

Stamp Increase Takes Effect April 3

It used to be cheaper to send a letter rather than make a phone call; but now it will cost the same: a quarter.

The cost of mailing a first-class letter will rise to 25 cents beginning Sunday, April 3, according to the United States Postal Service. Hicksville general manager/postmaster Nienaber said that customers should not wait until the last minute to make new stamp purchases. New "E" stamps will be issued until the post offices receives the new 25 cent stamp, he said. Until then, one-, two- and three-cent stamps may be used with existing 22-cent stamps to meet the new first-class rate. "E" stamps may only be used within the United States, not on international mail, Nienaber said.

During the phase-in period for the new rates, the "E" stamp can be ordered and paid for with Master Card or Visa or by calling 800-STAMP24. There is a \$12.50 minimum and a \$2 service charge on all orders. The Hicksville post office will expand its window hours temporarily during the phase-in period. Larger Nassau and Suffolk post offices will open each morning, Monday through Friday, at 8 a.m. until 6 p.m. during the weeks of March 28 to April 4. All post offices in the Hicksville division (all of Suffolk and most of Nassau, ZIP Code areas 115, 117, 118 and 119) will have retail windows open until 1 p.m. on Saturday, April 2, and Saturday, April 9.

On Monday, April 4, the first business day after the rate increase, all post offices in the Hicksville division will open at 8 a.m. and will remain open until one hour past their normal closing time.

In addition, mobile post offices will be visiting area rail road stations during the morning rush hour the weeks of March 28 and April 4 to provide stamp sales to Long Island Rail Road commuters.

Students Awarded Regent And State Scholarships

The New York State Education Department announced the names of high school seniors who have won Empire State Scholarships of Excellence and Regents College Scholarships. These scholarship awards are effective as of the 1988-89 academic year. Each Empire State Scholarship of Excellence entitles the recipient to an award of \$2,000 a year for up to five years of study at an approved program in New York State. Each Regents Scholarship entitles the recipient to an award of \$250 a year for up to five years of study at an approved program in New York State. A (*) denotes Empire State Scholarship of Excellence winners.

Congratulations are extended to the following Hicksville High School students: Adam Barthmore, Faith L. Bloom, Philip Campisi, Russell L. Cassar, David A. Danowski, Betsy E. School Board Discusses Budget Reductions

The Hicksville School Board discussed reductions in the 1988-89 budget at its March 23 meeting.

William H. Hall, assistant superintendent for business services, commented on the additional 20 percent raise in the Empire Plan for health insurance effective April 1. He said that this was incorrectly reported and the

earlier 63 percent increase still stands.

Dr. Catherine J. Fenton, superintendent of schools, made a recommendation on the deletion of 14.5 positions or \$14,000 from the 1988-89 budget. This includes 11.5 full-time and part-time teachers, two administrators (Assistant Director of Pupil Personnel and the Supervisor of Academic Enrichment), and

one teacher aide. A motion was made by board member Mark Cardella to separate the Assistant Director of Pupil Personnel for the other positions, but it was defeated.

Questions were asked in regard to maintenance of the ball fields and the \$40,000 contribution to the Gregory Museum, both of which are budget items. A question was asked as to how the educational process would be affected by the deletion of these two items. This could only be determined if the deletions were permanent, and other arrangements could be made.

The 1988-89 budget figure of \$44,856,222 was approved by the board of education. This may be changed and is open for discussion until the annual budget hearing which will take place at the next board of education meeting at 8:15 p.m. on April 27.

Other School Board Matters

In other school board matters, it was announced that Melissa Master, an eighth grade student at the Middle School, is one of 18 finalists in the Nassau County Long Island Newsday Spelling Bee Contest.

Carol Victor is Hicksville's winner in the Regent's Nursing Scholarship. Thirty-six seniors from Hicksville High School are winners of Regent's Scholarships. This compares with 26 in 1987 and 23 in 1986. Thomas Nagle, school board president, thanked the teachers, staff, parents and students for this achievement. Also, congratulations were sent to Gerry and Sonya Burakoff for the workshops they gave at the Texas Music Education Association workshops.

William Bennett, school board member, announced he was running for re-election.

Comments From The Public

Comments from the public were from Arlene Rudin in regard to busing and possible pairing of out-of-district runs to include two or more schools; Andrew Jachniewicz questioned what action would be taken in regard to the 700 signature petition presented in December 1987, requesting re-zoning of the Burns Avenue property from commercial to residential; William Collins announced that he would be seeking a seat on the board of education; \$35,000 was approved in order to purchase the equipment necessary to install security cameras at the 10 school buildings; Resident William Kelly had budget reductions of \$18,450 for the board's consideration.

Carol Wolf, school board member, read the minutes of the final reorganization committee meeting of February 3, and they were accepted. A discussion followed about directing the superintendent to compile all the information necessary in regard to redistricting. After much discussion, the motion was unanimously passed.

Discussion on Burns Ave.

The re-zoning of the Burns Avenue property was discussed; it was unanimously passed, however, there was discussion as to the expense in accomplishing this.

At a prior budget meeting a motion to demolish the temporaries at Burns Avenue and Dutch Lane Schools was defeated because of a 3-3 tie. A motion to retain the temporaries was brought back to the table by board member Daniel MacBride. The two schools were separated into different motions, and it was unanimously voted to demolish the Dutch Lane temporaries due to the unsafe condition. After an exchange of information it was voted to demolish the temporaries at Burns Avenue also.

Merchant of the Week Dryolin Corporation

The name *Dryolin* coined in 1919, refers to the company's process of drying linseed oil paper, an insulator in ice boxes. The company, located in Long Island City, soon evolved into a building materials supplier, distributing mainly roofing supplies, such as copper gutters and copper flashing for channeling water off of roofs. In 1931, *Dryolin* opened a branch in Hicksville, at 32 East Carl Street. The building was only 20 feet by 30 feet, and Arthur Graham, a long-time Hicksville resident, operated the office and warehouse.

By 1947, *Dryolin* expanded its warehouse to 22,000 square feet, and in 1986, opened another branch on Bethpage Road under the direction of Hicksville resident Steve Ocuto. "Today, we supply almost everything a builder needs," said Mr. Ocuto, who joined *Dryolin* as a driven warehouseman. He listed some of the many products his company supplies: roofing, vinyl and aluminum siding, classic shakes, shutters, sky lights, railings, gutters, ladders, truck racks, brakes and power tools. In addition, *Dryolin* now carries a line of vinyl replacement windows. Name brand products include: Alcoa, Alcan, Tamko, Celotex and Green Bull, among others.

Vice-president David Hoosack, who graduated from Hicksville High School in 1964 and joined *Dryolin* as a warehouseman in 1968, is very proud of his company's policy to treat people fairly and favorably. "We are like family here," he explained. "We treat everyone fairly, whether he or she is part of a large contracting company or a small businessman with only one employee."

Mr. Hoosack also indicated that *Dryolin* employees have a sincere interest in the community. "Many of us are from Hicksville, so we want to give the community something in return," he said, noting the company's sponsoring of a \$1,000 scholarship at Hicksville High School this year.

Robert Mercer, also a Hicksville graduate, worked his way up from warehouseman to secretary/treasurer of *Dryolin*. And Harold Goldman, president, recently celebrated his 41st anniversary with *Dryolin*. Obviously, the friendly people and local charm have attracted steadfast employees as well as customers. "Throughout the industry, you'll never hear a bad word about us," said Mr. Ocuto.

