

School Memorial Dance Honors John Pitrelli

By Jim McCrann
High School Writer

"One day we tried to cut out from school. We were half way down to Calda Pizza when about 20 kids came running out shouting 'Pitrelli's in there! Run!' I was wearing my Hicksville jacket and Mr. Pitrelli yelled, 'Yo! Hicksville! Turn around! Get back to school now! I want you in my office—now!' Mr. Pitrelli got into his car and he was smoking his pipe and he pulled over next to us and said, 'Get back to class and we'll forget about the whole thing.' It was the funniest thing."

This Hicksville High School student and many others have stories to tell about the late John Pitrelli, an administrative assistant who passed away last August. Although a disciplinarian, Mr. Pitrelli was respected by his students.

Hicksville students held a dance in his memory last Thursday. It was an event to "honor a man who somehow touched all of us," according to student body president, Harry Pangas. In addition to the large turnout of students, also present were school principal, Richard Hogan, teachers, and Mr. Pitrelli's wife, Roseann; son, Al, and daughter, Nancy.

After almost two hours of dancing, students presented a musical dedication song, titled *To Sir With Love*.

Kelly Kraemer, one of the singers, explained why that particular song was selected. "The words said that we really cared about him. They showed how he helped us to grow up, learn from our mistakes and be more mature."

Mrs. Pitrelli said to the students, "I know he'd be so proud of you. We know how much he loved you."

Many of the people who attended the dance had a special memory of Mr. Pitrelli. Mr. Hogan said he used to refer to him as "The Resident Hit Man." But in reality, "He was anything but that. He was a caring and wonderful person who helped so many youngsters who passed through the halls of Hicksville High School."

Mike Luongo, a senior, recalled one encounter he had with Mr. Pitrelli, saying "One time he bagged me in the hall. I was horsing around and disturbing some classes. I was down in his office and he made me sit there for my lunch period. After I sat there for the whole period, I was mad at him and Mr. Pitrelli was fuming. Afterward, he put his hand on my back and said, 'In the long run, you're going to benefit from this. And I think I did.'"

Attending the dance was important to many people who cared for "Mr. P," as he was called. The students wanted to show their appreciation for him. Harry Pangas said, "You could tell that he cared and we owed it to him to show that we cared for him."

Mr. Hogan referred to Mr. P as "a man who could walk into large groups of youngsters and command respect almost instantaneously."

Nancy DeSorbo, coordinator of student activities at the high school, described Mr. Pitrelli as "a friend to the staff and friend to the students." The proceeds from the dance will go to the PTA scholarship fund that has been set up in Mr. Pitrelli's name and for a plaque that will be displayed in the high school, said Mrs. DeSorbo.

The dance was quite successful, according to many of the students. A security guard at the dance who took notice of the students support, but never knew Mr. Pitrelli, remarked, "This man must have been something else to receive such a large turnout for the dance."

Developer Tries to Bring Retail Back to Broadway

By Rita Langdon

If a request by a real estate developer is approved by the town board, residents may soon be able to shop on Broadway as they once did before the state widened the road almost 18 years ago.

The L & K Holding Corporation, owner of a building on the west side of Broadway across from St. Ignatius R.C. Church, says its building has failed to attract tenants for four years due to G-1 zoning restrictions. The corporation has filed with the Town of Oyster Bay for a special use permit to allow the buildings to be used for retail purposes as well as for offices.

In 1971, Broadway was zoned G-1 which permits 33 percent of a building for retail use, with the remainder occupied by office space. Since that time, many local organizations have fought the zone and, most recently, residents have claimed that there are too many office buildings already in Hicksville, many of which are vacant.

Four years ago, L & K Corporation advertised that stores and offices were available for rent in its building. According to Michael M. D'Auria, an officer of the corporation, "We received 400 phone calls and about five wanted office space. The rest all wanted a retail store." Mr. D'Auria said he would be interested in seeing a bakery, stationery store

and delicatessen occupy the property. According to Mr. D'Auria, retail stores would also benefit residents of the community, especially those attending services at nearby churches, who are looking for a convenient place to shop.

winter, as many do not have cars," he said, adding that it's easier to pick up a small item quickly on the way home from church.

What The Residents Want

Longtime residents are interested in more retail stores because they want Broadway to return to "the way it used to be" before it was widened in the early 1970s. As a result of the expansion, stores on the west side of Broadway were destroyed to alleviate traffic congestion. "I'd rather see more local businesses than used to have," said Eleanor Heuer, a resident for more than 60 years. "There are too many office buildings and we should bring a little bit of Hicksville back."

Alan Van Nostrand said that a bakery would be an "excellent idea" for that area. "Years ago we had a bakery there across from Chateau [Surgical] and it was a very nice bakery."

Mary O'Malley, a parishoner of St. Ignatius and 38-year resident, said that she would like a place to go after church to pick up a few food items. "You have to stand on line at King Kullen. I meet half of St. Ignatius there." She added, "I think a snack shop or a bakery would be good. This way I could come out of church and pick up something for dinner without having to go a distance."

A 65-year resident has an alternative suggestion of affordable housing, especially for the elderly. "So many people have to leave the area when they get old because they can't afford it here. They have to leave their family and grandchildren."

St. Ignatius Survey

In November 1988, the pastor at St. Ignatius Church released results of a survey of parishioners as to how they would like to see the property developed.

According to the results, which were printed in the church bulletin, the largest number of respondents (38 percent) preferring retail stores, followed by private homes (15 percent), office buildings (14 percent) and apartments (13 percent).

Hearing Date Set

A public hearing on L & K's application is scheduled for March 14 at town hall.

Town Councilman Thomas Clark said that he doesn't anticipate any opposition to the application. "People would like stores there," he said.

"We've got to revitalize that main part of Hicksville," said Mr. D'Auria.

Jack's Beauty Salon

By Catherine Tokar

Right now it may seem as though winter is never going to end, especially since the cold weather has really moved in, but there's a great way to get rid of those mid-winter blues by a visit to Jack's Beauty Salon. Whether you want a new hair style, quick trim, coloring, highlighting or permanent wave, Jack's is awaiting your arrival.

