Hicksville schools Board of Education meeting will be held on Wednesday, October 28, at 8:15 p.m. in the administration building.

## Giese Park Civics Meet October 20

The Giese Park Civic Association will hold its regular membership meeting at 7:30 p.m. in the Community Room of the Hicksville Public Library on Tuesday, October 20.

On the agenda will be speakers from the Hicksville Fire Department who will give a presentation on fire safety and prevention. This is of timely interest on the eve of the holiday season when there is an increase in reported fires. The speakers will also discuss the S.T.O.P. Program, which was initiated by the Town of Oyster Bay for the proper disposal of household chemicals. This is of great concern to the community as we endeavor to preserve the quality of the environment. A question and answer period will follow the presentation.

Also on the agenda, a Nominating Committee will be formed to present a slate of officers at the November meeting. The association urges all members to attend this important meeting. Also, please note the meeting will take place on a Tuesday, instead of a Monday, because of a previously scheduled library function, which takes precedence over any other order of business. For further information, please contact Tom or Fran McGovern at 938-7309.

## Church of Christ Property Dedication

The community is invited to attend the dedication service of the newly renovated lawn property at the Church of Christ of Hicksville, 105 Broadway, on Sunday, October 18, at 3 p.m.

Many respected members of the community will be present, including Assemblyman Fred Parola and a representative of County Executive Tom Golotta.

The twenty-minute service will be conducted outdoors, indoors if it rains. Following the service, light refreshments will be served in the church's "Fellowship Hall."

## Residents Urged to Voice Views About Local Issues At Hicksville Community Council's Upcoming Meetings

By CATHERINE J. TOKAR

The Hicksville Community Council encourages all residents to voice their opinions concerning local issues at upcoming meetings planned for the next two months.

"We urge all people to come to either listen

or voice their opinions and be heard," said Fran McGovern, secretary of the council at last week's board meeting. "It is better to be heard because closing your eyes only makes things worse."

At the meeting, Tony Previte announced

the council's plans for the next two months.

A November 5 meeting, according to Mr. Previte, president of the council, will feature a "Spotlight on Hicksville" in which the council will host speakers from several community organizations. Topics will include the various services which these organizations offer. Scheduled to speak at the meeting are representatives from the Hicksville Youth Council who will be discussing training and lifesaving techniques. Other groups which are planning to send lecturers are Help Aid Direction (HAD), the Hicksville Chamber of Commerce, FISH and Mother Centers. Special guest speakers also scheduled to address the council are Assemblyman Fred Parola and Oyster Bay Town Councilman Thomas Clark. The meeting will be held on Thursday, Nov. 5 at 8 p.m. at the Hicksville Public Library.

"Civic Concerns" will be addressed at the December 3 meeting of the council, said Mr. Previte. Various civic associations are being invited to attend and speak about their concerns with local issues. This meeting will be held at 8 p.m. at the library.

The Hicksville Community Council meets the first Thursday of every month during the school term. The council acts as a liaison between the taxpayers and various community leaders on the town board, water district, school board and many others. The council sponsors guest speakers at each meeting to lecture on pertinent issues concerning local taxpayers.

THE HICKSVILLE COMMUNITY Council met last Thursday to set their meeting agenda for upcoming months. Left to right: First vice president, Joe DePompa; secretary, Fran McGovern; president, Tony Previte; treasurer, Ellie Draycott, and Ed Draycott, a member of the council's board of directors.

## Holy Trinity Diocesan High School Honored By President Reagan

A late morning ceremony at the White House highlighted activities honoring Holy Trinity Diocesan High School and 270 other outstanding schools named by the U.S. Department of Education in the 1986-87 Secondary School Recognition Program.

Three representatives from each school were invited to Washington, D.C. to take part in the activities October 4-5. Local participants were Monsignor John C. Seidenschwang, principal, Sister Elizabeth McAlevey, assistant principal, and Mr. William Dalton, chairman, social studies department.

President Reagan praised representatives from the public and private schools in a Rose Garden ceremony. "You are here because your schools are part of what's right with American education," said the President. "Schools like yours are showing the country how to achieve excellence by setting high standards, maintaining discipline and emphasizing the basics. The credit belongs to administrators who provided leadership, parents who got involved, teachers who inspired, and students who studied."

Secretary of Education William J. Bennett presided over the afternoon awards ceremony where he presented each school with a 4 x 6 ft. flag that reads "Excellence in Education - 1986-1987."

In his keynote address, Bennett told the educators: "We honor all of you who are so successfully engaged in that most critical of tasks for America and her future: educating our children. But in honoring 271 exemplary schools, we also give other schools - their students, teachers, principals and parents - something to strive for, a standard to which to aspire. All of our students deserves schools as good as yours."

Activities to honor the principals,

superintendents, school board members and teachers from the recognized schools also included panel discussions with national education leaders, visits to Members of Congress and a reception at the new National Museum of Women in the Arts.

The junior, middle and senior high schools chosen this year come from 46 states, the District of Columbia and Puerto Rico. The Secretary announced the winning schools last May.

Now celebrating its fifth year, the recognition program was initiated to focus attention on schools that work and to demonstrate that excellence in education can be achieved by communities that strive to attain it.

The program is carried out with the cooperation of state departments of education, which nominate public schools for the program, and the Council for American Private Education, which nominates private schools. In March their 670 nominations were reviewed by panels comprised of educators and private citizens who have been active in school improvement efforts.

Panelists narrowed the list to 370 schools which then received site visits by a separate group of experts. The panelists met for a second time in May to recommend the 271 schools for special recognition by the Secretary.

Criteria used in selecting the schools include high student expectations and character development, community support, student performance on standard achievement and minimum competency tests, low dropout rates for students and high daily attendance for both students and teachers, and a school's ability to overcome obstacles and maintain high quality programs.

## Hicksville High Happenings...

By ARLEN STRONGIN

### 1987 Homecoming

This year's Homecoming was preceded as always by "School Spirit Day," a day in which Hicksville High students are encouraged to wear the school colors of orange and black. At the end of the school day, the pep rally was held. The pep rally is an event which introduces students to the various athletes that are representing the school, and at the same time get them "psyched" for the following day's Homecoming football game. In the game Freeport scored a touchdown in the second quarter to defeat the Hicksville Comets, 8-0. During halftime, the Hicksville Marching Comets performed their renditions of "Man of La Mancha" and "The La Mancha Medley." The Hicksville Starlet Kickline, who are known for their various visual effects, danced to the beat of the song *Hello Again* by the Cars. After these performances, the Homecoming floats paraded along the track, with the Homecoming nominees as passengers. The sophomore class won the award for the best float. Senior Nicole Adamec was crowned Homecoming Queen. Junior Michele Heberer, sophomore Deanna Rungo, and freshman Lisa Pacifico were crowned princesses.

The second graders at Burns Avenue School celebrated Johnny Appleseed's birthday on September 26. They had a tasting party to find the "apple of their eye"! The children tasted Mackintosh, Golden Delicious, Cortland and Macoun apples. They did some "ap-

ple picking" to choose their favorite apple. The class favorite was Golden Delicious.

