## Music Department Hits A High Note in Disney

By Jim McCrann  
High School Writer

Hicksville High School musicians last month struck a high note in their careers on the streets of Orlando, Fla., where the group performed in a series of special concerts including a parade stint on Disney World's main drag.

After a year of planning and months of hard work, 186 music students, together with 10 chaperones, embarked on a journey of great magnitude, the likes of which Hicksville High School has never seen.

The music department encountered some trouble at first as the bankruptcy of Eastern Airlines, on which the students were originally booked, almost prevented the music department from flying down to Florida.

"At one point," said band director, James McRoy, "it looked like [the trip] might be cancelled. But, luckily, everything came together."

Mr. McRoy credited Perkins Travel Agency with salvaging the trip.

According to Jack Perkins of the agency, never before had he faced the problem of having such a large group booked on an airline that went bankrupt. In order to remedy the situation, Perkins Travel absorbed the more than \$11,000 that was lost to Eastern Airlines and rebooked the group on two Continental Airline flights and one TWA flight.

"We made a commitment and we try to follow through on our commitments," said Mr. Perkins.

Most of the students, though initially concerned about the demise of Eastern Airlines, were confident that the problem would be resolved. Orchestra director, Tom Buttice, who will retire after this year, did not worry at all.

"I knew we were going to go. I hoped that we weren't going to walk, but I knew we were going to go," he said.

And on Thursday, May 25, the students began their journey.

The first thing the students noticed after exiting Orlando's International Airport was the sweltering temperatures which reached the mid 90s. So the music department's first few moments in Florida were spent in search of air-conditioning.

After a quick swim at Orange Lake Country Club where they lodged for the four days, the students prepared for a concert at the Mercado Shopping Village.

The concert at Mercado included all performing concert groups. The music that they performed was from both their Pops and Spring concerts. Most students had little problem putting on such a long concert after the long trip and little sleep as many of the

## School Board Reduces Proposed Budget by \$93,600

The Hicksville school budget to be submitted to voters on June 27 was cut by \$93,600 at a special meeting of the Board of Education held on May 31. Voters had rejected a \$46,780,310 budget by a margin of 340 votes on May 10.

The new proposed budget of \$46,686,719 reflects the elimination of summer school at the high school (\$63,600) and \$30,000 reduction in supplies and materials.

### Summer School

Board trustee Mark Cardella commented that he thought the board, as a whole, made an error in cutting an educational program (summer school) at its May 24 meeting. Mr. Cardella then made a motion to reconsider the motion eliminating summer school at the high school and to put the \$63,600 it would cost back into the budget.

"We were not getting the desired results," explained board trustee William Bennett as he stated reasons why the board had decided to eliminate summer school. "We haven't got the ability to assign the teachers to the summer school program that would get the desired results...the only way we get the summer school staffed is under the seniority system and it makes no difference what the

ability of a teacher is or whether the teacher can teach a particular program...It's a very bad way of doing things". In addition, Mr. Bennett said, "students aren't participating in the numbers that we'd like to see". Only 50 percent of the students who attended last year's summer school passed Regents in August. Mr. Bennett added that he thought "we will be able to come up with a much better program".

Board trustee Patricia Rooney, the only board member who voted at the May 24 meeting to retain summer school, said that although the board was disappointed with the results and were well aware of complaints, some students did benefit from the program. She said the board had been told the high school was addressing the problems and that the curriculum was being looked into. Mrs. Rooney also said that the afterschool program to help students prepare for the Regents in the math and science areas was started in May and she was concerned that this was "too late". She said, "I think we're doing this too early [eliminating summer school] and I urge [the board] to place it back in the budget."

School board president Jo Ann Miltenberg said she didn't "think the [summer school] program is effective". In addition, she said that

she would like to see the Regents review courses offered from the beginning of the school year. Mrs. Miltenberg said "that in a lot of cases a program that can't be taught to a student in 10 months can't be taught to a student in six weeks" and advocated restructuring the summer school program.

Board Trustee Carole Wolf also favored reviewing the summer school program and the way extra help was offered to students.

School board trustee Daniel MacBride added that the "bottom line here is the children...I really don't think it matters [what the passing rate is] if it helps one kid in the district then I think we should vote for it".

Mr. Cardella's motion to put summer school back into the budget was defeated by a vote of 4-3; Mr. Cardella, Mr. MacBride and Mrs. Rooney voting to restore summer school.

