Memorial Parade Plans

The Gielr-Levitt Post 655 of the Jewish War Veterans, as host of the Hicksville Memorial Day Parade, has scheduled a planning meeting for Wednesday, April 12. The meeting will be held at the VFW Hall, 320 South Broadway, Hicksville, at 8 p.m.

New Home for OTB

The Shell gas station on the corner of Woodbury and Bethpage Roads, next to Madsen Auto Body, will now be the home of an OTB.

Renovations include extending the building to the property line, said Donald Kehoe, executive director of corporate affairs of Nassau Downs. The back of the station was used as a dumping ground and the building will be extended to prevent littering, said Mr. Kehoe, who noted that this will also benefit OTB customers because there will be more room. Also, the fence in the back of the building will be taken down. Mr. Kehoe said that passer-bys will not see the extension.

Mr. Kehoe said he could not give a specific date, but he hopes they will be open by mid summer.

Police Respond to Residents' Protests And Beef Up Patrols at Hicksville Park

By Rita Langdon

Homeowners' complaints that people have been drag racing, drinking alcohol and "hanging out" after dark in Park H-12, or Schwamb Field (next to Willet Avenue School), and on surrounding streets, have prompted police to plan increased patrols and the issuance of more appearance tickets.

"We are going to secure this park before the kids get a foothold for the summer," said Nicholas J. Holden, deputy inspector for the second precinct. "Once they get a foothold ... they start to claim it's their territory."

The park, which is bordered by Andrews Road, and with entrances on Andrews Road, Seymour and Boblee Lanes, Libby and Violet Avenues, closes at dark. The Town of Oyster Bay recently posted a sign indicating the park closes at dark to aid the police enforcement. Without a sign as a warning of violations, police officers cannot issue summonses.

At the Midland Civic Association meeting last week, Inspector Holden also said that it is hard to "trap" trespassers because as soon as a police car arrives, the people run in different directions. Inspector Holden said he may resort to having police cars block off some of the entrances, if it will make it easier to arrest law violators.

Complaints, Suggestions

One Violet Avenue resident said that if the people are not in the park they are congregating in front of her home. She also said that they have damaged her property and have discarded beer cans and bottles on her lawn. "It's a nightmare...they pass out on my lawn," she said.

The resident added that the people often return after the police have completed their patrol.

Another resident said that he saw teenagers speeding through Willet, Libby and Violet Avenues in a convoy style. "I'm not talking about driving slow, they were really cooking," he said.

Another complaint was that drivers are racing dirt bikes in the park, which is not permitted, said Holden.

POLICE WILL INCREASE patrol at Town of Oyster Bay Park H-12, also known as Schwamb Field, and surrounding residential streets.

(Illustrated Photo)

Midland president Ellie Draycott said, "I feel sorry for the kids because they have no place to go, but by the same token, we don't want everything dug up and destroyed."

One resident suggested blocking the entrance on Violet Avenue with a fence or a gate. She said she wants the park to be used, but teenagers congregate on her property because of the proximity to the park's entrance.

Mrs. Draycott said that many children use that entrance to walk to school. Conversely, Holden said that someone would have to open and close the gates each day and there is no one available to do that.

Although the resident suggested "no parking" signs be posted, Mrs. Draycott said such signs would not be a viable solution because

it would affect the residents. "When you do one thing, you're touching someone else," she explained.

Other residents stated that vandalism such as broken windows and slashed tires, is also a problem in areas near the park. To help deter vandalism, the Town of Oyster Bay will be installing three street lights reaching into the park from Violet, Libby and Boblee and Seymour.

Call 911

Holden advised residents to contact the police about the trespassers and illegal drinking. He said that residents must give a verbal warning first if there is no sign posted. If the individual refuses to leave, then the resident should call 911, not the second precinct station house, he said.

"Don't be afraid to call 911," He added, "We are going to make an effort to try and stop this. This is not the only park with this problem."

The event, which was held Sunday and began at Holy Trinity High School, was in memory of the late Gordon Sissons, a distinguished member of the Hicksville Lions Club.

We're Sending Birthday Wishes To...

April 1st brought a 42nd birthday party for Fred Gulbrandsen who came to Hicksville from Norway. His wife Linda, and daughters Alise and Tara were the first to wish him a happy birthday. All his friends came to help him celebrate. They had a great time... April 4th was the day Norman Duffy celebrated his birthday with his wife, his children, and grandchildren... and on the

5th his sister-in-law Sister Frances Sacil celebrated her birthday (only, she's not telling which one it is)... on the 10th his brother-in-law Coyte Carpenter will be celebrating his 'big' birthday too. He'll never tell us which one it is... and also on the 10th, we're sending best wishes to Mrs. Florence Metz. To all of you—happy birthday.

