

## Residents Urge Town to Recycle, Not Incinerate

By Catherine Tokar

Town of Oyster Bay residents who favor a comprehensive recycling program over the building of a mass-burn incinerator delivered their testimony to the town board last week.

Assemblyman Lewis Yevoli and members of RAGE (Residents Against Garbage Expansion), NYPIRG (New York Public Interest Research Group), individual taxpayers and others, argued that depleting the water supply and the incinerators emitting toxic chemicals are valid reasons to keep it from being built.

Congressman Norman F. Lent and the Long Island Association were in support of the town in their moving forward with a resource recovery facility. They said that cost savings and the necessity for an alternative to the overtaxed Old Bethpage Landfill are the most favorable aspects of the incineration program.

The arguments were presented as follows:

### Against Resource Recovery

#### RAGE

Marlene Mendelsohn, a RAGE officer, explained that the houses of RAGE members border the area of the Old Bethpage landfill, "the number one most hazardous toxic waste site in the state of New York."

Mendelsohn maintained that incineration, although "promoted as the answer to the garbage problem, is in reality the deadly continuation of that problem."

The toxic ash remaining after the incineration process is a major concern of RAGE and its members said they believe that recycling is environmentally safe and economically feasible. "To incinerate is to destroy, to burn up, to create more pollution; to recycle is to reuse, to compost, to recover," Ms. Mendelsohn said.

The cancer rates in the areas of mass-burn incinerators are extremely high, Mendelsohn said. "Seventy-eight percent of the proposed mass-burning incinerators occur in the red (highest rated) cancer areas."

"No incinerators for our community... no incineration period," she said.

#### Assemblyman Yevoli's Comments

Assemblyman Lewis J. Yevoli said that the site of the Old Bethpage landfill, where the incinerator is proposed, "is identified as a hazardous waste site and is classified as one of the worst, if not the worst, unremediated sites in New York state."

Yevoli noted the close range of hazardous waste sites located within 1,000 feet of the Old Bethpage landfill. They include: the Claremont Polychemical Corporation on Winding Road, the Town of Oyster Bay Incinerator, Route 110 Sand and Stone, Inc., the Energy Combustion Corporation at 211 Winding Road and the Nassau County Fire Service Academy.

"It is extremely crucial and relevant that you have an understanding and react accordingly to the combined environmental impact of an area already dangerously affected," he told the town board. "You can't just consider an incinerator facility without a full assessment of the other hazards that presently exist in the area."

#### NYPIRG

Steven Romalewski, the Long Island Toxics campaign coordinator for the New York Public Interest Research Group, explained the group's analysis of the Draft Environmental Impact Statement (DEIS) of the proposed resource recovery plant.

A major concern of NYPIRG is the toxic chemical residues and ash that results from incineration, such as lead, cadmium and dioxin. "Our analysis shows that garbage incinerators can intensify current air pollution hazards," Mr. Romalewski said. "Incinerators currently operating throughout the world are known to release large quantities of [contaminated emissions] including thousands of chlorinated, brominated, multi-halogenated and unhalogenated dioxins, dibenzofurans and other polynuclear aromatic hydrocarbons."

Mr. Romalewski also said that resource recovery should only be used as a last resort after "superior" recycling programs have been maximized and after strict environmen-

## School Budget is Defeated by 17 Votes

The \$44 million proposed 1988-89 Hicksville school budget was defeated by 17 votes last Wednesday.

Voters rejected the budget by six tenths of a percent with 1,435 (49.7%) voting in favor, and 1,452 (50.3%) voting against. This is the

third consecutive year that the budget was defeated.

The \$44 million budget presented before voters May 25 had an increase of \$1,740,670 over the present year and \$1.43 increase in the tax rate. If the budget had been passed, the

tax rate would have been increased from the current \$25.86 per \$100 of assessed valuation of \$27.29.

A second vote date has not been rescheduled. The next regular board of education meeting will be June 22.

Candidate	For	Against	Total	Percentage
Patricia Rooney	1435	1452	2887	49.7%
William Bennett	1452	1435	2887	50.3%
Thomas Nagle	125	100	225	55.6%
William Martillo	83	63	146	56.9%
William Collins	117	100	217	53.9%

## Pat Rooney Captures 72% of Vote, Defeats Tom Nagle

### Bill Bennett Wins Over Martillo, Collins

By Rita Langdon

Hicksville school board candidate Patricia Rooney captured 72 percent of the vote last Wednesday defeating incumbent Thomas Nagle.

Current school board president Thomas Nagle, an 18-year contributor to the board, received 834 votes, while Mrs. Rooney collected 2,187.

Self-described as an "approachable and visible person in the community," Mrs. Rooney attributed her win to her involvement in many community and school organizations. She serves on three PTA/PTSA boards, has been a volunteer on the board of education's Long Range Planning Committees as well as the Curriculum Council and Secondary School Committee. She is also treasurer of the Hicksville Council of PTAs. "I feel that the people put a lot of faith and time into my election and would like to put as much time into their opinions, suggestions and needs," she said. "I also would like ensure that we get the

best education for our taxpayers' dollars."

Mrs. Rooney said that she was in favor of the budget, although it was defeated. "I hope it will be resubmitted and passed."

In the other candidates' race, incumbent William Bennett who was up against James Martillo and William Collins, received 1,263 votes. Mr. Martillo collected 83, and Mr. Collins, 613.

Mr. Bennett, who has 10 years experience with the board of education, credits his victory to name recognition. "They [the voters] were aware of what I accomplished when I was president of the board and trustee," he said. "A lot [of the voters] felt I was trying my best and looking out for their best interest."

Mr. Bennett's plans for the future include contract negotiations. "We must keep our costs down since the community has defeated our budget over the past three years and salaries are one of our biggest expenses." His most important priority is keeping productive people on a payroll and not having

them "scared away with the undercurrents of board politics."

Mr. Bennett, who was in favor of the budget, said that it was defeated because "people really didn't know the particulars of it." He also said, "We were faced with increases that were beyond our control and couldn't jeopardize the monies to the instructional programs."

## Residents Urge Town to Recycle, Not Incinerate

(continued from page 1)  
tal protection standards have been developed and adopted.

### Plainview Water District

The statement of the Plainview Water District's board of commissioners states that "the proposed incinerator plant violates our community's right to a safe and healthy environment... and demonstrates a vile lack of concern for our water supply and quality."

The commissioners said that the incinerator will use 200 million gallons of water per year from Long Island's aquifer. The incinerator "presents dangers of over pumping from the aquifer and the dangers of a down-draft in the landfill. The down-draft problem could result in contaminants moving deeper into the landfill and aquifer."

### Captain Garbage

John Matthews donned the disguise of Captain Garbage, from the planet "Dumpstar." This humorous approach quickly turned serious as this resident said he speaks on the behalf of all Long Islanders who favor a recycling program. He told the town board that they "must pave the way for a safe future. It's imperative that you be certain that we don't burn our garbage, that we reuse it, reduce it and recycle it."

### In Favor of Resource Recovery

**Congressman Lent**  
Congressman Norman F. Lent, who favors

mass incineration and who supported the Shoreham Nuclear Power Plant, voiced his support of the town board on their proposed resource recovery facility. He said that the aquifers are endangered by garbage disposal landfills, which are filled to capacity. He also said that the cost of hauling garbage has increased 67 percent in two years, from \$75 per ton to \$120 per ton. The proposed facility should reduce the costs of waste disposal and rescue the water supply, he said.

Mr. Lent said that the facility will be environmentally safe because it will have an environmentally approved, well-designed state-of-the-art design. He added that recycling, conservation and waste reduction efforts are only part of the answer, and the resource recovery facility will make up the difference.

### Long Island Association

Mitchell Pally, director of legislative and economic affairs for the Long Island Association, quoted the DEIS as stating that the environmental effect of the resource recovery facility is minimal. "It reads that 'no hazardous wastes, radioactive waste, or red bag hospital waste should be accepted by the facility... and if they are deemed hazardous, they will be properly removed.'"