### Other Proposed Cuts

Mrs. Wolf made a motion to eliminate \$4,300 in supplies which were to be used for summer school. Her motion was defeated, 5-2 (Mr. Bennett and Mrs. Wolf voting yes). Mr. Arena made a motion to eliminate a total of \$30,000 in supplies and materials. His motion was unanimously approved.

The board then unanimously voted to

## Board Reduces Budget

adopt a new proposed budget of \$46,686,719, which would increase the tax rate \$1.54 over the previous year, bringing it to \$28.29 per hundred.

### Public Session

Resident Roger Engert, representing the Hicksville High School Band Parents Association, thanked the board for their support of the high school Music Department's trip to Walt Disney World last month. "Our kids did great," he said adding that Hicksville has been asked to come back. In connection with the Band Festival being planned for September, Mr. Engert asked if the budget were defeated again and the district was on austerity, could the Festival go forward if the Band Parents Association "footed the bill." Mrs. Miltenberg indicated that she would get back to Mr. Engert by June 1.

Resident Arlene Rudin questioned Mrs. Miltenberg regarding summer school. Mrs. Miltenberg stated again that she thought Hicksville's program needed restructuring and that she didn't "think it could be done while the existing [program] is running".

Mrs. Rudin said "that perhaps the program needs restructuring", but that a program was started to help students which wasn't started until May. She said that what the board has done was say "to students who are in danger of failing at this point in time that there really is no chance for them". She expressed con-

cern with Mr. Bennet's remarks that students could attend East Meadow's summer school when, according to Mrs. Rudin, that would not be an easy trip for students living in other parts of Hicksville. "The meeting ended on a discordant note as Mr. Bennet and Mrs. Rudin traded remarks regarding matters which they felt had led to the defeat of the first budget.

The next meeting of the board will be on Wednesday, June 21 at 8:15 in the Administration Building. Results of the second budget vote are scheduled to be reported at this meeting.

## What a Wonderful Trip!

The Hicksville Public Schools Continuing Education program gave 33 people a wonderful weekend trip to Stockbridge, MA. (including wonderful weather).

**Irene Zebliksky** writes: "We all met at the high school where we renewed acquaintances with former travelers and friends we had not seen for some time. We left Hicksville at 5:45 and arrived at the Red Lion Inn about 9:30 p.m. This inn dates back to 1773 and is full of charm. Our room had two single four-poster beds with crocheted canopies, rocking chairs and a nice old-fashioned bathroom."

"After a tour of the Hancock Shaker Village many of us decided to visit the antique stores, shops and Norman Rockwell Museum, all within several blocks of the Inn. After a short walk around town after dinner we looked for nice comfortable rockers on the front porch of the Inn to sit, relax, talk and just watch the world go by. My sister, **Marian McNamara**, **Mary Colgan** and **Pat Cronin** got caught up on things happening to them since last they met—all three being nurses. **Marian** also had time to catch up with various happenings with **Catherine Gill**, who sat across from her on the bus. **Dorothy Milacek**, **Virginia Lahee** and I just sat and rocked with not a care in the world. **Mr. and Mrs. Chester Lech** also enjoyed the trip as they have other trips."

"The next morning we left for Williamstown to visit the Clark Art Institute, known for its collection of impressionist art."

"**Bob**, our bus driver, **Al**, our tour guide and **Ken Keegan** the director, said we would start a nice trip back to Long Island, possibly stopping if the weather cleared and we saw something of interest. An unexpected stop was made in Millerton, N.Y. where a visit was made to **McArthur's Smokehouse**—specialty foods and antiques. Naturally there is always something for us to buy."

"We then continued on our final lap of the journey, thankfully not running into too much traffic, and arriving back at the high school around 7 p.m. with the sun again shining. All in all, I hope everyone enjoyed the weekend and a 'thank you' to all who worked so hard in putting this trip together."

## TO YOUR HEALTH

By RICHARD H. BLAU, M.D.

### Arthritis Myths and Facts

A major misconception concerning arthritis is that there is only one type of arthritis. Most rheumatologists (arthritis specialists) recognize that there are over 100 types of arthritis. Each type requires its own diagnosis and treatment. Arthritis symptoms include painful, red, warm or swollen joints, morning stiffness, or muscle aches.