This delicious experience was enjoyed by all. The children are in Mrs. Oliveri's and Mrs. Blaauboer's classes.

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity.

We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

### To The Editor:

In your paper dated 10/8/87 under the Board of Education Meeting Notes I read that kindergarten class sizes are 27-33. I was at the board meeting and I asked Dr. Couillard about the kindergarten at Burns Avenue which has 28 a.m. children and 25 p.m. children. Dr. Couillard replied that a teacher can teach 20 children and the class was not considered too large.

Driving home I realized that my question was not answered as our kindergarten teacher is NOT teaching 28 or 29 little minds, she is teaching 53 children.

I feel this is a BIG injustice to our young

children as time only permits a teacher to teach a few hours and with non-English speaking children how much can be taught in an a.m. or p.m. class?

Please give our young children a chance to get the start they need for a good education.

Let Burns Avenue have another kindergarten teacher so the classes will consist of approximately 18 students. Either two a.m.'s and one p.m. or one a.m. and two p.m.'s.

Don't let our youngsters down.

## Memories.... ....of the Ghostwriter What Was Hicksville Like 63 Years Ago?

My family moved to Hicksville from Brooklyn in 1925; the area we lived in was then called Reinhardt's Park. I was five years old at the time, and my father worked for the L.I.R.R. in Jamaica, (Morris Park to be exact). I can recall three other men from town who worked for the railroad; Mr. Kluepfel—who lived across the street from us, Mr. Jud—who lived on Hertz Place, and Mr. Lauck—who lived on John Street.

They rode the real old "Iron Horses & Coaches" to work every day. I think I used that word *coaches* loosely, because they were rough riding and the lighting was so dim, you could barely see the aisle.... and the windows you could hardly see through because of the soot from the engine. Also, you had to brush the cinders off the seat before you sat down. So the commuters today don't have it too bad — (it could be worse).

That was when the trains carried the mail. The outgoing mailbags were hung on a pick-up arm next to the track, and the trains that did not stop, could scoop the mailbag from the pick-up arm, and at the same time the men working in the mail car could throw the bags of mail for Hicksville out onto a wagon which was used for the mail. Then Mr. Messina would load the mailbags on his pick-up truck and deliver the mail to the post office on Herzog Place.

Hicksville then was a place where you did not have to worry about locking your doors. In fact, a locksmith would have starved to death. I can't recall a locksmith in town. If you had trouble with a lock, you went to Sausmer's or Williams Hardware store and bought a new lock. I don't remember hearing of any robberies in town. First of all—who had anything to steal? The country was fighting its way back from a bad depression. There were a lot of people who were living from hand-to-mouth.

I can remember two policemen from town: Mr. Rogers and Mr. Talbot. Two swell fellows! They were the kids' friends, and everyone was a friend to them.

The old movie house on Nicholas Street showed silent movies then, and when the new movie house was built on Marie Street, the old one was converted into a bowling alley. One night a few of the fellas decided to go bowling. It was my first time, and do you know what? I bowl as badly today as I did that night.

In the summer when the weather was nice, we would go to the old swimming hole next to McKeon Lumber Company, by the railroad tracks. The water came from Frost's Ice Plant and accumulated in a gully between the lumber company and the railroad tracks. The swimming hole was approximately twenty five feet

## Flashback: 24 Years Ago

October 1963

### Additions to High School Spark Controversy

\*Propositions one and two of the November 23 Hicksville School District referendum have been combined into a single question in an effort to eliminate complications and obtain the maximum available state money which will finance up to 62.8 percent of the construction cost. There will now be only three questions on the voting machines.

The two propositions now joined add up to a total of \$1,595,000 providing a) \$915,000 for additional recitation rooms at the senior high, (b) \$185,000 for gymnasium and cafeteria at the high school, and c) \$495,000 for a two-story building attached to the senior high to house administrative offices and a central receiving warehouse to replace facilities now rented.

Besides the one big question, the other matters to be decided are: demolition of the former Lumm house on the school grounds, and acquisition of three acres adjacent to the Willet Avenue school site.

The decision to merge the questions was made at a regular school board meeting. The appearance of a trio representing the Taxpayers' Educational Association for the Children of Hicksville (TEACH) occupied about an hour and a half. The delegation sought to have the classroom addition proposition enlarged to provide 30 or more rooms rather than the 24 now contemplated. "Under the proposed building program... our high school will still be overcrowded for at least another 15 years. The 24 rooms will increase capacity to about 2,100 pupils from its present 1,600. Present enrollment is nearly 3,000. In the year 1980 facilities at the senior high may then be adequate to meet the pupil enrollment at that time. For the next 15 years our teachers will be hampered because of excessive class size, curriculum achievements will suffer, and the result will be third and fourth-rate education."

### Charles G. Voigt Dies

\*Religious services were held at the Henry J. Stock Funeral Home for **Charles G. Voigt** of 121 W. Marie St., Hicksville. Mr. Voigt, a retired businessman, was born September 28, 1896 in Oyster Bay. His family lived in Hicksville for more than 100 years. His grandfather, **Charles Voigt**, came to Hicksville when there were only three houses in town and built a shop and began manufacturing window sashes and doors on Nicholas Street. Charles G. Voigt operated the mill until his retirement.

He was a director of the Bank of Hicksville and the Hicksville Savings and Loan Association. He was a World War I veteran, a member of the American Legion, Wagner Post, of the Long Island Horticultural Society, the Royal Arcanum and the N.Y. Lumber Trade Association.

Truly an ambassador of goodwill, he was ever ready to perform any task for the betterment of the community. All who knew him lost a loyal friend. There is no greater praise than this.

### Radio Appeal Locates Missing Boy

\*A 12-year old boy who had been missing for almost 24 hours from his home in Hicksville, was found by a neighbor who heard the missing persons appeal over station WHLI on his car radio.

Friends of the family said young **Stephen Woerful** had spent most of the night and following morning wandering around the sprawling **Farmer's Market**. He was spotted in Plainview 15 minutes after a neighbor, **Howard Anderson** of 503 South Oyster Bay Rd., Hicksville, had heard WHLI's missing persons appeal. The appeal had been broadcast at the request of the boy's father, **Frank**, after a search directed quietly by the police had failed to produce results.

The **Woerfuls** live at 33 Smith St., Hicksville. Young Stephen appeared unharmed, despite his 24-hour adventure.

### Oldest Orthodox Temple to Expand

\*Construction on the first phase of the new synagogue for Congregation Shaarei Zedek of Hicksville is scheduled to start in the latter part of October. The site consists of approximately two acres located on New South Road and Plainview Road. Shaarei Zedek (Gates of Righteousness) is noted for its fine religious school, under the leadership of **Rabbi Eli Skaist**. The congregation, which was organized in 1919 with a membership of 20 families, had been located on East Barclay Street in Hicksville since 1925.

An unusual design is planned for the synagogue. Included in the 10,000 square foot first phase of construction is a permanent sanctuary, whose arches utilize the structural shape of the Star of David. Two hundred permanent seats are provided. Other facilities are a large social hall with a dining capacity of 300, classrooms, youth facilities, meeting rooms, equipment and recreational areas.

