119-Year-Old House Gets a New Occupant

Local Counseling Center
Opened Doors Monday
By Rita Langdon

Take an 119-year-old house, completely gutted and looking as if beyond renovation, add more than 50 volunteers willing to give the renovation a shot, and your end product will be, according to Rev. Dr. Theodore S. Grant, "a miracle" makeover.

In a race against time, local people combined their energies to get a non-profit consultation center moved from its Grand Avenue location, which, at anytime, was about to receive notice to vacate premises. Volunteers transformed a vacant house next to St. Ignatius Church on Broadway into the Ecumenical Consultation Center's new office.

Such things as electrical and plumbing supplies, carpeting, paint and furniture were donated or given to the center at below cost, said Rev. Grant who is the executive director of the center. "Everyone was so wonderful and gracious in the community," he said. In addition to the generous amount of items donated, Rev. Grant said that many people offered little extras referring to Liberty Plumbing Supply's Ted Swedalla "who insisted that we have an instant hot water dispenser."

The center, which for more than 15 years has served thousands of Hicksville residents who need psychological services, opened its doors Monday after seven months of renovations.

The total cost of the renovations was about \$25,000, said Rev. Grant. A dedication and open house is scheduled for Sunday, May 21. "The people worked together and we felt such a great spirit here," said Rev. Grant's wife, Nancy. "Many people were so busy, yet they found time to paint." Referring to the amazing transformation of the house which looked hopeless at first, Mrs. Grant said the entire project was something "we never dreamed of."

One incumbent, one former school board trustee and three other residents, will be seeking seats on the Hicksville Board of Education May 10 at its annual election. James A. Martillo, Thomas J. McGovern and Jay M. Schwartz are running for Daniel Arena's seat. Mr. Arena is not seeking another term. William P. Collins will be vying with present school board trustee Carole Wolf. In addition to electing trustees, residents will be asked to vote on the \$46.7 million proposed budget.

James A. Martillo
"Ensuring that the children get a good, sound education without strangling the taxpayer" is the goal that James Martillo hopes to reach if elected to the Hicksville School Board.

A resident for nine years, Mr. Martillo said, "It is not enough to just help with a child's homework, but to be aware of the current problems the educational system is having and give as much input as possible." He also notes that he is aware that senior citizens on a fixed income have difficulty paying high tax rates.

A problem that Mr. Martillo finds with the school district is that the board of education is not acting as a unified group. "It seems they have divided into two groups," he said. "This in turn is not healthy for the district [because] this division has caused the board to drag its feet on many issues." Mr. Martillo said that this problem might be addressed by electing board members who are willing to listen and represent all of the residents.

Mr. Martillo said that although he is not satisfied with the proposed \$46.7 million budget, he feels a budget is better than austerity. He pointed out that there is a minimal difference between a passed budget and austerity, citing Levittown school district which, after being on austerity, saved the taxpayers only 140 a year. "Meanwhile their senior citizens and children suffered," he said. "Austerity isn't the answer, the answer is looking to the future to eventually save money and make sure the money spent isn't wasted." Mr. Martillo, a retail manager, has three daughters who attend district schools. He was graduated from Farmingdale High School in June 1973 and received an associate's degree in applied sciences in May 1975 from SUNY Farmingdale.

Currently he is involved in East Street Elementary School's unit PTA as a council

delegate and attends all school board meetings for this PTA's unit. Mr. Martillo is running against Thomas J. McGovern and Jay M. Schwartz.

Jay M. Schwartz
A member of the Hicksville School Board from 1981 to 1987, and an assistant principal in a New York City school, Jay M. Schwartz brings experience with budgets and how to reduce them.

Mr. Schwartz said he believes the proposed \$46.7 million budget is too high and his first goal, if elected, would be to tighten and reduce it. He also said that he would like to set up plans for the asbestos removal program and discuss methods of funding it. Another goal would be to "restore leadership and partnerships to the board."

Mr. Schwartz said that he is running for the school board because he has the experience and background required for the position. "Many difficult decisions face the board which has delayed making its course of actions," he said.

The immediate need for a latch-key program is what Mr. Schwartz cites as a current problem with the district. "The board leadership must force a compromise on this crucial issue," he said referring to the board not reaching a decision on which a local youth organization is to provide the latch-key program. Mr. Schwartz, who is not satisfied with the level of academic achievement of the students, said he would like to mandate a homework policy and enforce it. "I would stress the coming 1990s to prepare our students for more specialized career choices."

Mr. Schwartz, who is vying for Daniel Arena's seat against Thomas J. McGovern and James A. Martillo, has two boys in the Hicksville schools and has been a Hicksville resident for 10 years. Mr. Schwartz, treasurer

Cathy Tokar and John Beisel

Cathy Engaged to John

Catherine Tokar and John Beisel grew up within blocks of each other. They met in school and dated for a while. They drifted apart and about nine months ago met again. The spark must have still been there as they started dating again. On April 8th John asked Cathy to go into Manhattan with him to have dinner. When they arrived in New York John grabbed a duffel bag from his car and told Cathy that there was a blanket and sweat-shirts inside. They went on the horse and carriage ride through Central Park. He pulled out a tape recorder and played their song, **You Are**, by **Lionel Richie**. He brought out a bottle of champagne. (All the while she said, "I was afraid to look down to see if he had a ring in his hand—hoping he did—and afraid that he didn't.") He then asked her to marry him. She blurted out, "Of course, I will!" They then set the date for August, 1990.

Hicksville Students Explore New Worlds at Conference

Mask making, archeology and logic were just three of the subjects offered to 15 Hicksville students who attended the recent Nassau BOCES "Conference for Kids."