The Arthritis Foundation has estimated that one out of every seven Americans will suffer from some form of arthritis. This means that over 35 million people in this country will have arthritis. Additionally, arthritis is not limited to elderly people. Over one quarter of a million children suffer from arthritis in this country alone!

Another misconception about arthritis is that it is a disease of only the joints. Various forms of arthritis can affect not only the joints, but the eyes, the skin, the heart, the lungs, the kidneys, the spleen, the nerves, the blood vessels, the blood, and even the brain! We call this

a systemic disorder (a disorder which affects many organ systems in the body). Of course, not all sufferers have every organ involved, but many patients do have symptoms outside the joints.

The greatest myth of all is that nothing can be done for arthritis and patients must learn to live with it. Nothing can be further from the truth. I find it unfortunate that in this day and age, we continue to see patients needlessly in pain for what could be a treatable illness. No cures for most forms of arthritis exist. However, most people can be treated successfully with medication, physical therapy, and exercise, improving their overall medical condition and physical well-being. A consultation with a physician or rheumatologist is recommended should you suspect that you have arthritis.

Arthritis strikes one out of seven people. Learn the facts. Call for your complimentary copy of "The Joint Approach - An Arthritis Overview."

## Ruptured Pipe Causes Underground Chemical Spill

By Michael J. Maloney

A ruptured underground pipe caused approximately 900 gallons of sulfuric acid to be spilled in Hicksville on May 31, a spokesperson for the Nassau County Department of Health said. The spill occurred on property owned by General Instruments, a United States Government defense contractor located at 600 West John Street.

A consulting firm has been hired by General Instruments to determine the extent of the contamination. A Hicksville Water District spokesman said that there are no public supply wells in the area of the spill. He added that General Instruments has been cooperative with the clean up operations. The chemical disposal agency, OHM, has

been hired by General Instruments to conduct the removal of the sulfuric acid. The Water District said that the chemical did not penetrate deeply into the ground due to the thick consistency of the material. Removal is being accomplished and almost all of the spill has been recovered.

The leak was discovered by General Instruments employees when an indoor, above ground tank, which holds sulfuric acid, was found to be empty. Company officials immediately contacted the Hicksville Fire Department, the Nassau County Department of Health, the Environmental Protection Agency, and the Hicksville Water District.

## Community Banking now has a new standard.

### **Our new organization gives local branches even more clout.**

A lot of big banks have been cutting back in Queens and Nassau counties.

More and more of the important decisions and resources are now coming out of the main office. And that means service that's less responsive.

The Bank of New York is different. We never stopped believing in the absolute need for a strong community bank.

That's why we appointed a Divisional President for each county we serve. From now on, decisions that affect your account will be made right here in Queens and Nassau counties, not in some remote headquarters. For local businesses, that means faster turn-around time and close attention to your loan requests.

Our Nassau/Queens Division will also have its own Divisional Board made up of community leaders

familiar with the special needs of the people who work and live here.

Our Divisional President will have access to unprecedented resources to serve local businesses. That includes experienced commercial lenders as well as specialists in import/export financing, cash management and trust services.

The Bank of New York is committed to Queens and Nassau counties. The fact that we've made more bank eligible loans to local municipalities overall than any other bank in greater New York is evidence of that commitment.

So is the fact that we have 46 branches in Queens and Nassau counties combined to answer your personal financial needs.

In a sense, we've redefined community banking. And given every other local bank something to shoot for.

## VFW #3211 Hosts Coloring Book Contest

The Hicksville VFW held the Awards night for its Fourth Coloring Book Contest last month. This contest is sponsored by the VFW for all the third and fourth grade students in the Hicksville School District. Seven public schools and four parochial schools participated this year. The response was terrific and made the judging a tough job. The judges this year were:

Angelo Delligatti, Supervisor Town of Oyster Bay; Thomas Clark, Councilman Town of Oyster Bay; William Bennett, School Board Member, and William Hall, Assistant Superintendent.

Commander Vincent Ferrara complimented the Coloring Book Committee, Vincent W. Edwards, chairman and Joseph Normandy and William Frohenhofer, co-chairmen, on a job well done. He also praised the ladies auxiliary for their assistance: Esther Palladino, Francis Ferrara, Carmela Vitiello, and Nancy Giacopelli.

After all the awards were presented, VFW Past State Commander Joseph T. Gumo made the closing remarks. He praised VFW Post 3211 for its community service, the school district, principals and teachers. But, mostly he praised the children for their efforts. He also thanked the parents for taking time out to see that their children could be here to receive the awards.

## Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity. We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

### Downtown Area

To The Editor:

As a resident of Hicksville and a LIRR commuter, I feel compelled to comment about the condition of our downtown area. While this is not a new issue, it is one that seems to persist without a solution. The current conditions are caused by three separate factors, which must be confronted individually and corrected with creative solutions (divide and conquer):

1. Approximately 8,000 people per day commute from Hicksville LIRR station. These commuters, who are mostly non-Hicksville residents, strain our local roadways, litter our streets, pollute our air and provide very little business to our local merchants. It would seem a reasonable request to ask these people to contribute something back to the community that is providing them with these services. I propose that all Town of Oyster Bay parking lots, located at the Hicksville railroad station, require an additional "Hicksville" parking sticker. The sticker should cost \$50 annually for each of the approximately 2,000 cars that use the facilities. The resulting \$100,000 should be used exclusively to spruce-up downtown Hicksville.

2. Certain businesses in the downtown area are negligent in maintaining the appearance of their premises. The town civic associations should privately notify those offending businesses. When the offending conditions are corrected, these businesses should be given free advertising space in this newspaper. In effect, the money spent to spruce-up their business will really be spent on advertising (a double benefit to them, as well as the community members).

3. The Town of Oyster Bay is inadequately maintaining our town. Riding down Route 107 or past the intersection of Woodbury Road and Bay Avenue in mid-May reveals grass approximately three feet tall that has not yet been mowed. Garbage is also strewn across many of our main streets and commuter parking lots. While there are many jurisdictional overlaps in maintaining the downtown area (State Department of Transportation, LIRR, TOBAY), the town should take a leadership role in coordinating these efforts.

During my lifetime, I have lived in three towns on Long Island (Town of Hempstead, Town of North Hempstead and the Town of Oyster Bay). Neither of the two previous towns in which I resided showed such an utter disregard for the wishes of its constituents. While I am not suggesting that our elected officials have an easy job, any of us who have worked in the business world realize that those companies that excel due to thorough proper leadership. If our elected officials do not display these leadership qualities by acting on these recommendations or suggesting

viable alternatives, the residents of Hicksville should be petitioned prior to the next election to insure that these individuals are replaced with true leaders.

William E. Bulmer

### Express Your Views

To The Editor:

On Wednesday, June 14, the residents of Hicksville will be given the opportunity to meet with the officials of Twin County Recycling Corporation so that they may express their views to the firm's management of any dissatisfaction they may have with the operation of an asphalt plant located in the heart of two residential areas of Hicksville.

The Duffy Park Civic Association strongly urges the residents of the surrounding areas, as well as all Hicksville residents, to attend this important meeting. Without your support, our efforts of the last three years will mean nothing. We need numbers. We need each and every one of you. We must convince Twin County and our local officials that we will not tolerate the smoke, dust and fumes that pervade our area.

Remember the date—Wednesday, June 14 at 8 p.m. in the Town Hall Hearing Room located at 54 Audrey Avenue, Oyster Bay. Please be there. Your attendance will make a difference. Do it for yourselves, your neighbors, your home, and your families.

### Pay For Summer School

To The Editor:

I don't question why the funding for the Hicksville Summer School Program was removed from the budget, as reported in the *Illustrated's* June 1 issue. I question why it was even there in the first place. Fairfax, VA has an excellent school system. It and many in that area, charge the students attending summer school for the costs of any summer school program. Fees of \$100—\$200 per course are a great incentive for students to do better and try harder during the regular school year. My son had to pay for this summer school once, and my two children attending Hicksville High School now would be expected to do the same. This would put the financial burden where it belongs.

Lee R. Keller

### Vote for Budget

To The Editor:

It is with a special feeling of pride and excitement that I am writing to urge our friends and neighbors in Hicksville to register on June 14 and vote for the school budget on June 21. The pride and excitement that I feel come from being a band parent and a Hicksville

I would like to thank the executive board of the Northwest Civic Association for their commitment to a safe neighborhood. Job well done!

I would also like to thank the Burns Avenue P.T.A. for alerting the community members in our area, thereby allowing the civic association time to re-activate and in turn take the helm.