The building is planned around a large open garden court to afford privacy from adjacent residential areas.

## October

The leaves have changed their dresses  
From green to red and gold.

The sky has turned a deeper blue.

The marigolds are bold;

The goldenrod has reached its peak

The asters are beaming too.

From green and white to crimson red

The berries come in view.

October! Oh, October!

The scarlet gown you wear

Brings out the earth into its best

Before the winter's here.

## What the Politicians Are Saying....

In an effort to become better acquainted with the issues of concern to local volunteer firefighters, ASSEMBLYMAN TOM DINAPOLI (D-Great Neck) attended a public hearing sponsored by the New York State Assembly Subcommittee on Volunteer Firefighters. The major issue of discussion was the financial ability of New York State's fire services to comply with Occupational Safety and Health Administration standards for personal and protective gear and respiratory devices. Steps are being taken to ensure that fire departments are able to attract and keep members.

Citing the need to reduce automobile pollution by encouraging car pooling, EDWARD GRAUSE, DEMOCRATIC CANDIDATE FOR PRESIDING SUPERVISOR IN THE TOWN OF HEMPSTEAD has recently called for an amendment to the federal and state tax laws that will provide a tax credit to those who participate in car pooling. The 1980 census holds the fact that 57 percent of the households in Nassau County have two or more cars. By reducing the number of single passenger vehicles on the road, the community can reduce auto pollution and traffic gridlock.

U.S. REPRESENTATIVE ROBERT J. MRAZEK (D-Centerport) will bring his Third Congressional District Mobile Office to the Great Neck Post Office, Welwyn Road, Great Neck, on October 16, The Soundview Shopping Center, Shore Road, Port Washington, on October 17, Waldbaum's, Glen Head Road and Glen Cove Road, Glen Head, on October 26, and Grand Union, Shore Road, Port Washington, on October 27. Anyone interested may call the congressman's office for an appointment at 673-6500.

ASSEMBLYMAN GREGORY R. BECKER (R-C, Lynbrook) has recently initiated crime prevention programs at shopping malls in Nassau County. In combined efforts with the Nassau County Police Department, insurance company representatives and certain executives of local stores have increased the number of police patrolling the malls in marked and unmarked cars, more security vans on patrol, increased camera surveillance and a safety awareness program for shopping mall employees.

Election Day is November 3. Politicians are encouraging people to go to the polls and vote. There are a number of important and exciting races on the ballot this year: County Executive, County Legislators and judgeships in the State Supreme Court, County and Family Court. If the community is interested in having a say as to how their tax dollars are spent, get out and vote!

## They Call me NIMBY

By JULIUS WALLOCK,  
BOARD MEMBER OF DIRECTORS, R.A.G.E.

It is only recently that I acquired a new name, NIMBY. All my life my family and friends have called me Julie. So why the change? Well it's not really my doing—this not being Julie anymore, but instead, being called that infamous NIMBY. NIMBY stands for, Not In My Backyard. But what we are really talking about is what they are putting in my back yard and everyone else's backyard as well. Resource Recovery Plant, otherwise known as a mass burn incinerator. Why am I screaming and stamping my feet? Because they want to put this killer plant smack in my back yard, which is the site of the number 1 most hazardous toxic back yard in N.Y. State.

It's your backyard too. Whether you live in Old Bethpage as I do, or in Hempstead, Port Washington, East Norwich, Massapequa or 70th Street in Manhattan or even Bridgeport across the Sound; it's all the same. The winds will be your chariot of sickness and death.

There are ten plants proposed for Long Island and four for New York City. Talk about the hole in the ozone! You'll probably be able to see straight through to Mars when all these plants begin belching their dioxin, metal particulates (great for the lungs) acid rain, polychlorinated biphenyls and compounds you probably never even heard of.

I am angry because five or ten years down the road I see large increases in the incidence of cancer and other diseases brought on by a breakdown in our immune systems. Dioxin does that; ask any Vietnam Vet. After all, what are the proponents of these plants talking about? Its only "small amounts" of diox-

on, furans, metals like chromium, lead, arsenic, etc. that all these plants will give off. "State of the Art" bag houses and soup strainers not withstanding. Only in "small amounts" mind you, but when all these "small amounts" are added to the auto and chemical pollution already existing and to all their own emissions, it will be more than enough to put you between the sheets or where you won't have to breathe at all.

Another thing that is of primary importance, is the toxic ash residue. In quantity it is about one third of the original garbage. This toxic residue will have to be carted many miles to a "hazardous landfill." That's hardly any improvement over shipping the garbage to Timbuctu or elsewhere, as is presently done.

Call me NIMBY if you must, but only if you think it's your neighbor who will get cancer, not you.

## A Letter from Lulubelle...

...Bumper stickers are all over that say "Have you hugged your kid today?"...and I think that's one of the most important messages....Touching is such an important part of building the personal relationship between parents and kids—as well as between friends....a hug conveys so much....In my family, my Mother and Father were very affectionate—never omitting that hello or good-by kiss....and that gave the kids a feeling of security and "all's right in my world"....And feeling secure and important—not conceited—is about the greatest gift parents can give kids....But we've all had the experience of coming home from school with a paper marked 98%—expecting great praise—only to hear—"What happened to the other 2%—did you make a dumb mistake?"....Devastating!!....Sometimes it seemed as if it would have been better to get 75% most of the time—just think of all the praise when you finally achieved 85%....And some families do give a false sense of ability—I remember when I was little, my family had me completely convinced that I was a great artist....It was a great shock to me later on to learn that while I could sketch a little, it was far from "art"....but it was fun while it lasted!!....So here's a word from Lulubelle...parents, hug you kids—kids, hug your parents, and all the world, make eye contact and smile!!

Yours, Lulubelle

## With A Little Help

By SUZANNE LUNT

If your hands can crack a safe, tear a phone book or go fourteen rounds in a ring, stop reading; you don't need help. But if you wish you could:

### Open, Carry or Turn Things On More Easily:

**Screw-topped Jars:** Slam jar into kitchen drawer; hold drawer shut with hip while turning top with one or both hands—or with "Grip-Strap Wrench", which gives leverage to turn anything from a nail-polish cap to a pipe fitting. (49 from Sears Home Health catalog '86-'87)

**Stove, TV and Appliance Knobs & Light Switches:** "Turn Knob Operator", the size of a small hairbrush has retractable pegs to grasp knob, switch or handle while you turn. (About \$11, Sears)

**Faucets:** "Maddatap" is an automatic water tap that fits on any faucet. Push its hanging rod and water flows. Stop pushing and it shuts off. (133, Sears)

**Doors:** "Maddahook" is a large hook with handle to grip door and cabinet knobs (about \$15) or get "Maddak Foot Pedal Door Opener" (180) to attach to front door via screws or Velcro. Press foot on pedal to turn knob, then push or pull to open. Ask your surgical supply; Maddak does not mail-order.

**Keys:** Sears Key Holder (about 15) has handle for leverage.

**One-Handed Tray:** non-spill with offset handle. (45 from Comfortably Yours, 61 W.

Hunter Avenue, Maywood, N.J., 07067, (201) 368-0400.