Bearing the name of its owner, Jack Balchino, who started his hairdressing career in his home country of Italy, Jack's Beauty Salon offers the best of both worlds. The younger generations visit the salon for the latest styles, funky or sophisticated, and the older generations, who know a good thing when they see it and stick with it, come for an updated style or quick set. But no matter what your "hair persuasion," Jack's will cater to your every whim, combining top quality products and exceptional professional service. "We keep on top of today's fashions by attending international hair shows," said Jack. "We combine our experience and service and offer very good prices."

One of the most attractive features of Jack's Beauty Salon is the flexibility of the stylists. "We cater only to women and offer the best

of yesterday's and today's styles," he said. "I, as the owner, give personal attention to every customer as she is being worked on."

He may seem modest at first, but Jack admits, "I am good at what I do." The newly redecorated shop makes Jack's even more appealing, with its modern grey and pink decor. It's a new look for Jack's, but the same good old-fashioned service still exists.

On the way out of the shop, take a look at Jack's latest addition, Mr. T. That stands for Joseph Taran, who sells "the newest stuff" in gold and silver jewelry. He offers genuine stones, sterling silver and real gold necklaces and earrings as well as discounted name-brand perfumes, all imported, and sold at great prices. Every gold item is guaranteed in writing to be authentic. "Think of me as your knowledgeable representative," said Mr. T. "I'm buying for you. I'm the expert. You can trust me."

Mid-winter is the best time to go for a new look to welcome in the spring. For more information, call 822-3486. Hours, by appointment, are Tuesday and Wednesday 9 to 5; Thursday 9 to 6; Friday 9 to 7; Saturday 7:30 to 3:30. Closed Sunday and Monday.

Hints For The Business: The Importance Of Properly Drafted Agreements

By DAVID G. GABOR & HOPE SENZER GABOR

It has all too often been our experience that the nature of an agreement between parties is the difference in the success or failure of a business venture. This article focuses on three instances where the very existence, language and terms of an agreement are crucial.

I. THE ABSENCE OF A WRITTEN AGREEMENT

A corporation enters into an agreement to rent space for five years. This agreement is converted into a lease which is signed and properly executed. Six months later some problems with the premises arise which leave the corporate brain trust with no alternative but to move the business. The president of the business approaches the landlord who agrees to allow the tenant to vacate saying, "I'll let you out of your lease if in return you forfeit your security." In direct reliance on this agreement the corporation vacates the premises.

Unfortunately, without a signed agreement, the corporation has placed itself in a position whereby it can be sued for the balance of the rent due under the lease. By not reducing the agreement into writing the

corporation has lost its best legal defense. Had there been a written agreement between the parties setting forth the agreement, litigation could possibly have been avoided.

II. AN ADVANTAGE TO INCORPORATING AND SIGNING CONTRACTS IN ONE'S CORPORATE CAPACITY

The corporation has one major advantage over a proprietorship in its ability to shield its officers from personal liability in corporate activities. When a partner is sued that suit is against both the business and the individual. However, when a corporation is sued, the suit does not extend to the president of the corporation.

D. Corp. owns a furniture store with a warehouse in Hicksville. P walks in to pick up a couch when a package falls on top of her killing her instantly. Her estate sues for \$10,000,000. D. Corp's insurance covers only \$1,000,000 for this injury. D Corp's president is shielded from being sued personally for the balance.

When determining whether this shield is applicable, the law looks at whether the individual has held himself out as an officer of the corporation and whether the corporation is

presented to the public as a corporation. One major factor is whether the officer signs contracts in a corporate capacity. As an example, "John Smith, President of D Corp."

III. THE CONTENTS OF THE CONTRACT

One of the most frustrating problems that a business faces is the contract that has gone sour. One party has performed and wishes to be paid. However, the other party contends that the job was not performed satisfactorily. Gabor & Gabor deals with these issues on a regular basis. Often the problem rests with the language and contents of the contract.

A contract should include the price, time of or for performance, method of payment, method of delivery, quantity and a description of what is to be performed. It is vital that all elements of an agreement be reduced to writing.

A clearly worded contract can save a business thousands of dollars in time, uncollected debts and legal fees.

Mary Had A Birthday!

Many of you will remember Mary DeMonaco. She is the wife of the late Frank who owned the fruit and vegetable store on Broadway for many years. Mary was a Millevoite. Her family came to Hicksville from Westbury when she was a teenager. Her dad opened a dry goods, notions and shoe store on Broadway. She helped her dad in the store. Frank was a farmer in Brooklyn eventually moved to Hicksville. He used to come into the Millevoite store to shop. He met Mary and they fell in love. They were married at St. Ignatius Loyola in November of 1929. They raised five children: Jessie, Rosemarie, Nancy, Pat and Frankie.

Mary has a lot of family and many friends still living here. On Feb. 8th she became 84

years young—and between her children, grandchildren and friends who came to celebrate with her—her birthday party lasted for several days. Happy Birthday Mary—may you have many, many more.

He was a track star winning many 100 and 200-yard dashes. As a new inductee Jennifer will be listed among the top college students across the country in the directory... Mr. and Mrs. John Perry."

Do You Remember.....

Many of you will remember Billy and Sophie (Zadowski) Hilton. I was speaking to her the other day and she told me that she and Billy built a home in Southold—and that eventually they'll move out there—but she's hesitating leaving the Jericho/Hicksville area. She had a by-pass on her leg last year and after recuperating she walked for miles every day in the summer—now she goes ice-skating at the Bethpage Rink every day. (She was always a great athlete). Their son Billy is a Navy pilot stationed in Texas. They're very proud of him. It was good visiting with her. They also have a lovely daughter, Nancy.

• Do any of you remember Vince and Evelyn Spina? They were in Hicksville the other day attending a funeral mass for their son Michael's best friend's mother. About 19 years ago they moved to Sloatsburg, N.Y. after living in Hicksville for almost 20 years. (Vince always missed Hicksville after they moved). Vince has been retired for 10 years but Evelyn is still teaching. She said she loves her job and doesn't want to retire. They looked great. Michael is working on Wall Street and their daughter Cathy is married and living outside of Rochester with her husband and 3 sons. They send their best to all their old friends.

• And do any of you remember Bahrenberg's Bakery? Their son, Gus is now operating a bakery in the village of Sayville. His brother Georgie is living in Lake George. Gus also had a bakery in Lake Grove for many years.