Last, but certainly not least, thank you to Jo-Ann Broska and Greg Yatzysyn, also members of the civic association, for their perseverance. As a longtime school board observer, I can speak from first hand knowledge to the fact that these two people never gave up. Month after month they attended school board meetings on our behalf. They pleaded our case at the public session of the board meetings at a microphone, which is not an easy task.

All of the above mentioned did not give up. The end result—the property re-zoned. Sincere thanks from the Hill family.

HOWEVER, ONE DAY MOSES WAS MAKING ONE OF HIS OCCASIONAL (AND UNSUCCESSFUL) ATTEMPTS TO LEARN HOW TO DRIVE AT THE BABYLON ESTATE OF WILLARD REED. SO, MOSES TOLD BABYLON THAT HE WOULDN'T TELL THE LOCAL BAYMEN THAT BABYLON HAD FOR YEARS BEEN ILLEGALLY CHARGING THEM FEES IF A SWAMP COULD BE WORKED GIVING N.Y. STATE THE LAND MOSES WANTED! **THINKING SMALL.** A small company from an investment perspective is a company with a market capitalization (total number of a company's stock x the market price) of about \$300 million. In the last 25 years their stocks have done very well when they are compared to the DOW and the S&P Indexes. Dow plus 15 percent, S&P 505 percent, small business growth funds (as an index) plus 760 percent. A very good performance. Last year the performance was down compared to the other indexes; plus Dow was 18 percent versus S&P at plus 15 percent and the small growth funds at plus 11 percent. One of the big attractions for me is the fact that these stocks are NOT involved in program trading, and therefore are much less volatile than the DOW and S&P stocks. We have a much lesser risk of a negative move. I also like this category because these companies are the ones that bring the new technology, new products, and innovations to the economy. The large companies have a very hard time doing this for a wide variety of reasons. Having done that, these small companies usually experience some difficulty with financing their growth, so they get bought out by the larger companies, usually at very good prices. The very

If everything goes well in the Congress, funding could be in place for a 1990 start of construction. The cost of a little over three hundred million dollars would enable Long Island to continue its leadership in the scientific world. With Cold Spring Harbor Laboratory and the

## Down to Earth Fun at Gregory Museum Rock Swap

By Rosemary Barrow

The old Hicksville Courthouse at Heitz Place was the scene of much activity during the recent Mineral Show and Sale. On the grounds of the Hicksville Gregory Museum, Long Island Earth Science Center, adult collectors were delighted with the bargains as they added to their collections from the Museum's surplus and donated minerals prepared for sale by Curator Donald Curran.

Highlight of the two-day show was a spectacular display of opals and lecture each afternoon on this fascinating mineral by museum trustee John Kean.

Youngsters had a great time at the Rock Swap where they "traded up" to improve their collections. Some came from as far as Southold to participate. Assisting at the Swap were 25 volunteers from nearby Willet Avenue Elementary School and Hicksville Middle School. In addition to planning details of the Swap, they prepared labels for the minerals and display banners and signs. They spent the entire weekend setting up, manning the swap tables, supervising the Dinosaur Dig, and conducting tours of the museum. At the end of each day, they also cleaned up. They were vital to the success of the Rock Swap, as they have been to many other Museum activities.

Adult volunteers were indispensable,

especially Gail and Michael Hofer, Michael Neary from the Nassau Mineral Club, and Amy Curran, Warren Barrow and photographer Ed Bady. Minerals for the Swap came from many donors, with outstanding contributions from former trustees Marilyn and Dick Schuler and longtime friends of the Museum, Gussie and Ben Daines.

Girl Scouts from Troop 3550 handled the refreshments, under the supervision of Debby and Larry Weintraub. For two days the barbecue grill provided a constant supply of great hot dogs.

### Mineral Club Being Formed

The Nassau Mineral Club, the largest adult group of mineral collectors on Long Island, is planning to form a Junior group, ages 12 to 16. This group will meet at the Hicksville Gregory Museum, under leadership of the Nassau Club. This is a wonderful opportunity for any teenager interested in minerals. Those who would like to participate may add their names to the mailing list being compiled at the museum. Call 822-7505.

### Summer Programs Planned

A complete schedule of summer activities at the Museum will be ready shortly. One addition this year will be more programs for the 4 to 6 year group. Joining the program staff will be Mrs. Rose Davis, specialist in Early Childhood Education with many interesting new ideas.