Designed to stimulate the minds and imaginations of gifted and talented fourth and fifth graders, the annual conference lets youngsters choose morning and afternoon workshops in a variety of areas not usually covered in elementary school classrooms. All the sessions feature lively, hands-on activities. This year's program included "In a Soviet Classroom," "Oriental Art and Calligraphy,"

"Spin a Tall Tale," and an examination of the concept of culture—"What Makes You Think American?"

More than 450 school children from 19 Nassau County school districts participated in the conference, which was held April 6 at the Brookside School in Merrick. The Hicksville students were from Dutch Lane Elementary School.

A part of the public school system, Nassau BOCES provides specialized services and programs to students, teachers and administrators in the county's 56 local school districts.

Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the *Anton Community Newspapers*. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only. We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

Support Tom McGovern

To The Editor:
On May 10, the residents of Hicksville will once again have the opportunity to choose trustees to the Hicksville Board of Education. I urge the taxpayers to support Tom McGovern.

I first met Tom about three years ago when our neighborhood was trying to re-activate our civic association. Tom impressed me as a level-headed, sensible leader who is not afraid to speak his mind and has worked diligently to improve the quality of our neighborhood. Tom was elected president of the Giese Park Civic Association in June 1986 and he has spent countless hours in making our community a better place to live. As a member of the Hicksville Community Council, Tom's concern has always been that of our children and he is also well aware of the concerns of the senior citizens living in our town.

Last year, as a member of the district reorganization committee, Tom took an active part in the study which was put before the group. Tom also has a vested interest in the operation of our school district—his three children who attend Lee Avenue School. He is also concerned that the quality of our children's education will suffer unless the budget is passed.

In closing, I urge the residents of Hicksville to vote for Tom McGovern, a candidate for all the people, on May 10, from 10 a.m. to 10 p.m. at your local polling place, and vote **Yes** for the budget.

Support James Martillo

To The Editor:
As a staunch supporter for James Martillo, Row 1B, I take offense at Mr. Bennett's letter last week, of his endorsement of Mr. McGovern. Is Mr. Martillo any less respected than his opponent, any less a leader, or dedicated husband and father? Definitely not! Jim Martillo is a fine, fair and honest man, who would work for all the people of Hicksville, not just the chosen few. I find it odd that board members can hand-pick who they want to serve on the board. PTA can't openly support a candidate, so why can a board member?

I just want to say that Jim Martillo, Row 1B, is a decent, upstanding resident, a devoted husband, a good father and a hard working individual. I honestly feel that this man would make an excellent schoolboard member. He will represent all of the Hicksville residents and no one has hand-picked him, so maybe things won't stay the same on the school board year after year.

Rosemarie Jabour

Endorsement

To The Editor:
This letter is an endorsement for my grandson, James Martillo. He is seeking Mr. Arena's seat on the Hicksville School Board.

I have been a resident for over 50 years. In those years my husband and I were active members in the fire department and in the women's auxiliary. My husband served for many years as water commissioner. Jim always looked to his grandfather and mimicked him when he was a small boy. Now, it's Jim's turn to serve this community as a trustee for the school board. If Bill Cisler were here, he would be 150 percent for Jim. I'm proud of Jim. I know he is more than capable of handling any job. His objective is: Let's educate our young without hurting the taxpayers.

Please vote row 1B James Martillo on May 10. He will make a difference here.

Mary Cisler

Supporting Collins, Martillo

To The Editor:

This has been a very quiet year for Hicksville School Board Candidates. The fury and frenzy of ads are missing. The notices of who is running and why has only appeared in this column. Perhaps it is because everyone is focused on our problems with asbestos and the budget, or perhaps there are other reasons for the apathy.

I know all but one of the candidates running for office. I have had the opportunity of observing all of them from the time they had exhibited any interest in running for the school board.

My family and I will be supporting James Martillo and William Collins. We will be supporting Mr. Martillo because he kept a promise, and deserves our votes. When he ran for the Board last year he ran a good race. However, his limited knowledge of Hicksville's educational system was obvious. After the votes were counted we chatted. I congratulated him on his efforts and strong showing. He said, "Wait till next year. It's not over for me. I still care. I have three children going through our schools. Be prepared to see me at every, and any, educational event that is happening in Hicksville. I'm ready to listen and learn." I must tell you I have heard this from many candidates who ran the good race, but this is the first time I have seen it happen. Mr. Martillo was at Board meets, Board committee meetings, school events, even the PTA council meetings. He didn't say anything profound...he was just a presence. As he had said he was only there to listen and learn. In speaking with him recently I knew he had done what he promised. In times like these it is important to have someone on the school board that can deliver a promise.

Editorial Take Time to Vote

The *Hicksville Illustrated News* urges residents to vote "yes" on May 10 for the proposed \$46.7 million Hicksville School District budget.

Voting requires only a few minutes. In those few minutes, you can ensure that your children and your neighbors' children will continue to reap the educational benefits.

If you spend those few minutes doing something else, something you may think is more important than voting, you run the risk of lessening those benefits. Remember, when voting a budget down, you also vote down extra-curricular activities and transportation.

If you are considering voting "no" on the school budget because you are tired of tax increases or you have no children in the district or you think the same things can be done next year for the same amount of money as this year, consider the alternatives: Budgets pay for buildings, salaries, programs, materials, equipment, etc. Without those things, there are no schools. Without some of those things, the overall product will suffer.

