

## Fred Parola Re-Elected To Assembly District

A positive campaign and high visibility were key factors cited by Assemblyman Fred Parola in successfully defending his seat in the 15th Assembly District, from a challenge by Democrat Maureen Arreco.

Unofficial results from the Nov. 8 election indicate 40,092 votes for Mr. Parola and 9,878 for Mrs. Arreco.

Mr. Parola attributed his win to the "high visibility of both my office and myself going out into the community, to the railroad station, door to door, forums and senior citizens groups." He added, "I worked hard. I represented my district and didn't take time to campaign during normal office hours like other candidates do."

Mrs. Arreco attributed her defeat to her lack of funds. She said that if she had more money "I could have more people to make phone calls, walk districts, have big signs and conduct mailings." She added, "I enjoyed meeting all the people [during the campaign] and discussing the issues."

Also running for the 14th Assembly was Aaron Schein, liberal, who received (unofficially) 352 votes, and Mary T. Murray, on the Right to Life ticket, who received 1,202 votes.

In the 15th Assembly District Race, which covers the northern tip of Hicksville, unofficial results indicate 27, 213 votes for incumbent Daniel Frisa (R-Westbury), and 23, 990 for Robert Zimmerman.

In the 13th Assembly District which borders north/east Hicksville District, unofficial results indicate 33,372 votes for incumbent Lewis J. Yevoli (D-Old Bethpage), and 17,920 for Joseph Cavella.

## Town of Oyster Bay Adopts 1989 Budget

The 1989 Town of Oyster Bay budget was adopted without any town resident filing a complaint or comment. The general town tax budget, which includes salaries and departmental budgets, totals \$44.3 million,

which is a \$4.2 million increase over the 1988 budget.

### General Town Tax Rate

The general town tax rate for Class I homeowners (one, two and three-family

homes and condominium units in buildings that are three stories in height or less) is 87 cents per \$100 of assessed valuation. This rate has remained the same for the past seven years. However, residents who live in unincorporated areas of the town and receive all of the town's services, such as planning, building zoning, highway, and sanitation collection, will pay a 5.3 percent increase over last year's tax bill.

### Rise in Budget

Town Supervisor Angelo Delligatti attributed a portion of the rise in the budget, to increased health insurance premiums for employees who are insured under the Empire Plan, which raised its rates drastically last year.

### Sort Program Helps Reduce Budget

The tax rate for those residents in the town's garbage disposal district will reflect a decrease of more than 20 cents. This was achieved through SORT (Separate Oyster Bay's Recyclables Today)—the town's recycling program; the expansion of the town's composting program, which is now located on a nine-acre site in Syosset and handles leaves from the town's fall leaf collection program; and an increase in resident participation on the town's program to dispose of hazardous household chemicals and the rebidding of the garbage transfer and hauling contract. Town spokesperson Marlene Kastleman said that the town has a new vendor to ship garbage, which resulted in the lower rate.

### Highway Expenditures

One of the larger increases this year comes under the highway expenditures. Up slightly less than \$3 million from 1988, the \$17.8 expenditure does not reflect a true increase in spending, but rather results in having less money in reserve, according to the town.

The part-town tax, which includes planning, building and zoning within the town, accounts for \$4,007,172 of the budget. Class I property owners will pay an additional eight cents per \$100 of the \$400,000 increase.

Of the \$44 million in the general town tax, only \$9 million will be raised in taxes, according to Mr. Delligatti. The remaining funds will come from a variety of sources, including state aid, surplus money, boating, beach and other fees and mortgages.

Raises for graded town employees have been estimated at three percent, although the civil service contracts have not yet been negotiated.

## Plainview Man Charged In Halloween Hit & Run

By A. Anthony Miller

A Plainview man has been arrested after an intensive investigation and charged with the Halloween death of Agnes McDonald, run over after she left church on Halloween evening.

The arrest of Glen Fuchs, 38, a mechanic for a Hicksville car dealer, followed by less than a day after the discovery in a Bethpage Road parking lot of the car used in the October 31 hit and run.

Fuchs has been charged with leaving the scene of a fatal auto accident. If convicted of the charge, he faces a term of up to four years in prison.

Dets. Joe Aliperti of the Second Squad, and Nick D'Avanzo of the Police Homicide Squad, had put in over 60 hours of work since the

death of Mrs. McDonald, 60, of Bradley Street, Plainview, who passed away six hours after being struck at the intersection of South Oyster Bay Road and Virginia Avenue, Hicksville.

Police had determined that the car that killed Mrs. McDonald was a 1978 Oldsmobile with metallic brown paint. Police appealed through newspaper notices for anyone with knowledge of such a car having recent body damage to call authorities. On November 13, detectives received an anonymous call telling them where such a car could be found.

Parts recovered at the scene of the fatality matched the car found on Monday morning and within hours, officers had identified Fuchs as the driver. Fuchs surrendered at the Second Precinct at 2:30 p.m.

### Motel, Store Robberies

In unrelated incidents, police continue

their hunt for the men who robbed a drug store and Western Union office of \$18,600 Monday and a clerk of \$850 at the Hicksville Motor Lodge at 11:20 p.m. November 9.

Det. James Carroll said that a lone man, with his right hand in his pocket, as if he had a gun, walked into Smith's Pharmacy, which houses a Western Union branch, at 53 North Broadway at 9:05 p.m. November 14 and demanded money. He is described as a black man, about 23, six feet tall, who wore blue jeans and a gray hooded sweatshirt.

In the motel case, two men, armed with automatic handguns, demanded money from the clerk at the motel, located at 249 Duffy Avenue. After getting the money, they forced the clerk into a back office while they fled. No injuries were reported in either crime.

### GOD'S PROVISION

God's provision for man is LOVE.

"For God so loved the world that He gave His one and only Son, that whoever believes in Him shall not perish but have eternal life." JOHN 3:16

"For the wages of sin is death, BUT the GIFT of God is eternal life in Christ Jesus our Lord." ROMANS 6:23

"For God did not send His Son into the world to condemn the world, but to save the world through Him." JOHN 3:17

"What then shall we say in response to this? If God is for us, who can be against us? He who did not spare His own Son, but gave Him up for us all—how will He not also, along with Him graciously give us all things?" ROMANS 8:32

This provision of God for man, was promised to man right after sin entered the world, through Adam, the first man. This promise of salvation through a Savior, is recorded in the first book of the Bible, GENESIS. This promise was fulfilled by the birth, death and resurrection of our Savior, JESUS CHRIST. God is not a respecter of persons, salvation is open to all who come to Him.

"I now realize how true it is, that God does not show favoritism but accepts men from every nation who fear Him." ACTS 10:34

"But God demonstrates His own love for us in this: While we were still sinners, Christ died for us." ROMANS 5:8

"This is love: not that we loved God, but that He loved us and sent His Son as an atoning sacrifice for our sins." 1 JOHN 4:10

Marie Elena and William Kelly, Jr. of Hicksville are so happy to announce the birth of their daughter, Tracy Marie, born September 21st. Tracy has two big brothers: Brian (two years old) and four year old Billy. Joan and William Kelly Sr., and Vikki and Joseph Rakowski are the grandparents who all reside in Hicksville.

### What A Surprise!

I met Gene Cromwell and his lovely wife Patti the other day. Patti was telling me that Gene was planning a "volley ball party" in September and had invited a few people. He cleaned up, did all the work, got all the goodies ready for the party—and guess what? About 50 people showed up and gave him a surprise 40th birthday party.

That's the way to go—do all the work yourself—and let the guests come in and surprise you with a party. His two children Keith (9) and daughter Jill (6) thought it was hilarious.

## Tricia Has A Bridal Shower

About 50 ladies waited patiently, visiting, laughing and having a good time, Sunday for Tricia Valle to arrive at her bridal shower given by her maid of honor, Kelly Campton and her bridesmaid Kathy Jordan at the home of Tricia's parents. While waiting, the guests enjoyed punch and snacks. After opening all the beautiful gifts, a lovely home-cooked buffet was served along with many homemade desserts. It was delightful—a real old-fashioned, in-the-home bridal shower. In recent years everything has become so commercial with showers and weddings that it was a treat to be at this one. Years ago when there was a bridal shower in Hicksville, the names of every guest, and every dish that was served, was published in the Centre Island News. It was fun reading what went on. It made you feel like you were there.

Tricia will become the bride of Bob Mele of Hicksville in January, 1989.

## Hicksville High Happenings...

By Jim McCrann

### Teens Against Drug Abuse

January of 1986 was a very significant year in Hicksville High School as it marked the beginning of a very important organization. Teens Against Drug Abuse (T.A.D.A.) was founded by then sophomores Karyn Karmann and Marylou Bertone when they discovered that one of their friends was using drugs. Because they were distressed by this they decided to try to help others on drugs and also attempt to curtail future drug use. According to Karyn Karmann, the goals of T.A.D.A. are "to educate the elementary school kids and to spread general drug awareness and to make it the 'in-thing' not to do drugs." They hope to do this through the increasing of their membership size which has grown to more than 100 people.

The current T.A.D.A. officers include co-presidents Karyn Karmann and Marylou Bertone and co-vice presidents Ed Marshall and Amy Groves. The advisor is Mr. Vitano. Upcoming plans for T.A.D.A. include lectures at the elementary schools and guest speakers from Day Top and the Suffolk County Police Department. If you are interested in this growing organization, you may attend their next meeting or see one of the officers.

