Nassau Downs OTB Opens Local Branch

Nassau Downs OTB opened its new branch yesterday Wednesday, Nov. 8, in Hicksville. The branch office, the 21st for the Nassau County Regional Off-Track Betting Corporation, will be located at the site of a former gas station on the northwest corner of the intersection of Woodbury Road and Bethpage Road.

The 3,000 square-foot office will handle wagering from New York Racing Association tracks, as well as Yonkers Raceway and special events, such as the Kentucky Derby.

Business hours will be seven days a week from 11 a.m. to 5 p.m., or the closing of the last race at NYRA, whichever comes later.

Nassau Downs OTB first opened its doors in 1975 and quickly moved to the forefront among the six OTB corporations operating in New York State. Approximately \$200 million a year is wagered annually at Nassau Downs and the corporation has been recognized for returning the highest rate of profit among the statewide OTBs.

Officials: Traffic Light Needed on South Broadway

By Rita Langdon

Cases of heavy traffic and constant speeding on South Broadway has lead local officials and Hicksville residents to move for the installation of a traffic signal in front of the new Motor Vehicle department. But, the decision is up to the Department of Transportation (DOT) which plans to conduct a traffic study.

Oyster Bay Town Supervisor Angelo D'Elia, State Assemblyman Fred Parola and New York State Senator Norman Levy, notified the DOT of the potential problem while the motor vehicle office was being built, but received word that no traffic study could be done until the building was completed.

The Motor Vehicle office officially opened Aug. 14.

"It is next to impossible for motorists to turn onto Broadway from Ludy Street," State Assemblyman Fred Parola said in a letter to the DOT. "I have attempted it myself and have found it very difficult." He added that at this particular section of Broadway, motorists travel at very high speeds because of a great distance between traffic signals. There is a

traffic signal at King Kullen and another at Lewis Street.

Reached by telephone Monday, Ted St. Germain, assistant to the DOT regional director, said that a traffic study is being done and

they expect to reach a decision by February 1990 as to whether or not to install a light.

The speed limit on Broadway is 40 miles per hour. There is a school crossing guard stationed at Murray Road at Broadway.

Hicksville Marching Band Soars to New Heights

By Jim McCann

Hicksville High School's Marching Band soared to a new, higher level of achievement at the Nov. 4 Tournament of Bands Chapter Championships in Mineola, with what many considered to be the band's finest performance ever. With a score of 87.15, the band placed third in their group (Group IV) fifth overall, and earned a berth in the Atlantic Coast Championships which will be held next weekend in Scranton, Pennsylvania. Adding to the band's achievement was an award for having the best percussion section in Group IV, with the highest score on Long Island. The whole evening was the pinnacle of a season in which Hicksville established itself as one of the premier bands on Long Island.

"We're going places with this band," drum

major Kim Stephan said after Saturday night's show.

Yet, the band had already come a long way. Going into this season, the band had no assistant director and more than 40 freshmen players who had never marched before. Jim MacDougall was subsequently hired to fill the vacancy as assistant director, but as junior Keith Lasalputo said, "We didn't know what to expect from all of the freshmen."

The freshmen were not sure of what to expect either. John Flynn, a freshmen percussionist, said, "I was scared. There was a lot of new people and this is a big band." But he, and the other freshmen were able to overcome their inexperience and anxiety. "I feel really comfortable now—it's like we're a family," John said.

This type of atmosphere was essential to the band's progress. As the season progressed, the players performed with more confidence and as a whole. By the night of the Chapter Championships, the players were, as Band Director Jim McRoy said, "Ready mentally and very excited."

Amidst deafening cheers from parents and other Hicksville supporters, the band led by Kim Stephan and senior drum major Rana Araneta took to the field. Straight from their field warmup, the band exploded into its opening number—"Variations on a Korean Folk Song." They played with power and intensity while marching better than they ever had before. The intensity level continued throughout their show as they concluded

Pedestrian Killed in Jerusalem Ave. Accident

A 68-year-old Hicksville woman was killed Friday after being struck by a tow truck while she waited for a bus at Jerusalem Avenue and Winding Road, Eighth Precinct Police said.

A 22-year-old Massapequa Park man was driving a 1980 Ford tow truck northbound on Jerusalem Avenue when a 78-year-old Hicksville woman driving southbound apparently made a left turn in front of the tow truck, police said. The Massapequa man jammed on his brakes and his truck went into a skid. The truck hit the Hicksville woman's car, continued northbound and mounted the curb near the bus stop, striking the 68-year-old pedestrian, Martha Gibson. The truck then struck a 1977 Chevrolet that was exiting a parking lot.

Power lines from a utility pole that fell after the tow truck hit it were laying across the top of a Kaufman Carpet truck that was in the Jerusalem Avenue lot.

Ms. Gibson was pronounced dead at the

A utility pole was knocked down after it was hit by a tow truck on Jerusalem Avenue at Winding Road. The wires lay on top of the Kaufman Carpet truck which was parked in the lot. The tow truck jumped the curb, hit and killed a 68-year-old Hicksville woman and then collided with a 1977 Chevrolet that was exiting the parking lot. No charges were filed against the driver. *(Illustrated Photo)*

scene at 11:30 a.m. The Massapequa man was injured in the accident and was treated and released at Nassau County Medical Center for contusions on the left knee.

No charges were filed against the drivers.

The area where the accident occurred is the scene of a similar fatal pedestrian accident that occurred in the summer of 1988.

Hicksville firefighters responded to an accident Oct. 30 on Broadway in front of Nathan's at about 11:15 a.m.

A Giffords Fuel oil truck apparently hit into the back of a Renault and crushed its trunk into its backseat.

The truck was leaking fuel and firefighters were called to sand down the road.

