

## Board Hears Special Committee Reports

The Hicksville Board of Education reviewed several financial and committee reports by various special committee members at the Oct. 26 meeting. Among these matters, Superintendent Dr. Catherine J. Fenton reported that work has already begun on the formation of next year's budget. She said she will submit her proposed budget to the board by the end of December. She also indicated that the community will have the opportunity to give input at the January 18, February 7 and March 8 Finance Committee meetings. All other board committee meetings are cancelled during these three months.

### State Aid

Dr. Fenton said as students score higher, the school district receives less state aid. In addition, she said, if Hicksville had a high dropout rate or a poor attendance record, it would receive more state aid. Continuing, Dr. Fenton said that a 2.5 percent dropout rate in Hicksville schools is considered very good and that Hicksville, with a very favorable ratio of guidance teachers, is doing everything it can to make sure students don't drop out. For three consecutive years, the attendance rate in the high school has been at least 90 percent. She said if it were between 75-80 percent, additional state monies would be forthcoming; however, "We do it all with local money rather than the state's."

In this regard, Dr. Fenton announced that the district has invited Senator Ralph Marino and other legislators to visit the high school on November 10 to see "our excellent programs for students at risk and the alternative school." Programs include E.S.L. (English as a Second Language) and crisis counselors.

On November 2, Assistant Superintendent William Hall will attend a hearing in New York City on State Aid.

### School Board Committees

School board member Pat Rooney reported on the October 19 meeting of the Board's Curriculum Committee, which included a discussion of the 1988 Regents results. She asked that community members take the opportunity afforded by the Curriculum Committee to attend and bring their concerns to the board's attention. The next meeting will be November 16 at 8 p.m.

School Board Secretary Carole Wolf reported on the meetings of the board's Finance and Facilities Committees. The district has been notified of a 20 percent increase in New York State Empire Health Plan effective January 1989.

Items discussed during the Facilities meeting included asbestos, school cafeterias and community use of buildings.

The board also announced that September 8, less than three linear feet of asbestos wrapping, from a pipe in a boys' room, was removed by a qualified district employee. Students had apparently poked holes in the wrapping with pencils. According to Mrs. Wolf, the district is authorized, under federal and state regulations, to remove up to three linear feet of any asbestos related materials. She said, "Hicksville is fortunate to have on staff a registered asbestos remover, who, by using special tools, supplies and equipment created to absorb and treat any loose fibers in the air, was able to perform the operation without endangering the students or staff."

Board president Jo Ann Miltenberg added that asbestos removed from district buildings is triple bagged, placed in 55-gallon drums, sealed, bolted and labeled and sent to a mine shaft in Maine.

Mrs. Wolf said the district has been faced with a significant increase in public demand for the use of school buildings. Thomas Shaw, director of facilities and operations, met with a representative from each group and opened all-purpose rooms in the elementary schools to meet the additional demand. A Boy Scout troop housed at Dutch Lane was recently denied a request for the use of a gym for basketball because the gym had been assigned to Multiwire, a local business which has a school/business partnership with the Hicksville District, and to Lilco. Mr. Shaw will "trace" all community groups during this year to allow for better scheduling of small groups to smaller rooms next year.

The Business Services Office has recommended that Mr. Shaw proceed with a pro-

## Police Issue 278 Tickets For Violations On Duffy Avenue Over 3 Month Period

By Rita Langdon

The Second Precinct has issued 278 tickets for traffic violations on Duffy Avenue alone over a course of three months, a police official said at the Duffy Park Civic Association meeting last week.

At the request of the civic association, the police investigated the traffic on the street.

"People do move along there at a good clip," said Nicholas J. Holden, deputy inspector of the Second Precinct. Duffy Avenue is a straight-away with a speed limit of 40 miles per hour.

The police also determined that speeding occurs particularly during the early morning and evening rush hours.

The police issued 99 tickets in August, 73

in September and 106 from Oct. 1 through 25. Inspector Holden said that about half of those tickets were for speeding, but some were for equipment violations, failure to wear seat belts, and/or for having no registration.

The police department asked the Nassau County Traffic Safety Board to survey the street to see if conditions would warrant yield signs, stop signs or a traffic light. Kathy Del Rosso, president of the civic, said that her organization thinks a traffic light would remedy the speeding problems.

Inspector Holden said that the traffic safety department is in the process of conducting the research. "Once they get their results, and if they feel there is a need for additional traffic control devices along Duffy Avenue, they will make a recommendation to the Town of Oyster Bay," he said.

The town makes the final decision. Mr. Holden said the survey, which is currently in process, takes three or four months to complete. He noted that the process is lengthy because the surveys are conducted different days and at different times. He also said that the town will probably receive the completed survey reports around Thanksgiving, if the traffic safety board finds a need for traffic safety devices on Duffy Avenue.

### Hicksville Rapist

Residents have expressed concern about the rapist who attacked a woman in her home near Route 106/107 in August. Mr. Holden said that the police department conducted an extensive investigation but "unfortunately came up with nothing." Mr. Holden said that the suspect, who is from out of town, is "common looking," between 5'9" to 6'0", fair, medium build, white, age 25-30. This suspect is believed to be the same man who raped another woman in Hicksville about a year ago, Mr. Holden said.

"There is nothing really distinctive about the man at all. Just somebody who would blend right in," said Mr. Holden.

Residents inquired as to whether a composite sketch of the suspect could be published in the *Hicksville Illustrated News*. At the meeting, Mr. Holden said that he would submit a sketch for publication, however, the day after the Oct. 25 meeting, Mr. Holden told the *Illustrated* that the police would not release a composite, as the suspect wore a mask and is not easily identifiable.

"I wish we had a good composite. It's very frustrating because he's not known to us," said Mr. Holden.

### Residents' Questions

A resident asked about the security in the town parking garage on Newbridge Road and if there were many automobiles broken into there. Inspector Holden said that there were not too many burglaries because auxiliary police headquarters is at the garage.

One resident said the homeless in the area harass people.

"There's not an awful lot we can do," said inspector Holden. "The very fact that they are hanging around the neighborhood and doing nothing is not a crime. They are within their constitutional rights to walk the streets." He added, "There is no public intoxication law and there's no law for vagrancy. They have all been taken off the books."

Mr. Holden said that generally the vagrants do not bother anyone, but if they do, the police will take action.

## Hicksville High Homecoming 1988

HOMECOMING QUEEN AND PRINCESSES: Left to Right: Freshman Princess Jennifer Lane, Sophomore Princess Debbie Lohmeier, Junior Princess Deanne Rungo, Homecoming Queen Jeannine Sirey, Conrad Weyer, Hicksville High School Alumni President announced the winners. See more Homecoming photos on page 18.

## Committee Reports (continued from page 1)

posal from NYNEX to revamp the school district's telephone system, which will initially cost \$12,000, but will ultimately save \$6,000 per year, with phones that will generate between \$3,000 and \$4,000 revenue per year. A resident, William Kelly, asked that the Facilities Committee do more research on this subject before implementing any change. In particular, Mr. Kelly said more information is needed regarding servicing of new phones, as well as the cost to purchase.

The demolition of the temporaries at Dutch Lane and Burns Avenue has been delayed. Environmental Protection Agency approval must be obtained prior to such demolition.

### N.Y.S. School Board Association

Several board members, including board president Jo Ann Miltenberg, attended the recent New York State School Boards Association Convention. Hicksville delegates attended 15 seminars, including sessions on child abuse, the Regents Action Plan, and evaluating superintendents. Board trustee William Bennett served as Hicksville's voting delegate.

### American Education Week

Mrs. Miltenberg congratulated Bob Zaleski and Elaine Kabakoff, officers of the Hicksville Congress of Teachers, on their successful ef-

forts to have the week of November 13 declared American Education Week in the Town of Oyster Bay. Ms. Kabakoff read the Proclamation signed by Town Supervisor Angelo Delligatti and announced a contest sponsored by the HCT. Students in grades K to 12 may submit essays or create posters on the topic "Why I Like School." Contest rules and information will be distributed to all principals.

### General Public Session

Resident Janet Von Bargaen expressed her thanks and appreciation to the board for its prompt decision to split the kindergarten and first grades at Old Country Road School.

Vicky Passaro approached the board to comment on the "wonderful job" the Hicksville Marching Band has done this year. She thanked the board for its "great support."

Jean Tobin inquired as to the "poor timing" of boiler maintenance in the schools. Mrs. Tobin said there was no heat in her building on October 7 because of the pending visit of the boiler cleaner. Mrs. Miltenberg said she will look into this matter. Mrs. Tobin also asked why an air quality test was not taken at East Street School after the removal of the asbestos wrapping. She was told that since it was under three linear feet, an air quality test was not necessary.

A parent from the East Street School inquired as to the lack of playground equipment at East Street. Mrs. Miltenberg commented that she believed it was due to a shortage of space, but that she would find out more information. An additional comment was made by this resident regarding the lack of soap dispensers at East Street School.

Congratulations were offered to Robert Greenberg, who was recently awarded his doctorate. Dr. Greenberg is Director of Special Education/Pupil Personnel Services.

Mrs. Rooney announced that her telephone number was incorrectly listed on the district's calendar. Her number is 822-4476.

The next meeting of the Hicksville School Board will be November 22 at 8:15 p.m. in the Administration Building.

## Update

### Agency to Use Originally Planned Site on Jerusalem For Mentally Disabled Adults

Despite several suggested alternate sites for a home for 10 mentally disabled adults, a local counseling agency will use its originally suggested home at 499 Jerusalem Ave.

Ken Moskowitz, project director of the residence program at Central Nassau Guidance and Counseling Services, Inc., Hicksville, said that the Town of Oyster Bay had until Oct. 27 to request a hearing, but did not notify Central Nassau. "At this point, we plan on going with 499," said Mr. Moskowitz.

Mr. Moskowitz said that he does not know the precise time that the residents will be moving into the group home. "We have to finish up purchasing the home and renovating it. We won't be moving in for awhile...a few months."

Since September, local residents have suggested alternate sites to the town, but none were feasible, according to Mr. Moskowitz. The Town acts as a liaison for the residents and Central Nassau.

**Compiled by Flo Gries  
Tony Says 'Thanks'**

A few weeks ago **Tony Previte** wound up in St. Vincent's Hospital in New York after suffering a heart attack. Since then he has undergone open heart surgery. He'd now like to thank all his friends for their kind words, prayers and cards. He really appreciated them.

Get well, Tony... we all miss you.

**New Position**

**Steven A. Jazwinski** (formerly of Hicksville) has been named Duty Manager of Aircraft Maintenance at Memphis, Tennessee by Northwest Airlines. Steve is a graduate of Hicksville High and B.O.C.E.S. Aviation Center. His parents, **Joan and Henry Jazwinski** of Burns Avenue recently visited their son in Memphis to congratulate him on his appointment. Steve and his wife, **Laurie**, relocated to Memphis in January, 1988.

**Hats Off To...**

**Gregory S. Mulheron** son of Mr. and Mrs. **Michael Hoch** of Suggs Lane who entered the United States Air Force in August of this year. He completed his basic training at Lackland Air Force Base in Texas and will be going overseas after Christmas to the Island of Crete in the Mediterranean.

Greg is a June 1988 graduate of Hicksville High School.

...and also graduating from Lackland Air Force Base is **Airman Kevin M. Donohue**, son of **Susan Donohue**. Kevin is also a 1988 graduate of Hicksville High.

• Second Lt. **Jeffrey C. McConie** has graduated from U.S. Air Force pilot training, and has received his silver wings at Laughlin Air Force Base in Texas.

Lt. **McConie**, the son of **Jean and James McConie**, is a graduate of Locust Valley High School and is a 1987 graduate of the U.S. Air Force Academy in Colorado Springs, Colorado.

• Army Spec. **Bruce Swoopes** has participated in the NATO-sponsored exercise, Return of Forces to Germany '88 (REFORGER).

Bruce is a cannon crewman with the 1st Field Artillery in West Germany.

**GREGORY S. MULHERON**

**AIRMAN KEVIN M. DONOHUE**

**Sharing With Pen Pals**

The children in **Mrs. Simon's** first grade class at **East Street School** are learning and sharing with their pen pals in Albany. The children each have their own pen pal with whom they exchange letters. They are learning about life in our state capitol, comparing and contrasting their own lives with those of their pen pals and experiencing the benefits of friendly letter writing first hand.

**Grumman Gift Supports 'Apple'**

A \$5,000 grant from the Grumman Corporation has enabled **Apple Inc.** the substance abuse treatment center, to refurbish rooms for 20 female clients at its principal residence in Hauppauge.

Grumman has long been involved in Community Service Programs, and is pleased to support **APPLE** where effective treatment methods are helping people help themselves to become drug-free, useful members of society.

Aiding in the selection of grant recipients is Grumman's Contribution Council, the membership of which includes **Norma Aeshner** of Hicksville.

The **APPLE** drug hotline, staffed by recovering substance abusers, is open for crisis intervention and referrals 24 hours a day, seven days a week. The number is 516-979-0922.

**WE FOUND A WITCH** on Myers Avenue. (**Joyce Jurgensen**) doing an Open House last Sunday. **Joyce**, a Hicksville resident is an agent at **Steve Previte Real Estate**. **Word** has it she did not scare away customers, they vowed to come back to see what she looked like without her witch's makeup.

**Celebrated Sweet 16**

A lovely Sweet 16 Birthday party was given to **Jennifer Grillo** by her mom and dad, **Barbara (McGeever)** and **John Grillo** at St. George's Golf and Country Club in Stony Brook last Saturday night. One hundred twenty five attended with about 70 being youngsters from **Sachem High School**. The girls looked lovely in their strapless bouffant dresses while the boys looked handsome in their jackets and dress sweaters. I have to say that it was an absolute pleasure to see this many young people together—behaving so beautifully—and having such a great time. The wonderful **D.J.** never stopped playing for one minute and the 'kids' never stopped dancing for a minute. The club was decorated beautifully with pink 'hot air balloons'... twinkling white lights on pink ribbons hanging from the ceiling, flowers everywhere... it was just lovely.

**Jennifer's** two brothers, **John** and **Bobby** were also there to help her with the celebration as were her gymnast coaches.

Three of the youngsters there were children of Hicksvillites. **Todd Healy**, son of **Bob Healy** was there along with **Sue Phelan** daughter of former **Sue Ruggieri**, and **Jessica Martins**, daughter of **Lawrence Martins**. (Small world, isn't it?)

It was a greeaaat party. Happy Birthday **Jenny**.

**Celebrate Anniversaries**

**Betty** and **Bill Minardi** are celebrating their 39th year of happiness this week and **Rosemarie** and **Pete Clorciari** will be celebrating their 20th wedding anniversary

**ERIKA OLSEN** and **Matthew Peter** stop to say hello to "Mr. Bones" in the children's room of the Hicksville Public Library.

on November 9th. Congratulations.

**Get Well Wishes**

Our get well wishes are going to **Julia White** of Stanford Avenue. We're hoping you are up and hopping around soon... and we're also sending them to **Jerry Basile** who has been ill recently.

**Celebrate 40 Years Together**

**Phyllis (Gendron)** and **Leo Ruggiero** were surprised at a dinner party at the Snapper Inn in Oakdale last week. The occasion: their 40th anniversary which is November 21st. Their two daughters, **Adrienne** and **Debbie** and her husband **Merv Frankel** gave the lovely party for them in advance so they would be completely surprised—and they were. There were about 50 of their friends and relatives attending and of course, when old Hicksvillites get together they have a great time. A few of the old timers that used to live in Hicksville that were there were **Eddie and Maryann Coleman**, **Willie and Toni Suppa**, **Joe Oliveri** and **Barbara, Donna (Jones)** and **Bill Thomas, Arlene** and **Ernie Naso**, and **Jerry Kiesel**.

**Adrienne Ruggiero** is a senior lieutenant of Grumman Security and **Debbie** and her husband **Merv** operate their boat business and divide their time between Florida and Southampton.

**Joe Oliveri** was telling us that his sister **Madeline (Oliveri) Gilson's** son **George**—a graduate of **Jericho High**—had played pro ball for the **Minnesota Vikings** and was a **Big Ten Wrestling Champ** for two years—and is now a successful contractor in the city of Chicago.... **Eddie Coleman** is now retired and loving it.... **Ernie** and **Arlene** are anxiously awaiting the time they will be able to retire.... **Lee's** sister **Dolly** is spending her time between Florida and Center-

**PHYLLIS and LEO RUGGIERO**

port... and **Lu** and her husband **Chip** are also retired.... **Howard Finnegan** was also there enjoying reminiscing old times with his old friends.... It was a great party. Congratulations **Phyllis** and **Leo**.

**A Bunch of Birthdays**

The **Anderson** home had double the birthday fun and pleasure this month as **Paul** celebrated his birthday Oct. 15th and **Mark** celebrated his October 22nd. **Paul** and **Mark** are the sons of **Elaine** and **Ron**.... The employees of **Dr. Kasha's** office wish to ex-

## Seniors' Trip to Caesar's

The Hicksville-Mid Island Senior Citizens are planning a trip to Caesar's Casino in Atlantic City on November 28. Cost for the trip is \$6, which includes the bus, tips, a \$5 return voucher and \$5 in cash. The bus will depart from behind Nathan's on Broadway in Hicksville at 12:15

p.m. and leave Atlantic City at 9:45 p.m. Lots of fun is in store. Donoughs will be served on the bus

Reservations must be in by November 7. For more information, call Irma (931-6511) or Clare (938-7079).

The club also has a few more openings for the November trip to Woodloch Pines. Call Clare for information.

## Poletti Group Opens Office in Hicksville

The Poletti Group, a full-service personnel organization, has opened an office in Nassau County, it was announced today by President and CEO Roger A. Poletti. The new facility is located at 82 North Broadway, Hicksville, 942-0170.

According to Mr. Poletti, the new office

will allow The Poletti Group to better serve its clients located in Long Island's Nassau and Queens counties. He also noted that the addition of such an office will provide better coverage for the temporary and permanent office/clerical markets in those particular counties.

## RE-ELECT STATE SENATOR RALPH J. MARINO

★ ON NOVEMBER 8 — VOTE REPUBLICAN — ROW B ★

**OPEN SATURDAYS**

**THE BANK OF NEW YORK**

**We're about to give you another reason to do all your banking with us.**

Unfortunately, your banking needs don't always automatically end at the end of your workweek. Which is why The Bank of New York has just recently extended its own workweek.

In fact, we have more branches open on Saturday than any other bank on Long Island.

**Full-service banking on Saturdays.**

But what makes Saturday banking at The Bank of New York even better is the fact that, unlike many other banks, we're offering all of our services during these extended hours. Giving anyone who works Monday through Friday more time to take care of the things that take a little more time—like opening a checking account or taking out a loan.

**More hours in which to get a 60 minute loan.<sup>SM</sup>**

Of course, when it comes right down to it, you won't need to set aside much time at all for a personal, auto, boat or home improvement loan. Because, with our new 60 Minute Loan,<sup>SM</sup> in most cases you'll get an answer in 60 minutes or less.

Just visit The 60 Minute Loan Center<sup>SM</sup> at any one of our convenient branches. Or call Action Phone at 1-800-942-1784 for more information or to apply for a loan.

More branches, more hours and more services. They add up to some very good reasons to talk to The Bank of New York. No matter what day you do your banking.

# Students Give the Gift of Life

By Jim McCrann

Blood, in itself, is life. None of us would be around right now without it. Unfortunately, not everyone is blessed with healthy blood. Those whose blood was diseased were once condemned to a shortened life, but now through modern medicine these same people may lead normal lives. Ever since French physician Jean Baptiste Denis attempted to transfuse sheep's blood into a human in the 17th century, man has tried to find better ways to help those with blood disorders. After centuries of intensive research and experimentation, we can now transfuse blood as a routine medical procedure. But since blood is so unique, only human donors can provide this precious resource. With so little supply and so many in need of blood, there is a need for constant replenishment by donors. Long Island Blood Services attempted to find donors during a blood drive held at Hicksville High School on October 20. At this time, many seniors volunteered to give the "Gift of Life."