### Italian Exchange Students

The Italian Exchange students that have been visiting Hicksville High School over the past few weeks began their journey back to Italy Nov. 7 with wonderful memories of American life. Many of the students were amazed at the differences between our

schools and theirs. For example, they attend school for 5 hours a day 6 days a week. They have no elective classes and must study English. How did they enjoy American life? Marco Panaro who stayed with Mike Skaling said, "I like it." Laura Guarini, who stayed with Tanya Pineda said it was "wonderful, I had one of the best times in my life." Tanya said, "You get really close to them because they are with you all the time." It turned out to be a very interesting and enjoyable experience for all those involved. They will now be friends for life.

### College Fair

For college bound seniors there will be a Mini-College Fair held in the main lobby of the high school on Thursday, Nov. 17. Information may be obtained on many colleges including Hofstra University, Nassau Community College, and from the marines. Also taking part in this fair are SUNY Purchase, College at New Paltz, Sullivan County Community College, Widener University and Fordham University.

### To Parents

Parents who are picking up their children from the High School should know that they are prohibited from parking along Division Avenue. There are signs posted which state this. There has been a recent crackdown on violators and some have been issued summonses. When you go to pick up your child, it is best to park in the adjacent side streets.

## Police Report

### The Second Precinct has reported the following:

• **November 3-** A 44-year-old bus driver from Roosevelt was arrested at a local bus company on East Carl Street, at approximately 8 p.m.

At 3:25 p.m., the driver was operating a bus which departed from a center in Wantagh, to drop off youths in the Syosset area. While in the bus the driver allegedly sex-

ually abused a 15-year-old boy. Another youth sustained a contusion to his right wrist when he was involved in an argument with the driver.

The youth with the injured wrist was taken to Syosset Hospital by his parents, where he was treated and released. The defendant will be arraigned at First District Court on November 18.

## Holiday 'Wish List'

To help our readers get in the spirit, we're putting together a Holiday Wish List.

Those with more idealistic desires may ask for world peace, an end to hunger, unilateral disarmament or a cure for cancer. So do we, and we're sure those "wishes" will top the list.

Others may request simpler things such as the winning lottery numbers, a fully-loaded Corvette or a "cottage" in Amagansett. Or, even simpler, a Cabbage Patch Kid, the latest CD or a new sweater. Again, so do we.

In the next few weeks, we expect to be bombarded with "wishes" from all of our readers, young and old, sincere and whimsical. We've included a nice form to make your participation in this effort that much easier. If you have more than one wish or need more space than is provided, feel free to be as eloquent and greedy as you wish. The form is suggested, not required, because whatever way the "wishes" come in, we'd love to hear from you. Happy wishing!

# IF GETTING A LOT OF CHECKING SERVICES INSTEAD OF A LOT OF CHECKING CHARGES SOUNDS GOOD TO YOU... CHECK WITH CHASE.

Most banks that offer a lot of services with their checking accounts also offer something else—a lot of individual fees.

But at Chase, you don't have to pay for individual services. And that makes things very easy.

✓ **Chase's Unlimited Checking Services.** Instead of charging you 25¢ for this and 50¢ for that, Chase checking gives you unlimited check writing, standard personalized checks, stop payments and certified checks. All for a single \$10 monthly fee. If you maintain at least a \$2,000 average monthly checking balance, there will be no monthly fee.

✓ **Unlimited ATM Usage.** Included with every Chase checking account, you get unlimited usage of Chase 24-Hour Bank, NYCE<sup>®</sup>, and Plus System<sup>®</sup> locations.

And unlimited checking services is only the beginning of the advantages you get with your Chase checking account.

✓ **Chase Cash Reserve.** This line of credit<sup>\*</sup> attached to your Chase checking account, helps prevent you from bouncing checks. But, unlike other banks' overdraft protection, Chase Cash Reserve automatically gets paid back each time you make a checking deposit, which can save you money by reducing your interest payments.

✓ **Chase Cash Back.** Now you can withdraw funds instantly—up to \$100—when you deposit a check at an ATM! And, unlike other banks, Chase doesn't require you to have money in other accounts to cover the amount you wish to withdraw.

# Hicksville Marching Band Places 2nd in Division

By Jim McCrann

The night of the last competition for the Hicksville High Cornets Marching Band brought feelings of nervousness and anticipation as well as confidence. "I was nervous like everyone else was, but I was ready and I was psyched," said Band Director Jim McRoy. These nervous feelings soon gave way to jubilation as the band reached its pinnacle of excellence. By achieving their highest score ever, which was 74.55, they placed second in their division just edging out rival Walt Whitman High School by 2 1/2 tenths of a point. What was even more satisfying was the fact that they improved from a last place band the previous year to a second place band this year, an almost unprecedented improvement for a marching band. Drum Major Tricia Gerry said, "I knew we were going to do awesome because Hicksville has improved so much."

This final competition, held in Mineola on November 7, was the Chapter Championships. It was also the night on which Mr. McRoy was hoping that the band would peak. The Championships were originally supposed to be held on November 5 but it was cancelled due to rain. Though the rain might have allotted extra practice time for the band, it also curtailed their building momentum which was difficult to regain on Monday. Fortunately, for the band, they were able to once again "psyche" themselves up. Monday night was quite chilly with an occasional brisk breeze. The weather conditions were far from ideal but a dramatic improvement over Saturday's driving rains. How did the band feel as they took the field? Though most members were nervous, Drum Major, Rana Araneta, found

herself running on an emotional high. Despite her ankle injury which she received earlier in the day, she said, "I felt no pain out there because I had the best time of my life." Now it was time to finally put on the show that they came to perform. Things started out well for the band, but they did run into some difficulty. According to Mr. McRoy, "There were some mistakes and there were some phasing problems," but the "excitement and effect" of the music combined with superior marching was able to compensate for any musical errors. Mr. McRoy went on to say "It was probably the most exciting show they ever played."

The highlight of this auspicious evening probably came at the conclusion of the competition when the scores and standings were announced. Though Hicksville received no individual awards, they finished well in many of the individual categories. But all of these individual scorings are nominal when compared to the final score of the band. As the public address announcer was ready to announce the results in Hicksville's division, tension began to fill the air. The bands were announced from last place to first place. Saint Francis Prep, as expected, was announced first as they finished in fourth place. When third place was awarded to Walt Whitman High School, the Hicksville band members were somewhat surprised, but nevertheless, ecstatic. As they were announced as the second place finishers, they cheered triumphantly and relentlessly. Drum Majors Rana Araneta, Tricia Gerry and Kim Stephan eagerly accepted the second place trophy after their customary salute. As the presentation of the

awards concluded, the Hicksville band members stormed the side of the field conglomerating into one, giant, elated group as they congratulated one another on a job well done. It exemplified what Mr. McRoy said about this band, "We started out as 90 individuals and ended up as one group."

Though this season did have some ups and downs, for the most part it progressed into what Drum Major, Kim Stephan, called, "[A] very successful [season]." Greg Jacobi, who plays the tuba, said, "We were the underdog and we came in second place. It was amazing." Saxophonist, Denise Pilot, said, "We finally got what we were after." Band Director, Jim McRoy, assistant director, Phil Grusenmeyer and Supervisor of Fine Arts, William Gagnon, commended the band for its outstanding achievements.

The band is currently preparing for upcoming concerts. Ahead for the band besides the concerts is the much anticipated trip to Disney World in May. This is part of what Mr. McRoy calls, "Bigger and better things" for the band. With the talent level of the band, the staff and support from the administration and community, the Cornets could very well blossom into one of the top marching bands on Long Island. For this to occur, the intensity level must continue and the foundation started this year must be built upon. Rana Araneta says, "We have an awesome future." They do if all the members have the same attitude as flutist, Melissa Master, "I love band [and] can't wait until next year."

## Oyster Bay Town Ice Rinks Now Open

The day after Thanksgiving is a holiday for many people. If you're looking for a fun way to spend a couple of hours, and perhaps work off some of that turkey dinner, then head for one of the Town's three ice rinks.

"Friday, November 25, is opening day for the Town's ice rinks, which are located in the Bethpage, Marjorie R. Post (Massapequa) and Syosset-Woodbury Community Parks," Councilman Howard T. Hogan, Jr. stated. "Public skating sessions of two hours in duration will be 10 a.m. to noon, 1 to 3 p.m., 4 to 6 p.m. and 7:30 to 9:30 p.m. at all rinks."

"Residents will be pleased to find that admission fees have not increased above last year's rates," Hogan continued. "Skaters 16

and older can enjoy two hours of skating for \$2.00, while admission will be \$1.00 per session for those 15 and younger. As in past years, seniors ages 62 and older are being offered a special reduced rate of \$1.50."

The Councilman noted that the hours for public sessions at all rinks for Thanksgiving weekend... Saturday and Sunday... will be the same as the Friday hours except there will be no 7:30 to 9:30 p.m. session on Sunday. A schedule of public skating sessions for the remainder of the season, which runs through the end of February, can be obtained at all Town facilities, at the rinks or by calling the Department of Parks at 795-1000.

Hogan also offered the following sugges-

tion: If you are looking for a great holiday gift for your favorite skater, or for yourself... then pick up one of the special discount books. "You get a book of 10 tickets for just \$7.50, a savings of \$12.50 over the individual per session fee," Hogan stated. "The discount books, which can be used by skaters of all ages, are available for purchase at the rinks."