Also, we need people representing the community to make decisions on what equipment to buy to benefit our children. Two new board members will be elected and it is important to note that when a candidate is elected to the school board you are authorizing him or her to take action for the entire community. Board members play a key role in the education of your children. Be sure to vote on May 10.

—RMI.

Vote for Collins, Martillo

To The Editor:

Two years ago the voters of Hicksville elected me school board trustee. During my term I have met with many in the community and listened to your concerns.

As chair of the Facilities Committee I oversaw the installation of the flag poles and lights at the Middle School Veterans Memorials to our fighting heroes.

Now I am asking my supporters to vote for Jim Martillo and Bill Collins in the upcoming school board elections.

Jim Martillo has regularly attended school board meetings for over two years and has been an active participant in the Facilities Committee. He and his wife have three children in the Hicksville Public School system and are active in the P.T.A. The Martillo family has a fifty year history in Hicksville. He is interested and concerned about the quality of education in Hicksville. He can bring much to the school board as a trustee.

Bill Collins and his wife have put five children through the Hicksville Public School system and have been district residents for thirty-six years. He has attended school board meetings for over three years as well as being an active contributor at the Facilities and Finance Committee meetings. He is well known by the administration and would bring a background of knowledge and concern to the school board. Bill is retired and lives on a pension but knows full well that a strong school system means good property values. He will work to keep spending in check.

Now more than ever before we need two new school board members who will work to ensure quality education, maintenance of property values and a controlled budget responsive to the needs of all residents.

I urge you to vote: 1B-Jim Martillo, 3A-Bill Collins.

Leave Truck As Is

To The Editor:

Why, after 25 years, is it necessary to relocate Hook & Ladder Company #6 from Station No. 308 Strong Street to Station No. 4 on Levittown Parkway? Certainly the need for a hook and ladder company at Strong Street has not diminished. To the contrary, the many commercial buildings in this area, including those at the Broadway Mall, the Manufacturers Hanover building, the Long Island Railroad Station, and the factories off West John Street absolutely require the services of Company #6. Conversely, the neighborhood around Levittown Parkway is almost entirely residential, consisting of private homes that are not tall enough to benefit from the presence of a hook and ladder vehicle.

Despite Fire Commissioner Al Bianculli's assurances that the northwest area would have adequate protection via the services of

(continued on page 14)

William Collins also ran for the school board last year. He too was defeated for much the same reasons as Mr. Martillo. Mr. Collins however, will be getting our support for a different reason. He is a dogged fighter for what he believes in. He is a senior citizen who was neither ashamed nor embarrassed to pull out his social security slip and announce what he earned last year, when the superintendent couldn't remember how much her salary was at the public budget session. He knows the score and is willing to talk about it. I believe that he represents the majority of our citizenry who want quality education for our kids. He knows and talks proudly of what the schools did for his five children. However, he is eager to look for ways to reduce the budget while still offering our children a fine education. We need to hear from this, the largest segment of our community, and they deserve representation by a person who wants what is best for all of us.

Please vote on May 10, and bring a friend with you.

Arlene Rudin

Support Tom McGovern

To The Editor:

I have been closely associated with Thomas McGovern for many years and am convinced that the education of Hicksville's children will benefit by his service on the board of education.

As a community leader, he saw a need and united his neighbors in the formation of the Giese Park Civic Association. Realizing the necessity for communication and the exchange of ideas between the civic associations of Hicksville, Tom and I established the Coalition of Civics. His knowledge and experience in community affairs were further expanded by his service on the executive board and membership in the Hicksville Community Council.

His career with the New York City Police Department includes a six year tenure with the Police Commissioner's Office of Program and Policies as a staff analyst. Service in the development and monitoring of the Mayor's Management Plan added to his expertise of personnel, program and policy implementation. During this period his duties also included the projection of manpower and funds for inclusion in the department's budget.

As a family man, he is a devoted and concerned husband and father whose regard for the education of his three children was the primary reason for his candidacy.

Tom has recently served on the School Reorganization Ad-Hoc Committee and is presently a member of the Hicksville Park District Task Force.

His qualifications speak for themselves. He is a man of the highest principles who gets the job done. I am secure in the knowledge that he will serve the board of education to his fullest capacity and will serve well. Join me in voting for Thomas McGovern on May 10.

A Letter from Lulabelle...

...When you were a little kid and your Mother insisted that it was your bedtime, did you cry, "Oh, please, Mother, just one more chapter!"...And, if she insisted that you go to bed, did you undress, put out the light and read under the covers by flashlight?...Do you remember how important it was to get to the end of the chapter about Nan and Bert, Freddie and Flossie—the Bobbsey twins in case you're too young to remember—and there were so many Bobbsey Twin books, as well as others that came in huge sets...and since most of them were published by Doubleday and since nearly everyone had a relative who worked there and since Doubleday let employees buy books for very little, almost everyone had these sets...One was referred to by aficionados as "the ECKS Library"...It was a set of books, not novels, about so many fascinating subjects—science, geography, history, biography and so many more and we were absolutely enchanted by them...and there was another set about many exotic countries all around the world, novels this time, and each had a central character and, in telling about his life, it taught us all about the customs of that country...Strangely, the only title I can remember is *Pran of Albania* and I remember most about that book the subservience of the females and the feuding that could arise from small, almost imagined insults...I wonder what happened to those books—so out of date and out of step now...But that early devotion to reading continues and those of us who love to read are puzzled by those who say, "I never have time to read" because a reader will always find time...I, for example, always read while getting gas and while stirring the chocolate pudding!