Before the students donated, they were given a physical examination by a nurse; this exam included blood pressure, pulse and a blood test. If they passed this test, they pro-

ceeded to ingest some quick energy; jelly-beans, cookies and Tang orange drink were included in this pre-donation meal. Following this was the blood donation itself. Students would lie down and roll up their sleeves. A nurse would then choose the arm to be siphoned, rub the area where the needle would pierce with an anti-bacterial solution and prepare the apparatus used to receive the blood. Following this was the most dreaded part of the whole procedure: the needle. Only a quick and slight discomfort was felt by the students as the needle pierced the skin; it was not nearly as bad as some were led to believe. For a period of time ranging anywhere from 5 to 20 minutes, the blood was drawn to a bag suspended from the side of the cot. After a pint was donated, a nurse removed the needle and direct pressure was placed on the small wound to stop the bleeding. Members of the high school's Volunteer Club then assisted the donors to a table where their energy was quickly restored with cookies and Tang. According to Long Island Blood Services, 67 pints of blood were donated.

Why did students volunteer to donate

blood? Senior, Rob Willson, said, "I think it's a very good idea to help other people who need blood." Tom Cassata, also a senior, added, "It's basically something that's needed throughout the country and everyone, I feel, should do it." Most students said that they would donate again; Lenny Scolero would donate again because, "it just makes you feel better."

Though 67 pints of life-giving blood were donated on Thursday, there is still no foreseeable end to the on-going blood crisis. Long Island Blood Services has emphasized the fact that it is simply impossible to contract AIDS or any other disease through donating. Blood donation also has no effect on your regular activities and can in no way harm you. According to one nurse from Long Island Blood Services, any blood that is donated is extra, the body doesn't need it. If donating the blood could even remotely pose a threat to someone, they would never have passed the physical. If you want to donate blood you may contact Long Island Blood Services at 752-7300. The gift of life through blood may be the greatest gift you can give.

## Privacy of Mail: A Postal Service Guarantee

The 'Sanctity of the Seal' is a term which has nothing to do with the character of a sea mammal, joked Roger Nienaber, General Manager/Postmaster of the Long Island Division.

Turning serious, he said: "Although the term is unfamiliar to most people, it represents a promise and a trust which benefits every American citizen every day of the week."

In simplest terms, 'The Sanctity of the Seal' means that a person can mail a letter through the local post office with the certain knowledge that the letter will not be opened and examined for any purpose by anyone other than the addressee.

The privacy of first-class mail is one of the intrinsic freedoms enjoyed by citizens of the United States. Said Nienaber, "It cannot be abridged by a postal employee, a postal inspector, a postmaster or even the Postmaster General."

First-class mail can be opened in the Dead Letter Office, he noted. There, sworn employees open mail in an effort to discover an address where the mail can be delivered or returned. For this single purpose, first-class mail is opened and forwarded to either the sender or the addressee who may be identified inside the mail.

Suppose the contents of a letter were useful in helping law enforcement officers in tracking criminals. Or what if matters of national security depended upon the covert opening of certain first-class mail by government authorities?

"No matter how pressing the circumstances, how crucial to the security of our country, how helpful it might appear to all concerned — the one unchanging dictum of the U.S. Postal Service is that first-class mail is sealed against inspection," said Nienaber.

The Founding Fathers decreed that the

privacy of the mail and the sanctity of the seal were so vital to the exercise of freedom in this country that they must never be violated for any reason, he added.

"This means that a parent, sending a birthday card and a check to a son or daughter at college, can expect that mail to arrive intact and sealed."

It also means local businesses can send bills and statements of account to customers without the privacy of these transactions being invaded by any postal employee or other government agent.

"Americans can be grateful that their mail is a sacred trust of the U.S. Postal Service, and that it will be handled with complete confidence," Nienaber concluded. "This 'Sanctity of the Seal' is one of our most basic freedoms."

## The Winthrop Experience

# Making the birth of your child a time to remember.

Last year over 3,000 mothers-to-be chose Winthrop-University Hospital for the birth of their babies. That's an average of over eight births every single day.

It's also a ringing endorsement of the special kind of maternity care we represent to the community.

For no decision this important is ever made lightly. What's behind this strong preference of women for Winthrop?

Perhaps it stems in part from the fact that Winthrop (then known as Nassau Hospital) was the very first institution on Long Island to establish a maternity wing. We long ago recognized that pregnant women had special needs deserving special attention.

That tradition took root, growing and expanding through the years, and culminating in today's Maternal Child Care Center, a superbly equipped facility with the most complete, up-to-date, family-oriented maternity care available anywhere.

### Know Your Options

The needs of prospective parents are always put first. All the options are outlined. Today, most women choose to be awake and aware during delivery which encourages the husband's participation under an obstetrician's supervision. Many women opt for prepared childbirth, directed by a physician or nurse-midwife, in a home-like setting at the hospital.

In this regard, it should also be noted that Winthrop is a leader in encouraging vaginal delivery for women who may have had Cesarean sections in the past. The guiding principle: What's best for the mother, a decision based on the special circumstances surrounding each case.

### Peace of Mind

And when special care is needed, rest assured it's there. This includes genetic counseling, prenatal care for high-risk pregnancies and a neonatal intensive care unit. At every step, the most modern techniques are applied, including amniocentesis, fetal heart monitoring, sonograms and Doppler blood flow studies.

But it is not this state-of-the-art technology so much as a state of mind about the birth process, physical and psychological, that sets Winthrop apart.

Our nursing and medical staff are totally committed to the special needs of mothers. To encourage relaxation, the delivery environment is as natural and personal as possible. For parent-child bonding during the crucial first hours after birth, post-partum suites with private baths and showers are available.

### For Your Family

The hospital also provides rooming-in and special visiting hours for fathers and siblings. Plus a special program to help these siblings prepare for the arrival home of the newest member of the family.

Before leaving the hospital, parents will learn the essentials of infant care so that they know what to expect and how to cope when they're on their own. "The Winthrop Experience," you see, is not something we want to end when you walk out the door.

If you are pregnant or plan to be, your first big decision is choosing the place of birth. We hope we've convinced you to consider Winthrop-University Hospital.

Because everything we do is directed toward making the birth of your child a time to remember.

If you have yet to choose your obstetrician or if you'd like to know more about our program, let us know. We'll send you our pamphlet, "Childbirth—The Winthrop Way" that includes the names of physicians on our obstetrics-gynecology staff. Please write to Dept. A1103 Office of Community Affairs.

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anton Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only. We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

To The Editor:

*This letter is being published upon request:*  
Rev. Dr. Theodore S. Grant  
Ecumenical Consultation Center  
30 Grand Ave.  
Hicksville, N.Y. 11801  
Dear Rev. Dr. Grant:

We read about your Center and its needs in Rita Langdon's Oct. 20 article.

We believe in and support the kind of work the Center is doing and hope you are successful in raising the necessary funds.

Seamen & Eisemann Inc.

**Editor's Note:** The Center, which serves residents who need psychological services, must vacate its premises at 30 Grand Ave. The Center is moving to a home on Broadway, but needs 150,000 to renovate that home.

To The Editor:

It is with much regret that the Hicksville-Jericho Rotary Club must announce the cancellation of our Charity Dance, which was scheduled for November 12, at Holy Trinity

Episcopal Church.

Due to adverse circumstances and events beyond our control it has become impossible for the dance to take place at this time.

To all who have supported us in this endeavor, we extend our thanks for your efforts and hope that we may be able to reschedule this event for a future date.

Frederick W. Meyer,  
President

## Election Day

November 8th is a very important day; A day to get out and VOTE your way. If your man wins, you'll happier be; So get out and VOTE, then wait and see. Voting is a privilege that we should cherish, Do your part and this right will never perish.

• VOTE • VOTE • VOTE  
Howard W. Darling

# EDITORIAL AND OPINION

*A Letter from Lulubelle...*

...Have you noticed, as you ride around, looking at all of the new houses and all of the renovations, that they seem to have one common factor—and it's a lovely one—and it's skylights...Just a little while back, I don't remember seeing any houses or apartments with skylights and now, everyone who's doing something in the building line has found how glamorous they are...They bring the sky and the stars and the moon and the branches into the house in a way we've never seen before...and how exciting it is if, by chance, the skylight is over the bed, to lie there looking at the night sky change color, as the moon rises and comes right over your skylight—and the stars twinkle just for you, as you muse about the day just past and the day to come—it's delightful...And it's not just skylights that are so newswy in the window world—there are all sorts of fascinating windows appearing in homes, both new and old...I especially like the small-paned windows, which have a semi-circular top with one or another of the historical designs traced on its surface by the wooden molding...I put one over the sink in my old kitchen and it seems as if the whole kitchen has become more glamorous and even larger...And then there are all of the companies which are now installing "replacement windows"...It's a great idea because we all have old windows which are impossible to open and un-insulated—but I never remember people replacing windows in the old days (which were only a short time ago)...We all just suffered and said to ourselves that we didn't need to open that stuck window...And one executive office I visited recently had installed floor-to-ceiling palladian windows (that's with the round top) with beveled, leaded glass in black walnut frames and I think they are the most glamorous I've ever seen!

*Yours, Lulubelle*

## The Investor's Corner By Dr. Joseph P. Frey

### VOTING AND ECONOMICS

In last week's column we discussed the deficit problem and how it is tied to the Congressmen and President whom we elect. We made the point that these people are trusted by those who elect them to solve the problems that the people cannot solve; the deficit being one of them. Yet, few of us elect these people.

In our country a situation has slowly evolved where the people have taken themselves out of the process. We have stopped voting. As a result our elected representatives are being elected by smaller and smaller percentages. This is a very great danger to the country.

The framers of the constitution may be proven right. You see they did not trust the people. Originally, the senators of this country were selected by the state legislators, not by direct vote as we now have it. That was a measure of their tremendous distrust. Why do you think that the electoral college is set up the way that it is? The reason is that our forefathers did not want the larger Eastern sections of the country to overwhelm the smaller southern states and the new western states. As it is turning out in this country, they need not have worried.

Dr. Joseph P. Frey

As a percentage, it is estimated that a little more than 50 percent of our eligible voters will vote. That means that fewer than 30 percent of our voters will elect our next President. MORE IMPORTANT, this small number will elect our local CONGRESSIONAL and STATE representatives.

That contrasts with a vote of about 90 percent in Germany, 85 percent in France and 80 percent in England. They remember what happens to a country when a minority elects the rulers. History is full of lessons for us. Germany in 1933 ended up with a chancellor who had received less than a majority of votes. The ancient Greeks used the vote to ostracize via the "ostracism," the blackball. The ancient Romans had many spectacular events in the coliseum put on by the candidates for office. The greater the spectacular the more votes the candidates received. (They got it back after they got into office, especially if they handled money). It corrupted their system. Our not voting will corrupt ours.

The very fact that Congress stayed in session for so long in a year of reelection (to about three weeks before the election) is an indication (to me) of their arrogance toward the population. We have become so disinterested in the process, and so few vote, they know that they will be reelected.

The figures bear this out. Of those representatives who stand for reelection, 97 percent will be reelected. They have tight minorities and well organized political machines that get out their vote.

In Nassau, Suffolk and in NYC, examine the local election returns. First, look at the percentage of people reelected to the Congress, the State Assembly and Senate. This figure will be about 100 percent for the federal seats and about 95 percent to the state offices. Then, look at the percentage of voters.

The reason that we have free education in this country is to TRAIN knowledgeable CITIZENS, NOT TO TRAIN PEOPLE TO WORK. We have lost sight of that. If you do not exercise your vote, we can go the way of so many other civilizations that abused the privilege. It is a precious thing.

## Gulotta Supports Transportation Bond Act

Nassau County Executive Thomas S. Gulotta today announced his support for the implementation of the 1988 Transportation Bond Act. Gulotta urges all residents to consider lending their support for this proposal which will be on the New York State Ballot November 8th.

If the Transportation Bond Act is passed, \$3 billion will be utilized by the New York State Department of Transportation for overall transportation improvements, specifically for state highways and bridges. Long Island has been guaranteed a regional allocation of \$600

million, which translates into 23 percent of the total budget.

In Nassau County alone, there will be several improvements on highways and bridges, including the repair and expansion of the Long Island Expressway, the Southern State Parkway and the Northern State Parkway. Also, there will be a major rehabilitation on ten Nassau County bridges, including the bridge over Seaman's Neck Creek on the Wantagh State Parkway and the bridge over Long Creek on the Loop Parkway.

## Publisher's Endorsement

Being a United States Senator is one of the most important jobs in the world. Those who would serve in this most prestigious body must bring qualifications of the highest order.

Here in New York State, we are currently very fortunate in having two outstanding candidates. Daniel Patrick Moynihan, a senator for twelve years, is a name known all over the nation.

But how lucky we are to have (Bob) Robert McMillan, a candidate who believes in the two party system—a man who is so well qualified that he would make an outstanding contribution to his state and nation; who is willing to accept the challenge to run against a well-known incumbent—Bob McMillan, a man whose experience in the nation and in private life have provided the fine judgment to meet the challenges that face the Senate in their deliberations for our fast paced world.

Because I know and admire and applaud the things that Robert McMillan will work for in the Senate, I hereby endorse his candidacy and urge our readers to vote for him.

# Joseph Barry Council No. 2520

**Knights of Columbus**  
45 Heitz Place, Hicksville  
938-8323

### Keep Christ in Christmas

We have prepared everything for a successful drive to Keep Christ in Christmas for 1988. Now we need our members help in making it a complete success. We need you to distribute posters and flyers. We need you to help install our billboards around town. Please call any of the following men if you are interested in helping us: John Hartly 935-3201, Bill Henne Sr, 433-6175, George Maguire, 935-1855, Frank Gariboldi, 242-1874, Tony Previte, 735-2464, Bill Bennett, 681-3183, Vincent Murphy, 931-6784, and Charles Montana, 938-3600.

### Open House

We will be holding our open house Nov. 15. It will be our kickoff to our Keep Christ in Christmas Campaign. It should be an exceptional evening. Several community leaders have been invited to attend our holiday unifications.

Our guest speaker at the open house will be Rev. Kenneth Murphy, Associate State Chaplain for the New York State Council. Coffee and cake will be served.

### Hats off the the Squires

On Columbus Day, Oct. 10, the Squires and Counsellors of St. Ignatius Circle 547, raised and lowered the flags on Broadway in Hicksville. This is the ninth straight year that the Squires have done this.

The Squires are planning a very busy year—camping trips, amusement park trips, visits to historic sites and of course their annual dance. However, the Squires need your help. Our Circle is in need of members. If you know any young man between the ages of 12 and 18, please have them contact Mike Galgano at 681-2994 or Bill McGough at 731-8444.

### Polish Night Dance

Polish Night will be held Saturday, Nov. 19. Music will be provided by The Ableman, a polish band. Also, repeat performance by the Hayna Dancers from Riverhead. Open bar. The finest polish food. For information call chairman Stan Macner at 935-7059.

A MONTE CARLO crashed into a home on the corner of Newbridge Road and Flamingo Road at about 6:30 p.m. last Friday. There were no occupants in the home at the time of the accident. The driver was transported to the hospital by police ambulance. There were no other passengers in the car. As of Monday, Eight Precinct police had no further details. (Illustrated Photo)

Surprise Someone on His or Her Birthday or Anniversary.

Send the information in to the Hicksville Illustrated News and we'll print it... free of charge.

# IF GETTING A LOT OF CHECKING SERVICES INSTEAD OF A LOT OF CHECKING CHARGES SOUNDS GOOD TO YOU...

## CHECK WITH CHASE.

Most banks that offer a lot of services with their checking accounts also offer something else—a lot of individual fees.

But at Chase, you don't have to pay for individual services. And that makes things very easy.

✓ **Chase's Unlimited Checking Services.** Instead of charging you 25¢ for this and 50¢ for that, Chase checking gives you unlimited check writing, standard personalized checks, stop payments and certified checks. All for a single \$10 monthly fee. If you maintain at least a \$2,000 average monthly checking balance, there will be no monthly fee.

✓ **Unlimited ATM Usage.** Included with every Chase checking account, you get unlimited usage of Chase 24-Hour Bank, NYCE<sup>®</sup>, and Plus System<sup>®</sup> locations.

And unlimited checking services is only the beginning of the advantages you get with your Chase checking account.

✓ **Chase Cash Reserve.** This line of credit\* attached to your Chase checking account, helps prevent you from bouncing checks. But, unlike other banks' overdraft protection, Chase Cash Reserve automatically gets paid back each time you make a checking deposit, which can save you money by reducing your interest payments.

✓ **Chase Cash Back.** Now you can withdraw funds instantly—up to \$100—when you deposit a check at an ATM. And, unlike other banks, Chase doesn't require you to have money in other accounts to cover the amount you wish to withdraw.

## CHECK WITH CHASE FREE FOR SIX MONTHS.

Check us out—free of charge for six months.

Just come into any Chase branch before December 16, 1988. And begin to experience the advantages you'll get only at Chase.

(While you're there, check out our great CD rates, too.)

\*If you qualify, you can get a line of credit of \$500 to \$25,000.  
\*For a cash back transaction per day.

## Hicksville Republican Club

Joseph Jablonsky  
Executive Leader

Robert Kluck  
President

By Marc Herbst

### G.O.P. Rally Night on Monday

The tradition continues. On the evening before Election Day, the Hicksville Republican Club will hold its Annual Rally Night at Antun's, 244 Old Country Road, Hicksville. Hicksville remains one of the few communities that continues to hold an "Election Eve" rally.

The membership provides an unlimited open covered dish buffet for all members of the community who wish to be part of the campaign spirit. The affair will be held on Monday, November 7, between 7 and 10 p.m.

The G.O.P. candidate for U.S. Senate is attorney Robert McMillan. Bob is running his statewide campaign from his Hicksville headquarters on South Broadway.

The 4th Congressional District choice is Representative Norman Lent. Congressman

Lent, dean of the Long Island Congressional Caucus, is seeking his tenth term in the House of Representatives.

Hicksville has three representatives in the New York Senate; the majority of the community is represented by Senator Ralph Marino. Senator Marino will become the Senate Majority Leader in January, one of the three most powerful positions in New York State government. The current Deputy Majority Leader, Senator John Dunne, represents the Hicksville Gardens Community, east of New South Road. Senator Mike Jully, the former Supervisor of the Town of North Hempstead, is seeking his third term in the sixth senatorial district. The district includes the southwest corner of Hicksville.

Like the Senate, the New York State Assembly has three officials representing

Hicksville. The largest portion of our community is represented in Albany by Assemblyman Frederick Parola. Assemblyman Parola holds the leadership position of Minority Whip in the Assembly as well as leader of the Nassau County delegation. Assemblyman Dan Frisa represents the district north of Bethpage Road and west of the L.I.R.R. Assemblyman Frisa, who faces a tough challenge, is the only Assemblyman in Nassau County to earn the endorsement of the *New York Times*. Joseph Covello, the Attorney for the Oyster Bay Town Zoning Board of Appeals, is challenging the incumbent Democrat for the district northwest of South Oyster Bay Road and Woodbury Road. Mr. Covello was Associate Lead Counsel in the landmark "Agent Orange" case.

Judge Jerome Medowar currently serves on the District Court bench. He is seeking the position of Family Court Judge.

Councilman Kenneth S. Diamond has served 15 years on the Oyster Bay Town Board. Councilman Diamond offers his candidacy for District Court Judge.

## Mammography Testing

Due to the large number of responses the Women's Outreach Center has received for mammography testing, November 21, has been added as an additional day that their van will visit the Hicksville school district. The mammography testing van will be parked behind the Administration Building on Division Avenue. For an appointment, or for further information, contact: Women's Outreach Network, Inc., P.O. Box 174, Sayville, NY 11782; 589-5524.

## "Hunt Harvest" In Season At Royce Carlin Hotel

Long Island's luxurious and centrally-located Royce Carlin Hotel will celebrate the autumn season with a special "Hunt Harvest" menu in its gourmet dining room, Edouard's, from October 24 through November 5.