About the Conaghans

Jimmy and Ellen Conaghan have been very happy the past 20 years. That's how long

they've been married. March 20 was their special date. Jimmy is a lifelong resident of Hicksville. Currently, he has homes in Westfield, New Jersey, and Westbury. Ellen and Jim are both 1966 graduates of Hicksville High School. As soon as Jimmy graduated Hicksville High School he joined the air force for four years. He was stationed in Southeast Asia. He came home on leave and dated Ellen. Although they lived on the same block, (Genesee Street), they knew each other but never dated until after he came out of the air force on leave. They got married and then six weeks later he returned to finish out the rest of his term. Ellen and Jimmy now have two beautiful adopted Korean children. Jonathan just celebrated his 3rd birthday Feb. 28, and their other little darling is Ellen Ashley who is 33 months old. Her birthday is Jan. 16.

Jimmy's brother Bob, was graduated from Hicksville High School in the early '70s. Bob is six years younger than Jim and is married to Peg. They have three children: Kelly, Robert and James. They live in Kings Park. Bob's mom Kathleen, still lives on Genesee Street with her daughter Eileen. Kathleen has lived in that home since 1950. Jimmy said this beautiful mom of his is having a birthday April 10th and he wants to publicly wish her a happy day.

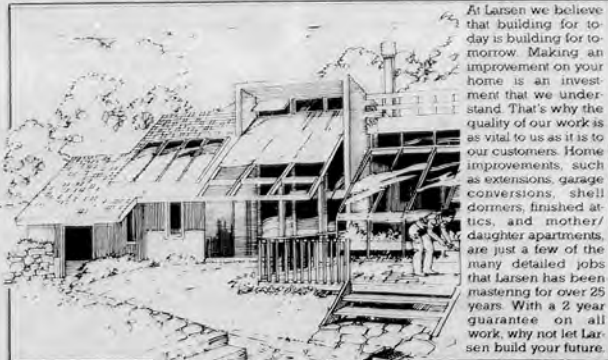

Jimmy is a member of the Hicksville Elks Lodge and travels all the way from New Jersey just to make the meetings. What a guy!

About the McGuirks

I was speaking with Marge (McGuirk) McGough the other day and she brought me up-to-date on the happenings of her family. Marge was the wife of the late Jim McGuirk and is now the wife of Paddy McGough straight from County Louth in Ireland. She is very happy. She said that Paddy's mom and dad reside in Ardee, Ireland, and both will be celebrating their 81st and 88th birthdays within a month.

Marge told me that her daughter Terri was married last year to Nat Kingsbury and is now an operating room nurse, living in Fort Washington, Pennsylvania. Many of you will remember Terri for the great swimming records that she set while in junior and senior high school. Marge said, "I became a grandmother last year." Her son Mike and daughter-in-law Valerie (Butler) McGuirk recently brought their year-old daughter Megan Marie to Hicksville (from California) to celebrate her first birthday and to be with her grandparents—Marge and Paddy and Helen and Stan Butler, also of Hicksville. Aunts, uncles and cousins from both sides of the family came to help celebrate. Missing the celebration was Uncle Tom McGuirk and Aunt Michele who couldn't make it here from San Jose, California. Tom and Mike live about an hour's drive away from each other in California. Marge said, "It was great having everybody together again... and no, I don't want to leave Hicksville... I've been here too long and I'm only a short distance away from Terri... I can always fly out to see the boys. Hicksville is my home!"

Our Homeowners Edge loan pays off now. And pays off later.

Introducing a 60 minute loan with no upfront costs.

The intelligent shopper is always on the lookout for a great deal. But when it comes to homeowners' loans, the truly intelligent shopper knows that there's more to a great loan than a great rate.

That's why we created Homeowners Edge.SM The loan that combines the advantages of a home equity loan with the simplicity of an installment loan. And with no upfront fees or closing costs.

Homeowners Edge lets you borrow from \$7,500 to \$25,000 while allowing you to use the money as you see fit. We offer a choice of low rates, flexible terms and a set payment schedule. And in most cases, we'll give you a decision on your application in 60 minutes or less.

Plus potential tax advantages on April 15th.

Like a home equity loan, Homeowners Edge is secured by a mortgage on your house, condo or

co-op. So chances are, interest on a Homeowners Edge loan will probably qualify for a full interest deduction. Which isn't always the case with other types of loans. (There are some exceptions to deductibility. Please consult your tax advisor before applying.)

Just visit The 60 Minute Loan CenterSM at any of our 190 convenient branches. Or call 1-800-942-1784 (from NJ and CT, call 914-899-2182 collect) any weekday between 8:30 am and 3:00 pm, or Saturday from 9:00 am until noon, and get an answer in 60 minutes or less.

Or you can call until 9:00 pm Monday through Friday or 3:00 pm on Saturday for an answer the very next business day.

With the Homeowners Edge loan, you can tell everyone what an intelligent shopper you are. And every April 15th, your accountant will prove it.

Spring Fever: Know When to Say "When"

By Nancy Garry

It hits as soon as the mercury crosses the 60 degree mark. Like a bad dye job, it usually takes months to grow out of, if you're lucky. If you're not so lucky, it can have the same effect as a bad dye job before your senior prom: It can ruin your life.

Spring Fever.

Working people can't afford this disease. Costs are generally higher than most insurance policies will cover. Normal deductibles are 14 vacation days, six or seven sick days, and, maybe, a handful of personal days. Spring Fever, unfortunately, requires much more than that to be properly treated.