The trunk of this Renault was compacted to its back seat after it was in a collision with a Giffords Fuel oil truck last week on Broadway in front of Nathan's.

with an arrangement of "Russian Christmas Magic," a contemporary classical piece featuring a grandiose ending with deep sonority.

Drill Instructor, Chris Doyle, described the show as "a high intensity blur." He said, "It was so intense [that] your body almost malfunctioned and you don't understand what's happening."

David Master, president of the Hicksville Band Parents Association said he was, "as excited as humanly possible." Another Band Parent, Vicki Passaro—who was very instrumental in designing and maintaining props and costumes which added so much to the visual effect of the show—said she was ecstatic. "It was phenomenal. I love to see kids doing something so positive and so good for themselves," she said.

High School Senior Terri Glynn called the show "energizing and breathtaking. It shows that hard work pays off," Terri said.

Hicksville's overall score of 87.15 placed them third in group IV, and fifth overall, trailing the Long Island Champion Huntington Band by only 4.85 points. The score of 87.15 shattered Hicksville's mark of 74.55 set at last year's championships while qualifying them for the Atlantic Coast Championships.

Hicksville's Drum Line scored higher than all of the other competing band's drumlines while winning "High Percussion" in Group IV. Junior Jason Paulsen, section leader of Hicksville's percussion section, attributed the drum lines success to "practice, hard work and a good staff." And percussion instructor Jim Dyckman said, "You push them just a little bit, you get them to understand what it's all about and they take it from there. The students themselves did it."

Next Sunday, the band will travel to Scranton Pennsylvania to compete against some of the best bands on the Atlantic Coast. Director, Jim McRoy, sees this as more than just an opportunity to advance the Hicksville Band. "I expect them to rise to the occasion of representing Long Island as one of the best of their class," said McRoy. He wants to show how far Long Island marching bands have come over the years.

Color Guard Captain Penny Passaro foresees an exemplary performance next Sunday. "We're going to blow them away," she said.

But senior, Carolyn Dunker was more subdued as she said with a sense of accomplishment, "It's a great way for seniors to end their last year in marching band."

Robert Kluck
President

Hicksville Republican leader Joe Jablonsky thanks all community supporters who offered assistance to the 1989 campaign and its candidates. The final days of this campaign brought out workers for Saturday's community walk-through, Monday's Rally Night and, of course, Election Day. The club appreciates the support of all the election inspectors, poll watchers, and everyone else who volunteered their services for Election Day.

Many people provided transportation for home-bound voters, made telephone calls, tallied election results, and other essential needs.

On Friday evening, beginning at 8:30 p.m., the Ernest F. Francke Republican Club of Hicksville will hold its November General Membership Meeting at the Hicksville VFW Hall, 320 South Broadway, Hicksville. At this Nov. 10 meeting, many candidates will return

Legionnaire's Log

By GREG BENNETT

Charles Wagner Post #421, Hicksville

On Veteran's Day, Nov. 11, our nation remembers Americans who have served in the U.S. Armed Forces. The Veterans Organization of Hicksville will conduct a Veteran's Day Service at 10:30 a.m. at the Middle School War Monuments.

Traditionally, Veteran's Day was Armistice Day recalling the Eleventh Hour of the

Eleventh Day when the guns fell silent ending World War I. Our nation continues this tradition.

On Friday, Oct. 27, Commander Arlene Howard, Greg Bennett and Dick Evers attended the annual birthday observance of President Theodore Roosevelt at the President's gravesite in Oyster Bay Cove. Boy Scouts, Veterans, National Park Service Rangers, students and U.S. Navy Captain Kinney, representing President Bush, all paid tribute to the deeds of Theodore Roosevelt.

On Nov. 3, Hicksville and Bethpage Legionnaires wrapped candy, fruits and cake for the

veterans at Kings Park Psychiatric Center and visited the hospitalized vets on Nov. 5. Commander Howard, PC Lou Braun, PC Wes Tietjen, VC Al Ciotti, VC Al Egan, Sgt. at Arms John Cicilese attended this event.

On Oct. 30, Greg Bennett and Ray Gamble attended the Tenth District meeting held at Williston Post.

Legionnaires and auxiliary members having clothes, canned food, bicycles, toys or pots for the Vietnam Veterans of America drive to assist the West Virginia poor call Greg Bennett at 938-9385.

Remember to attend the Veteran's Day Parade at 1 p.m. on Old Country Road and Merrick Road in Westbury. Remember America is No. 1 thanks to our Vets. See you Veteran's Day. Please remember our POW-MIA.

Election Results

Due to our Monday deadline, we are unable to publish the results of Tuesday's elections in this week's issue.

Look for election coverage next week.

Northwest Civic Meets

Northwest Civic Association will meet on Monday, Nov. 13 at 7:30 p.m. at Burns Avenue School. Program: Election of board officers. Town Supervisor Angelo Delligatti will swear in the new officers.

Hicksville's Laura Gluf was the second woman to cross the finish line in the Oyster Bay Town Supervisor's "Discover Oyster Bay" 5 kilometer run on Oct. 21. The run was co-sponsored by Anton Community Newspapers, which publishes the *Hicksville Illustrated News*.

Trinity Church Fair

Holy Trinity Episcopal Church, Hicksville, is having its Annual Winter Fair and Jamboree on Friday, Nov. 17, 5 p.m. and on Saturday, Nov. 18, 11 a.m. - 9 p.m. Dinner will be served at 6:30 p.m. each night. Cost is \$6 per person. Reservations for dinner may be made by calling the Parish Office 931-1920 (9 a.m. - 3 p.m.). Some special features at the Fair this year are: handcrafted articles; Christmas decorations; baked goods; White Elephant treasures; holiday candies; fine gifts in glass; handmade

wooden toys, bird houses and feeders, etc.; new and used jewelry; religious articles; cards; books; and much more!