## Hicksville Republican Club

Joseph Jablonsky  
Executive Leader

Robert Kluck  
President

By Marc Herbst

Last week at the Nassau County Republican Convention the Town of Oyster Bay Republican Committee selected Angelo A. Delligatti as the Republican candidate for Town Supervisor. Supervisor Delligatti, who will seek his second term, will head the Town's Republican ticket this November. The "Delligatti Team" includes incumbent Councilmen Howard "Tom" Hogan, Jr., Douglas J. Hynes and Leonard B. Symons, and Town Clerk Carl L. Marcellino, who is also an incumbent.

Supervisor Delligatti will kick off his reelection campaign this Friday evening, June 9, at the Hicksville Republican Club's General Membership Meeting. The meeting will be held at the Hicksville VFW Hall, 320 South Broadway, Hicksville, beginning at 8:30 p.m.

Supervisor Delligatti wishes to continue the programs he has started during his first term as the Town's chief administrator. In addition to initiating the most aggressive recycling program on Long Island, he has started the first Town tree planting program that has

earned the Town of Oyster Bay national recognition as a "Tree City." Mr. Delligatti is also credited in opening one of the nation's finest municipal golf courses as well as the new ocean front beach pavilion at Tobay Beach.

Citizens For Delligatti's Hicksville Coordinator John A. Walker has emphasized Supervisor Delligatti's commitment to the beautification of Hicksville. Walker said, "We should be proud of the attention this administration has given our town. Since Angelo took office as Supervisor he has formed a Hicksville Parks Task Force in an effort to improve our parkland, directed the restoration of the Hicksville Fountain and encouraged plantings on our traffic islands. Thanks to the efforts of the Supervisor, local businessmen and community leaders the west side of Broadway finally is being improved after more than 20 years of neglect."

All Hicksville residents are welcome to attend the meeting this Friday. Free coffee, soda, beer and dessert will be served.

## High School Band on Disney's Main Street USA

(continued from page 1)

musicians were like Denise Pilot, a member of the band and chorus, who said, "I'm so psyched for this. I'm sure I'll muster the energy."

The Jazz Ensemble, under the direction of James McRoy began the concert with selections such as "Summer Samba" and "Tribute to the Count." The orchestra, under the direction of Tom Buttice took the stage next, changing the atmosphere with some Mozart and slow classics such as "Over the Rainbow."

A thunderstorm briefly interrupted the concert. After the rain subsided, the Festival Chorus, under the direction of Charles Arnold, began their portion of the show. Their rendition of pieces such as "Phantom of the Opera" and "Les Miserables" attracted an audience from all over the shopper's village. The concert band, also under the direction of Mr. McRoy, topped off the evening with its own arrangement of "Phantom of the Opera" and concluded the performance with "Broadway Tonight," leaving the audience with a pleasant taste of New York. After the concert, the students returned back to their resort for a brief late-night swim and then retired to their rooms in preparation for the next day's events.

By 8:30 the next morning, the group was on their way to Walt Disney World for a briefing about the parade that the marching band would soon participate in.

John Hicks, parade coordinator at Disney World, congratulated the band on being selected to march down Main Street. (He noted that 75 percent of the bands who apply

for the opportunity are rejected.)

After the briefing, the students were free to roam around Disney World for the next couple of hours. Upon reporting back to the buses after this time, the students changed into their uniforms and prepared for the 2:50 "step-off."

Between 65,000 and 70,000 people watched the parade. The heat was almost unbearable—a scorching 95 degrees. And what made the conditions worse for the band was marching in full uniform. After the parade, eight to 10 band members succumbed to heat exhaustion. They were treated quickly and no one was seriously injured.

Despite these circumstances, the band put on a superlative performance impressing all who saw them. Disney's John Hicks said that anytime Hicksville wants to come back "just give us a call."

Members of the band interviewed after the parade said that marching down Main Street was quite an experience.

Greg Jacobi, a senior who plays the tuba, was "Awestruck! Dumbfounded! Flabbergasted! It was a natural high," he said.

Jason Paulsen, a drummer, said it was "beyond excitement. I can't describe it."

Later that afternoon, the Festival Chorus put on a performance at Lake Buena Vista. This water-front concert was also of extraordinary quality. It was very fitting for Mr. Arnold's final performance as Hicksville High choral director. He will retire in June.