### Write/Type More Easily

**Pen or Pencil:** Push through foam hair-roller or build grasp with masking tape or rubber bands. Or "Wanchik Writer" hugs palm, supports hand and holds index finger in place. (About \$20 from Enrichments, Box 579, 145 Tower Drive, Hinsdale, IL 60521, (800) 343-9742.

**18 Other Writing Aids:** Write for catalog from Fred Sammons, Inc., Box 12, Brookfield, IL 60513-0032.

**One-Handed Typewriter & Accessories:** call or write The Typewriting Institute for the Handicapped, 3102 Augusta Avenue, Phoenix, AZ 85051, (602) 939-5344.

### Find Out More

**A Handbook for One-Handers,** A.L. Danzig, about 15 from Federation of the Handicapped, 21 West 14th Street, New York, N.Y. 10011, (212) 242-0950.

**Cooking with Fragile Hands,** Beverly Bingham, \$18.50 from Creative Cuisine, Box 518, Naples, FL 34109.

And now for a last line to end this column.. Let's make it literary; grab the Thesaurus.. "It is as easy to marry a rich woman as a poor one"—no, no good; nothing to do with hands; try the index.... "Hands, his two good honest"; no, dreary. Okay, how about "Hands across a bloody chasm clasp"—good, and then we'll end with "wave their, for a mute farewell."

## Book About Long Island To Be Published

Long Island will be the subject of a full-color, hard-bound "coffee table" book, set for publication in fall 1988. Produced by Windsor Publications in cooperation with the Long Island Association, the book, titled *Long Island: Shores of Plenty*, is intended to capture for posterity the current economic, cultural and social vitality of one of America's most preminent regions.

Long Island's own Diane E. Ketcham, an award-winning columnist and feature writer for *The New York Times*, has been selected by Windsor Publications to author the book. Additionally, Leila Zogby, an experienced business writer and resident of East Northport, is preparing profiles on various Long

Island-based businesses and organizations. These will be incorporated into Ketcham's text to serve as prime examples of how Long Island is succeeding today, and to point toward the promises and opportunities of Long Island's tomorrow.

Lavish illustrations and full-color photography will make *Long Island: Shores of Plenty* a treasured gift for history buffs, residents—and former residents—as well as anyone who is intrigued by the charms of this rich and varied island. The book will be available nationally through leading retail book store chains and in most Long Island area bookstores in time for holiday gift-giving in 1988.

By ROBERT R. McMILLAN

Of all the nations in the Pacific, the Philippines is probably the country with the closest personal ties to the United States. The Philippine people fought at our side during the World War II and were imprisoned by the Japanese with our soldiers.

After acquiring the Philippines in the Spanish-American War, we assured the Philippine people that their independence would be granted. That commitment was honored immediately after World War II.

From that origin there exists, somewhat of a love-hate relationship with the United States. I remember, on one trip to the Philippines, a taxi driver was very annoyed that his country did not become one of our states. On the other hand, many Philippines people oppose United States military bases in their country. This nation of islands has not had a stable government. The corruption of the Marcos presidency and a reluctance to accept foreign investment without stringent restrictions has prevented the country from blossoming. In addition, communist insurgents have not been dealt with consistently. This very point is the reason for the current uncertainty in the Philippines. The military, a strong political force in the country, feels that President Aquino has not been forceful enough with the insurgents. It was, however, the same military which supported the election of President Aquino after the excesses of President Marcos.

Robert R. McMillan

With 45 million people and a per capita income of \$530, the Philippines is a poor country, but it has a great potential with significant natural resources. Economic growth has been stifled to a large extent by red tape. Doing business in the Philippines today is a mixed bag of export commitments, and foreign ownership requirements, and restriction are found at every turn. Yet, American business and the U.S. government must not overlook the further development of the Philippines. Located strategically half way between Australia and Japan and just a few hours by air from Malaysia and Thailand, the Philippines is perfectly situated to participate in the positive economic "greening" of the Pacific. Our personal ties with the Philippines give us a great jumping off point to aid and participate in that development—if we give President Aquino the support she will need to keep her country on a recovery course.

As in the case of Central America a mixture of bullets and economic aid is required. There are many parallels—low per capita income, a small manufacturing base and a real need for economic aid. The United States can abandon world responsibilities, or we can move more aggressively to support the development of our friends. Tax payer dollars alone are not the solution. American business must be given incentives to encourage economic development in the Philippines—both by the U.S. Congress and the Philippine government. The people of both countries will benefit.

## L.I. Leaders Start United Way's New Year

United Way of Long Island kicked off its new program year with elections of policy leaders, announcement of advance fund-raising results and a centennial ceremony. At a public meeting recently, more than 600 business, government, labor, education and civic leaders from across Long Island rallied their forces for another 12 months of activities throughout the bicoastal area.

## Policy Leaders

To provide local, autonomous control of Long Island's United Way organization, members at its annual meeting elected 17 Long Island leaders to serve as policy-making volunteers for a three-year term and 10 other area leaders to serve on the group's nominating committee for one year. In addition, officers for the next 12 months were elected at the same meeting.

As a result of the elections, United Way of Long Island installed its next chairman of the board and chief volunteer officer, Donald E. Bindler became the United Way's sixteenth chief volunteer. Mr. Bindler is senior vice president of The Allen Group, an international marketer of automotive products whose world headquarters are in Melville. He is a resident of Garden City.

Three other Long Island leaders are beginning as United Way officers for the first time. The vice president of marketing and communication will be Katherine Heavside, president of Epoch 54 Marketing and a Huntington resident. Serving as secretary of the corporation is Anthony F. Earley, Jr., LILCO general counsel and Garden City resident. Selected assistant treasurer is Arthur W. Kilfoil, vice president of The Chase Manhattan Bank and a resident of New Salem in Port Washington.

Advance Giving Exceeds Goal  
Current Long Island attitudes toward

united caring were tested with advance fund raising. In this process, United Way determined that there is strong willingness to give generous charitable donations this year.

During August and early September, 27 organizations agreed to conduct initial employee campaigns. These 10 business and 17 human-care agencies provide the first indication about the pace that can be set for general community fund raising.

This "pacesetter" campaign, as it is known, had a goal of raising 20 percent more contributions than the same campaign received in 1986. Employee response proved to greatly exceed this mark. It was announced at the September kickoff meeting that the 27 employee pacesetter campaigns achieved a 20 percent increase over the previous year. Even before the general public campaign was launched, these donors had recorded \$223,321 for United Way's 1987 fund-raising campaign.

## Wide Campaign

Numerous Long Island people will be part of and touched by the community's United Way fund raising. An estimated 15,000 people will volunteer, in one way or another, to help run United Way activities. Some 400,000 employees and residents will give United Way donations.

The funds raised by United Way will spread throughout Long Island's human-care system. More than 130 voluntary, community agencies and hospitals will receive support for wide ranging health and human services.

## Centennial Ceremony

A special feature of United Way's kickoff meeting was the presentation of a centennial award. 1987 is being celebrated on Long Island and across the nation as the Centennial Year of United Way since the first coordinated community fund raising is traced to 100 years ago in Denver, Colorado.

