Jeep Flips Over, Hicksville Man Dies

A 49-year-old Hicksville man was killed in an auto accident when his jeep flipped over on its roof after being in a collision with a car driven by a 17-year-old from Garden City, said Lt. Lewis Gebhardt of the Garden City Police Department.

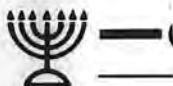

According to Lt. Gebhardt, Libatore Iaboni of 62 Elm St., Hicksville, was traveling east on Stewart Avenue in Garden City last Sunday at approximately 9:40 p.m., when his 1984 jeep collided with a 1980 Ford Mustang driven by Andrew Robins of 41 Spruce St. Mr. Robins was traveling southbound on Brixton Road. After the two vehicles collided, the jeep flipped over and struck a village light pole. The passenger in Mr. Iaboni's car, his wife, Elizabeth, received a cut to her neck. Lt. Gebhardt said Mr. Iaboni "received major injuries to his head," Lt. Gebhardt added. The driver and two passengers in the Mustang, a 14-year-old male and a 15-year-old female, received no injuries, said Lt. Gebhardt.

A helicopter arrived at the scene at about 9:44 p.m. and landed on Whitehall Boulevard in case assistance was needed to transport injured parties. Mr. and Mrs. Iaboni, however, were transported to Winthrop University Hospital by ambulance. Lt. Gebhardt also said that Mr. Iaboni was unconscious upon arrival of police at the scene of the accident while Mrs. Iaboni was conscious.

Both cars were impounded for tests by the Third Precinct.

Students at Local School Raise \$4,000 to Help Support The American Cancer Society Program

STUDENTS AT THE Carousel Day School in Hicksville recently participated in a swimmerathon and raised \$4,000 for the American Cancer Society. Standing in the back row are Jane and Gene Formica, school owners. Next to Gene Formica is Mike Epstein, a school director.

More than 70 youngsters at the Carousel Day School in Hicksville recently swam their way to 14,000 in contributions to the Long Island Division of the American Cancer Society. The funds were raised by the swimmers getting sponsors to pledge money for each lap they swam. Ranging in age from 3 to 12, the swimmers eagerly responded to the encouragement and motivation of the camp's director, Mike Epstein, who tallied the laps.

Gene and Jane Formica, the school's owners, provide a full educational program throughout the year at Carousel Day School. After experiencing the loss of one of their employees to cancer, they sponsored their first Swimmerathon five years ago to raise funds for the fight against this disease. They not only encourage the youngsters to participate in the event, but involve their counselors as well by having them supervise and count the laps of each participant.

At the closing ceremony of the summer program, awards and prizes are given to each swimmer along with a souvenir and a certificate of participation. The funds raised will be used to support the programs of the American Cancer Society on Long Island.

Wagner Funeral Home Begins Its 6th Year With Funeral Assoc.

The International Order of the Golden Rule, an association for reputable funeral directors, has recently announced that Vernon C. Wagner Funeral Home in Hicksville is beginning its sixth consecutive year of membership in the Order. To continue membership, each funeral home must meet the same strict professional standards required for admittance into the Order.

To make their membership possible, Vernon C. Wagner Funeral Home had to receive recommendations from local residents, clergy and other OGR members. Prior to membership, inspection of the funeral home is required along with 100% approval by IOGR's board of directors. The order has over 1,500 members internationally.

"As a result of the positive response we've received from the Hickville area, Vernon C. Wagner Funeral Home has proven its worthiness to be counted among our members," said Dale L. Hearing Date Set for Request on Local Building Project

A public hearing has been scheduled for Tuesday, October 6, by the Oyster Bay Town Board on an application for a special use permit and a request to amend the present covenants and restrictions in Hicksville, according to Town Councilman Douglas J. Hynes.

"The applicant, Exxon Corporation, is seeking a special use permit to demolish the existing gasoline service station and to erect

and maintain new pumps, add a canopy and use a convenience store on the premises," Hynes noted.

The property is located on the southwest corner of the intersection of Old Country Road and Broadway in Hicksville.

The hearing has been scheduled for Tuesday, October 6, beginning at 10 a.m. in the Town Hall East Hearing Room, Audrey Avenue, Oyster Bay.

PRESIDENT TEDDY ROOSEVELT (James Foote) was one of the many Bicentennial program participants who rang a large bell for 200 minutes, thus joining in the National Salute to the U.S. Constitution, last week.

FOR WHOM DO WE WORK?

People who want to buy a house come to us for help. They are our customers. But the sellers of those houses are our clients. We are their agents, advertising, showing and selling their properties. We work for them.

We help them set the right asking price for their property, in line with its intrinsic value and current market conditions. We advertise to attract prospects, and then we qualify the people who come in to find out what they need in a home and what they can afford. Then, and only then, do we show appropriate properties. We don't necessarily bring a lot of people to see our listings — just the right ones, the ones who really want a home like that and are in a position to buy it. As we show a house, we do a selling job.

When it comes to negotiating price and other issues, we represent our clients. We may advise; they decide. Put us to work for you. List with the winners at:

A Case Of The 'Topsy Cow'

The cow had its last slurp of the 'nectar of the Gods' more than a decade ago. And now the last flow from the barrel will serve the last beer in a few months. It will be at the famous bar, hall and restaurant formerly known as **Petabelle's**. The property on which the building stood has been sold, according to reports, to a developer. Cluster house are to be built on the land.

Years back the Hicksville institution was highly publicized, even in the **New York Press**, for its 'mascot cow' who unabashedly enjoyed a nip—and it was not just once or twice an evening!

The hall has not outlived its history of the 'Topsy Cow.' A popular social gathering

place, with excellent food, in this present day it was descended upon by more than 100 1968 graduates after their 20 year reunion at the Villa Victor. Billy Joel, just returning from his epic Russian tour attended the reunion—but not the later party there.

I also remember hearing stories many years ago from the late **Bernie McGunnigle** whose family lived in the house—that it was haunted. We used to enjoy hearing all the stories about the glasses shaking and moving about the cupboard, etc.—and always hoped they were true. We still don't know—maybe some of the other members of the **McGunnigle** family would be able to tell us more about it. I do know of another house in Hicksville that is sup-

posedly haunted. Do any of you know of any????

Don Met Kathryn Kershaw

Don Hawes of Hicksville was dining at **The Tiffany House** in Glen Cove when he met a **Ms. Kathryn Kershaw**, age 92, whom he said looks remarkably young for her age...and is so very alert. He found out that she worked in the tax office for 34 years, and was born on September 9th (a belated Happy Birthday, Kathryn). She was with a very interesting friend, **Sherwood F. Carl**. She was in the Class of '35, Hicksville H.S. Her family worked in the household of **Teddy Roosevelt**. Teddy visited her family on horseback five days after she was born...he came up to see the baby. Don said that it was wonderful meeting this very

interesting lady.

Coming Home For Reunion

Nancy (Finn) Calder is coming to Hicksville for her 15th year St. Ignatius class reunion October 3rd. Nancy just had a baby girl, **Melissa Ann** August 7th and she's bringing her to show her off to her mom and dad, **Rose** and **Bernie Finn**, longtime Hicksville residents.

Nancy's husband, **Michael** is staying in Clearwater, Florida to babysit for their **Melissa's** two older brothers: **Michael** (4½) and **Brian** (2½).

Nancy won't be in Florida to help Michael celebrate his birthday September 30th—but she'll be home to help him celebrate it along with their 10th wedding anniversary—which is October 8th. I know Rose is going to enjoy this visit!

Rose and Bernie's son **Bernard** will be celebrating his 38th birthday with his family September 28th. Best Wishes to all!

TO YOUR HEALTH

By RICHARD H. BLAU, M.D.