Got A Call From Lou

The other day I received a call from old friend (and coach) Lou Millevolte from Green Bay, Wis. He called to say "I enjoy reading *The Illustrated* and the Hometown column. It's wonderful to follow the kids that I knew and coached and to read about their children. I enjoyed reading about Eleanor (Coleman) and Matthew Tringali's son. I used to say to Eleanor 'How I wish you were a boy—what an athlete you'd be.'"

"I had a heart blockage in November and was in and out of the hospital having the balloon put through my veins. I'm feeling better now but am still quite weak. I have no complaints. I'll be 81 in April and I love it here. I have a duplex home with two bedrooms & 2½ baths. I dance four hours every Sunday. I play golf here too but I miss playing with all the nice girls down at Cantiague Park—they were all so friendly. Say hello to everyone for me.

If any of Lou's old friends and students would like to get in touch with him and reminisce—call him at 414-499-2246—he'll love it!

Caitlin Ann Christened

Mr. and Mrs. John Fitzgerald and newborn daughter, Caitlin Anne of Barrington, Ill., visited with her mother and dad, Sam and Jennie Credidio, last weekend. The occasion was the baptism of Caitlin in St. Josephat Roman Catholic Church in Bayside.

Ann's So Proud

Ann Kalen is so proud of her granddaughter Cori who is attending Buffalo State College. Cori is the daughter of Hicksville High School graduate Lorraine (Kalen) Lowen now of East Patchogue. Many of you may know Ann as the terrific dressmaker at that lovely shop for the sophisticated woman—Charisma located in the Woodbury Plaza in Plainville.

About The Heuers

Eleanor and Augie Heuer, residents for 60+ years have two daughters who are nurses—Eleanor Incalcatera and Lorraine Harbold. Eleanor is a staff member at Robert William Johnson Hospital in New Brunswick, N.J. and Lorraine is in charge of a neo-natal unit at Johns Hopkins University Hospital in Baltimore, Maryland. They both were chosen to represent their respective hospitals in Orlando, Florida, for a conference on staff management. When they received the news they arranged to share a room—and Ellie said they're doing a lot of reminiscing in the evenings. Isn't it amazing that both sisters were chosen—they both must really excel in their professions.

Eleanor lives in Middlesex, N.J. with husband Joe and sons Joey (11) and Nicholas (9). Lorraine and her husband Mark are living in their lovely 1835 restored home in Baltimore. Ellie and Augie are so very proud of them.

TO YOUR HEALTH

By RICHARD H. BLAU, M.D.

Rheumatoid Arthritis Affects All Body Organs

Rheumatoid arthritis strikes three out of every ten people with arthritis. Most people believe arthritis is a disease of the joints, but rheumatoid arthritis affects almost every organ in the body. A patient with this form of arthritis can have problems with the skin, lungs, heart, nerves, kidneys, spleen, eyes, muscles, blood vessels, as well as the tendons and bursa.

People affected with rheumatoid arthritis may initially suffer from early morning pain and stiffness. The joints may become swollen, hot, or reddened. These symptoms are the result of an inflammation occurring in the body. This inflammation is the body's way of fighting the arthritis. Unfortunately, after long periods of uncontrolled inflammation, fatigue and joint damage may occur. If you have any of these symptoms you should consult your physician. Early diagnosis and treatment may pre-

vent many of the problems associated with longstanding arthritis.

The diagnosis is only made after a careful study of the symptoms, a comprehensive physical examination, blood tests and occasionally x-rays. Fortunately, physicians can successfully control the inflammation and are capable of reducing the pain, discomfort, and possibly prevent the deformity associated with rheumatoid arthritis.

Your rheumatologist (a specialist in arthritis) may use anti-inflammatory medications, prescribe personalized exercises, advise you on techniques of reduction of emotional stress, and begin you on a proper diet. All play a major role in the treatment of arthritis.

Joseph F. Lamb Council No. 5723

Knights of Columbus
Plainview, N. Y.

The Joseph F. Lamb Council No. 5723, Knights of Columbus, Plainview, held a free throw basketball competition for students of Our Lady of Mercy School. The competition, which is part of the Knight of Columbus Regional and eventually state-wide competition, was held in Our Lady of Mercy gym in Hicksville. Approximately 45 boys took part in the competition. Although the event is also open to girls, none chose to compete. All those taking part in the competition were sponsored by the Lamb Council and the winners will go to compete in further eliminations.

The free throw competition works as follows: Winners of the council compete in the 10 through 14-year-old classes and then go on to further competitions at the district level. (They will compete with the winners from Holy Innocents Council and Hartigan

Council). These winners will then compete at the Nassau County Level at Hicksville High School in March. Then the winners go on to the Long Island Level competition to be held at Kings Point Academy. Finally, at a later date, the surviving winners will compete at the top state level. **Special Note:** Several years ago the Lamb Council had a statewide winner, Ken Francis, who received a trophy and monetary award.

The winners of the competition are: 10-year-old class -- Nicky Barone of Plainview; 11-year-old class -- Brian Zaderecki of Bethpage; 12-year-old class -- Kevin Kelly; 13-year-old class -- Sean Flynn, Plainview; and 14-year-old class -- Brad Stazer of Hicksville.

The co-chairman of this event was Knight Mario Bignami, and 16th district deputy P.G.K. Otto Schmidtman.

Giant Success for Kiwanis Club Fund-raiser

The Hicksville Kiwanis Club enjoyed another successful fund-raising project recently with the help of a number of people from the community as well as members of Kiwanis. The project offered a variety of giant story coloring books for sale, and rumor has it that many young and not-so-young Hicksville people have been seen coloring the books with crayons, water colors, oil paints and felt marking pens.

Kiwanis fund-raising chairman Patti Breslin and coloring book chairman John Fitzpatrick wanted to show their appreciation to those people in the community who helped with sales. They include: Huriye Alton, vice president of Lincoln Savings Bank in Plainview; Evelyn Seher, secretary Lincoln Savings; Gert Paul, Mary Dansforth, manager National Westminster Bank in Levittown; Kathy Jansen assistant vice president and manager of Beacon Federal Savings Bank in Hicksville; Larry Hudd, manager of the Ground Round; Lorraine Spivak, manager of Chuck E. Cheese

in Levittown; Don Montesano of Wagner Funeral Home; Gladys Hampson, chairperson of the Parkway Community Church Fair; and Ed Terriaca of Center View Florist. Certificates of appreciation by the Kiwanis Club were presented at the Feb. 1 luncheon to these individuals.