Maybe you can recall these long-time Hicksvillites who worked for *Dryolin* back in the sixties: Tony Sidoriski, Starsh Wolinski and Bernard "Red" Fox.

For more information, call or visit *Dryolin* at 32 E. Carl Street, (931-1000) or 50 Bethpage Road (930-2550).

Mid-Island Plaza, and the reason for the 1.66 acre piece of property that separates the plaza from Burns Avenue School. This was requested as a buffer zone to protect the school from traffic, etc., by the school board at that time. In exchange for this, the local streets from the west end of the plaza were closed, and the entrance on West John Street was

opened.

Upcoming School Board Meetings

The board committee meetings will be held on Wednesday, April 13 in the administration building. Curriculum, district facilities and community affairs will meet at 8 p.m., and policy, legislative, and finance will meet at 9 p.m.

Hicksville Elks Present Drug Awareness Program

The Hicksville Elks' Lodge's Drug Awareness Committee conducted a program at Island Trees Elementary School for the 5th and 6th grades recently.

An assembly was held in the gymnasium with about 120 students in attendance. A short film was presented explaining how different drugs affect the organs of the body and the resulting addiction.

Sal Amico said a few remarks after the film and introduced Exalted Ruler Danny Selp, who complimented the students for their interest and behavior during the presentation.

Book covers with anti-drug slogans and hotline numbers, which were designated and supplied by the lodge, were distributed to all the students, as well as some "No Drugs" Elk

buttons.

Lodge representatives were Exalted Ruler Daniel Selp, Sal Amico, Carleton Judd, Sal Cutino and Past Exalted Ruler Murray Appel.

This program owes its success to the untiring efforts of Kenny Grosser, Drug Awareness chairman for the lodge who overcame many obstacles in finally putting it together, along with the help from the Town of Hempstead and Sal Amico. Other school principals in the area are being contacted and schools desiring the Elk's presence will receive similar programs. The Elks are not qualified for rehabilitation. They can, however, concentrate on those programs which can prevent the need for it by convincing the youth of the country to just say "No" to drugs.

Hicksville Kiwanis Plans Spaghetti Dinner April 22

Plans are moving forward for the spaghetti dinner being planned for April 22 between 6 p.m. and 9 p.m. This fund-raiser is scheduled to take place at the Parish House of Holy Trinity Episcopal Church on Jerusalem Avenue, north of Old Country Road in Hicksville.

Proceeds will go toward funds for several projects which have been undertaken by the Kiwanians, including several ongoing scholarship funds and the Foundation's contribution to Ronald McDonald House.

Tickets may be obtained from any member of the Hicksville Kiwanis. Adults: \$5, senior citizens: \$4 and children twelve and under: \$2.50.

Hicksville Kiwanis invites the community to take part in this social evening and support many worthwhile projects. Entertainment is being planned, along with the meal.

The Kiwanians of Hicksville meet regularly at 12:30 every Wednesday at the Quaker Room of the Milleridge Inn.

Ankylosing Spondylitis - A Cause Of Low Back Pain

Ankylosing spondylitis, is a type of arthritis which derives its name from the Greek, meaning "crooked vertebra". This disorder, once considered rare and only affecting men, is now known to affect people of all ages and either sex. This type of arthritis has been known for centuries and has been found in mummies of ancient Egypt.

The cause of this arthritis is not known. Recently, scientific evidence has demonstrated a strong genetic link to the development of this disorder. Additionally, a family history of chronic back pain may exist. This arthritis may be related to other forms of arthritis, such as psoriatic arthritis or Reiter's syndrome.

This arthritis, which often occurs in men, is manifested by chronic lower back pain. This pain is usually worse in the morning and improves throughout the day. The arthritis may also travel to

several joints. The joints of the lower extremities, such as the knees and feet, are often involved.

This disease affects not only the joints but also other organs of the body. Both the eyes and the valves of the heart may also be involved.

The disorder is often diagnosed and treated by rheumatologists (arthritis specialists). The diagnosis is made on the basis of a careful medical history and physical examination. X-rays of the spine are very helpful in confirming the diagnosis.

The symptoms can be successfully treated with anti-inflammatory arthritis medications. Additionally, specific exercises are often used to help prevent limitation of spinal movement.

Arthritis strikes one out of seven people. Learn the facts. Call for your complimentary copy of "The Joint Approach - An Arthritis Overview."

There are any number of cars out there that handle like a dream.

Unfortunately, finding an auto loan that handles as well can be heavy going.

Which is why you should know about The Bank of New York.

**We make the car
you want affordable
at 9.4%***

That's one of the lowest variable rates you can get on an auto loan. Whether you're a regular customer or not.

For example, if you took out a \$15,000 auto loan from The Bank of New York, your monthly payments would be only \$314.29 over 60 months.

What's more, these monthly payments will never go up. If interest rates rise or fall during the term of the loan, we'll simply make adjustments at the end.

Affordability is a standard feature of all our auto loans, whether for a new or used car. Just visit one of our 190 convenient branches. Our branch personnel specialize in finding ways to keep your fixed monthly payments in amounts you can live with.

Membership Flourishes for Chamber of Commerce

Membership is growing in the Hicksville Chamber of Commerce, as evidenced by the large attendance at the regular monthly meeting March 15. Meetings are held the third Tuesday of every month at Peppercom's Restaurant in the Banquet Room, opposite the Firehouse in Hicksville. Visitors are always welcome.

Marcos Ramirez, the president, announced progress on the drive to raise funds for the scholarship account. The chamber is holding a raffle of a new Chevrolet automobile and tickets can be purchased from any member of the chamber or by contacting the chamber office at WE-1-7170. The number of raffle tickets is limited.

The program chairman arranged for a speaker for the March meeting, who spoke on problems relative to asbestos, its use, its hazards and its disposal problems.

Mr. Ramirez also announced plans for placing litter baskets along Broadway in the very near future—part of the ongoing effort of the chamber to improve the community.

The April meeting is scheduled for April 19 at Peppercom's.

Hicksville Students Win In History Competition

The Hicksville students entered in the junior division of the National History Day competition won first prize in the Group Media Division.

In the senior division, Hicksville's entry won second place in the Group Media competition.

The junior entry project was "Frontiers in Medicine". The entrants were John Guerrero, Tim Glover, Joe Williams and Harry Chang.

The senior division topic was "Frontiers in Space". The contestants were Tom Reilly and Greg DeLaFuente.

The National History Day competition is moderated by Hicksville High School social studies teacher, Dr. William Lemmey.

The students will be competing in the New York finals, which will be held May 5-7 in Rochester, N.Y.

Hicksville Republican Club

By Marc Herbst

Earlier this year, Nassau County Republican Chairman Joseph N. Mondello endorsed the presidential candidacy of Vice President, George W. H. Bush. The Nassau County Republican Committee volunteers then went out to the voters and collected signatures on petitions for delegates supporting Vice President George Bush. Under Chairman Mondello's leadership, the committee collected more signatures than any other local organization in the country.

A presidential primary is scheduled in the State of New York on April 19. However, due to the tremendous petition drive for George Bush, the remaining Republican candidates were unable to collect the required amount of signatures for their campaigns in the 4th and 5th congressional districts. Therefore, it

appears that the only Republican Candidate to appear on the ballot for our area will be the Nassau County Republican Committee's choice, Vice President Bush.

The matter of choice may be insignificant by the time April 19 arrives. Presently, George Bush has 774 of the required 1139 delegates. It is anticipated that Mr. Bush's closest challenger, Senator Robert Dole, will drop out of the race before the New York Primary. Then, it is important for Senator Dole and his backers to join all Republicans and support the Vice President's goal to succeed President Reagan.