Members of the neighboring communities are invited to come and browse, shop and dine. Winners of the Jamboree raffle will be announced and special prizes will be offered on the Sweepstakes Wheel after dinner each evening.

Holy Trinity Episcopal Church is located at the corner of Jerusalem Avenue and Old Country Road in Hicksville.

Kiwanis Club Inducts Another New Member

The first new Kiwanian to join the Hicksville Kiwanis Club in the 1989-90 administrative year (which will be celebrated as the 75th Anniversary of Kiwanis International) is Susie Lew, the new owner/operator of the Carvel store in the West Village Green.

Mrs. Lew was sponsored in Kiwanis by Phyllis Caggiano, and was installed during the Kiwanis luncheon meeting last month by Kiwanis past president Charles Montana, Jr.

Wine Tasting

A Paul Masson Vineyards wine tasting event, coordinated by Kiwanis Program Chairman Effie Krogmann, took place at the club's Oct. 25 meeting.

Mrs. Krogmann acknowledged the help received from the following people: Ted Marotti, the proprietor of Midway Liquors in Hicksville and a member of the Hicksville

Lions Club, in having a generous supply of Paul Masson wines available for tasting and enjoying, courtesy of Stephen Della Vecchia, market manager of Vintners International Company, Inc., Barry H. Schwartz, New York Market Manager of Vintners International Company, Inc., and Joyce Monaco, sales representative of Greater New York Distributing Co.

After the chilled wines were poured, Mr. Della Vecchia spoke about the care involved from growing the grapes to the bottling of the final product to make Paul Masson wines a quality product. Mr. Schwartz and Ms. Monaco also joined in the discussion of wines, and answering questions, many of which had to do with the vineyards on Long Island.

The People at LILCO:
Working harder to serve you better

You'll be astonished how much lower your electricity bills can be with energy-efficient appliances.

It never fails to surprise people when they see how much less electricity new energy-saving models use compared to inefficient units — yes, even when little tots swing open the refrigerator door more than you'd like!

If you replace your present refrigerator, for instance, with a very efficient model, it will pay for itself over the course of its life.

And that's true for just about every appliance in your home.

For information on energy-efficient appliances and how they can lower your electric bills, call the LILCO Energy Hotline 1-800-692-2626.

Hicksville Illustrated Holiday Photo Hunt

The Hicksville Illustrated News recognizes that there are many avid amateur and professional photographers who live or work in our community.

We would like to extend the opportunity to all who would like to see their work on the front page of the Hicksville Illustrated News. We are specifically looking for any type of holiday picture, i.e., a winter scene in Hicksville, candid family shots or an unusual or creative photo. (Begin taking photos in November and December).

Color or black and white 35mm photos accepted (NO polaroids, slides of negatives). Entries will be judged by our art department in Mineola. The winner's photo will be enlarged on the front page during the holiday

season (in December) with proper photo credit, and he/she will receive a one year subscription to the Hicksville Illustrated News.

All photos received become the property of the Hicksville Illustrated News. Please label your photos clearly with your name, phone number and where the picture was taken or who appears in the photo. You may submit as many photos as you'd like. Deadline for entries is Friday, Dec. 18.

Depending on the number of people who submit photos and the quality of creativity, we reserve the right to publish additional photos in subsequent issues. For more information please call our office at 747-8282, ext. 164.

Letters From Our Readers

Letters to the editor are welcomed by the editors and publishers of the Anton Community Newspapers. However, they must follow certain guidelines in order for us to print them: they should be as short as possible; we reserve the right to edit in the interest of space; they MUST be signed (a typed name at the bottom will not suffice); they must include an address and telephone number so that we can verify their authenticity.

We receive many fine letters which we would like to share with our readers, but we are unable to use them because they are unsigned or have a typewritten name only.

We cannot publish every letter we receive because of space limitations, but we try to present both sides of all issues. Personal attacks and letters considered to be in poor taste will not be printed.

Attacks on Asphalt Plants

To The Editor:

This letter is a follow-up to your column in last week's issue "Persistence Pays For Dufy Residents". The time has come for the residents of the Duffy Park and Northwest sections of Hicksville to mount an all-out attack on the Twin County and Zara asphalt plants. These two companies have been disrupting our lives by filling our neighborhoods with odors, dust, noise, and smoke. We can and must help our Town officials gather enough proof of violations of their permits so that a strong lawsuit can be brought against them and won. We must be the "eyes and ears" of the Town during those times when an inspector cannot come to our area to see a violation taking place.

Both permits contain stipulations that No Odors, Dust, Noise, or Smoke Are Permitted. There are restrictions on the hours of operation, the use of roads for entry and exit, the height of the piles of debris (25 feet), and more. All trucks entering and leaving the premises must be covered to prevent this spillage of materials. If you observe any of these stipulations being violated, It Is Imperative That You Mail A Signed Statement Of Your Observations(S) to Mr. Richard Blankfein, Commissioner of Planning And Development, Town Hall, Oyster Bay, N.Y. 11771. If you smell asphalt on Monday,

Wednesday, and Friday, send three statements! If you observe operations or truck movement outside of specified hours, send a statement. If need not be long, describe the violation(s), the day, date, and time you observed it, and tell Commissioner Blankfein you are demanding that the Town of Oyster Bay force these companies to comply with the terms of their permits, or else revoke the permits. These written complaints will serve as affidavits and will be used as evidence of violations so they must be dated and signed. If you observe something but are not sure if it is a violation, write it down and then contact us at P.O. Box 8120, Hicksville. We will let you know if it is a violation and should be sent in.

The time is now, folks. If we are to have any chance of stopping these companies from ruining the quality of life in our area, this letter-writing campaign must begin now. If you are sick and tired of the odors, the dust, the noise and the smoke, start writing. Three or four sentences, an envelope, and a stamp is all it takes. Let's focus our anger and then watch the results. Together we can do it. Together we must do it. The quality of our lives depends on it.