Ice skating is a perennially popular sport, and Oyster Bay Town residents are fortunate to have three fully equipped rinks at which to enjoy this pastime," Hogan said. "So sharpen those runners and enjoy a winter of healthful ice skating at the rink nearest you."

## Stella Conte Honored

Stella Conte, of Hicksville, was recently honored for her work as a volunteer for EAC's Senior Respite Program at a ceremony held at the Swan Club in Glenwood Landing.

Designed to provide relief to families caring for elderly relatives or friends, the Senior Respite Program matches volunteers with families. Volunteers give in-home care for the frail elderly, allowing family "caregivers" time off to shop, rest or take care of their own needs. The Senior Respite Program is made possible by the Nassau County Department of Senior Citizens Affairs.

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anton Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only. We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

To The Editor:

I would like to take this opportunity to thank each and every resident of our community for allowing me the honor and privilege of returning to Washington, D.C., as their representative from the Fourth Congressional District.

My Congressional duties require my presence in our nation's capital most of the year, and I always enjoy returning to our local communities so that I may speak with my neighbors and discuss our mutual problems and concerns. Throughout the past few months, I have personally met with many

thousands of constituents, and have shared their optimism and hope for America's future. I look forward to working with President Bush and the new administration in an effort to continue the peace and prosperity that America enjoys.

I have been honored to serve as your Congressman for the past 18 years. I look forward to getting back to work in January, and tackling the tough problems that we face here on Long Island. With my best wishes, I remain,

Norman F. Lent

of Representatives

"From My Recipe File To Yours"

A can of pumpkin, a bunch of carrots, a little cornmeal, some molasses, a dash of nutmeg, and a few other ingredients can make three of the easiest dishes to place before your returning for Thanksgiving student princes and princesses. The recipes are old New England and are sure to please (especially if your prince or princess is on the meal plan).

The recipe for pumpkin soup can be easily doubled, or tripled; the carrot cake can be frozen (I've eaten it that way); and the Indian Pudding is as nourishing as it is good tasting.

### My Sister's Pumpkin Soup

3T butter 1 lb canned pumpkin  
2 onions, 4 cups chicken broth  
finely chopped  
3 stalks celery, finely chopped 1 ts. salt  
2 carrots, finely chopped 1/2 ts. pepper  
pinch of sugar, dash of pumpkin pie spice,  
allspice, nutmeg, ginger, cinnamon.

Melt butter in heavy 6 qt. Dutch oven. Saute onions until soft, but not brown. Add celery and carrots and saute for a few minutes. Add pumpkin and blend. Gradually add broth and seasonings and bring to boil. Reduce heat to simmer and cover. Cook for about 1 and 1/2 hours, or until vegetables are soft. Garnish with whipped cream or sour cream topped with chives. Serves 4.

### Nora's Carrot Cake

1 1/2 cups cooking oil 2 cups flour  
2 cups sugar 2 ts. cinnamon  
4 eggs 2 ts. baking powder  
1 ts. soda 1 ts. salt  
3 cups grated carrots (can be done in  
blender—slice carrots put a few in blender  
at a time with a bit of water. ... do not

puree)  
1 cup chopped pecans  
1 ts. vanilla

Beat oil and sugar well. Add vanilla. Add eggs, one at a time, beating well after each addition. Sift flour, salt, cinnamon, soda and baking powder; blend with egg mixture. Fold in carrots and pecans. Bake in greased 9 x 13 pan for 45 minutes or in three 9 inch pans for 30 minutes in a 350 degree oven. Frosting for cake: One eight ounce package of cream cheese, 1/2 stick margarine, one lb. box confectioner's sugar, 1 ts. vanilla, pinch salt. Cream cheese, margarine and sugar until smooth. Spread on cake.

### My Indian Pudding

6 cups milk  
1/2 cup yellow corn meal  
1 tablespoon butter  
3/4 cup molasses  
1/2 ts. salt  
1/4 ts. cinnamon—dash ginger

Heat oven with control set at 275 degrees for slow oven. Butter a 2 1/2 to 3 quart baking dish. Scald 2 cups of milk and pour over corn meal. Add butter, heat of milk will melt it. Stir in molasses and salt, and 2 cups of cold milk. Turn into baking dish. Bake very slowly and when it has cooked one hour, add another cup of cold milk. After another hour, add last cup of cold milk. Stir occasionally the first hour, so it will not form a hard crust. Let it cook three hours longer—five in all—it will be quite dark and jelly-like. Serve it with ice cream or whipped cream.

I hope you all have a very happy, healthy Thanksgiving.

Psst. . . . Say you saw it in the

Hicksville Illustrated News.

## EDITORIAL AND OPINION

## What the Politicians are Saying...

GOVERNOR MARIO M. CUOMO has issued an executive order creating a state commission to plan for New York's role in the international observance of the 500th anniversary of Christopher Columbus' voyages of discovery. ROBERT WAGNER, former ambassador to Spain, will chair the commission and MATILDA R. CUOMO will be honorary chairman. She has travelled to Italy and to Spain to lend support for the projects planned for the 1992 celebration. Among them will be a Grand Columbus Regatta to be held on July 4, 1992, in the New York Harbor.

CONGRESSMAN RAY McGRATH (R-Valley Stream) has announced the passage in the final days of the 100th Congress of a bill to give a boost to Irish Immigration and also to extend expired temporary visas for foreign nurses already in this country until the end of 1989. The bill directs the State Department to make available 15,000 visas in each of fiscal years 1989 and 1990 to the 37 countries designated to be "adversely affected" by the immigration act of 1965.

From CONGRESSMAN TOM DOWNEY: One provision of the Veterans' benefits and Services Act of 1988 restored the travel benefit which reimburses eligible veterans for travel to and from Veteran's Administration facilities to the first \$18 spent in a month. However, VA officials added a mileage requirement which meant that veterans who live within 27 miles of a facility would not be reimbursed. This was not the intent of Congress. This has now been corrected. Now, eligible veteran can be required to pay more than \$18 per month no matter how near a facility he or she lives.

STATE COMPTROLLER EDWARD V. REGAN has distributed \$83,445,472 for August, 1988, to help the 57 counties outside of New York City defray welfare costs. This represents a partial payment of the federal and state share of anticipated welfare expenditures for August. Nassau County received from the federal government \$2,770,414 and from the state 2,357,007.

Stating that the Town of Hempstead is prepared to use any and all measures at its disposal to prevent the burning of hospital waste at the Hempstead Resource Recovery Facility, PRESIDING SUPERVISOR JOSEPH N. MONDELLO AND SUPERVISOR GREGORY P. PETERSON have advised the plant's ownership of their unequivocal opposition. Browning Ferris Industries which owns and will operate the state-of-the-art waste-to-energy plant has made public its plans to turn the facility into an island-wide medical waste disposal plant. Mr. Mondello said that the plant was never intended to serve as a central processing plant for tons of medical waste generated from the Queens border to Montauk Point.

## A Letter from Lulabelle...

...Are you—or have you ever been—a member of a coffee klatsch?... (Now, I know that there's no such word in the dictionary—I looked in the unabridged—but, you all know what I mean, don't you?)... My coffee klatsch started so long ago that we can't remember when, but it was when we all had little kids in school and our daytime hours were free, so we met at 10 a.m. on Wednesdays at one house or another... It was coffee and buns and great conversation and it was a wonderful group... We all had a chance to set out our best china and silver and some were so creative—I remember that Judy once had a brown theme and she went so far as to have brown sugar!! It was great... And Eileen would tell some stories about what were really very ordinary events, but in such a manner that we were all overcome with laughter—(Isn't it wonderful how some people can do that?)... Nell would use her wonderful vocabulary in telling her stories and we would all compare notes about our kids who were all ages, from babies (brought along in one of those baby holders and cooed at by all the other doting mothers), to those in high school... The group varied in size—sometimes only five or six and others as many as twenty... Some occasionally went on to lunch at the Bird Cage at Lord and Taylor, where lunch was one price for 95¢!!!... But, the truly amazing thing about this group is that no one ever gossiped about any other or said anything unpleasant about another—it was remarkable... As the kids grew, many moved away and many died and the coffee klatsch was no more a weekly ritual... It now became a once-a-year Christmas party covered dish supper with each bringing her specialty... and now we have expanded to include grown kids, grown grandchildren, new friends... But there is still that magical feeling among the original members—that special knowing of special times—and it has made a special feeling for all of us... I hope that this will remind you of your old coffee klatsch friends... and maybe you'll give them a call.

Yours, Lulabelle

## Thanks for Making the Effort To Maintain the Two-Party System

Against very large odds — against friends telling you not to bother — against little help with raising funds — against belittling comments in the columns — you dared to accept the challenge to dream the impossible dream — to run against popular, well-known incumbents for political positions.

Just think what would happen if no one were willing to take this chance — to give it all he had — to sacrifice time, family, business, and money — to give the voters a choice — to give the incumbents a good race and keep them on their toes.

And so we thank all these who took on this challenge — among them Bob Mc Millan, Bob Previti, Frank Goban, Barbara Johnson, Bob Zimmerman and Len Shapiro. You have proved that you are the good citizens.

We congratulate the winners and pledge them our support — and we know the debt of gratitude we owe to the challengers who dared to take the chance to keep our two-party system working.

## Ombudspersons Needed For Nursing Home Patients

"Armed with the powers of persuasion, nursing home Ombudsmen battle indifference and fear," says Barbara Coleman of the AARP. "They are like Gentle Warriors."