New Member

Perry Carter is the newest addition to the Kiwanis Club. He is the manager of the Taco Bell restaurant at Old Country Road and Broadway. Mr. Carter was sponsored by Barbara Dale, executive director of the Hicksville Youth Council.

Kiwanis president Tony Citrola announced that Mr. Carter completed the preliminary prerequisites by attending the required three meetings as a guest and submitting a membership application. In addition, he was then approved by the membership committee and board of directors.

MRS. DOROTHY FRENCH BRENGEL of Jericho, formerly of Hicksville, presents Sister Mary James, executive director of Madonna Heights Services, with a check which represents the efforts of all those who worked on this year's Shepherd's Ball. This money will be used to help Madonna Heights continue to meet the needs of troubled young women and their families from communities across the Nassau and Suffolk counties regardless of race, creed or economic circumstances. For further information about Madonna Heights Services contact Lois C. McKenna, Director of Development, at 643-8800.

Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anton Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity.

We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.
We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

Editorial

Although we could never make Broadway the way it was 18 years ago before it was widened, there is a chance that we may be a step closer to having a "village."

L & K Holding Corporation, a real estate developer, has applied to the town for a special use permit to allow its vacant building, across from St. Ignatius Church, be used for retail stores, such as a bakery, delicatessen and stationery store. Broadway is zoned G-1, which limits 33 percent of a building to retail use, with the remainder occupied by office space.

Hicksville has enough office buildings and many are vacant. We want a "village" where we can shop. Sometimes it's too much trouble to pick up a few items at local supermarkets as the lines are too long. It would be so much easier if we could purchase food, quickly, at a snack shop or deli. Also, a bakery would be ideal for that area on Broadway as many churches surround the building and after services many people like to grab a snack.

We urge the town board to grant this application so we can begin turning Hicksville's Broadway into what it once was—a real village.

—R.M.L.

EDITORIAL AND OPINION

A Letter from Lulabelle...

...Do you put the shoe on your left foot first every single day?...And do you do it from habit—or superstition?...I am never sure—and I deride superstitions—and I am about the most superstitious person one could be!...Of course, I never confess it, but I do put my left shoe on first and a strange foreboding comes over me if I change...Completely ridiculous, of course...And I always set my husband's place at the table first—and make his bed first—and watch his car until it is completely out of sight every morning...And I do think every bride should have the something old, something new, etc., just for good luck...and the girl who catches the bouquet will be the next bride—that I've seen happen often!...and if you take your boots, it won't snow...and I've been sending a check to my favorite charity every month for years and nothing would induce me to stop...and I know, positively, that when one wants to impress a man—say a professor if you're college age—or a boss if you're job-seeking—wear pink—everyone thinks it's blue that men go for, but my experience—and my superstition—says it's pink!...But if that person you want to impress is female, wear black and white...I don't know how I know that, but I just do!...Isn't this a lot of nonsense???—Of course, and rationally, I don't believe any of it for one minute—I'm far too level-headed to be so silly—but, just in case there is something to it—I'll continue to put my left shoe on first!!

Yours, Lulabelle

AHA News Releases

To The Editor:

A significant error occurred in a recent article appearing in the Illustrated concerning Chapters of AHA. This is the second such mistatement of fact. Although I am certain this resulted from releases sent to you, nevertheless, they are sufficiently misleading to bear correction.

The recent article referred to a Long Island Chapter of AHA. There is no such chapter. There are only Nassau and Suffolk Chapters; no Long Island one. It will become obvious why this is important.

A prior statement said that all the proceeds of a fund raiser would support Nassau programs. That is also untrue. A large percentage (55-60%) of all monies raised by the Nassau and Suffolk Chapters of AHA goes to the State group at Syracuse and National in Dallas.

I have been, and continue to be, a member of AHA since 1961, served on the Board of Directors of Nassau for over 15 years and as an officer and Member of the Executive Committee for nine years, ending in 1988.

A number of us from Nassau Chapter saw that recent AHA National directives were intended to eliminate all local control and reduce volunteers to the status of unpaid puppets of a paid central staff. Because of that, a majority of the Board of the Nassau Chapter organized the Long Island Heart

Council with a commitment of "On Long Island to Serve Long Island". The former staff management, of the Nassau Chapter joined us as a volunteer staff. We believed, all still do, that the leadership, ability, "smarts," and understanding of the people who made the Nassau Chapter far stronger than others in the Nation was vastly superior to that displayed by the State and the National organizations. We include with us a much wider group of talented people that helped without portfolio.

We also felt that funds raised on Long Island should support our Long Island community programs of education, preservation and support as well as Long Island research, before being usurped for others in far away places; and, if Long Island raised the money, Long Island should have something to say about where it goes.

When the Long Island Heart Council was founded, AHA was foolishly concerned that the Council could only succeed by trading on AHA's name. We never intended to do that and we have not.

Ironically, our success in less than one year has apparently panicked them into this attempt to confuse the public as to who is "On Long Island to Serve Long Island" and who is AHA. We have done our very best to make it clear that we are not them and they are not us, since we believe ours is the better way. We believe in what we are doing and do not believe we have to "piggyback" anyone. I do not think they should try to "piggy-back" us.

Increased Coverage for Motorist Who Rent Cars

To The Editor:

A law was recently passed that will resolve costly headaches for consumers and provide better protection for all the state's drivers who rent cars. New York's motorists will be automatically covered for most collision damage to rented vehicles through their own auto insurance policies as of April 1 under this law (S. 9315, Chapter 748), which was originally formulated by Professional Insurance Agents of New York State Inc., (PIANY), a trade association.

The coverage will be provided under policies which cover less than five private passenger vehicles (not for hire) which are registered in New York state and will apply to vehicles rented for 30 days or less within the United States, its territories and Canada, regardless of where they are registered.

The new law also prohibited rental car companies from selling collision damage waivers in New York state and from holding an authorized driver liable for damage to a rented vehicle, except under certain conditions, when the rental car company may hold the driver liable for only the first \$100 of damage. However, no rental car company

can demand a form of security or deposit from a renter for damage to the vehicle.

Additionally, both insurance and rental car companies are required by the new law to notify insured individuals and car renters of their rights and responsibilities.