The next general membership meeting of the Ernest F. Franke Republican Club is scheduled for Friday, April 8, beginning 8:30 p.m. at the Hicksville VFW Hall, 320 South Broadway. The club's board of directors will meet one hour prior to the general membership meeting.

ST. IGNATIUS DAISY Troop 3338 visited Sister Kathleen at the St. Ignatius Human Services Center recently. As a service project, the kindergarten girls decorated one-pound cans with teddy bears and hearts and then filled them with cookies for the retired Sisters in Amityville. Sister Kathleen was kind enough to accept the cookies and see that the Nuns received them. Pictured above (top, left to right): Catherine Marengo, Erin Kelly, Lauren Sullivan, Sister Kathleen, Shannon McLaughlin and Karen Murphy; (middle, left to right): Michelle Maier, Kathleen Hyde, Athina Godosis and Stacey Menjiver; (bottom, left to right): Suzanne Smith, Meaghan Kenny, Danielle Rutherford, Meghan Keohane and Johanna Keohane.

Do You Know These 1938 Graduates?

Spring

Say goodbye to winter
For surely it is gone,
The grass turns to a deeper green,
The birds rejoice in song.

The early little crocus
Peep out from hardened ground,
Their white and purple blossoms
Give earth a springtime crown.

The sun is warm, the breeze is soft,
The heavens, cloudless blue,
Welcome, welcome sweetest Spring,
We've long awaited you!

The gas boiler it pays to buy.

The Weil-McLain HE high-efficiency gas boiler can pay for itself in a few short years with the money it saves by using less fuel. The HE operates at 82% efficiency, compared to only 60% efficiency for the average gas boiler. That means it uses less fuel to produce the same amount of heat. And the HE gas boiler will provide uniform comfort, wall to wall, floor to ceiling, regardless of outside temperature.

Call us today. Find out how comfortably you could save with Weil-McLain!

Bottled Purity Since 1970

Heightened awareness of health and fitness is leading many of us to drink more water these days, particularly bottled water. The health-conscious know that nothing quenches thirst after a workout in the gym or a jog in the park like a tall cool glass of water. And nothing is healthier or purer than **Berkshire Mountain Spring Water**. As the cool refreshing liquid goes down, you can taste its purity. There is no chemical or metallic taste. It is naturally clean, naturally sweet water.

Berkshire spring water is not treated or processed in any way, says Don Perovich, president of the Long Island branch. He stresses that some consumers should be aware that there are different kinds of bottled water, and some are not as pure as advertisements would suggest. Some companies bottle mineral water, well water or even tap water, and have to put the water through filtration and disinfection processes. **Berkshire** is one of the very few companies in the United States that offers totally pure, 100% natural spring water.

Berkshire obtains their sparkling product from underground mountain springs, far beyond the reach of any contaminants. The water flows directly into **Berkshire** bottling plant in Southfield, Massachusetts where it is immediately put into sterilized Lexan bottles. Lexan is a plastic that is safer for bottling water than glass or other plastics, says Mr. Perovich. It is unbreakable, chemically inert and non-porous. Lexan will not react with the water in any way.

Berkshire water is tested every week by a state licensed laboratory. Not once in the 18 years has any bacteria ever been discovered, boasts Harold Sokel, treasurer.

The folks at **Berkshire** are all proud of the quality and purity of their product. They are also very enthusiastic about educating consumers. They will gladly provide a certified analysis of the bacteriological and chemical content of their own spring water. Consumers are invited to visit the **Berkshire** plant to see the bottling process for themselves.

Berkshire provides delivery directly to the customer's home or office at a reasonable cost of 16.50 per 5 gallon jug. With initial order, new customers will receive a 5 gallon jug of water plus a month cooler rental free.

Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anton Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity.

We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

Good or Bad: We Want Local News

To The Editor:
We took offense to Marilyn Heller's "No More Violence" letter to the editor in the March 10, 1988 edition. She suggests that you turn the *Illustrated* into a newspaper with only good news in it. There are many of us long-term subscribers who have moved from Hicksville and like to read about what is going on in Hicksville, whether it's good - bad - or otherwise. We are sure many of your subscribers outside of the Hicksville area agree with us.

We have been subscribers of the *Mid-Island Herald* and now the *Hicksville Il-*

lustrated News since we moved from Hicksville in 1950. In 1983 we retired and moved to Florida, but continued our subscription to your wonderful newspaper because we like to be kept up to date as to what's happening in Hicksville and surrounding areas. We may have moved out of Hicksville, but a part of us will always remain where our children grew up and flourished.

Please keep up the good work and keep the local news flowing. We look forward to each and every edition.

A Flash From the Past . . .

PICTURED IS A 1934 newspaper photograph of Hicksville Elementary School children at Nassau County Championship track and field meet. The meet was organized and coached by a young Louis Milleville (third from first row, left). The team won in 1932 and 1933 and lost this particular year by one point. It is a reminder of a time when the Hicksville school system placed high value on physical education for both boys and girls.

Active training involved basic skills and body movement required in dozens of competitive and recreational sports. At one time, in the 50's and 60's, elementary tournaments in wrestling, basketball and floor hockey were holiday activities between East Street, Fork Lane, Lee Avenue, Nicholas Street, Old Country Road, Burns Avenue and Willet Avenue Schools.

—H. J. F.

SPRING TRAINING seems to boost these young athletes into action at Holy Trinity.

Dental & Nutrition Screenings

The New York State Department of Health offered free dental and nutritional screenings at OCR School to children in the second and fifth grades. Children who returned signed consent forms participated in this

program.

Since the fifth grade is currently studying 'teeth,' the dentist at the screenings spoke about proper dental care and answered the children's questions.

PARTICIPATING IN Old Country Road School's free dental and nutritional screenings are (back) Nancy Johnson, New Rochelle regional representative, (middle: left to right) Wendy Wolfe, nutritional surveillance program, Annette K. Palk, Bureau of Dental Health, Dr. Robert Dustard, dentist, (front: left to right) Brandon Ruland, Nicholas Penninipe, Tara Rascinelli.

Computer Learning

Mr. Zielin, a fifth grade teacher at OCR, is working with a computer unit called PAWS. The students learn to use a computer keyboard with this individually, independently paced program.

Miss Musynske's kindergarten class at OCR share computer activities every Friday with the help of parent volunteers.

Young Publishers

YOUNG PUBLISHERS at Old Country Road School are Edward Puerta, Christine Kolm and Edward Chu with volunteer mothers Mrs. Puerta and Mrs. Kolm.

Science Program

The science program at OCR is exciting and challenging for all the students. The children are offered a variety of "hands on" units which allow them to experiment and explore creatively.

The first graders participate in the primary balancing unit. This study involves working with manipulatives to investigate the relationship between volume, density and weight.

The third graders study machines while working with Lego materials and a variety of

other manipulatives.

The sixth graders are involved in the "Voyage of the Mimi" which is an interdisciplinary study involving science, mathematics and social studies using computers, video cassettes and workbooks. This planned curriculum explores the life of whales and an intensive study of the ecological balance of the planet. Children learn computer language logo, the principles of navigation and the principles of supply and demand.

Hicksville Public Hearings

Special Use Permits

Two related requests for special use permits in Hicksville will be on the subjects of a public hearing by the Oyster Bay Town Board on April 12, according to town councilwoman Ann. R. Ocker.