Often when frail elderly people living in nursing homes assert their rights they are thought to be "difficult", "uncooperative", "disruptive" and even "disturbed". Ombudspersons (the Swedish term for patient advocates) are in the business of working with nursing homes staffs to help people assert their legitimate rights and have them respected. They investigate their complaints and help resolve them.

Ombudspersons have legal access to the twenty-nine nursing homes in Nassau County.

After six days of intensive training, they become state certified. There is continuous supervision and in-service training. All volunteers are an integral part of the Family Service Association in Hempstead which runs the program under contract from the Nassau County Department of Senior Citizens Affairs. Both the State and Federal governments contribute to the structure.

Ombudservice is in great need of volunteer for four hours a week. This is a unique opportunity for anyone willing to volunteer time to worthwhile and challenging program. For further information, contact Evelyn Weins-tein at 466-9718.

ROBERT R. McMILLAN'S

# Direct Line

The recent murder of the two policemen on the same day has highlighted the death penalty issue. Today, the murderer has much greater rights than the victim. A few months ago when a drug pusher put a gun to the head of Patrolman Ed Byrne and snuffed his life out, there was no jury selected; no judge presided over the trial; no lawyer stood there to defend Ed Byrne; and there was no right to appeal! All of those rights now apply to the murderer. On conviction, at least Byrne's murderer will not be able to go home on furlough! That is, fortunately, not the New York law.

Would the death penalty make a difference in deterring murderers? I feel it would. The facts show that for two weeks after the carrying out of a death sentence violent crime goes down. But, in my mind, that is not the issue. There are some crimes so repugnant to community values that the taking of a life by the state is truly justified. In that category, I would place the murder of any law enforcement official or correction officer during the line of duty. In addition, I favor the death penalty for rape-murderers. The consequences for such acts must be swift and just. We have arrived at a point in time where the public demands tough action against murderers. Polls in New York show that New Yorkers want the

death penalty.

I am not arguing about weakening the rights of the accused. I am, however, arguing that once found guilty and the appeals exhausted, certain murderers should pay with their lives. The Congress has recently found the courage to allow drug king pins involved in the murder of a law enforcement official to be sentenced to death on conviction. Governor Cuomo, on the other hand, continues to veto the death penalty each year in Albany. The New York Senate has overrode that veto each year only to have the death penalty put on the shelf by hand wringing members of the Assembly. Next year might be different in the Assembly. The election results will cause another look next year. If you have a point of view, let your legislator know.

This issue is not just the concern of law enforcement officials. The general public, so frustrated with crime and drugs, has turned to the death penalty as a way to vent anger and impatience. Michael Dukakis' answer to the question, in the second debate, about the death penalty and the hypothetical "rape-murder" of his wife cost him dearly. The subject is clearly emotional and an unemotional answer turned voters off. How much better he would have done if he had referred to the violent and sudden death of his brother by a hit and run driver. That would have shown emotion, and then, he could have given an answer in any way he might have wanted to.

Emotion alone should not decide how we pass laws. However, it would be naive to think that it plays no role. New Yorkers will have their focus on Governor Cuomo and the New York Assembly as they deal with the death penalty in Albany next year. Hoping there will be a turnaround in the Assembly, New Yorkers will be keeping a watchful eye. The death penalty could be a central issue in the 1990 election for Governor. Make sure your views are registered.

## The Other Washington

When we think of Washington we tend to think of the Capitol, the White House, the Lincoln Memorial or the Smithsonian museums. However, there is another Washington—one which the tourists rarely see. Within sight of the Capitol and the White House are neighborhoods in the grip of the epidemic of drugs. In these neighborhoods you count yourself lucky if you make it home safely at night. You lock your door and you certainly do not go out at night. The streets belong to the drug lords, and honest citizens are but trespassers on their territory.

The murder rate in Washington reached an all time high last week. There was a "shoot out" by rival drug gangs. One 19 year girl who was an innocent bystander was killed. A local television station runs a supplement to the news entitled "City Under Siege."

In its last hours, the 100th Congress passed a drug bill. As to what impact this initiative will have on the other Washington, only time will tell. Much of the debate in both the Senate and the House of Representatives centered on the need for the death penalty for drug kingpins. It seems to me that this measure will have little or no real impact on those communities in the grasp of the drug lords. Those

involved in the drug trade regularly inflict the death penalty on each other. The drug lords have little regard for life.

It may help a politician to win an election by using the rhetoric of the death penalty. However, it does nothing to solve the problem. One constructive step that could be taken is to take the weapons away from the drug dealers. In recent years, the weapons employed by the

drug lords have increased in sophistication and caliber. In some cases, the police are "out-gunned" by the drug lords.

Unfortunately for us all, there may not be the political will on Capitol Hill to take the guns away. Recently, the House of Representatives defeated a measure which would have enacted a seven day waiting period before the purchase of handguns. The waiting period measure was supported by

President Reagan and most major law enforcement organizations.

In this, an election year, the Congress paid great attention to the drug issue. Perhaps an effective way of gauging how serious the Congress takes the problem of the drug epidemic will be to watch its performance on the issue in a non-election year. If Congress wants to take the problem seriously, it should start by taking the guns away from the drug lords.

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity.

We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

### Turn Turn Turn (not) Burn Burn Burn

To The Editor:

It is estimated that by 1993 some 50 million Americans will be placing their separated waste curbside, and large solid waste management companies have targeted recycling as a growth industry.

Federal EPA official, Dr. J. Winston Porter has said, "Certainly we know that recycling programs can be successful because we already have some good models at the state and local levels. So I would say that recycling will be a major component of the system, as well as an area where we should really push for public education and program implementation."

North Hempstead Supervisor, John B. Kieran, last February, said, "We plan to work even more aggressively in the year ahead to make even greater strides in our recycling efforts." However, to date, only a very small, limited pilot composting project has been initiated while valuable, recyclable cardboard and office paper waste goes uncollected, and our administration continues to offer our 222 thousand residents any method of waste disposal they want—as long as it's mass-burn

incineration! Consequently, not only are great numbers of our residents outraged, but our recycling efforts suffer. The Town mandated separation of newspapers, bottles and cans is not being enforced, or else the volume of these valuable recyclables would immediately, more than double. By now, the Supervisor's In Focus Ads have dwindled, and unlike New Jersey towns, where outdoor billboards encourage residents to (Put 'Em on the curb), we see a void.

At a time when some other countries have long recognized the obvious environmental dangers of plastics incineration, North Hempstead has shelved the idea of separating plastics from our garbage. It is known that Japan, for years, has been religiously separating and avoiding any incineration of any plastics! Some of Japan's recycled plastics is used in building blocks for land reclamation, but the major portion is being stockpiled until an acceptable means of disposal is found.

There is an old Chinese proverb: "If you know what you know, and you know what you don't know—that is true knowledge." Should not our Town Administration be at least as cautious as respected Japan in handling potentially toxic plastics? In Town ad-

ministrative circles, it is known that there remains sufficient landfill area to last us at least 30 more years, and like Japan, our source-separated plastics could also be safely stockpiled. Alternatively, mixed plastics technology is available to produce durable posts, piling, recycling containers and the like.

North Hempstead's recently appointed Executive Director of Solid Waste Management, Robert J. Vrana, should not only commence motivating, informing and educating both our Administration and residents and businesses, on the overwhelming merits of comprehensive (total) recycling, but also, immediately initiate and implement "the sanitizing of our garbage"—no matter where it goes!

Short of this, coupled with an immediate turn around by our current administration on proposed mass-burn incineration, area Civic Groups ask all registered voters act responsibly, by endeavoring to add their names to the TURN (Taxpayers United for Recycling Now) petition currently being circulated, or in any event, cast their vote when this critical, total recycling (non-incineration) proposition is up for vote, the spring of 1989—AND NOW, IT'S YOUR TURN!

Dowling, M.D., M.P.H., advises residents that from Oct. 1 through May 31, tenants, whose heat is provided by a landlord, are protected by the Nassau County Public Health ordinance. ## Words of Consolation

By Martin Burns

One of the most demoralizing things in life is to lose an election. It can tear your heart out. An electoral defeat is one of life's experiences that cannot really be understood unless you have gone through it. No matter what the odds may be, somewhere in your heart you harbor the hope of winning.

To run for public office you must believe that victory is a possibility. If you don't think you can win, how can you inspire your staff, convince the voter that you are the right person for the job, or even motivate yourself through long and grueling days?

You can tell about a politician's character by the way he or she handles defeat. Some people run for political office as a matter of ego; others because they believe in certain issues and want to make the world a better place. There is a third category that is a mixture of the two.

One of the dominant political figures of our times was the late Senator Hubert Humphrey of Minnesota. Humphrey ran unsuccessfully for the presidency three times.

Once when the Minnesota Vikings lost one of their many Super Bowl appearances, Humphrey appeared in the locker room to console them. As the team walked dejectedly into the locker room, he patted them on the back and said "I think I know how you guys feel."

Humphrey realized that the issues he stood for were more important than his own electoral success. He was proud to participate in the process of democracy.

So, to all the defeated political candidates, of both parties, campaign staff, friends and family and supporters, try not to take it too hard. If you fought an honorable race you can certainly hold your head up and look everyone in the eye. And after all, you were bold enough to run in the first place. You also had the privilege of participating in the process of democracy. That is no small achievement.