Sjogren's Syndrome - Its Relationship To Arthritis

Sjogren's (pronounced show-grins) is an inflammatory disorder of the glands and can be associated with many types of arthritis. Often, the problem causes dry eyes and a dry mouth. This abnormality can produce a feeling of grittiness in the eye or a feeling of constant thirst.

The cause of Sjogren's is not known. Certain evidence suggests a defect involving the body's immune system. Once this inflammation occurs, the production of tears or saliva is impaired. With the continual lack of these lubricating fluids, the eyes and the mouth become very dry. Many patients with Sjogren's experience such pronounced thirst that they carry a glass of water with them. These patients are prone to develop recurrent eye infections or dental cavities.

Often, people with this disorder come to the attention of the rheumatologist (arthritis specialist) because they have an associated arthritic condition. Types of arthritis associated with Sjogren's include

rheumatoid arthritis, lupus, mixed connective tissue disease, and sarcoidosis. Although many people with Sjogren's may never develop arthritis, the occurrence of Sjogren's may be a very early sign of arthritis.

The diagnosis of this disorder is usually made on the basis of a medical history and a complete physical examination. This is done to make certain that an associated arthritis is not present. A simple tear secretion test, called a **Shirmer's Tear test**, can often confirm the diagnosis.

Treatment of the arthritis associated with Sjogren's is a specialty of the rheumatologist. If the symptoms are mild, little treatment may be needed. For more severe problems, medications are available and are helpful.

Arthritis strikes one out of seven people. Learn the facts. Call for your complimentary copy of "The Joint Approach An Arthritis Overview."

Dr. Richard H. Blau is a board certified Rheumatologist practicing in Manhasset, 516 482-0822 and Westbury, 516 007-6827.

Dotty Threw A Party

Dotty Braja threw a surprise 60th birthday party for her husband Stanley on August 23rd—a day before his actual birthday. The party, held at "Annie's Place" in Bethpage was the location of the happy day. All of Stanley's children except Gary and his wife Marybeth, and their 5 year old daughter Kelly, attended the party. Gary wasn't able to get there until the next day as he lives in Indiana.

Among the children that attended were: Stanley and Pat, their children Michael (6), and Katie (2); Debbie and John Lofano with children Louis (6) and Vincent (3); Diane and Joseph Hchadoorian and their three daughters Jaclyn (4), Erin (2), Vicki (6 months); and daughter Lisa and her boyfriend Joe Lederer.

Stanley's mom, who was a longtime resident of Hicksville presently living in Bayshore

with her daughter and son-in-law, Irene and Charlie Chlanda; Stanley's brother Andrew and wife Mary, and his other brother Eddie, were also at the party.

Other guests were Dotty's (Abramski) sister Joan and Pat Patalano from Bethpage; Rose and Bernie Finn; John and Evelyn Lofano; Ann and Fred Pavay and Carol and Carl Fitz, all from Hicksville.

A sit down dinner was served and Stanley had the time of his life.

Their daughter Debbie will be celebrating her birthday September 30th and Stanley's wife Pat Braja will be celebrating hers October 1st.

From the way I see it—lucky thing that Dotty works in Stern's. She has a lot of gifts to buy. Happy Birthday to all of you.

Perfect Variety Neus

She's cute as a button, with dark hair and dark eyes, just like her mom and dad, Alexis Rae Curcio is almost two months old now and she is a little angel. Her mom and dad, Judy and Vinnie Curcio, owners of Perfect Variety and Perfect Pharmacy are really thrilled with parenthood—cept for the night feedings. All of their friends want to congratulate them on their first child.

Kristen and Evan Engaged

Mr. and Mrs. Cyril E. Gomer of Hicksville have announced the engagement of their daughter Kristen Carol to Evan Sailor, son of Mr. and Mrs. David Sailor, also of Hicksville.

Kristen and Evan will be hearing wedding bells on October 1st, 1988. Congratulations and happiness always!

EVAN SAILOR AND KRISTEN CAROL

Speaking of Perfect Variety—Julia Schmidt, cashier there for more than 20 years, has retired. Julia is enjoying her time home with her husband John. John, after suffering a mild stroke, is doing fine now. The girls at Perfect took her out to lunch and gave her a lovely gift to celebrate her retirement. They'll all miss Julia's friendly face and interest in all their problems when they came to the store.

The girls at Perfect also want to wish a belated Happy Birthday to Janet. She just came back from a well-deserved two week vacation and they said she really looks 'super.'

Condolences

Our condolences to the family of Mary Braun, longtime resident of Hicksville who passed away last week. Mary was a secretary to the executive vice president at LILCO for many years and had been retired. She was a parishioner of St. Ignatius Loyola.

Our condolences also to the family of John Zulkofske, the former owner of the Jericho Cider Mill and a founder and

active member of the Jericho Fire Dept. "Farmer John" as he was fondly known, passed away Sept. 14 at the age of 93. He lived in Jericho for 63 years. His wife was the late Mary. I remember many years ago I was coming home from the beach and got a flat tire in front of their home (where the Cider Mill is). I went inside to call my husband. Mrs. Zulkofske was cooking the most 'delicious smelling' fish on a beautiful old black topped stove. I asked her what it was and she said "shark steak." Boy, how I wish I had been invited for supper that night.

Mr. Zulkofske retired from the Cider Mill in 1974 and since then has been operated by his son, George.

Besides George he also leaves daughters, Rose Marie Klimar, Bertha Dwyer, and Joan Napier; and son Phillip. A son, John Jr., predeceased him.

Successful Las Vegas Trip

Can you imagine anyone coming back from Las Vegas "successfully?" Well, Joan and George Kellner, along with their daughters Thea and Marianne and Dennis Normile have returned home "winners." They won back all the money they had lost playing a fascinating new game called "Pai Gow Poker." George, a retired Comptroller for M.D.A. and his family attended the Jerry Lewis Telethon which is presented by the Muscular Dystrophy Assoc. George has been a guest at Jerry Lewis' home many times. They said they all had a great time.

Happy Anniversary

Anniversary wishes are extended to Bob and Rita Telender upon the celebration of their wedding anniversary. Their children Barbara, Dawn and Bobby were there to celebrate the happy day with the on Sept. 20th. Congratulations.

Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anton Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity.

We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

End of Summer

Red leaves amid foliage green,
 Cricket's song heard tho he's unseen,
 Weary though the philox may be
 It blooms still for all to see.
 Long gone is the bleeding heart,
 Reluctantly, the rose departs,

Only the marigold in splendor shows
 Its colors bright in regal pose.

Happy summer days have passed,
 Giving way to autumn fast,
 Take delight in all you see
 For cold, drab winter's yet to be.

Flashback: 29 Years Ago

September 1958

Nelson Rockefeller Opens Campaign

*Nelson Rockefeller, Republican candidate for governor, opened his campaign at a luncheon in his honor, this week in 1958. In Mineola, he was greeted by assemblymen and other party leaders. A turn-away crowd of 1,800 heard Rockefeller quote Governor Harriman's statement in the *New York Times* that the state did not have enough money for more aid to schools, and that the alternative would be money from local taxation.

"Republican leadership refuses to accept this evasion of state responsibility," declared Rockefeller. "Today, Nassau gets \$14 million more for schools than if Mr. Harriman's three annual budget recommendations had been adopted."

School on Lincoln's Birthday Part of Overall Step-Up in Education Russia Involved

*Dr. Wallace E. Lamb, superintendent of Hicksville Schools, has had some inquiries concerning why classes have been scheduled on Lincoln's birthday in the 1958-59 school year. Part of his explanation follows:

"The answer in a nutshell is that it is a part of an overall plan to improve the quality of education so that our nation can emerge victorious in its present life and death struggle with the forces of communism. It is no secret that Russia is far ahead of us in the development of nuclear weapons, and that the international situation is very critical. Statesmen and educators feel that by improving education, for example, more school days, democracy will survive in America."