The rest of the evening was spent at Epcot Center. After enjoying the many attractions at Epcot, the group was able to see a

Festival Chorus under the direction of Charles Arnold.

spectacular laser light show put on after the park closes. After this, it was back to the buses and on to the resort.

Both Saturday and Sunday were free days for the students to roam about Disney World and Epcot. They stayed at Disney World until closing on Saturday. On Sunday, they left the park at 5 and began their long trek back to New York.

Todd Cantanzano said it was "excellent to go home."

Karen Apgar said that she was glad to be returning home, but she wouldn't mind marching down Main Street again.

Mr. McRoy said his ultimate goal would be to organize a European tour for the band, but for now, Florida's excursion was an adequate challenge enough for the students.

#### The bidding:

Opening lead — jack of spades.

Most hands pretty much play themselves and there is not much either side can do to affect the outcome. But once in a while there is room for skill and imagination, and on these occasions it is sometimes possible to achieve a result that normal play would not produce.

For example, take this deal from a team-of-four match. At the first table, declarer quickly went down one after West led the jack of spades. East took dummy's queen with the ace and

shifted to the jack of clubs. South lost the first four tricks and wound up minus 100 points.

The play was much more dramatic at the second table. Here West also led the jack of spades against four hearts. But the declarer at this table, aware of the danger of a club shift at trick two, made the unusual play of the four of spades from dummy!

Had East also followed low, South would have made the contract. He would later have ruffed out East's ace of spades to establish a spade trick. After discarding a club on the high spade, he would then have had ten tricks — six hearts, three diamonds and a spade.

But East viewed declarer's duck of the jack of spades with deep suspicion. It seemed impossible for declarer intentionally to play low from dummy with either two or more spades or with none, so East quite properly decided that South had a singleton spade.

East furthermore reasoned that declarer would not have ducked the jack of spades unless he was afraid of a club shift. Accordingly, East overtook the spade jack with the ace and returned the jack of clubs. So the odd effect of both of these unusual plays was that the declarer at the second table also went down one and the deal was a washout!

## Pioneers Outrun Northport Cow Harbor 2-1

By Jay Schwartz

The Hicksville American 1977 Pioneers put out 100 per cent in the last 10 minutes of the game and made a flashy come from behind win look easy.

In the first half, Hicksville looked tired as they moved slowly to clear the ball. They seemed confused by Northport's attacks. The pressure was on the Hicksville goalie as the defense made attempts to break up the plays. Goalie Gregory Latini made a few bouncing ball saves. The half ended with the score 0-0. The forwards Ricky Ladimir, Phil Caputo, Tommy Coffey, Richard Werchenski, and Danny Wolchok worked hard to put their attacks together.

The second half began and moments later Northport scored as the defense failed to clear the ball from the box. The ball came rolling back to an opponent's feet and he took a high kick which sailed over the goalie's hands. Robert Ilsley made a nice run and dribbled up field. He passed to Tommy Coffey who

crossed it for Ricky Ladimir, but the alert goalie dashed out and scooped it up. Peter Titone, now goalkeeper for the Pioneers, came out for a line drive shot and made a diving save. He tapped the ball way and then picked it up. Moments later he made a jumping tap save and put the ball over the crossbar. The defenders Robert Ilsley, Joey Matz, Sean Flanagan, Russell Brousseau, Timmy Dalton, Joey Florio, Joey Croce and Dave Nelsen all tried to move the ball up field.

Jonathan Schwartz took over as goalie at the 17th minute while the Pioneer offense slowed down. Schwartz made two run and scoop saves soon after. With few minutes remaining, Danny Wolchok ran on the left side and popped the ball in for a goal after an assisting pass from Ricky Ladimir. Right after that tying scoring, Phil Caputo shot a low ball in the corner from a Ladimir assist, as he sent the ball up for a running attack. The Pioneers had rallied for the win and upset the Northport team.

Varsity Baseball Team captains Mike Rose and Joe Passo.

## Successful Season for Varsity Baseball Team

The Hicksville Varsity Baseball Team had a very successful season, posting a 23-7 record. The team was seeded fourth in the County Tournament and reached the finals against MacArthur but lost both games.

The team was led by All-County selections Mike Rose who compiled a 5-3 record as a pitcher and had a 375 B.A. and a 1.56 ERA. Pitcher Jim Sohn who was selected to the All-Conference team had a 7-2 record and a 1.60

ERA and Joe Luparello was 5-2 and had a 1.93 ERA. The team ERA was a fantastic 1.73.