Recent changes in rental car contracts have made renters responsible for costs of collision damage up to the full value of the rented vehicle in addition to cost incurred by loss of its use, if it requires repairs, unless they purchase a collision damage waiver from the rental car company. Without the waiver, for which renters are charged an average of \$10 per year, liability for rental car damage can approach tens of thousands of dollars, because of escalating new car prices, body shop costs, and the potential loss in profits to the rental company.

The new law was needed because of the unconscionably high cost of collision damage waivers provided by rental car companies and the many conditions that can void them, as well as the lack of uniformity among existing insurance policies concerning rented vehicles. It should result in significantly less hassle for the consumer of the rental car counter.

Direct Line

Just about every day there is another headline about a senseless murder. A few weeks ago five children were gunned down in a California school yard by a gunman with a semi-automatic rifle. Soon thereafter, a young girl was murdered in New York City — caught in cross fire between warring drug dealers. She was cut down by a fully automatic machine gun. This is to say nothing about the many police officers who lose their lives to criminals as though they were in a shooting gallery. Those with simple solutions blame the National Rifle Association — and, make no mistake, they are a part of the problem. But the problems go much deeper than the death penalty or more stringent gun controls. Society is at fault for letting social conditions and values deteriorate as far as they have — creating an environment which breeds gun toting hoodlums.

The semi-automatic weapon used in the California school yard murders could just as easily have been bought in New York State as on the West Coast. Only a handful of states, including New York, restrict the sale of fully automatic rifles or prevent the sale of machine guns. New York City has the toughest gun control laws in the nation. Yet, a criminal can still buy any type of rifle, pistol or machine gun in certain parts of the city. Hunters and the National Rifle Association argue that gun controls

will only make it more difficult for good people to obtain weapons and will not affect the underground gun runners. They are probably right and there are Constitutional arguments relating to the right to bear arms. From my point of view, the gun lobby and the proponents of controls are both too narrow in their thinking. Guns in the hands of criminals or drug dealers become tools of anti-society thinking. Those using weapons illegally are not warring on society because of guns. Guns only aid them to carry out their attacks on civilization.

The underlying deep rooted problems of this country — the problems which cause the crime and senseless murders — are not being dealt with. The criminal justice system has not been firm enough in dealing with criminals, in part, due to over crowded jails and a lack of intelligent funding. The California school yard killer had been in and out of the criminal justice system for years.

Gun control, longer jail terms, the death penalty, and a tougher criminal justice system are spontaneous reactions to the pervasive ooze of crime and drugs gripping so many of our communities. Frustration begets simple answers, and simple answers cannot deal with a society more concerned about material wealth than whether the child down the street can read. The dual addictions of welfare and drugs cannot be solved through more welfare, tougher gun control or death to drug king pins.

Until we teach every child to read, shape welfare so that people will be motivated to get off of it, and provide leadership for a resurgence of traditional values, none of the knee jerk responses will have a lasting impact. Before the next generation is wasted, it will take massive support for the children of this lost society. Otherwise, the murders will continue, the drugs will not be dealt with and the criminal justice system will remain overcrowded. Guns can only be kept out of the hands of criminals when society attacks the reasons for the creation of criminals. It has always been that way.

Rock 'N' Roll Video

Students from East Street School made their own rock 'n' roll music video. "Take 2", directed by Kenneth J. Marotta, transformed the students into rock and roll music video performers. Total audience participation created an atmosphere of excitement, laughter and learning to the tune of original music. Colorful, detailed scenery set the stage for the humorous production starring the students as lead singers and members of rock and roll band.

Local Schools Host Jump Rope for Heart

The Woodland Avenue School will be conducting its Jump Rope For Heart on March 1 as will Dutch Lane School on March 16. The event is sponsored by the New York State Association for Health, Physical Education, Recreation, and Dance; and the American Alliance for Health, Physical Education, and Dance, for the benefit of the American Heart Association. Last year the Jump Rope for Heart raised more than \$300,000 in 150 schools throughout

the Nassau, Brooklyn and Queens Regions. Jump Rope for Heart is a special event conducted by school physical education teachers and students who organize the rope-jumping competition. The six-student teams jump rope for a maximum of three hours. Cash pledges collected from sponsors of their rope-jumping efforts contribute to local Heart Association programs in research, education and community service.

Opening lead — king of hearts.

Assume you're in six spades and West leads a heart. How should you play the hand?

When you first see dummy, you probably feel pleased with having reached the slam, even though it's not absolutely certain you'll make it. The outcome seems to depend on whether the missing diamonds are divided normally — that is, 3-3 or 4-2.

You win the king of hearts with the ace and play the A K of diamonds. When both defenders follow suit, you've passed hurdle number one. Now you play a low diamond, ruffing with the king and hoping to find the diamonds 3-3, which would greatly simplify your task. But East discards a club on the third round of diamonds and you now have a second hurdle to surmount.

It would be easy to make a mistake at this point, as it might seem that all you have to do now is lead a trump to force out the ace. But if you did that, you would discover to your horror that this was not the best route to take. West would win the spade with the ace, return a diamond for East to ruff, and down the drain the slam would go.

In order to short-circuit this development, you should ruff a heart after trumping with the king of spades, then play the nine of diamonds and trump it with dummy's all-important five.

The five wins the trick and you are now safely home. You return to your hand by ruffing a heart or a club, force out the ace of spades, win any return, draw trumps, and chalk up 1,430 points on the score.

Legionnaires' Log

By Greg Bennett
Charles Wagner Post #421, Hicksville

The Nassau County American Legion calls for your support of upcoming programs. On Saturday, Feb. 18, there will be a Special Olympics Night at the Races at Edwin Welch, Jr. Post #1132 in Seaford. For tickets, call Commander Howard or Special Olympics Chairman Ed Smith, Jr. at 799-5613. This is a great night for a worthy cause as the children benefit. Our post leads the Third Division with the largest donation. PC Harry Christo has also made a personal donation. The night at the races will feature a roast beef dinner and starts at 6 p.m. The cost is \$6 per person.

Another important occasion is the Four Chaplains Services on Sunday, Feb. 19, at The Cathedral of the Incarnation in Garden City at 3 p.m. This will be a great tribute to the Four Chaplains, as Colors will be massed at the altar rail. Remember the legion motto, "For God and Country".

On Friday, March 10, the Nassau County American Legion Military Ball and Department Commander's Dinner will be held at Salisbury on the Green in Eisenhower Park at 8 p.m. This promises to be a great occasion, one that I'm sure the park namesake, Supreme Allied Commander and President Dwight D. Eisenhower, would be proud of.