Trudy Rutz Elected To Charles Wagner Post #421

*Trudy Rutz of 139 Cottage Blvd., Hicksville, was elected to the office of president for 1958-59 of the Charles Wagner Post #421 American Legion, Hicksville, at the annual election meeting this month.

Harriet Mangels and Gloria Hasel were elected to offices of first and second vice president respectively.

Staff Changes at St. Ignatius

*Sister M. Rose Dominic, O.P., principal of St. Ignatius School, Hicksville, this week announced the changes in the teaching staff of the school. Sr. M. John Michael will teach the seventh grade, Sr. Mary Cecilia sixth grade, and Sr. Mary Seton fifth grade.

Enrollment Up Again

*A gain of 909 students was noted in the Hicksville Public Schools enrollment on opening day, September 3, 1958. The new figures were released by the office of Dr. Wallace E. Lamb, Superintendent of Schools. The enrollment on opening day was 12,018 as compared with 11,109 a year ago in 1957.

Red Buttons Returns As G.I.

*The Glen Cove Theater announced the return of Red Buttons with another top-flight characterization. Following his Academy Award winning role in "Sayonara," Buttons will be featured as Glen Ford's GI Buddy in *Imitation General*, which opened in early September, 1958.

Pay Last Bill On High School

*The Hicksville Board of Education has paid the final bills on the original construction of the \$4 million Senior High School on Division Avenue. Replacement of a faulty refrigerator door in the cafeteria had delayed the final settlement.

The board, on August 29, 1958, voted to pay Castagna and Son, Inc., the general contractor, a final balance due of \$3,797.33. Also paid was \$1,617.99 to Knappe and Johnson, architects, as their fee balance, and \$3,175 to Michael J. Sullivan, attorney on the construction project.

Around Town

*Miss Ottolie Buonagura, daughter of Mr. and Mrs. Angelo Buonagura, 357 Broadway, Hicksville, will matriculate this week as a freshman at Saint Joseph College, Emmitsburg, MD. Miss Buonagura plans to take courses leading to a B.S. degree in Nursing.

Mutiny On The Good Ship Comfort Station

*Flat Top, sometimes known as Curley Ericson, was hung in effigy at Fred's Inn on Woodbury Road, Hicksville, following a mock court martial on charges that he mutinied during the now historic "cruise" of the Good Ship Comfort Station to Amsterdam, N.Y. and return.

Curley Ericson did not stay for the entire proceedings and a stand-in was tried by Staff General Ray McGranahan. The army, navy, marines and moon patrol were represented in the August deliberations into charges that Flat Top jumped ship at Amsterdam. In defense, the accused said he refused to stay another minute on the leaky tub, and besides he was tired of bailing. He added that Brave Captain Bill Danda insisted on steering with his bare feet and didn't know how to read a road map.

Jack McCabe, another crew member who jumped ship, was found not guilty. He had quit when he heard that Danda was going to bring the boat back by way of Alaska, claiming, "if the Nautilus can do it, so can we."

EDITORIAL AND OPINION

What the Politicians are Saying

A modest tax exemption for volunteer firemen to encourage their continued volunteerism and to show public appreciation for their dedicated service was proposed recently by EDWARD A. GRAUSE, DEMOCRATIC CANDIDATE FOR PRESIDING SUPERVISOR IN THE TOWN OF HEMPSTEAD. Mr. Grause noted that approximately 10,000 volunteer firemen serve in 71 fire companies in the county as firefighters, rescue fire-fighters, and firemedics. Mr. Grause recommended that the maximum tax exemption be \$250 per annum and estimated that the cost to the Town would be less than \$2 million.

U.S. REPRESENTATIVE ROBERT J. MRAZEK (D-Centerport) has urged the swift completion of a study designed to bring about the final clean-up of the Applied Environmental Services toxic waste site in Glenwood Landing. Although the chemicals were removed in 1986, the danger posed by the Chemical wastes to the soil and groundwater have yet to be fully resolved.

Courts will now be able to impose both community service and financial restitution upon youngsters convicted of vandalism under legislation sponsored by SENATOR NORMAN J. LEVY (R-C, Merrick) and signed into law by the Governor. Previously, judges could order community service or pay restitution for damages they had caused, but not both.

From the column of ASSEMBLYMAN GEORGE H. MADISON: Sexual assault is a personal violation. Victims often perceive that the police and courts will not be able to help, or the authorities will blame them for encouraging the perpetrator. Victims feel that our legal system assaults them again as they endure the anguish of repeating the details of the crime over, and over and are treated without compassion during the ordeal. I am supporting a number of recommendations contained in the report of the Assembly Task Force on Sexual Assault including expanding the use and admissibility of out-of-court identifications, increasing the penalties for aggravated rape, mandating consecutive sentences for those convicted, as well as restricting the use of lie detector testing of victims which was recently signed into law.

NASSAU COUNTY EXECUTIVE THOMAS S. GULOTTA AND HEMPSTEAD PRESIDING SUPERVISOR JOSEPH N. MONDELLO have announced that the Nassau County Police Department will implement a School Bus Safety Inspection and Enforcement Program to closely regulate the safety of vehicles transporting children to and from school each day. The County Police Department will receive a state grant of \$50,000 to finance the bus safety program.

New York State business will gain the right to have customer checks promptly cleared and deposited in a business account and private customers will gain the right to choose a checking account which guarantees the return of cancelled checks under two bills signed into law recently by GOVERNOR MARIO CUOMO.

To the Editor:

Every day millions of letters are sent from Long Island to all areas of the country and the world. Now those who receive these letters will know exactly where they came from—Long Island, New York.

The U.S. Post Office now cancels all letters with a "Long Island, New York" postmark. This may be one of the most important actions to improve the recognition and identity of the Nassau-Suffolk region.

Those not familiar with the region had received mail marked from Hicksville or Smithtown, having no idea where in New York State these areas were. The new Long Island postmark makes it clear that we are a region all our own, distinct from other areas

of the state.

In 1984 the Long Island Association Identity Committee first introduced the idea of cancelling mail with a Long Island postmark, as well as including Long Island in local mailing addresses and stamping products "Made On Long Island." Our high quality of life, strong economic health and outstanding natural beauty is boosted by this simple act, and will serve to make Long Island a more identifiable place. We commend the Post Office, and particularly postmaster Roger Nienaber, for the positive action to strengthen Long Island's identity.

A Letter from Lulabelle...

...Fall is coming and soon it'll be time for a fire in the fireplace...So many homes have fireplaces and they are always an added inducement to buyers—but I have noted a strange phenomenon—very few people use their fireplaces regularly...I simply don't understand!...There are so many excuses—all of which I discount—they make dirt—they make the thermostat act strangely—they don't work very well in my house...When one considers the great joy and feeling of comfort and family solidarity which comes from sitting together before the fire, gazing into the flames and making mental pictures as they leap and sparkle—talking quietly about almost anything...maybe sitting with your boyfriend—even though he may also be your husband—and planning the future...there's nothing like it...and another thing—and I hope all my firemen friends don't chastise me—while sitting before the fire—watching it carefully—I hate to have the screen drawn...Of course, every time I leave the room, I carefully pull the screen—we must not be foolish...But, give some thought to using your fireplace—don't keep it filled with plants and flowers in the winter—and remember, it's not necessary to scour it after every using—the ashes pretty much burn themselves away. Here's for long, cozy, wonderful evenings before the fire.