The Investor's Corner

By Dr. Joseph P. Frey

A RATIO TO REMEMBER

The stock market continues to rise on the bad news that the economy seems to be slowing down. Strange isn't it? The worse things

Dr. Joseph P. Frey

get for the economy the more the market rises. There are old adages "do not fight the tape" and "go with the flow." We should heed them in our investment programs. The problem arises when we invest, when we "flow go," where do we find the stocks to buy? On top of that, there is always the risk that we are wrong and our stock can go against us. Well, we cannot take out all the risk, but we can find stocks that have very limited downside potential and a lot of upside potential.

One method to find them is to use a ratio

— a simple formula that gives us a number that tells us rapidly. This magic formula is called the PRICE SALES RATIO. The information to crank into the ratio is available in the VALUE LINE investment publication available in most libraries. The formula is as follows:

PSR = price of the stock x # of shares outstanding divided by 12 months sales

What do you need? The current stock price is available in almost any newspaper. The number of shares outstanding is available under that name in VALUE LINE and a lot of other places. So are the sales of the company for the last 12 months. All of this is available, as I said, in any library. If it is not in your local library, go to a nearby college library. You will be welcomed by them. Our librarians at C.W. Post like the public to use our wonderful library.

Ok, so you have generated a number, what do you do with it? What does it tell you? We can determine how popular a stock is. The more popular ANY stock is, the greater the chance that the stock will UNDERPERFORM the market. Why? Because the market's expectations are already too high and there is little likelihood that they can be reached. This means that any stock with a high number relative to the market has a much greater chance of falling in price than increasing. The opposite can be said of a company with a low number.

THE MYSTERY OF ZOG

EVEN THE RUINS ARE GONE, AND FEW REMEMBER OR EVER KNEW THAT IN THE MIDDLE OF MUTTONTOWN—JUST OFF ICG—KING ZOG I ONCE PLANNED TO ESTABLISH A KINGDOM IN EXILE! FROM 1928 TO 1939, AHMED BEY ZOGU—AS ZOG I—WAS KING OF ALBANIA (JUST NORTH OF GREECE). THOUGH HE WAS A HARDY MOUNTAIN FIGHTER AND SURVIVED AN ASSASSINATION ATTEMPT AT THE VIENNA OPERA HOUSE (HE SHOT BACK!), ZOG WAS FORCED TO FLEE TO ENGLAND WHEN MUSSOLINI INVADED. AFTER WWII, THE COMMUNISTS TOOK OVER, AND ZOG MOVED TO EGYPT TO PLAN A RETURN HOME.

IN 1951, HOWEVER, ZOG CAME TO LONG ISLAND AND BOUGHT THE 267 ACRE KNOWWOOD ESTATE—PAYING FOR IT WITH A BUCKET OF JEWELS! ZOG NEVER MOVED IN THOUGH, AND NEITHER DID ANY OF HIS SUBJECTS (WHO WERE SUPPOSED TO WORK THE LAND). ONLY ONE MEMBER OF THE ROYAL GUARD STAYED THERE—DISAPPEARING IN 1959.

WERE YOU GO?

THANKS, BUT NO.

Assume, for example, that we have two sound companies in the same or different industries with about the same good earnings. Company A has a PSR of 145% of the market PSR, Company B has a PSR of 55%. There is a much greater chance for A to fall in price, than B. There is a much greater chance for B to rise in price than A. If the market rises, B should rise much faster than A. If the market falls, A will fall much faster because B has little downside risk.

This ratio highlights companies to be avoided. There are other benefits. It identifies good, but unpopular, stocks whose merits will be discovered. It identifies good, but popular, stocks that are in demand, too much in demand, and which should do worse than the market. It enables the investor to diversify, because these stocks are unlikely to be concentrated in any one industry. And finally, it helps the investor to discover worthy corporations with real potential rather than modest potential. Using this simple ratio may help you to pick a real "story stock", the kind we all want.

Unfortunately, you must do your homework to find them. Yet, we all know that there is no free lunch; it is hard without advance knowledge to get rich easily. GOOD HUNTING.

ROBERT R. McMILLAN'S

Direct Line

Even with our beaches, golf courses, parks and many other positives about Long Island as a place to live, young people have serious questions about remaining here. That fact is supported by a recent survey of students at Long Island's Briarcliffe College for Business. The student responses show that fifty-seven percent either will not live here or are undecided about living on Long Island. The basic reason cited for leaving the Island was the lack of affordable housing. Even those students desiring to stay on Long Island, indicated a concern for the lack of affordable housing.

Other parts of the country are very appealing to these young people. Florida and California were at the top of the list. Whether reasonably priced housing for young people can be found in these "Shangri-las" is still another question. It is too bad we have not been able to do more at home. With over 100,000 "illegal two-family homes" and local government restrictions on the construction of affordable housing, more and more young people and seniors will leave the Island.

Some local governments are trying to help. The towns of Oyster Bay, Islip and Babylon have programs for affordable housing. Nassau County Executive Gullotta has indicated support. The problem is that when you add up the efforts of local governments, the private sector and not-for-profits, we still fall very far short. Even with a decline in the prices of houses on Long Island, housing will still not be available for our police, teachers, clerks, construction and factory workers. There are also very few rental units

available. Most of us started our families in a rental unit. Yet, there is great reluctance to allow such housing to be built.

The inability to come to grips with affordable housing is costly to our economy. In the last two years, some eighty companies have quietly moved approximately 15,000 jobs off of Long Island. The most frequently stated reasons for moving were high real estate taxes and the lack of affordable housing. That reduction of jobs and the anticipated future reductions are the underlying reasons for the slight decline in the price of your home and mine. Any reduction in demand lowers the price.

