATIC CANDIDATE FOR NASSAU COUNTY EX-RAYMOND B, GRUNEWALD, DEMOCRATIC CANDIDATE FOR NASSAU COUNTY EX-ECUTIVE, has called for the fast solution to the nursing shortage crisis at Nassau County Medical Center. He says, "The solution is simple—pay these nurses the salary they deserve. Stop overburdening them with more patients than they are adequately care for, and begin treating the nurses as professionals and give them the respect that they so richly deserve." He maintained that a base starting salary of just over \$23,000 for a nurse who has completed four to five years of college, and has her Registered Nurse's License is simply too low.

A Letter from Lulubelle...

...Were you popular when you were a teenager?...In every class, in every school, in every age, there's always a couple of girls who are so popular with the boys that all the rest of the girls are green with envy....And sometimes it's hard to figure out just why these girls are so popular...Some are, of course, exceedingly pretty and have love ly figures and who could resist them??...But then there are the others, no prettier, no pleasanter, no better at conversation, and they keep the boys buzzing around, and how I envied it!!...! remember tea dances—they were called that because they were held in the afternoon at what I suppose would be the tea hour—we never had any tea...We would all giggle in the girl's room and fuss and fuss with our hair and ask our friends if our stocking seams were straight, and then off we'd go to the gym where the victrola would be playing and some of those popular girls would be dancing while the whole football team lined up to cut in...and over in one corner would be all the rest of the boys fooling around and pushing each other, and then on our corner would be all of us girls trying, in vain, not to look as if we were waiting to be asked to dance and making no eye contact with any male in the room, and then, the worst thing happened—several girls were asked to dance and left the few of us—wallflowers no matter how we rationalized, and eventually we were doomed to the final humiliation we girls danced together!!...My granddaughters tell me that it's better today when everyone dances alone and no one knows if someone is dancing with someone else-and I'm sure that's comforting—but it was so great to dance with a boy check to cheek!

Yours, Lulubelle

Perceived or real threats to health and safety usually result in government action to correct the problem. In 1984 the New York State Legislature passed the first man-datory seat belt law in the nation. Now. two and a half years after the law's enact-ment, we are building experience to see what the law has done for New Yorkers.

Lawmakers in 28 other states and the District of Columbia passed safety-belt-use laws because they know it's the only way to get significant numbers of motorists to buckle up and protect others—both physically and financially—from the unbuckled driver.

As the Executive Director of the New York Coalition for Safety Belt Use, I know firsthand about the pain, suffering and death experienced every day in New York because people don't wear their safety

Unfortunately, there are some motorists who don't know the value of buckling up and oppose our safety-belt-use law because they see it is an infringement on their in-dividual freedom and personal rights.

Those persons are ignoring the fact that unbuckled motorist do affect others.

When people are severely injured or kill-ed in automobile accidents, the effect is felt by their families, friends and employers. And, in fact, they affect everyone in the form of increased insurance premiums, torm of increased insurance prelimins, disability payments and health-care costs. Automobile accidents cost employers in the United States an average of \$120,000 per death and \$1.0 billion annually. A motorist who wears a safety belt is 50

A motorist who wears a safety Delt is 50 percent more-likely to survive or avoid serious injury in an accident. A recent four-year study of 15,000 employees of Milwaukee-based Control Data Corporation showed that workers who routinely failed to use safety belts spend 54 percent more days in the hospital than those who regularly buckled up.

For the sake of my family, friends and co-workers, I'm glad that New York's motorists are covered by a safety-belt-use law. During the summer months, when use of our State's highways is at its peak, we can't afford not to use a safety-belt. It's the

# WHERE TO TURN WHEN YOU CAN'T FIND YOUR LACE IN THE HAMPTON

Most people who weekend in the Hamptons love it.
They love the beaches, the people, the food, the excitement. But there's a lot not to like tox-the traffic on Montauk.
Highway, the crowds, the lines at restaurants. at restaurants.

And the prices.
And the prices.
A small number of these
people, mostly New Yorkers, are
getting the feeling that getting away
to the Hamptons isn't getting away

They bump into their barber at Balduccis. They trip over their accountant on the beach.

They're beginning to question the logic of travelling "en masse" to confront the same situation they're paying a premium to escape.

OYSTER POINT ON THE NORTH FORK. IT ISN'T EXACTLY THE HAMPTONS.

What the Hamptons were 20 years ago is what the North Fork is today. And the best part of the North Fork is Oyster Point.

Picture a beach and dune grass peninsula. To the east is Gardiner's Bay, to the west, Peconic Bay.

Directly across the channel to the south is Shelter Island.