A friend of mine (we'll call her Patricia) had the worst case I ever heard about. It's bound to be documented in medical history. It began shortly after St. Patrick's Day, 1987. She had been working as a customer service representative at a major publishing company. It was a good job and she was good at

it, scoring points all the time with the bigwigs. Then, it happened.

First, she went for a walk during lunch. After months of eating at her desk, Patricia thought a constitutional was a good idea. The jaunt around her building proved the path to destruction.

She started looking around, struck by the sights. Patricia began seeing spots—spots of green grass, spots of purple flowers, spots of baby blue sky. Understandably, she was frightened, having read once what these visions could mean.

Hurriedly, she returned to her office, working late, waiting for the sun to set. She knew she couldn't risk seeing the whiter-than-winter-skin clouds that were spring's trademark. For days, she rose before dawn and went home after dark, thinking all the while "an ounce of prevention..."

One day, in mid-April, she forgot to take her medicine. A co-worker invited Patricia to do a little shopping during lunch. Naively, she thought she would be safe, malls are dark enough places. Fear struck her like a fist when she saw her co-worker's car, a convertible with, you guessed it, the top down.

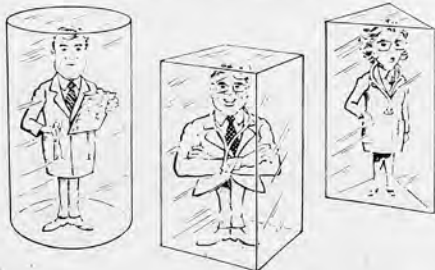

Not wanting to be rude, Patricia did not request, as she knew she should have, that the car be adequately covered. The 15-minute drive, complete with insects landing in her eyes and mouth, was her demise.

She continued waking up early, but instead of rushing into her car and crawling through traffic, she began to take her bicycle out in the morning. At first, she timed her rides carefully. Steadily, she lingered longer and longer, figuring she wouldn't dry her hair, tell everyone it was mousy. Next, she stopped ironing her clothes. "Got wrinkled in the car," she would say. Soon, there was no other way to save time and Patricia was the employer's nightmare: habitually tardy.

Tardiness, as we all know, is only the first symptom. The others followed quickly: hour lunches turned into 90 minutes; two 20-minute breaks became 20 two-minute respites; overtime dissolved into undertime. After using vacation time she hadn't accrued and both sick and "well" days, the final blow was blown: Patricia was fired.

Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

No Written Consent Needed

To The Editor:

In your March 23 edition, there was a letter to the editor from Leslie Zaleski, regarding a Caldor being built in the Broadway Mall.

At the March Community Council meeting, I stated that many residents did not consider Caldor an anchor store. I did not say we did not want a Caldor.

Many residents have told me that an anchor store should be a department store such as an A&S, Macy's or Bloomingdale's.

When friends engage in a conversation regarding Caldor, I don't feel I need their authorization or written evaluation form to speak in public on their behalf.

More Librarians Please

This letter is being published upon request.

To The Editor:

We welcome 1989's designation as the "Year of the Young Reader." At a time when the U.S. illiteracy rate is at an all-time high and reading at an all-time low, this is a commendable step. We hope the library board will take the National focus of this year as an opportunity to reassess the activity of the library in the Hicksville community.

The senior adult population which reads and utilizes the library is certainly deserving of your attention, but it is a dwindling group. To date, it appears to us that this is where the major portion of the Library's efforts and attention is focused.

It would seem to us that the young families, with the children who are initially so enthusiastic about trips to the library is a growing segment of our community worthy of more attention. If you can expand your support from this age group and their parents you can't help but have growing use and willingness to invest in our town library.

At present it concerns us as Hicksville parents and as teachers of a school that emphasizes the joy of reading, that the Hicksville

Public Library has only one full-time children's librarian. This means that for almost half the time the library is open there is no one in the children's library knowing much more than how to check out books. On several occasions we have not been given the service in the children's room as we should have been. The young people are charming, but lacking in library skills. When asked about Caldecott and Newberry Award winner books on hand, they had no idea what we were talking about.

We are overjoyed with the present librarian who has done a great deal in terms of revitalizing and making better use of the facilities available to her. She seems sensitive to the challenges facing parents who wish to raise literate children in an age bombarded with the audiovisual media that stifles opportunity to experience the satisfaction and enjoyment that comes from reading. We hope the board will demonstrate more support for this individual's interest and concern for the future readers and leaders of Hicksville by fully funding the children's section.

If neighboring communities can do so much more for their youngsters in terms of library programs why can't we? Please find enclosed a recent issue of the Plainview-Old Bethpage Libraryworld newsletter, and see what is being done by one of our nearby libraries.

Hicksville has a very limited Tiny Tots program, no "Reading is Fundamental" program, no regular children's craft program, few special programs involving visiting artists and entertainers. We assume this is due primarily to a lack of funding. We need another full-time librarian and more children's programs before the Library can begin to play the vital role it should be achieving in our community. A monthly newsletter could carry your message a long way for a relatively modest expense.

Library Budget

To The Editor:

Have all you Hicksville taxpayers finished reading the small print referred to as the Hicksville Public Library proposed budget for 1989-1990?