The Long Island Housing Partnership, a coalition of business, banking, labor, and the Church has completed the construction of its first phase of affordable homes in Islip. This program has been a joint venture brought about by Patrick Halpin, the County Executive of Suffolk; Frank Jones, Supervisor of Islip; the Partnership; and the State of New York. Single family homes are being sold for around sixty thousand dollars. But, this effort will only help around one hundred families. The rest will have to wait. By the way, the Partnership housing is available for families earning up to \$48,500 a year.

We cannot look the other way about the concerns of the Briarcliffe students and Long Island's other young people. They are our children and grandchildren. What will do more damage to Long Island's landscape and lifestyle is a failure to come to grips with zoning changes to permit affordable housing. Resistance will only mean more "illegal two family" homes and strained services. I hope we can deal with the economic and moral dimensions of this issue before it is too late for our young people, seniors and the economic viability of Long Island. a hook and ladder truck from the main fire headquarters on East Marie Street, neither the residents in the area nor the Hicksville Fire Department Chiefs are convinced that this is true. Additionally, an in-depth survey of the response times of all department members to an alarm at the Levittown Parkway station was made by the Chiefs. Based on the location of member residences, the study clearly indicated that "the current decision [to relocate Company #6 to Station No. 4] would not benefit the community or Department..." In short, the response time to an alarm would be sufficiently lengthened as to create a greater hazard for both the residents of the area and the firefighters.

Moving Company #6 does not lead to the best service for residents in the area of the Levittown Parkway Station. The town Fire Commissioners have totally disregarded the implications of this survey.

The most likely reason why the Hicksville Board of Fire Commissioners plans to move Company #6 seems to be that when the new Levittown Parkway Station was planned, no provision was made to furnish the facility with appropriate firefighting equipment. This was quite an oversight on somebody's part because that big, beautiful, new fire station really ought to have an engine company and, perhaps, an emergency response unit in it... but not Hook & Ladder Company #6

which is much more appropriate right where it is!

Other reasons for the Commissioners' position are also possible; some of them sinister. One cannot help, for example, but to speculate on whether or not the removal of Company #6 is just the first step in a long-range plan to totally eliminate the Strong Street Station. The word is that certain commercial interests have already made offers for the property on which the station stands. Such an action, if it ever came to pass, would be a terrible blow to the safety of the lives and property of every person living and working in the northwest area.

Hicksville is a growing community; the need for the Levittown Parkway Fire Station is a testimonial to this fact. Now is not a time to reduce essential services to any part of the town, but rather to seek ways to enhance them so that adequate service is provided for all. The Hicksville Fire Commissioners should reconsider their decision to move Hook & Ladder Company #6 and explore better ways of furnishing firefighting equipment for the Levittown Parkway Station.

Our Visit to Greenkill

By Rachel Weintraub
Fifth Grade Willet Avenue Student

Mr. N. Monfredo, Mrs. S. Salat and Mrs. B. Herzlinger, our nurse, accompanied Willet Avenue's fifth graders to Greenkill in the Catskill Mountains on April 17. We spent three glorious days and two nights there.

Monday afternoon, after lunch, we split up into three groups to take on "Project Adventure." The lesson we learned stood out boldly and that was teamwork! After that we went canoeing. That night we had a guest speaker talking about the Hudson River.

On Tuesday morning we took a 2½ hour hike through the forest. That was when we learned how to survive in the woods. After hiking back and taking a short rest we had

lunch. Later we went on a five mile hike, up hill and down hill. During the trip we went on an exciting Rope Bridge.

On Wednesday, after breakfast, we discussed the Web of Life. It showed that without one person performing his occupation or an animal not performing his, the cycle gets "stuck."

The three meals a day were prepared with something from each food group. The meals were served family style and you could have as much as you wanted and they were all delicious.

Our sleeping quarters consisted of one house. One side of the house had four rooms for girls and the other had four rooms for boys. We slept in bunk beds. In between the girls' and boys' side there was a lounge and a fireplace.

The trip from Willet Avenue School to Greenkill took about 2½ hours by bus.

Anouk Wasielewski had a marvelous participation on the "Zone E Spelling Bee" by winning first place. She stayed up for 32 rounds of spelling words.

Anouk will represent the "Zone E Spellers" on April 28 at St. Martin of Tours in Bethpage.

CONGRATULATIONS TO Anouk Wasielewski who captured first place in Our Lady of Mercy's Zone E Spelling Bee. She represented OLM at the Diocesan Bee on April 28. Kurt Walker congratulates Anouk with Sr. Joanne and Sr. Joan.

In its first full year, Hicksville's Academic Enrichment Program has enjoyed countless successes. Qualified students in grades 4-6 from the eight public elementary schools as well as St. Ignatius and Holy Family attend the program on several one week cycles throughout the school year.

The format of the program is a magnet school approach attracting these students to one school (Dutch Lane School is used for this purpose). The model program is based on an intensive study of a particular subject allowing for students to advance and use a higher level of critical thinking skills.

Enrichment Directors Adele Niceforo and Ann Gladstone have been overly pleased with the success of the program. Working with highly motivated students, both teachers overplan the curriculum so that there will be no idle time. "The children don't get a chance to be bored," explained Mrs. Niceforo.

"The philosophy is that these students can return to their regular classes after the one week and pick up where they left off," she added.

The program features an interdisciplinary approach to learning. Topics are chosen that are above and beyond regular classroom ac-

tivities. Students this year have participated in in-depth studies of Inventions; Advertising; Mastering the Art of Persuasion; Genetics; Economics; Playing the Stock Market Game (through *Newsday*); and Drama and Communication; Reflecting the Human Experience (which includes the history of theatre from different cultures).