The American Legion reports an \$800 million shortage for veterans health care in the current fiscal year. Northport, VA has already cut the number of beds in its nursing home from 120 to 20. The Veterans Administration, now called the Department of Veterans Affairs, is experiencing personnel shortages in the most critical medical areas. The American Legion supports improved benefits for victims of exposure to Agent Orange and calls for action on the Home Loan Guaranty Fund before the 101st Congress. Hill Day will be on March 29 in Albany, where veterans meet with state legislators with an 8 a.m. breakfast at the Albany Hilton.

Our next post meeting is on Tuesday, Feb. 21, at the West Village Green. We are selling boosters at \$1 each, as Hicksville Charles A. Wagner Post will be hosting the Nassau County American Legion 71st Convention Parade in June. This will be a great event for our community.

Until then, write your legislators about our POW-MIA. Especially remember Col. David Hrdlicka, who was shot down over Laos on May 18, 1965. In May of 1966, the Soviet press featured a photo of Col. Hrdlicka in captivity. In 1986, Laotian officials pledged to supply information about this American hero. They never did. His family waits and America waits. Don't forget Four Chaplains Services and Night at the Races.

Hicksville Republican Club

Joseph Jablonsky
Executive Leader

Robert Kluck
President

By Marc Herbst

The Hicksville Republican Club held its February general membership meeting last Friday. More than 100 members were in attendance to listen to the three guest speakers.

Hicksville Youth Council

Barbara E. Dale, executive director of the Hicksville Youth Council, gave an informative talk about the various services available from the youth council. The Hicksville Youth Council, a not-for-profit agency, has five major programs.

The leisure time/recreation program encourages young people to develop social skills, test their own abilities, and discover new ways of having fun. The activities include special trips, sporting events, open gym, photography courses.

Counseling services are provided by State Licensed Social Workers, specifically trained and supervised in adolescent and family work. The youth council offers family therapy and marital counseling, crises intervention/referral, and individual/group therapy and counseling.

The youth council has a successful employment service. The "rent-a-kid" program matches young people from 14 to 16 years old with community residents who need odd jobs done in and around their homes. The Vacation Program prepares youths 16 and older to work in business throughout the community. Services include resume writing, interview training and referrals to businesses for job placement.

The Nassau County Police Department has called the Hicksville Youth Council's Crime Prevention Program a model for other organizations wishing to develop a similar program. Police sponsored presentations to students and community groups teach residential and personal safety. Neighborhood Watch block patrols report suspicious or criminal activity to the police. Church and community presentations are another activity group the youth council sponsors. Lectures, seminars and workshops are provided for students, PTA's and community groups. The council also sup-

ports Big Brothers/Big Sisters recruitment.
Town Clerk Explains Duties

Oyster Bay Town Clerk Carl L. Marcellino spoke of the various duties and responsibilities of the Office of the Town Clerk. Mr. Marcellino is completing the final year of his first term as town clerk.

The town clerk is the official custodian of all records in the Town of Oyster Bay. He is responsible for the minutes of the Town Board hearings as well as all records relative to the daily business of Town government. The Office of the Town Clerk is the licensing agency for the Town of Oyster Bay. Licenses for various purposes, such as dog licensing, shell fishing, and tow truck operators, are issued from this office.

Mr. Marcellino is also the keeper of vital statistics. He is responsible for birth, marriage and death certificates of the residents of the town.

Symons Makes Appearance

Leonard B. Symons, the apparent heir to Councilman Diamond's seat, made his first public appearance in Hicksville after receiving the endorsement of the Oyster Bay Republican Committee.

Mr. Symons, from neighboring Plainview, is a practicing attorney from the law firm of Young, Symons and Rinear. He is also the attorney for the Washington Avenue Civic Association and the Manetto Hill Jewish Center. Known as "Lenny the Lawyer" on Mr. G's weather breaker reports on WCBS and on News 12 Long Island Weather watcher reports, Symons seriously pursues meteorology as a hobby.

Mr. Symons has an active background in community service. Mr. Symons is a long-time serving Republican committeeman and now serves on the board of directors of the East Plainview-Old Bethpage Republican Club. He is also involved with the Mid Island YM&YMA, the Plainview-Old Bethpage Soccer Club and the Plainview-Old Bethpage Roadrunners Club.

The Hicksville Republican Club wishes Mr. Symons much success.

GIRL SCOUTS ON a Power Trip—Members of Girl Scout Troop 3284 of Hicksville enjoyed a visit to LILCO's Hicksville Operations Center. Accompanied by troop leaders Anne Rickmeyer (top row, left) and Darryl Hsley (top row, right), the girls learned how electricity gets from power plants to homes and businesses on Long Island. They are shown here outside LILCO's Electric Control Room.

Hicksville Residents Nominated to Academies

Congressman Norman F. Lent (R-4th CD) has nominated four Hicksville youths to the United States service academies.

Nominated to the U.S. Military Academy was **Charles I. Montana**, a student at Chaminade High School, **Christopher E. Hogan** and **Jude M. McFeely**, both Hicksville High School students. Nominated to the U.S. Air Force Academy was Hicksville High School student **Denise L. Beja**.

All applicants were individually interviewed by members of Congressman Lent's Military Academics Selection Committee,

which is comprised of leading members of the community, many of whom have served in the military. The committee members based their recommendations for nomination on the applicant's qualifications and personal interview. Mr. Lent approved and nominated each candidate after careful review of the committee's recommendations.

The students were nominated to the academies for the academic year beginning July 1989.

Busy People Make Fine Gardeners Says Lecturer at Hay Barn

Elvin McDonald, Director of Special Projects for Brooklyn Botanic Garden, will present a humorous and informative slide presentation entitled "Hours of Pleasure from Minutes of Gardening" at the Feb. 26 meeting of the Long Island Horticultural Society. The meeting will be held at 2 p.m. in the Hay Barn of Planting Fields Arboretum in Oyster Bay, L.I.

Inspiration for this topic came from years of judging the prestigious Philadelphia Flower Show. There, Mr. McDonald learned that the growers who won the blue ribbons were not people with time on their hands but on the contrary were those who led extremely busy lives, had numerous commitments and were highly motivated. Mr. McDonald's insights into how they make time to grow award-winning plants — and why! — will bring laughter from first slide to last, and an understanding of what makes gardeners tick.