Executive Chef John Erickson will tempt hearty appetites by preparing an exotic array of fresh game and fowl entrees noted for the fall season, including Venison Wellington, Medallions of Wild Boar, Panache of Wild Birds, Buffalo Rib Eye and Breast of Pheasant. The Royce Carlin Hotel is located at 508 Broad Hollow Road on Route 110, one mile south of the Long Island Expressway in Melville.

## William Gouse Jr. VFW Post 3211 News

By P.P.C. Carmine A. Somma

Every year our Post and the Ladies Auxiliary sponsor the annual "Voice of Democracy Scholarship Program" for all students in the Hicksville School District. For more information call the chairman, Jr. Vice Comdr. Pierre Gasque at 933-2144 or his assistant, Past Auxiliary President Carmela Vitiello, at 935-3560. From October to January we are the only V.F.W. Organization in Hicksville area that will be soliciting ads for our Journal Ads by letter. No phone call will be made. Our members have I.D. cards to verify they belong to the Wm. M. Gouse Jr. Post 3211 V.F.W. If they cannot produce the proper I.D. call the V.F.W. Hall at 931-7843 or call the Comdr. Vincent Ferrara at 935-6079.

On November 11, Korean War & Vietnam War Veterans Memorials will be two years old. We at the V.F.W. Post 3211 are happy to see WWI and WW. II Memorials are free from graffiti and vandalism. The two comrades responsible for the war memorials clean up are Ed Kleniewski and Connie Steers, and the maintenance crew from the Hicksville School District who keep the area in good shape. The combined Veterans and its Aux-

iliary will hold the traditional Veteran's Day Service at the Hicksville Middle School at 10:30 a.m. Friday, November 11.

State Senator Michael J. Tully Jr. (R-Roslyn Heights) Chairman of the Senate Veterans Committee, recently announced the passage of a bill (S.5591-B) that would create a special New York State license plate for recipients of the Purple Heart Medal. Individuals who have received the Purple Heart were wounded in action against enemies of the United States of America. Tully stated "The issuance of distinctive plates to these deserving individuals demonstrates our national pride for their heroic action in preserving the Constitution and our Liberty."

The distinctive plates bearing the words "Purple Heart" would be issued only after proof that the applicant had in fact received the Purple Heart Medal. The license plates would carry an additional annual service charge of fifteen dollars. The bill goes to the Assembly where it is being sponsored by Assemblyman Michael J. Bragman (D-Cicero).

Every third Friday of the month at the V.F.W. Hall, 320 So. Broadway, there is a Social

Dance with music by "Keiegel D.J.". Donation is \$5 per person.

Happy 44th wedding anniversary to Nancy and Dominick Giacobelli on Sept. 3 and Happy 42nd wedding to Jean and Ernie Simuro on Sept. 28. Happy 47th Wedding Anniversary to Frances and Comdr. Vincent Ferrara on Oct. 18. Also Happy Birthday to Frances Ferrara on October 14. Happy 39th Birthday to George the Greek.

## College Financial Aid

The Hicksville Public Library is offering a program for college-bound students and their parents, Thursday, November 10, at 7:30 p.m. Charlotte Kania will speak about the process of filling out forms properly and various sources of financial aid that are available to college students.

Many families do not apply for financial aid because they think they earn too much money or have money in the bank. The fact is, colleges have millions of dollars of available funds unclaimed, because people are not aware of how to go about becoming eligible for them.

This program is free and all are welcome to attend.

## Police Report

The Second Precinct has reported the following:

- **October 22**- Assorted clothes were stolen during the burglary of a clothing store on Old Country Road.
- **October 23**- A house on Richard Avenue was burglarized. The loss included a stereo system, a jewelry box and assorted jewelry.

## Attention Crafters

The Bide-A-Wee Home Association in Wantagh is sponsoring a Holiday Boutique, Saturday, December 3. Sell your crafts, paintings, wood carvings, etc. Reserve your space NOW-\$20. Donation per table. Call Kathie Meyers for information at 933-8671.

All items displayed must be hand crafted. This is not a flea market. If you're not a craft person, please mark your calendar and come down on Dec. 3 from 10 a.m. to 4 p.m. to purchase special holiday decorations and gifts.

# A picture perfect way to save for the holidays.

It's time again to open a Holiday Club Account for the upcoming year. To help you get started, Beacon Federal Savings Bank has an idea worth framing.

Starting Nov. 7, and while supplies last, you'll receive this beautiful 5" x 7" brass frame with oval window when you choose Beacon to save for the holidays. With its highly polished

lacquer finish, this quality frame is an ideal way to show off your favorite photo.

To open a Holiday Club Account, and for all your personal and business banking needs, come into any of Beacon Federal's many Long Island branch offices. We'll be happy to give you the complete picture.

Hicksville Comets	16
Lawrence Tornadoes	0

"HICKSVILLE COMETS STORM The Tornadoes" was the theme of the senior float which won first place. The float featured a tornado with arms, heads and legs sticking out as if Lawrence football players were being swooped up by a storm. During the judging, smoke came from the tornado.

## Hicksville Band Aims Its Music in Right Direction

By Jim McCrann

If you live near Hicksville High School, chances are you have heard the sound of music penetrating the crisp autumn air. This music may seem almost nonstop and on a daily basis because it practically is. It is indicative of the enormous amount of work the Hicksville High Comets Marching Band is doing. Their labor seems to be paying off as a dramatic improvement in the band has taken place since last year. As this season progresses, so does this band, according to Band Director Jim McRoy. "They've gone from being a very inexperienced, immature group to becoming much more capable performers and players." The band has also improved their competition scores by approximately 20 points. "They're achieving a greater degree of success," said Mr. McRoy.

During the Marching Comets' last competition at Sachem High School, they performed their usual show a little better than usual. They opened their show with "New World Firebird," a popular song for marching bands. Their middle number entitled, "In The Stone," was widely enjoyed by the audience; this jazzy tune features syncopated rhythms along with an upbeat tempo. The Comets closed out their performance with "Olvidar," the melodic beginning of this song is joined by a percussion solo to its upswinging conclusion. Because the band played with more excitement and enthusiasm, they were able to put on their best performance so far. They achieved a score of 66 which placed them second in their division. This performance was especially sweet for Hicksville Drum Majors Rana Aranetta, Tricia Gerry and Kim Stephan

as they won the award for "Outstanding Drum Major." By exemplifying their enthusiasm and portraying the way the music should be played, they were able to attain this prestigious award. Both Rana and Tricia said, "We love what we do." That is the basic reason why they do so well.

Though this was a promising performance, it was far from perfect. According to Assistant Band Director, Phil Grusenmeyer, "We're still having some small problems with the marching that affects the playing that we just need to iron out." These problems will have to be worked out if the band is to achieve Mr. McRoy's goal of scoring in the 70s.

On Saturday, Nov. 5, at 5 are the Championships in Mineola's, North Hempstead Town Park Stadium. By that time, Mr. McRoy and Mr. Grusenmeyer hope to have the band playing at 100% of their capabilities. Mr. McRoy said that this can be achieved if every individual contributes all that they have. The Drum Majors have more definite aspirations as they are aiming for Brentwood and Walt Whitman, two of Hicksville's toughest rivals. Rana Aranetta hopes that they can reach a certain goal; that is, "To finally reach that point where they feel the music and actually want to perform for the audience and enjoy what they're doing." The Drum Majors have also asked for one more thing—it is a request which is asked for by the band as a whole; that is more support. A cheering section for the band motivates the performers to do even better. The performers, in turn, reward their supporters with a more enthusiastic performance. All of these ingredients are contributors to a band on the rise.

Cheerleaders marching in the parade

## Picture Framing and More at Gregory Museum

Next in the series of children's workshops at the Hicksville Gregory Museum will be an afternoon of creating pressed flower pictures on velvet, suitable for framing—a nice holiday gift for mother.

The museum will supply dried flowers and backing. Participants are asked to bring a picture frame or two if they want to complete the project during the session. The best frames for their use would be a 5x7 or 8x10 lucite "box" type available in local stores for a very modest price. A tweezer would also be helpful.

Ages 7 and up. \$5 for members and \$8 for non-members. November 5, 1:30 to 3 p.m.

In December, emphasis will again be on crafts for gift-giving. The museum has acquired a quantity of lucite to be decorated and made into useful objects. December 3, 1:30 to 3, ages 7 and up. \$5 members and \$8 non-members including all supplies.

Table space is limited, so reservations with

advance payment are necessary. Register at the museum, or by mail, giving name, address, phone, and age of child.

The Gregory Museum is located in the Heitz Place Courthouse, junction of Bay Avenue and East Barclay Street, Woodbury Road. 822-7505.

## Fork Lane Open House

Open House was recently held at Fork Lane School. After a brief PTA meeting, the staff and the teachers were introduced to the parents.

Parents were then invited to visit their child's classroom. This year's events and work were discussed. Most of the students left notes for their proud moms and dads.

Refreshments were served afterward, compliments of Fork Lane PTA.

## Sixth Grade Class Has Perfect Attendance

STUDENTS IN Mr. Hilsky's sixth grade class at East Street School received perfect attendance awards for the month of September.

## Sponsor a Pet Program

The holidays are a time for open hearts and open arms—why not bring some love and holiday cheer to a special Bide-A-Wee pet. If you have room in your heart, but not in your home, you can still bring love to a dog or cat through Bide-A-Wee's new Sponsor-A-Pet Program during the coming holidays!

Sponsor-A-Pet Program is Bide-A-Wee's way to help bring happiness and holiday cheer to

some of these homeless animals who aren't lucky enough to be celebrating the holiday season with a family of their own. For a \$20 contribution, pet lovers can sponsor one of these long-term residents for the duration of the holiday season (11/15-1/15). They will receive a certificate, a picture of the pet they choose, and a sign placed on the cage of the pet naming the sponsor. This pet will receive a Christmas stocking stuffed with special goodies (signed by the sponsor, of

course!) and a special grooming to make them more adoptable. Sponsors are welcome to bring in their own treats, blankets, or toys and give the pet a little extra holiday attention. This sponsorship can be renewed after the holidays at \$10 a month.

Groups as well as individuals are welcome to sponsor a pet. Sponsors are invited to come to the Wantagh, Westhampton, West 53rd or East 38th Street Shelters on December 17th for Bide-A-Wee Christmas parties when San-

ta will distribute the Christmas stockings and pictures can be taken of sponsor and pet. Sponsors are welcome to give Christmas presents of their own to the pet.

For more information, please call your nearest Bide-A-Wee. Shelters are located at 410 East 38th Street, NYC (212/532-4455), 424 West 53rd Street, NYC (212/974-9553), 3300 Belagh Avenue, Wantagh, NY (516/325-0200), and 118 Old Country Road, Westhampton, NY (516/325-0200).

## Here's What Long Island's Newsday Has Said About Congressman Norm Lent

(Reprinted from Newsday, October 30, 1986)

### Newsday's Endorsements: Congressional Races

In the Fourth Congressional District, Republican Norman Lent is practically an institution...he is an effective and well-informed member who has helped mediate differences between the Republican Senate and the Democratic House. He has worked diligently on the Superfund hazardous waste cleanup program and on laws to protect the groundwater, deregulate transportation and sell Conrail through a public offering. Lent merits re-election.

**Newsday's Preference: Lent**

# Free Dog and Cat Food

Who says there's no such thing as a free lunch for pets? Every Thursday, from 11 a.m. to 2 p.m. Bide-A-Wee's Wantagh shelter will be giving away free dry dog and cat food to the pets of area senior citizens. This special program will last through December 31, so

that all these pets can chow down during the holiday season. Bide-A-Wee shelter in Wantagh is located at 3300 Beltagh Avenue, and seniors should remember to bring their own containers. For further information, please call Bide-A-Wee at 516/785-4079.

## Contract Bridge By Steve Becker

### How to Succeed Without Trying

East dealer.

East-West vulnerable.

**NORTH**  
 ♠ 7  
 ♥ A 6 4 3  
 ♦ A Q J 9 5  
 ♣ A K 9

**WEST**  
 ♠ Q J 10 8 6 2  
 ♥ 9 5  
 ♦ 10 8 3  
 ♣ J 6

**SOUTH**  
 ♠ K 5 3  
 ♥ 8  
 ♦ K 7 6 4 2  
 ♣ 10 7 4 3

The bidding:

East	South	West	North
1♥	Pass	1♠	Dble
2♥	3♦	Pass	6♦

Opening lead — nine of hearts.

Some of the best plays in bridge come about more by accident than by design. For a good example, consider this deal where South, a plain, ordinary, run-of-the-mill player, made six diamonds by following a simple line of play that eventually led him to an extremely rare but highly effective finale.

He won the opening heart lead in dummy with the ace and played the ace of trumps, East showing out. Declarer then led a spade from

dummy, East going up with the ace and returning the king of hearts. Declarer ruffed low, cashed his king of spades, discarding the nine of clubs from dummy, and ruffed his last spade in dummy.

South then cashed the queen of trumps and A-K of clubs, producing this devastating setup:

<b>North</b>	<b>South</b>	<b>West</b>	<b>East</b>
♥ 6 4	♥ Q J 10 7 2	♠ Q J 10	♥ Q 10
♦ J 9	♦ —	♦ 10	♦ Q 8
	♣ K 7		♣ Q 8
	♣ 10 7		

Declarer now led dummy's jack of diamonds and poor East could not discard satisfactorily. He was faced with a devastating Hobson's choice. If he discarded a heart, South would retain the lead in dummy, ruff a heart, and so win the rest of the tricks.

And if East instead discarded the eight of clubs on the jack of diamonds lead, South would achieve the identical result by overtaking the jack of trumps with his king and ruffing the seven of clubs in dummy. East's queen of clubs would fall on the trick and declarer would once again score the remaining tricks. Either way, East was a deceased pigeon.

# Obituaries

## Michael Mongelli

Michael Mongelli, a resident of Hicksville, passed away on Oct. 11 at the age of 95.

Pre-deceased by his wife, Theresa, Mr. Mongelli is survived by his daughters, Frances, Marcella, Clara, Santa, Terry and Mary, his sons, Michael, Anthony and Leonard, 18 grandchildren and nine great-grandchildren.

## Men/Women Sought by Rotarians for Brazil Visit

Rotarians of the Rotary Club of Hicksville/Jericho are seeking outstanding young business and professional men or women (non-Rotarians) to visit Brazil in March-April 1989 under the sponsorship of the Group Study Exchange Program of the Rotary Foundation.

The program strives to improve international understanding by enabling young people from different countries to learn from each other. The awards involve exchanging teams of business and professional persons between 25-35 years of age for four to six-week visits.

While abroad, team members observe their hosts' way of life as well as study the nation's economic, social and cultural characteristics through travel and discussions within participating Rotary districts. Team members also have the opportunity to meet their professional counterparts.

For further information, contact:

Frederick Meyer, President  
Hicksville/Jericho Rotary  
P.O. Box 435 Hicksville N.Y. 11801

More than 13,000 persons from some 150 countries have participated in the program since its inception in 1965, at a cost of more than \$17 million dollars.

## VOTING: A GOD-GIVEN PRIVILEGE

Along with the presidential election this year, there comes a number of federal, state, county and local offices to be voted upon. Just stop and think what a privilege it is to be given the opportunity to vote your opinion for the candidate for each office with your vote. There are many nations in this world of ours where this is not possible, or voting is just a charade.

With every privilege we have there comes a responsibility to maintain that privilege. Our responsibility is to vote. Once the voting is done and the people's choice has been given the authority of his or her office, by God's Word we are then subject to that authority, i.e.—

"Everyone must submit to the governing authorities, for there is no authority except that which God has established, and those who do so will bring judgement on themselves. Do you want to be free from fear of the one in authority? Then do what is right and he will commend you. For he is God's servant to do you good."

If you don't vote, you will have no right to complain about what the resulting consequences might be. So VOTE for your choices on Election Day.

Want to know more about how God's authority is given to men? We would be happy to share His Word with you. Feel free to visit The Church at Hicksville, 17 Herzog Place or call at 822-6330.

THE CHURCH AT HICKSVILLE, 17 HERZOG PLACE, HICKSVILLE, N.Y. 11801

We are a Christian, Bible teaching church. Dig into the BIBLE-God's Word, and allow Him, our God and creator and Savior to minister life and direction to you. If you do not have a Bible call us. We would be most happy to give you one. If we can help you better understand God's Word, please call us at 822-6330, or visit us. See the Church Directory in this newspaper for service times. Look for next week's article, from THE CHURCH AT HICKSVILLE.

## Don't Drink the Water is a Theatrical Smash

The Rising Generation Theatre Company presented Woody Allen's comedy *Don't Drink the Water* at the Hicksville Middle School Auditorium on October 14 and 15. The theatre company was sponsored by Hicksville Youth Council.

Terri Glynn and Stephanie Gaylor, two Hicksville High School students, developed the theatre company over the summer. The two approached Hicksville Youth Council in

June to obtain support for their production from a community organization. Executive director Barbara Dale agreed to sponsor the theatre company as she believed it was a very exciting youth oriented proposal.

The majority of the cast and crew were Hicksville High School students. While many of the cast members had prior stage experience, for some it was their debut performance. The leads in the comedy were Susan

played by Trista Levy. Axel played by Frank Mandriotta and Marion and Walter, played by Jennifer Kremer and Tom Blake respectively. Also in the production were Jennifer James, Barry London, Joey Barone, Eddie Marshall, Jeff Moore, Sal Noto, Terri Glynn, Kim Franchino, Amy Groves and Maura Glynn.

The Hicksville Youth Council provided financial resources and supervision. The theatre company was responsible for all technical aspects of the production as well

as publicity and ticket sales. Their long hours of rehearsal, hard work, and sacrifice paid off as their production was a success. The Rising Generation Theatre Company is proud, as director Stephanie Gaylor said, "This is a tribute to what people can do when they put their hearts and minds to work."

The Hicksville Youth Council would like to publicly congratulate the Rising Generation Theatre Company for a job well done.

THE CAST from *Don't Drink the Water*: (back row) Terri Glynn, Eddie Marshall, Sal Noto, Barry London, Jenn James, Stephanie Gaylor, Jeff Moore, Kim Franchino, Amy Groves, Frank Mandriotta and Trista Levy. (Sitting on couch) Maura Glynn and Joey Barone. (Sitting on table) Tom Blake and Jenn Kremer.

FRANK MANDRIOTTA, Trista Levy, Jenn Kremer, Joey Barone, Jenn James and Tom Blake rehearse a scene from the play *Don't Drink the Water*.

**VOTE ROW C**

**STAY THE COURSE...**

# VOTE CONSERVATIVE

**SEND A MESSAGE** by your vote on ROW C, the Conservative Party line, that you want to 'stay the course' that has brought the nation the greatest sustained economic growth in history... a renewal of traditional family values and a major turnaround in the judicial actions of our Federal Court system.

## A VOTE ON ROW C REGISTERS YOUR SUPPORT FOR:

**NO TAX INCREASES** • The tax cuts have meant prosperity, jobs and opportunities for more people.

**PEACE THROUGH STRENGTH** • Dealing with the Soviets through strength has forced them to the bargaining table, maintaining a strong defense will get more decreases in nuclear weapons.

**PATRIOTISM** • More than fashionable, pride in our country is symbolized in the honor of Pledging Allegiance to the flag and the republic for which it stands.

**JUDICIAL RESTRAINT** • Three Supreme Court Justices may be replaced in the next four years, effecting the kind of court we will have into the next century.  
**FAMILY VALUES OVER GAY RIGHTS** • Respect for the family and the sanctity of life cannot be undermined by demands for homosexual 'marriages' and adoptions.

**VICTIMS' RIGHTS** • Capital Punishment for drug king-pins and felony murders must be enforced and concern for the victims of crime must have precedence over the "rights" of convicted criminals.