The proposed budget calls for an increase of 7.5 for books, progressing to better than 62 percent for special programs and public information.

A total increase of 228,913 dollars or better than 12 percent.

In this land of high taxes do we need this? Vote at your library on April 12.

What Goes Around—Comes Around

In our letters to the editor section of the March 23 issue, one of our readers made suggestions for the location of a park in Hicksville. These suggestions were made in light of the Hicksville Park District's Task Force's proposal to use Dutch Lane School fields as a community park. The task force is attempting to fulfill the needs for a park in Hicksville. Another

one of our readers, George Walden, sent us a copy of an editorial that appeared in the Mid Island Herald (which was incorporated into the Hicksville Illustrated News) in December 1957. It was written by Fred J. Noeth, the editor of the paper. It seems that the same "park problem" that existed then, is occurring now. Some things never change.

Fast Action to Provide Park

By Fred J. Noeth

The community of Hicksville is about to miss the opportunity to provide a realistic-sized park and recreation center for the enjoyment of future generations. Disclosures at the Board of Education meeting this week indicate that the owners of the former Press Wireless acreage in the Northwest section of the district are moving fast and unless we move with equal speed, we are going to find the last big open land areas covered with houses.

This is the story: Galop Inc. owns most of the land formerly held by Press Wireless on the east side of Cantiague Road. They are a land development organization, i.e. they lay out the streets and plots and then sell off sections to builders. They have laid out about 100 acres into about 400 home sites. They have not laid out about 45 acres which fronts along W. West St., presumably because this may go for business or industrial use.

They have already sold property on the west side of Cantiague Road where Imperial Gardens is building about 170 homes. They are most willing to sell about 10 acres to the School District for a site of an elementary school. They indicate the asking price is about \$17,000 an acre. (Somebody please lift granddaddy off the floor.)

We have found some ready response among residents to the proposal that about 50 acres of this tract be obtained by our Park District (via petition to the Town Board) for long-range development as a community park and recreation center. The 45 or so acres left at the moment is not particularly suited for a purpose of a park because (1) as poten-

tial business or industrial land it will cost more and (2) we want the industry and/or business, and its topography does not lend itself. It is part of Kuhl's Hollow of yesteryear, a part of a natural drainage cut in the landscape.

Right now the School Board is talking about buying 10 acres from Galop, contingent upon a referendum, etc. for a 14 room school estimated as necessary for the new homes coming to the area.

If 50 acres (for the sake of argument) is taken out for our dream park, that means 200 fewer homes in the area. The 14-room school (which will probably cost about a million or more dollars) can be cut down to eight or 10 rooms. Thus whatever is spent in acquiring this land for a park will be saved in construction of a school. And a saving in school construction is not the final saving because schools cost money TO OPERATE AND MAINTAIN, year in an year out, long into the future.

True the development of the park land will cost money, but that cost will be far less than building and operating additional classrooms. And the enjoyment from a park will be available to all ages, year round.

If we don't act upon acquiring sufficient land for a future park we will, someday, have to pay more for occupied property. This means (as we have finally learned in the parking field situation) paying more in the long run.

What is needed is firm, almost immediate action by public-spirited residents. We'll be glad to help all we can.

Funds for Youth Centers Should Not Be Cut

To The Editor:

On February 28, 125 local youth centers met with legislators to vote on whether or not to cut funding to these groups. Citizens should not support the cutting of funds; this measure will harm much of the needed programs. First, this will affect the youths who live in poor areas. Next, children with poor academic skills will suffer from this decision. Last, programs are needed to educate children against drugs and teenage pregnancy.

The poor neighborhoods are the first to be affected by this decision to cut funds. The local youth centers provide children in these

neighborhoods with an alternative. Many centers offer special programs to help youths who have negative attitudes or social problems. For instance, if a child has a problem such as parents who are alcoholics, they can seek counseling at one of the neighborhood centers. Counseling sessions can be held in private or in groups. Youths can also participate in sports, like baseball and basketball, which can help them to develop positive social attitudes.

In addition, youths with poor academic skills will suffer from this decision. Local youths go to the centers for after school tutoring. There are skilled counselors who help other students who have problems in school. These counselors are needed in the community for those students who cannot afford

A Letter from Lulabelle...

...Weddings are happy affairs, as everyone knows—but, did you ever know of anything that causes more trouble in a family than a wedding? Before the engagement is announced, there are, of course, all the family criticisms about "him" or "her". "He'll never be able to support you" or "What kind of wife will she be when she can't even cook?"...But, when the smoke dies down, the engagement is announced and now we proceed to the wedding...Hopefully, they are both of the same religion, so we won't have to agonize over which church or temple will perform the ceremony...That's a tale you all know...Now we have to coordinate the ceremony and the catering hall for the reception...It is clearly understood by tradition and all the manners experts that the bride's family hosts the wedding, pays the bills and has the final say in what is chosen, including how many guests each family may invite...Therein lies a major war in many cases...the bride's family says we can afford one hundred fifty and we will each invite seventy-five, but the groom's father wants to invite all his business associates and needs one hundred fifty all by himself—and he offers to pay for his share, but the bride's family hates huge affairs and refuses—and, oh, my—you know how that can be!...Then it comes to choosing who will be invited—the friends of the bride and groom?...their escorts, companions or whatever?...aunts and uncles of the fourth degree?...and cousins?...first, second or none?...And how about children?...Do you hate to have bored little ones crying through the toasts—and will Bob and Betty, whom you love, come if you say no children?...And now, the attendants—the bride has a "best friend" and they have agreed since kindergarten that they will be each other's maid of honor—but the bride's sister is now insulted...The bride decides to splurge and have six attendants, but counting her close friends and cousins, there are seven...Whom shall she leave out—and that will insult a whole section of the family and cause coolness for years...Is it any wonder I've heard more than one father say to his daughter, "I'll make it worth your while to elope!"