In the first application, the petitioners, Amoco Oil Company and S & W Holding Company, are seeking a special use permit to modify and restrictive covenant to allow the reconstruction of an existing gas station and the operation of a convenience store, Ocker explained. The property is located on the northeast corner of Broadway and Old Country Road.

In a companion application, the petitioners, William Wisser and Amoco Oil Company, are seeking permission to use a lot in a 'G-1' business zone for a parking lot in conjunction with the operation of the gas station, Ocker explained. The property is located on the east side of Broadway directly north of the above-mentioned parcel.

The meeting will be held in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay, beginning at 10 a.m.

Auto Business Permit

A request for a special use permit to operate a used car sales and rental business in Hicksville will be the subject of a public hearing by the Oyster Bay Town Board on April 12, according to town councilman Thomas L. Clark.

The applicant, The Wisser Company, Inc., is seeking permission to operate a used car sales and rental business in a 'G-1' business zone, Clark said. The property is located on the north side of Old Country Road approximately 85 feet east of the intersection of Old

Country Road and Broadway.

The meeting will be held in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay, beginning at 10 a.m.

Change of Zone

A request for a change of zone from "D" residence to "F" business in Hicksville will be the subject of a public hearing by the Oyster Bay Town Board on Tuesday, April 19, according to Town Councilman Douglas J. Hynes.

The applicant, Jerry Spiegel, is seeking a change of zone from "D" residence to "F" business to permit the demolition of three existing residential structures and the construction of a two-story office building, Hynes said. The property is located at the north-west corner of West John and Strong Streets, also known as 92, 102 and 100 West John Street.

The meeting is scheduled for 10 in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay.

Rescheduled Hearing

The Oyster Bay Town Board has rescheduled a public hearing for April 19, on an application for a special use permit and a modification of existing covenants and restrictions, in Hicksville, according to Town Councilman Kenneth S. Diamond.

Diamond said the applicant, Giovanni Riccardi, is requesting a special use permit in a 'H' industrial district to maintain a grocery store/delicatessen.

The property is located on the east side of Bloomingdale Road, north of Carter Lane in Hicksville.

The hearing is scheduled for 10 a.m. in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay.

Hicksville Kiwanis Club's Membership Grows

Week by week, the Hicksville Kiwanis Club is continuing to increase its membership. In recognition of the fact that the Hicksville Kiwanis Club is one of the fastest growing clubs in the Long Island North Division of Kiwanis, Lieutenant Governor John Gridley visited the club on March 16 to commend Kiwanis president Charles Montana, Jr. on this membership growth, and at the same time induct the newest member.

Before inducting Mr. Thomas Patrick Folan (on the day before St. Patrick's Day), Lt. Gov. Gridley recited "The Objects of Kiwanis International", namely: TO GIVE primacy to the human and spiritual, rather than the material values of life; TO ENCOURAGE the daily living of the Golden Rule in all human relation-

ships; TO PROMOTE the adoption and the application of higher social, business, and professional standards; TO DEVELOP, by precept and example, a more intelligent, aggressive, and serviceable citizenship; TO PROVIDE, through Kiwanis clubs, a practical means to form enduring friendships, to render altruistic service, and to build better communities; TO COOPERATE in creating and maintaining that sound public opinion and high idealism which makes possible the increase of righteousness, justice, patriotism, and good will; and, since Mr. Folan indicated agreement with this philosophy, Lt. Gov. Gridley pinned the "K" pin to Mr. Folan's lapel and presented him with a New Member Kit.

Library Machine Can Read for the Blind

The Hicksville Lions Club will sponsor a demonstration of the Ad Hoc Reading System at the Hicksville Public Library on Monday, April 11 at 10:30 a.m.

The Ad Hoc Reading System converts printed material into speech and enables the

visually-impaired and blind to hear printed material. This system is an improvement on the Kurzweil machines installed at Nassau Community College and the Hempstead Library.

The Hicksville Public Library is located at 169 Jerusalem Ave.

Galileo Lodge News

By Joe Lorenzo

President Joe Giordano's Message: 'Much happiness is overlooked because it does not cost anything.' Old Saying.

April is usually a nice month. The weather is warm and nature seems to wake up as it dons her mantles of green. Well, it appears that the Galileo Lodge also wakes up with a tiny roar of its own as it announces that on Saturday, April 23, it will present its 'Fifties-Sixties' dance and party. Tickets will cost \$12 per person, and in the offering will be a delicious hot dinner, beer, soda, coffee, cake and music from a very popular disc jockey from one of Long Island's radio stations. The show, highlighting the memorable music of the fifties-sixties, will also feature a very popular Elvis Presley impersonator. Please note that a 'bring-your-own-liquor' policy will be in effect that night. As I have said, it appears that the music from these two periods seems to have left indelible marks on the minds of all those who were active during those times, which, I feel, has added immensely to this dance's appeal. I can truthfully say that this dance is usually sold out even before it is announced. So naturally tickets are at a premium. John Canizzara will be the chairman for this affair, aided immensely by co-chairmen Vito Grippi and Tony Sica. So if it's a rousing time you are seeking, this dance has to be the dance to attend.

I hate to keep repeating myself, but, the fact is, the Galileo Lodge always exceeds itself when it comes to offering the most for the least amount of money. But once again, the proof was there last Saturday night when the St. Joseph's Dance was in progress. For the price of \$16 per person, all those who attend-

were offered a terrific hot dinner consisting of manicotti, meatballs, sausage, salad and those succulent Italian delicacies known as 'zeppoli'. But that's not all, as there was a very entertaining Italian Troupe of song and dance people from Italy who just thrilled everyone with their particular brand of folk music and dancing. Then the Galileo Lodge added a disc jockey to provide other forms of popular dance music. A crowd of more than 200 people jam-packed the environs of the Galileo Lodge as they were being treated to something special in the line of ethnic entertainment. It was all there last Saturday night, and if seeing is believing, then a lot of people became believers. This dance was organized by Skip Monteforte and he was ably assisted by Armand Del Cioppo, Joe Morace and George Emimi, all of whom just about outdid themselves on this night. The kitchen force, consisting of Skip Monteforte, Al Montello, John Sarrera, Joe Crivelli and Pat Gatto, were responsible for the delicious food that was served. And let's not forget the services of Bert Molinelli at the bar, or Rocco Lombardo and the women off the Ladies Auxiliary who are always there to pitch in. All in all, how could anyone ask for something better at those prices?

All new members are asked by president Joe Giordano to join committees and become very active in the lodge's activities, for there is no better way to become useful, active and loyal to our organization. Help is always needed and time and effort given to the Galileo Lodge are the things that will make it even greater than it is.

Hicksville Nurses Take CPR Refresher Course

School nurses of Hicksville Public Schools recently attended a cardio-pulmonary resuscitation (CPR) clinic at Willet Avenue School in order to refresh themselves in CPR techniques. The clinic was taught by Jericho Fire Department member Bob Williams, who is also a parent of Willet Avenue School. The nurses reviewed their certification and techniques by demonstration on a "dummy."

Angelo Silveri Honored By St. Mary's Children And Family Services

In selecting Mr. Angelo Silveri as recipient of its 1988 Humanitarian Award, St. Mary's honors a good friend who has been an ardent and energetic supporter since the 1960's and an active member of its board of directors

since 1984.