The views are spectacular. The

The views are spectacular. The beach is natural and unspoiled.

Here in this very beautiful and private setting we built a total of 34 two-bedroom town bouses and single floor condominiums.

We created a safe and snue harbor with a marina so each home has its own individual boatslif. There's a pool and sun deck area and tennis. All have terraces on the beach or the marina—there's water, water everywhere. Views like this in the Hamptons have gone out of sight. At Oyster Don't they're the only sight. the only sight. # Hicksville High School Class of '67 Reunion

The Hicksville High School class of 1967 held its 20th reunion on Aug. 14 at the Villa Victor Restaurant in Syosset. The turnout of former classmates was close to 400. The air of excitement was overwhelming as old friends talked, danced and caught up

on old times.

A special highlight of the evening was when former classmate Billy Joel arrived unexpectedly. The reunion committee would like to thank Billy for patiently and pleasantly putting up with the constant flashing of cameras and signing of autographs. Those who knew him well still consider him "the same old Billy" and enjoyed reminiscing about their childhood escapades. All in all the reunion was a great success and no one wanted it to end. At about 130

a.m. approximately 100 classmates relocated to the Highway Tavern in Hicksville and continued to party until the wee hours of the

morning.

A silver anniversary reunion is being considered for 1992 and judging by the en-thusiasm it should be equally as successful. -Pat Longo

#### North Shore Day School

North Shore Day School.

North Shore Day School, the oldest private school in Glen Cove, commences its 45th year in operation for the 1987-88 season. The founders' daughter, Barbara Shoen Brundige, is the school director. The 1987-88 program is starting a new toddler class for two year olds and the school has nursery three, prek and kindergarten classes morning, afternoon or full day. The door-to-door bus service will pick children up from sitters, the office or home. Children ages 3-6 may attend full day. Hot lunch is provided or children may bring their own. In addition, North Shore has a parent day out program where a child may extend to full day anytime the parents need the full day program. With babysitters during the day increasingly hard to find, this program is very popular.

The philosophy of North Shore has been to make this first school experience a warm and nurturing introduction to school. Educational games and toys abound but the emphasis is to make each child feel good about himself or herself. This confidence building philosophy is a sound basis for future learning. The school has an extensive library, and System 80. Teaching Machines, Texas Instrument and Apple computers and to the educational experiences.

The students enjoy the outdoors daily on the facility's 14 acre setting including riding down the bills in winter. The 200 acre Nassau County Park Preserve across the street adds to the nature program.

#### Oakdale

H

Oakdale

Oakdale has been educating students, grades six through twelve, who have often been identified as the "gray student"the underachiever-for over 17 years.

Their student are those young men and women who have historically been lost in the traditional middle and high school programs and have been unable to adjust to the traditional school setting which resulted in these students obtaining poor grades, poor school attitudes, cutting classes, poor attendance records, not doing homework and basically being described by leachers as "unmotivated." While they are of average intelligence and without evidence of any learning disabilities, they often perform poorly on standardized tests and get uninvolved in any extra activities the school has to offer. With approximately 98% of the entering class completing high school and approximately 90% of the graduating class going on to college, their students were seen as those "at risk" of becoming high school dropouts.

With an average middle school class size of ten students and an average high school class size of fifteen students. Oakdale's faculty works closely with students in all academic as well as selected electives, incorporated into the students day is time for extensive interaction with professionals in their guidance department and flexible scheduling allowing the students to not only meet the new York State graduation requirements, but also to become involved in courses and projects which they find interesting and

State graduation requirements, but also to become involved in courses and projects which they find interesting and motivating.

Students, who because of poor attendance, etc. and who show poor skills in certain academic areas have the opportunity to attend skills classes. These classes are given during the course of the regular school day so that no student "stands out" as one in need of help as in the traditional school setting whereby a student must remain after regular hours to receive remediation. ### The Silent Masterpiece

The great masterpiece lies in the museum, encased in thick glass, nested in blue velvet. It is one of the famous violins created by Antonio Stradivari — the one he called "the Antonius". It has the ability to please and entertain millions of people with its pure, magnificent tones. But as long as it remains in its case it is silent, mute to the world.

Many people live and work each day at less than their true capacity. They have many hidden talents, tremendous potential ability that lies undeveloped, hidden from themselves and the world. And regardless of the potential one may possess, it is of no practical worth until it is recognized, until it is brought out and put to good use.

The Dale Carnegie Course\* can help you unlock and release your potential. You can develop a new courage, a new confidence in yourself and your own capabilities. You acquire the ability to express yourself more clearly, more effectively, you learn to understand yourself and other people better. Find out how the Dale Carnegie Course\* can help you develop and use more of your abilities to achieve greater fulfillment in life. For more information call...