Yours, Lulabelle

N.Y. Assembly Spring Intern Programs

The Assembly Intern Committee is seeking qualified candidates for its Spring Session Intern and Graduate Scholars Program at our state's capital in Albany. Applicants for the Session Intern Program must be matriculated in a college degree program as juniors or seniors. Those applying for the Graduate Scholars Program must be matriculated in or have completed a graduate degree program.

Students selected will receive extensive hands-on experience in the workings of state government. The internship experience is combined with on-site courses, discussion groups, a research paper and forums, to provide a full range of learning experiences.

Session interns receive a \$1,500 stipend, a

semester of college credit, and help in locating housing. The program runs from January to August and participants receive a \$12,000 stipend. Session Intern Program applicants generally have a mid-October deadline set by their college liaison officer. Applicants should check for the exact deadline with their college liaison officer. Completed Graduate Scholars Program applications can be mailed directly by the applicants and must be postmarked by the November 1 deadline.

Interested students should contact Deborah Tonn in Assembly Speaker Mel Miller's Nassau Office at (516) 489-2308 for more information.

Sign Language Classes

For the tenth year, American Sign Language Classes will be held this fall at the Helen Keller National Center, 111 Middle Neck Road, Sands Point. Classes will be held once a week, Tuesdays, from 6:00-8:00 p.m., beginning Tuesday, Oct. 6 for ten weeks. The last class in this session will be December 8.

HKNC will offer 3 courses: ASL 1, 2 and 3. Required textbook for all courses is 'A Basic Course in American Sign Language' by Humphries, Padden and O'Rourke, available for purchase during the first night of class. Students in ASL3 must also purchase 'Student Study Guide', by Frances DeCapite.

Students are encouraged to learn the grammar and vocabulary of American Sign Language, as well as how to communicate through a different mode—eyes and body—instead of ears and mouth. Learning ASL is comparable to learning any other second language.

Since ASL is a visual language, the use of one's voice will be discouraged as students begin to acquire skills in ASL. Deaf and deaf-blind guests will make periodic visits to provide students with an opportunity to mingle and utilize their ASL skills.

Enrollment is limited. Applicants will be accepted on a first-come basis.

For reservations and further information contact: Laura J. Thomas, 944-8900 (TDD and voice) or write to Laura J. Thomas, c/o ASL Classes, Helen Keller National Center, 111 Middle Neck Road, Sands Point, NY 11050.

Emphasizing Academics In Pre-School May Be Harmful

As a record number of American 4-year-olds head off to school this fall, the National Association for the Education of Young Children (NAEYC) is advising against placing too heavy an emphasis on academic instruction in pre-schools.

"This year, for the first time, approximately half of the country's 4-year-olds will be enrolled in pre-school—that's a jump from 43% who were enrolled just four years ago," says Dr. David Elkind, NAEYC president. "Pre-school can be a wonderfully enriching experience when the program is specifically geared to this age group. Unfortunately, an increasing number of little children are being 'taught' as though they were in first or second grade, and that is totally inappropriate."

During the pre-school years, he notes, teachers should focus on helping children learn how to learn—how to pay attention, how to follow instructions, how to get along with other children, etc.

Parents may obtain detailed information on what to look for in a pre-school by requesting NAEYC's free brochure, "Good Teaching Practices for 4 and 5-Year-Olds". Interested parents can write to the NAEYC at 1834 Connecticut Avenue NW, Washington, D.C. 20009, and enclose a business-sized self-addressed, stamped envelope.

EDITORIAL AND OPINION

Direct Line By ROBERT R. McMILLAN

More than bullets are going to be needed in Central America if we are ever going to be able to stabilize that part of our Hemisphere. Yet, most of the public discussion to date has centered on military aid to the Contras. Very little has been expressed by the proponents or opponents about the underlying challenges which have allowed a communist dictatorship to take hold in Central America.

With per capita income of less than a thousand dollars a year in much of Central America and around 510 dollars a year in Nicaragua, it is not surprising that the breeding grounds for communist demagogues are perpetuated. Once out of the central cities of Guatemala, Honduras or Nicaragua, the squalor and despair of people is overwhelming. Most farmers have one or two pigs and a few chickens. Cows are almost never seen. To have your own water well is quite unusual. Medical care is almost nonexistent when you leave the cities. Not only do these conditions apply to much of Central America, but the same conditions are prevalent in many parts of Mexico.

Robert R. McMillan

When the communists took over in Nicaragua, one of the first things they did in many of the countryside villages was to run crude piping to homes with a fresh water supply. Think of the impact this would have if you had to go the local river or community well to provide your daily needs for water. The communists clearly understood that impact. They also understood what it would mean to provide adequate health care for the countryside. These efforts to reach the people have been supplemented by military support from Russia and Cuba. All of this coupled with a loss of civil liberties for the middle class finalized the iron grip on Nicaragua—just as it had on Cuba twenty six year ago.

Some of us may argue that our involvement in Central America will lead only to another Viet Nam. However, the geography is entirely different. Central America is on the same land mass as the United States and Managua is less than two jet hours from New Orleans. The further destabilization of the region could lead to a massive dislocation of people, and refugees would flow across the borders of the United States. The 1,500 mile border with Mexico could well be put at risk. The challenge is great.

Bullets alone will not meet that challenge. We need to create a new "Marshall Plan" for Central America. A Honduran business friend puts it best when he says that Central America today is all about "managing change." The only problem is that we are not managing or participating fully enough in the development of that change. In addition to bullets,—and make no mistake about the need for bullets—we should embark on a massive program of aid to Central America to rid the area of the breeding grounds for communism. The aid should be for new hospitals, roads, electrification, water systems and schools. The Peace Corps should target Central America as a top priority. Teachers, doctors and nurses should flood the area.

We cannot do less. In the long run, an upgraded Central American economy will do more to stop communism in that area than the holding action of more bullets.

THE PURPLE PEOPLE EATERS display the impressive banner they created for the Olympic competition. Olympics of a Different Kind in Manhasset

By Andy Levenberg

Most games that are called "olympics" feature fierce athletic competition, and while this one did have sports, it also had music and art contests, a hula-hoop contest, and even a banana eating contest, among others. Something for everyone.

The competitions lasted for two weeks, but a winner was not decided until the final event. And at the conclusion of the "Summer Olympics" which was held for approximately 40 teenagers currently in treatment for substance abuse at the Manhasset Community Day Center, the blue team, the Four Horsemen, emerged victorious.

The Horsemen were down by two points to the red team, the Red Devils, when the last competition, for cleanest room, began according to captain of the Horsemen, Manish Handa. The Horsemen won to reach a point total of 208 for the Olympics, beating the Devils by four. In third place were the Purple People Eaters, and finishing last, although not far behind the Horsemen, was the black team, Black Flag.

At the conclusion of the two weeks the participants were treated to a picnic and awards ceremony behind the Christ Episcopal Church on Northern Boulevard in Manhasset, where the Day Center is located.

The Center, known for its high success rate in helping youngsters overcome alcohol and drug addiction, is directed by Hillside Hospital, a division of Long Island Jewish Medical Center. The program, which has existed for 16 years, is open to Nassau and Queens county residents.

The Center is unique because they require each teen's entire family to work with him in the program. The teens attend the program five days a week and on the weekends the parents take turns in organizing activities for the teens.

The program takes a psycho-educational approach, and it features a fully-accredited high school on the church premises, vocational evaluation and guidance, drug counseling and psychotherapy in individual, group, and family settings, according to LI Jewish Public Affairs spokesperson Lottie Shuchman.

This year the Center is starting a combination program with the Manhasset Union Free School District.

Pat Schacherbauer, 15, of New Hyde Park, has been in the program for about 13 months. She said at times she wants to leave the Center. "but I always stay." She said she realizes that the program is helping her, because it forces her to deal with problems she never dealt with before. But that can be rather difficult. "It goes both ways," she said. "I hate it and I like it."