*The Vote on Row C helped to deliver  
a message for Conservative Reform in 1980 and can do so again in 1988.*

**SEND A MESSAGE • VOTE CONSERVATIVE • VOTE ROW C**  
**GEORGE BUSH** • **ROBERT McMILLAN** • **THE ENTIRE CONSERVATIVE TEAM**  
for • for  
**PRESIDENT** • **U.S. SENATOR**

# PINS Opens on Bloomingdale Road

OYSTER BAY TOWN COUNCILMAN Kenneth S. Diamond (holding scissors right) gives Emanuel Martinez a hand cutting the ribbon at the grand opening of PINS, Inc. (Positive Insight New Sights, Inc.) in Hicksville. Joining Martinez, who is the organization's executive director, and Diamond are (left to right) Judge Joseph A. DeMaro, a member of the Board of Advisors; Marie Svec; Nassau County Police Lt. Robert Reed; John Budnick, Special Assistant to the Nassau County Board of Supervisors; and Norman and Helene Brander. PINS is a non-profit community organization designed to assist young people ages 8 through 16 who are experiencing problems within family, social or school settings.

## THE STEAK WAR STARTS!

For too many years Peter Luger's and North Shore Steak House have had it too easy! BRUZELLS opened two months ago giving them very heavy competition. A "BRUZELLS STEAK" is specially selected USDA Prime meat, expertly cut by the most skilled chefs. BRUZELLS ages and supervises the steaks in an on-premises temperature-controlled dehumidified, specially lit room. Peter Luger's hits you for \$23.75 (16 oz.), North Shore Steak House demands \$22.95 (16 oz.). **BRUZELLS ONLY CHARGES \$22.75 FOR A SHELL STEAK, 18oz.++ FAR SUPERIOR!!** ...with fresh vegetable & potato of the day.

If you love steaks, Come To BRUZELLS. If "BRUZELLS STEAK" is not as good as, or even better than what you ate at Luger's or North Shore—**!!! refund the cost of your steak!!!**

I'm putting you on notice:

# Consumer Watch: The Air We Breathe

by Kenl Woodruff

Back in the 60's, the rock musical "Hair" popularized a song that included the line... "The air, the air... it's everywhere!" That early environmental protest was a caution that has become a frightening reality, echoed, today, in all-too-frequent media headlines.

Consumer groups, federal, state and local health agencies, and individuals share in the growing concern about the safety of the water we drink and the air we breathe, outdoors, and inside our homes. Asbestos has become a major concern in our schools, offices and residences, as has radon, carbon monoxide and formaldehyde.

The Nassau County Department of Health is preparing a series of consumer fact sheets for residents to better understand how to detect pollutants and protect themselves and their families from these environmental hazards.

Radon, according to the County, is not a danger here on Long Island. The colorless, odorless gas comes from the radioactive decay of radium, a naturally occurring element in the soil and can easily be eliminated by means of simple ventilation.

Of more concern, is carbon monoxide, a product of combustion motors. This gas is a component of auto exhaust, and is also produced by kerosene space heaters, wood or coalstoves, improperly maintained gas ranges and furnaces. Carbon monoxide can affect vision and brain function, and, as levels increase, can cause headaches, irregular heart-beat, nausea, weakness, confusion, and ultimately death.

Health authorities recommend proper ventilation (especially in colder weather when windows are normally closed to prevent heat loss) and underline the importance of keeping combustion appliances in good operating condition and vented while in use. Flues should be cleaned regularly and gas ranges should never be used to heat the home. Doorways and other openings between garage and residence should be as airtight as possible, and vehicles should never be kept running in a closed garage, especially if it is attached to the house.

Improperly vented and maintained kerosene heaters and gas ranges can produce nitrogen oxide and dioxide which can irritate the skin, eyes and mucous membranes. Excessive exposure to high levels of nitrogen dioxide can cause lung damage and chronic lung disease. Again, authorities recommend proper maintenance and ventilation when these appliances are in use.

Asbestos, a mineral fiber used extensively in fireproofing and insulation materials, was in common use prior to 1970. It is most commonly found covering pipes, in ceiling and wall insulation, in vinyl asbestos flooring, and in furnace heat shields. There are varying opinions on the removal of asbestos materials from the home, since disturbance can cause breakage of small fibers, allowing them to become airborne. Experts caution that untrained homeowners should not attempt to remove asbestos, recommending removal or sealing by trained experts to assure that particles do not escape into the environment.

The latest addition to the list of indoor pollutants is formaldehyde. This distinctly pungent chemical is used in binding plywood and particle board, in furniture, draperies and urea-formaldehyde foam wall insulation. As these products age, the amount of vapor released generally decreases. High humidity and excessive heat causes the release of formaldehyde fumes which are highly irritating. It is suggested that the homeowner avoid buying products that contain this chemical and temporarily ventilate rooms which contain new materials containing it. Dehumidification and air conditioning are also effective in reducing formaldehyde levels, and increased air exchange rates may also be effective. The EPA and other agencies are seeing an increase in complaints about this irritant, and new studies are underway to discover its effects and create standards for its use.

There are hundreds of organic chemicals in wide use in the home in cleaners, insecticides, aerosol sprays, paints and hobby materials. Many of these are known to have adverse side effects, and users are strongly cautioned to follow label instructions and

## Conran's...Where Style, Quality and Affordability Converge.

You'll find home and office furnishings to decorate every corner of your life...with affordable, fashionable finesse...at Conran's, 1000 Northern Blvd., Manhasset. The shop is full of exciting home furnishings...sofas and chairs, dhurry rugs, dining room tables, china,

glassware, snap-together storage cubes, halogen lamps, laundry baskets, linens and luxuries...pictured here the Klimt sofa and Altona table, reminiscent of the Arts & Crafts Movement, in clear or black ash, and a solid beech Bentwood coatrack.

(Above) Sleek and scaled down, this Strasse desk gives you three drawers and three storage compartments. Italian dash and high tech engineering keep this Strata bookcase on the straight & even...with concealed steel rods through its uprights, foot levelers on its base. Conran's shops the world for the best designs, quality workmanship, affordability.

Klimt sofa and Altona occasional table evoke the style of the Arts & Craft Movement.

(continued from page 3)

avoid mixing these products together. Household cleansers containing chlorine bleach should never be mixed with others containing ammonia...the resulting fumes are potentially lethal. There are numerous other household chemicals that may be quite safe when used according to label directions, but when combined, can cause dramatic chemical changes and, ultimately physical harm. More is not better, and any harsh chemicals should be used with care and stored safely when not in use.

The increasing popularity of wood and coal burning stoves has led to numerous safety

guides and safety ordinances. There are strong guidelines for installation and location, and several brochures on safety. If you have installed a wood stove, be careful to avoid creosote build-up on flues and chimneys. A controlled, hot fire should be burned for about 15 minutes every day, and air pollution can be kept at a relative minimum by using dry, well seasoned wood.

If you have a question about air pollution, a complaint, or merely want copies of the many fact sheets and brochures available, call the Nassau County Department of Health, Mineola, 535-3233 between 9 and 4:45 daily.

# We're Cleaning Up For The Holidays

**Fabri Seal** cleans more than just the surface. Professional Fiber cleaning that will remove all residue from your carpeting, furniture and draperies.

- Carpets • Draperies • Protective Coatings
- Upholstery

Jericho Design Center

GLASS AND TILE make the most of your space. This black and white bath was designed by Jericho Design Center (325 N. Broadway, Jericho) using narrow, elongated, high gloss ceramic tile on wall and floor, mirror accent tiles, clear glass shower doors and a see-through window to add space, drama and sophistication to a relatively confined master bath.

Martin Cernitz and Tony Parma, owners of Jericho Design Center, and specialists in floor coverings and all phases of home improvement, will put their talented designers and skilled craftsmen to work creating the room of your dreams. Stop into their new showroom where you can choose from hundreds of wall and floor coverings to suit your taste and budget.

Through Rose Colored Glass

Today's homeowners can have the beauty of stained glass throughout their homes with Designer Glass by Stained Glass Overlay.

The process allows intricate designs in limitless color combinations, giving immediate visual and decorative beauty to any room and adding dramatic decorative value to the home.

Designer glass can be used to coordinate a total design theme, can be made to match window decor with fabrics, wallpaper or floor covering patterns. Designs can duplicate a special photograph, a treasured piece of art, a monogram or a family crest.

Beveled or multicolor, SGO complements any decorative style—contemporary, traditional or Art Deco, and seamless construction of Overlay allows builders and homeowners to use decorative glass in places never before considered without the worry of water damage or the loss of cooled or heated air.

Overlay meets or exceeds safety and security requirements set by increasingly

stringent building codes and is especially appropriate for exterior windows, doors and skylights. Colorful designs are applied directly to tempered, safety or dual-paned glass to dress up front entries, sidelights, shower doors, patio doors and room dividers.

Beveled Glass by SGO uses clear 1/4-inch plate glass, cut to the specified pattern and then hand-beveled and polished to shimmering beauty. The fully-leaded, beveled glass panels are available in 27 sizes and over 30 beautiful designs—to fit standard door and window frames—and can be delivered from stock. Or, if desired, SGO's designers will create custom designs to homeowners' specifications. Both multicolored and beveled glass provide a degree of privacy or allow the homeowner to artfully camouflage an unsightly view without blocking out natural light.

Homeowners who are interested in adding designer glass to their homes can call Designer Stained Glass Overlay, Inc. at 334-3550 for a free brochure, or visit the studio at 707 Old Country Road, Westbury.

# Wicker Furniture, More Popular than Ever...

by Keni Woodruff

The warmth and whimsy of wicker furniture has made it a favorite decorative accent since Victorian times, when craftsmen created wicker fantasies of the supple fibers.

Wicker is the process used to make the furniture, the fibers might be willow, birch, rattan or any of a number of pliable natural fibers which are woven loosely around a frame. The process was used as far back as early Egyptian times and the fibers are so

sturdy and bouyant, it was used by ancient seamen to construct seaworthy rafts and vessels (Thor Heyerdahl constructed his "Kon Tiki" out of rattan, utilizing drawings from archeological sites as models).

Pier 1, one of the country's leading retailers of wicker furniture gives the following tips on purchasing and care of wicker:

Check the weave...the tighter it is, the better and longer-lasting the furniture. If you select a natural finish, make sure it has been

lacquered to prolong its life, keep maintenance low and enhance the fiber's finish (run your hand over the piece to check for smoothness). Painted pieces should have two coats of semigloss latex enamel for durability and outdoor use.

Solid weaves are especially durable and are best suited for heavy wear in active environments. If the furniture you have selected is rattan, make sure it was dipped in a sealant prior to painting, as the material's core is porous and must be pretreated to

(continued on page 7)

Pier 1 offers a variety of stylish looks, adds bright colored cushions and pillows to lift the spirits and give a contemporary look to a Victorian setting.

**AMERICAN STANDARD MAKES EUROPEAN ELEGANCE AT HOME IN AMERICA. THE ROMA SUITE. MORE FOR LESS 25% OFF**

(continued from page 6)

assure a long-wearing finish.

Make sure the pieces you select for seating are comfortable where the seat meets the back, especially for dining chairs, and check that seats have enough resiliency to take long-time use without sagging, and move the pieces (especially large ones) to ensure they are lightweight.

Good wicker pieces should last for years, with minimal maintenance. Years ago, it was

felt wicker should be hosed down periodically to keep it pliable...not so anymore.

Use a feather duster or the soft brush attachment of your vacuum to prevent buildup of dust. Wipe down occasionally with a cloth dampened with mild household cleaner and water.

Bentwood styles can take a good furniture polish, and some of the darker rattans take well to lemon oil.

Touch up nicks and scratches in glossy

finished pieces with Old English Scratch Cover on darker colored furniture. Lighter colors can be touched up with diluted white or ivory paint and a clear oil or lacquer finish.

Buri, a Philippine palm commonly used in wicker furniture, should not be polished or waxed under normal conditions.

To tighten loose wrapping, gently unwrap a few turns of the "peel," spread a light coating of glue on the frame, and rewrap

the area using masking tape to hold in place until the glue dries.

Stop by your nearest Pier 1 (Carle Place, Great Neck, Huntington) and pick up their free wicker care pamphlets...you'll find a dazzling display of wicker, wood, brass, crystal and glass to delight the eye and make decorating fun...you'll also find tons of "How to..." pamphlets, covering everything from wicker care to selecting cushions.

Wicker, rattan and glass are year round favorites, adding a sense of whimsical charm to living room, dining room, bedroom or sunporch.

### Fall Gardening Tips:

Autumn is the time to cut back and divide perennials, to give plants a good, slow release fertilizer, to cut back roses, to mulch and to protect evergreens from dehydration. Martin Viette Nurseries offers these fall gardening tips to help you help your garden survive the winter.

Cut perennials 2-3" above soil surface. Pull up all annuals after the first hard frost and destroy all stems and leaves. Rake up leaves and debris and label perennial locations. Tuberous annuals such as dahlias should be dug up and stored.

Cooler ground temperatures make this a good time to divide many of your perennials, do your peonies early. Make sure clump divisions have at least three eyes, and remove all foliage...this puts all the energy into root production and facilitates the rooting process.

Feed your plants to tide them over into spring. Plant Tone is an excellent slow release, organic fertilizer can be put directly into the hole when dividing root clumps, or used on top of the soil for all your plants. Water thoroughly after fertilizing.

Mulching is often confusing. Here are some guidelines:

- Mulch should not be applied until the ground has frozen. Applying before the ground freezes allows the plants to continue to grow, instead of going dormant, weakening the plant.
- Avoid anything that mats and retains water...oak, sycamore and beech leaves are good, maple leaves mat. Straw can be used, but must be properly fluffed.
- Salt hay is the best mulch, although expensive and harder to find. It's light,

loose and contains no weed seeds.

- Hybrid tea roses, floribundas and grandifloras should be cut back. There are two theories: some experts recommend cutting canes back 1/3 to protect against winter kill. Others say you should only prune in spring when you can see how much twig has died and then prune just below that. In either case, keep roses well watered until the ground freezes to allow the wood to ripen, harden and become dormant. Mound up soil 8-10" around each plant. If the plant is exposed to excessive cold and wind, after ground is frozen,

## Approved Dormers

We take pride and deliver results.

If you're thinking about the renovation and rejuvenation of your home, call the experts at Approved Dormers, Inc., the source for your general contracting needs for 30 years. From minor alterations to major renovations, our professional carpenters are concerned with the kind of quality work that results in customer satisfaction. Whether you're interested in dormers, extensions, kitchen and bath work, windows, decks or siding, calling Approved Dormers, Inc., is the proven method for giving your home the lift it deserves.

**Furnishing Your Home ...Impossibly Affordable at Ikea!**

by Keni Woodruff

What's well designed, excitingly contemporary, impossibly low-priced, incredibly well made and comes in a sealed, corrugated carton? Everything you could possibly want to furnish your entire home, apartment, office or dorm!

Ikea, a forty year old tradition in Europe, and relative newcomer to the United States, was conceived in Sweden and has been making high quality, high style interior decorating a cinch for everyone ever since.

The concept is simple...develop a high set of standards, search the world for manufacturers who can produce furniture and accessories that meet those specifications and standards, purchase those products in bulk, set up 'buyer-friendly' showrooms just outside the city (to save money on rent, of course), allow the customer to browse, touch, sit in, lie on, stand on, lift, hold, admire, feel and examine everything they could imagine for their home (and lots of things they never imagined)...have everything in stock so the customer can take it home THAT DAY!

Buyer friendliness is part of the IKEA success package, and the concept extends to the whole family. Every catalog comes with a coupon for a free cup of coffee or cold drink in the in-store restaurant (you've had a long trip, you must be thirsty!), every restaurant offers wonderful Swedish snacks, specialties, children's meals and a just for kids 'Moose Munch'. Then there's the 'ball room', a supervised play area filled with plastic balls to jump in, roll on, slide through, work off their energy in, while you explore. You can borrow a stroller for your tired toddler, a roof rack for your car.

Buyer friendliness is more than an amusing day, it's stress tested products, with full 1-year guarantees. It's child safe window locks, drawer pulls, safety catches, seat belts, corner protectors, furniture balancers (not for kids only), anti slip strips, etc.

It's up-front product labeling, you know what you're getting before you buy it...if it's particleboard, it says so, if it's wood, you know it, no surprises here. It's also amazingly affordable prices on thousands of unusual, usable, excitingly designed products.

Everything at IKEA is flat packed, ready to assemble, complete with easy-to-read step by step instructions, and an allen wrench for quick assembly. The only other tool you

might need is a screw driver and anyone can put the pieces together (this writer bought a ready to assemble dining room table...not from IKEA, unfortunately, but the idea was the same. It took just about an hour to assemble).

There's no drawback to this incredible home furnishings 'supermarket...' unless you don't have a driver's license or a friend to take you to Pennsylvania (the closest IKEA is at Plymouth Meeting, PA (about 2.5 hours from Huntington) and there's one close to opening in Northern New Jersey, another in the planning stages (not for a couple of years, though) in the L.I. area.

Call or write for a full color catalog (Ikea Plymouth Meeting Mall, Plymouth meeting PA 10402 (215/834-1520)

Room for four with plenty of space for more. Just extend the drop-leaf or use the serving table.

A party's position on the ballot is determined by the relative number of votes its candidate for Governor received in the last gubernatorial election.

## STATE-WIDE BALLOT ISSUE

### BALLOT PROPOSAL NO. 1:

#### ACCELERATED CAPACITY AND TRANSPORTATION IMPROVEMENTS OF THE NINETIES BOND ACT

**Explanation:** This proposal, if approved, would authorize New York State to issue \$3 billion of bonds to assure the continued construction, reconstruction, capacity improvement, replacement, reconditioning and preservation of highways and bridges. Any reduction in the amount of state funds appropriated yearly for highway and bridge capital purposes is prohibited. Expenditures are to be divided regionally. New York City and Long Island will each receive 23%, the Hudson Valley 14% and the rest of the state 40%. Within each region, expenditures will be divided among three programs: highways, capacity improvement, and state and municipal bridges. A memorandum of understanding approved by the New York State legislature, will determine the priority of projects to be undertaken.

**Arguments in Support:** Infrastructure deterioration and overcrowded roads are a significant threat to public safety and a deterrent to economic growth. One-third of state bridges are substandard, over one-half of local bridges have structural

deficiencies, and 660 miles of the state highway system have inadequate traffic-carrying capacity. New York State faces an immediate need to reconstruct and improve the existing highway and bridge network, but the state's general operating funds are insufficient to meet this need, and federal highway aid has been reduced. This program will create 38,000 jobs over its four-year life.

**Arguments in Opposition:** New York State's transportation infrastructure is in appalling condition, but a bond issue is not the way to pay for needed improvements. New York State is one of only three states that does not have a dedicated highway fund, created from highway use taxes, motor fuel taxes and motor vehicle fees, and used exclusively for highways and bridges. In the long run, a dedicated fund is less costly to the taxpayer because the need to pay interest on borrowed funds is eliminated. New York State has a debt of \$24 billion, which is higher than that of any other state, and can ill-afford a further debt of \$3 billion plus an anticipated debt-service of another \$2 billion.