In the past, Testakers graduates averaged 170 points improvement over previous S.A.T. or PS.A.T. results. This is the highest score improvement for any S.A.T. preparation service in the New York area. Testakers can be reached at (718)544-6262.

#### The Princeton Review Presents

#### With a cast of superstar teachers

"As a high school junior, I'd like to think I would have organized a boycott of the S.A.T.'s. But it's probably more accurate to say I would have picked up the phone and dialed the **Princeton Review**."

"A random sampling by Venture of 100 New York City students coached by the Princeton Review last year revealed an average improvement of 154 points."

"But the race for the Ivy League schools is just one factor behind the Princeton Review's success. Probably more important is a witty and irreverant approach that turns a grim ritual almost into a game."

"If I were a high-school student in a city where a school like the Princeton Review was not available . . . I would be terribly upset."

Opening lead — queen of clubs.

Way back in the '30s a team known as the Four Horsenen, consisting of Willard Karn, Hal Sims, David Burnstine and Oswald Jacoby, dominated the world of bridge. For years they rode roughshod over all opposition, winning most of the important tournaments.

naments.

All four have passed on to happier hunting grounds, but the memory of their exploits lingers on. Today's hand was played by Karn.

West led the queen of clubs, which-

held, and East won the continuation with the ten, cashed the ace and returned his last club. Karn ruffed with the jack as West discarded another diamond.

Karn played a spade to the queen and led a heart, winning with the queen. He now had the K-2 of trumps and general were well to play the

deuce and fell the ace.

East returned a spade to dummy's ace, on which South discarded a diamond, and Karn then made the key play of the jack of diamonds. East ducked and so did South, West contributing the ten to the trick. A heart to the king drew the last trump and declarer's diamonds won the last three tricks. three tricks

three tricks.

When the play is analyzed, it is found that the deuce of hearts play, the spade finesse and the jack of diamonds lead were all absolutely essential. Furthermore, the timing also had to be preferr.

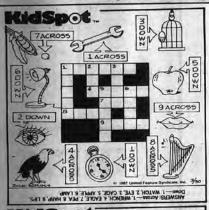

essential. Furthermore, the timing also had to be perfect.

The spade had to be led at trick five so that trumps could be initiated from dummy, and the gueen had to be finessed so that the South hand could not be ruffed down later on. Furthermore, the jack of diamonds had to be led to pin the queen and ten with one stroke.

### You Auto Know

Prestigious organizations need prestigious people to lead them. The Greater New York Automobile Dealers ociation represents one of the largest industries in the country. As such, it has attracted a great many important businessmen to lead it.

From the days when the automobile dealership took over the town bicycle store, the industry has grown. Many of Long Island's automobile entrepreneurs have expanded their interest from just one marque. That is the case with Ted Brodlieb.

Ted Brodlieb, founder and president of three Long Island Chrysler/Plymouth automobile dealerships in East Hills, Woodmere and Commack, has been named president of the Greater New York Automobile Dealers Association. Mr. Brodlieb previously served the association as vice president and has been a member of the board of directors since 1980.

All board members serve in a voluntary capacity.

As a board member, Mr. Brodlieb has been chairman of the AUTOCAP committee—the Automotive Consumer Action Program—which is a Free service for customers having a problem with a new or used car or truck and the franchise new car dealer from whom it was purchased. During his two year tenure, 93% of all AUTOCAP claims were resolved prior too mediation and to the satisfaction of the

A native of Brooklyn and a graduate of Samuel J. Tilden High School and Brooklyn College, Mr. Brodlieb followed a family tradition by entering his father's and un-cle's Marathon Motors auto dealership in Brooklyn. In 1952, he and his brother, Cy, opened a DeSoto/Chrysler/Plymouth dealership, Idlewild Motors, which they parlayed into three successful Chrysler/Plymouth dealerships on Long Island. They are officially known as Brodlieb Motors, Woodmere; East Hills Chrysler/Plymouth Inc., Greenvale; and Huntington Chrysler/Plymouth, Com-mack. Sons Ken and Marc are now principles in these dealerships, Mr. Brodlieb was also a Ford dealer from 1958 to 1978.

A long time supporter of many charitable causes, Mr. Brodlieb has given generously to the Sirnon Weisenthal Foun-dation and the United Jewish Appeal. In 1976, he was named Man of Honor for having been instrumental in raising over ta-million for the bond drive to celebrate the 25th Anniversary of the State of Israel. Mr. Brodlieb has been a strong sup-

porter of education, community institutions and local businesses. Recently, he established the Distinguished Professor odlieb Chair at Hofstra University School

of Business.