Each day at the Center is structured, starting with a morning meeting where any issues or problems that need to be discussed are brought out in the open. Next for the teens are job functions, where each teen does some cleaning, some paper work, or answers telephones in the church office, for example.

Pat said later there are sometimes seminars, an occasional volleyball game, and regular high school classes. She said the people who she spends every weekday with all-year-round are like her family, and there are often fights but there is also always an underlying feeling of genuine caring about each other.

In order to complete the program, a teen must earn 10 "privileges," Pat said. They start with being allowed to have pictures on their walls, then being allowed to have "minor money," and one of the later ones is being allowed to stay home alone for four hours. There is a privilege meeting every week when the teens find out if they have earned more.

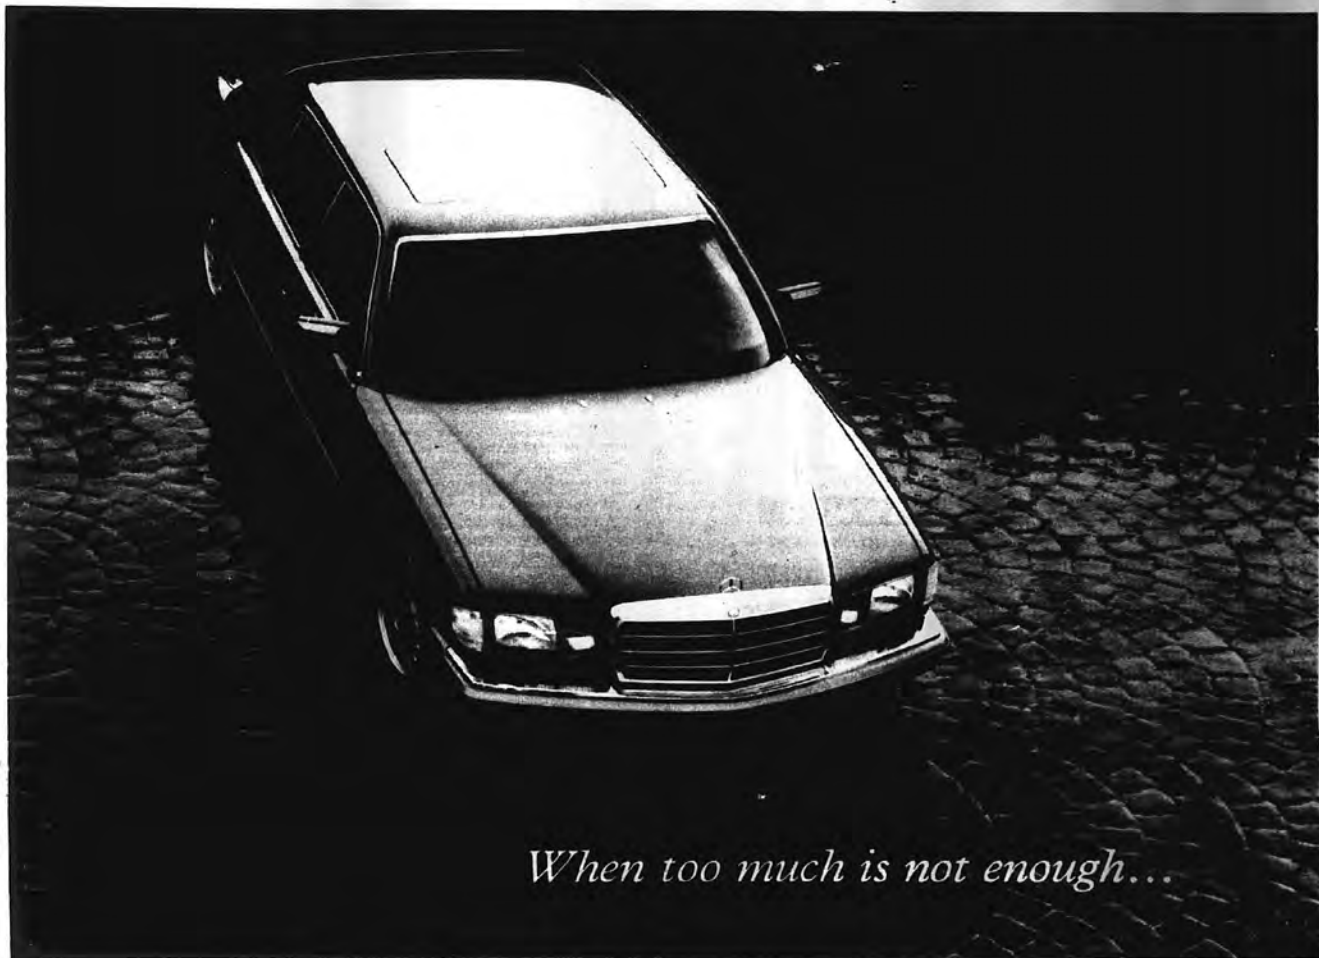

To earn a privilege a teen must follow the rules of the Center, and talk their problems out instead of taking other avenues. This can be a difficult task for a teen who never before talked about problems.

Pat now has four of the 10, and she seemed confident that she would be earning more soon. "I hope to make it by January," she said "but it's going to be really hard."

Galileo Lodge News

By Joe Lorenzo

President Joe Giordano's Message: 'He is a wise man who does not grieve for the things he has not, but rejoices for those which he has.' Epictetus.

By the time that this edition of the *Hicksville Illustrated* hits the streets, as they say, the Galileo Lodge's Anniversary-Scholarship Dance will slip into the past. But like other events that the Galileo Lodge held, it will not be forgotten because of the pleasure and enjoyment we will derive from it. And I am sure that all those in attendance - members, friends and patrons - will certainly feel the same. As for committee people, well, needless to mention that they always excel, always keeping in mind that tradition says that success, social and otherwise, is the keynote. In this case, the committee people, namely, Skip Monteforte, Armand Del Cioppo, Jim Posillico and Rocco Lombardo, will certainly perform far beyond what is normally expected and offer us the finest and the best in pleasure and relaxation.

Success never stems from inertia. It comes from good performances by the personnel of the Galileo Lodge and the Auxiliary. Yes, it's true that it's one event after another at the Galileo Lodge and certainly one good performance after another, also. Proof of this statement is the announcement that the Galileo Lodge has scheduled an Italian festival on Friday, October 9. It's true that this festival is Italian-oriented, but I have to say that it is also presented for everyone's edification. Tickets sell at \$14. per person, a reasonable price that offers you a hot sit-down dinner with all the trimmings, beer, soda, coffee and cake and music (yes, American music also from a disc jockey) for your dancing and listening pleasure. There will be two hours of solid entertainment, provided by a fantastically talented dance and singing group from Naples, Italy, who, of course, will entertain in an ethnic fashion by highlighting different aspects of folk dancing and singing. Please note that a 'bring-your-own liquor' policy will be in effect that night and the hours will be 9 to 1. The committee for this eagerly-awaited festival will be Armand Del Cioppo, Fred Auseillo, Rocco Lombardo, Pete Massiello and Jim Posillico. So for an evening where things are a little different, or a little more ethnic than usual, this activity should be on your 'must-attend' list. And as I said, everyone is welcome.

More proof that an organization should not sit on its laurel is the Galileo Lodge's announcement that it will present a Halloween Dance on Saturday, October 31. Tickets will sell at \$14. per person, and in the offering will be a delicious hot dinner, beer, soda, coffee and cake, set-ups and music from an excellent disc jockey. The Galileo Lodge will be resplendent in autumn dress for this dance, in order that the proper mood and atmosphere are in ample display that our Halloween dance will be reminiscent of the fall season. Halloween costumes are part of Halloween, so naturally people can dress accordingly as prizes will be awarded to the most 'Halloweenish' attire of many categories. I am sure that our Halloween dance can be fun and relaxation and isn't this a nice way to usher in the season which offers us the beautiful of nature. In future columns I will reveal the committee members as they will be the ones who will put all this together for our edification. If your 'must-attend' list is handy, please jot down the date and don't get shut out.