Yours, Lulabelle

to pay for private tutoring. Help is offered in such courses as Math and English.

Moreover, youth centers can aid in educating our youth on drugs and teenage pregnancy. In today's society programs such as these are needed. Drug abuse as well as teenage pregnancy is on a rise. First, by stressing the dangers of drug abuse, youths may deter from using drugs. Programs are held by former drug addicts who explain why drugs are harmful to society. Former addicts give testimonials on how drugs have destroyed

their lives. Also, counseling sessions on teenage pregnancy are given. Youths who are curious about birth control, but cannot talk to their parents are welcomed.

Cutting funds of the local youth centers will harm needed programs. First, youths can live in poor neighborhoods and youths with poor academic skills will suffer. Last, these programs are needed to educate the youth against drugs and teenage pregnancy. Yvonne Atkinson Westbury

ROBERT R. McMILLAN'S

Direct Line

The tax revolt of 1989 on Long Island was born out of frustration and disillusion—frustration because of an inability to control rising costs for government and schools and disillusion because the dream has disappeared, for some, through gigantic real estate tax increases. We have reached the breaking point on Long Island, and many government leaders and school boards still do not have the message. With the inevitable substantial increases in electric rates and a leveling off of our "hot" Island economy, taxes should probably be reduced.

Incumbents will take most of the benefit with taxes being a major campaign issue this fall in local elections. In fairness, some of the increases are justified. First, sales tax receipts are down. Garbage disposal and recycling costs have skyrocketed. Schools have been hit with asbestos removal costs. State funds for many programs have been cut severely. All of this means it is not a time for "business as usual."

Some government leaders have belatedly joined the tax revolution. The question is whether that hostility will be felt at the polls in November. Frank Jones, the Supervisor of Islip and one of the few government leaders to produce an actual reduction in taxes this year, has indicated that the mood of the public is very hostile.

Up to now, school districts have been able to escape the tax revolt, but they will not be able to do so for long. Proposals for

consolidation of school districts are normally "dead on arrival," even though they could mean tax dollar savings. People want to keep their local schools, and school district consolidation means, to many, the end of neighborhood schools. There are, however, other ways to save money in school districts without consolidating districts. Services from cleaning to bus transportation, and purchasing from oil to office supplies and books could very well be handled across district lines. The potential for savings is clear, and these suggestions only scratch the surface. It is about time that school boards take a hard look at ways to save taxpayer money.

Another reason for increased taxes is slowed development and economic growth. Through development came a yearly expanding tax base. Thus, much of the increased costs for government and schools flowed from new real estate construction. That new construction has slowed for several reasons. Many do not want new development in their backyards. Governments, echoing environmental concerns and reflecting constituent views, have slowed down the approval process for new development. The result has had a direct impact on all of our bank accounts.

What are the alternatives? Cutting back on government spending should be the first approach. Let's get some business leaders in to look hard at the efficiency of government and make some tough recommendations as to how to reduce the cost of local governments and schools. We should also get back to sensible development to expand our tax base. If we don't take these actions, you can bet that talk of a local income tax will start to surface, and the real estate tax burden will continue to grow.

We have a fragile economy. Defense spending is on the decline and will affect employment all over the Island. Electric rates are going up. The impact of real estate taxes could be a deciding factor. Home values are truly at risk. Your feelings expressed at this time will make a difference.

Long Island Open Set for May 16, 17

Sponsored by The Roslyn Savings Bank, the 65th Long Island Open golf tournament will take place at Bethpage State Park's Red Course on May 16 and 17, according to Dr. Harold M. Lenobel, President of The Long Island Golf Association, and Floyd N. York, President and CEO of The Roslyn Savings Bank. A Pro-Am, to be played on May 15, benefitting the Long Island Caddie Scholarship Fund, will precede the Open.

Long Island's top pros and best amateurs are expected to participate in the tournaments, according to Dr. Lenobel. The Roslyn Savings Bank, sponsor of both events, has underwritten the Open and Pro-Am since 1986. The L.I. Open purse, increased this year to \$25,000, will provide cash prizes for winning pros. Low-scoring amateurs will receive appropriate trophies and/or pro-shop credit.

Professionals and amateurs with a handicap slope of 7.5 or less are eligible for the

Open. They will play 18 holes the first day with the 40 low scores (plus ties) competing in 36 holes on the second day. Scores for both days, a combined 54 holes, will determine the winners.