He also said that the facility plans to recycle the water it uses so that none will be destroyed. In addition, the energy generated by the plant could be sold to LILCO and provide power for 23,000 homes.

## From Kristi and Jaimie

Kristi Lauren and Jaimie Lee Ruggiero (children of Ronnie and Linda Ruggiero of Hicksville) want to wish their Grandpa Rocco Parrella Sr., and their Grandma Mildred Ruggiero, very special birthdays. Grandpa's birthday is June 2nd and Grandma's is June 3rd... and they want both to know they love them sooooo...much.

KRISTI LAUREN RUGGIERO

JAIMIE LEE RUGGIERO

## Congratulations Christine

Congratulations—from all your family, Christine Bozzi. We're proud of you graduating cum laude from Adelphi University, May 15 with a Bachelor of Science in Management Communications.

Christine is a graduate of Hicksville High School, class of '78 and Nassau Community College with an Associate in Science Business Administration.

Christine is the daughter of Evelyn Bozzi Leamy and the late Joseph Bozzi, and Col. S. James Leamy.

Following the ceremony a brunch was hosted at Wicker's by Donna Hyams, Barry Shaw, Nancy Bozzi and Dominic Magrini.

## 'Life at the Langones'

That busy week has rolled around once more on Division Avenue. Derek Langone's 3rd birthday was May 21st. Friends helped him celebrate at the Kids Party Palace. Then it was Daddy's birthday on the 24th. John was 36... and if that wasn't enough celebrating—on the 26th Mommy and Daddy (Jane and John) celebrated their 9th anniversary. What a week!!!

## Margaret Celebrates 85th

We received a note from Margaret Martorano. She writes: I sure have enjoyed your newspaper in the past year—and I am sorry you missed my 85th birthday on May 15th. I have lived with my daughter and son-in-law, Rosemary and Joseph Morra for the past 13 years. I attend Holy Family Church, go to the 355 Newbridge Avenue Club on Friday, and also go to "YOM" Seniors in Levittown each week.

**Editor's Note:** We're sorry we missed your birthday, Margaret—but that doesn't mean our belated happy birthday wishes aren't as sincere. We are so delighted to find you such an active, happy person. You must have the secret of 'never aging.' Continue to keep busy and enjoying yourself and next year be sure to inform us at least a week ahead of your birthday so we can wish you a happy birthday on time. God Bless—and continue to enjoy life to the fullest.

## Condolences

Our condolences to the family of Jimmy Gallagher. Jimmy was the husband of Mimi; and father of Ellen, John and Jimmy. Jimmy was very active in the ranks of the steamfitters union. He will be missed.

## Heard Around Town...

• Michael Sarluco went to visit his mom, Jennie in New Kensington, Pennsylvania—and to help finalize the plans for a big family reunion in July. He said he had a great time.

Betty and Wally Fredericks of Nevada Street were at the celebration of their grandson's Confirmation on May 17th in Babylon. Joseph is the son of Walter.

• May 15th was Maryann Krisanda's birthday—she wouldn't tell us how many... and on the 18th Maryann and Artie celebrated their 30th wedding anniversary at a big dinner cooked by Artie's mom, Teasie. Heard it was delicious!

• Another Famigletti will be having a birthday on Sunday. Barbara (Famigletti) Leonard will celebrate her May 29th birthday by becoming 30 years old. Her husband Kevin, and two sons, Danny (3) and Brian (4) will help mommy have a really happy day.

• The Forever 55 Club of Trinity Lutheran Church held their in-house meeting May 24th. The club is planning a "Live It Up Luncheon" at Middletown, N.Y. on June 14th. Make your reservations early.

• The Senior Citizens of the Town of Oyster Bay were treated to a showing of Annie Get Your Gun at Syosset H. S. May 21. Those who attended had nothing but high praises for this performance.

• The many friends of Scott Palmer wish him best wishes and a speedy recovery. He had his foot crushed a year ago by a forklift and is in great pain.

• Our sympathy is extended to Mrs. Gladys Kessler upon the sudden death of a very dear friend.

• Mr. and Mrs. William Harrison of Goldsboro, N.C. send their best regards to all their friends and neighbors of Hicksville. They formerly lived on Bethpage Road.

• Mrs. Viola Hoffmann of Boblee Lane, was given a surprise open house party at the home of Mr. and Mrs. Krauss, on Sunday, May 29. Mrs. Hoffmann celebrated her 80th birthday. Happy Birthday, Viola.

• Judy Principe is home recuperating after her recent surgery. Get well soon.

• On Friday and Saturday, June 3rd and 4th, the L.I. Lutheran H.S. will be presenting their annual Spring Musical *Godspeed*. Performances are at 8 p.m. both evenings. Admission is \$4 adults; \$2 children and Senior Citizens, Lu Hi Students are free. It promises to be an enjoyable evening. Many Hicksville students attend the high school which is located in Brookville.

• Get well wishes to Mary Powers and Robert Puryer.

• Belated birthday wishes to Marite Hennessey from her husband Jim, and daughter Marite. Joining in on the good wishes are her cousin, Howard, ... and all her many friends in Hicksville (me too). Enjoy Marite.

• Bowling with the Civil Service Employees Assoc. Bowling Team Donna Schrimpe of Hicksville was part of the team that captured first place at the 1988 Eaton Bowling Tournament.

## Kevin Smith To Be Ordained

Among the nine men who will be ordained to the priesthood in St. Agnes Cathedral on Saturday, June 4th by Bishop McGann, will be Kevin M. Smith of Holy Family parish. The ordination ceremony will start at 11:30 a.m. The Long Island Catholic spoke with Father Smith, by phone, about his vocation saying he was led to the priesthood by the example of others. His family, a parish priest and his own skills or gifts provided support or were instrumental along the way. His main aim is to be approachable and available to people. "I know this is demanding but I'm energized by people," Father Smith said. "If I can help people see Christ more clearly, that's what gets me going." By contrast, he said, other kinds of work he's done have just been "jobs, 9 to 5."

Our congratulations to Father Smith—may God continue to bless him.

## News About Students

Claudette Clark of Chance Street, was among the graduates awarded degrees at its 131st commencement exercises held May 28 and 29th. Claudette earned a Bachelor of Science degree at the College of Nursing from Niagara University.

• A total of 515 undergraduate degrees were awarded at St. Bonaventure University during its 128th annual commencement exercises held May 15. Patricia Anne Chepak was awarded a BBA degree.

• Receiving a baccalaureate degree from Mount Saint Mary College during the college's 25th annual commencement May 14 was Gerlynn Gerhardy, of Hicksville.

• Among the 64 students honored at a special recognition ceremony/luncheon held recently at New York Institute of Technology in Old Westbury were Rashi Khanna, and Gina Cusumano, both of Hicksville.

• The 30th Annual Awards Night Ceremonies was held at St. Mary's High School in Manhasset on May 9th. Among the awards presented by principal Brother Raymond Past were for Special Individual Awards for Outstanding Participation in School Activities:

James Schneider: The Joseph Pryor Memorial Trophy (Baseball); and for (MIP) Varsity Basketball; and National Honor Society.

Michael Olive: Yearbook (*Gael*), Scholastic Honors (First Honors throughout the year); and National Honor Society.

RASHI KHANNA

We're sending the happiest of birthday wishes to Mary Strickland and Peter Pernicaro who will both be celebrating their big day June 6th.

## HHS Alumni Sports Dinner

The Hicksville H.S. Alumni Annual Senior Boys and Girls Sports Banquet will be held Tuesday, June 7 at Antun's on Old Country Road. Anyone interested in attending call Mr. Kenney in the Athletic Dept. at the high school for information. Tickets are \$15 per person. Everyone is welcome to see these seniors receive their awards for outstanding sports.

## Welcome Home

We would like to wish Lorraine Mellillo of Hicksville a big welcome home. Lorraine has returned from a 16-day trip to Israel, Italy and France with Holy Family Parish. She had a grand time.

## Thank You... ...from the friends of Steve Meier

The Friends of Steve Meier would like to thank the many Hicksville (and other) people who donated so generously both their time and money to make the Steve Meier Benefit Fund a tremendous success. (Steve has been hospitalized with leukemia for many months).