"Moms' Survival Guide":  
Hints On How To Make Life Less Hectic

In a typical hour her duties could include cooking, cleaning, coordinating, counseling and comforting. Next she might be called on to find, fix and feed. Who is this whirlwind worker? She is a mother.

A mother's life doesn't have to be chaotic, according to Irvina Siegel Lew, a working mother and author of the book "You Can't Do It All: Ideas That Work For Mothers Who Work." Irvina has written numerous articles on organization techniques for several leading publications.

"Like most mothers, I often felt exhausted and overwhelmed," notes Irvina. "At the end of each day I had the same question: Why does my list of things-to-do always outweigh my list of things-I-have-done?"

"It wasn't long before I accepted the fact that no matter how hard I tried, I just couldn't do everything for everybody," Irvina explains. "But what I could do to 'survive' was prioritize and delegate and, most importantly, organize."

According to Irvina, any mother—whether she works outside the home or not—has to organize three key things: her time, her home and her children.

## Time Is What You Make Of It

"The 'secrets' to managing time effectively are quite simple," states Irvina. "All of them relate to attitude. For example, if you try to be a supermom and do everything, you'll never manage your time efficiently, because there will always be many things to do, and you will never find enough hours in which to do them."

"So," Irvina suggests, "you have to develop the attitude: 'I can't do it all.' This allows you to look more closely at what you can, should and want to do—in other words, Prioritize. And, don't be a perfectionist. Be happy with what you do accomplish."

"Next, you have to realize that time is very valuable and shouldn't be given away freely. Don't be afraid to say 'no.' And finally, Irvina continues, "you should try to find one special group of hours that you never give away. Make it a rule that these are your hours and nothing can interfere with them."

## Don't Put It Down, Put It Away!

"The importance of having an organized home can't be overlooked," says Irvina. "Because, for a mother, time is always of the essence. You need to know where to find anything at a moment's notice."

"Three things are important to achieving an organized household: the entire family must participate; everyone needs to know where everything is; and everyone must be responsible for returning all items to their pro-

per place.

"To keep my house in order, I rely on what I call my 'organizing essentials.' These have proven to be life-savers more than once."

- Keep a master notebook with important daily information, like phone numbers, addresses and messages, in a visible spot.

- Use a file cabinet to organize important papers, bills and documents.

- Hang a large calendar in the kitchen to write down appointments, parties and lessons.

- Place a message board near the phone to log all calls.

"Another 'trick' that helps me to get organized is to do a few chores each day. I never let my responsibilities mount up to the point where they become a major burden. I find that if I do a little work at a time I can get quite a bit done. I also get a 'mental boost' from the sense of accomplishment."

## The ABC's Of Organizing Your Children

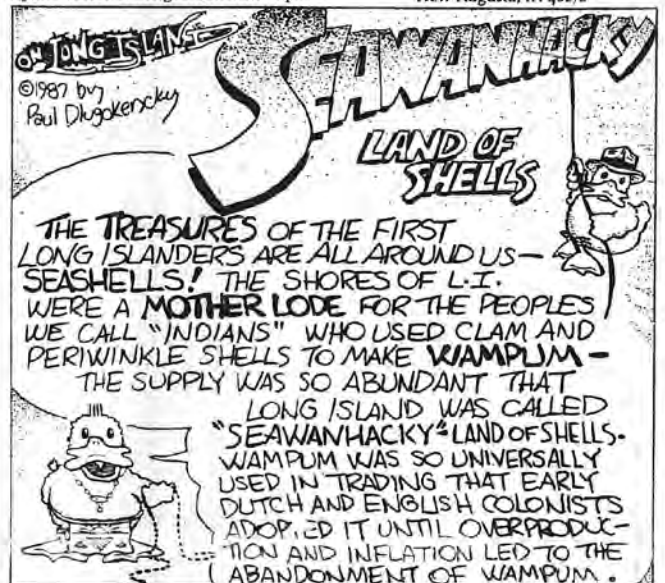

"It really can happen," Irvina assures mothers. "You really can raise organized children if you start from the beginning. Routine is the key. By establishing routines and supervising them carefully, you can encourage independence and responsibility in your youngsters."

"I did not teach my daughters to 'help Mommy.' Instead, I encouraged them to realize that they were important members of a team. As a result," Irvina adds, "they were able to get dressed and do chores by themselves or with little assistance at a young age. The chores weren't always done exactly as I would have done them. But they did get done!"

A good way to get children involved in chores is to make them fun. "I suggest that mothers turn choosing tasks into a game," says Irvina. "They should list chores on separate index cards and put them in a plastic bag. Then, have each child close his or her eyes and 'pick-a-chose.' Include cards with rewards, too, like ice cream or a trip to the library."

To help women with children discover ways to create time for themselves, Irvina Siegel Lew has produced the "Moms' Survival Guide," in conjunction with the makers of Ziploc brand storage bags. The colorful 12-page booklet is loaded with practical tips and ideas for expectant, new and experienced mothers to organize their time, household and children. The booklet is available at no cost by writing to:

long, about fifteen feet wide, and six to seven feet deep. The water was crystal clear and very cool—so off came the clothes; the last one in was a bum. then when we would hear a train coming, we would climb up on the fence, wave to the people on the train, and dive into the water. No one ever bothered us.

My first paying job was distributing circulars for the A&P every Thursday. I covered Hicksville from Newbridge Road to Spruce Street and from Fourth Street to Lenox Avenue. That was a few blocks for a gross pay of one dollar. (No tax withheld).

My next job was working for Dick Winters, who had the butcher shop a few stores from Millevolte's shoe store. I had my driver's license and I delivered orders to some of the large estates in Jericho, which was quite a different experience.

A few of the fellas in the neighborhood decided to caddy at the Bethpage Golf Course. There were five of us who would get up at four a.m. and hitchhike to Bethpage so we could get our number on the list early. This was where a lifetime friendship had started.

We organized football teams from different areas of town, and we played each other wherever we could find a sizable lot. You had to be very careful of the junk that might be hidden in the weeds. Sometimes we played where people had their cows out grazing the day before, and you had to be very careful and watch your footing. One night we were talking, and someone said, "I wonder what we will be doing ten years from now? Why don't we all meet at the Hicksville Railroad Station in 1947 on the 7th day of the 7th month at 7 p.m." This we all agreed to.

Well, the war came and spread us to all corners of the world. First Jim Cooley was drafted before the war started. Then I enlisted. Next Gus Efinger enlisted in the paratroopers, then Matt Metzger went into the Army, and John McDonald went into the Navy. We moved around so much that it was impossible to keep in touch with each other.

After the war we finally got in touch with each other again. To this day we are the best and closest friends. We are all married. Oh! Yes! Only one remembered the 1947-7-7 meeting—he wasn't married at the time—and that was Jim Cooley. We couldn't make it... our wives wouldn't let us out. (Only kidding). We forgot....

If anyone has recollections or memories of life in Hicksville, please send stories to 'Hicksville Illustrated News,' 332 E. Second St., Mineola, NY 11501.