Please Help Veterans

To The Editor:

Please support the efforts of the Northwest Civic Association in conjunction with the Hicksville PTA in helping our local Vietnam Veteran organizations in sending goods to Logan County, West Virginia which is also known as "Appalachia."

This area has the largest concentration of Vietnam Vets in the country. It also is the most economically and financially distressed county in the United States.

Items needed are used clothing, infant-adult (all seasons), pots, pans, kitchen utensils, dishes, toys, even a bicycle. They could also use canned goods, non-perishable food items, small appliances. With the change of seasons upon us, what a great time to get rid of those summer things you don't want or the winter things you wished you had gotten rid of last year. Isn't it nice to know that they are going to someone who is in need? Large plastic bags are also needed to help distribute these items.

Drop off points are 95 Kuhl Ave., 49 Gardner Ave., 23 Byron Place, 40 Myers Ave. and

124 Harding Ave.

Our last drop off date is Nov. 17. Do not drop anything off at these points after Nov. 17. If you have a van or truck to help transport these articles, or if you have any questions about this project, how you can help or about drop off points, call me, Jo-Ann Broska, at 931-8340 or Connie Steers at 822-5938.

If you would like to bring your items down to the warehouse, it would be appreciated. The address of the warehouse is 160 Engineers Drive, located opposite Grumman, off Hicksville Road. Drop off dates are Saturday, Nov. 11 from 9 a.m. to 5 p.m., Sunday, Nov. 12 from 12:30 to 5 p.m. and Nov. 18 from 9 a.m. to 5 p.m. (The Nov. 18 date is for Engineers Drive only.)

If you know anyone who has a bus to transport the men down to West Virginia or who has a tractor trailer or trailer, please call Jo-Ann or Connie.

Thank you,
Jo-Ann Broska

Editor's Note: Ms. Broska is a member of the Northwest Civic Association.

Financial Statement

This letter is being published upon request:
Dear Mr. Martillo:

You mentioned at our last board meeting on October 25, and as reported in the Hicksville Illustrated News, that there was no filing of financial statements in 1985 for school board candidates.

Please be advised that I am unopposed in

1985 and therefore did not expend any money. Further, I have forwarded the customary financial statement to the district clerk and the commissioner of education.

Bill Bennett

Editor's Note: Both Mr. Martillo and Mr. Bennett are members of the Hicksville School Board.

Minimum Wage

Well, Congress has gone off and done it again. They went and raised the minimum wage without any realization of the impact that it will make, which is nothing.

How can one say that the wages of a worker should not be raised up to about \$200 a week? How can one be so heartless, cruel and unfeeling? Who can live on \$200 bucks a week anyway! Besides, that minimum wage just about, not quite, equals the lower level of the poverty scale. Everybody has to be fit, right? Wrong! Your writer is not for the bill that will be passed.

The reason I am against the raise is the fact

Dr. Joseph P. Frey

that the higher the minimum wage, the more the people who are supposed to be helped, are hurt. Remember, that the fast food joints all have the "Help Wanted" sign out now and they cannot find enough people at \$6 per hour. These fast food operations like Wendy's, Burger King and McDonald's are not highly skilled jobs and do not need any workers with real skills. Therefore, if a worker is making minimum wage anywhere, that worker has to be very unskilled.

Unskilled jobs are usually the ones with the most repetition, the greatest drudgery, the most boredom and are the most machine-like. The jobs are the most susceptible to machine replacement, the most likely to be automated. Many of the workers who are getting minimum wage will be replaced with a machine. It is only a continuation of a long, long-term trend.

Since manufacturing moved out of the cottage into factories more than 100 years ago, the employees have been devising ways to make products cheaper. At first the worker was very cheap. They only had to follow instructions. As they got skills, their pay increased. As their pay increased, the bosses used more machines to cut the use of the more expensive workers. This process is known as automation, the replacement of men with machines. The other side of the coin was that as the worker made more money, their satis-

A Letter from Lubelle...

...you know what a blotter is—of course—but did you know that there is a whole generation that does not know what a blotter is?...I was talking to a young man who's about twenty-eight and he said that he would like a new desk pad, but not one with that old piece of cardboard stuck in the middle!...Now "that old piece of cardboard", as you all know, is the desk blotter...and when I explained that in the long, long ago—there was a day before ball-point pens!!—the ink from the fountain pens was often still wet as a page was finished and we would turn the whole page over and rub it on the desk blotter to dry it so that it would not smudge—smudging was considered very bad form....He said that the only blotters he knew anything about were a sort of half-circle with a handle and they rocked back and forth—but for what he did not know—some sort of "country antique"?...And then I was telling him that a very popular advertising piece was a blotter which had one side shiny and printed with the advertising message and the other the absorbent blotting material—and we all used them...in the office, at school, at home....You remember the fountain pens with that little handle you lifted to fill the rubber insides with ink—and, of course, you had your pen wiper handy in case some of the ink dropped off and made a blot—a blot—how about that...Just think that if Rorschach had lived after the invention of the ball point pen, we would never have had the psychological diagnostic tool known as "the ink blot test"...And even more antique was the pen point which fitted into a wooden holder...these were the ones we were given by our teachers in school—and, I am horrified to recall, we always started a new pen by wetting it in our mouths!...Each school desk had a little round inkwell in the upper right hand corner—(poor lefties!)...and these were filled from a large bottle that had a spring-like top and a little pouring spout and it was a really great honor to be the student appointed to fill all the ink wells—accompanied, of course, by your faithful blotter for the drops you always spilled on each desk....Isn't it strange—desk blotters are still used, but not for any purpose—but kids no longer make pen wipers from little pieces of flannel to give for holiday gifts.

Yours, Lubelle

faction with the work decreased. The less they wanted to do the lesser, rotten, dirty tasks.