A total of over 117,200 has been collected. Steve would like to thank all those who have helped him get by in his time of need.

Another problem has cropped up with Steve. Through all his blood transfusions, he has come down with hepatitis, but as of this date he will still undergo a bone marrow transplant on June 2nd and to try to rid himself of leukemia.

Now, we think the best medicine for Steve would be a card or a letter to cheer him up and give him encouragement. Even if you don't know Steve personally maybe you could drop him a card and remember him in your prayers. He will be at the hospital in the state of Washington. His address is:

Steve Meier, 1200 Boylston Avenue, Seattle, Washington, 98101.

## Ooops!

Last week we received a news release stating that Margaret and Harry Schoppman were celebrating their 50th wedding anniversary with Nassau County Executive Tom Galotta. Seems as though someone there typed a 50 instead of a 40—the Schoppmans were married only 40 years, not 50.

Harry and Margaret were honored at a dinner hosted by their daughter and son-in-law, Margaret and Louis Florillo at their home in Carle Place.

Our belated wedding congratulations.

**\$400,000 Jury Award in Suit Against Hicksville Doctor**

By **A. Anthony Miller**

A jury in state supreme court has rendered a judgment against a Hicksville doctor and Central General Hospital in a civil suit which contended that improper administration of drugs by the doctor resulted in the death of his patient.

Named as a defendant in the action was **Dr. Bholu N. Banik**, 42, a native of Bangladesh who practices at 456 South Oyster Bay Road. The suit, filed on behalf of **Gustave Anderson**, an aeronautics engineer of Hicksville, sought damages for the Oct. 1, 1985 death of **Thelma Anderson**, then 70. Mr. Anderson is administrator of his wife's estate. The litigation argued that Mrs. Anderson, a homemaker, had consulted Dr. Banik for back pain, and that the doctor had prescribed a number of different medications, not keeping accurate records of what he ordered or the doses to be taken by his patient.

The effect on Mrs. Anderson, the suit urged, was kidney failure. She became weak and on November 16, 1982, fainted and broke several bones. She was admitted to Central General Hospital, the co-defendant in the suit, where, according to court papers, Dr. Banik continued to ignore her symptoms. Mrs. Anderson allegedly fractured her hip in a fall at a time when she was alone under the supervision of a student nurse. It was then that private nurses hired by her husband became aware of her condition, and a specialist was called in, who diagnosed her condition.

Mrs. Anderson reportedly remained in the hospital for 108 days, prior to being discharged March 5, 1983. At that time, she was ambulatory only with the aid of a "walker," a metal device which helps a person balance.

The attorney for the plaintiff said that after Mrs. Anderson's death October 1, 1985, an autopsy revealed the extent of the kidney damage.

**The Claim is Amended**

The malpractice suit had originally been started while Mrs. Anderson was still alive. After her death, it was amended, over the objection of counsel for Dr. Banik and the hospital, to include a claim for the legal theory of "wrongful death." The case went to trial before a jury and Justice Stuart Akin in April. The jury deliberated for about eight hours over a two-day period before ruling in favor of the Anderson estate.

At a court hearing May 25, the total judgment was determined to be \$425,080. This amount was reduced by \$70,000 to reflect sums recovered by the Andersons from insurance carriers for medical payments. This left an award of \$345,080, of which Central General Hospital was to pay \$50,870. An attorney for the hospital, **Ray Fleck** of Garden City, reportedly said that the hospital would pay the amount and not appeal. Mr. Fleck did not return a call seeking comment from him.

Dr. Banik is obligated to pay \$294,810 unless the parties agree to accept a lesser sum. Several calls placed to Dr. Banik's office were not returned. His attorney, **Joseph Brenner** of Uniondale, declined comment. Mr. Anderson was represented by **Julian Linker** of the Manhattan firm of **Linker and Linker**.

A source at the state Education Department said that Dr. Banik was currently licensed and registered to practice medicine, and was "in good standing." He has been authorized to practice medicine in the state since March 1, 1974.

**TO YOUR HEALTH**

By **RICHARD H. BLAU, M.D.**

**Rheumatoid Arthritis Affects All Body Organs**

Rheumatoid arthritis strikes three out of every ten people with arthritis. Most people believe arthritis is a disease of the joints, but rheumatoid arthritis affects almost every organ in the body. A patient with this form of arthritis can have problems with the skin, lungs, heart, nerves, kidneys, spleen, eyes, muscles, blood vessels, as well as the tendons and bursa.

People affected with rheumatoid arthritis may initially suffer from early morning pain and stiffness. The joints may become swollen, hot, or reddened. These symptoms are the result of an inflammation occurring in the body. This inflammation is the body's way of fighting the arthritis. Unfortunately, after long periods of uncontrolled inflammation, fatigue and joint damage may occur. If you have any of these symptoms you should consult your physician. Early diagnosis and treatment may pre-

vent many of the problems associated with longstanding arthritis.

The diagnosis is only made after a careful study of the symptoms, a comprehensive physical examination, blood tests and occasionally X-rays. Fortunately, physicians can successfully control the inflammation and are capable of reducing the pain, discomfort, and possibly prevent the deformity associated with rheumatoid arthritis.

Your rheumatologist (a specialist in arthritis) may use anti-inflammatory medications, prescribe personalized exercises, advise you on techniques of reduction of emotional stress, and begin you on a proper diet. All play a major role in the treatment of arthritis.

Arthritis strikes one out of seven people. Learn the facts. Call for your complimentary copy of "The Joint Approach An Arthritis Overview."

## Two Men Sought in \$300 Card Store Robbery

By A. Anthony Miller

If the thieves who robbed the Reflections Card and Gift Shop reflect on their deed, they will realize they face up to seven years in prison if caught.

The store, at 368 Old Country Road, Hicksville, was the scene of a robbery at 2 p.m. May 26, when a man handed two women employees a note stating he had a gun and

wanted money. The man showed no weapons but kept his right hand inside his sweater. He took about \$300 and on leaving the store, was joined by a second man, both of whom ran west on Old Country Road.

No injuries were reported, according to Det. Doug Worthington of the second squad, who is in charge of the investigation.

## Nassau Police Aid In Birth at Home

Most birth announcements come from hospitals or the new parents. This one comes from the Nassau County police.

It's only fitting, since they assisted at the birth of a baby girl, first child of Mr. and Mrs. John Mayer of North Woodbine Drive, Hicksville. Deborah Mayer, started out for the hospital at 12:45 p.m. May 28. She got as far as the living room when she began to give

birth.

Officers Chris Papillo and James Brophy and ambulance technician Laura Monahan of the eighth precinct arrived in time to assist. Mother and daughter were taken to Central General Hospital where they were reported in good condition. The child Alyssa Marie, weighed seven pounds, 10 ounces.

**Hicksville Students Honored at Festival**

By Nancy Schmidtman

Yesterday, June 1, 75 students from Our Lady of Mercy School traveled to St. Raymond's, East Rockaway, to be honored at the Diocesan Communications Festival. This celebration, sponsored by the department of education of the Diocese of Rockville Centre focuses attention on the writing skills of students in the Catholic schools.

This year, an unprecedented 40 books writ-

ten by the students of Our Lady of Mercy School were accepted as worthy of recognition. None were rejected. Also honored yesterday were the student illustrators of these books, the writers of the school's yearbook, its newspaper, the O.L.M. News, which was the only school newspaper in the Diocese to receive a "Superior" rating in the judging, and the fairy tale magazine, A Book of Tales, written and illustrated by Mrs. Scott's 5th class.

Mrs. Nancy Schmidtman and Mrs. Joan Scott coordinated the writing projects. Students participating were from grades one through eight.

## Letters From Our Readers

Letters to the editor are welcomed by the editor and publisher of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed by typed name at the bottom will not suffice; they must include an address and telephone number so that we can verify their authenticity.