## Saturday Workshop At Gregory Museum

The increasingly popular workshops for children at the Hicksville Gregory Museum will resume on Saturday, October 24, from 1:30 until 3 P.M. with "Watch Me Glow".

When polled this summer on the topics they would most like to investigate, young members were most enthusiastic about fluorescent minerals, or, as one youngster phrased it, "Let's study 'Glo Rocks'."

The workshop will be open to students age 7 through 12. (Very advanced 6-year-olds will be considered, if there is room.) It will be conducted by museum curator Don Curran, and artist Connie Williams. Mr. Curran will introduce the students to the scientific aspects of fluorescent minerals, and Mrs. Williams will guide them in the creation of "Glow-in-the-Dark" masks for Halloween.

Cost of the workshop, including supplies, will be \$8 for non-members, \$5 for those with family membership in the museum. Reservations must be made in advance. Please notify the museum as far in advance as possible if a cancellation is necessary. There is usually a waiting list, and some other child could be accommodated. The museum number is 822-7505.

Family membership is available for a \$20 donation. In addition to discounts for the workshops, members also receive free admission at all times, notices of all events, the museum's outstanding publication, "THE CUPOLA", and a discount on all gift shop purchases. Since Hicksville residents are already admitted free, they are permitted to bring in guests on their membership cards.

## 1987 International Holiday Mailing Dates

"For those with relatives in the armed services stationed overseas, and those who wish to mail holiday greetings and packages to others living in foreign countries, now is the time to plan for holiday mailings," says Roger Nienaber, general manager postmaster of the Hicksville Division of the United States Postal Service.

Parcels sent to military personnel in the Far East and Southeast Asia have to be mailed by October 16 if shipped by surface mail, the least expensive form of shipment.

November is the month when most parcels shipped via Parcel Airlift Mail (PAL) should be sent. PAL packages are airlifted domestically to a gateway facility, then airlifted on a space available basis from the gateway to the APO (Army or Air Force Post Office).

Parcels up to 30 pounds and 60 inches in combined length and girth may be sent by PAL. Mailers pay the regular third or fourth-class Parcel Post rate, based on weight, to the U.S. exit port or from the port of entry plus a fee for air service. The air service fee is 30 cents for parcels weighing two pounds or less, 60 cents for parcels weighing more than two pounds but not exceeding three pounds, 90 cents for parcels weighing more than three pounds but not exceeding four pounds, and \$1.20 for parcels weighing more than four pounds but not exceeding 30 pounds.

November mailers can also ship military parcels by Space Available Mail (SAM). Items shipped by SAM are transported by surface

means in the contiguous 48 states and flown on a space available basis from the U.S. to the overseas destination or from the overseas destination to the U.S. Packages weighing 15 pounds or less and not exceeding 60 inches in combined length and girth may be sent by SAM for regular Parcel Post rates to the U.S. exit port or from the U.S. port of entry.

When mailed from a military post office outside the 48 contiguous states, the weight of any piece not mailed as SAM or PAL cannot be more than 70 pounds and the size cannot exceed 100 inches in length and girth combined.

The Postal Service said it also offers a new service for later mailing of holiday messages and parcels to military bases overseas. The new Express Mail Military Service is available to over 200 APO/FPO military addresses. The same rates as domestic Express Mail service apply for this two-day service: \$10.75 for up to two pounds and \$12.85 for over two pounds and up to five pounds. The weight limit is 70 pounds.

And for mailing to non-military addresses, the Postal Service's quickest method of shipping items abroad, Express Mail International Service, is available to 69 countries.

Here are three calendars of suggested mailing dates to assure parcels and greetings will arrive on time. More information on international mailings is available from postmasters or post office window clerks.

## Legionnaires' Log

By GREG BENNETT

Charles Wagner Post #421, Hicksville

Cdr. Harry Christo and County Commander Dick Hochbrueckner honored the Constitution and Samuel Jones by attending the observance on Sunday, October 4, at Marjorie Post Park in Massapequa. Sponsored by the Town of Oyster Bay, the observance honored the Bicentennial Anniversary of the U.S. Constitution and Samuel Jones, who was a Massapequa delegate to the State Legislature who called for ratification of the document. Dorothy H. McGee is the chairman of the TOB Bicentennial Historical Commission and Hicksville Legionnaire Dick Evers is a distinguished member of the Commission.

Do you know Veteran's Day is just around the corner. It was so nice to see Hicksville decorated with flags on Columbus Day. Our meeting of October 5 was cancelled. I am sorry I did not get the announcement into Legionnaires' Log. The Legislative Breakfast is Sunday, October 18 and the Past Commanders Dinner is Saturday, October 24 at the Williston Post. On Sunday, October 25, a Back to God Program will be held at 3:00 p.m. at the Cathedral of the Incarnation in Garden City.

Have you ever wanted to sleep where presidents and generals have slept? You can at the Hotel Thayer at the U.S. Military Academy at West Point. Call (800) 247-5047 for details. The academy features the West Point Museum and the recently dedicated Southeast Asia Memorial, Eisenhower Monument and the American Soldier Statue.

The USS Arizona Memorial at Pearl Harbor is now administered by the US Park Service. The launches transporting visitors to the memorial are still run by Navy personnel, but are refueled and repaired by the Park Service. I hope the Park Service remembers the honor and dignity the crew members who eternally rest there deserve.

The Navy will name an Aegis Cruiser, HUE City, after the famous Vietnam battle and will be delivered in late 1990. The U.S. Navel Academy may also add the names of Vietnam engagements to the list of famous battles painted on the facade of the Naval Academy Stadium. Navy Seabees are refurbishing the Corregidor Memorial in the Philippines with initial funding from Dav.

Our next meeting is Monday, October 19 at the church annex on Field Avenue in Hicksville. I hope comrade PC Tom Nikitas is feeling better. Remember our POW/MIA. This column honors Albert J. Cullen of Hicksville who gave his life during the Korean War. "Lest We Forget."

## Galileo Lodge News

By Joe Lorenzo

**President Joe Giordano's Message:** "Good resolutions are simply checks that people draw on a bank where they have no account." Oscar Wilde.

Yes, the Galileo Lodge is a fraternal organization, with an ethnic basis and foundation. As a rule, organizations of a fraternal nature have the tendency to 'play up' their ethos, which in this case is the Italian race. But unlike all other organizations, it is definitely not ethnocentric. As an example, to mention our Italian Festival which was held last Friday, it's true that it was ethnically presented but it is really for everyone's edification.

Fall to some people is the ideal season. Mother Nature seems to be at her finest, all dressed up in her kaleidoscopic hues of browns and greens and other rustic colors that are indigenous to what is commonly called "Fall Foliage." Well, needless to mention that the Galileo Lodge will soon be dressed in her own rustic colors as it presents its Halloween Dance on Saturday, October 31. Tickets sell at \$14. per person, and in the offering will be a delicious hot dinner, beer, soda, coffee and cake, set-ups and music for your listening and dancing pleasure. Naturally a Halloween Dance wouldn't be a Halloween Dance without the garish display of Halloween costumes, which, I am told, will be highlighted by prizes for various categories. Halloween parties of the past at the Galileo Lodge have brought out some of the most imaginative and grotesque costumes, which, to say the least, have really embellished those proceedings. So for a fall activity that promises the best of the Halloween spirit, this dance should be on your "must-attend" list. The committee that will present this most relaxing and pleasure-filled activity will be revealed in next week's column.