For the Pro-Am, also at the Bethpage Red Course, the LIGA member clubs will be fielding one or more teams comprised of a golf professional and three amateurs. The amateurs entry fees go toward the Caddie Scholarship Fund and prize money. Lenobel and Scholarship Chairman "Buckie" Walker urge early sign-up for the Pro-Am as entries are limited. Spectators will be admitted without charge for all three days of play.

Floyd N. York, Chairman, President and CEO of the bank, said of its involvement with the tournament, "The Long Island Open brings out some of the best regional players and helps to focus attention on Long Island golf."

Eglevsky Ballet Presents Romeo and Juliet

The Eglevsky Ballet presents its Spring Season beginning Friday, April 28 at the Adams Playhouse on the campus of Hofstra University. The program will be repeated in two performances at the Tilles Center on the C.W. Post/LIU campus in Brookville on Thursday, May 4 and Friday, May 5. All three performances are scheduled to begin at 8 p.m.

Romeo and Juliet, which had its World Premiere at the Adams Playhouse in May, 1985, was choreographed for the Eglevsky Ballet by Michael Vernon, the company's artistic director. Sets for *Romeo and Juliet* have been created by Steve Currie, a native Long Islander who designs for the theater.

The program for the three performances of the Eglevsky Ballet's Spring Season will also

include a new, as yet, untitled work by Christopher d'Amboise of the New York City Ballet.

The Merrick Symphony Orchestra conducted by Charles Gouse will play at all performances.

On April 28, immediately following the performance, the Eglevsky Ballet will sponsor a gala fund-raising Champagne Reception at Hofstra's University Club. Tickets for the reception are \$125 and include a performance ticket. Tickets for all performers of the Eglevsky Ballet's Spring Season are \$22, \$18 and \$14. Group rates are available. For information call the Eglevsky Ballet box office at 746-1115 or reserve through TicketMaster, 888-9000.

As anyone recovering from a compulsion knows, cold turkey is the only way to decompose. If Patricia feels she is about to slip, she lays in a tanning bed for three hours. What, with the hospitalization for burns and the temporary lack of sight, she risks herself of the desire for sun. Other times, she stands on the roof of a tall building during a blizzard and 80-mile-an-hour winds. Then, she doesn't feel the need for fresh air for months. Self-inflicted poverty can teach valuable lessons.

Patricia asked me to write this story. She tried to sell it to Hollywood, but Liz and George Hamilton are still in vogue. Phil, Oprah, Geraldo and Sally-Jesse-Whatever thought it was too controversial. They have their standards, after all.

Patricia said she would have to be satisfied with the regional approach, saying if she saved one person, her life would have meaning, however inconsequential.

So please, Patricia says, take every necessary precaution. Spring Fever might seem harmless, but it leads to bigger, stronger and more dangerous things.

She did add, however, that she could use a roommate. There's no place like Nome and no one there worries about the Greenhouse Effect.

Spring Fever:

(continued from page 8)

Friends greeted the news with ample, albeit superficial, "we're sorrys," but Patricia only smiled. No amount of rain or lack of degree days could help. The fever had reached its pitch and Patricia became a statistic.

To make a long story still longer, Patricia went bankrupt, sold what little she had left and was forced to move to Alaska. The snowy state is her eternal exile and she knows she must "just say no" to any points further south.

Patricia's an activist now. From her home in Nome, she launches letter-writing campaigns to have offensive commercials removed from television. Countless companies have been on the wrong end of her poison pen for jeopardizing the lives of average people just like her, such as Coppertone (obviously), Cadillac (its Allante model only comes in a convertible) and Day's Inn (it uses a sun in its logo, remember?).

Showers of Happiness Reign In Victorian Room

You would really like to have a fairly large group at the shower you are planning, but your living room is too small—and you don't have that many

chairs even with borrowing from the neighbors?... Don't worry—come to the Victorian Room at Captain Bill's Commodore Inn and relax and be a guest at your own party... The room accommodates up to fifty comfortably and you can plan the menu to suite your taste... And, just think, you won't have to clean up afterward!

A Sandwich and A Good Time

Close your eyes and picture this...an informal setting. A few over stuffed, comfortable chairs and a table, you're with friends or alone, and before you a mouth-watering shrimp salad sandwich and an iced tea. Mmmm. Across from you your friend is eating potato skins dripping with cheddar cheese and bacon and another is having chicken nuggets in a honey-mustard sauce.

Open your eyes now and remember how it began. Where can we go for a light meal, you thought. A sandwich and good times. Captain Bill's has it all—snacks, sandwiches and scenery.

Captain Bill's will remain closed on Mondays with the exception of Memorial Day, May 29, at which time we will open on Mondays for the summer months.

Library Slide/Lecture

Hicksville's diversity of church and temple life will be featured in a slide-lecture program at the Hicksville Public Library, on April 13, at 8 p.m. Gregory Museum historian Richard Evers' lecture will recall the events, the colorful leaders, and the traditions of the village's 17 religious groups.

This new and popular lecture spans four centuries of spiritual belief and faith in this

region, ranging from the Algonquin Indians' Manetto Hill tradition, through the meetings of the Society of Friends, to the emergence of community churches and the great orthodox congregations.