We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

### Walter Stillger Will be Missed

To The Editor:

It takes time after the death of a friend to write about him. I feel that way about Walter Stillger. There are many of us who will miss his wit and charm. For the community of Hicksville a brilliant physician is gone. I personally will miss the games of tennis we played together and our years as members of Hicksville Rotary.

I got to know Walter when our family moved to Long Island in the early 1950's. He was "our doctor". There was always tonsils to be removed from our children and flu shots for my wife and myself during a flu epidemic. He was a man dedicated to his profession. He made house calls anytime and in any weather. I have so many wonderful memories of this man. I hope others in Hicksville will write and share their remembrances of Walter. He left a legacy that cannot be replaced.

Walter, you are gone. I will miss your

uniqueness that can never be replaced.  
Dr. George Rubin

### Thank You

To The Editor:

Enclosed is our subscription renewal along with our thanks for keeping us in touch with our friends and relatives in the Hicksville area. I am one of the many former Hicksvillites, now scattered across the country, who still enjoys keeping up with the news "back home."

I grew up in Hicksville reading the *Mid-Island Herald*, and remained a subscriber even after moving to Texas in 1970. When we were informed some time back that the paper was sold and would now become the *Hicksville Illustrated News*, I thought the paper would lose some appeal for me. However, much to my delight, it is better than ever. We look forward to reading it each week. Keep up the good work.

Joyce Claus

What the Politicians are Saying . . .

From NASSAU COUNTY EXECUTIVE THOMAS S. GULOTTA: Homeowners who find themselves "house rich and cash poor" will receive protection from tax lien speculators. Under this proposed plan, no responsible homeowner should again lose his home. A consortium of Long Island banks will use the reverse mortgage concept to pay the taxes of qualified homeowners, thereby allowing them to utilize the untapped equity in their homes. A Nassau homeowner who is having difficulty paying his taxes and faces possible eviction from the sale of a tax lien on his property would be eligible to submit his case to the Tax Lien Hardship Review Board. He will be counseled on the application process through Family Service Association.

ASSEMBLYMAN TOM DINAPOLI (D- Great Neck) has announced that the Governor has signed into law a bill which he sponsored to make the State Public Transportation Safety Board permanent. The Board examines the causes of public transportation accidents and makes recommendations to enhance safety on commuter rails, subways, and public bus systems.

With the support of SENATOR RALPH J. MARINO (R-Oyster Bay) former chairman of the Senate Committee on Crime and Correction, the 1988-89 budget includes appropriations totalling \$155,500 to continue and expand operations of four Long Island crime victim service programs. The grants will go to several programs at Adelphi University—among them the Rape Victims Advocacy Project which provides 24-hour "on call" assistance to victims of rape and sexual assault from the moment victims arrive at the emergency room of any Nassau County Hospital through the period of their sometimes extensive involvement with the criminal justice system.

In an effort to curb the alarming number of abandoned vehicles left on Long Island's roadways, ASSEMBLYMAN GREGORY R. BECKER (R-C Lynbrook) has introduced a bill to increase penalties for abandonment and also provides the Court with the authority to revoke the driver's license of the person who was convicted of abandoning a vehicle and who failed to pay the fine.

ASSEMBLYMAN FRED E. PAROLA has joined seventy-six senators and assemblymen in signing a special legislative resolution calling on the International Red Cross to grant recognition to Israel's Magen David Adom (Red Shield of David) Society. Israel cannot use the Christian Red Cross or the Arab Red Crescent as its emblem but insists on using its own Magen David Adom.

STATE SENATOR MICHAEL J. TULLY, JR. (R-Roslyn) Chairman of the Senate Veterans Committee, led the effort which saw passage recently of a Veterans Civil Service Buy-Back Bill which provides qualifying veterans of World War II the opportunity to purchase up to three years of civil service retirement credit for military time served. The legislation enables retirees to add up to three additional years to their retirement credit bank only after they reach age 55 and have accrued 20 years of civil service in the state retirement program. Employees pay contributions for the military time for which they seek credit plus interest on the contribution.

A Letter from Lulubelle . . .

...Isn't it strange how every family develops a set of expressions which are totally their own and do not communicate to anyone outside the family group...I remember, for example, when my daughter was a new mother, speaking to her father-in-law, she said, "I have to watch the baby carefully because she eats wooozes". The poor man looked most perplexed because he was not a member of our family who would have known that "woooses" are little bits of fluff, maybe dust or string or whatever—and certainly not meant for eating by little babies.....Then there are the words which the babies use as they learn to speak and which become family words, even though the "baby" grows up and speaks correctly...We have "ampee", which is ice cream; "awbee", which is flower; "booka", which is book; and "whole bunch", which is any number over three, since our little one always counted, "One, two, three, whole bunch!!"...Then there are those enchanting—and so picturesque expressions from one of the grandkids—"I hate a blowed down balloon" and "I can't stand a cushion that foofs at me".....And then there was a little girl who was studying the constellations and somehow misunderstood the name of one and as we were gazing up into the heavens, she exclaimed, "Oh, look, I see Herman"...and no amount of talking would convince her that the teacher had said "Orion" not Herman—and so to this day, as we look upward on stary nights, we all say, "Oh, look, I see Herman"—and it really is a more friendly name, don't you think?

Yours, Lulubelle

The Investor's Corner By Dr. Joseph P. Frey

The Future with the IRS and Shoreham

This year the IRS is going to give the metropolitan area a wonderful treat. You might ask what wonderful news can the IRS possibly have for us? Well, it has been decided to institute electronic tax filing in 1988.

Again you might ask—what is electronic tax filing? So what? How can this momentous news help me? Isn't this just another scheme to make it all easier for the IRS at my expense? How can I benefit?

Dr. Joseph P. Frey

Let me assure you, this new method is one that you will love; at least some of us will. Electronic filing is putting your tax return on a computer and sending it via the telephone. If I were to tell you that if you file your taxes this way, you will get your refund three weeks earlier, would you like that? The answer is obviously yes. If I were to tell you that if your tax form has an error in it, you will be notified within 48 hours of such error, would you like that? (This saves interest charges). The answer is obviously yes.

These are wonders to behold. It is available only to taxpayers for the 1988 tax season who are eligible for a tax refund. Sometime in the near future all taxpayers will be able to file electronically. Your accountant does not know about this yet because the IRS is only announcing the news this week in the Federal Register. Accountants will be going to special informational seminars this summer and fall to find out what it is all about). For once you know something before they do.

I believe that this is just another step in a long range program to ELIMINATE tax filing for the average taxpayer. It seems to me that the IRS is moving slowly toward the day when most taxpayers will not file at all. The government will just send you a bill or a refund on April 15. The trend toward this is here.

For low end taxpayers, the lower wage earners, the 1040EZ is as simple as you can get. The IRS knows all of the data on that form because it is all reported by social security numbers. The same is true of the 1040A. In fact, the IRS could probably eliminate the form for these taxpayers now. The technology is not difficult, but computer space is still limited.

The tax reform act of 1986 brought electronic filing and tax form elimination much closer. It did away with or phased out many of our deductions. Eventually most of our deductions will be lost. The average taxpayer has few financial gimmicks or tax shelters left. By 1990, our deductions will be almost gone. Most of the remaining ones can be tracked by social security number. This will continue the move toward standardization and tax form simplification. The potential is certainly there for the elimination of more returns. That is a day to hope for, the end of the last minute rush to the post office on April 15.

The only hitch for the 1988 taxpayer is that you have to have your return processed by an accountant who can batch file with the IRS, or who combines forms with another firm. The IRS will only accept electronic filing in bunches of 500 or more. This means you will be hard pressed to get these advantages if you wait till the bitter end.

ROBERT R. McMILLAN'S

# Direct Line

Can you imagine cutting four hundred lines parallel to each other on the edge of a piece of paper? Yes, I said on the edge! The answer is that IBM, in working with new computer chip technology, has done the equivalent of just that on Long Island. To further understand the scope of the development, it means the computer chips of the future will have more connections on the chip than all of the electrical connections in every home, office, and factory in the entire City of New York.