Those individuals who decided to run against an incumbent, play an important role in our democracy. It has been pointed out that while those who create power may make an important contribution to our society, those who question power make a contribution that is perhaps more important. By running against an incumbent, an individual questions power and makes our democratic system stronger. A democracy cannot exist when the use of power goes unquestioned.

## Capitol Hill Journal

As most of us know, the Civil War ended almost 125 years ago. So, if you measure the passage of time in years, that was a longtime ago. However, for some "sons of the South" it seems like yesterday.

While the 100th Congress was finishing up its business, Rep. Thomas J. Bliley Jr. (R-VA) was paying tribute to his colleague, Rep. Trent Lott (R-MISS), who was leaving the House of Representatives to run for the Senate. Bliley was telling the story of how Lott came to a fundraiser for Bliley in his hometown of Richmond. The fundraiser ran far past its scheduled finish but Lott was happy to help his fellow Republican.

Despite the lateness of the hour, as Bliley was driving Lott back to Washington he had one request. He asked Bliley to drive past "our White House." For most of the Civil War, Richmond served as the capital of the Confederacy. So, Bliley and Lott drove that night past the White House of the Confederacy where Jefferson Davis lived and worked for almost four years.

# Joseph Lamb #5723 Knights of Columbus

## Oktoberfest

The Joseph F. Lamb Council - 5723 of the Knights of Columbus, Plainview, held its annual Oktoberfest in Our Lady of Mercy School auditorium Nov. 5 with about 200 people attending.

The musical talents of Joe Ratto provided a very enjoyable evening of dancing and singing.

The raffle was a big success due to the generous donation of many prizes, most of them hand-made by Joe Ort. Mr. Ort is a very talented craftsman and said he will "begin again tomorrow to make new prizes for next year's Oktoberfest raffle." Some of his beautifully crafted items included book ends, jewelry box, music box, key holder, bowls and baskets. He also labored over a beautiful rocking horse and chalet, which were auctioned off along with a child's chair and a cradle hand-crafted by Mr. John Lombardi.

A German dinner was prepared and served by Anne Ort and a staff of men and women of the organization.

Chairman of the Oktoberfest Josef Ort, Deputy Grand Knight and craftsman of most of the raffle prizes. The rocking horse was auctioned off.

## Weight Loss Program at Central General Hospital

As National Diabetes Month, a reminder that changed eating habits could save your life, November is an ideal time to attack a weight problem.

The third leading cause of death in the United States, diabetes afflicts more than 11 million Americans, half of whom don't even know they have the disease.

Many factors are known to cause diabetes, but in recent years, the influence of excess weight has become increasingly apparent, particularly in Type II or adult-onset diabetes. Obese individuals are more likely to develop diabetes than people of normal weight.

One OPTIFAST® Program patient, Sherry Moore a nurse who suffered from non-insulin dependent diabetes, knew she needed to lose weight to feel and look better. Although Sherry first became interested in The Optifast Program after she read that the American Diabetes Association recommended it for diabetics needing to lose weight, she was not expecting the tremendous impact losing 61 pounds had on her diabetes.

Since losing the weight, Sherry finds it much easier to live with her condition. At the advice of her doctor, Sherry came off her diabetic medication when she began the program, and has never needed it since. Optifast helped her safely get through a dangerous period.

Maintaining a weight loss is sometimes more difficult than losing the weight in the first place. A 30-month study conducted at Kaiser Permanente Medical Center found that patients who had completed The OPTIFAST® Program identified behavior modification — learning new eating behaviors — as critical for long term weight loss. Patients who had completed The Optifast Program maintained significant weight loss long term due to the nutrition and exercise habits learned during the program.

The OPTIFAST Program is available at Central General Hospital. For further information, please call Jackie Smith, Program Director, at 932-6250.

## The Grapevine

By Gary Ryder

France's Beaujolais nouveau—the first wine of the year—arrives every year a certain number of days after harvest. Isn't it nice that it usually shows up in time for Thanksgiving?

November is New York Wine and Food Month with special promotions planned. The Motto: "Uncork New York!"

Time was, it was understood: California Cabernet Sauvignons were big and bold; the French blended the same grape to create a more subtle, complex wine. In recent years, however, many of the California wineries are creating proprietary wines (no longer 100 percent Cabernet, but too good to be called generic reds) closer to the French models—and some French Bordeaux are adopting the California style.

Wine-based aperitifs such as Lillet, K&F and Dubonnet, were originally created to disguise poorly made wine with herbs and other flavorings. Today they're better made and more enjoyable than ever. Sip them on the rocks; they're lighter than hard liquor for cocktails.

When it comes to wine-based drinks, don't forget brandy to sip in a snifter at mid with soda. Brandy is distilled, as spirits are, but the base is wine, not a mixture of grains. **SENIORS** — here are Over 60 (plus the discount). Happy Thanksgiving to all our friends and customers. Let us help you with your wine selections. You'll find excellent values at Wine Warehouse.

## FROM THE DESK OF: SUPERVISOR DELLIGATTI

Forecasters are calling for an early and especially frigid winter this year and, before you and your family get caught up in the business of the holiday season, it would be a good idea to make a cold weather preparedness inspection of your home. Minor maintenance and repair chores performed now can insure the warmth and safety of your household—and save heating costs—when temperatures drop.

Storm windows and doors are an obvious but important safeguard against winter's chill and high heating bills. Drafts can be eliminated by making certain that windows and doors are weatherstripped to provide a tight seal when closed. Old or missing caulking should be replaced around all exterior doors, windows and any pipes coming into the house. Exposed water pipes should be wrapped in newspapers or specially made pipe insulation.

A well insulated home is key to winter comfort and energy conservation. Adequate insulation in the attic is particularly important, as a great deal of heat can escape through the roof. Houses that are constructed on crawl spaces should also be checked to make certain there is sufficient insulation underneath

the ground floor and that the entrance to the crawl space is tightly closed.

If you have not had a recent professional service check of your heating system you should arrange for one immediately. A well maintained system will not only use fuel more efficiently, but can prevent malfunctions that could leave your family without heat—an occurrence that fate normally seems to schedule at 2 a.m. in near zero weather.

Residents should be aware that, in the Town of Oyster Bay, all wood and coal burning stoves and fireplaces require a building permit and a certificate of occupancy. Applications for the permit may be obtained at the Town Clerk's Office in Town Hall, Audrey Avenue, Oyster Bay; the Division of Building in Town Hall; or at Town Hall south, 977 Hicksville Road, Massapequa. For additional information about the permit application, contact the Department of Planning and Development at 922-8060 and ask for the Building Division.

The time invested in readying your home to weather the winter ahead is well worth it and can pay dividends of comfort, economy and warmth for your family.

## What To Do If You Get Annoying Phone Calls

By A. Anthony Miller

Persons plagued with annoying telephone calls, ranging from the bizarre to the obscene, have various avenues of relief available to them.

Since 1982, it has been a criminal offense to make annoying phone calls. New York Penal Law, section 240.30, says that making a harassing telephone call is a misdemeanor, punishable by a \$1,000 fine, up to a year in jail, or both — for each offense!

This law provides that a person is guilty of the crime when, "with intent to harass, annoy, threaten or alarm another person," he "makes a telephone call, whether or not a conversation ensues, with no purpose of legitimate communication."

Don't stay on the line and engage the caller in conversation. Frequently, such calls are made at random rather than to specific per-

sons. Experts say that just hanging up the phone may stop the problem.

If you receive and are concerned about such a call, however, contact the police immediately, and file a complaint. Give them your name, address, the number at which you were called, the date and time of the call, and the content of the call. Once you sign a complaint, the technology exists which will permit the police to find and arrest anyone tormenting you by telephone.

The telephone company works closely with the police on identified complaints, and the caller will be arrested, brought to the police station, fingerprinted, photographed, and be instructed to appear in court for arraignment.

There is no reason for anyone to be victimized by a phone call — ever.

# 35th Reunion for Hicksville High Class of 1953

The members of the Hicksville High School class of 1953 traveled from all over the United States to attend their 35th reunion at the Farmingdale Masonic Hall recently.

Forty-two class members and their spouses attended, and of those, several came from other states such as Virginia, New Hampshire, California and Nevada. The reunion was organized through the efforts of **Robert Obermeyer** and **Mario Bianco**, both who still reside in Hicksville.

Decorations included such memorabilia as Mario Bianco's track sweater, the class "flea" yearbook pic-

tures and class trip photos from Washington D.C.

As in high school, **Don Rusch** played master of ceremonies. Some contests focused on who was wearing the school ring, who had the most grandchildren and who came the farthest distance from home to the reunion.

The members of the class would like to thank the committee for its hard work. Don Rusch, who has kept the class together and everyone who made the night a success. **And to those who could not make it to the reunion:** "We missed you. See you at our 40th reunion."

# Gulotta's 1989 Budget Means Average Tax Increase of \$114

By A. Anthony Miller

If County Executive Tom Gulotta's proposed 1989 budget for Nassau County is approved by the Board of Supervisors Dec. 15, the average property tax rate will be increased by \$114.

The \$1.55 billion budget for next year, unveiled Nov. 14, is blamed on an expected \$95 million shortfall in sales tax revenues and a \$56.3 increase in state and federally-mandated expenses over which the county has no control, Gulotta said.

A "temporary softening" of the economy, dating to the October, 1987, stock market loss, and a state-wide drop in sales tax revenues, which may reach two billion dollars, led to what Gulotta termed "cost cutting steps," which he outlined. Pledging that no county elected officials would be getting pay raises, Gulotta proposed to trim \$21.4 million from next year's budget by not filling 319 vacancies in the county work force, for a saving of \$9.6 million; a further \$9.2 million in salary attrition savings; \$1.6 million to be saved by elimination of new car purchases next year, and a further million dollars saved by a pro-

posed reduction in utilities spending.