To all members: please do not forget that help is still needed for the Galileo Lodge's bingo sessions. A little help and effort on your part can be very advantageous to its well-being and financial position.

Legionnaires' Log

By GREG BENNETT

Charles Wagner Post #421, Hicksville

The POW-MIA Recognition Day Vigil on Thursday, September 17, at Eisenhower Park was well attended by several veterans organizations. One of the featured speakers was Hank Grinthal, the State POW-MIA chairman of the American Legion. Eugene Clark, POW-MIA chairman of Nassau County VVA, who mentioned that the POW's should not be allowed to fade away. Tom Bennett, State POW-MIA chairman of the VFW, said it best when he stated, "We are coming to get you." Former Congressman John LeBoutillier also gave a moving speech supporting our POW-MIA's.

The flags of the 23 veterans organizations and the POW-MIA flag were raised in a solemn candlelight ceremony during which the names of the 29 POW-MIA's from our area were read aloud. The most moving sight of the evening was a POW-MIA mother in a wheelchair with a folded American flag. She was among the last to leave the area. Our government should have the same guts and determination to get our men home. Our thanks to County Executive Thomas S. Gulotta for hosting the ceremony.

September 19 and 20 was the Thank You Vietnam Veterans salute at Bald Hill in Farmingdale, which was hosted by the Town of Brookhaven and Suffolk County and presented by Entemann's Bakery, King Kullen and Northville Industries. The future site of the Suffolk Vietnam Veterans Memorial was dedicated with a Missing Man Fly-over and 21 gun salute by the Air National Guard and the 104th Field Artillery and the 42nd Aviation Brigade of the Army National Guard. You can mail your tax deductible contribution to: Suffolk County Vietnam Veterans Memorial Commission, P.O. Box 1673, Southold, N.Y. 11971. Attention: George Sullivan.

Charles Wagner Post 421 Color Guard recently marched in the Hicksville Labor Day Parade, sponsored by the Hicksville Fire Department. Color Guard Sgt. PC John Rizzo, PC Ray Gamble and PC Wes Tietjen pounded the pavement on a hot Labor Day.

Tony Zdanavage, of American Legion Post #80 in Berwick, Pa. and founder of the Korean War Awareness Project, reports the U.S. government has promised 1 million dollars for the Korean War Memorial in Washington, D.C. with another 4 million dollars to be privately donated. Private donations can be sent to the American Battle Monuments Commission, Room 5127, Pulaski Building, 20 Massachusetts Avenue, NW, Washington, D.C. 20314-0300. This proud memorial may be held up in red tape, as Congress must be petitioned to determine the location.

Governor Mario M. Cuomo has announced receipt of a \$16.5 million federal grant for the construction of a veterans' nursing home at SUNY Stony Brook. The home will be operational in 1990 with 250 beds.

Until our next meeting, let's remember our POW-MIA's and work for their return by writing the President, Congress and the Vietnamese. This column honors James O'Neil, of Hicksville, who gave his life for his nation during the Vietnam War.

President Al read a letter pertaining to the health of Beth Gamble. Beth, who was a waitress serving the club for many years at the Milleridge Inn, developed a blood clot on the brain. The clot was successfully removed, but Beth has been in a coma since August 20. She will require extensive long-term therapy. T.J. Courtney's, located on So. Broad

way, Hicksville, will host a buffet on September 27 from 6 p.m. to 11 p.m. with the proceeds going to help eliminate some of the expense of the hospital bills. Courtney's is having a raffle to be sold at \$1 a piece. The club donated \$500 to aid in this very worthy cause.

Augie Cassella spoke on holding a country western dance in the very near future. Al Levine mentioned how successful these dances were in the past. And a good time was had by all.

Dr. Catherine Fenton, who is the Superintendent of Hicksville Schools, spoke briefly of her experiences in the Hicksville area. Dr. Fenton particularly mentioned how she enjoyed attending the various functions of the service clubs in the area.

Harry Peltz had the program and prepared a questionnaire that was both entertaining and informative.

Fred Meyer is calling for any members wishing to attend the Rotary International Convention on May 22-25, 1988.

Harry Peltz explained the workings of our Football Pool, which has been an excellent fund-raiser.

Raffle won by Augie Cassella.

WHERE TO TURN WHEN YOU CAN'T FIND YOUR PLACE IN THE HAMPTONS.

Most people who weekend in the Hamptons love it. They love the beaches, the people, the food, the excitement. But there's a lot not to like too—the traffic on Montauk Highway, the crowds, the lines at restaurants. And the prices. A small number of these people, mostly New Yorkers, are getting the feeling that getting away to the Hamptons isn't getting away at all. They bump into their barber at Balducci's. They trip over their accountant on the beach. They're beginning to question the logic of travelling "en masse" to confront the same situation they're paying a premium to escape.

There is an alternative. OYSTER POINT ON THE NORTH FORK. IT ISN'T EXACTLY THE HAMPTONS.

What the Hamptons were 20 years ago is what the North Fork is today. And the best part of the North Fork is Oyster Point. Picture a beach and dune grass peninsula. To the east is Gardiner's Bay, to the west, Peconic Bay. Directly across the channel to the south is Shelter Island. The views are spectacular. The beach is natural and unspoiled. Here in this very beautiful and private setting we built a total of 34 two-bedroom town houses and single floor condominiums.

We created a safe and snug harbor with a marina so each home has its own individual boat slip. There's a pool and sun deck area and tennis. All have terraces on the beach or the marina—there's water, water everywhere. Views like this in the Hamptons have gone out of sight. At Oyster Point they're the only sight. Oyster Point. Where getting away from the weekend means getting away from traffic, lines and running into the same crowd you're trying to run away from. Think about it. Maybe the price you're willing to pay for the Hamptons is just too great. The prices at Oyster Point range from \$275,000 to \$300,000.

HAMBURGER HILL

Young American troops engage in a bloody struggle to take a strategic hill in Vietnam. The objective ultimately was abandoned. Who could argue that we should honor these men who suffered so terribly fighting an unpopular war. But there is little of the flair that characterized the most effective Vietnam War films. The production is more physically graphic than emotionally compelling. With Courtney Vance and Dylan McDermott. (R)

Faye Dunaway and Klaus Maria Brandauer have been set to star in "The Burning Secret." Chelsea Films of Great Britain is producing the drama set in Germany in the 1920s.

MICHAEL CAINE

THE FOURTH PROTOCOL

A cracker jack spy thriller, based on Frederick Forsyth's novel, about an outrageous KGB plot to detonate a small atomic bomb near an American air base in England. Michael Caine is the resolute and iconoclastic British agent who intercepts the scheme. Caine presents his usual reliable performance. And Pierce Brosnan also fares well as the icy Russian operative who assembles the nuclear device. The plot is convoluted but the twists and turns merge smartly as the story progresses. (R)

Roslyn Bank Offers Extra Interest Payment

If you have been a depositor at The Roslyn Savings Bank, you could be in for something extra. That's because the bank has announced that it will pay its depositors an extra dividend, amounting to 20% of the interest earned for the first nine months of 1987.

The announcement of the extra interest payment was made by The Roslyn Savings Bank president and chairman Floyd N. York at a press briefing held at the bank's Roslyn headquarters. Mr. York said that this will be the second year in a row that the bank will have paid an extra dividend to its depositors.