We were lucky in this country for a long time. We had immigrants who came into the country and were willing to take those lousy jobs. It was a start into the system and upward mobility for themselves and their children. It all worked quite well for a time, but not now. Why not? Because we have done several things to change the system. First, we now restrict immigration, so we do not have that dependable flow of entry level workers. Second, we have a perception that makes it seem like a non-college graduate is a loser. We have also made going to college easier with government aid. As a result, people who should be learning a trade or a skill are in college. That's great for the colleges, and bad for many people who would be better off and happier with the trade skills. Third, we are creating a mass of unskilled, non-employable educational dropouts.

As the supply of cheap labor decreases and the wages increase, machines became

cheaper. Workers were displaced by machines. The poor unskilled worker was and is increasingly denied entry into a business system that has no room for them. The minimum wage just makes the decision easier to move more manual work to machines. More low-wage workers are displaced. That's what the studies show happens.

Unions like the minimum wage raised. Not because it in any way has an effect on their wages, but because it closes the gap between their wages and those of the non-skilled worker. It makes it easier to get wage increases from their companies. As such, it is inflationary.

So Congress passes a law that seems like it helps, that seems humane, but in reality only makes the plight of the poor minimum wage earner worse. As they lose their jobs to machines, it adds to the welfare rolls, to unemployment wages and keeps more people out of the system. Job training programs, earned income credits and other programs that teach skills are more effective and revenue producers. But they do not produce votes.

In each one of our lives, someone outside of the family has made a real difference. In your life, it might have been a teacher, coach, scout leader, or spiritual advisor. For me it was a combination teacher, college counselor, and track coach—all in one very thoughtful man. Milton Blatt not only made a difference in my life, but he made a tremendous difference in thousands of other lives. He continues to do so today—some forty years later.

Back in the innocent days of the late forties, I attended Andrew Jackson High School in Queens. It was there that I first had the opportunity to meet Milton Blatt. He, by chance, became my grade advisor and was my English teacher for one semester as well. There is no way I can fully express the debt I own to this man. But the significance of Milton Blatt is that he has given his life to young people for almost sixty years and has never sought anything in return. You probably have never seen his name in headlines, and unless you attended Andrew Jackson or ran track somewhere in New York City, he would be just another person. But, Milton Blatt is a very special human being.

Between 1946 and 1972, the year he retired, Milton Blatt's teams won sixteen consecutive outdoor track titles. These championships included helping the Andrew Jackson track teams win fourteen New York City championships in track and cross country—all while providing advice and encouragement to his team and others on college admission and life in general.

Before he founded the Long Islander in 1838, Walt Whitman worked on the Long Island Patriot and the Long Island Star (both papers published in Brooklyn).

Now, I was far from being a track star—very far. But that did not matter to Milton Blatt. He had one of the largest track teams in New York City. No one was ever excluded. If you wanted to run, you got a sweat suit—the mark of a track man at Andrew Jackson and a very important symbol to all of us on the team. As I look back, it was very difficult for me or any young man to get into trouble while under the watchful and caring eye of Coach Blatt—not to speak of his exhausting workouts. And after the workout, his helping hand was always extended to all of us on the track team, and many other students as well.

His help to me continued after high school. I will never forget returning from Korea and not knowing how to direct my education. Coach Blatt felt Adelphi University was the right place for me. He made a phone call to the admissions office, and I was soon admitted to Adelphi. It was a pretty good move as I met my bride of thirty-one years while attending the University.

Thousands of others have felt the generous hand of Milton Blatt while he served at Andrew Jackson. The names of my brother Gordon, Arte Hein, David Snipe, and Otto Behensky are not household words, but the impact of our coach motivated each one of us to try and make a difference for others.

Milton Blatt celebrates a birthday on November 11, at his Glen Cove home. He will be eighty, and his life style has really not changed over these years. He is still helping young people. Twice a week he travels to the Hebrew Academy of Nassau County to counsel young people who have questions about which college to attend. As someone who has experienced the gentle and firm hand of Milton Blatt, when facing the same quandary, I know how fortunate these young people are. And his love for track continues as well. During the school year, you will find him once a week officiating at a track or cross country meet somewhere in New York City.

How do you measure the life of a teacher like Milton Blatt? His impact on young people will be felt for generations beyond his own life.

Happy Birthday Coach!

New Civic Association Forms in Hicksville

Citizens in the south section of Hicksville have formed a new civic association.

The South Hicksville Civic Association which encompasses the area from Eleventh Street down south to the Levittown border, was formed because some residents were annoyed with the problem of illegal two-family houses and absentee landlords in their area.

Under the leadership of president John Fehrenbach, the civic association conducts its first meeting Monday, Nov. 27 at 7:30 p.m. at the Hicksville Public Library. At that time, residents in that area will have the opportunity to meet the executive board, discuss problems concerning the area and join the organization.

Hicksville High Class of '69 Celebrates Reunion

High School Sweethearts Diane Offenlock and Tom Hughes

Hicksville High School Class of 1969 held its 20th reunion in August at the Royce Carlin Hotel in Melville. We hear that a great time was had by the more than 400 people who attended. There were approximately 20 different states represented at the party. Many old friendships were rekindled.

Quite a few people took advantage of a special offer to spend the night at the hotel, so the event continued on to Sunday brunch the next morning.

Most of those who attended said they are already looking forward to their 25th reunion.

"HOPE"

In the seven years refusenik Shimon Borovinsky and his family waited for exit visas to leave the Soviet Union they had to give up a lot. First, Shimon was fired from his job. Then, after refusing to testify against his Hebrew teacher, he was arrested and sentenced to five months of menial labor. Finally, to protect them from reprisals, the Borovinskys stopped seeing many of their friends. They did hold onto one thing though - their hope.