"This program is a unique new approach to learning," said Mrs. Niceforo. "The children really get a chance to be involved. They also have the opportunity to meet other students on their level from which new friendships evolve."

Legionnaires' Log

By Greg Bennett
Charles Wagner Post #421, Hicksville

Charles A. Wagner American Legion Post held its annual Awards and Ceremonies Night on April 21. The evening featured the solemn Post Everlasting ceremony where Legionnaires honor our comrades who passed away during the recent year. Law and Order Awards were given out to deserving Hicksville volunteer firefighters and Nassau County police officers from the Second and Eighth Precincts. Continuous Membership Awards were also given out. The evening featured music and a buffet. We'll have more information about this wonderful event in an upcoming issue.

The 3rd Divison Caucus at the Bethpage Archie McCord Post was held April 21. We thank Hicksville Legionnaires who took time out from Awards and Ceremonies Night to attend the caucus.

On April 29, Greg Bennett attended an "Hour of Silence" at the Vietnam Memorial in Washington, D.C. to bring national attention to our POW/MIA. For the one hour, 250 Americans, mostly veterans, stood at parade rest with colors and POW flags blowing in the breeze within site of our nation's most visited memorial. Veterans wearing combat ribbons, jump wings and aviators' wings remained in

silence in tribute to their comrades who are POW/MIA.

On April 28, PC Artie Rutz, PCC Dick Hochbrueckner and PC Ray Gamble attended the monthly Nassau County American Legion meeting at Williston Post 124. Members of our post will be attending the Blue and Gold Dance run by Nassau County American Legion Children and Youth Chairman Willibe Wilson on Saturday, May 6, at the Glen Cove Boys' and Girls' Club. The evening helps raise funds for Variety Pre-schooler Workshop. On May 7 at 2p.m., Nassau County American Legion will be marching in a Loyalty Day Parade in Massapequa. On May 21, Legionnaires will be assisting the Special Olympic athletes during their spring track meet at Clarke High School in Westbury at 9a.m. This is a very special event as we assist these very special youngsters who display determination and the will to win.

Our next post meeting is Monday, May 15. Hicksville veterans are encouraged to join Charles A. Wagner American Legion Post 421. Eligible veterans should call 796-9485. Remember veterans "were together" when our nation called and should be "together now" for our common good.

On Saturday, May 20 Armed Forces Day will be celebrated at the Intrepid Air and Space Museum in New York City. The day will feature a USO Show and former POW's will be honored by receiving a POW medal.

Until then, remember our POW-MIA's by supporting the Missing Persons Act which is cosponsored by Congressman Norman F. Lent.

CALCULATING YOUR TAX

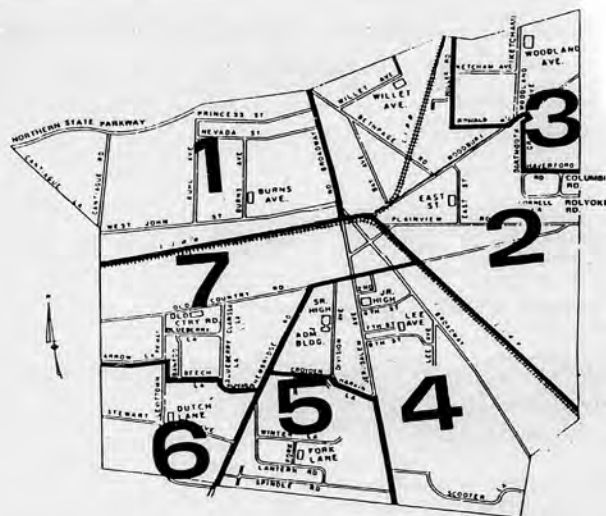

In order to support the proposed 1989-90 school budget, the district must raise revenue through a property tax levy in the amount of \$34,967,069. This is the cost to Hicksville residents after state aid and other local revenue sources such as interest, tuition, compensation, and charges for services have been deducted. This represents an estimated tax of \$28.65 per \$100 assessed valuation, or an increase of \$1.90 over last year's tax rate.

School taxes are raised against the Assessed Value of each home, not the "sales value." The Assessed Value is shown on your tax bill each year. An average assessment for a home in Hicksville is \$5,435, although the market value may be \$175,000 - \$200,000.

Assessed Valuation	1988-89 Tax Rate \$26.75	1989-90 Tax Rate \$28.65	Monthly Increase
\$4,000	\$1,070.00	\$1,146.00	\$6.33

IMPACT OF A CONTINGENCY BUDGET

Should the voters fail to pass a school budget on May 10th, the district will be required to operate under an austerity budget next year. In that case, the only expenses allowed are to provide direct instruction for students, to discharge legal obligations, to conform to existing state and federal statutes or to preserve property and assure the health and safety of students and staff.

Expenditures which cannot be made under an austerity budget are: new equipment (except science and technology), transportation below the two and three mile state limits, field trips, student classroom supplies (which must be purchased by each student), new library books, most youth recreational activities, funding for the Gregory Museum, interscholastic athletics, senior citizen field trips, and all capital projects other than those dealing with health and safety.

Preliminary estimates indicate that removing unallowed expenditures from the budget will amount to a reduction of about \$1,674,457 which results in a total austerity budget of \$45,105,862. This means a projected tax rate increase of \$0.52 over the previous year for an austerity budget.