Gulotta noted that the county was committed to additional spending by programs over which it had no control, and apportioned the \$56.3 million expense increase among Medicaid (\$9.8 million), the Metropolitan Suburban Bus Authority (\$2.9 million), aid to the handicapped (\$18.6 million), the subsidy for the Patterson Home (\$2.4 million); retirement pay for county workers (\$7.5 million); and increases in health insurance (\$15.1 million).

The county executive pledged that essential services, including police and programs for human services, would not be affected, saying, "we cannot legally or morally permit those least able to care for themselves to be hurt and become the pawns in a budgetary game of chess."

Under the county chapter, the 1989 proposed budget will now be under review by the board of supervisors. They have until Dec. 15 to either adopt the budget as it is or in an amended form. A public hearing must be scheduled by the board to consider public comment on the proposed budget.

"Let the Games Begin" became the beginning of school motto of Miss Saxon's Fourth Grade class at East Street School.

A mural became the motivating activity for an in-depth inter-disciplinary unit about the Summer Olympics games at Seoul, Korea.

All aspects of the topic were examined, debated, and analyzed. The potential for change, additions, and hope for cooperation and friendly competition leading to a world of peace were covered.

The bidding:

East South West North

Pass 1 NT Pass 3 NT

Opening lead — seven of spades.

Tactical considerations are often more important than technical considerations. You shouldn't always aim to make the theoretically best play in a given suit; instead you should try to find the overall best play in the given hand.

Consider this deal where West leads his fourth-best spade. Declarer wins with nine and sees that his best source for the tricks lies in diamonds.

Ordinarily, declarer would handle

this particular diamond combination by first cashing the ace and then the king. But observe what happens if South follows the procedure in the present case. He can no longer score all his diamonds, and cannot score a fourth diamond trick without surrendering one to East first. East would then return the queen of hearts to put the contract down one.

To prevent this from happening, declarer should cash the king of diamonds at trick two and next lead the ten, planning to finesse if East follows low! This approach guarantees the contract even if West wins the trick with the jack. (South could then score four diamonds, two clubs and three spades after conceding a trick to West's king.)

Of course, if East covers the ten with the jack, South wins with the queen, thus assuring five diamond tricks whether West follows suit or not.

In selecting this line of play, declarer reasons that he is certain to make the contract by leading the diamond king at trick two, regardless of how the diamonds actually break. It is a safety play that insures at least four diamond tricks and three notrump, come what may.

# FALL FOLLIES

## Making the Most with Autumn Produce

So, you couldn't wait for all that great fall produce to peak. When it did, you struggled to carry off a dozen pumpkins for Halloween; you decorated your tables with squash and other gourds; and now, most likely, you are the proud owner of another seasonal fruit, those plump and juicy apples - Granny Smith, Delicious, Baking, Macintosh, and more.

While the adventurous pick their own, others simply buy them by the sack from a farmstand or grocery. Either way, something must be done now with the overabundance of autumn produce. We suggest trying some of these easy recipes to cover your breakfasts through desserts for the remaining season.

### Batter-Fried Apple Rings

You will need: 1 cup Bisquick baking mix, 1 egg, half cup milk, and 2 medium apples, pared and cored.

Beat baking mix, egg and milk with rotary beater until smooth. Grease griddle. Cut apples crosswise into one-eighth inch slices. Dip slices into batter. Cook on hot griddle until golden brown, turning once. Serve with syrup, jelly or confectioners' sugar.

### Autumn Soup

You will need: 1 lb. ground beef, 1 c. chopped onion, 4 c. water, 1 c. cut-up carrots, 1 c. diced celery, 1 c. cubed pared potatoes, 2 tsp. salt, 1 tsp. bottled brown bouquet sauce,

1/4 tsp. pepper, 1 bay leaf, 1/8 tsp. basil, 6 tomatoes.

In large saucepan, cook and stir meat until brown. Drain off fat. Cook and stir onions with meat until onions are tender, about 5 minutes. Stir in remaining ingredients except tomatoes; heat to boiling. Reduce heat; cover and simmer 20 minutes. Add tomatoes; cover and simmer 10 minutes longer or until vegetables are tender.

### Little Pumpkin Custards

You will need: 1 can or 16 oz. of pumpkin (2 c.), 1 tsp. salt, one and one third c. evaporated milk, 2 eggs, 2/3 c. sugar, 2 tbs. butter, melted, 1 tsp. cinnamon, 1/4 tsp. ginger, 1/4 tsp. nutmeg, 1/4 tsp. cloves, crunch topping.

Blend all ingredients except crunch topping with rotary beater. Divide among 8 ungreased custard cups. Place cups in baking pan; pour in very hot water (1 inch deep). Bake 45 minutes or until knife inserted in center comes out clean. Cool. Invert custards onto dessert dishes. Serve with crunch topping.

For crunch topping, in chilled bowl, beat 1/2 c. chilled whipping cream until stiff; fold in 1/2 c. finely crushed peanut brittle.

### Squash Gourmet

You will need: 3 lbs. Hubbard squash, 2 tbs. butter or margarine, 1 c. dairy sour

cream, 1/2 c. finely chopped onion, 1 tsp. salt, 1/4 tsp. pepper.

Cut squash into serving pieces; remove seeds, fibers and rind. Cut into cubes. Heat 1 inch salted water to boiling. Add squash. Cover and heat to boiling; cook 15 minutes or until tender. Drain. Heat oven to 400 degrees. Mash squash; stir in remaining ingredients. Turn mixture into ungreased 1-quart casserole. Bake uncovered 20 to 30 minutes.

### Squash and Apple Bake

You will need: 2 lb. butternut squash, 1/2 c. brown sugar (packed), 1/4 c. margarine, melted, 1 tbs. flour, 1 tsp. salt, 1/2 tsp. mace, 2 baking apples, cored and cut into 1/2-inch slices.

Heat oven to 350 degrees. Cut each squash in half. Remove seeds and fibers; pare squash. Cut into 1/2-inch slices. Stir together remaining ingredients except apple slices. Arrange squash in ungreased baking dish, 12"x8"x2", cover with foil. Bake 50 to 60 minutes or until squash is tender.

### Old-Fashioned Pumpkin Pie

A pumpkin itself was the first pumpkin pie shell, filled with milk, sugared and spiced, then baked. The Indian pumpkin plus the English pastry equals a truly American dish.

You will need: 1 pie crust, 2 eggs, 1 can or 16 oz. pumpkin (2 cups), 3/4 c. sugar, 1/2 tsp. salt, 1 tsp. cinnamon, 1/2 tsp. ginger, 1/4 tsp. cloves, 1 can (13 oz.) evaporated whole or skim milk (1 2/3 c.) or light cream.

Heat oven to 425 degrees. Prepare pastry for 9-inch one crust pie. Beat eggs slightly with rotary beater; beat in remaining ingredients. Pour into pastry-lined pie pan. Bake 15 minutes.

Reduce oven temperature to 350 degrees. Bake 45 minutes longer or until knife inserted between center and edge comes out clean. Cool.

Serve with Honey-Ginger Cream: In chilled bowl, beat 3 c. chilled whipping cream until stiff, gradually adding 1/4 c. honey and 1/2 tsp. ginger. Chill 1 to 2 hours before serving.

Sweet Potato Pie: Substitute mashed cooked sweet potato for the pumpkin.

### Apple Dumplings

You will need: 2 sticks or 1 packet Betty Crocker pie crust mix, 6 baking apples (each about 3 inches in diameter), pared and cored, 3 tbs. raisins, 3 tbs. chopped nuts, 2 c. brown sugar (packed), 1 c. water, sweetened whipped cream.

Heat oven to 425 degrees. Prepare pastry for Two-crust Pie as directed on package except -- on lightly floured board, roll 2/3 of dough into 14-inch square; cut into 4 squares. Roll remaining dough into rectangle, 14"x7"; cut into 2 squares. Place an apple on each square.

Mix raisins and nuts; fill center of each apple. Moisten corners of square; bring 2 opposite corners of pastry up over apple and press together. Fold in sides of remaining corners; bring corners up over apple and press together. Place dumplings in ungreased baking dish, 12"x8"x2".

Heat sugar and water to boiling; carefully pour around dumplings. Bake about 40 minutes or until crust is brown and apples are tender when pricked with fork. Spoon syrup over apple 2 or 3 times during baking. Serve warm or cool with whipped cream.

## American Education Week

OYSTER BAY TOWN SUPERVISOR Angelo A. Delligatti declared the week of November 13-19 "American Education Week" with the presentation of a proclamation to representatives of the Hicksville Congress of Teachers. Accepting the document are president Robert Zaleski and first vice president Elayne Kabakoff. **6 REASONS TO BUY FROM BARON**

1. OUR OVERHEAD is lower than most Nissan Dealers (which means lower prices to you).
2. OUR SERVICE RATE is \$19 an hour less than the #1 Volume Dealer (to coin a phrase, SERVICE AFTER THE SALE).
3. PERSONALIZED SERVICE. You are not a number but a valued customer. You don't have to wait an hour for a sales rep.

## House Calls

By Edith Lank

### Paying One's Own Taxes

Dear Edith: My husband and I purchased our first home nine years ago with a 10 percent down payment. At that time, our property taxes were included with our monthly payment.