Shortstop Mike Cuomo was selected to the All-Division Team. He led the Comets in batting .397, stolen bases 19, and won the golden Glove Award. Second base was played by All-Division selection Joe Passo, 363 who was the team's most improved player. The team had its annual dinner at the Hicksville Elks Lodge on May 21. Mike Rose was awarded the Neil P. O'Doherty Memorial Award as Most Valuable Player; Dom Mirabelli—the Hustle Award; John Steneck—Best Defensive Outfielder; Paul Paretsky—Runs Batted In and Tom Cassata—the Howard Finnegan Team Player Award.

The dinner was attended by more than 100 players and parents from the varsity and junior varsity teams.

The outlook for the team is bright with 11 returning players from the varsity team and a very successful junior varsity team coached by Fred Healy. The varsity coaches are Bob Hilsky and Ed Moeller. Coach Hilsky won his 200th game this season. He has coached the varsity team for 13 seasons replacing Dick Hogan who is now Hicksville High School principal.

## Warriors Take 2nd Place in Soccer Tournament

By A. Bliker

The Hicksville Warriors 1974 travelling soccer team brought home second place trophies from the Commack Memorial Weekend Tournament, finishing with a record of 3 wins and 2 losses, the losses not occurring until Monday, May 29. On Saturday morning, May 27, in a torrential rainstorm, Hicksville defeated Elmont 3-2. The Warriors jumped off to a 2-0 lead, which they carried into the half. Striker Chris Doyle headed in the first Warrior goal off a perfect Dom Perillo corner kick. The second goal was set up by a perfect Perillo cross to the charging Doyle. Elmont came back in the second half, scoring two unusual goals, aided by the horrible field conditions, causing the ball to stop dead every time it was touched. With less than a minute to go, Perillo again found Doyle, who put in the game winning goal. Saturday's second game was cancelled due to flooded field conditions.

Sunday morning, Hicksville defeated Central Islip, in an evenly matched, hard fought contest, featuring aggressive soccer play by both teams. The game was scoreless until the 24 minute mark, when a Central Islip penalty in the box set up a penalty shot, which was converted by right fullback Eric Bliker for a short-lived, 1-0 Warrior lead. Central Islip came right back to tie it up 30 seconds later. The match continued that way, until there were four and a half minutes to go, when right half David Lovato set up striker Doyle, who sandwiched between two defenders to put in the game winning goal.

Sunday afternoon's game was a total mismatch, as Hicksville trounced Huntington (HBC) in a contest featuring sensational play on the part of Doyle and left half Karl Rice.

Rice set up Doyle at the two minute mark for a 1-0 Warrior lead. Fourteen minutes later, Rice set up Perillo, who made it 2-0. Doyle then completed a first half "hat trick," scoring two goals in less than a minute, on set ups by Perillo and Rice. Doyle switched positions with goaltender Joe Flanagan in the second half, but the onslaught continued with two Karl Rice goals, assisted by halfback Kareem Holman and halfback Mike Heyer.

On Monday morning, Hicksville took on arch rival Little Neck Express. Both teams came into the game with three wins, no losses. Hicksville lost 1-0, as both teams played great soccer. The Express scored at the two minute mark and then followed constant, end-to-end soccer, with both defenses rising to the occasion, each time they were challenged. In the afternoon, the Warriors again took on Little Neck, for the tournament championship, and lost 1-0 in a game that was even more heart-stopping than the morning contest. The Express scored early and then were kept in the game with sensational play on the part of their sweeper and goalie, who stopped everything the Warriors threw at them.

In addition to the aforementioned, the supporting cast who gave 100 percent all three days were: Chuck Oliver at fullback, Brian Harkins at sweeper, Kris Friedrich at fullback and halfback, Matt Pordum at stopper and Junior Tomlinson at center half. Congratulations to the team, as well as to Coach Pat McHugh and Assistant Coach Pat Harkins Jr. for a fine weekend of soccer. Congratulations to the two other Hicksville teams, 1972's and 1976's, coached by Marciel Parra and Barry Lawson, respectively, for making it to the Commack Tournament finals in their age group as well.

Taking a break prior to Commack Soccer Tournament final game are Hicksville Warriors (l. to r.): Eric Bliker, Mike Heyer, Chuck Oliver, Dom Perillo and Chris Doyle.