Over the past three years Hicksville's tax rate has dropped from 38th place out of 53 Nassau County School Districts to 44th place in 1988-89. Forty-three school districts have higher rates with the highest paying \$39.05 per \$100 in assessed value, while Hicksville's is \$26.75. In addition, Hicksville compares favorably to Nassau County's average rate of \$30.95.

We are proud to be able to offer a quality program to Hicksville's youth at a reasonable cost to the community.

For the Prom of Your Life... For the Rest of Your Life

Anton Community Newspapers—MADD—SADD—our readers and advertisers...

Together, we can make a difference. DWI is the leading cause of death among 16-24 year olds...our children. We're donating 10% of all advertising revenues in this very special Prom supplement to L.I. Mothers Against Drunk Driving - MADD and Students Against Driving Drunk. Your support of these advertisers will complete our circle of commitment against drinking and driving. Wear a button that says you're MADD, sign a SADD Contract for Life, put a bumper sticker on your car, celebrate the best time of our children's lives with us, for them.

"If we dream it, it can be done."

Students Against Driving Drunk (SADD) was established in 1981 to improve young people's knowledge and attitudes about alcohol and drugs to help save their lives and the lives of others. The program has three major components:

First, it provides a series of lesson plans to present the facts about drinking and driving, permitting high school students to make informed decisions.

Second, it mobilizes students to help one another through peer pressure to face up to the potential dangers of mixing driving with alcohol and drugs.

And third, it promotes a frank dialogue between teenagers and their parents through the SADD "Contract." Under this agreement, both students and their parents pledge to contact each

other should they ever find themselves in a potential DWI situation.

SADD was founded by Robert Anastas at Wayland, Massachusetts in 1981. Since 1981, Mr. Anastas has visited virtually every state in the union as well as several foreign countries. He brought the SADD message to millions of students, parents and community leaders, helping them to achieve a significant reduction in DWI incidents.

There are now 4,000 SADD chapters. In Nassau, there are 76 high school chapters, 11 JR. high school and 7 college chapters. Since 1981, DWI fatalities in 15-19 year olds have decreased by 2/3...the largest decrease among all age groups! You can make a difference!

ALCOHOL, YOU, AND DRIVING

The amount of intoxicating alcohol in a 12 oz. can of beer, or in a 5 oz. goblet of wine, is equal to that (1½ oz.) found in a shot glass of 80-proof whiskey. One serving of any of these drinks can raise your blood alcohol content (BAC) to .02% by volume. Two of any of these drinks will give you a BAC of .04% legal "impairment". Five servings will produce a BAC of .10%. At a BAC of .50%, a coma develops. At a BAC of .60%, death can result.

ARRIVE ALIVE ...DON'T DRINK AND DRIVE

If you plan to go out and drink with friends, take turns. One of you should stay sober and not drink at all if you are the driver.

If you are an individual that dispenses alcoholic beverages, please use extra discretion when serving your guests or patrons. Please don't serve someone that appears intoxicated.

If you are only an occasional drinker, it will take less alcohol to get you impaired than it would an experienced drinker. Please don't be one of the 1,890 people expected to die, or one of the 46,980 people critically injured over the next few weeks.

Don't let someone drive drunk!! Friends should help friends. Above all, don't get into a car with a drunk driver. You're being sober in the passenger seat will not prevent a tragedy. In fact, you could very well become the tragedy yourself.

If you see a person that you believe is a drunk driver, try to call the police. Give the operator the color and make of car, license number, and possible direction of travel. Your caring might just save the life of an innocent person.

Wear your seat belts!! We can't stress this enough. Most crashes with drunks are head-on. A seat belt can save your life and also prevent serious injury. Small children, by law, must be in an approved car seat. Older children should also be strapped in.

Contrary to popular belief, neither coffee, fresh air, or cold showers will sober you up. The only thing that works is time. The average body only burns up 1 drink per hour once you've stopped drinking.

Remember that drunk drivers are on the roads 24 hours every day. Not just on a Friday or Saturday night.

"The Best Of Life Is Yet To Be... You Can Make A Difference..."

A message to the teens and parents of Long Island:

"If you believe, as kids, that you are powerful, you can eliminate the killer facing you—any obstacle facing you. If you believe you are powerful, that you can make a difference, then commit yourself to SADD. The SADD contract for life is a way for us to say, out loud, to each other: 'I care, I will help you, because our love for each other is strong enough to overcome any obstacle that makes you challenge death...'"

By D.F. Karppli

It is good to see people share their success with others. To celebrate their 60th year in business, Hempstead Lincoln Mercury is making a major donation to Ronald MacDonald House of Long Island.

"When you're a success at 60, it's time to give something back," said Marc Soukup, of Hempstead Lincoln Mercury. Adding to the celebration is that this is the 50th year for the Mercury automobile.

Mr. Soukup said, "We appreciate the support of the Long Island community that has made us the number one Lincoln Mercury dealer in New York State and I can't think of a better way to acknowledge that appreciation."

The contribution will come from a donation of fifty dollars and sixty cents from the sale of every automobile, new or used, that is purchased at Hempstead Lincoln Mercury over the next three months.

Ronald MacDonald House is the home-away-from-home that serves families whose

critically ill children are in treatment in all area hospitals. It is located in New Hyde Park.

The ultimate size of the contribution by Hempstead Lincoln Mercury will be determined by the total number of cars sold during the three month spring period.

Mr. Soukup believes the donation will be in the range of \$30,000 or more.

DRIVING DRUNK KILLS

It kills friendships. It breaks up families. It destroys happiness. Get behind the wheel after you've had too much to drink and you not only endanger your own life, you jeopardize the lives of innocent people besides.

If you drink, don't drive.