## CANDIDATES FOR U.S. SENATE

TERM: 6 YEARS

VOTE FOR ONE

SALARY: \$89,500

### DANIEL P. MOYNIHAN (D,L)

**Education:** B.A., M.A., Ph.D., Tufts University  
**Occupation:** U.S. Senator, 12 years  
**Qualifications:** Former professor of government, cabinet and subcabinet member, ambassador to India, aide to N.Y.S. Governor Averill Harriman; permanent representative to U.N.; author, editor of 14 political science books

### ROBERT R. McMILLAN (R,C)

**Education:** Adelphi University; J.D., Brooklyn Law School  
**Occupation:** Senior partner in law firm  
**Qualifications:** Former counsel to U.S. Senator Kenneth Keating; Nixon aide; Anti-Trust Division of U.S. Justice Department; President Reagan's Advisory Committee on Women's Business Ownership; N.Y.S. Commission on Powers of Local Government

### ADELLE R. NATHANSON (RTL)

**Education:** University of Minnesota, 2 years; Le Cordon Bleu, Paris, 1 year  
**Occupation:** Executive Director of company involved with educational works on bioethical issues  
**Qualifications:** Member—Cardinal Cooke for Life Commission, Child Care Action Campaign and Parents Roundtable; Producer, award-winning documentary; years of seminars, international travel, meetings with public officials on public policy issues

### LYDIA BAYONETA (WORKERS WORLD PARTY)

**Education:** Syracuse University, 2 years; Crouse-Ingving Memorial Nursing School, 2 years  
**Occupation:** Waitress  
**Qualifications:** Member, National Committee of the Workers World Party; born in Philippines, on front lines in struggle against U.S. intervention abroad; has fought against racism and bigotry; has demanded that money for AIDS research be taken from war budget

### JAMES E. HARRIS, JR. (SOCIALIST WORKERS PARTY)

**Education:** High school graduate  
**Occupation:** Chairperson of New York Socialist Workers Party  
**Qualifications:** Active union member, United Auto Workers of America; active in struggle for black rights since 1970's; founding member of National Black Independent Political Party

### WILLIAM P. McMILLEN (LIBERTARIAN PARTY)

**Education:** B.S., Bryant College  
**Occupation:** Division controller of a foods corporation  
**Qualifications:** Chair of Libertarian Party of New York since 1983; Certified Public Accountant, accounting teacher; prisoner, 1965 draft resistance; committed to personal liberty

### CHARLENE MITCHELL (INDEPENDENT PROGRESSIVE PARTY)

**Education:** Associate degree, Herzl Jr. College  
**Occupation:** Bookkeeper, office manager  
**Qualifications:** Member, Board of U.S. Peace Council, Board of Friends of African National Congress, SWAPO and the Frontline States; National Executive Director, Campaign to free Angela Davis; founding director, National Alliance Against Racism and Political Repression.

Information on State-Wide Ballot Issue and U.S. Senate Candidates has been supplied by League of Women Voters of New York State.

## STATE SUPREME COURT JUDGE

TERM: 14 YEARS

VOTE FOR ONE

SALARY: \$95,000

### THOMAS V. MALLON (D)

**Education:** St. Johns University; L.L.B., St. Johns University School of Law  
**Occupation:** Judge, Suffolk County Court  
**Qualifications:** Judge of County Court; former Judge of District Court; former Judge of Family Court; attorney for Town of Smithtown; independent law practitioner

### JOHN G. MCCARTHY (R,RTL,L)

**Education:** B.B.A., St. Johns University; L.L.B., St. Johns University School of Law  
**Occupation:** Judge, State Supreme Court, 10th Judicial District  
**Qualifications:** State Supreme Court Judge, 14 years; former New York State Assemblyman, 12 years; practicing attorney, 23 years

### DOMINIC SANTORO (C)

**Education:** B.B.A., St. John's University; L.L.B., St. John's University School of Law  
**Occupation:** Employed by a defense contractor  
**Qualifications:** Expertise in government contract law; private law practice; chairman, Conservative Party, Town of Brookhaven; Congressional candidate, 1986

## FAMILY COURT JUDGE

TERM: 10 YEARS

VOTE FOR ONE

SALARY: \$95,000

*Question: What would you target as the #1 problem in Family Court today and how could it be remedied?*

### JEROME B. FLEISCHMAN (D)

**Education:** B.A., Rutgers University; J.D., Harvard Law School  
**Occupation:** Acting Judge Long Beach City Court; practicing attorney  
**Qualifications:** Judge, 2 1/2 years; attorney, 32 years.

### JEROME S. MEDOWAR (R,C,L)

**Education:** B.A. L.I.U.; J.D., Brooklyn Law School; M.A., Education, SUNY New Paltz  
**Occupation:** Judge, District Court  
**Qualifications:** Elementary teacher; Family Court Practitioner; School Board Attorney; As District Court

### PAUL F. CALLAHAN (RTL)

**Education:** L.L.B., St. John's University Law School; L.L.M., Brooklyn Law School  
**Occupation:** Private law practice which includes family matters  
**Qualifications:** Member of Grievance Committee of 2nd

**JEROME B. FLEISCHMAN (D)**

trying family law cases among others; former Adjunct Assistant Professor of Law.

**ANSWER:**

Congested calendars delay the delivery of services to the public. The remedies are:

1. create a Special Part to expedite the handling of the most serious child and spousal abuse cases;
2. implement a calendar system whereby a day's caseload is divided into groups, each given a different appearance time to lessen waiting times;
3. increase Court support staff, establish Night Court.

**JEROME S. MEDOWAR (R,C,L)**

Judge presided over cases involving youth and families.

**ANSWER:**

Custody/visitation decisions are difficult to make and more so when there is abuse of one parent by the other in the child's presence. Courts must recognize psychosomatic symptoms in child; fear of violent parent, danger to abused parent or impairment of his/her ability to function. Although reluctant, courts are justified in denying custody, giving supervised visitation rights to the offender.

**PAUL F. CALLAHAN (RTL)**

and 11th Judicial Districts; Trustee, Brooklyn Bar Association; Former president, Catholic Lawyers Guild

**ANSWER:**

Numbers. The Family Court has a great number of family matters to handle, far more than it is equipped to handle. The primary aim of every Judge of the Family Court should be to keep the family together. The main problem can be cured by providing sufficient judges so that each case can be given the time required.

**DISTRICT COURT JUDGE**

*Question: What do you consider the prime qualifications for an outstanding District Court Judge?*

**SECOND DISTRICT COURT  
Town of Hempstead and Long Beach**

**TERM: 6 YEARS**

**VOTE FOR TWO**

**SALARY: \$84,000**

**SAUL I. WEINSTEIN (D)**

Woodmere  
**Education:** B.A., Syracuse University, J.D., University of Pennsylvania Law School

**Occupation:** Attorney  
**Qualifications:** Practicing attorney 31 years; Special Master, Supreme Court of NY; Admitted U.S. Supreme Court; Guest lecturer Pace Univ., SUNY/ Buffalo Law Schools

**ANSWER:**

All judges must possess knowledge, judgment and patience in order to fully absorb the matters before them. Their education, wisdom and experience acquired over many years at the bar must have them adhere to the credo "knowledge alone is not enough ... the important thing is to have the judgment to use it wisely ... and the wisdom to use it justly."

**IRA J. RAAB (D,RTL,L)**

Woodmere  
**Education:** B.B.A., City College of NY; J.D., Brooklyn Law; M.P.A., New York University; M.S., Long Island University  
**Occupation:** Attorney-arbitrator, 31 years  
**Qualifications:** Small claims arbitrator, 18 years; Nassau Supreme Court Hearing Officer, 6 years; NY Supreme Court Special Master, 10 years

**ANSWER:**

The District Court handles Small Claims, Landlord Tenant, Civil, and Misdemeanor Criminal Cases. An outstanding judge should have trial experience in these areas, a well-rounded education, fairness and understanding balanced by proper judicial temperament, and ability to write scholarly decisions. He should give appropriate sentences to fit crimes, and dispose of court calendar promptly and fairly. An outstanding judge dispenses substantial justice.

**RALPH P. FRANCO (R,L)**

Freeport (Incumbent)  
**Education:** B.A., Brooklyn College; J.D., Brooklyn Law School  
**Occupation:** Nassau County District Court Judge

**Qualifications:** Former Freeport Village Court justice; former Deputy County Attorney; former Law Secretary to Supreme Court Justice (Nassau); lecturer; former president, Nassau County Magistrates Association

**ANSWER:**

A judge should have experience as a practicing attorney and keep abreast of laws; be aware of his community; actively recommend changes in laws to legislature. Should be fair, firm and compassionate, determining cases on basis of merit, not from outside pressures/influences. The Courts should be used to educate the public and develop a respect for law in our youth.

**DANIEL PALMIERI (R)**

Garden City  
**Education:** B.A., St. John's University; J.D., St. John's University Law School  
**Occupation:** Attorney

**Qualifications:** 6th in law school class; author and lecturer; arbitrator. American Arbitration Association; partner in law firm

**ANSWER:**

Respect for the law and the capacity to treat all who come before him with courtesy, dignity and respect, legal experience, ability and intelligence tempered with patience, tolerance and understanding.

**SECOND DISTRICT COURT (CONT.)**

**MICHAEL A. FIECHTER (C)**

North Bellmore  
**Education:** B.A., Hunter College; J.D., New York Law School  
**Occupation:** Attorney

**Qualifications:** Four years of trial experience with Nassau County District Attorney's office; four years of civil trial experience; preparation and argument of post-trial appeals before the Appellate Division

**ANSWER:**

Respect for the Rule of Law and an understanding of judge's role as one who applies rather than makes law. Dedication to see to it that the correct law is applied. Commitment to fair treatment to all who come seeking justice. Experience with and understanding of the principles of civil/criminal trial practices. Ability and fortitude to make difficult legal decisions.

**FRANK N. DERRICO (C)**

Garden City  
**Education:** B.A., Fordham University; J.D., St. John's University Law School  
**Occupation:** Partner, general law practice  
**Qualifications:** 12 years private practice; former trial counsel to liability insurance carrier; appointments by State courts to incompetency, estate proceedings; past president, Columbian Lawyers Assn.

**ANSWER:**

The most necessary requirement for a successful judicial career is knowledge of the law through the experience of practice. A graduate of any local law school will demonstrate a knowledge of law; it is the understanding of the law, how it works and affects people's lives which is the essential tool of the judiciary. This understanding is acquired by "practice."

**ALFRED J. SKIDMORE (RTL)**

Levittown  
**Education:** B.A., Mt. St. Mary's College; J.D., St. John's University Law School  
**Occupation:** Attorney

**Qualifications:** General law practice including trial and appellate cases in US Supreme Court, US Second Circuit Court of Appeals, US Southern District, Eastern District Courts of NY

**ANSWER:**

The prime qualifications for a district court judge, as for any other judgeship, are integrity, knowledge of and practical experience in the law, including not only trial and appellate work, but also counseling and advice on legal matters and understanding of the practical aspects of life in all phases of the law.

**FOURTH DISTRICT COURT  
Town of Oyster Bay and Glen Cove**

**TERM: 6 YEARS**

**VOTE FOR ONE**

**SALARY: \$84,000**

**JOEL B. MEIROWITZ (D)**

Glen Cove  
**Education:** B.S., SUNY Oswego; J.D., Suffolk University Law School

**Occupation:** Private practicing attorney, 12 years  
**Qualifications:** Arbitrator, Nassau District Court; referee; receiver, Nassau Supreme Court; former City Attorney, Glen Cove; special counsel, NYS Dept. Transportation, court-appointed criminal defense counsel, law guardian

**ANSWER:**

The District Court is the place where an individual first encounters the judicial system. It is a "people's court" - landlord/tenant, small claims, traffic violations and misdemeanor crimes. A District Court Judge must be fair, firm, compassionate and understanding. My experience as Glen Cove City Attorney has exposed me to problems from "dog at large" complaints to toxic spills and environmental litigation.

**KENNETH S. DIAMOND (R,L,C)**

Westbury  
**Education:** B.A., C.W. Post College; J.D., SUNY Buffalo Law School

**Occupation:** Attorney; Oyster Bay Councilman  
**Qualifications:** Former legal Counsel to Sen. Marino and Senate Committee on Crime & Correction; Counsel to South Farmingdale Fire Dept., honored by community, charitable organizations.

**ANSWER:**

An outstanding District Court Judge displays judicial temperament under all circumstances and is able to work effectively with lay persons and attorneys to solve problems. A judge has done an outstanding job when, regardless of the Court's actions, all litigants and counsels leave the courtroom believing justice was dispensed fairly and impartially, and that all have had their day in court.

**GEORGE P. ESERNIO (RTL)**

Glen Head  
**Education:** B.B.A., St. John's University; J.D., New York Law School  
**Occupation:** Attorney

**Qualifications:** Practicing attorney, 18 years; specializing in matrimonial and family law before Family Court, Supreme Court and Appellate Division; extensive experience in commercial litigation.

**ANSWER:**

Legal education and experience in Court system. Next most important characteristic is temperament. District Court is the first experience most people have with judicial system. Important for judge to be patient with those who come before him. This is not easy due to case backlog, but just as justice delayed is justice denied, so too then is justice too quickly administered.

# CANDIDATES FOR U.S. CONGRESS

Questions: 1. What is the government's role in providing access to quality health care?  
2. What is the most pressing foreign policy issue? What U.S. government response to this issue do you propose?

## 3rd CONGRESSIONAL DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$89,500

**ROBERT J. MRAZEK (D)**Centerport  
(Incumbent)

**Education:** B.A., Government, Cornell University  
**Occupation:** Representative, U.S. Congress

**Qualifications:** U.S. Congressman, three terms; member of House Committee on Appropriations; former four-term member of Suffolk County legislature, former staff member of U.S. Senator Vance Hartke.

**ANSWERS:**  
1. The federal government should fill those gaps that now exist between private insurance programs and federal programs. Congress has made progress in this area by approving catastrophic health coverage, providing for those facing long-term debilitating illnesses and reducing the cost of prescription drugs. Additionally, Congress is likely to enact legislation to cover nursing-home and home health care for the elderly.  
2. The negotiation of a verifiable strategic arms control agreement is the most important foreign policy challenge that we face today. The U.S. needs to make a common sense, constructive commitment to pursuing a verifiable strategic arms agreement based upon on-site inspection and new verification technologies.

**ROBERT PREVIDI (R,C)**

Manhasset

**Education:** B.A., Economics, Hunter College; M.A., City University of New York; Hunter College Hall of Fame  
**Occupation:** Vice President, Banking  
**Qualifications:** Author of book, CIVILIAN CONTROL VERSUS MILITARY RULE

**ANSWERS:**  
1. The government's role is to make sure all Americans are covered against catastrophic illness, care for nursing homes and care at home. Information, particularly on preventing illness, must be made available to the public. America deserves the best health care in the world, and federal, state, and local governments must work together to achieve effective implementation.  
2. Our recent success around the world is a direct result of our strong defense. We must continue using this strategy to achieve further nuclear reductions with the Soviets, peace in the Middle East, and we must get the Communists out of Nicaragua the way we did with Afghanistan. We must fix corruption in the Pentagon while still keeping America strong.

**ROBERT J. CONSIDINE (RTL)**

Huntington

**Education:** B.S., Economics, Hofstra University; M.B.A., C.W. Post College  
**Occupation:** Human Resources Executive  
**Qualifications:** As a Human Resources professional, I have serviced many people with various levels and types of needs, both within and external to the work place.

**ANSWERS:**  
1. To eliminate funding for abortions and to provide services to foster health, especially among the poor.  
2. To stop providing funding for abortions in third world countries.

**ANTHONY J. SIGNORELLI (L)**

Huntington

**Education:** Huntington High School  
**Occupation:** Car Salesman  
**Qualifications:** Longtime interest in politics; has run in previous elections.

**ANSWERS:**  
1. I believe in a national health policy similar to Senator Kennedy's proposal. It should be mandatory for all employers to have a health policy on all employees.  
2. The Middle East conflict. We should get all parties to sit down together to draw up a peaceful solution that will keep everybody happy.

## 4th CONGRESSIONAL DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$89,500

**FRANCIS T. GOBAN (D,L)**

Hicksville

**Education:** B.S., Fordham University; U.S. Air Force training

**Occupation:** Former owner, plastic packaging film plant; present consultant, Waste Management Industry

**Qualifications:** Democratic Committeeman, worked on political campaigns; former Boy Scout Scoutmaster, parish youth director, retired USAF captain

**ANSWERS:**  
1. To oversee. By this I mean to provide pricing (fee) guidelines, to make sure that insurance companies provide coverage to all at reasonable rates (group vs. individual), and to help set a program to prevent bankruptcy to a patient.  
2. USA-USSR Relations. I recommend setting up mutual information and exchange programs on cultural, economic, financial, manufacturing and military matters, thus encouraging and promoting more understanding and less fear and distrust of each other. This then should bring about cooperative efforts on peace, armaments, drugs, trade, etc.

**NORMAN F. LENT (R,C)**Baldwin  
(Incumbent)

**Education:** B.A., Hofstra University; J.D., Cornell University Law School  
**Occupation:** U.S. Representative, 4th Congressional District

**Qualifications:** Attorney; former Republican State Committeeman; former Republican Executive Leader

**ANSWERS:**  
1. We, in the federal government, are committed to providing all Americans access to quality health care. This commitment is demonstrated through the expansion of health care programs such as Medicare which has enjoyed a 274% increase in funding since 1981. By promoting the vitality of Medicare, Social Security and other social welfare programs, we are ensuring access to quality medical care.  
2. We must continue to promote the peace enjoyed during the seven years of this administration and to foster democratization worldwide. The most notable positive development is our renewed good relations with the Soviet Union and the continuing dialogue on arms control and human rights. Other encouraging news is the settlement of the Iran/Iraq war, and the Soviet withdrawal from Afghanistan.

**MARGARET T. McGEARY (RTL)**

Bethpage

**Education:** Our Lady of Sorrows, Flushing High School  
**Occupation:** School Crossing Guard, 20 years  
**Qualifications:** Married 37 years; mother of 5; former president, Families for Life; former member, Parish Council; member, State and Judicial Committee. Right to Life Party.

**ANSWERS:**  
1. The enactment of a catastrophic health plan would improve the quality of health care for everyone. Legalized abortion, however, means certain death for 1½ million babies each year. We must reverse Roe v. Wade. I find it ironic that we are so concerned about the health and welfare of some citizens while at the same time legally and mercilessly killing babies.  
2. We need an immediate change in foreign policy regarding the granting of financial aid to countries which export drugs to the U.S. Bolivia's chief crop is coca leaves from which cocaine is made. We should immediately halt all our exports to Bolivia and stop "loaning" them money, if we are sincere about trying to solve our drug problem.

## 5th CONGRESSIONAL DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$89,500

**WILLIAM G. KELLY (D)**

Hempstead

**Education:** B.B.A., Notre Dame; J.D., Brooklyn Law School

**Occupation:** Trial Attorney

**Qualifications:** Lifelong resident of district, married, two children; investigator for Joe Hynes, Special State Prosecutor, Nursing Home Investigations; intern, Brooklyn District Attorney's office; Managing Attorney for major insurance company

**ANSWERS:**  
1. The government's role is twofold. First is the responsibility for making sure that properly staffed facilities and sufficient medical personnel are available to provide effective health care to everyone who needs it. Second is the equal responsibility of ensuring that the health care which is provided meets the reasonable standards that every citizen has the right to expect.  
2. The U.S. has many pressing foreign policy obligations, from negotiations with the Soviets over nuclear weapons, to assisting important allies such as Israel and NATO. But the most pressing concern is the flood of illegal drugs from abroad. If we hypocritically support druglords because they control another nation (Panama), our children will surely ignore our message that drugs are harmful.

**RAYMOND J. McGRATH (R,C)**Valley Stream  
(Incumbent)

**Education:** B.A. in Education, SUNY Brockport; M.A., Education, New York University  
**Occupation:** U.S. Representative, 5th Congressional District

**Qualifications:** Member of Congress, 4 terms; Member of New York State Assembly, 2 terms; active participant in numerous civic organizations, charitable endeavors

**ANSWERS:**  
1. We should continue federal role in financing medical care for 50 million Americans through Medicare and Medicaid. The two programs will cost \$110 billion in 1989. Coverage will be expanded through a catastrophic illness plan, which I supported. Further federal initiatives should not be undertaken until we control the costs of existing programs and determine the cost of the new catastrophic plan.  
2. Issue: The need for stable international trade. Through free trade agreements and policies such as the Caribbean Basin Initiative, the U.S. can improve existing relationships. We can also open opportunities for developing countries, which are ripe for turmoil as long as their citizens live in terrible poverty. Helping these nations achieve economic independence is a major contribution to international stability.