### Lodge Tidbits

Very sorry to report that Pat Gatto will enter the hospital very shortly for additional treatments for his ailment. We all here at the Galileo Lodge wish Pat a speedy recovery so that he can come home to his family and Lodge. Very happy to report that Mr. and Mrs. Joe and Eleanor Iannotti will be celebrating, or should I say have celebrated, their 51st year of wedded bliss. A remarkable piece of news from a remarkable couple of our Lodge. Even more remarkable is the news that Joe Iannotti will be celebrating his 75th birthday, and of course hearty congratulations on both counts from all of us. Joe and Eleanor will celebrate these beautiful occasions with a trip to Paradise Island. Very sorry to hear that Jim Posillico's mother has recently passed away, and we all here at the Galileo Lodge express our deepest condolences. Nancy Gatto reports that her daughter Nancy was recently married, on October 3. Congratulations from all of us here at the Lodge. Very sorry to hear that Nick D'Agostino was also recently hospitalized but is now recuperating at home. A very speedy recovery wish goes out to Nick from all of us here at the Lodge.

The usual reminder is that help is still needed for our bingo sessions, so our President Joe Giordano is still asking for help at these sessions. He reminds us that bingo sessions are sources of revenue that help us to carry out our community obligations. It's your Lodge, do what you can for it.

## Town of Oyster Bay School Tax Payment Due Residents Reminded

Oyster Bay Town Receiver of Taxes Gary F. Musiello reminds residents that the first half of the 1987-88 School Tax Levy is due on October 1st, but may be paid without penalty until November 10, 1987.

"By law a taxpayer has a 40-day grace period from the date the tax is due," Musiello explained. "After that period a 1% penalty is attached for each month the tax is not paid retroactive to October 1st."

"Residents also have the option of paying the full amount of the school levy for the year, which will entitle them to a 1% discount on the second half of the taxes," Musiello said. "To receive this discount, they must pay the entire amount on or before November 10, 1987."

Residents can pay in person at the Tax Office, Oyster Bay Town Hall West, Audrey

Avenue, Oyster Bay, and at Town Hall South, 799 Hicksville Road, Massapequa, or they can pay by mail.

"When paying in person," Musiello started, "residents should bring the entire tax bill. Those paying by mail should detach and enclose Stub #1 for the first half or Stubs #1 and #2 if making full payment."

Musiello noted that taxpayers should allow a few extra days for mail delivery to avoid any late penalty.

"Residents are asked not to write on, deface or staple the stub(s)," Musiello commented. "I recommend that paper clips be used instead because any defacing on the stub will cause rejection of the payment by the computer. Your cooperation is appreciated and will enable us to process your payments in a shorter period of time."

## Firewood/Wood Chips Give-Away October 24th

As the weather turns cool and the trees present the wonderful colors of autumn, many residents begin the process of collecting a supply of firewood for their fireplace or wood burning stove.

To help with their annual gathering of firewood, the Town of Oyster Bay has a supply of firewood and wood chips which will be made available to residents (excluding Town employees) on a first come, first served basis, according to Town Councilman Howard T. Hogan, Jr.

Town residents may come to the highway

yard at 100 Miller Place, Syosset between the hours of 8 AM and 12 noon, on Saturday, October 24th, to pick up their free trunk-full of cut but not split wood and wood chips," Hogan said. "Residents should bring their own plastic bags and shovel for the collection of wood chips."

No vehicles with commercial plates will be permitted into the highway yard and residents will be asked to sign a release from liability form prior to entering.

For information call 921-7347, ext. 5563.

## Rink Guard Course

Ice skaters who are looking to utilize their talents in a productive and challenging way are invited to participate in a free "rink guard" course this fall under the direction of the Nassau County Department of Recreation and Parks.

Successful completion of the two-part course could lead to seasonal employment as a rink guard at any of the department's three active winter rinks.

Part one of the course is scheduled for Sunday, October 25, from 5:30 to 10 p.m. at the

Cantiague Park rink in Hicksville. It will include a test of skating skills and instruction on crowd control.

Part two, dealing mainly with first aid, is set for Wednesday, Thursday and Friday, November 4, 5 and 6, from 7-10 p.m., also at Cantiague Park.

Registration is on a first-come, first-served basis up to the starting day of the course. To register or for further information, interested skaters are asked to call the Cantiague rink manager at 935-3501.

## Moms & Dads...

Would your child know what to do if a fire started in the kitchen and you weren't home?

Does your child know how to call the police or paramedics in an emergency?

What if an adult were acting a bit "too friendly" to your child? Would your son or daughter know how to react?

## Kid Safe Can Help.

We think Kid Safe is the best safety education program to come to town. But don't tell your kids that.

Just tell them it's fun. They're going to be talking to fire fighters, doctors, nurses and emergency personnel. They'll get to dirty up their hands with fingerprint ink and get their picture taken for their very own Trail Guide to Safety. They'll do mouth-to-mouth on Rescue-anne in CPR, play on the phone in a class about dialing 911, see great movies and bandage up their best friend.

Kid Safe is designed for children ages 4-14. The classes are held on the hour and half hour, so you can visit as many as you like—according to your own schedule. Do come with your children. You'll be surprised at how much you learn about safety and your kids.

The bidding:  
South West North East  
1 ♦ Pass 1 ♠ Pass  
2 NT Pass 3 NT  
Opening lead — jack of hearts.

Let's suppose you're South and open with one diamond. When partner responds one spade, you have a difficult rebid problem.

If you jump to three diamonds you run the risk of a pass, as this bid is invitational but not forcing. If you jump to two notrump instead, partner may pass or go on to three, and, in either case, the enemy may reel off the club suit.

These are the only bids you can seriously consider, and, of the two,

the recommended action is two notrump, risky though it is. In any case, let's say you do bid two notrump and partner raises you to three.

It turns out that your troubles are not yet over, even though West leads a heart instead of the club you feared. If you misplay the hand, you will surely go down.

If you win East's king of hearts with the ace and play the ace of diamonds, which seems to be the natural thing to do, you fail ingloriously. There is nothing you can now do to overcome the unlucky 4-0 division.

But if you allow for the possibility that only a 4-0 diamond break can defeat the contract, and take steps to deal with that possibility, you make three notrump.

The proper play at trick two is the eight (or nine) of diamonds, not the ace. Observe that if you make this play, East makes only one diamond trick, not two. He wins with the ten, but you later gobble up his Q-J-7 by leading the suit twice from dummy.

It is true that the recommended safety play will fail if West has all four diamonds, but in that case no other method of play will succeed either. The best you can do in bridge is address your attention to matters within your control.

## Nassau Sports Review

## By JACK WHITE

Bill Piner, the Cold Spring Harbor Director of Athletics who serves so well as Section Eight Football Chairman, is hard at work trying to set up this year's football playoffs. Bill would like to stage as many of the semi-final games at Hofstra Stadium as possible. In past years the higher seeded teams played on their home fields in the semis.