This practical application comes from pure science investigations at Long Island's own Brookhaven National Laboratory. The National Synchrotron Light Source at Brookhaven produces light from infrared through X-Rays. The X-Ray ring at the Laboratory stores electrons at 2,500 million electron volts. It is in the Vacuum Ultra Violet ring of the Light Source where the experimental computer chips are prepared by IBM scientists. In addition to IBM, many other corporations including AT&T, Mobil and Exxon carry on sophisticated energy related experiments. Not only are corporations involved, but the Light Source is used by numerous research universities from all parts of the coun-

try in the furtherance of pure science activities.

Another important facility at Brookhaven is the Positron Emission Transaxial Tomograph (PETT). This nuclear medicine system is doing exotic work in examining all aspects of the brain and other body organs. One experiment is actually zeroing in on cocaine usage by taking the PETT look inside the brain to more clearly understand what cocaine does as it enters the brain.

Brookhaven National Laboratory is operated by Associated Universities, Inc. (AUI). Founded in 1946, AUI started operating Brookhaven in 1947 under a government contract. The founding institutions of AUI include Columbia, Cornell, Harvard, MIT, Princeton, Yale, University of Pennsylvania, University of Rochester and Johns Hopkins. Most of the funding for Brookhaven comes from the U.S. Department of Energy.

Before my visit to Brookhaven, a few weeks ago, I, like most Long Islanders, did not fully appreciate the magnitude and importance of the research being conducted out there. With approximately 700 scientists and 700 engineers in residence at the Laboratory, an additional 1,800 scientists and engineers visit each year. They are supported by one thousand seven hundred staff people. The Laboratory is truly a world class facility with world class people.

Located on five thousand acres a few miles from Exit 68 on the I.E., the facilities at the site are valued at around \$1.9 billion. The annual budget is over 1250 million. Few businesses on the Island have the economic impact of the Brookhaven National Laboratory. The Island's economic base is greatly enriched by the Laboratory's activities. Along with Cold Spring Harbor Laboratory, Brookhaven National Laboratory puts Long Island on the leading edge of scientific research.

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

To The Editor:

This letter is written in response to the Westbury Times article "Realtors, Local Officials Discuss Illegal Housing" (5/12/88).

Jeffrey Stadler, an attorney for the Town of Hempstead, was untruthful in his remarks regarding the role of the "Save Our Suburbs Coalition". He totally misrepresented the goals of the 30 civic organizations in the coalition.

We do not desire to "halt all construction in the Town of Hempstead and to make it a ghost town." Mr. Stadler is well aware of our true position. We want to halt the indiscriminate destruction of our water supply. We want to stop the further pollution of our air and the ever-increasing clogging of our roads. We want Hempstead Town officials to abide by their own recently-enacted zoning and tree ordinances. We want investigations into the "give away" Mitchell Field leases awarded to special interests, which do not benefit residents and taxpayers.

What we had requested some time ago was a one-year moratorium on construction to study an attempt to find solutions to the environmental problems generated by certain development.

UNITE, a Uniondale civic group which in a member of the coalition, is not opposed to senior citizen housing. Many of its members are themselves seniors. They have opposed the chosen site because it is sensitive water district property, is classified as wetlands and upland forest. Most of the 1,800 trees would be destroyed on property that is a bird-nesting area and one of the last Nassau County oak forests. Indeed, UNITE has spent time and money to research and suggest three alternate Uniondale sites for senior citizen housing. In 1970, a study recommended that affordable housing be built at Mitchell Field. We question why this never came to fruition.

Mr. Stadler and Town of Hempstead officials are attempting to place the blame for their own inadequacies and mistakes on the very citizens they are supposed to serve and protect. If anything turns Hempstead into a "ghost town", it will be the result of the self-serving motivations of some of our elected and appointed officials.

To The Editor:

AIDS has become a world wide epidemic as a result of increased sexual activity among homosexuals and the increased use of drugs since 1985. It has affected the heterosexual population. Many people are still unaware of this disease and are uncertain how the topic should be handled.

I am in favor of mandatory testing for the AIDS virus. I feel that the testing should be done before a woman decides to have children, so that she doesn't give birth to a child who will suffer and eventually die. Testing should also be done before a student enters college, since a large percentage of the college students have sexual relationships. I also think that an AIDS test should be made before a couple gets married so that the disease will not continue to spread.

Athletes should be tested for AIDS before they can participate in sports. Many cuts, bruises and open wounds are either caused by sports in injuries or are worsened by such activity.

I feel that these reasons are very supportive of mandatory testing for AIDS. People should think about the consequences of this deadly disease and become more aware of it if they haven't already done so.

On behalf of The Community Hospital at Glen Cove, I would like to take this opportunity to thank you for your support of The Tenth Annual Run for the Health of It. It is only with the support of people like yourself that the hospital is able to sponsor this run on a yearly basis.

This year's race attracted over 250 runners and a great time was had by all despite the rainy weather.

Please extend to those members of your staff our heartfelt appreciation for the hard work involved preparing the Special Section which was devoted to the Run for the Health of It.

Once again, thank you. I hope we can count on your support again next year.

## Did You See This?...

From Walter Kaner's column...

"What's the richest community on Long Island? Or the entire state, for that matter? The distinction goes to a small village on Nassau's South Shore, Hewlett Bay Park. According to the U. S. Census, the village has the highest per capita income, a lofty \$70,145. Statewide, New York has a per capita income of \$11,765."

## Nassau Democrats Designate '88 Candidates

Responding to the theme "Democrats in '88", an enthusiastic Nassau Democratic County convention met recently to designate their candidates for public and political office. County Chairman John W. Matthews presided.

Bruce Nyman, Democratic Supervisor from the City of Long Beach, stated that he will continue his battle on the Board of Supervisors to contain county spending, and civic activist Richard Korn received a standing ovation when introduced.

In the only contest for public office during the convention, Judge Jerome Fleschman of the Long Beach City Court won the designation for the Family Court over Claire I. Weinberg of Great Neck.

Congressman Robert J. Mrazek of Centerport was endorsed in the 3rd and Congressman James H. Scheuer of Douglaston in the 8th was also endorsed. Francis T. Goban of Hicksville will be seeking election in the 4th. A consultant to the plastics industry, he was very active in recent battles to cut LIICO rates. William G. Kelly of Hempstead, a former special state prosecutor in the nursing homes investigation and a trial attorney, will be the candidate in the 5th C.D.

Candidates for the State Senate are: Robert M. Machida of Glen Cove who will once again be making the race in the 5th; Dominic Villoni of Garden City and a former judicial candidate is running in the 6th, Barbara J. Johnson of Port Washington will run in the 7th. She has been deeply involved in the placing of Korean children for adoption. In the 8th Jerome Jainchill of North Bellmore will once again be seeking the office; and Robert E. Slatos of West Hempstead is the candidate in the 9th and will be making his first bid for public office. No candidate has been designated as... in the 11th which is primarily in Queens County.

All four Democratic Assembly incumbents have been designated: Lewis J. Yevoll of Old Bethpage in the 13th; Thomas P. DiNapoli of Great Neck in the 16th; Earlene H. Hill of Hempstead in the 18th; and Arthur J. Kremer of Long Beach in the 20th.

A Real War on Drugs

You really can't blame anyone for being very cynical about any new war on drugs. Back in 1986, drugs were also the "hor" issue. As the nation's spotlight focused on the issue of drugs, congressional candidates challenged each other to take drug tests.

Nancy Reagan deserves credit for her "Just Say No" campaign. It is certainly a worthy effort. Back during the energy crisis of the late 1970's President Carter referred to the situation as the "moral equivalent of war." I would suggest that what this nation needs now is to declare that the threat that drugs pose to our society is the "moral equivalent of war."

If this nation really declares war on drugs, it means that money will have to be spent. However, we cannot just throw money at the problem and expect that it will solve itself. If liberals have learned anything, they have learned that spending money does not automatically solve problems. On the other hand, how can we solve the problem if we do not spend money to increase the interdiction of drugs, to open new clinics to treat drug addicts, or to fund educational programs?