Mr. Silveri is president of *Silverite Construction Corp.*, of Hicksville, a company founded by his father 50 years ago. Mr. Silveri has continued to expand and develop the business into one of the larger, more prestigious general contracting companies on Long Island. *Silverite* is heavily involved in private, state and municipal projects all over the metropolitan area. Through such associations as the Nassau/Suffolk Contractors Association, the Associated General Contractors of America, the General Contractors Association of New York, Inc., and others, Mr. Silveri and his company actively support organizations which serve the economic, sociological, educational and spiritual needs of Long Island and its people.

Of Mr. Silveri's selection as St. Mary's 1988 Humanitarian, Executive Director Sister Mary Sean said: Mr. Silveri embodies a caring solicitude for people in general, and the less fortunate in particular. St. Mary's is honored to have this fine humanitarian as a member of its Board of Directors, she said. St. Mary's is proud to recognize his service to humanity.

Mailboxes Introduced For Long Island Mail

Collection boxes at larger post offices throughout Nassau and Suffolk Counties took on a new look recently. These mailboxes now bear a distinctive white map of Long Island reading "Long Island Mail Only."

The United States Postal Service, Hicksville division, is implementing the "Long Island Mail Only" collection box program to im-

prove service, according to Roger Nienaber, general manager/postmaster of the Hicksville division. The postal service urges its customers to deposit their Long Island addressed mail in the Long Island mailboxes. (Long Island mail is any mail addressed to the 115, 117, 118 and 119 ZIP Codes.)

Lawn and Garden Tips from the Experts...

By Keni Woodruff

To homeowners, everywhere, spring means sprucing up their homes and getting their lawns prepared. We talked to Phil Raices of Lawn Gro and asked him to share his extensive life-long expertise on the care and feeding of your Long Island lawn. Here are his tips, so get out the gardening gloves.

- Cultivate and edge flowerbeds, before applying any lawn care products—weed, feed or seed. Then you don't have to trample your new grass to work on the beds.

- For established lawns, it's time to fertilize (if you didn't do it in late fall). Actually, you should fertilize four times a year: around Easter (now), Memorial Day, Labor Day and around Thanksgiving.

If you've got an established lawn and you fertilized last fall, you should use a feed mixture of nitrogen, phosphorous and potash—about ½ to ¾ lbs. of nitrogen per 1000 square feet depending on turf variety. If you forgot in the fall, use ¾ to 1¼ lb of "N" per 1000 feet. You don't need lime more than every two or three years, except if you've got very acid soil (lots of evergreens).

- Next use a good pre-emergent crab grass and annual grassy weed control product. Most of these are inorganic products nowadays, and not harmful to the environment.

- Seed is not necessary for the established lawn except in shady areas. Then use a blend of 40% hybrid perennial rye, 40% fescue and 20% blue grass.

- Watering is best done by automatic sprinkler system. I think it's almost a necessity. You save money (all that seed, sod, feed, etc.), time and anxiety. Your lawn receives the proper amount of water, and these days, sprinkler systems conform to local laws more accurately than you can.

- In Nassau County, sprinkler systems must, by law, be equipped with timers, rain sensors (they shut off when it rains), and double check valves (DCV's) to prevent back flow into the ground water system.

If you can't install sprinklers, your lawn should receive 1 inch of water a week (I recommend ½-inch twice a week.) This makes the roots reach down deep for moisture. It ensures good strong permanent growth and a healthy green, close-knit lawn.

- Now is the time to prune trees, too, before they leaf and blossom. Break open the "canopy" (close, top branches) so the lawn area beneath gets lots of sun for proper germination.

- Once your lawn begins growing, it's time to start mowing. Grass should be 3 inches long before cutting and it should be mowed every 2 or 3 days to keep it at that length.

- Lawn clippings, when you mow frequently, are not harmful to the lawn. You're really putting nutrients, especially nitrogen, back into the ground. It's when you cut less frequently, with a reel type mower, that you get those smothering clumps of cuttings.

- Always use a rotary mower (with propeller type blades that are parallel to the ground). They spread the cuttings evenly over the lawn. Never use a reel (the old hand-push kind)—unless the blades are super sharp. Change the oil in your mower (use 30 wt. non-detergent) prior to using, and sharpen the blades frequently—every 6 to 8 weeks (more often if your property is large).

This is a lot of good and timely information. We thank Phil Raices for sharing his knowledge with us. Look for lawn and garden tips in our Home & Garden supplements and in our monthly Homestyle pages. We've invited Phil and other local gardening pros to help you grow a beautiful garden. You can reach Lawn Gro at 489-3900.

Create Your Own "Heirlooms"—on Canvas

Decorate your home with your own handiwork—needlepoint pillows, cushions, wall hangings, piano benches, footstools. The medium is canvas and Persian wool, the source, Nimble Needle II.

You'll find everything you need to put your creative talents to work. If you're a beginner, Marion Sloane and her "crafty" staff offer instruction in every phase of needlework including bargello and crewel embroidery—even latch hooking and counted cross-stitch. The attention is really personal and knowledgeable.

Nimble Needle has one of the largest selections of canvases and supplies on the island, and in its 15 years has become "the source" for stitchery buffs island-wide.

"Everyone becomes an expert in stitchery, here," says Marion, "especially after they've completed their first or second project. It's so much fun, so relaxing and so very rewarding to create a decorative piece for your home or yourself (try a vest, a pocketbook, a wallet—even jewelry)."

There are thousands of patterns on canvas and linen, the latest in natural and synthetic backings and an extraordinary selection of fine needlepoint canvas for those who want to create their own designs. And color—the rainbow begins and ends at Nimble Needle II. There are wools and silks, velvets and metallics, pearl cotton and floss... the selections and possibilities are endless. "You have to become an expert," Marion laughs... "It's an addiction, and you have to try everything."

The store carries an extensive collection of books, accessories and special products, and there is custom framing, blocking, pillow finishing and an in-house artist who will help you design your own canvas or reproduce the pattern of your choice (your husband's law degree, your first grandchild's portrait, your own wedding picture) on a canvas designed for you.

Is your imagination bursting? Your fingers tingling... Nimble Needle II is waiting for you at 548 Woodbury Rd., Plainville, 10-5. Tuesday-Saturday (433-7749).

Catch the Brass Ring at Baldwin Brass...

The gleam of brass adds a new dimension of elegance to your bedroom decor. Baldwin Brass Bed and Mattress Factory (showroom: 71 East Shore Road, Manhasset) handcrafts premium quality, genuine brass beds and mattresses at their own factory in Farmingdale.

Founded in 1967 by the Reddy family, Baldwin has developed a nationwide reputation for its fine, unusual bedding, selling to better furniture and department stores coast-to-coast.

The second generation of Reddy's—James, Donna and Edward, took that well-established reputation to the public, opening their first factory showroom in Farmingdale (258 Route 110) in 1986.

"The showroom has been so successful," says Jim Reddy, "we decided to open another on the North Shore. The Manhasset showroom, under Donna's management, has been open since July. They are offering all their bedding at factory outlet prices."

"We custom make canopies, porcelain fittings, wraparounds and special heights. (One customer was so pleased with her brass bed she asked us to customize one for her dog.)"

Baldwin will also refinish your old brass bed, giving new patina and glow to your antique bed.

"Showroom prices can save the customer 40% to 50% off list price," Jim says, "and for a small extra charge, we will deliver and set up your new bed. Of course, customers can

pick up their purchases themselves at our Farmingdale location."

Baldwin's Manhasset showroom is open Wed.-Fri. 10-6, Sat. 10-5, Sun. 12-4 (627-7670). The Farmingdale outlet (694-6950) is open Mon.-Fri. 10-4:30, Sat. 10-5, Sun. 12-4.