Most recently, Mr. Brodlieb has helped to organize the Hamlet Tennis Tournament to fund the new Children's Division at North Shore Hospital, which is to take place in Jericho this August. This Club/Am Tennis Tournament is sponsored by Chrysler/Plymouth. Mr. Brodlieb is also involved in the organization of the Nabisco Grand Prix of Tennis, to be held at Madison Square Garden in December, and has sup-ported the Big Brother Organizations and the American Kidney Foundation. Mr. Brodlieb has served for 12 years on

the New York Chrysler/Plymouth Council and five years on the National Dealer Council. He has been a member of the Advertising Committee for 15 years, six of these years as president. Currently, he is president of the Chrysler/Plymouth

Dealer Association of Long Island. Mr. Brodlieb replaces Don Saslow, president of Smith Haven Dodge Corporation (Suffolk), who moves onto the Executive

The Greater New York Automobile Dealers Association was established 77 years ago to serve franchise new car dealers in the five boroughs of New York, Suffolk, Nassau and Westchester counties. The association is located in the Whitestone section of Queens.

## **Antique Auto Show** At Tappen Beach September 13

The fourth annual Antique Automobile Show will take place at Tappen Beach in Sea Cliff on Sunday, September 13, from 11 2.m. to 4 p.m. Suggested donation for adults is

11.50, children are free.
The event is a fund-raiser for the volunteer Sea Cliff Auxiliary Police unit and for the Long Island Division of the Horseless Carriage Club

More than 100 automobiles of vintage 1042 and older will be on hand for show. Visitors will be asked to vote for their favorites in a public ballot. Cars will include some classics such as the 1907 Ford, 1908 Buick, 1910 Rolls

Royce and Simplex, 1916 Indian Motorcycle with sidecar, plus loads of Ford Model A's and T's. The show is the most prestigious antique car event in the New York metropolitan area, having been held for 20 previous years at Sagamore Hill in Oyster Bay, the former horn

of former U.S. President Teddy Roosevelt.
In addition to the entertaining collection of cars, there will also be an Antiques & Collectibles Market.

The Auxiliary Police will man their popular refreshment stand with hamburgers, hot dogs, sodas and beer.

### Seat Belt Litter Bags Available to Groups

The New York Coalition for Safety Belt Use announces that litter bags for private automobiles are available to be distributed

to all community groups in New York State. The bags are 7-3/8 inches by 12-inches and are bright yellow with black lettering stating: "Buckle Up It's Our Law!"

Any Civic, community, fraternal or religious group may request up to 500 litterbags. Requests must be made in writing to: New York Coalition for Safety Belt Use, Inc., 18-10 Whitestone Expressway, Whitestone, New York 11357.

### Kids for Kids Benefit Softball Game

#### By CHARLETTE ANSTEY

Two of Hicksville's top all-star 12-year-old baseball teams will compete against each other in the first year Hicksville Benefit Baseball Game on Saturday, Aug. 20 (rain date, Aug. 30) at 1 p.m. The game will be played at the Abe Levit Field (next to Dutch Lane School), Stewart Avenue, Hicksville. HBA (Hicksville Baseball Association) is entering their Williamsport Team and PAL (Police Ac-tivity League) has held try-outs and chosen

Merobers and former members of the New York Islanders hocket team (Bobby Nystrom, John Tonelli, Bryan Trottier and Gary Howatt) will also be attending the game.

The children who will benefit monetarily will be from A.H.R.C. since all donations from participants and spectators, in addition to pro-fits from food sold at the field, will be going to them. But all the participants (from ball players to managers and coaches to parents to spectators) are going to benefit. The young ball players, by acknowledging the special skills they are fortunate enough to have, will have accomplished a feat they can be proud

Since this is a first-time benefit baseball game, the HBA and PAL organizations felt that all rules should be ironed out prior to the game. With that purpose in mind HBA representatives Mike McInerney, Al Ciaccio and PAL Representatives Buddy Goodrich and PAL Representatives Buddy Goodrich and Charlette Anstey met at Al Ciaccio's house. Both sides immediately agreed that major emphasis should be placed on good sportsmanship - whether by ball players, managers, coaches or spectators. Managers Al Ciaccio of HBA and Buddy Goodrich of PAL wish to emphasize that this

is not a win for PAL or HBA - it is a win for the Hicksville community and a benefit to

Special thanks go to PAL's Bill Toelstedt (Nassau County Police co-ordinator for Hicksville PAL) and Greg Simeonelli, president of HBA. This benefit couldn't have got-ten off the ground without their full

cooperation.