Now we would like to separate the property tax portion from our monthly payment but our lending institution refuses to do this. We would like to place the funds in our own interest-bearing account. Our equity in the home is now approaching 50 percent. —Mrs. M.W.

If yours is an FHA or a VA loan, you must, by law, continue to send money for taxes as part of your regular payments every month to the lender.

If it is a conventional loan, you may or may not have the right to make your own tax payments. Take the question to your lending institution.

### Electric Lines Over The Pool

Dear Edith: We bought a house in November. There is a pool and a hot tub in the backyard. Recently a friend came out and said the lights surrounding the pool and tub were too close. He suggested we get the town's electrical inspector to come out and take a look because if someone got hurt, our insurance wouldn't cover it if the lights weren't up to code.

The inspector came out and said not only were the lights wrong, but the overhead electric, phone and cable lines were not supposed to be over the pool. Now we have a violation because of overhead lines, lighting too close and lines that should be moved underground to various outlets. This is going to cost us thousands of dollars. Can we sue the former owners because they never got permits? Can we sue the

company that installed the hot tub incorrectly? Can we get the violations corrected without paying for it out of our own pockets? It's not right that we should be stuck with this.

—Mr. and Mrs. E.A.

The legal question is complex, and one factor may be that you could have seen the violations before you bought. A lawyer can advise whether you have any claim on the seller or the installer. In the meantime, insurance considerations aside, just thank your lucky stars a friend steered you in the right direction before someone got killed.

### Plot of Land Sale

Dear Edith: I will be 75 years old in September. Does the over-55 tax break cover the plot of land sale (in the hopes that I can keep my own home of 46 years)? Thank you for an answer to this question.

—Mrs. S.G.

You will owe income tax on your profit from the sale of the land, whether or not you sell your home. The special tax breaks would apply only to your home itself on a normal house lot, not to surrounding acreage and certainly not to land located elsewhere.

**Ex-Husband On the Mortgage**  
Dear Edith: My husband and I were recently divorced. He signed over the house to me on a quit-claim deed. However, his name is still on the mortgage. He now wants to buy another piece of property and wants his name off the mortgage. Can't it be done now that a quit-claim deed has been filed? Is there any way to get his name off the mortgage except refinancing?

—E.L.

Your husband signed a personal promise to repay the loan, and turning the house over to you didn't cancel his obligation. If your own financial situation is strong enough, perhaps you can go through some paperwork to relieve him of the responsibility. Your lawyer, or your ex-husband's lawyer, can look into the matter.

Should you offer full price? What about the appliances? Edith Lank gives advice in her leaflet **NEGOTIATING YOUR HOME BUYING**. Send \$1 and a stamped return envelope to Negotiating, 240 Hemingway, Rochester, N.Y. 14620.

# After 90 days, most car repair guarantees run out of gas.

While most car repair guarantees last only 90 days, there is one that lasts a lifetime.

**LIFETIME SERVICE GUARANTEE**

It's the Lifetime Service Guarantee. Once you pay for a covered repair, it's guaranteed, with free parts and labor, for as long as you own your car.

But it doesn't just last longer than other guarantees, it covers more parts and labor, in more places, too.

No matter where you travel in North America, you'll be covered for as long as

you own your car or light truck. It's America's best car repair guarantee. Only Ford, Lincoln and Mercury owners can get it.

Ask your participating Ford or Lincoln-Mercury dealer for a copy of this limited warranty. The Lifetime Service Guarantee. Because peace of mind is just the opposite of distress.

## 11,000+ Tour Oyster Bay's Golf Course in October

During four weekends in October, more than 11,000 people toured the Town of Oyster Bay's new golf course and clubhouse, according to Town Supervisor Angelo A. Delligatti.

"We anticipated very large crowds, but this kind of turnout exceeded our expectations," said Delligatti. "On several days, when there were torrential rains, people were not deterred. Cars continued to drive through the gates and people walked the course."

Located on the 120-acre Bruce Estate in Syosset, this newest Town facility will open for play and dining in the spring of 1989.

The architect for the golf course was Edward Durrell Stone Associates of Oyster Bay. They enlisted the services of the internationally renowned golf course designer Tom Fazio of Fazio Golf Course Designers, Ltd., of Jupiter, Florida.

"When golf magazines list the best courses in the country, the Fazio name is always prominent," said Delligatti.

Delligatti said that, in anticipating development of the property, the Town was particularly concerned about retaining the many specimen trees found there. "We were relieved to learn that Fazio shared our concerns and designed the course to focus on their presence."

Visitors spoke in glowing terms about the course's natural beauty and the magnificent turn-of-the-century mansion/clubhouse.

Edward Durrell Stone Associates handled the restoration and re-use of the Italianate Bruce Mansion to act as the clubhouse facility. The Town is presently reviewing proposals for restaurant service which will be available in the dining rooms, breakfast and grill rooms.

"Watching the development of this facility has been very exciting," said Delligatti. "Those residents I have spoken with, and those who have written to me, share my enthusiasm and look forward to years of challenging golf and relaxed dining."

## Hicksville Ties Syosset 3-3 in Soccer Match

By A. Bliker

The Hicksville Warriors 1974 traveling soccer team brought their LI Junior Soccer League record to 4 wins, 3 losses, and 1 tie, via a 3-3 tie against the Syosset Cyclones, at wind-blown Cantiaque Park, Nov. 6, leaving them in second place in their Division.

Both teams played evenly matched soccer until the 22 minute mark, at which point right outside halfback David Lovato gave "lonely" striker Chris Doyle a perfect throw in, which he converted into Warriors first score. Syosset came right back at the 24 minute mark, on a shot into the right corner, which goalkeeper Chris Koetter never saw, due to a screen. The teams then had numerous chances, which were thwarted by the defense. At the 35 minute mark, right center halfback Dom Perillo fed Doyle a perfect lead pass, which he put passed the Syosset goalie for a 2-1 lead, which the Warriors carried into halftime.

Syosset, using the prevailing wind to their advantage, controlled the start of the second half, but the warriors proved equal to every challenge, finally taking control at the 37 minute mark. Left, inside halfback, Junior Tomlinson, gained control in a melee and fed the ball to Perillo, who put it in for a 3-1 Warrior lead. The Cyclones now grew desperate and began exerting tremendous pressure on the Warriors. The Warriors, who were playing with 11 "ironmen", began to show the effects of fighting a foe who was substituting five players at a time, constantly keeping a "fresh" team on the field. At the 55 minute

mark, on a play that was aided by the blinding sun in the eyes of the Warriors defender, Syosset lofted the ball behind them and then followed it in for their second goal, making the score 3-2.

The Warriors followed this score with a charge up field, at which time the most pivotal play of the game occurred. Doyle, on a breakaway, was sandwiched by two Syosset defenders, both of whom fouled him, outside the box, but he maintaining control of the ball for what would have been a one-on-one challenge of the Cyclones' goalie. However, the referee, on a very questionable whistle, took the advantage away from Hicksville, stopping the play, and setting up an indirect, which carried over the goalpost. The Cyclones then took control, tying the score at the 77 minute mark, the game ending on a Warrior charge or a 3-3 tie.

The Warriors, Chris Koetter in goal, Chuck Oliver at sweeper, Brian Harkins at right full, Kris Friedrich at left full, Eric Bliker at stopper, David Lovato at right outside half, Kareem Holman at right inside half, Dom Perillo at center half, Junior Tomlinson at left inside half, Karl Rice at left outside half and Chris Doyle at striker, put on a great show, but just didn't have enough manpower to overcome playing 11 against 16. Congratulations to Chris Doyle for scoring seven goals in the last three games. Thanks to Coach Pat McHugh and Assistant Coach Pat Harkins for getting the most out of a limited situation.

## Hicksville Raiders Defeat Express, 2-1

By Steve Baglieri

The Hicksville Raiders 1978 Travel Soccer Team defeated the Mastic Express 2-1 Nov. 5. The team was behind 1-0 at the half but very much in control of the game. The second half was all Hicksville. The team out finessed their opponents. Their short quick passing and use of newly learned skills.

The first goal was a team effort started by Ryan Ferraro, at fullback, on a short corner kick into the wind. The forwards Jim Powderly, Michael Baglieri, and Jeff Reinhardt clogged the far post and Ryan passed short to Susan Accardo at midfield who in turn passed quickly to our stopper Nikitas Koroneos. Koroneos then put a low shot into net. This one really ignited everyone. Our attacks started from the backs, Nicky Riccardi, Brian

Gallahue, and David Koehn playing sweeper for the first time. Our midfielders, Ken D'Intino, Ed Puerta, and others, made the transition nicely from offense to defense. Our two keepers, Ryan Ferraro and the Paul Oliva in the second, half were superb.

Jimmy Powderly, on the wing, put in the winning goal shooting at the far post. The defense supported each other as a unit and shut down the Express in the second half. The Team's record has improved and their skills are beginning to become apparent. Thanks to the parents and kids for being patient while we build a good soccer team.

Congratulations Raiders on a great game and a special thanks to Giovanni's Deli, our sponsor.

## 1977 Pioneers Defeat Merrick Blast 5-1

By Jay M. Schwartz

The 1977A traveling team from the Hicksville American Soccer Club handily defeated the Merrick Blast at the Merrick field on November 12. Leading 1-0 at the half, the Pioneers exploded for four more goals and never lost their control of the ball during the game.