Mr. York said that all of Roslyn's day-of-deposit to day-of-withdrawal, school savings and N.O.W. accounts on record as of Sept. 30, are to receive the extra interest payment, which will be paid by check. The checks — which total approximately \$1,800,000 — will be mailed to some 35,000 depositors on or about Oct. 9.

The special dividend increases the effective annual yield of Roslyn's 5.50% accounts to 6.58%, Mr. York said. He added that the bank would consider making extra payments in future years, whenever its after-tax earnings exceed \$1.00 per \$100 of assets. He noted that anticipated earnings for 1987 will be \$1.20 per \$100 of assets. Last year, Roslyn earned \$1.55 on average assets.

"The continuing high earnings we've enjoyed during the first nine months of 1987 make payment of this special dividend possible once again this year," Mr. York said. "It is our way of thanking our depositors for helping to make The Roslyn Savings Bank one of the strongest mutual thrift institutions in the nation, with a reserves-to-deposits ratio of 11.45% — higher than 40 of the largest com-

FLOYD N. YORK, Chairman of the Board and President The Roslyn Savings Bank.

mercial banks and more than double the national average for the thrift industry."

Mr. York noted that Roslyn's strong reserves and conservative operating policies assure continuation of banking service to the community at competitive rates. "A prime example of Roslyn's service," he said, "is our present policy of making home mortgages which feature no points and no closing costs. With no up-front expenses, these mortgages bring home ownership closer to reality for many people."

The Roslyn Savings Bank, with assets over \$900 million, has been serving the Heart of Long Island since 1876. It has offices in Roslyn, West Hempstead, Farmingdale, Bellmore and Woodbury. Its deposits are insured by the Federal Deposit Insurance Corporation.

Nassau Bar Produces Consumer TV Series

The second in a monthly TV series produced by the Nassau County Bar Association to help consumers deal with legal problems, has been scheduled for September 26 and September 27 at 11:05 a.m. and 3:05 p.m., both days on Cablevision News 12.

The series, entitled *L.I. Law*, was created under the auspices of the Bar Association and its Academy of Law, the bar's educational arm. It will cover a wide range of topical subjects of interest to citizens, according to bar association president Theodore D. Hoffman. "We feel it is our responsibility as a professional organization to assist the public with questions concerning the law," said Hoffmann. "Through this series, consumers can receive frank and accurate information from qualified sources."

Hoffmann contends the program will address those issues not publicly discussed by attorneys. The pilot telecast, aired last month, concentrated on how to determine a lawyer's capabilities, how to hire and fire an attorney and tips on establishing a fair fee. The September 26-27 program is entitled *Is*

Equitable Distribution Equitable? and will feature prominent matrimonial attorneys discussing divorce settlement issues. Future programs will focus on currently sensitive topics, such as family violence, sexual harassment and senior citizen affairs.

"Too often, people do not contact an attorney because they are apprehensive about the avenues available to them," said Neil Shayne, dean of the Bar Association's Academy of Law. "It is the program's objective to allay some of these fears through education."

The Nassau Bar has several established public service programs, which include a Lawyer Referral Service, a Volunteer Lawyers project (a program providing assistance to the needy without charge), as well as Tel-Law and a Speaker's Bureau. By using the requests made to these outlets as a point of reference, Mr. Shayne believes the series can be kept timely and relevant.

For more information regarding *L.I. Law* or any of the Bar Association's programs, call 747-4070.

The Investors Corner

By JOSEPH P. FREY, Ph.D.

Maintaining Perspective

It has been my experience that the non-professional public places an awful lot of faith in the Dow Jones Industrial Average. Many think that as the Dow Jones goes, so goes the stock market. Nothing could be further from the truth.

The Dow owes its reputation to the fact that it is the oldest and the most quoted index of the market's performance. Since it is the most quoted, people expect to hear about it. The networks, all of them, give the public what they want, despite the fact that they created the demand in the first place. The professionals on Wall Street and on the cable networks, including financial network News, do exactly the same thing. The Dow is not a good indicator of much and never has been.

In a market like this one, choppy, volatile and erratic, the public gets upset, especially if one has a few dollars invested. Without going into how the Dow is constructed, we must understand that it represents only 30 stocks out of the thousands of publicly traded companies in the United States. Sure they are blue chips, but so what. It is about 2 percent of the New York Stock Exchange's listed stocks.

I follow the Dow, basically because someone like me must be conversant about it. I follow much more closely other indicators that give better readings. I follow the NYS Composite, the S&P 500, the composites of the American Stock Exchange and the over-the-counter market. The foreign exchange indexes are also followed by me, in addition to some psychological indexes.

To read the stock market is more than just looking at the Dow. In addition to the above, you have to be a bit of an historian. You should know what happened in the past and be able to relate it to the present. That is what the articles, "What goes up, comes down eventually," and the ones on market mania were all about. The reading is all important.

For instance, in the past, when September has been a down month for the Dow Jones Average, the balance of the year has been positive for the stock market. Eighty five percent of the time the market has risen over the next 12 months. So far, the September Dow is off slightly. If this sounds like I am hoping for a down market in September, forget it.

If there is any message in all of this, it is that I would not overly worry if the market is choppy in September. I expect the Dow to rise this month and this quarter. There are too many positives still in the economy.

Many analysts have been proclaiming that doomsday is upon us; that the sky is going to fall. Most of you know that I expect the market to come down in the future (before 1989 was what I wrote). However, I do not expect that to happen now. One of the big reasons is that a psychological indicator is not bullish enough. Too many investment advisors expect the market to go down. You hear it every day as the reporters give us every negative that they can, it sells better. It's also a good way for the advisors to get on the telly.

Not one indicator that I follow indicates a market that is going to go to hell in a handbasket. One of them has not been wrong in 25 years in calling the market turns. More next week on this.

Higher Prices May Be Ahead For Precious Metals

Although gold, silver, platinum and palladium prices have risen significantly over the past two-and-one-half years, further substantial gains appear to be in the offing, according to "Precious Metals: Catch the Next Wave," a Futures Special Report recently published by the Futures Research division of the investment firm of Smith Barney. The report is the latest in a series issued since early 1985 recommending accumulating precious metals for long term price appreciation.

"Precious Metals: Catch the Next Wave" suggests that gold prices could approach \$600/oz. within the next year or so and that platinum could climb as high as \$900/oz. Those markets recently have been trading in the \$450/oz. to \$460/oz. and \$590/oz. to \$600/oz. areas, respectively. Silver prices, meanwhile, have the potential for a near doubling to the \$14/oz. to \$15/oz. area, Smith

Barney Futures believes.

Since bottoming in early 1985, the precious metal group has doubled in value despite the absence of significant inflation. Smith Barney Futures attributes the price gains mainly to a massive increase in global monetary liquidity and a steady depreciation in the U.S. dollar over most of the period.

Liquidity is likely to remain ample for some time, providing the basis for further price gains, says Smith Barney Precious Metals Analyst Craig V. Sloane. Meanwhile, the U.S. dollar is expected to resume its decline after stabilizing recently. Mr. Sloane observes that trade imbalances continue to weigh on the world economy while in the U.S., political pressure to reduce the trade deficit undoubtedly will intensify with the approach of the 1988 presidential election.

Low Interest Mortgages Available

A new round of low-interest fixed-mortgages is now being offered for first-time home buyers on Long Island, State Senator John R. Dunne has announced.

The state-backed mortgages would allow qualified buyers to purchase a new single-family home on Long Island for up to \$177,720 or an existing home for up to \$35,540 with as little as 5% down, Senator Dunne said.

The mortgages, which are being offered

through the State of New York Mortgage Agency's (SONYMA) Affordable Housing Program, are geared for low and moderate income families whose annual incomes are \$53,000 or less, Dunne noted.