From the time Elvin McDonald transplanted a bean seedling and grew it indoors all winter — at age three — garden-

ing has been his life. He founded the American Gloxinia Society at age 14, and went on to author countless fine gardening books, write a syndicated newspaper column, teach, lecture, judge many of America's best flower shows, edit numerous gardening magazines, and make many television and radio appearances. Currently he produces gardening videos for Brooklyn Botanic Garden and contributes to its publications.

The LIHS meeting, open to everyone, is free, although there is an admission of \$1.50 per person to Planting Fields for non-members. The LI Horticultural Society meets once a month, with guest speakers covering a variety of absorbing topics. The society welcomes new members. For just \$15 for the calendar year members receive a monthly newsletter, discounts on plant sales and educational symposia.

For society information, call 516/692-6464. For directions to Planting Fields, call 516/922-9201.

The Investor's Corner

By Dr. Joseph P. Frey

THE S&L MESS—PART 2

President Bush is to be congratulated. He inherited a very large problem, recognized it as such, and proposed a plan. A good plan

Dr. Joseph P. Frey

—only time will tell. However, it is a reasonable plan, and some plan is better than the "no plan" that was in place during the Reagan years.

The problems of the S&L's did not originate with Reagan because deregulation started with Carter. President Reagan can be faulted for the mess because nothing was done early to contain the situation.

Three years ago the problem could have been solved with about \$10 billion. Since the treasury of the FSLIC (the Federal Insurance Co.) was out of money they could not move to close the bad ones. They had to resort to costly, give-away mergers and takeovers. Since the FSLIC bank examiners were in short supply (we were trying to balance the budget), they could not properly audit the S&L's. The government had to rely on the accountants to do a proper audit. Three major accounting firms have been indicted for improper audits. So the small mess became a very big mess as the charlatans looted the S&L's. Fraud is considered the motive in about one half of the remaining 350 S&L's that are to be closed.

Danny Wall, the Federal Home Loan Bank Board (FHLBB) chairman has come out of this looking inept. It really is not his fault because he has been asking Congress for money to solve the mess for a long time. He got very little and always late. He asked for \$25 billion, got \$10 and by the time he got it, he needed \$50 billion. He asked for more auditors and he got fewer. These things should have been supplied by the Reagan administration or by Congress. So pass the blame to them. Congress is supposed to have a strong oversight responsibility. As usual, it is short-sighted.

Right now the cost of this bailout will be in the neighborhood of \$100 billion. That is a severe price to pay for inaction. Ask your congressman to act or get action before it becomes more. Right now the cost goes up just about 1 billion extra per month.

There is a serious problem brewing. The regulatory agencies fear that there will be a run on the deposits of S&L's all across the country. If there is, the problem will mushroom into monstrous proportions as the S&L's have to liquidate assets in order to pay the depositors. THERE IS NO NEED TO WORRY. YOU ARE FULLY PROTECTED. Just be sure that you do not have more than \$100,000 in any one bank or S&L, or even a

mutual savings bank. Some reports to the President have because of the \$100,000 deposit limit be lowered. If they do that (I would not expect it to happen) then lower your deposits to conform to the new limit.

It has been proposed that the FSLIC be merged with the FDIC, keeping the funds separate. This is an idea that I endorse 100 percent. It is ridiculous that we have multiple agencies to handle the one type of problem. While they are at it, bring into the FDIC the credit union insurance company. There is also no real reason to have SIPC, the investment insurance fund outside of the FDIC. It only makes a larger bureaucracy and lessens the ability for action.

The argument will be that each field needs its own agency because of the differences in the businesses. True. However, you could have specialists in each area for audits. The future of banking is going to be one type of institution anyway. So recognize that now and remove a future roadblock as the institutions, brokers and bankers, become more like each other, each with the same powers.

For now, be glad your present President has moved to correct the situation, do not worry about your deposits, and let Congress know that you want the mess cleaned up by them, now, not next year.

Doctor Frey is a professor of investments and finance at LIUC/W. Post campus on Long Island.

New England Country Dancing

Whether you have a partner or not, whether you know the steps or not—you are invited to dance!

Jim Gregory, caller and teacher of New England style contradances and square dances, will lead a community dance at the Syosset Community Church on Friday, Feb. 17. Live music will be provided by "The Fiddleheads", a traditional style band from New Haven, Ct.

The dance, sponsored by the Long Island Traditional Music Association (LITMA), begins at 8:00 p.m. and is open to all interested participants. In the New England tradition, all dances are taught and partners are exchanged frequently, so beginners and singles are welcomed. Admission to the dance is \$7 (46 for LITMA members and srs.)

Contradancing had enjoyed a revival

throughout New England over the last decade and both Jim Gregory, in Hartford, and "The Fiddleheads", in New Haven, have been active leaders in this movement. LITMA is proud to bring them to Long Island, where the contradance community has grown consistently since LITMA first presented dances in 1981.

LITMA volunteers currently organize three dances monthly in Syosset and Smithtown.

Syosset Community Church is located at 36 Church Street, off Berry Hill Road, just north of Syosset Village. Dancers are requested to wear soft-soled shoes to protect the floor and to arrive promptly, as the teaching is progressive through the evening. For further information or directions, call 922-5922.

New Law Concerning Smoke Detectors

Professional Insurance Agents of New York State, Inc. (PIANY) has advised New York residents that state law now requires the installation of smoke detectors in all one and two-family homes so that the detectors are clearly audible in each bedroom or sleeping area, even if the doors are closed.

"We should all sleep more safely under legislation, which became effective this fall, requiring every one or two-family residence to have smoke detectors that are audible in bedrooms," said PIANY President Frank J. Fitzsimmons, CIC. "State law also requires condominiums and cooperatives to have working smoke detectors.

"When a residence is sold, transferred or exchanged, the law requires the person transferring ownership of the residence (the transferor) to provide the person receiving it (the transferee) with an affidavit stating that the smoke detector requirements are indeed met," Mr. Fitzsimmons continued. "The transferee then has 10 days within which to

notify the transferor if the smoke detector(s) are not operable."

He stressed the new laws require all residences, not just those newly constructed, to have smoke detectors audible in sleeping areas.

Taxpayer Assistance Numbers

If you have specific tax questions that require further explanation, you may call a representative of the IRS at 724-5000 (Suffolk) or 222-1131 (Nassau). In addition, various IRS forms and publications may be ordered at 1-800-424-3676.