The bidding:

Pass	3 ♥	Pass	3 NT

Opening lead — Jack of diamonds.

This deal occurred in the World Olympiad pair championship. Declarer got to three notrump and West led the jack of diamonds, which held. West continued with a diamond to the ace, and East returned the queen to declarer's king.

South's prospects were far from bright at this point, but he combined good luck with good judgment and came out smelling like a rose.

He led the ten of hearts at trick

four, covered by West with the queen and won in dummy with the ace. Then he played the queen of clubs, planning to finesse if East followed low.

Had East played the deuce, South would easily have made the contract by continuing with a low club from dummy. But East covered the queen with the king, won by declarer with the ace.

Now South continued with the five of clubs and finessed the eight! This paid off very pleasantly when East followed low, and declarer eventually finished with nine tricks.

The deep club finesse was absolutely essential to making the contract. Without it South would surely have failed.

Finessing the eight of clubs may seem more an act of inspiration than logic, but actually declarer had solid grounds for this play. He reasoned, first of all, that East was bound to have the singleton or doubleton king, for with K-x-x he would surely not have covered the queen.

He further reasoned that, with two other small clubs still missing when the finesse was taken, it was unlikely that East had started with specifically the K-9 doubleton. Therefore, the finesse of the eight was the percentage play.

Hicksville Pioneers Overpower Auburndale, 6-2

By Jay Schwartz

The 1977 Pioneers, stars in the Hicksville American Soccer Club, battered the Auburndale Panthers with six goals on Saturday. The game was played on a cold, overcast day, but the smiles were brightly shining at its conclusion.

The first goal was scored minutes into the game, as Jonathan Schwartz ran to intercept a loose ball. He kicked it back to Robert Isley, who popped a sailing pass up to Ricky Ladimir on left wing. Ladimir dribbled and put a soft rolling ball in to the net, just out of reach of the goalkeeper. The pressure was intense as Hicksville placed several shots on their opponent's goal.

Greg Latini made it 2-0, when he volleyed in a strong shot moments later. After a Schwartz throw-in, the goalie cleared the ball to the right. Latini was there and the keeper had no chance to bat it down. Joseph Matz had a pass and took a shot but volleyed it wide. Philip Caputo struck a long shot which crossed the net and went wide of the mark. Tommy Coffey passed up to Dave Nelsen who dribbled and shot one, but the goalkeeper

tapped it away. Joseph Florio touched a nice ball to Coffey, but his shot was high and wide.

The second half started with a Pioneer goal as Joey Croce passed to Ladimir who crossed the ball up to Tommy Coffey. Coffey touched it right in as the ball came to him. Ricky Ladimir had a give and go with Danny Wolcho, who dribbled, faked and kicked one in. Sean Flanagan worked with Wolcho and crossed one up for Wolcho to tap in.

The Panthers went on the attack and charged in. The defense could not clear the ball. Jonathan Schwartz, now keeper, dove with outstretched hands but the ball rolled into the left lower corner. The Panthers came back with another as a shot was taken over the head of replacement keeper, Latini. The scoring was over as Philip Caputo kicked a pretty shot into the upper corner from across the box.

Kudos to Timmy Dalton, Peter Titone and Richard Werchenski for fine play on the field. The final score was 6-2, a nice victory for the Pioneers. Congratulations to Westbury Federal Savings and Loan, team sponsors of this Long Island Junior Division II team.

Warriors Beat Rockville Centre in 2-1 Soccer Squeaker

By A. Bliker

The Hicksville Warriors 1974 travelling soccer team defeated the Rockville Centre Rebels 2-1 at the latter's windswept 'sandbowl' on April 23, to bring their LI Junior Soccer League record to two wins, one loss, via two big goals off the right foot of striker Chris Doyle and the steady goaltending of Joe Flanagan.

The Warriors thoroughly controlled the first half and had numerous opportunities to score, but the ball just would not go in, with the exception of a Doyle shot at the 19 minute mark, off a Terry Aylward lead. Rockville Centre poured on the offensive pressure to start the second half, finally tying the game at the 55 minute mark. They had a number of other opportunities but Flanagan, and the Warrior defense, beat them at every turn. At the 60 minute mark the tide turned as Hicksville poured on constant offensive pressure until the game's end. At the 66 minute mark, a cross caught Kareem Holman in the face and bounced off to Doyle, who put in a line drive from 18 yards out, which turned out to be the game winner.

Flanagan exhibited fine ball control and handled the constant wind and flying dirt with no problem. Chuck Oliver and Kristian

Friedrich, at right and left fullback, broke up many Rebel plays and also exhibited fine ball carrying ability on charges into the offensive zone. Brian Harkins, at sweeper, had his usual effective game including some well placed, long clearing shots. Matt Pordum, at stopper, was a human dynamo, both on the offensive and defensive end. Eric Bliker, at left half, thoroughly controlled his side of the field and chipped in with some excellent corner kicks. Jason Kingsley at left center half, played effective, two-way soccer. Dom Perillo, at right center half, had an exceptional game and bounced back well from two bad hits. Terry Aylward and Kareem Holman alternated at right inside half with strong results, including a sensational header by Holman off a Bliker corner kick, which narrowly missed. Mike Heyer and Junior Tomlinson, at right outside half, led some great offensive charges, putting their speed to work with fine results. Doyle, at lonely striker, had numerous scoring opportunities and demonstrated hustle and determination throughout the game.

Congratulations to the Warriors, who have now won four out of six games played, as well as to Coach Pat McHugh and Assistant Pat Harkins, Jr. for an exciting game.