It was this hope that gave the Borovinskys courage to wait for that special day last July when a new life in Israel was finally theirs.

Today, Shimon, Natalia and their two young daughters, Zoya and Julia, live in an immigrant

absorption center in Jerusalem. They have their own apartment. They are getting help in finding jobs. The girls have begun school and are making new friends. They are free to live as Jews.

The Borovinskys are just one family. This year some 40,000 Jews will be permitted to leave the Soviet Union and begin new lives in Israel and New York. They will be helped by UJA-Federation agencies at home and overseas, and through the special Passage to Freedom campaign for Soviet Jewish emigres.

Hope and help for Soviet Jews is just one example of how gifts to UJA-Federation help people everywhere - 4 million of them - on Long Island, in New York, Israel and throughout the world.

Elks Present Drug Awareness Program to Students

Hicksville Elks Drug Awareness Committee will be presenting its in-school program at Woodland Elementary School at 1:30 p.m. on Friday, Nov. 17.

This program, consisting of a film, followed by a discussion and distribution of the lodge's drug theme book covers and informational pamphlets, is available to all schools in

the areas surrounding Hicksville. It is geared toward students in the third through ninth grades.

For more information, or if you wish to preview this program on Nov. 17, call Murray Appel, chairman at 694-7238. There is no charge for this program.

Students Named to National Merit Program

Hicksville High School Principal Richard G. Hogan recently announced that several students have been named Commended Students in the 1990 National Merit Scholarship Program. Commended Students, about 35,000 nationwide, are being honored for their outstanding performance on the PSAT/NMSQT, which ranks them in the top five percent of more than one million students who entered the 1990 Merit Program by taking the qualifying test.

A Letter of Commendation from the school and the National Merit Scholarship Corporation, which conducts the competition, was presented to John J. Fitzgerald,

Steven Gavlik, Andrew J. Love, Lucinda A. Manolakes and Thomas K. Wittig.

Senior Dayatra Shands was among 3,000 Achievement Program participants being commended to U.S. institutions of higher education. These participants scored in the upper six percent of nearly 90,000 black students who requested consideration in the 1990 Achievement Program when they took the 1988 PSAT/NMSQT.

The Achievement Program is compensatory activity open only to Black Americans and it is also administered by the National Merit Scholarship Corporation.

Two Arrests Made in Photographer Assault

Two arrests have been made in the assault of a newspaper photographer who was taking pictures of an altercation between members of a soccer team and referees, Eighth Precinct Police said.

On Oct. 22, at a Tudor Road Field in Hicksville, Dimitrius Panagos, 31, a photographer for the *National Herald* newspaper in Long Island City, began taking photos of the altercation when members of a Brooklyn soccer team demanded that Panagos turn over his camera. After Panagos refused, he was then assaulted and struck over the head with an unknown object and his camera was destroyed, police said.

On Nov. 4, two men, identified by police as spectators at the game, were arrested.

Police traced the two men after photographs taken by Panagos were later developed.

Arrested were Brooklyn residents Sefkija Vucetovic, 28, and David Redzepagic, 34. Vucetovic was charged with criminal mischief in the second degree and grand larceny in the fourth degree. Redzepagic was charged with assault in the second degree and grand larceny in the fourth degree.

Hicksville Welcomes V.F.W.'s National President

By Vincent N. Edwards

Hicksville V.F.W. Post 3211 and its Auxiliary were honored Oct. 20 with the presence of the V.F.W. Ladies Auxiliary National President Alice Hutto. This gracious lady, from Bishop, South Carolina, was escorted to the Hicksville Post by Post 3211's Auxiliary member, Joan Chwalisz, who is New York State Auxiliary president. Also escorting Miss Hutto was National Representative Millie Peterson, of Oceanside V.F.W. Post 5199.

Miss Hutto was greeted at Post 3211 by Post Commander Anthony Ferrara, Ladies Auxiliary President Esther Palladino and members of Post 3211. Many other members of other Posts and Auxiliaries were also on hand to welcome the National President.

Cocktails were served and later in the evening, a gorgeous buffet was enjoyed by all. Miss Hutto expressed her gratitude to her hosts for a wonderful evening.

From left: Post members Joseph Normandy, Joan Chwalisz, Aldo Vitiello, Alice Hutto (National President), Marty Stallone and Conrad Steers.

ATTENTION OYSTER BAY TOWN RESIDENTS DON'T THROW AWAY A GOOD THING-HELP US COMPOST!

Town of Oyster Bay residents whose leaves are collected by the Town are urged to participate in the Town's leaf compost program.

Instead of placing your bagged leaves at curbside on regular collection days, wait until you accumulate ten or more bags and call the Highway Division at 921-7347, Ext. 5555, to request a special pick-up. These leaves will be taken to the Town's compost site and turned into a nutrient rich mulch.

The leaf collection/compost program will continue through Friday, December 15th.

*All residents are reminded that leaves may not be burned or swept into roadways.

Let's Hear It For . . .

Anthony Bongiorno, of Linden Boulevard who is the recipient of a State University (Oneonta) College Scholarship for the 1989-90 academic year.

The award is given annually by the College to a select few who demonstrate, among other things, outstanding academic performance.

Anthony is a graduate of Plainedge High School and is a senior at SUNY Oneonta.

Let's also hear it for **Robert Mitchell**, a senior attending State University College at New Paltz. Robert was one of 99 photographers selected to attend the four-day Eddie Adams Workshop II held in Jeffersonville in late September. More than 800 portfolios, submitted by photography students and professional photojournalists with less than two years experience, were reviewed by a panel of photojournalists and picture editors.

Robert is an art major concentrating in photography. A graduate of Hicksville High School, he is the son of Joan and William Mitchell of Ketcham Avenue. He is a student of **François Deschamps** whose work can be seen in an exhibition of 20 photographers now at the Metropolitan Museum of Art.