The game started with field domination by the Pioneers. They were supported in the midfield by halfbacks Jonathan Schwartz, Joseph Florio, and Russell Brousseau. These three controlled the ball and let their strikers do the rest. The first goal came as Jonathan Schwartz passed the ball up to Ricky Ladimir on the left wing. Ladimir dribbled the ball down the sideline and took a low ground shot at the far post for the goal.

The kickoff came and several shots were taken on goal as the Blast failed to clear the ball. Ladimir ran in and shot one wide. Joseph Matz took a run and shot one to the left side. The goalie saved it but the ball popped loose. Matz once sailed high over the upper bar. Matz took a pass from Florio but shot it wide to the right. Late in the half, the Blast turned it around and played attacking maneuvers.

Hicksville took its time clearing the ball but goalkeeper Gregory Latini made three nice saves. Peter Titone dribbled one in after a pass from Matz, but he kicked it with the top of his toe and it was wide.

The second half started with a Hicksville goal as Matz tapped the ball in from the right side. Titone picked it up and passed to Ladimir who nailed it in as the goalie came out to Titone. Goal three came on a Jimmy Coffey high sweeping kick as Jonathan Schwartz passed to Ladimir who saw Coffey open and fed him the ball. Peter Titone had a goal when Coffey passed to him and he drilled a line drive right passed the watching goalie.

Merrick scored as the defense watched a man get passed three defenders. Latini came out but the ball was deflected and a second attacker put it in. Ladimir's hat trick came as Richard Werchenski slid one to him and he neatly put one in on the ground, out of reach of the overpressured goalkeeper.

The team's record is now seven wins, no losses and one tie, giving them first place in the division. The sponsor, Westbury Federal Savings and Loan must be very proud.

## Uniondale Defeats Comets 36-28 in Last Game of Season

By Jim McCrann

The Hicksville High varsity football team finished out the year in much the same manner as they played the rest of their games. "We played every game hard but we just fell a little short," said quarterback Joe Passo as he described the final game of the year and the season in general. The Comets second half comeback was just not enough as they were defeated by Uniondale, 36-28. Once again, the Comets were at a disadvantage because of their inferior size. "They were big and fast," said center Paul Nicolls. "It's been really tough since we are a small team. We're basically the smallest team in the league." Uniondale scored early and often and eventually was able to hold off the Comets' comeback for the victory.

Saturday was a beautiful day for football and Uniondale made the most of it early on. After returning the kickoff to their own 30 yard line, quarterback Joe Hall immediately went into shotgun formation. This strategy seemed to pay off as Hall completed 5 consecutive passes taking the team to Hicksville's 10 yard line. On second down, Hall rolled right and carried the ball into the endzone for touchdown, giving Uniondale a 6-0 lead less than 3 minutes into the game. They were able to get the two point conversion which made the score 8-0. When Hicksville took possession of the ball, their offense was stopped cold as they were unable to put together a run-

ning attack early on. Defense prevailed for the rest of the quarter for both teams as Uniondale held on to the 8-0 lead at the end of the first quarter.

Uniondale was able to stop the Comet's offense deep in Hicksville territory forcing them to punt. This gave Uniondale possession on their 47 yard line. On this drive, the running was the story for Uniondale. Marvin Chin broke open for a run down to Hicksville's 22 yard line. A few plays later, Darren Harvey, ran to the left and then into the endzone. This, combined with the 2 point conversion, put Uniondale up by 16. They almost scored again on their next drive. From their 41, they completed a pass play all the way down to the Hicksville 25 yard line. On the very next play, they attempted a pass into the endzone, but it was tipped and Sean Tower made a sensational catch as he intercepted it. On Hicksville's last two drives of the half, they were stopped in Uniondale territory and were unable to score. It was 16-0 at halftime.

Halftime marked the turning point of the game for Hicksville. Since this was the final game for the seniors, many of them got involved in a halftime pep talk which seemed to motivate the rest of the team. On the first drive of the second half, Hicksville advanced to Uniondale's 35 on a big run by Joe Passo. Passo then passed to Chris Hogan for 5 more yards. After the Comets picked a few more yards, they were faced with a fourth down

and three situation on the 27 yard line; George Filippone was able to pick up the first down. On another fourth down situation, the Comets caught a break when Uniondale was assessed a pass interference penalty in the endzone giving Hicksville first down. Filippone carried to the one yard line and Gus Kefalas took it from there, giving Hicksville its first 6 points, cutting the Uniondale lead to 10. Uniondale, however, built upon that lead. They took over at their 26 yard line and advanced to their 40. Emerson Richardson ran the ball from there all the way down to the Hicksville 43. After they picked up a couple more first downs, quarterback Joe Hall found Dennis Poole up the middle who ran it in for a touchdown. The two point conversion put Uniondale up 24-6 at the end of the third quarter.

Uniondale regained possession on their 34. A few big gains via the run, brought them all the way down to the 3 yard line of Hicksville. After a quarterback sack brought them back to the 18 yard line, Hall flipped to Darren Harvey who cut right and ran into the endzone making the score 30-6. After the two teams intercepted each other on consecutive drives, Hicksville then took over at Uniondale's 49 yard line. Joe Passo went into shotgun formation which gave him more time to pass. "It was the key [to Hicksville's rally]," he said. After completing a pass to Dave Dobrindt on the 37 yard line, he was later able to find Tom

Cassata wide open for a touchdown making the score 30-12. On the ensuing kickoff, Hicksville attempted an onside kick which Carl Andersen recovered giving Hicksville possession. A pass interference call on Uniondale was able to set up another touchdown for the Comets as Passo and Chris Hogan connected making the score 30-18. The 2 point conversion made it 30-20. Uniondale seemingly put the game out of reach with another touchdown making the score 36-20 with less than a minute left. However, on the Comets first play from scrimmage at their 40, Joe Passo once again found Cassata open down the left sideline for a 60 yard touchdown. The two point conversion made the score 36-28. Unfortunately for Hicksville, time would soon expire and the game and season ended with a loss.

Hicksville's record dropped to 2 wins and 6 losses but coach Ron Quattrini still found some bright spots in this season full of frustration. "Believe it or not," he said, "I was pleased. The boys are in the toughest league in the state and they fought competitively." He also praised the team for not quitting when they were down. Tom Cassata described the season as "up and down" but he also said, "Just competing is enough for us." Mr. Quattrini best summed up this season by saying, "I couldn't ask for anything else from a good bunch of kids."

### Comets' Soccer Team Defeated in Finals by Syosset

By Jim McCrann

The Hicksville High varsity soccer team was defeated, Nov. 7 in the Nassau County Finals by Syosset by a score of 3-1. "When you get that far you like to just keep going," said Hicksville coach Ed Moeller as he described the disappointment of losing. After splitting the season series with rival Syosset, it was expected that the two teams would cross paths once again. Since Syosset was number 1 seeded and Hicksville was second seeded going into the playoffs it was no surprise that the two teams clashed in the County finals. Unfortunately for the Comets, the results were the same as last year as they lost in the finals for the second straight year.

According to Mr. Moeller, one of the key reasons for the defeat was Syosset's ability to shut down Hicksville's two biggest scoring threats, Jack Fabrizio and Mike Luongo. "We really didn't have any offense at all," said Mr. Moeller. Syosset's Nick Zizzadoro was practically all the offense that Syosset needed as he recorded two goals and an assist. After he scored his first two goals to give Syosset a two goal lead, he took a corner kick which was headed into the net by high scoring striker Irad Young. This goal was especially significant as it was scored while Syosset was short-handed. It seemed to take the Comets completely out of the game. Hicksville Fabian Castiglione scored his second goal of the season later on but it was simply not enough as Syosset went on to win 3-1. Syosset advanced to the Long Island Championship and Hicksville's season came to an abrupt halt.

Though they went unconverted, there were some opportunities for Hicksville. "We just couldn't put the ball in the net and finish the opportunities that we had," said Jack Fabrizio. Because Syosset is such a high quality

team, failure to take advantage of opportunities usually has disastrous results as it did in this case. According to Jack Fabrizio, Syosset is playing very well as a team. "I think they'll go far in the playoffs," he said. Mr. Moeller also called them a very good team who is "playing very well at this time."

Though it ended in a such a tough way, this was undoubtedly a very successful season for the Comets. They ended the season in second place with a record of 13 wins, 3 losses and 3 ties. After starting out slowly, the team picked up momentum and turned the season into a very productive one. Mr. Moeller said he was happy about the season. "I think it exceeded our expectations." Turning in a solid season, for the Comets were: Mike Luongo who led the team in points with 23 (17 goals and 6 assists), he also was named All-County and will be playing in the "Exceptional Senior" game; Jack Fabrizio, who led the team with 19 goals, was also named All-County and will be playing in the "Exceptional Senior" game; Steve Gourlay, who led the team in assists with 11 to go along with 4 goals and 15 points, was named All-Division. Jason Kilmetis, who scored 12 goals was also named All-Division. Tim Doyle and Mike Valente were also named All-Division.

Can the Comets be competitive next season? The team will lose their top three goal scorers as Fabrizio, Luongo and Gourlay are seniors this year. Nevertheless, Mr. Moeller is confident that the team can be in contention. "We've got 6 starters coming back and I think we can be very competitive," he said.

Will they be able to reach the finals again? It's too early to tell. But it is possible for them to accomplish what Mr. Moeller said that this team did. That is, "Going further than we thought, [further] than we expected."