The goal is to have the games on a neutral field and Hofstra Stadium with its 7,500 seats and all-weather artificial turf fits the bill. Piner would like to play four doubleheaders, one on Thursday night November 19, one on Friday night November 20, and two on Saturday, November 21. The winners of those games would play in the finals one week later.

Hofstra football coach Mickey Kwiatkowski has been very cooperative and is anxious to host the games to help show off his school's fine facility. The problem is that the Flying Dutchmen, coming off a big win over Wagner, are nationally ranked in Division III and could be hosting an N.C.A.A. playoff game on November 21.

"If Hofstra does host a playoff game we are still hopeful of playing two games there that night," said Piner. "That would leave us with just two games to find sites for."

There is a considerable push from upstate schools to create state football playoffs in the near future. The proposal being circulated would have the schools start play in the first week in September and conclude with an eleventh game on Thanksgiving weekend. Football is the only sport without a state tournament or championship, the proponents argue.

There is little enthusiasm for the idea on Long Island. The proposal would mean starting practice in early or mid-August in dangerously hot weather. Many teams' seasons would end before November. Local sectional playoffs would probably be limited to one game. Exciting playoffs would be held far from the communities whose teams would be involved.

Far more sensible would be a regional setup which would match Nassau vs. Suffolk champions in four title games which would be played Thanksgiving weekend. The interest would be far greater for local fans and would certainly make an excellent event for cable television. The Nassau-Suffolk Catholic schools are almost surely destined for admission to Sections Eight and Eleven next year and their participation would broaden the audience for a L.I. Football Tournament.

## McGirt Wins Big—Will Get World Title Shot

## By PETE CALABRESE

When a fighter wins by a knockout, can anything top that? At Madison Square Garden last week, moments after James Buddy McGirt destroyed Eduardo Lugo at 2:18 of round three, McGirt's manager, Al Certo, announced that McGirt will abdicate his Continental Americas title to fight Frankie Warren for the vacant IBF world junior welterweight championship, hopefully, in November, McGirt said. He can't wait to fight Warren, who is the only man to have defeated him in 37 pro bouts. Warren decisioned McGirt in a close battle on national television in the summer of '86.

In this latest victory, McGirt of Brentwood, left no doubt that he is on the threshold of

not only the world title but greatness too. Lugo became McGirt's 30th knockout victim in 35 wins. McGirt's record stands at 35-1-1 in less than six years of prize fighting. McGirt, just 23-years-old, could conceivably have a long, illustrious career before he decides to call it quits.

Lugo threw haymakers at the elusive Brentwood fighter throughout the first two rounds. McGirt ducked, slipped, and bobbed and weaved out of danger, then countered with swift combinations. At about the two minute mark of the third round, McGirt staggered Lugo with a right uppercut and followed with a flurry of at least a dozen solid punches. McGirt finished Lugo with a left uppercut as Lugo went crashing to the canvas for the ten

count. Lugo of Miami, remained on his back for five minutes before rising with the help of his handlers.

For McGirt, this was his 17th win at Madison Square Garden. McGirt is ranked in the top three by all three world sanctioning bodies. The IBF lists him number two behind Warren. At the post fight press conference, McGirt compared Lugo to Warren. "This guy [Lugo] threw wild punches, a little like Frankie Warren," he commented. "This fight was tougher than Frankie Warren will believe me."

McGirt has never been one to make outrageous statements. That remark may have been more self-serving than anything else. In their first fight, McGirt allowed Warren to take the fight to him.

## Shamrocks Defeat Falcons 3-0 In Soccer Game

The Hicksville Shamrock, 1974, boys, traveling, soccer team, continued their undefeated season with a 3-0 thrashing of the Albertson Falcons, at the latter's field, on Sunday, October 4, to bring their LI Junior Soccer League record to 2 wins, 1 tie and 0 losses.

Playing on a field that was a quagmire, with numerous rain puddles, surrounded by swirling winds and intermittent showers, and a temperature in the 40's the Shamrocks put on a "clinic", exhibiting soccer the way it should be played. The game featured on the dime passing, excellent dribbling, accurate shooting and exceptional tackling, with tremendous teamwork, punctuated by verbal communication.

The offense, anchored by striker Dqm Perillo, was never better and had over 20 shots on the opponent's goal. Wings Eric Blicher on the left and Karl Rice on the right, as well as Perillo, kept up constant pressure, only to be thwarted time and again by shots just off the mark, or stops by the Falcon goalkeeper. Their perseverance paid off at the 27 minute mark, as Blicher put one in, on a pass from Perillo, into the left corner.

The second half saw the Shamrocks domination continue, with Rice scoring at the seven minute mark, on a lead from center half Matt Pordum. At the 26 minute mark, Perillo, who had eight previous shots, was fed a needle sharp lead by Blicher, who was on a charge down left wing. Perillo then took it in on a breakaway, putting it past the Albertson goalie.

The halfback play of David Lovato on the right, Matt Pordum at center and Chris Koetter on the left, was one of total offensive and defensive ball control. Their work with the

wings and fullbacks constantly kept the Falcons off balance. Stopper Chris Doyle totally controlled the defensive middle, had some strong directs and placed three corner kicks exactly on target. Sweeper Brian Harkins was able to roam, with great results, due to exceptional stopper and fullback play. Chuck Oliver, at right full, completely controlled his side of the field and took one from the defensive 20, completely up the field to the goal mouth, but was stopped on his scoring attempt by an offside. Christian Friedrich at left full, was never better and his teamwork with the left half-backs was a work of art.

Jason Kingsley, starting his first league game at goalie, exhibited fine skills at the position, with exceptional throws against the gusting wind, professional saves, and contributed strong offensive pressure. Junior Tomlinson, who had put in productive time at left and right wing, then switched to goalie, finishing the shoutout with three good stops, accompanied by booming punts. Cory Kessler, playing his third game as a Shamrock, responded to increased playing time with productive efforts from right half and left wing. Kareem Holman, also in his third game, made some valuable contributions from the halfback position.

Congratulations to the Shamrocks for their second straight shutout and 70 minutes of textbook soccer, despite the adverse weather conditions and the loss of Select goalkeeper Ed Jacobsen, due to surgery. Coach Herb Pordum and Assistant Coach Glenn Kingsley, Sr. are to be thanked for their excellent contributions. The Shamrocks all wish Ed Jacobsen a speedy recovery and hope he'll be in fine shape for their next League game on the 17th.

### Cosmos: 0; Roughnecks: 1

Despite good offensive play by Angela Manzo and Jeff Simpson, the Cosmos failed to score. Diane Pisan, Chris McGunnigle and Thomas Werchenski also played a tough defensive game.

The Roughnecks' Mathew Hamlin scored the only goal of the game. Good defense by Jason Depew, Timothy Parmiter and Greg Parmiter as they protected their goal for the shut out.

### Blast: 2; Bucks: 2

The Blast team recovered from a two-goal deficit to achieve a tie late in the game. Notables were: Christin Kolm, Keith Carpenter and Daniel Everett for steady defense. Two-way play from Alina Maryles kept the Blast team in the game.