Warriors Win Trophy in Memorial Tournament

By Al Blicker

The Hicksville Warriors 1974 travelling soccer team captured third place, out of 11 entered teams, at the Sue Link Memorial Tournament at Island Trees High School, Feb. 5, with a record of three wins, two ties and two losses.

The first game was a 2-0 victory over Plainview/Old Bethpage, on goals by Jason Kingsley and Domenico Perillo. The second game was a 2-2 tie against the Wantagh/Seaford "B's", on goals by Chris Doyle and Chris Koetter. The third game was a 1-1 tie against the Island Trees "Greens", on a Perillo goal. The fourth game was a 3-1 victory over Elmont, on goals by Doyle, Kingsley and Perillo. The fifth game was a 1-0 loss to the Wantagh/Seaford "B's".

The preliminary round ended with Hicksville in second place, in the Green Division, and set up a Quarter Final game against the Wantagh/Seaford "A's", who were third in the Gold Division. The teams played two, evenly matched 0-0 halves. This set up a five minute, sudden death overtime, which Hicksville won, with 41 seconds to go, on a Chris Doyle goal. The Warriors then progressed to the semi-finals, playing Wilton, Connecticut. They jumped off to a quick 1-0 lead on a Jason Kingsley goal, which they carried into the second half. Wilton, however, was not to be denied and came back for three, second half goals, to win 3-1.

In addition to the goalscorers, the players were Joe Flanagan in goal, Eric Blicker and Chuck Oliver at fullback, and Michael Heyer and Karl Rice at wing. Congratulations to the Warriors as well as coach Pat McHugh and assistant coach Pat Harkins, Jr. for a great day of soccer.

Hicksville Raiders Win Sportsmanship Award

By Steve Baglieri

The 1978 Hicksville Raiders travel soccer team has been awarded the Sportsmanship Award for the Fall, 1988 season from the Long Island Junior Soccer League. This Award honors the team showing the most sportsmanship in attitude and appearance, within their division.

As the coach of the team, I worked very hard toward building character and team play, which will help them beyond sports. Because this is my first priority, I am especially proud of these athletes and their parents.

The team members should feel proud of themselves and each other - congratulations! They are: Susan Accardo, Chris Allen, Michael Baglieri, Kenny D'Introno, Ryan Ferraro, Brian Gallahue, Davie Koehn, Nikitas Koroneos, Paul Oliva, Jim Powderly, Edward Puerta, Jeff Reinhardt, and Nick Riccardi.

Thank you also to Giovanni's Deli for sponsoring our players and sharing in their honor.

Aerobic Marathon to Benefit Foundation

The Long Island chapter of the American Liver Foundation, in its efforts to raise funds for liver disease research, is sponsoring its third annual jazzercise aerobic dance marathon, on Sunday, Feb. 26, at 1 p.m., in the gymnasium of the Hicksville High School. This promises to be a fun-filled afternoon, with exciting, valuable prizes and surprises for all. For further information call 938-LIVR.

Hicksville PAL News

By Charlette Anstey

A reminder to all coaches and parents who don't have their teams in *The Hicksville Illustrated News*—the newspaper can't publish team highlights unless it is given to them. You don't have to report on your team each week—once or twice during the season is enough (unless you want to do more). You can either mail or drop off the information at my house. Thanks to Lou LiCalsi, Bill and Pat Dammes and Kathy Pangas for contributing information about their teams this week.

Police Officer Bill Toelstedt deserves thanks for his running of this PAL unit. By eliminating "play-offs" from the Hicksville PAL's team sports (basketball - boys' baseball/girls' softball), he has emphasized participation and good sportsmanship.

Special thanks to Tom Mullee, our girls' basketball commissioner and Joe Bentrewicz, our boys' basketball commissioner. Also thanks to Lola Myron who's in charge of our jacket sales and Eleanor Bentrewicz who wears many hats in the Hicksville PAL family—including obtaining our referees and umpires.

Shoot-out News

The Hicksville PAL had many of their players contributing to the local shoot-outs. Jimmy Toelstedt, Bobby Campbell, Tommy Mullee, Kelly Mullee, Mary Hetner, Brian Soper, Lynn Myron, Joe Croce, Trisha Toelstedt, John O'Brien. Missing because of illness - Brian Anstey.

Basketball News

PAL Coach Bill Dammes will be celebrating his "30th?????" birthday AGAIN on February 11. Question to Bill - how many???? are there? Congratulations to his team the LAKERS (54) (Boys/Senior Division) for their outstanding play on Wednesday night (2-1-89) against the Celtics (36). Brian Anstey scored 23 points - a great job. Brian McKee had 11 points. Kestutis Bitenas had 8 points, C.J. Carlisle and Jason Dammes each had 6 points. Rob Izzo contributed good defensive play. The team welcomes Gerard Halfpenny who is returning to play after a knee injury. Coach Dammes gives credit to Bob Izzo and George Mulos for running practices on Friday nights and Charlette Anstey for those delicious homemade cookies. Pat Dammes deserves many thanks—she never misses a game, she's our top cheerleader, keeps score and is "mother hen" to all the boys.

Kathy Pangas, the beautiful "Super Mom" coach of the (Girls' Junior Division) says the Hawks are playing superbly. They played on Friday (Feb. 10) and it was Jennifer Sethna's birthday. Apropos—she had the most baskets (4) Laurie Zeller and Pamela Pangas had 2 baskets each. Kelly Mandriota had 2 points (foul shots), Carol Baum and Paula Torres played excellent defense. They only had one loss thus far. Coach Pangas has this to say about her team, "Girls you're doing fantastic! Go Team Go".

Coach Lou LiCalsi of the Eagles (Girls' Junior Division) says, "The Eagles are in the middle of an exciting basketball season!" First year players Heather Murphy and Debbie Schiavone are learning the game and improving each week. Heather has become a fine ball handler and Debbie is the team's best jumper on jump balls. Cathy LiCalsi is the team's leading rebounder and the defensive intimidator. Christine Koch is the team's best passer and always gets into good scoring position. Tara Breen is the "tiger" of the team and makes things happen on offensive and defensive. Her sister, Kerri is improving each week in this her second year. The team's spark plug, Kelly Mullee, is the floor leader and top scorer.

All of the girls are looking forward to an exciting second half of the season.