**JAMES A. MATIER (RTL)**

Lynbrook

**Education:** Graduate, Far Rockaway High School; 2 years, Long Island University

**Occupation:** Electrician

**Qualifications:** Former chairman, currently member of Parish Council

**ANSWERS:**  
No response received.

## 8th CONGRESSIONAL DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$89,500

**JAMES H. SCHEUER (D,L)**

Douglaston  
(Incumbent)

**Education:** B.A., Swarthmore College; degree in industrial relations, Harvard University Graduate School of Business Administration; LL.B. Columbia University Law School

**Occupation:** U.S. Representative, 8th Congressional District

**Qualifications:** 22 year incumbency

**ANSWERS:**

1. With 37 million Americans lacking even basic health care insurance, government must provide leadership to insure universal access to the total array of medical services, including preventive health care and long-term care. Government must insure that the vast sum of money spent annually on health care is spent wisely to cover the gaps in coverage that currently exist and to maintain quality services.
2. The need for a mutual and verifiable reduction of nuclear weapons must remain a top priority for our government. We must continue to forge ahead with negotiations with the Soviets to insure that our world will never suffer the devastation of a nuclear holocaust.

**JOHN C. VECCHIONE (C)**

Forest Hills

NO RESPONSE RECEIVED

## CANDIDATES FOR N.Y. STATE SENATE

- Questions:** 1. What is the role of the state in meeting the need for affordable housing?  
2. What further state action, beyond the Solid Waste Management Act 1988, would you recommend to solve the solid waste problem?

### 5th SENATORIAL DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

**ROBERT M. MACHIDA (D)**

Glen Cove

**Education:** B.A., Maryknoll College, philosophy; M.A., Adelphi University, education; M.A., C.W. Post, political science

**Occupation:** Educator

**Qualifications:** Involved with affordable housing - garden apartments; Union executive board, 2 years; environment - marched against chemical dumping; anti-Shoreham stand

**ANSWERS:**

1. There are three possible avenues that warrant consideration as far as meeting the needs for affordable housing. State subsidy of mortgage interest rates; an amendment to the state constitution allowing counties to construct affordable housing (taking into account environmental factors); allowance of rent stabilization throughout New York State.
2. Serious consideration must be given to forming a Statewide agency dealing with a "recycling" policy. Included in such a policy would be economic incentives for implementation. Mass burn incineration is certainly not the answer.

**RALPH J. MARINO (R,C)**

Syosset  
(Incumbent)

**Education:** B.A., Syracuse University; LL.D., Fordham Law School

**Occupation:** Attorney

**Qualifications:** Chairman, Temporary State Commission on Tax, Liens and Mortgage Frauds, Joint Legislative (later Select) Committee on Crime, Senate Banks Committee; former member, Oyster Bay School Board, Town Board

**ANSWERS:**

1. While continuing targeted private sector tax and loan incentives, the State should expand support for Affordable Home Ownership Corporation's housing, stock improvement programs and SONYMA's low interest mortgage loans. Retain housing as a priority use of Infrastructure Fund revenues. Initiate IRA-type savings programs for the first-time homebuyers. Give surplus State land to developers on condition they cut cost of home to the public.

**PAMELA M. WATSON (RTL)**

Huntington

**Education:** Attending Nassau Community College

**Occupation:** Student

**Qualifications:** Former candidate for 10th Assembly District

**ANSWERS:**

No response received.

**WILLIAM GIBBONS (L)**

Locust Valley

**Education:** High school graduate; Cornell University extension courses on labor-management relations

**Occupation:** Laboratory technician

**Qualifications:** Past union president

**ANSWERS:**

1. The housing problem is not something that surfaced just yesterday. The incumbent legislators have helped create the problem rather than solve it. The state must not only monitor the abuses, but must work with landlords who are entitled to a fair return, as well as tenants who deserve respectability. This can be accomplished by subsidy, construction and/or inspection.
2. As a lifelong resident of Long Island, I remember a time when you could swim at our beaches, drive on unclogged highways, breathe the air, and drink the water. The most obvious solid waste are the legislators who have stood by and done nothing over the years. They must be replaced by candidates who have a true concern for the environment of our island.

2. Create a Waste Reduction Board; fund regional recycling demonstration programs, promote markets for recycled products; study waste tire reuse; promote biodegradable packaging; provide matching funds for mandated retrofits of solid waste facilities; extend payback schedule for landfill closure loans (1986 Bond Act); matching funds for certain construction (recycling centers, transfer stations, etc.); and upgrade enforcement of current environmental laws.

### 6th SENATORIAL DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

**COURTNEY G. FLEMING (D)**

Garden City

**Education:** B.S., Economics, Villanova University

**Occupation:** Management Analyst, Nassau County Gov't Office Services

**Qualifications:** 1953-1968 Owner, operator home insulating products company; 1968 to present, assisted in design, operation of first automated inventory control, Nassau County, Democratic State Committeeman

**ANSWERS:**

1. I would like to see the state legislate low interest mortgages guaranteed by the state, making this mortgage palatable to our lending institutions. It should require a sliding scale of downpayments from about 5% to 15% to be available to lower income, middle class and senior citizens. A state subsidized mortgage plan should be available on a major scale.
2. The State should set up legislative standards for safe effective disposal of solid waste. Municipalities now are building all kinds of waste disposal plants without such guidelines. Officers, as well as the corporation itself, should be held personally liable for illegal dumping, etc. Mandatory recycling standards should also be enacted.

**JOHN R. DUNNE (R,C)**

Garden City  
(Incumbent)

**Education:** B.A., Georgetown University; LL.B., Yale University

**Occupation:** New York State Senator

**Qualifications:** N.Y. State Senator - 23 years; Deputy Senate Majority Leader; Former Chairman, Senate Judiciary Committee, Environmental Conservation Committee, Insurance Committee, Crime and Corrections Committee

**ANSWERS:**

1. Providing affordable housing for young families and elderly is particularly difficult in Nassau County where we are blessed with a thriving economy but hindered by very high housing costs. To deal with this crisis the Legislature approved \$326 million for development of affordable housing statewide. The monies will be divided among new and existing state programs to help provide for critical housing needs.
2. Solving the solid waste crisis requires a state-local government partnership. The Solid Waste Management Act provides technical and some financial assistance to localities for programs aimed at reducing solid waste. State must do more to help close landfills, site alternate disposal facilities, develop markets for recyclable products, and with federal government offer financial help to pay for Solid Waste Management Programs.

**SUSAN HELLDORFER (RTL)**

Bethpage

**Education:** Accounting major, St. John's University

**Occupation:** Bookkeeper, credit rating bureau

**Qualifications:** Candidate, Town Council Oyster Bay 1987; Experience in legal research from previous employment. Leader of organizations both inside and outside the community.

**ANSWERS:**

1. Housing should be made readily available to people of low income, minorities, and seniors while maintaining community quality. State, local and federal government should provide qualified developers with zoning variances, low interest loans and tax incentives to motivate them to provide affordable units. There should be moderate construction of multiple-unit housing and approval of legalized two family dwellings where community approval exists.
2. Solid waste must be properly managed to protect health and the environment. Reduce volume of solid waste through source separation and recycling. Public and private sector should conserve and reuse, not discard, materials. Further research and development of programs to convert waste to energy is needed. The State can provide technical assistance to local programs and enhance its own solid waste management programs.

**PAUL F. HARPER (L)**

Hempstead

**Education:** B.A., University of Pittsburgh; Ph.D., Cornell University

**Occupation:** University Professor

**Qualifications:** Professor and department head, politics and government; U.S. Air Force, 1951-1955

**ANSWERS:**

1. With home rule sacrosanct at the lowest level, the State has little influence. The legislature should provide counties with some powers to build moderate and low-income housing. The State could provide more financial aid for small-scale, scattered site housing, public and private. With stronger fair-housing law enforcement, this would also help ameliorate ghettoization of our suburban poor and minorities.
2. Towns and villages are reluctant to impose mandatory garbage separation for recycling; legislation requiring statewide mandatory recycling will make it easier to implement this proven and significant waste reduction method. Sharply increase the budget for the underfunded State Department of Environmental Conservation to effectively enforce existing environmental laws. Raise fines, for polluting beyond the "acceptable business expense" level.

## 7th SENATORIAL DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### BARBARA J. JOHNSON (D)

Port Washington  
**Education:** B.A., New York University; J.D., Seton Hall University; M.B.A., Pace University  
**Occupation:** Lawyer  
**Qualifications:** Practicing attorney, specializing in labor relations, collective bargaining and litigation; involved in Korean adoptions and job training for welfare mothers

**ANSWERS:**

- The shortage of affordable housing requires a committed effort by the legislature to find a solution. \$326 million has been earmarked for housing in the state. Government should use these funds in most effective manner such as providing low-interest mortgages and encouraging private sector to play a more direct role and adopt Democratic proposal for construction loan insurance which would provide affordable housing.
- The problem of waste management is presently dealt with on local, municipal levels. This has created expensive and overlapping agencies whose activities lack coordination. The state's new guidelines are helpful but more needs to be done. Reliance on incineration is environmentally unsound. We need a state-wide recycling plan. This would enable municipalities to establish resource recovery systems and marketable recycled materials.

### MICHAEL J. TULLY, JR. (R,C)

Roslyn Heights  
 (Incumbent)  
**Education:** B.A., St. John's University; J.D., St. John's University Law School  
**Occupation:** New York State Senator  
**Qualifications:** Former Assistant District Attorney, Nassau County; North Hempstead Town Councilman, 1967-71; Town Supervisor, 1971-82; State Senator, 1982-present

**ANSWERS:**

- To help meet the need for affordable housing for young families and senior citizens, the Legislature approved \$326 million for specific housing programs, including \$40 million for the Affordable Home Ownership Program. In addition, the Senate authorized housing and development powers for counties, such as Nassau, within the framework of existing zoning ordinances.
- Mandated recycling and resource separation are an initial must to reduce the mountain of solid waste. I sponsored legislation banning non-biodegradable plastic packaging. And, the Senate passed my bill establishing tough, new "California Style" air emission standards for municipal incinerators. I authored the law precluding the Port Washington sandpits from being used as a regional ashfill site.

### CATHERINE M. MALONE (RTL)

Westbury  
**Education:** St. Dominic High School graduate  
**Occupation:** Homemaker, legal secretary  
**Qualifications:** Family and community life experience, 41 years; legal secretary; lobbyist; newsletter editor; state committeewoman, RTL Party; former president and treasurer of pro-life organization

**ANSWERS:**

- The state should consult /advise with area housing experts and community members to fix priority needs; assist monetarily (loans/grants) where emergency exists; halt OVERUSE of available land for malls/office buildings. The state must stop using taxpayer monies (through Medicaid abortions) to exterminate pre-born babies from their first home, the womb.
- New York State has to strictly enforce its regulations to protect the environment; be consistently vigilant; punish violators promptly, issuing stiff penalties; establish a citizen "hotline" to report violations; continue research to purify incinerator disposal. New York State has to stop funding Medicaid abortions which treat pre-born life as human garbage.

## 8th SENATORIAL DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### JEROME JAINCHILL (D)

North Bellmore  
**Education:** B.A., M.A. in Genetics, Ph.D. in Biological Science, New York University  
**Occupation:** Science educator, pharmaceutical consultant  
**Qualifications:** Pharmacological research at major pharmaceutical company; developing and improving medicines; medical research in cancer and viruses; detection of drug abuse programs

**ANSWERS:**

- Long Island families must have the opportunity to live as families. Young couples should be able to find homes to keep them near their parents. A better program for first-home buyers is needed. Senior citizens living on fixed incomes should have freedom from financial worries of high taxes and mortgage payments. State backing of "reverse mortgages" is one step in this direction.
- The greatest current problem in solid waste disposal is the attempt by local Long Island municipalities to postpone the closing of garbage dump sites. The town officials are dragging their feet instead of instituting recycling programs which will reduce a large percentage of our garbage. The countdown on spoiling of our water supply has been started.

### NORMAN J. LEVY (R,C)

Merrick  
 (Incumbent)  
**Education:** B.A., Bucknell; J.D., Brooklyn Law School  
**Occupation:** New York State Senator and attorney  
**Qualifications:** State senator, 18 years; sponsor of over 900 new laws; chairman, Senate Transportation Committee, and Senate Special Task Force on Drink Driving

**ANSWERS:**

- To provide financial incentives to be used with private and local governmental investment to encourage affordable housing subject to local zoning, through grants, technical assistance and/or loans for construction, rehabilitation or improvements of over-occupied housing. Through programs such as Affordable Home Ownership Development Program and Housing Trust Fund, state's commitment to affordable housing is nearly one-half billion dollars this fiscal year alone.
- In addition to co-sponsoring the 1988 Act, I have co-sponsored legislation which would provide up to 50% state funding to localities for construction of recycling centers, transfer stations and waste-to-energy plants and allow the cost that localities face in closing landfills to be included in the financing of new facilities. The Assembly should pass this program and the Governor should sign it.

### JOHN J. DUNKLE (RTL)

Freeport  
**Education:** B.A., Holy Cross College; M.A., New York University; Ph.D., St. John's University  
**Occupation:** High school English teacher  
**Qualifications:** Long history of involvement in politics

**ANSWERS:**

- I take no public stand on any issue except legal abortion. I believe we are all involved in the massive killing of innocent people. This public murderous policy dwarfs all other issues.

### JOSEPH S. BILELLA (L)

Bellmore  
**Education:** B.F.A., New York Institute of Technology; M.S. in Special Education, Adelphi University; teaching credentials  
**Occupation:** Junior high school teacher  
**Qualifications:** Lifetime resident of Bellmore who's not owned by the Democratic or Republican parties, who cares about his community

**ANSWERS:**

- I believe that the state has a very important role in helping its citizens find affordable housing. I am in favor of a system of rent control similar to New York City's, for the entire state. We are losing our young people because they cannot find any place to live.
- The problem of solid waste will not be solved by just the 1988 Act. We have to investigate other means of removing our garbage. I am in favor of mandatory recycling similar to that found in some areas of New Jersey.

## 9th SENATORIAL DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### ROBERT E. SLATUS (D)

West Hempstead  
**Education:** B.A., Hunter College; J.D., Brooklyn Law School  
**Occupation:** Attorney-at-law  
**Qualifications:** Former legal counsel to State Senator Albert Lewis, 1973; former president of Community Association of West Hempstead; former teacher, chapter chairman of United Federation of Teachers

**ANSWERS:**

- The state legislature should pass legislation making each county responsible for affordable housing and not the village or locality. The state should increase funds for the present program of subsidizing low interest mortgage loans for first-time home owners; work with county and local villages in establishing affordable housing. The county and localities should also be encouraged to build suitable housing for senior citizens.
- We must establish committees to define toxic waste and then act accordingly. We must encourage county and localities to recycle waste. The bottle return program should be expanded to include bottles for items other than just soda bottles. Packaging laws should be enacted limiting the number of wrappings of one package. We should eliminate the production of non-biodegradable packaging.

### DEAN G. SKELOS (R,C)

Rockville Centre  
 (Incumbent)  
**Education:** B.A., History, Washington College; J.D., Fordham University Law School  
**Occupation:** New York State Senator  
**Qualifications:** State senator, 4 years; former Assemblyman; Chairman, Senate Standing Committee on Aging; prime sponsor of State Prescription Drug Program for senior citizens, 1986

**ANSWERS:**

- The state, as well as our federal and local governments, has an obligation and responsibility to provide programs that will assure all individuals have the opportunity to find affordable housing for themselves and their families. Over the past several years, the legislature has enacted several housing development programs and authorized various incentives to help encourage the building and rehabilitation of affordable housing.
- While the 1988 Act is an important first step toward forming a state/local partnership in solid waste management, the state must expand its role in addressing this serious problem. Legislation I co-sponsored earlier this year would have provided 50% state funding to localities for construction of recycling centers, transfer stations, landfills and waste-to-energy plants. Localities cannot bear the burden of this problem alone.

### JOAN M.

### McDERMOTT (RTL)

Lynbrook  
**Education:** High school graduate  
**Occupation:** Homemaker  
**Qualifications:** State Assembly candidate, 1982; State Senate candidate, 1986; over-riding interest in good government

**ANSWERS:**

No response received.

### JACK OLCHIN (L)

Hewlett  
**Education:** B.A., New York University; L.L.B., New York University School of Law  
**Occupation:** Deputy County Attorney, Nassau County  
**Qualifications:** Former Nassau County Deputy Clerk, Deputy County Treasurer; Deputy County Attorney since 1971; State Vice-Chairman, N.Y.S. Liberal Party

**ANSWERS:**

- I support a constitutional amendment to enable counties to build affordable housing. At the present time, the New York State Constitution prohibits a county from building affordable housing which is so necessary for young people and senior citizens.
- There are no provisions in the Act for mandatory recycling and no enforcement powers. In approving the bill, Governor Mario Cuomo stated: "The monies in this appropriation are insufficient to meet the recycling and landfill closure needs of the many local governments throughout the state." I call upon the legislature to carry out the recommendations of the Governor in this respect.

TERM: 2 YEARS

**11th SENATORIAL DISTRICT**

SALARY: \$57,500

VOTE FOR ONE

**FRANK PADAVAN (R,C)**

**EDWARD NICASTRO (D,L)**

Hollis Hills

Education: B.A., St. John's University; M.A., New School for Social Research; J.D., University of Bridgeport School of Law

Occupation: Administrative Manager

Qualifications: Official declared whistle blower by the Department of Investigation (N.Y.C.) for exposing corruption

ANSWERS:

1. The State must construct low income housing and expand low interest housing loans for middle class.
2. There must be a stronger state environmental police force establishment. Alternative waste disposal programs must be created.

Queens Village  
(Incumbent)

Education: B.S., Brooklyn Polytechnic University; M.B.A., New York University  
Occupation: New York State Senator

Qualifications: 16 years service as Senator; Four years as Deputy Commissioner, New York City Department of Buildings; 14 years in engineer-management positions.

ANSWERS:

1. The State helps local housing needs through agencies such as SONYMA; by subsidizing public housing agencies, encouraging the rehabilitation of existing housing stock through tax incentives. This year, I voted to extend and enhance the bonding authority of SONYMA so young families can get mortgages. I am pleased to have sponsored the State law creating New York's Homeless Housing Assistance Program.
2. Localities are in a dilemma. They are prohibited from using existing landfills but they are not getting enough State assistance in bringing on line new, safe disposal facilities. Until the new law that I co-sponsored produces effective separation, recycling and reuse programs that bring disposable wastes down to manageable levels, the State must help localities with their soaring disposal costs.

**CANDIDATES FOR N.Y. STATE ASSEMBLY**

- Questions: 1. What is the role of the state in meeting the need for affordable housing?  
2. What further state action, beyond the Solid Waste Management Act 1988, would you recommend to solve the solid waste problem?

TERM: 2 YEARS

**12th ASSEMBLY DISTRICT**

VOTE FOR ONE

SALARY: \$57,500

**JOAN S. WILPAN (D,L)**

Farmingdale

Education: B.A., New York University; J.D., Georgetown University Law Center

Occupation: College Professor, 1986-present

Qualifications: Former Assistant U.S. Attorney (Federal Prosecutor) 1972-76; Sole Practitioner of Law, N.Y.C., 1976-79; Trial Attorney, Civil Litigation, large private law firm, N.Y.C., 1979-84

ANSWERS:

1. State should sponsor low interest housing loans to first homeowners (family income not exceeding \$50,000) and encourage construction of affordable and reasonable cooperative housing in areas where environment is not threatened. Continued building of \$250,000 - \$300,000 per unit condominiums does not serve the needs of the existing population, creates severe environmental problems and drives out the young and senior citizens.
2. State should pass legislation to unify solid waste disposal standards and plan long-term regional solutions. Plan should include mandatory recycling program (with enforcement mechanisms) aimed at least half of wastes. State legislation should tax manufacturers who engage in excessive or non-recyclable packaging. Only as last resort should incinerators be built according to state plan minimizing number, and siting in least populated areas.

**PHILIP B. HEALEY (R,C)**

Massapequa

Education: B.B.A., St. John's University; M.B.A., C.W. Post College; attended St. John's Law School

Occupation: Assemblyman and Consultant

Qualifications: My experience in legislative matters and activities in the area enables me to be effective in responding to the community.