We can have all the enforcement and interdiction efforts that money can buy and if we do not decrease the demand for drugs in the United States we will have failed to make a dent in the problem. What is needed is a "demand side" approach to the drug problem. Obviously, the reason why there are so many illegal drugs coming into the United States is because there is such an incredible demand. Education represents the best long-term solution to the drug problem.

As this is an election year, there will doubtlessly be talk of a new war on drugs by many politicians. Some will be serious, others will not be. No politician is in favor of drugs — however, some of them are not willing to commit the resources necessary to win the war.

There is no reason to think that we cannot win the war on drugs. This is still the country that revolted against what was then the world's most powerful superpower, tamed a continent, and defeated Imperial Japan and Nazi Germany. Like any war, the war on drugs will be costly. However, we must remember that it will be more expensive in the long run not to fight a real war on drugs.

assistant professor at St. John's University, will be running in the 12th; Maureen D. Arisco of Hicksville and Vice President of the Duffly Park Civic Association is the candidate in the 14th; Dr. Vincent O. Garbitelli of East Williston and one of the first to call attention to the dangers of lead poisoning in water will be making a second attempt in the 17th. Joseph M. Lauria of Valley Stream is making his first race in the 21st; and Barry S. DeMastro who received the designation at an early convention and last year ran for the Hempstead Town Board will be running in the 22nd.

Saul Weinstein and Ira Raab, both from Woodmere, are once again seeking election to the 2nd District Court (Town of Hempstead and Long Beach); and Joel Barry Melrowitz of Glen Cove who has run for the city council is the candidate for the 4th District Court (Oyster Bay and the city of Glen Cove).

All three town leaders were reelected to a two year term: Edward A. Grause of East Meadow in Hempstead, Walter B. Lowenstein of Jericho in Oyster Bay, and Lewis C. Edelstein of Port Washington in North Hempstead.

The convention of the 15th Assembly District and the designation of candidates was adjourned to a later date.

## Local Realty Honored

Las Vegas Nevada - Century 21 Jannace Realty's Hicksville office and two of its sales associates were honored as Centurion Award Winning Recipients at the International Century 21 Convention.

There were more than 9,000 attendees including 12 from Century 21 Jannace at the Convention.

Century 21 Jannace was the number one Century 21 office in Nassau County for both 1985 and 1987 and was the first office to qualify as a Centurion office in Nassau County history. To qualify as a Centurion office, an office must close over 11,000,000 in commissions in a calendar year. Century 21 Jannace finished the year ranked 242 out of over 6,500 offices nation-wide in doing so.

In addition to the office's award, Century 21 Jannace also accomplished another first as it was the first office in the county to have two of its sales associates honored with in-

dividual Centurion Awards. To qualify, a salesperson must close over 150,000 in commissions in a given year - Beverly Aaronson who was the first two-time recipient and Tom Brennan, a first-time winner, were honored at a special breakfast and award ceremony - both were among the top 325 sales agents in the Century 21 system of more than 90,000 agents nationally.

Joe Jannace, president of Century 21 Jannace, said accomplishing the Centurion Award took a team effort by all of his associates and that the Award belonged to all of them for their efforts. Joe said that by the office being diversified in that it offers not just the residential service as most companies do but also a variety of other services including commercial, relocation, mortgaging and property management being important ingredients in the companies success.

## WE PUT THE "HAPPY" BACK IN MOTHER'S DAY FOR OVER 1,000 PATRONS

Home port of the historic South Bay Schooner "Commodore" circa 1912

Mother's Day is a special time off for mom, when she can sit back, relax and enjoy some of the treatment she's used to giving all year round. When over 1,000 patrons had to choose that perfect place to spend their day that offered everything they could want, they chose Captain Bill's. Mother's Day 1988 was a grand event at Captain Bill's... great food, great service and prompt seating helped to make Mother's Day satisfying and delicious.

Since Mom had such a wonderful Mother's Day with us, treat her again to our Twilight Dining at \$14.95 on Monday thru Thursday...or try a fun evening out at our Jazz Club, every Thursday from 8:00 pm. So make that special lady feel real special all year round at Captain Bill's.

# Help for eligible bachelors. \$109 mo.

Whether you're going for a Bachelor of Arts or a Bachelor of Science degree, there's one college requirement that can prove very intimidating: Money.

Fortunately, The Bank of New York can turn the difficult subject of economics into some simple arithmetic.

**We make the college education you want affordable at 8%\***

For example, if you took out a \$9,000 Guaranteed Student Loan, your monthly payments would be only \$109.19 over ten years.\*\* Best of all, you don't have to start paying for it until six months after you graduate.

In fact, our experienced staff of specialists can offer a multiple choice of loans—from *Guaranteed Student Loans (GSL)* to *Supplemental Loans for Students (SLS)* to *Parent Loans for Students (PLS)*—and tailor the one that's right for you into affordable monthly payments.

So can the people at **Action Phone**. Just call **1-800-942-1784** (out-of-state, call **914-684-5514** collect). And be sure to ask for our student loan kit.

Or just stop by any one of our 190 convenient branches.

But don't wait. The terms of bachelorhood have never been so appealing.

## Grandparents' Day at Woodland Ave. School

Grandparents Day was held at Woodland Avenue School in Hicksville recently.

Children's grandparents or favorite older friends were invited to visit their school.

The morning began with a delicious array of refreshments, supplied by the Woodland Ave. PTA. Then, the special visitors enjoyed a concert. The school's string section, brass section and chorus, under the direction of Mr. R. Dodge, Mr. R. Pownall, and Miss K. Francis, respectively, all took part in the wonderful concert. The visitors were truly impressed with the children's musical talent.

Before going to the classrooms to meet the teachers and see the students' classwork, the guests were invited to take a stroll down memory lane. Mr. Harry Mandel, Woodland's fifth grade teacher, shared childhood memories and asked the audience to share their favorite funny or embarrassing childhood memories.

Our thanks to Mr. Mandel and Dr. Manius Clancy, principal, for encouraging grandparents to share these stories. Many things are different today, but feelings and a sense

SPECIAL GUESTS AT Woodland Ave.'s Grandparents' Day.

of humor have always existed and Woodland children learned that although their grandparents played with different toys and had different rules at school, they still experienced the same youthful fears, laughter and love that is present today.

## Volunteers Needed

The Fresh Air Fund's Friendly Town Program provides free two-week summer vacations in the suburbs and country for disadvantaged New York City boys and girls between the ages of 6 and 12. The Spysset Area Friendly Town Committee is now seeking new hosts—single, grandparents and couples with or without children of their own to welcome Fresh Air children into their homes

and hearts.

The Fresh Air Fund provides transportation and all medical and insurance costs. Hosts offer their love, hospitality and the chance to enjoy the summer fun that is not a part of the hot and crowded inner city.

For additional information, call either of the co-chairspersons... Grace Razukas, 364-8652, or Sue Isaac, 921-7581.

Robert R. McMillan

## Bob McMillan Announces His Candidacy

As was expected, Garden City resident Robert R. McMillan announced on June 1 that he will be the Republican candidate for the United States Senate in November.

"It is a privilege to serve this nation," Mr. McMillan stated "and to participate in the national debate. My background will enable me to present positive positions on a wide range of public policy issues throughout this state, but, I will not only talk about the issues. I will lay out plans to deal with a wide range of subjects from Central America to the Middle East and from waste disposal to the budget deficit. "I have no illusions. It will be a tough campaign. Yet, I have been heartened about the race as I travelled throughout the state over the last two weeks. My opponent has missed over 400 roll call votes during his Senate service—the equivalent of almost one year of absenteeism. He has little substantive legislation to his credit. His rhetoric has just not been followed by action.

"As I crisscross this state over the next five months, I intend to wage an aggressively positive campaign. I could not conduct this campaign without the support of many friends on Long Island. I will always treasure the encouragement and the kind words I have received from so many."

Robert R. McMillan is a senior partner at the law firm of Rivkin, Radler, Dunne & Bayh. The firm's main office is in Uniondale, New York with other offices in Manhattan, Los Angeles, Chicago and Washington, D.C.