Designer Baskets... with Surprises

"Cottage Industry" used to bring up images of little white-capped ladies crocheting dollies and selling them to stores and factories for minute sums.

That's how Carol Larson of Manhasset and Ann Cotsalas of Garden City started their highly successful basketry, Les Paniers.

"But white capped ladies? Not us," they laugh. Joined by Barbara Cozzens, another Manhasset-ite, this dynamic trio left the fast lanes of fashion, public relations, interior design and specialty retail management to create a line of custom designed and filled baskets to delight the eye, please the soul and add a spot of warmth to any home.

How about a beautiful fireplace basket brimfull of goodness, from a Maine made, chilly-night lap shawl, to fireplace gloves, log carrier, broom, brass flue opener, pistachio nuts for munching...

Or a baby basket complete with handloomed shawl, cuddle bear and hand crafted toys, among other surprises.

Or a basket of specialties for the golfer, tennis buff, gardener, chef... even self indulgent luxuries like imported bath scents and body potions... there's even a Midas touch, and "All That Glitters"—from Lindt chocolate, to caviar to champagne flutes is... GOLD!

Les Paniers (627-3826) will be happy to share their "cottage" with you. And they'll create a basket just for you. Give them a call. Prices vary, a brochure's available, they'll pack your special basket and ship it anywhere.

La Colline—Designers' Showcase '88

BY KENI WOODRUFF

Last year we guided you through a delightful French-Norman Mansion, Cobble Court, full of enchanting surprises. Then we took a magic carpet ride through a fairy tale castle, Hempstead House.

Now there's a preview of Showcase '88, scheduled to open May 10. This year, Mansions & Millionaires has gone "modern" selecting LaColline, the William J. Levitt mansion. Built in 1964, LaColline was a home and haven for the building magnate and his family. The mansion, built in French Country style, is the ultimate, sprawling "American Dream."

The Mill Neck estate will come alive under the skilled hands of some 30 top designers and you'll see their interpretation of that dream in every room...the blending of classic antique furnishing and accessories and the latest in 1988 styles, colors and technologies.

Once again, Designers' Showcase will benefit the Family Service Association of Nassau County. The fun will begin at 10:30 a.m., May 16. The showcase will be open through June 26. For details, call 624-8800. Watch for our Home & Garden (April 21 and May 19) for a first peek, then a guided tour of Designers' Showcase '88—La Colline.

NOTICE OF HICKSVILLE
PUBLIC LIBRARY ELECTION
AND VOTE ON APPROPRIATION OF FUNDS
HICKSVILLE UNION FREE
SCHOOL DISTRICT
Hicksville, New York

NOTICE IS HEREBY GIVEN that pursuant to the resolution of the Board of Trustees of the Hicksville Public Library of Hicksville Union Free School District, Hicksville, New York, adopted January 20, 1988, the Special Election of the qualified voters of this School District for the Hicksville Public Library Election and Vote on appropriation of funds will be held on April 20, 1988, between the hours of 10 a.m. (E.S.T.) and 8 p.m. (E.S.T.) in the District Election Districts at the Hicksville Public Library, for the purpose of voting upon the following propositions:

PROPOSITION NO. 1

Shall the Library Budget for the school year 1988-1989 adopted by the Library Board be approved and a tax be levied on the taxable property of the District in the amount of such budget less sums received in the form of State and Federal Aid and from any other sources, all pursuant to the pertinent provisions of the Education Law?

NOTICE IS FURTHER GIVEN that nominating petitions for the office of member of the Board of Trustees of the Library must be filed with the Clerk of the School District no later than thirty (30) days before the Special Meeting, said date being Monday March 21, 1988 between the hours of 9:00 a.m. and 5:00 p.m. Separate petitions shall be required to nominate a candidate. Each petition shall be directed to the Clerk of the School District, shall be signed by at least 25 qualified voters of the District (the same being at least 25 qualified voters of the District or two percent (2%) of the number of voters who voted in the previous Library election, whichever is greater), shall state the residence of each signer, the name and residence of the candidate, and include at least the length of the term of the office. Forms of petitions for Library Board members may be obtained from the Clerk of the School District and at the Hicksville Public Library.

The following names are to be filed on the Board of Library Trustees:
Office of Member of Board of Library Trustees
5 year term ending June 30, 1993
Office of Member of Board of Library Trustees
Unexpired 5 year term ending June 30, 1990

NOTICE IS FURTHER GIVEN THAT personal registration and Election Districts have been established in the School District, that no person shall be entitled to vote at the Special Meeting unless he does not appear on the register of the School District unless such person is registered under the provision of Section 5-612 of the Election Law and that those qualified to register and vote shall do so in Hicksville Public Library, according to the boundaries of the District in which they reside.

NOTICE IS FURTHER GIVEN that copies of the estimated expenses of the Library for the year 1988-1989 may be obtained at the Library and each school house in the District on or after April 15, 1988, on any weekday from 9:00 a.m. to 4:00 p.m., and that any other propositions to be voted upon are available for inspection by any taxpayer in the District at the Library daily except Saturday and Sunday and on or after April 13, 1988, between 9:00 a.m. and 4:00 p.m.

NOTICE IS FURTHER GIVEN that the Board of Registration shall meet in the HICKSVILLE PUBLIC LIBRARY for the seven (7) Election Districts described below on April 13, 1988 from 3:00 p.m. until 8:00 p.m. (E.S.T.).

Any person shall be entitled to have his name placed upon such register provided that at such meeting the Board of Registration has the power to the satisfaction of such Board of Registration to be then or

THEREAFTER entitled to vote at the Library meeting or election for which such register is prepared. Said register will be held at the Office of the Clerk of the District on April 13, 1988, and will be open for inspection by any qualified voter of the District from 9:00 a.m. to 4:00 p.m. on any week day from April 13, 1988 up to and including April 19, 1988. Any person who is not a voter at the Special Meeting of the District within four years from the date of the current Special Meeting, or who registered within that time need not register to be eligible to vote at the Special Meeting. Elements of those qualified to vote who are registered under the provision of Section 5-612 of the Election Law need not register to be eligible to vote at the Meeting.

NOTICE IS FURTHER GIVEN that during the voting hours on April 20, 1988, the Board of registration will meet in the HICKSVILLE PUBLIC LIBRARY to receive registration for the ensuing year.

Local Students Win Nursing Scholarships

The New York State Education Department announced the names of local high school students who have been awarded Regents Professional Education in Nursing Scholarships this year. These scholarship awards are effective as of the 1988-89 academic year. Each Regents Nursing scholarship entitles the recipient to \$250 a year, for up to five years of nursing study at a college or hospital school of professional nursing in New York State.

Congratulations to the following students: Mariellen Cain, Melissa Feeney, Marianne Fleischauer, Alison Meier and Lori Thomas, all of Holy Trinity Diocesan High School. Also included is Carol Victor of Hicksville High School.

A.A.R.P. Meeting

The next meeting of the A.A.R.P. Chapter #592 will be held at Levittown Hall on April 5 at 1 p.m.

The guest will be Nancy Kline Gordon, coordinator of education at Old Westbury Gardens. Her program will be a slide presentation of Old Westbury Gardens.

Opening lead — six of hearts.

Whether or not to win a trick is often a matter of using good judgment. There is no magic rule that provides you with a simple answer. You have to deal with each situation, as it comes along, on its merits.

Suppose you're East and partner leads a heart against three notrump. Declarer wins your jack with the king and plays the king of spades, West following suit with the three. Do you win the trick with the ace or not?