ANSWERS:

1. Support of state guaranteed low interest mortgages for first time home buyers. Stop overdevelopment of useful land for unnecessary malls and office buildings. Construction of senior citizen housing has been successful, and middle class housing can be done similarly. Tax credits to corporations to build affordable middle class housing. Remove stigma of "illegal" rentals and provide tax benefits to senior citizens who rent a portion of their homes to young couples.
2. Set up State standards for recycling. Incentives for communities who participate in recycling programs. Set up community-based educational programs to explain management of solid wastes. Incorporate state regulated recycling facilities. Stricter packaging regulations and stiff fines to those corporations who disregard existing laws.

**MARIANN E. SYKES (RTL)**

Massapequa Park

Education: Attending Nassau Community College

Occupation: Teacher's assistant at school for deaf swimming coach/lifeguard

Qualifications: Town resident, 30 years; active in church, school, community groups

ANSWERS:

1. The state must take an active role in helping to provide affordable housing. I don't agree with providing free housing for those who do not work. There are many jobs to be done in this town and the possibility of hours of community service in exchange for a reduction in rent might be one answer.
2. I would support a ban on non-essential non-biodegradable products such as styrofoam and plastics. I fully support expansion of recyclable materials to include cash redemption for rubber and scrap metals. I would encourage the large industries to assist with the collection and disposal of the materials they produce.

TERM: 2 YEARS

**13th ASSEMBLY DISTRICT**

VOTE FOR ONE

SALARY: \$57,500

**LEWIS J. YEVOLI (D)**

Old Bethpage  
(Incumbent)

Education: Graduate Hicksville H.S.; attended Hofstra University, Adelphi University

Occupation: Assemblyman

Qualifications: Assistant to the Supervisor, Town of Oyster Bay 1966-69; Oyster Bay Town Councilman, 1970-73, only Democrat in Town history to be elected to the Town Board

ANSWERS:

1. The cost of housing is so greatly inflated in our region that young working people are often denied the dream of home ownership. We are losing the battle to retain young talent for local businesses. The state could assist private industry with low-interest financing incentives to build more housing for young families of modest means.
2. The Act's original purposes are well intended and set some lofty standards. The problem is putting the proposals into effect with the effective mechanisms that will promote immediate action. I have sponsored a bill that would create a Long Island Solid Waste Authority which would be funded by low-interest bonding. This unit, if approved, would go a long way towards meeting the daily challenges of solid waste policy for our area.

**JOSEPH COVELLO (R,C)**

Plainville

Education: B.A., Psychology, SUNY Buffalo; J.D., Hofstra University Law School

Occupation: Private law practice

Qualifications: Counsel, Zoning Board of Appeals; served as associate to lead counsel in landmark Agent Orange case, providing me practical familiarity with environmental laws/issues.

ANSWERS:

1. The State of New York Mortgage Agency's (SONYMA) Affordable Housing Program should be continued and expanded as a means of ensuring availability of low cost financing for first time, moderate income home buyers. Efforts to publicize this program should be increased. Maximum acquisition costs of homes in Nassau County under the program should be adjusted to realistically reflect higher cost of living in the county.
2. Immediate and aggressive state actions needed: amend state procurement practices to favor purchase of recycled materials in competitive bidding; require state contracts to utilize products made from recovered materials; immediately develop state regulations for safe operation of

**RAYMOND G. MURPHY (RTL)**

Old Bethpage

Education: B.B.A., Hofstra University; M.S. in Education, St. John's University

Occupation: Retired

Qualifications: Purchasing agent, 14 years; teacher, 10 years; counselor, 12 years; army paratrooper, 4 years

ANSWERS:

No response received.

**JOSEPH MORTILLARO (L)**

Syosset

Education: Graduate of Hicksville High School

Occupation: Silk Screen Printer

Qualifications: I am an ordinary citizen, appalled at the poverty of ideas, spirit, and participation in our democratic system, stepping forward

ANSWERS:

1. People are and have capital, earned ownership is transformational, maintained value will rise - of housing and the housed, ownership is how most begin to save and progress. The ladder of ownership opportunity must be extended down to the waterline by enabling and encouraging construction of starter size units and developing small shareholder partnership financial instruments, stock shares for homes.
2. This excellent legislation and what follows as time deepens our understanding and widens our technical options is only ink on paper until we see citizens freely aiding volume reduction, source separation, and law enforcement. When we witness heroic patriots report on employers or testify against organized crime, the law will have become gold in our hearts and successful in our land.

resource recovery facilities; provide realistic funding assistance for local recycling and energy recovery projects; implement and enforce a stringent manifest system for infectious wastes.

## 14th ASSEMBLY DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### MAUREEN ARECCO (D)

Hicksville  
**Education:** Mercy College, 2 years; Mand School for medical technicians  
**Occupation:** Assistant to chief registrar, Nassau County Board of Elections

**Qualifications:** Vice president, Duffy Park Civic Association; secretary, Gianneli Democratic Club; state committeeperson, Nassau County Democrats

**ANSWERS:**

1. Support state-guaranteed low-interest mortgages for first-time home buyers. Stop overdevelopment of land for unnecessary malls and office buildings. Construct middle class housing along same lines as successful senior citizen housing. Give tax credits to corporations who build affordable middle class housing. Remove stigma of "illegal" rentals and provide tax benefits for senior citizens who rent portion of their homes to young couples.  
 2. Set up state standards for recycling. Provide incentives for communities who participate in recycling programs. Set up community-based educational programs to explain the management of solid wastes. Incorporate state-regulated recycling facilities. Pass stricter packaging regulations and give stiff fines to those corporations who disregard existing laws.

### FREDERICK E. PAROLA (R,C)

Wantagh  
 (Incumbent)

**Education:** B.A., Political Science, Hartwick College; J.D., Albany Law School

**Occupation:** N.Y.S. Assemblyman  
**Qualifications:** Five-term Assemblyman; deputy Minority Whip; member Assembly Education, Energy Committees; member Legislative Commission on L.I. Water Resource Needs; former legislative counsel, Republican committeeman, 1971-present

**ANSWERS:**

1. Fill breach due to federal cutbacks. Expand eligibility and loan subsidy for affordable housing under SONYMA mortgages. Implement a comprehensive statewide program to erect senior citizen housing. Utilize \$326 million for Housing Assistance fund for homeless and low-income housing. Cooperate with towns to eliminate absentee landlords' illegal rentals that are destroying existing housing stock and neighborhoods.  
 2. Ban all ocean dumping waste. Define all medical waste as "hazardous;" require disposal solely by incineration; increase penalties for illegal dumping; create Waste Reduction Corporation to fully implement

### AARON M. SCHEIN (L)

Hicksville  
**Education:** B.S. Math, New Mexico State University; M.A. Math, CUNY; additional graduate studies, Math, NYU

**Occupation:** Professor of Mathematics  
**Qualifications:** Chairman, Nassau County Liberal Party; Member, Executive Committee, N.Y. State Liberal Party; Member, Policy Committee, N.Y. State Liberal Party

**ANSWERS:**

1. State legislature should pass law allowing counties to build affordable housing. State should work in partnership with localities and federal government to finance housing. If necessary, the state should bring up a vote on bond issue to finance housing, especially for the homeless.  
 2. The state should require mandatory recycling. There should be a study and laws passed on alternatives to the use of landfills.

statewide recycling program to eliminate one-half New York's solid waste by 1998. Require all fast food containers and lawn bags to be biodegradable. Expand state aid to towns for recycling and conservation.

### MARY T. MURRAY (RTL)

Hicksville  
**Education:** Educated in Ireland, graduate of vocational training school

**Occupation:** Homemaker - wife, mother of four children  
**Qualifications:** Member of community 25 years; raised four children, involved with their education; active member of parish; active in pro-life work.

**ANSWERS:**

1. The state must receive, listen and examine input from people in need, senior citizens, young marrieds, single and poor, and area experts in housing to determine where the need is greatest and how money can best be used. Also the homeowner is taxed to the hilt. New York State must stop funding abortions. The preborn citizen is denied all rights.

2. Manufacturers, firms, industry and all packaging plants must be alerted to the type of material they use in various products to be packaged. Advise them to manufacture and package only recycled material. Educate and enlighten the general public to garbage and trash disposal. Stop state funding of Medicaid abortions that treat preborn life as disposable garbage.

## 15th ASSEMBLY DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### ROBERT P. ZIMMERMAN (D)

Jericho  
**Education:** B.A. Brandeis University, cum laude; M.B.A. Fordham University

**Occupation:** Vice-President, Westbury-based marketing, advertising, public relations firm

**Qualifications:** Past Special Assistant to Assembly Speaker, Executive Director Assembly Long Island Sound Task Force; Present member L.I. Economic Development Council

**ANSWERS:**

1. The State must place increased emphasis on the unique housing problems of the suburbs and must provide additional financial incentives to encourage housing construction, especially for our young couples and our senior citizens who can no longer afford to live here. We must continue and strengthen our commitment to tenant protection and provide additional real property tax relief to overburdened homeowners.  
 2. Support mandatory state-enforced municipal recycling programs, with required percentages and penalties, to reduce the amount of waste generated. I favor a state ban on styrofoam and plastics in food packaging and oppose mass-burn incineration, because of the threat to the public health and safety and the excessive use of our ground water, the sole source of our drinkable water.

### DANIEL FRISA (R,C)

Westbury  
 (Incumbent)

**Education:** C.B.A.; B.S., St. John's University

**Occupation:** Full-time Assemblyman

**Qualifications:** Successful business experience; innovative programs instituted for business development on L.I. while working with the NY Job Development Authority and the U.S. Small Business Administration.

**ANSWERS:**

1. New York must aggressively coordinate its efforts with the localities where zoning power is vested. The housing crunch on L.I. hits both older citizens and younger people, with problems of both high property taxes and home prices. LI Housing Partnership is making headway. But state's best efforts will be in stabilizing property taxes by paying its fair share of school aid.  
 2. New York must take a more progressive/aggressive role in solving the garbage problem. Comprehensive plastics and packaging restrictions are needed and a common sense, workable reduction, re-use and recycling program in order to reduce the total tonnage drastically and prevent those materials which produce toxins from entering the waste stream. Composting must also be state-sanctioned with financial assistance.

### JOHN A. TIGHE (RTL)

Levittown  
**Education:** B.S., Business Administration, New York University

**Occupation:** Retired

**Qualifications:** Management associate in headquarters of nation's third largest retailer; familiar with organization, managerial concepts, budgets.

**ANSWERS:**

1. Affordable housing, particularly for low income working families and senior citizens must have high priority. The state must act as a facilitator with local governments and private interests (churches) to determine need, eligibility, site selection and funding. Likewise affordable low cost housing need not have an adverse effect on neighborhood values. Our senior citizen developments are credits to our areas.  
 2. As a "novice" politician, I have no specific recommendation to resolving the problem which stymies "professionals." Albany must provide technical leadership and monetary support to local communities and industries. However, instead of focusing on treatments and disposal methods, we should look towards waste reduction/elimination, mandating industry action if necessary. Ultimately this would reduce local community costs and increase industry profits.

## 16th ASSEMBLY DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### THOMAS P. DiNAPOLI (D,L)

Great Neck  
 (Incumbent)

**Education:** M.A., New School for Social Research; B.A., Hofstra University

**Occupation:** Full-time legislator

**Qualifications:** Member Assembly, 1987-present; Chair, Assembly Task Force Long Island Sound; Member, Standing Committees Education, Higher Education, Environmental Conservation, Children and Families, Tourism and Arts

**ANSWERS:**

1. Encouraging public-private cooperation is essential. Provide surplus land at low cost to local governments and not-for-profit agencies with assurance that affordable housing will be built on it. Increased support for state programs like Housing Trust Fund and Affordable Home Ownership Program. Local governments should be encouraged to include zoning for affordable housing in master plans and local ordinances.  
 2. Local governments must be encouraged and compelled to emphasize recycling over incineration in local solid waste plans. Grants/technical assistance should be

### SALVATORE SCATURRO (RTL)

New Hyde Park  
**Education:** Attending New York University for real property administration  
**Occupation:** Department store manager

**Qualifications:** Active in church organizational work.

**ANSWERS:**

1. The state should supply the funding.  
 2. We need more knowledgeable people to solve the problem and more funding.

provided for establishment of effective local recycling programs. A separate authority should be established to promote recycling efforts, stimulate markets and coordinate comprehensive strategy. Restrictions should be placed on certain container materials to discourage excessive and non-biodegradable packaging.

### LEONARD H. SHAPIRO (R,C)

Great Neck  
**Education:** B.S.B.A., Boston University

**Occupation:** Vice President, Long Island oil company

**Qualifications:** Member/officer many professional, charity and religious organizations including Board of Directors Nassau Citizens Budget Committee, Kiwanis, B'nai Brith, Family Service Association, Long Island Association Energy Committee

**ANSWERS:**

1. The state should fill the gap from federal cutbacks: In order to do this we must increase the income eligibility and loan subsidy under SONYMA mortgages. The state must put into being a comprehensive program whereby senior citizens housing can be built.  
 2. All medical waste should be defined as "hazardous waste." Disposal should be by incineration only and increase the penalties for illegal dumping. Implement a statewide recycling program by 1998 to eliminate half of New York's solid waste. Eliminate non-biodegradable packaging products. Provide state aid to local municipalities for recycling and conservation. Dumping of all waste into the ocean should be discontinued.

## 17th ASSEMBLY DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### VINCENT P. GARBITELLI (D,RTL)

East Williston

**Education:** B.S., Biology, St. John's University; M.D., Loyola University of Chicago  
**Occupation:** Self-employed M.D., Internal Medicine  
**Qualifications:** Served as Nassau County Deputy Medical Examiner

**ANSWERS:**

1. State should subsidize and give tax breaks to all who provide such housing or refurbish older buildings. State should not subsidize abortion, but provide funds for medical and social needs of the unborn and their parents.
2. Restrict use of wasteful non-recyclable or non-biodegradable packaging. Give tax breaks to companies that deal in recycling to make it profitable. Restrict plastic use in the marketplace.

### KEMP HANNON (R,C)

Garden City  
(Incumbent)

**Education:** Fordham Law School; Boston College; Chaminade High School  
**Occupation:** Legislator, Attorney  
**Qualifications:** Background in local government and community activities; Chair of National Committee on Suggested State Legislation for Council of State Governments

**ANSWERS:**

1. To provide statewide and regional encouragement, incentives and technical assistance to localities for a balanced approach to reasonable economic and practical opportunities for housing, jobs, recreation, and the environment.
2. Funding for on-going recycling programs; finding markets and being a market for recycled products; on-going research into the least costly and least harmful means of waste disposal; state aid for town resource recovery projects.

## 18th ASSEMBLY DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### EARLENE H. HILL (D,L)

Hempstead  
(Incumbent)

**Education:** B.A., Norfolk State College; M.S.W., Adelphi University  
**Occupation:** New York State Assemblywoman  
**Qualifications:** Committee Woman; Executive Board, Public Employees Federation; Legislative Liaison, Jack and Jill; Legislative Committee, Nassau Chapter, National Negro Business and Professional Women

**ANSWERS:**

1. I support the Fair Housing Act that encourages low and moderate income housing. I support increased housing construction for seniors. Also, I support real property tax credits for seniors, and tenant protection.
2. Recycling programs. The banning of plastics and styrofoam in food packaging.

### CARNELL FOSKEY (R,C)

West Hempstead

**Education:** B.A., Stony Brook; J.D., California Western School of Law; Masters in Tax Law, Boston University  
**Occupation:** Deputy County Attorney  
**Qualifications:** Former Staff Attorney, Nassau County Department of Social Services; formerly with Family Court Bureau, then Bureau of Municipal Affairs

**ANSWERS:**

1. State has key role in filling the void resulting from federal cutbacks. Expand eligibility and loan subsidy for affordable housing under existing programs. Institute a state-wide program to increase construction of senior citizen housing. Work with local governments in eliminating absentee landlords' illegal rentals that are a leading cause of the destruction of existing housing and lead to the degradation of neighborhoods.
2. Impose a moratorium on all ocean dumping. Require all medical wastes to be classified as hazardous, thereby requiring that it only be disposed of by incineration, and institute penalties for any illegal dumping. Increase state aid to municipalities and to conservation programs.

### THOMAS R. SIMMONS (RTL)

Freeport

**Education:** B.S., Hofstra University; J.D., Hofstra Law School; pursuing Masters, Eastern Christian College  
**Occupation:** Courier and seminary student  
**Qualifications:** Asst. Coordinator, Lent for Congress, Board of Elections; L.I. Advisory Board, Evangelical Adoption and Family Services; Deacon, South Nassau Christian Church

**ANSWERS:**

1. I oppose raising taxes to provide low-income housing. Higher taxes make it harder for first time home buyers and for owners to continue to afford their homes. Localities must ease restrictions on "illegal" apartments, to help young couples and older homeowners. State and local governments should coordinate "rehab zones," where families can purchase and renovate structures with low down payments and mortgages.
2. We need a regional recycling resource recovery system. Baldwin-Roosevelt Sanitary District should be commended for pioneering recycling in Town of Hempstead District #2. We must change our mentality. We've grown accustomed to throwing away anything "inconvenient" - down to our unborn children! I support laws restricting use of non-biodegradable packaging and extension of 5c deposit to non-carbonated cans and bottles.

## 19th ASSEMBLY DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### CHARLES J. O'SHEA (R,C)

Baldwin  
(Incumbent)

**Education:** B.A., History, Duke University; J.D., Fordham University School of Law  
**Occupation:** New York State Assemblyman  
**Qualifications:** Former Nassau County Assistant District Attorney, Deputy County Attorney in Family Court and Litigation Bureau; Former Freeport Village Task Force on Drug Abuse

**ANSWERS:**

1. Affordable housing is crucial to Long Island's continued economic development and to our suburban lifestyle. The state must help provide the means for first time home buyers to live here, and for current homeowners to be able to remain here. I have co-sponsored legislation in these areas and will continue to fight for greater state participation to guarantee affordable housing.
2. New York must solve and remediate the solid waste crisis. More state dollars must go to municipal recycling efforts. I have sponsored legislation to: create a Long Island Solid Waste Commission to coordinate local recycling efforts and find markets for recycled products; establish emission standards for municipal incinerator facilities; and levy felony sanctions against the unlawful disposal of infectious hospital waste.

### STEVEN J. POUYAT (D)

Freeport

**Education:** B.A., History, Rutgers University  
**Occupation:** Insurance Broker  
**Qualifications:** Businessman; Committeeman; Deputy Zone Leader

**ANSWERS:**

1. The state can play a major role in forging a partnership between the county, state and federal governments, toward providing mortgage subsidies for the first time home buyer. The state should also encourage the construction of quality, moderate-cost homes. Thirdly, the state should provide special zoning for senior citizen housing.
2. In the area of Solid Waste Management, I would introduce legislation to mandate local recycling efforts across the state for industry and for individuals; a penalty tax on any goods which are "over-packaged"; the use of bio-degradable paper and plastic products which are safe to our environment, once they have been incinerated.

### EDWARD J. BRENNAN (RTL)

Levittown

**Education:** Associates Degree, Alfred University  
**Occupation:** Computer Programmer Analyst

**Qualifications:** Founder, local Senior Citizens' Club and Widow and Widowers' Organization; wrote and directed a parish census program; past Chairman of Levittown FISH

**ANSWERS:**

1. The state should not only continue, but should also expand its present efforts to sponsor low interest mortgages for those who qualify. It should offer tax incentives for builders to encourage the building of low-cost homes, and provide income tax reductions to those families, within a given salary range, who are seeking a mortgage for the first time.
2. We should not wait two years for New York City to stop its ocean dumping of solid waste. Building off-shore waste conversion units should be studied. Units should be designed to convert existing ocean dump sites into a useful energy component. Federal, neighbor-state support and private investment should be encouraged. Existing legislation must be enforced. Abuses must cease.