"Varieties of Religious Experience" is a tribute to those of the Spirit Way, as Carl Carmer called an outpouring of religious emanations of the mid-19th century.

Opening lead — jack of spades.

A declarer who panics upon encountering unexpected adversity, and who bemoans his bad luck instead of trying to overcome it, is bound to lose many contracts that are rescuable. To illustrate the theme, consider this deal played in a team game by Harry Fishbein, New York star.

He won the spade lead with the queen and played the ten of hearts to dummy's ace, quickly learning of the 3-0 trump division. Never one to give up, although it seemed he'd have to go down one, Fishy proceeded to make four hearts.

He next led a low diamond from

dummy and played the eight after East followed low. Back came a spade, won by South, and another diamond was led. East took it and returned the trump queen.

After taking the queen, Fishbein ruffed his last diamond, played a spade to his ace, and exited with a trump to East's jack.

It was the third trick for the defense, but also their last. There was no safe return East could make. A low club play would be fatal, allowing dummy to win the trick; a diamond return would permit a ruff and discard.

Thus, Fishbein scored ten tricks, and there was no way to stop him. Even if East had rushed up with the king of diamonds at trick three, he could not have avoided the later endplay.

When the same hand was played in four hearts at the other table, declarer won the spade lead and led the heart king. This apparently innocuous play proved fatal.

South now played a low diamond to East's ten. When East returned the heart queen to dummy's ace, declarer led a second diamond. East went up with the king, cashed his jack of trumps, and exited with a spade to South's ace. There was now no way for declarer to avoid a club loser, and he finished down one.

Fishbein's heart play to the ace at trick two proved decisive. It was a very delicate triumph for good technique.

Interest Rates-Gold-And-Opec

Periodically, it is necessary to go back over some of the things that have been subjects of previous articles and do an update. The topics do not rate a complete article, yet should be discussed. Here are a few, next week will bring a few more.

Dr. Joseph P. Frey

Interest Rates: The interest rates in the United States have risen about three percentage points in the last few months. The Federal Reserve has been doing this very deliberately to cool off the economy. The intent is to have the economy slow gradually and make the inevitable recession a "soft landing". Why do this? The faster the rise, the harder the fall. The feeling is to keep the economy from falling off a cliff. The medicine seems to be working very well. However, many of you who did not follow the advice of this column (4/28/88, 7/1/88, 12/8/88) to shorten maturities, have about a 30 percent loss in the value of their long term debt, no matter what the type. The question is, do you sell the debt now and shorten your maturities? I do not think so. The economy has every indication that it is slowing very nicely. That means that the Federal Reserve should adopt a wait-and-see attitude. I do not expect any appreciable interest rate increase for at least a month. It is more likely that rates will remain the same or go down slightly. I would not sell your long term debt at this point. If I am right, you will regain some of your lost value. Just remember, you have paid your commission and fees already, do not make matters worse.

Those of you who did follow our advice will not get hurt no matter what happens. If rates fall, your investment will slightly increase in value. If rates rise, your maturities should be short enough so that any value loss will be very small. Besides, the yields are very high on an historical basis.

Gold: When people expect inflation to heat up, they have retreated to gold as a refuge. This time the price of gold has not increased, it has fallen, while the inflation rate has gone up sharply. I believe it is the result of a multitude of reasons. There are two basic reasons as I see it. First, the gold miners have more efficient methods to extract gold from poorer grade ore, thus increasing the supply. Second, the warming relationship with Russia has increased the volume of trade with Russia. Since the ruble is not convertible into any world currency, the Russians pay their trade bills with barter or gold.

The quality of their products are really not good enough as a whole to produce enough barter. So the amount of gold supply has increased as trade has increased. This has depressed the price. In the short run, gold will not be a good investment. So stay away from gold mutual funds, bullion, etc. However, gold numismatic coins are, and will continue to be, excellent investments. The supply is limited and the appeal is great. In the very long run, you will probably be a winner with gold.

Opec: In May of 1988, the vast majority of the experts were writing off this cartel. Then the price of oil was falling and the predictions were for a dead Opec and \$5.00 oil. This column took a contrary view (5/12/88). Crude oil is now almost \$20.00 a barrel and a major influence on the inflation numbers. Do not ever count these nations out. It is in the best interests of the oil producers to restrict production in both the long and short run. I think that they have learned their lesson on the fallacy of being greedy. In addition to that, the automobile companies, all of them, are giving us gas guzzlers, thereby increasing our gasoline usage. So do not look for lower oil prices. Opec is alive and healthy.

Doctor Frey is a professor of investments and finance at LIU/C.W. Post campus on Long Island.

Basketball Highlights

In our K-2 league, the Tigers are coached by Vinnie Carranza, and assistant coach Joe

Panarelli (who was there every step of the way and willing to help.) The Tigers finished their season undefeated. The players and parents all showed "great sportsmanship" at all times. We are very fortunate in CYO to have two excellent coaches who are very dedicated to the children in CYO. And their dedication really shone with this team.

REMINDER: Basketball Trophy Night, April 23 at 2 p.m.