Many contracts stand or fall on questions of this type, and it therefore pays to be careful in such a situation. West's play of the three shows an odd number of spades — he would play high-low with an even number of spades — so you know that West has three spades and South has two.

You might therefore feel tempted to duck the king, planning to take the ace on the next round. But if you succumbed to this temptation, you might have a lot of explaining to do later on after declarer now shifted his attention from spades to diamonds, forcing out your king. South would then finish with nine tricks — one spade, two hearts, four diamonds and two clubs.

Ducking the king of spades is a futile play, since you know declarer can compel you to take the ace if he wants to, or abandon the suit if it's to his advantage to do so. You shouldn't give declarer this sort of option — it can do you no good and may do you some harm.

You should win the king of spades and return a heart, hoping partner started with five hearts, in which case you have an excellent chance to defeat the contract. As it happens, if you defend this way, South must go down one.

Your Legal Rights

By Burton D. Pomerantz

Q. A Bank holds a Mortgage on property. It collects monthly escrow payments from the homeowners to pay for fire insurance. The Bank admits receiving Notice of Cancellation for non-payment from the Insurance Company. The Bank admits that it did nothing about it. Is the Bank liable to the homeowners when the house is destroyed by fire?

A. In a recent unanimous decision, the Appellate Division, Second Department held that the Bank was not liable to the homeowners. The Court held that the Bank was under no contractual obligation to either notify the homeowners of the impending cancellation or to take action to keep the building insured. This was despite the fact that for thirteen years the homeowners faithfully paid the monthly insurance payments into the escrow account.

The property owners asserted that only after filing a claim for their losses, did they learn that coverage had been cancelled three months earlier.

The Appellate Court was of the opinion that the Bank, by merely continuing the escrow account, did not undertake to procure insurance on behalf of the homeowners. The Court held that mere acceptance of the premium from the property owners was not a sufficient consideration to support an agreement to provide insurance nor could it be regarded as such an entry upon the performance of the duty as to make the Bank liable for the loss, though it would be liable to an action for the return of the money.

The Appellate Panel refused to follow a decision of another Appellate Court in another part of the State which held the Bank liable.

The Court commented that while the Bank, through its employee, conceded that it was negligent in not following up with regard to the second Notice of Cancellation from the Insurance Company, the Court felt that any practice which the Bank may follow of giving Notice of Cancellation to property owners, or otherwise investigating such Notice, is clearly for its own protection and is not sufficient to create a duty of law to the property owners.

It was noted by the Appellate Court in its decision that the Insurance Company at the Trial had presented "postal certificates" as evidence that it had sent Notice of the Cancellation of coverage to the property owners.

The text of the opinion by the Appellate Division, Second Department may be found in the March 7, 1988 issue of the New York Law Journal at page 4. The name of the case is Beckford et. al. v. Empire Mutual Insurance Group, Green Point Savings Bank, et. al. It was decided February 20, 1988.

Burton D. Pomerantz, an attorney with offices in Great Neck, New York, is a partner in the law firm of Morton and Pomerantz. Comments and/or questions regarding this column may be sent to Mr. Pomerantz c/o Anton Community Newspapers at 132 East 2nd Street, Mineola, New York 11501.

House Calls

By Edith Lank

New Rules on Depreciation

Dear Edith: Last year, I depreciated my apartment building at 8.8 percent, but the new tax law says depreciation must now be claimed over a period of 27.5 years. What percent of depreciation do I use on this year's tax return—D.B.

A.: The same as you have been using, if you started out depreciating your building on a 15-year basis, you continue with that schedule. The new longer depreciation periods apply to property first put into service after December 31, 1986.

Getting Started in Buying

Dear Edith: I decided I would like to buy a house in the spring. How do I start? Find a real estate agent, go to a bank, read the paper? How should I decide how much I can afford? What is a typical down payment?—Mr. T.K.

A.: For a spring purchase, it isn't too early to start reading ads, to familiarize yourself to the market. After that, contact a real estate agent by answering ads or by walking in to a real estate office cold. The agent will analyze your financial situation and give you an idea of what you can afford. Talking with a bank usually comes after you've found a house and settled your contract with the seller.

Depending on purchase price, type of mortgage and your individual situation, down payment can range from almost nothing to what is considered a full down payment, 20 percent. You will also need closing costs (perhaps three percent of sale price), possible points (each point is one percent of the loan) and prepaid property taxes and insurance.

My book, *Home Buying*, contains all my best advice and I would recommend it to you. I think it will answer many of your questions. It's available for \$3 from the address at the end of this column.

Going Price in Neighborhood

Dear Edith: We bought an older home in need of repairs. Some were major, like windows, but how do you know when you're putting too much money in the house? We have made a few repairs with our likes in mind, but we don't want to exceed the going prices in the neighborhood. Maybe you could give us some guidelines.—E.W.

A.: You've answered your own question; you already know the basic guideline. It's finan-

cially unwise to improve a house so that it's more elaborate or expensive than its neighbors. A given street will usually support only a given price. After that, buyers with more to spend typically want to live in a more prestigious area.

Illogical, but a fact of human nature. Real estate appraisers even have a Latin term for buyers' preference as to area—(ital) situs (unital).

With questions on specific improvements, call a real estate broker who is active in your neighborhood for a little free advice.

Investor's Down Payment

Dear Edith: Could you please indicate from your experience that best source of financing for a real estate investor? Is there any way to obtain financing without the usual 15 to 20 percent down?—Mr. S.N.

A.: There isn't any one best way to finance real estate. So many various mortgage plans are out there because each arrangement fits certain borrowers' need better than others.

When you talk of "the usual 15 to 20 percent down," you must be referring to bank loans offered to investors. For those buying their own homes, many mortgages are available with lower down payments.

For an investor, the usual source for financing with little or nothing down is directly from the seller.

Rental Home to Son

Dear Edith: I am wondering if I gave my son a rental house as an inheritance, does the stepped-up basis work?—Mr. K.F.

A.: If you give your son an asset (your own home, a rental house, whatever), during his lifetime, he receives it with your cost basis.

If, on the other hand, he inherits it after your death, he gets a stepped-up basis. In that case, if he later sold, his taxable profit would be only the increase in value since the time of your death.

(Can you start in real estate part-time? Must you have a sponsoring broker? For the leaflet, IS A REAL ESTATE CAREER FOR YOU, send \$1 and a stamped, self-addressed envelope to Career, 240 Hemingway Drive, Rochester, N.Y. 14620. Edith Lank will also answer personally, any letter with a stamped envelope.)

You Auto Know

Car repair is always hazardous to your self confidence. Not knowing exactly what has to be done, and if it is being done correctly is always worrisome, but there is a guardian angel in your corner.

The Department of Motor Vehicles announced that \$640,421 was returned to consumers last year through refunds, work redone without charge or restitution under DMV's repair shop and auto dealer programs. In addition, the department assessed more than \$1 million in civil penalties against shops and dealers guilty of serious violations, and revoked or suspended 537 business registrations.

"Car owners are not alone when they have legitimate disputes with auto repair shops and car dealers," DMV Commissioner Patricia B. Adduci said. "The Department of Motor Vehicles can help in cases where the consumer does business with registered facilities."

There are nearly 26,000 registered repair shops and more than 13,000 registered dealers in New York State. In 1987, the Department received 5,562 complaints against repair shops, and 2,314 against dealers. Complaints not resolved through DMV's mediation efforts are investigated, and may result in administrative hearings. For serious violations, a facility can have its registration revoked or suspended and face civil fines. Many repair shops or dealers facing fines are offered the option of paying a lesser amount in restitution to the consumer.