Also doing well are Hicksville students attending the **Berkeley School of Long Island**. Placed on the President's List were **Nathalie Martaux, Jeanine Frers, Laura Reddy** and **Barbara Schanno**. Placed on the Dean's List were **Lisa Calmo, Maura Glynn, Pamela Manganello**, and **Kimberly Robb**.

Happy Birthday

We're sending 41 happy birthday wishes to **Ray Rosoloski** from all his friends.

Get Well Wishes

We, and all the friends of **Philip Schlosser** would like to wish him a very speedy recovery. We received word from his wife Rita informing us that he is now recuperating after a very serious operation. She said, "He's doing well, but it will be a long recuperation."

We also received word that **Rita Reddy** is recuperating in Central General Hospital in Plainview. All her many friends in the **Mercy League** are sending her get well wishes—especially her bowling partners. They need her. She's a great bowler. We wish you a very speedy recovery.

Bradward on Classifieds

Big department store came to small town, chose city center square for its new building, bought out every merchant.

Save one.

Big store doubled its cash offer. Doubled it again. Always "No."

Giant sent two vice presidents. The first said, "Take the money. Go to Hawaii. Buy yourself a Rolls Royce, a yacht, gold coins. Have fun." Still No.

Second, "If you don't sell today, we'll drive you to bankruptcy. You will curse the day you were born. No end of grief. Now sign this." Still No.

Opening day big store plastered signs all over outside of new building.

Grand Opening. Easy Credit. Super Bargains.

Little fellow took this all in. He got some poster paper, paint and brush; and then he put one small sign over his little shop: **Main Entrance Here.**

So with you and classifieds.

Lest we forget, the USA is not being taken over by giants.

You can beat these deep-pocketed

fellow at their own game.

Your competition is not giants with big bucks to spend. Your competition is yourself.

Solution? Your devotion, cleverness, courage, talent, resourcefulness and love of your product or service can win.

You can do scads of things for your friends and neighbors giants never heard of.

All with precious little classifieds. Giants buy full page newspaper ads. Great! They should.

But one simple fact which you know and giants don't is that 29 percent of everything sold at retail, if advertised at all, is advertised only in the classifieds.

Your newspaper has readers you don't even know exist, so newspapers work miracles for their classified advertisers. Every day.

Did you ever see a giant use the classifieds? No, because they don't!

Maybe they are too lazy to take the time to create some powerful successful ads.

You don't have their problem, not if, like the little fellow, you have **Main Entrance Here** attitude about your continued success.

There are a few changes in the law worth mentioning, because the law is serious in its crackdown on drunk driving. The latest offense on the books involves people who use their New York State driver's license to illegally purchase or attempt to purchase alcoholic beverages. Effective Oct. 10, the law permits a court to suspend a driver's license for 90 days if convicted for the abuse.

Effective Nov. 1 is a law that states "a person under 21 may also be fined up to \$100 and/or sentenced to 30 hours of community service for using any false proof of age to buy or attempt to buy alcoholic beverages."

Another inroad of the law extends to snowmobiles. A Nov. 1 law expands the definition of vehicular assault and vehicular manslaughter to include violations committed while operating a snowmobile under the influence of alcohol or drugs.

But when you think of the laws, they are all really common sense, and would seem to have been on the books already in spirit.

Several other new motor vehicle laws include:

Bicycle Accidents: A law effective Nov. 1 requires bicyclists to report bike accidents involving death or serious injuries to DMV within 10 days. Parents must file reports on behalf of minors who are unable to do so themselves.

Ambulance Inspections: A law that took effect October 14 requires that ambulances operated by fire departments undergo annual safety inspections at DMV-licensed official inspection stations. Such inspections were required for other types of

ambulances prior to October 14, but fire department ambulances had been exempt.

Seat Belts: A law effective July 10 exempts rural letter carriers from the seat belt law while on their delivery routes. The exemption does not apply during travel to or from routes, or in other situations.

Equipment Repair: The Vehicle and Traffic Law provides that a vehicle equipment violation may be dismissed if the driver presents proof to the court that the defect was repaired within 48 hours after the ticket was issued. A law effective October 1 changes the requirements for a repair notice used in court to dismiss an equipment violation.

Prior to the change, the repair shop which repaired an equipment defect for which a driver had been ticketed was required to certify that all equipment on the vehicle was in proper working order. The new law requires that the shop certify only that the equipment they repaired or replaced is in proper working order.

Comets Reach County Finals in Soccer

By Michael J. Maloney
Sports Editor

If you had told Hicksville High School Varsity Soccer coach Ed Moeller at the beginning of the season that his team would be playing for the Nassau County Class A championship for the second straight year, he probably would not have believed you.

"I thought it was a transition year," said Moeller after his team beat Calhoun 3-0 in the county semi-finals last Thursday night at Hofstra to gain the right to play Baldwin in the county final. "I thought it was a rebuilding year."

Even the Comets' 3-8-1 regular season record indicated that Hicksville's 1989 season was less than spectacular. However, someone must have thought that Hicksville was a better team than their record showed, and they were the No. 3 seed in the county tournament. The Comets responded with a shootout victory over Lawrence and a shutout win over Calhoun.

"The last four or five games I thought we were starting to come around," said Moeller on his team's turnaround. "We never really put two good games together during the season. This win is our fourth in a row."

The wins could not have come at a better time than the play-offs - a time when regular season records and statistics are discarded and where any team is capable of being crowned as champion.

"This might have been the best game we

played all year," said Moeller on his team's effort. "We did everything correctly. We worked together. We established control of the midfield. We played a short passing game instead of a kick-and-run. Today we played like experienced players."