Hicksville PAL News

By Charlotte Anstey

NOTE: Trophies have already been given to all boys. Girls' basketball awards will be given on April 11 at Woodland Avenue School at 7 p.m.

The following are reports on various basketball teams:

Coaches Tom Goodrich and Chris Aldrich (girls' junior division) had the following to say about their teams. Golfo Karagoreous is one of our point guards who has an excellent dribble and shoots layups very well. Kristen Anstey plays forward and point guard. She passes well and has a very good shot from the corner. Christy Goodlet plays guard and forward. She plays good defense and rebounds well. Laura Powers plays off guard. She always hustles and works hard on defense. Bonnie Pinkham generally plays center. She plays great defense, has good moves to the basket and shoots very well. Jennifer Lyons plays forward. She has an excellent shot from the right side and plays good defense. Dawn Powers plays forward. She is one of the best players

on defense. Jillian Lyons plays forward and sometimes center. She is a great rebounder and plays excellent defense.

Coach Aldrich had the following to say about his team. "All the girls played superb basketball this year. They improved greatly throughout the season, becoming an awesome defensive force by the end of the year. They listened well to their coaches and played together as a team. Most importantly, they were very good sports and seemed to always have a good time, whether winning or losing. Both Tom Goodlet and myself are very proud of the girls and how hard they played for us."

Coach Joe Bentrewicz (boys' senior division) had the following to say about his team. Brian Rooney and Robert Bentrewicz were the top scorers and rebounders. Phillip Zafriadis and Darren Lowry were very good rebounding and scoring. Jimmy Toelstedt, Tommy Goodlet and Anthony Anzalone were first year senior players and they had a very fine season.

Hicksville Pioneers Defeat Pelham, 2-1

By Jay Schwartz

The Hicksville Americans Soccer Club's 1977 Pioneers defeated their first State cup opponents by a score of 2-1. It was a rainy, overcast day and the wind chill was far too low. The players started slowly but came alive to capture their first game of the season.

The ball was passed by Joe Florio, Phil Caputo, Tommy Coffey and Jonathan Schwartz, in plays to the right side the first few minutes. Hicksville pressed forward, but Pelham defended nicely. The next 10 minutes or so the Pelham team took over the control. Joey Croce had a direct kick and scored as it sailed over the goalkeeper, Pioneers lead 1-0. Ricky Ladimir crossed a nice pass to Peter Titone but Peter's tap was soft and the goalkeeper picked it up. The defense was

strong with Robert Ilsley, Richard Werchenski, David Nelsen, Timmy Dalton and Danny Wolchok in the backfield.

In the second half Greg Latini passed the ball to Tommy Coffey but his shot was smothered. The game tied at 1-1, when the Pioneers' defense came out and the ball was crossed and shot behind them. Joey Matz and Ricky Ladimir had two quick shots on goal that went wide. The pressure was on Pelham, however, as more shots were taken at their goal. Peter Titone had a one-on-one and popped the ball over the goalkeeper, but it hooked wide to the right. The winning goal came moments later as Joey Matz struck a long rising shot which hooked to the left. Phil Caputo was there waiting and volleyed in right in for the score. Hicksville Pioneers win 2-1.

Overtime Goals Cause Upset for Pioneers

By Jay Schwartz

Loss to Northport 4-2

The Hicksville Americans Soccer Club's 1977 Pioneers lost a close Chase Cup game to Northport Cow Harbor on March 18. The score from the first minutes was 1-1, and went to two overtime periods. The Northport team exploded for three goals late in the second overtime while the Pioneers came back with only one score, losing the game 4-2.

The game started quickly for the Pioneers as Jonathan Schwartz took a run with the ball after a pass by Joey Florio. Schwartz took a shot but it went wide. Danny Wolchok took off with the ball and his shot was wide. The Northport team scored a goal and Hicksville answered with one too. Joey Florio popped a pass to Danny Wolchok who volleyed it in over the goalkeeper's waiting hands. Peter Titone then had a series of six saving moves as the Hicksville goalkeeper. There were catches, balls tapped away and kick saves. Shots were taken on Northport but no support was there to pick up the rebounds. The half ended with two more important saves by Peter Titone. The backfield players Dave Nelsen, Sean Flanagan, Joey Matz had done their jobs.

The second half began with two quick saves by Greg Latini. Joey Croce was called for pushing in the penalty area and the shot taken was wide. Jonathan Schwartz and Richard Werchenski each had an opportunity for a goal but their shots were wide of the mark. Again Latini was able to save two shots on goal. The second half ended as Peter Titone kicked a ball over the net, accurate, but too high. Joey Florio, Joey Croce, Phil Caputo, Jonathan Schwartz, and Danny Wolchok had given Hicksville chances, but the team was going into overtime.

The first overtime saw Croce and Schwartz make two tries on goal, but both were deflected. The second overtime was on, but within minutes, there were three Northport goals in. The defense did not clear the ball or block the shots from being struck. Two goals were high shots out of Latini's reach, while the third was a low ball which players were screening. Hicksville started to recover as Croce scored on a penalty shot for an obstruction, but all time had run out.

It was a well-played game for the Pioneers, who gave everything they had.