Senator Dunne said additional information regarding the SONYMA mortgages, and participating lenders is available from his district office at 550 Steward Avenue, Garden City, N.Y. 11530, (516) 222-0068.

1 ♣ 1 ♦ 1 ♥ 2 ♦

5 ♣ Dble

Opening lead — queen of hearts.

Part of the skill in bridge consists of selling your opponents the idea that a condition exists which actually does not. This type of deception takes many forms, and, properly used, can be very rewarding.

Look at this hand played in a team match. At the first table, the bidding went as shown and South wound up in five spades doubled. West led a heart.

Declarer drew three rounds of trumps, ending in dummy and led the ten of clubs which lost to the queen. West now played the ace and another

diamond. South ruffed and led the king of clubs. West playing low.

Declarer decided from the bidding that West had to have the ace of clubs and he therefore discarded a diamond from dummy. It was then easy to establish the club suit and South made the contract for a score of 850 points.

At the second table, the bidding varied somewhat, but here also South became declarer at five spades doubled. Again West led a heart and South took the ace and drew three rounds of trumps.

But when he played the ten of clubs from dummy and finessed, West won the trick with the ace, not the queen. West recognized the situation he was up against and realized that unless he could persuade declarer that East had the queen of clubs, the contract would be made.

West's unusual play paid off very well in the end. When he led the ace and another diamond, declarer ruffed, cashed the king of clubs, and continued with the jack.

West followed low, of course, and South, convinced that East had the queen and that it would fall on the jack, ruffed in dummy.

When East showed out, the hand collapsed. South had to lose three more tricks as a result of West's smart defense, and the end result was that he went down three — 800 points.

Hicksville Pal Baseball/Softball News

By CHARLETTE ANSTIEY

Special Bulletin: Boys' Trophy Night will be September 28 and Girls' Trophy Night will be September 29. They will both start at 7 pm and be held in Hicksville Senior High School's auditorium (Division Avenue, Hicksville).

Registration for Basketball (Girls' Division & Boys' Division), Judo, Bowling, Boys' Baseball/Girls' Softball, Karate and Dance-Twirl will be held Wednesday, September 30 at Woodland Avenue School (Ketcham Road 7-9 pm), Thursday, October 1 at Lee Avenue School (7th Street at 7-9 pm), Friday, October 2 at Woodland Avenue School (Ketcham Road 7-9 pm) and Saturday, October 3 at Hicksville Middle School Cafeteria (rear of school/2nd Street 10-noon).

When I volunteered to collect basketball scores and put them into the *Hicksville Illustrated News*, I thought it would be a "piece of cake". The basketball news reported on approximately 250 youths each week. When the boys' baseball/girls' softball season started, I didn't realize we had approximately 500 youths in the programs and that I would be spending five nights a week on ballfields. An apology is extended to all the coaches and parents who called in their scores and what they wanted to say about each ballplayer. As you probably have noticed, I am running behind schedule. I will finish feeding all the information into the computer this week and will have it to the *Illustrated* as soon as possible. Because of space limitations, they will not be able to complete this in one week.

The women who volunteered to assist me in accumulating this information were superb. They were: Girls Junior - Mrs. Geannikis; Girls Senior - Judi Caputo; Boys Junior - Maureen Layster; Boys Junior - Peggy Quaresimo; Boys Sub-Intermediate - Pat Rooney.

Before I go any further a special thank you goes to *The Hicksville Illustrated News*, editor Rita Langdon and associate editor Jan Manaskie (and Jan's husband Tom, too!). Their dedication and responsibility to the community of Hicksville is to be commended. They always find space in the paper for all the activities the youth of Hicksville are involved in - whether in school or outside of it.

Hicksville PAL would like to thank the Hicksville community neighbors surrounding the parks and school fields we use. They had cars parked in front of their houses and fans shouting for their teams but they have always extended a warm welcome for all the Hicksville PAL activities.

A reminder to all the coaches (both girls' and boys' divisions) - if you would like to write a summary of your team's season (including each girl or boy), please send it to Charlette Anstiey. I am also looking for any team pictures that were taken. If you send them to me (with names on back), I will send them together with your summary to this paper.

Hicksville Native is Player of the Week

University of North Carolina soccer captain David Smyth of Hicksville has been named the Atlantic Coast Conference Player-of-the-Week after leading the Tar Heels into the national top 20. The senior back has been a standout all season for Carolina, 5-0 on the year, as a defender, but he showed his offensive skills Sunday as he netted the winner as UNC topped Clemson 2-1.

Mr. Smyth, who earned second team All-ACC honors last year, currently ranks fifth on the Tar Heels in scoring with five points on two goals and an assist. The 6-3, 195-pound Smyth ranks fourth on the North Carolina career scoring list with 66 points and fifth on the career assist list with 20.

"David is the most complete player we have," says Carolina head coach Anson Dorrance. "He's a leader in the back and seems to make things happen."

North Carolina is ranked sixth this week in the Intercollegiate Soccer Association of America national top 20. The Tar Heels lead the ACC with a 2-0 record.

Hicksville '77 Pioneers Edged by P.O.B. Cougars

The Pioneers will get a chance to give back

Goalie Greg Latini had not allowed a single goal in seven games this year, but during the second half, a hard shot went over his head and could not be brought down.

In the first half, the Pioneers had several scoring opportunities. Forward Dan Wolchok and later Tracy Koetter charged the goalie on breakaways, only to have the ball deflected. The momentum was on the side of the Pioneers, however, as fullbacks Dave Nelson, Robert Laley and Richard Kerchenski fought hard to keep the ball moving up field. They were assisted by Phillip Caputo and John Kanuck as halfbacks.

Aggressive play was the picture in the second half, as the Pioneers were outshot and the defense was pressed harder to clear the ball. Tom Coffey, Jonathan Schwartz and Don Wolchok tried their best to attack, but the plays were broken up. The supporting

Andy Kilmetis Rushes 215 Yards in Rally Over Oceanside

By HOWARD J. FINNEGAN

Quarterback Dave Danowski plunged the final yard, with three minutes, sixteen seconds left to pull Hicksville to a 16-13 Nassau County Conference win over Oceanside.

The orange and black faced an opening 1986 gridiron game when the visitors forged a 13-0 halftime lead.

Displaying calm and command, under direction by Danowski, Hicksville went entirely on the ground in the second half. With the offensive line clearing the way, Kilmetis, unleashed 34 times, gained 215 yards. He was spelled by Fred Amaya and George Fillipone who alternated in picking up 96 additional ground yards.

Denied on the one yard line in the second quarter and losing an early third period called back for a penalty, Hicksville never lost heart. Its defense gained the reward. Buried on its one, Oceanside elected a deliberate safety. Oceanside 13, Hicksville 2.

On the ensuing punt free kick, Amaya returned 37 dazzling yards to the Oceanside 28. Three plays later Kilmetis covered the 15-yards for a touchdown. The conversion placement went wide.

In the fourth period John DellaRatta intercepted on the losers 33 yard line. That was after a drive was ended by a fumble on the four.

The pulverizing ground attack reached the one where Danowski elected the safe keep and direct route for the score.

John Fillipone skirted the right end for the two point bonus that made it 16-13. It ended shortly as the Comets distained any handoffs and played out the clock.

Oceanside pulled a major surprise by employing a double wing and a run-and-gun attack.

The Sailors completed 21 first half passes that provided work for linebacker Jim Panchookian who made 14 tackles. DellaRatta had a solid 11. Matt Conroy prevented disaster late in the second period with a key interception.

The supercharged Hicksville offensive line was placed by Eric Nichols and Richie Rothenberger.

Hicksville has a travel date at distant Long Beach this Saturday, Sept. 26, at 1:30 p.m.

It was Hicksville's 229th football victory against 212 losses in 62 years.