The adults involved in this game felt the emphasis should be placed on the KIDS (whether they were from A.H.R.C., ball players or viewers). PAL and HBA are ex-

tremely proud of these Hicksville youth. We the Hicksville community will show their support and attend this game. Too often you only hear something bad about the youth of your community - in Hicksville we're fortunate to have caring responsible youth. The parents (and I hope the community) are go-ing to give their full participation to this pro-ject. Perhaps by us all working together we can turn this first-time game into a series next year of games to benefit various children's organizations (i.e. McDonald's House, Make a Wish, etc.).

We, as adults, support all different types of charities; isn't it appropriate that we pass our feelings down to the children of Hicksville by allowing them to participate in donating

not money, but time to a charity.
We would like to thank Philip DiMunda of Tiger Trophies for donating a First-Place Trophy with an inscribed plaque. This trophy along with photographs of each team, will reside for the year at a central Hicksville

location.

### Hicksville PAL Softball/ Baseball News

Our summer season has gotten off to a super blast! Even though Tuesday, July 21, was a hot and sultry summer night, the game bet-ween the Giants and the Mets (Boys Intermediate Division) was played with good sportsmanship exhibited by all (coaches, players and spectators). Right up until the last exciting inning the score was extremely close. The Giants won the game but the Mets were also winners by displaying positive behavior. Thanks go to the Giants and Mets players, coaches and parents for displaying true PAL

Phil Pirozzi of the Mets (Boys In-termediate Division) was injured while mak-ing a spectacular slide into home unfortunately Phil and the catcher of the Giants collided. This teenager was carried off the field to the applause of both teams and

spectators for his courage. On August 20, the Gray Team, and the Red Team of the Girls' Senior Division had a hot and heavy game. The lead switched sides every inning. By the end of the fifth inning the Gray Team was winning. The umpire decided to try for a sixth inning-since the Red Team was home team they went first and pulled their team ahead. Their hitting stars were exceptional that inning, however the umpire and coaches decided it was too dark to contime playing. The score reverted back to the fifth inning. The Gray Team won the game but the Red Team also was a winner by playing an excellent game. The screams and excitement coming from these girls was what made this game so special. Congratulations to both the Gray and Red teams for displaying true PAL spirit.

The Commissioners for the Girls' lunior and Senior Division Jack Zeller and Dave Nelson are very special people. Jack spends almost every evening down there watching games and videotaping them. These videotapes are shown at our Girls' Trophy Night. Our Boys' Commissioners are super people: Roger Koopman (Rookies), John Haley (Juniors), Danny Rogers (Sub-Intermediate) and Joe Bentrewicz (Intermediate). All our Boys' Commissioners also coach a team in their division. The community of Hicksville is lucky to have such dedicated individuals who believe in the youth of Hicksville (and surrounding areas).

Eleanor Bentrewicz runs our um-pire/referee program. She is a dedicated individual who deserves a great deal of praise and thanks. Not only does she recruit teenagers and young adults to our programs but if there is a problem with a umpire/referee she resolves it. It is probably the most difficult jobs in PAL to coordinate the umpires/referees.

Most of our parents have met Bill Toelstedt who runs our program. Bill is the police coordinator from the Nassau County PAL. The reason Nassau County has PAL is as an anti-crime prevention program.

Grand Slam Home Runs were the order of the week. Carolyn Galdo, Maroon Team of the Girls' Junior Division had her first of the year. Cara Lagattuta, Green Team of the Girls' Senior Division got 2 Grand Slam Home Runs. Congratulations to the following Home Run Hitters: Erin Diehl of the Gray Team (Girls' Senior Division), AnnMarie Margiarcina of the Gray Team (Girls' Senior Division), Tom Anstey of the Glants (Boys' Intermediate Division), Chris Benes of the Cards (Sub-Intermediate Division) and Tony Sporanza of the A's (Boys' Sub-Intermediate

Please remember to honor our Hicksville neighbors' request to clean up the field after your team is there. We would like to thank our Hicksville neighbors who surround the school fields we use for our games (Woodland Avenue School, East Street School, Willet Avenue School, Hicksville Senior High School) for their support and encouragement to our

The main reason the Hicksville PAL runs their Girls' Softball/Boys Baseball program during the summer months (instead of the spring months) is to give the children and gers of Hicksville and surrounding areas something to do during these months. If you've been reading these articles and do not have any children or teenagers in any of our program and are not enrolling them for reasons of 1) work schedules, 2) car problems or 3) anything else, please contact Bill Toelstedt at PAL Headquarters. Bill will try to work something out to help you enroll your son daughter in our programs.