"Tune consumers to do business only with registered repair shops and dealers," Commissioner Adduci said. "The protection of state laws and DMV's consumer assistance can be vital if something goes wrong."

Commissioner Adduci also provided these tips for consumers:

- Read and save all paper work, including estimates, work orders, invoices, warranties, and guarantees. If you don't understand something, ask questions.

- Before purchasing a car, test drive it. Check its performance, handling and comfort. Drive in both stop-and-go city traffic and on highways. If the car is used, have a mechanic you trust inspect it and go with you for a test drive.

- If you request it, a repair shop must provide a written estimate of the cost of repairs. The shop may charge a reasonable fee for developing the estimate. The charge for a repair may not exceed the written estimate without your consent.

- A repair shop may not do repair work on your car without your written or verbal authorization. Ask about the cost of a repair before you authorize work.

- You are entitled to claim replaced parts if you request them in writing before repairs are done. Replaced parts may be very important evidence if you have a complaint about unnecessary repairs.

- If a problem arises, discuss it with the dealer or repair shop manager, not just a salesperson or mechanic. If your complaint cannot be resolved through your warranty, guarantee or discussions with management, contact DMV for information and assistance.

Consumers who have complaints against dealers, auto repair shops or inspection stations should contact Consumer Service, DMV, Box 2700-ESP, Albany, NY 12220-0700, call 474-8943 in the Capital District, or 1-800-342-3823, toll free, from elsewhere in the state. Under the state's repair shop law, DMV may only accept complaints filed within 90 days or 3,000 miles after the repair, whichever comes first.

TRUCK SAFETY in Nassau County: Because trucks coming through Nassau are not as safe as they could be, Lynbrook Police are one of a number of jurisdictions which utilize a task force of local officers, Nassau Highway patrolmen, state troopers and inspectors from the state's Department of Transportation. On the morning of March 9, the task force, set up near Sunrise Highway in Lynbrook, stopped and inspected 53 trucks, issued 67 summonses and 11 warnings, and took 21 trucks out of service for various safety violations, mostly relating to steering and brakes. Police, who are determined to make the county's roads safe for all residents, said that the inspections would be repeated at random intervals and other places. In this picture, a DOT inspector is about to crawl under a truck to inspect the brakes, as state trooper Vincent Mollo checks the driver's paperwork and a Nassau highway patrolman supervises. Hicksville Americans Host 'Squirt' Tournament

By Pat Wiener

Three hundred Hicksville soccer players participated in the 18th Annual Indoor Intramural Tournament, sponsored by the Hicksville Americans Soccer Club.

The "Little Squirts" were very enthusiastic. What they lacked in skill, they made up with laughter. The Cubs were short on man power, but big on heart; and, all five played hard. The Rabbits scored a few times and all had big smiles. The Beavers were all exceptional kickers. The Lizards had terrific goal tending; hardly anything got by them. The Toads played team soccer and demonstrated great passing skills. The Bees "stung" most of the other teams many times.

The "Big Squirts" played fabulously and their energy level was outstanding. The Bears were playing like a team; constant passing and great defensive moves. The Sharks were "biting." How could they go wrong with all that coaching help? The Tigers "roared" with great defense and goal tending. The Lions were always on the offense with great shooting from Michael and Atsushi.

The "Giant Squirts" played serious soccer that day. There were many smiles, but mostly concentrated effort. All the Strikers played exceptional soccer. Joseph and Matthew had great penalty shots. The Comets really played great, both offensively and defensively. The

Rockets had a great day, too. Great scoring, Ryan. The Chargers displayed fabulous passing moves. The Blast "blasted 'em" with great scoring by Jennifer and Mikey. The Flash played exciting soccer and their goal tender made many nice saves.

ERIK RAUSCH

Erik Rausch Earns Second Varsity Letter

Former Long Island Lutheran High School basketball standout Erik Rausch, son of Richard and Joyce Rausch, of Hicksville, has been awarded his second varsity letter as a member of the University of Rochester men's basketball team, contributing to the team's 18-9 slate.

At 6'4", Rausch, a sophomore at Rochester and a 1986 graduate of Lutheran High, is a starting forward for the Yellowjackets. The team has captured titles at the Chase-Lincoln First Bank Scholarship Tournament and the UR/Holiday Inn-Airport Tip-off Tournament and finished third in the University Athletic Association. Rausch also helped the Yellowjackets reach the quarter finals of the ECAC Upstate New York Division III Tournament, when Rochester outscored and outrebounced all of its opponents.

In 27 games, Rausch averaged 4 points, 3.5 rebounds and 2 assists per contest, connecting at a 39 percent clip from the field with 66.7 percent accuracy at the foul line.

Before enrolling at Rochester, Rausch was a starting forward for three seasons at Lutheran High School, Old Brookville. As a sophomore in 1983-84, he averaged 14.2 points per game as the Crusaders posted a 14-9 record. During his junior year he contributed 12.6 points per game and 4.8 rebounds. As a senior, Rausch was co-captain of the Crusaders and leading scorer (17.5 points per game) as the team captured their sectional trophy and subsequently placed fourth in the New York State Class A Championships.

Rausch was also voted MVP in the Long John Silver and Atlantic Coast Lutheran Tournaments and earned First Team All-Long Island acclaim.

Dutch's Jump Rope For Heart '88

Dutch Lane's "88 Jump-a-thon" was held recently and students from grades 3 to 6 participated in the event.

The students had the opportunity to demonstrate the effectiveness of rope jumping as a cardiovascular fitness exercise to help keep their hearts healthy. Their participation also helped keep all hearts healthy since the proceeds from the event will benefit the research, education and community programs of the American Heart Association.

To help ensure safety, student participants worked together in teams of six using one jump rope. Each team member jumped rope until tiring and then passed the rope to the next member of the team.

All the students at Dutch Lane jumped hard in the "88 Jump-a-thon" for the American Heart Association. The Dutch Lane PTA was on hand to serve cold orange juice, donated by Parkway Farms, and cups donated by Trunz and Carvel.

Bryan Decker from team No. 14 gets ready to jump at Dutch Lane's "88 Jump-a-thon."

St. Paul's School Site of L.I. Sports Camps

St. Paul's School has announced that the school's 50-acre campus will again be the site of the nationally recognized Long Island Sports Camps this summer.

Under the supervision of Dr. Menaham Less, Professor of Physical Education and Biomechanics and former Head Coach at Adelphi University, the Camps have long been applauded as among the finest and most successful in the nation. The Camps offer a variety of activities to meet the needs and interest of boys and girls from age 4 to age 13 in either day or boarding programs. A unique feature of these Camps is the Mini-Camp option for young beginners (ages 4, 5, and 6); they may select a half-day program from 9 a.m. until 12 p.m. or 2 p.m. until 5 p.m.

Some of the most popular camps which will be returning this year are the Long Island Soccer Camp; the Islandwide Lacrosse Camp; and the Long Island Tennis Camp.

The Long Island Basketball Camp, the Long Island Wrestling Camp, the Long Island Baseball Camp and the Long Island Softball Camp will also provide the finest instruction by trained teachers and coaches, focusing on the skills and techniques as well as the proper attitudes for successful performance.

In addition, several new camps have been added this year. Among these will be a special Health and Fitness Camp, and a Cheerleading Camp, taught by members of the National Cheerleaders Association.

All of the Camps feature individual and team instruction. For information, 747-7611.