### JOHN P. HAGAN (L)

Merrick

**Education:** B.S., M.S., Fordham University; Ed.D. candidate, New York University

**Occupation:** Retired school principal  
**Qualifications:** Former vice-chairman Community Planning Board, New York University; former vice president, United Federation of Teachers

**ANSWERS:**

1. Provide more subsidized low-interest home mortgages. Repeal some costly, archaic, building codes. Support and encourage condominiums rather than only single family homes. Help communities expand the concept of mother, daughter housing. Homesiteing and industry development incentives to open up low-cost rural areas of New York State Housing vouchers -- public subsidy in private housing. More adequate shelter allowance for public assistance recipients.
2. Attack the huge amount of excessive packaging on so many items by taxing it or banning entirely certain packaging. Support Assemblyman Hinchey's solid waste funding bill (A. 5654) emphasizing recycling and landfill closures. Funding from recovering 50% of the unclaimed deposits kept by the beverage industry. Increase the skimp staff of Bureau of Waste Reduction and Recycling. Make illegal dumping a felony.

## 20th ASSEMBLY DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### ARTHUR J. KREMER (D,L)

Long Beach  
(Incumbent)

**Education:** B.A., New York University; LL.B. Brooklyn Law School

**Occupation:** State assemblyman, attorney  
**Qualifications:** Member NYS Assembly, 23 years; former chairman Ways and Means Committee. 10 years; presently Chairman of all Standing Committees of State Assembly

**ANSWERS:**

1. The state should consider using pension funds as a means of getting affordable housing built, providing there is a protected return. The state should and must take a more aggressive role as we are losing young and old persons from our community due to the lack of housing.
2. I believe it is incumbent upon the state to develop a plan for a prototype facility which could be used by any other municipality having to meet the 1990 deadline. I think it is important that we remove the red tape factor from the issue of getting solid waste facilities built, and it is important that we address this issue with state participation.

### CHARLES KOVIT (R,C)

Hewlett

**Education:** J.D., Hofstra Law School; B.A., Political Science, SUNY Stony Brook; admitted to NYS Bar 1984

**Occupation:** Deputy Town Attorney for Town of Hempstead

**Qualifications:** None given.  
**ANSWERS:**

1. Existing state programs to provide adequate, affordable housing for our citizens of modest income and for our senior citizens are often underutilized and ineffectively administered. I would endeavor to see that these programs are conducted in a more effective manner and in concert and cooperation with federal housing programs. I would seek repeal of the 3% tax on utility bills.
2. Local governments have the primary responsibility for the safe disposal of the millions of tons of solid waste that New Yorkers generate annually, and yet they lack sufficient resources to deal with it. State government should provide local government sufficient monetary aid to close landfills and to develop and construct alternative disposal facilities.

### RAYMOND S. SOLGA (RTL)

East Rockaway

**Education:** B.S. in Education, Manhattan College; M.A. in Social Studies, CUNY

**Occupation:** Assistant principal of an intermediate school  
**Qualifications:** Active in church and youth activities

**ANSWERS:**

1. The state should take a more active role in opening up the possibilities for private development of low and middle-income housing.
2. The state should take a leadership role in getting the various communities on the local level to emulate the most forward-thinking and forward-acting communities in the state in promoting solid waste programs — communities such as towns in Suffolk County which have greatly increased the recycling of solid waste.

## 21st ASSEMBLY DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### ROBERT J. SVOBODA (D)

Rockville Centre

**Education:** B.A., Norwich University, History/Education; M.S., Hofstra, Education Administration

**Occupation:** Attendance supervisor in large Nassau County school district

**Qualifications:** Taught social studies; took government courses; served on RVC Mayor's Committee on Education; legislative chairman, state teachers association, 5 years

**ANSWERS:**

1. I would introduce legislation on the state level to make available more low interest mortgage money. If some of the state agencies had surpluses, this money could be used for low interest mortgage money.
2. Mandate local government to provide source separation. The state should coordinate the markets for the material collected. The state should provide guidelines for the construction of resource recovery plants to avoid wasting time and money as was seen with the Town of Hempstead's plant that failed to work and cost millions. We need safe sites for the resulting ash products.

### GREGORY R. BECKER (R,C)

Lynbrook

(Incumbent)

**Education:** Associate Degree, Business Administration, Nassau Community College; B.S. in Business Administration, C.W. Post College

**Occupation:** State legislator

**Qualifications:** Three terms, totaling 6 years, in New York State Assembly

**ANSWERS:**

1. Create and invest more state funding for mass transportation needs to build more efficient and faster system of moving work force to and from Nassau/Suffolk and Westchester/Rockland areas — through New York City. Streamline the bureaucratic charade of the State Division of Housing and Community Renewal. Replace Commissioner with new, energetic individual concerned with affordable housing and combat homelessness.
2. Greater state aid for localities to assist them in meeting the legislative intent of the act.

### MARY T. MICHEL (RTL)

Valley Stream

**Education:** High school graduate, attended colleges

**Occupation:** Community activist; housewife and mother  
**Qualifications:** Den mother; 4-H Leader; LaLeche League leader, 20 years; president of many church groups; constantly involved in community political activities

**ANSWERS:**

1. One of responsibility, to all citizens, poor, rich, unborn, born.
2. Keen supervision. Proper management.

## 22nd ASSEMBLY DISTRICT

TERM: 2 YEARS

VOTE FOR ONE

SALARY: \$57,500

### BARRY DEL MASTRO (D)

Elmont

**Education:** A.S. in Accounting, Magna Cum Laude, Nassau Community College; B.B.A., Accounting, Hofstra; M.B.A., Finance, Hofstra

**Occupation:** Business manager of magazine, for major N.Y.C. media company

**Qualifications:** My professional background allows me to provide viable solutions to district's economic problems.

**ANSWERS:**

1. Without question, there is a serious lack of affordable housing here on Long Island. This is exacerbating our problem of a tight labor supply and is stunting our economic growth. Government must not shoulder the burden alone. This problem can be mitigated by a committed partnership between business and government.
2. The Solid Waste Management Act of 1988 was not as complete as it should have been. Source separation must be mandatory for all municipalities; the state must provide assistance to the various municipalities with regards to sale of collected recyclable materials; and guidelines and specifications must be established regarding constructing and maintaining these source separation plants.

### GEORGE H. MADISON (R,C)

Franklin Square

(Incumbent)

**Education:** B.A., Hofstra University; J.D., New York Law School

**Occupation:** State Assemblyman since 1978, attorney

**Qualifications:** Ranking Republican, Assembly Labor Committee; senior Republican member, Codes Committee; member Ways and Means Committee, Insurance Committee, and Mental Health Committee

**ANSWERS:**

1. The State must provide a healthy economic environment, one in which there is little unemployment and a high quality of life for its citizens. Lower interest rates follow. Long Island is a great area to live in. An open and free marketplace, when operating efficiently, is our best assurance of affordable housing.
2. Being actively involved in the preservation of Long Island Sound, as well as the NYS Legislative Commission on Water Resource Needs of Long Island, I have been working on our solid waste problem as it affects our environment. Landfills must be a thing of the past, yet the State must do more to help localities fund solutions to these problems.

### FLORENCE D. BRADY (RTL)

Floral Park

**Education:** Grover Cleveland High School, Ridgewood, N.J.

**Occupation:** Homemaker

**Qualifications:** Third time running for office. Life experience helps in qualifying me!

**ANSWERS:**

1. The State should be spending money on the upkeep of existing housing. The exorbitant daily motel charges for the needy could easily be eliminated by putting up affordable housing and seeing to it that they are taken care of. New jobs for caretakers should be created. There is entirely too much waste and carelessness in our state.
2. One of the most important things to do would be to eliminate the use of plastic bags as they take hundreds of years to disintegrate. Paper bags are more readily dissolvable.

**After 90 days, most car repair guarantees run out of gas.**

While most car repair guarantees last only 90 days, there is one that lasts a lifetime. It's the Lifetime Service Guarantee. Once you pay for a covered repair, it's guaranteed, with free parts and labor, for as long as you own your car. But it doesn't just last longer than other guarantees, it covers more parts and labor, in more places, too. No matter where you travel in North America, you'll be covered for as long as

you own your car or light truck. It's America's best car repair guarantee. Only Ford, Lincoln and Mercury owners can get it. Ask your participating Ford or Lincoln-Mercury dealer for a copy of this limited warranty. The Lifetime Service Guarantee. Because peace of mind is just the opposite of distress.

# Comets' Soccer Team Defeats MacArthur 7-2

By Jim McCrann

The playoffs are the time of year when each team must reach the pinnacle of its playing abilities. If the team does not do this, the season will come to an abrupt end. The Hicksville High varsity soccer team is determined to continue its season as long as possible. They showed this by the manner in which they played their first playoff game on October 28, against MacArthur High School. On this cool, rainy afternoon, the Comets handily disposed of MacArthur by a score of 7-2. After scoring twice in the first half, the Comets exploded for 5 goals in the second half as they advanced to the quarter finals. Hicksville finished out the regular season with a record of 10 wins, 2 losses and 3 ties, good enough for second place in the American League A Division and second seed in the playoffs.

The weather conditions in the first half were far from ideal; the clouds brought drizzle that steadily increased to showers by halftime. Did this affect the game? According to Comets coach Ed Moeller, "It had a lot to do with the game earlier, but as we got going, I think it became less and less of a factor."

Even though the Comets started out slowly, they still outplayed MacArthur and produced more scoring opportunities. It wasn't until about 15:40 of the first half when Hicksville broke the scoreless tie as Jack Fabrizio broke in from the right side and kicked the ball high into the net from about 15 yards out. Mike Valente assisted on the first of Fabrizio's 3 goals which gave Hicksville a 1-0 lead. The Comets were not content with a one goal lead. Only seconds later, Mike Luongo came storming up the middle with the ball and rolled a shot deep into the left corner of the net well beyond the goalkeeper's reach giving the Comets a 2-0 lead. Tim Doyle assisted on that goal. MacArthur came very close to cutting the lead in half. Hicksville's goalie Kevin Morrisroe made a brilliant diving save to his left as he deflected a line drive shot just off the post and wide of the net. That was the closest either team came to scoring for the rest of the first half as the Comets held a 2-0 lead.

The rain, which came down hardest during the half-time break, dwindled down to a fine mist at the start of the second half and

eventually subsided altogether. MacArthur took advantage of the improved weather by scoring a goal early in the second half making the score 2-1. This was the last time they were actually in contention for the rest of the game. Hicksville scored 5 consecutive goals breaking the game wide open. Mike Luongo beat the approaching MacArthur goalkeeper to a loose ball deep in MacArthur territory and centered it to Jason Klimetis who tapped it into the open net to regain the 2 goal lead. After more opportunities, the Comets scored again. Bill Smith carried the ball down the right side with Jason Klimetis moving up on the left. Smith chipped the ball just past the goaltender who came up to cut down the angle to give Hicksville a 4-1 lead. The Comets scored again as Jack Fabrizio kicked in a rebound from Steve Gourlay's shot making the score 5-1. Fabrizio completed his hat trick by heading in a corner kick by Bob Ladimir giving Hicksville a 5 goal lead. The offense was still not finished. Jim Theologitis moved the ball up field with some impressive ball handling, cut towards the middle just in front of the net and tipped his own rebound off the goalie into the net for a 7-1 lead. MacArthur

scored once more late in the game to make the score a final 7-2.

Though they were successful in the regular season, the Comets are hungry for success in the playoffs. That is because they were in first place most of the year but ended up in second. Paul Aversano, who plays defense, said, "That was kind of rough." Will Snedden said he hopes to avoid what he called the "Ups and Downs" of the regular season in the play-offs. He is also confident that the team can succeed. Center-midfielder, Maria Paradiso, is hoping for the County Finals, Long Island and State Championships, but that does not mean she or anyone else on the team is overlooking their game against Calhoun on Tuesday in the quarter-finals. If they defeat seventh seeded Calhoun, they'll be one step closer to the County Finals which will be played later on at Hofstra University. Mr. Moeller said, "We have to play as well as we did in the second half [against MacArthur] in order to keep advancing." The team hopes the "Playoff Fever" they caught in the first game will be contagious and spread throughout the playoffs. This, combined with the players peaking at the right time, might carry them a long way.

**PARENT  
MUST BE PRESENT  
AT REGISTRATION**

THE HICKSVILLE HIGH SCHOOL Varsity Soccer Teams had 11 wins, two losses and three ties. They finished the regular season in second place, seeded second in Class A Playoffs. They defeated MacArthur 7-2 in first round playoffs on Oct. 28. Outstanding players this season are Jack Fabrizio, Mike Luongo, Steve Gourlay, Jason Klimetis, Bill Smith, Mike Valente and Kevin Morrisroe.

## Minutemen Tie Bethpage 2-2 at Cantiague

By Karen Blicher

The Hicksville Minutemen 1977 "B" traveling soccer team tied the Bethpage Jaguars, Saturday, October 22 at Cantiague Park in a game that saw Hicksville leading up until five minutes before the whistle was blown.

The contest, punctuated by overcast skies and howling winds, saw Hicksville dominate throughout, continually beating Bethpage to the ball, while the defense was seldom better. At the half, the Minutemen led 2-0 via two goals by Jorge DeSilva, on assists from Tracy Koetter and Danny DePinho. The Hicksville team constantly pressured the Jaguars' goalkeeper and had numerous shots on goal.

In the second half, Hicksville's defense was tough and unyielding and goalie Mike Coen repelled Bethpage's shots with skill and determination. The two tying goals were both

scored with under 10 minutes left in the contest.

Minutemen offense consisted of: Wings Tracy Koetter and Danny DePinho assisted by Mark Spinner and Robin Blicher; striker Jorge DeSilva; halfbacks Brian Rigert and Jason Brown; center half Bobby Braun; fullbacks Mike Whitman and Keith Carpenter assisted by Bobby Wagner; stopper Anthony Noya and sweeper Greg Walunas. Several of the Minutemen displayed their versatility by filling in at other positions, as well. The entire team, as a whole, demonstrated ever-improving ball handling, hustle and aggression in trying to keep Bethpage at bay.

The Hicksville team should be congratulated for this fine effort and thanks to Coach Al Blicher and Assistant Pete Whitman and Tony DePinho for their assistance. A big thanks to Seaman & Eisemann for their sponsorship.

## 1977 Travel Soccer Defeats Cougars 3-0

By Jay M. Schwartz

The 1977 Pioneers from the Americans Soccer Club defeated their arch rivals, the Valley Stream Cougars by a score of 3-0 on the Cougar's home field Saturday. The Pioneers took the early control, keeping the Cougars at bay on their own territory. Although the ball moved around quickly, the Pioneers kept the attack on.

Minutes into the game, Jonathan Schwartz, at center half, took a side swing at a ball and sent it sailing. Everyone watched as it took off, floated high, and dropped in over the goalie's head. The goal was a tone-setting one and took the wind out of Valley Stream. Hicksville maintained its pressure as the fullbacks Joey Matz, Danny Wolchok, David Nelson, Tim Dalton, and Robert Isely, created the plays to push the ball forward.

The Pioneers had their second goal as Sean Flanagan took an indirect kick and Gregory Latini headed in a beauty passed the goalie. Even as the ball was sent passed the Hicksville halfbacks Jonathan Schwartz and Joe Florio, Joey Matz was there to defend the attack. Late in the half Ricky Ladimir who had two saves, watched as three quick shots were

taken in succession - all wide. The ball was not being cleared out and it led to attacks.

Early in the second half, Greg Latini, now goalkeeper, made a strong kick save, one of "saves in the half". The forwards, Phil Caputo, Tommy Coffey, Russell Brousseau, Richard Werchenski, worked the ball up to the box. Jonathan Schwartz sent a pass up and was taken by Peter Titone who took off on a breakaway. As he ran towards the net he took a shot but it went wide.

The pressure was turned on Hicksville and the fullbacks came through with clearing passes, Jonathan Schwartz cleared another ball up to the forwards. This one was taken by Phil Caputo who ran down the right wing. Just up to the net, he was blocked by the goalie but knocked the ball in to the far post for the third goal.

The team showed great determination and skills as they dominated the play on the field. The MVP award goes to Jonathan Schwartz, today, for one goal and one assist. He played a skillful center halfback position as it should be played. The coaches and Westbury Federal Savings and Loan should be very proud of the team's courage.

## Comets Defeat Lawrence 16-0 in Homecoming Game

By Jim McCrann

"This is the game we'll always remember," said Hicksville safety Sean Tower as he described the Comets victory at Homecoming Saturday. And a tremendous victory it was as the Hicksville Varsity Football Team defeated Lawrence by a score of 16-0. During the game, the defense played superbly forcing turnovers which the offense converted into points. Hicksville coach Ron Quattrini said, "The kids played hard, hit hard, and did what they were supposed to do with no mistakes mentally or physically." The win improved the Comets' record 2 wins and 4 losses. The victory was even more satisfying than usual because the team won in front of the large Homecoming Day audience. The festivities seemed to inspire the Comets who, in turn, incited the spectators by their dominating play. The closest Lawrence came to scoring was at the Hicksville 40-yard line.

Hicksville was unable to score on their first drive and Lawrence took over on their 40-yard line. It didn't take long for the Comets defense to get going. Scott D'Amico recovered a fumble

on the 46-yard line of Lawrence. However, the offense was stopped at the 27 on fourth down with 5 yards to go. Lawrence began a drive which took them down to Hicksville's 44-yard line. This drive ended as Lawrence fumbled and Scott D'Amico once again recovered it. The Comets capitalized on this latest turnover. They drove down to the 35-yard line of Lawrence where George Filippone took a handoff from Joe Passo and ran it into the endzone for a touchdown. Steve Gourlay kicked the extra point giving the Comets a 7-0 lead at the end of the first quarter.

Lawrence was stopped on their next drive at their 40-yard line and was forced to punt giving the Comets first down on their 31-yard line. Quarterback Joe Passo took the snap from center and rolled right; he found Chris Hogan down the right sideline. Hogan caught the pass and ran it down to the 11-yard line for a 58-yard gain. This set up a 25-yard field-goal by Steve Gourlay, increasing Hicksville's lead to 10 with about 6 minutes remaining

in the second quarter.

The ensuing kickoff resulted in another fumble by Lawrence. It was recovered by Nauman Shah. This set up a 50-yard field-goal attempt which fell short. The Comets defense stopped Lawrence's next drive. Hicksville began a new drive which ended on Lawrence's 35-yard line as time ran out in the second quarter. Hicksville took a 10-0 lead into the half-time break.

In the beginning of the third quarter, Hicksville's defense continued to dominate and prevented Lawrence from scoring. Mike Ions recovered another Lawrence fumble at the Lawrence 31-yard line, but they were unable to capitalize on it. Late in the third, Joe Passo led the Comets offense upfield. He completed a pass to Rich Hutchinson on the 12-yard line. A few plays later, on fourth down and one on the 4-yard line, he faked to his running back and took the ball himself into the endzone for 6 more points making the score 16-0. That was the final score in the game.

Mr. Quattrini was very pleased with his team's performance and said that it would

be difficult to pick a "Most Valuable Player." Hicksville's brilliant defensive show, led by Billy Millis and Doug Magee, was an integral part of the team's success. Turnovers were also a key. While the Comets committed no turnovers, they induced Lawrence into 4 turnovers including two very costly ones in the first half. The team also played with great intensity during the game. That might have been something that was lacking earlier on for Hicksville. The Homecoming crowd might have had something to do with it. There was a special aura during this game. As one observer from Binghamton—Rob Walsh, a 1987 Hicksville High graduate—said, "It was really nice to see the whole Hicksville community get together for one afternoon."

The Comets have two games remaining in the season—against Long Beach and Uniondale. Mr. Quattrini said he is confident about the duration of the season. "If we play like we did today, we're capable of winning both of them. We just got to keep that same intensity and we'll be fine."

## Hicksville High Girls' Varsity Tennis

THE HICKSVILLE H.S. Girls' Tennis Team ended its home schedule on a winning note by beating Massapequa, 4-3. Under the direction of Coach Marty Cohn, the 18-girl team exhibited good sportsmanship and pride throughout their fall season.