Mr. McMillan received his J.D. from Brooklyn Law School in 1960 after completing his undergraduate work at Adelphi University. Prior to joining Rivkin, Radler, Dunne & Bayh, he was a corporate vice president of Avon Products, Inc., for over ten years. As an officer at Avon, he was responsible, at various times, for International Legal Affairs; Worldwide Government Affairs; Personnel; Public Relations; the Avon Foundation; Worldwide Data Processing Systems; Women's Sports Programs; Community Affairs; and the Asia-Pacific Profit Center. Prior to joining Avon, he served as an Honor Graduate Attorney in the Anti-Trust Division of the United States Department of Justice; counsel to U.S. Senator Kenneth B. Keating; special assistant to Richard M. Nixon; and government relations advisor for Mobil Oil Corporation. He was also senior vice president of Abraham & Straus.

**Government Commissions and Boards**  
Mr. McMillan has been a member of numerous government commissions and boards, including President Reagan's Advisory Committee on Women's Business Ownership, (1983-85); member of the board of the

Fogarty International Center of the National Institutes of Health, (1988 to present); Industry Policy Advisory Committee, a trade policy committee for the U.S. Trade Representative and the Secretary of Commerce, (1983 to 1986); New York State Statue of Liberty Centennial Commission, (1984-1986); Advisor to the U.S. Delegation to Consumer Policy Meetings of OECD, (several times from 1972 to 1974); and New York State Commission on (1971-1973).

#### Voluntary Boards

He also serves on several voluntary boards including Board of Directors of the Long Island Association, (1982 to present); Board of Trustees of Adelphi University, (1983 to present); Board of Directors of the Long Island United Way, (1988 to present); Chairman of the Board of Long Island State, (1986 to present); Chairman of the Board of the Long Island Housing Partnership, Inc., (1987 to present); and Executive Board of the Nassau Council of the Boy Scouts of America; (1986 to present); Board of Trustees of Old Westbury Gardens, (1988 to present); Board of Trustees of Friends for Long Island Heritage Trust, (1988 to present).

In the private sector, he serves as a member of the board of Key Bank of Long Island; member of the board of Lumex, Inc.; and member of the board and chairman of Fragrance Resources, Inc.

#### Awards

Mr. McMillan has recently been the recipient of the several awards including the Brotherhood Award of the National Conference of Christians and Jews, (1987); Distinguished Citizen Award of the Nassau County Museum of Fine Arts Association, (1987); Long Island Distinguished Leadership Award, (1987); Pioneer Vision Award of the United Way of Long Island, (1988); and Good Scout Award of the Nassau Council, Boy Scouts of America, (1988).

In the political arena, Mr. McMillan has been a member of Vice President George Bush's National Steering Committee since 1985 and has been chairman of State Senator John Dunne's Finance Committee for a decade.

He served in the United States Army from 1952 to 1954 and left the Army as a first lieutenant. He was awarded the Bronze Star Medal while serving in Korea.

The McMillans reside on Long Island in Garden City and the East End community of Aquebogue. Mrs. McMillan is an elementary school teacher.

Mr. McMillan writes a weekly column on public issues for the Anton Community Newspapers.

## Talent Show at Woodland Avenue School

Woodland Avenue School students recently had the opportunity to display their talents at their annual Talent Show.

Participants worked hard preparing their original acts and were expected to attend several rehearsals after school. Their efforts certainly paid off-the show was a tremendous success.

In addition to the individual acts, the Woodland Avenue twirlers also performed, delighting the audience with the routines

they learned under the supervision of PTA instructor Mrs. F. Gulli.

Another special appearance was made by the Woodland PTA pre-school class who dressed as clowns for their act. Mrs. E. Hoffman, Mrs. D. Hordern and Mrs. J. Nolan, pre-school committee, helped the pre-school children learn their act.

Mrs. C. Peters and Mrs. C. Mulholland, PTA executive board members, organized the show. Mr. Hickey did the lighting.

THE HICKSVILLE JEWISH Center recently held a Children's Fashion Show with clothing from Joey's in Carle Place for the younger set and from Fashion Experience in Bellmore for teens. Waiting to take their turn on the runway are (left to right): Jill Swidler, Rina Swidler, Robin Blicker and Jess Bellsey.

## Galileo Lodge News

By Joe Lorenzo

President Skip Monteforte's Message: 'Only he who can see the invisible can do the impossible' Old Saying.

'Nothing succeeds like success' may be an old adage, but the truth of this becomes more apparent when this little saying is applied to the Galileo Lodge. Time after time, event after event we see the proof, that success fits the Galileo Lodge and it's organizational policies like a 'kid' glove, if I might use that expression.

Success, in many cases, is predicated on the condition of hard work and as a result it never comes that easily. Many organizations never realize it because it is an elusive commodity. But the men and women of the Galileo Lodge have made success a condition that just about permeates its entire environment. So it comes to pass that once you bathe in success you never want to bathe in anything else.

What is success? Well, success at the Galileo Lodge is largely based on its social and recreational programs, like for example, the present one for 1988. This program consists of golf tournaments, fishing trips, a boat ride, an Italian Mock Wedding Dance, an Anniversary-Scholarship Dance, the "Foolies Follies", Fun Bowling nights, our annual picnic and our Membership Appreciation Nights, and that's when the Galileo Lodge offers food and refreshments to its male and female members and their families.

Once again the Ladies Auxiliary shares the spotlight as it announces that on Saturday, July 9 it will present a Twilight Fun Bowling Night starting at 9, at the Woodbury Lanes, South Oyster Bay Road. Tickets will sell at \$13

per person, featuring a hot buffet dinner and coffee, music by a disc jockey. Rose Riccardi (683-0966) will supervise this activity, aided and abetted by Millie Del Cioppo (938-5052).

And as we discuss the Ladies Auxiliary, please note that their fall classic presentation is the "Foolies Follies", which takes place in November. Call it what you wish: mirth or merriment, fun and hi-jinks or any adjective associated with humor, and then you have in essence what "Follies" is all about. Yes, its a variety show with emphasis on singing and dancing as well. The cast for this show, please note, consists of members of the Galileo Lodge and the Ladies Auxiliary. Sue Laurenti will supervise this humorous venture, aided and abetted by Claire Fuoco.

### Lodge Tidbits:

Mr. and Mrs. Gus Carmen Russo proudly announce that they have become grandparents as their daughter Rae and her husband, Hank Pageio, were blessed with 8 lb. 4 oz. baby girl named Amanda. The date was April 21. Congratulations to this nice family from the Galileo Lodge.

### Northwest Civic Meets

The Northwest Civic Association will hold their last meeting for the year on June 7 at 7:30 p.m. at Burns Avenue School.

TO: ATTORNEY GENERAL OF THE STATE OF NEW YORK and any and all of the persons cited upon this proceeding as heirs-at-law and next-of-kin of said EDWARD FLEMING, deceased, or unknown, and cannot, after diligent inquiry, be ascertained, and that if said persons or any of them be dead, that the names or parts of the names, and place or places of residence, of any and all unknown persons who are the respective executors, administrators, heirs-at-law, next-of-kin, distributees, legatees, devisees, husbands or wives, or successors in interest of said deceased persons are unknown, and cannot, after diligent inquiry be ascertained and that personal service of the Citation cannot, with due diligence, be made upon them within the State.

**GREETINGS:**  
WHEREAS, SALVATORE L. ODDO, Public Administrator of Nassau County, who is domiciled at 845 Hemlock Street, Franklin Square, New York 11010 has lately applied to the Surrogate's Court of our County of Nassau, to have a certain instrument in writing bearing date the 13th day of January 1984 relating to both real and personal property duly proved as the Last Will and Testament of EDWARD FLEMING deceased who was at the time of his death domiciled at 6 Cecil Place, Hicksville, in said County of Nassau,

THEREFORE, you, and each of you, are cited to show cause before the Surrogate's Court of our County of Nassau, at the Surrogate's Court, Nassau County Court House, at Mineola in the County of Nassau, on the 29th day of June 1988 at 9:30 a.m. at that day why the said Will and Testament should not be admitted to probate as a Will of real and personal property and why John C. DiCocco Public Administrator should not be granted Letters of Administration, CTA.