Not bad for a team that has only four seniors. In fact, two of Hicksville's three goals were scored by sophomore Dom Perillo. His first goal came during a scramble for a loose ball after a Comets' throw-in. Senior Brian Spinner tipped the ball to Perillo, who took an off-balance shot that entered the net just inside the left post for the 1-0 lead at 17:11 of the first half. With just over seven minutes remaining in the first half, junior Jason Kilmetis converted a Chris Doyle pass for a 2-0 lead.

Perillo scored his second goal at 12:47 of the second half by heading in a Spinner corner kick. That goal was more than Hicksville needed, as the defense shut down all of Calhoun's attempts.

"I think we came out and took control of the game," said Moeller. "We took advantage of every opportunity. We put pressure on their backs and we created their mistakes. We controlled the midfield, which is where games are usually won."

Editor's Note: Due to production schedules, we are not able to include Monday night's final against Baldwin in this week's paper. However, the *Illustrated* will have the full game story in next week's issue.

Calhoun couldn't get a hold on Hicksville's Dom Perillo (l.) who scored two goals in the Comets' 3-0 victory to reach the county final against Baldwin.

Goalkeeping, Hat Trick Help Warriors Win, 4-2

The Hicksville Warriors 1974 travelling soccer team defeated the Kings Park Cougars 4-2 on Sunday, Oct 29, despite playing the entire game with only 10 players. The game featured the sensational goalkeeping of Danny Bell, the outstanding play of left fullback Eric Blicker, and the magnificent play of striker Dom Perillo, who scored a three goal hat trick while being double teamed every time he touched the ball.

Both teams had numerous opportunities in the game's first eight minutes but the defenses thwarted the offensive threats. Finally, center halfback Jason Kingsley gained control of the ball, feeding Perillo, who carried it in and put it past the Cougar goalie. Kings Park came back to tie it at one, which is the way the first half ended. Early in the second half, Danny Bell stopped a Cougar shot, and got off a long punt, which Perillo gained control of 40 yards out and then beat the Kings Park goalkeeper for a 2-1 Warrior lead. The Cougars again came back to tie it up, but the Warriors were not to be denied this day. At the 55 minute mark, Perillo converted a Kingsley corner kick, for a 3-2 lead.

and his hat trick. Three minutes later Terry Aylward was set up by Karl Rice and put in the game clincher. The game's last 20 minutes featured great end-to-end soccer but no additional scoring.

Bell, playing his best game as a Warrior, had at least 15 saves, none of which were easy. Sweeper Brian Harkins controlled the middle, including one unbelievable save, when Bell got tripped outside of the goal mouth. Chuck Oliver had a strong game at right fullback and stopper. Eric Blicker, at left fullback, was at his defensive best, besides carrying the ball up whenever the opportunity arose. Nick McGreer had an effective game from stopper and halfback. Kris Friedrich played a fine game at halfback and fullback. Terry Aylward, in addition to his goal, had a strong game from halfback. Karl Rice was at the top of his game from the halfback position. Jason Kingsley also had a fine game at halfback.

Coach's Notes: Congratulations to the team, Coach Pat McHugh and Assistant Pat Harkins Jr. for a thrilling game.

The Hicksville Minutemen, the 1977 B travelling soccer team, defeated the Oceanside Cherokee 13-0 at Cantagqua Park on Sunday, Oct. 29, to bring their Long Island Junior Soccer League record to 4 wins, 1 tie, 1 loss, strengthening their grip on second place in their division. In a game of total domination, striker Andres Turcios scored a three goal hat trick.

The Minutemen took control from the opening whistle, but the game's first eight minutes the Cherokee defense rose to every challenge. Hicksville's persistence paid off, however, when right half Jason Brown gained control at midfield, crossing to center half Anthony Noya, who gave a perfect pass to right wing Jorge daSilva, who put in the game's first tally. From that point on, there was no stopping the Minutemen. Turcios scored his first, set up by daSilva. Danny DePinho then converted a penalty shot. Noya followed with a goal off a Brian Rigert assist. Turcios closed out the first half scoring a 5-0 Hicksville advantage. At halftime, Hicksville

was instructed to concentrate on passing in the second half, with no dribbling, in an effort to keep the score down, which unfortunately did not work.

Turcios completed his hat trick one minute into the second half, set up by Rigert. Declan Healy then converted a penalty shot for another tally. At this point, Tracy Koetter was moved from goalkeeper to right wing, switching with daSilva. Rigert then scored, set up by Jason Brown. Rigert then assisted Brown who put in yet another tally. Tim Dalton then assisted Koetter on two goals. Robin Blicker, who moved from left fullback to wing, then led Bobby Braun, who scored. Dalton closed out the scoring on a rebound off a Blicker shot. In addition to the aforementioned, Greg Walunas, at sweeper, did an outstanding job of anchoring the defense, allowing Oceanside only one shot on goal, which took place in the first half.

Coach Notes: Congratulations to the Minutemen for a super effort. Special thanks to Assistant Coach Tony dePinho, as well as our sponsor, Seaman & Eisemann.

News and Photos

A final reminder to all coaches that this is your last time to have your team in the paper. Please write a review of your team, perhaps listing how each child/teenager improved.

batting averages, etc.

Referees

We will again need knowledgeable referees for our basketball games. Please contact Mrs. Eleanor Bentrewicz at 822-1124. This is an opportunity not only to earn some extra money but also to do a community service.

Thanks

Special thanks go to Eleanor Bentrewicz

for arranging all our umpires and referees. Also thanks to all the dynamic coaching staff we had this year. They emphasized learning not only how to play the game but also good sportsmanship. The last thanks go to the terrific parents whose children participated in Hicksville PAL. Without their help, Hicksville PAL could not be what it is.

Other Matters

Due to personal circumstances, I have been unable to write columns on our baseball/softball teams in the past few issues. I thank the coaches and team members for their patience. The regular PAL column will resume within the next weeks.