**IN TESTIMONY WHEREOF**, We have caused the seal of the Surrogate's Court of our said County of Nassau to be hereunto affixed.

WITNESS, HON. C. RAYMOND RADIGAN, Judge of the Surrogate's Court of our said County of Nassau, at the Surrogate's Office, at Mineola, in the said County, the 6th day of May 1988.

penalty shot was immediately called. Joseph Matz, with a power shot, kicked the ball right in the lower left corner for the goal. It sent the team into a frenzy. The Bobcats now possessed the ball and sent it upfield. There was a corner kick and Jonathan Schwartz, now goalie, was right on the near post and pulled in the kick. Peter Titone had two shots moments later, but one was wide and one was covered up nicely. Afterward, Danny Wolchok shot one from the right side and put it in the upper left corner—a real beauty.

The team definitely played for the win. In this writer's opinion, the most valuable player was David Nelson, who put himself into every play and covered the field like a welcome mat. His momentum was a big factor in Sunday's impressive win.

80.40 feet x 100 feet x 75.00 feet x 4.12 feet and known as 350 South Oyster Bay Road, Town of Oyster Bay, Syosset, N.Y. Approximate amount of lien \$38,360.60 plus interest and costs. Premises will be sold subject to provisions of filed judgment, Index Number 18218/87.

Now that I'm retired and relying on Social Security, careful budgeting is more important than ever. I really need to know what bills are coming my way ahead of time, so I signed up for LILCO's Balanced Billing plan. Now my household budgeting is easier because I pay the same amount each month — all year long.

By Dagmar Fors Karppi

Just look at what the wonderful beetles are up to now. Everyone knows someone who owned one. If they haven't owned one themselves. When my friend Irene went to Yale for a graduate law degree in the 60's, she bought a white Karman Ghia, the sports model of the beetle.

I went to a woman's conference, in the 70's in a white beetle belonging to my friend

Marge, now in banking.

My friend Pat had a green beetle. It took me to Soho in the 80's. She is an Agoraphobia therapist and artist.

I have never owned one. They are too small for me. I always have the feeling that I could surely pick one up (by degrees) and move it to another parking spot. Not my kind of car! But luckily the beetle has pleased many a driver.

JAMES J. CROWLEY, Corporate Training Manager, World-Wide Volkswagen Corp., sits in one of the many "unique" Volkswagens that were on display in Orangeburg, New York. Isn't it perfect for a garden!

On Saturday, May 14, swarms of Beetles infested a small portion of Rockland County, New York. This is an annual happening that many hope will continue for years to come.

The event that brought these "Bugs" to Orangeburg, New York was the "13th Annual Vintage Volkswagen Club of America Concours and Swap Meet." A concours is actually a "beauty pageant" for cars, and in this case, it was Volkswagen vintage as well as current models. They were judged on their condition and attention to detail. Many of

the Volkswagens (ranging from 1945 to 1988) are restored to better than brand new. The entire range of Volkswagens were on display, Beetles, Vans, Ghias, Things, and Specialty One of a Kind.

The Vintage Volkswagen Club of America (VWVCA) was founded in 1976 and currently has over 2,000 members nationwide. The "Concours" is hosted by World-Wide Volkswagen Corp. at their Corporate Headquarters, Greenbush Road, Orangeburg, New York.

I truly enjoy the business of business, and even more, a peak into the way another profession operates. Kodak has given this little look into the life of a photographer.

They have on site hospitality areas for credentialed photographers at the Indianapolis 500.

The hospitality room for accredited photographers covering the race will be sponsored by Kodak's Professional Products Division. It will be located near the entrance to Gasoline Alley.

Professional photographers will be able to talk shop with Kodak technical experts, sample the newest Kodak professional films, and enjoy light refreshments in the Kodak hospitality room.

Whoever is leading the 1988 race at the 250-mile or halfway point will receive the "Kodak Film 250-Mile Award" and a check for \$7,500.

Over the last year, a special Kodak display containing photographs from last year's In-

dy 500 has occupied a prominent location in the National Racing Museum at the Speedway. Following the 1988 race, Kodak will update this display with photographs from this year's 500-mile-run.

According to W. Hunter Low, director of U.S. sports promotions at Kodak, the company's association with the Indy 500 is one of numerous major sports efforts sponsored by Kodak.

"In auto racing alone we are involved with the Kodak Copier Endurance Trophy, Kodak Copier Pit Crew Competition and the Kodak Copier 500 at Watkins Glen, N.Y. on the IMSA circuit. Further, our Consumer Products Division is the sponsor of the #4 Kodak film Oldsmobile driven by Rick Wilson on the NASCAR circuit.

The major reason for our involvement in auto racing is that auto racing fans are very loyal to those firms actively supporting their sport. And those fans use a lot of imaging products."

## East Street Schools Rope Hang Champions

By Brad Jaworski

The East Street elementary school recently held its annual Rope Hang Contest for the kindergarten, 1st and 2nd graders, under the direction of physical education teachers Brad Jaworski and Rory Lawlor.

The children had to use all their arm strength, hanging from the climbing ropes, using hands only. They were timed with a stopwatch from when their hands clasped the rope, to when their feet touched down to the mat underneath.

The winners were each awarded ribbons donated by the East Street P.T.A. Ribbons were awarded for 1st, 2nd and 3rd places for both boys and girls.

## Hicksville Pioneers Win Commack Tourney

By Jay Schwartz

The Hicksville Soccer Club has another winning team in the Under 12, 1977 Pioneers, coached by Richard Ilsley and Steve Florio. The team won a first place trophy by beating the Brentwood Bobcats, 3-0, last Sunday, in the Commack Memorial Day Tournament final.

The first four games saw the Pioneers with two wins and two ties, second to the Bobcats with three wins, one tie. Their scores were 5-0, 1-1, 0-0 and 2-1. The other four teams did not compare with those records. More importantly, the Pioneers had scored more bonus points than any other team and also allowed fewer goals, a credit to their goalies, Peter Titone and Jonathan Schwartz.

The final was a matchup between the two top finishers. They had tied the Bobcats, 0-0, the day before.

Five minutes into the game, Richard Wechenski popped one in for goal number one, after a pass by Tommy Coffey. Jonathan Kanuck was right there for support. There was a lot of up and down play, but Hicksville controlled the ball better, passing it in for

several tries on goal. They were moving to the ball with an aggressive attitude. Working hard at sending the ball forward were David Nelson, Joseph Matz, Jonathan Schwartz and Robert Ilsley. These four were responsible for keeping most of the pressure off Peter Titone, first half goalie. The team made several opportunities happen, the best of which was a corner kick taken by Joseph Florio, a midfielder who sent the ball in. Tommy Coffey, a forward, was right there for the ball, but so was the goalie and it was caught. Many offside calls were made against Hicksville, indicating their desire for action. The second half saw Hicksville continuing the pressure on Brentwood, putting themselves right into the game. Right into the half, Peter Titone, now a forward, chipped the ball over the goalie's head for the second goal. Russell Brousseau, Tracy Koetter and Daniel Wolchok were in the play supporting the attack in the box. Moments later, Daniel Wolchok received the ball and went on a break-a-way up the middle. Right inside the box, he was pulled down by the shirt—a

## Obstacle Course at East Street School

By Brad Jaworski

The East Street Elementary School physical education department recently held its annual Obstacle Course, under the direction of teachers Brad Jaworski and Rory Lawlor. The Obstacle Course terminates the gymnastics unit, which features gymnastic apparatus, such as the balance beam, parallel bars, side horse, buck, cargo net, tumbling and ropes.

The 3rd, 4th, 5th and 6th grade students had to race over, under, around and through the various gymnastic apparatus placed in their path. They were all timed with a stopwatch to determine places. The course tests speed, agility, strength and endurance.

The winners were each awarded ribbons donated by the East Street P.T.A. Ribbons were awarded to 1st, 2nd and 3rd places and to each grade level (boys and girls).
